

## Peerless 1391

### [Chapter 1391: Very attractive](#)

"Lord Dragon God Hou is jealous and hateful. He has long been unable to understand this phenomenon, so he decided that one month later, all the alternate Dragon Guards will form a small team to go to the Dragon Slaying Mountains and strangle. These bandits!"

When everyone heard it, they were immediately excited, with green lights in their eyes and cheers.

They are already bored in this valley of life and death where birds don't shit.

At this time, I heard that I could go outside, and everyone was very happy.

"Don't be too happy too early!" The Golden Dragon Guard said loudly, "These thieves are not weak in strength, and there will even be some martial arts masters in them."

"Be careful, don't think you are going to kill people, maybe you will be killed by them instead."

These substitute Dragon God Guards were all disapproving.

They are all talented, young and strong, so they all feel that they have a chance to win.

After seeing this scene, Jin Longwei didn't say anything anymore, just shook his head slowly.

Then, he shouted: "This time, Dragon God Hou will also test you. This time, you will be ranked according to the killing point."

"Every time you kill a Nine-layered Bandit with Soul Concentration, it is counted as one killing point. Killing a Martial King realm and one-layer enemy is five killing points."

"Kill a second-tier powerhouse in the Martial Realm, and get ten killing points, and the third-tier of the Martial King is 20 killing points, and so on."

"Finally, the team with the most kills is eligible to be summoned by the Dragon God!"

"What? Was summoned by Dragon God Hou?" Hearing the words Dragon God Hou, everyone present immediately became heavy breathing.

For them, Dragon God Hou, that only exists in the legend, is an extremely powerful existence.

"Yes!" The Jin Longwei laughed.

He was obviously very satisfied with everyone's reaction to what he said. He threw a blockbuster again, looked at everyone, and said loudly:

"Not only can he be received by the Dragon God Hou, but he is also eligible to enter the most mysterious place in the Dragon God Mansion, the Battle Dragon Pavilion."

"In it, you can get any martial arts from the second to the fourth rank. As for which martial skill you can get, it depends on your luck."

"Because this is a lucky compass, and those who are lucky can even think of the fourth-grade martial arts."

Hearing these words, everyone was blown up even more, and a huge clamor suddenly broke out at the scene.

"God, it's a prefecture-level fourth-grade martial skill, far more than the martial skill we are currently practicing. If I can get one, my strength will definitely increase by more than ten times!" Someone said with full expectation.

On the side, there was also a relentless blow: "Hahahaha, don't be foolish, how can you get the first place in the team with your strength?"

Even the top ten masters showed excitement on their faces, clenching their teeth one by one, and determined that they must get the first place.

In the entire valley of life and death, most people did not practice the earth-level exercises, and only the top ten masters and the other top 30 had cultivated the earth-level exercises.

And the top ten masters, each has one or two ground-level exercises, but their highest ground-level exercises are only the second-level ground-level exercises.

Now, they can get at least the second-rank, the highest, and even the fourth-rank martial arts. How can they be unmoved?

Chen Feng made up his mind and whispered to himself: "This number one must be mine!"

The Golden Dragon Guard was even more happy when he saw the crowd like this. He once again said: "Even if you perform particularly well, you will be favored by the Dragon God Hou and be regarded as a closed disciple!"

At this time, the court was silent, and no one was even speaking.

They didn't get excited, because everyone knew that Dragon God Hou had only received five disciples for so many years.

And so many years, how many people have come out of the valley of life and death?

There are at least a few thousand people!

Only one out of a few thousand people, they don't even expect that they will become a disciple of Dragon God!

But at this time, he had always been very cold, and even the fourth-rank martial arts of the prefecture level did not fascinate him, but he suddenly opened his eyes, showing an extremely hot brilliance.

He chuckled and said, "I didn't care much about this number one at first, but the disciple of Long Shen Hou is very attractive to me."

"In that case, I can't give you this number one."

What he said was domineering, arrogant and awe-inspiring.

It's like if only he lets other people get the first place, if he wants to get the first place, the first place must be his.

The other nine major disciples looked at him with a rather unconvincing expression on their faces!

The Jinlongwei laughed loudly, obviously likes to see this kind of fierce competition.

He said loudly, "My name is Long Wu, and I will wait for you here in three days."

"At that time, I will lead you there. In three days, you will form a team by yourself!"

The crowd responded loudly.

Then, Long Wu glanced at Chen Feng and Lin Cheng, and said, "This is a big deal. What is the dispute between the two of you?"

Lin Cheng respectfully said: "Long Wu-sama, the villain will never dare to abandon his office for private purposes. He must follow your instructions."

As he said, he glared at Chen Feng fiercely, and said coldly, "Boy, let you live for a few more days."

"When the mission here is over, I must teach you a lesson and let you know what is truly powerful!"

Chen Feng smiled lazily, and shook his head disdainfully.

This person is arrogant, but he doesn't know it. In fact, for this reason, let him live a few more days.

If you do it now, Chen Feng will definitely defeat him easily.

Two days passed quickly. Tomorrow is the day when Chen Feng and others will follow Long Wu to hunt down those thieves.

At this time, in the pavilion, Chen Feng sat cross-legged.

In front of him, Ziyue was floating there, she squinted her chin, looking bored, staring at Chen Feng blankly.

Chen Feng is practicing, after a long time. He let out a long breath, opened his eyes, and saw Ziyue's appearance. He couldn't help but want to laugh, and reached out and pinched her face.

Ziyue's eyes widened suddenly: "What are you doing? You are frivolous!"

Chen Feng laughed: "You little fellow, if I wanted to be frivolous, I would never know how many times I was frivolous, but you have been here for some years."

After hearing this, Ziyue wanted to refute, but after carefully comprehending the true meaning of the words, she sighed quietly.

#### [Chapter 1392: Let go of your paws!](#)

There was a sense of sorrow in her eyes and said:

"Yes, after all, we have known each other for two years, and I have been by your side for two years."

Chen Feng nodded: "That's right!"

"It's been two years, it's been a long time. After a long time, I can't even remember what the Lord and Mother looked like." She whispered to herself.

Chen Feng stroked Ziyue's long hair and comforted her in her ear: "Ziyue, don't worry, you can see how fast I practice, I have broken through from the acquired realm to the present one in just two years. Condensing Soul Realm."

"I have come to the imperial capital of Qin State from the little Qian Yuanzong, trust me, give me a while, I can definitely send you back to your hometown!"

Ziyue raised her head to look at Chen Feng, smiled brilliantly, and nodded heavily, her eyes full of dependence and trust: "Chen Feng, I believe in you."

The two have known each other for three years. Their relationship is very complicated, they have family affection, and there is more or less love between men and women, but they are not strong, but they both feel that they can't do without each other.

Ziyue was about to speak, otherwise she trembled violently, and a look of fear appeared in her eyes.

She suddenly felt an inexplicable heart palpitations, as if something dangerous was about to happen.

Chen Feng asked, "What's wrong?"

"It's nothing." Ziyue said with a smile.

Chen Feng didn't care.

After talking for a while, Chen Feng asked Ziyue: "Ziyue, in my current situation, do you have any solution?"

Ziyue shook her head, also with a frown, and said, "I'm sorry, Chen Feng, I have nothing to do."

She scratched her head, a little annoyed: "It's all because I didn't work hard at that time. I'm lazy when my grandma asked me to practice anything. I know how to play every day."

"Hey, the damage can't help you now."

Chen Feng quickly smiled and said, "It's okay."

