

Peerless 1821

[Chapter 1821: It's so overbearing!](#)

His face even dissipated, and a rare smile appeared on his face. It turned out that this old seventh was actually the seventh princess of Chu, and his boudoir name was Li Haiyao!

Li Haiyao walked out, looked at his father, looked at this Manchu civil and military, and slowly said: "Based on our understanding of Chen Feng, Chen Feng will definitely do it for one person to destroy a country."

"Furthermore, he once said in person that he wants to destroy the Kingdom of Chu with his own power!"

"He never fails to say anything!"

She speaks categorically. The Emperor of Chu was noncommittal. He suddenly smiled and looked at the generals of Chu and said, "Now, an excellent opportunity to commit crimes and meritorious service is here."

"Chen Feng put you to shame, now, as long as you kill him, you can restore your face!"

Excited expressions appeared on the faces of those Chu generals. Suddenly, six people wearing the armor of the generals walked out, clasping their fists together:

"Your Majesty, the six of us went to kill Chen Feng!"

"Okay!" The Emperor Chu's mouth showed a smile: "Go!"

It turned out that these six people were outside Chang Yongjia, the remaining six generals of Chu State!

They are all five-star Wuwang powerhouses!

Chen Feng sighed gently, took the Dragon Sword in his hand, and walked forward slowly.

Behind him are a fortress that has become ruins, and two Chu generals wearing blue armors who have turned into corpses on the summit of the fortress.

On the periphery of the fortress, tens of thousands of Chu soldiers flee wildly.

Chen Feng did not pursue them, but continued to move forward slowly.

This fortress is already 70,000 miles away from the border of Chu State!

This is already the nineteenth fortress that Chen Feng broke, and the thirty-seventh general who beheaded.

Chen Feng did not kill civilians, ordinary soldiers, and even generals.

He only kills those who stand in front of him.

Chen Feng is not a bloodthirsty person, it is very simple to destroy Chu Kingdom, as long as the Chu Kingdom's royal family is wiped out and their cores are beheaded.

Chen Feng didn't want to kill these innocent people at all.

However, there were some generals of Chu State who also had their own beliefs. They knew that they were invincible, but they stood in the way of Chen Feng's advancement.

For these people, Chen Feng admires them and will give them a death!

Chen Feng didn't rush all the way, and he didn't know why he did it. In fact, what he should do now is to kill the king of Chu, Cheng Yingdu, and kill all the royal houses of Chu. The country is destroyed.

However, Chen Feng was inexplicably scared in his heart.

In fact, he was afraid of facing those four people.

He was a little evasive, and didn't want to meet Xun Zheng and the others on the battlefield so early!

In the evening of the next day, above a wasteland.

Chen Feng was about to step into this Chu State military camp. Suddenly, he stopped, frowning, and saw six extremely loud howls from the sky far away.

Six powerful auras quickly approached here.

Chen Feng stood there, motionless, waiting for their arrival.

In a blink of an eye, six human figures came next to Chen Feng, and then surrounded Chen Feng.

Chen Feng looked at them, all of these six figures were wearing blue armors, embroidered with extremely gorgeous and complicated patterns.

And if Chen Feng couldn't see it, the style of this armor was exactly the same as the Chang Yongjia he had killed.

This also means that these six people are the generals of Chu State like Chang Yongjia!

The six of them surrounded Chen Feng with a touch of disdain on their faces.

One of the old men who seemed to be the leader curled his lips and said lightly: "It turns out that you are such a hairy boy. I thought it was a character with three heads and six arms!"

There was a sneer at the corner of Chen Feng's mouth: "Yes, I am a hairy boy, but it is me who has driven Chu to a desperate situation!"

"Bold! Arrogant!"

The old man said coldly, "Boy, you are very courageous, but you are too arrogant. You dare to destroy my country of Chu with one person. Who do you think you are?"

"Don't talk about destroying Chu State, you can't even go out here today!"

"Old Shang is right." Next to him, a burly man who was three meters high clenched his fist and said with a smile: "Today, you will be buried here, and the six of us will kill you!"

Chen Feng sneered and said: "Really? Then I must know how you let me be buried here today!"

His gaze swept over these six people. These six people were all in the realm of the Five-Star Martial King, and four of them were in the early stage of the Five-Star Martial King.

And the old Shang and the burly man were in the middle stage of the Five-Star Wu King!

Chen Feng secretly said in his heart: "If I can use Thor's possession, then they are definitely not my opponents, I can easily kill them."

"But unfortunately, I used it the last time I fought with Xiong Chenghou. It's less than a month now!"

One of them, a bearded man in his forties, was so cold that he pointed at Chen Feng and said with a bitter face: "Little bunny, don't worry, after we catch you, we won't let you die easily."

"You dare to kill my brother, I will torture you for a whole 999 days, and then kill you at my brother's grave!"

"Your brother?" Chen Feng frowned.

The bearded yelled, "I'm Chang Yongmao, Chang Yongjia's brother!"

Old Shang laughed and said, "Don't worry, always, let's catch him later, and let you send it off."

The expressions of the four of them, as if they had already regarded Chen Feng as something in the bag, they were disposing of them at will.

In their opinion, this time Chen Feng will undoubtedly die, and they will definitely be captured and killed!

Chen Feng smiled, laughing coldly: "Congratulations, you angered me, and the consequence of angering me is that you will all die here today!"

"As for you," Chen Feng pointed to Chang Yongmao, and said lightly: "You are the first to die!"

"Boy, arrogant!"

"court death!"

The six roared coldly, grinning all over their faces, and walked towards Chen Feng.

And at this moment, suddenly, Chen Feng dragged the Dragon Slaying Knife backwards and strode forward. He actually attacked the six with one enemy six.

There was a look of anger on the faces of the six: "You are looking for death!"

They played their powerful moves one after another, blasting towards Chen Feng.

Six five-star martial kings, six extremely powerful moves of the five-star martial king level, seeing Chen Feng being hit by these six moves will immediately be seriously injured and dying!

But at this moment, Chen Feng looked up to the sky and smiled, he didn't evade, and went straight forward!

I saw Chen Feng, a **** light shining on his body, and the blood of the mountain giant was activated instantly!

Chen Feng's physical strength increased crazily. In an instant, his defensive power reached the realm of a five-star martial king!

Boom, boom, boom, six tyrannical moves, all blasted on Chen Feng.

Like hitting huge steel, Chen Feng was unscathed. Facing this powerful move, he came directly to Chang Yongmao!

Very overbearing, like a **** of war.

Everyone is silent for it.

Then Chen Feng is really tough, invincible, and too domineering!

Chang Yongmao, in the early days of the Five-Star Martial King, roared in Chen Feng's mouth: "The Eight Desolations of Silence!"

He slashed four knives one after another and slashed at the top of Chang Yongmao's head.

A look of despair appeared in Chang Yongmao's eyes, and he let out a terrible cry, frantically resisting.

Chen Feng laughed: "Block it? Can you block it?"

His defense was directly shattered!

With four knives, all of them hit his body, his skin was cracked, his muscles exploded, his veins were broken, and his bones burst.

Chang Yongmao let out a scream, his figure disappeared, Chen Feng killed a five-star martial king with four swords!

Chen Feng smiled slightly, and his smile was cold: "I just said that the first person to die is you!"

The remaining five people looked at each other in shock.

This Chen Feng is not only powerful, but also really domineering, saying that whoever is killed must be killed!

They felt hot on their faces, as if they had been slapped a few times.

They were very strong, but Chen Feng unscrupulously killed a companion under his nose, so he was extremely furious.

[Chapter 1822: Seriously injured!](#)

When they looked at Chen Feng, they were also a little bit more jealous, not as disdainful as they were just now.

Chen Feng smiled and said, "Why, do you know how good I am now?"

Chen Feng suddenly rushed forward frantically.

