

Peerless 2001

[Chapter 2001: Resignation](#)

His previous relationship with Wei Wuji was not good, but at least it was not bad.

Both are from the Thirty-Seven Kingdoms of Tulong. They compete with each other but appreciate each other.

However, the relationship between the two has deteriorated since the outer court contest.

Because Wei Wuji has changed. He is not just pure arrogance, but full of arrogance and jealousy. Chen Feng is unwilling to associate with such people.

Especially since the big match, Wei Wuji seems to be hiding from Chen Feng a little bit, so how could he suddenly visit the door today?

But Chen Feng's face was still very calm, and said lightly: "It's you, come in, please sit down."

With that, he entered the courtyard.

But the first action after Wei Wuji entered the yard made Chen Feng stunned. He stood there, bowed and saluted suddenly, with a face full of shame, and said: "Big brother, I'm here to ask you for your sins."

"What? Please?" Chen Feng raised his eyebrows, vaguely guessing something in his heart.

Wei Wuji looked ashamed and said, "Big brother, since I entered Wudong Academy, I have been praised by everyone, and my heart has changed."

"Become arrogant, and even used to speak bad words to you, now that I think about it, it really shouldn't. It's too much."

Chen Feng did not speak, but just looked at him and waited for him to speak.

Wei Wuji went on to say: "I was extremely angry and unwilling to defeat you when I was defeated, and I was even full of murderous intent towards you."

"But, later I felt repentant." With a sincere gratitude on his face, he bowed deeply again and said, "Brother Chen Feng, I really appreciate it. Thank you for beating me."

"Otherwise, if I go on like that, I might be ruined in my life!"

Chen Feng looked at him for a long time, and finally determined that he should really be repented.

Because at this time, his eyes were very clear and clean, without any pretense.

And Chen Feng also believes that Wei Wuji's pride cannot be faked.

A smile appeared on the corner of Chen Feng's mouth, and he patted his shoulder lightly without speaking.

But this action already represents everything.

A beam of joy flashed across Wei Wuji's face. He knew that Chen Feng had already forgiven him.

Chen Feng smiled: "Come in and sit down."

The two entered the wing and sat separately.

Then Chen Feng said, "I don't have anything here, only a glass of white water."

Wei Wuji laughed loudly: "Now in the entire outer courtyard, who doesn't know your big brother your prestige?"

"Even in the entire Tianyuan Imperial City, your reputation has quietly risen. It is a great fortune in the eyes of many people in Tianyuan Imperial City to drink a sip of your white water."

Chen Feng raised his brows: "Really?"

He really didn't know about it.

Wei Wuji said something before Chen Feng understood that, as one of the eight sects of the Tianyuan Dynasty, Wudong Academy's every move was followed by the entire Tianyuan Imperial City and even the Tianyuan Dynasty.

At this time, the news that he won the first place in the Outer Court had spread throughout the entire Tianyuan Imperial City, and many people who were qualified to know, and many high-level family sects, also knew the name of Chen Feng, and knew he was A young genius who has risen to fame and cannot be underestimated!

But for these, Chen Feng didn't care.

How can the road of martial arts be bothered by these false names?

The two said a few words, and Wei Wuji was about to leave.

Chen Feng saw him carrying a bag on his body and moved in his heart, and asked, "Where are you going?"

Wei Wuji raised his head, with a bold look on his face: "I am going to enter the Wuwang Mountain Range."

"What? Wuwang Mountain Range?" Chen Feng couldn't help but move slightly when he heard these four words.

He has come to Tianyuan Imperial City for so long, and he also knows something.

The Tianyuan dynasty stretched for 80 million li, and there were more than a dozen forbidden lands on such a large site, and the Wuwang Mountain Range was one of them.

It is said that the Wuwang Mountain Range was originally the capital of a dynasty millions of years ago.

This dynasty is much stronger than the current Tianyuan dynasty.

In that capital city, there are endless temples, countless schools, and rare birds and treasures.

Later, this dynasty provokes an extremely powerful ancient clan. Nearly a thousand masters of this ridiculous ancient clan killed the capital of this great country and fought a fierce battle with countless masters in this dynasty.

The sky was dark and dark, and it took a whole month to beat the huge plain where the capital city was in ruins, and there were strong people who used supreme magic power to forcibly uproot the ground.

As a result, the capital disappeared and turned into a huge mountain range hundreds of thousands of miles long.

There are countless ruins in the mountains.

Logically speaking, this is an extremely rich treasure, but heaven, spirit and earth treasures are not only liked by humans, but also by those powerful monsters.

Therefore, there are countless powerful monsters and monster plants in it, not even less than in the Tongtian River.

Therefore, it turned that mountain into an unparalleled dangerous place!

And because those masters fought here, many people even died, they left countless chaotic and powerful forces here, these forces are extremely terrifying, and they are completely out of control.

Sometimes, even if you don't encounter any monsters, you may be involved in this power and turn into nothing, with no bones left.

This kind of disaster is not a man-made disaster at all. It can only be called a disaster of no delusion. For this reason, many people have died in this mountain range.

This is also the origin of the name of this mountain, Wuwang Mountain.

Chen Feng asked, "What are you doing there?"

"power!"

Wei Wuji slowly spit out these two words: "I found that compared with yours, my strength is very different now, and the gap is huge."

"However, I have never stopped chasing after. Before I was too proud and complacent. Perhaps it was because this Wudong Academy was too comfortable, so I have to go to the most dangerous place to practice!"

He bowed his hand to Chen Feng: "Brother Chen Feng, goodbye!"

Turning and leaving, there was a burst of laughter from the sky, and the laughter was full of heroism: "Big brother, if I have not improved in strength, I will not come back, and I will die there!"

Chen Feng looked at his back with thoughtful eyes.

Wei Wuji really has a strong heart.

Under the moonlight, Chen Feng practiced again, and the dragon destroyed the world!

The fact that Wei Wuji left today caused quite a shock to Chen Feng.

Under the moonlight, Chen Feng sat cross-legged, and there was wind blowing from outside, blowing leaves and rustling.

Chen Feng is reflecting: "Is my courage weakened during this period of time?"

"Did my heart for struggle fade away during this period of time?"

"Is this Tianyuan Imperial City too easy for me to be as brave and diligent as before?"

[Chapter 2002: Lure!](#)

He is reflecting.

After a long time, Chen Feng raised his head, his eyes full of determination.

His lips were pressed lightly, and the lines on his face were extremely hard. Suddenly, he sketched out a smile and said softly: "The two brothers in black, I also want to thank you. I have been invincible during this time. Thanks you guys."

"It was you who let me know that my strength is still insufficient, and it also makes my upward spirit stronger!"

Chen Feng had obviously made a decision, and he also figured out many things.

Therefore, at this time, the extra thought is well understood.

Suddenly, Chen Feng felt that the two dragon-falling Arhat Light Beads in his body were shining brightly, and they were running on their own without his control.

And the next moment, the dark golden dragon descending Arhat's power came out vigorously, and Chen Feng's heart was empty.

He immediately realized that this was the best time to practice.

So Chen Feng immediately stood up and waved his hands.

At this time, he naturally used the hand posture of Shenlong destroying the world.

This time, Chen Feng was surprised to find that when he did this action, there was no sluggishness, no sluggishness.

The whole is like a waterfall of Feiquan, sliding down naturally from the top of the rocks, it is extremely smooth, and it happens naturally!

Then the next moment, above Chen Feng's body, a tyrannical aura suddenly poured out, and the dark golden light suddenly prevailed.

