

## Peerless 1831

### [Chapter 1831: Who put the seal?](#)

Chen Feng followed Yanyu's punishment, walked all the way forward, and soon returned to the imperial city, but he did not take Chen Feng back to the imperial city, but entered the next to it. Yard.

After entering the yard, he entered the wood house, he removed the pile of firewood, and the ground below looked nothing unusual.

Yan Yuxun smiled slightly and took a few shots on the wall next to him. The ground suddenly turned up to reveal a big hole. It turned out that this place was actually an extremely delicate mechanism.

The two went down, seven and eight turns all the way, and walked for a full hour or two. At the speed of the two, such a long time was enough to get out of the city.

Sure enough, the end of the tunnel slowly turned into a natural cave. It was only slightly excavated manually, and the terrain was rising more and more, with light coming out from the front.

When Chen Feng pushed aside the dense vines in front of him, a look of surprise appeared in his eyes immediately.

It turned out that there was a huge valley in front of it, and in this valley, the forest was dense and flowers bloomed.

It's already winter. It stands to reason that this situation should not be possible, but there should be hot springs below the valley. There are a large number of small rivers, small lakes, springs in the valley, all with warm water gurgling out. Make this valley warm like spring and the scenery is extremely beautiful! Yan Yuxun took Chen Feng around, and then took Chen Feng to an exquisite pavilion.

He smiled slightly: "Please."

Chen Feng pushed the door in.

A figure stood with his hands upright, hearing the voice, and looking back, it was the third princess.

She looked at Chen Feng with a smile, with a sincere smile on her face: "Chen Feng, long time no see."

At this time, her attitude was very low, she didn't look down at the slightest, and she didn't have the slightest resentment, as if she was so respectful to Chen Feng for granted.

Chen Feng sighed secretly: "These three princesses are really deep enough. At this time, I don't know how much I hate me in my heart! But their faces are pretending to be nonchalant."

Without any nonsense, Chen Feng said straightforwardly: "Where is your Aunt Xianyu? Where is it? Then where is the way to let me know the secret in my heart?"

The third princess smiled and said: "I know you are in a hurry, so I won't be too nonsense."

He raised his voice and said, "Aunt Xianyu."

There were footsteps coming from behind, and then a figure walked out slowly.

This person is a woman in her fifties with wrinkles and looks very old, but she can see some traces of the beauty of the past on her face. It is obvious that she was also a beauty when she was young.

She was wearing a blue robe, but her eyes were hollow and there was nothing.

Chen Feng raised his brows. Aunt Xianyu was actually blind?

Aunt Xianyu seemed to know what Chen Feng was thinking about now, and smiled and said, "Although I am blind in my eyes, my heart is not blind. It is more reliable to see many things with my heart than with my eyes."

Chen Feng smiled and nodded: "That's right."

Soon, a few people came to a quiet room, the third princess and Yan Yuxun were very witty farewells, and only Chen Feng and Aunt Xianyu were left inside.

In fact, even if the two of them stayed here or wanted to attack by the side, Chen Feng was not afraid.

His current strength is not something these people can shake.

Moreover, today is to explore the spiritual world. If these people dared to attack him, they would die even worse if they were attacked by Chen Feng with transparent divine light.

The two sat cross-legged, and Aunt Xianyu slowly said, "There are some secrets. In fact, you should have known it, and they exist in your heart. In the final analysis, they are in the spiritual world, but they are sealed for some reason. "

"What I want to do for you today is to unlock the seal and let you know these secrets clearly."

Chen Feng nodded and took a deep breath, feeling a little unbearable excitement in his heart.

Aunt Xianyu smiled slightly and said, "You don't need to be nervous, just follow my instructions."

"The first step is to let go of your heart and take me into your spiritual world."

Chen Feng nodded, he was not afraid, he was not worried that the other party would take the opportunity to attack his spiritual world.

Many soul masters have done this before, and they all ended up miserably.

Chen Feng closed his eyes, breathed steady and calm, and instantly sank into his spiritual world.

At the same time, he sensed a very large aura drifting outside of his spiritual world and seemed to want to enter it. This aura was very strong and huge, but very peaceful, without any malicious intent.

Chen Feng immediately let go of his spiritual world quietly.

Then, there was a flash of light in front of him, and the breath immediately entered before Chen Feng's eyes, turning into a woman.

This woman is only in her twenties and looks quite beautiful. She looks a bit like Aunt Xianyu. I think she should look like Aunt Xianyu when she was young.

Aunt Xian Yu glanced around Chen Feng's spiritual world, with a deep shock on her face, and sighed, "Chen Feng, you are really a genius of heaven. The talent on the top is definitely extremely high, so young, you have such a vast spiritual world!"

Chen Feng smiled and said, "Aunt Xianyu has won the award."

The two walked together to the center of Chen Feng's spiritual world. Chen Feng tried to build a hall of soul-calling here, but never succeeded. He failed many times and finally gave up.

After walking here, Aunt Xianyu suddenly raised her brows and said, "Chen Feng, the atmosphere here is a bit weird."

"Oh? What's weird?" Chen Feng asked.

"Have you ever built a hall of soul-calling here, but found that there is no way to do it?"

Chen Feng was surprised: "How did you know?"

Aunt Xianyu smiled and said: "This is easy to understand, because this area of your spiritual world has been sealed by someone. This seal is quite vicious, so you can't detect below, and you can't dig out spiritual power from below. Build a hall of souls!"

"And the Hall of Soul Convocation can only be built at this core. Therefore, as long as this seal exists, then you will not be able to build the Hall of Soul Convocation."

Chen Feng nodded slowly: "That's how it is."

The transparent sacred light hovered around Chen Feng's body, and Chen Feng's heart moved, and the transparent sacred light slashed towards the ground.

The transparent divine light has always been extremely sharp and unfavorable, but this time, as if it had hit an iron plate, it made a loud noise and bounced directly back from the original path.

And this ground is undamaged.

Aunt Xianyu smiled beside him and said, "Chen Feng, you can't do this. Look at me."

[Chapter 1832: The message left by the master!](#)

Although she did not have eyes, she did not affect her actions in the slightest. She walked to the ground and waved her hands to draw a mysterious arc.

In the air, there was a burst of spiritual power immediately, and this spiritual power had a very strong penetrating power, like a spring breeze and rain, it was scattered on the ground, and it was directly infiltrated.

She waved her arms one after another, the spring breeze turned rain, and she kept going deep without stopping.

I don't know how long it took, but suddenly, her momentum changed.

Suddenly, the spiritual power changed from the spring breeze to the extreme fierceness.

If it was said that her mental power was rain just now, then she is now a sharp blade, and the raindrops that seeped into the ground suddenly began to condense into countless sharp blades.

From the inside to the outside, start to open, scrape, and break the ground abruptly, doing everything possible!

As a result, the ground, which was so strong that even Chen Feng's transparent divine light could not shake, began to tremble.

And Chen Feng also felt a sharp pain in his head, and the transparent divine light fluctuated.

Chen Feng knew that the reason for this was that he and his spiritual world were originally one, and the spiritual world was greatly harmed, so naturally he was harmed.

But he took a deep breath and forcibly endured the pain.

Finally, with a loud boom, Chen Feng's entire spiritual world trembled.

The earth cracked and the sky shook, as if the spiritual world was about to collapse.

Just as Chen Feng was about to ask a question, suddenly at this moment, a powerful suction came from that piece of ground, and Chen Feng and Aunt Xianyu were directly sucked in.

At this moment, Chen Feng reached out and grabbed Xianyu's aunt to prevent her from getting lost in it.

The two felt as if they were plunged into a vortex in the deep sea, constantly descending, and around their bodies, there was no space, but a substantial existence.

