

Peerless 1751

[Chapter 1751: Get out and die!](#)

"I choose to let you die!" Meng Zhenren smiled grimly, leaped into the air, and hit Chen Feng with a fist.

He laughed loudly and said, "Remember this punch? Back then, this punch beat you almost to death, and now it's too late for you to beg for mercy!"

Chen Feng smiled coldly, and said coldly, "Since you don't roll, then die!"

Zhenren Meng screamed: "Little boy, you are the one who died!"

He couldn't see the situation at all until this time, and he didn't know how powerful Chen Feng really was.

At this time, Chen Feng's Dragon Slaying Sword had already been slashed, and it ran into his fist bitterly.

When he came into contact with Chen Feng's power, he found that the other party was so powerful that he felt like he was about to die immediately, and he couldn't resist it at all.

"How is it possible?" Meng Zhenren let out a terrified and desperate roar: "How can your strength be so powerful?"

There was a look of fear in his eyes, and he begged for mercy loudly: "Chen Feng, spare my life!"

Chen Feng sneered and said, "Begging for mercy now? It's too late!"

With a bang, Zhenren Meng's fist was directly smashed, and then the next moment, his fist and his entire arm were smashed.

In another moment, Chen Feng's dragon-slaying knife was severely slashed on his body!

This time, it was his body that was shattered, and with a bang, his whole body burst open, leaving no bones!

Meng Zhenren's screams suddenly sounded and stopped abruptly.

Seeing this scene, the tens of thousands of people watching outside Lie's house shrank their pupils and their eyelids throbbed heavily.

"This Chen Feng is really overbearing, and his strength is also incomparable. Two-star Martial King level master Meng Zhenren was cut to pieces by him!"

Then, Chen Feng glanced around, suddenly showing a sneer, swiping the knife.

Suddenly, with a loud bang, the main entrance of Lie's house and the huge courtyard, which was a full hundreds of meters in radius, were chopped to pieces by Chen Feng and turned into ruins!

Chen Feng looked at the depths of Lie's house and let out an angry roar: "Lie Bowen, get out and die!"

"Lee Bowen, get out and die! Lie Bowen, get out and die..."

The sound was like thunder, rolling out, and it was clearly heard in a radius of tens of miles.

But Lie's family was silent, like a pool of stagnant water.

Chen Feng laughed loudly: "Lie Bowen, you are really a thing without eggs, or if you refuse to get out and die, then I will go in and kill you myself!"

Then, he looked up to the sky and laughed and walked towards Lie's house.

At this time, none of the leading figures of the Lie family appeared, but in fact, all of their leading figures gathered in the main hall of the Lie family.

It's just that at this time, their expressions are all anxious, and many people's faces are full of fear.

The loud noise from outside made them very clear that Chen Feng had come to the door.

A few months ago, they didn't put Chen Feng in their eyes at all, but at this time, Chen Feng was already like a demon in the eyes of everyone in the Lie family.

This incomparably tyrannical young man was able to kill the three-star martial king pinnacle master at less than twenty years old. Such a strength made them impossible to match.

Even, can't even imagine how powerful this is!

They only knew that the Lie family was very likely this time, it was over!

Above the first seat, Mrs. Lie and Lie Bowen were sitting there at this time.

Mrs. Lie's eyes were cold and cold, and she suddenly shouted: "Are you ready at all? When will you linger?"

As soon as the voice fell, a group of warriors strode in from outside.

Everyone in this team is wearing platinum armor, which is obviously a military standard.

However, it was not the standard armor of the Daqin army. In fact, they came from the country of Yan, from the powerful country where the wife of the martyr was located.

Compared with Da Qin, Yan State was not inferior at all, and even stronger.

These people are obviously the elite of Yan's army, and at the same time, they are also the pro-army of Madame Lie's family!

These people walked in. The head of the man was a tall, burly middle-aged man. On his platinum armor, the rose flower pattern inlaid with gold silk was very beautiful.

This person is the wife of Mrs. Lie, the deputy commander of the Yan Guojin family guard.

He arched his hand to Madame Lie and said loudly, "Miss, everything is ready!"

Hearing these words, Mrs. Lie obviously let out a long sigh of relief, and said loudly: "Okay, then let's go over!"

When he heard those three words from the eldest lady, Lie Bowen showed a look of anger on his face.

These people called his wife the eldest in front of him, obviously they didn't take him seriously.

However, he had no other way. In Lie's family, Madame Lie's power was much greater than him. Who made the family's wife Lie's natal family, but the most powerful family in Yan Kingdom besides the royal family!

His family is the descendant of the former emperor of Yan Kingdom!

Mrs. Lie said loudly: "Commander Zhao, you and Elder Jin Taishang will lead a hundred white armies to kill Chen Feng!"

As soon as she finished speaking, suddenly an old man, wearing a golden robe with big sleeves, walked in from outside.

This old man has white hair like snow, and he is already quite old, but he is extremely strong in spirit, with a tall stature and bulging muscles, just like a mature man.

There was an awe-inspiring aura on his body, and at the same time, his appearance also instantly reduced the temperature in the hall by dozens of degrees, and even formed a layer of thin blue ice!

He looked at Mrs. Lie and laughed loudly: "Miss, go and kill that little boy, so many people are needed there?"

"Well, I will catch Chen Feng directly, and then bring him to you, let him see how his precious senior sister died!"

Mrs. Lie giggled, with a bit of resentment in her eyes, and said: "Okay, okay, Jin Tai, then do it! I will trouble your old man to capture Chen Feng!"

It is obviously more difficult to capture than to kill, but Jin Taishang did not hesitate, and laughed loudly: "Of course it is not a problem. I am a dignified four-star martial arts master. It is just easy to capture Chen Feng! "

He glanced at the guard commander and said: "Winner commander, you are leading a hundred guards and guards."

"Yes!" the burly middle-aged man said loudly.

"I'm going to capture Chen Feng now!" Jin Taishang looked up to the sky and laughed wildly.

And with his laughter, bursts of cold blue air escaped from his body.

In a blink of an eye, the hall was actually covered by ice, and a layer of blue solid ice over a meter thick formed on the ground.

Jianbing actually sealed the hall directly, and even many members of the Lie family were frozen on their seats, unable to break free.

[Chapter 1752: Great gold! Four-star King Wu!](#)

Their faces were full of shock and horror. Jin Tai curled his lips in disdain, and hummed softly, "What a bunch of trash!"

As he said, his body was shaken, all the ice in the hall was shattered, and the people of the Lie Clan resumed their actions.

They all looked at Jin Taishang with horror. Jin Taishang seemed to enjoy such gazes. He laughed and said, "Do you know what a real strong man is? It's like me!"

Talking, Yang Tian laughed, and strode away!

After King Taishang left, Madam Lie suddenly stood up and said loudly, "Everyone, don't worry about it now!"

"With Jin Tai coming forward, you can naturally kill Chen Feng easily!"

"Yes!" everyone nodded and said.

Although they are all very angry at Jin Taishang's arrogance, they have to admit that Jin Taishang's strength is indeed extremely powerful!

"This time, as soon as Jin Taishang made a move, Chen Feng would be killed immediately. Chen Feng and Jin Taishang had a huge gap, and Jin Taishang would definitely kill him with a crushing gesture!"

Everyone reunited.

Mrs. Lie was extremely proud and giggled, because Jin Taishang was a master she invited from her own family.

She giggled and said: "Elder Jin Taishang, in my family, even among the few Taishang elders, they are extremely powerful."

"She killed Chen Feng this little bastard, naturally there is no problem! This is what I left behind!"

"Okay, let's not just stay here, let's go now!"

"Everything has been set up. Today is a great day to sample the blood and martial soul of Han Yuer's little bitch. Everyone, go and watch!"

Everyone nodded silently.

An old man in the corner was full of tears, but he dared not say a word.

Chen Feng strode forward, and behind him, tens of thousands of onlookers followed.

The black crowd stepped into Lie's house.