Then, his left hand is from top to bottom, and his right hand is from bottom to top, both hands are covered with thick dark golden light.

With a bang, the next moment, the dark golden light directly moved the world.

Above the sky, red clouds suddenly condensed, and the red light was extremely hot. The red clouds formed this time were dozens of times larger than any previous time.

On the ground, a huge crack suddenly opened, and in this huge crack, a faint red light was about to show through.

The red light this time was extremely intense, and the momentum that came out was several times that of before.

Chen Feng even felt that although the red light had not yet burst out, the extremely hot temperature had almost burned himself!

A look of ecstasy immediately appeared on Chen Feng's face. He did not expect that today's epiphany would bring him such a great benefit.

Chen Feng immediately shook his arms, the dark golden light on the surface of his body dissipated, and the red clouds gathering in the sky and the cracks on the ground disappeared instantly.

A smile appeared at the corner of Chen Feng's mouth, and he chuckled softly: "Although I haven't really succeeded in cohesion, I already know that my current trick of the dragon destroying the world is 90 percent.

Just the last point, you can fully understand.

He raised his chin at this moment, a cold expression suddenly appeared on his face, and said softly: "The man in black who attacked me, I don't know where you came from."

"However, since you dare to attack me sneakily, dare to get me seriously injured and put me in danger, then you have to pay for it!"

"The price is your life!"

"Now, although my Shenlong Ruitiandi hasn't fully understood it yet, it has already understood 90%."

"Even if it is 90%, it is enough to kill the early masters of the Eight-Star King Wu!"

"The man in black was in the early stage of the Eight-Star Martial King. With my current strength, I can already kill him!"

During the next night, Chen Feng repeatedly practiced Shenlong to destroy the world.

Every time he fully brewed his aura to reach a peak, condensed the red clouds and cracked the earth, and then, at the moment when this offensive was about to go out, he dissipated the offensive directly.

As a result, Chen Feng felt a breath in his heart, holding it back and never dissipating.

After repeating this a few times, the breath became extremely strong.

Chen Feng felt that his chest was about to explode!

He even has a desire to make this move when he moves his line and hands with a wave.

At this time, Chen Feng had an incomparably powerful desire for the complete and thorough attack.

He desperately needs to vent!

And this is the effect Chen Feng wants.

The next day, when the morning light was faint and there was still some blue black in the sky, Chen Feng left his small courtyard.

It's just that this time he was slightly disguised.

He changed into a black suit, his upper and lower lips were also covered with a beard, and his hair fell loose, almost looking different.

However, if you distinguish carefully, you can still see that this is Chen Feng.

Along the way, Chen Feng was not recognized. He came to the square below through the golden eagle, and then pretending to be cautious about looking around, he made sure that no one was paying attention before walking out.

He walked very fast and in a hurry, but he was not very flustered. He seemed anxious in his heart, but he didn't want to attract attention.

And at the moment Chen Feng left the square, in a corner of the square, a dark shadow quietly emerged.

He looked at Chen Feng's leaving back, with a smug look at the corner of his mouth, and whispered to himself softly: "Chen Feng, Chen Feng, I have been waiting for you here for so long, I finally waited for you!"

There was a sneer at the corner of his mouth, and he said with disdain: "I can see it. You should have thought that I will be waiting for you below, so you specifically choose this time to go."

"There are very few people at this time. You might think I will practice or sleep at this time, haha, but boy, you underestimated my patience!"

"Also, you have obviously done a disguise. If I have a little experience, you may have been fooled by you, but boy, you know, I walked the Tianyuan Dynasty for decades, eyes It's already very vicious!"

"You, can't escape from my palm!"

He was so proud that he immediately turned around, followed Chen Feng, and walked out.

This contrived Chen Feng made him conclude that Chen Feng's current strength is definitely not as good as his own, otherwise it would never be so careful, but would leave directly and carelessly.

As everyone knows, this is exactly what Chen Feng wants to create.

The chunky man in black was always suspicious, if Chen Feng showed real strength, there would be no way to draw him out!

The chunky man in black followed Chen Feng. Chen Feng didn't seem to notice. He left the Tianyuan Imperial City all the way to the Tongtian River, and then went west.

Soon, he was close to the position where he got the information from Buddha.

At this moment, the chunky black man behind him also showed a touch of ecstasy on his face.

He secretly said in his heart: "Could it be that this kid didn't actually obtain the secret?"

"Later, he quietly escaped. This time he came again every few days, thinking that I had let down my guard and stopped following, so he came here and took the real secret away!"

[Chapter : The power of one move is as good as Si!](#)

"Yes, it must be like this!"

He was so excited that he almost couldn't help but laugh wildly: "Haha, boy, you can't count on you, I will keep staring at you, right?"

"Now it's okay, this big secret is going to be mine directly. I originally felt very sorry. In case the secret is a panacea, you have swallowed it, now it seems that there is no need to worry!"

He was very excited and followed quietly.

At this time, he found that Chen Feng stood by the river and did not move.

"What the **** is this kid doing? Why doesn't he move?"

But at this moment, Chen Feng suddenly turned around, looked at him with a smile, and said softly:

"Come out, always so hiding, sneaky, like a mouse, tired?"

The chunky man in black was motionless, he suspected that Chen Feng was cheating himself.

But the next moment, Chen Feng's gaze turned to his hiding place.

As a result, the chunky man in black was struck by lightning, as if the sky was struck by five thunders. His whole body was shaken, and an indescribable emotion surged in his heart, full of disbelief, anger, surprise, and a trace of panic.

The lightning-like spinning thought in his mind finally turned into a crazy voice: "He did it on purpose, this kid brought me here on purpose!"

"He always knew I was following him, so what was his purpose?"

The chunky man in black forced himself to calm down: "No, this kid may have deliberately bluffed me, he may have just learned that I was following him, so he deliberately scared me!"

"Yes, it must be like this!"

Thinking of this, his heart suddenly calmed down, and he comforted himself: "Yes, he must be trying to scare me away, and then he can win a unique treasure!"

"How could this kid improve so quickly, how could he be my opponent? The last time he made me play so miserably!"

Thinking of this, he calmed down immediately, and then slowly stood up, looked at Chen Feng, with a sneer at the corner of his mouth, and said: "Little boy, I know you are bluffing me, do you think I'm so easy to be fooled?"

"Oh?" Chen Feng looked at him, with a smile drawn at the corner of his mouth, which felt ridiculous.

This short chubby man in black is too confident in himself!

Chen Feng looked at him and said indifferently: "Where did you get the secret of Jianglong Arhat inheritance? Tell me, I can let you live a little longer."

There was a sneer at the corner of the chunky black man's mouth, and then it turned into an extreme mockery.

He laughed loudly and said, "Little boy, you pretend to look a lot, haha, do you think I will be fooled?"

Suddenly there was a violent roar: "Little boy, hurry up and hand over the secret now, and I will let you die more easily!"

Up to now, he still thinks that Chen Feng is frightening himself, and Chen Feng is absolutely impossible to be his opponent.

Chen Feng looked at him, and slowly shook his head: "I really don't know how high the sky is!"

The expression on his face suddenly became cold and stern, and suddenly, the volume was raised, and he screamed: "Okay, then let you see if I can kill you!"

As he said, Chen Feng screamed: "Shenlong destroys the world!"

Chen Feng almost raised his hands, and just played this starting position. At that moment, he felt the power of the dragon descending Arhat in his body surging wildly.

In an instant, his body surface was covered with dark golden light.