Aunt Xianyu said slowly: "Now, we are walking through the seal!"

The feeling of chaos in time and space made Chen Feng extremely uncomfortable.

Aunt Xian Yu seemed very comfortable. Her voice was still calm, with a strong sense of exclamation: "Chen Feng, the person who sealed this part of your memory is really too powerful and the methods are too deep."

"I tried all kinds of methods, but I couldn't destroy it. I could only break a gap from above. The two of us can enter through these gaps!"

Chen Feng couldn't see anything. It wasn't that there was pitch black in front of him, but his sight was as if being sucked into a black hole.

I don't know how long it took before Chen Feng could finally see the scenery in front of him clearly, and he finally regained his sight.

A touch of cyan appeared in front of him, and then a touch of black appeared below. The further down, the more gorgeous and colorful the color became.

In the end, it finally showed colorful colors.

And Chen Feng also suddenly entered a strange space. After he entered this strange space, he found that it was so vast to the extreme, he didn't know how high it was.

It seems to be nothingness.

Then, Chen Feng landed, but he was not stepping on the ground. At least Chen Feng felt that there was nothingness under his feet. There was nothingness all around, and he did not step on the ground at all, but he was just floating here.

The colorful ribbons flying around are extremely magnificent.

Chen Feng looked at it and couldn't help sighing, he had never seen this kind of spectacle before!

Aunt Na Xianyu glanced around, her face also showed a shocked expression, but then she hid the expression, pretending to be invisible.

She stretched her hand around and asked, "Chen Feng, where are you? You give me a hand."

Chen Feng quickly stretched out his hand to support her, he didn't notice the look on Xianyu's aunt's face just now.

Chen Feng didn't know where this was, but at this moment, suddenly, a wave of extremely strong mental power spread in front of him.

Then, the colorful ribbon began to wrap around and began to condense, and finally, a human figure was formed.

This figure wore a green robe, looks handsome, and described as thin. At this time, he was looking at Chen Feng lovingly, with deep concern in his eyes.

Chen Feng suddenly exclaimed, "Master!"

Yan Qingyu's kindly gaze fell on Chen Feng, but soon Chen Feng discovered that the master's gaze did not fall on him, on the contrary, his gaze was slightly hollow and directly penetrated Chen Feng.

Chen Feng immediately felt a sense of loss. He thought it was the spirit of the master, but he didn't expect it to be a memory, a spiritual fragment left by the master!

Yan Qing Yuyu slowly said, "Feng'er, when you come here, you must be very strong."

"If you die among you, then you will never come here forever. Coming here means that your strength is strong enough to be qualified to access some secrets."

"The fragment that Master left here is to tell you about your life experience."

Hearing this, Chen Feng's heart trembled.

Yan Qingyu showed an inexplicable expression on her face, and slowly said, "I know you have always been very curious about your life experience, but you have never asked, presumably you were heartbroken by your parents, because you think You were abandoned by them."

"But Feng'er, what I want to tell you is, it's not like that!"

"I can't reveal the details of your life experience, I can only tell you one thing, your mother's clue is in the Tianyuan Dynasty, you have to go to the Tianyuan Dynasty to look for it!"

A storm surged in Chen Feng's heart: "It turns out that my mother has such a big background? It turned out to come from the extremely high-level and powerful place of the Tianyuan Dynasty!"

Yan Qingyu's next words shocked him to the extreme: "However, your father must not know about you going to the Tianyuan Dynasty to find your mother's trace!"

"Even, you can never recognize your father!"

Chen Feng was even more shocked, and a huge voice echoed in his heart: "Why? Why is this? My father, who is it? Why can't I let my father know? What happens if my father knows? "

This was the first time he heard about his parents in his life, but the first time he learned it, it shocked him and fell into deep suspicion.

Even if not every detail embodied in this image was as good as Master Yan Qingyu, he would suspect that this image was forged by others.

Yan Qingyu did not explain his doubts. After he said these words, his figure gradually disappeared.

But the voice still echoed: "Good disciple, Master has left you a lot of good things here. This is the only thing Master can leave you."

His figure dissipated and faded more and more, and Chen Feng yelled in surprise, "Master, Master, what is this?"

His whole mind was shocked!

At the same time, he couldn't notice the look of Aunt Xianyu next to him.

At this moment, Xianyu's aunt's hollow eyes suddenly cracked a gap. In the gap, a blood-colored light was leaking, and an eyeball was revealed.

It's just that these eyes are vertical pupils, like a poisonous snake, with an extremely vicious red light inside.

She had a very peaceful look, but at this time she suddenly became extremely vicious, and the corners of her mouth also began to show a cruel smile.

And that mouth got bigger and bigger, and in the end it occupied half of her face, revealing jagged and sharp teeth inside.

Where is she at this time? Obviously it is a humanoid monster! A terrifying monster!

Her lips moved lightly, and she uttered four words silently: "It's time!"

### [Chapter 1833: Extreme crisis!](#)

As he said, he clasped his hands on Chen Feng's body fiercely, and a pain that was extremely intense, hitting his soul, awakened Chen Feng instantly.

He turned his head in amazement, and saw that Aunt Yu didn't even have a human form at this time, but turned into a monster the size of a water tank.

Above this monster beast, the pupils are full, and the pupils are filled with extremely spicy light, and there are hundreds of pairs of eyes.

In addition, there is a huge mouth of blood on his face.

Chen Feng was shocked: "What is it?"

Aunt Xian Yu turned into this thing!

In the next moment, Aunt Xianyu's eyes were all opened, and countless blood-red rays of light came out from inside, each of which was a strong mental blow, blasting \*\*\*\* Chen Feng's body.

Chen Feng's figure shook for a while and almost collapsed. He was almost destroyed by the beat.

Chen Feng exclaimed, he suddenly recognized what it was, it turned out to be a huge soul-eater!

Chen Feng once ran into a soul-eater in Qianyuanzong's back mountain, but compared to the one in front of him, what was that soul-eater?

It's almost like the ant is less than 1% of this size compared to the Shenlong, and its aura is even less than 1% of this.

This Soul Eater exudes an extremely powerful aura, and his mental power surges towards Chen Feng, and Chen Feng feels that he will disappear directly in the next moment.

Even his vision has been blurred.

At this moment, Chen Feng's mind was so clear, he immediately realized that today's matter was a trap.

"The three princesses and this aunt Xianyu set up this trap, let me introduce Aunt Xianyu into my spiritual world, in order to destroy me in the spiritual world!"

A voice in Chen Feng's heart was yelling in an extremely cold voice: "Okay, the third princess, you are so scheming, what a cruel method!"

"Presumably, you also know that depending on your strength, you can't beat me outside, you just want to destroy me in the spiritual world, right?"

At this time, Chen Feng's vision was blurred. He felt like an unarmed person falling into the sea. The waves washed away one by one, causing his consciousness to be wiped out little by little.

This is the most ruthless method to make Chen Feng disappear from the inside out!

Chen Feng's mental power was disintegrating, and his soul was disintegrating too!

Chen Feng was in a great crisis.

At the same time, Aunt Xianyu was in the secret room outside. He also suddenly opened his eyes, becoming exactly the same as Chen Feng's spiritual world.

He let out a stern and sharp smug laugh, and his ten fingers instantly turned into sharp claws, tearing away at Chen Feng fiercely!

But, then, she stopped her hand and giggled, ghastly and very oozing: "Why do I want to destroy your body? I want to kill you in your spiritual world instead of destroying you easily! "

"Your body is so perfect, it can even carry my spirit!"

