

Peerless 2051

[Chapter 2051: be cheated!](#)

"You are the descendants of the sand people. The sand people are the natives in this desert. Even if you fall into the sea of quicksand, you will never die!"

Chen Feng's remarks were more like comforting himself, but he can only do so now.

At this time, Han Yuer quietly walked out behind the desert giant Yang and came to Chen Feng.

He picked up the jade box and softly comforted: "Junior brother, don't worry, Uncle Dao will be safe and sound, he must be fine, and this jade ring is not broken, is it?"

Chen Feng nodded. At this time, his fighting spirit became vigorous again, and the whole person regained his spirit. He said loudly, "Yes, that's right!"

"Senior Sister, let's go! Leave this place of right and wrong."

Han Yu'er nodded, and the two smoothed out the traces here and left quickly!

And almost at the same time, thousands of miles away, the big man in the golden armor smashed his heart with a thud, and he was completely dead.

Ling Xue killed the jade box and laughed loudly: "This ancient Buddha robes belongs to me!"

While smiling, suddenly, he felt something wrong, because he was on the jade box and didn't perceive any breath.

A panic flashed in his eyes, he quickly opened the jade box, and then he was stunned.

In this jade box, how can there be any ancient Buddha robes? Only a piece of dead bark.

Ling Xue killed the whole person and was stupid, and then the next moment, he immediately realized that he had been tricked by Tang Wuming.

He yelled frantically: "Tang Wuming, I am going to kill you, so you dare to fool me?"

He and the bloodthirsty person immediately rushed back crazy.

When they hurried back, they only saw a skeleton on the ground and the chaotic battle traces.

"This is Tang Wuming's corpse." Ling Xuesha calmed down at this time. He said lightly: "He was killed."

"It seems that the praying mantis is catching the cicada, and the oriole is behind! Behind our two groups, there is a force that spied secretly, and while we were not there, we killed Tang Wuming and took away the ancient Buddha's robes."

He gritted his teeth, and his eyes showed a deep hatred: "Don't let me know who it is, or I will break your corpses into pieces! I will!"

He yelled frantically and angry, his face full of unwillingness, but it was useless.

Both Chen Feng and Chen Feng had already left here far away!

The two of Chen Feng left here for tens of thousands of miles. This time, the direction they were heading was no longer west.

Because the sea of shifting sand is on the west side of the desert, if you go further west, you will be outside the range of the desert. Chen Feng and Chen Feng turned to the north.

Large tracts of Gobi appeared to the north, as well as some mountains. These mountains are basically barren rock mountains, and no tree can be seen on it.

There are barren mountains everywhere, Gobi everywhere, and small pieces of desert in between.

Chen Feng and the two came to an unobtrusive mountain range that was not very high, but particularly steep, and then searched for a very deep cave and went all the way down.

I'm afraid that it has been dozens of miles deep into the ground. After reaching the end, he sighed softly.

It's already deep underground, but it's not as dry as the outside, and maybe because it goes too deep underground, there is even groundwater gushing out, forming a small spring in this cave.

At this point, Chen Feng sighed slightly. His body softened, as if paralyzed, he fell directly to the ground with a bang, and he could not help but let out a muffled grunt.

He felt that he was hurt everywhere at this time, his chest and lungs were hot, and there was endless pain everywhere.

However, the large wounds on the surface of the body broke open again, bleeding again, and the internal organs were also full of blood.

Chen Feng couldn't help but lay on the ground, coughing frantically. He coughed up a large block of congestion mixed with blood.

Han Yuer hurried up and stroked his back lightly with a worried expression on his face.

Chen Feng's injury was already extremely serious, almost like he was about to be beaten to death, and then he went crazy for tens of thousands of miles, which made his injury worse.

Chen Feng only felt a flower in front of him, so he couldn't see anything and fainted.

When Chen Feng woke up, he immediately smelled a scent, and his nose moved a few times before slowly opening his eyes.

At this time, in his senses, the aroma became stronger.

Chen Feng glanced sideways and saw that a bonfire was emerging next to the spring. At this moment, Han Yuer was sitting cross-legged behind the bonfire, looking at his hands very intently.

There is an iron stick in his hand, and a large monster beast is on it. At this moment, it is roasting and the aroma is coming from it.

He raised his eyes and saw Chen Feng awake, and immediately shouted: "Junior Brother, are you awake?"

Chen Feng smiled slightly, got up and sensed his physical state, and couldn't help shaking his head with a bitter smile.

His current physical condition is still very bad, only one percent of his strength is left, and there are injuries everywhere in his body, which is extremely difficult.

The chest and lungs were hot.

Chen Feng estimated that he could not recover without a month and a half.

At this time, the fire had been cured, and the skin of the monster beast had even been roasted to crack. Thick grease leaked from the cracks in the skin and dripped onto the fire, further increasing the fire.

With a flutter, the flame became larger, the meat was smoked and grilled, and the skin was dry and crunchy. This is the best time for the fire.

"Junior Brother, you've been in a coma for so long, you must be hungry? Hurry up and eat!" Han Yuer gently handed the monster meat to Chen Feng.

Chen Feng was not welcome, he feasted, and soon ate half of it, and then smiled and said, "Senior Sister, come on the rest."

Han Yu'er nodded, tearing the shredded pork gently beside her, sipping delicately, eating while looking at Chen Feng, her eyebrows curled up and she smiled very well.

Chen Feng sat cross-legged beside him.

He took out all the black and yellow stones from his golden dragon ring. Chen Feng's black and yellow stones are still 100,000 pieces left. Chen Feng took out all of them and piled them into a hill, and then put his hands on it.

The general outline of the Dragon-falling Arhat Scriptures is running. In his body, the two light-beads of the Dragon-falling Arhats rotate frantically, and huge suction is transmitted, and the powerful force directly destroys a large amount of Xuanhuangshi.

The incomparable strength of Xuanhuang instantly flooded this underground cave, and then it was sucked into the body by Chen Feng, entered into the Dragon Dropping Arhat Bright Orb, and transformed into the mighty strength of the Dragon Dropping Arhat.

After the power of the dragon descending Arhat appeared, Chen Feng discovered that he had not shrunk in the dragon descending Arhat light pearl, but after turning around the dragon descending Arhat light pearl, he rushed out.

[Chapter 2052: The Last Words of the Master Kong Wen](#)

They seemed to know Chen Feng's body well, coming out of the Dantian directly and entering Chen Feng's body.

And the destination they went to was exactly the injured place in Chen Feng's body.

To them, the injured location inside Chen Feng's body was as conspicuous as a beacon in the dark, and he came there in a blink of an eye.

This force, Zhongzheng, peaceful, and very strong, directly bombarded where Chen Feng was injured.

Their methods of healing were not gentle at all, but rather crude and simple. They directly smashed the injured part of Chen Feng to pieces, exposing the tender and clean flesh there.

Then, with a bang, a hole was made in Chen Feng's body, and all the rotted flesh, injured body, congestion, and debris that did not need to exist in the body were shot out with a bang.

Han Yuer was looking at Chen Feng there, and saw a wound on Chen Feng's body suddenly opened, and then a large amount of congestion and other waste was squeezed out alive.

She couldn't help but let out an exclaim.

Chen Feng smiled and said, "Sister, don't worry, this is a good thing."

After expelling these wastes, the power of the dragon descending arhat quickly penetrated into Chen Feng's flesh and blood, so Chen Feng's flesh and blood began to grow, and the wound quickly healed, and the originally injured area in his body was quickly healed. Become clean and pure.

The Bright Pearl is full of very vigorous and lively aura, full of strong vitality.

