

Peerless 1131

[Chapter 1131: Devour, the body of firewood!](#)

How does he know? Although Chen Feng's strength is only one star in the sky, but with the combination of anger and dragon splitting the mountains and rivers and nine yin and nine yang magic skills, this move has reached the power of four stars in the sky.

Extremely tyrannical!

The old man shook his fist frantically, blasting a dozen moves one after another, trying to stop Chen Feng.

But that broken Yue knife and countless Thunder Lightning Dragons easily swept away all of his offensives, and then hit his body heavily!

In the next moment, the old man's body seemed to be stagnant, and he did not move tightly there.

Then there was a loud bang, and the old man and the giant wolf under his crotch were all blasted into pieces and disappeared in the wind!

At this time, Mu Lianxia had just taken three steps!

With one move, just one move, the powerhouse of Tianhai Samsung was killed by Chen Feng!

When Mu Lianxia heard the movement behind her, she quickly turned around, and then she saw this scene, her face was extremely surprised.

She stared at Chen Feng blankly, and said in disbelief: "The Fifth Elder is a three-star master of the sky, you, how could you kill him?"

Chen Feng smiled and said: "If you are not blind, you should be able to see it, but it is true in this scene."

A touch of fear suddenly appeared in Mu Lianxia's eyes, of course she knew exactly what it meant.

This means that the strength of this young man who she did not have eyes on at all is far beyond her imagination, and has even surpassed the four stars in the sky and the five stars in the sky!

She stood in place, with a look of fear on her face, and even her body began to tremble slightly.

Chen Feng walked up to him slowly, looked down at her, and said lightly: "Mu Lianxia, do you have any last words?"

Mu Lianxia looked at him with a touch of shock in her expression: "You want to kill me?"

Suddenly, she shook her head and said with a smile on her mouth: "No, you will definitely not kill me!"

With her smile, the whole person was like an iceberg thawing, instantly changing from mean and cold to extremely charming, forming an extremely unique charm.

She looked at Chen Feng, slowly approached Chen Feng, sighed, and said softly: "I am a pharmacist, you know, and I am also a genius pharmacist!"

"As long as you forgive me, I can be your servant. You are also a pharmacist. You should understand that if there is one of me, you can learn from each other and polish each other, what kind of improvement will you have!"

"Not to mention," she lifted her chin and began to undress.

She had that kind of extremely charming expression on her face, gently bit her lip, and looked at Chen Feng extremely seductively: "I, I am still a beautiful woman, with me, you can get everything you want, I will definitely make you comfortable!"

With that said, she had already walked to Chen Feng's body, and her hands were about to hook Chen Feng's neck.

However, when she raised her eyes and saw Chen Feng's eyes, she shuddered suddenly.

It was like a basin of ice water pouring her head down, making her tremble all over, cold to the bone.

Chen Feng's eyes were extremely cold, without the slightest feeling, he spoke slowly, still saying the words just now: "You, what last words to explain!"

"You really want to kill me, are you still a man? How could you be indifferent to me?"

"Even the old immortal, he hasn't touched a woman in more than 50 years, but he still praises my body!"

"Even, even some of the secret medicine refining methods that he never passed to others, but also passed to me, how could you not be interested in me!"

Suddenly, Mu Lianxia seemed to be crazy, she screamed out of her voice!

Chen Feng said lightly: "There are hundreds of thousands of people who have been tempered to death by you. People like you do a lot of evil and die, and I will not let you die so easily!"

Chen Feng waved his hand and directly sealed the meridians in her body.

Then, with a flick of his finger, Lieyang Jinyan appeared on Chen Feng's fingertips.

Seeing this scene, Mu Lianxia was completely shocked: "You, how can you have True Flame?"

"Are you a fourth-rank pharmacist? No, impossible. How can you be a fourth-rank pharmacist at such a young age?"

Chen Feng was noncommittal, but just bounced Lieyang Jinyan directly on her left leg.

Then in the next instant, Mu Lianxia let out a screaming scream, and at the location burned by the golden flames of the sun, the muscles melted and the bones shattered.

Then, the flame spread in other directions.

In a blink of an eye, one of her thighs disappeared, and then Chen Feng began to burn her other thigh.

Chen Feng said indifferently: "I am not you after all. I can't do it with such a harsh method as you."

"But I can also make you taste the pain of the burning fire. I will burn your limbs clean bit by bit, leaving only your torso in the end."

"When the time comes, you will be more painful."

Mu Lianxia burst into tears, begging for mercy, Chen Feng was unmoved, and then she began to yell and threaten.

Chen Feng remained unmoved.

After all her limbs were burned clean, Chen Feng's palms flashed red, pressed against her torso, and began to absorb the true essence in her body.

Although Mu Lianxia is not high in strength, she also has a Tianhe Five Star cultivation base.

Mu Lianxia felt her true essence gushing out like a dam. She was so panicked that she screamed, "Why do you have such a wicked magic skill? You are actually absorbing my true essence?"

Chen Feng ignored it!

Mu Lianxia suddenly screamed: "You kill me, after you kill me, you can't live!"

"The old man will never let you go."

Chen Feng raised his brows and said, "Who is the one who is not dead?"

Mu Lianxia let out a crazy giggle: "He is an unnamed alchemist, short, ugly, fat, dark and dirty."

"He said he hadn't bathed in ten years, and his hair was covered with lice. I almost vomited when I smelled his smell."

"But he is an extremely powerful pharmacist, very powerful, and I have been with him for half a year for his secret recipe for refining medicine!"

"After I die. He will know, and he will avenge me."

Chen Feng shook his head and said lightly: "Then I will wait!"

Chen Feng was absorbing frantically, and suddenly his whole body was shocked, feeling something strange.

Then Chen Feng quickly checked, only to see that in Mu Lianxia's body, there were two extremely strange air currents rushing towards him.

These two air currents, one cyan, exudes vitality, and the other red, exudes hot power.

The materials of the two are as if they were carved from beautiful jade, and as if they were the meridians of the human body.

Chen Feng sucked these two things into his dantian, and the nine-yin and nine-yang magic arts slowly transformed them.

I don't know how long it took before it finally turned into a cyan jade silk and a red jade silk.

The two silk threads did not stay in the dantian, but directly broke through the dantian and entered Chen Feng's body, each occupying an extremely remote position.

They are extremely small and inconspicuous, but above the two, there is a surging power.

Chen Feng suddenly opened his eyes.

He snapped his fingers with a 'pop'.

The golden flames of the sun suddenly appeared.

And Chen Feng felt that the cyan jade silk and the red jade silk moved lightly at the moment when the golden flames of the sun appeared.

Then Chen Feng saw that when the Golden Flame of the Sun appeared this time, it was at least one-tenth larger than the previous time.

And his control of Lieyang Jinyan seemed to be stronger.

An old man suddenly appeared next to him and smiled and said, "Chen Feng, you little guy, luck is really good."

Chen Feng said in surprise, "Old An, what is going on?"

An old man smiled: "The Nine Yin and Nine Yang Divine Art is indeed very powerful. Not only can it swallow the true essence, but even the firewood body of this girl has been swallowed!"

"What?" Chen Feng exclaimed: "The cyan and red thing that was swallowed just now turned out to be his firewood body?"

Chen Feng then knew what was going on.

Then he suddenly moved in his heart and exclaimed: "Then, what it means now is, if I swallowed her firewood body, did I become the firewood body too?"

[Chapter 1132: I did it!](#)

Then, he suddenly moved in his heart and exclaimed: "Then, what it means now is, I swallowed her firewood body, did I become the firewood body too?"

"Bah! I think so beautiful!" Anlao patted the back of his head and laughed:

"This girl, the Firewood Body is quite superior, so I was taken a fancy by the Nine Suns and Nine Suns Divine Art and absorbed it."