With an extremely addictive expression on her face, she took a deep breath and exclaimed in an exaggerated tone: "What a perfect body! I must keep it! You are mine!"

At this time, with a bang, the door was pushed open, and the three princesses and Yan Yuxun walked in.

The two immediately saw Chen Feng sitting there cross-legged, his face dull, his eyes blank, his face gray, his breath was constantly decreasing, and his vitality was constantly leaving.

The third princess uttered a surprise cry: "Success?"

Facing her at this time, Aunt Xianyu did not show any respect, and said coldly, "Yes, it succeeded. I am now destroying him in his spiritual world."

"Soon, Chen Feng will only be left with a soulless quiche."

The third princess smiled, patted her chest, and let out a long sigh of relief: "As soon as Chen Feng died, my confidant trouble of Qin State disappeared."

The Soul Eater said coldly, "Don't forget the things you promised me."

The three princesses hurriedly smiled respectfully: "Don't worry, the 50,000 boys and girls who promised you are the best. They have been carefree since they were young, and their souls are extremely clean. If you swallow them, they will definitely improve their strength. "

The Soul Eater nodded in satisfaction, and said coldly: "Okay, you can go away, don't disturb me."

"Yes." The third princess glanced at Chen Feng and wanted to ask why Chen Feng's body was not destroyed, but she did not dare to ask.

She looked at the Soul Eater with a deep fear in her eyes, and she was obviously extremely jealous of the latter.

Because she knows how powerful the latter has.

The third princess bends respectfully again, and then walks out with Yan Yu.

Outside the hall, the deputy commander of the royal guards, dozens of generals in charge of the domestic army, and His Majesty the Emperor were all there.

The Emperor Qin asked expectantly: "How is Chen Feng?"

The third princess smiled slightly: "It won't take a moment for Chen Feng to die. He has no power to fight back now."

The Emperor Qin laughed loudly: "Okay, great!"

Suddenly a deep-rooted resentment appeared on his face: "Chen Feng, you humiliated me like that, and you make me lose face, then I will let you die!"

"I want to destroy the things you treasure most, and I want to destroy the people closest to you!"

"kill!"

He turned around and shouted at the commanders of the royal guards and the commanders: "Kill! Destroy the Invincible Army, eradicate the Dragon God Mansion, and kill all those close to Chen Feng to me. net!"

He gritted his teeth, roared with bitterness, and even twisted, obviously hating Chen Feng!

"Yes!" These people clasped their fists, turned and left!

But after a while, countless armoured troops marched towards these places.

They were murderous, going to kill Chen Feng's close people.

At this time, in Chen Feng's spiritual world, Chen Feng felt so sleepy that he couldn't help but want to sleep, and couldn't help but want to close his eyes.

Aunt Xianyu, no, it should be said that it is a Soul Eater, her eyes are extremely spicy, but a soft female voice floats out of her mouth: "Go to sleep, go to sleep, you are tired, you This is going to fall asleep."

The sound was like hypnotizing, making Chen Feng want to sleep even more.

But at this moment, suddenly, Yan Qingyu's disappearing figure let out a bursting roar: "Chen Feng!"

Chen Feng brushed it, feeling a huge shock in his soul, and was immediately awakened by a loud roar.

Then, in his mind, the images of Han Yu'er, Jiang Yuechun, Luo Zilan and others flashed by, as if the teacher's teachings were ringing in his ears, and the whereabouts of his father and mother were worried and thoughtful in his heart.

#### [Chapter 1834: Master's gift](#)

Therefore, Chen Feng was sober in an instant, and laughed loudly: "How can I die? How can I die like this?"

Chen Feng opened his eyes silently!

At this time, he was transformed into only one head, and intense pain kept coming!

Chen Feng's eyes condensed, the transparent divine light was originally out of control, and he remained motionless next to him.

At this moment, Chen Feng's thoughts moved, and the transparent divine light immediately smashed the soul-eater, smashing the soul-eater crooked.

Her \*\*\*\* to Chen Feng disappeared for an instant.

Then, in this moment of effort, Chen Feng's figure immediately escaped, and in a blink of an eye he came tens of thousands of meters away!

But at this time, those colorful rays of light were thrown into Chen Feng's body one after another.

After they entered Chen Feng's body, they turned into incomparable spiritual power. After a colorful light was absorbed, Chen Feng's body that had disappeared for most of the time, unexpectedly recovered a half.

The position above Chen Feng's waist regrouped.

Chen Feng was very surprised and laughed: "Master, it turns out that this is your gift to me! It turns out that your gift is these incomparably pure spiritual power!"

"Hahahaha!" He looked at the mental powers in this space, ecstatic in his heart.

This mental power has restored one and a half, and the colorful light in it is more than a few hundred or several thousand?

Seeing this scene, the Soul Eater was immediately shocked!

The Soul Eater uttered a terrified roar: "How is this possible? How could you have such abundant and pure mental power in it, how could you absorb it at such a fast speed?"

In fact, Chen Feng himself felt very surprised. The transformation and absorption of spiritual power has always been very difficult. However, these colorful ribbons are just like what he owns, and they are easily transformed by him. For your own use.

In an instant, Chen Feng's waist reunited, and now only his legs are left.

His body had already recovered more than half, and the Soul Eater saw this scene, a fright flashed in his eyes, and then, this fright became extremely cruel.

She let out a sharp laugh: "Chen Feng, do you think you really have the possibility of a comeback?"

"I just wanted to keep your head and the memory in your mind, so I didn't try my best, because I want to torture some of your secrets!"

"But now, I think, killing you is the most important thing, leaving your life is no longer important! In this case, then I have to do my best!"

"You are bound to die!"

As he said, he let out a violent roar, and there were hundreds of eyes above his body, suddenly all of them opened.

And in each eye, this time, what burst out was no longer a red light, but a faint blue light.

This faint blue light hit Chen Feng's body fiercely, and Chen Feng suddenly groaned, and a hole the size of a bowl was directly melted out of his body!

Chen Feng's mental body was directly shaved off a large piece, not only that, but a violent pain struck, making Chen Feng feel like he was being torn apart alive.

That is the pain that reaches the soul level, it is extremely intense!

The Soul Eater laughed triumphantly after seeing this scene: "Hahahaha, Chen Feng, now, do you still think you have any chance of winning under my hands?"

"Tell you, that's a dream!"

He stared at Chen Feng with an extremely cold gaze: "I advise you, now I should kneel down and let go of your heart and spirit to me, and hand over all your secrets so that I can still Make your death easier."

When Chen Feng looked at him, a cold smile appeared at the corner of his mouth: "Dreaming!"

"Dreaming?" Soul Eater said coldly, "Okay, then I want you to see if I am dreaming!"

As he said, in the hundreds of eyes on his body, blue light shot out fiercely.

She doesn't seem to have any spiritual martial arts, these are all her natural skills, the ability that she already has.*noVELusb.COM*

But these abilities are extremely powerful, and Chen Feng can easily be beaten to a terrible level, each of which is equivalent to a very powerful mental martial skill.

I saw that a few more blue rays of light rushed forward, and Chen Feng thought of it, and immediately launched the killing of the cage. In a flash, the air barrier formed and blocked the rays.

A mocking smile appeared on the corner of the Soul Eater's mouth and a low growl: "Broken!"

With a bang, the killing cage was directly shattered by the blue light, and then these blue light hit Chen Feng, smashing the thigh and waist that Chen Feng had just condensed.

With a sarcasm smile on the Soul Eater's face: "Chen Feng, you still want to block me with such lowly mental martial skills? It's just a dream!"

"Really? Then you try this again!"

Just as the Soul Eater was proud of it, the transparent divine light suddenly circled behind Chen Feng and slammed towards the Soul Eater.

