[Chapter 2291: Yin Shen](#)

Old An sighed and said, "By now, I should also tell you many things."

Chen Feng listened immediately, looking forward and earnestly.

An old man said: "In this world, all warriors are not just pure warriors. In fact, pure warriors only account for a small part of all warriors, not even two Chengdu."

"There are other warriors, such as the alchemist."

Chen Feng nodded slowly, the alchemist was the first he had contact with, and he was also a alchemist.

Chen Feng said, "Isn't the soul corresponding to the martial artist?"

An old man looked at him with a smile and said, "That's neither right nor right."

"It can be said that all those who cultivate spiritual power can be called souls."

"But in fact, the stipulated statement circulated among us who are truly strong, the souls refer to those who cultivate spiritual power only cultivate spiritual power, and do not involve other professions, they are truly true. Soulman!"

Chen Feng nodded: "I see."

He asked: "So is there anyone who cultivates both spiritual power and martial arts? Like me."

Secretly said: "Of course there are, and there are many, but most of the people doing here are not good at low, and they can't practice martial arts well, and their mental strength is not good."

"From soul and martial arts dual cultivation to soul and martial arts cultivation is impossible! After all, the requirements for talents for soul and martial arts dual cultivation are too high."

He smiled and said, "Let's not talk about this first, let's talk about other things first."

"In addition to pure souls, there are many professions for cultivating spiritual power, such as animal trainers, for example, weapon refiners, and even medicine refiners."

"Because of these, all require strong spiritual power as support. If there is no strong spiritual power, even if there is force, it will be useless."

Chen Feng nodded.

"Warriors, do not use any other channels, never find another way, and point directly to the origin of the Dao! Other professions use other roads and other methods, and their ultimate goal is also the origin of the Dao."

"Even, the methods they use, the strength gained through those professions, are easier and more powerful than a simple warrior."

"For example, a beast trainer can train a powerful monster beast, and the strength of that monster beast can even be far better than him. With this monster beast, of course he can easily defeat warriors of the same level."

An old man continued: "Chen Feng, you have also cultivated mental power before, and you have cultivated very well, you have reached a fairly high level, and this is also related to your talent."

"But now you have to choose a focal point."

"Focus?" Chen Feng raised his brows: "Why?"

An old man said softly: "Because, after all, human energy is limited. Except for a very few Tianzong wizards, who have studied ancient and modern, and have talents with an incredible agenda, if you want to cultivate both soul and martial arts, then it is really very possible. Can't fix it."

"So, you have to choose a path, is it a warrior or a soul?"

Chen Feng asked, "What is your suggestion for me?"

An old man said: "My suggestion is that you take the path of the soul."

"Why?" Chen Feng asked, raising his brows.

An old man said: "You have now reached the first-grade soul sect, and the soul sect realm is already equivalent to the martial king realm of a martial artist, and you have cultivated to the fifth-grade soul sect realm, and you are already equivalent to the martial emperor realm."

Chen Feng nodded and said, "This means that the great realm of a soul is equivalent to the great realm of two warriors!"

"Yes, that's the case!" An Lao said: "And if you have cultivated to the level of the Ninth-Rank Soul Sect, then your soul can even become a yin god!"

"Yin God? What is Yin God?" Chen Feng raised his eyebrows, wondering what this meant, he had never heard of this concept before.

An old man smiled slightly and explained: "The so-called yin **** means that your soul can be condensed and become a separate individual, and this individual is very powerful and can even use various powerful spells."

"He can continue to exist in your body, but he can also fly out."

"What? Fly out? Is the soul out of the body?" Chen Feng asked in shock.

"You have to understand that it is okay for the soul to get out of its body." An Lao said:

"At the time. If your Yin God is produced, then, even if your body is damaged by others during the battle, and eventually your body is incurable and must die, you can guarantee that your Yin God will stay in this world."

"And the spirit staying in this world is actually equivalent to not dead!"

"That's it!" Chen Feng was shocked and extremely ecstatic.

He originally thought that the cultivation of this soul was much more tasteless than that of warriors, and apart from the mysterious skills, he had no expertise, but now it seems that he is shallow.

This soul is actually infinite, and if it can cultivate the Yin God, then it can be said that it can become an immortal body.