"That cyan jade thread and red jade thread, at best can be regarded as the prototype of the firewood body in your body!"

"These two jade threads already have a bit of power, which can help you strengthen your control of the flames, and more importantly, you can continue to swallow them in the future!"

"Not only the body of the firewood, but the bodies of other attributes in the five elements, as long as they have sufficient aptitude, they can be swallowed by the nine-yin and nine-yang divine art."

Chen Feng was extremely excited!

The body of yin and yang allows him to practice nine yin and nine yang magic arts, while the firewood limbs belonging to the five elements can increase his control over flames.

The two have nothing to do with each other!

At this time, Mu Lianxia was dying, unconscious, her muscles collapsed, and her whole body was almost like a corpse.

She just murmured: "The old immortal will never let you go!"

Chen Feng shook her head and slapped her head with a palm, killing her completely.

Half an hour later, Chen Feng saw Zhou Muxing.

Zhou Muxing was a little surprised and said, "Didn't you come here tomorrow? Why did you come so early?"

Chen Feng looked cold: "You have spies in the Zhou family!"

"What?" Zhou Muxing was shocked after hearing this.

Chen Feng said lightly: "My position has been leaked out. Just now Mu Lianxia and a fifth elder came to kill me, but I ended up."

After Zhou Muxing listened, his face showed extreme excitement: "What? Mu Lianxia was killed?"

Chen Feng nodded slowly.

Zhou Muxing was so excited that he laughed and said, "Mu Lianxia is now the most important figure in the Mu Family, even more than the Patriarch of the Mu Family!"

"This time, he was killed by you. I see how the Mu Family would fight with me!"

And when he looked at Chen Feng, he was a little bit more shocked.

The strength of the five elders, he knew, that Chen Feng was absolutely powerful if he could kill the five elders!

Chen Feng said lightly: "I am not looking for you to say this."

"If Mu Lianxia is dead, the Mu family will definitely jump the wall in a hurry."

Zhou Muxing nodded: "That's right."

Chen Feng smiled and said, "I have a plan here. If this plan succeeds, the Mu Family will completely disappear in Big Moon City, and your Zhou Family will dominate the medicine business in Big Moon City!"

Zhou Muxing nodded immediately.

Chen Feng whispered, then a provocative smile appeared at the corner of his mouth: "How, dare you?"

After Zhou Muxing listened, his breathing became heavy, his eyes were a little red, and he was extremely excited. He nodded and said, "Master Feng, I did it!"

Shepherd's house in Dayuecheng, in the hall.

Mu Family Patriarch Mu Ziyuan was walking anxiously in the hall at this time.

His expression was full of irritability, and even more faintly worried!

After a while, he roared outside the hall: "Have you found it? Why is there no news yet?"

Outside the hall, a tall and burly man wearing black armor walked in strode.

He bowed his hand to Mu Ziyuan and said respectfully: "I'm back to the Patriarch, there is no news yet."

"Trash, a bunch of trash!" Mu Ziyuan slammed the pillar of the main hall with one fist, almost smashing the huge pillar into two!

This tall man in black is the leader of the Mu's guards, Mu Dongge.

Mudong Ge Su is like a chill, he glanced at Mu Ziyuan very carefully, and whispered: "Or else, send someone to check?"

"We also sent people to check. Three groups of people have already been sent, and we haven't brought back any news!"

"Even a few pigs, I should be able to find out the whereabouts of my daughter now. You are really rubbish. My shepherd's family keeps you for nothing!"

Mu Ziyuan was extremely irritable at this time, and a very uneasy feeling lingered in his heart, as if something was going to happen!

"No, no, nothing will happen! The five elders are three stars in the sky!"

"With him accompany Lian Xia to kill that little bastard, it's definitely a catch. How could something happen?"

He muttered, comforting himself.

He was muttering to himself, and suddenly there were rapid footsteps outside, and a black-clothed guard quickly walked in.

With an unspeakable panic on his face, he said in shock: "Patriarch, I found this thing outside the gate of the mansion."

"What? Show me quickly!" Mu Ziyuan said anxiously.

His voice trembled a little, and a bad premonition surged in his heart, and the man hurriedly put the thing in his hand on the ground.

After seeing this thing, Mu Ziyuan shook his body, feeling dizzy and almost falling to the ground.

It turned out that what was on the ground was actually a withered, hideous-looking head and dozens of dead bones.

This head has blue hair and a dull color.

Mu Ziyuan immediately recognized that this was his daughter Mu Lianxia.

Mu Ziyuan stared blankly at the pile of withered skeletons on the ground, and suddenly uttered a mouthful of blood!

However, there was not much sadness on his face.

If Mu Lianxia was not a pharmacist, but only his daughter, her death would definitely make him calm, and would not care at all.

He actually didn't have much feelings for Mu Lianxia, saying that it was his daughter, but in fact, most of them were using it.

He took advantage of Mu Lianxia's ability in refining medicine, while Mu Lianxia used the power of the Mu family, and the two were more like a cooperative relationship.

He was not sad at this time, just shocked and panicked.

Because, if Mu Lianxia died, it would mean that all the medicines of the Mu family would lose their source, and it would mean that the unfavorable situation of the Mu family at this time would worsen.

The Zhou family's Xiaohuan Pill was extremely hot over there, but here, Mu Lianxia was dead, and the Mu family couldn't even get the pill by then.

Mu Ziyuan seemed to have seen the decline of the Mu family right in front of him.

Then in the next moment, his shock and panic turned into boundless anger, and fire seemed to burst into his eyes.

He roared angrily: "Who did it? Really tired of **** work, dare to provoke my Mu's family!"

The black guard said with a trembling, "Home, Patriarch, there is a wooden sign with the bone."

"What wooden sign?" Mu Ziyuan almost snatched the wooden sign from the black guard.

Then, there was a touch of murderous intent in his eyes. On the wooden sign, it was written:

"Murder, Feng Chen too!"

[Chapter 1133: Siege!](#)

Mu Ziyuan let out a crazy roar: "Okay, what a Feng Chen! Not only did you dare to kill my daughter and the fifth elder of my Mu family, you even dared to throw the bones and this wooden sign in front of my Mu family. !"

"You are a provocation to my Mu's family, I tell you, I will definitely break your body into pieces, I make you terrible!"

Mu Ziyuan squeezed a cold voice from between his teeth.

He was really mad, and the anger and killing intent in his heart had reached a peak!

He knew that most of the Mu family was about to lose to the Zhou family.

However, he is absolutely unwilling.

And now, the first thing he did was to vent his hatred, to kill Chen Feng to vent his hatred!

He yelled frantically: "Find, find me, even if you dig three feet around Dayue City, you have to find that little bunny Feng Chen!"

"Yes!" Mu Dongge replied loudly, leading away.

These guards of the Mu's family left the Mu's family in small groups at an extremely fast speed, and then began to look like mad dogs in and out of Dayue City.

In the evening, Mu Dongge strode into the main hall.

In the main hall, Mu Ziyuan was still standing there with a gloomy face.

There are bloodshot eyes in his eyes and his face is extremely ugly.

Mu Dongge said excitedly: "Patriarch, I have found Feng Chen's whereabouts."

"He is now in the southwest of Big Moon City. According to some people, he appeared on a river cliff there not long ago."

Mu Ziyuan's expression was cold: "Okay, okay, Feng Chen, this kid, has learned well. He used to be in the northwest, but now he has gone to the southwest.

"But he thinks that he can escape our Mu Family's search? It's just a dream!"

He said in a cold voice: "Now, go and hunt Feng Chen immediately and kill him!"

He pondered for a moment, and said slowly: "I, the two Supremes, and the Great Elder, are masters of the Soul Condensation Realm. They are monitored by the Pharmacist Association and the Chengtian Gate, and can't leave the Great Moon City in a while."

"In this way, you go to the third elder and the fourth elder, and then bring thirty Mujia Iron Guards to hunt Feng Chen!"

