

Peerless 1421

[Chapter 1421: The road is uneven!](#)

Upon entering the dantian, Chen Feng was shocked. It turned out that Chen Feng's dantian had completely changed at this time.

The ocean of true essence has disappeared, and at the bottom of the dantian is a golden spring spring water gurgling out of it, directly connected to the golden lotus at the top.

And the inner alchemy is suspended in the golden spring water that penetrates the heaven and earth.

This is the bridge between heaven and earth!

A steady stream of true essence surged out from the golden spring, poured into the golden lotus overhead, and then made a cycle, so endlessly.

The inner alchemy was floating in it, and even if Chen Feng didn't deliberately cultivate, there was still a lot of true essence pouring into it.

With the passage of the bridge between heaven and earth, life is endless, letting the inner alchemy continue to grow.

Chen Feng was very pleasantly surprised. The bridge between heaven and earth was connected. It was indeed a rare vision. Even if he did not practice, his inner alchemy would continue to grow and improve.

And the cyclone of the nine-yin and nine-yang divine art is actively absorbing the extinction power in the valley of life and death on one side, transforming it into true essence, merging into the golden spring, and continuously expanding the inner alchemy.

Everything was proceeding in an orderly manner. After Chen Feng broke into the Martial Sovereign Realm, without the previous restrictions, he could finally progress by leaps and bounds.

Although he does not have a martial soul, his strength is still very fast, and Chen Feng is looking forward to the day when his Azure Dragon Martial Soul returns.

At that time, the speed of cultivation will definitely increase greatly.

He came out from the state of introspection, and then opened the jade box. In the jade box, twenty Sanqing Qi Enhancing Pills were neatly placed.

"This is the Sanqing Qi-enhancing Pill that can be exchanged for a small city outside!"

Chen Feng let out a foul breath, his expression suddenly trance.

"I was struggling desperately in Qianyuanzong at the beginning, I'm afraid I never thought that one day I could reach the current state! This medicine can buy all the sects of the Aomori Mountains!"

Chen Feng opened his mouth and put a grain of Sanqing Qi Enhancing Dana into his mouth. Suddenly, the majestic aura poured into Chen Feng's body, and instantly entered Chen Feng's Dantian.

The reason why the Sanqing Qi-enhancing Pill is a high-grade pill is not only because the spiritual energy contained in it is extremely large, but also because most of its spiritual power can be smoothly transformed into true essence.

The first-grade and second-grade pill, it is good that one-tenth of its medicinal power can be absorbed by the person who swallows it, and the Sanqing Qiqi Pill allows the swallower to absorb 50% of the medicinal power of the pill.

The spiritual power of the Sanqing Qi Enhancing Pill was vast and majestic, and Chen Feng had absorbed it for a long time before he had absorbed it.

As soon as he opened his eyes, he realized that five days had already passed.

For the next month, Chen Feng practiced in retreat every day. One month later, his strength had already climbed to the peak of the third level of the Martial King Realm, only one step away from the fourth level of the Martial King Realm.

And Chen Feng had been cultivating tightly for a whole month, so he decided to go out and relax for himself, so as not to be too stressed, and the effect of cultivation would not be good.

Every other month, people in the Valley of Life and Death can take the Dragon Head Flying Boat to Wuyang City. This is also a chance for them to rest in the Dragon God Mansion. Every other month, Dragon Head Flying Boat will come to pick up people.

Today is the time.

Chen Feng opened the door of the pavilion and strode away. The dragon head flying boat just fell.

An hour later, Chen Feng had already arrived in Wuyang City.

Wuyang City is extremely large, the city walls are so high that the guards at the city gate are all nine-level masters of Soul Condensation.

Stepping into it, the streets are extremely wide, and the two sides are extremely prosperous, with very tall pavilions, and the streets are all made of white marble.

What surprised Chen Feng was that the street was divided into two layers, inside and outside, separated by red-painted railings.

Most of the people walking on the outer layer are in civilian attire, while those walking on the inner layer are all luxurious car wheels. Occasionally, the curtains are opened when the wind blows, and you can see the luxuriously dressed people sitting inside.

Chen Feng was a little surprised, so he strode towards the inner road. He was about to walk there when suddenly two tall, iron-clad guards stood in front of him, and said without a smile: "Untouchables, go over there!"

"This road is specially prepared for nobles, are you worthy to walk on it?"

Chen Feng's eyes were full of anger, and his fists were clenched, but he did not act impulsively, just took a deep breath and walked to the outer street.

It took an hour before Chen Feng knew what the reason was.

It turned out that in Wuyang City, the capital of the Great Qin Emperor, the division between nobles and common people was extremely serious, much more serious than Qingzhou.

Those nobles in Qingzhou looked down on civilians very much and regarded them as untouchables. In Wuyang City, these nobles didn't even regard the civilians as human beings, and even felt that the civilians walked their way, which was a kind of defilement to them.

Therefore, the way they walk is separated from the way civilians walk, and the area where they live is also separated from the area where civilians live, and even civilians cannot look at them directly.

Chen Feng is already full of anger!

Chen Feng had just turned a street corner when he heard a scream in front of him, followed by the sound of the whip slamming on his body, and a series of howls pleading for pain.

Chen Feng walked quickly and saw a middle-aged man dressed as a commoner. He was kneeling on the ground, holding his head and howling in pain, crying and begging for mercy.

And beside him, a man with luxurious clothes and the appearance of a housekeeper slammed his body with a whip, and when the whip fell, a deep bloodstain appeared, blood and flesh were flying, and his clothes were all shattered.

The civilian's strength is not low, and Chen Feng can see that he is at least a master of Soul Concentration.

The butler next to him was not as strong as him, but the commoner did not dare to resist, so he could only hold his head and beg.

Beside, a luxurious car was parked there. A young woman in her twenties, dressed in luxurious clothes, looked at the middle-aged man with a cold expression and said coldly:

"You dared to bump into my car, so I was frightened, and all the nine tribes of you are light!"

He shouted sternly: "Steward Wang, beat me, kill me!"

"Obviously!" The steward Wang complied proudly, gave the middle-aged man a fierce look, and said with a cold voice: "You should die if you dare to bump into my lady's car wheel!"

The whip was slashed, and after dozens of lashes, the middle-aged man was dying, covered in blood, without a piece of good meat.

He twitched a few times, as if he wanted to resist, and at this time, the Mingyan girl coldly said: "If you die, I won't pursue your family, and if you dare to resist, I will kill you nine clans. , Do you believe it or not?"

[Chapter 1422: Injustice will sound!](#)

Hearing these words, the middle-aged man shivered heavily, kneeling on the ground like his fate, not daring to move another finger.

The Mingyan girl made a triumphant giggle.

There were hundreds of onlookers, most of them were civilians. Seeing this scene, everyone's faces were angry, but no one dared to control it.

Steward Wang slammed the whip down again, about to fall on the middle-aged man.

Suddenly at this moment, the whip was caught by a slender and powerful hand.

Steward Wang raised his head in amazement, and then he saw a boy who was under twenty years old, dressed in a blue shirt, standing there openly.

Holding the whip in his hand, his face was full of anger, staring at himself.

Steward Wang was furious. He looked at Chen Feng up and down, and screamed: "What are you uncle, what are you doing? How dare you be nosy? Do you want to die with him?"

Chen Feng looked at him with a chill in his eyes: "You are a bit too deceitful, he just ran into your lady's car wheel, and the crime is not deadly! You are the life of Caosuga!"

The king steward laughed loudly: "You untouchable, really ridiculous, yes, we are the life of the grass, so what?"

"We are a nobleman, and he is a pariah. His life is not as good as a beast. What if you kill him?"

Chen Feng stared at her, suddenly the corner of his mouth twitched, his anger disappeared without a trace, but a smile appeared. He whispered, "Believe it or not, if you dare to say one more word, I will just kill you?"