Although it is not a serious way of longevity, it can be said to be another way, at least the soul is immortal!

Moreover, the most basic requirement for cultivating Yin Shen is to possess the cultivation base of the Ninth-Rank Soul Sect. For Chen Feng, who has already become the First-Rank Soul Sect, this is not how far away!

A huge voice echoed in his heart: "This Yin God, I must cultivate, and I will not abandon the cultivation path of this soul."

"And the cultivation path of the same martial artist, I will not choose to let go."

Chen Feng looked at An Lao, smiled and said, "An Lao, besides the martial artist, what other professions are there?"

An old man counted his fingers and said, "That's too much, beast control master, tool refiner, pharmacist, array mage, etc., countless!"

Chen Feng laughed loudly: "Okay, that's it."

"I not only want to cultivate the way of a martial artist, but I also need the way of a soul cultivator. I also want to be a tool refiner, a medicine refiner, a formation mage, and a beast master!"

"I will never let go of any profession!"

"What?" An old man was shocked when he heard it.

He has always been calm and calm looking at Chen Feng at this time, his face was extremely shocked, and he stammered: "Chen Feng, are you kidding me?"

Chen Feng smiled and said, "An old man, do you think I look like a joke?"

"What? Do you really think so?" An Lao said: "Chen Feng, you have to know that this is enough for you to cultivate for a lifetime, or even a few lifetimes."

"Thousands of years may not be able to cultivate to the end, every discipline is broad and deep to the extreme, you want to cultivate everything."

He shook his head and said, "I think your choice is wrong."

[Chapter 2292: Kill Li Binbai!](#)

Chen Feng smiled and looked at An Lao and said, "An Lao, trust me, I believe in my own talent, and I also believe in my own ability."

An old man looked at Chen Feng and said nothing for a long time. Finally, he sighed slightly and said, "Since this is your decision, then I will naturally support it with all my strength."

"I just hope that you will not regret today's decision in the future!"

Three days later, An Lao smiled and said, "Well, Chen Feng, you can leave here now."

"You have just entered the first-grade soul sect. It is impossible to improve your mental power any more, and it is difficult to improve the perfection of the soul person space. This can only be done bit by bit with time.

Chen Feng nodded, his current realm has been elevated to the pinnacle of the first-grade soul sect, and his body is full of energy to the extreme.

The length of the transparent divine light has reached one hundred and fifty feet!

He already has the ability to injure Li Binbai, and is willing to go out early, after all, Uncle Dao's injury can't be delayed!

Chen Feng came to the center of the lake, and then took a deep breath, and his spirits gushed out.

He felt the world and everything in this soul-man space.

And the next moment, he suddenly found a small hole in this soul-man space, so Chen Feng was happy, his figure flashed, and he directly entered this hole.

The familiar feeling, like falling into the turbulence of time and space, came again.

And when Chen Feng woke up, he still reappeared in the mountain range.

However, it was not where he entered, and not in front of the cliff.

At almost the same time, Li Binbai, who was patrolling the sky, suddenly discovered the vitality of a certain place, with a drastic change. He immediately cast his gaze there, and his figure flew over quickly.

Then he saw Chen Feng.

He immediately let out a triumphant laugh: "Haha, kid, let you do the tricks and hide yourself, let me catch it right now, right?"

He came to Chen Feng with cold eyes, staring at him, and said coldly: "Little boy, now give me the great opportunity you got, and I will let you die faster."

"Otherwise, I will make you miserable!"

Chen Feng looked at him with a funny expression on his face: "He still uses this threat and command tone. Is he still the same as he was a few days ago?"

"As everyone knows, everything is different!"

Chen Feng suddenly smiled and pointed to the ground and said, "Li Binbai, today, this place is your burial place!"

Li Binbai was taken aback for a moment, and then burst into a frantic laughter of disdain: "Haha, Chen Feng, are you crazy? How dare you say this?"

"Chen Feng, I know that your cultivation level may have progressed and you got a bit of adventure, but so what?"

"You can't be my opponent, you can never defeat me!"

Chen Feng smiled and said, "Really? Then, look at what this is!"

Chen Feng let out a sharp roar, and the next moment, Li Binbai suddenly felt the scene around his body change.