Chen Feng estimated that it won't take long, maybe only a day or two, and it should grow well there.

Chen Feng couldn't help showing a hint of surprise on his face, and whispered to himself: "If there is no injury in my body, but the strength is insufficient, but the strength is too high, the power of the dragon descending Arhat will be hidden in the dragon descending Arhat Bright Orb."

"And this time, I was injured very badly, and the power of the dragon descending Arhat appeared on the initiative to repair the injuries in my body and help me heal my injuries."

"It turns out that the power of the dragon descending Arhat has such a magical effect, and the therapeutic effect is particularly good!"

Chen Feng was extremely surprised, because the higher his realm, the more difficult it would be to treat after being injured.

Some top powerhouses fought with people, suffered an injury, and even failed to heal the injury for 30 to 50 years.

Therefore, generally speaking, the top powerhouses seldom make rash moves, and they rarely fight hard after encountering someone with similar strength.

Because the cost of injury is too great, no one can afford it.

Including Chen Feng, when he is in Chen Feng's current state, it will be difficult for him to heal after his injury. Before Chen Feng was injured for one month or two months, he was hardened bit by bit.

But now, he has discovered that the power of the dragon descending Arhat can heal injuries, and this kind of calm, majestic and majestic power, the healing effect is exceptionally good, how can he not let Chen Feng be overjoyed?

Then, the mysterious yellow stone continued to shatter, and the power of the mysterious yellow was continuously absorbed by Chen Feng and transformed into the power of the dragon descending Arhat. The more powerful his dragon descending Arhat power, the better the healing effect.

Soon, the injuries in his body were directly expelled from the body, and then quickly compensated by the power of the dragon descending Arhat. As for the injuries in the internal organs, this must be slowly warmed up, which is not urgent.

Time passed, and soon, three days passed, and the 100,000 black yellow stones in front of Chen Feng changed from that mountain to a small pile, with only a few thousand pieces left.

With a bang, the remaining thousands of Profound Yellow Stones were all shattered, all absorbed by Chen Feng.

Then, Chen Feng stood up suddenly, opened his mouth and exhaled a **** stale gas, his arms shook, and there was a burst of bones all over his body, feeling that he was extremely comfortable.

Chen Feng's injury has recovered 80%, and his strength is basically completely restored!

Then, Chen Feng took a deep breath, held back the excitement, and slowly unfolded the ancient Buddha robes.

Desperately working hard, even the whereabouts of Uncle Dao is unknown, finally obtained this ancient Buddha robes, and obtained the key to the last clue to the inheritance of the dragon descending Arhat.

After the ancient Buddha robes were unfolded, Chen Feng felt dazzled instantly.

Numerous golden and red rays of light shone out from the robes, forming a pattern in the air. This pattern is a magnificent and beautiful temple.

The temple was built on a deserted Gobi mountain, and it was very desolate all around, but the temple was full of life, countless green auras directed at the temple, quietly rising and spreading into a radius of thousands of miles.

As a result, the huge area within a thousand miles has formed an oasis.

Above the oasis, there are prosperous vegetation and vast population, and people live and work in peace and contentment.

Chen Feng looked at the temple again and found that the entire temple spread from the foot of the mountain to the bottom of the mountain, quietly forming a huge sky dragon pattern.

Chen Feng immediately understood that this temple must be Datianlong Temple.

Then, a picture of an old monk quietly emerged in this fantasy. The old monk has a kind face and white hair and beard.

His eyes seemed to be able to penetrate thousands of years of time, seeing Chen Feng, his body was draped in that ancient Buddha robes, and the golden and red lights and shadows intertwined him to make him unreal.

He looked at Chen Feng and said, "I am the Datianlong Temple, Kong Wen."

Chen Feng's heart shook, and she couldn't help but shudder: "It really is Master Kongwen."

Master Kongwen went on to say: "I was a shepherd boy in the mountains. When I was ten years old, I went into the mountains to herd sheep, but unexpectedly, by chance, I entered a secret realm. In those two secret realms, I saw the power of Buddha. Also got the inheritance of Buddha."

"I meditated for three years before the Buddha's bones. After three years, I fully realized and vowed to bring all sentient beings and let the people all over the world live and work in peace."

"So, after I came out, I created the Datianlong Temple line. In my whole life, I lived more than 1,300 years old. I was always thinking about how to make this world less war and more peaceful."

"However, when manpower is exhausted, I still have to die."

"Here, I make a last word!"

His face suddenly became serious, and he said in a deep voice, "The Buddha-Long inheritance was not handed over to me. I also know that it is not the person with this great opportunity. I don't have the talent yet, nor is it the fate of that day. The chosen one."

"The reason why Folong gave me part of its inheritance is to allow me to spread his power and spread the news farther, so that people who are bound by the fate of the day can get more clues. To find his true heritage, to find the Buddha dragon bones."

[Chapter 2053: track](#)

"All the secrets are in the ancient Buddha's robes. For those who are destined for later generations, you must cherish it."

"If you can really get the inheritance of the Buddha and dragon and achieve supreme power, then the old monk is here to beg you, you must be more considerate of the world!"

With a bang, all the illusions in the air disappeared, and on the huge ancient Buddha robes, there was a pattern similar to a compass.

In the compass, the pointer trembled for a while, and then finally pointed to the southwest.

Until then, Chen Feng spit out the breath he had been holding back: "Master Kongwen is really a sage, a wise man, and a person worthy of respect!"

He whispered to himself: "Master Kongwen, don't worry, if I have the inheritance of this Buddha, then I will definitely not only remember my own selfishness!"

Then, he turned his gaze to the ancient Buddha's robes and said softly, "On the robes, what should be displayed at this time is the direction of the place where the Buddha's dragon bones are located. We only need to follow the direction pointed by the pointer."

Without further ado, Chen Feng and Han Yuer immediately packed up, and then left the cave.

They searched for a long time nearby, and finally found a small town, bought two camels in it, dressed as two desert warriors who were not very powerful but had a bit of strength, and went all the way to the southwest.

This time, Chen Feng decided not to worry anymore.

He even disregarded the rules of returning to the inner courtyard for testing within three months. What if he gets the Buddha's bones this time and delays entering the inner courtyard?

At the same time, about tens of thousands of miles away from the place where Chen Feng and Chen Feng were located, there was a large-scale desert third-level city.

The population is about tens of millions, and the city is hundreds of miles around. Within 100,000 miles around, it is the largest city.

This city is located on a huge oasis, and it can exist because of the existence of the oasis.

There is a big lake in the center of the oasis. The big lake is connected to hundreds of rivers. The city is also very distinctive. Almost all the buildings are connected to the river.

The closer you are to the center of the city and the closer you are to the lake, the larger the scale of the building and the more noble status.

In the northeast corner of the Great Lakes, there is a mansion, which is also the home of a well-known merchant in the city, with rich family resources and high status.

It is said that the husband also has the strength of the Eight-Star Martial King who is invited by the house of the big merchant to worship, and he can be regarded as the number one person in the city, but if other people in the city come to this house of the big merchant at this time, he will definitely be scared. I have to be speechless.

It turned out that at this time, in this big merchant's house, from the master to the servant, everyone's complexion was pitch black, and the surface of the body was also black, like a corpse that had been dead for many days.

Their bodies are stiff and weak, their eyes are dull, they can speak and act, they can walk, but they can't even make expressions.

With one mouth, they made a hissing sound. From time to time, tiny, tiny snakes appeared in their nostrils and eyes, and then disappeared. The nausea reached the extreme, and the horror reached the extreme.