Mu Dongge was a little disapproving, and said: "Will the Patriarch make such a big fuss?"

Mu Ziyuan said coldly: "It is indeed a little fuss. Then Feng Chen can kill the fifth elder, but he is only a teenager, no matter how strong he is, he can reach the middle of the sky at best."

"And you guys are all in the middle of the sky, the three elders have even reached the seven stars in the sky, more than enough to kill him!"

"But, to be safe, it's the three of you together!"

After a while, the third and fourth elders all came to the main hall.

The third elder is a tall and thin middle-aged man, and the fourth elder is a short fat old man.

Both of them exuded huge aura. Mu Ziyuan looked at them with a cold expression: "This time, you must kill Feng Chen for me!"

"At the latest tomorrow morning, I want to see Feng Chen's head, if his head is not brought..." He smiled coldly: "Then you three, take your heads out!"

"Yes." The three of them responded in unison, but there was a hint of disapproval on their faces.

Obviously, they think it is too fuss for the three to kill a teenager.

Southwest of Big Moon City, in a mountain range.

The mountains are not high, but extremely steep, full of deep valleys and ravines.

Dozens of Mujia Tie Guards wearing black armor with a huge aura are searching in this mountain range.

The third elder of the Mu family, the fourth elder, and Mu Dongge were walking slowly among the crowd, their aura exuding, feeling the strangeness!

The Fourth Elder frowned suddenly, and said impatiently: "Damn it, is it worth the three of us to kill such a little boy who is under twenty years old?"

"The Patriarch is really true. Once bitten by a snake, he was afraid of well ropes for ten years. Although Lao Wu is among the top five elders of our Mu family, he is the worst among us."

"Furthermore, most of his skills are poisonous. If he doesn't have poison, he doesn't fart. In terms of combat effectiveness, he is incomparable with the others."

"He can be killed by that little fur boy, we may not be!"

Mu Dongge also said: "Yes, let me say, any one of the three of us is enough!"

Suddenly, the third elder scolded coldly, "Shut up, just say a few words, and search quickly!"

The two of them were quite afraid of him, nodded angrily, and said nothing.

At this time, about a few hundred meters away, Chen Feng was hiding behind a huge boulder, his whole breath almost completely disappeared, becoming very weak.

The aura of those few people swept past him, but they didn't find it.

Chen Feng squinted his eyes and looked at those people, with a slight smile at the corner of his mouth, and said softly in his heart:

"It's really a bit unexpected. I didn't expect that the Mu Family would come to so many people at once, and three of them are mid-level Heavenly Sea Realm masters."

"The remaining Mujia Iron Guards are also Tianhe cultivation bases."

"Originally, in my plan, Mu Ziyuan would send one mid-Sky Sea Realm, but I didn't expect to send three directly. This is a bit out of my plan!"

"However, this is not bad!" He seemed to have a blazing flame burning in his eyes, and whispered softly in his mouth: "I like this kind of challenge. The fight between life and death can make me break through quickly!"

The people of the Mu family looked for a full hour, but they still found nothing.

Even the three elders were very impatient.

Mu Dongge frowned and shouted: "Everyone is scattered, don't gather together anymore. Everyone is separated by at least ten miles to completely cover this mountain."

"Yes!" These Mujia Iron Guards responded in unison.

Mu Dongge shouted: "If you encounter a situation, immediately shout loudly and call yourself!"

The Mu Family's iron guards dispersed immediately.

In a blink of an eye, many people disappeared.

At this time, in the eyes of Chen Feng who had been following them, Li Guang flashed, smiled at the corner of his mouth, and said softly: "The hunt has begun!"

In a gorge, densely forested, a Mujia Iron Guard was walking in it at this time.

He was swaying, his expression was very relaxed, his face was a little impatient, and he mumbled softly:

"That little bunny is not even twenty years old, how strong can he be? If you want me to say, you don't need a few masters at all, our five iron guards will be enough to kill him!"

"No matter how strong he is, why can't I resist it with ten or twenty tricks? A little time, I have already sent out a signal to let others come and besieged him!"

[Chapter 1134: Anti-kill!](#)

He didn't put Chen Feng in his eyes at all, nor did he think Chen Feng had any strength, so he was not nervous at all at this time.

Therefore, naturally, he did not find the figure standing on the high cliff more than ten meters behind him.

A cold smile appeared at the corner of Chen Feng's mouth, and he suddenly jumped down into the air and blasted at the Mujia Iron Guard with a punch.

This Mujia Iron Guard felt a huge aura behind him.

He turned around quickly, and then saw Chen Feng rushing in the air, his fists were so powerful that he could not breathe.

There was a look of extreme shock on his face, frantically resisting.

But Chen Feng's punch directly destroyed his fist wind, and then banged heavily on his chest.

With a light sneer, his chest trembled violently, and then blood poured out of the seven orifices crazily.

In order not to make too much movement, Chen Feng already controlled his own power.

But because of this, the inner strength of power, although the appearance of injury is not serious, it is actually human internal organs, and it has all been shaken to pieces!

This Mujia Iron Guard died directly!

With a punch, Chen Feng directly killed a Tianhe Realm master.

Then, Chen Feng pressed his hands on his back and began to absorb the true essence.

After a while, the true essence in his body was completely absorbed.

A smile appeared at the corner of Chen Feng's mouth, a palm ruined his body, and then placed his head in the most conspicuous place, and quickly escaped into the dense forest!

On a river beach, a Mujia Iron Guard is looking around.

He looked on guard and was very alert, but when he walked past a rock, suddenly a figure flashed out of the rock.

He saw this group of people, his eyes were extremely frightened, and he opened his mouth to shout.

But it was too late, that figure, you directly smashed his throat with one punch, and stuffed his shouting back into his stomach.

Then, his palms were pressed directly on his back.

This wooden frame was entitled that although he was injured at this time, he was not even seriously injured.

His body was struggling and convulsing violently, but as Zhen Yuan was madly inhaled by Nine Yin and Nine Yang Divine Art, his struggle became weaker and weaker.

Finally, the body trembled twice and lost his vitality directly.

He was actually sucked to death by Chen Feng with nine yin and nine yang magic!

Chen Feng also smashed his body and threw his head on the most conspicuous place on the river beach!

In a bush, Chen Feng suddenly rose up and dragged a Mujia Iron Guard into it.

Silent.

After a while, a head was thrown out!

Like a ghost, Chen Feng wandered through the mountains, constantly attacking and killing the Mujia Iron Guard.

In a blink of an eye, the Muji Tiewei who died in his hands, already as many as seventeen people, had already been killed by him.

And after absorbing the true essence of so many people, his realm has been raised to the peak of Tianhai One Star!

A smile appeared at the corner of Chen Feng's mouth, and he said softly: "It's no longer interesting to kill these little pawns. Next, I will kill a big one!"

It was late at night, the moon was like water, and there was darkness all around!

In a canyon, Mu Dongge swayed forward, his brows wrinkled slightly, a little impetuous.

The Patriarch's order was to see Feng Chen's head before tomorrow morning, and now, they have not found Feng Chen, let alone beheaded it!

He is extremely irritable now, and whispers softly in his mouth: "Feng Chen, where are you little **** hiding?"

Suddenly, he kicked something under his foot, and Mu Dongge immediately took shape, and his breathing stopped for a moment.

Because by the moonlight, he could see clearly that the thing was actually a human head.

And this person's appearance, he still recognizes, is exactly one of his Mujia Iron Guards!

He gritted his teeth, growled softly, full of hatred: "Feng Chen!"

"Are you calling me?" A chuckle suddenly came from behind!

Mu Dongge shivered violently, then turned his head suddenly, and then he saw a tall figure standing not far behind him, with a relaxed expression and a smile on his mouth!

