

## Peerless 1271

### [Chapter 1271: Teaching Wang Wei](#)

Soon, Chen Feng and the others saw their favorite task.

Task name: Find the four students from the Mad Fighting Academy who were lost on the fourth floor of the Tulong Mountain Range!

The specific description of the task: A month ago, four students from the Crazy Battle Academy entered the fourth round of the Dragon Slaying Mountains, looking for the blood-marked purple swallow bird's nest. They never went back and heard nothing!

Their mentor is not in the Mad Fighting Academy, so the best friend with their mentor is to issue this task.

Task reward: 100,000 yuan stone.

Requirement for the completion of the mission: if it is alive, bring back the person, if it is dead, bring back the corpse or token!

After seeing this mission, Leng Xi's eyes lit up, looking at Chen Feng, and said: "This mission is to enter the Dragon Slaying Mountain Range."

"There are many spirit beasts in the Dragon Slaying Mountain Range. We should be able to fight against many spirit beasts, gain experience, and consolidate our realm."

"Moreover, this kind of task of finding clues is generally less dangerous, but it is suitable for us to go."

The other three also nodded, but Chen Feng nodded without exception.

As a result, everyone took the task.

There is no more to say below the task, just to let them contact Wang Wei tutor.

Mentor Wang Wei will naturally tell them everything they want.

After about an hour, Chen Feng and others arrived at the agreed place.

Here is an open space in the Kuangzhan Academy.

Above the open space, there are many huge spirit beasts, and in the sky, there are flying spirit beasts flapping their wings and stopping here from time to time.

As soon as Chen Feng and others arrived, they saw a huge purple giant eagle with a wingspan of more than 100 meters, whizzing down on the ground.

The wings were flapping rapidly, stirring up countless dust on the ground!

After the purple giant eagle landed, seven or eight people jumped from it.

Seeing this scene, Tang Ziyang made a fuss again: "Chen Feng, look at it, there are people sitting on these spirit beasts!"

Leng Xi covered her face and looked ashamed of knowing her, and whispered to Tang Ziyang: "After we go back, look at the briefing that the academy sent us."

"This place is the Spirit Beast Selection Factory. It is specially designed for our college people to take the spirit beast to leave the college. If it is to take the flying spirit beast back to the college, they must also land here."

He pointed to the row of tall and spacious houses in the distance, and said, "Have you seen it? There are at least dozens of spirit beasts inside."

"If you don't have your own spirit beast, you can still rent it here, but the rent is very expensive."

Tang Ziyang asked: "How expensive is it?"

Ye Yun said quietly next to him: "Ten thousand yuan a day!"

Tang Ziyang was so scared that she stuck her tongue out: "It's so expensive, who can afford it?"

Then, she flew into a rage and yelled, "This is a money grab! Ten thousand spiritual stones are enough for us to repair for several days!"

She has such a charming appearance as a child, so cute, Chen Feng = can't help rubbing her head, smiling and saying: "In this world, there are so many rich people!"

Chen Feng didn't think there was anything in this slightly intimate action, and he did it naturally.

He didn't notice that when he touched Tang Ziyang's head, the shyness flashed across Tang Ziyang's face.

Her face blushed slightly, which didn't break free.

Liu Mang saw this scene beside him, a bitterness flashed in his eyes, and he lowered his head!

Suddenly, there was a sound of footsteps in front of everyone, and then they saw a woman approaching here.

This woman is about thirty or forty years old, with a mature charm on her face, wearing a cyan gown, which outlines her figure perfectly.

She walked up to the crowd and asked tentatively: "Leng Xi, Chen Feng?"

Seeing the two nodded, she smiled slightly and said, "I am Wang Wei!"

"You are the teacher of Wang Wei Wang? Have seen the teacher!" Everyone hurriedly saluted respectfully.

There was a look of surprise in their eyes.

It turned out that the Kuangzhan Academy was divided into upper, middle and lower houses. The lower house was dressed in white robes, the middle house was dressed in green robes, and the upper house was dressed in purple robes.

And the more you go up, the stronger the strength of teaching.

They all thought that Wang Wei was at most a teacher in the lower house, but they didn't expect it to be from the middle house.

You know, the number of teachers in the middle courtyard of the Crazy Battle Academy is only thirty or forty people.

It is said that each one has the peak strength of the Soul Condensation Realm, which is quite powerful!

The kind of stuff that Chen Feng and others encountered at the entrance of the Kuangzhan Academy can't be compared with it at all!

Although Wang Wei is a teacher, she has a kind attitude without any pretensions.

After chatting with everyone, she whistled, and then a huge skylark flew over.

The huge skylark has a wingspan of more than 20 meters, and the whole body shows a green color, and the body surface is filled with aura, and the body is huge.

This turned out to be a sixth-grade spirit beast!

Wang Wei jumped on the skylark first, then smiled and said, "Come on! It's not convenient to talk here."

Everyone jumped on the skylark, which was very spacious, more than enough to accommodate them.

Then, the skylark flapped its wings and began to fly into the air.

Soon, he had come to the height of thousands of meters, and when he looked down, Chen Feng felt dizzy.

The skylark flew away quickly, and soon the house below became the size of a finger.

Kuangzhan Academy was soon left behind.

Skylark flew all the way to the northeast, and soon changed from a wide plain to a rolling mountain range.

Tang Ziyang seemed a little nervous, reaching out and clutching Chen Feng's hand tightly, her palms still a little sweaty.

Chen Feng glanced at her and saw that she was breathing quickly and her face turned pale. He smiled slightly and said, "Why, afraid?"

Tang Ziyang couldn't control her fear at all, but she raised her chin stiffly and said, "Who is afraid? I am not afraid!"

Chen Feng laughed and rubbed his head again!

He felt that Tang Yanran like this was really cute.

After a while, Tang Ziyang seemed to be less nervous.

He looked around, as if he was very curious about the huge blue skylark under everyone, and he pressed his hand \*\*\*\* the skylark twice.

Chen Feng smiled and said, "What are you blindly touching?"

Tang Ziyang said: "I want to touch, is this a real spirit beast?"

Then everyone heard, Skylark let out a low growl of slight anger.

Tang Ziyang was startled immediately, and quickly retracted her hand, trying to pretend that she was innocent and did nothing.

But everyone looked at her, and Tang Ziyang could no longer pretend soon.

She hurriedly changed the subject, and said with some surprise: "Master Teacher, this is really a spirit beast? I thought it was your Martial Spirit!"

#### [Chapter 1272: trap](#)

Wang Wei smiled slightly and said, "I am the sixth level cultivation base of the Soul Condensation Realm, and only half of my spirit is condensed into an entity."

"Moreover, my martial arts spirit is not a big one. There is a place for people to sit on it, but now it cannot hold so many people."

"Furthermore, Wuhun is not the same as spirit beasts. Wuhun flies and exhausts energy easily."

"And if it is forced to be activated, it will have a very bad effect on Wuhun!"

Soon, the cyan skylark had reached the Dragon Mountain Range. After reaching the third level, the cyan skylark hovered twice in the air, and then landed on a cliff.

After the skylark fell, Wang Wei looked at everyone and said solemnly: "Everyone, this time you go to perform the task, and I will go with you."

When everyone heard this, they were all a little surprised.

Wang Wei said: "I know you must be very strange in your heart. After all, this task, logically speaking, you can just go, why should I go with it?"

She whispered: "After I finish speaking these next words, if you regret it, I can send you back to the academy."

When everyone heard it, they were shocked.

Wang Wei said: "That's it. Actually, it's not just my nephews who disappeared in the Tulong Mountain Range."

"Even my senior brother, their mentor, disappeared half a month ago in order to find them."

"What?" After listening, everyone was shocked.

You know, the missing of a student and the missing of a tutor are completely different concepts.

The students in the Mad Fighting Academy have high and low strengths, and it is normal to disappear, while the instructors in the Mad Fighting Academy are not weak in strength.