Murderous aura came out overwhelmingly, and pressed towards the steward Wang fiercely.

With a bang, the steward Wang was so crushed that he fell to his knees.

He looked at Chen Feng with a horrified expression on his face. The aura that Chen Feng showed at this time was extremely large, and the murderous aura was just like the essence. He could feel Chen Feng, and if he did it, he really dared to kill him .

He pointed his finger at Chen Feng, and said in a trembling voice: "You, how dare you? You are so bold!"

At this time, the Mingyan girl looked at Chen Feng and said faintly: "Untouchable, do you know where I came from?"

Chen Feng shook his head and said, "I don't know."

The bright girl raised her chin and said proudly, "I am Yu Wenyan, the third lady of Yu Wen's family."

Then she added two more words: "The prostitute!"

Upon hearing these words, the onlookers suddenly exclaimed: "It turned out to be Yuwen's prostitute!"

"The Yuwen family is one of the five great families in the entire imperial capital. It is only under the four great marquis. The daughter of the Yuwen family is very noble. This young man dared to provoke the Yuwen family. He must be over."

"Yes, the Yuwen family will not let him go, his identity is far from that of Yuwen's prostitute. The other party rubs his fingers and can crush him to death."

Hearing all the exclamation sounds around, this bright and beautiful girl Yu Wenyan smiled slightly, her expression extremely triumphant, he looked down at Chen Feng from a high position, and said, "So now, do you dare to talk to me like that?"

"Now you kneel on the ground and kowtow to me for mercy. I can spare your life. Otherwise, I will let you go to **** with him! Just on this street, kill you two alive, and Good to teach you untouchables. What are rules!"

Chen Feng did not answer, but suddenly raised his hand, and then everyone heard a crisp sound. The Ming Yan girl's face was heavily tilted to the side, and five red palm prints appeared on her left cheek!

The surroundings were suddenly silent, and everyone was shocked watching this scene.

The girl covered her face with an expression of disbelief, her smile was frozen on her face, then she turned her head, looked at Chen Fengfeng, and suddenly screamed:

"You pariah, you **** pariah! How dare you hit me? You know! Even my father hasn't beaten me, you pariah, what a damn!"

"Ah, I am going to kill you!"

She yelled sternly, her face full of resentment, and then with a slap, Chen Feng slapped out another palm, and five palm prints appeared on her right cheek, and blood was spilled from the corner of her mouth.

Chen Feng looked at him and said lightly: "I, Chen Feng, never take the initiative to beat a woman, but you have a vicious heart. If someone like you doesn't teach you a lesson, you won't repent!"

"Good, good, you are fine!" At this moment, Yu Wenyan's expression on her face calmed down instead.

She stared at Chen Feng, bitterly resentful, and wanted to kill Chen Feng.

He suddenly patted his huge chariot and shouted loudly: "Iron Giant Slave, get out of me!"

"Roar!" With a loud roar, everyone felt trembling all over, their hearts seemed to be held by a big hand, and then squeezed inward.

Many onlookers blushed, and some even spewed a mouthful of blood,

Even Chen Feng's blood surged.

He suddenly felt astonished: "What kind of monster is this? A roar can shock me like this?"

Then he saw that behind this five-story pavilion, a huge iron fence opened with a bang, and then a huge figure slowly walked out of it.

This huge figure turned out to be a giant, five meters tall, with a stout figure, and one arm was bigger than Chen Feng's two.

He was tired with muscles and his shoulders were like a wall. The muscles are extremely developed, and there are countless scars on his body.

And on him, there are actually two huge iron chains.

These two huge iron chains passed directly through his pipa bone, where two huge **** wounds were formed, and the iron chains all over his body seemed to restrain him.

He was still in shackles on his hands and feet. This man looked extremely ugly, with scars everywhere on his face, and he seemed to be disfigured.

He suddenly screamed and looked at Yu Wenyan with hatred.

Yu Wenyan shouted coldly: "What do you look at? If you look again, you will be locked up in the water jail again after you go back, and let you try the pain of ten thousand snakes again!"

Hearing this, the giant shivered violently all over, and seemed very afraid of the torture of the ten thousand snakes.

Yu Wenyan pointed at Chen Feng and sternly shouted: "Kill him!"

The giant man slowly turned around, staring at Chen Feng with a pair of eyes. There was only beast instinct in his eyes, and he couldn't see a trace of reason. The fierce killing intent came to Chen Feng.

Then he brushed it, his figure flashed, and he came directly to Chen Feng.

He was huge, but his speed was extremely fast. After arriving in front of Chen Feng, he slammed a fist towards Chen Feng.

At this moment, Chen Feng had even just reacted and quickly drew out the Dragon Slaying Knife and slashed it out severely.

[Chapter 1423: Make me kneel?](#)

With a loud bang, the Dragon Slaying Knife and the fist of this huge sweat slammed into each other, and the Dragon Slaying Knife, which had always been so sharp and indestructible, was directly smashed into a fist-sized wound.

The fist of this giant man was undamaged, and Chen Feng was shocked: "What kind of monster is this? Even if it is tens of meters of steel, the dragon slaying knife can cut it off with a single blow, and the fist of this monster can actually kill the dragon. The knife broke out of the gap?"

Chen Feng felt distressed and horrified.

The monster fisted the Dragon Slaying Sword away, and then slammed it with another fist thinking of Chen Feng.

Chen Feng took a deep breath and blasted his left fist.

With a bang, he was beaten out for several tens of meters and fell heavily to the ground with a muffled grunt and blood spilled from the corner of his mouth.

But this monster was unscathed. He was extremely energetic. He didn't stop at all, brushing it, and he came directly in front of Chen Feng and punched out again.

With a flick of Chen Feng's right hand, Lei Ting's broken star slammed his fist.

With a muffled roar, the giant man's thunder broken star finger, which can easily annihilate the tens of meters high stone mountain, just punched his fist into a blood hole with the thickness of a finger.

Chen Feng was even more shocked: "What is the origin of this giant? Why is it so powerful?"

The giant man was in pain, and did not reduce the power of his offensive at all. Instead, it stimulated him. The offensive became more and more fierce. He hit frantically one after another, and forced Chen Feng to retreat.

This big man's offensive was unstructured, he didn't have any moves at all, and he didn't know how to use any moves, relying solely on his physical instincts to constantly punch and attack.

But his body is too tyrannical, the speed is extremely fast, and the strength is extremely powerful, at the same time the physical strength is also great, the defense power is 30 times more than steel, and 100 times more than granite.

Chen Feng was forced to retreat by him.

boom! He hit Chen Feng with a fist, and directly blasted Chen Feng out, vomiting blood, feeling multiple fractures on his body, and even some internal organ displacement.

Chen Feng knew that he had to use all his strength, and even if he used all his strength, I was afraid it would be nothing more than the same as him.

If I am hiding, I am afraid I will die here today!

Chen Feng took a deep breath, suddenly his figure flashed, and he came directly hundreds of meters away.

Then, a great sword of true essence in his right hand was quietly formed, and the transparent divine light of his left hand was suddenly bent, and a big bow suddenly appeared. Then he took a deep breath and shot the sun divine arrow suddenly condensed.

With a scream, the field control was torn apart, as if it was enveloping the brilliance of the sun, like a small sun smashing at the giant man.

With a loud bang, it hit the giant man's body severely.

At the beginning, Chen Feng shot the Sun God Arrow with this move, directly inflicting serious injuries to death from the Sixth Rank Powerful of Wujun Realm, and then the remaining power of shooting Sun God Arrow crushed a stone mountain several hundred meters high.

This time, after hitting the Iron Giant Slave with the Sun Shooting Arrow, it suddenly exploded with a bang.

A big hole the size of a washbasin was shot through the iron giant slave, directly piercing his chest and back, and Chen Feng could even see the scenery behind him.

