

Peerless 2091

[Chapter 2091: Restore memory](#)

At this moment, Chen Feng felt like tears streaming down his face.

He finally found the trace of Han Yu'er.

At the same time, in the tent, Han Yuer was full of sorrow, and felt extremely sad.

She didn't know why she was sad, but when she thought of marrying that person tomorrow, her heart was filled with indescribable pain and despair.

At this moment, she suddenly felt something, and then her whole body was shocked like a lightning strike.

The next moment, the chaos in the brain was suddenly broken.

With a boom, it was as if the darkness had split, and a ray of light suddenly appeared.

Then, a sharp pain suddenly came from her head, making him cover his head with both hands, the pain was extreme, and she let out a scream.

The surrounding citizens rushed forward, their faces panicked, wondering what was going on.

Chen Feng was about to continue his investigation, but suddenly, at this moment, in the depths of the Huangsha tribe, a breath suddenly rose.

At this moment, Chen Feng shivered heavily, and a feeling of despair surged in his heart.

This breath is extremely tyrannical, like a mountain, it is overwhelmingly pressed down. If you say what kind of feeling this breath brings to Chen Feng, it is when he first entered the Wudong Academy, the elder Chongxiao gave him Kind of feeling.

It is so huge that it is impossible to resist.

It is extremely tyrannical, and will turn into powder when touched, making people unable to even have the desire to fight.

Chen Feng suddenly felt shocked: "What kind of master is this? It turns out that there is such a master hidden in the Kuangsha tribe?"

This master made Chen Feng feel unmatched.

Chen Feng took a deep breath, knowing that he couldn't do anything today, he didn't hesitate to take advantage of another burst of violent thunder falling, and he leaped out.

In an instant, the Kuangsha tribe appeared, disappearing without a trace.

After returning to the caravan's own tent, Chen Feng suddenly uttered a wow, a mouthful of blood spurted out, and a look of horror appeared on his face: "The confrontation of Qi and the machine has already seriously injured me. What is this person? A master of the level?"

He muttered to himself: "That Kuangsha tribe's patriarch Helian killed wildly, but it is still easy to deal with, and what realm this person has reached, at least it is the middle stage of the Nine Star Martial King, which I can't deal with now!"

"This is too tyrannical!"

"But, so what?"

The pride in Chen Feng's heart surged, and he suddenly jumped up, with a touch of indomitable color on his face: "If this is the case, then tomorrow, let's fight to the death!"

"No matter how powerful you are, I, Chen Feng, will never be afraid!"

At this time, Han Yu'er, she had already woke up, and the headache in her brain had disappeared. She was sitting on the bed blankly with her head in her arms, and a dense confusion and chaos flashed across her face. *novELUSb.cOm*

But then, the chaos and confusion in the eyes faded quietly, and then disappeared directly, replaced by unprecedented clarity.

Her eyes were unexpectedly bright and clear.

Han Yuer said softly: "I understand, I understand everything. I think about it!"

It turned out that when she was stimulated by Chen Feng's energy, she actually recovered her memory directly!

No, it should be said that her original memory was obscured by something in the layer, and now that layer is directly erased.

She looked at the door of the big tent, with a sneer at the corner of her mouth: "Helian slayed wildly, you deceived me? In order to marry me, you are really unscrupulous!"

She is that kind of extremely staunch temperament, where is the half lost before? Immediately wanted to break out directly.

However, she suddenly thought: "If I break out now, I'm afraid I will confess here. What am I afraid of when I die, but if I don't see Junior Brother, what will he do in the future?"

"I'll wait until tomorrow, and I will talk to him first. If I wait until tomorrow there is a turnaround, I will make a judgment on myself if there is no turnaround. After all, I will never let the thief touch me!"

With the decision in her heart, she became more calm.

Early in the morning of the second day, people who came to congratulate them all poured into the Kuangsha tribe.

Naturally not everyone can enter. Each caravan can only enter two distinguished individuals, and can only bring up to four followers.

Chen Feng put on a suit of armor and pretended to be a guard of Li Qiurong.

He, Li Qiurong, Lancao, and Meizhu, four people entered this tribe.

Chen Feng discovered that the interrogation suddenly became extremely tight, and anyone would be invited out alone to feel a breath, but Chen Feng was not afraid.

With his strength, if he wants to hide his aura, he can only discover it in the middle stage of King Nine Star Martial Arts. How can the following little shrimps perceive it?

The four of them passed the level in turn, and Chen Feng's perceived strength was a six-star martial king.

At this time, before the huge tent in the center, a high platform was already built. In front of the high platform, there was a viewing platform with numerous seats built on it, and everyone took their seats.

At this time, on the high platform, dozens of senior Kuangsha tribes had already sat down, and the crowd surrounded by them was Helian Kuangshi.

He is only three meters tall. Of course, this one is only in comparison with his people.

Because his people are more than a dozen meters tall, he is considered the smallest in size, but sitting in the middle, he is extremely powerful and domineering, but no one dares to refuse.

At this moment, Helian Kazed Killer's face showed a touch of coldness, his eyes were searching below, as if he was looking for something.

Yesterday, the ancestor actually called him out and told him that a very strong master had appeared here and asked him to take precautions.

But he didn't take it too seriously, no matter how strong he was, could he be better than himself? Not to mention, there are still bosses!

He was furious in his heart, and vowed that he would be picked out, and then he would be broken into pieces!

Soon, the celebration began.

Helian Kuangsha sat high on the platform, and then, a general of the Kuangsha tribe wearing a golden bear armor, walked up and shouted to everyone: "Now, please send gifts to the king."

They Kuangsha tribe, respectfully call Helian Kuangkill as the king.

All the major forces respectfully sent gifts one after another. In a flash, all kinds of gifts filled the flat ground under the high platform.

When Chen Feng glanced at it, he couldn't help but raised his brows, and whispered to himself softly: "The sum of these gifts, I'm afraid it is equivalent to all the property of a first-class family in Tianyuan Imperial City."

Think about it, the gifts prepared by the Xiang family and the Li family together almost reached the level of fifty thousand mysterious yellow stones.

[Chapter 2092: Peerless face](#)

And forces like the Xiang family and the Li family who came to celebrate the birthday of Helian violently killed hundreds of them, and all the gifts should be worth more than millions of Xuanhuangshi.

Of course, the Xuanhuangshi is only a small part of it, and most of them are all kinds of rare treasures!

The beautiful jade is as tall as a mountain, there are extremely rare medicinal materials, and there is a giant Ganoderma lucidum that has reached a hundred thousand years and is full of purple gas.

There were rare birds and animals, and even a Seven-Star Peak Demon King, who was caught as a gift.

And the most astonishing is the seven thousand pairs of virgin boys and girls, all of them are cute and lovely, full of aura.

These gifts made Helian slay and laugh, very pleased.

This offering of gifts lasted from morning to afternoon, and then he suddenly stood up, clapped his hands, and suddenly all the noisy voices of singing disappeared. Everyone looked at them with eyes full of The color of fear.

This is Helian's wild killing is the overlord of this million li, everything is under his control.

He looked at the crowd and smiled and said, "Everyone, I must have already told you before. Today I am a double happiness. In addition to my birthday, I also have the joy of accepting concubines. I just don't know how your gifts are prepared!"

A big man wearing black tiger armor laughed and said, "My lord, everything is ready."

