[Chapter 1161: Ran Yuxue humiliated](#)

"It's possible at any time to kill our hunting group and your juniors and sisters."

"I was on a mission outside. After I got the news, I came back quickly, but I didn't expect to be blocked by the Liu family. Fortunately, you came."

After Chen Feng listened to this, the murderous spirit between the eyebrows gathered, and he shouted: "These three families are really damn!"

"Go, let's go to the Elixir Town now!"

Elixir Town, in the compound where the Dragon Slaying Group is located.

This is the most center of the compound. Dozens of disciples of Qian Yuanzong gathered together, and their faces showed anger.

They stared at the people who surrounded them, and besides the disciples of Qian Yuanzong, there were more than 30 people wearing uniforms who were obviously also members of the hunting group.

They are basically mature men, and these people are members of the Dragon Slaying Group.

The person standing in the front is Chen Xiao!

Next to Chen Xiao was Ran Yuxue, both of them had serious faces and a hint of anger.

And they are surrounded by hundreds of people.

These hundreds of people belonged to the Liu'an, Wang and Chu families of the three major families in Lu'an City!

Compared to the many disciples of Qian Yuanzong and the nervous look of the people in the Dragon Hunting and Killing Group, the three of them were going to relax a lot, laughing and pointing at the two groups of them.

From time to time, there was a flash of contempt on their faces, and they even made fun of them loudly!

A tall and thin man stood up. The man had high cheekbones and a hooked nose, looking extremely long and harsh.

He looked at Ran Yuxue and Chen Xiao with a condescending attitude, and said impatiently: "Have you two thought about it?"

"Give you another stick of incense, within the time of one stick of incense, immediately get out of the spirit medicine town and hand over the ancient medicine field."

"Otherwise," he smiled sullenly, a cruel killing intent flashed across his face: "All of you are going to die, next year today will be your anniversary!"

Chen Xiao said angrily: "The surname Liu, you are deceiving too much, this ancient medicine field was clearly discovered by us, so why don't you just come up and grab it!"

It turns out that this tall and thin middle-aged man is the head of the Liu family: Liu Hong!

"I deceived people too much," Liu Hong laughed, full of contempt.

He suddenly stopped laughing, looked at Chen Xiao, and said coldly, "Boy, I didn't expect you to be so naive when you are so old."

"Why do we come up and grab it? Just because we are stronger than you, because we have more people than you, and because we can easily kill you!"

"You!" Chen Xiao flushed with anger!

Behind Liu Hong, the people of the three major families all made a disdainful laugh:

"Haha, this surname Chen is really naive, is he still the head of the hunting group?"

"Okay, you guys don't look at what kind of **** hunting group he is, and he slays dragons. It's a big tone. Haha, I think it's very difficult to kill a snake!"

"Such a hunting group is playing sideways in small towns like Spirit Medicine Town. Any small family in Lu'an City is much stronger than them, let alone our three big families."

"That's right, our three big families, come here together, that is to give them a face!"

Chen Xiao wanted to say something more, Ran Yuxue already stepped forward and stood in front of him.

She took a deep breath, suppressed the anger in her heart, looked at Liu Hong, and said, "Okay, let's go now."

After the destruction of Qian Yuanzong, he had obviously matured a lot, and he understood that people had to bow their heads under the eaves.

Liu Hong was about to speak, but a short, fat middle-aged man in brocade walked out beside him.

The short fat man squinted his small eyes and fixed his eyes firmly on Ran Yuxue's body, full of lust. He was squinted, and he wanted to pull out her clothes.

He chuckled and said, "Others can go, but you have to stay!"

Ran Yuxue looked cold: "What do you mean?"

"What do I mean? Haha? What do I mean, don't you understand?" The pudgy middle-aged man is Wang Bo, the head of the Wang family.

He chuckled and said, "You chick is not young, but she's still skinny and tender, she looks really beautiful!"

"Moreover, I just like your cold temperament," he said with a lustful smile:

"I want to see if you can still maintain this frosty virtue after putting you in bed later."

As soon as his voice fell, the three big families behind him, among the crowd, burst into loud laughter!

"Yes, that's right, the owner is right, this little girl, I don't know how many years can I meet one."

"Among the millions of people in Lu'an City, I'm afraid they are not so beautiful and temperamental. If you encounter them, you can't let it go."

"Haha, Patriarch, after you have used this girl, can you reward the little one and use it? The little one has served in the Wang family for forty years. There is no credit and hard work!"

"Go, go on one side, and it's not your turn. We are in the Wang family for three generations. Isn't it longer than you?"

Everyone was full of banter and humiliated.

Ran Yuxue's pretty face flushed, and her chest undulated violently!

Wang Bo laughed loudly, turned his head, and shouted at everyone: "Don't worry, don't worry, you all have a share! You are indispensable!"

Among the disciples of Qianyuanzong, a burly man stood up and said angrily: "Uncle Ran, let's fight with them!"

"He dared to humiliate you, we would rather die than suffer such humiliation!"

This person is Shangguan Lingyun, the person in charge of all the disciples appointed by Chen Feng at the beginning!

"Yes, spell it!"

"Fight!" Many Qian Yuanzong disciples were extremely angry and shouted.

"Oh, do you want to work hard? It's a pity that you have to work hard? Do you have this capital?" A cold snort came, and the Chu Family Patriarch, who had been standing next to him, spoke.

This person is burly and strong, like a steel tower, standing there, there is a very calm master.

This person is named Chuxiong.

Although he didn't speak much, he was actually the strongest among the three Patriarchs!

He looked at the disciples of Qian Yuanzong, revealing a deep contempt, and said coldly: "You people, the most powerful people are not even in the Tianhe Realm!"

"Do you know that I am already a Tianhe three-star powerhouse, I want to kill you, that's easy!"

"You want to work hard, don't you? Okay, come on! Let's go together! I can easily destroy all of you without any help!"

He clicked on Chen Xiao and said, "You members of the Dragon Slaying Group can also go!"

[Chapter 1162: Come on together!](#)

Chen Xiao and the others were pale, they knew that what Chu Xiong was telling was the truth, and even if they added up, they were definitely not Chu Xiong's opponent!

Chu Xiong looked at the expressions on their faces and was even more proud. He laughed and said, "Now, I will give you three breaths."

"Within three breaths, you quickly make a decision, leave here, and then leave this girl for us to enjoy. If not, I will..."

"How about you?" A cold voice suddenly sounded.

When the first word was spoken, the voice was still far away, and when the fourth word was spoken, it was as close as everyone's ears.

Then, everyone heard a sharp piercing sound coming from here quickly.

Windy placket.

Many people feel that their heads have been clicked, and it seems that some people lightly stepped on their heads with their toes.

Everyone hurriedly looked up in a panic, and saw a figure in a white shirt with fluttering clothes, extremely chic and rushing towards him.

Almost sigh, they already appeared in front of Qian Yuanzong.

He stared at Chu Xiong coldly, and said in a cold voice, "What about you?"

Seeing this person, everyone in Qian Yuanzong was so excited that they shouted: "Big brother, big brother."

Some people even have tears in their eyes.

And some people in Ran Yuxue, after seeing him, the expressions on their faces that had been nervous all the time, they also brushed a bit and quieted down.

She looked at Chen Feng, her eyes were a little red for a moment, and tears rolled in her eyes.

That is a feeling of grievance that arises when I see my support after being bullied!

At this moment, she felt as if she was back twenty years ago, when she was bullied. When her senior brother Yan Qingyu rushed over to fight the injustice for her, she felt that way.

She looked at Chen Feng with tears, as if Chen Feng's figure overlapped with another figure.

And the members of the Dragon Slaying Group, after seeing Chen Feng, they all shouted in surprise, "Master Feng, Master Feng!"