As soon as the voice fell, Chen Feng's ears trembled suddenly, because he heard a scream of a woman from a distance, followed by the lustful laughs of several men.

Chen Feng frowned immediately, no matter what, he would take care of this kind of thing.

Chen Feng opened the door and strode in the direction of the sound.

At this time, many people in the straw shed had already heard the movement, and some left the shed, looked over there, and then immediately retracted back, not daring to be nosy.

A person seemed to want to go there, his companion hurriedly pulled him.

When Chen Feng heard it, his companion persuaded: "What are you doing? Didn't you hear the sound? The sound of that laughter is one-eyed, you dare to take care of his affairs? Are you going to die?"

Originally, the man was full of anger, but when he heard the words one-eyed, he shivered violently all over, without saying anything, and retracted into the straw shed.

Chen Feng smiled coldly, his body leaped, leaped into the sky, and fell there like a big bird.

Here is a clearing. In the middle of the clearing, there is a woman wearing a white shirt, and beside her, there are at least seven or eight people.

These seven or eight people all had lewd smiles on their faces and looked at the woman in the middle.

The leader, the left eye is a black hole, and there is only one intact right eye.

This person is one-eyed.

Looking at the white-clothed woman in the field with one eye, a gust of wind blew her clothes and outlined her exquisite figure.

Green light flashed in the eyes of the one-eyed, like a hungry wolf.

He chuckled and said: "Little girl, don't resist, it's useless, tell you, I do things with one eye, no one dare to interfere!" **noVelUsB.com**

"Today, no matter how much you resist, no one will come to rescue you, and no one dares to rescue you."

Suddenly, his face turned ugly, and he shouted sharply: "Little bitch, if you struggle any more, you can only make you suffer more later."

"You are now obediently kneeling on the ground to make me feel better, and I can make you feel less spoiled!"

At this time, the woman in white had no panic on her face, and there was no fear at all. She had a pretty face, as cold as a thousand-year-old ice, with a big sword in her hand pointing to the one-eyed, Sen Han said:

"You are far better than me, I admit, but if you want to humiliate me, that's a dream!"

"Come on! It's only a battle, it's not a victory, but a death, what's the fear?"

Although she was a woman, she was so proud, her voice was full of awe-inspiring meaning, and her fighting spirit rose to the sky!

Although she was far inferior to Cyclops, the awe-inspiring momentum made Cyclops shock all over, and she couldn't help feeling a little panic in her heart.

But the next moment, this panic was pushed down by him. He felt that the emotion he had just appeared was really embarrassing, so he became a little bit irritated and looked at the white-clothed woman coldly, and laughed:

"It's just a death? Little girl, you are too naive, tell you, if you die later, it will be my failure!"

"I won't let you die, you can't die anyway, before I play with you enough, you are dreaming if you want to die, hahahaha..."

The people around him also gave out a lewd smile, making this woman flush with anger!

One-eyed seemed to have lost his patience, waved his hand, and shouted loudly: "Catch him!"

A dozen subordinates immediately surrounded them, and their strength was basically around the first level of the Martial Sovereign Realm, and this woman was only the seventh or eighth level of the Soul Condensation Realm, and was not their opponent at all.

In a blink of an eye, the meridians were sealed, the body could not move, and the sword in his hand fell to the side.

Several masters caught her and led her to One-Eyed.

There was a look of despair on this woman's face. She knew that, I was afraid that she would be humiliated today!

Soon, she was brought in front of One-Eyed.

Looking at him with one eye, his eyes were extremely excited, and he laughed and said: "I have been in the valley of life and death for so long, and I can't even see a woman."

"Women who come here either have a very strong backstage or a very strong strength. It's really a rare encounter in a century like you who have no strength and no backstage!"

"And you look so beautiful and your figure is so exquisite, haha, you can finally enjoy it this time."

As he walked towards the woman in white clothes, Chen Feng also came here. Chen Feng saw the woman in white clothes clearly through the moonlight, and he shivered suddenly, with a look of disbelief on his face.

When the one-eyed hand was about to touch the white-clothed woman, a cold voice suddenly came from behind: "If you dare to take a step forward, I will directly kill you and smash you into pieces!"

The voice was fierce, and the murderous intent rushed over fiercely as if it were substance.

### [Chapter 1393: Reunion](#)

One-eyed felt cold all over, shivering violently, and a chill rose from the bottom of my heart.

He was shocked in his heart, quickly turned his head, and then saw Chen Feng's extremely cold face.

At this moment, the woman in white also saw Chen Feng's face clearly, her eyes widened immediately, her face full of disbelief, and then she turned into ecstasy, and shouted in surprise, "Chen Feng, it's you?"

Chen Feng nodded solemnly, looked at him with a smile, and said softly: "Yan Bing, I'm late."

It turned out that this person was actually Shen Yanbing!

Chen Feng didn't know why she appeared here, but it was obviously not the time to ask this.

He looked at One-Eyed with cold eyes, and the one-eye touched his gaze, and couldn't help taking a step back, but then he became arrogant again.

Looking at Chen Feng, Yin and Yang said strangely: "Oh, isn't this Chen Feng, who has been in the limelight recently? Why, you dare to take care of my nosy?"

Chen Feng looked at him and said coldly, "I will really take care of this matter today."

"Do you know who I am?" One-eyed pointed at Chen Feng and shouted loudly: "Tell you, you know that my backstage is Lin Cheng, who is ranked sixth in the top ten!"

"Oh? Lin Cheng? Is it amazing?" Chen Feng said lightly.

"Hahaha," looked at Chen Feng with one-eyed disdain, and laughed: "Today I don't know who was scared by Lin Cheng and dare not say a word. Tell you, if you dare to move me, Lin Cheng will definitely give up. about you."

Chen Feng smiled slightly: "Really?"

Then the next moment, his figure suddenly flashed, and he punched out.

One-eyed was horrified in his heart, and roared in shock: "You actually dare to do it?"

He held a giant knife and slashed at Chen Feng fiercely. His strength was also at the second level of Martial Sovereign Realm, but he had no effect at all in front of Chen Feng.

Chen Feng directly smashed the giant knife with a punch, then shook his arms, and then hit his chest fiercely.

With a loud bang, his body was directly torn apart.

This time, Chen Feng took a shot with hatred, hating him for daring to treat Shen Yanbing like this, already using a powerful force, and smashing him to pieces with one punch!

His head was attached to a shoulder, and he fell heavily to the ground. He was not dead yet, and he let out a screaming scream.

He looked at Chen Feng and screamed: "Chen Feng, tell you that Lin Cheng will not let you go, he will definitely kill you!"

Chen Feng smiled coldly: "Okay, I'm waiting for him to let me go!"

At this time, the one-eyed subordinates were already dumbfounded, none of them thought that Chen Feng would dare to actually do it.

At this time, there were also many people in the grass shed outside, watching this scene stupidly.

"Ah? Chen Feng dare to really do something to the one-eyed?"

"Don't he know? One-eyed is Lin Cheng's most important confidant."

"Yes, Lin Cheng is very short-sighted, Chen Feng dares to move one-eyed, Lin Cheng will definitely kill him."

"This Chen Feng is so impulsive, he is not Lin Cheng's opponent at all, so reckless!"

Everyone talked a lot, and some others gloated and said: "I've seen Chen Feng upset for a long time. I'm waiting for Lin Cheng to kill him."

They all thought that Chen Feng would definitely be killed by Lin Cheng!

Chen Feng seemed to have not heard it. He just glanced at the one-eyed men coldly, and said lightly: "Whose paw just touched Yan Bing? Now if I abandon my hands, I can spare your lives. , Or else..."