At this time, in the central hall of this mansion, dozens of people were sitting there, looking relaxed, talking and laughing.

The head of the man has white beard and hair, and his face is sinister.

If there is a high-level person from the Tianyuan Imperial City here, he will definitely be able to recognize him, this old man is the ancestor of the Xu family.

The other people talking and laughing in the hall are the many masters of the Xu family. At this time, almost every one of them is holding several women in their arms. Each of these women is beautiful, they are obviously not. Not controlled by those thread-like little snakes, but still awake.

Only at this time, his face was full of humiliation and fear, but he did not dare to have any rejection or resistance.

In this hall, there were still a few corpses lost, all of them women in disheveled clothes. They were immediately given by these demon-like foreigners because they resisted a little bit in language or showed a trace of unwillingness on their faces. Killed!

These women occasionally made eye contact, and after touching them, they all bowed their heads full of humiliation.

One of the oldest women had the most beautiful appearance and a hint of coquettishness. The big man beside her hugged her in his arms and held her big hand on her face.

She hurriedly forced a smile, for fear of upsetting her current master.

She sighed slightly, closed her eyes, and a voice echoed in her heart: "When are you heads these days?"

Just three days ago, these demons-like people suddenly came to this mansion. In just a moment, they released countless small snakes like thread.

In an instant, these thread-like little snakes invaded everyone's body, and then they directly turned into walking corpses.

And these more beautiful women were taken into captivity as slaves, and they were subjected to all kinds of torture by these people's wanton humiliation in these few days, but they did not dare to resist at all.

At this time, the ancestor of the Xu family suddenly knocked on the crutches in his hand. Suddenly, the hall became quiet, and everyone looked at him.

Then, the ancestor of the Xu family looked at a man in aquamarine clothes next to him, and said impatiently: "Lao Qi, what is going on with your golden thread-piercing snake? Have you found a specific location?"

At this time, the man in his 30s, who he called the seventh old man, was looking at a golden basin in his hand, and in the golden basin, a little snake was walking at an extremely fast speed.

This little snake is only half a foot long and short, like a big earthworm. It is golden and has white coils on it. It looks very noble and full of awe-inspiring righteousness. The evil and cold breath is out of place.

At this moment, the little snake was constantly turning, and the man in the green clothes was swearing at the ancestor of the Xu family as if he hadn't heard it, and ignored it.

He was also the only one in the entire hall who dared to do this, but the ancestor of the Xu family didn't mean to blame him at all. What he said just now was more like urging rather than scolding.

At this time, he waited patiently.

Because this man in green shirt possesses an ability that no one in the entire hall does not have, that is tracking.

This time you want to achieve your goal, but you have to rely on him a lot.

In the end, the little golden snake seemed to be out of interest. Suddenly he shot his body, and then stretched straight like a sharp sword, pointing to the southwest.

At the same time, there are three white apertures above the body, emitting a particularly shining light, and a squeaking sound in the mouth, and the look seems rather anxious, worrying about what is the same.

[Chapter 2054: Actually here?](#)

The green man, Old Qi laughed, clapped his hands and said, "It's done, ancestor, I found it. Now it's about 30,000 miles away to the southwest."

The ancestor of the Xu family laughed loudly: "Well, if you find that kid, I will give you a big credit."

Someone from the Xu family nearby said in amazement: "Lao Qi, you, the golden thread piercing the heart snake, are too clever. Not only can you point out the direction, but you can even detect the distance?"

Old Qi said triumphantly: "That is, if I don't have a few brushes, I wouldn't dare to take this job!"

Someone next to him asked in surprise, "Old Qi, I'm even more curious about where you dropped the poison of the golden thread-piercing snake? Isn't it the kid's body?"

"That kid is so strong that he didn't notice it?"

Old Qi curled his lips in disdain, and said, "I'm so **** stupid. If you get into that kid's body, I'm afraid he will find out in a moment."

"Then where did you go?" someone asked in surprise.

Someone suddenly slapped his face and said with a smile: "I see, you must have fallen on the chick who was with him."

"Yes!" When someone next to me heard it, he suddenly realized, "That little girl is far from the strength. It will be difficult to notice if you get down on her."

The old seven laughed: "That's what I said, but the girl's strength is actually not weak, and the gold thread piercing snake effect is excellent, but it is extremely fragile, even if it is the strength of the girl, it can easily Discovered and killed him, wouldn't my painstaking efforts for many years be ruined? How could I take that line?"

"Then where are you down?" Everyone urged impatiently: "Don't be too close! Say it quickly!"

Old Qi smiled slightly, pointed to the top of her head, and said: "That little girl is a woman after all, and there are always some scattered ornaments on the woman's body. I lowered the golden thread piercing snake larva into her hairpin. "

"Her hairpin is made of high-quality sapphire, and it fits the warm-nourished golden thread piercing snake, which is a huge species of bright pearl."

Everyone was stunned when they heard it, and then they applauded and said with a smile: "Old Qi, you really are there."

Old Qi said triumphantly: "It's very difficult to detect the hairpin, and even if it's the golden thread piercing the snake's breath, it's because the nature of this snake is bright and magnificent, and what the kid cultivates is bright. The mammoth technique, that little girl must have thought it was the breath leaking out of that kid, she wouldn't have thought of him."

"Hahahaha!" He smiled triumphantly, and everyone praised him.

"Okay." Xu family ancestor said impatiently: "Since you have all his traces, then don't talk nonsense, go now and kill him!"

He gritted his teeth and said: "He dared to ruin our Xu family's future hope. I must crush his body to pieces, so that he will die after all the pain!"

"I want to humiliate his woman wantonly in front of him and make him humiliate to the extreme!"

"Yes!" Everyone in the Xu family got up one after another, saying yes.

The ancestor of the Xu family strode out and said coldly: "You know what to do."

The faces of the Xu family were bloodthirsty. After a while, when they left the mansion, there was no one living in the mansion, and everyone was beheaded.

And as they left, countless thread-like snakes crawled out of the people who were controlled before. After being exposed to the sun for a while, they all died immediately, turning into black smoke, disappearing without a shadow. Without a trace.

Chen Feng and the two went all the way to the southwest. Soon, they walked for more than 20 days.

At this time, the compass above the robes still points to the southwest.

Chen Feng and the two still went southwest.

On the twenty-first day, when the sun rose, illuminating the earth, Chen Feng and the two climbed over a sandy mountain about several hundred meters high. They saw the scenery in front of them, and their eyes suddenly became bright.

A wry smile appeared at the corner of Chen Feng's mouth, and he whispered to himself: "No? Could it be that the target is here?"

It turned out that an ocean appeared in front of Chen Feng at this time.

It's just that there is no sea in this ocean, some are just sand, boundless sand undulates in it, and some even set off huge waves, which are huge waves made of sand. A single wave hits hundreds of meters high. , In an instant, a new sand hill appeared in the ocean.

But in just a few moments, the sand mountain has calmed down again and turned into an ordinary plane!

The sea of quicksand!

Chen Feng and several people, since the battle beside the sea of quicksand some time ago, have actually returned to the sea of quicksand again!

Chen Feng had always had an unpleasant premonition along the way, that he was afraid that the target he was pointing to was in the sea of quicksand, and at this time his ominous premonition turned out to be a fact.

Chen Feng took out the ancient Buddha's robes. He hoped that the pointer on the ancient Buddha's robes would point to other directions and take him away from the sea of quicksand, but to his disappointment, the pointer on the ancient Buddha's robes pointed to the sea of quicksand accurately.