The next moment, he was shocked to discover that he had already appeared in a space that was not completely unfamiliar.

This space is a desert. There is a small undulating hill in the center of the desert, and there are boundless thick fog on all sides. After the thick fog, I don't know what is there.

Looking up at the sky, only the light shines, but you can't see the sky!

This world, he knew at a glance, was definitely not formed naturally, it should be man-made.

It's simple, but it's real, it's not an illusion.

He let out a cry of exclamation, stared at Chen Feng in front of him, and said in amazement: "You, is this your soul-man space? You are a soul-man?"

Chen Feng smiled and said: "Yes, you guessed it, I have a reward here."

"What reward?" Li Binbai asked instinctively.

Chen Feng smiled slightly, and there was infinite coldness in his smile: "This reward is death!"

When Chen Feng said the word 'death', he let out a loud roar, and the surface of his body showed the color of boundless bronze, and the whole body became like bronze casting.

A punch!

Endless power rushed out towards Li Binbai on the opposite side.

Li Binbai also yelled, greeted him with a fist, and made his own tyrannical moves.

But when the two punches were bombarded together, Li Binbai immediately discovered that something was wrong, and he exclaimed: "How can your power become so strong?"

at this time. He felt an unstoppable, tyrannical force coming from the opposite side, slamming it towards him.

This force is far more powerful than Chen Feng before.

Chen Feng laughed loudly: "Otherwise, what do you think I constructed this soul-man space for?"

At this moment, in this soul-man space, Chen Feng's strength has also been promoted by a whole large level, and this large-level improvement is enough to kill Li Binbai.

With this punch out, Chen Feng felt that he was extremely refreshed, extremely happy, it was like drinking alcohol!*Novelusb.com*

The feeling of crazy power increase made him extremely comfortable.

With a bang, the fists crossed.

Chen Feng stood still in place, while Li Binbai was shot directly out, spurting blood.

Chen Feng was unreasonable, his body flashed forward rapidly, chasing Li Binbai, bang bang bang bang, another eight punches in succession!

With the previous punch, it happens to be a nine punch!

Bang, bang, the sound of explosions, Li Binbai screamed wildly, blood spurted wildly, all bones in his body were broken, and nothing on the surface of his body was intact.

The next moment, he glared at Chen Feng, his eyes showed extreme resentment and resentment.

But he couldn't say anything.

Boom, with a loud noise, when Chen Feng's ninth punch fell on his body, his body exploded into a **** mist with a bang.

No bones left!

When Li Binbai finally died, the soul-man space built by Chen Feng finally seemed to be unable to hold it anymore. With a thud, a huge shock occurred.

The big earthquake trembled, numerous cracks appeared, the sky cracked directly, and many spatial cracks appeared.

In the next moment, the earth shattered and the sky disappeared.

In the next instant, Chen Feng found that in the soul-man space he had constructed before him, everything in it had disappeared without a trace.

In the spiritual world, it instantly became as desolate as before.

Chen Feng felt a sharp pain in his head, and his body tilted and fell to the ground hard.

At this time, Chen Feng didn't know that in the outside world, above his body, blood was gushing out of his seven orifices at the same time.

[Chapter 2293: Conquer the Tianyuan Dynasty!](#)

Chen Feng in the spiritual world only felt a splitting headache and extremely exhausted, and the transparent divine light facing him was also unable to lift any spirit of linger.*ηOveℓuSB.coM*

Chen Feng felt that his mental power was wiped out. Of course, he didn't completely disappear, but he needed to recover slowly.

Chen Feng left the spiritual world, a bitter smile appeared at the corner of his mouth, and said softly: "This time, although Li Binbai was beheaded, it also made the spiritual world that I built up so hard to collapse."

"The loss of mental power is huge, and it takes at least a few months to make up for it."

"However, the price is worth it!"

Chen Feng sneered at the corner of his mouth. He looked not far ahead. At this moment, Li Binbai's body was lying right there, and his body seemed to have no injuries at all, as if he was asleep.

But Chen Feng knew that his soul had been completely destroyed by himself.

It is quoted that the soul of Li Binbai who was pulled into the soul space just now was actually the soul of Li Binbai.

And his body quickly began to lose its vitality. Chen Feng saw that his body quickly turned into flying ash, and when a gust of wind came, it disappeared without a trace!