He did not go on, but his voice and eyes were extremely cold, and these people had guessed it.

If you don't do what Chen Feng said, there will only be a dead end.

There was a look of fear on their faces, and their bodies trembled slightly.

Abolishing both hands is almost equivalent to abolishing half of their cultivation base. Of course they are not willing.

However, if you do not abandon your hands, you will be killed directly.

Seeing them hesitate, Chen Feng suddenly yelled: "Fucking, what are you doing cold? Hurry up!"

These people shuddered violently. The faces of the few people who met Shen Yanbing just now showed hopelessness. They looked at each other and suddenly hit their wrists severely. *NovelUS.com*

With a few screams, their hands were directly shattered, and they were already abolished.

Chen Feng nodded slowly: "This is pretty much the same!"

Then Chen Feng unlocked Shen Yanbing's meridians. If it were another girl, she would have to rush into Chen Feng's arms and cry, but Shen Yanbing was extremely calm and didn't say a word, just picked up her big sword and followed. Behind Chen Feng.

Chen Feng walked out. At this time, there were dozens of onlookers outside. Chen Feng was extremely disgusted with them, and coldly shouted: "Get out of here!"

Those onlookers felt the awe-inspiring murderous intent on his body, and their hearts trembled, and they involuntarily retreated to the sides.

Chen Feng took Shen Yanbing back to his pavilion.

Shen Yanbing looked around, smiled and said, "I think those people live in grass sheds. It seems that there are very few people living in pavilions. It seems that you still mix well here!"

Chen Feng smiled slightly and said roughly the rules here.

Shen Yanbing nodded slowly and said, "That's it."

Chen Feng asked, "Yan Bing, did you just come here? How did you come here? I remember that your martial soul was originally a great sword..."

Chen Feng had countless doubts in his mind and asked a series of questions.

Shen Yanbing smiled and said, "Chen Feng, don't worry, I will tell you slowly."

She told the whole story in detail. Chen Feng listened and was amazed. Only then did she know what was going on!

It turned out that three months ago, when Chen Feng had just left for Qingzhou, that night, while Shen Yanbing was cultivating, there was a sudden storm and thunder.

Shen Yanbing seemed to have unblocked something, and he had directly awakened the Dragon Wuhun.

After his Dragon Martial Soul awakened, his strength increased by leaps and bounds. In just three or four months, he broke through frantically, directly breaking through to the Ning Soul Seven Layers and Eight Layers.

More than ten days ago, a Dragon God Guard from Dragon God Mansion rushed to the Spirit Medicine Town, told Shen Yanbing about Dragon God Mansion, and then brought Shen Yanbing here!

Shen Yanbing only entered the valley of life and death today, and as a result, he encountered such a thing in the evening. If Chen Feng hadn't arrived in time, the consequences would be disastrous.

Chen Feng listened, exclaimed, and said, "Why did Yan Bing suddenly awaken the Dragon Martial Spirit? Is there any reason in the middle? Did you get any chance?"

Shen Yanbing shook his head and said: "I am also very puzzled. I didn't get any chance at all, and no change happened. I just suddenly awakened the Dragon Soul."

#### [Chapter 1394: Second provocation](#)

Chen Feng frowned and said, "No, it doesn't make sense at all!"

Shen Yanbing said: "If you have to say the reason, it is the day when the Dragon Martial Soul is awakened, it is my 20th birthday!"

Chen Feng nodded and said softly to himself: "If it's correct, I'm afraid the problem lies here."

An extremely terrifying thought suddenly surged in his heart, which shocked him: "When he is old...Could it be that Shen Yanbing's background?"

But Chen Feng then shook his head and expelled the idea. *Novelusb.com*

He smiled and said, "Yan Bing, show me your martial soul. I want to see what your martial soul is like."

Shen Yanbing nodded, and then released his martial soul.

Shen Yanbing's martial arts spirit is also a dragon, but this road is quite weird, unlike the long and elegant dragons of Chen Feng and others, but with four strong legs and a heavy body.

It seems that there are two completely different existences.

And on the dragon's back, he was carrying a giant sword. This giant sword was a plate armor that grew out of his body, the shape was exactly the same as the giant sword, and it pierced the sky.

Shen Yanbing smiled and said, "My martial soul is named Sword Dragon Soul!"

Chen Feng laughed loudly: "Yan Bing, you love swords like your life, your martial soul, from the sword martial soul to the sword dragon martial soul, really fits!"

Early the next morning, everyone united in the valley.

Each team gathered together, Yue Yuanshan looked at Shen Yanbing next to Chen Feng with a slightly surprised look in his eyes, and said with a smile: "This is?"

Chen Feng talked about the origins of Shen Yanbing. Yue Yuanshan listened and said in amazement, "That's really a coincidence. With such a chance, we don't form a team, I'm afraid God will not see it."

The three of them all smiled, and Chen Feng introduced Yue Yuanshan to Shen Yanbing again, and the three of them formed this team.

Now in the valley, there are clear distinctions, and it is clear who has a good relationship with whom, and each team is basically three people. After all, everyone feels that there are more people gathered and more sure.

However, there are also a considerable number of people. The art masters are bold, and he is alone in a team.

For example, the silent cloud stands tall in the distance.

Within ten meters of him, no one dared to approach him. Obviously he didn't plan to team up with anyone!

In addition to Chen Feng and Yun Bu Yu Bu Yu, the other eight masters were divided into three teams.

Chen Feng was standing there, and suddenly three people came over, one of them was Lin Cheng.

Lin Cheng stared at Chen Feng fiercely, with an unabashed murderous intent in his eyes. He looked at Chen Feng and said bitterly, "Did you kill One-Eyed?"

"Yes, I killed it." A smile appeared at the corner of Chen Feng's mouth, and he responded viciously without fear.

"Okay, okay, you're fine!" Lin Cheng pointed at Chen Feng and said coldly, "One-eyed with me, called a subordinate, is actually like a brother."

"The two of us have known each other for twenty years. I will never live without him. If you dare to kill him, then I have to kill you to pay for him!"

Chen Feng smiled slightly and said, "Okay, I'll just stand here waiting anytime!"

"It's really shameless, ignorant, and arrogant kid, you dare to talk to me like this, do you really think you will be my opponent?" Lin Cheng smiled disdainfully, staring at Chen Feng arrogantly:

"If you didn't agree to Master Long Wu, I won't do anything with you until the end of the bandit suppression mission, and now I will slap you to death with one palm."

Chen Feng felt extremely ridiculous. Lin Cheng was so arrogant that he didn't know his true strength at all, so he dared to say such things.

In fact, if you want to do it now, it is not that he slaps Chen Feng to death, but that Chen Feng can slap him to death.

At this moment, a rough man next to Lin Cheng looked at him and smiled slightly: "Alright, Lin Cheng, don't be familiar with this kid."

"A newcomer who has just entered the valley of life and death, only knows that he is arrogant. Isn't your general knowledge lower than him?"

The speaker was a burly man who looked like an iron tower, with a sturdy figure and a fierce face.

He looked at Chen Feng, stared at him fiercely and said, "Boy, what do you think?"

He said, twisting his hands together, making a click, clearly threatening Chen Feng.

Chen Feng smiled lazily. He recognized who this person was. This person was Leita, who was ranked eighth among the top ten masters.

Lin Cheng laughed and said, "Yes, you are right, I have a general knowledge of him, I am too cheap."