"You don't know. After hearing your news, I didn't have time to eat a bite, so I immediately prepared it for you in a hurry."

"No, in three days, I swept over seventy-six tribes, and I finally got enough gifts for you."

As he said, he stretched out his hand and pointed behind him.

Behind him are all kinds of rare treasures piled up like a hill, shining with colorful light.

In Chen Feng's ear, Li Qiurong said softly: "This is the patriarch of the Black Tiger tribe, Black Tiger Chenghua! He is already an eight-star Martial King level master!"

"Their Black Tiger tribe has always been one of the loyal servants of the Kuangsha tribe. They have always spared no effort in doing things for him, and that is also the most powerful thug under his hand."

"There have been many people who resisted the Kuangsha tribe before, and they were all flattened by the Black Tiger tribe!"

Chen Feng nodded slowly, and after Heihu Chenghua finished speaking, many people beside him suddenly agreed.

A tall and thin old man snorted disdainfully, and said coldly: "What are you? As early as when the king ordered to prepare birthday gifts, I specially prepared two copies, one of which was In case of emergency, it is really used now."

He smiled flatteringly on his face: "My lord, do you think my gift is more generous to him?"

Li Qiurong whispered again: "This person is the sect master of the Ten Thousand Ghost Caves in Xishan, a great power 170,000 miles away from here, and the ghosts cry."

"Xishan Ten Thousand Ghost Caves are powerful and good at driving poisonous snakes. The use of poison is second to none. Especially their master, who uses poison is even more superb. There are many masters who are stronger than him. They all died inexplicably. Under his poison!"

Next, several people offered compliments and expressed their loyalty.

Like Bai Xiaosheng, Li Qiurong seemed to know everything.

Every time someone came out, he would give Chen Feng an introduction, which was extremely detailed.

Their compliments made Helian very happy for killing him, and he let out a wild laugh: "Well, everyone, these auspicious words, I'll talk about it later."

"Come here, please come my bride."

Then, he proudly said to everyone in a somewhat bragging manner: "My bride is definitely a rare beauty in the world. From then on, the title of the first beauty in a million miles in my Kuangsha tribe is absolutely necessary. Belong to her!"

When everyone heard it, they were all in an uproar, and they looked forward to it and looked up.

They had heard about it before, but now they are very curious about how beautiful this stunning woman is so admired by the Kuangsha tribe!

And Chen Feng suddenly became nervous.

He quietly clenched his fist, gritted his teeth, and showed a nervous look on his face.

The sound of music played, gorgeous and beautiful, the sound of jingle ring and peacock kept approaching here, and then, a woman in costume was helped out by several maids.

This woman wore a gorgeous palace costume, extremely gorgeous, but her face was covered with a red hijab, which made her look unclear.

But from the moment she came out, Chen Feng's breathing seemed to stop, and his eyes showed incomparable excitement and a touch of unbearable joy.

"Senior Sister, it really is you! It really is you!"

He and Han Yuer have been together for so many years, and they have already been very familiar with each other, even if Han Yuer is now covered with a red scarf, he can recognize it!

Chen Feng felt his heart almost beating, as if countless flames were burning in his heart, making his eyes blood red instantly.

At this moment, all the calculations and worries he had in his heart disappeared without a trace, and some were just a thought: "Senior sister, I must save you, even if it's fighting for my life, even if it's broken to pieces. It must be done too!"

At this time, Helian Kazed Kazed and looked at everyone proudly, smiled and said, "Everyone, this is the bride below."

Everyone roared: "I can't see the face clearly!"

"Haha, ma'am, they want to see your appearance, how about letting them see?" Helian madly laughed.

His actions did not show any respect for Han Yu'er. If he really liked it, how could Han Yu'er show his face because of the uproar here?

As soon as he finished speaking, before Han Yuer could make any movement, the maids beside Han Yuer immediately lifted the red hijab off her head.

Then the next moment, everyone saw a peerless face. Suddenly, the noisy crowd below instantly became quiet. They all looked at Han Yuer on the stage blankly, and many people showed admiration in their eyes. .

After a long time, someone exclaimed: "This is really a peerless look!"

"Yes, it's no wonder that the king is so obsessed, he wants to accept her as a concubine, and sure enough, this woman looks beautiful!"

Everyone exclaimed.

Among them, of course, there are compliments to Helian's mad killing, but there are still many truthful words.

Standing in the audience, Li Qiurong also exclaimed, with a stunning expression on his face: "I thought that the people from the Kuangsha tribe said that this woman had a beautiful appearance was an exaggeration, but I didn't expect that they were saying this. That's the truth."

Lancao also said foolishly: "It turns out they really didn't tell lies, it turns out that this woman is really beautiful."

[Chapter 2093: Sister, are you willing to leave me?](#)

She was convinced.

Heihu Chenghua laughed and said: "Only with such a beautiful face can he be worthy of your majestic martial arts and your majestic power."

"Yes!" Everyone shouted compliments.

Helian slayed wildly and laughed, but suddenly, his laughter stopped.

His brows wrinkled, and a violent look flashed in his eyes, because Han Yuer didn't have the slightest joy on his face at this time.

She pursed her lips, her face was full of coldness and faint sadness.

Seeing this scene, Helian was furious and said coldly: "Madam, today is your day of great joy, you, have to laugh!"

What he said was like a command, and there was a faint threat in it.

Han Yuer glanced at him faintly, then suddenly giggled, but the laughter was full of coldness. She suddenly strode forward to the guests and said loudly: "Okay, if you want me to laugh, then I will laugh. Come out, then I will tell all this with a smile!"

She faced everyone and said loudly: "Everyone, do you know that I am not an orphan he adopted at all!"

"I lost my memory, drifted down the river, and was saved by him. He took advantage of the danger and asked me to marry him. I naturally didn't want to, so he made up a set of lies to deceive me, saying that I was adopted by him. The orphan girl said that I have a marriage contract with him and must marry him."

"So there was this farce, but now, my memory is awakened and my past is restored!"

She turned her head back suddenly, staring at Helian slaying wildly, every word, her voice was very firm, and she said loudly: "I am here to tell you that I will never marry you today! Even if I die!"

Helian slayed wildly, but his expression didn't change at this time, but the beating corner of his eyes, and a hideous flash in his eyes, revealed his mood.

He stared at Han Yu'er, with a faint smile at the corner of his mouth, and said slowly: "This is a great day, don't mess around!"

Obviously, he didn't think Han Yu'er could escape from his palm.

He said lightly: "Today, you have to marry if you want to marry, and you have to marry if you don't want to marry!"

Han Yuer looked at the people below and said loudly, "Did you not hear what he said? Didn't you hear his threats?"

No one in the audience spoke, and everyone avoided Han Yu'er's eyes.

A flash of despair flashed in Han Yu'er's eyes. She thought that after she told the truth, these people would at least say something fair, but she didn't expect that everyone would be like a turtle.

She let out a sorrowful laugh, and nodded again and again: "Okay, in that case, then Han Yuer, even if I die, I will never marry such a despicable person!"

As she said, she drew the long sword from the waist of the maid next to her, and slammed it into her heart!

Seeing her look, Helian madly felt bad, and said loudly, "Stop her!"

But it was too late. No one thought that Han Yuer would be so stubborn that he would commit suicide. It was too late to stop.

Seeing that she was about to die, and at this moment, a gentle voice suddenly sounded: "Senior Sister, are you willing to leave me?"