Mu Dongge stared at him, his voice full of excitement: "Feng Chen, is it you?"

Chen Feng smiled slightly: "Yes, it's me."

"Haha, you are seeking your own death! You dare to take the initiative to find me!" Mudong Ge haha laughed:

"Today, you will definitely die!"

Chen Feng smiled coldly: "It is undoubtedly you who will die!"

Chen Feng stopped talking nonsense, leaped in the air, and cut off Yue Dao frantically with his hand!

Mu Dongge sneered disdainfully: "It's just the cultivation base of Tianhai One Star, and even dared to fight me. I'm a dignified Tianhai four-star master!"

Chen Feng laughed: "Really? Then let's see who is stronger!"

The anger and thunder cracked the mountains and rivers, and they had already reached Mu Dongge's eyes!

Mu Dongge roared, and his fists slammed out fiercely. His fists instantly turned into the color of black iron and tripled.

And his power is even more stagnant as black iron, as hard as black iron, and actually formed two three-meter-high mountain peaks like black iron directly in the air, directly clamping the furious thunder-cracking mountains and rivers!

And this mountain, just like the substance, is caught in the rage and thunder-cracking mountains and rivers, and it can't even advance!

Chen Feng let out a roar, the true essence gushing out frantically, the lightning energy in the dantian wandered frantically.

Suddenly, the light of thunder and lightning above the raging thunder cracked mountains and rivers directly doubled!

With a bang, the two black iron peaks were directly shattered.

Then, the rage thunder cracked the mountains and rivers and directly bombarded Mu Dongge.

Mu Dongge let out a scream, and was directly beaten out for dozens of meters!

A look of shock appeared in his eyes: "This trick of yours has the cultivation base of four stars in the sky, and even more than it!"

Chen Feng didn't stop, and jumped up again in the sky, another raging thunder cracking the mountains and rivers, killing Mu Dongge!

Mu Dongge smiled coldly and roared violently: "Little bastard, I didn't put you in my eyes just now and didn't use my strongest trick at all. Do you really think you can be better than me?"

"Tell you, this is a dream!"

He screamed wildly, his figure soared by one meter, his whole body turned into a little giant, his whole body turned into the color of black iron, extremely hard.

Then, he snarled up to the sky, blasted his fists towards the sky, and formed a huge black iron fist the size of more than a hundred hills in the air, blasting towards Chen Feng.

'Bang', with a loud noise, the black iron giant fist blasted on the thunder-cracking mountains and river.

Part of the lightning surged out, smashing the giant fist into pieces.

But the light of the raging thunder-cracking mountains and rivers has also become a little dim!

Then, another punch hit it, and then another punch...More than one hundred black giant punches hit it one after another.

In the end, with a bang, the anger and thunder cracking mountains and rivers were resolved!

Chen Feng's move failed!

[Chapter 1135: breakthrough! Tianhai two stars!](#)

Mudong Ge laughed loudly: "Feng Chen, have you seen it? This is the strength of the four stars in Tianhai, far surpassing you!"

"How many times can you activate your tyrannical trick just now, and I can use it at least twenty times!"

Raging thunder and cracking mountains and rivers is his strongest trick, and it is also the strongest power he can display now.

In fact, Chen Feng's strength is still a bit worse than Mu Dongge.

After Mu Dongge used his strongest trick, Chen Feng would still be at a disadvantage!

Chen Feng sneered coldly, and another move came out with an angry thunder.

Mu Dongge shook his head and said with disdain: "Are you endless? Is this another trick? Do you know other tricks? Haha!"

As he said, his hands were facing the sky, his ten fingers swayed one after another, making all kinds of wonderful seals.

Then, above the sky, a huge black iron hand grabbed it directly.

This black iron hand, which was ten times the size of the black iron fist just now, grabbed it directly towards the raging mountains and rivers!

With a 'bang', he directly crushed this trick to the students, and even grabbed the broken Yue knife in his hand.

Mudong Ge laughed loudly, extremely proud: "You don't even have a weapon, I see how you use this trick!"

However, suddenly, his pupils shrank suddenly, and a look of horror appeared on his face.

Because, at the moment before the huge black iron hand grasped the Duan Yue Dao, Chen Feng directly discarded the Duan Yue Dao.

He roared, and light surged above his legs, and a heavenly dragon phantom suddenly appeared in front of him.

The six nodes appeared directly, and the position of the last node was behind Mu Dongge.

Then in the next instant, Chen Feng brushed the ground, straddling tens of meters, and came directly behind Mu Dongge.

It's almost like teleporting, it's almost incredible.

Mu Dongge didn't even react. He just saw Chen Feng let go of the Broken Yuedao, and then he felt two palms stuck on his back.

Then, the true essence in his body surged backwards crazy.

When Mu Dongge was panicked, he shouted loudly: "What kind of evil is this?"

He struggled desperately, but couldn't get away.

The huge suction almost crushed him.

At this moment of effort, Mu Dongge felt that one-third of his true essence had been sucked out. He shouted in panic and frantic, and his fists kept blasting backwards, blasting on Chen Feng fiercely.

With a punch, Chen Feng snorted, his chest was slightly sunken, and a mouthful of blood spurted out.

Another punch, another punch...

Mu Dongge threw his fists like crazy.

Chen Feng kept groaning, and even vomiting blood violently, his chest had completely collapsed, and even his upper body was bloody!

However, his palms were still stuck to Mu Dongge's back, not letting go.

Mu Dongge's offensive finally slowed down, and he felt that his true essence had been absorbed by more than half.

Gradually, the body is weak and the brain is dizzy.

Finally, with a strong suction coming from his back, Mu Dongge's eyes widened. The whole body collapsed, and his body twitched violently.

He let out an extremely unwilling roar: "How is it possible? How is it possible? I was killed by a boy four levels lower than me? I am unwilling..."

He roared wildly, but his voice stopped abruptly, and his head tilted heavily.

Chen Feng let out a spit of breath, and continued to absorb it frantically.

He knew that the sound was too loud just now, and someone would come soon, so he must hurry.

The true essence poured in frantically, and a rain of true essence started directly in Chen Feng's dantian.

Suddenly, Chen Feng stood up suddenly, and Mu Dongge's body was thrown out by him like a mass of trash, and all his true essence was absorbed by him.

Then the next moment, Tianhe appeared on Chen Feng's back. There was only one big star, but at this time the second big star was brightly lit.

And beside it, countless shining little stars appeared.

Chen Feng directly broke into the two stars of Heaven and Sea, and his whole body was refreshed instantly.

And the injuries on his body were also cured by the nine-yin and nine-yang magical arts, and he recovered more than half!

A smile appeared at the corner of Chen Feng's mouth: "My strength directly broke through to the middle of the second star of the sky!"

"Yes, this method is really good, between life and death, exercise abilities, behead enemies, absorb true essence, and climb wildly!"

Chen Feng's play was completely reckless. He exchanged injuries for injuries. Even if he was seriously injured, he would kill the enemy in order to kill him in a short time.

Anyway, Chen Feng has nine yin and nine yang magic skills, as long as he is seriously injured, he can absorb his true essence to make up for himself!

This is Chen Feng's confidence. With the nine-yin and nine-yang martial arts, Chen Feng is not afraid of the siege of the Mu family!

Because of him, the more you fight, the stronger!

[Chapter 1136: war! Four elders!](#)

After Chen Feng had absorbed all the true essences in Mu Dongge's body, then he heard a very strong sound of breaking through the air in the distance.

A huge momentum is constantly approaching here.

Obviously, a strong man is rushing here at this time.

Chen Feng distinguished it, and a slight smile appeared at the corner of his mouth: "Only one person came, and judging from this momentum, it should be the weaker one."

"In that case, then..."

A slightly weird smile appeared at the corner of Chen Feng's mouth, and he quickly swept aside.

If you are someone else, you must leave as soon as the enemy hasn't come. The farther you go, the better.