But this iron giant slave, even though he was seriously injured, was not dead at all. Instead, he let out a fierce roar and rushed towards Chen Feng.

His power is even stronger than before!

Chen Feng was horrified: "The Sun-Shooting Divine Sword has nothing to do with him. What is the origin of this person?"

Chen Feng shot the sun-shooting arrow soaringly with a bang. This time the sun-shooting arrow hit the huge iron chain on the iron giant's chest.

The huge iron chain was directly blown and flew out, from interruption to two pieces, and at this moment, the body of the iron giant suddenly stopped.

His chaotic eyes suddenly became clear, the beast instinct in his eyes disappeared, and he looked at Chen Feng in a daze.

Chen Feng looked at him guardedly. If he dared to rush forward, Chen Feng would have to use thunder to break the stars.

But to his surprise, at this moment, the Iron Giant Slave suddenly turned around and rushed towards Yu Wenyan.

With an extremely resentful look on his face, he roared loudly: "You Yuwen family, kill my parents, I will kill you for my life!"

It turned out that the collapse of the iron chain actually restored his sanity temporarily.

Seeing this scene, the woman Mingyan was so scared that she screamed, her eyes filled with panic. She knew how terrifying this giant iron slave was, and she could crush her with a single pinch.

At this time, she seemed to think of something, and suddenly took a bell from her arms and shook it vigorously.

As the bell made a burst of fascinating and crisp sound, the giant man suddenly thumped and fell heavily to the ground, clutching his head and yelling miserably.

He convulsed all over, and when the pain was extreme, he foamed at the mouth!

Yu Wenyan yelled in panic: "Go back! Go back!"

The giant Tie obediently bent down, opened the fence, and got in by himself.

Only then did Yu Wenyan breathe a sigh of relief and stopped the bell in her hand.

At this time, more than a hundred city guards wearing iron armor strode over, and the leader of the team was unexpectedly the fourth level cultivation base of Martial Sovereign Realm.

Chen Feng looked at it, his eyes narrowed, this is Wuyang City, this is the capital of the Great Qin Emperor.

The captain knelt down respectfully and said to the Mingyan woman: "Miss Yuwen, I don't know what can I do for you?"

Yu Wenyan pointed at Chen Feng and screamed: "This pariah, take care of your business! It disturbed me and almost killed my slave. You killed him!"

"Yes!" The captain of the city guard, regardless of whether it was indiscriminate or indiscriminate, did not ask any reason at all. He directly drew out the knife and brought a hundred city guards to kill him fiercely towards Chen Feng.

Yu Wenyan suddenly said: "Don't kill him yet, grab him, let him kneel in front of me and knock me a hundred beeps, and then you kill him again!"

She looked at Chen Feng and said with a shrill smile: "I just want to humiliate you, aren't you arrogant? I just want to humiliate you!"

The city guard walked over and came in front of Chen Feng. He smiled grimly, and pointed his black long knife at Chen Feng: "Untouchable, you dare to offend Miss Yuwen. You are so tired and crooked. Kneeled obediently and did not resist. , You can live a little longer, or you will die now!"

Chen Feng looked at them and said coldly: "You are the Great Qin City Guards, but you don't want to ask indiscriminately, you will kill people directly. Is this your duty?"

"Boy, what are you? You dare to accuse me?" The captain of the city guard sneered, "Who do you think you are?"

"Are you a nobleman in the Mansion of the Four Great Lords? Just a **** like you, if you see me, you have to kowtow!"

[Chapter 1424: Who kneels for whom?](#)

"Oh? You mean, let me kowtow to you, right?" Even the Dragon God Hou Chen Feng would not kneel, so how could he kneel for such a person?

"That's right!" The captain of the city guard pointed at Chen Feng and said proudly: "You are limited to three breaths and kneel here, or I will be welcome."

Chen Feng looked at him, narrowed his eyes, and suddenly said softly: "It is not me who is kneeling, but you!"

"What? I'm kneeling? I'm kneeling for you?" The captain of the city guard was taken aback for a moment, and then burst into a burst of extremely disdainful laughter.

He pointed to Chen Feng, turned around, and said to his subordinates: "This untouchable person is crazy, right? He actually said that I should kneel for him? Hahaha!"

"This pariah really doesn't know how high the sky is, he doesn't even know how good you are, Captain! You teach him a lesson, and he will never say that again!"

"Yes, what does this untouchable think he is? He knelt down to the captain, it was the captain who looked up to him and gave him an offer!"

The captain of the city guard was extremely proud, he laughed, turned his head to Chen Feng, and said, "Have you heard? Kneel down!"

At this time, Chen Feng was so busy, turned his hand, took out an object, moved forward, and said lightly: "You have the courage to say it again? Do you dare to let me kneel to you?"

"Do you think you can frighten me with anything you want?" The city guards glanced carelessly and said with disdain.

Suddenly, his eyes condensed, his eyes fixed on the thing in Chen Feng's hand, his face showed extreme fear. His face was pale, and his body trembled slightly.

And the city guards behind him, without seeing this thing, pointed at Chen Feng and cursed impatiently: "Kneel down!"

Suddenly, the captain of the city guard turned around, slapped the city guard's face with a fierce slap, and sternly shouted, "Shut up!"

Then he turned his head, looked at Chen Feng, his lips trembled, and said, "This? This is?"

Chen Feng said slowly: "This is the Five-Claw Golden Dragon Guard token."

The captain of the city guard trembled and said, "Then, you, your relationship with Long Shenhou?"

Chen Feng smiled slightly: "I am the disciple of the Dragon God Hou Guan, Chen Feng."

He suddenly shouted sharply: "Seeing the Five-Claw Golden Dragon Guard token, if you see the Dragon God Hou himself, don't you kneel down quickly?"

In the end, the voice was raised and turned into a roar.

The captain of the city guard trembled heavily, and with a plop, he knelt directly on the ground, squatting his head frantically at Chen Feng.

While kowtow, he pleaded loudly: "The villain has eyes but does not know Mount Tai! The villain has eyes but does not know Mount Tai. You have offended your old man. Forgive, forgive, you don't kill me!

The city guards behind him were immediately stunned, but then they reacted, and the sound of iron armor suddenly sounded, kneeling down a large area, and begging for mercy frantically.

Those onlookers around, seeing this scene, were shocked and stunned.

A moment later, a huge voice of discussion broke out.

"What? This unremarkable ordinary young man turned out to be a personal disciple of the Dragon God Hou? And he actually possesses a five-claw golden dragon token?"

"It shows that the Dragon God Hou trusts him extremely, this person is an incredible figure!"

"Yu Wenyan is really ridiculous. I want him to kneel down and call him a pariah? Compared with him, the Yuwen family is a pariah!"

Chen Feng's voice spread far away, hula la, kneel down on the whole street.

Tens of thousands of people on the street knelt down to the dust and kowtow to Chen Feng!

Chen Feng stood proudly in the middle of these ten thousand people.

He looked at Yu Wenyan who was stunned and couldn't believe it, and said lightly: "Yu Wenyan, kneel down!"

Yu Wenyan was taken aback for a moment, then a pretty face flushed red, and she screamed: "Chen Feng, you daredevil, so brave! You dare to let me kneel?"

Chen Feng sneered, "Is it wrong to make you kneel?" *noVelusB.cOmm*

"The status of the four great mansions is much higher than that of the five great families. Seeing the golden dragon token, such as the dragon god, is there to face the dragon god, what right do you not to kneel?"

"Don't you think your Yuwen family can already surpass the four great mansions?"

Yu Wenyan was frightened by these words. If she dared to hold on, it would be equivalent to sitting down.

But her Yuwen family simply cannot bear this charge!

Chen Feng roared again: "Yu Wenyan, don't you kneel down?"

Yu Wenyan bit her lip with extreme resentment in her eyes, but she still walked down and knelt in front of Chen Feng.