At the same time, the desire to fight that had been suppressed in his heart for a long time, almost gushing out, to play this trick, completely use this trick, and the sense of expectation that came out heartily and heartily was like a lava explosion. Generally, it exploded with a bang!

So the next moment, Chen Feng whistled out with both hands.

With the movements of his hands, the whole world situation seemed to be stirred by him.

In the sky, the strong wind whizzed, and above the sky, fire clouds condensed.

Above the earth, it suddenly cracked, splitting a huge crack that was kilometers long and thousands of meters deep.

The red clouds above the clear sky are also a full several thousand meters in radius, and even in the Tongtian River next to it, stormy waves have been set off.

Countless demon kings jumped out of the water in amazement, wondering what happened!

Seeing this scene, the chunky man in black suddenly saw his eyes split, and was shocked to the extreme, and he was shocked: "This kid's trick is so much stronger than the previous one!"

"How could it be so powerful? How could it be able to scroll the world like this?"

His heart was terrified!

The next moment, I thought of an extremely terrifying possibility: "With this kid's mind, if he is not strong enough, how could he do this?"

At this moment, he knew that he was wrong, which was ridiculously wrong.

It turns out that Chen Feng really has such strength.

With a sharp roar, he turned around and wanted to escape, but it was too late.

Chen Feng roared: "Shenlong destroys the world, die!"

Therefore, above the sky and among the red clouds, a huge meteorite with a diameter of more than one thousand meters smashed down crazily, at an extreme speed.

Almost just for an instant, he came to the top of the chunky black man's head.

The meteorite cut through the sky, engulfing boundless flames, as if the sun fell.

On the ground, a huge lava of several kilometers high was spewed out of the crack.

Above the sky, a meteorite fell, and in the earth, lava erupted, and two powerful forces slammed toward the short and thick man in black.

The chunky man in black felt like he was going to die next moment.

The shadow of death enveloped him, and he let out a stern roar: "This is impossible, how can I die here?"

With that, he crushed all the magic weapons on his body.

So the next moment, around his body, three or four light masks of different colors were formed to protect him.

At the same time, he played his strongest moves to prevent accidents.

But all this is useless.

The huge meteorite, boundless lava, intertwined, all his masks were shattered in an instant, and even a hundredth of a second was not blocked.

Then the next moment, these two extremely powerful offensives hit his body with a thud.

"Ah!" The chunky man in black let out a terrible scream and was directly swallowed.

The earth trembled violently, almost causing an earthquake.

As for the Tongtian River next to it, a piece of water in a radius of tens of miles was as if it had been boiled, gurgling, bursting out countless bubbles, and steaming steam.

In an instant, how many monsters were scalded to death!

One move, one move is so powerful!

And the next moment, the huge meteorite and boundless lava blasted into countless pieces, and countless boulders fell within dozens of miles around, smashing huge deep pits on the ground.

[Chapter 2004: Make a big wish!](#)

Those lava flowed into the Tongtian River, forcibly extending the river bank forward by ten meters.

Tongtianhe is boiling again!

Chen Feng's attack also exhausted all his strength.

He shook his body, feeling that he no longer had any strength, and he was about to fall to the ground, but Chen Feng held it abruptly.

Not only did he not fall, but straightened up, with a smile of relief at the corner of his mouth.

Then, this faint smile grew deeper and deeper, and finally turned into a big laugh.

Chen Feng looked up to the sky and laughed, venting all the depression he had suppressed for a long time, making him extremely comfortable.

"This Shenlong destroys the heavens and the earth is worthy of the trick in the Dragon-Jinglong Arhat scripture, and it is worthy of being the last move of the Jianglong-turning-the-sky seal. It is really powerful!"

"It's too strong, it's as powerful as a move!"

At this moment, there was a miserable hum not far away.

The chunky man in black fell to the ground. At this time, he was terrible. The surface of his body was completely black, almost burned.

Above the body, there are countless large black holes.

His body is almost fragmented, his internal organs are all shattered, and he is seriously injured and dying, and there is no way to fight back.

Now, any ordinary person can kill him!

At this time, Chen Feng's Dragon Destruction of Heaven and Earth had already reached 90%.

Ninety percent of the dragons destroy the world, and their power is already extremely powerful, enough to deal with the early masters of the Eight-Star Martial King, while the stocky man in black is the early Eight-Star Martial King.

The chunky man in black was dying at this time, but he still tried to open his eyes wide, staring at Chen Feng, his eyes full of horror.

"Chen Feng, you, how can your strength increase so rapidly in such a short time?"

Chen Feng walked over, looked at her with a smile, and said lightly: "You want to ask, the last time I was beaten so miserably by you, but why am I so strong now, am I?"

The chunky man in black nodded.

Chen Feng said softly: "Because, I am a peerless genius, I am the proud son of heaven, and I am the one with luck!"

"So, everything that happened to me is nothing surprising!"

The shock on the chunky black man's face turned into a touch of helplessness, and then a deep wry smile.

He shook his head and sighed: "It's amazing, it's amazing, I'm convinced that I lost!"

Chen Feng stared at her and said coldly: "Tell me, how did you know that there is the inheritance of the descending dragon Arhat?"

He is very worried now. He doesn't worry about anything else. He is worried that this secret will be leaked out, or that it will attract the attention of others.

The chunky man in black nodded and said, "Okay, I'll tell you."

Chen Feng raised his brows suddenly, a little surprised.

He thought that the fat black man would have to die for a while, and he said that he couldn't use some means to get it out, but he didn't expect that he would be so straightforward.

The chunky black man smiled and said, "You must be surprised now, why would I promise to tell you so quickly, right?"

He smiled bitterly: "I know that I will definitely die. In that case, why do I have to suffer any more before I die?"

"Anyway, even if I don't speak hard now, you can ask me a little bit, and I will say, why bother? Still suffering before death?"

Chen Feng smiled and said, "You are an interesting person."

The chunky man in black laughed: "I've always been funny, but unfortunately, there is one less person in this world."

So, he said the process again.

The two brothers searched for decades, finally got clues, and then came to Tianyuan Imperial City and so on.

Chen Feng heaved a sigh of relief when he heard that only the two of them knew the news, but when he heard that the two of them had killed the Wang family all at once, his face suddenly became extremely gloomy, as if anger was burning in his eyes.

He gritted his teeth and hated it to the extreme: "You actually slaughtered the innocent like this?"

The chunky man in black said nonchalantly, "So what?"

"For this secret, let alone slaughter their family, I would kill all the people in a country!"

Chen Feng gritted his teeth and shouted: "Okay, very good, then use the lives of your brothers to pay for him!"

With that, he was about to do it.

At this time, the short and fat man in black suddenly frowned for a while, and then said: "No, there should be a living in their Wang family."

"What? There's another living mouth?" Chen Feng immediately showed joy on his face and said: "Hurry up, what's the matter with you?"

The chunky black man whispered: "When we were torturing those in the Wang family, those in the Wang family mentioned that there was a young master in their family who was just three or four years old."

"That afternoon, he insisted that others accompany him to play outside, so a few servants accompanied him out to play."

"So, he should be the fish that slipped through the net!"

Chen Feng listened and nodded slowly.

Then he asked about the place where the Wang family was. After a moment of contemplation, he looked at the chunky man in black and whispered, "Do you have anything else to explain?"

The chunky black man showed a thick unwilling look on his face, and shouted: "I am not willing! Last time, I was almost able to get the big secret, I will be able to set foot on the top and have supreme strength !"

"I'm not reconciled!"