Especially this person is Wang Wei's senior.

Chen Feng immediately raised his brows and asked, "Dare to ask Mentor Wang Wei, how strong is your senior?"

Wang Wei glanced at Chen Feng approvingly, and said, "You asked the most important point."

"My brother, the strength is higher than me, and he has reached the sixth peak of soul condensing!"

"Sixth peak of soul condensing?" Leng Xi and the others all took a breath.

People of such strength will disappear. It can be seen that the danger of this mission is definitely not low.

Wang Wei looked at them and said, "That's why I said, if you want to go back after listening, I will send you back."

She suddenly took two steps back, bowed and said, "I'm sorry, I did deceive you just now."

Several people hurriedly said that they dare not.

Wang Wei's move made their impression of Wang Wei even better!

Wang Wei looked at them with a hint of hope in her eyes.

But Leng Xi's four all looked at Chen Feng and asked, "Chen Feng, what do you think we should do?"

Before they knew it, they already regarded Chen Feng as their backbone.

Chen Feng smiled slightly, looked at Wang Wei and said, "Tutor Wang Wei, you should be able to perceive their general location, right?"

"If we can't even perceive it, the Dragon Slaying Mountain Range is so big, we are like looking for a needle in a haystack, we can't find it at all."

When Wang Wei heard this, she was immediately overjoyed and asked, "You mean, did you agree?"

Chen Feng smiled and nodded: "I promised, we will follow you." *novelUsb.cOm*

"This task, since we are next, naturally there is no reason to shrink."

Wang Wei said, "It's great, thank you so much!"

"Don't worry. The main reason for bringing you here is to expand the scope of the search. Once you encounter danger, I will naturally take action. I will definitely not let you fall into danger."

Chen Feng smiled slightly and said nothing.

In Wang Wei's eyes, the five of them are very weak.

Then the group of people got on the blue skylark again and flew towards the fourth floor.

Soon, he reached the fourth floor of the Tulong Mountain Range.

Wang Wei said to everyone: "The range of their disappearance should be within three hundred miles. I will let the blue skylark fly over the three hundred miles."

"And here I have a treasure."

With that, she took out a blue jade pendant from her arms and said, "I have a blue jade pendant here, and my brother also has one. As long as the distance between the two is within ten miles, this jade pendant will glow slightly!"

Everyone nodded, and then Wang Wei controlled the blue skylark, circled and slowly descended, and came to a position about two to three hundred meters above the ground.

The cyan skylark began to fly at a speed that was not too fast.

Soon, the whole afternoon passed, but everyone found nothing.

It was already sunset.

The Dragon Slaying Mountain Range at night is extremely dangerous.

Wang Wei sighed and said with some disappointment: "Let's go, let's go back first, and come back tomorrow."

Everyone nodded and was about to talk. Suddenly at this moment, Wang Wei cheered in surprise.

It turned out that the jade pendant in her hand gave out a misty blue light.

Everyone immediately became excited, Wang Wei controlled the blue skylark, hovering down in the air, and soon landed on the ground.

This is a small grassland outside a dense forest.

Wang Wei took the jade pendant and turned around, then pointed to the dense forest in front of him and said, "This is it!"

"My brother must be inside!"

Everyone walked towards the dense forest.

Wang Wei walked in the forefront, looked at the crowd, and whispered: "You must be careful. If you encounter danger, don't force it, I will deal with it for you!"

In the dense forest, it is extremely dim, and from time to time one can hear the roar of insects and beasts.

After walking a few hundred meters inside, suddenly, Tang Ziyang next to him pointed to one of them and screamed: "Chen Feng, look!"

Chen Feng immediately looked there, and then his eyes suddenly became cold.

After other people looked at it, there was a hint of anger in their eyes.

It turned out that there was a rope hanging from the branch next to it, and a dead body was tied to the rope at this time.

The chest of this corpse was completely torn apart, and it looked like it was torn open by some wild beast directly with its claws.

The heart inside is gone!

Wang Wei stepped forward and looked at it, her face became extremely angry, and she whispered: "This is my nephew!"

"Who did it on earth? It's nothing more than murder, but you still want to get your heart out?"

She said coldly: "If I find them, I will kill them!"

Chen Feng was beside, thoughtful.

Then everyone continued to move forward.

After walking two or three hundred meters, I ran into a dead body again.

This dead body was a woman, naked and messy. It was obvious what kind of humiliation she had suffered before she died.

Her face was solidified with extreme shame and fear, as well as deep pain.

And her heart was also directly dug out by something.

The anger on everyone's faces became more concentrated, and a sharp murderous intent flashed in Chen Feng's eyes.

After walking hundreds of meters, there is another corpse!

Seeing this, Chen Feng said slowly: "I think we might have fallen into a trap."

"What? Trap?" Wang Wei said in surprise: "You said this is a trap?"

"That's right." Chen Feng said slowly: "If I expected it well, if we walk a few hundred meters forward, we will definitely encounter a corpse."

"The enemy is very likely to get your senior brother's jade pendant, and then use this jade pendant to draw us over!"

### [Chapter 1273: Green wolf!](#)

As soon as Chen Feng's voice fell, there was a loud laugh in the dense forest, and then there was a burst of applause.

A person walked out of the dense forest, looked at them, smiled and said: "Boy, you are so smart, you have seen through my trap!"

When everyone looked at it, they saw that this man was a young man in his twenties, who was quite handsome in appearance, but in his appearance, there was a wretched look!

At this moment, his eyes were not blinking, staring at Wang Wei firmly, with extreme desire in his eyes.

With that look, he felt like he wanted to swallow Wang Wei in half!

This person's face was pale, his feet were vain, and he was overwhelmed and weak.

But the person next to him exudes an extremely powerful aura.

This person is extremely tall, four or five meters tall, and in his hands, he is holding a person.

This is a handsome middle-aged man who is about forty years old. At this time, his eyes are tightly closed, his breathing is disordered, and he is unconscious.

All on him is blood!

Young Master Junxiu stretched out his hand and laughed, "Wang Wei, are you looking for this?"

She opened her palm, and saw a piece of jade pendant in the palm of her hand, which was exactly the same as the jade pendant in Wang Wei's hand.

Wang Wei stared at him and shouted coldly: "Ye Jinxiu, it turned out to be you? It turned out to be you?"

"You killed my senior nephew, did you capture my senior brother?"

"Yes!" Ye Jinxiu said triumphantly: "I did it!"

Wang Wei stared at him and cried out silently: "Why? Why are you doing this? Are you not afraid of the revenge of my mad war college?"

Seeing this, the two actually knew each other before.

Ye Jinxiu's face suddenly became serious, and he shouted: "Why? Because I want you! Because I want to put you in bed!"

"What?" After hearing these words, Wang Wei's face flushed, her face showing extreme shame and anger.

He stared at Ye Jinxiu, and said in disbelief: "So you turned out to be for this purpose?"

"How about it?" Ye Jinxiu laughed and said, "Although I am a child of the Qingzhou family, you are also a transcendence, and you are the mentor of the Crazy Battle Academy."

"If I don't use this method, can I lead you out?"

"If I use normal means, I won't be able to get yours in this life!"

He looked at Wang Wei with an extremely greedy color in his eyes. He hey smiled and said, "Wang Wei, you don't know how attractive you are to me!"

"I like a woman your age, mature and charming, and you are undoubtedly a top quality!"

"In my house, there are thirty or forty women of your age, but they can't compare to a finger of you!"

He took a deep breath and looked drunk: "Wang Wei, you don't know how attractive you are!"

He suddenly made an extremely wretched action and said: "I'm so excited when I think I can get you in a while!"

Wang Wei screamed: "Ye Jinxiu, you are looking for death!"

As he said, the long sword in his hand was unsheathed, and a sword stabbed at Ye Jinxiu.

