

Peerless 2261

[Chapter 2261: The power of 11 thousand dragons!](#)

When Chen Feng's dragon power reached 10,000, he immediately realized that he could already cultivate in the realm of Vigorous King Kong Master Fire.

But he did not stop, but continued to absorb.

In the end, Chen Feng's dragon power stayed at 11 thousand!

At this time, those two demon pills had been completely absorbed by him and turned into powder!

Refining these two demon pills took Chen Feng another 20 days.

Before counting, he has been in retreat for nearly two months.

In the past two months, Chen Feng did not ask about world affairs, and only practiced with peace of mind here, but the outside was already surging and the storm was treacherous.

The fierce battle outside the city two months ago has now been heard in the entire Tianyuan Imperial City.

But any warrior with a little status and qualifications has roughly known the content of the battle: "The Lieyang family has all the elites. First, arrange for someone to intercept Chen Feng's reinforcements, and then the Patriarch himself led the elites to stop outside the city. Chen Feng."

"One one-star martial emperor, three half-step martial emperor realm, four nine-star martial king pinnacles, intercepted Chen Feng, but Chen Feng just beheaded four people, wounded several people, and at the same time summoned **** demons. "

"If it weren't for the strong in the city to arrive in time to siege the evil spirit, Lie Yangguang, the head of the Lieyang family, would die in the hands of that evil spirit!"

Because of this battle, the Lieyang family was reduced to a laughing stock, and Lieyang Victory was even more ridiculed.

At this moment, in the inner hall of the Lieyang Family, Lie Yangsheng's face was extremely gloomy.

And on his face, there was an unnatural red light lingering quietly, and a vicious and evil spirit condensed in his eyebrows.

On the floor in front of him, there was a man kneeling.

Wearing a red armor, this person was obviously also a guard of the Lieyang Family. At this moment, he was shivering, and he didn't even dare to lift his head. Obviously, he was already extremely scared.

Lie Yangsheng suddenly smiled miserably, "In two months, two months, you haven't found out anything?"

"I don't even know where Chen Feng's whereabouts is. What use is there for me to ask you these waste?"

As he said, he screamed and blasted out with a punch, directly smashing the guard to pieces.

The next moment, he came to the gate of the hall almost in a crazy manner, and roared fiercely at the guards in red armor waiting outside:

"Get out of here for me! Find! Find the trail of Chen Feng quickly! I'm going to kill him!"

The guards wearing red armors left hastily.

Standing in place, Lie Yangsheng had a chilling smile on his face: "Chen Feng, you wait for me, you will die!"

And almost at the same moment, in the soldier family, in the Shenfeng Tower.

At this time, an old man was walking around here slowly.

This Shenfeng Building contains hundreds of magic weapons, of which there are more than a dozen, but after taking them out, even the half-step Martial Emperor Realm and even the Martial Emperor Realm powerhouse will be greedy.

The old man gently stroked his hand, as if looking at his own child, his face showed boundless nostalgia.

But after a long time, he sighed slightly: "No matter how good Shenfeng is, what's the use?"

"The best heir of our soldier's family has already died in the hands of others, and the soldier's family will no longer be able to pass it on. What if there are more magic weapons?"

Behind him, the old steward stood with hands down.

He had been silent before, as if he did not exist. At this time, he heard the Patriarch sigh, and he said softly: "Patriarch, it is my fault. It is my improper behavior that caused the young master to be killed."

"No, it's not your fault."

The Patriarch of the Soldier Family waved his hand: "This matter is that Impermanence is too simple, the enemy is too simple, and himself is too high."

"Too arrogant, this is the way to die!"

"I have taught him many times, but he never listened!"

"Blame me too. I have spoiled him too much since I was a child. I told him since he was a child how powerful the soldier family is, that makes him have this idea in his heart!"

"However," he said with a sullen sneer on his face, "No matter what causes the impermanence to live and die, even if he takes the blame for himself, this matter absolutely can't be forgotten."

"Chen Feng, must die!"

The look on the old steward's face did not change at all, but he whispered: "Patriarch, what do you want to do?"

The Patriarch of the Soldier Family said softly: "Our soldier's family has always acted in a dark place and does not directly compete with others. This time, it is no exception!"

He walked up before the weapon rack again, and when he came to a certain place suddenly, he stopped, and then took a dagger from the weapon rack.

This dagger, shaped like a long snake, showed a faint blue color throughout, which was extremely magnificent.

But in the magnificence, it is with infinite weirdness and insidiousness.

It's as if this is really a blue viper, wanting to choose someone and eat it.

The old steward took a look, and he felt a pain in his eyes, and black air filled his eyes.

In front of him, there was an illusion: a blue poisonous snake bite towards him bitterly, causing him great pain, and at the same time giving birth to a kind of despair of death.

Right here, a cold and indifferent voice sounded beside him: "Wake up."

The old manager suddenly woke up and opened his eyes abruptly, only to realize that he was already in a cold sweat!

He hurriedly looked down, and then saw that there were many black air above his body.

He was extremely horrified: "What kind of sword is this? I was already poisoned by a glance? And the poison is very deep!"

With a look of horror on his face, he said, "Patriarch, what kind of sword is this? What kind of poison is on it? It is so powerful!"

"Just after I took a look, the toxins that fell on me can already poison the strong below the Eight-Star Martial King, and it is enough to cause any non-Martial Emperor realm strong to be seriously injured and lose combat effectiveness."

"If it weren't for the fact that I have been quite proficient in poison art, and understand very well, I'm afraid I have fallen to the ground now!"

The Patriarch of the Soldier Family smiled and popped out a pill: "Swallow it."

After the old manager ate, a cold breath radiated from his body, but even so, it took nearly an hour before the blue toxins in his body were discharged, dripping onto the ground. .

In an instant, there was a burst of white smoke on the ground, a strong stench came out, and a big hole was dissolved in the ground!

The old steward was even more shocked after seeing it.

The Patriarch of the Soldier Family smiled and said: "This sword is not poisoned, but he himself is made from a kind of poisonous snake."

[Chapter 2262: Insidious](#)

He whispered, "This kind of poisonous snake is called the Bone Snake!"

"Bone and a hundred dead snakes?" Hearing this, the old manager was shocked and cried out: "Is it the kind of supreme venomous snake born in the Southern Wilderness?"

"Yes, exactly."

The Patriarch of the Soldier Family smiled and said: "This kind of snake is only produced in the Southern Wilderness, and the living conditions are extremely harsh. It will only appear in places with a lot of bones."

"It is said that this kind of snake is not a creature, but the bones of millions of dead people, their souls, their grievances, and their evil spirits are condensed together."

"After this kind of snake absorbs the corpse poison from these corpses, it becomes even more venomous, and it is extremely difficult to remove!"

"This kind of snake has bones like iron, ten times stronger than ordinary metal, so this sword is actually made of this kind of boneless snake."

He paused and continued: "However, it is extremely difficult to refine this kind of snake. That senior has refined a hundred of them before it becomes such a one."

"And those one hundred snakes have almost wiped out all the deadly snakes that have been conceived in the Southern Wilderness for thousands of years. After all, this kind of snake has too harsh requirements for the living environment, where the dead bodies of more than one million people are located. Only one can be born!"

He whispered: "This kind of poison, you just glanced at it, I still have a way to get rid of the toxin, and if I get stabbed by it, there is even no cure for me here."

"I know how to save, but it is extremely difficult to achieve."

The old steward asked softly: "Then, what do you mean?"

The Patriarch of the Soldier Family smiled and said, "I want you to send this sword to the Lieyang Family."

"What? Send it to the Lieyang Family?" The old manager was shocked, and then he immediately understood the Patriarch's thoughts!