Chen Feng smiled bitterly: "Unexpectedly, the Buddha dragon bones, the inheritance of the Venerable Dragon Arhat, are indeed hidden in this sea of quicksand!"

"But it's right to think about it," Chen Feng said to Han Yu'er: "This sea of quicksand is extremely dangerous. It can even be said to be extremely dangerous. If you enter it, one out of a hundred can come back."

"Furthermore, it is said that in this sea of quicksand, there are still many Eight-Star Martial Kings who have fallen, and there are even a few top powerhouses like Nine Star Martial King."

"It can be called a big mouth of blood, and only in this way can the secret of that dragon bone be hidden. Otherwise, I am afraid that this secret would have been taken away long ago!"

The bitter smile and hesitation on Chen Feng's face soon disappeared without a trace, replaced by determination and indomitable progress.

He said with pride: "What about the sea of quicksand? No matter how dangerous the place is, I won't be afraid!"

Once it is determined that the facts cannot be changed, Chen Feng will not have any complaints, he will only find a way to solve it.

Chen Feng looked at Han Yu'er. Before he could speak, Han Yu'er smiled and said, "Junior brother, you are not allowed to say it!"

Chen Feng shook his head and smiled bitterly: "Senior Sister, you really know me too well."

He laughed loudly: "Okay, let's live and die together, and go to dangerous places together!"

The two walked slowly towards the sea of quicksand, but the two of them had no idea how to enter the sea of quicksand.

Chen Feng and the two came next to the sea of quicksand, which was like a real ocean, and the waves made of sand would pounce on the shore from time to time, hitting them.

[Chapter 2055: The dangerous sea of quicksand](#)

The sand seemed to have no damage at this time, but Chen Feng knew that the sea of quicksand was actually extremely dangerous.

He said: "Sister, please wait over there for a while. I will go down and check to see how we should go."

Then, Chen Feng cautiously came to the sea of quicksand.

As soon as he stepped into the sand, he suddenly felt a strong suction hitting him.

Chen Feng's heart tightened, and his whole body burst into force, resisting the suction, trying to jump out of it.

With Chen Feng's current strength, even if the suction is as strong as a mountain, Chen Feng can pull it out directly.

However, at this time, Chen Feng madly pulled out his body and found that it had no effect at all.

At this moment, he felt as if he had touched the pulse of this earth, and the whole earth, the sea of quicksand with a radius of millions of miles, was pulsating.

At this moment, the sea of quicksand with a radius of millions of miles, together against him.

That powerful suction power is the suction power of the entire sea of quicksand. In the face of such a huge power, Chen Feng is as small as a grain of sand.

In an instant, Chen Feng was directly sucked in, and his whole body was already captivating.

He felt that as soon as he entered it, his five senses, his six senses, and all his perceptions were all shut down, leaving nothing but darkness in front of him.

Numerous quicksands drilled into his seven orifices, as if they were living creatures.

At this moment, Chen Feng even felt the danger of death.

He shouted: "How can I die here?"

As he said, in his body, the power of the dragon and Arhat surged wildly.

With a bang, the power of the dragon descending arhat pierced the sea of quicksand with difficulty, and Chen Feng finally saw the blue sky, and leaped directly out of it and landed on the shore.

He had lingering fears, the kind of despair that seemed to be suffocated to death just now, and there was no vitality at all, so he still has a deep memory!

The sea of quicksand is simply terrifying!

With Chen Feng's strength, there was no way to fight back.

Han Yu'er looked at the side, also with a frightened face, and asked, "Junior, are you okay?"

Chen Feng slowly shook his head: "It's okay, this sea of quicksand is too dangerous and extremely difficult."

Han Yu'er suddenly clapped her hands and said, "You can't walk on the ground, it may not be impossible in the sky."

"If we catch a flying monster, won't we be able to get through this sea of quicksand?"

Chen Feng knew very well in his heart that it shouldn't be so easy. Otherwise, how could the sea of quicksand be called a desperate situation? If a flying monster can easily fly, then I am afraid it would have been easily conquered long ago.

However, this is also a direction to try.

Chen Feng nodded, and the two of them searched out for more than a hundred miles before they caught a desert monster that looked like a huge bat.

This desert monster is a one-star monster king, about 100 meters long, with wide wings spread out, it can reach a full 300 meters, very spacious, let alone two people, even two hundred people. It's good enough.

He was very fierce at first, and Chen Feng jumped on his back and beat him so hard that he immediately beat him honestly and subdued.

Then, Chen Feng and the two drove the monster to the desert sea and sky.

However, just as the monster beast flew into the sea of quicksand for more than 100 meters, suddenly, in the sea of quicksand, there was a muffled noise like an earthquake.

The next moment, a strong force burst directly from it.

Then the next moment, with a bang, this flying monster was directly blown into countless fragments and instantly turned into a cloud of blood.

Chen Feng's heart shuddered, but he didn't feel any panic. He stretched out his hand and hugged Han Yu'er in his arms, then stepped on the bones, and the whole person flew back and returned to the shore.

At the same time, a huge suction enveloped him where Chen Feng was just now. If Chen Feng retreated a little later, he would be directly sucked in!

Next, Chen Feng and the two experimented with several methods.

Leap directly from above, no!

If a person appeared in the sky, the huge suction power would appear directly, and the two of them were almost sucked into the sea of quicksand.

Several methods failed, and Chen Feng was at a loss.

And just during Chen Feng's fourth experiment, suddenly, Chen Feng felt that at the moment he touched the quicksand, a trace of power would quietly flash in his body, suddenly turning from silence to extremely spiritual.

It seems to echo the power in the sea of quicksand.

Chen Feng was stunned for a moment: "What kind of power is this? It can actually echo the power in the sea of quicksand?"

He was overjoyed, and immediately began to trace the source, and then he deliberately touched the desert sea several times.

Soon, Chen Feng discovered that that power actually came from his own blood.

Chen Feng clapped his hands: "I see, this is from the power in my bloodline! I have the giant bloodline, and this giant bloodline has been upgraded to the hill giant bloodline, this hill giant bloodline is of the earth attribute, naturally it will have a certain relationship with this desert sea, as expected!"

A thought suddenly flashed in Chen Feng's heart like a spark of lightning: "If the power of my blood is useful, isn't it..."

Chen Feng immediately realized: "The turning point is here!"

Then, this time, he pushed the power of blood to the soles of his feet on the shore, letting the power of blood spread all over the soles of his feet, and then quietly set foot on the sea of quicksand.

When Chen Feng stepped into the sea of quicksand, he immediately discovered that the power of his bloodline immediately penetrated into the sea of quicksand beneath his feet, and then actually circulated in the quicksand.

Then, Chen Feng discovered that he could manipulate the power of this bloodline to turn the quicksand into the way he wanted, and he seemed to be able to manipulate the quicksand because of this.

Chen Feng immediately felt happy, and the power of the bloodline was released, forming a rock-like piece of quicksand beneath his feet.

As a result, Chen Feng's figure sank down, but he did not fall.

When his ankle sank into the quicksand, he almost stabilized, and Chen Feng immediately took a step forward, still the same.

Chen Feng walked hundreds of steps forward, without sinking. He immediately realized that it was possible to do so.

Chen Feng laughed loudly: "No problem!"

With joy on his face, he returned to the shore, carried Han Yu'er on his back, and stepped into the sea of quicksand.

Chen Feng's bloodline power was constantly activated and strode forward.

The place he passed under his feet looked like quicksand, but the inside had actually formed a firm plate of quicksand, enough to accommodate him staying on it for an instant.