But Chen Feng, after running tens of meters outside, came directly behind a huge boulder, hiding his breath and hiding there.

He didn't even leave, but like a hunter who set a trap, hiding beside him, waiting for the opportunity!

After a while, a short and fat old man quickly came here.

It was the fourth elder of the Mujia family. After he came here, he immediately saw the terrible corpse on the ground.

The face of the Fourth Elder immediately showed a look of anger, and exclaimed: "Mu Dongge!"

He strode to the corpse, examined it for a moment, and immediately stood up, with shock and anger on his face.

There was even a trace of unbearable hatred, and he whispered: "Feng Chen, Feng Chen, you little bastard!"

"If I don't kill you, I will swear not to be human!" He was so angry that he was a little unconscious.

Chen Feng's eyes flashed: "It's now! This is the best opportunity!"

"At this time, it was the time when he was the lowest guard!"

Chen Feng immediately rose up from the bushes, with claws in his hands, and fiercely killed the Fourth Elder.

The Fourth Elder sensed the change in the air and turned around immediately, and then saw that Chen Feng had already reached a distance of less than 20 meters from him.

A look of surprise appeared in his eyes, and then it turned into a sneer: "You are Feng Chen, right? Unexpectedly, you are so bold!"

"After killing Mu Dongge, he didn't even run away, but hid beside him! It seems that you are planning to kill me?"

"Haha, your wishful thinking is pretty good, but unfortunately, your strength is far from this level!"

He curled his mouth and said with disdain: "I am a five-star peak powerhouse in Tianhai, and I have almost entered the six-star Tianhai, which is almost two realms higher than Mu Dongge!"

"You can kill Mu Dongge, but you can't kill me!"

With a clatter, the long sword in his hand was unsheathed, and a sword pierced out. The long sword was erratic and illusory, making it hard to tell where it came from.

Chen Feng felt that at this moment, countless sword lights appeared in front of him.

The fourth elder laughed and said, "How? Did you find that you couldn't tell and couldn't resist it?"

"This is the real strength of the Tianhai Five-Star Peak Power, I want to kill you, more than enough!"

Chen Feng snorted coldly, "Where is so much nonsense? It's really noisy!"

He didn't stop at all, and he threw forward directly, and when he threw closer, his middle door opened wide, and he did not resist!

A look of surprise flashed in the eyes of the four elders, but according to his instinct, he directly pierced it with a sword.

With a flutter, this sword pierced Chen Feng's chest directly.

But Chen Feng avoided the heart attack, this sword only pierced the right chest, and the **** sword tip came out from behind Chen Feng!

The four elders laughed proudly: "Feng Chen, you trash, even me can't resist all this. It looks like it was just luck that you killed Mu Dongge!"

But in the next instant, the smile on his face turned into extreme shock.

Because when he wanted to pull out the long sword, he found that the long sword was directly clamped by Chen Feng's firm muscles, and he couldn't pull it out at all.

At this time, Chen Feng's palms were already slapped on his chest.

With a loud bang, the Fourth Elder's blood spurted wildly, his breastbone collapsed, and in a blink of an eye, he was already seriously injured.

And Chen Feng's palms were even more attached to his chest.

The Fourth Elder suddenly felt that the true essence in his body was pouring out frantically, and his face was extremely shocked and terrified: "What evil is this, you can **** my true essence?"

Chen Feng said nothing!

The sword just now caused him serious injuries, his internal organs were broken, and blood spilled from the corner of his mouth.

But with a cold and cruel smile on his face, he frantically absorbed the true essence of the four elders.

In an instant, Chen Feng had absorbed a full one-third of the true essence of the Fourth Elder!

He trembled all over, and suddenly there was a look of decisiveness in his eyes, and with an ah, he bit the tip of his tongue and spewed blood.

Behind him, a water drop martial arts spirit suddenly appeared.

Above the martial soul, a misty light was emitted.

The four elders' true essence rose sharply, and at this moment, the true essence poured out frantically.

Chen Feng didn't take any precautions for a while, and was shocked so that his hands were released, and he flew out backwards.

The four elders left the dead and lived, finally breaking free of Chen Feng's nine-yin and nine-yang magic.

You know, his true essence surged just now, which was equivalent to sending his true essence up for Chen Feng to absorb.

If Chen Feng held it, he would die immediately.

The Fourth Elder quickly backed back several tens of meters and looked at Chen Feng. There was still a hint of horror on his face: "Feng Chen, what kind of trick is your magic?"

Chen Feng smiled slightly, did not answer at all, and threw it out again, exactly the same as before.

He slapped his palms at the Fourth Elder fiercely, and the face of the Fourth Elder was extremely jealous, but he was frightened by Chen Feng's nine-yin and nine-yang magic.

He hurriedly took a defensive position, the water dripping on the martial soul behind him, the light burst, and a thick waterspout formed directly around his body.

This thick waterspout rolled around his body, protecting him tightly.

He settled for a moment, and roared to Chen Feng: "Feng Chen, my waterspout, unless it has the strength of Tianhai Five Stars, it cannot be broken at all!"

"Do you, the ant of Sky Sea Two Stars, have such strength?"

As soon as Chen Feng saw that he was taking a defensive position, the corner of his mouth clicked triumphantly: "You want it!"

Suddenly, Duan Yue Dao appeared in his palms.

The two-handed offensive directly turned into a move of rage and thunder to crack the mountains and rivers, stabs crazily towards the waterspout.

At this time, Chen Feng's strength of the two stars in the sky, the lightning strength in his body, became even thicker.

After this trick was released, he already had the power of Tianhai Five Stars.

With a loud bang, the waterspout was directly pierced by Fury Cracking Mountain and River, and then Fury Cracking Mountain and River directly pierced the Fourth Elder.

The Fourth Elder never thought that Chen Feng's move would be so powerful. With a loud bang, he was directly knocked out for tens of meters, and a huge crack appeared in his chest.

[Chapter 1137: breakthrough! Sky Sea Samsung!](#)

Even, can see the scenery behind him!

He was pierced directly by this trick.

Already seriously injured and dying!

The four elders showed extreme horror in their eyes, turned around, fled out, and shouted: "Brother 3, Brother 3!"

He was frightened and frightened by Chen Feng. He didn't have the guts to fight Chen Feng anymore.

He is extremely fast, and in an instant he has escaped hundreds of meters.

He turned his head back, his eyes were cold, and he looked at Chen Feng with bitterness: "Feng Chen, wait for me. When my third brother arrives, the two of us will easily kill you!"

A smile appeared at the corner of Chen Feng's mouth: "Really? It's a pity, you can't see that scene anymore!"

"What?" The expression on the face of the Fourth Elder suddenly changed, and then in the next instant, he saw Chen Feng's legs shine brightly.

In front of Chen Feng, a sky dragon phantom suddenly appeared, with six nodes shining brightly.

Chen Feng's figure flashed quickly between the six nodes.

With a brush, it was almost a tenth of the breath time, and he came directly to the sixth node and blocked him.

Then, Chen Feng's palms blasted out fiercely, and they were directly printed on his chest.

The four elders fought back frantically, and the waterspout hit Chen Feng's chest, vomiting blood from the serious injury in Chen Feng, but Chen Feng's palms were firmly stuck to his chest.

This time, the four elders could no longer break free.

True Qi, like the water flow after the collapse of the levee, crazily poured into Chen Feng's body.

In Chen Feng's body, the momentum skyrocketed, the true essence surged, and the momentum of the four elders became weaker and weaker.

He struggled frantically, but couldn't get away at all.

Finally, with a loud bang, the bodies of the four elders directly turned into countless flying ashes.

Chen Feng slowly retracted his palm.

In his dantian, the nine yin and nine yang divine powers quickly transformed, and the true essence dripped like rain.