A smile appeared at the corner of Chen Feng's mouth. He walked up to her, and suddenly grabbed her by the hair, pulled her up, and asked softly, "Who is a pariah?"

Yu Wenyan trembled all over, lowered her head, and said, "I am a pariah."

Chen Feng nodded slowly: "Yes, it's pretty self-aware!"

Then, he walked up to the captain of the city guard, looked at him, and said lightly: "Just now. You are going to kill me indiscriminately. Are the city guards in Wuyang City all your virtue?"

His expression was extremely calm, but the murderous intent in his eyes could not be concealed at all.

The captain of the city guard trembled and couldn't say a word.

Chen Feng smiled slightly: "For someone like you, staying in the city guard can only be a curse."

As he said, his palms shot out one after another, directly shattering his whole body bones, and then kicked his dantian.

The commander of the city guard screamed sternly, his dantian was broken, and his cultivation was abolished!

Looking at the crowd, Chen Feng said slowly: "I don't ask for anything, I only ask for fairness."

"You city guards were supposed to defend everyone, but you were driven by these nobles to become their lackeys and wantonly insult us civilians."

"You remember it for me, don't hit my hand again, otherwise, he will be your role model!"

These city guards shivered, and no one dared to say anything to refute.

Chen Feng looked at the crowd and shouted loudly: "I am Chen Feng, the disciple of Long Shen Hou's gate, Chen Feng! Whoever refuses to accept, you can fight with me!"

The scene was silent, and no one dared to speak.

Then Chen Feng helped the middle-aged man who was whipped up and smiled and said, "Brother, don't be afraid. If the Yuwen family dares to harm your family, I will commit suicide to the Yuwen family and let them pay for your life. !"

With a grateful expression on his face, the middle-aged man grabbed Chen Feng's hand and thanked him one after another.

"Master Chen, my name is Zhao Hong!"

Chen Feng turned his head and glanced at the crowd, then quickly swept out the middle-aged man, and disappeared in an instant.

At this time, everyone dared to stand up, with a look of wonder in their eyes.

It is conceivable that Chen Feng's reputation will resound in Wuyang City in the next instant, and many big family forces will know the existence of this name.

[Chapter 1425: Luo Zilan's crisis](#)

In fact, the main purpose of Chen Feng's coming out this time was to find Luo Zilan and to rebuild Yuxiu.

Wuyang City is very large, with a population of hundreds of millions and a city radius of thousands of miles. It is difficult to find two people, but it is very easy for Chen Feng, because he agreed with Zhong Yuxiu a long time ago to be outside the South City Gate Make a mark.

Soon, Chen Feng found a very secret engraving on a rock outside the South City Gate, and then stepped into the South City Gate according to the clues on the engraving, searching all the way.

Two hours later, Chen Feng raised his eyes and looked at the courtyard at the end of the alley in front of him, with a slight smile on his mouth.

This house is very concealed and unobtrusive, and the surrounding area is very convenient for escape.

"It seems that Chongyu Xiu really has improved a lot than before!" Chen Feng whispered to himself.

Chen Feng stepped forward and just outside the house, he suddenly heard a panic shout from a woman inside.

Then, Zhong Yuxiu's angry voice came out: "Let go, let go!"

Then, a firm voice came from the soft beauty: "Why are you here to arrest people?"

Chen Feng is very familiar: "This voice is Luo Zilan!"

Then the next moment, with a snap, Chen Feng heard a crisp sound, followed by a woman's scream.

An arrogant male duck voice came over: "The uncle is a nobleman, it's that simple! And you just came to Wuyang City from outside, powerless civilians!"

"So, I can insult you wantonly!"

Then, there was a burst of laughter.

With a cold face, Chen Feng came to the door, slammed and kicked it hard, and the two doors flew in immediately.

Chen Feng strode away, and then he saw that in the courtyard at this time, a young man in his twenties was standing there, and his seven or eight powerful and burly men were standing there. The two women caught.

The two women are Luo Zilan and Zhong Yuxiu.

Luo Zilan's veil was gone, Luo Zilan and Zhong Yuxiu each had a huge red palm print on their faces, and their faces were both red and swollen.

Luo Zilan even had blood from the corners of her mouth, and Chen Feng looked at it, and her eyes suddenly burst into tears!

He looked at the noble son with cold eyes, with an undisguised murderous in his eyes.

The appearance of Chen Feng also made these people calm, and after seeing Chen Feng's dress clearly, their expressions became relaxed.

The noble son glanced at Chen Feng disdainfully, and drank lightly: "Untouchables, get out!"

Chen Feng popped a few words out of his teeth: "Who do you let go?"

"Of course it's for you!" The noble son said impatiently: "Untouchables are untouchables. I can't even understand the words. I still need to explain."

Chong Yuxiu and Luo Zilan were so excited when they saw Chen Feng, they shouted: "Chen Feng, you are finally here!"

Chen Feng rejoiced: "Fortunately, I came in time."

Luo Zilan looked at Chen Feng, the water in her eyes was full of endless talk and joy.

There was a big man with a green robe next to the noble son. Seeing this scene, he suddenly smiled and said, "Untouchables, are you their man?"

"I can't tell, you untouchable, although your status is humble, but Yanfu is not shallow!"

"This woman," as he said, he pointed to Zhong Yuxiu, and said with a smile: "Body and face are the best choices, as for this, it's a lot worse!"

He pointed to Luo Zilan, with a look of disgust and said: "You can handle such an ugly monster. How can I say hello?"

After he finished saying this, his accomplices all laughed out loud and looked at Chen Feng and Luo Zilan jokingly.

A faint color flashed across Luo Zilan's face, she lowered her head, not wanting Chen Feng to see her face.

With a murderous flash on Chen Feng's face, he said with a cold voice, "You are looking for death!"

He knew that Luo Zilan had always been very inferior to her appearance, so when Chen Feng and Zhong Yuxiu were with her, they were always careful not to mention it, for fear that she would be sad.

But at this time, the big man in the green robe yelled out without scruples, which made Chen Feng extremely angry.

"I'm looking for death?" The green-robed man was taken aback for a moment, and then he laughed, looking at his companion and said: "Is this kid crazy? To say this, he is just a lowly powerful, dare to do so. speak?"

He suddenly smiled grimly, staring at Chen Feng and said: "You untouchable, you will pay for what you just said!"

As he said, he looked at the noble son and smiled: "San Gongzi, I have an idea. It is better to hit the sun if you choose another day. I don't think you need to take the two of them back to the house. You can just enjoy it here. Both of them!"

"Then the subordinates waited for someone, restrained the untouchable, and let him watch him by the side, making him worse off than life, and grief and anger.

When the noble son heard this, he laughed, clapped his hands and said, "Okay, this is a good idea."

Several big guys walked towards Chen Feng with a grinning grin. The big green-robed guy in the lead said with a smile: "Untouchables, do you abolish the cultivation base yourself, or bother us to do it?"

A look of panic appeared on Luo Zilan's face, and she shouted: "Chen Feng, you don't care about us. All of them have the cultivation base of Martial Sovereign Realm. You are not their opponent! Run away!"

She was very worried and anxious.

A warm current surged in Chen Feng's heart: "Sister Luo is always the person who cares about me most."

He smiled and looked at Luo Zilan, and said, "Sister Luo, don't worry, these few chicken dogs are not in my eyes. If you want to destroy them, one move is enough!"

The burly men laughed disdainfully after hearing this: "This kid is arrogant and ignorant, and he also likes to brag. He actually said he wanted to kill us with one move?"

The green-robed man pointed to his face arrogantly, and said, "Boy, come on! Come on! I'm waiting for you, are you killing me?"

Then, his expression became hideous, staring at Chen Feng, and shouted: "If you can't destroy me, I will destroy you!"

At this time, Chen Feng's expression became calm, and a smile appeared at the corner of his mouth: "You are all going to die!"