There was a deep sorrow in his eyes, but he dared not say anything, nor could he say anything else. He just responded, then took the sword and turned away.

"The power of 11 thousand dragons, now, my dragon power is extremely tyrannical! Then, the realm of Powerful Vajra Palm should also be improved!"

Chen Feng didn't hesitate at all, he just took a posture on this sitting on the cliff and began to practice Vigorous Vajra Palm.

The Vajra Palm was already used by him very well, without any lag. At this time, under the power of Chen Feng's dragon, supported by the power of 11 thousand dragons, the Vajra Palm was strong. It shows even more powerful power than originally unknown.

With a palm, the world changes color!

This time, Chen Feng had no epiphany.

There is no opportunity for him to break through, but Chen Feng feels that he does not need an epiphany.

If there is no epiphany, then create an epiphany.

If there is no opportunity for breakthrough, then create an opportunity!

Chen Feng played again and again, his powerful vajra palm became more and more powerful and more proficient, but there was still no sign of breakthrough.

But Chen Feng didn't feel discouraged, he was still playing again and again.

When he was tired of fighting, and when his power was almost exhausted, Chen Feng sat cross-legged and practiced on the spot.

So long, another month has passed!

He doesn't remember how many times Chen Feng played Vigorous Vajra Palm, but he still has thousands and tens of thousands of times.

Fortunately, Chen Feng's dragon power is now strong enough to support the vigorous vajra palm that has been hit many times!

One month later, on this night, the moon was full of light, the full moon hung above the sky, and the moonlight was shining quietly, peaceful and quiet.

Chen Feng slapped the Dali Diamond Palm again, and when he put his last palm away, suddenly, Chen Feng seemed to have a heartstring flicked in his heart.

In an instant, Chen Fengfu came to his heart.

He suddenly looked up to the sky and laughed, then, with a move of King Kong to push the mountain, he slapped out.

This move is exactly the same as the previous move, but the power is stronger than before.

The power of 11 thousand dragons roared out, and the four dragon descending Arhat Light Orbs ran wildly.

After this palm was shot, the entire Zuwangya trembled violently, splitting numerous cracks, and almost collapsed directly.

Chen Feng laughed: "I want to collapse? Can't collapse!"

With that, he played the pipa with King Kong, but this time, the pipa played by King Kong was not positive.

Instead, the reverse force used turned out to be completely recycled.

So, in an instant, the cliffs of Zuwang Cliff that were about to split, the cliffs that were originally split began to close toward the middle, and in a flash, they were glued together again.

The crack disappeared!

Chen Feng's powerful vajra palm at this time has many more magical effects.

In an instant, Chen Feng finished a set of this powerful vajra palm!

When he closed his arms and stood, there was a light cyan light flashing in the dark golden light of the Powerful Diamond Palm, just like the fire that turned from red to cyan when the fire reached its highest burning point.

Perfect!

Chen Feng's strong vajra palm has reached the realm of perfection!

Chen Feng laughed and said, "Strongly beaten with the vajra palm. Now a half-step martial arts realm powerhouse, in front of me, one palm can easily slap him to death."

"Even a one-star martial emperor can't stop the power of this powerful diamond palm!"

If it were changed to what he used to be, Chen Feng would have grown in strength like this, most likely he would not continue to practice hard, but would go out to practice battles, such as going to the Tongtian River to kill a few monsters, for example Go out to find some ruins and take a mission or something.

But this time, Chen Feng didn't have any pride and complacency, and he was still practicing.

Only this time, what he cultivated was the non-corrupt body.

It's just that the cultivation of the Vajra is inherently extremely difficult. It hasn't been long since Chen Feng broke through before. Now thinking about breaking through is naturally not so easy!

But Chen Feng was patient enough, and he sat cross-legged on top of the 10,000-meter dark golden giant stick.

However, Chen Feng wanted to practice hard, but someone had to bother him.

At this moment, suddenly in the distance, a bell rang in the castle, and then a loud voice came: "Chen Feng, someone wants to challenge you, come to the square in front of the Poems and Swordsmanship."***nOVELusB.Com***

Chen Feng raised his brows: "Someone wants to challenge me?"

Since the inner courtyard of Wudong Academy is in the Tongtian River, ordinary warriors cannot come here at all. However, the disciples of the inner courtyard of Wudong Academy are not people who have nothing to do with the world. They will naturally encounter challenges and also Encountered a vendetta.

And if it should not fight, then it would be said that the disciples in the Wudong Academy are timid.

Therefore, Wudong Academy has special rules.

Anyone who challenged the disciples of the inner court was informed by the unity and the outer court, and then every once in a while, they would be taken to the Sky Splitting Island.

[Chapter 2263: Overweight! Insult yourself!](#)

Chen Feng did not expect that someone would dare to challenge himself.

However, how could Chen Feng not fight?

He smiled slightly, and said to Uncle Dao and Xuefeng: "Let's go, I want to see who is challenging me."

When Chen Feng came to the square, many people had gathered around the square.

The news that someone wanted to challenge Chen Feng spread in the inner courtyard almost in an instant.

And I heard that some people were going to challenge the famous, and now Chen Feng, who was promoted as the strongest in the inner courtyard, these inner courtyard disciples were very curious and gathered one after another.

After seeing Chen Feng coming, they greeted one after another.

Hearing the voice of everyone saying hello, on the square, a person sitting cross-legged, slowly stood up.

He looked at Chen Feng, raised his chin, with a touch of arrogance on his face, and said, "Are you Chen Feng?"

Chen Feng looked at him. This person was about thirty years old, with a arrogant face and luxurious clothes, and his aura was even more expensive.

Obviously, it is a long-term pampering person.

Chen Feng said lightly: "Yes, I am Chen Feng! Who are you?"

"Who am I?" Lin Ling said coldly, "Chen Feng, have you forgotten the pill that you got a few months ago?"

"Tell you, that pill was left by my ancestors. It belongs to our Lin family and belongs to our Miaozen View!"

Chen Feng raised his eyebrows: "Oh? It turned out to be because of that pill?"

Only then did he know the whole story.

Chen Feng couldn't help but couldn't help laughing or crying. He didn't expect that Master Zi Ling would have a six-inch offspring, and even less that the descendants of Master Zi Ling had guessed his own way based on the pill.

Come to think of it, the few pills that flew away at that time should have been given by the descendants of Master Zi Ling.

"Yes, I came for that pill."

In a commanding tone, he sternly reprimanded: "Hurry up and hand over that pill, and I can spare your life."

Chen Feng's face turned cold, and said lightly: "What if I don't?"

"If you are not? Do you still dare to say no? Then, I will let you know that I am amazing!"

The young man said proudly: "Remember my name, my name is Lin Lingzhen!"

"From today, this name will become your nightmare!"

"Oh?" Chen Feng looked at him, with an expression of interest on his face, but he felt quite ridiculous in his heart.

Lin Ling's real strength, Chen Feng knew at a glance, because the difference in strength between the two was too great.

Chen Feng saw it. At best, he is nothing more than the cultivation base of the Nine-Star Martial King. In the eyes of Chen Feng now, that is simply a hand-to-hand grip, and his strength is beyond mention.

But Lin Lingzhen is still so arrogant!

Lin Lingzhen saw Chen Feng smile, his face immediately became gloomy, and he pulled his face and said coldly, "Why are you smiling?"

After he asked this question, Chen Feng hadn't spoken yet, and the inner courtyard disciples who were watching had already made a burst of laughter:

"Haha, this kid is really arrogant, he doesn't know what he can, and he dares to provoke Brother Chen Feng?"

"Yes, Brother Chen Feng wants to kill him, it's as easy as crushing an ant to death."

These words fell into Lin Lingzhen's ears, making his expression gloomy instantly.