Everywhere Chen Feng went, Lie's house was destroyed. Every time he stepped into a door, he directly destroyed the door and the courtyard.

Soon, Lie's house was completely destroyed!

In front of Chen Feng stood a huge gate archway. On the gate archway, four characters were written: loyal and bold.

Next to these four characters, there are two small characters inlaid with gold: Imperial gift.

Obviously, these four characters were bestowed on the Lie family by the Emperor Qin!

Everyone was silent, no one spoke, everyone watched Chen Feng's performance at this time, no one believed that Chen Feng dared to smash this gate tower, this was a reward from His Majesty the Emperor!

At this time, Chen Feng smiled coldly, the arrogant color in the smile, sure to show!

He roared, slashed out, and with a bang, the gate was directly broken into pieces, and those four characters were directly broken everywhere!

Everyone exclaimed: "This Chen Feng is so courageous, this is a gift from the gods, who would he dare to kill?"

"Yes, now it seems that Chen Feng is not afraid of the sky, and has no scruples!"

"This Chen Feng is really fierce and fierce in doing things, and he has never moved forward!"

At this moment, a violent roar came: "Little boy, you are a big burden!"

An extremely fierce, fierce and brutal momentum, pressed toward this side fiercely.

The tens of thousands of people onlookers suddenly felt that their heart seemed to miss a beat, beating heavily, which was absolutely different from the original frequency.

This beating is because of fear, because of the oppression of the momentum.

They couldn't help but dry their tongues, swallowed, and felt a sense of fear in their hearts.

Shocked expressions appeared on everyone's faces: "What kind of aura and strength is necessary to achieve this?"

At this time, Chen Feng also shrank his eyes. This momentum was something he had never touched before. It was extremely powerful and stronger than any opponent he had encountered before!

The figure soon came to the front, dressed in a golden robe, extremely domineering!

Chen Feng frowned and asked slowly: "Who are you?"

"Who am I? It's okay to tell you, at least let you be a ghost before you die!" Jin Taishang laughed loudly:

"You can call me Jin Taishang, I am the master Mrs. Lie invited from her family!"

"I am one of the four great elders of the Jin Family of the Kingdom of Yan, and my strength is comparable to that of the Patriarch!"

Hearing this, the crowd around the audience made a huge exclamation: "What? He turned out to be a member of the Jin family of Yan Guo?"

"The Jin Family of the Yan Kingdom, that is the most powerful family in the Yan Kingdom besides the royal family, and the head of the Jin Family is the dignified county king!"

"That's right, the Jin family is stronger than any of our Daqin aristocratic families, and the head of the Jin family is also extremely powerful. His strength is comparable to that of the head of the family. Doesn't that mean that his strength has at least reached the four-star Martial King?"

"Yes, at least it has reached the realm of the four-star martial king!"

Everyone looked at Jin Taishang with incomparable horror, with a strong look of awe in their eyes.

Elder Jin Taishang was even more proud when he heard the words of these people around him, laughing.

He stared at Chen Feng with a downward gaze, his face was full of disdain, and he said lightly: "Boy, you were so majestic just now, Jiang Lie's house was destroyed by half! But now it's over, everything is over!"

"Since I have arrived, then all you have left is this way!"

"Oh?" Chen Feng's expression remained unchanged, and said lightly: "You mean you want to catch me?"

"That's right!" Jin Taishang said lightly: "Now, the ceremony in Houshan has begun. Your senior sister is being tortured. The blood and martial arts in the body are stripped away and poured into someone else's body. in!"

"If you can't see these scenes, wouldn't it be a pity?"

With that said, he looked at Chen Feng with cold and playful eyes!

Chen Feng's eyes suddenly shrank, and his expression became extremely cold.

The world is his reverse scale, no one can move!

If anyone dares to move Senior Sister, Chen Feng must beheaded!

"Well, I am impatient to talk nonsense with you!"

Jin Taishang said coldly: "Now you quickly abolish your cultivation, kneel on the ground, let me catch, I can make you suffer less!"

Chen Feng looked cold and said, "What if I don't do this?"

Jin Taishang sneered, and his eyes flashed a hideous look: "If you don't do this, then I will catch you immediately, then break your limbs, repair your base, and abolish all your bones. Tortured you with the most ferocious torture, causing you to suffer all the pain, but you can't live or die!"

"At that time, you will know what it means to be unable to survive, not to die!"

"For you, death was a luxury at that time! Hahahaha..."

What he said was full of confidence, as if it was really just what he said, he could capture Chen Feng with just one move!

Chen Feng said lightly: "You are so confident that you can easily catch me?"

"Of course!" Jin Taishang proudly said: "What realm am I? I am a four-star Wuwang realm! And you?"

[Chapter 1753: Seriously injured and dying](#)

"You bastard, although you have so many powerful tricks and have the strength to match the three-star martial king realm, you are not far in front of me and can be easily killed by me!"

Chen Feng coldly shouted: "Then let's fight!"

As he said, he leaped up into the air, his figure swiftly moved forward, and the Dragon Slaying Sword fiercely slashed out.

Eight Desolation Silence Slash is the first heavy, broken skin!

Forty-nine dragons of nirvana slammed into Jin Taishang. Jin Taishang's gaze flashed coldly, the corners of his mouth curled, and he snorted disdainfully: "It's just looking for death, so you dare to provoke me?"

As he said, he shot out with a punch.

With a loud bang, this punch slammed into Chen Feng's forty-nine dragons of extinction!

This punch seemed unremarkable, but it was extremely powerful, and forty-nine dragons of extinction were shattered at the same time!

Chen Feng's move was directly and easily resolved by Jin Taishang.

Chen Feng's eyes shrank, and he didn't expect Jin Taishang to be so powerful!

He roared: "Take me another knife!"

Eight Desolation Silence Slash is the second stage, cut the flesh!

This time, it was ninety-nine dragons of extinction, rushing towards Jin Taishang fiercely!

Jin Taishang sneered coldly: "I just used 30% of my strength just now, and now at most 70% of my strength, you can resolve your so-called strongest trick!"

As he said, he leaped up into the air and blasted out his fists.

So the next moment, the ninety-nine dragons of extinction were directly smashed into pieces!

Chen Feng's eyes shrank sharply: "This Jin Taishang's strength is really terrifying, and I am definitely not his opponent now!"

"But, what about that?" Chen Feng was full of pride: "Even so, I have to fight! For the senior sister, any effort is worth it!"

Then, Chen Feng slashed twice again in a frantic manner!

Taishang Jin laughed: "Still dying, aren't you? Then I will let you see what true strength is!"

He blasted out a few punches and shattered Chen Feng's sword stroke, then let out a wild laugh: "Chen Feng, now it's your turn to pick me up!"

With that said, his palms drew a graceful arc in the air, which actually directly outlined a circular pattern.

Then the next moment, the space in the circle seemed to be broken directly, and a black hole appeared.

In this black hole, there was a yin wind whistling, and the cold current suddenly surged. Everyone felt that the temperature in the air had suddenly dropped by a full dozen degrees, and even a layer of ice formed on the surrounding ground. There was ice on the clothes.

The sweat that was originally shed directly turned into ice cubes and solidified on his face.

The next moment, in this black hole, there was a loud bang, and a faint blue ice stream broke out directly.

This faint blue ice stream, more than three meters in diameter, burst out and blasted towards Chen Feng fiercely.

In the ice stream, blue lightning flashes. This is a blue lightning slurry with an extremely powerful lightning energy, but it is not a thunder fire, not a combination of fire attributes, but a combination of ice attributes.

This is the light stream of ice and thunder!

The surrounding temperature dropped by dozens of degrees again, the ground was instantly frozen, the cold wind roared, and the heavy snow drifted.

The power of one move is here!

This stream of ice and thunder was fiercely bombarded by Chen Feng. Chen Feng wanted to evade, but found that his opportunity had been locked, and there was no way to hide, so he could only take it hard!

In the next moment, the light stream of ice and thunder was approaching.