This transparent divine light is extremely sharp, and the Soul Eater actually felt a breath of death from it: "This thing can kill itself!"

She narrowed her gaze, and immediately blasted a blue beam of light one after another, killing her fiercely towards the transparent divine light.

However, this transparent divine light was like a spiritual snake. It shook in the air and dodged the blue light with a flash, and then hit the soul-eater's body fiercely!

The Soul Eater let out a painful cry, and a very deep and very long wound was cut directly on its body.

The wound was very narrow, but the cut was too deep, and there was bright red blood and a green smelly liquid oozing out.

The Soul Eater screamed and stared at Chen Feng with a bitter face: "You dare to hurt me? I will definitely make you pay!"

With that said, he no longer cares about Chen Feng, all his offensives are towards the transparent divine light.

And when all his offensives were towards the transparent divine light, the transparent divine light would no longer be able to dodge as easily as before. The transparent divine light was beaten to the left and right, and in a blink of an eye, it was already hit by dozens. Times.

And every time it hits, the blue light infects the transparent divine light, just like corrosion and pollution.

On the beautiful body of the transparent divine light, a large piece of blue light was contaminated, and in an instant, most of the body was turned blue.

This also caused his speed to drop sharply, and he couldn't even hit the Soul Eater!

Chen Feng could feel that the transparent divine light was infiltrated by this blue light, and it seemed to be incomparably painful.

#### [Chapter 1835: Anti-kill!](#)

Chen Feng heartache.

But at this time, he can only concentrate on one thing.

When the Soul Eater was unable to attack him, Chen Feng concentrated all his attention, absorbed the colorful bands of light, and absorbed a few more in a blink of an eye.

Chen Feng's body is finally completed!

And when his body was completed, Chen Feng immediately felt different.

He is in this space, as if he is the master here. He can control everything here, and is connected with everything here.

And when Chen Feng's thoughts moved, dozens of colorful light bands directly wrapped around Chen Feng's body, and the pure and incomparable spiritual power poured into Chen Feng's body at an extremely fast speed, like a big river bursting a bank.

At this time, the transparent divine light was completely polluted by the blue light.

The Soul Eater looked at Chen Feng with extremely cold eyes, and said with pride, "Chen Feng, I see what you can do now!"

"Oh? Do you want to see what I can do now?" Chen Feng's mouth showed a sneer: "Then I will let you see and see!"

As he said, he immediately felt the existence of the transparent divine light, and the extremely pure mental power immediately surged toward the transparent divine light.

In fact, the transparent divine light is a concrete manifestation of Chen Feng's mental strength. The stronger Chen Feng's mental power, the greater the transparent divine light.

At this time, Chen Feng's mental power increased rapidly.

As a result, the transparent divine light buzzed, and the blue light was like a chain, binding him.

But at this time, the transparent divine light vibrated crazily, and the blue light on his body had begun to tremble.

Finally, with a bang, those rays of light dissipated directly, and the body of the transparent divine light grew wildly. In a flash, it had grown to a full ten feet long, several times larger than before.

At this time, as those colorful light bands were continuously absorbed by Chen Feng, the shape of the transparent divine light was still changing!

Finally, the transparent divine light broke free completely, and he screamed joyfully around Chen Feng. Chen Feng could feel that soul-level happiness.

Then, he suddenly stood still, staring at the Soul Eater.

The Soul Eater felt an extremely tyrannical, fierce murderous aura, which was even more intense than before.

He knew that this time, this transparent divine light could definitely cause him the most damage.

So, the Soul Eater panicked.

This was the first time she panicked today, because she felt that today's situation was a bit out of her control.

She didn't expect Chen Feng's mental power to rise so fast, she didn't expect the transparent divine light to have such a strong power.

The next moment, the transparent divine light shot at her fiercely.

The Soul Eater let out a violent roar, hundreds of blue rays of light blasted towards him fiercely above the body, the transparent divine light did not hide at all this time, he just slammed into it like this.

Boom boom, all those blue rays blasted on him, but they were easily crushed by him, without any effect.

The next moment, he came to the body of the Soul Eater, the light flashed, and the Soul Eater let out a terrible cry.

This time, the transparent light cut a huge wound on her body, almost cutting her in half alive.

The blood and green juice in her body shot out like a blowout.

This time, she has been seriously injured.

And above her body, there were even more than a dozen eyes that had been cut alive!

She let out a stern roar and stared at Chen Feng with a bitter expression on her face: "Chen Feng, you are looking for death! I tell you, I will definitely make you pay for the things just now!"

With that, the eyes on the surface of her body were all wriggling, looking disgusting.

Those eyeballs were alive, squirming and rolling motionless in his muscles. In the end, all the eyeballs converged into a piece the size of a basin.

Then, she laughed triumphantly: "Chen Feng, feel my strongest trick!"

"Let you know, what is Xeon's mental attack!"

As she said, the rays of light gathered in her eyes, and a huge beam of light with the thickness of a basin began to take shape, and then shot at Chen Feng fiercely!

This ray of light is extremely thick and heavy, and its power is extremely powerful.

During the whole process, Chen Feng didn't even look at her. He just stood there, constantly absorbing the colorful light bands.

The transparent divine light keeps getting bigger and stronger.

He is strong by him, and the breeze blows the hills!

"No matter how strong she is, as long as my breath is full and my own strength is strong, I won't be afraid!"

When the thick beam of light struck over, Chen Feng smiled slightly, the transparent divine light tore through the air and let out a scream.

The two collided violently.

With a bang, the entire space was shaken to the point of collapse, and the two faced each other.

Behind the transparent divine light, Chen Feng's pure mental power kept pouring in, and the speed of replenishing the transparent divine light even exceeded the rate of consumption.

Suddenly, the transparent divine light moved forward, cutting the blue beam of light into two sides, and directly shattered.

But at this time, the light in the eyes of the Soul Eater was dim, and there was even no way to launch an attack anymore.

The transparent divine light blasted fiercely on it, and the Soul Eater let out a stern scream, closed its eyes and waited for death, with a desperate face.

But she did not wait for the powerful attack in her imagination. When she opened her eyes, she found the transparent divine light staying in front of her. Suddenly, she turned her direction and did not cut her in half, but cut from her. A piece of flesh came down, and the two or three eyes above were shaved off by the way.

This made her scream, because she was in the state of the mental body, so she was extremely sensitive to pain, and a little bit of pain would make her painful.

Not to mention that such a big piece has now been cut.

Chen Feng looked at her and smiled, but his smile was icy: "It hurts, isn't it? It hurts in the bone marrow, isn't it? That's how you dealt with me just now!"

"Now, I want you to taste it!"

As he said, the transparent divine light was extremely fast, rushing around her body, constantly tearing off large pieces of flesh, and she screamed terribly in pain.

This is Chen Feng's revenge against her!

The Soul Eater let out a stern roar: "Kill me, you kill me!"

Her face was full of despair. She didn't expect that a layout that was originally a sure winner would become like this!

Chen Feng smiled: "Kill you directly? Wouldn't it be too cheap for you? Have a taste of this!"

#### [Chapter 1836: Temple of Souls! Success!](#)

Chen Feng no longer paid attention to her, but frantically absorbed the colorful light bands.

Chen Feng's mental power has skyrocketed, his mental power is now ten times as much as in the past, and it is still growing.

It turned out that his mental power was at the level of a fourth-level spirit master, but now he has reached the level of a fifth-level spirit master!

Still skyrocketing!

Sixth-level soul master!

Seventh-level soul master!

Eighth-level soul master!

Nine-level soul master level!