He originally only wanted to kill the people who beat Luo Zilan and Chongyu Xiu, or abolish one of their arms, but now they have completely angered Chen Feng.

Several big guys looked at each other, and suddenly they all rushed towards Chen Feng. Chen Feng smiled slightly: "Good job!"

With a violent cry, the Dragon Slaying Sword in his hand slashed horizontally, and huge and incomparable power surged crazily.

The faces of several big guys changed drastically, and they shouted loudly: "How can this kid have such a strong strength?"

[Chapter 1426: Old woman in black](#)

"This pariah is very powerful, I actually feel unable to resist!"

They didn't pay attention to Chen Feng at all, and only used three to five percent of their skills, but now they immediately turned offensive to defensive, using their most powerful tricks to try to resist.

But it had no effect at all, the Dragon Slaying Sword smashed their moves frantically, and then slashed fiercely on their bodies.

With a loud bang, five of these six burly men were chopped in two, and then their bodies burst into pieces and turned into blood mist.

The man in the green robe was the strongest, but he also made a huge wound on his body, with a broken stomach, visible internal organs.

He fell heavily to the ground, vomiting blood, looked at Chen Feng, his face was shocked: "You, how could you?"

"How can you untouchable have such a powerful strength?"

Chen Feng looked at him and smiled slightly: "What I told you just now, one move, I can solve you all!"

With that said, Chen Feng slowly walked towards him with the Dragon Sword.

The man in the green robe roared in panic: "You, what are you doing?"

"What are you doing?" Chen Feng said with a grim smile at the corner of his mouth: "If you dare to move my woman, I will kill you!"

"Ah, you can't kill me!" The green-robed man yelled, "I am..."

Before the words finished, Chen Feng's Dragon Slaying Sword was cut down, and with a thud, the man in Qingpao was also the first two paragraphs!

The skull rolled aside, then Chen Feng licked the corner of his mouth, showing a bloodthirsty smile, looked at the noble son, and said, "Now, it's your turn!"

The noble son was very calm at this time. He snorted disdainfully, pointed at Chen Feng, and said proudly: "If you come over now, kneel down and kowtow to me, and then offer your two women obediently, I will still consider sparing you! Even let you follow me."

"what?"

Chen Feng frowned and stared at him: "Is this person mad? Is he still so arrogant and arrogant?"

The noble son said proudly: "I am Yu Wenming, the second son of Yuwen's family!"

He looked at Chen Feng and laughed arrogantly: "How is it? Untouchables, are you frightened by the reputation of my Yuwen family?"

When he saw Chen Feng not speaking, he thought Chen Feng tacitly agreed and laughed loudly: "If this is the case, why don't you quickly do what I said?"

"Now, hurry down on your knees and kowtow to me to apologize!" He took it for granted, extremely arrogant.

Chen Feng suddenly shook his head slowly and said lightly: "Your Yuwen family is really a bunch of choppy, disgusting and dirty things!"

Yu Wenming heard this, and was stunned, and then she roared furiously: "You bitch, how dare you say that to me? You wait for me, and I will definitely abolish you! I will make you miserable!"

Chen Feng smiled slightly: "Then I have to abolish you first!"

With that said, Chen Feng slayed the dragon sword with a cross cut, Yu Wenming was startled, and he swung his punches in a panic, screaming in his mouth: "You dare not kill me, you dare not kill me!"

The next moment, the scream stopped abruptly.

He was split into two by Chen Feng.

And at this time, suddenly, beside his body, a piece of jade pendant gleamed with verdant light.

Then Chen Feng saw something flying out of Yu Wenming's body and into the jade pendant.

Then, Yu Pei brushed it, and was about to run away.

At this moment, Yu Wenming's shrieking scream came from Yu Peizhi: "Chen Feng, you untouchable, you wait for me, I will definitely kill you!"

Extremely bitter.

Chen Feng smiled: "Want to run? Can you run away?"

Then, with a flick of his finger, the speed of Thunder's broken star finger was extremely fast, and with a light sneer, it hit the jade pendant silently.

There was no earth-shattering explosion, and the jade pendant was directly broken and extinguished, turning into countless dust and disappearing.

At this point, Yu Wenming was completely killed by Chen Feng, and even his soul did not escape.

At this time, the danger is eliminated.

Chen Feng looked at Luo Zilan and opened his arms.

With a sob, Luo Zilan rushed towards Chen Feng, plunged directly into Chen Feng's arms, and hugged him tightly.

Chen Feng hugged her and said in a low voice: "I'm late, I've made you wronged."

At this time, next to this yard, on a street outside the three yards, about 500 meters away.

An old woman in black is floating on the roof, her gaze is indifferent. She looked at it, her eyes seemed to see through more than a dozen walls and houses, and she could see everything that happened here.

She has a face, like a dry tree bark, very wrinkled, but there is no evil in her eyes, just a indifferent depression.

The street she was on was very lively, with people coming and going, and many people walking around beside her, but no one looked at her.

It seems that no one can see her at all, her figure is like illusion, constantly interspersed between reality and illusion.

If the top master of the Great Qin Empire saw this scene, they would be shocked and speechless.

Because this is a very powerful and deep level, even in Da Qin State, few people can reach this level.

At this moment, in front of her eyes, she saw the scene in that small courtyard truly.

Just when Luo Zilan and the others, to be precise, when Luo Zilan was beaten, she shook her hand and couldn't help but start.

But then, Chen Feng broke in, so she put her hand down again.

She watched the next scene. She stared at Chen Feng, with a curious look in her eyes, and a slight smile appeared at the corner of her mouth. She said, "It's not bad. See such a person."

"He made such an achievement at a young age. In Qin, he should be considered a genius. Even with me, he can be considered a good talent."

"Unexpectedly, coming to Qin State, there are some additional discoveries, that girl is very good, this boy is also very good!"

At this moment, Chen Feng in the house suddenly frowned and looked towards one place, where there was a wall and nothing.

Luo Zilan, who was next to him, met and asked quickly: "Chen Feng, what's wrong? What happened?"

Chen Feng shook his head and said, "It should be an illusion. Just now I felt like I was being spied on."

Zhong Yuxiu said, "Where is there any other person here?"

Chen Feng said: "Yes, I should have been too careful and had an illusion."

He went on to say: "I'm afraid the Yuwen family won't let it go, and they will definitely come to provoke. Let's leave here quickly."

"It is good."

The three of them cleaned up a bit, and then left here quickly.

At this time, the black-clothed old woman looked at their leaving back, slowly shook her head, and whispered to herself: "Zongmen rules, it's easy to get rid of it. It turns out that this girl has a young guardian, so I can't just intervene. "

[Chapter 1427: Take money to crush you!](#)

"This girl, this blood, this talent, and our sect, and my department, are very compatible."

"If she doesn't have a guardian, I can take the opportunity to save her life and bring her into the sect, but now, it's a little troublesome."

She curled her lips in disapproval, and said: "They are all those old guys who don't change from the past. They don't make any rules, don't force them, everything has to be reasonable... I pooh!"

"In this world of warriors, where the weak and the strong eat the strong, how can there be so much truth? My fist is the truth!"

With that, the figure suddenly shook, and disappeared!

This is a nine-story pavilion, which is hundreds of meters high and very spacious.

At the gate of the pavilion, people come and go, and on the pavilion, there is a huge plaque: Yaoxiang Pavilion.

Obviously, this is a large-scale pharmacy, even if it is far away, there is a smell of medicine.

The whole street is full of various pharmacies, and Yaoxiangge is the largest one among them.

Chen Feng and Luo Zilan walked in slowly, and there were a few small two standing at the entrance of the pavilion.

This junior is obviously well-informed, and did not despise Chen Feng and the others because they were very simple, or even shabby, and greeted them very warmly, smiling and saying:

"This guest officer, don't know what you want to buy?"

Chen Feng said slowly, "Do you have any medicine to detoxify and restore your appearance?"