In their eyes, Feng Chen is as powerful as a legend!

Chu Xiong looked at Chen Feng, frowned, and said in a cold voice: "Boy, it seems that you and them are old acquaintances, but I advise you, don't care about things you shouldn't care about, otherwise, you will lose your life. ."

Chen Feng smiled coldly: "Unfortunately, I still have to take care of this matter."

Chu Xiong rubbed his fists: "Then you are looking for death!"

Chen Feng glanced at them lazily, hooked his fingers, and said lightly:

"Come on! Let's go together! I can easily kill all of you without any help!"

He clicked on Chu Xiong and said, "You Chu family and Wang family members, you can also go!"

What he said was exactly the same as what Chu Xiong said just now.

Return the original way!

"What? You let us go together?" Chu Xiong was taken aback for a moment, then his face showed an expression of disbelief.

Then, a sneer of disdain broke out: "Haha, what did I hear?"

"What an ignorant junior, dare to say such a thing, and let us go together? I can easily crush you by myself!"

At this moment, an equally sturdy and burly man behind him shouted loudly: "Patriarch, such a stinky little furry child, do you still need to do it?"

"If the family took the initiative, wouldn't it be too bad?"

"Let me come, you can definitely kill him easily!"

"Okay!" Chu Xiong smiled slightly, and said, "Then you go and kill him!"

"Yes." The sturdy man replied and strode forward.

He was a full half as tall as Chen Feng, looked down at Chen Feng, grinned and said, "Boy, how do you choose to die?"

"My favorite is to tear people in half! Of course, if you want to be smashed into a pool of flesh, I will accompany you."

"In this case, your pain can be lighter!"

Chen Feng looked at him with a cold expression, just spit out a word: "I choose, you die!"

As he said, his figure flashed, and everyone hadn't recovered at all, and then they saw that Chen Feng was back to the original place again.

It seems that the figure flashed just now, just an illusion.

But they knew that it was not an illusion, because the burly man had already been blasted into pieces in the sky with a bang.

Seeing this scene, everyone let out a huge exclamation!

Just now, the disciples of Qianyuanzong and the members of the Dragon Slaying Group were a little worried, for fear that Chen Feng was not their opponent.

Seeing this scene at this time, they all cheered: "Haha, big brother is too powerful!"

"Young Master Feng is really powerful. This person is a one-star powerhouse in Tianhe. I was worried that Young Master Feng was not his opponent, but I didn't expect Young Master Feng to easily kill him."

"Do you remember? Half a year ago, when we saw Young Master Feng, Young Master Feng was only a powerhouse of the gods, but I didn't expect that he could easily kill the one-star powerhouse of Tianhe!"

"Yes, Master Feng's cultivation speed is too fast!"

Chen Feng screamed, no longer talk nonsense, his figure flashed, and he directly entered the three major families.

He only heard the endless screams, and every time Chen Feng struck out, at least one person was killed.

He even slammed a punch, directly shaking more than a dozen people from the three major families into blood fog.

I only heard the screams rising into the sky, and the corpses flew bang and blood flow.

Wang Bo, Chu Xiong, and Liu Hong, the three Patriarchs, are already silly.

They only saw a flash of white lightning flashing so fast that they couldn't even see what was happening.

The white lightning killed one person and then another. When he killed a third person, they could see the situation of the person who was killed first.

Because Chen Feng's speed is too fast!

The people of the three major families resisted desperately, but unfortunately, it was useless at all.

Chen Feng wanted to kill them, but they couldn't escape even if they wanted to, and couldn't stop them if they wanted to.

Finally, the white lightning, with a sigh, returned to before everyone.

The three big families looked around blankly, and then they saw a corpse on the ground.

The hundreds of people they brought, except for the three of them, have been killed.

Blood ran across, and corpses were everywhere.

The three of them were shocked and couldn't believe it when they watched this scene, and then their bodies began to tremble.

They looked at Chen Feng as if they were looking at a demon.

"How could this person be so powerful? How could he be so powerful? Killed so many people easily!" Their faces were shocked, they couldn't believe it!

They looked at Chen Feng with extreme fear and desperation in their eyes.

[Chapter 1163: Weird shadow](#)

Chen Feng looked at them and said lazily, "I just said, let's go together!"

"You must not listen, but, even if you go together, it will not help me."

He snorted coldly, and his expression became extremely cold: "Well, I have talked too much nonsense, now it's time to send you on the road."

A palm shot out and blasted towards Chuxiong.

Chu Xiong furiously resisted, screaming and fisting, but it was useless and Chen Feng was slapped to death.

Then Chen Feng turned around, swiped twice, and killed Wang Bo and Liu Hong!

In the entire compound of Nuo Da's hunting group, there was no sound.

Everyone looked at Chen Feng with a dull look on their faces, and their faces were full of disbelief.

They all knew that Chen Feng was very strong, but no one thought that Chen Feng was so strong!

There were hundreds of people who were killed by him in such a flash!

The Patriarchs of these three families were all masters of the Tianhe Realm, and Chen Feng was able to kill the three of them instantly!

what does this mean? Didn't he also step into the Tianhe Realm?

Moreover, seeing him understatement so lightly, it is even possible that he has reached a higher level!

"When I saw it a few months ago, it was still in the Divine Gate Realm, and now I have stepped into the Tianhe Realm, God, is this still a human?"

Then the next moment, this surprise and disbelief turned into a burst of cheers.

The disciples of Qian Yuanzong and the members of the Dragon Slaying Group cheered one after another: "Win, win, we win!"

"Haha, the people of these three big families are here to die!"

"With Young Master Feng, see who dares to provoke us in the future." This is a member of the Dragon Slaying Group.

"Haha, our elder brother is the best." This is Qian Yuanzong's disciple.

Ran Yuxue looked at Chen Feng, her eyes were moist, and suddenly she couldn't help it anymore, and tears fell down.

She seemed a little embarrassed, and turned around quickly, not wanting others to see her now.

Among the many disciples of Qian Yuanzong, Jiang Yuechun and Hua Ruyan rushed out and threw directly into Chen Feng's arms.

Chen Feng smiled, hugged Jiang Yuechun, kissed her little cheek vigorously, and said with a smile: "It's been a long time since I saw you, my Chuner is really getting more and more beautiful!"

Jiang Yuechun also giggled, stretched out his hand to touch his face, and said a little disgustingly:
"Master, you all have a beard!"

This innocent and lovely words made everyone laugh.

Jiang Yuechun was pulling Chen Feng's sleeve next to him, looking at him eagerly, with a pitiful look, as if saying: "There is me, and me..."

Chen Feng rubbed his head and laughed, "Ruyan is getting more and more beautiful, and she is about to grow into a big girl!"

Hua Ruyan and Jiang Yuechun talked to Chen Feng for a while, and saw Gao Yan and Chen Xiao approaching here.

They are very sensible, knowing that they must have something to say when they are looking for Chen Feng, so they obediently freed themselves from Chen Feng's arms and let them aside.

Chen Xiao laughed, patted Chen Feng on the shoulder heavily, and said, "Brother Chen Feng, you are amazing now. With such a strong strength, you have reached the Tianhe realm, right?"

Chen Feng was noncommittal and nodded lightly, neither admitting nor denying.

However, in the eyes of others, this is an admission.

Everyone exclaimed. They had guessed it before, but they were still shocked by Chen Feng's personal admission.

If you let them know that Chen Feng is already the six stars of Tianhai at this time, I am afraid that they will be scared to death.

Several people said something again, and then Chen Feng and Qian Yuanzong's disciples left here and returned to their residence.

The big yard that was run-down and desolate has now been cleaned up extremely clean. Today, after being frightened, everyone is exhausted.

Everyone had a meal together at night, and they went back to their rooms to sleep.

The night was dark, but there was still light in a stone house.