He didn't believe it at all. After he came here, he immediately went to the Wudong Academy, and he didn't even inquire about Chen Feng's reputation in the city.

He proudly said: "You people of shallow knowledge, this Chen Feng may indeed have some strength, so you just tout him like this, as everyone knows, his strength is not worth mentioning in my opinion!"

"Today, I will let you see what is truly powerful!"

As he said, he screamed and rushed directly towards Chen Feng.

The long sword in his hand was unsheathed and stabbed at Chen Feng fiercely.

This sword is quite powerful, but it falls in Chen Feng's eyes at this time, and it doesn't count anything.

Chen Feng smiled coldly, and slowly spit out four words: "I don't know what I can do! Insult yourself!"

As he said, he flicked his hand, and Chen Feng didn't use any moves at all. He didn't use a strong vajra palm, let alone Bahuang Jijiu Zhan, he just reached out and flicked.

With a bang, it was on which sword.

And the next moment, Lin Ling really felt a powerful spiritual force that was almost unstoppable, and it was transmitted to him fiercely.

His long sword was directly shattered, and the force slammed into him again.

He couldn't resist at all, with a scream, he was bombed out and hit the ground heavily, spurting blood.

And his whole body bones have been shattered, and even his internal organs have been severely damaged!

He looked at Chen Feng in horror, and shouted: "This is not true! You beat me so easily?"

He had thought that Chen Feng's strength would be weaker than him, but he did not expect that Chen Feng's strength would be so terrifying!

Just a face-to-face, the other party didn't even really make a move, and beat him so miserably!

Chen Feng looked at him, smiled and said: "I told you before that you are overpowered. Now, do you believe it?"

At this time, an inner courtyard disciple laughed and said, "Lin Lingzhen, what is truly powerful? We are still waiting to see!"

The other person smiled and said, "Lin Lingzhen, what do you see now is truly powerful!"

Lin Lingzhen's face rose like pig liver, and he felt that he was greatly humiliated.

However, he knows that this humiliation is for himself!

At this time, a hint of despair appeared in his heart!

He thought he was very strong, but he didn't expect that he was a joke in front of Chen Feng. Chen Feng easily defeated him with no effort!

Looking at him, Chen Feng suddenly moved in his heart and said, "You come from Miao zhenguan. Since you are a descendant of that master, then you must be very good at alchemy?"

Although Lin Lingzhen had been defeated by Chen Feng and almost lost his confidence, when he talked about alchemy, his face immediately showed a touch of pride.

He was very proud and said loudly: "Yes, when it comes to alchemy, I am definitely stronger than the Alchemist Association of many great empires."

When he said this, his voice was full of confidence.

Chen Feng looked at him, a smile suddenly appeared at the corner of his mouth, and smiled and said, "Congratulations."

"Ah? Congratulations? Congratulations to me what?" Lin Ling asked in surprise.

Chen Feng said indifferently: "I was going to kill you, but you were born in Miao zhen View, you can practice alchemy, but this incident saved your life!"

Lin Lingzhen was stunned for a moment, but the next moment he felt like he was flying above the clouds and flying.

[Chapter 2264: Comprehend! Bronze Qibao Body!](#)

It turned out that he was already carried by Chen Feng by the collar and flew out quickly.

After a while, he came to Zuwangya.

Chen Feng directly threw him on the cliff rock and said lightly: "From today, you will live here. As for whether you want to find a cave or build your own house, it's up to you!"

"It's just that, don't let me know what you are wrong about."

Chen Feng smiled coldly: "Otherwise, I will kill people!"

Chen Feng didn't deliberately threaten, and his expression was not so fierce, but Lin Lingzhen shivered in excitement at this time.

At this time, he knew better than anyone how terrifying Chen Feng's strength was.

Even Chen Feng had already beaten him without even the slightest thought of resisting.

He nodded quickly, feeling fortunate that he was able to take his life back. Starting today, Lin Ling has really lived on Zuwang Cliff. He found a cave not far from Chen Feng and not close to him. under.

But what surprised him was. After Chen Feng brought him back here, it was as if he had forgotten him.

Chen Feng still sat cross-legged.

This sitting is three months.

The sun is rising and sunset, the moon is full and the moon is missing, in a blink of an eye, spring is already blooming.

When Chen Feng first started practicing, the first snowfall had just fallen, and it was already March of Spring!

Chen Feng's retreat practice this time lasted almost half a year.

In March of Yangchun, there are peanut trees and groups of warblers flying randomly.

Chen Feng sat cross-legged on the dark golden giant pillar.

Uncle Dao now knows that Chen Feng seems to be still here, but in fact his soul has sunk into another dimension.

At this time, Chen Feng was in the training space of the General Outline of the Dragon-Dragon Arhat Scriptures. He was facing the wall where the outline of the Vajra Indestructible Body was written, thinking hard.

A trace of truth and mystery circulated in Chen Feng's heart, while his body was constantly changing. For a while, it was in a normal state, and for a while it was in the state of indestructible radiance.

This is how Chen Feng spent these days.

At this time, the outlines and the profound meanings were already thoroughly familiar to the heart, and Chen Feng was completely penetrated.

Chen Feng suddenly laughed: "The months have not been in vain, now it's time for success!"

Chen Feng opened his eyes and his consciousness had returned to his body.

On the surface of his body, the dark golden light suddenly surged, and the Immortal Guanghua body appeared instantly.

The next moment, it changed back to normal.

Then, it turned into an immortal radiance body.

This flashed nine times in a row!

Finally, the dark golden light on the surface of Chen Feng's body suddenly became extremely hot, more than several times hotter than before?

On the surface of Chen Feng's body, in addition to the dark golden light, a red light appeared at this time.

Then the next moment, another orange light appeared, and the next moment, a red-yellow light appeared.

What appeared on the surface of his body was the fourth light, which was green light.

Suddenly, red orange, yellow, green, blue and purple, seven rays of light appeared around Chen Feng's body.

In the end, these seven rays of light merged together and circulated on the surface of Chen Feng's body.

After a short while, the seven-color light was an advanced collection, began to merge, and merged into a bronze light.

Then, the bronze light, dots and dots, penetrated into Chen Feng's body.

As a result, Chen Feng's body turned into a bronze color, just like how many tens of thousands of years have passed. A piece of 10,000-year-old bronze handed down from ancient times is generally cast.

His whole body shone like a metal texture, and when he moved, there was a loud sound, making the sound of metal rubbing.

Chen Feng stretched out his fists and struck them twice, so there were two blasts, and there was a very magnificent metal crash between heaven and earth.

Uncle Dao showed a look of horror on the face next to him: "Obviously, it's just two fists hitting gently, just like two huge metal pillars hitting the sky!"

The volume was so loud that he could hear clearly for hundreds of miles.

Many monsters in the Tongtian River were shocked by this sound and bounced from the water, showing extreme pain, bleeding all over, and some were even directly shocked to death.

It's just the fist impact after transforming the body, it has such a powerful power!

It can be seen how tyrannical the second layer of this diamond body is!

A smile appeared at the corner of Chen Feng's mouth, and he whispered to himself: "This is the second layer of the Diamond Incorruptible Body, called the Seven Bronze Body!"

He took a deep breath, and the color of bronze became deeper and deeper on his body, and in the end it was even a little black, and there was a deep sedimentation of the years, as if it was a piece that was passed down from ancient times. Same as bronze.

Buried in the ground for tens of millions of years, it looks extremely deep, extremely pure, and at the same time incredibly strong.

Chen Fengzai carefully understood it for a long time, and only then did he disperse the color of the bronze on the body surface and returned to normal.

He whispered: "This seven-bronze body is the second layer of the Vajra Indestructible Body. It is fundamentally different from the previous Immortal Guanghua Body. It happens to be two extremes."