He pointed to Chen Feng, and said proudly as if a sentence was pronounced: "Chen Feng, wait. When the mission is over, that's the day you die, even if you escape to the end of the world, I will hunt you down to death. "

In his opinion, Chen Feng was afraid of his pursuit and would definitely run away.

Chen Feng did not speak any more, but left with Yue Yuanshan and Shen Yanbing and took a few steps. He suddenly turned around, looked at Lin Cheng, and said lightly: "Lin Cheng, this is your second provocation! I remembered it for you!"

After speaking, he turned and left, and Lin Cheng and Leita laughed disdainfully from behind.

Shen Yanbing looked at Chen Feng and said with some anxiety: "Chen Feng, did I cause you trouble?"

Chen Feng laughed: "What kind of disaster is this? Don't worry, why, don't you have confidence in me yet?"

Shen Yanbing laughed and said: "That's right, the Chen Feng I know is so bold and never afraid of anyone. Sure enough, time goes by, but you haven't changed at all."

Soon, Long Wu arrived.

Following him, there is also a huge dragon head flying boat hundreds of meters long, on which many dragon patterns are also carved.

Then, Long Wu gave an order, and everyone boarded the dragon head flying boat.

With a bang, the dragon head flying boat rose from the ground and flew quickly towards the distance.

Soon, the valley of life and death became smaller and smaller below, and eventually it was so small that it was no longer visible. The dragon head flying boat flew to the north, and soon crossed the plain and came to a large mountain.

At the beginning, some villages were still populated, and the deeper the mountains, the less crowded.

Soon it was high in mountains and dense forests, like a barren land.

The dragon head flying boat fell down on a small mountain plain, and then everyone walked out.

Long Wu slowly glanced over their faces, and suddenly he flicked his hand. Suddenly, each team had an extra piece of kraft paper in their hands.

After opening it, it turned out that this kraft paper was a map.

On the map, there is a green dot. Behind the green dot, there are countless lines of veins, and there are hundreds of light dots on it.

#### [Chapter 1395: Blow to pieces](#)

The closer the light point to the green point, the lighter the color, the white light point at first, the blue light point at the back, and the deepest point, there are seven or eight huge red light points.

It was shocking, as if blood was sprayed on it.

Long Wu said loudly: "The location of the green dot is where we are now, and behind those lines, the light dots behind each represent a gathering place for bandits."

"The white spot of light means that it is not very dangerous. You can still deal with it, and it is about the same as your strength. The blue spot of light means that the bandits there are more powerful than you. It takes you to fight to kill them. You will also die in battle, and the chances are high."

"As for the red light spots," he said with a curl of his mouth, showing a smile, "Except for the silent, I don't think you should go to death."

Standing on a high place, Yun Buyu smiled proudly.

Chen Feng's eyes showed unconvincing light, and his fists were secretly clenched.

"Okay," Long Wu shouted loudly: "It's officially starting now, and we will gather again in ten days."

Everyone responded, with a sudden sound, a huge sound like a sonic boom burst, and the cloud disappeared directly into the sky, drawing an arc.

The other team of the top ten masters also laughed loudly, rushing towards the sky with pride.

Chen Feng and the others did not rush, and soon the three of them entered this wild area.

Here, it was already the eleventh floor of the Dragon Slaughter Mountain Range, and Chen Feng had not gone deep into the Dragon Slaughter Mountain range.

There were few people here, monsters were rampant, and three hundred people were walking in the forest. Suddenly, a huge golden bear appeared in front of everyone.

This golden giant bear, covered in heavy golden armor, looked extremely strong.

It looked at the three of Chen Feng with a greedy look on their faces, and let out a low roar: "You three humans, are you here for dinner for me?"

Everyone saw that this golden giant bear was a Grade 1 profound beast, with a huge momentum on his body.

At this time, Chen Feng and the three of them were not strong, and Chen Feng was only in the Ninth Stage of Soul Concentration, and Shen Yanbing was in the Seventh Stage of Soul Concentration.

In the eyes of the Golden Bear, these humans are simply vulnerable. It is his telecommunications.

Chen Feng looked at him and smiled slightly: "Oh? Do you think we are here for dinner?"

As he said, he suddenly stood upright, his aura suddenly rose, and an aura that far exceeded that of the Soul Condensing Realm master suddenly burst out, pressing down fiercely towards the golden giant bear.

The golden giant bear felt this enormous aura, his eyes widened suddenly, his face was full of disbelief, and his eyes showed great fear.

Then, he whimpered, turned around, and ran away with his tail in his mouth, without daring to say a word of nonsense.

Chen Feng laughed. In fact, profound beasts are often much cuter than humans.

The three of them walked forward again, and soon went deep into the area for hundreds of miles. Chen Feng looked at the map and said softly: "When you turn over the mountain in front of you, you should see a cottage of bandits in front of you."

The three nodded, their movements became more cautious.

Slowly walking through the dense forest, over the mountain, and then they lie on the ground and look out.

I saw a valley behind here, on a hillside facing the river, a huge cottage was built. In the cottage, there were constant voices, a gust of wind blowing, the fragrance of wine and meat, and women cluck. Jiao laugh.

The three looked at each other, and they all saw a hint of excitement in each other's eyes.

That's it, that's right.

Yue Yuanshan said, "I'll go scouting first."

Chen Feng suddenly stopped them at this time, looked at Yue Yuanshan, and said, "This is the white light spot area, right?"

Yue Yuanshan nodded: "Yes, it's white."

Chen Feng smiled slightly: "What kind of reconnaissance is needed then?"

As he said, he walked down the mountain beams swayingly, and with a few flashes, he came directly to the gate of this cottage.

Two people stood in front of the gate of the cottage, both of them were Nine Soul Condensing Experts.

They looked at Chen Fengfeng with a look of disbelief on their faces, and exclaimed: "You little bastard, what are you doing here? Is it possible that you want to single out our cottage?"

As they said, the two looked at each other, and both laughed, and the laughter was full of disdain.

Both of them are masters of Nine Soul Condensation, and in their opinion, Chen Feng is nothing more than Nine Soul Condensation. Such a low-powered human dare to provoke it, it is simply seeking death.

The two laughed for a while, and then the bandit on the left who hadn't spoken before said: "Little boy, taking advantage of the good mood of the two men now, give you a chance."

"Quickly kneel on the ground and kowtow to me for mercy, and we will join our cottage, we can spare your life, otherwise..."

"How else?" Chen Fengyun said with a calm smile.

"Otherwise, the two of us will directly kill you here today!"

Chen Feng suddenly smiled and said, "Just now, you asked me if I wanted someone to pick out your cottage?"

"Yes!" When the two bandits heard him say this, they suddenly couldn't figure it out.

When Chen Feng looked at them, his face suddenly became fierce, and my answer was: "You are right!"

With that, Chen Feng's figure suddenly violent, and his palms shot out fiercely.

With a bang, his palms directly smashed the resisting moves of the two men, and then printed them on his chest.

With a loud bang, their bodies were directly shattered.

Then Chen Feng went straight into the cottage. At this time, the movement outside had already attracted the attention of the people inside.

A sturdy man with his chest open and the thick black hairs exposed came out of the Shanzhai Juyi Hall, cursing and shouting: "Liu San Liu Si, what's the matter? Why is it so noisy in front of the door?"

"If there is trouble, just abolish it? It disturbs the enjoyment of the uncle, I will kill you two!"

He looked very fierce, and then, he saw Chen Feng, frowned, and then said nonchalantly: "You kid, are you here to find something? Liu San and Liu Si asked you to solve it?"

Chen Feng smiled slightly: "That's right."