Chen Feng roared to the sky, and the Dragon Slaying Knife slashed out frantically, hitting with it.

There was a loud bang, and the blue light burst on the Dragon Slaying Knife, and the extinguishing power of the King Kong on Chen Feng's Dragon Slaying Knife and the surface of his body was rapidly corroded and melted.

In an instant, the power of the King Kong extinguishing disappeared without a trace. The next moment, the Dragon Slaying Sword was directly blown out.

However, Chen Feng made a muffled hum. He was beaten and flew tens of meters away, spurting out a mouthful of blood, and fell to the ground heavily.

Jin Tai's last move severely wounded Chen Feng!

And he didn't have any intention to stop, and he laughed wildly and proudly: "Little boy, take me one more move!"

Having said that, the same move was blasted out again.

It's just that this time it was more powerful than just now, and Chen Feng didn't have the Dragon Slaying Sword to resist it. He bombed out with both fists, but it didn't have any effect.

With a loud noise, Chen Feng was beaten again for hundreds of meters.

This time, Chen Feng's chest collapsed, he spurted blood, fractured both arms, and was already seriously injured.

Jin Tai's figure flashed, and Xunjie came to him incomparably, and shot out again with a punch.

This punch struck Chen Feng's chest and penetrated directly from Chen Feng's back. With a crash, a big hole appeared in Chen Feng's chest, his bones burst, and the internal organs were clearly visible.

Jin Taishang slammed Chen Feng to the ground.

Chen Feng smashed his blood crazily, and there were fragments of internal organs in the academy. At this time, he was already in a state of being seriously injured and dying, his face turned pale!

The onlookers all exclaimed: "This gold is too good, the strength is too strong!"

"Yes, Chen Feng is not his opponent at all!"

"It's over, it's over, this time Chen Feng is definitely going to die at Lie's house!"

"How about, Chen Feng, do you still think you have the strength to match me?" Elder Jin Taishang laughed proudly!

At this time, Chen Feng was almost unconscious, but there was an obsession in his heart, very clear!

"Senior Sister, I must rescue Senior Sister!"

Even at this moment, he had fallen into a semi-conscious state, still muttering these two words in his mouth.

His injuries were so serious that he could not stand up, but he still crawled forward, crawling in the direction of Han Yu'er.

The blood was dripping out, and he crawled past, leaving a shocking bloodstain.

Jin Taishang's eyelids suddenly twitched, and there was a panic of fear in her heart: "Chen Feng is so firm in mind, if he stays, there will be endless troubles!"

In the next moment, this fear turned into extreme rage. He suddenly rushed to Chen Feng, lifted him high by his collar, and yelled furiously: "You have been beaten like this. , Why don't you surrender? Why don't you surrender?"

At this time, Chen Feng's mind suddenly awoke. He grinned, smiled slightly, showing a touch of disdain, and spit out a thick phlegm on Jin Taishang's face, and whispered: "I, Chen Feng, never know the word for submission. how to write!"

In an instant, the air stagnated.

Everyone watched this scene blankly, admiring Chen Feng's courage.

"This Chen Feng is really so courageous, even at this moment, dare to do so!"

And Jin Taishang's expression became extremely hideous in an instant. He looked at Chen Feng and said coldly: "Okay, very good! Little boy, I will soon know that you will end up doing this! I will let you survive. I can't die!"

[Chapter 1754: Lei Yunsheng! Thunder robbery!](#)

As he said, a blue electric current in his body mixed with the meaning of ice, suddenly surged and entered Chen Feng's body.

At the next moment, Chen Feng felt as if there were countless blue steel needles in his body.

These blue steel needles stimulated his body fiercely, which is the most sensitive, most painful and fragile position of the body.

In an instant, the tremendous pain and fierceness struck Chen Feng, causing Chen Feng to open his mouth and tremble violently.

Taishang Jin laughed, and said with a sneer: "Chen Feng, how about it, isn't it a good taste?"

But even so, Chen Feng still gritted his teeth and said nothing.

He just snorted, another thick sputum spit on Jin Taishang's face, smiled and said, "It's cool, come again!"

Taishang Jin didn't expect it to be like this. He was furious and smashed Chen Feng to the ground. His right foot was directly on Chen Feng's face, and he smashed hard and shouted:

"Little boy, believe it or not, I will crush your head now?"

Chen Feng spit out another thick sputum, and said: "If you have it, come!"

Taishang Jin really didn't dare to kill Chen Feng now. He roared in rage and kicked out Chen Feng several hundred meters away, adding another point to his injury.

Then, he kept kicking Chen Feng out like a sandbag.

Chen Feng's injuries were getting worse and worse, and he felt that he might die at any time, but at this time, Chen Feng had an unyielding obsession rushing into the sky.

A voice roared in his heart: "How can I die?"

"Master's whereabouts have not been found! Senior sister has not been rescued! My life experience has not been explored clearly! How can I die?"

This obsession is extremely powerful!

And as this obsession suddenly surged, there was a place deep in Chen Feng's dantian that suddenly moved slightly.

At this moment, in Chen Feng's dantian, the power of Donkey Kong's extinguishment has been exhausted, and the nine-yin and nine-yang magical powers have shrunk. At this time, the black and yellow aura nourished in the nine-yin and nine-yang magical power cyclone, but it's a slight move!

At the next moment, this mysterious and yellow energy flew out directly, spinning twice in Chen Feng's dantian.

Then, as if possessing spirituality, he directly shattered himself.

In the next moment, this mysterious and yellow energy turned into countless black and yellow stars.

These little stars, bright black, sparkling yellow, and extremely noble, penetrate into Chen Feng's body!

The Xuanhuang Qi was huge, and as soon as the starlight dispersed into Chen Feng's body, Chen Feng immediately felt that an extremely mellow and strong force surged from his body.

Fang Zheng is peaceful, extremely authentic and bright.

In the next moment, an extremely powerful force surged in his body.

Chen Feng was immediately surprised, but this was not over yet. With the breaking of this mysterious yellow air, Chen Feng's obsession became clearer and went straight to the sky.

This air force seemed to have affected a certain place in the sky.

So the next moment, suddenly, the sky was originally bright and clear, and it was instantly shrouded in black clouds.

This black cloud is a thundercloud. In the thundercloud, lightning flashes, and the thunder is constantly ringing, and there are bursts of light flashing inside, as if thunderstorms are brewing in it!

Everyone exclaimed: "This? What's the situation?"

They all looked at the thundercloud above the sky in puzzlement.

But at this moment, suddenly the golden majesty, as if thinking of something, roared in shock: "Lei Yunsheng, Lei Jiqi!"

"How is it possible? This kid has made a breakthrough again?"

A strong jealous color flashed in his eyes, regardless of Madam Lie's order to capture Chen Feng, he directly blasted Chen Feng's head with a punch.

As long as this punch falls, Chen Feng will be killed directly!

But, at this moment, suddenly above the thunderclouds that day, as if sensing something, a huge thunder pillar with a diameter of ten meters burst and burst.

The thunder pillar was glowing with blue light, obviously extraordinary, and slammed on Jin Tai's body severely.

With a muffled hum, Jin Taishang was smashed into the air for several tens of meters, and fell heavily to the ground, showing a look of uncertainty, and shouted: "How can this kid's thunder pillar be so powerful?"

The next moment, the thundercloud that had been brewing for a while suddenly broke out.

With a burst of noise, countless thunder pillars crashed down!

At this time, among the tens of thousands of people who were onlookers, some of the knowledgeable people already exclaimed.

They knew what Chen Feng was going through: "Chen Feng, he is experiencing the Neidan Thunder Tribulation!"

"He is going to break through from the half-step Martial King realm to the Martial King realm. It turns out that this is the Neidan Thunder Tribulation!"

Someone even widened their eyes and yelled in disbelief: "How could the power of the Neidan Thunder Tribulation be so powerful? How could Thunder Cloud be so vast?"

At this time, in Wuyang City, many strong people were shocked and horrified, looking at the vast thundercloud floating above Lie's house with eyes full of disbelief!