The five generals of Chu State were all waiting in full battle, with all their luck, for fear that they would be killed by Chen Feng just like Chang Yongmao.

Especially Shang elders and burly men, they are even more ready to do their best as soon as they take a shot. Just now they habitually kept their strength, but they didn't hurt Chen Feng in the morning.

If they really go all out, they can at least seriously hurt Chen Feng.

They all thought Chen Feng would come hard, but at this moment, a strange smile appeared on the corner of Chen Feng's mouth, and his figure flashed.

It turned out that his forward attitude was completely fake, and he didn't use his real strength at all.

The ultimate move, in the back.

The gust of wind and purple electricity suddenly broke out, and Chen Feng was extremely fast, like a teleport, directly behind a five-star early Wu Wang.

In the early days of Wuxing Wuwang, he didn't have any precautions at all, and was directly cut by Chen Feng with four swords.

He screamed sternly, rushed forward, trying to escape, but it was too late.

Directly beheaded by Chen Feng!

Chen Feng laughed loudly: "The second one!"

At this point, two of the six masters have been killed by Chen Feng!

Then, he rushed forward again!

With the scene just now, the four generals of Chu State did not dare to devote all their energy to his frontal impact, but instead guarded against him suddenly coming out from behind.

But this time, Chen Feng's move is really ten moves, this is his strongest blow!

Chen Feng directly smashed a five-star martial king's early powerhouse and slashed him fiercely.

At this time, another five-star junior Wu Wang expert next to him launched a series of attacks against Chen Feng, his palms were golden, extremely fierce!

This is his strongest control technique, surpassing his level, reaching the mid-level of the Five-Star Martial King.

There was a cruel and proud light in his eyes: "Chen Feng, you must either block my move or give up the attack! Or you will die with him!"

If Chen Feng continued to attack the five-star early Wu Wang, he would definitely be caught.

"Just now my five-star Martial King's initial offensive couldn't kill you, but now it's upgraded to the hot five-star Martial King mid-stage, it's different!"

He was extremely proud, and felt that this time Chen Feng had fallen into the game he had set.

But at this time, Chen Feng smiled coldly, not evasive, letting his palm fall on him severely.

Boom boom, all the offensive fell on Chen Feng, this five-star martial king's early stage, his face was full of shock.

Because he felt like his fist had hit a large piece of metal, so that his fist was covered with flesh and blood, but Chen Feng just let out a muffled snort, with blood spilling from the corner of his mouth.

At the same time, Chen Feng's knife had already landed on his target, and four knives were cut out one after another. This five-star early Wu Wang screamed and was directly beheaded!

The third master was beheaded by Chen Feng!

"It was so cool to hit me just now?" At this moment, Chen Feng suddenly turned around and looked at the Five-Star Early Martial King who had attacked him.

At this time, King Wu of the five-star early stage was still shocked by Chen Feng's defensive power, and stood in place blankly.

Chen Feng smiled coldly: "Now, it's my turn!"

As he said, he flashed in front of him, and he also blasted out a punch, and roared: "You punch me, and I punch you too!"

With a punch, the five-star early Wu Wang was directly beaten to pieces, spurted blood, staggered back, fell to the ground with his butt, and was already seriously injured.

At this time, the elder Shang and the burly man also surrounded him.

Chen Feng immediately drew away and backed away. He looked at a few people with a smile on his mouth and said, "Everyone, the truth is nothing but the truth is nothing. You have been a general for so many years, don't you even understand this principle?"

The faces of several people were hot and embarrassing. They were experienced, but Chen Feng played with them and applauded.

The old Shang said with a solemn expression: "Lao Meng, this Chen Feng not only has a strong attack, but also has a very strong defense. There are many conspiracies. Now we two are responsible for the attack!"

He looked back at the seriously injured human being: "You are responsible for looting the formation!"

"Okay!" Lao Meng, the burly man, and the badly injured person all agreed.

The three of them besieged and killed Chen Feng.

Chen Feng's figure flickered again, trying to attack the badly injured Five-Star Martial King, but at this time, the burly man Lao Meng had already killed him fiercely.

Chen Feng had to give up his attack, because his attacks and defenses dealt with Wu Wang during the five-star early stage, but he was absolutely unable to hold the five-star mid-stage Wu Wang. He did not dare to take this risk!

So soon, Chen Feng fell into a bitter battle.

The five-star early Wu Wang in his hand was mainly responsible for harassing and changing battles, while Shang Lao and the burly man Lao Meng were mainly responsible for attacks.

With a bang, Chen Feng finally found an opportunity to slash the five-star Wuwang early powerhouse.

However, this is actually a trap. With this knife, he split the skin and flesh of the early five-star king, but before he could start the broken tendons and broken bones, he was hit by the burly man with a punch. Squirting out wildly.

At the same time, the long sword in Elder Shang's hand was from top to bottom, piercing Chen Feng's shoulder blade directly to his waist, leaving a huge wound on his body!

Blood spurts out!

Even if Chen Feng's bloodline of the mountain giant had reached the level of a five-star martial king, he could not resist these two offensives.

In fact, if he hadn't had such a tyrannical bloodline, Lao Meng could smash him with a single punch!

Chen Feng gritted his teeth without screaming, and hit the long sword with both fists.

The blood of his mountain giant was mobilized, and his body was extremely powerful. His fists hit it, making a sound of gold and iron, which directly interrupted the long sword.

Then, Chen Feng quickly pulled away and backed away. He panted violently, with blood overflowing from the corner of his mouth.

He drew out the long sword that had been pierced into his body and threw it heavily on the ground. This action brought a sharp pain deep into his bones.

The burly man Lao Meng said in a deep voice: "Shang Lao, this Chen Feng must have some kind of powerful bloodline or physical exercises. The body is extremely strong. He is only in the realm of the two-star martial king, but he has reached the level of the five-star martial king. be careful!"

Soon, Chen Feng fell into a fierce battle again, surrounded by dangers, and was hit by several punches one after another by the burly man and the old man.

The old man's long sword broke, and at this time it was replaced by a wide-bladed sword, still powerful.

[Chapter 1823: Isn't it great to hit me?](#)

But even so, Chen Feng was seriously injured. His internal organs had even been shaken to blood, and some internal organs had been shattered.

Chen Feng fell heavily and fell to the ground, covered in blood.

At this time, Chen Feng was already in a state of being seriously injured and near death.

The price they paid was that Chen Feng killed the seriously injured person.

But obviously, in the eyes of the burly man and the Shang elders, it is worthwhile to exchange a life for Chen Feng's life.

The two of them surrounded Chen Feng, with smug smiles on their faces.

In their opinion, this time Chen Feng is bound to die.

Seeing the contempt in the eyes of the two, Chen Feng's mouth suddenly twitched, and suddenly he showed great pride. He slowly got up from the ground and shouted: "Come, come again!"

His face was full of arrogance and unyielding, and he killed the two again!

Old Shang sneered, and made an extremely light stab with the big sword in his hand, a sword stab in his chest.

He thought that Chen Feng would definitely retreat, but if Chen Feng retreated, the burly man next to him would send Chengfeng into **** with successive powerful punches.

This was a trap set by the two of them, but what made both of them dumbfounded was that Chen Feng did not evade, instead he rushed up directly, sending his body directly above the sword!

With a flutter, this big sword pierced Chen Feng's body directly!

The old man was stunned, his face was full of disbelief, but he was also a very quick response, and immediately wanted to turn the big sword to turn Chen Feng's internal organs into powder.

However, at this time, he was surprised to find out. His great sword is like being cast into a huge piece of metal, and he can't move it!

Chen Feng's powerful bloodline power was activated, and his body was so hard that he directly clamped his great sword!

Then, Chen Feng yelled: "I was so cool to cut it just now? Isn't it me now?"

With that, the Dragon Slaying Knife split his head and covered his face, and chopped off frantically, all falling on the old man.