At the bottom of the pubic area, the sky and sea, the waves are surging, and the momentum is getting stronger.

Behind Chen Feng, the sky surged, and the third star appeared fluttering.

Then, from illusory to solid, and then, the light from faint to bright, and finally the light shines!

The third big star, extremely bright!

Chen Feng directly broke through to Tianhai Samsung!

Then, Chen Feng didn't hesitate, and quickly left, and disappeared in a blink of an eye.

Just after he left, that was two breaths, a figure suddenly flashed, and with a flash, the third elder came here directly.

He looked at the two corpses in front of him, with extremely cold eyes in his eyes, slammed his fist on the ground, and snarled: "Feng Chen, I must kill you!"

He knew that even if he could kill Feng Chen in the end and return to the family, he would definitely be scolded by the Patriarch.

Because this time, in order to kill such a young man who had just entered the Heavenly Sea Realm, he had lost two masters with four stars or more in the Heavenly Sea, he was duty-bound!

Moreover, he is the strongest, this time he is the leader of the Mu family!

He seemed to have thought of something, and shouted loudly: "All Mujia Iron Guards, come and gather here!"

He is strong, full of energy, and his voice spread far away.

Soon, the Mujia Iron Guards came out of the dense forest and came to gather in this valley.

And when all the Mujia Iron Guards gathered here, the three elders counted the number of people, and the look in their eyes was even more gloomy.

Because at this time, the Mujia Tiewei who came here only had 13 people left!

Of course he knew very well that this meant that the other seventeen people had already died under that **** Feng Chen!

Some Mujia Tiewei showed extreme horror in his eyes after seeing the two unrecognizable and terrible bodies of Mu Dongge and the Fourth Elder on the ground.

Someone said to the third elder: "The third elder, this Feng Chen is powerful, we might as well return it and report the news to the family first, and then please send another expert from the family to come!"

As soon as he finished saying this, he immediately knew that he had said something wrong, and quickly lowered his head, afraid to look at the third elder.

Sure enough, the expression of the third elder became extremely gloomy. Looking at him, he said coldly: "You mean, am I not considered a master in the family?"

The Mujia Tiewei quickly explained, "No, no, the little one doesn't mean that, the little one just said..."

"What are you just talking about?" The third elder stared at him, anger flashed in his eyes, and suddenly, a palm shot out, directly blasting him into a **** mist.

Then, he looked at the crowd and said with a cold expression: "This person dares to question the decision of the Patriarch, fearing the enemy, and retreating before fighting. How can he be the Iron Guard of our Mu Family?"

"I'm here to kill him directly. If anyone of you dares to say something similar, he will be punished severely, do you understand?"

The Mu family's iron guards felt resentful in their hearts, but no one dared to say more, they just nodded respectfully.

The three elders' eyes flickered and he had to do this.

Because, if he really returned to the Mu's family and complained to the Patriarch, then he could expect that he would be the first to be severely punished in the family.

"I don't work well, I will exaggerate the enemy's strength after returning..." He could almost think of what Mu Ziyuan would use to punish him!

Therefore, he must kill Chen Feng, and only by taking Chen Feng's head back can he offset his sin!

He said in a deep voice, "All the Mujia Iron Guards are not allowed to move within 20 meters of my surroundings. Let's look ahead!"

"Yes." All the Mujia Iron Guards nodded yes, but they didn't agree with them in their hearts.

"Everyone can't move within 20 meters of you. It's safe. If that's the case, how can you catch Feng Chen? How can you find Feng Chen's trace?"

Many people murmured to themselves.

However, they are also willing to do so, so at least they are not in danger!

Searching all the way forward, this search is one night's time passed.

Soon, it was the early morning of the next day.

In the distance, a round of red sun quietly peeked out his head behind him, feeling the glimmer of sunlight, the expression of the three elders became even more irritable.

Now, it was the early morning of the next day, and it was already the time limit set by the family, but he still did not kill Feng Chen!

He was extremely irritable, and another Muji Tiewei had died under his palm.

All the Mujia Iron Guards are silent, far away from him, and dare not say a word!

At this time, about twenty miles away from this team, on a cliff.

Sitting cross-legged, facing the rising sun, Chen Feng exhaled a deep breath, and suddenly stood up.

There was a strong smell of blood in that stale breath.

It was Chen Feng who vomited the bruises in his body together!

[Chapter 1138: Harvest, it's started!](#)

He broke through successively, from one star in Tianhai to three stars in Tianhai. The breakthrough speed was too fast and the foundation was unstable.

Therefore, Chen Feng spent a whole night to cultivate his true essence, consolidate the foundation, and lay a solid foundation.

At the same time, he also started to heal his injuries!

In a day's time, the foundation has been strengthened a bit, and at the same time the injury has healed more than half.

Of course, there are many hidden wounds deposited in his body, it is very difficult to completely heal, unless he is reborn!

Facing the rising sun, a bloodthirsty and cold smile appeared on the corner of his mouth: "I let you live another night, you should be grateful too!"

"Now, it's time to harvest your lives!"

With that said, Chen Feng quickly swept away and entered the dense forest!

In the dense forest, the three elders are leading the Mujia Iron Guard, and they are constantly searching forward.

He was in an extremely irritable mood, with two eyes full of bloodshot eyes, like a monster that wanted to choose people and eat.

At this moment, he suddenly heard a scream from behind.

When the three elders moved, they drew out like a bolt of lightning, and immediately came to the direction of the sound.

Then, he saw a Mujia Iron Guard was beaten and his body was broken and he was lying on the ground, completely dead.

A cyan figure rushed to the distance, and the three elders exclaimed in excitement, "I want to run? I have caught the trail, and want to run?"

"Feng Chen, save your life!"

With that, he chased forward very fast, and soon disappeared!

Although Chen Feng was fast, it was still far behind the Three Elders.

Soon, the third elder saw the blue figure in front of him getting closer and closer, 800 meters, 700 meters... and soon, it was close to two or three hundred meters.

The third elder laughed loudly: "Little bastard, you can't run away!"

At this moment, Chen Feng suddenly turned his head and smiled at him, with a deep mocking look in his eyes.

The three elders saw it, and his heart suddenly burst.

Then in the next instant, he saw that in front of Chen Feng, a phantom of the Heavenly Dragon appeared, and then Chen Feng's figure flashed and came directly hundreds of meters away.

Then, his body shape flashed again, and he left for thousands of meters.

The third elder's eyes widened and looked at the scene in front of him in disbelief: "How is it possible? How can you be so fast?"

But the fact is like this. Chen Feng's figure flashed twice, already pulling the distance away.

The third elder hurried forward to pursue, but he found that Chen Feng had been lost.

He madly waved his palms and bombarded, shattering a large area of dense forest into pieces, and roared: "Feng Chen, Feng Chen, get out of here!"

After venting for a while, Chen Feng was nowhere to be seen, and the four wilds were silent.

Suddenly, the three elders shivered violently, realizing something, and rushing back!

"Broken, broken, I might be tricked by that little bastard!"

A moment ago, in the clearing in the forest, ten Mujia Iron Guards stood there very nervously waiting for the arrival of the three elders.

"You said, where did the three elders chase? Why haven't they come back?"

"I don't know, Feng Chen, who is obviously not strong, how can he kill Mu Dongge and the fourth elder one after another? What if the third elder is not his opponent?"

"Impossible, the third elder is a master of Heaven and Sea, how could he not be his opponent?"

"We didn't think that Mu Dongge and the fourth elders could easily kill him? How did it turn out? To me, that little **** is simply unfathomable, and no one can say that he can win him!"

"Then what shall we do?"

A person suddenly shouted: "The third elders don't treat us as human beings. What are we doing here? If Feng Chenzhen kills him, we will not escape death!"

"Why not, let's leave quickly!"

"Good, good!" These Mujia Iron Guards nodded one after another.

They are going to leave here and return to Big Moon City.