Chen Feng lazily leaned on a mahogany bed. In front of him, Hua Ruyan and Jiang Yuechun were talking excitedly.

They hadn't seen Chen Feng for a long time, and they were all very excited at this time, and there was no sleepiness at all.

The two small mouths kept talking, and Chen Feng leaned there and listened with a smile, without showing any impatience.

In the nearby fireplace, a fire was lit, and the pine wood crackled and burned, making a loud noise from time to time.

A faint fragrance diffused out.

The two talked for a long time, then suddenly stopped Jiang Yuechun, came to Chen Feng, gently held his hand, and asked a little cautiously:

"Master, how long can you stay here this time?"

Her eyes were full of hope, and some were a little timid, obviously afraid that this question would embarrass Chen Feng.

Beside, Hua Ruyan also looked at Chen Feng expectantly.

Feeling such gaze, Chen Feng felt that his heartstrings were touched, and his heart ached.

These two girls have such simple and hot feelings for them, but they can't always stay with them.

Chen Feng smiled slightly and said warmly: "Don't worry, I will stay here for at least three days this time."

After listening, the two girls first showed disbelief, then looked at each other, and both cheered.

"Great, great."

Chen Feng smiled and felt a little distressed.

The two of them were so happy that they were able to accompany them for a few more days. All three of them were immersed in this joyful atmosphere.

As a result, no one noticed that Hua Ruyan's shadow moved slightly.

That's right, it's the shadow's own actions, not with the movement of Hua Ruyan.

I saw that the shadow twitched slightly, and then moved forward a bit, moving about a foot or so toward Chen Feng's position!

It looks very strange, as if this shadow has its own life!

Hua Ruyan frowned suddenly, a rather weird feeling surged in her heart, but she also didn't realize where this feeling came from.

Chen Feng asked, "What's wrong?"

Hua Ruyan shook his head: "Nothing."

Chen Feng didn't take it to heart, and the three continued to talk.

Chen Feng got up, looked at Jiang Yuechun with a smile, and said, "Chun'er, what kind of cultivation do you have now?"

Jiang Yuechun said crisply, "It is already the second building in the Divine Sect Realm."

Chen Feng raised his eyebrows and asked Xiang Hua Ruyan again. Hua Ruyan said shyly, "My cultivation speed is a little slower than Chun'er, and now it's only the peak of the first building in the Divine Sect Realm."

After Chen Feng heard this, he was quite shocked.

The cultivation speed of these two people is a bit too fast.

[Chapter 1164: Shadow kill!](#)

Although they are not as good as themselves, they do not have the many adventures of their own.

Chen Feng applauded and said with a smile: "You two are doing very well, and the speed of cultivation is very fast!"

Jiang Yuechun chuckled: "Master, you have left us a lot of treasures, and you are guiding us with your experience. It is only natural that we practice faster than others."

Chen Feng shook his head and said, "It's not faster, it's many times faster!"

Chen Feng suddenly moved in his heart and said, "This time, before I leave, I will leave some medicine for you."

Chen Feng has made up his mind to refine some medicines that can increase their cultivation base and are within the tolerance of their bodies to help the two of them improve their cultivation base as soon as possible.

Of course, it's not just them, Chen Feng will also give some to other Qian Yuanzong disciples.

Chen Feng smiled and said: "Come, let me see what martial arts you have cultivated, come, Chuner down!"

"Okay!" Jiang Yuechun replied, and then displayed a set of martial arts, which was a set of ninth-rank yellow-level palm skills.

This palm technique was discovered by Chen Feng from the secret secret books of Qian Yuanzong.

Chen Feng looked at it, slightly sighed, when he was in the first building of the Divine Gate Realm, how could he be able to come into contact with such advanced martial arts?

I'm already very happy to be able to come into contact with Yellow Grade 4 items!

Jiang Yuechun mastered this palm technique very well, the palm wind was agile, advancing and retreating like the wind, ethereal and melodious, but also very powerful.

Chen Feng applauded slightly after reading it!

He commented a few words, and then said to Hua Ruyan Yan: "Ruyan, it's you."

Hua Ruyan was a little shy, and smiled: "My son, I am practicing a set of swordsmanship of the ninth grade of yellow!"

With that, she drew her long sword, walked to Chen Feng, and began to practice.

After seeing the first move, Chen Feng felt a rather weird feeling in his heart, as if Hua Ruyan's whole body was very stiff, and she couldn't help herself.

Just like a marionette, Chen Feng had just born this feeling in his heart.

Suddenly, the Hua Ruyan shadow that was originally on the ground suddenly violently violently, the shadow clenched the long sword in his hand and pierced hard towards Chen Feng.

Extremely fierce and tyrannical, this sword pierced out, and the momentum directly reached the sky and the sea!

Chen Feng had retreated quickly, but he hadn't been on the guard before, and now it was too late to retreat.

The long sword pierced out and pierced his chest directly.

Although the sword and the figure looked like shadows and no entity, after the sword pierced Chen Feng, Chen Feng felt a sharp pain in his chest and was directly pierced with a blood hole.

This power turned out to be real!

Chen Feng was furious: "What the hell?"

He punched the shadow fiercely, but the shadow didn't avoid it at all, and was directly hit by Chen Feng with ease.

The shadow of Chen Feng's boxing was directly beaten into two pieces, floated and then retreated.

At the same time, the flower screamed like smoke, and a mouthful of blood spewed out, like being struck by lightning, flying out and hitting the stone wall.

Her abdomen was **** and bloody, just this one was already seriously injured.

The location of his abdominal injury was exactly the same as the location where Chen Feng hit the shadow just now.

Chen Feng stayed there immediately, without knowing what was going on.

Jiang Yuechun was also a little at a loss, exclaiming: "Sister Ruyan, what's wrong?"

At this time, the shadow that had been split into two pieces suddenly became one again.

Obviously it was like a piece of paper, very thin and very thin. It didn't look like a living thing, but he actually let out a hoarse and unpleasant sneer.

"Feng Chen, if you attack me, it is equivalent to attacking your little lover. If you punch me again, your little lover will immediately die."

Chen Feng took a deep breath. This was an enemy he had never encountered before, and his attack method was extremely strange.

It turned out to be a direct attack with a shadow, and it was still controlling the shadow of others.

Chen Feng stared at him and said coldly: "Who are you? What's your origin? I don't remember any grudges with you."

"Haha, of course there is no grudge between you and me, but there is a grudge between me and you!"

Chen Feng looked at him with cold eyes, "Who are you?"

The shadow made a weird smile again: "Haha, are you dying anyway? It's okay to tell you, Dongfang Yan asked me to take your life."

"Tongfang Yan? Who is he?"

Chen Feng frowned, he didn't remember knowing such a person at all.

The shadow smiled strangely: "Well, that's fine, then I will let you be a ghost!"

"Dongfang Yan is the elder of the Alchemist Association, with a very high status. He has followed the current president for decades!"

Chen Feng frowned and said, "Then why does he want to kill me?"

The shadow suddenly laughed, full of joking: "Do you really think I will tell you the truth?"

"Haha! I'm fooling you!"

"I like to torture the enemy like this. I will tell them a little bit of clues, but I won't tell them what the cause is. Even if they are dead, they are so embarrassed that they don't know the truth at all!"

With that said, he was extremely fast, leaped forward, and again stabbed Chen Feng with a sword, which was extremely evil.

Chen Feng instinctively wanted to fight back, but at a glance he saw Hua Ruyan who was seriously injured next to him, and immediately stopped his hand.

There is no way to fight back, but to dodge.

However, the speed of the shadow is also extremely fast, and Chen Feng's Tianlong Step cannot be used in this room.

But the shadow's body method is very suitable for actual combat in such a narrow place, and it is reaching the extreme.