Four knives fell, and then another four knives fell.

After eight swords, the old man let out a screaming scream, his flesh was broken, his meridians were broken, his bones burst, and he was directly bombarded by Chen Feng!

The price Chen Feng paid has also changed from a serious injury to a serious injury near death, and the injury is much more serious than before!

At the same time, the burly man who had recovered his senses roared in anger and came directly in front of Chen Feng, and his fists crashed down towards Chen Feng.

Chen Feng let out an unyielding roar. If it was someone else, he would have closed his eyes and waited to die, but how could Chen Feng be that kind of person?

He exhausted his last strength, and also blasted out his fists, hitting the burly man!

Four fists hit together.

The burly man remained in place, and Chen Feng was beaten for a kilometer in the air. He was really injured and weakened too much. He was not the opponent of the burly man at all.

The burly man let out a crazy laugh: "Chen Feng, die!"

At this time, suddenly, behind him, a cold and old voice came: "It is not him who died, it is you!"

Then, a figure flashed by.

Suddenly, the burly man felt that his front was dark and he could see nothing.

Then the next moment, he felt the tremendous pressure hitting him fiercely.

The burly man was filled with despair, and he could feel that he was definitely not the opponent of this trick.

He screamed screamingly, crazy low, but it was useless at all. With a boom, his figure was directly pinched.

Not far from the side, an old man slowly retracted his palm.

Next to him, the middle-aged Confucian man was full of awe. Just now the old man stretched out his right hand and squeezed it lightly, and then the powerful Marshal of Chu in the middle of the Five-Star Martial King was squeezed alive.

This old man, half of his face was browned and half of platinum, he was Master Lu!

At this time, Chen Feng was already in a coma. He only saw two human figures walking slowly towards this side, and then fainted directly.

The middle-aged Confucian looked at Master Lu, and said with some worry: "Master, will he participate in the fight between the lower nations so hastily..."

"No big deal?" Master Lu said lightly: "For Chen Feng, everything is worth doing!"

Chen Feng felt that he was plunged into the boundless darkness, and his body was filled with fiery pain.

Suddenly, he was like an ice cellar, the feeling of being in the abyss was extremely desperate, and he felt that the vitality was getting further and further away from him, it seemed that the vitality was about to disappear in the next moment, and he would fall into darkness forever.

Chen Feng suddenly felt that when he fell to the bottom, that is, when he died.

But Chen Feng had no fear in his heart at this time.

Suddenly, he felt a warm stream of heat around his body used to dispel despair, dispel darkness, and dispel pain.

He felt that his injury was recovering and the pain was diminishing.

I don't know how long it took, Chen Feng finally slowly opened his eyes.

At this time, his vision was still blurred, and the stone roof and stone walls came into view.

In the next moment, Chen Feng felt that the warm current was not an illusion. At this time, he was really soaked in a current of heat.

Chen Feng looked down and saw that he was in a large jade tank at this time, which was full of liquid.

This liquid is a green color with a fragrance of herbs.

Chen Feng could feel the endless flow of heat coming from inside and entering his body. Chen Feng observed his body and found that his injuries had miraculously recovered, even the injuries on the body surface had already been recovered. disappear.

I saw the skin like white jade!

Chen Feng was extremely surprised. At his level and with such a serious injury, I was afraid that even the eight-pin pill might not be able to be cured, but was healed by these liquid medicines?

At this time, an old and hoarse voice suddenly came out: "Shoun Lang, are you awake?"

The voice was strange, but Chen Feng felt a sense of familiarity.

Because, just before he fell into a coma, he vaguely heard this voice.

Chen Feng immediately understood, with a touch of gratitude on his face, and said, "Excuse me, did you save me?"

He also saw that this should be a certain level of a tower, inside it was simple, except for his big tank, there was only a small one left.

At this time, an old man was sitting there cross-legged.

After seeing his appearance clearly, Chen Feng could immediately determine that his body should be filled with two powerful forces of earth and metal properties, so he was suffering!

The old man smiled and said: "I rescued you, how do you feel your injury now?"

[Chapter 1824: Great opportunity!](#)

Chen Feng nodded slowly, and jumped out of the big tank. The golden dragon ring shook, and a robe appeared on his body.

Then he landed, felt his body, smiled and said, "Thank you for your help. I feel very good now and there is no problem anymore."

The old man nodded, his face showed a touch of contentment: "I'll just say, although I don't know how to make alchemy, old man, but the ability to make medicinal liquid is still a little bit so."

Chen Feng was full of doubts, such as where is this place? For example, who is this old man and why he wants to save himself, and so on.

The old man seemed to see through his mind, and said, "I know you have a lot of doubts here, so I will answer them one by one."

Chen Feng asked: "Where is this place?"

"Wudong Academy." The old man smiled.

"What? Wudong Academy?" Chen Feng's eyes widened, and he couldn't believe it.

He didn't expect that he would be rescued by people from Wudong Academy!

The old man smiled and said, "Are you surprised? I don't need to be surprised. After you listen to my identity and why, you will understand."

Chen Feng said, "The kid listens very well."

He looked at the old man without blinking.

The old man smiled and said, "You can also call me Master Lu."

"Yes, Master Lu."

"I am one of the nine masters of Jiangwu Hall of Wudong Academy, and the one with the highest status. Jiangwu Hall is the Wudong Academy in the eyes of you outsiders, because the list of outstanding talents in the Thirty-seven Kingdoms of Tulong was created by Jiangwu Hall."

Chen Feng nodded slowly.

The old man's expression suddenly became bitter, and he said in a deep voice, "But in fact, the biggest use of the martial arts hall is not the ranking list. Such a ranking list is published only once every three months. The old man only spends one day and one night. It's enough to get it done."

"Why does it take so long? Wudong Academy raises people like us, do you think it is to raise idlers?"

Chen Feng was also surprised, he had thought about this before.

Master Lu said in a deep voice: "We talk about the biggest role of the Wudian, but it is actually analysis."

"Analysis?" Chen Feng raised his brows.

"Yes, it's analysis. All the young talents under the age of 40 from the Thirty-Seven Kingdoms of Tulong are included in the record, and even this range is sometimes expanded to below 60."

"As the martial artist's strength is getting higher and higher, the life span is getting stronger and stronger. Sixty years old is not too old."

"Then we will analyze their potential and see what kind of state they can reach at how old they are."

Chen Feng said in a deep voice, "Where is the purpose?"

Master Lu glanced at him approvingly, and said, "You see the problem very sharply, and you hit the point at once!"

He took a deep breath, his face solemnly said: "As soon as I say it, you actually understand that our Wudong Academy, in fact, the real name is: Wudong Academy, Tulong Branch!"

"What?" Hearing this, Chen Feng's heart flashed like a thunderbolt, his whole body was shaken, his face was full of disbelief.

He even trembled in his hands and feet, and he thought of a terrifying possibility in his heart, and he was close to the truth.

Master Lu smiled and said, "Have you guessed it?"

Chen Feng trembled: "Could it be that?"

If the Thirty-seven Kingdom of Tulong is worthy of opening a Tulong branch, then how powerful will the general academy of this Wudong Academy be? What a huge force is this Wudong Academy?

Chen Feng had long heard that Wudong Academy was just a very small branch of a very powerful force, and he finally understood it today!

Master Lu smiled and said: "You guessed it, Wudong Academy is actually a very powerful force of the Tianyuan Dynasty, the martial art."

"Even in the Tianyuan Dynasty, it is still countable tyrannical, and under the Tianyuan Dynasty, the kingdoms are tens of thousands, and your Thirty-seven Kingdoms of Slaying Dragons are just the smallest of them."

"Wudong Academy has branches in many large countries. As for some small countries, only dozens of countries will have one branch."

"Thirty-seven Kingdoms of Dragon Slayer, that's the case."

Chen Feng took a deep breath, and only then did he realize how huge this Dragon Vein Continent is.