Because of the lack of proper cultivation techniques, he could not raise the level of a spirit master to a ninth level spirit master, but his spiritual power had already reached this level.

As long as there is a suitable spiritual technique, you can immediately ascend into the sky!

I don't know how long it took, the colorful light bands in this mysterious space were finally absorbed by Chen Feng.

And at this time, his mental power has also reached the peak level of a ninth-level spirit master!

The length of that transparent divine light has even become a full hundred feet long, which is stronger than the original, and it exudes a terrifying and sharp aura!

Chen Feng let out a sound of exclamation and let out a long sigh, and as the colorful light disappeared, suddenly, the entire space shook violently, almost to collapse and collapse.

And an extremely powerful suction force also quickly sucked Chen Feng and the Soul Eater towards the top.

The feeling of chaotic time and space just now appeared again.

I don't know how long it took, and the two reappeared on the surface.

At this time, that piece of ground that could not be penetrated before to build a hall of souls, but it fluctuated rapidly.

Countless forces dissipated, countless forces were reborn, Chen Feng understood in his heart that the power of the seal was collapsing and disappearing.

Finally, the ground that was not controlled by Chen Feng and did not exist in Chen Feng's feelings suddenly established a new spiritual connection with Chen Feng.

Then the next moment, a stream of incomparable soul power surged up, a brick shape, a tile shape, and a column beam shape, almost as if growing from the ground.

Bricks and stones continue to be built, beams and columns continue to grow, and bricks and tiles continue to be laid.

In an instant, a small hall as high as several feet suddenly appeared.

It looks like a pagoda, but only one floor.

Chen Feng has a sympathetic relationship with Chen Feng, and a chuckle appears at the corner of Chen Feng's mouth: "The Hall of Soul Convocation is finally completed!"

Now that the Hall of Soul Recalling has been constructed, Chen Feng can summon the Soul Servant.

He knows how to summon. At the beginning, he got the mysterious holy book: The Secret Book of Soul Calling in the secret realm of the back mountain of Ziyang Sword Field. There is an introduction on how to summon the soul servant.

It's just that the time is too late.

Chen Feng was not in a hurry, the stronger the spiritual power, the stronger the soul servant that was summoned.

Chen Feng frowned and thought: "Who put the seal before?"

"It can't be the master, the master left a message, there is no need to do anything extra."

"Furthermore, this person is vicious, and wants to raise my soul-man state."

The Hall of Soul Recall has all kinds of magical effects. Chen Feng can't even find out one by one now, but Chen Feng doesn't have much time now.

He has gained a lot from entering the spiritual world this time, and his spiritual power has skyrocketed dozens of times. In addition, he has also built a hall of soul-calling.

This is a huge gain.

And of course, the greatest gain was the fragment of memories left by Master Yan Qingyu, about the traces of his parents.

For Chen Fengfeng, this is a priceless treasure!

Chen Feng suddenly turned around, looked at the Soul Eater, smiled and said, "Well, now, you should die too."

With that said, the transparent divine light no longer shows mercy, and is extremely fierce, stabs a dozen frantically.

The body of the Soul Eater was stuck in the air for a while, as if time had stagnated, and then the next moment, with a boom, the Soul Eater burst directly and disappeared completely.

In the next instant, the Soul Eater was in the pavilion outside and suddenly opened his eyes.

At this time, she was also full of trauma, and her mental power was almost destroyed, crumbling, and her soul was seriously injured, and she might die from time to time.

Just now, she was thinking of using her mental power and soul to break free from Chen Feng's spiritual world, and return to the real world to kill Chen Feng, but she couldn't do it.

At this moment, she took a breath and grabbed Chen Feng with her ferocious paws.

But at this moment, Chen Feng, who was opposite her, suddenly opened his eyes. At this time, Chen Feng was completely restored to his usual body, his face full of divine light.

The kind of defeat just now was completely gone.

He smiled and said, "You haven't given up your heart yet?"

As he said, his hands were pressed directly on his body, palm strength was revealed, and the incomparable palm strength gushed out, with a bang, the body of the soul eater burst into pieces.

Then, Chen Feng kicked through the pavilion and ran out of it.

At this time, in the pavilion, the three princesses and others had already left, but there were still several royal guards.

Seeing Chen Feng coming out, their faces were like ghosts, and their faces were full of horror. As they stepped back, they said in horror: "Chen Feng, you, you are not dead?"

There was a look of despair on their faces, and Chen Feng was not dead, so they were the dead.

Chen Feng looked at them and said nonsense, and said coldly: "Tell me, what are the three princesses doing, and I will spare your life."

"Otherwise, your death will be unbearable."

These royal guards did not hesitate, and immediately revealed the plans of the three princesses.

When Chen Feng heard this, his face was murderous, extremely cold, and said in a low voice: "Really should be killed!"

Then he didn't stay anymore, he slid directly out of the valley, and swiftly slid in the direction of Dragon God Mansion!

Before a cup of tea time, there were thousands of royal guards, led by three four-star Wu Wang peak-level royal guards, came to Dragon God Mansion.

The leader was Yan Yuxun. Yan Yuxun raised his head and looked at the tall Dragon God Mansion. A sneer suddenly appeared at the corner of his mouth. He turned his head and faced the crowd and shouted:

"Today, according to your majesty's will, shovel the Dragon God's Mansion, no chickens and dogs will be left!"

"After a while, after entering the Dragon God Mansion, you can kill when you see people, and grab things when you see things. If you run into your favorite female family,"

A sneer appeared at the corner of his mouth: "You can also enjoy it directly."

The royal guards all laughed, waved their weapons, and shouted: "Hurrah! Long live!"

The thought of being able to insult them later, who could not even offend him before, filled their hearts with perverted pleasure.

And this time. The news that so many royal guards appeared outside also reached Long Shenhou's ears.

He hurried to the entrance of Dragon God Mansion, staring at Yan Yuxun and the others with cold eyes, and said, "What do you mean? Yan Yuxun, why did you bring so many people to Dragon God Mansion today? You are going to Xianglong. Did the gods declare war?"

#### [Chapter 1837: Bloodbath the Dragon Palace!](#)

Yan Yu laughed. Suddenly, the laughter stopped, and he stared at him coldly: "Yes, I brought people today to wash the Dragon Palace in blood by your majesty's will."

Long Shenhou felt a huge tremor in his heart and set off stormy waves, but he didn't show the slightest movement on the surface, and said lightly, "Oh, that's the case."

"Then, you are not afraid of Chen Feng's revenge, are you?"

"Chen Feng? Hahahaha..." Yan Yupu laughed triumphantly: "Up to now, do you think it is useful to threaten us with Chen Feng?"

"Tell you, Chen Feng is now afraid that he has died in a dark corner. He died so badly that he doesn't even know why he died! He doesn't even know how he died!"

"Do you still expect him to support you? Tell you, from today, Chen Feng will disappear in this world without any traces!"

"And those of you who are close to him will also die!"

He thought of several offenses that Chen Feng had against him. In fact, it was all he wanted to harm Chen Feng. Chen Feng just retaliated normally, but in his opinion, it became Chen Feng's offense to him.

Now, he was full of revenge pleasure.

The Dragon God Hou didn't change his face when he heard that the Dragon God Mansion was about to be annihilated, but when he heard the news that Chen Feng was killed, his face changed drastically.

Because Chen Feng is the sustenance of all his hopes.

And it seems that Yan Yu Punishment is indeed not lying, but he is still full of confidence in Chen Feng and said loudly: "Chen Feng can't die, it will definitely be you!"

Yan Yu punished with a cold snort, "Stubbornly stubborn."

He didn't intend to have any nonsense with Dragon God Hou, he waved his hand directly: "What, kill them all!"