Ye Jinxiu was not her strength at all, but she didn't panic, just sneered at Wang Wei.

But the giant man beside Ye Jinxiu stepped forward, directly blocking Wang Wei, and then slammed out with a punch.

His fist collided with Wang Wei's long sword, making a loud noise.

Wang Wei actually retreated a few steps without taking advantage of it. [Overlord.us](http://www.Overlord.us)

This giant man, instead, stood still, motionless.

He grinned suddenly and said grimly, "Want to kill him? Kill me first!"

Say a sharp roar: "Kill!"

Pounced directly!

Wang Wei bit her silver teeth and tried her best to fight with it.

Her strength has been exerted to the extreme, and the power of the six levels of Soul Condensation Realm is extremely powerful.

The long sword stabbed, the trees collapsed, and a deep gully appeared on the ground from time to time.

However, the strength of this giant man actually seemed to be a bit stronger than him.

Wang Wei couldn't take any advantage at all. Suddenly, Wang Wei bit her tongue, spurted out a mouthful of blood, and screamed: "Three Swords of Death!"

She pierced wildly with a sword, the power soared several times compared to the previous one, and directly pierced the giant man's palm, leaving a huge wound over two meters long on his chest.

It almost broke him!

With a wow, after landing, Wang Wei spit out a mouthful of blood.

However, the giant was also seriously injured by him.

After the giant was injured, he was in great pain and suddenly shouted: "Do you think you alone have the trick? I haven't used my true strength at all!"

As he said, he thumped his chest with both fists and roared wildly.

And the next moment, a huge change occurred in his body, and his head suddenly became a wolf head.

And his hands directly turned into huge furry claws!

At this time, he can no longer be called a human, a pair of cold pupils staring at Wang Wei and others.

Wang Wei was shocked and screamed: "The Crazy Beast Gate! How dare you collude with the people at the Crazy Beast Gate?"

Ye Jinxiu laughed: "What about collusion!"

"Tell you, in order to get you, I dare to collude with anyone!"

As he said, he pointed at Wang Wei and laughed loudly: "Green Wolf, abolish his cultivation base! Abolish his limbs!"

"Being my woman, what's the use of having such a strong strength? As long as she can please me in bed!"

The man named Green Wolf let out a low roar in his throat, and then rushed towards Wang Wei again.

His offensive is totally unstructured, it looks like a beast's instinct, swaying wildly.

However, its claws are extremely sharp, his speed is extremely fast, and his physical strength is extremely powerful!

This time. After the two fought together, Wang Wei was firmly suppressed by him!

After a while, Wang Weiwei was already injured in multiple places. With a bang, she was hit by a huge wolf claw, and she was all shot out.

On his body, there were five extremely deep and extremely long wounds drawn by wolf claws.

The green wolf was extremely proud and roared to the sky!

Then, he actually killed directly towards Chen Feng and others.

Wang Wei's face changed drastically, and he exclaimed: "Your opponent is me! Don't deal with them!"

She gritted her teeth and rushed in the air again.

This time, her offensive was even more fierce, and it was a totally reckless play, desperately urging her true essence.

Chen Feng exclaimed: "Master teacher, if you do this, your life will be lost!"

Wang Wei gritted her teeth, turned her head, looked at them, and said loudly, "I entangle this beast, you guys go quickly."

"This time I can't help you, and put you in such a dangerous situation!"

Chen Feng and others stood still and did not move.

#### [Chapter 1274: Ye family fourth!](#)

Wang Wei was anxious and shouted: "Go! You guys go quickly!"

Ye Jinxiu sneered, "I'm here now, still want to leave? It's just a dream!"

As he said, he laughed loudly: "Uncle Si, I can also trouble you to take a shot and leave these little boys behind!"

In the dense forest, a person walked out slowly, this person was more than forty years old and looks thin.

Behind him is a long sword.

He looked indifferent, looking at Chen Feng and others, his eyes were full of overlooking.

Obviously, Chen Feng and the others were not in sight at all!

He looked at Chen Feng and the others, and said lightly: "Splendid, this kind of person also lets me take action. Isn't it too big and underwhelming?"

Ye Jinxiu smiled and said, "Sixth Uncle, you also know that I really can't do my cultivation. It's hard to keep them!"

The man he called the Fourth Uncle took a look at him and said coldly: "The old man has been too accustomed to you since he was a child, and he is not as accustomed to you as your younger brother!"

"Ye Tian, your brother, is four or five years younger than you, but he is already very strong! Although not very powerful, he is much stronger than you!"

A look of shame flashed in Ye Jinxiu's eyes, but he did not dare to attack.

His fourth uncle is strong and has a strange temper.

If it annoys him, I'm afraid it will teach him directly.

"Four uncle? Do you call him Fourth Uncle?" Wang Wei seemed to have thought of something, and suddenly looked at the middle-aged man and exclaimed, "You are the fourth of the Ye family, Ye Donglai?"

The middle-aged man smiled slightly and said, "Yes, I am Ye Donglai."

A look of despair appeared in Wang Wei's eyes, looking at Chen Feng and the others, her eyes were full of sadness. Repeatedly said:

"Sorry, I hurt you, today we are afraid we will die here!"

Chen Feng smiled and asked, "Is Ye Donglai very powerful?"

Wang Wei said sadly, "Ye Donglai, one of the masters of the Ye Family, is already in the early stage of the seventh stage of Soul Condensation!"

"Even in my heyday, I can't be his opponent, let alone now."

"You know, he is a realm higher than me!"

Ye Donglai looked at Chen Feng and the others, his eyes were indifferent and said: "You three juniors, let's judge yourself!"

"As for this girl, my nephew probably likes you a lot, so you stay and don't die."

"As long as my nephew is served comfortably, not only will he save his life, but the rest of his life will be more prosperous and wealthy."

But Chen Feng suddenly asked at this moment: "You call Ye Donglai, then Ye Tian, who are you?"

"Ye Tian?" Ye Donglai raised his brows and said, "Do you still know Ye Tian? He just entered the Crazy Battle Academy this year!"

Chen Feng laughed: "No wonder, no wonder."

Ye Donglai looked at him and asked in astonishment: "No wonder what?"

"No wonder Ye Tian's dog thing is so virtuous, it turns out that your family is like this!"

After hearing Chen Feng's words, Ye Donglai's expression instantly turned gloomy.

He looked at Chen Feng and said coldly: "Boy, you could have been arbitrarily arrogant, and I can make you die happy, but you dare to slander my Ye family, I will never spare you!"

"I want to torture you well, let you see the methods of my Ye Family, and then let you die!"

Wang Wei also showed annoyance on her face, and said, "Chen Feng, why do you have to be so quick? To provoke him, you are asking for trouble!"

"Chen Feng?" Ye Donglai frowned when he heard the name, looked at Chen Feng and said, "Your name is Chen Feng?"

Chen Feng nodded slightly: "Yes, it's me."

Ye Donglai's face became darker and colder: "Before, Ye Tian's nephew told the family that he was bullied by a man named Chen Feng when he had just entered the Crazy Battle Academy. It seems it is you!"

Chen Feng laughed: "Yes, it's me."

"That dog, Ye Tian, was so frightened in front of me that he kept kowtow and I spared his life!"

Ye Donglai looked at him and said coldly, "You untouchable, dare to bully Ye Tian, I will vent my anger for him today!"

"Don't worry, even if you kneel in front of me and kowtow, I won't forgive you!"

Chen Feng smiled slightly: "Before I taught Ye Tian, Ye Tian said the same."

"What? You untouchable, what are you talking about?" Ye Donglai showed an expression of disbelief on his face after listening.

He looked at Chen Feng and said, "Do you know what kind of master I am? Do you know what level I am? How dare you speak to me like this?"

"I'm the Seventh Condensed Soul! And you? You are just a little cub with the Condensed Soul Three Layers!"

"I am four levels higher than you, it is easy to kill you!"