"Huh!" Chen Feng let out a long sigh of breath, and his heart suddenly relaxed: "Finally, he was resolved."

Li Binbai's chasing and killing was like a maggot attached to a bone, leaving Chen Feng unable to hide, and could not be beaten. The feeling before was really desperate to the extreme.

And now, this scourge has finally been solved!

Chen Feng didn't hesitate at all, and immediately hurried north, hoping to return to the Tianyuan Imperial City as soon as possible to treat Uncle Dao.

And at almost the same moment, a grand celebration was being held in the Blackwater Black Snake Tribe.

Hundreds of millions of people surrounded the holy mountain. Hundreds of thousands of huge bonfires were set up, and each bonfire was grilled with meat of various monsters.

These monster beasts had been roasted out of grease, dripping on the flame, making the fire more vigorous.

There was a smell of meat and wine everywhere.

Everyone opened the wine jar, raised their heads madly, and drank happily!

Singing for a whole day, just before the evening, on the holy mountain, there was a woman who was surrounded by everyone.

This woman, dressed in colorful clothes, was extremely gorgeous, and she was holding a little baby in her arms, it was Yuechan.

The queen mother of the Blackwater Black Snake Tribe, no, now it should be said that she is the queen mother of the entire Southern Wilderness.

Because, the Black Water Black Snake Tribe has already conquered all the hundreds of families in the Southern Wilderness!

Seeing her appearance, everyone immediately stopped their movements and put down the wine and meat in their hands. Then, the next moment, they raised their hands and made a burst of crazy shouts. The excitement was extreme!

Yuechan pressed her hands down, and all the voices below disappeared without a trace.

Everyone held their breath and waited quietly for what she was about to say.

This also shows how high Yuechan's prestige is in the tribe.

She smiled slightly, did not say anything extra, just stretched out her finger to the north, and then coldly spit out eight words: "Today, conquer the Tianyuan Dynasty!"

In an instant, the whole tribe was quiet.

In the next moment, everyone cheered. They waved their weapons and screamed wildly: "Conquest of the Tianyuan Dynasty, conquest of the Tianyuan Dynasty!"

They were all excited to the extreme, almost as if they were going crazy, with a crazy and greedy light in their eyes.

The Tianyuan Dynasty, in the eyes of the hundreds of families in the Southern Wilderness, has always been a place of extreme wealth.

There are endless treasures, mellow wine, land, and beauties there, but the previous Tianyuan Dynasty was a tough stubborn stubborn, and none of them dared to deal with it.

And now, the Heishui Profound Snake Tribe dominates the Southern Wilderness, making them think that it is time to deal with the Tianyuan Dynasty!

They were all full of self-confidence. After Yuechan finished speaking these eight words, she didn't say anything else, but turned back.

Now, with his status, there is no need to give specific orders, just leave these things to the people below.

When he turned around, there was a cold smug on his face: "Chen Feng, aren't you in the Tianyuan Dynasty? Are you hiding there?"

"Then I will ruin the Tianyuan Dynasty and ruin everything about you!"

By his side, Elder Withered Wood followed closely.

Suddenly she tilted her head and asked in a low voice to Elder Withered Wood: "Is the person selected?"

"You have chosen it, don't worry, Queen Mother." Withered Elder smiled and said:

"I have selected all the seventeen masters who went to assassinate Chen Feng. They will set off tomorrow to infiltrate the Tianyuan Dynasty. The ultimate goal is to enter the Tianyuan Dynasty and kill Chen Feng!"

Yuechan nodded slightly, showing a touch of satisfaction on her face.

Chen Feng continued on the road, holding Yaoyao, traveling for hundreds of thousands of miles a day, and only took a break occasionally.

After the previous incident, Chen Feng's relationship with Yaoyao has become much closer. Before, Yaoyao was very indifferent to Chen Feng, and even had a slight hostility.

But now, in his eyes looking at Chen Feng, there are obviously a lot more intimacy, and he is quite dependent on him.

It was early in the morning, a cave halfway up the mountain.

It's not very big, but it's clean and there is no smell.