In the palace, His Majesty the Great Qin Emperor may look angry and gloomy, but there is rarely such a shock that I can't believe it.

Because he has seen too much and his knowledge is too broad.

But at this time, he was full of shock, his eyes widened, and he muttered: "How is it possible? How could the Thunder Cloud of Neidan Thunder Tribulation be so vast? What kind of monster is this Chen Feng! "

Alchemist Association, among the highest level.

A white-haired old man was sitting quietly making alchemy. At this moment, he suddenly sensed a tyrannical aura fluctuating, his hand shook, and the pot of pill snorted and turned directly into black.

Even the alchemy furnace burst open, but he didn't feel any distress, but eagerly opened the window to look outside.

Then, I saw the vast thundercloud.

"Who is breaking into the Martial King Realm? Who is experiencing the Neidan Thunder Tribulation?"

His lips trembled with excitement, and he murmured: "The thunderclouds of the Neidan Thunder Tribulation are generally no more than three meters long and three meters wide. This is already a very large thundercloud, and his thundercloud Clouds are more than 100 meters long and wide, and more than 100 meters wide!"

"The area of his thundercloud is a thousand times larger than others! If this is such a powerful talent, what a stunning genius, can it be able to survive such a powerful Neidan Thunder Tribulation!"

Yaoxiang Pavilion, above the tower in the backyard.

The masked woman who was called the Young Master by Lu Dongshan was sitting cross-legged. She was now stepping into an extremely important level. Once the level was over, she would be able to broaden the sky and cultivate the highest secret technique in their family.

Alongside, an old man in a purple robe was protecting him.

When this strong wave of breath came, his promotion had just been completed, and before he had time to be happy, he saw the purple-robed old man flashed his body and came to the window and looked far away.

[Chapter 1755: Amazing! Thousand times genius!](#)

The young master was very dissatisfied and angrily said: "Grandpa Cai, why don't you praise me! It is difficult to break through this level before the age of thirty!"

The purple-robed old man, known as Grandpa Cai, had a sense of shock on his face at this time. He hadn't seen the calmness before and said loudly, "Young Master, come and see, come and see!"

The young master shook his head, flattened his mouth, and walked to the window.

And when she walked to the window, her expression had also changed. Her mouth was open and almost filled with an egg: "This, is this still Neidan Thunder Tribulation? How does it feel like stepping into a higher realm from the Martial King Realm? The Yuanying Thunder Tribulation that is going to be experienced is even bigger?"

"Someone's Neidan Thunder Tribulation can reach this point!"

The purple-robed old man watched for a long time and said softly: "This is a true genius, even if it is in the Tianyuan Dynasty, it is a genius at the level of stunning talents!"

At this time, the entire Wuyang City, everyone's attention fell on Lie's house.

And there are a lot of powerful beings, rushing right here frantically, the tens of thousands of people who are watching outside Lie's house suddenly feel that there is a strong momentum coming here.

Soon, they discovered that there were dozens of extremely powerful warriors around them, and these breaths even made them breathless!

However, none of these newcomers paid attention to them, and their eyes fell on Chen Feng.

At this time, Chen Feng's figure was already floating, one meter above the ground, without any support, just floating there quietly.

There was blood on his body, but a smile appeared at the corner of his mouth, and his expression was extremely peaceful.

At this time, in the sky, countless thunder pillars crashed down. Each of these thunder pillars had a diameter of ten meters.

And the thunder pillars smashed down, at least there are thousands of ways!

Next to him, Mrs. Jin looked overcast and uncertain. He tried to get in and kill Chen Feng several times, but these inner alchemy thunder pillars seemed to protect Chen Feng.

Whenever he goes, he will be hacked back. He has no way at all, he can only stand by and watch.

The thunder pillar is like a forest of thunder prison, covering Chen Feng in it!

In front of Chen Feng, his inner alchemy appeared quietly, undulating in the Thunder Prison Forest, receiving the baptism of the Thunder Prison Forest.

The inner alchemy became purer and crystal clear!

Seeing this scene, the strong men who had just arrived took a breath, and their faces showed a huge shock.

Among the onlookers, some of them had little knowledge, but at this time they were all asking what was going on.

One of the elders, who is not strong but has a lot of knowledge, said in an astonishing tone:

"Ordinary warriors, break into the realm of the King of Martial Arts, and pass the inner alchemy thunderstorm, the area of the thunder cloud, the length and width will not exceed three meters, the thunder pillar will not exceed three, and the diameter of the thunder pillar will not exceed three feet!"

"When a general genius breaks into the Martial King Realm, the length and width of the thunder cloud will not exceed five meters, the thunder pillar will not exceed five, and the diameter of the thunder pillar will not exceed five feet!"

"Now, do you know how terrible Chen Feng is? Do you know what level of genius he is?"

Hearing this, tens of thousands of people gasped at the same time and made a loud noise, looking at Chen Feng, full of fear.

No, it's not just fear, it's looking like a god!

They feel that they don't even have the qualification to worship!**NovEUSB.cOm**

The thundercloud above Chen Feng's head was more than 100 meters long and wide. The number of thunder pillars shot down exceeded a thousand, and the diameter of each thunder master reached ten meters!

"Doesn't this mean that the intensity of his Neidan Thunder Tribulation is more than a thousand or more of a general genius?"

"Could it be that Chen Feng is a thousand times more talented than a genius?"

"Super genius! Undoubtedly super genius! What concept is this?"

They feel completely incomprehensible!

At this time, someone suddenly let out a cold snort: "Don't be happy too early, if such a powerful thunder calamity can be passed, then of course, after today, Tianjiao Wushuang, surprise is amazing!"

"However, this intensity of thunder calamity, not everyone can survive!"

"The probability of Chen Feng being able to pass is extremely small, and it will never exceed 1 in 10,000!"

When these words are said, even the person who supports Chen Feng the most is silent. What he said is correct. It is indeed very difficult to get through this intensity of Thunder Tribulation!

Those who look down upon Chen Feng, especially the Four Great Masters, are even more happy to hear this.

Tongtianhou laughed and said, "Yes, that's the truth. I guess Chen Feng can't resist even a pillar of thunder, and he will be killed directly!"

"What **** genius? I can't do it if I survive, everything is nonsense!"

The other three Hou Ye echoed!

They laughed loudly, and at this moment, a thick thunder pillar slammed down on Chen Feng.

When Lei Zhu landed directly on Chen Feng, suddenly, black and yellow black and yellow energy escaped from the surface of Chen Feng's body.

As a result, Lei Zhu suddenly became peaceful, and was directly transformed into an incomparably pure thunder power by the black and yellow energy and poured into Chen Feng's body.

Chen Feng was safe and sound.

Seeing this scene, everyone was stunned, and Tong Tianhou's laughter came to an abrupt end, like a toad with its neck choked!

Those who look down on Chen Feng are embarrassed one by one. This scene is like a big ear scraper, slamming their faces fiercely, making them faceless!

At this time, Chen Feng did not know the changes in the outside world.

He just felt that his body was numb for a while, the power of thunder and lightning entered the body, directly into the dantian.

And in the dantian, in the martial arts Tianhe, the long-silent Thunder Dragon suddenly jumped up happily, opened its mouth, and swallowed the beam of lightning directly into its stomach.

This is Neidan Thunder Tribulation! How powerful is the lightning power contained in it?

It was just a pillar of thunder, which directly doubled the size of this lightning dragon!

He is now thousands of meters long!

At this time, there was another inner pill thunder tribulation smashed outside. This thunder pillar was once again dissolved by the mysterious yellow gas, and once again entered Chen Feng's body, and was swallowed by the lightning dragon.

In just a moment, dozens of thunder pillars were all eliminated invisible.

At this time, the Thunder Lightning Dragon in Chen Feng's body had reached ten thousand meters in length!

That martial arts Tianhe couldn't even hold him anymore, he flew straight up and hovered in Chen Feng's Dantian!