"The Immortal Guanghua Body can make the body extremely flexible, and can change its shape in various ways to avoid attacks. The Seven Bronze Body is not born for avoidance at all, he was born for hardship!"

Chen Feng laughed: "After activating the Seven Bronze Treasures, his body will become extremely hard, and the offensive below the Martial Emperor Realm will be ignored."

"And the one-star Wuhuang offensive will also be weakened by more than ninety-nine percent, and it can only cause me a very slight injury, not a threat at all!"

Uncle Dao was extremely shocked when he heard it, and at the same time he was very pleased. He said loudly, "Little Master, if you activate the Seven Bronze Body, you will be a war machine! No one can hurt you at all!"

Chen Feng smiled and nodded: "Yes, but it's a pity that the duration is a little shorter."

"The Immortal Guanghua Body can last for half an hour, while the Bronze Qibao Body can only last for one cup of tea."

One cup of tea means fifteen minutes and nine hundred breaths!

"It's just that," Chen Feng showed a sneer at the corner of his mouth: "Nine hundred breaths, enough time!"

"Now my offensive has reached the level of a one-star Martial Emperor, and my defense even exceeds the level of a one-star Martial Emperor, so that even the one-star Martial Emperor cannot cause harm to me."

"So now, some things can be done!"

What Chen Feng has to do is very simple, that is, kill the Lieyang Family, kill Lieyang Sheng, and eradicate the Lieyang Family!

Chen Feng was never a person who swallowed his breath.

What Lie Sunshine had done outside the city nearly killed him.

[Chapter 2265: Kill the Lieyang Family!](#)

It even made his Uncle Dao and Blood Wind both seriously injured. Chen Feng absolutely couldn't bear this tone!

At this moment, he has the strength, naturally he will retaliate!

Chen Feng held the blood-stained knife in his hand and glanced at it. There were already some cracks on it. Chen Feng frowned slightly: "This blood-stained giant knife has cracks, but it can still be used now."

Chen Feng jumped down from the giant pillar and laughed: "Uncle Dao, let's go to the Lieyang family to settle the account!"

Uncle Dao was also extremely excited, he waited for this day for half a year.

In the past six months, Chen Feng has disappeared in this Tianyuan Imperial City, and many people in Tianyun Imperial City are also forgetful. During this period of time, they have not heard from Chen Feng. Many people even His name already felt strange and indifferent.

Except for a few caring people, no one would care about Chen Feng's trace in the past six months.

But the Lieyang family is obviously different. Under the order of Lieyangshengsheng, the Lieyang family is monitoring the inner courtyard of Wudong Academy all the time.

However, they really couldn't get on the Sky Splitting Island, so they had to guard the only way from Sky Splitting Island to Tianyuan Imperial City.

When Chen Feng had just left Cracking Sky Island and stepped on the shore, the Lieyang family's spies immediately knew the news.

"what?"

In the main hall of the Lieyang Family, Lie Sunshine Sheng Huo Ran got up, staring at the guard wearing red armor in front of him excitedly, and said loudly: "You said Chen Feng left the Sky Split Island and came back to Tianyuan Imperial City?"

"Yes." The guard said very calmly and surely.

Lie Yang Sheng laughed loudly, and even because of his excitement, his body was trembling and trembling: "Okay! Chen Feng, you are shrinking like a mouse on Rift Sky Island. You haven't come out these days. It really made me wait for a while! "

"But you can't help it at last, right?"

"Now, you have finally come out. Since you dare to come out, today is the time for your death!"

He sternly said: "Go and inform the Supreme Elder, let him guard the family, I will go and kill Chen Feng myself."

At this time, he said loudly to himself in his heart: "This time, he will use the force of thunder to kill Chen Feng at the fastest speed, so as to avoid extra branches."

There are two martial emperor realm powerhouses in their family, besides him, they are the supreme elder of the Lieyang family, Lieyang Mingxu!

Both of them are in the realm of one-star martial emperor, but Lieyang Mingxu has reached the peak of one-star martial emperor, which is much stronger than him.

With him in the family, Lieyangsheng is very relieved.

And at this moment, suddenly there were heavy footsteps outside and quickly approaching here, and then a guard wearing a red armor walked in with a trace of panic on his face.

Lie Yangsheng reprimanded impatiently: "What's the matter? Why panic?"

The guard trembled: "Chen Feng, Chen Feng..."

"What about Chen Feng? Did he run away?" Lie Yangguang Sheng was shocked. What he was most afraid of now was Chen Feng slipping away.

The guard gasped and said loudly, "No, Chen Feng did not run, he has entered the city."

"That's great!" Lieyangsheng laughed loudly: "It's because heaven has a way, you don't go, **** has no way, you break in!"

And the words the guard said next made his face become gloomy in an instant, and there was even more suspicion in his eyes: "

Not only did Chen Feng enter the city, but he also came to kill our Lieyang Family! At this time, it has reached the square below the family! "

"What? Chen Feng actually killed him?" Lie Yangguangsheng frowned, and he instinctively felt something wrong.

Because he knew that Chen Feng was not the one who didn't know how to advance or retreat. He even dared to kill him. Is there anything he can rely on?

Up to this time, he did not feel that Chen Feng could pose any threat to himself.

After all, even if Chen Feng cultivated in the past six months, he might still be so fast, he only thought Chen Feng was dependent on it.

He said in a deep voice, "Let me take a look."

At this time, Chen Feng stood on the square under the Lieyang family.

He raised his head and looked at the extremely dazzling floating mountain in the sky, the huge fireball next to the floating mountain, and the four characters of the Lieyang family. A sneer suddenly appeared at the corner of his mouth: "The Lieyang family, today It's the day you are destroyed!"

He suddenly turned his head, looked at a person next to him who seemed to be in charge of the Lieyang family, and asked the middle-aged man: "How many years has the Lieyang family been in the Tianyuan Imperial City?"

The middle-aged man looked at Chen Feng with a disdainful expression on his face, and said proudly: "My Lieyang family has been standing here for 30,000 years! I don't know how many disasters I have gone through, but I can't stand it!"

He stared at Chen Feng and snorted disdainfully: "Chen Feng, I know, you have a bit of fame and strength."

"But it's a pity, you really don't have long eyes, so you dare to provoke my Lieyang family?"

"Tell you, Lieyang Family is not something you can afford. If you dare to come today, you won't be able to go back!"

"You are sure to die!"

Chen Feng sneered and said, "Really?"

With a punch, the burly middle-aged man didn't even have the strength to resist. He just let out a scream and was beaten out and landed heavily on the ground, spurring blood, and his bones were broken.

Chen Feng could easily kill him, but Chen Feng did not.

Chen Feng just walked forward slowly, grabbed his collar, smiled and said, "I won't kill you, because I want to keep your life!"

He suddenly screamed: "From now on, let me keep your dog's eyes open and watch how I can completely eradicate and destroy this 30,000-year-old Lieyang family today!"

At this time, the fact that Chen Feng killed Xiang Lieyang's family had been quickly spread in the Tianyuan Dynasty. I don't know how many people were excited to come to watch the excitement after hearing this news.

At this moment, the outside is already black and surrounded by three layers inside and three layers outside!

After hearing these words, many people showed disapproval on their faces: "Who does Chen Feng think he is?"

"That is, Chen Feng does have a bit of strength. He can kill half-step Martial Emperor Realm powerhouses. It also proves that his strength can be regarded as the top ten among the younger generation, but he wants to destroy the Lieyang Family?"

A thin middle-aged man in a green robe curled his lips in disdain: "Is he crazy?"

"Yes, this Chen Feng is crazy! Is he the Lieyang family who can afford it?"