Chen Feng smiled slightly and said, "I know! But what?"

"Well, untouchable! You are so bold!"

Chen Feng laughed loudly: "Yes, I am a pariah, but I am a pariah, upright and upright. I don't know how many times more noble than you bastards!"

Ye Donglai didn't say a word, but just smiled coldly, and the long sword in his hand was unsheathed sharply and stabbed at Chen Feng fiercely.

The long sword in his hand is icy blue, shining with cold light.

A sword stabbed, and the temperature in the air seemed to drop dozens of degrees.

The air directly condensed into countless ice clouds, and this sword pierced out, enveloping the strength of the seven-level master of the soul condensing state.

This huge and extremely powerful momentum pressed Leng Xi and others directly on the ground, unable to move at all.

All of them shed blood.

This sword had made them so miserable before it attacked them!

This is the strength of the Seventh-layer Ning Soul Master!

They looked at Chen Feng with worry, Chen Feng faced this sword, and the pressure was greater than them.

And Wang Wei over there sighed softly in her heart: "It's over, Chen Feng, it's over, it is absolutely impossible for him to stop this sword!"

At the moment when everyone looked down on Chen Feng, he suddenly let out a fierce roar, raised the Dragon Slayer knife high, and slashed towards Ye Donglai frantically!

With a loud bang, the Dragon Sword and Ye Donglai's long sword collided.

Chen Feng thumped back four or five steps in succession, and Ye Donglai, too, was shocked so that his arm was numb, and he took a step backwards.

There was a touch of shock on his face, looking at Chen Feng, he said in amazement: "You, can you actually block my sword? I am four levels higher than you!"

Chen Feng laughed: "What's impossible?"

Ye Donglai suddenly looked at the Dragon Slaying Sword in Chen Feng's hand with extremely greedy eyes, and said loudly, "It must be the credit of this sword!"

"This knife is absolutely incomparably powerful. It is a treasure, even better than the long sword in my hand!"

[Chapter 1275: Jinquan surges!](#)

"Boy." He looked at Chen Feng and said coldly: "After you die, this knife will belong to me!"

Chen Feng sneered: "Then you have to kill me first!"

"Arrogant and ignorant pariah, do you really think I can't kill you?" Ye Donglai pierced again with a sword.

Chen Feng slaying the dragon knife cut out again.

Seeing that the two were about to collide, suddenly, at this moment, Ye Donglai's figure turned, and his whole person disappeared directly.

His long sword was extremely tricky, stabbing Chen Feng from the side.

Chen Feng had no time to resist, and was directly pierced into the left rib by this sword, directly piercing Chen Feng's left rib!

With a muffled hum, blood flowed from the corner of his mouth, blood spurted out from the wound, and Chen Feng's clothes were dyed red!

Ye Donglai laughed, "Have you seen it? This is my strength!"

Then, Ye Donglai was like a butterfly wearing flowers, his figure was very graceful, his swordsmanship was extremely tricky and weird, and his speed was extremely fast.

Obviously, after Chen Feng swung each sword, his power was not much weaker than his swordsmanship, but Chen Feng's swordsmanship was far weaker than his swordsmanship, and was not as sophisticated as others.

Chen Feng just stayed at this stage of wielding a dragon knife and smashing it.

Soon, Chen Feng was stabbed by Ye Donglai more than a dozen swords.

In the end, Ye Donglai simply lost his left hand behind him, holding only the sword in his right hand.

Suddenly in and out of body shape, it is completely playing with Chen Feng.

However, Chen Feng tried his best but couldn't beat him at all.

At this moment, Chen Feng suddenly realized: "My knife skills are really bad, there is no systematic knife skills at all!"

"At this time, just relying on instinct to use the Dragon Slaying Knife, it is completely incomparable with his power, and the power is almost the same, but the level of sophistication is much worse!"

At this time, Chen Feng felt a deep sense of powerlessness!

The long sword stabbed Chen Feng again.

But this time, Ye Donglai's eyes flashed with cold light! With a bang, the sword gas exploded in his body, directly exploding a sea-bowl-sized wound on the left side of his body, even exposing the internal organs.

Blood flowed!

This immediately caused Chen Feng to be seriously injured and fell to the ground!

Even though the internal organs had been injured, Chen Feng still gritted his teeth and stood up.

Although his body was trembling, he still raised the Dragon Slaying Knife high and slashed at Ye Donglai frantically!

Ye Donglai let out a sneer, and again used an extremely delicate sword move.

A sword stabbed Chen Feng in the lower abdomen.

This sword almost pierced Chen Feng's dantian.

Sword Qi rushed into Chen Feng's body frantically, and Chen Feng wowed out, and he staggered and fell to the ground heavily.

He felt that his true essence was being lost, his power was passing away, and all vitality seemed to be passing away.

At this time, the weight of the Dragon Slaying Sword was completely on Chen Feng's body, once again suppressing Chen Feng's true essence.

Chen Feng's dantian, Zhenyuan Ocean, was almost locked up.

Ye Donglai looked at Chen Feng and laughed loudly: "Untouchable, see what else you can do!"

"It's just a brute force and a good knife. You are a waste in front of me! You can easily be killed by me!"

He walked up to Chen Feng, stomped on Chen Feng's face, and ran back and forth, humiliating Chen Feng.

At this time, it seemed that Chen Feng had fallen into a coma, and even lost his head!

Seeing this scene, Leng Xi and others shouted in distress: "Chen Feng!"

Tang Yanran was already in tears.

At this time, in Chen Feng's Ocean of True Essence, Tu Longdao emitted this black mist, suppressing the Ocean of True Essence firmly.

But at this moment, the golden spring water was also compressed to the extreme.

Suddenly, there was a loud bang!

The golden spring water that had been pressed to the bottom of the sea exploded!

It actually went from three or four feet high to just over one foot high, which has soared more than three times!

It gushed out directly from Chen Feng's Ocean of True Essence, and it spewed out, looking like a fountain, opening up the channel between the seabed and the surface of Chen Feng's Ocean of True Essence!

And with the surging of this golden spring, in the seabed, an incomparable aura directly penetrates the inside and outside.

The darkness in Chen Feng's dantian was swept away, and the Dragon Sword could no longer suppress it.

Slaying Dragon's sword collapsed, and he was directly projected out dozens of meters, flying far into the sky.

And a warm current poured directly into Chen Feng's body.

Chen Feng's Ocean of True Essence, that golden color, has increased several times in intensity.

It has changed from the invisible gold to a faint gold!

The true essence, which has been dyed golden, has improved its quality by two or three times!

Chen Feng felt that his power was surging crazily, his true essence quality was crazily improved, and he felt full of power inside and outside his body.

The whole person is almost like an explosion!

Although the realm has not improved, Chen Feng's strength has tripled due to the improved quality of the true essence!

Chen Feng suddenly opened his eyes: "I have soared in strength now, but it is a pity that my injuries are too serious and I can only deliver a blow with all my strength!"

At this time, the Dragon Slaying Sword flew up tens of meters, and Ye Donglai jumped high, trying to grab the Slaying Dragon Sword.

At this time, Chen Feng's eyes flashed sharply.

He suddenly screamed, his figure jumped up, and he fisted at Ye Donglai madly.

Chen Feng's realm has not changed at this time, but his strength has tripled.

After he hit the punch. In that golden spring water, aura gushed out.

On Chen Feng's fist, the true essence gushed out crazily. It was directly in front of Chen Feng's fist, condensing a true essence spear that was more than 20 meters long and the thickness of a human body.

When Leng Xi and others saw this scene, they all exclaimed in disbelief.

"True Yuan Fang Fang! It turned out to be True Yuan Fang Fang!"

"It's incredible that Chen Feng can do this!"

"You need to know that only the masters of the soul condensing state level 6 or above can do it! A soul condensing state level 6 or above can be called a high level soul condensing state!"