In his eyes, each of the thirty-seven kingdoms of the Dragon Slayer was originally huge, extremely vast, with a size of one million li, and it was vast.

Only now did he know that a single country did not even have the qualifications to set up a branch, and the entire thirty-seven kingdoms of the Dragon Slayer were only qualified to set up one branch!

Chen Feng has been deeply shocked, how old was the Yuan Dynasty that day? How big is this dragon continent?

As if seeing through his thoughts, Master Lu smiled and said: "The Tianyuan Dynasty, with an area of 80 million li, is an extremely powerful country on the Dragon Vein Continent!"

"In the dynasty, the number of people is in the trillions, rare treasures, not upgradeable, and countless strong, like the strong in the realm of the king of martial arts, it is not so common in the Tianyuan Dynasty!"

"Even in the Tianyuan dynasty, there are many powerful men who have surpassed the realm of King Wu, destroying the world, moving mountains and filling the sea, and are omnipotent!"

"It can even shatter the void and reach the outer sky!"

Chen Feng was dazzled and fascinated.

Master Lu stood up, walked to his side, patted him on the shoulder, smiled and said, "Chen Feng, that is your stage, and the road to chasing power should not end."

"You are destined to be extraordinary, the Tianyuan Dynasty is the real starting point for you! This thirty-seven kingdom of slaying dragons is not even the starting point!"

Upon hearing this, Chen Feng suddenly recovered from shock.

He stared at the old man blankly, suddenly a stormy wave surged in his heart, recalling what the old man had just said, and said with a trembling, "Master Lu, what do you mean?"

Master Lu smiled and said: "You have a chance to enter the Tianyuan Dynasty! Do you know why?"

Chen Feng was very excited, his face flushed and said, "Why?"

"Because, the purpose of the branches of our Wudong Academy is actually to select talents for Wudong Academy, and this is also the only criterion for evaluating our branches."

"The more talents we select, the better, and the sooner we can return to the Tianyuan Dynasty!"

Chen Feng asked in surprise, "Isn't it great here? Wudong Academy is respected..."

Master Lu smiled slightly, curled his lips, looked around, and said, "Yes, Wudong Academy is very prestigious here."

"But it's like throwing you into the ant's nest. You are the strongest person in the ant's nest. You are respected by these ants. But, will you be happy?"

[Chapter 1825: Chen Feng is dead?](#)

When Chen Feng heard this, he couldn't help but laughed, nodded and said: "My vision is too narrow."

Master Lu smiled and said: "It is good to have the courage to admit mistakes. It is normal for young people like you to have never been to a real big place, have seen big scenes, and have a narrower vision."

"But your potential is endless!"

Having said that, he also became excited, waving his hands, and loudly said: "Chen Feng, you just asked me why I wanted to save you, this is the real reason I saved you!"

"Because you are the strongest genius I have seen in decades here. You can even be said to be the Thirty-Seven Kingdoms of Slaying Dragons. You have been counted among the geniuses in the past thousands of years!"

"Because, if you enter the Wudong Academy, you are absolutely qualified, and you may even become an official disciple of the Wudong Academy."

"And once you become an official disciple of Wudong Academy, those of us can leave here and return to the Tianyuan Dynasty. Regardless of the unlucky ones who come to this barren land again!"

"Anyway, I have stayed here for thirty years. I have stayed enough. I don't want to stay here anymore!"

Chen Feng was surprised and said: "What? What do you mean, with my talent, I am such a genius, you might not even be a formal disciple?"

Master Lu nodded and said: "Chen Feng, the strength of Wudong Academy is beyond your imagination. You are a genius in the Thirty-Seven Kingdom of Slaying Dragons, but looking at the entire Tianyuan Dynasty, it is nothing."

"Do you know that everyone who enters Wudong Academy is selected from the hundreds of billions of people in the following countries, and every one is a genius!"

"Indeed, you are excellent, but others may not be worse than you."

When Chen Feng heard this, not only was he not discouraged, he was filled with pride, he laughed and said, "Master Lu, rest assured, I will definitely become the strongest one!"

"I, Chen Feng, will definitely be the most outstanding genius!"

Master Lu looked at him with joy and said: "Chen Feng, the person I like is really right. You are a genius with your heart!"

"Strong and fierce, all invincible, you can go on this road all the way, the future is absolutely limitless!"

When Chen Feng walked out of Wudong Academy, he still felt that this day was like a dream.

"I can leave here in the blink of an eye?"

"In the blink of an eye, I can go to Tianyuan Dynasty?"

"In the blink of an eye, I will see the truly powerful power on this continent?"

Chen Feng even breathed heavily now, his face flushed, and his eyes were full of excitement.

This half day changed his destiny, and in just half an hour, Chen Feng made a decision: He wants to leave here and go to the Tianyuan Dynasty to pursue true power!

Tu Long Thirty-Seven Kingdom is too young, he can't use it anymore.

Moreover, only with real power can you solve the mystery of Master's disappearance and know your own life experience!

Chen Feng still remembered the conversation with Master Lu just now.

"Master Lu, in other words, as the representative of the Tulong Branch of Wudong Academy, I will be taken by you to the Tianyuan Dynasty to participate in the selection of Wudong Academy, right?"

"Yes!" Master Lu nodded and said.

Chen Feng said: "When is that?"

"Three months later, when the spring flowers bloom!"

Chen Feng nodded, and then he bid farewell to Master Lu.

There are still many things to do in his slaying the Thirty-seven Kingdoms, and three months is just enough to end.

Master Lu naturally understood very well.

Chu Kingdom, Yingdu, in front of the imperial palace, on the main square.

At this time, thousands of bonfires have been lit here, and the square is tens of miles around. There are tens of thousands of huge bonfires lit around, illuminating the place as bright as day.

There are already dozens of millions of people gathered here, and their faces are full of ecstasy. Many people even sing and dance, cheering loudly from time to time.

Some even shouted and drank wildly while drinking, talking loudly to people around them.

The millions of people in the Chu country are caught in a carnival atmosphere, and the reason for this, including the reason why there are so many bonfires on the square today, is because of a news: Chen Feng has been killed by the six generals of Chu!

Although the six generals of Chu State had all died with Chen Feng, Chen Feng was still dead after all.

After the news was passed back to Yingdu. Let everyone rejoice.

"Chen Feng is dead, God, this murderous existence is finally dead!"

"Once he died, Chu State no longer has to worry about the danger of extinction!"

Chen Feng's statement that he wanted to destroy the Chu State had already been circulated in Chu State, and no one doubted its authenticity.

Everyone knows that Chen Feng has this strength, but now everyone finally doesn't have to worry anymore!

"Then Chen Feng is just an arrogant person who is overwhelming. He wants to destroy Chu State alone? It's just wishful thinking!"

"Haha, now he is dead, and he hasn't even left a corpse. This is the deadliest punishment. It makes it hard for him to even fall into reincarnation!" A person laughed loudly.

"That's right." The people around echoed, and they all hated Chen Feng.

The sky is getting darker and the bonfire is getting brighter.

Finally, the gate of the imperial palace suddenly opened, and his Majesty Chu, surrounded by hundreds of civil and military officials and concubines in the harem, walked out of the imperial palace and slowly climbed onto a high platform above the square.

He stood on the high platform and looked down at the thousands of people below. When the people below saw His Majesty the Emperor, they all raised their hands and made waves of cheers!

There was a smile on the corner of Chu's emperor's mouth. He got the news yesterday that Chen Feng and the six generals had died together.

At that time, he was extremely shocked, with a hint of sadness and dismay.

After all, so far, the seven generals of Chu State have all died under Chen Feng, but soon, this reluctance turned into a strong rejoicing: "Chen Feng, dead! Chen Feng, still dead after all!"

"As long as Chen Feng dies, everything is worth it!"

He was ecstatic in his heart, so he immediately ordered a grand celebration on the square in front of the palace today.