Chen Feng didn't avoid it at all, but was stabbed in the chest with a sword.

Chen Feng felt severe pain in his chest, and there seemed to be a strong shock in the shadow of the long sword.

A sword stabbed, directly shaking Chen Feng's internal organs with severe pain, and there were internal organ fragments in the spurting blood!

Shadow Jiejie laughed strangely: "Feng Chen, die!"

As he said, another sword stabbed.

Chen Feng still couldn't resist, and still couldn't escape. With this sword, he was stabbed in the thigh and blood flowed.

Chen Feng's speed was also greatly affected.

Then Shadow stabbed three or four swords one after another, all stabbing Chen Feng's thighs and limbs.

Obviously, he didn't want Chen Feng's life at all, but deliberately played Chen Feng!

Beside, Hua Ruyan was covered in blood, and his face was covered with tears.

She cried out of breath, looking at Chen Feng, her eyes were moved and guilty.

She knew that the son was afraid of hurting herself, so she didn't dare to resist!

She cried out with weeping: "My son, don't care about me, you will kill him soon, I would rather die by myself than you would be hurt!"

As soon as the voice fell, Chen Feng was stabbed in the left shoulder again.

[Chapter 1165: Fight back!](#)

A look of decisiveness flashed in Hua Ruyan's eyes, and suddenly he grabbed the long sword next to him and pierced it fiercely toward his chest, absolutely absolutely.

She looked at Chen Feng with a decisive expression on her face and shouted: "My son, I don't want to be your drag!"

The long sword pierced his chest, and blood shot out.

Chen Feng and the shadow yelled in panic at the same time: "No!"

The shadow stretched out his hand, and Hua Ruyan's movements suddenly stopped, and he couldn't move wherever he was stiff.

The long sword pierced an inch into the chest, but couldn't penetrate.

The shadow seemed to breathe a sigh of relief, Jie Jie laughed strangely, and said: "If I don't let you die, you can't die anyway."

"You are now controlled by me in the shadow, which is equivalent to the person being controlled by me!"

At this time, Chen Feng was already covered in blood.

Suddenly, he slammed a fist against the stone wall, smashing a big hole in the stone wall, and then grabbed Jiang Yuechun and rushed away.

The shadow also smiled coldly: "Want to run? Can you run?"

It also burst out from that big hole.

The two came to the wide courtyard. Although the place was wide, Chen Feng was stabbed with many swords in his legs, and his legs were severely painful, which seriously slowed down his speed!

In addition, he did not dare to fight back, so that he was stabbed several times by the shadow.

At this time, he was already seriously injured.

Not afraid of injury, the key is that Chen Feng felt very aggrieved at this time.

The feeling that he can beat the opponent, but he can't do anything with the mouse, makes him feel like he is about to explode.

Uncomfortable to die!

Chen Feng's eyes were blood red, staring at him fiercely!

When An Lao appeared, Chen Feng quickly asked: "An Lao, what should I do? How to deal with such an opponent?"

An Lao smiled softly and said lightly: "It's easy to deal with."

"Easy to deal with?" Chen Feng was overjoyed when he heard this.

An Lao deserves to be an existence who has lived for thousands of years. He is knowledgeable and very difficult for him, but it is an understatement for him.

An Lao glanced at the shadow, sneered, and said with disdain: "It's just the lowest level of shadow control, and it's not on the stage at all."

He asked Chen Feng: "Why is the shadow born?"

Chen Feng said: "When the light shines on the body, there is a shadow."

"So, what is the shadow most afraid of?" An Lao asked again.

Chen Feng hesitated and said, "Is it light?"

"Of course it's light!" An Lao smiled and said, "Hiding behind people, where there is no light, will become a shadow."

"As soon as the light came out, the shadow disappeared."

Chen Feng said, "But, it's dark at this time."

An Lao said: "There is something in your body that can shine, and it is a strong light."

Chen Feng had an idea and exclaimed, "The Golden Flame of the Sun?"

"Yes, it is Lieyang Jinyan!" An old smile said: "Use Lieyang Jinyan to kill him?"

He hesitated: "But, if that's the case, Ruyan's side..."

"You don't have to worry about that." An old man waved his hand disdainfully: "He just bluffed you, do you think he can really do it to death?"

"That can only be done with a very sophisticated shadow control technique. He can at most transfer part of the damage to Hua Ruyan now."

"This damage may only be one-tenth of the total damage. Besides, don't you still have a small reward?"

Chen Feng suddenly realized, and nodded, "I see."

At this moment, the shadow rushed over again.

But this time, Chen Feng didn't dodge, but greeted him with a touch of murderous intent in his eyes.

There was a playful look in Shadow's eyes: "Oh, do you know that you are not an opponent anyway, and you will definitely die anyway, so you just broke the jar?"

Chen Feng didn't say a word, just killed him close.

This shadow, regardless of the weird abilities, has a very high realm, reaching around the seven stars in the sky.

What's more, he didn't think Chen Feng dared to do anything, so he didn't put Chen Feng in his eyes.

He stabbed out with a sharp sword.

At this time, Chen Feng directly greeted him, and the shadow long sword pierced his chest directly.

But at the same time, Chen Feng also slammed his body heavily.

Shadow smiled disapprovingly: "Oh, it seems that I don't want your little lover's life!"

And the next moment, his calm tone instantly turned into a sharp and painful hiss: *novelusb.com*

"Ah, ah, what is this?"

At this time, Chen Feng's fiery sun and golden flames had already been stamped on his body.

Above the shadow, a burst of blue smoke suddenly appeared.

In the blue smoke, it seems that there are several figures imprisoned, struggling crazily.

Then Chen Feng took another palm, and Lieyang Jin Yan burned it fiercely again.

This time, a larger blue smoke appeared, and the two blue smoke gathered together and rushed outward.

In a blink of an eye, they disappeared, only a voice full of resentment: "Feng Chen, I'm never ending with you!"

"You wait, I will kill you sooner or later!"

Although the voice was sharp and vicious, it was quite weak, and he was obviously already severely injured!

Without his control, the shadow fell softly to the ground.

At this time, Chen Feng also heard the screams that Hua Ruyan deliberately lowered.

He hurried into the house and carried Hua Ruyan here.

Reconnect her with her shadow.

At this time, Hua Ruyan was also deeply injured, a little scorched, as if burned by the golden flames of the sun.

However, it is not very serious.

Chen Feng immediately stuffed Xiao Huan Dan into his mouth, holding Chen Feng full of tears like a flower, with a face full of guilt, and said with sobbing: "My son, I'm sorry, I'm dragging you down."

Chen Feng shook his head: "This is not to blame you, hurry up to take the pill first, so that you can heal your wounds."

Hua Ruyan nodded heavily!

The battle just now awakened everyone else.

Many disciples of Qian Yuanzong came out one after another.

However, they were all blasted back by Ran Yuxueyu.

Ran Yuxue knew that they couldn't help much right now. With their strength, it would be a dead end if they came out.

Even Ran Yuxue herself was watching the battle from the side. When the shadow left, she saw Chen Feng's body covered in blood and came over immediately, asking with concern: "Chen Feng, are you okay?"

Chen Feng squeezed a smile and said, "Don't worry, it's okay, it's all skin injuries, which will heal soon."

That night, Chen Feng was afraid that the shadow would be unwilling to make a comeback, so he simply let Hua Ruyan and Jiang Yuechun sleep in his room.

Of course, they are all cultivators. They say they sleep, but in fact they are sitting cross-legged and practicing quietly.

There is no such thing as a big defense against men and women.

Hua Ruyan's realm is relatively low, and after taking Xiaohuandan, his injury healed quickly.

[Chapter 1166: Aoki Wangding, broken?](#)

An hour's time is basically healed.