Then, a finger of wind bounced, hit the long sword in Han Yuer's hand with a snap, and directly shot her long sword flying.

Han Yu'er was stupid, she stood there blankly, her face full of disbelief and stunned.

Then the next moment, that unbelievable surprise turned into extreme ecstasy. The corners of her eyebrows were smiling, she let out a cheer, and shouted: "Junior Brother, is that you? Is it you?"

After speaking, he looked in the direction of the sound.

Then the next moment, he saw a handsome figure of Fengshen standing there, with a gentle smile at the corner of his mouth, looking at him.

It was Chen Feng who stopped Han Yuer!

When Han Yuer drew his sword to commit suicide, Li Qiurong let out a sigh: "This girl is really strong, this is a model for my generation of women."

Then, she saw Chen Feng stretched out his hand next to him and flicked the long sword flying.

Seeing this scene, Li Qiurong's face flashed a touch of shock. She had known that Chen Feng was very strong, but she did not expect Chen Feng to be strong enough to this level. This time she also had the strength of the Eight-Star Martial King!

Then, when she heard what Chen Feng said, her expression on her face was even more surprised: "Could it be that Master Chen came here and came to this Kuangsha tribe because it turned out to be his senior sister?"

"Could it be that this woman is actually his senior sister? So far?"

As this thought rushed through her heart, a touch of indescribable sourness flashed through her, and her heart was terribly sad.

After the Lancao and Meizhu beside him were also shocked, they all showed such expressions. It turned out that the three of them had unknowingly felt a little affection for Chen Feng!

After seeing Chen Feng coming out, the people on the scene, those who came to kill Helian to celebrate his birthday, suddenly showed a touch of disdain, because they thought they could see Chen Feng's strength. It was just a six-star martial king.

The black tiger Chenghua sneered at first and said, "Where did the little **** come from? How dare you say anything here?"

"You still want to get rid of the king's wife? You are really looking for death! You also don't want to think about what kind of noble person the wife is, how could she recognize you? Are you crazy?"

And the master of Xishan Wangui cried, Wangui cried, he also made a disdainful sneer: "Just like you, a trash thing, you still want to know the king's wife, are you dreaming?"

"The King's wife is such a beautiful lady, with such a noble status, are you qualified to know it?"

"Boy, you either admitted the wrong person, or lost your mind."

Everyone nodded and ridiculed everything, and their gazes at Chen Feng were full of disdain.

"This kid, is it because the wife of the king is so beautiful that she is so excited that she has hysteria?"

"I think so, how can a person like him recognize the Majesty's wife? What kind of thing is he?"

But the next moment, they seemed to be slapped all together, and it was a very loud slap.

With a snap, all of them were speechless and dumbfounded.

Because Han Yuer was already full of excitement and flew toward Chen Feng, shouting loudly: "Junior Brother, Junior Brother!"

"I knew, you won't abandon me, you will definitely come to save me! You really came to save me!"

She cried with joy, and she was overjoyed.

The scene was silent, everyone was shocked to see this scene!

[Chapter 2094: In the end, who is looking for death?](#)

And the people who made a mockery just now, saying that Chen Feng is not qualified to know Mrs. Wang, their faces are hot, it is hard to see the extreme!

Seeing this scene, Li Qiurong sighed slightly, with a look of disappointment on his face: "Sure enough, sure enough, only such a beautiful woman can be worthy of such a stunning young hero as Chen Gongzi!"

Han Yuer wanted to come, but was stopped by the maids.

At this time, Helian slayed wildly but smiled.

His smile was very cold: "Madam, where do you want to go?"

When Han Yu'er heard this, her heart trembled.

She is still very clear about the method of Helian's wild killing.

Seeing Helian slaying such an expression, those who flattered him immediately understood what to do.

Heihu Chenghua looked at Chen Feng and said coldly: "Little boy, I don't care what you had to do with your wife before. Now he is the wife of the king. You will have nothing to do with you from now on. If you dare to say something, be careful. I just killed you!"

And when Wan Gui cried when Heihu Chenghua flattered Helian to kill, he didn't want to show weakness, and said with a cold smile: "Little boy, you immediately kneel down and apologize to the king, and then it's done by yourself, and it's over."

"Otherwise, the ghost cubs under my hand are the best at tracking, and when you can check your old man, not only will you die, but your family will also be implicated!"

At this time, Chen Feng was even unusually calm.

He didn't even look at Heihu Chenghua and Wangui crying. He just stared at Helian slaying wildly, and said lightly: "It seems that you are not being moral today. I want to take the senior sister away, so I can only defeat you. ,is it?"

"Haha, what are you talking about?" Helian Kuangsha let out a crazy laugh, and the laughter was full of disdain: "Boy, are you mad?"

"What nonsense are you talking about? You actually said you want to defeat me? Do you know what kind of strength I am? I'm a master of nine-star martial arts!"

"And you? You are just a Six-Star Martial King. You defeated me? How did you defeat me? Use your mouth to defeat?"

The people below also sneered loudly: "This kid is really frustrated, and he tried to challenge King Helian?"

"Master Helian, you can kill him with just one finger."

They don't even know how powerful Chen Feng is!

Helian Kuangkiller suddenly laughed loudly: "If you can beat me, then why not let you take her away?"

With that, he pointed to Han Yu'er.

Upon hearing this, Chen Feng immediately clapped his hands: "Okay!"

He was full of pride and despair, suddenly facing everyone, he shouted: "I, Chen Feng, today, even if I lose my life, I will take the senior sister away! Then, come on!"

Chen Feng, crowned as a beauty!

Han Yu'er was already moved to tears, Chen Feng suddenly pointed at Heihu Chenghua, and said coldly: "Just now, you seem to have been provocative, and I think you are also very anxious to work for your master."

"In this case, then, I give you a chance!"

"You, fight me!"

Heihu Chenghua smiled grimly: "Okay, boy, since you are looking for death, then I will fulfill you!"

As he said, he strode out.

A look of envy flashed in Wan Gui's crying eyes, he wanted to replace Heihu Chenghua and kill this kid.

"In that case, Helian's mad killing must have given me a credit, but at this time, I don't have my share." He secretly said in his heart.

He said gloomily next to him: "Black Tiger boy, I only need one move to destroy Chen Feng. If you can't solve him within one move, you will lose your lord."

Heihu Chenghua sneered: "Don't worry, you don't have to worry about it."

As he said, he looked at Chen Feng, smiled coldly, stretched out a finger and said: "This time, if I can't beat you with one move, then I should commit suicide."

He was extremely arrogant, thinking that Chen Feng was not his opponent at all, thinking that he could kill Chen Feng with one move.

Chen Feng looked at him with a sneer at the corner of his mouth, and suddenly said indifferently: "I will give you back this!"

"What?" Heihu Chenghua was stunned, everyone was stunned.

Then the next moment, they burst into a huge ridicule: "What does this kid mean? Does he mean that he can defeat Heihu Chenghua with one move?"

"This kid is so crazy! What kind of thing is he?"

"Heihu Chenghua can run him to death with a single move. He still said such arrogant words?"

Heihu Chenghua screamed: "Little boy, take it to death!"

As he said, a punch hit Chen Feng, his face showing extreme arrogance and disdain.

In his opinion, he punched. You can kill Chen Feng directly.

And Chen Feng also sneered coldly and punched out the same way.