[Chapter 2056: Finally found!](#)

And when that moment later, the quicksand plate shattered and turned into quicksand again, Chen Feng had already taken the next step, and a quicksand plate had been recondensed!

In this way, Chen Feng walked forward for dozens of miles, and suddenly, at this moment, a wave of sand surged forward.

Chen Feng's footing was not stable. In an instant, the condensed plates under his feet collapsed, his thighs sank down, and the quicksand fell directly to his waist.

Chen Feng didn't feel the slightest panic in his heart. He just screamed, and then his waist squatted. A large amount of blood flowed out of his body, instantly forming a huge rock with a diameter of more than three feet around him. The legs were directly condensed inside.

Then, Chen Feng roared one after another, the blood in his body surged wildly, and the rock continued to grow larger, resisting the sand waves.

Finally, after not knowing how long Sha Lang dissipated, Chen Feng broke out in a cold sweat, feeling extremely tired, even more tired than fighting a powerful enemy.

And this is just an ordinary sand wave in the sea of quicksand, Chen Feng turned around and asked Han Yuer: "Sister, are you afraid?"

Han Yu'er rubbed his small face against his neck, and said softly, "With you here, I'm not afraid of anything!"

In this way, the two men walked forward dangerously all the way.

And soon, Chen Feng had another worry. Although he had absorbed a lot of giant blood, the blood of the giants in his body was very strong, and the power of the blood was also very strong.

But after walking out of more than a hundred miles, I still felt a little tired.

Chen Feng was a little worried: "What if my blood is exhausted?"

At this moment, Chen Feng suddenly felt that the soles of his feet were on the ground. He stepped on a hundred miles in this sea of sand, and his feet were always empty. Now that he stepped on the ground, Chen Feng was a little uncomfortable.

He couldn't believe it and let out a low cry: "What's the matter? I stepped on the ground?"

Then, Chen Feng stepped on with both feet hard, and walked a few steps forward, feeling that the ground was on the ground.

Chen Feng suddenly realized, and said with a smile: "It turns out that this is what Uncle Dao mentioned, the island in the sea of quicksand.

"It's normal to think about it. There are islands in the ocean, and the sea of quicksand is also an ocean. It's normal to have islands!"

Chen Feng probed carefully. The island was very small, with a radius of only seven or eight meters. It was an island, rather than a huge rock, covered under a sea of quicksand, with a layer of quicksand constantly flowing on the surface.

If Chen Feng didn't step on it, he wouldn't be able to find that the island was small, but it was big enough for Chen Feng.

Chen Feng rested here for almost three hours, restored the power of the bloodline, and then walked forward again.

This time, Chen Feng grew more mindful. He looked around and saw that the sand was flowing slowly or there was an obvious abnormality, and he knew that most of the islands existed there.

After discovering this secret, Chen Feng was also relieved a lot in this sea of sand, but this way of going forward was destined to be fast, and Chen Feng could only travel more than a thousand miles a day at most.

This journey took twenty days, and Chen Feng had already reached the center of the sand sea.

At a glance, you can see nothing, only the boundless ocean of quicksand!

At the same time, what Chen Feng didn't know was that not far behind him, thousands of miles away, people from the Xu family also appeared on the sea of quicksand and were tracking them.

Compared with Chen Feng, these people are quite leisurely. They seem to be sitting on a sea of quicksand, but in fact, if you look closely, you will find that there are countless khaki like little snakes under them. General bugs.

These worms were wriggling frantically, connecting their heads to tails, sticking together.

The insects are about two feet long every day, and they don't even have eyes. They are just a chopstick-like body with a mouth on it. This is a unique thing in this desert, called bamboo sand insects.

This kind of sandworm is a little bit similar to snakes, and what the Xu family is best at is driving all kinds of snakes. The ancestors of the Xu family have very rich experience. He had been to the sea of quicksand and almost lost his life here, but also learned Some secrets of the sea of quicksand.

Therefore, as soon as he came to the sea of quicksand, he immediately asked the Xu family to summon countless bamboo sandworms in a unique way.

These bamboo sand worms formed a bamboo raft, and everyone from the Xu family sat on it, very fast, and gradually approached Chen Feng.

Suddenly, the ancestor of the Xu family stood up and shouted in a cold voice: "I have sensed the breath of that little brat. It's a thousand miles around here. We will definitely be able to kill him."

At this time, Chen Feng saw that a huge black shadow appeared in front of him.

It was in the early hours of the morning, and he could only see a dark shadow that could not clearly see the others, and after about half an hour, the sun appeared on the horizon and Chen Feng could see clearly.

It turns out that this huge black shadow is actually a mountain. This mountain stands in the sea of quicksand. I don't know how high it is. I'm afraid it is hundreds of thousands of meters high. It stands proudly, with cliffs everywhere. steep.

At this moment, the pointer on the ancient Buddha's robes in Chen Feng's hand turned frantically, and finally the light shone brightly and pointed to a spot on the island.

Chen Feng immediately shouted in surprise: "Senior Sister, we are here, the bones of the Buddha, the inheritance of the Venerable Arhat the Dragon, are here, on this mountain!"

Han Yuer almost cried with joy.

During this period, the two of them lived too hard, worrying about being swallowed by this sea of quicksand anytime and anywhere.

Soon, the two came to the island and set off toward the depths of the island.

After they left for only half a day, everyone from the Xu family followed.

The ancestors of the Xu family walked back and forth at the place where Chen Feng and two of them walked, and a cold smile appeared at the corner of his mouth: "Little boy, you can't run away!"

Chen Feng and the two walked all the way towards the mountains, and soon he found a trace of unusual aura from other places. It seemed that the place was full of strong Buddha nature and strong Buddhist power.

This is obviously a barren land in the sea of quicksand, a deserted island and a barren hill, but Chen Feng found that after walking through the periphery of the deserted island, he felt that the front was bright, like entering a large garden, everywhere. Flowery brocade.

The beauty is extreme!

In the shadow of the blossoming green trees, on the cliffs, near the cliffs, there are many large and small Buddha statues carved.

Although these Buddha statues have experienced wind and rain for many years, they still have vigorous vitality.

Chen Feng suddenly stepped from a place of death to a place of vitality, which made him even a little uncomfortable, but then he felt great.

[Chapter 2057: Sneak attack](#)

Chen Feng and the two continued to walk inside, and soon they found a section of the mountain road, but the mountain road had been damaged in a disastrous manner, leaving only a small half.

The other half fell off the cliff, as if someone had cut it off and destroyed it!

Chen Feng and the two followed the incomplete mountain road all the way up, and soon, they also felt that it was located on a high mountain, the high mountain they had just seen in the sea of quicksand.

The height of this mountain is at least five to six hundred thousand meters, and it is a huge mountain.

Chen Feng and the two came all the way to the top of the mountain, and when they reached the top, Chen Feng couldn't help being shocked.

On the top of the mountain is a huge platform with a radius of hundreds of miles. It can be seen that there used to be a huge and solemn temple here, but it was only once, and now there is only a ruin.

Within a few hundred li, there were ruined walls everywhere.

These ruined walls still have some scorched traces, which were obviously burned, but they were nothing more than ruins.

An inexplicable throbbing in Chen Feng's heart: "I know, this must be the ruins of Datianlong Temple!"

An incomparable shock surged in his heart: "Such a powerful Great Tianlong Temple was destroyed? Who destroyed it? It was destroyed so thoroughly that no one can see it! The temple is also in ruins!"

Seeing this scene, Chen Feng felt an inexplicable anger.