Outside the cave, the clouds are full of aura,

Chen Feng was sitting cross-legged at the entrance of the cave, quietly practicing, with him as the center, a huge vortex was formed, endless suction came, and huge spiritual energy poured into Chen Feng's body.

Suddenly, Chen Feng moved his ears and looked back.

Behind him, Yaoyao rolled over and woke up leisurely.

Yaoyao is still young and sleepy, so if she can't practice all night, she also needs to sleep.

The child's anger was quite heavy, she woke up in a daze, rubbed her eyes and sat up, but her face was still full of sleepiness.

His eyes were dumb, a little dazed, and they looked really cute.

She sat on the animal skin and froze for a while. At this time, Chen Feng walked in, and a smile appeared on her face. She shook her hands to Chen Feng, and said in a soft voice: "Hug!"

Chen Feng laughed loudly: "Okay, then hug."

As he said, he strode forward and held her in his arms.

Then he held it up high.

Yaoyao chuckled happily at once, and then Chen Feng threw her high, and Yaoyao let out an exclamation.

The exclamation did not fall, but Chen Feng caught him again, so Yaoyao smiled happily.

She really smiled from the bottom of her heart.

Because in the past, she had a lofty status in the tribe, and no one dared to play with her like this. They all respected her extremely, but she also lost a lot of the fun that little girls should have.

[Chapter 2294: living hell](#)

In Chen Feng's eyes, Yaoyao is like her own daughter. Chen Feng has never been a father. Taking care of Yaoyao would make him a little busy, but he enjoys it.

After the jokes, Chen Feng tied Yaoyao with croissants.

At the beginning, Chen Feng's technique was very rough, and the braids he put on Yaoyao couldn't be seen.

After taking a picture in the water mirror, Yaoyao grinned and almost cried.

Chen Feng hurriedly coaxed: "Yaoyao, don't cry or cry, I'll pierce you again."

He split his hair apart and started braiding again. The ten fingers that were so flexible and free to come and go when facing the enemy really became extraordinarily crude.

Chen Feng is getting more and more nervous. He has always been calm and calm when confronting others. He is so nervous at this time, sweat is oozing out of his forehead.

The ten fingers were getting awkward and knotted.

Chen Feng couldn't help but let out a wry smile, and braiding Yaoyao was even more difficult than fighting a one-star martial emperor!

At this time, a humming sound suddenly came from the corner of the cave.

Then I saw that above the haystack in the corner, a small silver-white figure was rolling on it.
it.nOVelSb.com

He grunted twice, opened his eyes, and saw Chen Feng combing Yaoyao's hair.

As a result, his humming voice immediately became louder, as if he was dissatisfied and wanted to fight for favor.

Chen Feng smiled slightly, but ignored him.

As a result, Bloodwind drooped his head very aggrievedly, and walked over with his body swaying.

He came to Chen Feng's feet, shook his trouser legs, and climbed up along his trouser legs.

Not knowing whether it was intentional or unintentional, the blood wind used a bit of strength when it climbed up, and directly tore a lot of holes in Chen Feng's pants and clothes, even the meat inside was exposed.

Then, he climbed to Chen Feng's hand, took the initiative to put his fat head under Chen Feng's hand, shook his head and looked at him, and made a humming sound again.

Chen Feng laughed and hugged him in his arms, rubbed his head vigorously, and scratched his chin.

The blood wind is only satisfied, humming, humming, humming.

Suddenly, a thief flashed in his eyes, seeing that Yaoyao's head was under him, so the thief's eyes rolled around, and they actually rushed directly on Yaoyao's head, as if he was treating her hair as a nest.

But Yaoyao seemed to like it very much and held him in her arms.

As the saint of the White Elephant tribe and the descendant of the Great Witch Doctor of the Southern Wilderness, Yaoyao has a power to get close to nature.

The blood wind was in his arms, and he felt very comfortable, and the slight hostility towards her soon disappeared without a trace, and he was very comfortable enjoying her touch.

Chen Feng took a deep breath, how warm this scene was, if possible, I really want to keep going like this.

But Chen Feng knew, no, he still has a lot of things to do!

Chen Feng went out to hunt a monster beast, and a bonfire was raised here, and the surface of the monster beast was roasted golden, with its skin open and fleshy, which was truly tempting.

He cut a large piece for Yaoyao first, and Yaoyao gobbled it up without hesitation.