After he blasted this punch, in an instant, the world changed color and the wind swept across.

Then the next moment, Heihu Chenghua's face changed drastically, and he exclaimed: "Your punch actually has the power of the Nine Star Martial King! It makes me feel like I can't resist it?"

At this moment, Heihu Chenghua felt that death had struck and had already enveloped him.

He immediately realized that he would die under Chen Feng's punch, and yelled in panic: "Impossible, how could I die under your hands? How could your punch be so powerful?"

He screamed wildly, urging all his strength, and bombarding Chen Feng wildly.

However, there is no effect, no effect at all.

Chen Feng's fist directly shattered all her defenses, and then slammed on his chest fiercely.

Chen Feng closed his fists and stood still, his expression indifferent, as if he had done nothing just now.

As for the Black Tiger Chenghua, he was blasted out hundreds of meters away, and when he was in the air, he screamed and screamed wildly, before falling heavily to the ground.

He spouted another big mouthful of blood, his face was pale, pointing at Chen Feng, his voice trembled and weak: "You, how come you have such a powerful strength?"

Chen Feng looked at him, suddenly a faint smile appeared on the corner of his mouth, and said slowly: "Who is it, who killed with one move?"

"After all, who is looking for death?"

"I, I'm looking for death!" Heihu Chenghua Taoist's eyes showed extreme regret, he opened his mouth, as if he wanted to say something, but he couldn't say anything.

With a bang, his heart shattered directly, and his whole body fell heavily to the ground, no more breath.

The eight-star Wuwang level master was bombarded and killed by Chen Feng!

Quiet, the scene is silent, the needle can be heard!

Then the next moment, this silence turned into an extremely loud noise, and everyone screamed in disbelief:

[Chapter 2095: Sorry, I am also Jiuxing Wuwang!](#)

"This kid is so strong? He actually killed the Eight-Star Martial King level black tiger with one move?"

"Heihu Chenghua couldn't do a single trick under his hands. He is too strong. He is too strong!"

"Heihu Chenghua is a master of the Eight-Star Martial King. Doesn't this mean that this kid has reached the Nine-Star Martial King? He is so young that he seems to be in his twenties. What concept?"

"Could it be that this person is a peerless genius?"

Everyone yelled in shock, and in their gazes towards Chen Feng, there was no more contempt and disdain, some were just fear, and even a trace of reverence.

Above the desert, the strong are respected, and Chen Feng used his fists and strength to make them fear and tremble!

Chen Feng suddenly let out a roar, and his fingers pointed at everyone and pointed to the tens of thousands of guests who came.

His voice resounded like a spring thunder, and rumblingly echoed in everyone's ears: "You tell me, who the **** is it? Who killed with one move?"

"Who is it, who can't do a single trick under whose hand?"

No one dared to speak, no one dared to answer, they all looked at Chen Feng in awe.

Seeing the look in their eyes, Chen Feng laughed loudly, happily to the extreme.

Li Qiurong and the three women were dazzled, their eyes full of admiration when they looked at Chen Feng.

They knew that today's scene, today's heroic figure of this young boy, and that amazing punch, will never disappear in their memory.

They will be remembered for the rest of their lives!

Facing the crowd, Chen Feng shouted sharply: "Remember my name, my name is Chen Feng!"

The two words Chen Feng make everyone remember.

Starting today, these two words are destined to spread throughout the desert!

Then, Chen Feng turned his gaze to Wangui crying, with a slight smile at the corner of his mouth, and said softly: "Master of Wanmen, didn't you just say you want to abolish me?"

"Then, come now! One trick will destroy me!"

With that, Chen Feng cried enough to Wangui and hooked his fingers, his expression was full of contempt.

Wan Gui's crying expression suddenly became extremely ugly. He treated Chen Feng like that just now, but how dare he now?

His strength is just as different as Heihu Chenghua. Heihu Chenghua can't support even one move in front of Chen Feng, how can he be able to support it?

He knew that he was not Chen Feng's opponent at all.

If you play against Chen Feng at this time, there is absolutely no life!

At this time, Helian Kuang's face was gloomy, and there was a strong murderous in his eyes. He did not expect Chen Feng to be so strong.

But this did not affect his self-confidence. In his opinion, what about Chen Feng killing Heihu Chenghua? Still can't be your opponent!

So he said lightly: "Okay, ten thousand ghosts cry, you step back!"

"Since this kid is so confident, then let me clean up!"

"Yes!" Wangui cried like an amnesty. He was obviously afraid of Chen Feng to die, but at this time he deliberately pretended to be tyrannical and sneered at Chen Feng: "Boy, you should feel sober, fortunately the king. I have spoken, or I will kill you!"

The people around made a sneer, this person was really shameless.

On the high platform, everyone else had already been cleared away, leaving only Chen Feng and Helian to kill two people violently, and everyone looked at them both.

Han Yuer's face was full of unconcealable anxiety, and she shouted: "Junior Brother, you must be careful!"

Although she is full of confidence in Chen Feng, she also knows that Helian Killing is an extremely powerful opponent. If Chen Feng is a little careless, she will really fall here!

Among the people in the audience, all of them supported Helian's wild killing: "Great King, kill this little boy!"

"Yes, this little **** can't be your opponent, you can easily crush him!"

"Kill him and occupy his woman! Hahahaha!"

This statement was approved by many people, and they laughed in agreement!

"Kill this little bastard, let's continue the celebration, don't let it affect your mood today!"

Obviously, in their opinion, this Chen Feng is just a small bug, but it will affect everyone's mood, but it is impossible to be Helian's opponent.

No one thinks he can beat Helian's madness!

Even Li Qirong and the others have a lot of worry on their faces. They know that Chen Feng is very strong, but they don't think he is the opponent of Helian's violent killing.

Who is Helian slaying? Having ruled the roost here for so many years, the powerful name has already penetrated everyone's hearts!

On the high platform, facing Chen Feng, Helian Kuangsha lazily hooked his fingers, his face was full of contempt, and said: "Boy, come on, I will end your so-called powerful today!"

"I want you to see what a real powerhouse is! On this continent, Nine-Star Wuwang is the one who truly controls power!"

Chen Feng didn't speak, just stepped forward suddenly.

And when he stepped forward, the expressions on everyone's faces were in a trance, and it felt as if they were on Chen Feng, a wild beast, suddenly awakening.

His whole momentum. It's all different.

After that, every step of Chen Feng's step, his aura became crazy.

This aura was extremely powerful and fierce, and when Chen Feng took the nine steps, his aura had already risen to the realm of the Nine Star Martial King!

Chen Feng, like a wild beast, reveals a strong murderous aura!

The audience was silent for an instant.

At the next moment, a huge exclamation broke out: "What? This Chen Feng is also the Nine Star Martial King?"

"He is so young that he has reached the realm of the Nine-Star Martial King? God! What a genius is this! I wonder if the King can be his opponent now?"

All of them are feelings, and all the previous concepts collapsed suddenly.

Such a young person has such strength, which makes them feel extremely ashamed. They have been practicing for so many years before.

Li Qiurong and the others all relaxed and said to themselves: "It turns out that you are also the Nine Star Martial King."

"Then, then we can rest assured!"

Chen Feng suddenly raised his head, grinned slightly, looked at Helian slaying wildly and said: "Yes, I think so too, so I will become the Nine Star Martial King!"

"Sorry, let you down, I am also Jiuxing Wuwang."

The words fell, and there was an uproar below.

[Chapter 2096: Transform! Desert giant!](#)

Chen Feng's words were too mad, too arrogant, and too arrogant, as if Chen Feng just casually practiced the Jiuxing Wuwang for this sentence.

It was like a crisp slap in the face, hitting the face of Helian Kuangkiller.

He smiled grinningly: "Okay, boy, you are fine, then I want to see, who is the better one!"

It seems that he still has his hole cards that have not been opened. At this time, he is not flustered at all, just slightly surprised.

Before he finished his words, Chen Feng was interrupted sharply: "Where is so much nonsense? Take me!"

With that, Chen Feng roared all his life, and the next moment, his left hand was from top to bottom, fierce, and his right hand was from bottom to top, feminine and cold.

In an instant, yin and yang were in harmony, and the two powerful forces converged, and the dark golden light surged above the body.

The power of the dragon descending arhat came out vigorously, and in the almost endless dark golden light behind him, the roar of 1,999 dragons sounded at the same time!

This huge roar directly shook the entire square, and everyone's heartbeat was missing so much.

Many people were shocked and spewed blood!

Everyone exclaimed: "What technique does this young man use? So tyrannical! The sound alone is enough to make me suffer serious injuries!"

The next moment, red clouds in the sky condensed, and cracks appeared on the earth.

Then, the meteorite fell and the lava erupted!

Moreover, the area where the crack splits almost occupies a small half of the square. Everyone saw a crack appear, red light flashing inside, and lava condensed. Why didn't they know how dangerous it was?

They quickly retreated one after another, panicking to the extreme.

Everyone was even more shocked, his trick was too powerful!

Helian's madness also changed suddenly. At this time, the meteorite had crashed down, and the surface of Helian's madness was like a big desert flashed with an earthy yellow light. He let out a stern roar, and his fists blasted out. Hit the side of the meteorite.

With a bang, the meteorite blasted to pieces, and then, Helian staggered and went back several steps.

The next moment the lava swept across, hitting his body directly, and rushing him up to a height of a thousand meters.

But when the meteorite shattered and the lava subsided, Helian slayed violently and fell from the sky.

At this time, the place where the high platform was just now has become a lava field.

But Helian killed wildly, lying there with a painful groan in his mouth, he was already severely injured by Chen Feng.

Everyone below was dumbfounded: "Seriously injured? The king was badly injured?"

"This kid, what a terrifying strength! The great king is the strength of the Nine Star Martial King in the early stage, and he will be seriously injured by him!"

The gazes they looked at Chen Feng at this time were not only fear and jealousy, but full of panic and reverence as they looked at the gods.

The strength of this young man was beyond their imagination!

And that Wangui cried, his face pale and trembling.

He looked around, as if looking for a way to escape.

He now has no desire to fight Chen Feng at all, because Chen Feng is too strong.

Even the Helian slaying in the early days of King Jiuxing Wu was not his opponent, how could he be able to beat him?

Helian Kuangsha was seriously injured, but he did not panic at all, his eyes were full of spite.

He struggled to stand up, looked at Chen Feng, with a sneer at the corner of his mouth, and said, "Boy, it seems that you are forcing me to use a trick!"

"Okay, in that case, then I will fulfill you!"

As he said, he suddenly roared, and the roar became louder and louder. In the end, it didn't look like the sound he made, but it seemed that a giant beast suddenly awakened in his body.

Then, he opened his arms, and above his body, the khaki light surged wildly. Then, the khaki light seemed to have some kind of resonance and response from the depths of the earth, and it shook crazily.

The earth-yellow light slowly condensed an incomparably huge phantom behind him. The next moment, this phantom suddenly plunged into Helian's violent killing body.

Then, I saw that the body of Helian slaying wildly grew wildly, and grew wildly.

In a blink of an eye, he went from a height of more than three meters to a height of more than 4,000 meters, a giant of more than 4,000 meters one after another.

The mountain where the entire Kuangsha tribe is located seems to have been stepped on by him, and the people below shouted in disbelief: "What is this? I sensed that the strength of the king at this time has been improved from the early days of the Nine Star Martial King. In the mid-stage of the Nine Star Martial King!"

"It turns out that the king has such a powerful method!"

"My lord, what kind of power is this? It can directly increase your strength to a level!"

"This time the king was also anxious by this kid. I never heard that the king used this before."

And the people of the Kuangsha tribe were triumphant, laughing out loud as if showing off: "This is possessed by the blood of the king."

"What? Blood possession?" Everyone exclaimed!

"You don't know yet," the man of the Kuangsha tribe laughed proudly: "You all know that our Kuangsha tribe is the descendant of giants, but you don't know what kind of giant our ancestors were!"

"Tell you, our ancestors were the desert giants who once ruled the desert a million years ago and established an extremely powerful force!"

"What? Desert giant?" Everyone exclaimed.

It turned out that the ancestors of the Kuangsha tribe were desert giants, and they actually have the blood of the desert giants. No wonder everyone in the Kuangsha tribe came out with very powerful strength.

The eyes of everyone are full of envy!

The people of the Kuangsha tribe who had spoken before were even more proud, and said full of showy: "Our ordinary Kuangsha tribe can inherit one percent of the blood of our ancestors, which is not bad."

"Able to inherit one-tenth of the bloodline is already a genius!"

"The king is a rare genius in our tribe. He has inherited a full 40% of the bloodline, so after the bloodline is transformed, the height can reach four kilometers, because the desert giants were all ten thousand meters high. !"

Blood of the Desert Giant!

These six words swept the entire venue in an instant.

Everyone stared at the court with wide-eyed eyes: "You said, who is the better king or Chen Feng now?"

"I think it's still a great king! Because the great king's current strength and momentum are obviously stronger than Chen Feng!"

"Yes, I think so, after the king uses the bloodline possession, he will definitely be able to kill this kid!"

They unanimously looked down upon Chen Feng, and they all believed that Helian's mad killing was more powerful.

[Chapter 2097: The power of blood? I have it too!](#)

At this time, Helian screamed wildly, his arms shook, and laughed: "Boy, have you seen it? I have 40% of the blood of a desert giant!"

"Desert giant, that's an extremely powerful third-class giant. With his 40% bloodline, I can kill you!"

"Are you ready to die?"

Chen Feng looked at him with awe-inspiring eyes. The middle stage of the Nine-Star Martial King is a realm he can't deal with right now, but Chen Feng let out an angry roar: "What about the middle of the Nine-Star Martial King? How can I be afraid?"

"Today, I must rescue the senior sister, for this, even if I sacrifice my life, I will not hesitate!"

At this time, Chen Feng already had the heart to fight for life!

As a result, he roared again and rushed towards Helian madly killing.

With a fierce bombardment, everyone did not expect him to be so brave.

Under such circumstances, he can still attack actively and dare to attack actively!

Helian sneered wildly: "Dare to take the initiative to attack? Really looking for death!"

With that, his huge fist was tearing the air and blasting towards Chen Feng.

And his fist looked awkward and slow, but in fact it was almost at its extreme, directly hitting Chen Feng.

How can you underestimate the strength of the Nine Star Wu King in the mid-term?

This fist blasted directly to smash Chen Feng's fist, and then Chen Feng was beaten up with blood and fell heavily to the ground!

Those who supported Helian's mad killing all showed an expression of winning streak, haha laughed and said, "This time, the king will definitely win!"

"Yes, this kid was hit with a punch and he was almost severely injured. He couldn't hold it for long."

"Kill! Kill! King, kill him!"

Everyone shouted ferociously, hoping that Helian would kill Chen Feng immediately!

At this time, Chen Feng didn't have any fear. He licked the blood at the corner of his mouth, bared his teeth, and revealed a cold smile: "Come again!"

As he said, his figure flashed, and he bombarded Helian again.

This time, he was still knocked to the ground, again spurting blood.

Chen Feng stood up again, laughing: "Come again!"

Chen Feng let out a continuous roar and madly attacked Helian violently killing.

He attacked again and again, and was knocked to the ground again and again, spurting blood, and countless wounds broke out on the surface of his body.

Bloody, like a **** man!

But he still gritted his teeth and kept attacking, so brave that everyone was moved.

Even Helian's slaying face showed a touch of fear: "If you don't kill him today, I will die in his hands in the future!"

A grinning smile appeared in his eyes: "Boy, I'm already impatient with you to take it down, die!"

Wan Gui cried and jumped and made a sharp cry, and said excitedly: "Kill, the king, kill him!"

As he said, the yellow light all over his body condensed on the surface of his fist and fell fiercely towards Chen Feng.

Everyone exclaimed, and they could feel the powerful force contained in this punch.

If Chen Feng was hit, he would definitely die.

But Chen Feng did not give up at all at this moment. He was still thinking about how to win. At this moment, suddenly, after touching that touch of yellow, the blood on the surface of Chen Feng's body, the blood on his body, seemed to be There was a hint of spirituality, and suddenly, it was shining.

In the blood, there were also yellow veins.

This feeling, and the yellow light on the surface of Helian's wild killing body, is actually the same, very close! "

It's just that there is a hint of gold in the yellow, which looks many times more noble than the yellow light in Helian's body!

Then, in the next moment, Chen Feng's brain was immediately clear and bright. He knew that at this moment, the power of blood was awakened.

A crazy thought suddenly occurred in Chen Feng's heart, and he flew up into the sky to meet the punch.

Everyone felt that Chen Feng was dead or alive, but Han Yuer was full of confidence in him.

And the next moment, a scene that shocked everyone appeared. Chen Feng moved forward bravely. After being hit with that punch, he was not beaten up at all.

On the contrary, he stuck to that fist instead.

Then he saw that the surface of his body, among the yellow, the golden rays of light suddenly bloomed, like a small sun.

Then, everyone saw that countless veins appeared on the surface of Helian's wild killing body, like blood vessels, a huge amount of yellow light, instantly rushed through this vein to his fist, and then he was actually caught by Chen. Maple sucked into the body.

As a result, the gold in the yellow on the surface of Chen Feng's body gradually began to become thicker and thicker.

Those golds were originally as small as cow hair, but now they are thicker several times!

Everyone exclaimed: "What is going on here? What is going on here? It seems that Chen Feng is actually absorbing the power in the king's body!"

"Yes, the power of the king is constantly absorbed by Chen Feng, and the power in Chen Feng's body is getting more and more powerful. What's wrong?"

They are all just like seeing a ghost. After all, Chen Feng had already completely taken advantage of him, and he was about to be killed.

At this time, it suddenly reversed the situation, and he started to absorb the power in Helian's mad killing body!

At this moment, what they didn't know, Chen Feng looked at himself and could see that the blood in all the blood vessels in his body was glowing at an instant.

In the blood, the yellow rays of light were tinged with golden tints, and it was flowing continuously, and there was a powerful suction that absorbed the power in Helian's mad killing body.

And in the deepest part of Chen Feng's body, in that hidden corner, his drop of giant blood is quietly emitting a bright light!

Chen Feng laughed loudly: "My bloodline power is activated. My giant bloodline is extremely noble and crushes all giants."

"You are the descendant of the desert giant, then, your bloodline, let me use it too!"

As he said, Chen Feng laughed, and once again urged the blood in his body, and the suction became stronger again.

Helian was completely panicked at this time. He felt the power in his body like a crevice in a levee, madly flowing outwards. Almost instantly, he felt that he was constantly becoming weak.

He yelled in panic: "What kind of ghost practice is this?"

He shook his fist desperately, trying to shake Chen Feng down, but it was useless.

At this time, the power of the two bloodlines is already connected!

Chen Fengru drank alcohol, he could feel the extremely pure giant bloodline power pouring into his body, and then the bloodline in his body became thicker and more pure.

[Chapter 2098: Can lift the mountain!](#)

In his body, above the drop of human essence and blood, from the beginning there was no light to a faint yellow light, and there was still a hint of gold during the period.

In his blood, those golden hairs are ten times more than the beginning!

That endless blood power burst out from Chen Feng's blood, penetrated into his body, penetrated into his dantian, muscles, and bones, constantly making up for it at an extremely fast speed. Chen Feng's injury.

The power of these bloodlines is majestic, and they are healing the injuries in Chen Feng's body at an extremely fast speed. The surface of Chen Feng's body, bang bang bang bang, rupture one by one.

The congestion was squeezed out from the inside and shot out. The injuries inside Chen Feng's body gradually gave birth to new bones, new meridians, and new blood vessels, which completely compensated for the injuries in his body.

The injuries on the surface of his body began to scab, heal, and fall off at an extremely fast speed, revealing his white jade-like skin again.

Chen Feng felt that the strength in his body was restored again and was extremely powerful.

Almost all his injuries were healed in less than a cup of tea!

The power of the bloodline is still soaring at an extremely fast speed. Originally, his bloodline level was the peak of the bloodline of the hill giant, but now he is constantly breaking through from this peak.

Chen Feng vaguely felt that he had already touched the top door of the mountain giant's bloodline.

As long as that door is kicked open, it is suddenly enlightened and can reach the next level!

When his blood is full of golden hair, it's when he breaks through!

And with the continuous growth of the power of blood, the power in Chen Feng's body became stronger and stronger.

At the beginning, Helian, who was terribly panicked, was still able to wave his fists to throw Chen Feng down, but he soon discovered that his fists were extremely heavy.

When he waved, he felt sore and weak in his arms, almost unable to wave.

Helian smashed in shock: "Is it true?"

He was completely panicked. Suddenly, a venomous color flashed in his eyes: "Little boy, I don't believe you can pass this mountain harder!"

With that, he actually slammed his fist straight to the ground.

His plan turned out to be to smash Chen Feng on the ground, which is equivalent to smashing Chen Feng onto a stone mountain. Chen Feng will inevitably form a ball of meat pie in the squeeze between his fist and the stone mountain. .

Of course, this is just his idea.

Everyone exclaimed, watching this scene, if Helian's wild killing can succeed, the situation can be reversed.

At this time, Chen Feng showed a sneer at the corner of his mouth. How could he not see Helian's intention to kill?

Chen Feng didn't stop him at all, and went straight down.

Helian Kazed eyes with excitement, and shouted ferociously: "You boy, die!"

However, a scene that shocked him incomparably appeared. When Chen Feng's body and his feet touched Shishan, he did not fall directly as Helian had expected.

On the contrary, Chen Feng's legs are deeply rooted in the rocky mountains, like the great pillars of the sky, extremely powerful and motionless!

Helian screamed furiously, urging the momentum one after another, trying to smash Chen Feng, but the more he urged the momentum, the faster his power would flow to Chen Feng.

Chen Feng continued to absorb its power almost at a crazy speed, and soon, the golden hair in Chen Feng's body was already half of it.

But Helian violently killed the power in his body, which was lost.

Chen Feng yelled: "Helian killed wildly, widen your dog's eyes to see clearly, who is dead today!"

As he said, his arms used force, as if they were connected to the rocky mountain, and the endless earth force penetrated into his body.

The surface of Chen Feng's body was filled with yellow light, and the golden brilliance like cow hair circulated in it.

Then he exhaled and shouted, his arms strained.

In the next moment, everyone gave a huge exclamation: "God, what did I see?"

"Oh my God, this is impossible, this can't be true! After the transformation, the king was four kilometers tall and weighed like a mountain. He actually gave the king to..."

It turned out that at this time Chen Feng's extremely powerful arms actually grabbed the hands of Helian slaying wildly, and then, struggling to move up!

With a bang, Helian's mad killing was directly lifted by Chen Feng.

Head down, feet up to the sky, the whole person is extremely embarrassed!

Chen Feng actually slayed Helian, who was more than four thousand meters high, and lifted this huge existence tens of thousands of times larger than him.

It's like a tiny human being lifted up a big mountain. What a tyrannical force is this?

This scene made everyone shocked stupid!

too strong! The shock that this scene insisted on gave them is like breaking the world!

Helian was struggling frantically, but he felt that his arms were cast into a huge metal block, and he couldn't get away no matter how hard he struggled.

He could only kick his legs frantically, twisting his whole body, looking extremely ridiculous.

However, it is still useless!

Seeing his embarrassed appearance, everyone below couldn't help but ridicule. Only the ten thousand ghosts cried and paled in fright. He seemed to want to find a chance to escape quickly. The farther away from Chen Feng the better.

Chen Feng laughed loudly: "Helian slayed wildly, now, who is looking for death?"

As he said, he used his arms to absorb at a faster speed.

Helian Kuangshi suddenly felt a violent pain all over his body. The bones and blood vessels seemed to be separated from his muscles, making him feel like suffering in the fire, the pain to the extreme!

At this moment, she left the ground and lost her reliance. The resistance in her body has also become much weaker, and Chen Feng can absorb it faster.

In Chen Feng's blood, the golden color like cow's hair was growing crazily almost at a speed visible to the naked eye, his strength became stronger and stronger, and Helian's wild killing was like a deflated balloon.

He immediately realized that if he continued like this, he would definitely die.

He roared with humiliation: "Spare me! Please, spare me! Don't kill me!"

There was a huge uproar at the scene: "He actually begged for mercy?"

"Helian begged for mercy when he violently killed the king? He even thought he was not Chen Feng's opponent!"

No one thought that he would beg for mercy.

Chen Feng smiled coldly and sternly shouted: "Helian kills wildly, you have to die with dignity! Don't all die, let me despise you!"

[Chapter 2099: 300 million catties of huge force!](#)

After speaking, Chen Feng let out a violent roar, and finally spurred the blood force and absorbed it frantically.

Helian Kuangsha let out a terrible scream, and the last bit of blood in his body was absorbed by Chen Feng.

So in an instant, Chen Feng's bloodline was completely condensed by the golden color like cow hair.

Chen Feng's blood was like gold cast, and then the surface of his body shone with incomparable light.

It's just that this light is already completely made of golden structure, bright and gorgeous!

Chen Feng felt that something in his body suddenly shattered with a bang, as if the shackles were opened, broken free, and broken.

Then, a sound like a big river came from his body.

In his perception, the blood veins in his body have really become large rivers, and the blood flowing inside is golden, sending boundless tyrannical power.

But in the corner of the deepest part of Chen Feng's body, that drop of giant blood turned directly into a piece of gold!

A smile appeared at the corner of Chen Feng's mouth: "At this time, my giant bloodline, you have evolved to the level of the desert giant bloodline, and now it is the third evolution."

After evolving into the blood of the desert giant, Chen Feng naturally had countless messages in his heart. *NovElsB.com*

He clenched his fist, felt the incomparable power from his body, and whispered to himself: "Now, I have 300 million jin of power!"

"One punch can break the mountain!"

"With both arms, you can lift a mountain top!"

At this time, Chen Feng still had a lingering fear in his heart, and whispered in a low voice: "After he invigorated the blood, he already has the strength of the mid-stage Nine-Star Martial King, and I can't deal with the mid-stage Nine-Star Martial King at all."

"Fortunately, his blood is also the blood of a giant, which can be absorbed by me and used by me."

"That's why I broke his bloodline stimulation technique. Otherwise, I will replace it with another Nine Star Martial King in the middle stage. I guess I will explain it here today!"

At this time, in his body, Helian, whose bloodline power had been completely absorbed, could no longer maintain the form of a giant.

His body returned to the size of more than three meters again, his face was pale, and his aura disappeared without a trace.

Everyone exclaimed: "Helian slayed wildly, has his cultivation base already been abolished?"

At this time, Helian slaying wildly had no power to fight back.

Chen Feng suddenly straightened up and looked at everyone. Everyone was shocked. People who came into contact with Chen Feng's eyes quickly lowered their heads and dared not look at him!

At this moment, Chen Feng's eyes flashed suddenly and he saw a sneaky figure, about to hide away quietly.

Chen Feng said loudly: "Thousand ghosts are crying, do you want to run?"

"What run? Come and fight me!"

"Before, didn't you say that you want to kill me easily?"

Wan Gui was crying and trembling, his face extremely pale.

He turned around, squeezing a smile on his face that was even more ugly than crying. He suddenly turned around, knelt on the ground and banged his head and said loudly, "Chen, Master Chen, I dare not fight with you, I admit it is not. Your opponent."

"Please spare me, spare my life!"

A sneer appeared at the corner of Chen Feng's mouth and said, "You want me to spare your life?"

"Okay, as long as you catch my move, I will spare you!"

With that, Chen Feng directly grabbed the huge body of Helian Killing Knife, and slammed into Wan Gui crying.

The momentum is fierce!

Wan Gui cried and screamed sternly and madly resisted.

However, it is of no use.

At this time, Chen Feng's strength was extremely strong. He threw something at random and had extremely powerful strength, reaching hundreds of millions of catties.

With this one, he directly shattered all the defenses of Wan Gui Cry, smashing his body into a pool of flesh and blood.

And the power that Chen Feng had buried in Helian Kuangkiller before broke out again, directly blasting him into a rain of blood.

Eight-star King Wu, ten thousand ghosts cry and die!

Jiuxing Wuwang, Helian killed wildly, died!

Han Yuer let out a cheer and ran directly into Chen Feng's arms. She whispered: "Junior Brother, I know you are the best!"

Chen Feng held her firmly in his arms and said softly: "Sister, I will never let you hurt!"

But, at this moment, suddenly Han Yuer was shocked.

Chen Feng immediately felt that Han Yuer's whole body was shaking up and down, and then the next moment, Han Yuer suddenly groaned.

Chen Feng felt that his neck was hot. He quickly looked at it in amazement and saw that Han Yu'er spurted out a mouthful of blood, and her face was pale, and the vitality in her eyes was rapidly fading.

Her body also slid down softly, and she was directly in a coma.

Chen Feng was shocked suddenly, holding her and shouting loudly: "Senior Sister! Senior Sister! What's wrong with you, Sister?"

Seeing this scene, all the people below were also stunned. They didn't know what was going on, and they were quite flustered for a while.

As for the people of the Kuangsha tribe, they all moved in their hearts. While Chen Feng was taking care of Han Yu'er and he had no time to take care of him, they all quietly retreated from the crowd.

They winked at each other, as if they were planning something, they were preparing something!

Seeing this scene, Li Qiurong's expression also changed, and then she hurried forward and came to Chen Feng.

She glanced at Han Yu'er's condition, immediately frowned, and said softly, "Master Chen, you..."

When she said this, she paused, and then gently spit out two words: "Madam."

When she said these two words, she felt a bit tingling in her heart.

Chen Feng said, "Do you know what happened? Do you know what's going on? Don't you?"

Li Qiurong said softly: "I once followed one of the most savvy healers in this desert, Nine Fingers Xue Shen Medicine's medical skills for a period of time, you can see a little bit, let me see."

"Okay!" Chen Feng nodded and looked at her hopefully.

Li Qiurong stepped forward, took a closer look at Han Yu'er's situation, and even opened her eyelids for a while, then whispered:

"Young Master Chen, this girl should have used some very expensive secret method before, so she consumed most of the anger in her body."

"She has no loss of skill, even after waking up, she will be like a normal person, but most of her vitality has been consumed, and only a few months are left."

"am I right?"

Chen Feng suddenly remembered the words that Han Yuer had said before he used her martial soul to block the fatal blow for herself before falling off the cliff.

[Chapter 2100: The real desert giant!](#)

He was struck by lightning immediately, and he was almost stupid.

He was startled and said: "Yes, that's right, you are right."

Chen Feng immediately asked hopefully: "Nine-finger genius doctor, can he cure this disease? Can he rescue my senior sister?"

Seeing that Chen Feng missed Han Yueryuan so much and was so eager in his heart, Li Qiurong felt a sorrow in his heart, but he resisted the sorrow and said softly, "I can't guarantee this."

"However, if anyone in this desert can do it, then there is only God Doctor Xue."

"Good, good!" Chen Feng said eagerly: "You take me to see him immediately."

Li Qiurong nodded. She is an extremely calm woman. At this time, she has put her emotions aside and made her own accurate judgment.

Chen Feng has such a strong strength, and if the Li family can forge friendship with Chen Feng, then the future of the Li family is absolutely limitless.

And when Chen Feng was holding Han Yu'er and wanted to leave, suddenly, there was a thunderous roar in front of him, which was full of hatred: "Chen Feng, you killed our patriarch of the tribe, Want to leave like this?"

"Under the circumstances, how can there be such a cheap thing?"

At the next moment, everyone suddenly heard a rumbling sound.

Boom boom boom!

There were bursts of huge explosions, each with a strong sense of rhythm.

Every moment, there will be a violent explosion, just like countless people stomping the ground at the same time, and like tens of thousands of muffled thunders exploding at the same time, and then it will explode again after that moment!

Everyone was shocked, looking back, and then they saw a scene that shocked them.

It turned out that at this time, on the periphery of the venue, it was completely surrounded by the Kuangsha tribe's clansmen, and more than 100,000 Kuangsha tribesmen gathered here.

And every Kuangsha tribe with a height of more than ten meters holds a huge iron pillar that is ten meters high and more than one meter in diameter.

I don't know how heavy this huge iron pillar is, but with the power of their descendants, they are very difficult to lift.

They were holding these huge iron pillars, and on the top of each iron pillar, a yellow ball was cast, like brass casting.

Boom boom boom, they kept smashing the iron pillars in their hands to the ground, and hundreds of thousands of people lifted and fell at the same time, uniformly!

Every moment, they smashed this iron pillar on the ground once, which has a sense of rhythm.

This sound was okay at first. After listening for a while, many people felt dizzy and uncomfortable. Some people even lost their balance, fell to the ground, spurted blood, and suffered serious injuries!

Chen Feng's eyes swept away. Although he was young, he had extraordinary insights. He could tell at a glance that this was an extremely powerful formation!

Chen Feng showed a sneer at the corner of his mouth, looked at them, and said lightly: "Do you think this formation is useful for me?"

At this time, the people of the Kuangsha tribe suddenly dispersed, and in an instant, these hundreds of thousands of people turned into nine large formations.

There are more than ten thousand people in each big formation, surrounding this huge square, and each big formation of 10,000 people is divided into one hundred big formations.

They have obviously not known how long they have been training this large formation. They are extremely skilled, straddling the mysterious footwork under their feet, and the iron pillars in their hands are constantly hitting the ground.

Suddenly, on the iron pillar in their hand and the yellow sphere at the top, there was a thick and incomparable yellow mist, transpiring.

Soaring up into the sky, like a bunch of yellow smoke, and then, those yellow mists gathered into a thick and incomparable breath. In the yellow mist, there was actually a phantom about to take shape.

There were waves of fierce roars constantly coming, this roar seemed to come from the ancient prehistoric, full of powerful aura, making everyone discolored.

The leading general of the Kuangsha tribe laughed and said: "Chen Feng, we are not here to kill you at all, we are to summon our ancestors!"

Call the ancestors!

This word shocked everyone's heart.

At this moment, countless people instantly remembered an ancient legend about the Kuangsha tribe.

"In the legend, the Kuangsha tribe is not only the descendant of the desert giant, with the blood of the giant, but also in their tribe, there is even a real giant living in it."

An old man exclaimed that he was a well-informed person and had heard such rumors.

When these words were said, everyone was in an uproar, and Chen Feng raised his eyebrows, and there was also a sense of awe-inspiration in his eyes.

The general of the Kuangsha tribe, Helian Kuangxiong, laughed at this moment: "Yes, you are right, we are planning like this!"

"Today, it is time for you to see how our Kuangsha tribe is truly powerful! It is also time for you to know that we have offended our Kuangsha tribe!"

At this time, he still had another consideration in his mind. Today, Helian's mad killing was beheaded by Chen Feng, which caused the reputation of the Kuangsha tribe to fall, and it is difficult to say whether it can maintain the rule here in the future.

And now, if everyone knows how powerful their ancestors were, then at least they can maintain the Kuangsha tribe's foundation for hundreds of years!

Before the words fell, suddenly, in the void, those yellow auras condensed out of thin air and became a huge drum of war.

A drumstick was born out of thin air, bang bang bang, and slammed on the war drum again and again, and the boundless ripples spread out.

In the void, there seemed to be a wave of volatility quietly appearing, shaking people's hearts, and as the drums became louder and louder, it made people feel as if they were in the ruins of an ancient battlefield.

And with the sound of an accent, there was a sudden rumbling, resounding like a thunder, and a huge roar suddenly appeared from the back mountain.

Then, everyone felt that the mountain was shaking violently.

Then, as far away as they were, they saw a behemoth approaching here.

The behemoth was so tall that it gave people the illusion that it was walking on a mountain instead of a creature.

Everyone opened their mouths wide and let out a shocked voice: "This, what kind of existence is this? It is so huge? It feels almost in succession!"

Every step that huge creature took, it had crossed a long distance, and the mountain in the town shivered.

In an instant, he came to the front, and everyone couldn't help taking a breath.

It turned out that this was actually a khaki giant, the height of this giant reached a full tens of thousands of meters!