"And the release of True Essence is a symbol of the high-level power of the soul condensing state. The release of True Essence will form various forms to attack the enemy."

"At this time, Chen Feng has already done it!"

At this time, Ye Donglai was completely caught off guard.

He was still grabbing the Dragon Slayer Blade, and Chen Feng's True Essence Spear had already hit his legs severely.

With a touch, the Zhenyuan spear exploded directly.

Ye Donglai let out a scream, his legs were directly blown to pieces, and he fell to the ground heavily. The wounds were full of flesh and blood.

He screamed terribly.

At this time, Chen Feng leaped up into the air, already catching the Dragon Slaying Sword.

Before, Chen Feng could only use the Dragon Slaying Knife five or six times, which would exhaust his energy.

[Chapter 1276: dead!](#)

But at this time, Chen Feng felt that the Dragon Slaying Knife was in his hand, like an ordinary weapon, very light.

A smile appeared at the corner of Chen Feng's mouth.

He knew that he could easily control the Dragon Slaying Sword.

Then, Chen Feng jumped down in the air, raised the Dragon Slaying Knife high, and shouted violently, "Ye Donglai, die!"

The Dragon Saber crashed down!

The power of this knife is even more powerful than any one cut by Chen Feng before!

More than three times stronger!

The momentum was overwhelming, and he slashed towards Ye Donglai frantically.

Ye Donglai felt this momentum, a look of despair appeared in his eyes, and he let out a sharp roar:

"Ah, how could I die in the hands of you untouchable? Impossible!"

He stabbed his long sword frantically and tried his best to resist.

If his legs are sound, he can completely resist Chen Feng with subtle moves.

But at this time, he can only fight hard.

The Dragon Sword and the blue long sword in his hand smashed into each other frantically.

With a click, the long sword in his hand was directly shattered into countless pieces, unable to withstand the Dragon Slayer.

Then the Dragon Sword slashed on his body frantically.

With a loud bang, his body was directly cut into two pieces, each flying out for hundreds of meters.

The Dragon Sword smashed heavily on the ground, smashing the ground into a large pit with a radius of tens of meters!

After flying into the air, the two sections of his body suddenly exploded with a bang, exploding into countless pieces.

The huge power of the Dragon Slaying Knife smashed it to pieces!

After Chen Feng used this trick, he also fell heavily on the ground, holding the Dragon Slaying Knife in his hand, panting heavily.

Suddenly, he coughed violently, vomiting blood crazily, and his wounds were bleeding three or four times faster than before. Blood was sprayed almost wildly.

Although Chen Feng scored in strength, his injury did not get any better. Because of this cut, his injury became more serious.

Chen Feng became extremely weak, and he didn't even have the strength to stand up.

Originally, because of the power of the knife just now, the Blue Wolf, who wanted to run away in a panic, now let out a low growl from his throat proudly.

He launched attacks one after another.

Bang Bang Bang, his claws hit Wang Wei four or five times in succession, directly beating Wang Wei severely, and fell to the ground, unable to climb up for a while.

Green Wolf looked at Chen Feng with a greedy look in his eyes, and laughed: "Human, your techniques are very powerful! Your weapons are also very powerful!"

"Take you back and present it to our sect master, I will definitely be able to receive the reward of the sect master!"

With that, come to Chen Feng!

Ye Jinxiu was completely frightened by the scene just now. Ye Donglai had the upper hand, but he didn't expect to be suddenly beheaded by this young man named Chen Feng.

He was so scared that he almost urinated his pants. He was almost running away just now, hiding next to him shivering.

At this time, he became arrogant again, and shouted: "Blue wolf, kill this little boy!"

He didn't care about his fourth uncle's death at all, but was extremely excited. He looked at Wang Wei with greedy eyes, rushed forward, and laughed loudly: "Wang Wei, you are finally mine!"

Put Wang Wei directly in his arms, and touch her with both hands.

And at this time, suddenly, a shadow shrouded him severely.

Ye Jinxiu looked up instinctively, and then he saw a shadow growing bigger and bigger in his sight.

Before he could react, he banged and was directly smashed into a pool of flesh.

Chen Feng took a long sigh and retracted the Dragon Slaying Knife. He shook his figure twice, but he tried his best to grasp the Dragon Slaying Knife tightly and stared at the Blue Wolf with cold eyes!

It turned out that it was him just now, who directly killed Ye Jinxiu with a single blow.

At this moment, he also stood in front of Green Wolf.

Green Wolf looked at Chen Feng with a hint of hesitation in his eyes.

He didn't know how much strength Chen Feng had left, so he didn't dare to act rashly.

Without looking back, Chen Feng shouted loudly: "Leng Xi, take them away quickly!"

Leng Xi is also a very decisive person. Without hesitation, he immediately picked up Wang Wei and asked Ye Yun to pick up the unconscious man, and said loudly: "Go!"

Tang Yanran looked at Chen Feng, howled and screamed, "I won't go, I won't go! I will die with Chen Feng!"

A bleak color flashed in Liu Mang's eyes, and suddenly a hand knife hit the back of her head, knocking her out.

Then, he looked at Chen Feng, slowly nodded, directly put Tang Yanran behind his back, and the group quickly left.

Chen Feng took a long sigh of relief until they left.

He sighed out, and he felt that the power from his body seemed to be passing away.

Chen Feng immediately gritted his teeth, slaying the dragon knife, and slashed madly towards the green wolf, with a powerful force.

Green Wolf was startled, and quickly backed away.

And he immediately discovered that Chen Feng's move was a false move.

After cutting out the knife, he directly grabbed the Dragon Slaying Sword and ran away frantically.

Green Wolf felt that he was being teased, and shouted: "Where are you going? I must kill you today!"

Chase one by one and escape.

Chen Feng was already at the end of the crossbow, and with the Dragon Slaying Sword, he couldn't run fast at all, and the Blue Wolf soon caught up with him!

At this time, in front of Chen Feng, there was a cliff of ten thousand feet.

Here, there is already a Jedi, with Chen Feng's current physical condition, if he falls down, he will definitely die.

With a loud roar, the green wolf blasted both palms at Chen Feng.

He expected that Chen Feng would definitely resist, but he did not expect that Chen Feng would not be defensive at all, letting him slap his palms on his chest fiercely, and was directly shot and flew out towards the bottom of the cliff.

The green wolf was shocked, and roared: "You are looking for death! Why don't you resist?"

Chen Feng laughed loudly: "I would rather die than fall into the hands of monsters like you, who are neither human nor ghost, hahahaha..."

Chen Feng was awakened by pain.

He opened his eyes and felt a lot of pain coming from all over his body, nowhere was painless. It seemed that the whole body was cut into countless parts, and it was hot everywhere.

Chen Feng moved a little, and then a sharper pain came.

He couldn't help groaning.

An Lao appeared next to him, looked at Chen Feng, sternly, and said in dissatisfaction: "Chen Feng, what did you promise me before and turned yourself into this way again?"

"I'm telling you, you are now suffering from seven serious injuries, two of which are fatal, and more than 30 minor injuries."

"Such a serious injury like you, it would be nice to be able to fully recover before the duel with Linghujian, still want to break through?"

Chen Feng smiled bitterly and said, "Old An, I know I am stupid to do this, but there are some things I have to do!"

#### [Chapter 1277: Sphinx eagle beast!](#)

An Lao glared at him, shook his head and sighed, and said nothing.

It took Chen Feng for a long time before he struggled to sit up. With such a simple movement, he coughed up blood violently.

Sitting cross-legged, Chen Feng began to try to stimulate his dantian to move his true essence.

But he found it was useless at all, there was dead silence in the dantian, and the ocean of true essence was without waves or waves, like a piece of iron cast alive to death!

Even the golden spring eyes disappeared together.

Chen Feng coughed heavily, and a wry smile appeared at the corner of his mouth: "Dantian doesn't know when he can recover!"