It was Chen Feng. In fact, the injury was really serious, especially the two blows on the chest, which had already injured the internal organs.

However, in Chen Feng's current state, swallowing the first- and second-tier healing medicines had no effect.

Only third grade or even higher healing medicines are effective.

However, even though Chen Feng was already a third-rank pharmacist, he had just entered the third-rank, and only succeeded in refining a great pill. The other third-rank pill had not been refined yet.

He can only rely on Nine Yin and Nine Yang Divine Art to heal his injuries.

The whole night passed, Chen Feng opened his eyes, looked at the bright sky outside, and sighed softly.

He coughed violently, full of blood, the wound on his chest was broken open, and blood oozes out.

Chen Feng smiled bitterly: "There is no healing medicine. I only rely on my own strength to heal the injury. The speed is too slow. Yesterday I was seriously injured, not to the point of dying."

"But even in this case, it only takes half a month of recuperation to barely recover, and there may be sequelae."

"No way, the higher the level, the harder it is to heal after being injured."

He wiped his hand on his lips, looked at the blush on his palm, and said softly, "It's time to find some third-grade healing pills. I am seriously injured at every turn and I really need this."

The shadow did not come again, and Chen Feng's heart gradually settled down.

He also thought about it clearly, the shadow should be directed at himself.

If you are here, he will come here.

If he left by himself, he wouldn't be able to come to Elixir Town again.

Therefore, there is no need to worry about Hua Ruyan's safety.

Due to Chen Feng's injury, he did not go anywhere the next day, but stayed quietly in the room.

After three full days, Chen Feng let out a sigh of relief, and his injury finally recovered by almost 50%. Next, he will take care of him.

Chen Feng walked slowly to the window and looked outside.

It was already deep winter, and heavy snow fell, and between the sky and the earth, a silvery white.

The snow hasn't stopped yet, and the north wind is whistling, blowing from the direction of Tulong Mountain, sweeping snowflakes.

At a glance, the sky and the earth are vast.

Chen Feng sighed softly and muttered to himself: "It has been several months since I came out. I originally wanted to win the heart of Honglian, but I think about it, it was too naive at the time."

"Honglian Earth Heart Fire is such a powerful profound fire, at least it needs a soul condensing master to control it slightly."

"With my strength at the time, even if I get the Red Lotus Heart Fire, I must be swallowed by it to go!"

"But under the circumstances, I got the Golden Flame of the Sun and became a third-rank pharmacist, and my cultivation level has also improved a lot. Now I can refine the Great Return Pill."

Chen Feng's eyes were deep: "I have been with them for a few days in Lingyao Town. Then, I will return to the sect quickly!"

"Senior Sister Tsing Yi needs to be cured as soon as possible, and I will also start preparing for next year's Qingzhou Nine Counties Competition!"

"If nothing happens, I will represent Ziyang Sword Field in the Zongmen Grand Competition."

He clenched his fist, "Although Ziyang Sword Field is mean to me, but He Taishang and Minglan are the first to have a great kindness to me, and I must not let them down!"

Chen Feng decided to stay for another day, refine the pill, and leave tomorrow.

Chen Feng took out the Qingmu Wangding and began to refine the Great Return Pill, and he had to finish the Great Return Pill before returning.

At the beginning, Chen Fengfeng was very calm and in excellent condition. For the first time, he successfully refined a Great Return Pill.

But then, he failed a dozen times in succession.

As a result, Chen Feng began to become impetuous, and the refining system failed ten times, but he did not succeed.

The best time was only halfway through, and it failed halfway.

Chen Feng showed a sense of impatience in his eyes, and slammed a fist to the ground.

He took a deep breath, glanced at the mustard bag, there were still ten big Huandan medicinal materials left in it.

There are still ten copies left, and he can't let him waste any more.

Chen Feng forcibly suppressed the impatient feeling in his heart, and then restarted the refining. This time it was much smoother than before, and soon reached the final stage of medicinal liquid fusion.

However, just as the liquid medicine finally merged, suddenly, with a thud, a black smoke appeared above the Qingmu King Ding.

Then, Chen Feng heard a loud bang, the Qingmu King Ding and Ding Li flew out, and the Ding body shattered directly.

The golden flames of the blazing sun in the tripod also went out directly.

Chen Feng was stunned immediately: "What is the situation?"

An Lao appeared next to him, shook his head, and said softly, "This Aoki King Ding, after all, is a little lower in level."

"When refining the first and second grade pill, it can withstand it, but now you refining this is the third grade pill, and you use a tyrannical flame like the sun golden flame."

"Aoki Wangding has been smoked for a long time and cannot bear it, which is normal."

Chen Feng smiled bitterly: "Old An, I don't even have a medicine cauldron now, and there is no way to refine a pill!"

An old man thought for a moment, and said, "I know that there are several specific clues that cherish rare and powerful medicine cauldrons, but unfortunately, your current level is too low. You can't use this kind of medicine cauldron at all. "

"Moreover, those places are too dangerous for you."

It is also unimaginable for a time.

Early the next morning, Chen Feng was about to leave, and Ran Yuxue, Chen Xiao and Gao Yan all came over and came to see Chen Feng.

Invite him to take a look at the ancient medicine field he found.

Chen Xiao smiled and said, "Brother Feng, I know you seem to have been collecting some medicinal materials. There are all kinds of rare medicinal materials in the ancient medicinal fields. You can go there to find them."

Chen Feng nodded: "That's also good."

He really looked forward to it!

Although the disciples of Qian Yuanzong concealed Chen Feng's identity very strictly, they always called him a big brother and would not directly call him by name, but Gao Yan and Chen Xiao also knew about it.

He wasn't called Feng Chen, his real name was Fengfeng, but they all had a tacit understanding of it.

The group left the spirit medicine town and entered the Tulong Mountain Range.

Going deeper for more than three hundred miles, came to a valley.

The valley is very large, and inside is a large area of abandoned medicine fields, with a radius of tens of miles.

Although it has been abandoned, Chen Feng can still see that there are many lines carved on the ground here.

Obviously, there used to be formations here, and the soil here, after holding it up, he found that the land here is extremely fertile and has a strong aura, which is absolutely different from the soil in other places.

At the same time, it gave Chen Feng a very familiar feeling.

[Chapter 1167: Fruitful](#)

It seems that I have seen this kind of soil somewhere.

Chen Fengfeng immediately remembered that in the Tongtianmen ruins, inside the flowerbed, he saw the exact same soil.

He whispered: "Sure enough, my guess is correct. The Heaven Swallowing Gate used to grow elixir here!"

At first glance, the medicine field was covered with large and small stones and weeds, but there was no elixir.

Chen Xiao smiled and said, "Naturally these elixir will not grow on the ground. If that's the case, I'm afraid they will be discovered and eaten by those spirit beasts if they are not lighted by humans."

"They are all hidden underneath and they have to dig by themselves. As for whether they are good or bad, it depends on their luck."

Chen Feng laughed and said, "This is very interesting."

And Hua Ruyan and Jiang Yuechun beside him were also eager to try, with very excited expressions on their faces.

Obviously, they are very interested in this kind of small game like treasure hunt.

Chen Feng glanced at them both, and his heart moved.

He stood in the medicinal field, his aura exuded, and the true essence inside his body swallowed and vomited outwards and began to probe.

Like a big net, shrouded in this area tens of meters.

When Chen Feng Zhenyuan explored this way, he felt a sense.

He found that within a radius of tens of meters, there are two or three points, which are extremely aura and very abnormal.

Chen Feng smiled slightly, opened his eyes, pointed at those points, and said, "Chun'er, Ruyan, you two dig down here separately. You will definitely gain something."

Jiang Yuechun and Hua Ruyan nodded very excitedly, ran there and started digging!