When they turned around, they suddenly saw a flash of light in front of them, and a tall and straight figure appeared not far in front of them.

At this time, they are smiling and looking at them.

These people seemed to have seen a ghost, their faces were extremely frightened, and they exclaimed: "Feng Chen?"

Chen Feng smiled slightly: "Want to leave? Late!"

Then, his body flashed continuously and crashed into these Mujia Iron Guards.

Bang bang bang bang, a loud noise, sounded one after another.

The screams were endless, and in an instant, all ten Mujia Iron Guards were killed by Chen Feng.

The true essence in the body was completely absorbed by Chen Feng!

At this time, behind Chen Feng, there was an angry roar: "Feng Chen, you **** it! You killed my Mujia Iron Guard again!"

Chen Feng turned his head, smiled and said, "You want to kill me, can't you let me kill you?"

The third elder stared at Chen Feng and said coldly: "Feng Chen, how can I see you running this time? Are you running?"

"This time, you will never escape from my palm, you will be killed by me!"

Chen Feng looked at him lazily and said lightly: "Who said I ran away, why should I run this time?"

The third elder asked in surprise: "Are you not running?"

Chen Feng smiled and said, "If I run away, how can I kill you?"

"What? Kill me?" The third elder was taken aback for a moment, and then laughed with extreme disdain: "Little bunny, you are really arrogant, you dare to say kill me!"

"Haha, do you know that I am a seven-star powerhouse in Tianhai, far better than you!"

"Don't think that if you can kill Mu Dongge and the Fourth Elder, you can kill me. The two of them are stronger than me. That's a huge difference!"

He looked at Chen Feng and said coldly, "You little bastard, if you want to run, I may not be able to catch up with you, but if we two face the enemy, I can easily kill you with at most three strokes!"

Chen Feng smiled slightly: "Before Mu Dongge and the Fourth Elder were killed by me, they thought so too!"

"They are also worthy of comparison with me?" The third elder sneered, and then sternly shouted:
"Next, I will show you how good I am!"

"Little bastard, die!"

With that, a touch of martial soul behind him suddenly appeared.

This martial soul is not big, about the size of a person, looks very delicate, it turned out to be a fiery red crow!

Around the body of this fiery red crow, the majestic fire power lingers around, extremely powerful!

Chen Feng preemptively jumped up into the air, breaking the mountains and rivers with an angry thunder!

He had already broken into the three stars of the sky at this time, and with this move, he had the strength of the six stars of the sky!

The fire crow uttered a quack, a huge mouth, and a strong pillar of fire spewed out, and hit Chen Feng hard.

[Chapter 1139: Desperate! Fight to death!](#)

With a 'bang', the endless light of thunder and lightning collided with the huge pillar of strong flame.

Lightning flickered, flames lingering.

There was a loud noise, and both burst at the same time.

The lightning glow and flames all disappeared without a trace.

The broken Yue knife was blown out directly!

The third elder laughed triumphantly: "This is just my usual attack, and it has almost the same power as your trick. What do you use to fight me?"

But at this moment, Chen Feng smiled slightly and directly released the Broken Yue knife, and then quickly came to the third elder, and his palms directly hit the third elder's chest.

The third elder felt the true essence gushing out of his body madly. At this time, he was exactly the same as the previous Mu Dongge and the fourth elder, with a look of horror on his face.

"What kind of crooked art is this?"

He felt the true essence gushing out of his body, and in a blink of an eye, Chen Feng had absorbed one-fifth of the true essence.

The three elders have rich experience and immediately make the correct return to camp.

His true essence surged crazily, and banged towards Chen Feng with a boom.

Although Chen Feng had been prepared, the strength of the third elder was too much higher than him. This time, he could not bear it and was directly knocked out.

The eyes of the third elders suddenly became extremely greedy, looking at Chen Feng, sneered and said: "Boy, I am very interested in this technique you practiced!"

"After I capture you later, I must be tortured and tortured out of your mouth!"

He looked up to the sky and laughed, extremely proud: "Haha, I didn't expect that this time to arrest you, it turned out to be my great opportunity!"

"As long as I get this technique, my strength will definitely break through into the Soul Condensation Realm, and even reach a higher realm. At that time, this Great Moon City, I will be the number one master!"

Chen Feng smiled and said, "Is that so sure that you can kill me?"

"Of course," the third elder smiled coldly, and the fire crow suddenly spit out thousands of fiery red needles behind him.

Each long needle is one meter long, as thin as cow hair, with tens of thousands of needles.

The long needle covered a full 100-meter radius, enclosing Chen Feng.

It seemed that no matter how Chen Feng escaped, he couldn't escape.

Chen Feng laughed loudly, the Tianlong step suddenly started, and with a single stroke, it directly straddled hundreds of meters, and then came behind the three elders.

The palms were slapped on his back again, and almost one-sixth of the true essence was absorbed in his body again before being shaken by the three elders.

Then, Chen Feng fought with the three elders.

He continued to use the Heavenly Dragon Step, approaching the three elders, absorbing the true essence in his body.

And his speed is so fast that the three elders can't catch his trace at all.

The offensives of the Three Elders failed time after time. Finally, the Three Elders took a deep breath and roared, "Well, Feng Chen, my patience has been completely exhausted!"

"Next, I will kill you!"

With that said, his aura suddenly skyrocketed, and he even crossed directly from Tianhai Qixing to Tianhai Eight Stars, and he was still the peak of Tianhai Eight Stars!

Although his true essence has been absorbed by Chen Feng by almost half, when he came to the strength of Tianhai Eight Stars, it was still enough to crush Chen Feng.

There was also a look of shock in Chen Feng's eyes, he did not expect that this person was actually a master of the eight-star peak of the sky!

Tianhai Seven Stars and Chen Feng still have the ability to fight against, but Tianhai Eight Stars, Chen Feng is not an opponent at all.

It's just that the light in his eyes was blazing, showing a strong fighting spirit: "How about a strong opponent? But a battle!"

Chen Feng once again used the Tianlong Step and slammed behind him.

But this time, the three elders who had been raised to the peak of the Eight Stars of Heaven and Sea immediately caught its traces and turned around and punched them fiercely.

Chen Feng was caught off guard, and hurriedly used his anger to split the mountains and rivers and collided with him.

The furious thunder cracking the mountains and rivers was directly shattered by this fist, and Chen Feng spurted blood and was beaten out for hundreds of meters.

Then, Huo Crow took a deep breath and directly sucked up the air in front of Chen Feng, creating a huge suction force.

Chen Feng couldn't help himself, and was directly sucked in front of Fire Crow by the huge suction.

Then, the fire crow spit out a huge pillar of fire, directly scorching Chen Feng's burnt skin, leaving the whole person in total darkness.

Immediately afterwards, the third elder punched again, blasting on Chen Feng's chest.

This punch actually directly pierced Chen Feng's chest, severely wounding Chen Feng near death.

Chen Feng fell to the ground, vomiting blood frantically, his mind was almost blurred.

At the peak of Tianhai Eight Stars, surpassing his current five realms, Chen Feng is no opponent at all!

In an instant, he was in desperation!

But at this time, the light in his eyes was still tyrannical and hot, and his fighting spirit was burning, even more intense than before!

The whole person is full of murderous intent!

The third elder looked at him coldly: "Feng Chen, do you still think you are my opponent? I can easily kill an ant with a smile now!"

Chen Feng grinned, his smile full of disdain, and suddenly, a small jade box appeared in his hand.

Then, Chen Feng opened his mouth and poured all the liquid in the jade box into his mouth!

The liquid he poured was as red as blood, it was dragon blood dew!

The third elder laughed: "Are you taking a pill? There is a fart? Even if you are cured, I can easily beat you like this again!"

After Chen Feng swallowed these dragon blood dew into his mouth, he immediately felt as if a ball of heat exploded in his stomach.