At this time, everyone in the Xu family had already reached the foot of the mountain. The ancestor of the Xu family glanced at them, and then slowly said: "Boss, third, sixth, seventh, you four will come with me, and the rest All the people who go down stay here."

"Yes!" Everyone in the Xu family nodded.

Each of the four people, the second, the third, the sixth, and the seventh, was in the early or middle stage of the Eight-Star Martial King. The ancestors of the Xu family took them with them because they felt that they could help, and even if the others were up It's just a cumbersome, but it is easier for Chen Feng to find them.

The ancestor of the Xu family and the five people quickly climbed up towards the remains of the Datianlong Temple.

When they reached the top of the mountain and came to the front of the remains of the Great Tianlong Temple, they couldn't help but let out a low cry.

The ancestor of the Xu family's eyes lightened and his hands trembled. He whispered: "This must be the site of the Datianlong Temple. It turns out that the legend is true! The Datianlong Temple was really destroyed!"

"What a powerful force that can destroy the Great Tianlong Temple? Moreover, since this force can destroy the Great Tianlong Temple, then they must dismiss the secret treasure of the Great Tianlong Temple. After all, they are so powerful."

"However, if we get those secret treasures, it will greatly improve the strength of my Xu family."

Hearing this, the other members of the Xu family also showed greed on their faces.

The ancestor of the Xu family whispered: "Don't think about other things first, kill that kid first, we have time to find here."

"Hahaha, I didn't expect that following the kid all the way to the Datianlong Temple, it seems that our Xu family was promoted to a super-grade family, and even the opportunity for the Yuan Dynasty to go further in this day is right in front of us!"

"If it were to be inherited from the Datianlong Temple, our Xu family would not be much worse than the royal family!"

Everyone in the Xu family listened with enthusiasm!

At this time, Chen Feng and the two were searching in the temple bit by bit, wanting to find some clues, because when they got here, the pointer on the ancient Buddha's robes had stopped moving, obviously this was the destination.

Chen Feng needs to find out how to do it.

He is also very patient, he has already reached the ground, why is he in a hurry? Bit by bit, search inch by inch!

Just when the two of them had just turned a tall wall, suddenly, the warning signs in Chen Feng's heart suddenly exploded.

He felt that several sharp edges, with a murderous aura of extremely resentment, attacked him fiercely.

At this moment, Chen Feng's heart throbbed, and his reaction at this moment was not to dodge, but to hug Han Yu'er directly in his arms, and use his back to hold back a few attacks.

Boom boom boom boom, a burst of noise kept coming, Chen Feng was directly hit one after another, blood was splashed, he was blown out dozens of meters, hit a wall heavily, directly knocking the wall down.

With a muffled hum, blood overflowed from the corner of his mouth.

And Han Yu'er in his arms is safe and sound!

Han Yuer immediately exclaimed: "Junior Brother, are you okay?"

Chen Feng slowly shook his head: "Don't worry, it's okay, just some minor injuries."

He slowly stood up and blocked Han Yu'er behind him. Han Yu'er was also very well-behaved, motionless behind him.

Chen Feng looked at the opposite side. There were five people standing opposite, an old man and four middle-aged people. They all had some similarities in appearance. They were obviously from the same family. They had a very cold aura. Feels like a poisonous snake.

Chen Feng stared at them and said coldly, "Who are you?"

Chen Feng didn't know them at all.

"Who are we? You don't even know who we are?" The old man on the opposite side smiled directly, gritted his teeth, and said word by word: "You killed our Xu family, you ruined our Xu. Hope for the future of the family, you don't even know who we are?"

The ancestors of the Xu family and others all felt greatly insulted.

And Chen Feng blinked and thought for a while before it suddenly dawned: "Oh, you are from the Xu family!"

The ancestor of the Xu family sneered and said, "Remember it, right?"

Chen Feng spread his hands and said helplessly: "I still didn't think of it. Just tell me a little bit more clearly. Who are you? After all, there are too many **** people who died under my hands!"

This remark made everyone in the Xu family violent. The ancestors of the Xu family felt extremely upset. He thought that he could see Chen Feng's fear, which would cause Chen Feng to be psychologically tortured before his death, but he did not expect Chen Fengian. They disdain to know who they are.

In this way, he felt that even if he had killed Chen Feng, he felt even more unhappy in his heart.

Everyone in the Xu family was flushed with anger, but at this time, Chen Feng seemed to care nothing, but in fact his heart was running fast.

He had already remembered who these people were, and when he was in Tianyuan Imperial City, he had also heard about the reputation of this family and the strength of some of them.

Chen Feng's eyes swept away, and the situation in the field immediately made a decision: "Now it is the people from the Xu family who are chasing me. There are five people in total. The ancestor of the Xu family is obviously the strongest master. I see his appearance. At least it is the pinnacle of the Eight-Star Martial King or has reached the realm of the Nine-Star Martial King."

[Chapter 2058: kill!](#)

"And the other people are all in the early or middle stage of the Eight-Star Martial King, and the ancestor of the Xu family, I can fight him a bit, but if I fight with him, the other people will definitely not let the senior sister, senior sister. It can't be their opponent, so what I will do now..."

"Yes, kill!"

The ancestors of the Xu family were still talking endlessly there, and at this time, Chen Feng suddenly yelled: "What nonsense? Die!"

As he said, Chen Feng's figure suddenly moved forward, and at the same time, the dark golden light on the surface of his body surged, and the power of the dragon descending Arhat surged out of the dragon descending Arhat bright pearl, and it was running wildly.

His body was shrouded in a dark golden light, like a mighty Arhat, tyrannical to the extreme.

At the same time, his left hand is from top to bottom, and his right hand is from bottom to top, one is extremely fierce and the other is feminine and dexterous.

So instantly, in the sky, red clouds were densely covered, and cracks opened above the earth.

Then, he came to the eyes of the Xu family in an instant. At the same time, the huge meteorite fell from the sky, and boundless lava spewed out of the earth, instantly encircling the Xu family.

At this time, everyone in the Xu family even just reacted, the ancestor of the Xu family let out an unbelievable exclamation: "Little boy, how dare you take the initiative to attack?"

He really didn't expect Chen Feng to take the initiative to attack. You know, his strength is far better than Chen Feng!

But Chen Feng did just that, and he did it!

The huge meteorite fell crazily, giving the ancestors of the Xu family a sense of alertness and a powerful threat, while the other members of the Xu family felt a strong breath of death.

They immediately realized that they could never stop this trick, and they would definitely be killed.

All of them screamed sternly: "Ancestor, save me!"

"Ancestor, save us!"

The ancestor of the Xu family gritted his teeth and let out a stern shout. Behind him, a black giant snake suddenly appeared, and he had already used his martial spirit.

The martial soul slammed into the meteorite, and with a bang, the meteorite was directly knocked out of a huge gap. If Chen Feng only attacked the ancestor alone, there would be absolutely no problem with the Xu family ancestor's life, but unfortunately, Chen Feng attacked the five of them at this time.

The ancestors of the Xu family could only protect their own part, and the other part hit down fiercely, directly smashing the offensive of the other four people to pieces, smashing them to death.

In an instant, except for the ancestors of the Xu family, the other four masters of the Xu family were all killed directly.

The next moment, lava flew up, turning their bodies into a puff of blue smoke, disappearing without a trace.

After one move, of the five masters of the Xu family, only one of the ancestors of the Xu family remained, and all the other four died.

Chen Feng did not hesitate to exhaust the power of the dragon descending Arhat and used this extremely powerful dragon to destroy the world, in order to keep the senior sister safe and not to let her be harmed.

At this time, the ancestors of the Xu family were still in the shock of not blocking the huge meteorite just now, and did not recover.