"Detoxification and restore appearance?" The little Eryi was taken aback when he heard it.

Then, he glanced at Luo Zilan, who was wearing a veil next to him, with an enlightened look, but this little second was very knowledgeable and witty, did not say any nonsense, just thought about it, and said: "We have a lot of detoxification drugs. , But there may not be those who restore their appearance."

Chen Feng said, "Take me to see."

The little Er answered, and enthusiastically led the three of Chen Feng into it.

This time, it was more than half an hour.

Xiao Er took Chen Feng and walked from the first floor to the sixth floor. He saw no less than thirty kinds of antidote elixirs, ranging from the third to the sixth grade, but none of them could meet Chen Feng's requirements.

A look of disappointment appeared in Chen Feng's eyes. The little second had been with him for so long, and he became a little impatient, and said without a smile:

"This guest officer, your requirements are too many and too demanding!"

As he said, he pointed to a jade box in front of him and said: "There is a sixth-grade Sanqing Jiedu Pill, which has excellent effects. Of course, the price is very expensive..."

Having said that, he looked at Chen Feng, smiled and said, "Actually, even if you see this pill, you may not be able to afford it."

He had been around with Chen Feng for so long and was very impatient. He felt that Chen Feng was very picky, so at this time, his words were a little bit irritating and a little unpleasant.

A middle-aged fat man with luxurious clothes next to him also sneered disdainfully, looked at Chen Feng, and said, "You should be a pariah from outside, right?"

"You can tell by the shabby style of your clothes. Can you come to this kind of place? You can't afford to bankrupt any pill!"

As he spoke, he burst into laughter.

Next to him was a young coquettish woman who giggled and said compliment: "Jin Ye, you are right, not everyone is as rich as you!"

The corner of her eye twitched, and she glanced at Chen Feng disdainfully, and said: "This kid, at first glance, is a poor ghost, I am afraid that there is no 10,000 yuan stone under his body!"

Chen Feng looked at them lightly without speaking.

And this behavior, the middle-aged fat man thought it was a sign of weakness, and even more proud, he laughed and said: "Untouchable, come over and kowtow to me, scream grandpa, listen to you, I will buy you what you want!"

Chen Feng raised his brows and looked at him with a chill in his eyes.

But he didn't want to cause trouble here. He could feel the contempt of Xiao Er. He didn't want to be familiar with him. He just said indifferently: "How many yuan stones are this pill?"

Xiao Er waved his hand and said, "Forget it, you can't afford it, so hurry up! Don't waste time here!"

Chen Feng suddenly condensed his brows, staring at him and asked, "I ask you, how much is this thing worth?"

Feeling Chen Feng's icy gaze, Xiao Er trembled all over, and there was a chill from the bottom of his heart.

He couldn't help but said: "Five to five hundred thousand yuan stones!"

Chen Feng shook his head, a faint smile appeared at the corner of his mouth, and suddenly he waved the golden dragon ring in his right hand, and then suddenly there was a mountain in front of Xiao Er.

A mountain made of original stones.

I'm afraid it is made up of dozens of millions of yuan stones, and each of them is crystal clear and huge, equivalent to ten other yuan stones!

Chen Feng said lightly: "This is one million yuan stones, and each one is equivalent to ten ordinary yuan stones. When you count it, it is a total of ten million yuan!"

He looked at Xiao Er and said word by word: "Do you think I can afford it, or can't I afford it?"

Xiao Er was completely suppressed, her face was shocked, and her heart was extremely regretful.

It turns out that this simple and plain young man has such a wealth of financial resources, he is really blind.

This young man might even stop buying things in the store because of his two sentences just now, which would cause him a very heavy loss.

His face was extremely flattering and humble, and his straight waist suddenly bent down. Looking at Chen Feng, he slapped his two ear scrapers. They slapped them very hard, and the corners of his mouth were bleeding.

Looking at Chen Feng, he said: "This young man, the villain has eyes but no knowledge of Mount Tai, and some eyes don't know Mount Tai. You can afford it, and even the more expensive you can afford!"

Chen Feng smiled faintly, then looked at the middle-aged fat man, smiled and said, "What do you think?"

The middle-aged fat man looked very ugly at this time. Looking at Chen Feng, there was a look of fear in his eyes.

When Chen Feng was so young and able to produce so many Yuanshi at one time, he immediately realized that Chen Feng was definitely not an annoying character.

Seeing him not speaking, Chen Feng slowly walked over to him, smiled and said, "What am I asking you, did you hear?"

Although he was still smiling, his eyes were cold and murderous.

The middle-aged fat man trembled all over, and he suddenly realized that he seemed to have provoked a powerful existence that he couldn't provoke at all.

He hurriedly laughed and said, "I said something wrong just now. You have a lot of money. There is nothing you can't afford here!"

Chen Feng said lightly: "Is this over?"

The middle-aged fat man asked in amazement: "Then what do you mean?"

Chen Feng said lightly: "If I remember correctly, someone seemed to make me kneel in front of him and kowtow to him, grandpa!"

[Chapter 1428: grandfather!](#)

The middle-aged fat man immediately trembled and hesitated, as if he could not make up his mind.

Chen Feng looked at him with a smile and said, "You can't seem to make up your mind. Would you like me to help you?"

The middle-aged fat man had a look of fear in his eyes, gritted his teeth, banged, fell directly to his knees, and shouted: "Grandpa!"

Chen Feng laughed: "That's right, good grandson."

The middle-aged fat man was shivering, his face was extremely humiliating.

He is also a person of great status, and has always been domineering, and naturally can't stand this humiliation, but at this time he dare not kneel to Chen Feng.

At this time, he was full of regret: "Why should I provoke such a evil star?"

He wanted to stand up. At this moment, Chen Feng suddenly said in a cold voice: "Did I make you stand up?"

As he said, the momentum was severely suppressed, and the middle-aged fat man was immediately crushed on the ground. He could feel Chen Feng's killing intent.

He knew that if he disobeyed Chen Feng's will, he would die directly.

Because of fear, he was so pale that he couldn't say a word, and fell to his knees, shivering.

Chen Feng turned his head to look at Xiao Er and said, "What valuable pill is there in your pavilion? Take it out and let me see it!"

Xiao Er quickly said: "I can't be the master, I have to report to the shopkeeper."

Chen Feng said, "Hurry up."

Xiao Er nodded quickly, and ran away quickly.

Chong Yuxiu looked at Chen Feng and laughed, "Chen Feng, you are so powerful!"

Chen Feng said lightly: "Some people, just like a dog, you treat them with good looks, but they will bite you. You have to give them a severe lesson and let them know who is the real strong."

The middle-aged fat man was even more humiliated when he heard it, but he knew that this was the price he paid for what he had just said and done.

Soon Xiaor came back. Behind him there was an old man in his sixties, with white hair, white beard and white eyebrows, a thin appearance, and a powerful body.

The old man smiled and looked at the Yuanshi hill next to Chen Feng's hand, and said: "This young man, the old man's name is Lu Dongshan, you can call me shopkeeper Lu."

Chen Feng nodded.

Lu Dongshan said: "Does the son need a strong interpretation medicine?"

Chen Feng nodded: "That's right."

Lu Dongshan stretched out his hand and said, "Let's talk inside."

The three of Chen Feng followed the shopkeeper to a secret room deep on the seventh floor, and then Lu Dongshan glanced at Luo Zilan and said, "I take the liberty to ask, are you looking for medicine to treat poison, but to save her? "

Chen Feng nodded: "Yes."

Lu Dongshan pondered for a moment, and said: "If I want to know exactly what to do, I need to look at her injuries."

Chen Feng hesitated, looking at Luo Zilan, Luo Zilan smiled slightly and said, "Chen Feng, it's okay, I don't care too much about myself now. The more I care about it, the easier it is to get hurt."

With that, Luo Zilan took off the veil, and after seeing her face under the veil, Lu Dongshan slowly nodded and said, "I already understand."

