

## PEERLESS MARTIAL SOUL

### Chapter 19: Fudo Mingwang Seal!

Below the cliff, there is a pool of boulders surrounded by boulders. There are dense trees growing between the boulders. You can't find this place outside unless you look down from the top of the cliff. But the cliff is thousands of feet high, who would look down from above?

Chen Feng is sitting cross-legged on a giant bluestone beside the water pool with a radius of five feet.

After killing the middle-aged man in blue shirt, Chen Feng took a few little wolf cubs and ran towards the depths of the mountain. Chen Feng didn't stop until he couldn't feel anyone chasing around him, found here, and practiced by the pond.

He has entered a state of concentration.

In the body, the Bedoro leaf golden sutra revolves on its own, and he is comprehending the Great Mudra of Light.

"It turns out that after stepping through the first stage and entering the second stage, it is the real big mudra of light!"

"The first level is very basic and can only be regarded as an introduction, and the second level is the real cultivation!"

"The Great Mudra in the complete state has a total of ten layers. After the first layer, there are nine seals with different names, each with different functions. Some have a solid defense, some are strong offensive, and some can delay their lifespan. People are rejuvenated, and some can even increase their wisdom, enhance their comprehension, powerful functions, and very mysterious!"

Chen Feng couldn't help being shocked.

Powerful, too powerful! Unexpectedly, the full version of the Guangming Mahamudra is so powerful, it is definitely the best of the yellow level exercises, no, it has even surpassed the yellow level exercises!

A strong sense of happiness surged in Chen Feng's heart. He was so lucky to be able to find such a magical martial skill in the Martial Skill Pavilion. You know, the outer disciples of Qian Yuanzong's martial arts are basically only first-grade yellow! The second grade yellow is very rare!

"The complete version of Guangming Mahamudra is extremely powerful. Unfortunately, I only have one fragment in my hand, but I should be content. Fragmented scrolls are also the best quality in the second-grade yellow technique!"

The complete version of the Guangming Great Mudra has nine seals, and Chen Feng doesn't know how many of them are in the fragment. He only knows the name of the second seal!

This seal is also the first of the nine big mudra!

Fudo Mingwang Seal!

King Fudo Ming, his heart is not moved, his compassion is firm, unshakable!

Cultivating the immovable Ming Wang Yin can help people remain immobile, maintain an unmoving will, and show a strong body.

"The basic condition for the cultivation of the Immovable Mingwang Seal is to have a strength of four thousand catties! So after my first great achievement, my strength has reached four thousand catties, and then this kind of enlightenment can be achieved! Now, I can start practicing."

At this time, in Chen Feng's mind, the practice method of Fudo Ming Wangyin and so on automatically appeared. He deduced it over and over again, constantly inspiring and deeply understanding.

Everything is abandoned outside.

A few little wolf cubs are ups and downs in the water pool, they are catching fish to eat. Chen Feng just hunted down a wild bear this morning and threw it to them, and he was eaten up by them within an hour. He entered a state of meditation, and he had no time to control these little guys. They simply relied on themselves. They have good water quality. When a fierce pierced down, when they came up again, they held a fat fish bigger than them in their mouths and swallowed them in two mouthfuls.

I don't know how long the sun rose to the highest point in the sky and then set again. Soon, the night was already dark.

In the breeze of the night, a few little wolf pups crawled out of the water tank and groaned next to Chen Feng. They were small, fat, and short legs. They walked crookedly, and it took a long time to climb up. The big blue stone rubbed against Chen Feng, lay down between his crossed legs, found a comfortable posture, and fell asleep hummily.

Chen Feng entered the set this time, and he entered the set for two days!

In the early morning of the third day, the cold breeze was spreading out, and several little wolf cubs were looking for food. Chen Feng suddenly opened his eyes and stood up suddenly.

He looked at the rising red sun in the sky, and his comprehension about Fudo Mingwang's seal revolved in his mind. Suddenly, he exhaled and started to circulate the true energy throughout his body. The true energy circulated in his meridians in a brand-new way and route. He roared hey, and with a wave of

his right palm, one was two and a half square feet in radius , A golden handprint that is larger than the wheel is formed in the air.

In addition to getting bigger, the golden handprints also have more lines on the handprints, forming a pattern of shadows and overlapping mountains. It's just that the pattern is still very light, the lines are very shallow, if you don't look closely, you can't see it at all.

This is Fudo Mingwang Seal!

Fudo Ming Wang Yin bombarded out, and smashed heavily on a large tree with a thick and thick hug. The hard big tree suddenly fell, and the location that was hit by the Fudo Ming Wang Yin had been smashed into powder.

It's like being hit by an outer meteorite!

The power is enormous.

But Chen Feng shook his head, not satisfied with the result. He stood there, lost in thought.

The first major achievement of the Guangming Mahamudra, that is, the Dacheng level of the entry realm. The Mahamudra is two feet in radius and the size of a wheel, but now the golden Mahamudra printed by Chen Feng is two and a half square.