"Haha, when you see me, don't you hurry up and beg for mercy? Do you think you think that you have defeated Liu San Liu Si and you are my opponent?"

"Tell you, I am the big leader of this cottage, and my strength has reached the second level of the Martial Sovereign Realm. It is easy to kill you, a little boy with the 9th level of condensing soul!"

Chen Feng smiled slightly: "Then try."

[Chapter 1396: Blue area](#)

His figure flashed, and blasted at him fiercely like a bolt of lightning.

The big boss suddenly exclaimed, and roared: "You are not the strength of Soul Nine Layers at all!"

Chen Feng laughed and said, "I never said that I am Nine Soul Nine Layers!"

With a punch, the big boss frantically resisted, but it was useless.

From his fingers to his arms, to the bones of his whole body, at this moment, he was smashed to pieces with a bang, and his whole person fell softly to the ground like a snake with a bone drawn.

Then Chen Feng kicked him out, kicked him into the air, and exploded into blood fog.

At this time, everyone else in the cottage also came out, just to see this scene.

They saw that the big leader, who was invincible in their own heart, was easily killed by this young man, and their faces were suddenly horrified, shouting one after another, trying to escape.

Chen Feng smiled coldly: "Want to run? Did you run?"

"Today, you all will die here!"

These thieves are full of evil spirits, with blood on their hands, Chen Feng kills them without any psychological burden.

He is like a tiger into a flock of sheep, smashing into these bandits, these bandits, the highest strength reaches the first level of the martial king, the lowest also has the eighth level of the soul.

But no matter the level of strength, it was the same in front of Chen Feng, who was easily killed by Chen Feng, and there was no way to fight back.

After a while, Chen Feng had killed them all.

At this time, Yue Yuanshan and Shen Yanbing had just arrived here.

The two looked at each other, and both saw a wry smile in each other's eyes.

Shen Yanbing smiled and said: "Chen Feng, I no longer have to worry about you being retaliated against. It turns out that you are so powerful now. I didn't see it that night. Now I know that so many masters are simply not able to withstand a blow in front of you. ."

Chen Feng laughed and said, "There should be a lot of old and weak women and children in this cottage. They may have been snatched from them. Let's rescue them."

Both of them nodded.

Sure enough, the three people soon rescued a dozen women from a room deep in the cottage. They all looked pretty, but all described them as haggard and unclothed.

I was very scared when I saw the three of them. Fortunately, Shen Yanbing was also a woman, and she stepped forward to persuade them and told them her origin.

These women were crying for joy, kneeling on the ground, thanking them again and again.

Before coming here, Long Wu had already told him that if anyone was rescued, let them go to the mountain flat.

Chen Feng pointed out the route for them, and then these people left after thanking them.

Chen Feng and the three of them continued to go deep inside.

This time, Chen Feng even went directly to the white light spot area. These white light spots were not challenging at all for her. They went directly to the blue light spot area.

Both Shen Yanbing agreed, with excitement in their eyes. With Chen Feng, they were not afraid at all.

After Chen Feng left, two figures slowly walked out of the dense forest above the mountain beam.

The two of them were actually two Golden Dragon Guards, wearing golden battle armor, with a very strong aura.

The two of them looked at each other, and one of them smiled and said: "This little guy is very good, powerful, and easy to start. There is no woman's kindness, but he is very principled."

"I saw clearly just now that three of the dozen or so women rescued by him were stunning. Even when I saw it, I couldn't help but feel a little stunned, but he didn't see it, and he didn't take any advantage. ."

That's right, the other Golden Dragon Guard is impressively Long Yuhui.

There was a satisfied smile in his eyes, and he nodded and said: "It's difficult to control your own mind when you can do anything wrong."

"They don't know that we monitors are there. Just now, didn't we have seen several cases where the rescued woman was taken as herself or even on the spot?"

"This person has a good temperament. This point is temporarily ranked first in this year. When I look back, I will report it to Lord Long Shen Hou."

As the two of them spoke, they disappeared with a scream, and their voices were still in the wind.

And just after they left, a small team came to this cottage again.

This squad was really Lin Cheng and the others. Lin Cheng took a closer look at the corpses, then his face became a little dignified and said:

"The man who started the move was very simple and powerful, and he only used fists, no other moves, and no weapons. It can be seen that he has not tried his best, but he has already. People are relaxed."

"This person is quite terrifying. He should be one of our top ten masters, and the ranking may not be weaker than me."

"Yes." Leita next to him nodded and made a similar judgment.

Chen Feng and others went to the area where the blue light spot was.

Soon, he went deep, and as soon as Chen Feng entered here, he immediately felt a slight difference.

It turned out that this place has already entered the twelfth floor of the Dragon Slayer Mountain Range.

This is an uninhabited stone mountain. There is not even a single grass growing on the ground. Behind the stone mountain, a clear spring gurgling out is the only source of water within dozens of miles nearby.

So there is a small village on the stone mountain. This village is not so much a cottage, but a wild tribe.

The people inside were fierce and fierce, and they were covered with tall wooden totem poles everywhere.

And above the totem pole, there were all air-dried corpses hanging, and on the middle totem pole, there were even thousands of skulls densely inlaid from top to bottom!

The air of evil spirits rushed to his face.

Chen Feng and the others lay on the edge of a small hill, and from a distance they could feel the aura of the strong coming from the cottage.

Yue Yuanshan nodded to the two of them, and then squatted on the ground. After a while, his body was as if it had melted into the ground, and the whole merged with the ground. Even if it was carefully distinguished, it was impossible to distinguish it.

Then, I saw his figure leaning forward quickly, as if there was a shadow on the ground moving quietly, very hidden, and soon approached the cottage.

The two of Chen Feng waited for almost a cup of tea, and Yue Yuanshan puffed and jumped out of the ground, panting heavily.

His martial soul is the Shilong Wuhun, and the Shilong Wuhun has a special effect that allows him to merge with the stone ground.

Yue Yuanshan said: "I have already observed that there are eleven strong masters in the Wujun realm in this cottage."

"There are three martial arts triple powers, and the strongest among them has reached the martial arts triple peak, right in the depths of this tribe's hall, the aura on his body is very terrifying. Dare to approach."

[Chapter 1397: I only saw the killing point!](#)

Shen Yanbing said with some anxiety, "How should we deal with so many masters?"

Yue Yuanshan said: "I'm afraid I need to use some strategies, first draw out some of them, and then divide and break them."

Chen Feng laughed: "I didn't see the master, I only saw countless killing points!"

"Why does it take so much trouble? Just look at my methods!"

With that said, Chen Feng leaped up into the air, and Tianlong stepped a few flashes. Just before coming to this cottage, he kicked his feet heavily on the ground, his body jumped tens of meters high, and then the dragon-slaying knife in his hand went crazy outwards. Slash out.

There was a loud rumbling, and a thundercloud suddenly formed in the sky.

Nine huge white thunder and lightning beams slammed down at the same time.

The entire sky was originally a little dark, but now it was illuminated as a translucent white snow. At this time, the vision of the world had already alarmed the people in the tribe.

At the gate of the tribe and the courtyard inside, there were seven or eight martial masters, two powerful men. They had already seen Chen Feng clearly at this time, and they shouted sharply: "Who? How dare to be wild here!"

Before the words fell, nine huge thunders smashed down crazily.

One of the huge thunder pillars full of water tanks awakened, slashed at a few of them. The faces of these people were panicked. They raised their weapons or waved their fists, making their own powerful attacks. To resist.

But it was useless.