He took out a few big Dans from the mustard bag and put them in his mouth. They were refined by Chen Feng before, and now only these few are left.

In the entrance of Dahuan Dantun, it turned into a warm current and poured into Chen Feng's body.

But Chen Feng was already in the Triple Soul Condensation Realm now, and the Great Return Pill had no effect on him.

This warm current only cured some of Chen Feng's very easy injuries.

Other than that, it has no effect!

He looked around, it should be a clearing in a dense forest.

At this time, it was already pitch black, and when I looked up, I could see the stars in the distance through the gaps in the leaves, bright and bright.

A gust of night breeze came, with some spring cold material, wrapped in a trace of the fragrance of spring flowers.

Chen Feng was taken aback and whispered to himself: "When summer comes, I will be nineteen years old!"

Chen Feng whispered to himself: "This should be the bottom of the valley, I don't know why, I didn't die!"

Then, Chen Feng knew why he was not dead.

It turned out that he saw that beside him, there was a huge bird carcass lying sideways.

This bird looks quite weird, with a lion-like body and an eagle-like head, but it has two pairs of huge wings that are tens of meters long.

At this time, the bird had been smashed into a mass of flesh, completely dead.

A smile appeared at the corner of Chen Feng's mouth, and he looked at him and said, "Excuse me, brother Feiqi who doesn't know his name."

"It seems that when I fell, I hit you and killed you. On the contrary, I survived. I'm really sorry!"

As he was talking, his ears moved suddenly and his brows raised.

Because he heard a violent hum of air, like the kind of sound caused by crazy flapping of wings, and there was definitely more than one!

Then, Chen Feng's pupils shrank in an instant, and he was shocked to see a huge lion-body eagle-headed bird leaping towards him.

Aggressively, it was obviously directed at himself.

And behind him, there are seventy or eighty huge birds like this.

The first one is the largest, with a wingspan of more than fifty meters!

Seeing this scene, Chen Feng's heart jumped, he could feel the tyrannical aura from these lion-headed eagle-beaked birds and monsters.

It turned out that these spirit beasts turned out to be 9th-rank spirit beasts!

Ninth Grade Spirit Beast!

Any Ninth-Rank spirit beast, even if it was not injured during his heyday, was not very easy to deal with.

And at this time, there are so many dozens of Ninth-Rank Spirit Beasts!

Chen Feng knew that he was definitely not an opponent!

He knew that as long as he dared to show a hint of resistance, he was afraid that he would be torn to pieces by these lion-body eagle-headed beasts!

The lion-body eagle-headed bird monster at the front, like a bomber, swooped over at Chen Feng fiercely.

And just 100 meters away from Chen Feng, suddenly a huge mouth, a huge thunder and lightning beam with the thickness of a bucket and a length of more than 30 meters appeared in the mouth.

After this thunder pillar appeared, the entire dark space seemed to be illuminated.

There are countless electric currents lingering beside the lightning beam, making a scoffing sound, showing a blue and white color, and he is extremely blasted at Chen Feng!

At this moment, Chen Feng was in ecstasy and couldn't help but want to laugh.

If he does not dare to resist, he will be killed if he resists, and if he does not resist, it will be a death.

It just so happened that the lion-body eagle-headed bird demon beast actually chose such an attack method.

A voice in Chen Feng's heart roared: "Thunder and lightning? What am I afraid of thunder and lightning? You have the ability to make this lightning stronger!"

"No matter how powerful it is, I am not afraid!"

Chen Feng pretended to be dying, without dodge or avoid, with a loud boom, the thunder column banged heavily on Chen Feng.

Countless thunder and lightning poured into Chen Feng's body, but at this time, the lightning dragon in the ocean of Chen Feng's true essence brushed, a jitter.

Then, these lightning surges crazily into the Ocean of True Essence, into the Thunder Lightning Dragon.

The Lei Guanglong dragon has soared in size, and it has become more than fifty meters long, and the water tank is generally thick and thin.

And the scales that had only one outline on the surface of its body, at this time, more than half of them appeared directly, and the lines of each scale were very clear.

Lei Guanglong, let out a happy roar, wandered wildly in Chen Feng's ocean of true essence.

And when he came this way, the ocean of True Essence that had also stirred up suddenly came to life.

The golden spring on the seabed, brushed, reappeared, and shot out directly, surging above the surface of the ocean of true essence.

The ocean of true essence gradually awakened.

Chen Feng's dantian also gradually regained consciousness, and the nine-yin and nine-yang magic powers automatically operated, and a warm current surged out and began to repair Chen Feng's body.

Chen Feng was overjoyed!

But at this time, he dared not show anything.

On the contrary, at this time, the surface of Chen Feng's body was scorched black, his hair stood up, and even the skin on the surface of his body was cracked.

The meat inside turned black.

It turned out that Chen Feng's Thunder Lightning Dragon only absorbed two-thirds of the power of this thunder pillar.

The remaining third slammed firmly on the ground under Chen Feng and him.

Chen Feng did this deliberately, just to pretend that he has been blasted into a piece of coke.

And even one-third of the thunder pillar's power directly blasted the ground beneath Chen Feng into a crater with a diameter of tens of meters.

The land on the edge of Dakeng was even directly crystallized by the high temperature!

Chen Feng condensed his breath at this time and moved the Hong Kong dollar in his body, and his whole person was burnt, as if he was dead, with no breath at all.

Those, lion-body eagle-headed birds and monsters, also thought Chen Feng was dead.

The one at the front, with a cheer, swept down, and his paw caught Chen Feng!

An old voice whispered quietly in Chen Feng's ear:

"Chen Feng, this kind of spirit beast is called the lion-body giant eagle beast! It is a nine-level spirit beast! You are really unlucky."

Chen Feng twitched the corner of his mouth lightly, showing a wry smile: "What else can I do? I can only take one step and see one step."

#### [Chapter 1278: Great formation!](#)

"But looking like this, they probably won't kill me immediately."

The dark old man laughed: "I don't kill you right away, and throw you into the nest as a food reserve. The reason why they don't kill you now is because they like to eat burnt food."

Chen Feng's expression suddenly changed, and he was really ill-fated.

This bunch of great lion eagles are flying in the air.

They fly extremely fast, and with one flap of their wings, they can fly tens of hundreds of meters forward, and their power is extremely huge.

They were flying above the woods. Suddenly, Chen Feng saw a rhinoceros-like spirit beast with a length of several tens of meters below. The momentum was also quite huge, it was a seventh-grade spirit beast.

Chen Feng noticed this rhinoceros beast.

But the rhinoceros-like spirit beasts raised their heads, and when they saw them, they immediately showed an expression of extreme horror and fled forward frantically.

These giant eagles uttered a burst of cheering and rushed forward frantically.

The speed of the rhino could not be compared with them, and it was caught up immediately.

Then, the lion-body giant eagle beast holding Chen Feng swooped down, and another thick lightning shot out.

With a bang, the rhinoceros spirit beast was directly electrified into a ball of coke, and it fell to the ground hard.

The giant lion eagle swooped down and grabbed the rhinoceros.

Then, the team continued to fly forward.

Soon, Chen Feng figured out that this team of giant lion eagle beasts should have come out for food.

When they see the powerful, especially the huge spirit beasts, they will swoop down, kill them, and then grab them in their claws.

Soon, dozens of lion-body giant eagle beasts, each of which caught the monster beast in their two huge claws, and they returned with a load.

So, under the leadership of the lion-body giant eagle beast, he turned around and flew out quickly!

They flew towards the depths of the Tulong Mountain Range, and soon, Chen Feng felt that he had broken through an air barrier.

The aura around it became even more intense, and it turned out to have entered the fifth layer of the Dragon Slaying Mountain Range.

Then, moving forward, he broke through another air barrier and entered the sixth level of the Dragon Slaying Mountain Range.

At this time, an extremely tall mountain appeared in front of them.