"The Lieyang family has more than one one-star martial emperor. It is too simple to kill Chen Feng. Anyone who is strong in the martial emperor realm comes out and Chen Feng is not an opponent." A young man next to him also agreed. Said.

[Chapter 2266: Zhengda dog sees clearly!](#)

The other old man sighed, shook his head, and said disapprovingly: "After all, he is a young man, and he can't control his emotions. To come up to seek revenge is to seek death by himself!"

Everyone spoke out to see the decline, and no one thought Chen Feng could destroy the Lieyang Family.

They even thought that Chen Feng would not survive long under the Lieyang family today!

These words. All fell into Chen Feng's ears.

And Chen Feng just smiled coldly and ignored him at all.

At this time, it just leaped up into the air, with a roar and a palm.

The strong vajra palm that had reached the realm of furnace fire purity, vajra pushing the mountain, shot out, and slammed into the huge ball of flames.

With a bang, the next moment, it was like an incomparable giant grabbing the fireball.

Two huge dark golden palm prints condensed by air currents slammed toward the left and the other. This giant flame ball was like an adult's palm slapped against a small quail egg.

The next moment, the two huge dark golden palm prints squeezed together, enclosing the fireball in the middle.

The fireball burned frantically, ejected, trying to break free, but it had no effect at all.

With a crisp sound, everyone felt as if something was broken.

Then the next moment, this crazy giant ball of flames broke apart, turned into countless debris, and fell directly from the air.

The four characters of the Lieyang family no longer exist!

At this moment, Lie Yangguangsheng had just arrived at the gate of the mansion, and when he saw this scene, his eyes were suddenly split.

He yelled in anger and anger: "Little boy, you are looking for death!"

This giant flame ball has existed for 30,000 years, and has appeared since the existence of the Lieyang Family. It has always been regarded as one of the symbols of the Lieyang Family and is highly valued.

At this time, Chen Feng actually destroyed it, which made Lie Sunshine win an instant anger, almost crazy!

Chen Feng suddenly raised his head, staring at the Sunshine Sheng, with a sneer at the corner of his mouth: "What is this? This is just the beginning!"

"Today, your Lieyang family will be completely destroyed!"

"Really? Little boy, I don't know who gave you the courage to make you dare to say such a thing, but I know you must die today!"

Lie Yangshengsheng stared at Chen Feng, yelling in a cold and vicious voice: "Here is your burial place!"

He looked behind Chengfeng and saw that there was only one Uncle Dao behind Chen Feng, and no one else, and he immediately felt relieved.

"I thought Chen Feng called Liu Chengyi and the old madman to support him this time. I didn't expect him to be the only one, so what am I afraid of?"

"If he dares to come and die today, let him stay here!"

Chen Feng smiled and said, "Oh, do you think you can kill me today?"

"Of course!" Lie Yangguang Sheng coldly said: "Little boy, don't think that you can kill a half-step Wuhuang strong, and you can be my opponent."

"Did you forget that day? Facing me, you have no chance of winning at all! Don't talk about winning, you can't stop it!"

Chen Feng smiled and said: "Yes, I really couldn't stop it at that time, but now..."

Having said this, Chen Feng's voice suddenly rose: "It's different!"

Chen Feng let out a violent roar: "The Sunshine Victory, die! Today is your death date! It is also the day when the Lieyang Family will be destroyed!"

With that said, his figure shot out quickly, and he was directly slammed to Lie Sunshine.

"Chen Feng dare to take the initiative to attack?" Everyone exclaimed.

"This Chen Feng is really overwhelming!" The thin middle-aged Qingpao said, shaking his head in disdain.

And the young man next to him laughed, with a hint of joking: "Do you guess how many moves Chen Fengfeng can support?"

"How many ways to support? Do you still need to ask?" The people around said almost invariably: "One move at most."

They have almost reached an agreement, that is, Chen Feng can't even stop the victory of the Sunshine.

When Lie Yangguangsheng saw Chen Feng actively attacking him, he smiled.

It was an extremely angry smile, and it was a smile full of murderous intent.

"Well, boy, if you want to die, I will fulfill you! Today, I won't have any hesitation and procrastination, I will kill you with one move!"

With that, he shouted violently and used his own powerful trick.

The flames above the sky condensed a huge flame claw, and slammed it towards Chen Feng.

"Hey, Chen Feng is about to die under this trick."

"Yes, this is Lie Sunshine's special skill, and Chen Feng can't stop it."

Everyone talked about it, and they seemed to have seen the scene where Chen Feng was killed alive by this trick.

But at this time, Chen Feng laughed loudly and screamed in all directions: "Really? Open your dog's eyes and see clearly!"

At the next moment, everyone was shocked to see that on the surface of Chen Feng's body, first a dark golden light flashed, and then a seven-color light flashed.

Then, his body turned into an extremely deep and long bronze color, just like a piece of ancient bronze cast.

After a short while, Chen Feng flew directly to the huge flame claw.

The flame giant claw hit him, and with a boom, Chen Feng's figure only shook slightly, but he didn't suffer any damage!

Everyone let out an unbelievable exclamation: "What?"

"What kind of physical exercise does Chen Feng use? It actually blocked the full blow of the One-Star Martial Emperor?"

"God, this is impossible!"

Everyone was completely shocked.

Even Lie Sunshine screamed in disbelief, his grin solidified on his face, turning into a touch of disbelief and consternation.

He exclaimed: "Chen Feng, how is this possible? How can you stop my move?"

Chen Feng had already arrived in front of him at this time and sneered: "This question, go to **** to ask!"

He blasted out with both palms, the first move of vigorous vajra palm, vajra pushes the mountain!

The palms blasted out, and they came towards the blazing sun.

Lie Sunshine desperately resisted, but his defense was easily broken by Chen Feng.

With a bang, Chen Feng directly shattered his defense, and then pressed both palms on his body.

With a scream of wow, Lie Yangsheng was directly hit by the volley for a kilometer, spurting blood in the air, and there was a burst of creaking of bones on his body, I don't know how many broken.

At this time, Chen Feng was unreasonable and let out a long scream before continuing to attack.

Lie Yangsheng frantically launched moves on Chen Feng, and kept hitting them, Chen Feng did not evade.

He was like a King Kong Arhat from the ancient times, all over his body was extremely hard, facing the offensive, he went straight up.

[Chapter 2267: Kill the Sunshine!](#)

Those attacks hit the surface of Chen Feng's body, bang bang bang, just hitting countless sparks, and did not cause him any harm at all.

Chen Feng was hit for dozens of times, just vomiting two mouthfuls of blood, only slightly injured.

And he resisted this offensive and came to Lie Yangguang Sheng, and sneered: "I have been hitting me for so long, so it's time for me to punch me!"

As he said, Chen Feng roared and struck out his fists one after another.

Strong vajra palm, vajra pushing the mountain, vajra playing the pipa, vajra broken tablet...

In a blink of an eye, the five moves were extremely fierce and fell on the body of Lie Yang Sheng.

But if the sun wins, you can't avoid it, and you can't prevent it.

Then everyone saw Lie Sunsheng's body freeze on the sky.

The next moment, his body suddenly made a loud bang, which was directly exploded into blood fog.

No bones left!

The one-star martial arts realm powerhouse, under Chen Feng's hands, didn't even hold on to a single face, so he died!

He was killed directly!

In the blood mist that exploded all day, Chen Feng turned around.

Suddenly he looked up to the sky and screamed, opened his arms, and screamed up to the sky, his voice spread from afar, deep and desolate.

Chen Feng's voice was full of boundless pleasure, he laughed loudly: "The sun wins, the sun wins, do you have today?"

"I said half a year ago, I must kill you, now I did it! Hahahaha!"

Chen Feng suddenly roared, turned his head and stared at the plant with millions of onlookers, and shouted sharply:

"Am I going crazy today?"