Sure enough, the two dug down to a depth of about ten meters, and they dug something similar to the root of a huge tree.

It was as big as a person, and the surface was very plump and plump, shimmering with the luster of white jade, and exuding a seductive fragrance.

And there are many coral-like protrusions growing on it.

Chen Feng looked at it, and suddenly exclaimed: "This is Bai Yu Cistanche, and it is still Bai Yu Cistanche that was at least a thousand years old."

"Haha, this ancient medicinal field is indeed well-deserved, and you can dig out such precious medicinal materials with a casual dig."

"If this white jade cistanche is sold in the big shops in Big Moon City or Lu'an City, it would take at least 5,000 yuan to buy one."

"And it's definitely not this big, and there is no such a year."

"The most important thing is that Baiyu Cistanche is one of the most important medicines for refining Dahuandan."

Jiang Yuechun and Hua Ruyan were also very excited, and they held the huge white jade cistanche and handed it to Chen Feng.

Chen Feng came to be interested, and immediately walked around the medicine field, and it took three full hours to complete the detection.

Then, he designated about more than three hundred points. Chen Xiao and Ran Yuxue summoned all the disciples of Qian Yuanzong and the Dragon Slaying Group, and started digging down at those points designated by Chen Feng.

Sure enough, all are quite rewarding.

Even a well-informed person like Chen Feng couldn't help but exclaim. Each of these hundreds of medicinal materials is at least a thousand years old.

The strongest one has reached three thousand years of life, and is the kind that is very cherished.

Each of the medicinal materials is extremely huge, far more than ten times more than ordinary medicinal materials of this kind, and the effect is incredible.

Chen Xiao laughed and said, "Brother Feng, sure enough, you are still great."

"If it weren't for you, we would dig this piece of ground again. It would take at least half a year. With such a depth, our true essence would never be detected."

Hundreds of medicinal materials were placed in front of him, Chen Feng scanned it, and then put the mustard bags he needed.

A smile appeared at the corner of his mouth, because there were a lot of medicinal materials in it that were needed for refining the Great Huandan.

And now the quality of the medicinal materials he got was tens of hundreds of times better than the raw materials of Dahuandan that the Zhou family collected for him.

If refining, the refining of the refining pill will definitely have better effect, and the refining power will be higher.

But what Chen Feng worries about is that with such a huge medicinal material, even if his Greenwood King Ding is not broken, he can't throw it in at all.

The medicine cauldron is too small.

Of course, Chen Feng was definitely not taking these medicinal materials for nothing. He took out a large amount of spiritual stones and yuan stones to exchange.

Anyway, Chen Feng wanted to give these spirit stones to them. Chen Xiao and Gao Yan desperately refused, but Chen Feng forced them to accept them.

Chen Feng smiled and said, "I have a lot of Yuanshi and Lingshi. Don't be stingy with the people below, just distribute them in large quantities."

Then he gave Ran Yuxue a mustard seed bag and said, "The original stone and spirit stone in it are enough for the disciples below to use for several years."

"What needs to be done now is to let them improve their cultivation level as soon as possible, as soon as they can, if there are any difficulties, lack of spiritual stones, lack of exercises and martial arts, just open your mouth to me."

Everyone is grateful.

Then everyone came to the center of the medicine field.

Here, they had dug a large hole hundreds of meters deep before, and they were digging down, and they had dug a full 100 meters deep.

Suddenly, with a bang, the head of the **** was broken into two pieces as if it hit something hard.

The member of the hunting group scratched his head in confusion and said, "What's going on? This **** is made of stainless steel mixed with black iron and is very hard."

"Even if it is steel, a **** can shovel it off, but it will be shattered?"

He squatted down in confusion, pulled the floating soil to the sides, and looked down.

Then I saw that under the soil layer was a huge blue-black rock layer, and at this time, above the blue-black rock layer, a small hole the size of a fist was broken, and the bottom was hollow.

Next to him, Chen Xiao asked Gao Yan: "Gao Yan, have you heard a buzzing sound, and it seems that the ground is shaking?"

Gao Yan listened carefully, and immediately changed his color and said, "Yes, I heard it."

A surprised look appeared on his face: "What's the matter?"

As soon as they both finished their voices, everyone felt it, and this feeling was very strong.

It can be seen to the naked eye that the earth is trembling, and the buzzing sound is getting louder and louder, and it feels like it is ringing in the ear.

Everyone looked around, but they didn't find any abnormalities. I don't know where the buzzing sound came from!

At this time, An Lao, who had been watching next to Chen Feng, suddenly changed his face and immediately shouted in surprise: "Chen Feng, tell them, get away quickly."

Chen Feng seldom heard An Lao speak in this tone, knowing that the matter was not trivial.

[Chapter 1168: Gold-eater!](#)

Without time to ask more, he immediately shouted: "Get out of the way!"

But it was too late. Just when his voice fell, the fist-sized hole suddenly seemed to be knocked inside.

It cracked with a bang and became the size of a bucket.

Then, a huge blue-black thing hits directly from the inside at an extremely fast speed.

Seeing, he was about to bump into the member of the hunting group.

At this time, if it hits hard, this member of the hunting group, I'm afraid it will be directly hit into a pool of flesh.

Fortunately, when Chen Feng reminded him, he had already rushed out.

He was extremely fast, grabbed the member of the hunting group, brushed it, and flashed dozens of meters away before stopping.

The member of the hunting group was frightened and stupefied just now. At this time, he ran away, with lingering fears and a cold sweat.

He looked at Chen Feng and said with gratitude, "Thank you, Master Feng."

Chen Feng slowly shook his head, looking solemnly at the blue-black thing that suddenly appeared.

This is a spirit beast the size of a water tank, and the aura it radiates has reached the realm of a third-rank spirit beast.

It looked like a bee magnified tens of thousands of times. The whole was blue and black, and the six wings flashed rapidly, making a buzzing sound.

Obviously, the huge buzzing sound they heard just now was caused by flapping their wings.

The hideous mouthparts, fierce fangs, and a thick blue-black armor all over his body, look extremely vicious!

Suddenly, it hissed and screamed, staring at Chen Feng, its figure flashed, as fast as lightning, and it rushed directly towards Chen Feng.

Chen Feng's heart shuddered: "This animal is so fast!"

In a blink of an eye, this blue-black giant bee had already smashed to the front, and its mouthparts suddenly changed from five inches long to two feet long, and it stabbed at Chen Feng extremely fast.

Chen Feng was caught off guard, but fortunately he was powerful, and he slammed a punch, directly hitting this mouthpart.

With a 'bang', the mouthparts were directly smashed, and the black venom inside sprayed out far.

However, Chen Feng had already escaped in time. He walked around behind the giant bee and slammed his fist on its back.

Originally, in Chen Feng's expectation, this punch could directly smash it into flesh.

Unexpectedly, the armor on this blue-black giant bee was so heavy and hard that after Chen Feng hit it with a punch, only a crack appeared on it.

Cyan liquid came out of it.

The giant bee ate pain, squeaked sharply, and once again killed Chen Feng.

Chen Feng was also mad, and smiled coldly: "I don't believe it, I can't kill you!"

With that, he grabbed its right wing, bang bang bang, and threw three punches on his back.

Finally smashed the heavy blue-black armor, and smashed it into pieces with a punch.

Cyan-black juicy and minced meat splashed around, but there was also a fist-sized, golden-yellow thing in it, exuding a seductive sweet fragrance.

Chen Feng grabbed it. It was something that was similar to amber beeswax, and it was extremely beautiful.

Chen Feng sighed softly: "This thing is really difficult to deal with."

Suddenly, the dark old man laughed at this moment: "Chen Feng, look back."

Chen Feng suddenly turned his head, his face suddenly changed.

He saw a violent trembling sound from the hole the size of a water tank.