In the dantian sky, there are constantly blue, surging blue plasma **** of lightning falling.

Every fall, it means that an inner alchemy thunder tribulation is resolved by the mysterious yellow energy, and the thunder and lightning light dragon is circling around with joy.

[Chapter 1756: Thunder and Lightning Dragon!](#)

Seeing a plasma thunderball, he rushed up and swallowed it quickly, as if he were playing a particularly interesting game.

Soon, his size has even reached a full length of 30,000 meters.

This is even seven or eight times bigger by Chen Feng's martial soul!

At this time, everyone outside was completely silly, they all watched this scene dumbfounded, their mouths opened wide.

How hard is the Neidan Thunder Tribulation? Ordinary people only have three inner pill thunder tribulations, but they can survive and smoothly step into the Martial King Realm, and it will not exceed one in 10,000!

At this time, at least six or seven hundred inner pill thunder tribulations had fallen on Chen Feng, but they were directly refined by the weird black and yellow aura on his body.

"People are more popular than others!" Many people have this idea in their hearts.

I'm afraid that I can't even survive the three inner pill thunder tribulations, but people have already passed six or seven hundred, and they are safe and sound!

They are even numb, looking at all of this dumbly!

But at this time, a person suddenly yelled in surprise: "Look at it, the mysterious yellow energy is becoming weak at this time!"

Everyone looked at it and, as expected, they saw that the black and yellow aura was much thinner than it was at the beginning, and the brightness was not even as good as one-fifth of the beginning!

As a result, those who looked down upon Chen Feng screamed in surprise: "Hahaha, Xuanhuang Qi is going to be exhausted! Chen Feng is going to be abolished!"

"Yes, with Chen Feng's own strength, such a thunder tribulation can't be carried down. When the mysterious yellow energy escapes, it is when he is killed by the inner pill thunder tribulation!"

Soon, hundreds of inner pill thunder tribulations fell.

Finally, with the ninth and ninety-seventh inner pill thunder hacking, the mysterious and yellow energy finally dissipated, and he could no longer protect Chen Feng's body!

At this time, there are still three Inner Core Thunder Tribulation!

Everyone stared at these three inner alchemy thunder tribulations unblinkingly, wanting to know what happened next. [novelSub.com](#)

Finally, an inner alchemy thunder robbery struck it down, extremely powerful.

If Chen Feng only relied on his own low block, he would indeed be unable to resist and would be killed directly.

But at this time, the lightning dragon in the dantian seemed to feel the crisis of Chen Feng. At this time, the lightning dragon had become more than 50,000 meters long, and its figure was extremely condensed, not at all. The original invisible appearance.

Now, he has become a complete entity. In fact, after he became 50,000 meters long, he no longer grew larger, but became condensed.

When he felt everything outside at this time, the thunder and lightning dragon roared up to the sky, so the next moment, the tens of thousands of people onlookers saw Chen Feng's body surface, there was a huge thunder and lightning. Light dragon phantom!

This phantom of the Thunder Lightning Dragon opened its mouth wide and swallowed the inner pill thunder robbery directly!

After swallowing it, it was not finished, but he chewed a few times and clicked his mouth a few times, as if it was not a terrifying inner alchemy thunder disaster but something delicious!

Seeing this scene, almost everyone's jaw dropped.

"Oh my god, this powerful Neidan Thunder Tribulation was eaten like this?"

This penultimate inner pill thunder tribulation was directly swallowed by the ghost of the Thunder Lightning Dragon!

At this time, the phantom of the Thunder and Lightning Dragon on the outside has not changed much, but in fact, in Chen Feng's Dantian, the appearance of the Thunder and Lightning Light Dragon has undergone earth-shaking changes.

The size of the lightning dragon has reached 50,000 meters long. At this time, the figure has not changed, but the color has suddenly changed from light white to light blue. It looks more clear and pure. Full of tyrannical lightning power.

Within the body, thunder flashes, plasma surging, powerful and powerful!

Then, the 999th Inner Pill Thunder Tribulation fell again. This time, the Thunder Lightning Light Dragon once again took a huge mouth, bit it, and swallowed it again!

This time, the huge body of the 50,000-meter-long Thunder Lightning Dragon suddenly changed from light blue to faint blue, deep and ethereal.

The power of thunder and lightning is stronger again than just now, I don't know how much!

Everyone exclaimed again. At this time, there were only a thousand ways, and there were only the last one of the dense inner alchemy thunder.

The last inner core thunder was robbed, and finally, it also fell.

This Neidan Thunder Tribulation fell very slowly, slowly and heavy, with tremendous pressure.

Even the phantom of the Thunder Lightning Dragon was showing a cautious color, sitting still, staring at the Neidan Thunder Tribulation unblinkingly.

Suddenly, the Neidan Lei Jie slashed directly at him. The Thunder Lightning Dragon was still eager, with excitement in his eyes, and an excited roar from his throat, opening his huge mouth to swallow it.

However, just when Neidan Thunder Tribulation was about to fall into his mouth, his direction suddenly changed. After turning around, he avoided its pounce and fell heavily on Chen Feng's body!

Mrs. Jin let out a loud laugh: "Haha, Chen Feng, you little bastard, this time without the protection of this thunder and lightning dragon, I see how you can resist the Neidan thunder!"

"This Neidan Thunder Tribulation, you can't even stop this one!"

But his voice stopped abruptly, his smile solidified on his face, his face was pale and became very ugly.

Because, when the Neidan Thunder Tribulation fell on Chen Feng's body, suddenly, Chen Feng's body was full of blood!

That is the power of blood!

Chen Feng's blood was actually stimulated at this moment and became extremely tyrannical. I saw the blood around Chen Feng's body, and in this **** light, a huge figure was looming.

This huge figure stepped on the dragon and snake, and it was extremely tyrannical. This inner pill thunder robbery smashed in front of him, and saw the corner of this huge figure's mouth curled, revealing a disdainful sneer, and then stretched out his right hand to grab it directly.

It's just such a light catch, a snap, like crushing a lantern, like crushing a bug, this huge inner alchemy thunder robbery with a huge diameter of more than ten meters, he was so alive. Crushed!

When the people around saw this scene, they all exclaimed and looked at Chen Feng with disbelief.

"This Chen Feng is really a monster, how many secrets are there on his body? Really, there are an endless stream of hole cards, one after another, and another!"

"This inner alchemy thunder robbery is nothing but him!"

In the end, the broken Neidan Thunder Tribulation did not disappear, but turned into countless tiny crackling lightnings pouring into Chen Feng's body.

This time, his blood was not stopped, because after Thunder entered the body, it baptized the impurities in Chen Feng's blood, tempered his body, and made Chen Feng's blood more pure!

[Chapter 1757: Why kill you? With the knife in your hand!](#)

Chen Feng's body is advancing and constantly improving!

At this point, the Neidan Thunder Tribulation that was flying in the sky just now completely disappeared.

Suddenly, at this moment, the inner alchemy that was undulating in the thunder tribulation made a light click.

Then, the inner alchemy broke directly, and from the inside, a three-inch tall little man flew out, like a ginseng fruit, and like a born baby, white and tender, extremely cute.

However, at this time, his eyes are closed, and above this little man, there is a three-inch-high golden light, which flickers and looks very sharp, but I don't know what it is for!

Everyone exclaimed: "Yuan Ying, this is Chen Feng's Yuan Ying!"

"I have seen a lot of Yuan Ying in this life, but I have never seen such a golden mang on the head. The average Yuan Ying is lifeless and has little vitality, but his Yuan Ying is full of life!"

"Yes, this golden light has never been seen above anyone else's Nascent Soul!"

Everyone was full of envy: "This is the benefit of top geniuses!"

Then there was a loud noise between the sky and the earth, and the whole earth seemed to be shattered. Many people were shaken to the ground directly. The loud noise came from Chen Feng's body.

With this loud noise, it was as if something in Chen Feng's body had been shattered, and then I saw Chen Feng's aura suddenly rising above his body, directly from the half-step Martial King realm to the one-star Martial King!