"Am I arrogant today?"

"Am I looking for death?"

"Can I kill the Lieyang Family?"

This series of roars struck, so that everyone was unable to say a word.

The onlooker with millions of people was silent for an instant.

No one spoke, everyone was completely shocked by Chen Feng.

None of them thought Chen Feng could win, not even one thought Chen Feng could live, and none of them believed Chen Feng could destroy the Lieyang family, but Chen Feng did it!

Chen Feng severely slapped millions of them!

While this made them faceless, it was also extremely shocked. Looking at Chen Feng, they were full of shock and disbelief!

Chen Feng made them all silent!

In the next moment, they seemed to have just regained their ability to speak, and suddenly there was a huge exclamation of incredible disbelief!

"The Sunshine Victory of the one-star martial emperor realm hasn't even held a hundred breaths under Chen Feng?"

"How can Chen Feng make such rapid progress? He has made such a big improvement in half a year?"

"This Chen Feng is too scary, he is simply a miracle!"

And they all know now that Chen Feng wants to destroy the Lieyang Family is really not a lie, he really has such strength!

At this time, more and more people rushed to hear the wind. They heard that Chen Feng came to the Lieyang family to make provocations. They all had an attitude of watching the excitement, but many people did not take it seriously at all. No idea.

Anyway, Chen Feng must lose, and it must be a dead end. What's so interesting?

As a result, they didn't expect that the news that passed out shocked them: "Chen Feng actually killed Lie Yangsheng!"

Many people didn't believe it at all, but when they came here and saw this scene, they just believed it, and their faces were shocked.

This news spread out as quickly as a strong wind swept!

After killing Lie Yangguang, Chen Feng had already vented his anger, but his hatred did not subside.

What Chen Feng wanted to eradicate was not just a Lieyang Victory, but the entire Lieyang Family.

The enmity with Lieyang Family had been planted long ago.

You know, Han Yu'er's Lie family is a branch of the Lie Yang family!

Chen Feng's figure flashed, and came to the floating mountain, Uncle Dao and Blood Wind followed him.

Chen Feng raised his head and looked at the tall and mighty gatehouse, but looked at the four characters of Lieyang Family, he sighed softly, and a deep color appeared at the corner of his mouth:

"I think at the beginning, I couldn't even deal with the Lie Family, and how did I ever think of being able to deal with the Lie Yang Family?"

"When I just learned about the existence of the Lieyang family, he was a monster that was unattainable compared to me, and he could not be shaken at all. Who would have thought that in less than two years, I could actually use the Lieyang family. Get rid of!"

"It's a pity, Senior Sister can't see this scene!"

Chen Feng took a deep breath, his heart was filled with lofty ambition, and he kicked it fiercely.

With a loud bang, the two closed doors of the Lieyang Family were smashed by a direct kick, and even the gate tower, which was several hundred meters high, collapsed into pieces.

Then, Chen Feng stepped into it.

The powerhouses onlookers behind him, many of them with high strength and boldness, all flew up one after another and followed in to see.

And more are looking up below.

The number of onlookers has reached millions, and everyone is looking forward to it, looking forward to the next scene.

When Chen Feng smashed the gate tower, he made them exclaim, "Chen Feng is really going to kill the Lieyang Family!"

"There must be old monsters in the Lieyang family, who are stronger, I'm afraid Chen Feng is not that easy!"

Everyone looked expectantly.

Chen Feng entered the Lieyang Family, and thousands of guards from the Lieyang Family slew over.

Each of these guards was a powerful person with good strength. They were wearing red armor. They slayed at Chen Feng fiercely, with hatred in their eyes.

At this time, the state of Chen Feng's Seven Bronze Treasures had not been lifted, he smiled coldly, as if he hadn't seen them at all, just strode forward.

Every time Chen Feng stepped out, the entire floating mountain trembled, as if to be crushed by him.

Chen Feng just strode into these red armored guards.

The attacks of the red armored guards fell on Chen Feng and did not cause any harm to her. With a bang, a red armored guard slammed Chen Feng's body with a giant fist with a metal glove, sputtering countless sparks.

However, Chen Feng's seven bronze jewels did not even leave a shallow white seal. Instead, the guard was shocked and flew out dozens of meters with blood spurting wildly.

Then, more than a dozen swords and spears slashed on Chen Feng's body. While sparks were splashed, he did not even break Chen Feng's skin.

And Chen Feng smiled coldly and waved his right palm.

With a bang, all of these a dozen people were shaken to shattered bones, spurting blood, and falling to the ground, all of them were exhausted.

[Chapter 2268: Are you tickling me?](#)

Chen Feng just strode forward, like a war machine, all the red armored guards who resisted him along the way were easily killed by Chen Feng.

In a blink of an eye, most of these thousands of people were killed.

The faces of the remaining people showed extreme fear. They thought that they and others could kill Chen Feng by virtue of their number advantage, but they did not expect that Chen Feng would not be able to pile up with the number advantage.

Their attacks were of no use to Chen Feng at all, which made them desperate!

The gazes they looked at Chen Feng were already full of horror.

"Flee, we are not his opponent!"

"Flee now!"

They screamed in horror one after another, rushing out.

Chen Feng sneered: "I want to run when I'm done? How can it be so easy?"

As he said, Chen Feng took a deep breath, and vigorously burst out the vajra palm.

Bang Bang Bang Bang, the huge dark golden palm prints were pressed down, I don't know how many red guards were crushed, crushed, and turned into a pool of flesh.

With a palm, Chen Feng killed all these people!

At this moment, there was already a river of blood on this square, with corpses all over the place.

Chen Feng stepped on the blood corpse and walked all the way to the main hall of the Lieyang Family.

At this time, the door of the main hall slowly opened.

An old man with red hair and red beard, tall and mighty, and extremely cold-looking walked out slowly.

Seeing him walking out slowly, Chen Feng's gaze suddenly shrank slightly. This person felt even stronger than Lie Yangsheng!

Chen Feng said in his heart: "This person is also a one-star martial emperor, but he has definitely reached the pinnacle of a one-star martial emperor!"

The old man looked at Chen Feng with a very calm expression, but his eyes were blood red. Under his calm, his emotions were already extremely angry and hated, like a volcano about to erupt.

He said word by word: "Chen Feng, you dare to insult my Lieyang family like this, I can't spare you!"

Chen Feng looked at him without saying a word, just strode forward.

The old man said proudly: "Chen Feng, do you know who I am? Do you think you can deal with me as easily as you deal with Lie Yang Sheng?"

The people onlookers who saw this old man, many young people were a little bit clueless, and asked: "Who is this person? Looks very strong!"

And those who are older and have extensive experience have already exclaimed.

"Lie Yang Mingxu! It turned out to be Lie Yang Mingxu! This old guy is not dead yet?"

"What? He is Lieyang Mingxu? Lieyang Mingxu, the head of the Lieyang family three hundred years ago?"

There was an exclamation in the crowd.

Lieyang Mingxu can be said to be famous, famous young, and extremely powerful, and then took charge of the Lieyang family. Under his control, the Lieyang family has flourished and spread!

Later, he disappeared, and many people said that he had gone into trouble and died after practicing.

Unexpectedly, this person is not only still there, but also alive, his strength looks even more powerful.

Someone who was mature and serious shook his head and sighed, "This time, Chen Feng is over."

"That's right." Someone next to him said: "Lieyang Mingxu is the head of the Lieyang family who took office. I don't know how old he is, and how strong he is!"

"Chen Feng can kill Lie Yangguang, but he may not have a chance to win against him!"

Lie Yang Mingxu heard what the people around him said with a touch of contentment on his face, and said proudly: "Chen Feng, do you hear clearly? I am Lie Yang Mingxu!"