The shape of the entire mountain is like a huge eagle sitting on the ground.

The huge mouth of the eagle is an extremely huge cave. It is a black hole, and I don't know how deep it is.

The destination of these great lion eagles is this \*\*\*\* hole!

But at this moment, An Lao sighed softly in Chen Feng's ear, with an uncontrollable shock in his voice.

Chen Feng asked softly: "An old man, what's wrong?"

An old man exclaimed: "Don't talk, let me take a closer look."

After a long while, An Lao revealed a touch of disbelief in his eyes, looked at Chen Feng and said, "Chen Feng, do you know what I saw just now?"

Chen Feng asked softly, "What?"

An Lao said in an astonishing tone: "I saw a formation, a big formation!"

"What? Great formation?" Chen Feng said in shock: "Someone can't make a formation in the depths of the Dragon Slaying Mountain Range?"

"Yes, not only has a formation laid out, but also an extremely large and shocking formation."

"You may not know that I was at the highest point just now, looking at the surrounding terrain for hundreds of miles, and I was shocked to find that some people used the natural terrain here to reach a radius of more than 500 miles with extremely subtle methods. Great formation!"

Chen Feng took a deep breath: "A big formation with a radius of more than 500 miles?"

For Chen Feng now, this is almost an incomprehensible thing.

How much strength is needed to deploy such a huge formation? What kind of power would it have?

An old man said softly: "This formation with a radius of more than 500 miles should be a gathering spirit formation."

"Spirit gathering formation?" Chen Feng said, "Are you gathering all the surrounding spirits here?"

"Yes." An old man said: "This formation is too huge, so the power is also extremely powerful."

"It can gather the spiritual energy of thousands of miles in a radius here, forcibly creating a spiritual vein."

Chen Feng exclaimed: "An Lao, do you mean that in the center of this formation, the intensity of the spiritual energy is not weaker than the profound level spiritual veins?"

An old Zheng nodded and said, "That's right."

He whispered to himself: "No wonder, I said, the Great Eagle Beast clan has always been a small group, but there are so many here all at once."

"I want to come, because they occupy the very center of this spirit gathering array."*nOVELus&.com*

He pointed to the tall mountain in front of him and said, "This mountain is the eye of the entire Spirit Gathering Formation, and it is the place where the aura is strongest!"

Chen Feng suddenly asked, "Old An, you said, is this formation set by humans or spirit beasts?"

An old man was taken aback, and said: "It must be something that people didn't say. Even if it is arranged by spirit beasts, it is impossible to be the lion-body giant eagle beasts in front of them. They are obviously latecomers."

"The person who arranged the formation has left or died, and is occupied by them!"

Chen Feng's eyes suddenly became excited, and said, "Old An, who can set up such a huge formation, he must be very strong!"

"Of course!" An Lao nodded.

His strength has at least broken through the Soul Condensation Realm, reaching the cultivation base of a Martial Sovereign Realm powerhouse.

Chen Feng smiled and said excitedly: "Then, do you think he will leave any treasures here?"

An Lao glared at him and said, "You kid, you think about these things all the time, but..."

He showed a pensive expression and said, "It might be true, maybe it is true."

Chen Feng was full of expectations!

At this moment, these lion-body giant eagle beasts are already circling, rushing towards the \*\*\*\* hole.

They have come near the mountain peak.

Entering here, Chen Feng immediately felt that the aura here was extremely rich, far exceeding the surrounding area dozens of times.

The speed of his nine-yin and nine-yang magical powers has been accelerated, and the injuries in his body are recovering two or three times faster than just now!

Sure enough, Chen Feng's spirit was shocked: "Sure enough, it is a great gathering of spirits! It has already had such an effect before entering the mountain. If you enter the mountain, how powerful will the effect be in the eyes of the gathering of spirits? "

The dark tunnel is full of fist-sized night pearls, illuminating the place transparently.

As for Chen Feng, he also saw a series of clear lines on the ground, which can definitely be portrayed by humans.

These lines are complicated and delicate, with a light green light circulating in them, and at first glance, there is a bright green color on the tunnel floor.

[Chapter 1279: Good eye, useful!](#)

Chen Feng knew that these flowing green rays were rich spiritual energy!

The lion-body giant eagle beast, holding Chen Feng and constantly marching into the lair, Chen Feng did not have the slightest fear, but was very excited.

A voice in his heart yelled: "Ancient ruins, I'm here."

Soon, they came to the end.

Here is an extremely huge hall.

At the top of the hall, at the top of the peak, a huge hole with a diameter of more than one thousand meters was opened.

Moonlight came through it, perhaps because of the hole, the hall in the belly of the mountain was covered with a thick layer of soil on the ground, with trees and flowers on it.

There is even a brook gurgling.

This is clearly a small valley!

At the peak of the cave is a huge rock protruding from the rock wall.

At this time, a huge lion-body giant eagle beast, holding the stone firmly with its claws, was standing on it!

There is an extremely tyrannical aura on him, full of domineering.

This lion body giant eagle beast has a wingspan of more than 150 meters.

Moreover, Chen Feng noticed that the wings of the other lion giant eagle beasts are silver, but its wings are pure gold!

Then, the golden-winged lion-body giant eagle beast looked over here, extremely sharp, as if to see through Chen Feng.

Chen Feng shivered instantly, and his whole body shuddered.

He put away all his breath, even breathing, even the slightest fluctuation of the true essence stopped.

Just for fear, he caught a little bit.

Because Chen Feng could feel that the strength of this golden-winged lion-body giant eagle is powerful and incomparable.

Even in Chen Feng's perception, he had already surpassed the spirit beast and became a profound beast!

Fortunately, the golden-winged lion-body giant eagle beast did not care to follow his gaze at all, and did not scan Chen Feng at all.

Just glanced at it roughly, and then slowly nodded.

When he glanced at this, the silver-winged lion-body giant eagle beasts that went out hunting were all hovering in the air.

At this moment, after he nodded, they dared to continue flying forward. They came to a corner of the valley and then let go of their paws.

Bang Bang Bang Bang, Chen Feng, and other spirit beasts that were caught, fell to the ground together.

Chen Feng's injury had not healed, so he hit the ground heavily, and then he hit a spirit beast with a bang.

Chen Feng grinned with pain, his eyes turned black and he almost fainted.

He felt that all the bones on his body were broken, but Chen Feng forcibly held it back without making any sound.

One of the benefits of being thrown down at the earliest was that soon Chen Feng was covered with dozens of hundreds of spirit beasts.

These spirit beasts piled up like a small hill, pressing Chen Feng at the bottom.

Chen Feng breathed a sigh of relief. In this case, it would not be easy to be discovered!

Suddenly there was a long and long chanting sound from outside, and then an old and vigorous voice sounded: "I'm here to eat."

Chen Feng immediately guessed that this must be the golden-winged lion-body giant eagle beast.

And with this sound, Chen Feng heard the sound of extremely dense flapping wings.

There was a sound outside, and I don't know how many lion-body giant eagle beasts flew out of the cave on the mountain wall.

Chen Feng heard the sound of tearing and chewing.

Obviously, they were eating, and Chen Feng curled up there, motionless.

I don't know how long it took. There was no movement outside, and it became extremely quiet. And through the gaps between the corpses of these monsters, Chen Feng could not even feel any light, obviously it was late at night.

At this time, Chen Feng dared to gasp.

He felt a terrible pain all over his body, especially in his lungs.

An old man appeared and said, "You kid, luck is really good."

Chen Feng suddenly brightened his eyes and asked, "An old man, what do you mean?"

An Lao smiled and pointed to the ground below, and said: "The land in this cave should have been stone, and there will even be some precious metals on it, engraved with many lines of formation!"

"These lion-body giant eagle beasts are, after all, beasts, no matter how clever they are, they are also beasts. They don't know how to protect them at all, so that thick soil is piled on the ground of this cave."

