

PEERLESS MARTIAL SOUL

Chapter 12: Steal the elixir!

The closer you got to the snake cave, the more intense the smelly and disgusting smell. Chen Feng almost fainted. He settled down, ran the Bedoro leaf golden scriptures, and his brain was clear and clear, and then he resisted.

He quickly ran into the snake hole. The snake hole was long and slanted all the way down. He ran forward quickly, ran for tea time, and walked a full mile before seeing the end of the snake hole. .

At the end of the Snake Cave, it turned out to be a water pool. The water pool was five feet deep without bottom. The water inside was extremely thick, and it was all black, pitch black as ink, and exuding a fishy smell, but in the fishy smell, there was something hidden. The unceasingly cold fragrance. The source of the fragrance comes from the plant in the center of the pool.

This is a bluegrass.

The pool water is as black as ink, while the blue grass is as white and clean as jade. It looks extremely noble and elegant. The blue grass is one foot high. After such a distance, Chen Feng can feel the abundant spiritual power contained in it. Spread fluctuations out.

This is definitely an extremely rare high-quality medicinal material!

Chen Feng knows what these ponds are! This is clearly the venomous saliva of the black blood snake! I don't know how many years can I accumulate to such a full pool, the most noble and pure spiritual things can be bred from the poison!

Chen Feng didn't have time to think about it. As soon as he reached out, he took the white magnolia flower in his hand, took out a jade box from his arms to install it, and then turned and ran!

The snake hole is too deep, he has spent too much time here, once he is blocked by the black blood snake, he will definitely die and be buried!

Chen Feng seemed to be able to feel the ground trembling. He knew that it was not an illusion, but that the black blood snake was hurried back. There is a feeling between this monster and the spiritual creature. At this time the white magnolia flower was picked by Chen Feng, it should have felt it.

After running wildly, Chen Feng ran all his Qi, extremely fast.

Finally, he rushed out of the cave, saw the sun, and then quickly dived into the dense forest.

But at this moment, the black blood snake had already emerged from the dense forest. He saw this little human who broke into his territory, and felt the waves of the familiar white magnolia flower coming from his chest. He suddenly let out an angry cry. With a sharp roar, he rushed crazy at Chen Feng.

Chen Feng ran away. He felt a gust of wind coming from the spur, and dodged quickly, but it was too late.

He was stunned by the black blood snake's giant bucket-like tail.

Chen Feng let out a scream, blood running wildly in his mouth, like a golf ball that was drawn, flying out at a very fast speed, and then hitting the ground heavily.

Chen Feng only felt that all the bones in his body were broken, and the pain was so great that he could not even move a finger.

This snake's tail slam has at least ten thousand catties!

terror! What a terrifying power! With Chen Feng's current strength, he couldn't resist it at all!

Fortunately, he reached the acquired fourth level, otherwise he would be killed by a single blow!

He can only endure three blows like this! After being hit by the snake tail, even his meridians were somewhat broken.

The whole body was in severe pain, and it was so painful that he couldn't lift it up with any strength, but Chen Feng insisted on getting up and running forward, vomiting blood while running.

With an idea, he ran the Bedoro leaf golden sutra, and the real air flowed, he actually felt a warmth in his body, and the broken meridians began to repair. Chen Feng was overjoyed, speeded up, and ran away desperately.

The black blood snake was chasing wildly behind, and the tree was constantly being broken by its huge body.

But it is too big, always blocked by trees and rocks, and its belly is bulging, it looks like it has just swallowed a large prey, which also affects its speed, plus the previous tail shot Chen Feng out very much. Far, making it very difficult to chase Chen Feng now!

One person, one animal, one chasing and one fleeing. I don't know how long it lasted. Finally, Chen Feng felt the loud noise disappeared from behind. From a distance, he heard an extremely angry roar.

To be on the safe side, Chen Feng ran a long way forward before stopping. He was lying directly on the ground, gasping for breath. He felt sore and tired to the extreme, and his mouth was dry and dry. From his lips to his mouth to his internal organs, he seemed to be chapped and bleeding.

He felt like he was going to die.

He had never suffered such a serious injury, he had never been so tired, but he touched the jade box in his arms, with a bright smile on his mouth.

I got this white magnolia, worth it, worth it!

He wished he could just sleep over.

But he still struggled to sit up, quickly found a hidden stone cave, moved a big rock over, blocked the entrance, and then sat cross-legged in the cave.

The meridians are almost broken, the body's true qi is exhausted, the physical strength is exhausted, and the body has tolerated to a limit. This is a good opportunity for cultivation. Cultivation and breakthroughs in this situation will get twice the result with half the effort.

He carefully opened the jade box, took out the white magnolia carefully, held it in his hand, and took a deep breath. Taking a sip of the rich aura of the white magnolia flower, he felt that his body seemed to be much better.