At this time, Chen Feng was more powerful than before, and the power of this move of thunder to smash the stars was much stronger than before.

Moreover, at this moment, there was a faint layer on top of this lightning beam, the power of stars.

With the power of the stars, the thunderbolt rushed into the sky to break the stars, and the power was doubled compared to before!

At this time, inside the huge ball in Chen Feng's dantian, Thunder Dragon was wandering like crazy.

On his body surface, the power of stars flickered wildly, acting on the thunder pillar outside!

With a loud bang, after the thunder pillar smashed down, the seven or eight martial monarch realm two-tier powerhouses were all turned into powder, their bones disappeared, and they disappeared directly between heaven and earth.

Nine huge thunder pillars crashed down, directly destroying the entire tribe.

All the houses were shattered, and the people who were struck by the thunder pillar died directly. They died completely without even shouting!

The tribe with a radius of several hundred meters was directly destroyed by Chen Feng's move.

In the distance, Yue Yuanshan and Shen Yanbing saw this scene with their mouths wide open and dumbfounded.

They had known that Chen Feng was very strong, but they didn't expect Chen Feng to be so strong.

Shen Yanbing lightly clenched his fists, his face showed excitement: "Chen Feng, I will definitely catch up with you, and in the near future, I will definitely be as strong as you!"

And Yue Yuanshan's face showed a frustration: "Junior Brother Chen Feng, I'm afraid I will never catch him."

The entire tribe became ruins.

With one move, Chen Feng only used one move to kill a total of eleven second-tier martial arts masters, as well as several third-tier martial arts masters!

A slight smile appeared at the corner of Chen Feng's mouth, but he did not relax. Instead, he stared at one of the ruins and shouted in a deep voice: "Don't hide your head and show your tail, get out!"

Before the words fell, the ruins exploded directly with a boom.

A figure rushed out of it. This figure was extremely tall and sturdy, wearing golden tiger skin, hair like messy grass, and a fierce and violent face.

He stared at Chen Feng and roared angrily: "You \*\*\*\* human, dare to enter here and kill my people? I must let you pay!"

Chen Feng looked at him with a cold voice: "Your tribe has never known where to move to. After occupying this place a hundred years ago, it has continued to come out of the mountains to plunder humans in. Over the past century, at least ten civilians have died under your hands. Ten thousand!"

"Blood debts! Today, I am collecting debts from you for the souls of these 100,000 unjust deaths!"

Chen Feng's volume got higher and higher, and in the end he shouted again: "Die!"

Then, the Dragon Slaying Sword slashed fiercely again, and another nine thunder pillars slashed.

After the nine thunder pillars fell, the ruins were directly beaten into a flat ground, and a few thunder pillars slammed the thick and strong man away.

The stout man was terrified, and roared: "Such a powerful move, you can use two moves? How is it possible? Your realm is so low! Why can it be so powerful?"

Chen Feng laughed loudly: "Go to \*\*\*\* to ask this question!"

Seven or eight thunder pillars struck him, one after another.

This big man waved his fists to resist frantically, his power was heavy and powerful, and every move had the fourfold power of the Martial Sovereign Realm.

But in front of Chen Feng, it was not enough.

Once Chen Feng used his strongest move, he was not an opponent at the fifth level of Martial King Realm.

A thunder pillar smashed his fist, and the second thunder pillar shattered his arms. Then, three thunder pillars smashed his body together, directly smashing him into black. The next moment, Blasted, there is no bones left!

This martial king realm quadruple powerhouse, died directly!

At this point, Chen Feng used two knives to completely destroy this powerful force.

At the same moment, fifty miles away, Lin Cheng stood with his sword and sighed softly.

Around his body, dozens of bandits had been killed, and a smile appeared on the corner of Lin Cheng's mouth.

But then, he glanced at the wound on the left, frowned, and whispered: "Damn, these bandits have some good players, and it took me a full hour to solve them, and I was injured. ."

Leita was also panting heavily. He was injured in many places and he was covered in blood.

Their team has just wiped out a band of bandits that was marked as dangerous in blue.

But they have to work harder.

Leita smiled and said, "Lin Cheng, your strength is already amazing. They have ten first-tier martial arts and seven second-tier martial arts."

"For other people, such as Chen Feng's trash, it is estimated that they will be killed directly."

Lin Cheng curled his lips and said disdainfully, "You compare me with Chen Feng's trash? It's really an insult to me."

Leita laughed, but his laughter stopped abruptly, and their faces looked at the distant sky with amazement, because they all saw a thundercloud appeared on the sky dozens of miles away, and then nine. Dao's huge thunder crashed down.

The two looked at each other, and both saw a touch of shock in each other's eyes!

Lin Cheng said softly: "Leita, you are also a thunder martial artist, can you make such a powerful move?"

#### [Chapter 1398: Rank](#)

"Impossible!" Leita said flatly: "If my strength is three times the current one, it might be possible to use it, and it is very laborious. One move will basically make me lose combat effectiveness."

Lin Cheng said softly: "It is true that no more than three people can issue this trick among all of us in the Valley of Life and Death!"

His face turned gloomy and cold: "The number one cloud is silent, not a warrior who cultivates the Thunder Element at all."

Leita said, "Could he hide it?"

"Impossible." Lin Cheng said flatly: "With the pride of being silent, he will not practice secretly. If he does cultivation, he will definitely let others know."

"So it seems," he said with a gloomy face, "it should be Yu Wanjian, ranked third, or Su Zhaosheng, ranked third, one of them secretly practiced this powerful Thunder System martial arts."

Leita whispered: "Another reason is that among the top ten masters, there may be a mysterious master hidden. Before the mountains did not leak, but this time it suddenly emerged."

"Yes." Lin Cheng said: "It is also possible, who is it? Fourth, fifth or sixth?"

They were talking here, and suddenly there was another crackle, and another nine lightning strikes.

At this moment, the two of them were directly silent.

"Such strength..." Xiaolin said in horror: "It is already comparable to the three masters. I am definitely not an opponent. This person is really powerful."

It's just that they don't know that the newly emerged mysterious powerhouse whom they talked about at this time and was extremely in awe of them was actually Chen Feng, who they had disdained the moment before.

Just a hundred meters away from where Chen Feng and others were located, two Golden Dragon Guards stood there.

If they were only slightly surprised after seeing Chen Feng's greatness just now, their expressions had already turned into amazement.

Only after the two looked at each other. All saw a touch of regret in the eyes of the other party.

Long Wu said softly: "It's a pity for this person, Elder Snake said that he won't have any growth in the future."

Another Jinlongwei Long Yuhui smiled and said, "On the contrary, I have confidence in Chen Fengfeng. I think his future may be very brilliant."

Five days passed quickly. During these five days, Chen Feng's team had already eliminated a whole group of thirteen bandits.

And they have also advanced to the depths of the blue danger level area, and half of the time they have entered here has passed.

Five days later, one early morning, when the teams woke up from their sleep, everyone suddenly realized that they had an extra roll of parchment on hand.

On the parchment, the killing points of everyone in the valley of life and death were recorded from top to bottom.

Everyone was horrified and looked around, but found nothing.

So everyone knew that there were experts in the Dragon God Mansion following him secretly, staring at his every move.

They quickly focused on the roll of parchment in front of them.

The parchment paper, the top of the parchment, is the silent, silent killing point reached a full two hundred and thirty-seven!

After watching it, many people screamed a pervert, but this was also expected by everyone.

Yunbuyu has always been ranked number one among the top ten masters, and he has always been alone. Although it is dangerous, no one will divide his killing points.