Then, the endless majestic and powerful energy. Pour directly into your body!

The various meridians were instantly filled with hot fiery red power, and then all these powers gathered into the dantian and poured into the sky above the dantian.

Pour into the golden flames of the blazing sun.

With a bang, Lieyang Jinyan grew three times the size of his little finger!

The power of the golden flames of the blazing sun skyrocketed in an instant, and the pressure increased rapidly, spreading towards the surroundings.

That coercion turned extremely terrifying, and even the sea of heaven in Chen Feng's dantian suddenly became surging.

But Dan Tian, seemingly unable to withstand the sudden increase in pressure, started to break.

Countless cracks began to appear in Chen Feng's Dantian wall!

The pain in Chen Feng's dantian was extremely severe, and he felt that his dantian seemed to be on the verge of breaking.

Not only is Dantian broken, even his body is on the verge of collapse!

Lieyang Jinyan is extremely tyrannical. With Chen Feng's current body, he can only bear Lieyang Jinyan the size of a little finger.

At this time, Lieyang Jinyan tripled rapidly, and Chen Feng couldn't bear it.

Moreover, at this moment, Chen Feng felt that in the blazing sun and golden flames, there was an extremely strong consciousness.

This is the ontological consciousness of the Lieyang Golden Flame. With the increase of the Lieyang Golden Flame, the ontological consciousness of the Lieyang Golden Flame also becomes very obvious.

[Chapter 1140: Burn out!](#)

He actually wants to get rid of Chen Feng's control!

At this time, in Chen Feng's Dantian, left and right rushed!

But Chen Feng gritted his teeth crazily, and the true essence surged crazily, suppressing the fiery sun and golden flames!

Then, he burst out with a huge roar, raised all his last strength, grabbed the Broken Yuedao, and smashed the mountains and rivers with thunder and fiercely killing the Three Elders!

The third elders didn't even know the changes in Chen Feng's body, and only thought it was Chen Feng's dying struggle.

He laughed, and naturally saw that Chen Feng was weak at this time, the offensive was light and powerless!

Therefore, without putting Chen Feng in his eyes at all, he patted Chen Feng with a light palm.

Sure enough, as he expected, this palm directly resolved Chen Feng's anger and thunder.

But Chen Feng's move was a false move.

The Tianlong step appeared, and this time only one node appeared in the Tianlong step, and the node was behind the three elders.

In an instant, Chen Feng came directly behind him and slapped his palms.

Even so, the three elders didn't take it to heart. At this time, Chen Feng was weak, and even if he slapped him with the palms and absorbed the true essence, it would not help!

But at this moment, Chen Feng let out a roar, exhausting his last strength, and an egg-sized red flame appeared in his palm.

Among them, there are silks and golds mixed in, it is the golden flames of the sun that has grown three times larger!

Chen Feng had exhausted all his energy to draw the Golden Flame of the Sun from the Dantian, and the Golden Flame of the Sun appeared all the way, almost destroying his body.

Chen Feng's last real yuan was also used to suppress the golden flames of the sun.

He did his best to press the Lieyang Jinyan hard behind the three elders!

At this point, his last trace of strength and last point of true energy were also exhausted, and he fell heavily to the ground.

But there was a smile at the corner of his mouth, and the three elders felt an extremely terrifying and domineering searing power appearing behind him.

He wanted to resist and dodge, but it was too late.

With a bang, Lieyang Jinyan pressed directly on his body, and then the next moment, Lieyang Jinyan frantically poured into his body.

His whole body temperature rose rapidly, and his skin instantly turned red, then turned black again.

Among his seven orifices, all sparks splashed out!

The three elders let out a crazy roar, 'Ah', with a scream and a bang, his body was directly enveloped in flames and turned into a burning man.

The extremely high temperature burned his body.

The three elders are worthy of being the powerhouse with the strength of the eight stars in the sky, and they have not died at this time.

He uttered a scream and screamed and ran outwards continuously.

The fire crow spirit suddenly appeared, absorbing the heat from his body, trying to help his master share the pressure.

However, as soon as he breathed in a little bit, his stomach swelled and exploded into sparks in the sky.

The power of Lieyang Jinyan was not something he could swallow at all, so he disintegrated directly.

The disappearance of Wuhun also caused severe damage to the three elders.

Finally, after running a few steps, he fell to the ground hard.

The flame was still burning frantically, and his body was twitching little by little, and finally he didn't move anymore.

Chen Feng quickly climbed forward, pressing his hands on his back.

Lieyang Jinyan naturally couldn't hurt him. At this time, most of the third elder's body had been burned, but there was still a part of it, and Chen Feng quickly absorbed his true essence madly!

At this time, Chen Feng's strength was almost the same as that of an ordinary person, even if a Mujia Iron Guard was there, he could be killed.

However, Chen Feng had long thought of it, he had already killed all the Mujia Iron Guards before this!

Having absorbed the true essence of ten Mujia Iron Guards before, at this moment, after absorbing half of the true essence of the three elders, Chen Feng felt that the familiar sense of breakthrough came again.

In the dantian, countless true essences dripped.

The ocean of true yuan is turbulent.

Tianhai appeared, and among the four big stars, Chen Feng directly broke through to the four stars of Tianhai!

All the true essence in his body recovered, his injuries healed a lot, and his whole spirit immediately recovered!

At this time, the three elders were already burned into a piece of fly ash.

The flame above his body reunited into the egg-sized golden flame of the sun.

Lieyang Jin Yan trembled violently, and even wanted to leave, as if to get rid of Chen Feng.

Chen Feng roared: "Want to go? Get out of me!"

He directly pressed the Lieyang Golden Flame with both hands, and all the true essence in his body poured out frantically.

At this time, Chen Feng had already broken through to the four stars of Tianhai, and only after breaking through to the four stars of Tianhai, he could slightly control the golden flames of the sun.

Lieyang Jin Yan rushed from left to right, Chen Feng could hardly grasp it, and even his fingers were broken.

Chen Feng also exhausted all his strength before he controlled it and swallowed it back into his Dantian.

After swallowing back into his dantian, Chen Feng felt that Lieyang Jinyan immediately began to rampage, causing his already somewhat broken dantian to give even more severe pain.

Chen Feng took a deep breath and had to use most of his power to suppress Lieyang Jinyan!

He stood up, with a wry smile at the corner of his mouth: "Although I broke through to the four stars of the sky and sea, I also paid a great price!"

"I don't know how to heal my dantian damage? After the growth of the sun and golden flames, my self-consciousness has been awakened so much, I almost have to break free of control!"

At this time, An Lao appeared next to him, sighed, and said: "You fellow, always like this, every time you make yourself like you are going to die!"

Chen Feng laughed: "An old man, didn't I survive this? Not only did I survive, I also improved three small realms one after another, and my strength has greatly increased!"

An old man nodded him, shook his head and said, "You have a serious injury in your dantian, and you must use a big pill to heal it!"

Chen Feng nodded and said, "I'm going to see Zhou Muxing first, and then I'll talk about refining Dahuandan."

"By the way, An Lao, how should this blazing sun and golden flames be controlled?"

Old Angrily said: "You should worry about your dantian first. After curing your dantian, I will naturally teach you how to completely surrender the golden flames of the sun!"

Chen Feng nodded and left here quickly!

Big moon city.

Zhou family.

Seeing Chen Feng, Zhou Muxing suddenly stood up, his eyes widened, his face full of disbelief.

He pointed to Chen Feng and said blankly: "Chen Feng, Chen Feng, you, you, have not seen you for a few days, how can your strength reach such a realm? How can you become so powerful?"

He was extremely shocked, because the growth rate of Chen Feng's strength really exceeded his imagination.

A few days ago, when he met Chen Feng, Chen Feng was still one star in Tianhai, and now he has grown into a four-star powerhouse in Tianhai!