He yelled extremely angry: "How is it possible?"

"How is it possible?" Chen Feng showed a sneer at the corner of his mouth, looked at him, and said lightly: "I didn't expect that the five of you were originally hunters, but they were killed by my prey when they came up!"

"You Xu family, really amazing!"

His voice was full of sarcasm. The ancestors of the Xu family stared at Chen Feng with a touch of extreme ferocity and ferociousness in his eyes. He said coldly: "Okay, boy, you are fine!"

"Then, wait, I will make you pay the price. After I catch you later, I will not kill you immediately. I will summon all the poisonous insects on this island and let you bear the ten thousand snakes. The bitterness!"

He glanced around, and then showed a hideous and secretive smile: "How come there are poisonous insects on this island that cost more than ten or two hundred thousand? Each one has a few bites on your body and drills in such a circle. Think about it, it's really good!"

As he said, the ancestor of the Xu family screamed and moved forward quickly. In the blink of an eye, he came to Chen Feng and struck out with a fierce punch.

The moment he punched, the fist was as black as splashed ink, and the punch he punched turned into tens of millions of poisonous snakes in the air, biting them fiercely towards Chen Feng.

At this time, Chen Feng found that he was unable to respond at all.

"The only thing I can use right now is one move, the Eight Desolation Silence Slashing Seventh Sword is stained with blood, but this burns blood, I can only use one move!"

At this time, Chen Feng deeply hated that he didn't have enough conventional tricks, and if he had, he wouldn't be so stretched at this time.

Chen Feng can retire at this time, but he cannot.

Because, behind him, is the senior sister Han Yuer.

Chen Feng screamed: "Kill!"

Cut out with a single knife, burn blood!

This knife was enough to kill the peak of the Eight-Star Martial King, but the ancestor of the Xu family was already an early master of the Nine Star Martial King!

He snorted coldly: "I can't help it!"

With that said, his fist force was to destroy Chen Feng's moves, and then fiercely bombarded Chen Feng's body.

Chen Feng was beaten into blood spurting wildly again, and those vigor like a black long snake penetrated his body directly, and dozens of wounds as thick as a teacup were drilled on his body. He can even see the opposite side directly and penetrate his body.

Blood spurted out of Chen Feng's body frantically.

One move, one move, he was directly wounded and dying!

But even so, Chen Feng still didn't take a step back. He stood firmly on the ground like an old tree rooted, blocking Han Yu'er behind him!

The ancestor of the Xu family was extremely proud: "Little boy, master of the Nine Star Martial King, how can you resist it?"

"Kill!" He roared again, and punched out again.

Chen Feng's defense was completely useless. He wanted to defend, but his defense was immediately crushed by the opponent, and Chen Feng's body was pierced with several huge wounds.

Chen Feng hated deeply in his heart at this time: "Why is my defense so weak? Why do I not have strong enough defense moves?"

And this trick directly made Chen Feng's life candle extremely weak, swaying in the wind, and it seemed that it could be extinguished at any time.

Chen Feng's stature was swaying and almost couldn't help falling, but he still stood up straight and stood in front of Han Yu'er.

At this moment, behind him, Han Yu'er was already crying like tears!

She wailed and wept: "Junior Brother, Junior Brother, I'm sorry, I was the one who dragged you down, I'm sorry!"

[Chapter 2059: The portal is open!](#)

A small smile appeared at the corner of Chen Feng's mouth. He turned around and patted Han Yuer lightly, and said softly: "Sister, we swore, we will live and die together."

"Today can die together, and no one has come to this world for nothing."

Next to him, the ancestors of the Xu family tweeted twice, taunting: "It's really a pair of fateful little mandarin ducks, it's really affectionate!"

He suddenly said grimly: "Chen Feng, I am not so anxious to kill you now, don't you want to live and die together? Okay, I just won't let you do what you want!"

"I want to torture you fiercely in front of this chick, causing you to suffer all the pain, but you can't die. I also want to humiliate this chick in front of you. I want you to see how she was played by me?"

"I see if you will be as strong as you are now!"

An icy murderous intent flashed in Chen Feng's eyes, staring at him, and saying word by word: "Old stuff, I will kill you!"

The other party dared to humiliate the senior sister, and dared to say such things, already touching Chen Feng's Ni Lin!

"Little boy, you are really looking for death!" The ancestor of the Xu family smiled coldly and punched Chen Feng again.

However, this time he had obviously retracted his strength, only to smash the surface of Chen Feng's body into countless fine wounds. If he really tried hard, Chen Feng would die now.

Then, he punched again, hitting Chen Feng with his fists one after another, each time Chen Feng suffered great pain, but he couldn't die.

But at this moment, no one noticed that Chen Feng's blood was already all over his body, and then it got on the ancient Buddha robes in his arms.

After the ancient Buddha's robe in his body was stained with these blood, the light on it only flashed, and then disappeared instantly, and he seemed to have an extreme desire for Chen Feng's blood, and that blood would not be inhaled by him.

On the ancient Buddha's robes, there were originally many very concealed and dim lines, but they actually lit up instantly!

In the beginning, it was just one point, and then countless points were threaded into a thread, and then, that thread was woven into a net!

Then the next moment, this net quickly spread to the body of the ancient Buddha's robes.

Because at this time, the entire ancient Buddha robes had been soaked in Chen Feng's blood.

Then, on this ancient Buddha's robes, there was an extremely bright golden red light. This time, the golden red light was no longer shrinking, but burst out wildly.

With a bang, Chen Feng formed a golden red mask directly on the surface of his body.

At this time, the ancestor of the Xu family also sensed a strange breath on Chen Feng. He immediately realized that it was not good, and he screamed: "Little boy, do you still have a second hand?"

He immediately used all his strength to kill Chen Feng, intending to kill Chen Feng directly, no longer giving him a chance to comeback.

But at this time, the golden-red light hit the fist of the ancestor Xu, and only heard a loud bang. The ancestor of the Xu family was directly shocked by severe pain in his arms, as if broken, blood overflowing from the fist, he staggered. Take two steps back.

He let out an incredulous roar: "Little boy, how can touch have such a powerful body protection technique?"

At this time, Chen Feng was also stunned by this scene. He hadn't thought of it at all, but he reacted very quickly and immediately realized that this was definitely the ancient Buddha's robes protecting himself.

And the next moment, on the surface of Chen Feng's body, that ancient Buddha's robes flew out directly by himself, covering the top of Chen Feng's head.

The golden-red light suddenly expanded tenfold, and this golden-red light was directly condensed into a beam of light.

The beam of light broke through the space and shrouded in a certain part of the ruins of the Great Tianlong Temple. It shone straight there. Chen Feng saw that there was supposed to be a pagoda, but only a base was left. .

With the golden-red light shining on it, the base of the pagoda actually started to rotate in an instant, and as it turned, the bases of nine pagodas on the ruins also turned together.

Seeing this scene, the ancestors of the Xu family were stunned. The next moment, as if he had remembered something, he immediately let out a cry of excitement: "The secrets of the Datianlong Temple, the inheritance of Venerable Dragon Arhat, this, this Is it the inheritance of Venerable Arhat Dragon?"

"Could it be that the news that has been circulated in the desert for tens of thousands of years, if you find the ruins of the Datianlong Temple, you can get the inheritance of the dragon descending Arhat is actually true?"

The anger in his eyes instantly turned into extreme greed, bursting with violent light, and he let out a triumphant laugh: "Boy, I really want to thank you so much!"

"Unexpectedly. You brought me to the entrance of this secret treasure. Unexpectedly, you led me to discover such a large treasure!"