Chen Feng's eyes were calm, he just sneered: "I care who you are? Anyway, my goal today is to destroy the Lieyang Family!"

"If you stand in front of me, I will step over you!"

This is extremely domineering!

Chen Feng strode forward and shouted violently: "Who cares about you? If you don't surrender, you will die for me!"

As he said, he shot out with a palm, it was King Kong playing the pipa.

Lieyang Mingxu's eyes were cold, and a flame sword appeared in his hand, and it stabbed at Chen Feng fiercely.

This flame sword is extremely fierce, with a fierce power, in his thoughts, Chen Feng must hide from this sword, otherwise, he will be directly killed by himself.

Some people around said: "Chen Feng should be killed directly by this sword."

"Yes, Chen Feng can't stop it."

However, a scene that shocked him most appeared.

Chen Feng did not evade, but instead greeted him with his body.

With a bang, his long sword directly pierced Chen Feng's body, splashing countless sparks!

A smug grin appeared on his face: "Chen Feng, you really don't know how to live or die!"

"Well, since you want to die, then I will fulfill you! With my sword, you can directly break your stomach and make you die miserably..."

The word "see" hadn't been spoken, but it was choking in his throat.

He let out a weird scream, like a chicken whose throat had been cut, with an expression of disbelief on his face, and exclaimed, "How is this possible?"

It turned out that after his long sword stabbed Chen Feng's body, a spark was stirred up, but it only left a shallow blood mark on the surface of Chen Feng's body.

Not only him, but everyone around him screamed in disbelief.

"What? The full blow of the dignified one-star and five-huang pinnacle left only a shallow blood mark on the surface of Chen Feng?"

"What kind of physical exercise does Chen Feng use? How can he practice his body so hard?"

"Chen Feng's body is almost like King Kong!"

If it is said that the gazes they looked at Chen Feng just now were only shocked and unbelievable, then their gazes now are full of fear and a trace of worship!

Because Chen Feng is too strong, even so strong that they don't even have a jealous mind.

When the gap is too big, you will not be jealous.

Before ridiculing Chen Feng, those people who thought he would die under this sword had extremely ugly faces, as if they had been slapped in the face.

Chen Feng looked at Lie Yang Mingxu, smiled and said, "Are you tickling me?"

Lie Yang Mingxu let out a furious roar: "How is this possible?"

He didn't believe in evil, and he stabbed several swords one after another.

The first sword was blocked by Chen Feng's right arm swinging, and it pierced Chen Feng's shoulder, piercing a blood trough from the shoulder, only a trace of blood oozing out.

And then, the second sword pierced Chen Feng's chest directly. Chen Feng did not evade, the long sword pierced into his muscles, but it was half an inch caught by his muscles!

[Chapter 2269: The third one-star Wuhuang!](#)

At this time, Chen Feng was already close to Lie Yang Mingxu.

He is very aware of his disadvantages and advantages.

Chen Feng's defense is extremely strong now, and his attack is also very strong, but his weakest is his body skills.

In fact, Chen Feng hasn't made any progress in his body skills these days, and his current body skills are still at the level of the Martial King Realm, and he can't even reach the Wuhuangjing Street half a step.

That is, if the previous Lieyangshengsheng had to run or fight against Chen Feng by walking, Chen Feng would not even be able to touch him.

Therefore, every time Chen Feng used his body's incomparable superiority, he did not dodge or evade, get close, and fight with him.

And as long as Chen Feng is close, then their time of death will come!

Chen Feng's seven bronze bodies are so powerful!

The full blow of the one-star Wuhuang pinnacle was only a slight injury.

Chen Feng sneered, "Is it enough? Now, it's my turn to attack!"

At this time, Chen Feng didn't even use the Powerful Diamond Palm, he just ran his seven bronze seven treasures crazy.

Then, the fist bombarded wildly.

Chen Feng now has a force of 400 million jin in every punch. Under the state of the seven-treasure bronze body, the force of 400 million jin is all fiercely pouring out.

Every blow is like a giant mountain hitting the ground, with great power.

The first fist hit Lieyang Mingxu's long sword, with a loud bang, like a mountain hitting the long sword.

Lieyang Mingxu's long sword, made from hundreds of extremely rare metals, turned into countless debris with a crisp sound.

Chen Feng's punch actually smashed his sword directly.

Then Chen Feng laughed, like a **** or devil, with a trace of madness in his eyes: "Come again!"

With another punch, Lie Yang Mingxu had to throw a fist to greet him.

With a bang, the two fists collided, and the red fist and the bronze fist slammed together.

With a loud bang, Chen Feng remained motionless, while Lieyang Mingxu's fist was directly exploded into a cloud of blood, and even his forearm was destroyed by Chen Feng's incomparable force and smashed. Up.

Chen Feng laughed wildly: "Come again!"

Then there was another punch.

This time, Lie Yang Mingxu could no longer resist and was directly hit by Chen Feng's chest with a punch.**NOVELUS&.com**

With a loud bang, his chest was directly smashed, and countless bones broke at the same time, exposing the internal organs, and even the internal organs were severely injured.

Lieyang Mingxu vomited blood crazily, was smashed thousands of meters away, and the hall was smashed to the ground!

Three punches! With only three punches, Chen Feng smashed the Lieyang Mingxu of the peak of the one-star Wuhuang Emperor and was seriously injured, leaving only one breath!

Chen Feng clenched his fists, felt the incomparable strength in his body, and a smile appeared at the corner of his mouth.

This smile grew stronger and bigger, rippling, and finally turned into a big laugh.

"The powerful and incomparable power brought by the power of the giant's bloodline, combined with this bronze body, is simply a match made in heaven!"

"I use the seven-treasure bronze body to control the strength of 400 million catties, and the power is even better than the powerful diamond palm!"

Chen Feng walked slowly towards Lieyang Mingxu. At this time, Lieyang Mingxu was already dying, only the intake of air was not out of breath.

Chen Feng didn't have any plans for future troubles at all, he just screamed, his fists rushing towards Lie Yang Mingxu.

Cut the grass to get rid of the roots!

Chen Feng wanted to kill Lieyang Mingxu.

And at this moment, a figure suddenly rushed out of the ruins next to him.

This figure is a middle-aged man with red hair. His appearance is very similar to Lie Yang Mingxu and Lie Yang Sheng Sheng just now. He also screamed: "Little boy, die!"

He actually launched a sneak attack brazenly, and the spear in his hand was stabbed at the back of Chen Feng.

Everyone exclaimed: "The Lieyang family actually has a third one-star martial emperor?"

"This person is also a one-star martial emperor powerhouse? I have never heard of it!"

"This Lieyang family really has a scheming plan, such a strong player was hidden by them. People have never heard of it!"

"It's over, Chen Feng can't escape this blow!"

The red-haired middle-aged man also showed smug pride in his eyes. He thought that his shot could definitely pierce Chen Feng's heart.

He even licked his lips, a bloodthirsty smile appeared on his face, and a voice in his heart screamed frantically: "I broke his muscles, pierced his bones, and smashed his heart, this little boy I can never live!"

He seemed to have seen the scene where his spear pierced Chen Feng's body.

And the next moment, the smile on his face freezes.

It turned out that Chen Feng didn't have time to dodge, but he didn't dodge at all. He used it to face the blow hard.

With a loud bang, Chen Feng's back heart was hit by countless sparks, and a small deep pit appeared in his back heart, more than three inches deep, and a blood arrow shot out.

But that's it.

This was the biggest injury Chen Feng had suffered today, and the hundred-strike spear in the hands of the red-haired middle-aged man was directly broken.

He looked at his cracked tiger's mouth in disbelief, looked at the blood in his hand, looked at the broken spear, and let out a scream like a nervous breakdown: "How is it possible?"