"Oh? Really?" Chen Feng said with a sarcasm at the corner of his mouth, and said softly: "Sorry, even if you got the secret last time, it is absolutely impossible to find the inheritance of Jianglong Arhat."

"Why?" the chunky man in black asked immediately.

Chen Feng said: "Because only those with inheritance can open it."

"And you, obviously not, because this heritage has fallen on me, and no one can take it away!"

After listening, the chunky man in black had a gray face and a heartbroken heart.

At the same time, Chen Feng slapped him directly, cutting off his vitality.

Chen Feng kicked his body into the Tongtian River, and was instantly swallowed up by the monsters in the Tongtian River, without any trace.

Then Chen Feng lowered his head, his eyes showed the color of thinking. Finally, he raised his head, a touch of firmness flashed in his eyes, and said softly:

"Senior, you forged the Kassapa Breaking Knife, and I got him, and got the clues to the inheritance of the dragon descending Arhat."

"I have a fate with you, and you have a great kindness to me. I will repay this kindness!"

"Your only blood, I will definitely find him!"

"Don't worry, I will find him, protect him throughout his life, raise him to adulthood, teach him supernatural powers, and let him achieve a great cause, and I will definitely not bury the reputation of your old man!"

"I will let him carry forward the Wang family and spread the branches and leaves! This is my gratitude to you!"

[Chapter 2005: Is a blessing or a curse?](#)

Chen Feng said these words as if he had taken an oath, very affectionate and solemn.

"Of course, before that, there is someone, I have to clean up!"

"Wan Hongbo, right?" Chen Feng gritted his teeth and said coldly: "Don't worry, I can't spare you!"

Then he turned and left quickly.

Just the day after Wei Wuji left, Chen Feng went to the middle court and found Chen Ziyuan.

Outside of Chen Ziyuan's small building, among the flowers, she saw Chen Feng, her face suddenly showed surprise, and said, "Big Brother Chen, are you here?"

Seeing the joy on her face, Chen Feng's heart flashed with guilt.

Thinking about it now, it seems that Chen Ziyuan has always been looking for him. This is the first time he has come to Chen Ziyuan on the initiative.

Chen Feng said, "Ziyuan, sorry, this is the first time I have come to you."

When Chen Ziyuan heard this, she smiled happily on her face, and said: "Brother Chen, how do you say this? I am very happy to see you. You come to me or I go to you, neither important."

The two said a few words, and then Chen Feng said softly: "Ziyuan, I'm here to see you farewell."

"What? Farewell?" Chen Ziyuan immediately changed her color when she heard it.

Chen Feng nodded and said, "Yes, it should be a few months before I can stay in Tianyuan Imperial City. Most likely, I will come back when I officially enter the inner courtyard after March."

"Why? Where are you going? Is it dangerous?"

The first thing Chen Ziyuan thought of was danger.

Chen Feng was even more moved, and comforted her and said, "Don't worry, there is nothing dangerous for me to go this time, so I think it's time to go out and relax."

Chen Ziyuan showed a trace of relief just now, and nodded and said, "Brother Chen, then you must come back soon."

"Good." Chen Feng smiled and said, "I promise you."

The two said a few more words before Chen Feng left.

And until he disappeared from the end of his sight, Chen Ziyuan still stood there blankly, with infinite tenderness in his eyes.

Then, Chen Feng returned to the sect and bid farewell to Liu Chengyi and the old madman.

The old madman just let out a muffled grunt from the ground, and the earthquake trembled a few times before he had heard it.

On Liu Chengyi's side, Chen Feng hadn't seen him at all, and Chen Feng still had some regrets in his heart. He didn't know why Liu Chengyi would not see him.

But Chen Feng didn't know that after he left, as soon as the sky full of stars appeared that night, Liu Chengyi at the place where he was practicing immediately became nervous.

He humbly took out a whole set of equipment.

These instruments, nine in total, are of different shapes, unspeakable weird, but revealing incomparably mysterious power.

He placed these nine utensils together and formed a mysterious formation. Then, with a face full of respect, he knelt down in the middle of the formation, knocked one by one in nine directions, and muttered:

"Disciple Liu Chengyi, I respectfully request the number of astrological days today, and I hope to complete my disciple. I am grateful!"

His attitude is extremely respectful.

After kowtow, he just sat up, sitting cross-legged among the nine artifacts, his hands kept forming mysterious seals, revealing a breath of ancient desolation, very mysterious.

And as he formed these seals, a little blue light flashed suddenly on his body, falling onto the nine utensils.

In the next moment, these nine appliances are shining brightly.

So, in an instant, I saw that, like a blue ribbon, a river composed entirely of dots of starlight shot towards the outside.

They were scattered in the night sky, as if they were in the air, without any waves.

But at the same time, there were a few stars above the sky, which flickered quietly, and there was that star power, rolling in.

In the next moment, those stars changed their positions quietly.

This is astrology!

It is the most powerful, mysterious and one of the most difficult and rare spells in the entire Dragon Vein Continent.

It is said that astrology can detect bad luck and even change one's future. The most powerful astrology can change fate against the sky.

It can help a person who has no foundation in cultivation to become a great genius, and it can also turn a person with bad luck into an extremely powerful person with great luck and great chance!

This is an extremely magical spell!

Along with the sky, the stars flickered, and the nine utensils on the ground also quietly changed shapes.

At this moment, Liu Chengyi had stopped divination and looked at the nine instruments.

He seemed to be able to see something, very carefully.

The next moment, his face showed ecstasy, and he laughed loudly: "Okay, great, Chen Feng's trip is very lucky!"

"And there is a great opportunity waiting..."

Before he said his words, suddenly, with a bang, everything he saw in the sky shattered.

And those nine appliances all made a banging sound, as if they were not under extreme pressure.

There was one with countless cracks growing on it, and it looked almost destroyed.

Liu Chengyi was sweating profusely, and his face was distressed, almost bleeding.

These nine utensils were left to him by his master, and his master got it from the master's master. They have been passed down in this line for thousands of years, and these nine tools are the top priority. It was damaged at this time!

After he calmed down, he just came back to his senses, his face was sweating, and he said in horror: "How unpredictable is Chen Feng's fate?"

"This line of business was originally a fortune, but in the middle it was broken by people with infinite power!"

"How is Chen Feng's future? How is this trip? I can't see clearly!"

"Is this a blessing or a curse for Chen Feng?"

For a moment, he was extremely flustered.

Naturally, Chen Feng would not know what happened here. At this time, he had already arrived in the small courtyard of Tianyuan Imperial City and saw Aunt Mei and Han Yu'er.

Seeing him coming, both of them were quite surprised.

Chen Feng had no reservations about Aunt Mei and Han Yu'er, and directly explained his intentions.

But after hearing that Chen Feng got a trace of the Buddha, and it is even possible to find some other fragments of the Jianglong Arhat scriptures, Aunt Mei immediately said: "Chen Feng, I support your move. This kind of thing, night long dreams, should be early Go!"

Chen Feng looked at Han Yu'er, and Han Yu'er smiled and said, "Junior brother, you don't have to worry about me. Naturally, wherever you go, I will follow!"

Chen Feng laughed: "Okay, then let's set off!"

A group of three, dressed slightly in disguise, pretending to be three ordinary warriors, quietly left Tianyuan Imperial City.

At the same moment, at Xu's house.

The ancestor of the Xu family looked at the people below with a cold face, and said coldly: "I don't care how strong Chen Feng's little boy is, no matter what status he has, I only know that he has ruined our hope. I must kill him!"

[Chapter 2006: Boundless waves!](#)

"Now that the enemy is here, my Xu family, this time, we must do our best to kill him!"