Everyone looked down, and when they saw the second-ranked name, their faces were suddenly shocked, and their faces were full of disbelief: "How could it be him?"

At this moment, I know how many people exclaimed at the same time.

It turned out that Chen Feng was ranked second.

Chen Feng's killing point also reached two hundred and thirty, only a little bit less than Yunbuyu. Kill a few more to catch up!

"Who is Chen Feng? I have never heard of it!"

"I heard that Chen Feng had just entered the Valley of Life and Death. On the first day he entered the Valley of Life and Death, he was among the top ten masters and captured the tenth pavilion."

"Hey, so what? Isn't it a waste without a future? I heard that Elder Snake has already asserted that he will not make any progress in the future."

"That's right, otherwise, he wouldn't just stay in the Ninth Level of Condensing Soul now. He would have already broken through into the Martial Sovereign Realm."

"Yes, just before we set off, he tried to break through and enter the Martial Sovereign Realm, but he failed!"

Many people looked down on Chen Feng and made sarcasm, and some people questioned loudly: "The origin of this kid's killing point is definitely problematic. He can't have such a strong strength."

"Yes, I think so too."

Everyone saw that Chen Feng ranked so high. The first reaction was shock, and the second reaction was disbelief. They were extremely jealous of Chen Feng.

Because Chen Feng is younger than them, the realm is lower than them, and the time to enter the valley of life and death is shorter than them, but they can surpass them. They are jealous and instinctively unwilling to believe in Chen Feng's achievements. Malicious speculation that Chen Feng used other methods!

After Chen Feng saw this list, there was a flame burning in his eyes, and he was not satisfied, and said softly: "If you don't say anything, I will definitely push you down. There can only be one person on this ranking, and that's me. , Chen Feng!"

Deep in the blue area, here is a rather large cottage.

This cottage is large in scale, there are more than 100 bandits inside, and the strength is not as good as Chen Feng and the three are fighting hard.

With a stern shout, he split the Dragon Slaying Knife out of his hand, cutting a robber in two.

Then his figure flashed, his left hand popped out, and an extremely condensed blue lightning current, with a sneer, directly penetrated the bodies of the two bandits.

In the next moment, their bodies are directly annihilated.

Seeing this scene, the dozen or so bandits who besieged Chen Feng all stepped back, showing horror on their faces.

Chen Feng laughed loudly, jumped up, and cut three times in succession, killing three bandits.

Not far behind, Shen Yanbing was holding a huge sword and shouting for a fierce battle.

Her opponent is a martial artist of the first rank.

Shen Yanbing's rapid progress made Chen Feng dumbfounded. In just five days, she had reached the peak of the Ninth Level of Soul Condensation Realm, and even if she was fighting against a powerful person in Martial Sovereign Realm, she wouldn't fall behind. .

Chen Feng was relieved to let her join the battle group.

Chen Feng dragged a total of 70 or 80 bandits, while Yue Yuanshan was besieged by several bandits.

Seven or eight bandits took a fancy to Shen Yanbing's weakness, quietly surrounded her, and suddenly attacked.

#### [Chapter 1399: Grab my killing point?](#)

In an instant, Shen Yanbing was in danger. Chen Feng gave a sneer, his figure flashed, and came to Shen Yanbing, slaying the dragon knife with a horizontal cut, and at the same time, his left hand made three strokes of Thunder and Broken Stars, directly attacking the seven Kill all.

Four people were killed in two by a single blow, and three were killed by Thunder's broken star fingers!

Chen Feng, like a \*\*\*\* of death, entered among these bandits.

These bandits obviously had 70 or 80 people, far more than Chen Feng, but they seemed to be chased by Chen Feng alone.

Chen Feng slashed out, severely wounding the three bandits, and wanted to take his three lives.

Suddenly, at this time, a loud roar came from the side, and the palm prints formed by seven or eight thunder lights hit the three of them heavily, directly killing them.

Then, a rude voice smiled triumphantly: "Haha, fifteen killing points are here!"

Then, Chen Feng saw that three people had come out from the side, entered among these bandits, and killed wantonly.

And they didn't say a word to Chen Feng at all, didn't even glance at Chen Feng, as if he was completely transparent.

Chen Feng didn't pay attention to it at all!

Chen Feng frowned: "These people broke the rules. This is robbing me of the killing point."

He saw that these three were also acquaintances, it was the team formed by Lin Cheng Leita and another person.

Chen Feng said lightly: "Lin Cheng, are you breaking the rules? You are grabbing my killing points."

As if he hadn't heard it at all, Lin Cheng killed several bandits in front of him. Then he turned around lazily, looked at Chen Feng, and sneered disdainfully: "What, are we stealing your killing point? "

"Little bunny, don't you know what's good or bad? We are obviously saving you. With your strength, can you deal with them? If we didn't show up, I'm afraid you would have been killed already."

"Is it? Leita!"

"Yes! Of course." The three of them looked at each other and laughed loudly. The laughter was full of joking, looking at Chen Feng as if they were playing him.

Chen Feng looked at them with a cold look in his eyes, and said, "It seems that you must grab it today, right?"

Lin Cheng looked at Chen Feng and said proudly, "Yes, we are going to grab your killing points today, so what can you do?"

"What can I do?" Chen Feng smiled coldly, then suddenly shouted, and the Dragon Sword hacked out.

"Thunder storms into the sky and breaks the stars!"

Above the sky, thunderclouds formed, and nine huge thunder pillars crashed down.

In an instant, there were dozens of bandits who were directly chopped into coke by this move, and they were wiped out, and none of them survived!

And this thunder pillar also smashed into Lin Cheng's trio. All three of them showed terrifying expressions on their faces, exclaiming, and hurriedly resisted frantically.

Even so, they were all scorched and vomited blood. The three of them turned around and looked at Chen Feng in disbelief.

Lin Cheng's lips trembled, and he pointed at Chen Feng, unable to say a word.

The eyes of the three of them were full of horror and fear, and there was no more joking in Chen Feng's eyes.

Chen Feng looked at them with a smile, and said lightly: "Grab, then grab, I see how you can grab!"

After a long time, Lin Cheng's voice was hoarse, and he shouted in shock: "You, you, it turns out that you made this powerful thunder and lightning move before?"

Chen Feng said lightly: "Yes, I made it."

Xiaolin's face was extremely remorseful, he felt extremely regretful in his heart, and he felt a burning hot on his face, and he felt extremely ashamed.

"This Chen Feng, turned out to be so powerful, I am definitely not his opponent! And I provoke him like that before, thinking about it now, it is really ridiculous."

"It turns out that he can make such powerful moves. I guess the mysterious master is him? And now, I even provoke him, really blind my dog!"

He felt regret and shame in his heart, trembling all over, and Leita next to him was too scared to speak.

Chen Feng walked slowly towards the two of them, with murderous intent in his eyes.

Lin Cheng exclaimed: "Chen Feng, what are you going to do?"

"What am I going to do?" Chen Feng said coldly: "The two of us should also be settled."

Lin Cheng backed back one after another, and while backing, he shouted arrogantly: "You, you can't kill me! If you kill me now during the mission, Lord Long Shen Hou, you will definitely not let you go."

Chen Feng smiled slightly: "It's okay. They don't let me go. I don't let you go. It's mine. Even if I go to hell, I want you to find my way first."

With indifferent killing intent on his face, murderous intent surged, Lin Cheng shivered heavily, he knew that Chen Feng really dared to kill him.

Suddenly, his knees softened and he slammed directly on the ground, knocking his head repeatedly, begging: "Chen Feng, Chen Feng, you forgive me, don't kill me."