He is really going crazy.

After hiding for so long and brewing for so long, I finally got the opportunity to fight to the death.

I thought I could kill Chen Feng, but I didn't expect that the blow he had high hopes would only cause Chen Feng to be slightly injured!

Chen Feng turned around at this time, smiled and said, "Is it a good fight?"

"Now, isn't it my turn?" When it was the last word, Chen Feng's volume suddenly rose, with a violent roar and a punch that slammed the red-haired middle-aged man.

The red-haired middle-aged man stretched out his hands frantically and made moves to resist, but it was useless.

Chen Feng's bronze fist destroyed his moves, shattered his arms, and printed them on his chest.

With a loud bang, his chest was directly sunken, his figure condensed in the air, and then his body spread out directly, exploding into countless debris.

Chen Feng killed him with a punch!

At this moment, Chen Feng suddenly felt an insidiousness to the extreme, like a ten-thousand-year-old poisonous snake-like cold air, wrapped in countless venomous meanings, piercing his heart.

Chen Feng thought it was too late at this time, and at the same time he heard a roar.

That came from Uncle Dao's roar: "Little Master! Beware!"

The next moment, the sharp blade pierced towards Houxin.

But when he was about to stab Chen Feng's body, he suddenly disappeared, and he was directly knocked away by the force of the oblique stabbing.

[Chapter 2270: Uncle Knife Poisoning](#)

Then the next moment, Chen Feng heard a scream, and Uncle Dao's life snorted.

Chen Feng immediately turned his head, his face full of anger.

At this time, Uncle Dao flew out, and Lie Yang Mingxu, who was seriously injured, was also smashed and flew into the ruins, groaning painfully.

Obviously, he just wanted to attack himself, but he was blocked by Uncle Dao!

At the next moment, Chen Feng's eyes were about to split, and he let out a crazy roar: "Uncle Dao!"

It turned out that Uncle Dao had fallen to the ground at this time.

And above his chest, there was a dagger inserted. This dagger pierced his body only two or three inches deep, but at this time, endless cold blue toxins went crazy from the dagger. Spread out.

Only in such a minute and one instant, Uncle Dao's entire body has turned into a faint blue color, looking terrifying.

And his muscles twitched, trembling all over, his face spasm, and even many blue sores with big mouths appeared on his body, and he had begun to fester and suppurate.

Chen Feng was extremely furious.

People around also exclaimed in disbelief: "What toxin is this? It's terrifying!"

"Yes, this brawny man is the pinnacle of the Nine Star Martial King. He was stabbed with a sword, and he has reached such a stage in such a short time!"

The person who attacked Chen Feng just now was Lie Yang Mingxu.

At this moment, he fell to the ground with a tragic expression on his face, and there was a touch of despair on his face, and his final chance to comeback was also lost!

However, when he saw Chen Feng's look at this time, his face was extremely proud, and he laughed and said: "Chen Feng, he should be one of your closest people, right?"

"I can kill him before I die, and it's worth it to make you so painful!"

Chen Feng flashed in front of him, grabbed him by the collar and grabbed him, and shouted sharply: "Where is the antidote? Tell me, where is the antidote?"

"There is no antidote!" Lieyang Mingxuyin sneered, "There is no antidote at all!"

Chen Feng knew his expression, he was telling the truth.

With a roar, Chen Feng smashed him to the ground frantically, but did not take his life, because he wanted to torture Lie Yang Mingxu!

At this time, Uncle Dao was unconscious.

Chen Feng said to the blood wind: "Blood wind, you stay here, if anyone dares to come here to take advantage, you will kill him directly."

The blood wind whimpered and nodded desperately, his figure rapidly growing, becoming a full kilometer in length, almost as big as the floating mountain, and the floating mountain was pressed down by it.

The people around them all looked down: "This Chen Feng is really good at his side!"

"Yes, it looked like a little wolf like a puppy just now, it turned out to be the Nine Star Demon King, equivalent to a half-step martial emperor realm powerhouse!"

Facing the crowd, Chen Feng said coldly: "I know that there are not a few of you who want to take advantage of the fire, and I also know the blood wind..."

As he said, he pointed to the blood wind: "He may not be able to stop you."

"However, if I know who dares to take advantage of the fire, I will naturally visit one by one!"

Chen Feng's voice was extremely cold and stern, making everyone shudder and didn't dare to look at him at all.

The people whom Chen Feng saw all bowed their heads. There were indeed many people who made this idea. Anyway, Chen Feng is no longer there. Are they doing whatever they want? All want to take advantage of the fire.

But Chen Feng's remarks made them completely dispel this idea.

A joke, who doesn't know Chen Feng's methods?

Chen Feng said that the Lieyang family would be destroyed. Since Chen Feng entered the Tianyuan imperial city, no one who offended him has a good end. Who dares to oppose him?

Chen Feng smiled coldly and grabbed Lie Yang Mingxu in his hand, while the other hand grabbed Uncle Dao.

At the moment when Chen Feng came into contact with Uncle Dao, Chen Feng felt an extremely tyrannical, extremely hot, and extremely poisonous toxin that hit his body fiercely, almost making Chen Feng shiver. .

Chen Feng was even more shocked: "This toxin is terrifying!"

At this time, Chen Feng suddenly thought that there was one Jiuhua Dilu Pill left, so he quickly poured out Jiuhua Dilu Pill, but he did not give it to Uncle Dao, but tore his clothes. There was a big hole in his chest, and then he stuffed Jiuhuadilu pills in. ~~nov~~**ELusb.COM**

Jiuhua Dilu Pills, which reach the first grade ghost pill, can not only be taken internally, but also externally.

Chen Feng did this to allow the power of Hop Dilu Pill to spread out and protect Uncle Dao's heart.

If Uncle Dao was broken into his heart by toxins, he would definitely die.

Sure enough, Chen Feng worked in this way. Jiuhua Dilu Pills penetrated into Uncle Dao's blood, and a cool air flow immediately spread out, spreading over Uncle Dao's chest.

In a blink of an eye, Uncle Dao's chest turned into a vibrant green color, with a radius of about two feet, just to protect his heart.

At this moment, his entire body is blue, only this heart is a green color.

However, this emerald color is also struggling to support, those blue frantically rushing towards the emerald green area, and are constantly eroding, the area of emerald green is shrinking.

Chen Feng knew that he could not delay any longer.

He grabbed Uncle Dao's body and headed madly towards the outer courtyard of Wudong Academy.

After a while, Chen Feng came to the place where Liu Chengyi was!

Liu Chengyi's medical skills are all well-known. He is undoubtedly the most proficient in astrology, but his medical skills are also extremely strong!

At this moment, Liu Chengyi was cultivating in his residence. He felt Chen Feng's arrival, and a wry smile appeared at the corner of his mouth: "It's Chen Feng again, as long as he comes, it must be nothing good."

But he just said a few words, but he didn't feel any dissatisfaction with it in his heart.

His figure flashed, and he swept out directly, and then he saw Chen Feng and the two people in Chen Feng's hands.

His eyes were first attracted by Lie Yang Mingxu, and then he suddenly exclaimed: "Chen Feng, is it Lie Yang Mingxu that you are holding?"

Chen Feng nodded: "Yes, it is him!"

Liu Chengyi's voice stammered, and he said in amazement, "Could it be that you made him like this?"

Chen Feng nodded slowly.

Suddenly, Liu Chengyi's gaze at Chen Feng changed even more, becoming a little bit incredulous, a little shocked, and a little bit unexpected.

In the end, it turned into a frenzy!

A voice in his heart yelled: "Sure enough, Chen Feng is really different from ordinary people, I really didn't read it wrong!"

"It is absolutely right to pin this hope on Chen Feng. Chen Feng can give me endless surprises!"