'Boom boom boom', like a giant smashing inside, instantly opened a huge hole.

Then, the blue-black giant bee flew out continuously, and in a blink of an eye, there were thousands of blue-black giant bees flying out.

And they did not attack without authorization, but formed a huge array in the air in order.

Thousands of giant bees, thousands of huge compound eyes, did not contain the slightest emotion, but stared at him so coldly, causing Chen Feng to take a breath.

This kind of spirit beast, he can easily deal with one or two, ten and eight is no problem, but there are thousands of them, and there are too...

The dark old man laughed loudly: "Chen Feng, there is a good show to watch now."

Chen Feng gave him an angry look: "An old man, you know how to watch the fun."

Then, he turned his head and shouted sternly: "Chen Xiao, Gao Yan, Master Ran, take the disciples and leave!"

"Yes!" The three nodded quickly, and left with the members of the hunting group and disciples.

They are very determined, knowing that this is also a drag on Chen Feng and can't help anymore.

In a blink of an eye, only Chen Feng was left, facing these thousands of blue-black giant bees.

An old man looked at Chen Feng and said, "This kind of giant bee, called the golden bee, is highly poisonous."

"It's very poisonous, and it can even melt metal, and their mouthparts are extremely sharp. You must be careful."

"Even if you are bitten by your physical strength, I am afraid that the arms and legs will be bitten off!"

Chen Feng nodded and took out the broken Yue knife.

At this time, the Golden Beetle suddenly made a sharp cry, and then rushed towards Chen Feng frantically.

These gold-eaters were overwhelmingly common, and thousands of them came together to kill Chen Feng, but due to the limited space, there were only about thirty or forty gold-eaters that could reach Chen Feng.

But even this is enough for Chen Feng to mess around.

Chen Feng's Duan Yue sword slashed out frantically, and the thunder and thunder smashed the mountains and rivers, piercing out with a single knife, directly stabbing a golden bee into two pieces.

Thunder and lightning, surging crazily, beat the other two gold-eaters trembling all over, and slammed them to the ground.

Chen Feng originally thought that they would die immediately, but he did not expect that this spirit beast's vitality was extremely tenacious. After a while, he actually got up again and attacked Chen Feng again!

Chen Feng pierced the mountain and river with a furious thunder, and directly cut the other golden bee into two pieces!

Among these blue and black giant bees, Chen Feng looked invincible, one sword at a time, extremely mighty.

But in fact, only he knows the suffering.

Although the power of Fury and Cracking Mountains and Rivers is powerful, the consumption is extremely huge. Chen Feng stabs dozens of strokes one after another, and feels that the true essence is a little unhelpful and consumes a lot of money.

Chen Feng therefore planned to use other tactics instead of using anger to crack the mountains and rivers.

Another giant golden bee rushed over.

Chen Feng slashed out, with a loud bang, and directly smashed a golden bee into pieces, and his body was almost broken in half.

However, this golden bee was extremely tenacious in vitality, so it was still not dead, still tilted its body, and stabbed Chen Feng's mouthparts fiercely.

Chen Feng suddenly felt a sharp pain in the left half of his body, and then the whole half of his body became a little numb.

Chen Feng looked down, and was shocked to see that his left body had already become pitch black.

[Chapter 1169: A treasure!](#)

He was shocked: "These animal toxins are violent in front of them."

Chen Feng immediately used the nine-yin and nine-yang magic arts, frantically pushing the toxins outward.

Originally, when Chen Feng used the nine-yin and nine-yang divine art, he had to supply the true essence that was consumed during the battle. Now, half of it is used to inflict poison, and the true essence power used in the battle can't keep up.

After barely slicing out an angry thunder and cracking the mountains and rivers, his face was already pale.

But at this moment, all of the blue and black giant bees stopped moving.

They hovered in the air, all in the direction of a big hole in the ground, as if they were waiting for something.

Suddenly, there was another huge buzzing sound from the underground.

Then, the green-black huge hole exploded directly and turned into a hole with a radius of several hundred meters.

It's like an abyss.

Then, a huge golden bee, which was covered in golden yellow and was more than thirty meters long, the size of a big ship, flew out of it.

This huge gold-eating giant bee sent an extremely powerful aura!

Chen Feng looked at it and suddenly exclaimed, "What am I?"

An old man's expression was also a little solemn: "This is the king of the golden bee."

"You are not an opponent of this golden bee king. His strength has already reached the level of a ninth rank spirit beast."

"What? Ninth-Rank Spirit Beast!" Chen Feng immediately showed a wry smile and said, "I am indeed no opponent."

The Ninth-Rank Spirit Beast is already at the same level as the Soul Condensation Realm master. Although Chen Feng is now a Heavenly Sea Six-Star, there is still a certain gap between it!

The king of the golden bee, looking at Chen Feng with icy compound eyes, his body exuded an incomparable aura, pressing towards Chen Feng overwhelmingly.

Chen Feng felt a little bit out of breath.

"Sure enough, it really is the huge aura of the Ninth-Rank Spirit Beast!"

The King of Gold Devouring Bees squeaked twice, and then, those Gold Devouring Bees swarmed towards Chen Feng.

When Chen Feng saw this scene, he immediately turned around, without any hesitation, Tianlong stepped and ran away frantically, reaching the extreme speed.

Those golden bees chased after them.

However, Chen Feng found that speed seemed to be a shortcoming for them, much worse than Chen Feng's speed.

He swept away quickly and left soon!

After returning to the residence, An Lao looked at Chen Feng, smiled and said, "Chen Feng, you are lucky!"

Chen Feng pointed to the darkened left half of his body, and said with a wry smile: "Old An, this is the so-called luck, isn't it?"

An old man clicked on him, with an expression that the mud could not support the wall: "You fellow, do you know that you have opened a treasure!"

"You tell me first, how many pieces of beeswax did you take?"

Chen Feng flipped his hand, and five pieces of fist-sized beeswax appeared in his palm, and said: "These are all the golden bees I killed, and I brought them easily!"

An old man smiled and said: "The beeswax produced by the Golden Devouring Giant Bee contains a huge spiritual weapon, and it is very gentle, and anyone with a cultivation level can absorb it."

"Long-term use of that kind of beeswax has an excellent effect on improving one's cultivation. One year of cultivation can match others' cultivation for three years!"

"Furthermore, this healing effect is very good, and it can even be used as a healing pill. Your injury is not healed yet, just so you can swallow it."

"The effect is roughly equivalent to the second product's healing pill."

When Chen Feng heard this, he was overjoyed: "Oh, it turns out that this golden bee has such a good effect, does it work for me?"

An old man smiled and said: "It happens to be useful for the soul-condensing state. Although you are a six-star in the sky, it is useful for you."

Chen Feng was even more excited when he heard it.

"Moreover, the benefits don't stop there." An Lao smiled and said, "If the King of the Golden Bumblebee can grow to over two thousand years old, something called Jin Jingyuan may be formed in their bodies."

"Do you know what this kind of gold crystal source is used for?"

Chen Feng shook his head: "I don't know."

He looked at An Lao expectantly.

An Lao smiled and said: "This kind of golden crystal source, after use, can increase the refining power of the pill."

As he said, he stretched out three fingers: "Third times!"

Chen Feng was even more happy when he heard this. He has a very low success rate in refining the Great Huan Dan, and he has tried repeatedly and failed. With Jin Jingyuan, the success rate can be greatly improved!

Chen Feng said: "Then, it must be useful when refining Dahuan Dan?"

"Of course." An Lao said with a smile: "Jin Jingyuan is roughly a fourth-rank spiritual material, which corresponds to the fourth-rank metal material, and only works for the third-rank pill!"

Chen Feng smiled: "That's enough."

Next, Chen Feng took out the elixir he had obtained, and identified them one by one, and defended them in the jade box.