"Yes!" These royal guards rushed towards the Dragon God Hou.

At this time, the Dragon God Guards and the guards in the Dragon God Mansion were all gathered beside Dragon God Hou.

Long Shenhou glanced at Zhou Yang, his eyes showed a touch of conversation, and he said slowly: "Today, it is possible that he is really going to die. I am very fortunate that Yan Bing has already traveled out early."

Zhou Yang smiled slightly: "Today, even if you die, you are a disciple who accompanies Master to die!"

"You apprentice, I can rest assured from beginning to end."

The Dragon God Hou suddenly looked back at his Dragon God Guards, and said loudly, "To die today, are you willing?"

The dragon gods and guards shouted: "Willing to die! Willing to die!"

Dragon God Hou laughed loudly: "Then today, let's fight to the death with these bastards!"

As he said, he didn't flinch, didn't dodge, but rushed towards the royal guard with the Dragon God Guard.

Yan Yu sneered: "I don't know whether to live or die!"

He greeted the Dragon God first.

The strength of the two was almost the same. Yan Yupu was even slightly better. They fought together, and in a blink of an eye, the Dragon God Hou was shot by him, spurting blood, and he was already slightly injured.

Zhou Yang was entangled by another deputy commander of the royal guard and was firmly suppressed.

He was not the opponent of the deputy commander of the royal guard at all, but the opponent was joking, playing at him like a cat and a mouse, so he held it for a moment.

And those royal guards, under the leadership of a deputy commander, surrounded the Dragon God Guard and other guards in the Dragon God Mansion and killed them fiercely.

Their strength is generally stronger, and the Dragon God Guards and others are simply invincible. In a blink of an eye, most of the Dragon God Mansion guards were killed, and more than half of the Dragon God Guards were killed.

There were corpses all over the scene and blood was flowing, but most of the dead were from the Dragon God Mansion.

Seeing this scene, the Dragon God Hou's eyes were splitting, and he roared furiously!

Suddenly, a touch of decisiveness appeared in his eyes, raised his hands, and shouted: "The dragon's blood is boiling!"

Behind him, a huge dragon spirit suddenly appeared.

His dragon spirit is not as powerful as Chen Feng's. After all, a freak like Chen Feng is really rare. The huge dragon spirit suddenly appeared, but then the light and shadow flashed, and it entered directly. His body.

In the next moment, everyone around it seemed to have heard the sound of a big river.

In fact, it was the blood in Long Shenhou's body that was rushing.

I saw Long Shenhou's face flushed, and on the surface of his body, a red light suddenly appeared, and the red light became more and more hot.

At first it was only three inches away from the surface of his body, but later it was two or three feet away, and later it was actually one foot away.

On the surface of his body, a huge red ball of light formed and enveloped it.

And this red light became thicker and thicker, and later, people could see where this red light was, it was actually countless boiling dragon blood!

The Dragon God Hou actually directly forced out the dragon blood in his body.

Above this red ball of light exudes an extremely terrifying aura, which seems to be capable of destroying everything!

A sneer appeared at the corner of Yan Yu's mouth: "Old thing, is this going to work hard?"

"But a pity, even if you work hard today, the Dragon God Mansion will still be destroyed! And you will still die!"

As he said, he winked, and the two other royal guards, the three four-star pinnacle King Wu fiercely attacked the Dragon God Hou, intending to interrupt his trick before it took shape.

However, they came around the red ball of light. But found that it was impossible to break into it.

After their powerful offensive hit this red ball of light, it was like a mud cow entering the sea and was easily submerged.

The expressions of the three of them all changed, and Yan Yupu, who had been holding the winning ticket with confidence, his expression also changed at this time.

At this moment, Long Shen Hou suddenly opened his eyes.

He roared: "Die! If you want to kill me, let's die together!"

With that said, he pushed his palms out with difficulty, pushing the red ball out.

At this moment, the red ball of light exudes an extremely powerful aura, and it rushes toward the three people bitterly.

The three of them shot together to block, and the red ball of light, ignoring their offensive, directly penetrated their attack and came to them.

Then the next moment, the red ball of light burst suddenly, and the incomparably powerful aura rippled away. A huge red light wave instantly formed and swept hundreds of meters nearby, sweeping the three deputy commanders of the royal guards and hundreds of royal guards. among them.

So the next moment, time seems to have stagnated.

The movements of the royal guards seemed to be condensed.

The next moment, a red light suddenly emerged from their bodies, corroding everything and destroying everything.

Their bodies, like sand, began to collapse one after another.

In a blink of an eye, it was divided into countless red light particles, disappearing without a trace.

#### [Chapter 1838: No one wants to run!](#)

This trick was to kill hundreds of royal guards, and the three deputy commanders of the royal guards such as Yan Yuxun were so powerful that they naturally couldn't be killed easily.

But even so, the red light waves caused huge wounds on their bodies.

Yan Yupu's left arm was cut directly, and a huge red wound appeared on his chest. It almost penetrated his chest and back.

The other two deputy commanders of the Royal Guard were also seriously injured, and the three were severely injured at the same time.

The power of one move is as good as Si!

After Long Shen Hou made this move, his face was pale, he vomited and worked hard, and even his body was shaky. Difficult to maintain.

Obviously, not only has he exhausted all his strength, but he also left a hidden wound that is difficult to heal!

However, he chuckled, his face was full of cruel expressions: "Since you want to destroy my Dragon God Mansion, let's destroy it together!"

Yan Yu was severely injured, but before he died, there was a furious look on his face.

I thought it was a task to secure the victory, but I didn't expect to lose an arm here.

He stared at Long Shenhou with a cold face and hated it to the extreme: "Okay, okay, okay, you are fine, later, I will definitely make you regret it! I make you regret coming to this world!"

Although he was seriously injured, he still had some strength, at least it would be no problem to kill the current Dragon God Hou.

At this moment, a cold voice suddenly sounded: "I made you regret coming to this world!"

Simultaneously with these words, there was an extremely majestic momentum, which was constantly approaching here.

The momentum was huge, far away, before they arrived, they were already overwhelmed by them.

Everyone looked back in amazement, and at the moment they looked back, that momentum had already arrived.

Then, there was a look of horror on their faces, and they shouted out: "Chen Feng? Chen Feng turned out to be here?"

"How is it possible? Isn't Chen Feng already killed? How could he suddenly appear here?"

Their faces were full of horror, and after the horror, they were desperate: "Chen Feng is here, we must die!"

They dared to come to the Dragon God Mansion to kill when they knew that Chen Feng was dead. If they knew that Chen Feng was fine, they would definitely not dare to come over if they knew that Chen Feng was okay!

Yan Yuxun's face also changed suddenly, his pupils shrank sharply, his mouth opened wide, his face was full of disbelief, and he stared blankly at the slender figure in the sky.

"How is it possible? Chen Feng didn't die? Is it true that His Royal Highness the Third Princess is lying to me?"

He felt that his spirit was about to collapse.

However, Chen Feng didn't even look at them, but rushed down frantically, came to Long Shenhou and helped him up.

When Long Shenhou saw Chen Feng, a smile appeared on his face: "Chen Feng, I believe you will not die. How can you die in the hands of these crumbs?"

"I know, you must come back!"

Chen Feng shook his head: "Master, I'm sorry, I'm late!"

Dragon God Hou smiled slightly: "It's not too late."

Chen Feng glanced around, then a deep sadness appeared in his eyes.

There were corpses all around, and most of those who died were from the Dragon God Mansion. Many Dragon God Guards had already died in battle, and Chen Feng even saw many familiar people from inside.