This hasn't stopped, it has directly climbed to the middle stage of the one-star Wuwang, before stopping!

Chen Feng's current strength has reached the middle stage of the one-star martial king!

The thunderclouds dissipated, the weather became calm again, and the sun shone.

At this time, in Wuyang City, I don't know how many people sighed: "Another peerless genius is born!"

Chen Feng slowly opened his eyes at this time, a smile appeared at the corner of his mouth, and clenched his fists. He felt the incomparable strength in his body, felt the more pure blood, and saw that the dantian has become huge. Incomparable Thunder Lightning Dragon.

A smile appeared at the corner of his mouth: "This incomparable Neidan Thunder Tribulation not only didn't cause any harm to me, but helped me temper my body, and even helped me forge such a powerful lightning dragon!"

"Now, my physical body has reached the mid-stage strength of the three-star Wu Wang!"

"And this Thunder Light Dragon has become the most powerful force in my body!"

"In the end, how powerful is it?" Chen Feng outlined an inexplicable meaning at the corner of Chen Feng's mouth, spreading out his palm, and in his palm, there was a constant crackling of lightning current.

These lightnings turned out to be blue, with a devastating force!

"This power..." Chen Feng took a deep breath: "Now, the power of Thunder Lightning Dragon is so terrifying!"

"But now is not the time to use it."

Chen Feng clenched his fists and directly crushed the blue thunder and lightning.

Then, Chen Feng turned his gaze to Yuan Ying again. At this time, Yuan Ying seemed to feel Chen Feng's thoughts, suddenly flashed, disappeared, and entered Chen Feng's Dantian!

Chen Feng is too late to sense the strangeness of this Nascent Soul, because he has more important things to do at this time.

Moreover, at this time Chen Feng, the profound meaning of Bahuang Ji Mie Zhan suddenly poured into his heart, making him almost unable to help but re-understand Ba Huang Ji Mie Zhan now!

But Chen Feng has a better way!

He exploded with murderous intent in his heart, and his gaze fell on Jin Taishang, and said slowly: "Jin Taishang, now, the two of us should also be accounted for!"

There was a look of disdain on Jin Taishang's face, he was not afraid, and snorted coldly: "Little boy, you think you have stepped into the Martial King realm from the half-step Martial King realm. Can you kill me?"

"You are still just a one-star Martial King, and I am a four-star Martial King, three realms higher than you, why would you kill me?"

"Why?" Chen Feng sneered: "Only the knife in this hand!"

At this time, Chen Feng's understanding of Bahuang Ji Mie Zhan could hardly be suppressed.

With a loud roar, he leaped up into the air, and the Dragon Sword slashed forward frantically.

Eight Desolation Silence Slash is the first one, breaking the skin, and slashing it down!

Forty-nine dragons of annihilation flew out, and Mrs. Jin laughed disdainfully: "But it's just like the trick just now. Do you think you can get me?"

With one punch, forty-nine dragons of extinction were shattered.

Chen Feng didn't have any rest, and Bahuang Ji Mie cut the second stage, cut off the flesh, and cut it out once again.

This time, the ninety-nine dragons of dying rushed towards Jin Tai madly, and Jin Taishang laughed arrogantly, and punched out again, using 70% of his strength to directly smash the move.

He laughed and said, "Now, you should have no other moves, right?"

According to his experience, Chen Feng can only use these two tricks.

"Really?" Chen Feng smiled coldly. After these two moves, his comprehension of Bahuang Ji Mie Zhan could no longer be suppressed, and it burst out directly.

There is almost no need for him to control his body, his body directly draws a mysterious arc along the profound meaning of the Eight Desolation Silence Slash.

In an instant, the momentum in the air increased crazily, and it actually overwhelmed the realm of the four-star martial king of the Golden Supreme, with great power that could kill the four-star martial king!

Jin Taishang let out an unbelievable exclamation: "How is it possible? You still have more powerful moves that you haven't used?"

Chen Feng didn't bother to pay attention to him at all, even he had closed his eyes at this time, didn't look at it at all, didn't think about it, just experienced this trick with his heart.

To experience, that powerful meaning of death, the profound meaning of the knife!

Then, he slowly opened his mouth and uttered a few words: "The third stage of the Eight Desolation Silence Slash, broken tendons!"

With this knife cut out, in the sky, there are actually 199 nirvana dragons directly appearing. These 199 nirvana dragons cover the sky and the earth, almost covering the sky. Living!

The people around made huge exclams.

As soon as this move was issued, they almost fell to their knees and worshipped.

The power is so powerful!

One hundred and ninety-nine dragons of annihilation, at the same time, bombarded Jin Taishang fiercely. Jin Taishang suddenly felt a sense of despair, and he felt that he was afraid of dying by this trick!

Then the fear turned into rage: "How is it possible? How is it possible? How could I die in the hands of this kid? Impossible!"

As he said, he raised his hands high, and roared up to the sky. Around his body, the sound of wind burst, thunder flashed, and ice surged.

Around his body, countless rings of ice were formed, and on the ring of ice, thunder and lightning were lingering, and thunder snakes danced wildly.

[Chapter 1758: Comprehend, the third stage of the Eight Desolation Silence Slash!](#)

Each ring of ice was three meters in diameter, and he madly pushed out with both hands.

Numerous Frozen Joys slammed into Chen Feng's Dragon Slaying Sword one by one.

However, it is useless at all.

Wherever the Dragon Slayer knife goes, everything is broken and invincible!

All the Ice Joy was smashed into pieces, and then the Dragon Slaying Sword fell fiercely on Jin Taishang's body!

At the next moment, the surface of Jin Taishang's body didn't seem to be abnormal, but inside his body there was a series of crashing sounds!

It's as if every big tendon broke!

His body was crazily twisted and twitched, countless wounds exploded on his body, and the blood spring ran wildly.

He fell heavily to the ground, and he couldn't even stand up, like a puddle of rotten meat, which was actually the case.

The third stage of Chen Feng's Eight Desolation Killing Slash, broken tendons!

Cut off with a single knife, all his large tendons, at this time, have been broken, collapsed!

The people around were all exclaiming, and they were even shocked to speak: "How can Chen Feng be so powerful? It's really like a god! It's so incredible!"

"This, but the four-star Wuwang powerhouse was so defeated by him? You know, he is less than twenty years old now!"

Chen Feng stood up with the knife and sighed softly.

He slowly walked forward, looked down at Jin Taishang, and said coldly: "Do you have any last words?"

Taishang Jin let out a sharp roar: "Little boy, you dare not kill me, I am from the Jin family of Yan Guo!"

"The power of the Jin family is extremely powerful, even the Great Qin imperial family will sell a bit of face. If you dare to kill me, the Jin family will definitely not spare you!"

"Oh? Really?" Chen Feng smiled: "Are you so sure of this?"

"Of course!" Jin Taishang said proudly: "Little bastard, hurry up and help me now, then kneel down to apologize, and heal my injury. I can leave you a whole body!"

"Otherwise, the Jin Family's revenge is absolutely unbearable for you. You and the people around you will suffer torture and die!"

The people around were also talking: "Although Chen Feng is not afraid of heaven and earth, but the Jin family should be an existence he can't afford to offend!"

"Yes, the Jin family is too strong. If Chen Feng offends, the consequences will be very serious. He should not dare to kill Jin Taishang."

Hearing the voices of people around him, Taishang Jin was even more triumphant. Looking at Chen Feng, he proudly said, "What are you doing in a daze? Hurry up!":

His voice was arrogant, like a reprimand, as if he had made Chen Feng do these things for granted, completely forgetting his current situation.

Chen Feng shook his head and said lazily: "It's really reckless!"

As he said, he stepped on Jin Taishang's throat.

Mrs. Jin made a panic shout: "Chen Feng, you, what are you doing? Do you dare to kill me? No, you dare not kill me!"

Chen Feng smiled and said, "Who said that?"

His feet stepped on slowly, and Jin Taishang felt that his throat was about to be stepped on. He felt so painful that he seemed to be about to die.