Although she is a girl, growing up in the Southern Wilderness since she was a child, she has no resistance to barbecue at all, and she also knows that this barbecue from the body of the Nine Star Demon King can greatly supplement the strength in her body.

Then, Chen Feng cut another piece for himself, and fed the rest to Blood Wind.

Bloodwind is very edible.

Unexpectedly, Blood Wind lifted his eyelids, but he was a little reluctant, and he lay down at Chen Feng's feet after two bites.

Chen Feng immediately understood his thoughts and smiled and said: "Bloodwind, I know you want to eat fresh blood, you want to devour a lot of monsters."

Xuefeng's eyes lit up immediately, and he nodded violently with a whimper in his mouth.

Chen Feng smiled and said, "Don't worry, we can leave the Southern Wilderness soon. After returning to Tianyuan Huangcheng, I will definitely take you to hunt in the Tongtian River."

A sneer appeared at the corner of his mouth: "The Xuanshui Demon Wolf tribe that almost killed us in the past, but still exists in the Tongtian River. This time, I will eradicate them!"

After this warm morning, the three of Chen Feng continued on the road, reaching the extreme speed.

Soon, the rich and green color that seemed boundless to question before him disappeared, and replaced by a large river and a large wasteland.

Chen Feng sighed softly: "I have already left the south!"

Chen Feng continued to sweep forward, and soon a distance of thousands of miles passed by.

Suddenly, Chen Feng frowned because he saw a few thick plumes of smoke rising into the air in the distance.

Chen Feng whispered: "If I remember well, the places where the smoke pillars rise should be the towns closest to the Southern Wilderness. Is there a fire? Shouldn't it?"

Suspicious in his heart: "Even if there is a fire, it is impossible for several cities to happen together. What is going on?"

Chen Feng's figure paused, and then he swiftly moved towards the place where the thick smoke came.

Chen Feng's expression became uglier away from the place where the thick smoke came, because he had heard it. The sound of the wind was mixed with screams, men's grinning laughter, and desperate shouts before he died. And the cries of those women.

There are also piercing and obscene laughter that can't be concealed!

Chen Feng's expression immediately became extremely cold, and when he got closer, he saw that these towns had already turned into a **** on earth.

Countless soldiers wearing black battle armor with a black water mysterious snake carved on the battle armor slaughtered wantonly in these towns.

They kill people when they see them, and the stronger men are killed by them.

When they saw the property, they grabbed it and put it in their own bags.

And when they saw women with a little bit of beauty, they all laughed obscenely, and some people even pushed the women to the ground without waiting!

After they finished the looting and killing, they set fire to them. Almost half of the city has been burned to ruins, and the billowing smoke rose into the air and turned into a huge plume of smoke!

There are strong people in these towns, but these strong people are not worth mentioning in Chen Feng's eyes, and they are even more helpless in front of these black armored soldiers.

Occasionally a few strong men came out to fight, and they were directly beheaded almost instantly.

The strongest among these towns, their strength is not even comparable to ordinary black armored soldiers.

And Chen Feng knew their identities almost instantly when he saw them.

These people are the soldiers of the Black Water Profound Snake Division!

There was a cold look in Chen Feng's eyes: "It's nothing more than killing in your Southern Wilderness, but you still entered my Tianyuan Dynasty?"

[Chapter 2295: Damn it!](#)

He was even more shocked in his heart: "Does this mean that the Black Water Profound Snake Department, it's not right, it should be said that the entire wilderness is already at war against the Tianyuan Dynasty?"

But Chen Feng didn't care so much at this time. What he wanted to do now was to kill these beasts.

Chen Feng's figure flashed and came directly to the ground.

At this moment, in front of him, there were a dozen soldiers from the Black Water Profound Snake Tribe, screaming and roaring towards this side.

Almost each of them is carrying large and small bags, which are filled with all kinds of treasures and treasures. Many black panthers behind them are tied to seven or eight women, many even ten. .

The clothes of these women are messy, some have been insulted by them, and there are tears on their faces!

Seeing Chen Feng standing in front of them, these dozens of Black Water Profound Snake soldiers looked ugly, and shouted sharply, "Little boy, are you looking for death?"