The Xu family fell into chaos in an instant.

Almost everyone in the Xu family is busy, mobilizing, because of the words of the ancestor of the Xu family.

The floating mountain, the general mansion, above the hall.

After hearing the report below, Yun Potian suddenly stood up straight, with a look of excitement on his face: "Okay, this opportunity comes earlier than I estimated!"

He clenched his fist, and a cruel smile appeared at the corner of his mouth: "Chen Feng, this little boy, dare to leave the Wudong Academy and leave the asylum. He is seeking his own death!"

"This time, I will never be kind to him anymore!"

This person is extremely shameless. How was he soft-hearted to Chen Feng before, and did not kill Chen Feng for a while, just to torture Chen Feng better!

He rubbed his hands, his face was full of joy, and he walked back and forth twice in the hall.

The Yun Tianlong below looked at her with a little surprise on her face.

Because, based on his understanding of General Yun, even this kind of thing is not worthy of General Yun's excitement. He showed a hint of excitement at best.

But this time, there was such a big reaction, which made him very surprised.

But then, he realized why, and he couldn't help being surprised: "It turns out that Chen Feng has grown so fast that General Yun is very jealous?"

"General Yun should have also thought about it. If Chen Feng is allowed to grow like this, it will be impossible to deal with him in the future, so this time he is very excited to get a chance to deal with Chen Feng and be able to intercept Chen Feng!"

Although Yun Potian showed great disdain for Chen Feng, in fact, deep down in his heart, he was extremely jealous of Chen Feng.

Yun Potian asked Yun Tianlong: "How many masters in the family do I have?"

When Yun Tianlong heard this, his heart became even more tense.

In the previous Yun Potian, he would never ask such a question at all. He just killed it alone, but now he still asks.

He hurriedly stopped his mind, thought for a moment and said: "Great worship, second worship, third worship, follow the elder son to kill the enemy in the northern border...the elder, the sixth elder..."

He said a series of masters who were not in the mansion, and finally said: "Now there are only seven elders left in the mansion!"

"Is it Old Seven?" Yun Potian raised his brows.

The Seventh Elder is not his biological brother, but the brother he met when he was in the army in his early years. After he became famous, many of the old men in the army were brought into the mansion by him and gifted to high positions. In fact, they were supported. .

He said slowly: "Lao Qi is the strength of the Eight-Star Martial King in the mid-term, and that's fine, at least it's not a problem to use it alone to deal with Chen Feng's little bastard."

"Okay, then you go and inform Lao Qi, let him go with him."

"Yes!" Yun Tianlong said loudly.

Then, Yun Potian said again: "Gather all the three thousand iron guards of the Yun family to me."

"This time, I want to lay a net of heaven and earth so that Chen Feng can't beat him and can't escape. In the end, I can only kill him by obediently pulling his neck!"

Yun Tianlong led the way.

Yun Potian showed a smug smile and burst into laughter: "Chen Feng, you rebel, I want to see this time, where else can you escape! Hahahaha!"

What Chen Feng didn't know was that as soon as he left the Tianyuan Imperial City, several major forces in the Tianyuan Imperial City learned the news.

A big net spread out quietly and attacked him.

Naturally, Chen Feng didn't know that the endless waves in the Tianyuan Imperial City were stirred by him at this time. At this time, he, Han Yuer, and Aunt Mei had already left the Tianyuan Imperial City thousands of miles away.

In order not to be noticeable, the three of them did not ride how powerful a monster beast, but only bought a few fairly common black iron wildebeests in the city.

This mysterious iron wildebeest is three feet long and about one foot high. There is no bristles on the whole body, only hard scales like black iron.

Above the head, a three-foot-long unicorn with a faint light of thunder lingers around it. This monster beast is a combination of metal and thunder elements. It is not very powerful or rare, but it is better. The price is cheap and the physical strength is long.

It is very suitable for traveling long distances and is the best choice for ordinary warriors.

This season is already late summer and early autumn.

At this time, it was in the evening, and the evening breeze was blowing, and it was already a bit cool.

To the north of Tianyuan Imperial City, there is an endless wasteland, with roads occasionally appearing in the middle, and the long grass on both sides is waist-high.

A gust of wind came, the wind blew the grass low, and that small monster beast kept lurking out of the bushes.

In the evening, a large number of birds dashed across the sky, preparing to return to their nests. From time to time, they made a crisp call. The scenery was excellent, and it was almost a picture!

Chen Feng and Han Yuer rode a black iron wildebeest together. He held Han Yuer in his arms. Han Yuer felt Chen Feng's breath beside his ears, and the cool breeze was blowing on her face. The surrounding scenery was excellent, and she was in a very emotional mood. Delightful.

There was a slight smile on his face, his eyes squinted slightly, like a spring outing, enjoying this rare good time.

Next to him, Aunt Mei smiled slightly, did her eyes drift over the two of them, and nodded slightly.

Aunt Mei said with a light smile: "Chen Feng, based on the clue you mentioned, is the direction you are going to be directed to, which is northwest?"

Chen Feng nodded: "Yes, it's the northwest direction."

Aunt Mei said: "Then I will now tell you about the general terrain of the Yuan Dynasty."

"Good!" Chen Feng hurriedly pricked his ears and listened attentively.

He has been fighting all the way from a small place, but he hasn't been able to understand the overall situation.

Aunt Mei has walked the Tianyuan Dynasty for decades, which is far behind him.

Aunt Mei smiled and said: "The Tianyuan Dynasty is 80 million li in length, but on this Dragon Vein Continent, the strength is equivalent to that of the Tianyuan Dynasty, and even far beyond, there are definitely not a few, dozens of them are always there."

"The southernmost part of the Tianyuan Dynasty is the boundless forest of the Southern Borders, and the northernmost part of the Tianyuan Dynasty is a vast grassland. At the end of that grassland, there is an extremely powerful grassland empire. This, you should in the future. Will be exposed."

"As for the position in the northwest, it is a vast desert."

"It is said that this desert was once a large fertile plain, with mountains and waters, and countless dynasties rising and falling on it, but it is definitely not the way it is now, but later because of the strong wars, it caused the world to turn back and forth. Great changes have taken place, and it has become the vast desert."

"There are countless ruins, countless sects inheritance, so there are countless people who have explored here, some succeeded, they became rich overnight, gained a strong inheritance, and their strength grew wildly."

[Chapter 2007: ridiculous](#)

"And some, they never come back. There may not be one successful person in 100,000, so this place is also known as one of the thirteen dangerous places on the mainland, the deserted death desert."

"Desolate Desert!" Chen Feng nodded slowly, remembering the name in his heart.

Han Yu'er suddenly smiled and said, "If the target is a desert, that would be great. I have never seen a desert in my life!"

Aunt Mei couldn't help but laugh, and nodded her nose, and said, "Aren't you afraid of any danger?"

"Of course I'm not afraid!" Han Yuer said with a grin, "Where is the danger if there is a brother? The most important thing is that you are here with Aunt Mei!"

"If you are there, no danger is worth mentioning."

Aunt Mei nodded her, and said: "You little devil is the most talkative."

At this time, a violent sound of horseshoes was heard behind him.

The three of them all looked back, and then saw a huge caravan, like a black cloud, quickly approaching here.

The caravan is quite large, with thousands of people.

However, it seems that the level should not be high, most people are riding black iron wildebeest, and only a dozen people are riding various tall monsters.

Those monsters, even Chen Feng disdain to ride long ago.