The whole people carnival, the whole country celebrates!

However, at this time, there were a few people on the high platform with disapproval expressions.

Wearing a luxurious purple robe, Xun Zheng stood in the sequence of a certain big family, and there was only one old man in front of him, the head of this big family.

Obviously, Xun Zheng has a very high status in this big family, and it is true that he is the eldest son of the Xun family, a big family in the Chu Kingdom, and the future heir of the Xun family.

The Xun family was known as the Xiangguo family in the Chu Kingdom. Seven generations of the Xiangguo were born in 500 years, and the power is extremely prominent!

[Chapter 1826: Who said I was dead?](#)

With such a noble status, Xun Zheng was able to hide in the Qin State for several years as a foundry, and he was able to make a living from ironmaking, which shows that his determination is firm.

He is very famous in Chu State, and he is deemed to be the one who can command the Imperial Imperial Army or the entire Chu State Army in the future.

Not the prime minister, but the general and marshal!

Not far from Xun Zheng, Chuci was dressed in white clothes like snow, but he was standing among the ranks of civil servants, and his ranking in the ranks of civil servants turned out to be extremely high, only below the prime minister.

It turned out that Chuci was extremely talented. He was the number one champion at the age of thirteen and was accepted as a Hanlin bachelor. When he was seventeen, he had become the first person in the Hanlin Academy and was awarded a bachelor's degree.

In the Wenban sequence, only under the prime minister, it can be said that he is the second person to be a minister.

At the same time, his martial arts cultivation is also extremely powerful, and he is the best candidate for the future prime minister by the government and the people of Chu!

Behind His Majesty the Emperor of Chu, Lao Qi stood there, his eyes calm, his eyes and his nose and heart.

She wore a gorgeous palace costume, surrounded by many court ladies and eunuchs, and even many distinguished concubines took the initiative to speak to him. Many princes and princesses looked at her with envy.

But no one dared to say anything.

Because she is the seventh princess that the Emperor of Chu loves most!

The most inconspicuous of the four is the dull young man Cheng Yangxia.

At this time, he was standing in the general queue. In fact, he was one of the youngest generals in the Chu Kingdom. He was born in a family of generals, and he was simple and heavy!

At this time, after the four of them heard what the Emperor Chu had said, a wry smile appeared on their faces.

The four of them knew Chen Feng best, knowing that Chen Feng would never die so easily!

The seventh princess opened her mouth and seemed to want to say something. Beside him, Chu Ci hurriedly winked at him. Even if the Emperor of Chu loved the seventh princess again, he brushed his face at this time and made him lose his face. His Majesty also lost his face. Will Longyan furious!

At this time, the Emperor of Chu was also very proud and full of joy.

He slowly pressed his hands down, and hundreds of guards below shouted in unison: "Quiet, quiet!"

The noisy and boiling square slowly became quiet, and the Emperor of Chu, facing the millions of people below, suddenly said loudly: "Everyone, the whole country is rejoicing today to celebrate Chen Feng's death!"

"Chen Feng is dead!"

"Chen Feng is dead!"

The millions of people below yelled in unison, shaking everywhere.

The Emperor of Chu smiled and raised his hands high. The people below were also boiled, and everyone laughed loudly.

But at this moment, there was a long laugh, and suddenly came: "Who said I was dead?"

The voice was not high-pitched, but it was extremely clear, and it suppressed the voices of millions of people in an instant.

Hearing this voice, the Emperor of Chu's complexion instantly turned pale, with a bloodless face. The millions of people of Chu who were jubilant below showed shock and surprise on their faces, facing the direction of the sound. Look.

Then they saw a figure flying across the void like a big bird, slowly falling, and straight to the high platform.

The commander of the royal guard standing next to the Chu Emperor shouted: "Protect Your Majesty!"

As he said, he leaped up into the sky, and at the same time, there were hundreds of masters among the royal guards, looting at the same time, and attacking fiercely at the looting figure.

A cold snort came: "I can't help myself!"

Speaking of this, the figure sent out an extremely powerful offensive. The sword was shining in the sky and the sword was fierce. Hundreds of Chu Kingdom's royal guards screamed screamingly, all of them fell to the ground and lost their breath.

One move, this person only used one move to kill all of these hundreds of Chu Royal Guardsmen!

Seeing this scene, everyone was shocked!

What kind of master is this? Killed hundreds of masters with one sword? This person is too strong!

But the thoughtful person shouted out: "Chen Feng, is Chen Feng? Chen Feng is not dead?"

This sentence instantly caused great panic among the people of Chu State.

At this time, the figure had fallen on the high platform.

All of Chu's civil and military officials and concubines in the harem all saw his appearance clearly.

This person is only about twenty years old, tall and straight, handsome in appearance, dressed in a blue shirt, and handsome.

Suddenly, everyone was silent and exclaimed: "Chen Feng?"

The boy smiled slightly: "Yes, it's me!"

And the seven princesses and the other four naturally saw Chen Feng. In fact, they stood very far ahead, seeing clearly than most people.

All four of them brushed their faces and turned pale.

They knew that there was a day to face Chen Feng, but they didn't expect it to come so soon.

Seeing Chen Feng, the whole face of Emperor Chu's face changed, and he was shocked at first. Then he couldn't believe it, then it turned into a deep anger, and in the end, it was mixed with extreme fear.

He looked at Chen Feng and slowly said, "Chen Feng, is it you?"

"Yes, it's me." A smile appeared on Chen Feng's face: "I'm here, I'll live my promise and destroy Chu State!"

This sentence swept across the high platform like a gale, and even the entire square. Everyone heard it, but no one raised any questions.

Because everyone knows that Chen Feng has such a strength, even the six marshals can not stop him, no one in Chu can stop him!

Many people looked desperate: "Today, is it really time for Chu Kingdom to perish?"

The Emperor of Chu pointed at him and said, "Why did you not die?"

Chen Feng smiled and said, "I'm sorry, I let you down!"

Suddenly he looked at the crowd, and said loudly, "Today, I, Chen Feng, will destroy the Kingdom of Chu and only the royal family of the Kingdom of Chu. It has nothing to do with everyone else!"

"Other people, if you don't want to be an enemy of me, you will immediately retreat under the high platform now. Chen Feng will never pursue it, nor will it be pursued!"

What he said. It was addressed to the civil and military officials, the concubines of the harem, and the major families. After hearing this, the major families of the Chu Kingdom on the high platform, among the civil and military officials, there was a commotion. You look at me, I look at you, there are some changes in your eyes.

Although they are in a high position in Chu State, they are not necessarily loyal to the emperor. At least, in the face of the situation that if they dare to be an enemy of Chen Feng at this time, they will be killed. It is true that no one can do it calmly. dead.

And at this moment, the crowd suddenly roared: "Chen Feng, you chaotic courtier and thief! Damn dog thing! How dare you provoke the relationship between the monarchs and courtiers of Chu?"

With that, a middle-aged purple robe walked out of the crowd.

[Chapter 1827: Almost collapsed!](#)

This middle-aged in purple robe shows that he has been in a high position for a long time. He is arrogant and arrogant. He points to Chen Feng and shouts with awe-inspiring expression.

Chen Feng looked at him, suddenly the corner of his mouth twitched slightly, revealing a sarcasm smile, and coldly spit out two words: "I'm looking for death!"

With that, a punch came out.

The middle-aged Zipao was killed by Chen Feng before he could say the second sentence.

Seeing this scene, there was even more silence on the high platform. Everyone stopped talking. The four people including Xun Zheng showed great pain on their faces. They didn't know what to do at this time.

Should you be an enemy of Chen Feng?

What's more important now is that even if they are enemies with Chen Feng, they find that they can't do it, there is no such group!

Because they can't even represent their own family's power, their strength is too weak compared to Chen Feng! The emperor of Chu let out a furious roar: "Who dares to leave the high platform today, I want to punish his nine clans!"