Those people used to talk and laugh with him, and had a deep friendship with him, and even one of them was the one who took him from Qingzhou to Wuyang City and to Dragon God Mansion.

Chen Feng slowly walked to the side of his body, his eyes widened, his eyes were still full of fighting and killing intent, as if he was still shouting to fight the enemy.

He still held the weapon firmly in his hand.

Chen Feng squatted down beside him and said softly: "Don't worry, I will avenge you, none of them can escape!"

As he said, stroked his eyes and made him stare.

Chen Feng saw Zhou Yang again, and Zhou Yang was also severely injured. There was a huge wound between his chest and abdomen, which was extremely tragic!

Chen Feng nodded slightly to him, and then he stood up, the expression on his face became increasingly cold, full of fierce killing intent!

He looked at Yan Yu's punishment and said lightly: "Today, you choppy, don't even want to run."

At this time, Yan Yuxun's expression changed.

Suddenly, he turned around and ran away frantically, extremely fast.

He did not have the courage to fight Chen Feng at all, because he knew very well that he would definitely die if he fought Chen Feng!

A sneer was outlined at the corner of Chen Feng's mouth: "I want to escape now?"

As he said, the blast purple lightning step was activated, and a flash, appeared behind him, and shot out with a punch.

Yan Yu turned his head back, just in time to see the fist that was constantly growing in his pupils.

With a look of despair on his face, he shouted for mercy: "Don't kill me, Chen Feng, please, don't kill me!"

But Chen Feng's fist did not stop in the slightest. The next moment, Yan Yuxun let out a scream, and then the scream stopped abruptly.

He was directly beaten by Chen Feng with no bones!

At this time, the other two deputy commanders of the royal guards, as well as those royal guards, had all fled.

Chen Feng laughed loudly: "I said, none of you can run today!"

When he said the three words 'can't run', an incomparably majestic aura gushed out of his body, and that huge power spread out with the sound waves, and many royal guards were directly shocked and sprayed with blood. He fell heavily to the ground, shaking to death!

Then, Chen Feng's figure flashed wildly, and every time he passed by, every time he flashed, it brought a blade of blood and shadow.

In a blink of an eye, all of these criminals were beheaded by him, and none of them survived.

Chen Feng looked at the corpse all over the floor, took a breath, and said softly: "I said, you are all going to die today!" *ηOvelusb.com*

After that, Chen Feng didn't stop and caught up with the other two teams.

One of the teams killed people close to Chen Feng everywhere, and they were directly beheaded by Chen Feng.

And the other team has been out of the city for hundreds of miles, and their direction is the invincible army stationed to fight Dragon City.

This army was marching on the road. Suddenly, they felt a huge momentum approaching here, and a sound like a sonic boom suddenly sounded.

Then, a figure fell in front of them.

This figure, holding a huge sword, turned his back to them.

There was an ominous premonition in these people's hearts, and they exclaimed.

Then, the figure slowly turned around, revealing his face, and when he saw his face clearly, the royal guards made a cry of horror that could not be believed.

Then they collapsed.

#### [Chapter 1839: Break into the palace!](#)

Before Chen Feng made a move, they collapsed and fled frantically.

A sneer appeared at the corner of Chen Feng's mouth: "You all deserve to die!"

From chasing down to beheading all these people, Chen Feng only took two hours.

At this time, the Emperor Qin and the three princesses in the palace hadn't even heard from them.

At this moment, the two of them were above the main hall, and His Majesty the Emperor stood high on the dragon seat, tapping his fingers on the handrails, and there was a look of eagerness and anxiety on his faces.

Her Royal Highness the Three Princess walked around in the hall, watching all this with great interest.

Suddenly, she smiled slightly and said, "Father, don't keep knocking with your hands. The dragon chair is what you want to leave to me. What if you knock it out?"

His Majesty the Emperor Qin said: "I am very anxious."

"What is there to worry about?" The third princess smiled slightly: "Are you still afraid of something wrong?"

His Majesty the Emperor nodded and said: "I always have some ominous premonitions in my heart."

"There is no ominous premonition!" The three princesses had a sudden look, and interrupted him directly, and said: "All that is just your demons. Chen Feng is too afraid of you, so you are so!"

"In fact, our strategy is perfect this time, there can be no difference!"

"Chen Feng is mostly dead now, and those who went there would have no problem dealing with his close people!

"At this time, it is impossible for anyone to offend our royal family for them!"

"So this time, there won't be any problems, Chen Feng's power will be wiped out!"

She let out a sharp laugh, and the laughter was full of pride: "Chen Feng, tell you to dare to offend me. I want you to die and it will be hard to rest. I want you to never live beyond life, and I want you to be in hell. Inside, it will be extremely painful!"

In fact, Chen Feng has never offended her at all, but she has always offended Chen Feng.

Chen Feng did not kill her, she was already magnanimous.

But in his eyes, as long as Chen Feng is not loyal to her, as long as he doesn't be her dog, then he is offending her.

And at this moment, suddenly, a loud voice came out: "Really? I think you are the one who will go to \*\*\*\* and never live beyond life, right?"

When hearing this magnificent voice, His Majesty the Emperor Qin and the three princesses suddenly changed their faces, because they both knew this voice very well.

This is actually Chen Feng's voice!

The two looked at each other, and both saw deep fear in each other's eyes: "Could it be that Chen Feng is not dead?"

"Could it be that Chen Feng actually came to the door?"

At this time, Chen Feng was already in front of the palace.

He dragged the Dragon Slaying Knife backwards and strode towards the gate of the palace.

At the gate of the palace, there were hundreds of royal guards standing there.

They also saw Chen Feng, and the leader was a young man wearing a black robe with a four-claw sitting python embroidered on the robe.

This young man is the fourth prince.

Seeing Chen Feng, he frowned suddenly, watching Chen Feng strode over, with his chin held up, looking down at Chen Feng in a haughty posture, and loudly reprimanded:

"Chen Feng, get out!"

Chen Feng looked at him and was stunned. He didn't expect that now, in the entire Qin State, there would still be people in the entire Qin State who would dare to speak to him in this tone.

The four princes reprimanded: "What do you mean? You dare to swagger into the palace with weapons. Are you trying to rebel? Are you bored?"

Chen Feng shook his head: "These four princes, really ignorant and fearless!"

It is true that the four princes are not very old, and they have been extremely dudes since they were young. They acted very aggressively and fiercely. If they felt that they were the prince, they could be invincible and act unscrupulously.

At this moment, he actually dared to say such things to Chen Feng, which was arrogant.

Even the eyes of the royal guards looked at him with a touch of pity and sorrow.

Their leader turned out to be such a straw bag!

Chen Feng suddenly smiled, his smile was very cold, and he looked at the Fourth Prince: "I'm just going to force it, what can you do with me?"

The four princes roared: "Chen Feng, I want to destroy your Nine Clan! You get out now, I can still treat this as nothing happened!"

Chen Feng shook his head, and was no longer patient to talk nonsense with him, his figure flashed, and he strode forward to kill, shouting in an angry voice: "Those who stand against me die!"

As he said, the Dragon Slaying Knife in his hand slashed forward frantically.

The four princes didn't recover at all, they were directly beheaded by Chen Feng.

Those royal guards showed extreme fear in their eyes, and they dodged one after another. No one dared to take Chen Feng's attack!

After Chen Feng beheaded the few people who stood in front of him, he came to the gate of the palace.

He looked up at the gorgeous palace that was hundreds of meters high, and suddenly a sneer appeared at the corner of his mouth.

He turned around and faced everyone.

At this time, there were already a lot of people behind him, including ordinary people, family members, and even many of the civil and military officials in the court. They all wanted to follow up and join in the fun.

I want to see what Chen Feng is going to do!