However, the people riding on these monster beasts all had a proud face, obviously very superior.

There is a big flag in the team with a huge character 'Wu' written on it.

Wu family!

Chen Feng asked Aunt Mei: "But is it a big family in Tianyuan Imperial City?"

Aunt Mei shook her head: "There is only one Super-Family Wu Family in Tianyuan Imperial City, but now this family is very low-level, and obviously it cannot be the same with them. This should be just an ordinary small in Tianyuan Imperial City. family."

Chen Feng nodded slowly.

The convoy passed by the three of them quickly, and did not intend to stay at all.

This is also normal. There are many scattered teams like the three of them along the way, and this kind of caravan simply disdains to stop and contact them.

However, just as the caravan was about to finish, suddenly a young voice came from the center of the caravan: "Stop, stop for me!"

Then the caravan stopped.

Everyone in the caravan looked back, looking at the person who was speaking, with a hint of surprise in their eyes.

The man who spoke was a young man in his thirties. He rode a group of huge monsters that were hundreds of feet long and resemble golden lions, dressed in luxurious clothes and full of pride.

He was obviously the leader of the caravan, and then he waved his hand, so the caravan broke a gap. He drove the huge golden lion under his crotch to come to Chen through the gap in the crowd. In front of Feng three people.

He lowered his head and looked down at the three of Chen Feng.

When he looked at Aunt Mei and Han Yu'er, a burst of brilliance burst out in an instant. There was excitement, surprise, and unstoppable greed in that brilliance. Then, it became a thick touch. Obscene light.

But soon, he was covered up.

He smiled and looked at the three of them and said, "The three please! I am Wu Shanfeng, the young master of the Wu family."

As he said, he straightened his body, shook his feather fan, raised his chin, and looked arrogant. He looked at Chen Feng from the corner of his eyes, as if waiting for Chen Feng and others to show shock and surprise on their faces.

Unfortunately, the three of Chen Feng did not respond.

Chen Feng also looked at Aunt Mei and said in a low voice: "Aunt Mei, you are well informed, have you heard of this name?"

Aunt Mei shook her head: "I haven't heard of it."

The reaction of the three of them obviously made Wu Shanfeng very faceless, and his expression instantly became embarrassed.

And everyone in the Wu family nearby snorted with disdain. Their eyes swept across Sean's body, and finally turned into a trace of disdain:

"Look at these three people, they are all dressed in such shabby clothes. At first glance, they are the villagers around Tianyuan Imperial City."

"Yes, these martial artists in the countryside are low in strength and knowledgeable. It is normal to have never heard of our young master's name."

"It's not that our young masters are not famous enough, we can only blame them for being too ignorant! These people are afraid that even the emperor of the Tianyuan Dynasty has never heard of it! Haha!"

Everyone in the Wu family looked at the three with disdain!

For convenience, the three of Chen Feng didn't show their true strength, even the strength they showed was not in the Martial King Realm, and their clothing was quite ordinary, and they looked like ordinary warriors.

Suddenly someone said: "Although these three people are low in strength, these two girls are really good-looking!"

"Haha, who would say no, these two, one mature and one young, are both stunning!"

The guard of the Wu family who spoke, lowered his voice and said, "Otherwise, why do you think the boy stopped? It must be because of the two of them!"

At this time, a tall middle-aged man wearing a bronze armor waved a long sword in his hand and laughed and said: "Two little ladies, where are you going? Why don't you follow us!"

"My young master, but a dignified one-star martial king, and one of the few young masters in the Tianyuan Imperial City, he will definitely protect you!"

He curled his lips, pointed at Chen Feng, and said with disdain: "It's better than the trash next to you two."

Chen Feng and the others didn't want to drop in with these people at all, and the words of these people made Chen Feng very angry, and his eyes were fixed, and he was ready to show these people something seriously.

At this time, Aunt Mei suddenly reached out and stopped him, then smiled and said, "Okay, let's go along!"

"Okay, okay!" Wu Shanfeng was extremely smug, laughed, and waved his hand to the people behind him and said: "Quickly let out two batches of Ninth-Rank monsters and let these two girls ride!"

"Yes!" Two guards behind him nodded and let out the Ninth-Rank Monster Beast they were riding, allowing Han Yuer and Aunt Mei to ride on it.

Wu Shanfeng laughed and said, "How can you ride a demon beast like the black iron wildebeest? It is an insult to you to make you so angry!"

When he said this, he looked at Chen Feng with a sense of superiority, like a demonstration.

What he said was meant to Chen Feng.

Chen Feng feels this sense of superiority is extremely ridiculous. It's not rare for him to ride a monster beast of the Ninth rank for many years, and in his opinion, riding a monster of this level is still a glorious thing. general.

"As for this young man," Wu Shanfeng glanced at Chen Feng, and said with a smile:

[Chapter 2008: Threat](#)

"There are no extra monsters in our caravan for you to ride, so you can still ride your black iron wildebeest!"

In this way, the three of Chen Feng followed the caravan on the road.

Obviously Wu Shanfeng had an indistinguishable desire for Aunt Mei and Han Yu'er, and was extremely courteous, and kept going up to talk to them both.

Han Yuer was cold and silent, while Aunt Mei would deal with him from time to time.

Soon, the walk came to the next morning.

The next morning, Chen Feng was washing his face in the puddle, and suddenly there was footsteps behind him. He looked back and saw that it was Wu Shanfeng and the tall guard in bronze armor beside him.

At this time, Chen Feng already knew his name, Wu Yong, the leader of the caravan guard.

Wu Shanfeng looked at Chen Feng and shook the folding fan.

At this time, obviously it was almost autumn and it was not cold at all, so he was still shaking the fan pretendingly.

Chen Feng looked at it, feeling very ridiculous, and couldn't help but shook his head.

Wu Shanfeng pretended to behave, and then suddenly looked at Chen Feng with a smile on his lips.

This smile seemed gentle, but in fact it turned away thousands of miles away, very arrogant.

He glanced at Chen Feng with a down-view gaze, and finally fell on Chen Feng's ordinary dress, then smiled and said: "I don't know Master Chen Feng, what is your relationship with these two girls?"

Chen Feng said lightly: "Han Yuer is my son, and that is my aunt."

"Neizi?" Wu Shanfeng's eyelids jumped wildly when these two words were said.

Then, his gaze became indifferent, looking at Chen Feng with a down-looking gaze, and said lightly: "Oh, is it your wife?"

He shook his head slowly, with a hint of contempt at the corner of his mouth, and said word by word: "I don't think you are qualified to let Girl Han be your wife!"

Chen Feng secretly said in his heart: "This is not even the basic superficial skills, right?"

He was too lazy to deal with Wu Shanfeng, and said coldly, "Master Wu, this is a matter between my wife and me, so you can worry about it."

Wu Shanfeng's expression on his face was even more gloomy when he heard him take a wife. He was unwilling to maintain even the most basic hypocrisy, and he turned into a brutal look.

He stared at Chen Feng, gritted his teeth, and threatened fiercely: "You bitch, you can marry a silly girl if you only have your **** strength and your worth?"

"Tell you, the first time I saw her today, I told myself that she was mine!"

"And you, don't deserve to interfere with her!"

Chen Feng's eyes were cold, his expression was icy, and he was about to start.

At this time, he blinked and saw Aunt Mei.

Aunt Mei shook her head to Chen Feng in this fashion as if nothing had happened, and Chen Feng took a deep breath, then let go of her clasped hand and didn't do any more.

Wu Shanfeng didn't know that he had already turned back in front of Guimen Pass. If Chen Feng had done something just now, all of them would definitely die.