Chen Feng said indifferently: "Your Majesty, today's matter, if you say it, don't count it, I say it."

The Emperor of Chu State looked at Chen Feng and said coldly: "Chen Feng, do you think you will be sure of winning today? Do you think my Chu State is no one?"

"As the Emperor of Chu, I also have the strength of a five-star martial king. How can I be so humiliated by you?"

He and the two confidants next to each other looked at each other and understood, and then suddenly yelled, and the two slew towards Chen Feng.

Both of them have the strength of the Five-Star Wuwang, and they are already the strongest people on this high platform.

When Chen Feng watched them attack, the corner of his mouth was slightly clicked, showing a mocking smile.

It is just two small shrimps from the early stage of the five-star Wuwang, in his opinion, they are not enough!

Chen Feng let out a cold snort, ignoring the Chu Emperor's attack, letting his power blast on his body, blasting three punches one after another, directly killing the trusted expert.

At this time, the Emperor of Chu poured all his strongest moves on Chen Feng, but he was shocked to find that Chen Feng stood there and let himself fight, but he couldn't move, but he was shocked with blood in his fists. , Broken arm!

He yelled in disbelief: "How is it possible?"

at this time. Chen Feng had already taken care of the trusted expert, and when he turned around, he suddenly smiled, "Why is it impossible?"

With that, a punch came out.

With just one punch, the Emperor of Chu was seriously injured and fell to the ground.

Seeing this scene, the people of Chu State on the high platform were even more upset.

Many family heads and officials gathered together to whisper. Chen Feng looked at them, suddenly stretched out his right hand, and slowly said, "Give you five breaths, and make a decision within five breaths!"

"After five breaths, I want to leave the high platform, but I can't do it!"

As he said, he slowly raised a finger: "Five!"

As soon as Chen Feng set the time limit, these people couldn't sit still. Suddenly, the head of a big family shouted: "Master Chen Feng, thank you for giving us this way of life!"

After speaking, he turned and stepped down with his own people, without stopping for a moment.

When the Emperor of Chu saw this scene, he was very frightened and shouted: "The surnamed king, how dare you betray me? I want to punish your nine races!"

The Patriarch of the Wang clan turned his head and looked at the Emperor of Chu with a mocking look, and said, "Your Majesty, this is no wonder it is done. The minister is not betraying you. The minister does not want to lose hundreds of people in his family. Life is only!"

"As for the punishment of the Nine Clan, hahahaha, your Majesty, let's wait for you to survive!"

He laughed mockingly, turned and left without stopping!

The emperor of Chu was anxious, and a mouthful of blood spurted out.

And under his leadership, suddenly, on the high platform, it was as if a pot had been blown up, and the people from the major families of Chu Kingdom, civil and military officials, left one after another.

Even the concubines in the harem quickly left here, rushing to the harem to collect the pearls and precious stones, precious and delicate, ready to escape here!

When Chen Feng had counted five numbers, there were tens of thousands of people on the high platform.

There was only one aristocratic family, only seven or eight lieutenant generals, and only a dozen Chinese officials. In the harem, there was only one left.

She was dressed in white, and the long twig stood alone. *NOVELusb.CoM*

Chen Feng glanced away, sighed in his heart, and suddenly a violent heartache came.

A voice in his heart yelled: "Why? Why are you? Why don't you leave?"

"As you know, the reason I let them go is to give you a reason to leave!"

The Emperor of Chu swayed to his feet, looked around, a sorrowful smile appeared on his face, and his voice was erratic: "I thought that everyone would accompany me to death, but I didn't expect it to come. Only a few of you can stay with me!"

He let out a sorrowful laugh: "I am not injustice to the death of Chu State today, my emperor turned out to be so rebellious!"

Suddenly, Xun Zheng strode in and said: "Your Majesty, today the minister is willing to die with you!"

"Okay, okay!" There was a gratifying smile on the Emperor Chu's face: "After all, you are still there. With you loyal ministers, I feel a little comfort in my heart!"

Cheng Yangxia and Chu Ci both walked out slowly. They looked at Chen Feng with extremely complicated expressions. They wanted to speak, but they didn't dare to speak.

They seem to be afraid that when they speak, their friendship will be shattered and nothing will be left.

While Chen Feng looked at them with a deep pain in his eyes, he suddenly shouted: "You four, why don't you go? Why don't you go?"

"Do you know that I just let them go just to let you go! Why do you have to stay here and die?"

Chen Feng roared violently.

His emotions seemed to be vented all at once, and he shouted: "What do you want me to do? Who do you want me to kill? Are you staying here, is it forcing me to kill no one?"

"But no one can kill, how can I destroy Chu Kingdom?"

Chen Feng almost broke down, staring at them, yelling out of control.

Chen Feng rarely has such a time, but today is for them.

When they heard Chen Feng shouting like this, all four of them suddenly showed gratifying smiles. At least they knew Chen Feng's heart and Chen Feng's feelings for them at this time!

The seventh princess suddenly walked out and stood in front of the Emperor Chu. She looked at Chen Feng with a pleading expression on her face and said, "Chen Feng, I have never asked you anything. This time I beg you, please. Don't kill the father, okay?"

[Chapter 1828: Chu, die!](#)

Chen Feng suddenly threw the Dragon Sword in his hand to the ground, and shouted loudly like a nervous breakdown: "What do you want? Who do you want me to kill? Who else do you want to kill?"

"What you want me to say is like shit, is it worthless?"

"You want me, Chen Feng, to be a laughingstock, don't you?"

But at this time, suddenly, the Emperor of Chu pushed the Seventh Princess away and blocked her behind him.

Seeing this scene, the seventh princess was stunned. The Emperor Chu looked at her with a spoiled face and smiled and said, "Little Qi, if you have this heart, the father is already very pleased! Next, yes The father should face it!"

He suddenly looked at Chen Feng, raised his head, his face full of pride: "Chen Feng, I am the king of a country, I may be cruel and bloodthirsty, I may be unpopular, I may be low-powered!"

"But, after all, I am the king of a country! I have my own pride!"

"I don't need pity, let alone beg for mercy for me. How can I escape what I should face?"

As he said, he suddenly roared and killed Chen Feng, completely desperately, attacking frantically, without reservation.

Chen Feng's instinct was to make powerful moves and hit him fiercely, but when he wanted to stop, it was too late.

With a loud bang, the Emperor of Chu was directly killed by the volley, with no bones left.

The heavenly crown turned a few times in the air and fell heavily to the ground.

Seeing this scene, in an instant, the platform became quiet.

Under the high platform, the millions of people in Chu State were also quiet.

The next moment, a crying cry suddenly erupted from the high platform: "Your Majesty, Your Majesty!"

On the high platform, all the people of Chu State knelt down, tears streaming down their faces, and weeping.

Chen Feng stood in place, stunned looking at his hand.

He hadn't expected this scene at all, and the millions of Chu people below also knelt down, crying loudly!

"Chen Feng, you killed Emperor Father, but you killed Emperor Father?" The Seventh Princess looked at Chen Feng with disbelief, then shock, and then full of extreme pain and hatred!

At this time, Xun Zheng walked out, holding a long knife, looking at Chen Feng.

Chen Feng was even a little numb, and said nonchalantly, "Are you going to be my enemy?"

Xun Zheng showed a free smile on his face at this time, and said lightly: "I am not your opponent, but the king is dead. How can we live alone as courtiers?"

As he said, the sharp blade in his hand wiped his throat fiercely.

Chen Feng's expression changed drastically, and he shouted, "No!"

As he said, he wanted to stop and grabbed the long knife in his hand.

But it's too late!

Xun Zheng's long knife has cut his throat fiercely, cutting off his throat.