Chen Feng asked with some expectation: "I wonder if you can have this kind of pill here?"

Lu Dongshan pondered for a moment, and said, "I don't want to hide it from my son, now I really don't have this medicine."

A look of disappointment appeared on Chen Feng's face, but Lu Dongshan continued, "But, our Yaoxiang Pavilion is a subordinate of the Shenyao League. There are countless drug stores under the Shenyao League, and each of them is of a huge scale. There are many herbs in it."

"The power of the Shenyao League is not even limited to the Qin State! Therefore, I can report to the Shenyao League and ask them to mobilize a pill of this kind, but if you do so, it will take a long time and the price will be low. Very expensive!"

Chen Feng said excitedly: "It's okay, I can wait. The price is expensive."

Lu Dongshan smiled bitterly: "But the problem is that even if it is a pill that has reached the seventh rank, it can only remove the toxin. If you want to restore her face, the possibility is only 30%. As for the restoration of her strength, it is even more important. almost impossible."

When Chen Feng heard this, he was very disappointed.

Lu Dongshan thought for a while and said to Chen Feng, "Master Chen Feng, I can provide you with a clue. You will definitely not go in vain if you go to this person."

"This person is a master of poison refining, and he is also a master of refining medicine. He can at least remove poison and restore her appearance, maybe he can help her restore her strength."

Chen Feng quickly asked: "Who?"

Lu Dongshan said a few words in a low voice. After Chen Feng heard it, he clasped his fists and said gratefully: "Thank you, shopkeeper Lu, for your guidance."

Lu Dongshan smiled slightly and said: "It is an old honor to be able to meet a young military like Master Chen Feng. This news is indeed very expensive, but I think it is worth it to exchange it for your friendship!"

"Please also Master Chen Feng, who will become old in the future and treat the Magic Medicine League as your friend."

Chen Feng took a deep look at Lu Dongshan. This person is by no means simple. He made it clear to show his favor, but he did not cover up, but said it openly, which made him feel more like it.

Chen Feng smiled and said, "Don't worry, I'm not the ungrateful person."

When I went out, I saw the middle-aged fat man still kneeling there.

Chen Feng stepped forward, smiled slightly, and said, "Get up!"

The middle-aged fat man dared to stand up, staggering, almost unable to stand firm.

Chen Feng said indifferently: "I will teach you a lesson, so that you won't offend others who can't afford to offend in the future. At that time, others will not be as merciful as I am. They will only let you kneel. Maybe it will kill you. possible!"

Chen Feng patted his fat face lightly, turned and left.

After half an hour, Chen Feng looked at the huge and towering building in front of him. Chen Feng took a breath and said, "This is the General Assembly of the Great Qin Pharmacist Association!"

In front of me, there is a huge building towering into the clouds, reaching a height of more than a thousand meters. It has only one floor. Yes, it looks like only one floor.

A total of twelve huge pillars, more than a thousand meters high, run through the sky from bottom to top, making people unable to see how tall the building is when they look up, as if they are straight into the sky.

Outside the Association of Alchemists, thousands of guards dressed in silver armor and armed with various weapons such as long spears and knives stood proudly.

Of these guards, each of the weakest is a strong one in the Martial Sovereign Realm.

In the gate, pharmacists in white robes came in and out, and Chen Feng stood here for a while, seeing more pharmacists than he had seen in the first half of his life.

[Chapter 1429: Is it wrong to call you trash?](#)

"It's worthy of being the general meeting of the entire Great Qin State Apothecary Association!" Chen Feng pulled his robe and walked toward the hall.

The clue Lu Dongshan gave him was to come to the Great Qin State Pharmacist Association to look for someone.

At this time, Chen Feng was wearing a black burqa, even covering his face, making him unclear about his appearance.

And just as Chen Feng was about to step into the gate, suddenly on both sides of the gate, two silver armor guards stepped forward and stretched out their hands to block him outside.

The one on the left said coldly: "The idlers stop!"

The one on the right looked at Chen Feng up and down, and said coldly, "Boy, is this where you came from?"

"Everyone who comes here is a noble alchemist, what about you? What are you? You deserve to be here too?"

The other one simply drove away impatiently: "Get out, get out now, don't get in the way of the noble pharmacist behind!"

Chen Feng looked at them with a light smile on the corner of his mouth: "Then you mean, I can't be a pharmacist?"

"Of course!" The two guards snorted disdainfully, and said, "Just your poor appearance, and you want to be a pharmacist? You don't want to pee and see for yourself what virtue is!"

Chen Feng twisted his brows, and there was a cold look in his eyes.

At this time, a voice came from behind Chen Feng: "The untouchables in front, get out of me quickly!"

Chen Feng looked back and saw that he was a young man in Huapao who was in his twenties, walking towards him.

His robes are extremely luxurious. At first glance, they are made of first-class materials, not even lower than sixth-grade spiritual materials. On his chest, there is an alchemist badge with two small alchemists engraved on it. tripod.

Obviously, this person is a second-grade alchemist.

He looked at Chen Feng disdainfully, and said coldly: "Get out of the way, I have limited patience, I don't want to say it again!"

As soon as the two guards saw him, their faces immediately showed flattery. One of them came up and pushed Chen Feng, and said impatiently: "Get out, get out, get out of the way, don't stand in the way of the prince!"

The other person walked up to the prince and smiled flatteringly, "Prince prince, are you free today?"

The prince smiled slightly and said: "Come here to buy a few pills. I just took in a concubine, and I always want to help her look good."

"Hahahaha..." The guards all agreed with a smile and said, "The prince is so Yanfu, this is the 67th concubine you have accepted in three years!"

The prince nodded: "You can remember these dogs clearly."

These guards were scolded by him with a smile. There was no anger at all, because the prince was strong, and his influence was very deep, and he could not afford to offend him.

Instead, they felt that the prince laughed and scolded them, which was a kind of closeness.

The silver armored guard gave Chen Feng a heavy push and shouted, "Get out of here!"

However, Chen Feng stood still, motionless at all.

The silver armor guard's face immediately became gloomy, and he said with a cold voice, "Untouchables, what do you mean?"

Chen Feng said lightly: "Your hands, if you dare to push me again, I'll just abolish them later!"

After saying this, there was a moment of silence in front of the hall, and then dozens of silver armored guards nearby burst out with a burst of disdain.

They all looked at Chen Feng with mocking eyes.

The silver armor guard turned around and looked at them and laughed and said, "Have you heard? What did this untouchable just say? He said he wanted to abolish me?"

"Haha, I heard it! This pariah is really overwhelmed and arrogant. What is he?"

"Does he think he is a noble alchemist? Has he abolished you?"

"Yes, within our association, no one except pharmacists can make us fearful."

The prince also made a disdainful ridicule, pointed to the badge on his chest, and said: "Untouchable, you can see clearly, Lao Tzu is the noble alchemist, how about you?"

"Do you have it? Do you have it?"

The other guards also echoed.

"Untouchables, look at the Prince. This is the real genius. At a young age, but at the age of twenty-two, he has reached the level of the second-rank alchemist. What do you compare with the Prince? Ants!"

"Haha, of course we will respect a powerful pharmacist like Prince Prince. As for you, it is polite not to trample you to death!"

Chen Feng said lightly: "Then you just think I can't be a pharmacist?"

"Of course, you are not like a pharmacist just like you, besides, even if you start to step into the realm of a pharmacist now, it is impossible to reach the realm of a prince at the age of 22. You are far from him."

Chen Feng said lightly: "Then what if I am a pharmacist?"

At this time, the prince suddenly looked at Chen Feng with a joking expression, and said: "Untouchables, you just show off your identity as a pharmacist!"

The silver armor guard turned his head to look at Chen Feng, his face grimly roared: "Boy, disaster comes from your mouth, your words have brought disaster for you!"