He looked like a leader of the Black Water Profound Snake soldier, without any hesitation, he sternly shouted: "Go on, kill him!"

"Yes." Suddenly, these Black Water Profound Snake soldiers rushed towards Chen Feng.

And Chen Feng smiled coldly: "Looking for death!"

He blasted out with a punch, and an extremely powerful force instantly enveloped these people.

Boom, boom, boom, these Black Water Profound Snake soldiers were all killed by Chen Feng!

They don't even say they fight back, and they didn't even react.

The little leader of the leading Heishui Profound Snake Tribe was still triumphant, looking at Chen Feng sullenly.

After seeing this scene, his whole person was stupid, his face instantly turned pale.

The next moment, when he saw Chen Feng walking towards him, his face immediately showed extreme horror.

Chen Feng stared at him and said with a sneer: "You are very happy to kill? It is very unscrupulous to slaughter my people from the Tianyuan Dynasty?"

"Now, die!"

With that, Chen Feng shot out with a palm.

The little head of the Black Water Profound Snake Department gave a scream of fright, thumped, fell to his knees, and screamed miserably: "Spare, spare my life."

But how could Chen Feng spare him?

The palm fell without stagnation and patted his forehead.

He snorted, before he even had time to scream, his whole body was cut off from vitality, his body tilted and he fell to the ground hard.

The movement here also shocked the heart of the other Black Water Profound Snake Tribes, they shouted one after another, rushing towards Chen Feng.

Chen Feng sneered, and suddenly he screamed: "You all deserve to die!"

As he said, his palms burst out, and King Kong pushed the mountain!

However, this King Kong pushing the mountain did not act on one person, but on all of them. The two huge dark golden palm prints were connected in the air, and then they slapped down fiercely.

Bang Bang Bang, on the ground, there are two more huge palm prints with a radius of hundreds of meters.

And all the members of the Black Water Black Snake Tribe who were photographed by this palm print have all died.

With Chen Feng's palm, he killed hundreds of people from the Blackwater Black Snake Tribe!

In an instant, all the members of the Black Water Profound Snake Tribe were shocked and frightened to pee. All their eyes were focused on Chen Feng.

"Who is this? The strength is so powerful?"

"It's just a palm, so hundreds of our people were killed by him?"

They exclaimed one after another.

But at this moment, Chen Feng slowly raised his head, his eyes revealed a fierce murderous intent, looked at them, grinned slightly, but that smile was full of coldness!

Chen Feng smiled and said, "You all deserve to die!"

He took a step forward, and these thousands of people from the Black Water Profound Snake Tribe were actually scared to take a step back.

They had no courage in front of Chen Feng.

At this time, suddenly, among the soldiers of the Black Water Black Snake Tribe, a middle-aged man in his forties strode out.

This middle-aged man looked like a general, the armor he wore was different from that of others, and the black panther he was riding was also exceptionally huge.

He stared at Chen Feng and sternly shouted: "Who are you? We are the soldiers of the Black Water Profound Snake Clan, crusade against the Tianyuan Dynasty, so you dare to be here as a car? You are just looking for death!"

Chen Feng sneered. Although this person pretended to be calm, from his voice, Chen Feng could hear the deep fear.

Obviously, he was already terrified of himself at this time.

Chen Feng smiled and said, "Who am I? I am from the Tianyuan Dynasty. If you dare to invade the Tianyuan Dynasty, then you must be prepared to be killed!"

After speaking, Chen Feng screamed: "Kill!"

A punch was slammed, and in front of Chen Feng, the general of the Black Water Profound Snake Tribe was no different from an ordinary soldier. Chen Feng slammed with this punch with an extremely powerful force.

The general screamed and screamed frantically, but it didn't work at all.

Chen Feng blasted out with a punch, and he flew out, and when he was in the air, the bones all over his body exploded and blood spurted wildly.

When it landed, it became a pool of rotten meat,

Chen Feng directly shattered his heart, shattered all the bones and internal organs, and completely cut off his vitality.

Seeing this scene, the remaining soldiers of the Black Water Black Snake Tribe were even more frightened.

When Chen Feng turned around and forced them towards them, they all fled out frantically.

Chen Feng sneered: "Escape? Can you escape?"

With that, he flashed in shape and madly chased him.