Xun Zheng fell to the ground heavily. He looked at Chen Feng, his face gradually disappeared, the corners of his mouth trembled slightly, and his voice faintly spit out: "Chen Feng, if there is another life, how much hope I can do it with you brothers!"

Xun Zheng, sacrifice one's life for justice!

Behind him, the people of Chu State shouted one after another: "The king is dead, how can we as courtiers live alone?"

Suicide one after another!

Among them are Cheng Yangxia and Chuci.

When Chuci was about to commit suicide, Cheng Yangxia suddenly flicked his long sword with one hand, looked at him, and said softly, "Protect Old Seven!"

After speaking, he committed suicide.

Chuci stood there blankly, the whole person was stupid.

After a while, there were only three living people on the entire platform, except for Chen Feng, Lao Qi and Chu Ci.

Chen Feng watched this scene blankly, his face numb.

Old Qi held the corpse of the Emperor of Chu and wept bitterly. In the end, blood even flowed out of his eyes.

She stared at Chen Feng suddenly, two lines of blood and tears fell in those hollow eyes, and an expression of hatred appeared on her face: "Chen Feng, I must kill you! I must avenge my father!"

Chu Ci looked at Chen Feng, and said with a cold expression: "Chen Feng, if you don't kill us today, in the future, the one who kills you will be me and Lao Qi!"

Chen Feng looked at them, and his eyes were full of sadness.

He suddenly looked up to the sky and yelled: "I killed you? Why did I kill you? You are my brothers, how can I do it?"

He stood in this pool of blood, his expression depressed, without a trace of happiness.

At this time, there was a cold wind, lead clouds in the sky piled up, and heavy snow fell. In a blink of an eye, the area covered here was solid.

In this plain white, Chen Feng slowly left the high platform and walked in the direction of Qin State.

Staggering, lonely back!

At the same time, with the support of Chu Ci, the two of them left Yingdu and Chu State, without whereabouts.

At this point, the State of Chu was destroyed.

Half a month later, the game and fight among the great families of Chu finally produced results.

A little-known, but extremely profound family with a hidden great strength, easily killed the major families, ascended to the throne, and changed the country's name to: Cheng Guo!

In a blink of an eye, the news of Chu State's demise spread throughout the Thirty-seven Kingdom of Slaying Dragons, and naturally it also spread to Qin State.

After hearing this news, Qin State went up and down, and suddenly lost his voice.

At the beginning, Chen Feng said that he was going to destroy the Chu State by himself. Although no one dared to speak out against the hundreds of civil and military officials in the Qin State, and the major families, many people had a joke-like mentality in their hearts.

They felt that Chen Feng was unlikely to succeed, and finally waited for him to escape back in embarrassment and watch his jokes.

And Chen Feng was ambushed by the six marshals of Chu State, and there was no news. During the time when they did not know their whereabouts, they also had a carnival. I think Chen Feng must be dead this time.

Unexpectedly, in a blink of an eye they learned that Chen Feng had already wiped out the state of Chu, which made them feel a great loss of face.

In the eyes of many people, this is not just a matter of losing face.

In Qin's imperial palace, it was not the main hall, but a very secret room.

The Emperor Qin was sitting on the main seat, and opposite him was an old man. This old man was indeed the prime minister, Zhao Yuan!

Speaking of it, Zhao Yuan is also a legend in the Qin Kingdom. He is not a family member, but a commoner. The promotion of a commoner to the position of prime minister by the emperor shows how much the emperor regards him.

The emperor was so kind to him, and he was not of a family background, so he had no foundation in the court. All his power came from the emperor, so he was also loyal to the emperor.

The emperor slowly said, "Chen Feng has already destroyed the Kingdom of Chu, what should I do next?"

"Chu can be destroyed, and Qin can naturally be destroyed. Chen Feng is too strong now, enough to suppress the entire country by one person. When he wants to destroy our Da Qin, he can easily destroy it!"

[Chapter 1829: All betrayed!](#)

"I don't like this feeling very much. It's like a sword hanging above my head, making me sleep and eat!"

The emperor of Qin became more excited as he spoke, and even the blue veins on his forehead appeared.

He waved his hands, his face was murderous and angry.

Zhao Yuan said softly: "Your Majesty, please stay calm and restless."

"Chen Feng already has such a powerful strength, the so-called one force breaks ten guilds, any conspiracy and tricks are useless in the face of absolutely powerful strength."

"Now, no matter how delicate the design is, no matter how many traps we place, Chen Feng can smash it with one punch! There is no effect at all!"

The Emperor Qin was furious in an instant, and roared: "Is it possible that there is nothing to do with him?"

He stared at Zhao Yuan and said coldly, "Can't you think of anything for me?"

"You must think of a way, but you must also be cautious." Zhao Yuan said: "Chen Feng is a native of Qin after all, and he is still loyal to Qin in his bones. Otherwise, he would definitely not follow his original promise. Destroy Chu Kingdom by oneself."

The Emperor Qin thought for a moment, then slowly nodded and said, "Yes, he is still loyal to Da Qin."

"In that case? Then let's not rush for a while." Zhao Yuan smiled and said: "We must plan to move later. The most taboo is to develop some small conspiracies and tricks, which are easily detected by Chen Feng, which will increase him. Dislike our royal family."

"There is more and more ill feelings, and after accumulation, it may burst out someday."

"And if a conspiracy can't kill him, we can't bear his revenge, so,"

With a cold expression on his face, he said flatly: "We either don't move. If we want to move, we will have a ruthless one to completely destroy Chen Feng, so that he will never exceed his life, and there will be no force to fight back."

"Yes!" The Emperor Qin slapped his hand bitterly, feeling that his thoughts were much clearer!

"If we are not sure of victory, then we will not move. As long as we don't anger Chen Feng, in my opinion, Chen Feng shouldn't have any radical actions."

Emperor Qin sighed and said, "I already understand this truth, but now I have trouble sleeping and eating. I can't let such a sword hang on my head every day."

"I think of him every day, and there is indescribable fear in my heart!"

He finally told his true thoughts.

At this time, Zhao Yuan twitched the corner of his mouth slightly, revealing a weird smile, and said: "Your Majesty. Actually, it's not really helpless to him now, the minister has a trick here."

"If it succeeds, it will be enough to kill Chen Feng in one fell swoop and let him die silently!"

"What trick?" The Emperor Qin immediately asked excitedly when he heard it.

Zhao Yuan smiled and lowered his voice and said, "Speaking of which, this strategy originated from a previous meeting with the third princess."

"What? A meeting with the third child? What can the third child do?" His Majesty the Emperor Qin raised his brows and said with some disapproval.

He didn't even know how scheming the three princesses were and how powerful they were.

In his mind, the third princess is still the timid and shy little girl who only knows how to read and play all day.

Before Zhao Yuan could speak, he suddenly squeaked, and the door of the secret room was actually pushed open.

Then, a little figure walked in, and it was indeed the third princess.

His Majesty the Emperor Qin was shocked at once. He suddenly stood up, stared at the third princess, and shouted in surprise and anger: "You, how did you know this place? How did you come in?"

He felt very unbelievable, because this secret room was extremely hidden and it was very difficult to get in.

The secret room is either opened from the inside, or from the outside, opened by one of his most trusted confidants!

"How did the third princess get in?"

At the same time, he was also extremely angry, because the three princesses rushed in so swaggeringly, obviously they were very contemptuous of his authority!

"Not only can I easily come in, in fact, Father, I have used this secret room many times before you know it, and have come in many times."

Her Royal Highness the third princess did not fear him at all, looked at him and said with a smile.

"What?" His Majesty the Great Qin Emperor was even more furious, shouting loudly: "You rebellious, you rebellious son, how dare you offend my majesty so much?"

The third princess saw his reaction like this, and slowly shook his head, and said: "Father, you are so irritable, and you questioned me like this without clearly distinguishing the situation, and exposed your bottom line. , You are really not a good material to be an emperor!"