An old man looked at these medicinal materials and said, "It just so happens that with these medicinal materials, I can refine something for you."

Chen Feng raised his eyebrows, and asked a little surprised: "What is refined?"

An old man laughed and said, "Aren't you worrying about how to deal with the weird shadow? After I refine this thing for you, you don't have to be afraid anymore."

Chen Feng was overjoyed and quickly thanked him.

An old man smiled slightly: "Chen Feng, this is really your chance, because there are even greater benefits."

"I thought this ancient medicinal field was just an ancient medicinal field, with some medicines in it, but now it seems that it is not that simple!"

An old man smiled and said, "Because this golden bee likes to guard all kinds of treasures, especially those made of metal."

"It is said that they can absorb the powerful metal power from ancient times from the huge metal treasures that have been cast for tens of thousands of years, and strengthen themselves!"

Chen Feng was startled, he suddenly realized that he seemed to be about to discover a great secret, and his body trembled a little.

He looked at An Lao and asked softly: "What do you mean?"

An old man smiled slightly and said, "I mean, under that huge gold-eating giant bee nest, there is very likely a strange treasure that has been passed down from ancient times."

Chen Feng slapped his thigh fiercely, and laughed: "Old An, based on your words, I want to kill all the golden bees."

He found that he really found a treasure!

An Lao glanced at him diagonally, poured cold water and said, "You still think about how to improve your strength!"

"Don't say that the giant golden bee peak king shot, just the remaining golden bees, you can drink a pot."

"Your current strength is probably only able to deal with a hundred golden bees like that, and you will run away if you have more!"

[Chapter 1170: Suo Ying Dan](#)

Chen Feng originally planned to stay here for a few days and then set off to return to Ziyang Sword Field, but with the golden bee, the golden bee queen, and the thing buried in the ground, it is most likely an ancient treasure. Chen Feng had to stay here for a while.

At night, it is already late.

Chen Feng sat cross-legged, and in front of him was a plate of orange and yellow, extremely beautiful, exuding a sweet fragrance.

There is a huge aura in it.

Chen Feng looked at it for a moment, then raised his head and drank directly.

This thing is exactly the beeswax produced in the body of the golden bee.

Chen Feng drank it all in one sip, feeling very sweet, and a warm current in his belly surging downwards, finally blooming quietly in his chest and abdomen.

Then, this warm current began to flow into all parts of Chen Feng's body, and part of it separated, treating Chen Feng's injuries.

The other part is gathered in the dantian and absorbed by the huge cyclone of Nine Yin and Nine Yang Divine Art.

What surprised Chen Feng was that after this warm current was absorbed by the Nine Yin and Nine Yang Divine Art, it did not transform into true essence, but turned into orange-yellow rays of light and sprinkled into the sky.

After being spilled by it, the true essences in the sea of heaven were quickly penetrated, and then these true essences brought a gentle orange light.

The whole Tianhai became calm and calm.

This made Chen Feng a little surprised. The sky before him was always rough, and he couldn't wait to set off the waves.

But at this time, it was so peaceful, but in the calm, there was explosive power, just faint.

Chen Feng took a deep breath and began to meditate.

The next morning, when he woke up and experienced himself, he was suddenly surprised to find that his true essence cultivation was completely stabilized.

You know, Chen Feng's speed in the past was too fast, which caused the foundation to be unstable.

But now the foundation is extremely solid, and Chen Feng knows that this is the credit of the beeswax of the giant golden beeswax.

"In addition to having a solid foundation, my appreciation has also improved a lot, and now it has recovered 70%. This gold-eating giant honey wax is really well-deserved."

Chen Feng opened the door and took a deep breath of the cold air.

At this time, the mountain was still covered by heavy snow, and the Dragon Slaying Mountain Range in the distance was like a white giant beast.

An Lao appeared and smiled and said, "I will refine that kind of pill during the day today."

Chen Feng raised his brows: "Because of the daytime, can you be sure that the shadow will not come?"

An old man nodded: "Yes."

"The technique he cultivated is very restrictive and can only appear at night or in a dark place."

Chen Feng shook his head: "This technique is really strangely tight."

He looked at An Lao and said: "It's because I have you, An Lao. If you change someone, even if your strength is similar to me, I'm afraid I don't know how to deal with it."

An old man nodded: "This is indeed something like the shadow control technique. I thought it had been lost on the mainland, but I didn't expect it to be simple again."

"This kind of exercise is very fast, but the hidden danger is very big, it is magic!"

Then, An Lao began to refine the pill.

He looked at Chen Feng, smiled and said, "This kind of pill, called Suoying Pill, is a third-class pill."

"If your medicine cauldron is not broken, you can just use it to practice your hands. This kind of medicine is very rare, but the main raw materials are rare. In fact, the difficulty of refining is not extremely high."

"Originally, there was only the quality of the second-grade pill, but because it was too scarce, it was classified as the third-grade pill. It shouldn't be difficult for you to refine it!"

Chen Feng said: "I have never heard of this kind of pill."

An old man smiled and said: "Of course, if you have heard of everything I know, wouldn't I have lived for thousands of years in vain?"

The two looked at each other and both laughed.

Chen Feng had already taken offense to An Lao's self-selling and boasting behavior.

Elder An took out all the more than sixty medicinal materials that he needed, and then popped his group of profound fire, and he directly merged all the medicinal materials into his group of profound fire.

I didn't use the medicine cauldron at all, and I didn't put it into it blindly.

Those medicinal materials were all melted into liquid medicine in an instant, and then undulated in the flames.

But after a cup of tea time, An Lao refined a dark pill.

This pill looked quite terrifying, and it still exuded an unpleasant smell, but it was completely round, and it was obviously top-grade in color.

An old man refined two more and threw them to Chen Feng: "Okay, three of them should be enough. It happens to be the three of you, each of you will eat one."

Chen Feng nodded and put away the pill.

An Lao was still an understatement, but Chen Feng still looked pale when he saw him.

Obviously, with his current soul body state, even if he only refined a few third-grade pill, it was very expensive.

Chen Feng handed the pill to Jiang Yuechun and Hua Ruyan next to him. In order to prevent shadows from appearing, Chen Feng also led them to the most sunny place.

Chen Feng handed the pill to them two, and then said a few words softly. The two girls looked at Chen Feng, both pursing their lips, showing a comprehensible expression.

Late at night, the lights were still on in Chen Feng's room.

The flames burned brightly, illuminating this place as bright as day, and the roof even opened a hole early, and moonlight was shining down from above.

Chen Feng and the three were chatting in the room.

At this moment, there seemed to be a black spot on the wall outside the window quietly moving, moving to the window, and then looking inside.

Then, the light spot retreated and turned into a black shadow on the ground, extremely strange.

This black spot is exactly Su Liang.

There was a sneer in his heart: "There are lights, fires, and moonlight, but do you think it really works?"

"It's utterly stupid! The last time I came to kill you, I shouldn't have thought of teasing you. If I directly attack your vitals, I will kill you in a moment!"

"This time I learned the lesson from last time and I will definitely be able to kill you."

The fire flickered, and suddenly a piece of pine banged and made a soft noise.

And the flame trembling violently.

With this shaking, the shadows of the three Chen Feng also fluctuated slightly because of the changes in light.

At this moment, Jiang Yuechun's shadow naturally fluctuated a bit, and it seemed to be no different from the fluctuations of Chen Feng and Hua Ruyan's shadows.

Only at this time, Jiang Yuechun quietly blinked her left eye at Chen Feng.

Chen Feng understood, he sighed lightly, smiled and said: "Okay, it's not too early, let's start practicing!"

"The **** shadow, I don't know when it will come. I can't do anything with him. I have to let you two practice hard, improve your strength, and maybe be able to resist him a little bit."