"But they don't know that after being covered with mud, it will greatly affect the role of the magic circle to gather the aura, so that the aura in the cave should not be as good as one-tenth of the peak period."

"According to my previous investigation, the place with the strongest aura is here!"

With that, he pointed to the ground under Chen Feng's feet.

Chen Feng was surprised: "What do you mean?"

"Yes, this place should be the location of the five-hundred-mile circle!" An old man smiled.

"Otherwise, I said your little guy is lucky?"

"A magic circle must have a heavy treasure at its eye position to suppress the magic circle, and for such a huge magic circle, its eye position is absolutely tyrannical!"

He categorically said: "If you dig down from here, you can definitely see the strange treasure!"

Chen Feng laughed: "An old man, with your words, I am relieved."

With that, he began to dig down silently.

Fortunately, the soil here is quite soft, and Chen Feng didn't spend much time digging down to a depth of seven or eight meters.

He didn't use any tools, just scratched the soil with both hands.

Suddenly, when Chen Feng put his hands down again, he felt that his hand did not touch the soft ground, but a hard stone.

Chen Feng was overjoyed.

After a cup of tea time, Chen Feng cleared the bottom of the big pit out of a ground with a radius of two or three meters.

On the stone ground here, as the old man said, it was inlaid with various precious metals.

Above the metal, the lines and veins of the magic circle are carved.

Right in front of Chen Feng, it was a huge gem with a diameter of one meter.

This gem, the whole body is green, with an extremely powerful aura from it, and its aura is extremely rich.

In the center of the gem, there is a palm print similar to a human palm.

Chen Feng was stunned: "What is this? Is this the treasure that An Lao said?"

As soon as this gem appeared, a green beam of light with a diameter of one meter was instantly revealed, straight into the sky.

Chen Feng suddenly felt tight and secretly said: "It's broken."

Sure enough, the next moment, Chen Feng heard a huge and incomparable chirp, which made his ears hum and almost fainted.

Then the next moment, I felt a strong wind hit.

The corpses of the monster beasts above Chen Feng's head were directly scraped away.

[Chapter 1280: Golden bones!](#)

Then, Chen Feng saw that the huge golden-winged lion-body giant eagle beast was hanging in the air, staring at him.

An old man shouted anxiously: "Chen Feng, hurry up! Put your hands up quickly!"

Chen Feng was too late to think.

Because at this time, the golden-winged lion-body giant eagle beast has madly rushed toward Chen Feng, and the gust of wind that has set off its wings almost blows Chen Feng away.

Chen Feng knew that as long as he was hit by him, he would definitely be beaten into a pool of flesh.

He let out a loud roar, and lunged forward quickly, pressing his hands heavily on his palm prints.

At the moment when Chen Feng pressed his hand on it, the green gemstone was radiant.

This beam of light pierced the cave directly into the sky in an instant.

I can see clearly for hundreds of miles around.

Then, where Chen Feng stood, he suddenly slashed and directly cracked a gap about one meter in diameter.

Chen Feng directly fell heavily.

The moment Chen Feng fell, the gap was closed tightly again.

The golden-winged lion-body giant eagle slammed into it.

However, it only hit the solid stone ground.

He let out an incomparably angry roar, and realized that a great opportunity was taken away by this hateful human!

Chen Feng felt that he had fallen into the abyss and his body dropped rapidly.

This passage is like leading to the Jiuyou Hell, with no end in sight.

Chen Feng dropped for a full half an hour before feeling the water rushing from below.

Then the next moment, with a bang, he plunged directly into the water.

It took a long time for Chen Feng to float out of the water, panting heavily!

Then, when Chen Feng looked up, he was shocked.

It turned out that at this time, his location was a huge underground cave.

The lower part of the cave is all water, and the top is a dome, covered with countless green lines.

The aura flowing in these green lines turned out to be as strong as substance.

The aura is so strong that it almost turns into a spiritual liquid.

These spiritual liquids all poured in one direction. Chen Feng looked there and saw that there seemed to be a stone platform there, and something was placed there on the stone platform.

Chen Feng hurriedly swam over there, and soon he set foot on the ground.

The stone platform is thousands of meters high, and the underground cave is huge, and Chen Feng climbs up with difficulty.

Finally, he came to the stone platform and saw the scene before him, so shocked to speak!

This underground cave has a radius of tens of miles.

And this stone platform is the commanding height, standing here is like looking down on this kingdom.

On the stone platform, there is a huge Kowloon seat, and on the Kowloon seat, there is a person sitting slantingly.

It's just that this person's clothes have rotted, his muscles have also rotted, and only bones remain.

Its bones are actually a piece of gold!

Those green lines finally gathered on the top of his head, and the thick spiritual liquid poured down like a waterfall from the top of his head.

However, at this time he was completely unable to absorb it.

The spiritual fluid passed through his body and then dissipated!

An Lao sighed quietly next to him, and said softly: "This existence is at least a martial monarch realm powerhouse."

"Even, he has already reached the peak of Martial Sovereign Realm!"

Chen Feng asked, "Why do you say that?"

An Lao came to the bone, pointed to the inside of the bone, and said, "Look."

Chen Feng looked there, and saw that there were countless scars on the inside of his golden bone, as if he had been cut by countless sharp blades.

An old man said: "There is only one explanation for his injuries, that is, the inner alchemy burst and died."

"I infer that this person should be setting up a large array here, stimulating the surrounding spirits and infusing it into his body."

"His purpose is to break the inner alchemy and step into the realm of King Wu, and his ambition is not small."

"In the process of shattering the inner alchemy and stepping into the realm of King Wu, the more majestic the aura absorbed, the higher the starting point and the higher the quality at the beginning of the realm."

"But good fortune makes people, the spiritual liquid it absorbed is too high in quality and too large in quantity, so the inner alchemy actually exploded directly."

"Only when the inner alchemy explodes, this is a huge damage from the inside out!"

Chen Feng looked at this corpse, suddenly gave a soft hey, and walked to the side.

He saw that on the golden seat, a few large and oblique characters were engraved: "Not reconciled, I, no, willing..."

The last stroke of the word "Gan" was not finished, but it stopped abruptly.

The phalanx of his right index finger stayed there.

Above these words, Chen Feng felt a deep resentment and resentment!

Chen Feng could appreciate his feelings.

When Chen Feng was unable to cultivate, the resentment in his heart was even stronger than this! The resentment seems to rise to the sky!

Chen Feng felt an agitation in his heart. He suddenly took two steps back, knelt down heavily, knocked his head a few times, and muttered:

"This senior, I don't know where you are from, or even what your name is, but you deserve my respect!"

When Chen Feng raised his head, suddenly, the stone slab that Chen Feng's forehead touched suddenly sank.

Then, a stone platform slowly rose, and a ring was placed on the stone platform.

This ring is extremely simple and dark, but it is full of wildness and viciousness.

Just like a black fierce beast that chooses people to eat, its murderous intent is coming to the sky!

Chen Feng was taken aback, but it was just a ring, with such a momentum? This ring is absolutely extraordinary!

An Lao said next to him: "Chen Feng, this is really your chance, this turned out to be a storage ring."

Chen Feng raised his brows: "Storage ring? The same as a mustard bag?"

"The same, but different." An Lao said: "Like a mustard bag, it stores things, but the space inside the storage ring is much larger than the mustard bag."

"And the storage ring has a more important feature, that is, all storage rings are to recognize the master by dripping blood."

"Once you recognize the Lord, others want to open it again, unless that person is far stronger than you and opens it forcibly."

"But even if it is forcibly opened, it is extremely likely to damage the contents of the ring!"

Before Chen Feng had time to speak, suddenly the black storage ring flew directly and automatically slipped onto Chen Feng's fingers.

Then Chen Feng felt a tingling pain in his left hand and blood pouring out, directly turning the black ring red.

The black ring suddenly shined, and a small golden dragon appeared on it, circling the ring!