"Before, I had no eyes to offend you. I will never dare to kill me anymore. Please don't kill me."

He burst into tears and begged hard there. Leita looked rough and brave, but in fact he was also a very cowardly person. At this time, Chen Feng was so frightened that he was frightened and knelt on the ground to beg for mercy.

Chen Feng looked at them, smiled coldly, and let out a disdainful laugh: "Two counselors!"

"Yes, yes, I am a counselor." Lin Cheng was completely shocked at this time, and he didn't dare to say any hard words to Chen Feng at all. It was another series of kowtows.

Chen Feng sneered: "Get out!"

Lin Cheng Rumeng was amnesty, and he hurriedly left. After walking away, he turned his head and looked at Chen Feng. His eyes were full of resentment, and he whispered: "Chen Feng, I will not let you go, you must It will die miserably."

However, he only dared to verbally scream! first

Behind a huge boulder, the three of Chen Feng held their breaths, poking out their heads carefully and looking out.

This is still the red area, but the most dangerous area, and here is also the thirteenth floor of the Dragon Slaying Mountain Range, with powerful profound beasts everywhere.

As the three of them looked out, suddenly there was a heavy footstep and the sound of breathing behind them.

Suddenly, the breathing of the three of them almost stopped. Because of the huge aura, Chen Feng immediately determined that this was at least a Fourth-Rank profound beast.

With their current strength, against this fourth-rank profound beast, there is no chance of winning at all, and even desperately can only be a dying struggle.

Monster beasts are much stronger than humans of the same level, and the fourth-rank profound beasts are almost equivalent to the sixth-tier powerhouse of the Martial King realm!

The three of them dared not move at once, and at this moment, a yellow light gushing out of Yue Yuanshan's body gently wrapped the three of them.

#### [Chapter 1400: Mysterious sect](#)

Suddenly, the three of them seemed to be fused with the stones on their bodies. The fourth-rank profound beast was not far behind them. The huge nose smelled everywhere, and there was a hint of doubt in his eyes, which seemed strange to the three strands just now. Why did the weird smell suddenly disappear now?

He smelled it for a while, then turned his head and left angrily, giving up his intention to continue searching here.

After waiting for him to leave for a long time, Yue Yuanshan just withdrew the yellow light. The three of them were panting heavily, feeling that they were almost suffocated to death, dripping with cold sweat.

Chen Feng smiled bitterly and said in a low voice, "This red area is really not where people come. It's too dangerous."

"So far, we have only been here in just one day. Only the fourth-rank profound beast has encountered three heads, and each head has the power to kill the three of us!"

"That's right!" Yue Yuanshan exclaimed, "I don't know how powerful the bandits who can stand here are."

Chen Feng said: "They are no longer simple bandits. It can even be said that they should be an extremely large force. Look there..."

Following the direction of his finger, the two looked at it. There was a stretch of mountains, and tall pavilions were faintly visible among the mountains.

These pavilions are not luxurious at all, but they are very solid and simple, built with a special black stone.

A few thousand meters away, I can also vaguely feel a \*\*\*\* breath, permeating here.

And within this range, there are disciples in red from time to time, patrolling with swords, extremely guarded.

Chen Feng lowered his voice and said, "This force is already a sect. It is definitely not an ordinary bandit, but a hidden sect."

"Like these red disciples, the strength is quite strong, each of them even reached the triple peak of the Martial Sovereign Realm, and there are a lot of them."

"Then what should we do?" Shen Yanbing asked.

A smile was drawn at the corner of Chen Feng's mouth: "Of course it was a seduction, and then each one broke it."

A small team is walking in the mountains. There are four red disciples in this small team. They cover a very large area.

However, they should have been patrolling here for a long time, doing routine tasks every day, so the four of them are already very slack.

One of the disciples looked around indifferently while walking. He kicked a stone away with force with his foot, with a very unhappy look on his face, and cursed in a low voice:

"Fuck, how long will we stay in this place where the birds don't \*\*\*\* before we can leave?"

A red-clothed disciple in his forties who looked rather stable next to him whispered: "Say a few words, if the law enforcement elder hears you, you will have to clean up again."

"I heard it, what am I afraid of?" The disciple became more energetic as soon as he heard the persuasion, and said nonchalantly, "People are allowed to come here to suffer, and no one is allowed to say anything. This bird does not shit. What's in the place?"

"It's 10,000 times worse than Zaiying to have beautiful women but not beautiful women, to have fun but not to have fun."

"Shut up!" The middle-aged red-clothed disciple next to him suddenly gave him a stern look, and whispered: "Have you forgotten the instructions of the elders of the sect? You must not mention those two here. word!"

The younger disciple in red seemed to know that he had committed a taboo, so he snorted angrily and stopped talking.

Suddenly, he punched a stone mountain next to him with a fierce punch, and with a bang, he directly smashed the small stone mountain tens of meters high to vent his dissatisfaction.

Chen Feng, who was hiding not far away, felt countless boulder fragments flying towards him. He cursed unlucky in his heart, but he didn't dare to move and let the boulders press on him.

At this time, he was even more puzzled: "Yingdu, what place is this? Is it the place of Qin State? Why have I never heard of it?"

From this dialogue, he had already judged that these people were probably not from here, but came here from a place called Yingdu.

As for their purpose, Chen Feng still doesn't know.

Those people walked forward for a while, even more slack. Chen Feng's eyes lit up at this time, and suddenly he jumped into the air.

Suddenly, the pile of stones exploded, and a figure came out.

Chen Feng slayed the dragon knife severely, and these four red-clothed disciples had no place at all.

Chen Feng's Dragon Slaying Sword severely slashed on the red-clothed disciple who had complained before. This red-clothed disciple was very strong, but compared with Chen Feng, he was even less conscious.

With a loud bang, Tulong Knife cut him in two directly. And his corpse also banged, exploded into pieces in the air, and instantly there was no flesh and blood.

Then, Chen Feng landed, pretending to have exhausted his strength from the knife just now, panting, his face pale.

Those red disciples were all shocked, and they didn't recover for a while.

Chen Feng made another cut, but this one. Only the power of the above knife is two to three percent.

The knife was easily blasted with a punch by the older red-clothed disciple. At this time, all of them recovered. The older red-clothed disciple's eyes showed a touch of sadness, and then he roared with murderous intent. : "Where did the thief come from? Save your life!"

He shouted: "This fellow has exhausted his strength! Let's go!"

With that said, several people approached Chen Feng. Chen Feng pretended to look invincible and very frightened. He immediately displayed the Heavenly Dragon Step, swiped it, and fled hundreds of meters away, fleeing wildly!

In fact, Chen Feng was not afraid of them at all, but was afraid that killing them here would attract the attention of others.

Therefore, attract them to be killed in the distance.

Chen Feng ran away frantically in front, but these people kept pursuing them from behind. As soon as they fled and chased, they quickly ran out for dozens of miles and left the area here.

There were constant attacks on Chen Feng, Chen Feng didn't resist at all, just gritted his teeth.

At this time, the older disciple in red had already found something wrong, and suddenly shouted: "No, don't chase."

At this time, Chen Feng, who had always been embarrassed, was chased by them like a bereaved dog, suddenly turned back to look at them, smiled slightly, showing his teeth, white and bloodthirsty.

A terrifying aura diffused from him, and the elder disciple in red screamed: "Who are you? What is your purpose?"

Chen Feng smiled slightly: "I will ask you these words later."

With that said, his figure flashed, and he was going to kill the three of them.