So, the arrogance he had just disappeared no longer, his tears and nose flowed down, and he cried loudly for mercy: "Chen Feng, forgive me, don't kill me, I'll kowtow to you and apologize, I shouldn't have said you just now..."

"Chen Feng, please, don't kill me, please!"

A cold smile appeared at the corner of Chen Feng's mouth: "Please beg me now? It's late!"

Speaking, stepped on it.

With a bang, Chen Feng's neck was directly broken by Chen Feng, and at the same time, the meridians of his whole body were also shattered.

Jin Taishang's body twitched twice, and his vitality was immediately cut off.

The people around let out a huge exclamation, unexpectedly Chen Feng would really dare to kill Jin Taishang!

Chen Feng felt the incomparable aura in his body at this time, smiled at the corner of his mouth, and said softly: "I have now realized the third stage of the Eight Desolation Silent Slash, broken tendons!"

"Using this trick is enough to kill the four-star Martial King master, and now, even if I don't use this trick, I have reached the middle of the three-star Martial King by relying solely on physical power! As for using the power of the Thunder Lightning Dragon..."

He looked into the distance with cold eyes: "Lie family, now is the time to pay your lives!"

A moment ago.

After the Lie family and others left the main hall, they soon came to the backyard of the Lie family. It was a small mountain, no more than a few hundred meters high, but a strange atmosphere filled the mountains.

This is a strange flame, and in the middle of the mountain, there is a lake of flames.

At this time, in the blazing lake, there was a huge three-legged round tripod floating, and all three legs of the three-legged round tripod were plunged into the flames.

In the big cauldron, it was already boiling, and under the flame fumigation, it turned into a black liquid medicine, exuding an extremely delicate fragrance.

This fragrance is extremely strong, but it seems to be a bit excessive, making people almost faint, and there is a hint of extreme stench in this fragrance!

Inside the stench, it was like countless blood contained in it.

It is the extreme beauty with extreme evil, just like the mandala blooming on human bones!

At this moment, beside this blazing lake, a person has already been waiting here.

His face is beautiful, but his face is full of bitter resentment. This person is Lie Muyan!

Mrs. Lie and Lie Bowen's biological daughter!

She looked at Madame Lie and said quietly, "Mother, you are finally here, I don't know how many years I have been waiting for this day!"

Mrs. Lie looked at her lovingly: "Good girl, don't worry, after today, you will be able to have the things you dream of!"

She screamed: "Bring that little **** here!"

Seven or eight sturdy mothers brought up a sturdy young girl who was struggling hard: "Where are you going to take me? What are you going to do?"

It was Han Yuer.

At this moment, she struggled!

Mrs. Lie strode over, slapped Han Yu'er's face fiercely, and screamed: "Little bitch, you have already reached the field where you are now. How dare you resist the struggle?"

Han Yuer suddenly raised her head, her eyes were like flames burning, staring at her bitterly, with a stern face: "Junior Brother will definitely save me, and Junior Brother will definitely be able to do it!"

"He will kill all of you, leaving none!"

"Haha, your younger brother? Are you still counting on your younger brother to save you?" Madame Lie showed a cold smile on her face: "Now I'm afraid that your younger brother will not be able to protect himself, maybe he has been taken by Jin Tai. Killed!"

Suddenly, there was a loud noise like a thunderbolt.

[Chapter 1759: Which of you die first!](#)

Mrs. Lie said triumphantly: "Seeing that, Taishang Jin's strength is so powerful, and he has such power in any palm!"

But the next moment, the smile on his face solidified, because a thousand pillars of thunder appeared in the sky.

The thundercloud covered the sky and obscured the sun. Even if Mrs. Lie was ignorant, she could still know that this was the scene of the thundering robbery crossing the inner pill, and she knew that it was impossible to create such a great power by relying on Jin Tai.

So the next moment, his face was brushed, and he became pale, trembling for a moment, his face was a look of fear!

And everyone in the Lie family also exclaimed: "Hey, is this the tribulation of the Dan Thunder?"

"It must be Chen Feng who crossed the catastrophe, and its inner alchemy thunder catastrophe actually has thousands of thunders. If it survives, how powerful will his strength be?"

"God, we provoke Chen Feng, are we right or wrong?"

"Will Taishang Jin be his opponent? Our Lie family is over!"

Everyone in the Lie family made horrified discussions!

Madame Lie screamed: "Shut up to my old lady, no one is allowed to say any more!"

She seemed afraid to face this fact and suddenly saw Han Yuer next to her.

Han Yuer smiled at this time, her voice was high and fierce, full of incomparable confidence: "Junior Brother will definitely save me, all of you will pay the price!"

"Oh? Really?" Mrs. Lie said coldly, "That's okay, now I will strip your blood and martial spirit, and when you let your precious brother come, you will see a pool of rotten meat!"

"I want to see if he will want you!"

She screamed: "Quick, quick, now hurry up and perform the ceremony!"

Everyone in the Lie family had doubts in their hearts, but they didn't dare to violate his words and started quickly.

They carried Han Yu'er to the huge furnace, then cut her wrists and hung her above the furnace.

The blood fell ticking down, which is strange to say, such a small amount of blood, but it made the furnace become a little more **** in an instant, as if his blood had all kinds of strangeness!

Soon, a lot of her blood has been released, her face is extremely pale, and she may die at any time due to excessive blood loss.

At this time, Mrs. Lie personally walked up to her with a smug face and screamed: "Little bitch, die! Become my daughter's stepping stone!"

As he said, both hands inserted into her dantian, actually wanting to insert her dantian, tore her dantian directly, and abruptly took out the martial arts inside.

The methods are cruel.

But at this moment, a huge momentum suddenly came here, and then a roar full of anger came: "Stop!"

Everyone in the Lie family looked towards the sky, and saw a figure suddenly appeared.

This figure volleyed in the air, with great power, like a **** and demon descending into the world, and that huge aura suppressed many people in the Lie family in despair. They knelt to the ground with a thump, begging Chen Feng for mercy!

And Mrs. Lie. Not only didn't he stop at the slightest, but instead gritted his teeth, showing a fierce one at the corner of his mouth, and accelerated towards Han Yuer's Dantian.

Chen Feng's anger flashed past his eyes, and he roared sharply: "You are looking for death!"

His blasting purple electric step was activated to the extreme, and with a single stroke, his figure directly straddled several kilometers of space, came to Madam Lie, and slammed out fiercely.

At this time, there were no masters in front of Mrs. Lie.

Lie Bowen was beside him, roaring: "Little boy, you are too mad!"

He blasted Chen Feng with his most powerful moves, and Chen Feng showed a sneer at the corner of his mouth, and shook his head. This fist did not change at all, and blasted it heavily.

When the two fists crossed, Lie Bowen was directly beaten with blood spurting, screaming again and again, his bones were shattered, and his figure flew out heavily.

However, the power of Chen Feng's punch was only consumed by less than half. The remaining power was not exhausted, and he continued to move forward and fell on Madam Lie.

A cyan light flashed over Mrs. Lie's body, and there was a light cracking sound, and it was obvious that some protective treasure was broken.

And this protective treasure was not enough to help her block Chen Feng's offensive. Her chest collapsed, countless bones shattered directly, a mouthful of blood spurted out, and was also blown out hundreds of meters.

Both fell to the ground and both were seriously injured.

Chen Feng's punch did not use any martial arts gods, it was purely physical power.

But his own physical strength has also reached the middle stage of the three-star martial king! It's so tyrannical!

Everyone took a breath: "Chen Feng is so powerful!"

Chen Feng didn't have time to chase down the two people, and he hugged Han Yu'er in his arms, his face was full of excitement, and even his body trembled.

His lips fluttered, and he said with a trembling, "Senior Sister, Senior Sister?"

Han Yu'er had lost too much blood just now and was almost in a coma at this time.

As if he felt something, he slowly opened his eyes, and then a huge surprise, disbelief, excitement and so on appeared in his eyes.