Seeing Chen Feng's clenching his hand just now, and then letting it go, he was immediately even more proud. He felt that Chen Feng was cowardly and withdrew.

He laughed loudly and said, "Chen Feng, you are really a waste without eggs! Do you still want to kill?"

"Do it! Do you have the guts to do it?"

"As long as you do it, I have a reason to do it, and then I will kill you directly. This trash you are not my opponent at all!"

Chen Feng looked at him with cold light in his eyes.

The ignorant is not afraid, he has no idea how powerful Chen Feng is.

Suddenly, Wu Shanfeng's words changed, and he said with a sullen threat: "Little boy, I warn you, you stay away from Girl Han. If I see you two so close again, I will kill you directly!"

Talking, turned and left.

Chen Feng looked at his back, his eyes flashing with cold colors.

The team continued to move forward, and soon, at noon, they came to a dangerous valley.

The people in the team are all cautious, looking around with guard.

Chen Feng heard their constant voices of discussion: "It is said that there are famous white robe thieves near this mountain range!"

"Yes, the white robe thieves are very powerful. It is said that their leader strength has reached the three-star martial king!"

"So powerful? Doesn't it mean that he can kill us all alone?"

"Yes, even if the Patriarch is here, he won't be the opponent of Samsung Wuwang, let alone the Young Master!"

"We can only pray that the white robe thief will not come, there is no way, to do business is to take these risks..."

But at this time, hearing the voice of the following discussion, Wu Shanfeng frowned, his expression very unhappy.

He raised his voice and said, "What are you afraid of? What are you worried about? We have a very good relationship with the white robe thieves. We give confessions every year. Our family has a good relationship with their leader."

"The Wu family has been back and forth here for more than ten years. The white robe thief has never touched our caravan. Are you worried?"

Under his loud scolding, these people finally recovered their peace and settled down!

But at this moment, suddenly, on the cliffs on both sides, there was a burst of strange laughter.

Then, on the cliff, hundreds of figures appeared on TV. These hundreds of figures were burly men. They were all dressed in black clothes and their faces were masked with white robes.

"White robe thief!"

After seeing their dress clearly, someone in the caravan immediately shouted in surprise: "The white robe thief is here!"

I was really afraid of something. Many people were so scared that their faces were blue and trembling, and the original arrogance disappeared without a trace.

And Wu Shanfeng also had an extremely ugly face. He just said that the Wu family and the white robe thieves had a very good relationship and would not be robbed. As a result, the white robe thieves appeared immediately, which was equivalent to hitting him in the face severely.

Those white robe thieves on the cliff were watching the caravan below, and they all made a whistling sound.

"Haha, there is another big fat sheep here. Taking this caravan will be enough for us to eat!"

Wu Shanfeng yelled at the surroundings: "What is it? What is it?"

Then, he came out more and more, walking in the forefront, with a hint of respect on his face, smiling and saying: "Everyone in the white robe, our Wu family has a very good relationship with your white robe. I don't know which leader is in this?"

Some white robe thief said loudly: "Our three commanders are here!"

"What? The Three Commanders? It turned out to be the Three Commanders of White Robe Thieves?"

Someone showed despair on their faces: "It's over, this time we are over. It is said that their third boss is the most cruel and murderous."

"The caravan he encountered, let alone the looted goods, all women will be raped and looted, all men will be killed directly, when it's over, we will all die!"

[Chapter 2009: Did I let you do it?](#)

When they heard the three words "three masters", they were even more frightened.

The three masters are notorious and fierce.

Chen Feng and others looked at each other, and they all shook their heads slightly.

Then, the white robe thieves separated, and a short and thin man walked out of it.

This man was about fifty years old, his face was as dry as tree bark, and his face was dark. He looked no different from an ordinary person. He was not at all like the three-headed white robe thieves who were rumored to be murderous.

He looked at Wu Shanfeng, his voice was hoarse and dry, as if iron pieces were rubbing against him:
"What can you do with me?"

Wu Shanfeng was quite vigorous at first, but as soon as he saw him, he immediately withered.

He swallowed, with a respectful look on his face: "Three masters, I am from the Wu family! We, the Wu family, and you have always had a deep connection."

"My father, you have seen it!"

He tried his best to get close, but the third master rolled his eyes and said coldly: "Oh, it turns out to be from the Wu family, I have a little impression."

Hearing what he said, Wu Shanfeng's face immediately showed excitement, and he said with a smile:
"You can always remember, then can you let us go?"

He spoke very politely, and at this moment, the third master suddenly turned cold, staring at him and shouting: "Who is the **** person to have with you?"

"Today, since I was met by Lao Tzu, don't care who you are, keep the wealth, the life, and the woman!"

He just turned his face and didn't recognize anyone!

Wu Shanfeng's face changed drastically, revealing a look of disbelief, and then, this disbelief turned into extreme fear.

But those in the Wu family were full of expectation and hope at the beginning, when they heard the words of the third master, the hope instantly turned into despair.

"The third master does not recognize our Wu family?"

"It's over, this time it's all over, it will definitely be killed by these white robe thieves!"

Some people were full of resentment and yelled contemptuously: "The young master is a liar, and the Wu family is a liar. He said that he has nothing to do with the white robe thief, and in the end, they don't know him at all!"

"Liar, shameless and incompetent!"

Everyone cursed, and their gazes toward Wu Shanfeng were filled with hatred!

The third master sternly shouted: "Come on, do it, kill all these people!"

"Yes!" These white robe thieves jumped down one after another.

Their cultivation base is quite not weak, even if there are only more than 200 people, it is enough to kill the Wu family caravan with thousands of people.

Among them, there are two more, but one-star Wuwang cultivation base, walking towards Wu Shanfeng with a sneer.

There must be a look of despair on Wu Shanfeng's face, he knew he was afraid of dying.

These white robe thieves let out a sharp roar: "Kill!"

Having said that, they all used their own powerful moves to kill everyone in the caravan.

Everyone in the Wu family caravan was already desperate.

At this moment, suddenly, a cold voice said: "Did I let you do it?"

"What?" This sentence resounded in everyone's ears like a thunderbolt.

The voice was obviously not loud, but everyone heard clearly, and everyone immediately looked in the direction the voice came from.

Everyone in the Wu family caravan had a pleasant surprise on their faces, while the white robe thieves were very surprised and even more disdainful.

Then in the next moment, they saw a youth in a green robe standing there, with a long body like jade and a calm temperament.

He is the one who speaks.

The white robe thief and the others were surprised at first, then the expression solidified on the face, and the next moment it turned into a color of disbelief and deep disdain:

"Is this little **** talking?"

"Hahaha, this little boy is just looking for death, I think his cultivation level should not be at the Martial King Realm!"

"Yes, I can't see the Martial King Realm! A trash who can't even reach the Martial King Realm, dare to talk to me like this? It's just looking for death!"

One of the white robe thieves at the level of a one-star martial arts king was a big red-faced man.

"I can easily dispose of you, not to mention that we still have so many brothers here! You dare to talk to me like this, you will definitely die if you ask today!"

Chen Feng looked at them and said lightly: "Oh, is it? I don't think so."

At the same time, those Wu family caravans also saw clearly the appearance of the person who spoke.

Suddenly, the joy and hope on their faces turned into disappointments.

"It turned out to be Chen Feng speaking?"

"Is Chen Feng's crazy? Even with his strength, he dare to say such a thing? Really looking for death!"

"That's right, compared to the white robe thief, he is really a man to be a car, not worth mentioning!"