Her contemptuous words even angered the Emperor Da Qin. He beat the ground frantically and shouted: "Come on, drag this rebellious man out and cut her!"

It was silent outside, and no one paid any attention to him.

The third princess's face showed a thicker contempt, and suddenly he clapped his hands, smiled and said, "Here you are!"

His Majesty the Emperor Daqin was useless to speak, but when the three princesses were speaking, a large number of people poured in from outside, all of whom were masters of the royal guards.

The leader is the most trusted confidant of His Majesty the Emperor.

Yan Yu punishment.

The Emperor Da Qin looked at this scene in shock, and yelled in disbelief: "How is it possible? Are you going to rebel?"

He stared at those people and questioned them loudly.

A slight smile appeared at the corner of Yan Yu's mouth, and he said softly: "Your Majesty, you are a good bird who chooses wood to live in. It seems that you are indeed not a good wood!"

"In this case, what is wrong with me choosing the third princess?"

"Damn you! I want to kill you!" The Emperor Qin roared frantically!

The third princess smiled and said: "Father, you are really disappointing. You let me down just now, but now you are letting down these men."

"They haven't made up their minds to betray you, but when you say this, you completely pushed them to my side."

"What the **** is going on?" The Emperor Qin felt like he was going crazy.

Why did the third princess, who had always been very well-behaved and docile, without any threat in his eyes, suddenly become so contemplative? When did she infiltrate the power into these people around her?

Why do these people around me choose to betray?

He feels his mind is muddy, and he doesn't know anything.

At this time, Zhao Yuan coughed slightly, stood up and said: "Your Majesty, let me explain to you!"

He said slowly: "In fact, His Royal Highness the Third Princess can be called a genius of heaven. She is very talented. She has cultivated many cronies secretly since she was a child and has a very powerful influence."

[Chapter 1830: The conspiracy begins!](#)

"You may not know that Yanyu Punishment has long been a member of His Royal Highness the Third Princess, and at the same time, His Royal Highness the Third Princess has also gained the trust of Lao Yu, and now Lao Yu has taken refuge in her."

"What? You betrayed me too?" The Emperor Da Qin roared in anger.

But no one cares about him at all.

He then, as if frustrated, sat on the ground, no matter how irritable he was, but not stupid, he could see how unfavorable the situation was at this time.

He said dejectedly: "Go ahead and continue."

Zhao Yuan continued: "Originally, the Three Princesses didn't want to expose her strength so quickly, but the appearance of Chen Feng forced her to expose."

"The five princes died one after another, and you, your majesty, don't seem to be reliable. These people in the palace must find a master to make sure that they live and live more comfortably."

"So, we all chose the third princess!"

"It turned out to be this!" The Emperor Da Qin murmured: "It turned out to be like this, you guys..."

He wanted to talk about prosecutors and thieves, but found that these four words could not be said.

At this time, the third princess smiled and said: "Father, the strategy that the Prime Minister told you just now was also from my hand, and it must be done by someone under my hand."

"Father, in fact, I can completely leave you behind and do it myself, but I brought you on. I only have one condition."

The Emperor Da Qin calmed down completely at this time, with a sardonic smile on his mouth, and said, "Forcing me to abdicate?"

The third princess giggled and clapped her hands: "Father, if you are not angry, your mind is still very clear."

He thought that the Emperor Qin would have to think about it for at least a moment, but he didn't expect that the Emperor Qin didn't hesitate, and directly agreed: "That's good, I agree to this condition."

"However, after you killed Chen Feng, I immediately abdicated with you!"

"When Chen Feng gives the head, it is the day you ascended the throne!"

"Okay!" The third princess clapped her hands and said, "Then let's make a deal like that. As for **** Chen Feng, you don't have to worry about it, I have a clever plan!"

Chen Feng was so kind to Qin, it can be said that they saved Qin with their own efforts, and they actually planned to kill Chen Feng.

It can be described as awkward!

Three days after the news of Chu State's demise was returned to Qin State, Chen Feng returned.

On the same day, His Majesty the Emperor set up an exercise to entertain Chen Feng in the palace, all officials from civil and military affairs, and the heads of various families.

Chen Feng didn't seem to be very interested. He didn't say a word during the whole banquet, and he ignored anyone toasting.

This banquet was basically a breakup. Seeing that Chen Feng was not in high spirits, they didn't dare to provoke you, they just talked and laughed.

At midnight, the banquet finally stopped, and everyone left one after another. Chen Feng was not with the Dragon God Hou, but was alone, walking through Wuyang City, lonely and lonely.

He has not recovered from the events of the previous few days. After all, on that day, he lost two close friends and two at the same time, and he has never shared the same vision with him since then!

The streets of Wuyang City were completely dark, there was not a single figure, and the surroundings had fallen into a deep sleep.

While Chen Feng was walking, all he could hear was the sound of his own footsteps.

Just as he was about to reach the city gate, he suddenly stopped and said lightly: "Come out, don't force me to let you out!"

A voice sounded from behind Chen Feng: "As expected, it is Chen Feng. You can perceive my existence when your strength is not as good as mine. Let alone now, I never thought of hiding it from you."

As he said, in the air behind Chen Feng, a figure slowly emerged.

Chen Feng felt very familiar with this voice, and he immediately remembered who it was.

Chen Feng turned his head, the person in front of him, who is not Yan Yu punishment?

Yan Yuxun looked at Chen Feng with an extremely complicated look in his eyes. When he first saw Chen Feng, Chen Feng had very low strength in front of him, and he did not put Chen Feng in his eyes.

It belongs to that kind of ant, he just doesn't know how much he can pinch to death.

However, he did not expect that he has become an ant in front of Chen Feng today.

If Chen Feng really wants to kill him, he can be killed with a thought!

And, how long did it take? It's just a few months!

He sighed lightly and looked at Chen Feng: "Chen Feng, you are such a genius. It took a few months to grow to this level."

Chen Feng didn't answer, but just smiled and said, "It turned out to be the leader of Yan. I don't know why you came to me this time?"

Yan Yupu smiled and said, "This time, I actually came to you for the third princess."

Mentioning the three words of the three princesses, Chen Feng's eyes immediately flashed murderously. He would not forget that the three princesses and Yan Yu tried to kill him several times.

A cold smile appeared at the corner of Chen Feng's mouth, and said faintly: "Do you still have the courage to come to me? Do you still have the courage to mention the three words of Princess Three?"

Yan Yuxun pretended to be ignorant: "Why don't I dare?"

"Okay, if you don't speak secretly, you don't have to pretend here. You and the third princess want to kill me several times, but it's clear that I didn't bother with you. It was already based on my past feelings Up."

A mocking smile appeared at the corner of Chen Feng's mouth: "What? Are you still trying to trouble me?"

Yan Yuxun took a deep breath and said, "Chen Feng, I admit that, even before I came today, the third princess also told me that we did have many things wrong with you before."

"This time, we are not asking you for benefits."

The third princess knew very well that with Chen Feng's current strength, it was absolutely impossible for him to let Chen Feng distribute most of the benefits in the mausoleum to himself according to what he said before!

Chen Feng said, "Then what do you want?"

With a sincere look on Yan Yu's face, he said: "Chen Feng, now you are extremely powerful, and you are the first person in the Qin Kingdom. His Royal Highness the third princess really wants to make up for the rift between the two of you. Re-establish a good relationship."

"So, he sent me to ask you a word this time, do you still want to know the secrets in your heart?"

Chen Feng listened, as if he was struck by lightning, as if his heart was hit hard by a sledgehammer, he took a step back!

This can be said to be his cover. Chen Feng didn't say much, but said indifferently: "Lead the way ahead! I hope I can know everything tonight."

"Okay!" Yan Yuxun turned around and walked forward without any hesitation.

At this time, Chen Feng stood behind him, and did not see the successful conspiracy smile on Yan Yupu's face at the moment he turned around.