"Originally, I just wanted to drive you away. Now I think it is necessary to abolish you! If you can't reveal your identity as a pharmacist, I will abolish you!"

As he said, he rubbed his fists and forced him towards Chen Feng with a grinning face.

Suddenly, a smile appeared at the corner of Chen Feng's mouth, and the golden dragon ring flashed.

Then, a white robe was draped over his body, and on his left chest, a small badge gleamed, and three small tripods appeared impressively above!

"What?" Seeing this scene, all the guards were stunned, with a look of disbelief on their faces.

The grinning smile on the silver armored guard's face was frozen there, his mouth opened wide like a frightened hippopotamus, while the prince's face was extremely ugly, very wonderful, blue and white.

They felt hot on their faces, as if they were slapped instantly.

They felt that they were all extremely ridiculous. After a while, there was a burst of discussion among the guards:

"It turns out that this young man turned out to be a third-rank alchemist, and he is less than twenty years old, much younger than the Prince!"

"We are so ridiculous. We laughed at him just now. It turns out that he is the real genius, far better than the Prince!"

The prince became angry, and suddenly shouted: "Boy, where did you steal the badge? Hurry up and confess it honestly! Otherwise, I will kill you directly here!"

"You untouchable, you are so brave, you dare to steal the badge of the pharmacist!"

He directly framed Chen Feng's badge as stolen, which can be said to be extremely shameless.

When Chen Feng looked at him, a disdainful smile appeared at the corner of his mouth: "Trash thing!"

"Who do you mean to waste things?" Prince Wang immediately roared furiously.

Chen Feng had a good time and said leisurely, "I said you waste things, is there a problem?"

"I am an honorable third-tier alchemist, and I am a few years younger than you. At your age, I can definitely achieve far more achievements than you. I call you a waste, can't you?"

Prince Wang pointed to Chen Feng with a fiery face that wanted to refute, but he couldn't refute at all.

They just humiliated Chen Feng, and Chen Feng took it back to humiliate them.

He gritted his teeth and said cruelly: "You definitely stole this badge!"

[Chapter 1430: I had to do it](#)

Chen Feng smiled coldly, suddenly took off the badge, and then gently placed it on a jade platform next to the hall.

Above the jade platform, there was a drop of green light, and then a light curtain appeared on it, which read: "Feng Chen, 19 years old, a third-class alchemist."

At the same time, a pattern appeared on it, exactly the same as Chen Feng's appearance.

So far, no one suspected that Chen Feng's alchemist badge was stolen. Chen Feng smiled coldly, suddenly his figure flashed, and with a snap, he pressed the badge in his hand on the face of the Prince.

The prince screamed and struggled frantically, but he couldn't get away at all.

Chen Feng stepped back and let go.

At this time, there was already a huge scar on the Prince's face, which was burned in by the badge.

It was scorched and there was no blood in the scar, and it had begun to heal, which was equivalent to leaving a mark on his face that could never be erased.

The prince touched his face and screamed: "You, what did you do to me?"

Chen Feng smiled slightly: "Keep your dog's eyes wide open and see clearly, did I steal the badge? For a little punishment, you should carry my badge for the rest of your life!"

The Prince screamed sternly and rushed towards Chen Feng: "I'm fighting you!"

Chen Feng smiled coldly, kicked him out, and kicked him madly spurting blood, staggering back a dozen steps before he stood firm.

Then Chen Feng turned his head and looked at the silver armored men. When these guards met Chen Feng's gaze, all of them trembled.

Chen Feng looked at the silver armored guard who had just pushed and shoved himself, and said lightly: "Now you are giving up your hands!"

"As for you, each slap yourself fifty times, and I will spare you."

These silver armor guards looked at each other, all hesitant.

Chen Feng shook his head. Suddenly his figure flashed, and he heard a click, followed by a scream. The silver armored guard who was pushing Chen Feng just now broke both hands at his wrists, and a spring of blood gushed out.

The remaining silver armor guards felt a flower in front of their eyes, and then they were severely slapped with a big ear.

Chen Feng slapped them out with a big slap, his face was swollen like a pig's head, blood mixed with broken teeth spurted out.

Chen Feng clapped his hands and landed on the spot, looking at the silver armor guards who lay on the floor, smiling slightly: "Since you don't do it yourself, then I have to do it for you. Sorry, my hands are a bit heavy, it's okay. Right?"

Where did these guards dare to say nothing, and they rushed out of nowhere.

When Chen Feng entered the Association of Alchemists, many people saw the scene outside. They looked at Chen Feng with a little more awe.

All the way forward, the whispers continued.

"How old is this person? I look at twenty years old, so he is already a third-tier alchemist?"

"Yes, his talent is for Wuyang City. Although it is not a genius, it can be regarded as the first-class. It is far less than ordinary pharmacists like us."

In the depths of the hall, there is a jade pedestal, and seven or eight beautifully dressed and beautiful girls are standing there.

Seeing Chen Feng coming over, their faces were humble, and one of them said softly: "This noble alchemist, do you know what I can do for you?"

Chen Feng said, "I'm looking for Master Li Yu."

"Master Li Yu?" The beautiful woman showed a touch of embarrassment on her face, and said: "Master Li Yu has a distinguished status and is very busy every day, I am afraid that there is no time to see you."

As soon as she finished speaking, she knew that she had made a mistake, and quickly explained: "Your Excellency Alchemist, don't get me wrong, I didn't mean that, but Master Li Yu does have a full schedule every day."

Chen Feng didn't have general knowledge with her, and a slight smile appeared at the corner of her mouth. He said, "You don't care about other things. You just need to report to Master Li Yu. There is a very difficult and challenging situation here. Except for him, others only I'm afraid there is no way at all."

With that, he talked about Luo Zilan's situation in general.

Then said to the beautiful woman: "You don't need anything else, just tell the original words to Master Li Yu."

The beautiful woman nodded seemingly, then took out a piece of red jade and held it in her hand. Suddenly, bursts of light appeared on the red jade, and then she repeated what Chen Feng had just said.

As soon as he let go, the jade became ordinary again.

Then, she patted a small magic circle in front of her. On top of the magic circle, the light flickered. She put the jade on it and brushed it, and the jade disappeared.

She smiled and said to Chen Feng: "Your Excellency Alchemist, please wait a moment."

Chen Feng nodded, and sat down aside, several beautiful women gathered together and whispered.

One of them said: "Master Li Yu is so busy, even if he is a very distinguished guest, he still loves to see him, let alone such a young man."

"Yes, I look at young people. Mostly, I won't see Master Li Yu this time."

And when they said this, suddenly, there was a light jingle, and there was a piece of jade on the circle.

Several women looked at each other, with a look of stunned expression on their faces. One of them tapped the jade lightly, and a dry and hoarse voice was heard from the jade, with only four words: "Let him come up."

After these women heard this, their faces were all astonished. I didn't expect Master Li Yu to actually agree with her.

They looked at Chen Feng with a very surprised look, and then treated him more respectfully. They walked to him and said respectfully: "Your honorable alchemist, please come with me."

Chen Feng nodded slowly, followed her and walked upstairs.

The Alchemist Association looked like a whole on the outside, but there were twelve floors inside. The higher the status, the higher the position.

Master Li Yu is located on the ninth floor. It can be seen that he is quite aloof in the entire Da Qin Pharmacist Association.

Before a resplendent gate, the beautiful woman stopped and said softly: "Master Li Yu is in the room. I can't get in inside, please let the son take care of it."

After Chen Feng nodded and thanked, the beautiful woman left, and then he and Luo Zilan next to him looked at each other, all seeing a touch of tension in the other's eyes.

Chen Feng hasn't had this emotion for a long time, but today he has to be nervous, because today can almost be said to be his last hope.

If Master Li Yu couldn't do anything about Luo Zilan's injury, then no one in the entire Great Qin Kingdom would have a way to treat Luo Zilan.