Did he dare to break into the palace?

Chen Feng suddenly turned his head, and suddenly frightened them, and stepped back.

Chen Feng smiled slightly and said: "From today, the Daqin imperial family will no longer exist in this world!"

Chen Feng said calmly, but his eyes were full of cold murderous intent.

As soon as he said these few words, everyone around suddenly felt as if a cold wind was blowing in their bodies, making them shiver violently.

Chen Feng's killing intent has almost become substantial.

And Chen Feng did have a murderous intention. He was not said to be loyal to Qin, but at least he did not do anything harmful to Qin. He did many things for the Qin Emperor, but the Qin imperial family was Want to kill him again and again.

This made Chen Feng couldn't bear it!

Chen Feng must kill them today.

After saying these words, Chen Feng turned around, leaped up into the air, and the Dragon Sword Sword slashed down.

With a loud bang, the huge palace, hundreds of meters high, was smashed to pieces by Chen Feng.

Then, Chen Feng strode forward, all the people who stood in front of him were beheaded by him, and all the buildings in front of him were smashed to pieces by Chen Feng.

In this way, Chen Feng used a knife to cut out a road of Yangguan in the palace of Qin Kingdom!

His Majesty the Emperor Qin and the third princess were at a time of panic and helplessness. Suddenly a few \*\*\*\* eunuchs and guards strode in, fell to the ground, and shouted: "Report to your majesty, princess, Then Chen Feng came in!"

"Chen Feng is here!"

They are also considered loyal and loyal. They still don't run away at this time, and they know that they will come and report!

#### [Chapter 1840: Kill the king!](#)

The Emperor Da Qin and the three princesses were shocked by the words, and there was a touch of fear and even despair on their faces.

The two had guessed it, but they still didn't expect Chen Feng to have such a strong strength and courage.

The two of them walked quickly out of the hall and looked down.

Below the main hall, there are tens of thousands of steps of jade stone up to thousands of meters.

And as they looked down, Chen Feng held the knife righteously and walked up slowly.

He seemed to feel something, suddenly raised his head, and suddenly his eyes met.

Seeing the desperate look on their faces, Chen Feng showed a smile: "Two, I am not dead, now it is your turn to die!"

As he said, Chen Feng let out a violent roar, his figure suddenly rose, leaping up to a height of a thousand meters, and instantly, he came to the two of them.

Then, the Dragon Slaying Knife in his hand chopped down frantically.

The incomparable sword intent and the incomparable murderous intent made the Emperor Qin and the three princesses know clearly that Chen Feng really dared to kill them, and really wanted to kill them.

The arrogance, self-confidence, and arrogance on Emperor Da Qin's face at this time all disappeared. He was so frightened that his legs were soft and he just sat down on the ground.

Then, he looked at Chen Feng with a look of despair, and begged loudly: "Chen Feng, don't kill me, please, don't kill me!"

Chen Feng's knife stopped an inch above his head, and that lingering murderous intent shaved off his hair!

The Emperor Da Qin was still muttering with his eyes closed, and when he discovered that Chen Feng hadn't killed him, he suddenly cried and almost collapsed.

The crotch was already wet, and he was actually scared to urinate.

On the contrary, the third princess was still calm at this time. He looked at Emperor Qin with disdain, looked at Chen Feng, and said lightly: "Chen Feng, you kill me!"

A smile appeared at the corner of Chen Feng's mouth: "You know yourself."

The third princess said indifferently: "I set up such a scheme to kill you. You have no reason to spare me."

"If you need a puppet, then you will naturally leave the emperor father. You can see that he is much weaker than me, and he is more controllable."

"And if you don't need a puppet, you will naturally kill him, anyway, I will always die, what else do I ask for?"

A smile appeared at the corner of Chen Feng's mouth: "Okay, very good!"

Chen Feng suddenly asked, "Where did you get the Soul Eater? Where did she come from?"

Chen Feng was actually very sad for the soul eater, because he discovered that the soul eater has incomparable spiritual power and soul power. If he can absorb it, it will greatly affect the cultivation of Chen Feng's soul. the benefits of.

The previous Soul Eater was just let go because Chen Feng had just absorbed so many colorful light bands and had no spare energy to absorb it again.

But Chen Feng knew that this kind of colorful ribbon, the inheritance left by Master, did not come all the time.

The third princess also let go. He didn't have any concealment, and said lightly: "I don't know where she came from, I only know that he is from the Tianyuan Dynasty."

"And in the Tianyuan Dynasty, there are many more like her, and she is not really a powerful existence!"

When she said this, she was very calm.

Chen Feng had already seen everything and smiled and said, "I know, you just want me to go to the Tianyuan Dynasty when you say this, and you think if I want to go to the Tianyuan Dynasty, you will definitely die if you want to hunt them down."

"I know, you want to kill someone with a knife, but I don't care."

"Do you know why?"

The third princess was dismissed by his words, she was shocked and asked instinctively: "Why?"

Chen Feng's face showed incomparably powerful confidence. For an instant, like a sharp sword out of its sheath, with a radiant light, he said word by word: "Because, even if you don't, I will go to Tianyuan Dynasty!"

"Because, in the Tianyuan Dynasty, there is real power and the real secret of this continent!"

"I, Chen Feng, are you the kind of man who dominates in a small place?"

"There, I will definitely go!"

After hearing these words, the three princesses changed her face.

This time, she was really shocked and shaken.

She looked at Chen Feng, sighed lightly, with a sigh of depression on her face, sighed and said: "Chen Feng, I am a proud son of heaven, but until today I have not discovered how far I am from you. huge!"

"It turns out that this is the Tao in your heart, this is the real way of the strong!"

Chen Feng didn't say any more, just smiled slightly: "As the saying goes, if you hear the Tao, you can die at night. You already know what the real Tao is, then..."

His voice became cold: "You can go to death!"

With that, he swung it down, directly beheading the three princesses.

The body of the third princess fell to the ground, but there was still a smile on her face, as if she was also relieved.

Then, Chen Feng cast his gaze to the Emperor Qin who was aside.

The Emperor Da Qin begged with all his face on the ground, he begged for mercy loudly on the ground: "Chen Feng, Chen Feng, you forgive me, Qin is yours, I will not violate anything you ask me to do."

"I am your puppet, you want to rule Qin in the future, I absolutely do not..."

His voice stopped abruptly, because Chen Feng's dragon-slaying knife passed by, already making him feel strange.

His head flew up, and at this moment, he found that he could see his body above the ground.

"Why? Why did he kill me?" This was the last thought in his heart, and then there was darkness before him.

Chen Feng looked at the first two sections of the corpse of the Emperor Qin, and said lightly: "Sorry, I don't need it."

Chen Feng, kill the king!

Chen Feng holding the Dragon Sword, walked out of the Daqin Palace.

And those people who were watching outside the Daqin Palace saw the blood on his knife, and their faces showed a touch of horror.

Everyone knows that the three princesses are dead, and the emperor is also dead.

No one thought that Chen Feng really dared to be so bold, he dared to kill the king! How dare he brazenly behead the emperor!

But this is the fact!

And there are some people who are smart and good at seeing the wind and steering the rudder. At this time, looking at Chen Feng, there is already a trace of flattery and eagerness.

Because, they suddenly realized that His Majesty is dead, the royal family is gone, but Qin is still there.

"Then, who will be in charge of Qin State?"

Obviously, whoever Chen Feng wants to control will be in charge.

At this time, outside the imperial palace, many families from aristocratic families had gathered. The senior officials and the senior officials gathered one after another, squeezing out a smile and flattering Chen Feng.

But Chen Feng didn't even look at them, and walked straight forward.