She stared at Chen Feng without blinking, and stretched out her hands to touch Chen Feng's face.

Her hands have been trembling, and her voice is also trembling: "Junior Brother, Junior Brother, is it really you? I didn't dream?"

With tears rolling in Chen Feng's eyes, he hugged her and said loudly: "Senior Sister, I didn't dream, it's me, I'm here to save you!"

Han Yuer held Chen Feng's face in both hands, and felt the tenderness on his face. Suddenly, she kissed Chen Feng's lips frantically.

Chen Feng was stunned for a while, and only responded after a while.

Her movements are extremely gentle and full of tenderness and sweetness.

Before tens of thousands of people, these two people kissed like no one, and regarded tens of thousands of people as nothing!

There was silence around, and many female warriors showed a touch of envy on their faces. How much hope that the woman in Chen Feng's arms would be replaced by herself.

Feeling the real existence of Chen Feng, she seemed to be sure that everything in front of her was not an illusion.

She hugged Chen Feng and cried, venting all the grievances, pains, and sadness she had experienced during this period of time.

Chen Feng hugged her and whispered in her ear: "Senior Sister, don't worry, there is me for everything!"

"From now on, no one will be able to kill you anymore. You will wait here for a while, and I will kill all the people in the Lie family and avenge you!"

Speaking of this, Chen Feng's face is still cold and murderous.

Then, he slowly stood up, looked at everyone in the Lie family, with a cold smile on the corner of his mouth, and slowly said: "Now, it's time for you to pay your blood debt!"

"Which one of you will come first? Who wants to die first?"

Everyone in the Lie family looked gray and full of despair. They shrank into a ball, just like quail squeezed into a ball in winter!

[Chapter 1760: Five Princes!](#)

They all know that today, when the Lie family is over, the Lie family will be erased from this world!

At this time, Mrs. Lie still looked confident. She stared at the wind, wiped the blood from the corner of her mouth, and said coldly, "Chen Feng, you will definitely not destroy our Lie family today!"

Chen Feng frowned and stared at her coldly.

At this moment, Mrs. Lie suddenly shouted: "His Royal Highness, are you really going to sit and watch our Lie's house be destroyed?"

As the voice fell, the sound of hoofs burst in the distance.

Dozens of royal guards rushed on riding monsters.

Among the dozens of royal guards, surrounded by an exceptionally huge monster beast, on top of the monster beast, a young man in a black robe with four-claw golden python embroidered on his clothes came slowly.

This black-robed youth, his face was full of pride, he didn't seem to put anyone in his eyes, his eyes were above the top!

Seeing him coming, both Mrs. Lie and Lie Bowen showed excitement on their faces.

Mrs. Lie looked at Chen Feng and said with a smug face: "Chen Feng, now the five princes are here, don't say you have killed us, today even if you can retreat all over, even if you are capable!"

Chen Feng's eyes were cold, staring at the fifth prince.

The fifth prince, he has not seen him for the first time, and Chen Feng has never forgotten the last time the fifth prince humiliated him.

In his heart, murderous feelings!

At the beginning, Chen Feng swore an oath to kill the fifth prince!

After the arrival of the fifth prince, a figure swept up in the crowd, and beside him was whispering something, which was obviously what happened to Chen Feng just now.

After listening, the fifth prince looked at Chen Feng with indifferent eyes, looking down, but his expression was a bit hesitant and didn't say anything.

Seeing what the Fifth Prince looked like, the Lie family was immediately anxious, and Mrs. Lie screamed: "His Royal Highness, what do you mean? Don't you care about our Lie family?"

The fifth prince looked at him with an indifferent voice, with a hint of mockery in it: "Your Lie family mentioned to me that as long as I resolve your crisis, you will fall to me."

"Your Lie family fell to me, it means that a considerable part of the hidden family also fell to me, but this price is not enough to turn me and Chen Feng, and such a thousand cups of future genius!"

"The price," he said slowly with a smile on his mouth, "Not enough!"

Hearing these words, both Mrs. Lie and Lie Bowen's faces turned pale. They did not expect him to be so ruthless.

"What about my daughter?" Madame Lie suddenly exclaimed as if she had caught a straw for life, "My daughter was betrothed to you as a concubine!"

Lie Muyan also looked at the fifth prince pleadingly.

There was a disdainful ridicule among the crowd: "This Lie's family, it's really a job, and even this trick is used to deal with Chen Feng."

"Yes, not only does it mean that part of the hermit family submits to the fifth princes, but also promises all their daughters to be concubines!"

"Which one of us eldest ladies from aristocratic families does not marry someone else to be the wife of the house? How can there be any reason to be a concubine? What a shame!"

"Bah!" An old man murmured unrelentingly, spitting on the ground!

"As for your daughter," the fifth prince showed a sneer at the corner of his mouth, glanced at Lie Muyan, and said lightly: "Isn't he just a woman? What's the deal?"

"Such a woman? What I have is, it is not rare at all!"

Lie Muyan's figure was shaky, his face was pale, and his face showed extreme pain and humiliation.

She was severely humiliated in front of tens of thousands of people, and she was still humiliated by her fiancé.

Suddenly, she looked at Han Yu'er, and her heart was full of envy and jealousy: "Why? Why does she have such a strong, handsome and talented junior, love her, love her, cherish her, and cherish her!"

"And me, my man, actually treats me like a torn piece of clothing, throw it away if you want!"

The members of the Lie family were completely desperate, and the fifth prince obviously did not want to turn his face with Chen Feng for them.

At this moment, the four masters of the Four Hou Mansion suddenly looked at each other.

The corners of Tongtianhou's mouth moved slightly, and a very thin voice came into their three ears: "Everyone, now may be the last chance for our four great mansions."

"If we still can't grasp it this time, we won't have any power to fight back in front of Chen Feng in the future. When Chen Feng is free, we will all die!"

The other three Hou Ye also nodded together.

A smile appeared at the corner of Tongtianhou's mouth, and he suddenly roared: "His Royal Highness, as long as you kill Chen Feng, our four great mansions are willing to submit to you!"

"What?" Hearing this, the onlookers were shocked.

In the next moment, they let out a sneer of disdain: "These four great mansions are really good enough to make them, they have all fallen into this situation!"

"No way, who told them to offend Chen Feng before, they offended it too harshly. If they haven't done anything yet, they can only close their eyes and wait for death!"

At this time, upon hearing this condition, His Highness the Five Princes was moved!

The four Hou Mansions, each with a million soldiers, are stationed on the frontier, and they are extremely powerful outside the capital!

If he wants to win the throne, if he gets their help, he will surely be even more powerful!

The fifth prince took a deep breath, nodded slowly, smiled and said, "Okay, I'll take care of today's affairs!"

As he said, he turned his head, stared at Chen Feng, and said lightly: "Chen Feng, you heard, now there is nothing wrong with you here, get out!"

Chen Feng stood still, staring at him, motionless.

The fifth prince frowned. In his opinion, he did not kill Chen Feng, but only let Chen Feng get out, which already gave him a lot of face.

He reprimanded impatiently: "Chen Feng, I said, I'll take care of this! Get out of here! Don't entangle here anymore!"

As he said, he waved his hand impatiently, like driving away a fly, with extreme contempt.

Chen Feng stared at him, his eyes cold.

The fifth prince turned around and talked and laughed loudly with others, without paying attention to Chen Feng at all.

It seemed that he felt that when he said that, Chen Feng should immediately abide by the order and get rid of it quickly.

He said a few words, turned around, and saw Chen Feng still standing there, his face was suddenly gloomy: "Chen Feng, are you going to get off? Did you not hear what I said? Do you dare to disobey my orders? "

Chen Feng sneered: "Why don't I dare to defy your orders?"

"I am a prince, you are a minister!" The fifth prince was furious and shouted loudly: "You are a rebellion!"

Chen Feng looked at him, then his gaze swept across the faces of the tens of thousands of people who were watching, with his head held up and his face upright, he shouted:
