

Peerless 2101

[Chapter 2101: Battle! Desert giant!](#)

His whole body is earthy yellow, and the yellow light on the surface of his body is constantly flowing, giving people a very strong and condensed feeling.

His appearance is similar to Helian's mad killing just now, but his aura is many times higher than Helian's mad killing?

This is a genuine desert giant!

Seeing the emergence of this desert giant, the people of the Kuangsha tribe were all very excited and murmured.

They danced continuously, just like holding a sacred sacrifice.

The desert giant let out a low growl: "Who is it? How dare you interrupt my retreat?"

"Do you know the consequences of this?"

The general of the Kuangsha tribe, Helian Kuangxiong, fell to his knees and respectfully said: "My ancestors, we didn't intentionally disturb your retreat."

'It is true that a powerful enemy has killed them, wantonly slaughtering the tribe, even the patriarch was killed by him, we can not resist, we have to turn to you! "

As he said, he stretched out his hand and pointed at Chen Fengfeng and said loudly: "It's her, he killed the patriarch!"

The desert giant's eyes condensed, looked at Chen Feng, and said lightly: "Did you kill Helian?"

Chen Feng touched his nose, smiled and said, "It seems so."

He didn't have any denial, because he was not afraid, even if this giant seemed to be much stronger than Helian's slaying, but so what?

The desert giant looked at Chen Feng and said lightly: "These people are the descendants of our desert giants. They have our blood. Although they are not very close to us, they are ultimately a family."

"Moreover, I have stayed here for thousands of years. I am enshrined by them and sacrificed by them every day. I can't accept these in vain."

"Today, I will get rid of you for their tribe."

After he finished speaking, everyone raised their brows, but he didn't expect him to speak so neatly.

And he took it for granted, as if he said that if he could kill Chen Feng, he would definitely be able to kill Chen Feng.

Chen Feng looked at him with a slight smile on his lips: "You want to kill me, right? Then, come on!"

He reached out and handed Han Yuer to Li Jiarong, and said softly, "Help me take care of it."

"Okay." Li Qirong nodded solemnly, "Don't worry, she must be fine with me."

Chen Feng looked at the desert giant with a solemn expression. Although he said it lightly, in fact, he felt that this desert giant was today his number one enemy in this wild sand tribe.

His strength is very powerful!

Chen Feng felt that he was not sure about it!

The desert giant looked at Chen Feng, suddenly a cold smile appeared at the corner of his mouth, and he patted his hands on the ground. Suddenly, countless huge yellow clay stone walls appeared around his body.

These stone walls squeezed hard towards Chen Feng.

Chen Feng screamed, and bombarded with both fists one after another, rushing towards the stone walls, and directly smashing them.

At this time, Chen Feng had exhausted all the power of the dragon descending Arhat, but Chen Feng could still be infinitely powerful only with the strength of his body!

After all, he now has a full 300 million catties of strength!

The power of blood, crazy urges!

The desert giant smiled slightly and waved his hand, and more stone walls appeared beside Chen Feng's body.

Chen Feng continued to bombard, continue to break, and then the stone wall appeared again, as if it were endless.

Chen Feng frowned: "This desert giant's fighting method is really..."

The people around him also booed: "Did you fight like this? It's endless, right?"

The desert giant looked at them, and the voice like Hong Zhong was full of wisdom: "We have lived longer than ordinary people for many years. We will naturally choose the best way to fight."

"Don't you think that this is the safest and least expensive way?"

Everyone is speechless!

And his method was obviously extremely effective. Chen Feng was already panting, sweating profusely, and his body was exhausted.

He knows that if this continues, he will be consumed alive. The power of the desert giant to control the soil and rock is really superb and endless.

With a sharp roar, Chen Feng jumped up into the air and launched an attack on the desert giant.

And a smile appeared on the corner of the desert giant's mouth: "What I'm waiting for is now!"

With that said, he also blasted out with a punch.

The yellow light condensed, with a boom, the two collided together.

With a wow, Chen Feng spouted a mouthful of blood, and was knocked down and flew thousands of meters away, and his whole body was smashed to the ground.

He felt that all the power in his body was squeezed out, and all the bones and flesh were smashed to pieces.

Chen Feng was shocked: "Now when I hit the peak of the Eight-Star Martial King with a single punch, if I use the Shenlong to destroy the world, I can reach the early stage of the Nine-Star Martial King."

"The strength of this giant has definitely reached the mid-stage of the Nine-Star Martial King, and it is several times stronger than Helian's mad killing just now, and it is impossible for me to resist!

The next moment, before Chen Feng could react, the desert giant made a move with both hands. Suddenly, an extremely huge yellow giant fist was formed over Chen Feng's head, and it slammed into Chen Feng.

Chen Feng shook his arms, punched upwards, and with a bang, the two collided together. Then, Chen Feng was smashed and spurted blood again, and his injuries were even more serious!

Next, the desert giant seemed to be playing tricks. He changed dozens of ways one after another to ravage Chen Feng.

Chen Feng was beaten so terribly that he was already seriously injured and dying.

He also saw at this time that this desert giant was actually enough to kill himself by relying on his mid-stage power of the Nine-Star Martial King, but he did so, just to play with himself.

At this time, the calm and calm smile on the desert giant's face disappeared, and suddenly turned into a hideous, terrifying smile:

"Little bastard, do you feel it now, I'm actually playing you?"

"Hahahaha, you feel right, I will tell you why!"

"Do you know that, in order to make Helian's mad killing have today's achievements, I poured 30% of the blood in my body into his body, and you ruined my efforts! How can I spare it? you?"

He suddenly waved his hand, and suddenly, a dozen yellow lights suddenly appeared, and then he came directly to Chen Feng, turned into countless shackles, and firmly bound Chen Feng.

Chen Feng couldn't move a single move.

The desert giant faintly said: "Killing him like this is too cheap. Put him in jail first."

Then, he pointed to Helian Kuangxiong and said, "From today, you are the patriarch of Kuangsha tribe."

[Chapter 2102: Jade bone and golden muscle!](#)

Helian Kuangxiong was so excited that he nodded quickly.

Then, the desert giant's mouth showed a cold color, and he looked at Han Yu'er and said, "Doesn't this kid care about this little girl the most?"

"Okay, so surely, if this chick is in pain, he will be even more painful!"

He smiled coldly and said: "Ten days from now, marry this little girl. Then, after you two bridal chambers, kill this little boy!"

"Good! Good!"

"Kill!" Everyone in the Kuangsha tribe screamed frantically, all laughing.

They felt extremely happy to torture Chen Feng in this way.

Helian Kuangxiong waved his hand, and suddenly, many Kuangsha tribe masters swarmed up, bound and imprisoned Li Qiurong and others, and pushed Han Yu'er back into the big tent.

At this moment, Chen Feng could clearly see this scene, but he could not move, even unable to speak a word.

At this time, he was already weak to the extreme.

Chen Feng was taken into a grotto in Houshan.

This grotto has been abandoned for a long time, it is extremely dirty and dilapidated everywhere, even without a gate, it has been occupied by wild beasts for many days.

There are bird and beast dung everywhere, and the location here is also extremely remote. Outside the cave is a tall stone forest. If there is no special guide, it is impossible to find here.

The cave is extremely deep, hovering all the way down for several kilometers.

The dozen or so big men of the Kuangsha tribe carried Chen Feng all the way, and naturally they inevitably punched and kicked, and their fists kept falling on Chen Feng.

After a drop, Chen Feng was beaten and vomited blood, with several more wounds on his body.

But he didn't say a word, he just looked at the people of these Kuangsha tribes with extremely cold eyes.

The expressions on these people of the Kuangsha tribe were arrogant and arrogant at first, but later, their expressions turned into a hint of surprise, and then they became restless and panic.

In the end, it even turned into boundless fear, and didn't dare to look at Chen Feng at all!

They came to the deepest part of the cave, threw Chen Feng to the ground in a hurry, and then immediately turned and left, panicking like a dog in the house.

It was as if it was not Chen Feng who were imprisoned, but them.

"This kid is too evil!"

"Yes! The look in his eyes gives me the feeling that it can almost kill us!"

"There is a sense of injustice in this kid's heart, I always feel that we are going to die this time!"

They talked a lot, leaving with panic.

As for Chen Feng, he looked extremely sluggish and exhausted, but at the moment they left, Chen Feng's eyes suddenly burst into light.

His eyes were full of confidence, and there was a sneer at the corner of his mouth, and he said softly: "No matter how you count it, you can't count my state at this time!"

It turned out that in Chen Feng's body at this time, within his bloodline, the bloodline power was surging crazily outward.

These golden powers, like countless golden cow hairs, passed through Chen Feng's blood and entered Chen Feng's muscles and bones.

In Chen Feng's muscles, all the injuries were instantly expelled and then recovered.

Then, after the golden cow hair penetrated, it began to evolve and upgrade.

Soon, Chen Feng's muscles became golden, like gold casting. After transforming his muscles, those blood-like powers penetrated into Chen Feng's bones, constantly in.

Chen Feng seemed to be dead at this time. From the outside world, he lay motionless with his eyes closed.

But in fact, his body is undergoing a powerful evolution.

Time went by little by little, and I don't know how long it took. Suddenly, Chen Feng let out a muffled roar, and suddenly straightened.

"what!"

He roared, and inside his body, a golden light shined.

Chen Feng's body turned into a translucent body, making his muscles golden, and his bones turned into a white jade color.

Golden and jade, bright and brilliant! People almost dare not look directly!

A smile appeared at the corner of Chen Feng's mouth: "This bloodline is really powerful!"

"After I was promoted to the bloodline of the desert giant, the power of the bloodline greatly improved my body. The battle with the desert giant just now catalyzed the power of the bloodline and fully aroused it."

"I seem to be seriously injured and dying, but in fact it is safe and sound. Moreover, the power of blood has transformed my body and made my body stronger!"

"At this time, my body muscles are the color of gold, and my bones are the color of white jade. Is this the legendary jade bone and golden muscle?"

Jade bones and golden muscles are a powerful realm in the legend.

It is said that only after reaching the peak of the Martial King realm, can the skeletal muscles of the whole body be turned into the color of white jade and gold.

At this time, relying solely on the body, without any moves, or even martial arts cultivation, can crush other powerful martial arts.

And Chen Feng, who is only the Six-Star Martial King, has directly achieved this kind of jade bone and golden muscle!

Really tyrannical!

A smile appeared at the corner of Chen Feng's mouth: "Now, my body is already full of bones and muscles, and the most important point is..."

He took a deep breath: "Now, my body can withstand the third heaven of the Dragon and Arhat Scriptures!"

"Then, what we need to do now is naturally..."

Chen Feng suddenly smiled, sat up, the corners of his mouth curled up, and slowly uttered two words: "Breakthrough!"

His voice was boundless and magnificent, shaking the cave.

Then, Chen Feng directly waved the Golden Dragon ring, and a pile of black yellow stones appeared in front of him.

These profound yellow stones were obtained from the Blood Camel Sect before, and there are about 40,000 pieces left.

A slight smile appeared at the corner of Chen Feng's mouth, and he whispered: "More than 40,000 black yellow stones, shouldn't it be enough for me to break through?"

As he said, he pressed his hands on it, and the power of the dragon descending arhat gushed out, and it instantly shattered all these Xuanhuang masters.

Then, the incomparably powerful Xuanhuang power poured directly into Chen Feng's body. Chen Feng had already had 1,999 dragon powers, staying on the peak of the second heaven for a long time.

During this process, he absorbed a lot of Xuan Huangshi, and his strength had already been reached, but because the body had been unable to bear it, there was no breakthrough.

At this time, as soon as these Xuanhuang powers entered Chen Feng's body, it immediately caused an uproar.

With a bang, there was a huge hum in Chen Feng's dantian. The two dragon descending Arhat Bright Beads were all rotating at an extremely fast speed, and the white light bloomed on the surface, extremely bright!

[Chapter 2103: breakthrough! The third day!](#)

Chen Feng's 40,000 broken black yellow stones, the strength of the black yellow stones, became the last straw that crushed the camel.

With a boom, Chen Feng felt that there was a hum in his body, as if some obstacle had been directly broken in his dantian.

Her body suddenly opened up, and her brain was clear.

Chen Feng felt that all around was clear and bright!

Then the next moment, those Xuanhuang powers were swept into the two dragon descending Arhat Bright Orbs, the descending dragon Arhat Bright Orb suddenly made a huge roar, and a powerful force of descending Dragon Arhat was spit out from inside.

This power is so powerful that Chen Feng's body was shaken.

It's just that the shackles that bound Chen Feng's body are really strong enough, and they are made of precious metals using secret methods, so that they can't be broken and broken free with this strength.

But Chen Feng didn't care, because at this time, his attention was all attracted by Dan Tian.

Those majestic and majestic powers of the dragon descending arhats condensed an existence the size of rice grains directly next to Chen Feng's two dragon descending arhat bright beads.

Although this existence that is the size of a grain of rice is extremely small, it is also shining with bright white light, and it is filled with a strong power to lower the dragon.

This is surprisingly the third light pearl of the dragon descending Arhat!

Chen Feng felt that the power of the dragon descending arhat in his body was surging like a big river.

He opened his eyes, the light was shining, and his mouth slowly said: "I have already broken through to the third heaven of the General Outline of Jianglong Arhat Sutra!"

Behind Chen Feng, the dark golden light surged, and the roar of thousands of dragons inside simultaneously sounded.

Chen Feng's power at this time has directly increased from the power of one thousand nine hundred and ninety-nine dragons to the power of two thousand dragons!*NOVeluS&.cOm*

Regardless of the difference in the power of a dragon, there is a huge difference.

Because this is a realm difference.

But, it just ends here, these mysterious yellow stones are not enough for Chen Feng to obtain more dragon power and reach a higher realm.

Chen Feng Knight's third dragon descending Arhat Bright Orb is just in a new state!

Chen Feng stood up, slapped his arms with force, and all the chains on the surface were broken.

These chains, in front of his 2,000 dragon power, can be said to be vulnerable!

At this time, Chen Feng felt extremely hungry. He felt that he was extremely hungry, even his hungry eyes were red, his eyes were ferocious and his face was distorted.

He felt that he was going crazy from hunger, and he had to swallow a lot of things to relieve him.

There was even a thunderous sound in Chen Feng's stomach.

Chen Feng knew that this was not because he was really hungry. In fact, this feeling of extreme hunger came from the third dragon descending Arhat Light Orb.

Chen Feng knew that the Dragon Dropping Arhat Bright Pearl urgently needed a lot of strength and urgently needed to become stronger, so there was such an urgent and strong sense of hunger.

Chen Feng now needs a lot of strength to strengthen himself.

Suddenly, Chen Feng's expression changed. He felt the power of the dragon descending arhats in his body, the dark golden light, and he launched an attack against the power of blood in his body.

They slammed on a bloodline, and the bloodline's power was without any defense, it was directly broken into pieces, and that bloodline was immediately exposed to the power of Jianglong Arhat.

Then, the power of those dragon descending Arhats directly swallowed Chen Feng's blood, extracting a large amount of golden power from it, and instilling them towards the third descending dragon Arhat Bright Orb.

Chen Feng's body suddenly suffered a sharp pain, and the power of that bloodline immediately boiled, making waves of howling, extremely angry, and ready to launch a counterattack against the power of the dragon descending Arhat.

Chen Feng was completely stunned, he didn't expect this to happen.

The next moment, he reacted, his face was full of horror.

"This power of descending the dragon and Arhat is so overbearing? When he couldn't get any external power, he started to extract the power of blood from my body?"

"To kill each other?"

"This is too cruel!"

Chen Feng hurriedly got distracted and suppressed both sides. It took a long time to suppress the agitation of the power of the bloodline, and then pressed the power of the dragon descending arhat back into his dantian.

At this moment, he just took a light breath, some lingering fears.

"In fact, the power of blood can strengthen the body, and the stronger the body, the stronger the strength I can withstand, and the more I can rise to a higher level. The two complement each other."

"But if one can't handle it, they will kill each other."

At this time, the extreme hunger is coming again.

Chen Feng was awe-inspiring, and said to himself: "If you can't find a large amount of Xuanhuangshi in a short time, or if it is swallowed by the Heavenly Spirit and Earth Treasure, then you will no longer be able to suppress it in the Arhat House."

"It will directly swallow the power of my blood, and even swallow me whole to fill the light pearl. This is the overbearing conceit of this technique!"

Chen Feng himself roughly estimated the time, and he can support at most one hour, which means that after one hour, he must find a large amount of Xuan Huangshi.

Chen Feng cast his gaze on the way from the grotto: "I can sense that the aura of the desert giant is still there. If I go to the Kuangsha tribe to find Xuanhuangshi now, then I will definitely be stopped by the desert giant."

"The current me is not his opponent at all. If I add strength, then it should be the same, but now I can't beat him!"

"But, except for the Kuangsha tribe, where can you go?"

Chen Feng thought for a moment, feeling the increasingly intense hunger, he gritted his teeth and prepared to kill the Kuangsha tribe.

But at this moment, suddenly, Chen Feng felt that there was a part of his body that was warm, and there was a buzzing sound.

Chen Feng immediately raised his brows: "What is this?"

Then, he stretched out his hand and took out something.

A surprised look appeared on Chen Feng's face: "This is?"

At this moment, what appeared in Chen Feng's palm was a small white Yuchan.

At this time, above the white jade chan, a scorching white light was emitted, and there was a slight buzzing sound!

Chen Feng immediately remembered that this white jade chan had been obtained from the elder Kou Gaoyang of the Silent Blade.

At the beginning, he asked Kou Gaoyang about the usefulness of this white jade chan.

This white jade chan is really a rare treasure. Once it touches the existence of a treasure within a certain distance around it, then the white jade chan will make a buzzing sound, and it will vibrate and emit heat. White light!

[Chapter 2104: A hidden treasure?](#)

And before, Chen Feng had never encountered such a situation. This was the first time that he hummed in Chen Feng's hands.

This white Yuchan can be used three times in total, and has been used once before, this is the second time.

Chen Feng was immediately astonished, and said: "From the time I got this treasure to the present, I have encountered countless treasures, even of extremely high levels."

"But it has never given out civilization. Could it be that there is an extremely rare treasure nearby?"

Chen Feng was immediately excited!

Chen Feng immediately picked up the perception and diverged toward the surroundings.

However, he felt it for a while, but it had no effect, and he couldn't perceive it at all.

Chen Feng suddenly slapped his forehead and whispered: "It's so stupid, I can't think of it!"

then. He held the white jade chan and slowly turned in all directions.

Observe the reaction of the white Yuchan in every direction.

When Chen Feng pointed to the path, the light on the white Yuchan's surface immediately dissipated a lot, and the heat was also reduced a lot.

When pointing to the rock wall at the deepest part of the cave, a burst of bright white light burst out immediately.

Chen Feng was overjoyed: "It really works."

After Chen Feng turned around, he locked a position.

When pointing there, the entire pre-production will flash with extremely bright, white light, and the whole body is hot!

"That's it!" A smile appeared at the corner of Chen Feng's mouth, and he shot out with a fist.

With a loud bang, a big hole was directly broken in the stone wall in front of him. Chen Feng took a few steps forward, and the light above the white jade chan in his hand became hotter, and the buzzing sound became even more intense. Rang.

Just like this, Chen Feng held the white Yuchan in his left hand, punched forward with his right hand, and continuously and fiercely bombarded out, smashing a channel directly into the thick cliff.

I have been going forward for a full kilometer, but there is still no end.

There was still a thick stone wall in front of him, but Chen Feng was not in a hurry, he still kept pushing forward.

Finally, it was time for another cup of tea. After Chen Feng destroyed another three-hundred-meter-thick rock wall, suddenly, as Chen Feng punched out again, there was a bang in front of him. An extremely hollow voice came.

In front of him, it suddenly became clear!

It is no longer the thick rock wall, but an extremely large mountainside space!

What appeared in front of Chen Feng was a huge cave with a height of several thousand meters and a radius of tens of thousands of meters.

And Chen Feng is in the middle of the mountain wall at this time!

When Chen Feng saw the situation in the cave, he was immediately stunned.

In this cave, there are four mountain walls, but half ice, half fire, half yin and half yang.

On both sides of the stone walls, there are waterfalls that are thousands of meters high and flow down, evaporating countless water vapor.

Obviously, there is an underground river underground here, where there is a fracture, and it turns into a waterfall to roll down.

These two waterfalls merge into a deep pool at the bottom of the valley, forming countless streams and lakes, making the cave in this cave with lush vegetation and very beautiful.

But it was not this that shocked Chen Feng, but that there were countless stalactites hanging on the top of this cave.

These stalactites, it is no longer known how many years have passed, they have been transformed into the color of white jade, extremely beautiful, and these stalactites have formed the shape of medicinal materials!

Chen Feng suddenly exclaimed: "Petrochemical medicinal materials?"

"This is a medicinal material emulsified from a stalactite! Far more precious than ordinary medicinal materials, it can be called a treasure of heaven and earth!"

It turns out that there are no wonders in the world. The medicinal materials are not only herbs, not only grown from the stones in the ground, and even some stones can be turned into medicinal materials after a very long time.

This kind of stone-formed medicinal material is far better than ordinary medicinal materials. I don't know how many times!

To form such a medicinal material, first, there are extremely high requirements for the material of the stone, and it must be exquisite like a beautiful jade.

The second is that this stone must grow under a large piece of medicine, and the power of absorbing these medicines for tens of thousands of years can be achieved.

In other words, every medicinal material emulsified from a stalactite has absorbed the power of unknown medicinal material to become the petrochemical herb in front of me.

This kind of medicinal material made by emulsification of stalactites can be sold for hundreds or even thousands of Xuan Huangshi on the outside.

But here, on the top of this cave, there are layers of barriers, there are hundreds of thousands, how can this not make Chen Feng excited?

However, Chen Feng's excitement didn't stop there.

Directly below the medicinal materials made from these stalactites, in the sky, there was a huge alchemy furnace, which was huge.

It was a hundred meters high, and hundreds of meters around, more than any alchemy furnace Chen Feng had seen before.

There is no iron chain around it, it just floats in the air, under these petrochemical medicinal materials.

Inside the furnace, red light flickered.

The alchemy furnace continued to rotate, and along with its rotation, a large amount of milky white spirit was extracted from the petrochemical medicinal materials.

On the other two walls of this cave, there is boundless lava rushing out.

This boundless lava is like digging a volcanic crater. It is extremely large and extremely hot. The place where Chen Feng is located is right next to a lava river. It was so hot that he instantly became hot and his hair changed. It must be curled a lot.

And with the rotation of the huge alchemy furnace, there were also two fiery red auras, which were extracted from the two lava rivers and gathered under the alchemy furnace, forming extremely hot high temperatures.

"This is really the beauty of Zhong Tiandi, it is set in such a heavenly place, refining petrochemical medicinal materials with the power of lava!" Chen Feng exclaimed.

"This is really the ultimate in seconds, and looking at the appearance of this alchemy furnace, I don't know how many years it has existed here."

"Could it be that these hundreds, thousands, or even tens of thousands of years are for refining a pill?"

But at this moment, suddenly, the alchemy furnace banged, and its rotation suddenly accelerated.

Above the hole of the alchemy furnace, the flashing red light suddenly became ten times more intense, and even more buzzing.

And an ethereal and fragrant, refreshing fragrance that makes people feel refreshed, even more directly from the alchemy furnace.

After Chen Feng smelled it, he felt comfortable all over, and the groaning sound in his stomach instantly became ten times louder, and his body's desire for strength from the Dragon Dragon Arhat Bright Pearl instantly expanded ten times.

[Chapter 2105: A peerless **** pill that has been refined for 100,000 years!](#)

It almost made Chen Feng go crazy with that kind of hunger!

Chen Feng let out a huge exclamation and joy: "This is it, I was attracted by this feeling."

"It seems that what is being refined in the alchemy furnace should be what I need!"

But Chen Feng did not act rashly, but looked around.

At this moment, four khaki figures suddenly flickered, and they came directly not far in front of Chen Feng.

They stared at Chen Feng with ferocious gazes. These four people, about ten meters in height, knew at first glance that they were members of the Kuangsha tribe!

One of them said, "Little boy, how did you find this place?"

A person next to him then said: "Yes, it is tens of thousands of meters below the mountainside. It is extremely hidden. Except for the secret passage that we have sealed long ago, there is no channel to the outside. How do you know? Here?"

"Moreover, in our Kuangsha tribe, this is the secret that the patriarch is qualified to know. Even many patriarchs regard this as an ancient legend. If you don't take it to heart, how could you know it?"

The third person from the Kuangsha tribe said coldly: "Little boy, tell us quickly, otherwise you will be broken into pieces!"

The last member of the Kuangsha tribe was extremely tall, reaching nearly 20 meters. He seemed to be the leader among the four, and his cultivation was the highest.

He said coldly: "What are you going to do with this little bunny? Since he is here, then no matter what he is, just kill him."

"The **** pill is about to be refined, and there is no room for difference at this time!"

"Yes!" The other three nodded one after another!

Chen Feng looked at them with a sneer at the corner of his mouth. If he said that he was jealous of these people before, then he would definitely not now.

These four people are all the strengths of the Eight-Star Martial King's peak, and the strongest one has touched a little bit of the nine-star Martial King's early stage.

Dealing with these four people is nothing to do with yourself!

However, Chen Feng did not have an attack. Instead, he pretended to have a sad expression on his face, and said indifferently: "People are about to die, you should always let me know what is going on?"

"Come here, you can't let me die unclearly! What is this place? Why are you waiting here again?"

"Hahahaha!" One of the members of the Kuangsha tribe laughed triumphantly after hearing the words: "Boy, that's all, let you be a ghost!"

"I'll tell you, this is an ancient relic."

Chen Feng raised his brows: "It turned out to be an ancient relic?"

Then, the man continued: "Our Kuangsha tribe settled here 100,000 years ago. The reason why we settled here is because we found this space in the middle of the mountain and discovered this alchemy furnace!"

"What!" Chen Feng was even more shocked: "This alchemy furnace has been here for 100,000 years?"

"Moreover, it is at least one hundred thousand years! Before they discovered it, they didn't know how long it had existed. A pot of pill was cultivated for at least one hundred thousand years, and it was just about to be completed!"

The man went on to say: "Because the power of this alchemy furnace is too strong, and the pill that is refined is too appalling, we are not at ease at all, so we simply build a city here."

"Then, select the four strongest people in the tribe except the patriarch, and let these four people and their descendants guard here for generations."

"It's just that one hundred thousand years is too long. To this day, many people have even forgotten our original intention of coming here, and they regard this as a myth, a legend!"

"But. We never forgot."

"And now, we, and our ancestors' guardianship for 100,000 years, finally it's time to harvest!"

"Pills are about to be practiced, and after practice, our four strengths can soar wildly!"

Chen Feng was shocked and immediately realized the problem. He quickly asked, "Could it be that there is more than one pill?"

"Of course there is more than one! Do you know why we chose four guards? It's because there are four pills in it!"

The leader of the Kuangsha tribe seemed to have a rare opportunity to confide in the outside world. At this time, he also laughed wildly:

"These four pills, each one can directly raise the martial artist's level, as long as it is below the nine-star martial king, it ignores any of your levels and can be directly promoted!"

"Of course, a person can only swallow one in his life, and taking the second one will have no effect!"

When Chen Feng heard the words, he was immediately shocked: "This pill is really amazing, it can directly increase a level!"

"This is too strong. Although it can't directly allow the martial artist to cross the Martial King realm, it can raise the peak of the eight-star Martial King to the peak of the nine-star Martial King. It is also very strong!"

A voice echoed in his heart: "This is a peerless pill!"

The four of them laughed and said: "After swallowing the pill, the four of us will become the peak of the Nine-Star Martial King, and become the top powerhouse in this desert!"

"At that time, who will be our opponent?"

"We can dominate the desert!"

All four of them shouted crazy laughter!

After a while, Chen Feng touched his nose: "Sorry four, I didn't want to interrupt you, but you haven't finished it yet!"

"Are you on the road in such a hurry?" The four of them stopped and one of them sneered.

Another person went on to say, "Well, the four of us are in a good mood today, so let's talk to you."

"According to the stone inscriptions in this grotto we found, the person who built the pill furnace and made the pill medicine was a strong man 100,000 years ago, Master Zi Ling!"

"Master Zi Ling?" Chen Feng recalled the name several times, but didn't have a clue.

He had never heard the name before.

"Including this alchemy furnace, it looks dark and unremarkable, but in fact it is extremely expensive, because it is made entirely of high-quality amethyst cloud iron."

"This amethyst cloud iron is something outside of the sky, it doesn't belong to this world, it's extremely rare."

"When buying and selling, you need to use two to calculate the weight, and one or two is invaluable! At this time, it was cast into a huge alchemy furnace weighing tens of millions of catties!"

"Oh, it turned out to be like this." Chen Feng showed a thoughtful look in his eyes and nodded and said: "Thank you four for helping me solve my doubts."

When Chen Feng looked at them, a smile suddenly appeared at the corner of his mouth, and he said softly: "Since I know this secret, then, you four, you can also go to death!"

[Chapter 2106: I said, let you go together!](#)

When Chen Feng talked about the last death, his aura suddenly rose and became extremely cold and fierce, thinking that these four people pressed it over.

The four of them all froze for a moment, then looked at each other, and after looking at each other, they all made a burst of disdainful laughter.

"What did I hear? This little **** seems to say he is going to kill us?"

"Haha, just his grade, how strong can he be? Let's just go out and kill it easily!"

"Well, what's the matter? Just kill it!" The leader of the Kuangsha tribe frowned impatiently.

He said it lightly, as if he said that by killing Chen Feng, he could kill Chen Feng.

As everyone knows, how arrogant they are.

A faint smile appeared on Chen Feng's face, suddenly enough to hook his fingers, and said, "You four go on together!"

All four of them were stunned, and then burst into a burst of even more disdainful laughter.

The leader sneered and said: "Boy, I think you also have some strength, just right, this pill is about to be released and requires a blood sacrifice, so let's use you to sacrifice it!"

"That's right, we will throw you directly into the pill furnace in a while and refine you alive..."

They are extremely vicious.

As for Chen Feng, you are already impatient to talk nonsense with them. With a flash of body shape, you hit one of them with one punch.

When the fist came, that person just felt the incomparable killing intent and extremely powerful force inside.

That was far beyond him, and he exclaimed: "You, are you so strong?"

Then the next moment, his resistance was shattered, his fist was also shattered, and all his arms were shattered, and then the whole person was sprayed with blood by Chen Feng, smashing heavily on the alchemy furnace.

It was turned into a curling green smoke directly by the extreme high temperature of the alchemy furnace.

His flesh and blood evaporated in an instant, and the power in his body turned into a blood-red gas, which was sucked in by the alchemy furnace!

Chen Feng smiled coldly: "Now, who is being refined?"

The remaining three people showed great shock: "How is it possible?"

"The third child is the pinnacle of the Eight-Star Martial King, but he killed the youngest third with a single punch? Could it be that this kid has reached the realm of the Nine Star Martial King?"

"Impossible, he is so young, how can he reach that level?"

They were all shocked, showing unbelievable colors, and looking at Chen Feng, the contempt was swept away, replaced by solemnity and a trace of fear.

Chen Feng shook his hands, looked at them, smiled slightly, and said: "I said, let the four of you go together."

The remaining three glanced at each other, and they all shouted: "Kill! Let's go together, kill him!"

The three of them killed Chen Feng at the same time.

Chen Feng laughed and said, "That's right!"

The attacks of these three people did not pose any threat to him.

His figure flashed, appeared behind one of them, and blasted him with a punch, smashing his whole bones to pieces, flying in the sky, and slamming on the alchemy furnace, once again turned into blood, by the alchemy furnace It was absorbed.

Then, Chen Feng escaped the attack of the strongest person, his figure flashed, his palms directly touched the other person, roaring all his life, and the extremely strong power urged him.

Starting with a force of 300 million catties, he actually pushed the huge body forward and crossed hundreds of meters, and then directly pressed the man on the alchemy furnace.

The blood gas is absorbed again!

At this moment, Chen Feng knew that this alchemy furnace was also a bit evil, and it could absorb human blood!

At this time, Chen Feng turned his head, stared at the strongest person in the Kuangsha tribe, and smiled slightly: "Now, there are only two of us left."

At this time, where is the strongest person in the Kuangsha tribe still crazy? Where is the disdain?

Yes, they are just too full to dare not put them.

"You..." He suddenly turned around and ran away frantically, yelling sternly, and his whole body almost collapsed.

He was already scared by Chen Feng and almost lost his spirit.

Chen Feng's young age, but with such strength, made him feel as if he was fighting a ***** or a monster.

Chen Feng sneered: "Want to run? Did you run away?"

His figure flashed and stopped in front of him, killing him with the same punch!

So far, the four masters of the four Kuangsha tribe guarding the amethyst sacred furnace have all been killed.

And almost at the same moment, suddenly, with a bang, this huge amethyst alchemy furnace made a very explosive buzzing sound.

The top cover immediately spun and flew up, booming, and the tripod cover hit the top of the cave, smashing the top of the cave into countless large pits.

At the same moment, the medicinal materials made from the stalactites on the top of the cave suddenly flashed white light.

The next moment, those white rays of light suddenly soared and entered the alchemy furnace.

The medicinal materials made from the stalactites above their heads turned to gray in color, very dull and without any trace of spirituality and clarity.

They are all turned into real stones.

At this moment, all the spirituality, all the medicinal power, was absorbed.

Bai Guang suddenly retracted into the Amethyst God Furnace, and was quiet for a moment.

Chen Feng felt that his heart was beating violently.

This furnace of medicine is about to be refined!

Originally, it was not yet time, but after it absorbed the blood qi of the four masters, it reached the critical point all at once and was completely urged.

Then the next moment, there was a pleasant music on the horizon.

Chen Feng saw that a rainbow suddenly appeared in this huge space.

The seven rays of red, orange, yellow, green, blue and purple flashed one after another, and then disappeared again. Chen Feng showed a huge shock in his eyes and exclaimed: "This, there is the sound of colorful music, and there are colorful lights flashing. This is strange. A phenomenon that only happens when Bao is born!"

"It seems that these four pills are absolutely tyrannical."

As the pleasant sound disappeared, as the light dissipated, four pills also flew out from this sacred furnace.

With a bang, it scattered everywhere.

And Chen Feng had already concentrated on it, his mind tense.

The pill was almost born, and Chen Feng immediately flashed past the pill, and he reached out to grab the pill and held the pill in his hand.

Chen Feng only felt that the pill in his hand had immense power, as if he was about to break free, and it even emitted bursts of extremely hot light.

Chen Feng's hand turned red in an instant, and he felt almost burned to death.

Chen Feng didn't care, but reached out and grabbed the second one.

[Chapter 2107: The power of two thousand nine hundred and ninety-nine dragons!](#)

Then he flashed forward again and came to the third pill.

This time, Chen Feng clenched both hands firmly to grasp the pill in his hand. If he dared to give away a point, the two pill would run away.

Therefore, Chen Feng simply stretched out his head this time and bit one of the pills!

This medicine pill jumped frantically in Chen Feng's breath, almost shattering Chen Feng's mouth full of steel teeth. At this time, Chen Feng shouted fiercely and exerted all his strength. His 300 million jin of power burst out and immediately It suppressed these three pills!

These three pills immediately became honest.

At this time, Chen Feng really had no spare energy to catch up with the fourth pill.

The fourth pill is like a meteor from the sky. It is extremely hard, and with a bang, it directly knocks out a thin and small, but extremely deep and long channel, disappearing without a trace. .

It actually hit the mountain directly!

Chen Feng had some regrets in his heart, but he had already got three of the four pills.

Chen Feng smiled softly and said, "I should be content too. If I am too dissatisfied, it may cause trouble instead."

Then, Chen Feng put the two pill in his hand into a top-quality jade box, stuffed it into the golden dragon ring, and then took out the pill in his mouth and looked at it carefully.

This pill is purple all over, surrounded by purple qi. There are seven orifice points on the pill. The purple energy is walking back and forth among the seven orifice points, forming a small world.

It has its own cycle, which is very wonderful.

Chen Feng nodded slightly: "It really is a **** pill, which is different from the ordinary."

Without the slightest hesitation, he directly took this pill into his mouth.

After the pill was put into the mouth, before Chen Feng swallowed it, it turned into a liquid in a blink of an eye.

Chen Feng immediately felt the coolness between his chest and lungs, and then the cold liquid plunged directly into Chen Feng's belly.

In the next moment, Chen Feng felt as if a group of extremely icy cold power burst into his body.

At this moment, Chen Feng's belly was cold, his internal organs were cold, his skeletal muscles were cold, and his whole body was cold.

With his realm at this time, it was a temperature of several hundred degrees below zero, which would not make him feel cold, but at this time he actually felt a long-lost icy cold!

Chen Feng was shocked: "This pill is so powerful?"

At this time, even a layer of frost had formed on his eyebrows.

And the next moment, suddenly this extreme ice cold turned into extreme heat.

Chen Feng immediately felt that his internal organs seemed to be burned. He opened his mouth and felt that there seemed to be flames spraying out of his mouth, and the surface of his body instantly turned from the iron-green color to a bright red. Just like cooked shrimp.

In an instant, I was sweating profusely, and my clothes were soaked!

Chen Feng seemed to be burnt in a flame of tens of thousands of hundreds of thousands of degrees, making him painful.

But Chen Feng gritted his teeth and said nothing, he forcibly held back.

The next moment, it became extremely cold.

At this time, the sweat that Chen Feng had just sweated before even had time to dry, it had already condensed on his body and hair.

So, back and forth nine times!

Nine times of extreme heat, nine times of extreme cold!

If you change one person, you will be tossed to death if you endure it once or twice, even if it is an ordinary Eight-Star Martial King and Nine-Star Martial King, I'm afraid it can endure three or four times!

That is, Chen Feng, after being transformed by the power of blood, his body was extremely tyrannical and could withstand nine times.

But even he was extremely weak at this time and fell to the ground.

But Chen Feng's endurance finally paid off.

Suddenly, with a boom, all the cold and hot power in his body disappeared.

No, it should be said, fusion.

Fusion into an extremely tyrannical self, after that purple qi merged, it exploded in Chen Feng's body in a flash.

Then, for an instant, Chen Feng was completely enveloped by the purple light from inside to outside, as if a person had become a transparent person.

Chen Feng's entire body was full of purple light.

In the next moment, the purple rays of light shrank fiercely in all directions. Then, it turned into a powerful force that poured into the dantian and into Chen Feng's third dragon descending Arhat light pearl. .

In an instant, the third dragon descending Arhat light bead radiated a great deal of light, and the incomparable power poured into it, causing Chen Feng's dragon descending Arhat power to grow wildly.

And the third dragon descending Arhat Bright Orb is also increasing at a speed visible to the naked eye.

From the size of a rice grain to the size of a soybean, then to the size of a longan, and then to the size of a thumb belly.

The light is getting thicker and heavier and stronger.

And the power in Chen Feng's body is getting stronger and stronger, the power of two thousand dragons, the power of two thousand one hundred dragons, the power of two thousand four hundred dragons...the power of two thousand nine hundred!

At this time, the purple light in Chen Feng's body had almost disappeared.

Finally, with a thud of this purple light, the final power burst out, and all of it poured into the third dragon descending Arhat Light Orb, transforming into the power of the descending dragon Arhat.

As a result, Chen Feng's power of descending the dragon and Arhat directly soared to the power of 2,999 dragons, before it came to an abrupt end!

Chen Feng stood up abruptly, feeling the incomparable strength in his body.

His arms shook, and a dark golden light surged around his body.

Among them, the power of the dragon rushed wildly, and the roar of the dragon one after another.

Chen Feng laughed!

The laughter shook this huge underground cave, and even shook the surrounding mountain walls violently, and numerous huge cracks appeared.

The rock fell again in big chunks, and Chen Feng now has such a powerful power just by laughter!

"My current power of the dragon descending arhat has reached a total of 2999. Such a powerful dragon power has increased my combat power than before. I don't know how much it is now. It is even comparable to the nine-star martial king. Mid-term!"

"Now, I have practiced in the third level of the General Outline of the Dragon-Dragon Arhat Scriptures, and I am even more qualified to practice the power of Vajra Palm and Vajra indestructible power!"

Chen Feng has a great heart!

"Of course, I don't know how far this is from the peak of the third heaven. You have to know that the peak of the third heaven of the Arhat Sutra General Program is the power of a whole eight thousand dragons!"

"The General Outline of the Truth of the Dragon-Dropping Arhat is worthy of being a powerful magical skill from the Venerable Dragon-Dropping Arhat, it is really amazing!"

At this time, above this cave, tens of thousands of meters away, in the Kuangsha tribe.

[Chapter 2108: Comprehend! Powerful King Kong Palm!](#)

The desert giant was sitting cross-legged, in the center of the Kuangsha tribe, practicing meditation.

Since defeating Chen Feng, he has always done this, also to support Kuangsha tribe.

Without him, I am afraid that those who came to congratulate have already dispersed, and the Kuangsha tribe can't stop it.

And with him, no one dared to leave, they all stayed to participate in the succession ceremony of the new patriarch in half a month!

At this moment, he suddenly felt a strong wave of power.

The desert giant immediately widened his eyes, his eyes were extremely shocked, and then turned into ecstasy, he shouted: "It turns out to be true, it turns out that father's last words are true!"

"The reason why he stays here is to wait for the pill to mature."

"This pill has been used for so many years to mature. He didn't even wait until he died, but now I have waited for it!"

"Hahahaha, I'm waiting, I'm waiting, this pill is mature!" He immediately stood up, and ran toward the place where the breath came from.

Everyone around looked at each other, they didn't know what happened, but after listening to his meaning, they also guessed something about it. They hurried after him, wanting to watch the excitement.

After a while, suddenly, the color of ecstasy on the face of the desert giant disappeared without a trace.

He roared extremely furiously: "How is it possible? How is it possible?"

It turned out that in his perception, the tyrannical and alluring sweetness had disappeared.

"How come! What happened? How could the pill disappear?" The desert giant roared one after another, speeding up and walking forward!

Soon, he came to a huge mountain wall.

There was a heavy mountain wall in front of him, regardless of whether he hit it with a punch, he immediately blasted a huge entrance from it.

However, even if he is so powerful, it will take a certain amount of time to break through a rock formation tens of thousands of meters or even hundreds of thousands of meters deep.

At this moment, in the dantian in Chen Feng's body, the martial arts Tianhe suddenly surged.

The end of the martial arts Tianhe continued to collapse, while the martial arts Tianhe stretched forward wildly. In a flash, the length of the martial arts Tianhe stretched from 60,000 meters to a full 70,000 meters!

Chen Feng was extremely smooth, and without any stagnation, he broke through to the Seven-Star Martial King Realm.

At this time, although he was only the Seven-Star Martial King, his combat effectiveness was already comparable to the Nine Star Martial King's mid-term!

And at this moment, suddenly, there was a series of roars in the distance, and the voice was full of anger and anxiety.

The earth trembles, the whole mountain seems to be trembling, and the rocks on the mountain wall are falling down!

Chen Feng immediately knew that this was the desert giant rushing here!

However, Chen Feng didn't have any fear. He smiled slightly: "Okay, I am waiting for you to come over!"

With that said, Chen Feng didn't care about it, sitting cross-legged, and began to sink into the training space of the General Outline of the Dragon Arhat Scriptures, and then cast his gaze on the Powerful Diamond Palm on that wall!

In an instant, the profound meaning of Vigorous Vajra Palm was seen by Chen Feng.

This powerful vajra palm is not so complicated. In fact, he only has five moves, but each one is extremely powerful and possesses extremely amazing power!

Chen Feng closed his eyes, and the profound meaning of the powerful vajra palm was circulating in his body. In an instant, Chen Feng understood and understood all the mysteries.

And those five moves were all imprinted in his mind.

Chen Feng immediately began to practice in the training space of Jianglong Arhat Scriptures.

His strength is already enough and he has reached this level, so the drill went very smoothly.

In a blink of an eye, these five tricks were played back and forth hundreds of times by him, and he became very familiar with them.

When one move is issued, it is already possible to connect to the second move. This is a complete physical memory and instinctive reaction of the body.

He is already very skilled.

At this time, there was a loud bang outside, and Chen Feng felt that countless stones were smashed down, and the entire space seemed to collapse.

A smile appeared at the corner of his mouth: "It's time to go out."

The next moment, Chen Feng regained his consciousness. As soon as he stood up, he immediately instinctively assumed the starting position of the strong vajra palm, moving from the first move to the fifth move, and played it very skillfully with extremely fast speed. !

Then, Chen Feng stood up with his palms closed, with a slight smile on his lips.

"Sure enough, strength is the root of everything. My dragon descending Arhat scriptures have reached the third heaven. After possessing the power of 2,999 dragons, this powerful vajra palm was directly trained to the beginning. The realm of shallow exploration."

"Now, I can already exert the power of 20% of the powerful King Kong palm!"

At this time, the desert giant had directly smashed one side of the cave wall and walked in from outside.

The sun shone in along this passage, and Chen Feng saw that the desert giant had forcibly opened a large hole tens of thousands of meters deep in the rocky mountain.

The sun shines brightly here.

The desert giant and the people of the wild sand tribes behind him, as well as those of the major forces in the desert who came to celebrate their birthdays, what they saw after entering here is the following scene:

A huge oven hovered in the air, and above that oven, a young man stood proudly.

He is tall and straight, handsome and handsome, dressed in white like snow, just like a man in a fairy!

Everyone exclaimed: "This is Chen Feng?"

"Chen Feng? How could he appear here? Isn't he caught and locked up by the Kuangsha tribe?"

"And it seems that Chen Feng's strength has definitely improved a lot!"

The desert giant looked at Chen Feng, his eyes were cracked, his eyes were blood red, and his eyes showed extreme hatred. He screamed crazy and tyrannical: "Chen Feng, you dog, did you give Lao Tzu's pill? Stole?"

Chen Feng stood on the alchemy furnace and looked at him, with a faint joking expression at the corner of his mouth. He smiled and said, "Oh, what is your pill?"

"This kind of pill, heaven, spirit and earth treasure, born naturally, and those who are predestined get it."

"I ran into it, and it was mine."

With Chen Feng's attitude and words, the angry desert giant Qiqiao made smoke. At this time, his heart was extremely angry and heartbroken to the extreme.

This kind of medicine could improve his strength by a big step, but it was swallowed by Chen Feng.

He pointed at Chen Feng and yelled coldly and tyrannically: "Okay, okay, you have swallowed this pill, right?"

"Okay, then I will eat you directly later, and I will tell you to swallow it alive, so that I can solve the hatred in my heart!"

[Chapter 2109: Powerful King Kong, tyrannical and invincible!](#)

Chen Feng smiled coldly: "Okay, you want to kill me, you want to eat me, then, come!"

"I, Chen Feng, are waiting for you here. If you are strong enough, how about taking my life away?"

"And if you are not my opponent, then," Chen Feng smiled coldly: "You are the one who died today!"

The desert giant screamed violently and rushed towards Chen Feng frantically.

Chen Feng also let out a violent roar, his strength surged out, and his fighting spirit was raging.

He actually took big strides and moved forward frantically.

Everyone looked stupid, a body that was 10,000 meters tall and a body that was only 1.9 meters tall were about to collide!

However, what shocked them was that at this time, Chen Feng's momentum was not much weaker than the desert giant.

Finally, it was close.

The desert giant blasted out with a punch. He hated Chen Feng so much. He also used his strongest strength to directly kill Chen Feng with one punch.

With a grinning smile on his face, he said, "Daddy, die!"

"My punch is enough to kill you!"

Chen Feng smiled coldly: "Really? Then open your dog's eyes to see clearly!"

After speaking, Chen Feng let out a loud roar, his body was like a mountain, standing proudly in front of everyone.

Everyone immediately felt that they were not alone in front of them, but like a big mountain, which made all of them exclaimed: "This Chen Feng, it seems that the strength is stronger than before!"

And the next moment, Chen Feng pushed out with both hands.

His feet were separated, not only squatting, his knees squatted slightly, and his back formed into a straight line, as tall as a mountain. The next moment, in his dantian, the power of the dragon descending arhat burst out frantically.

The dark golden light was surging, and the two thousand nine hundred and ninety-nine dragons roared in unison, and then Chen Feng pushed out with both palms fiercely!

With a bang, everyone felt that the mountain was shaking.

Chen Feng's palms were already heavily bombarded on the fists of the desert giant. Everyone was scared to pee after seeing the scene below...

Because, in their opinion, the desert giant's punch can definitely kill Chen Feng directly, but Chen Feng's palms hit the desert giant's fist, and everyone directly heard a crackling bone!

Then the next moment, the fist of the desert giant blasted a blood hole with a radius of hundreds of meters!

Both of his fingers were directly interrupted, while he was staggered, taking two steps back!

"What? How is it possible?"

"Chen Feng actually shook the desert giant!"

"He is only less than two meters tall, and the desert giant is tens of thousands of meters high. He actually shook the desert giant who was thousands or tens of thousands of times larger than himself?"

"Moreover, the most important thing is that he has the upper hand!"

"God, what did I see? This is impossible! Chen Feng now has the strength of the middle stage of the Nine-surnamed Wu Wang?"

"He was only in the early stage of Nine Star Martial King yesterday. He has improved so much in this day? This Chen Feng is also terrifying!"

Everyone screamed in shock. It seemed that only this was the way to vent the shock in their hearts.

And Li Qiurong in the crowd was full of tears, and whispered to himself: "Chen Feng, I know that you can do it, you can do it, you are the child of miracle!"

Smiles are all over her face.

Chen Feng laughed loudly: "How is it? How do you like my move?"

This move is the first move of Dali King Kong palm, King Kong pushes the mountain!

The face of the desert giant was extremely shocked, and he shouted in surprise: "How is it possible? How can you, your strength has become so much stronger overnight?"

"Also, I have never seen your moves before! How could you possibly?"

Chen Feng laughed loudly: "This is the truth, now it's time for you to die!"

Then, Chen Feng leaped forward, leaped up in the air, his feet stretched straight, his whole body was like a stone monument, straight up, and the three dragon descending Arhat Bright Orbs circulated together, and the power of descending dragon Arhat burst out!

Then, with a violent roar, his palms were united, and he slashed forward!

It's huge, like splitting a mountain!

This trick is so subtle that the desert giant hurriedly resisted, but how could it be resisted?

Chen Feng walked past directly, splitting his hands on his chest.

With a loud bang, the desert giant was beaten back three steps by Chen Feng again, and a huge wound was torn open in his chest, blood spurting out!

This is the second move of Dali Vajra Palm, Vajra Broken Tablet!

Then, Chen Feng fell directly to the ground, shaking the ground for a while.

Then, his hands were bombarded one after another, but this time, he was not a big open and close move, but extremely small.

His palms turned out to be shot thousands of times in a short period of time. With a very small amplitude and a very high frequency, he slapped the desert giant's leg severely.

So the flapping sound, the right leg bone of the desert giant, cracked countless cracks.

The next moment, with a loud bang, his right leg was directly snapped off by Chen Feng!

This trick is King Kong playing the pipa!

He tilted his body and fell heavily to the ground. Then, Chen Feng used the following two tricks again like clouds and flowing water.

After a set of powerful vajra palms were used up, the desert giant was already spurting blood, falling to the ground and severely injured.

Everyone looked stupid!

"What a powerful martial skill! It's so powerful, and it can make the desert giant so miserable if it is defeated in one set?"

"This martial art is extremely tyrannical! It was accomplished in one go! Chen Feng is also a genius, and it only takes a short time to master it!"

At this moment, the desert giant looked at Chen Feng with a little more fear, and when he saw Chen Feng flashing towards him, his eyes suddenly showed extreme fear and shouted loudly:

"Don't kill me, don't kill me! I gave up, don't kill me!"

Chen Feng laughed loudly: "Giving up? Is it useful to give up? Now beg for mercy, it's too late!"

With that, Chen Feng's figure flashed quickly, and another set of King Kong's palm came out.

From beginning to end, there is no lag, and then another set...

In his hands, a huge desert giant, a desert giant tens of thousands of times larger than Chen Feng. It's like a sandbag in a child's hand, being played around at will, without any resistance.

In the end, Chen Feng even slapped both palms, hitting him directly into the air.

Then, he slapped him three times in the air!

After three palms, Chen Feng landed heavily and stood up with a solemn expression, without even looking behind him.

[Chapter 2110: Giant in the heart of the desert](#)

Around his body, dark golden light lingers, like an angry King Kong.

And behind him, the huge body of the desert giant froze in the air for a moment before crashing to the ground.

He was full of blood flowing across his body, his breath was weak, and his body twitched slightly, and then he immediately lost his breath with his feet.

Chen Feng, directly kill the desert giant!

There was silence, and there was no sound.

No one spoke, and they were all lost in shock by Chen Feng.

No way, Chen Feng is really too tough, tyrannical far beyond their imagination!

At this time, only Li Qiurong came back to her senses. She walked out quickly and shouted in excitement: "Chen Feng, you are great, I know you can do it!"

Chen Feng smiled at her, then suddenly glanced at the people of the Kuangsha tribe.

When they met Chen Feng's gaze, the people of the Kuangsha tribe all walked back in fright, shaking all over.

The desert giants were their greatest support. They all died in Chen Feng's hands. At this time, in their eyes, Chen Feng was as terrifying as a devil.

Chen Feng looked at them and said lightly: "I will give you an hour's time to hand over my senior sister intact."

"If she loses a cold hair, I will wash your Kuangsha tribe with blood!"

Chen Feng's voice was extremely cold, and after hearing these people from the Kuangsha tribe, they trembled all over.

No one doubts Chen Feng's determination, and believes that he must have done what he said!

If Chen Feng said such a thing a day ago, he would only be laughed at, but now, no one doubts Chen Feng's strength!

"Yes, yes." The people of the Kuangsha tribe nodded quickly, and left in a hurry.

However, Chen Feng looked at the corpse of the desert giant with a smile on his mouth, walked up slowly, shaking his arms.

The power of blood in Chen Feng's body gushed out frantically, so the body of the desert giant buzzed, and the power of blood in his body was directly sucked out by Chen Feng.

It didn't take an hour at all, but it was half an hour, and suddenly there was a loud noise outside.

A lot of people from the Kuangsha tribe walked over, and among them, there was a soft sedan surrounded by Han Yu'er.

They didn't even dare to bring Han Yuer over directly, but sent her over in a soft sedan.

When Han Yuer saw Chen Feng, she shouted with joy: "Junior Brother, Junior Brother!"

At this time, Chen Feng had already absorbed all the power of the blood in the desert giant.

At this time, the power of blood in his body became stronger, and the golden color flowing in his blood had changed from the golden color that was like cow hair before to the current red golden color.

However, the proportion of red gold is not high, only about 10%.

The other 90% are still the same as before!

When the power of the blood in all the blood in his bloodline turned into the color of red gold, it was when Chen Feng advanced to the next level of the giant bloodline!

At this time, deep in Chen Feng's body, in that hidden corner, that drop of giant blood has already turned into the color of gold, and the core of this drop of giant blood has turned into a pure gold. color!

Looking at the huge alchemy furnace, Chen Feng smiled lightly at the corner of his mouth, and said slowly:

"This general outline of the Arhat Sutra of Lowering Dragons is really amazing. This powerful pill that is enough to raise the Eight-Star Martial King to a level, after being swallowed by me, only increased the power of a thousand dragons."

"Now, I have two more here, but they must be used properly. Good steel is used on the blade."

Chen Feng heard Han Yu'er yelling, he turned around and looked at Han Yu'er. A smile appeared at the corner of his mouth. Suddenly, his figure flashed and he went directly to Han Yu'er and hugged her in his arms.

Han Yuer hugged Chen Feng tightly, unwilling to let go for a moment!

The desert was tens of thousands of miles away, and it was placed in the entire Tianyuan Dynasty. It was also an area with a huge area. Even the strongest person in the desert would not dare to say that he walked every inch of the desert.

Because this desert is too vast, too magical, and too mysterious.

There are many places, still covered with a layer of mystery, no one can brush them away!

In fact, whether it is the ancient city of Shenying or the Kuangsha tribe, the area where this powerful force is located is not the true center of the desert, and can only be regarded as the periphery.

Because, the more you go to the center of the desert, the worse the environment is, and it is not suitable for living things.

In the center of the desert, in the area with a radius of one million li, there is wind and sand everywhere. There is huge wind blowing all day long. The wind sweeps the sand and obscures the sky.

So that the sky is completely dark.

This wind is so strong that even a warrior in the Martial King realm can sweep out a gust of wind.

Moreover, the wind is full of small but powerful tornadoes. Once a person is sucked into it, when he falls out of the tornado, there is only a skeleton left.

The flesh and blood of the whole body will be smashed alive by the tornado that is sharp with the knife!

Not only are there strong tornadoes blowing all year round, but also quicksand vortexes are everywhere on the ground. This quicksand vortex is a miniature version of the sea of quicksand.

It has a radius of several kilometers, and there is a huge suction power inside, and it looks no different from other places on the outside, and it is no different even if it is probed with qi.

But if you step on it, the whole person will be instantly sucked into the depths of the earth, with no bones left!

At this time, it was daylight, and the sun's rays shone in, but because there was dust everywhere, so that the light could not penetrate at all, there was still darkness here.

But it is not dark, because on the ground here, in addition to the countless quicksand traps, there are patches of volcanic craters.

In the crater, lava rolled, almost all of the craters are active volcanoes, almost every moment, hundreds of thousands of volcanoes erupt.

The lava flows freely here, and the smell of sulfur is strong, and there is a huge amount of poison gas inside. Such poison gas alone is enough to kill ordinary warriors.

And this also caused the temperature here to reach thousands of degrees, which is not suitable for ordinary warriors to survive!

Here, it can be said to be an extremely dangerous area, even more dangerous than the sea of quicksand!

However, in the midst of the wind and sand, suddenly a figure appeared quietly, walking towards the depths of this area.

This figure is extremely tall and burly, reaching a height of tens of thousands of meters, which is much larger than the desert giant Chen Feng saw in the Kuangsha tribe.