They ridiculed.

Some people even became even more irritated by this, and yelled: "What the **** are you pretending to be garlic? You are a trash, and you are qualified to say this!"

"Trash, I don't know how much garbage!"

Chen Feng stared at them with cold eyes.

The three masters said coldly: "Don't worry about this little bastard, it's the right thing to do it quickly."

"Yes!" Numerous white robe thieves suddenly responded, and then went to the Wu family in front of them!

A sharp light flashed in Chen Feng's eyes, and then, the next moment, those white robe thieves felt that they had powerful power, and used them viciously towards him.

They felt a flower in front of them, and then the next moment they felt a sharp pain in their chest.

In the next moment, the sharp pain disappeared.

They found that they seemed to be flying, getting farther and farther away from the ground, and the next moment, their vision was blurred and they no longer felt anymore!

At this time, it was another scene in the eyes of everyone. They only saw a flash of blue light, and then the blue-robed teenager punched.

The white robe thieves who killed everyone in the Wu family were instantly killed by his metal!

One person, one move, kill all!

One move, he only used one move, which was to blast all these dozens of people into pieces!

Then, the Qingpao boy was like lightning again, and with a sigh, he returned directly to the place.

He stood on the spot, his face was downplaying, he flicked his sleeves and flicked his fingers, as if he had done nothing just now!

Then, he raised his head, smiled and said, "Did I let you do it?"

When Chen Feng said this just now, it would only arouse crazy ridicule and disdain from the crowd. At this time, when Chen Feng said this sentence again, everyone did not dare to have any more disdain.

Everyone's eyes fell on him, and his face was extremely shocked!

"This young man is so powerful?"

[Chapter 2010: Are you worthy of being my enemy?](#)

"Yes, he just hit a punch, and even killed dozens of our masters!"

"It turns out that he had concealed his strength before, and he also has at least one Star Wuwang cultivation base!"

They only knew how strong Chen Feng was at this time, but what they didn't know was that Chen Feng's true strength was more powerful than what he showed!

And everyone in the Wu family caravan was also stunned.

"It turns out that Chen Feng is so powerful!"

"It turns out that we mocked Chen Feng so much before, but now we discover that it is ridiculous that we are! He is so strong! He is definitely not weaker than the young master!"

"It turns out that he didn't show his true strength before!"

Even the three masters looked at Chen Fengfeng with a bit more solemn expression.

He said slowly: "Fifth, you go and kill this little bastard, and the others are left. Make a quick resolution and get rid of the caravan."

"Yes!" everyone responded.

The red-faced man was the fifth, and he walked towards Chen Feng with a grim face: "Boy, do you think you are very strong? I will let you see what is truly strong today!"

"I will kill you with one move!"

With that, he rushed over and started to do it.

And he only felt a flower in front of him, and the next moment he found a fist getting bigger and bigger in front of him.

He let out a scream, there was a despair of death.

In the next moment, he knew nothing.

The old five was directly blasted into countless pieces by Chen Feng!

As for Chen Feng, looking at the white robe thieves with cold eyes, he suddenly kicked, and suddenly dozens of small stones flew out on the ground.

Puff puff puff, every pebble hit a white robe thief with incomparable precision.

These white robe thieves, just like being hit by the most powerful move, were directly beaten up with blood and fell to the ground, without any vitality!

Then, Chen Feng still shook his sleeves, looked at them, smiled and said, "Did I let you do it?"

The scene was silent.

The white robe thieves looked at Chen Fengfeng with extreme fear on their faces, and their figures trembled.

"He actually killed the Fifth Master with one punch? Can the Third Master do this?"

"Impossible, the third master can't do it!"

"Does this mean that this kid is stronger than the third master?"

"And you see, he understated, didn't use any force at all, his strength is very terrifying!"

Everyone in the Wu family caravan was ecstatic and cheered: "We are saved, we are saved!"

"Haha, it turns out that Chen Feng's strength is so strong, this time with him, we don't have to die!"

"His strength is far better than the young master, no, even more powerful than the Patriarch!"

But there are many people with worry and fear on their faces, and they are the ones who have ridiculed Chen Feng.

"It's over, we satirized Chen Feng so much before, this time, he will definitely not let us go, he will definitely get revenge!" They were worried!

Even Wu Shanfeng had a look of fear on his face. Looking at Chen Feng, his whole body trembled slightly, and only one voice echoed in his heart: "It turns out that he is so strong!"

"Damn me! How dare I hit his woman's idea? How dare I mock him like that?"

"It's over, I'm going to die! If he wants to do something, I will definitely die. I definitely cannot be his opponent."

He was full of fear!

The third master looked at Chen Feng, no more contempt, some were just solemn.

He looked at Chen Feng and said in a slow voice, "I don't know what your Excellency is, why do you want to be an enemy of my white robe thief?"

Chen Feng looked at him and shook his head slowly.

The third master said: "What do you mean?"

"What do you mean?" Chen Feng smiled and said, "You are worthy of being an enemy of me?"

When the third master heard this, his face swelled like pig liver.

He took himself seriously, and Chen Feng didn't take him seriously.

He let out a violent roar, and shouted ferociously: "I have solved this little boy, you have solved these people!"

With that said, he killed Chen Feng directly, and let out a fierce roar: "Little boy, die!"

Chen Feng shook his head: "Why do you like to die so much?"

As he said, he blasted out with a punch, directly smashing all the offensives of the third master, and then the next moment, it fell on his body.

With a bang, the third master's chest was shattered, and all his organs were shattered to pieces. With a scream, he fell to the ground heavily, directly and completely dead.

And the next moment, Chen Feng's figure turned into a cyan lightning, flashing into the white robe thieves.

Everyone only heard a loud bang, and then all the white robe thieves screamed and fell to the ground, losing their vitality.

With one move, Chen Feng killed all the white robe thieves.

Then, Chen Feng looked at them, still flicking his fingers and dusting his sleeves, as if flicking away a bug, and said lightly: "Did I let you do it?"

The scene was silent, and all the members of the Wu family caravan looked at Chen Fengfeng blankly.

Their faces have changed from the shock just now to the incomparable fear now, and they worshipped incomparably, as if they were seeing a god.

"Is such a powerful strength something humans can have?" I don't know how many caravans exclaimed at this time!

Then Chen Feng turned to look at them.

Seeing Chen Feng's gaze, those in the caravan who had humiliated him and spoken harshly to him were instantly cold.

Suddenly, Wu Shanfeng yelled with a crying voice, plopped, and fell directly on his knees, kowtow to Chen Feng, and shouted: "Chen Feng, I was wrong. I shouldn't have said those things to you before. "

"Sorry, Chen Feng, I was wrong, you can spare me!"

"Chen Feng, please, don't be familiar with me."

He squatted his head frantically, blood oozing out of his forehead, and those who had looked down on Chen Feng and spoke sarcastically all knelt to the ground one after another, kowtow to Chen Feng.

Their faces are full of respect, and their hearts are full of fear, afraid that Chen Feng will behead them.

Chen Feng walked to Wu Shanfeng and looked down at him. Wu Shanfeng trembled with fright, and he dared not lift his head.

Chen Feng looked at him with a faint smile and said, "Master Wu, why bother to give this gift?"

"I'm such a trash, isn't it ashamed of you to say this to me?"

"You are not rubbish, you are not rubbish, I am rubbish." Wu Shanfeng said hurriedly: "I was blinded before, I damn, I damn!"

Chen Feng smiled and looked at her, and said lightly: "Damn it, right? You know that too?"