He looked at Chen Feng and laughed triumphantly: "As a reward, I will let you die a little easier later and torture you less."

The next moment, a huge vortex with a diameter of several hundred meters suddenly appeared in the sky.

The whirlpool turned, and there was an extremely powerful and sharp, and the golden red light on the ancient Buddha's robes was directly shining on the whirlpool.

Chen Fengfu was very spiritual, and immediately realized that this was the inheritance of the Venerable Arhat the Dragon. It was behind this door that opened the door. It was very likely that it was the bones of the Buddha, the secret that he had been searching for.

At the same time, the incomparable suction on the portal formed by the vortex once again increased many times.

This is the best opportunity!

Chen Feng let out a loud roar, suddenly turned around and hugged Han Yu'er, and then unfolded the ancient Buddha's robes, and directly asked the ancient Buddha's robes to wrap the two of him inside, and then jumped, and immediately followed the incomparable suction Throw in the whirlpool.

The ancestor of the Xu family let out a violent roar: "Little boy, you are dreaming!"

He attacked Chen Feng frantically, but all his attacks fell on the ancient Buddha's robes. The ancient Buddha's robes bounced all his attacks back. On the contrary, the ancestors of the Xu family retreated continuously and fell to the ground. .

In the next moment, he saw the ancient Buddha robes swept across Chen Feng, and the two directly plunged into the portal formed by the whirlpool.

With a bang, it disappeared directly.

The portal formed by the vortex also disappeared without a trace.

The sky was calm again, and the nine pagodas stopped rotating. If it weren't for a pool of blood on the ground, it seemed as if nothing had happened here just now.

The ancestor of the Xu family yelled furiously: "Little bastard, you wait for me! You wait for me! I don't believe you won't come out!"

"When you come out, it will be the day when I seize the treasure, and when I will kill you!"

[Chapter 2060: Buddha bones! It's huge!](#)

Regardless of his cruelty here, Chen Feng felt that they had entered an extremely magical and magnificent space.

In this space, everything seems to be unclear, everything is blurred.

However, Chen Feng felt that he had clearly seen the entire universe.

In his gaze, he seemed to have left the Dragon Vein Continent, the ground and the continent were getting smaller and smaller in his eyes, and he finally entered the endless void.

At this time, in the endless void, he saw countless stars, every star, he looked inside, and found that there was an extremely vast world.

And the next moment, he suddenly found a wall in front of him.

Chen Feng's heart was shocked: "I am at this time. But in this endless void, the stars that are bigger than the Dragon Vein Continent, the extremely huge land, and the worlds are as small as dust. But a wall appeared in front of you!"

This wall was not actually in front of Chen Feng. He didn't know how far he was from the wall. Chen Feng might have been flying for thousands of years, tens of thousands of years, and he could not get there.

However, he just gave Chen Feng the feeling of facing a wall, because he was too big, lying in the entire void, endless, as if occupying the entire universe.

Chen Feng looked up, his vision seemed to travel through infinite space, infinite time, and infinite distance, and then the next moment, he saw the true face of this wall!

Suddenly, Chen Feng's heart beat fiercely!

It turns out, where is this wall?

This is clearly a foot, this is the instep of a foot, and the owner of this foot is infinitely huge, so that his feet feel like they occupy the entire void of the universe and are extremely large.

Chen Feng didn't see his face clearly, but Chen Feng knew that this is the Venerable Arhat the Dragon, and this is the real body of the Arhat the Dragon!

Chen Feng was once again greatly shocked.

But the next moment, his consciousness disappeared without a trace, he felt a sharp pain in his head, and then he didn't wake up.

Chen Feng was awakened by a warm feeling. He felt as if he was immersed in warm water, an extremely gentle, mellow, and at the same time very strong and powerful force was wrapping his body at this time. Infiltrate your body.

Suddenly, all the hidden dangers in Chen Feng's body caused by the previous continuous battles and continuous injuries were eliminated without a trace.

His injuries were quickly healed. In an instant, Chen Feng felt his body warm and comfortable to the extreme, and couldn't help groaning.

After this energy quickly healed his injury, it receded like a tide. The next moment, he felt the boundless gold filling his eyeballs.

Gold, gold everywhere.

The golden color was extremely thick and almost melted into substance, and then Chen Feng stood up and he discovered that this was a golden world.

The ground is covered with golden sand, the flowers and plants on the ground are all made of gold, and there are golden clouds floating in the sky, and at the end of it, I don't know how far away is full of thick golden fog.

And what shocked him most was the giant in front of him.

No, saying that it was a giant that could no longer describe this thing, and Chen Feng couldn't describe how huge he was at all.

When Chen Feng looked up, he could only see him entering the sky and he could not see his height.

Chen Feng looked forward, unable to see his head, and looked backward, unable to see his tail.

Chen Feng looked up and saw that there was an extremely thick and huge pillar in front of him. The height of this existence reached 100,000 meters, and the thickness reached tens of thousands of meters. Even if a thousand Chen Feng held hands, they couldn't. Bring it together.

And this thing, slightly curved, turned out to be a rib.

Such a huge pillar one after another is just a rib.

At this time, this rib was turned out to be pure gold, and in this space, boundless golden power radiated from this bone.

If you observe carefully, you will find that this skeleton is not only the color of white jade, but also has the power of red gold flowing in it, like blood.

The bones give people the feeling that they don't have any evil intentions, on the contrary, they are extremely noble, powerful, magnificent, and brilliant!

Chen Feng took a deep breath: "I found it, I found it! This is the skeleton of a Buddha!"

"This is the bone of the Buddha that has listened to the scriptures for a hundred thousand years before the seat of Venerable Dragon Arhat!"

"I found it! God! I found it!" Chen Feng's exclamation turned into a burst of laughter in the end.

Laughter filled the space, one after another, full of pleasure!

At this moment, a soft voice filled with confusion suddenly sounded behind Chen Feng: "Here, where is this? Brother?"

Chen Feng turned his head suddenly, and then saw Han Yu'er lying beside a lake not far behind him.

The sand beside the lake is all made of gold, and the water in the lake is like jade.

Smell, it gives people a very comfortable feeling, obviously it is a rare treasure of heaven and earth.

Han Yuer was lying there, with a confused face, rubbing her eyes and looking at Chen Feng. After she saw Chen Feng, she instinctively felt very happy. The first action was to open her arms to hold Chen Feng. .

Chen Feng laughed loudly, walked up to her, picked her up and hugged her tightly.

He laughed loudly: "Sister, look, we found it! We found the goal!"

Han Yu'er was also very happy for Chen Feng, giggling: "Junior Brother, great, your strength can be greatly improved, and this has also achieved your long-cherished wish!"

The two of them talked and laughed for a while, and then they gradually retreated from the excitement and returned to calm.

Chen Feng came to this huge and incomparable Buddha dragon bone. He pondered for a while, and suddenly his heart moved, and then the weak dragon descending Arhat power penetrated out of his body.

Although the power of the dragon and the arhat is very weak, it is very pure, and it is originally the same as the power that permeates this space, and is generally the same.

Feeling this power, suddenly, there were buzzing sounds in several places in this space, and then several golden lights flashed.

Chen Feng couldn't see exactly what these golden lights were, but he guessed it was like a few palm-sized jade pieces, with extremely strong Buddha nature shining on them.

In the next moment, these golden lights flew over here quickly, brushing, and directly entering Chen Feng's body.

Then the next moment, Chen Feng directly entered the cultivation space of the Dragon-Jiang Arhat Scripture.