With one punch, it cut off hundreds of lives.

Chen Feng had no pity for them.

They have committed countless crimes, and everything in front of them is the best proof. Chen Feng wants to kill them all!

It took less than a cup of tea, and all the black water mysterious snake tribe thieves in this town were dead, and none survived!

Then, Chen Feng went to several other towns, and also killed the Blackwater Black Snake Tribe thief army in those towns, before leaving!

Chen Feng was all the way up, but he killed all the thief army of the Black Water Profound Snake Tribe that he could encounter.

But for the rest, Chen Feng couldn't manage that much. From the information he got, it was known that this time the Black Water Profound Snake Tribe was invading the Tianyuan Dynasty with all its strength.

With hundreds of millions of troops attacking together, Chen Feng could not resist all the enemy troops no matter how alone.

No matter what, what he can do is limited.

Chen Feng just wanted to rush back to the Tianyuan Imperial City as soon as possible and report the news to the emperor, which would be more effective.

Chen Feng passed by a huge city, frowning.

Chen Feng remembered that this city was the largest city adjacent to the Southern Wilderness in the Tianyuan Dynasty, Lanyang City!

[Chapter 2296: I am fair for you!](#)

This city is located in the south of Lanjiang, so it is called Lanyang City.

At this time, this huge city with tens of millions of people gathered, but it was a dark cloud, and countless crying and screams came from it.

And Chen Feng also saw that this place was not captured by the thieves, but there were countless people dragging their homes and fleeing with their luggage.

They rode various pack beasts or horse-drawn carriages, all fleeing outwards in a hurry. Obviously, they had learned that the black water mysterious snake tribe thief army was about to kill, so they left their homes and fled here.

Chen Feng sighed secretly as he watched. These people can't help much. After all, there are too many people.

At this moment, Chen Feng suddenly saw that the gate of Lanyang City suddenly opened, and an army from inside was killed.

This army was completely clothed in black and black armor, and Chen Feng was shocked. He thought it was the army of the Black Water Profound Snake Tribe, but he went on to look at it and found that it was completely different.

Although the colors of the clothes are similar, no matter the pattern on the armor of this army, the monster beast it rides is different from the army of the Black Water Black Snake Tribe.

And the biggest difference is strength, their strength is much worse than the Blackwater Black Snake Tribe army?

However, they are not the opponents of the Black Water Profound Snake Tribe's army, and dealing with these people is easy.

They rode monster beasts to the front of the people one after another, and then sternly shouted: "Go away, all go back to the city, no escape!"

The people hurriedly distinguished, and these people distinguished one by one, these people all yelled frantically, brandished their spears and swords, and then killed them.

All the people who dared to argue were killed in an instant, while the remaining people let out a stern cry and were driven back to the city!

Someone with a face full of unwillingness uttered a **** roar: "Why? You are officers and soldiers of the dynasty! Why are you killing us?"

"You can't stop the enemy, can't you let us escape?"

A general officer showed a grinning smile on his face and screamed: "The Lord of the City must save his wealth and life by dedicating you to the Black Water Profound Snake Tribe. How can he tolerate running away?"

"You ran away, and there was only an empty city. What did Lord City Lord offer to them? If there is nothing to offer, then Lord City Lord is the one who died?"

As he said, the spear in his hand pierced the old man fiercely!

And just when his spear was about to stab the old man, and the old man even closed his eyes and waited for death, suddenly the general found that his spear was not moving at all. Even if he moved forward an inch, it was very difficult. It can't be done at all.

He pushed forward desperately, only to find that the spear was cast into iron.

At this time, the old man realized that the death he was waiting for had not come, and opened his eyes in amazement, and then he saw a tall figure blocking himself in front of him.

At this moment, the tall figure held the spear in one hand, and the spear remained motionless in his hand.

Seeing this scene, the general suddenly became furious and shouted sharply: "Boy, are you looking for death?"

"Hurry up and get me aside, don't get in the way of us, or else you will join you!"

Chen Feng stared at him and said coldly: "Are you an officer of the Tianyuan Dynasty?"

"Yes, I am the official army of the Tianyuan Dynasty!" The general sneered disdainfully: "So, if you block me, you are against the Tianyuan Dynasty!"

Chen Feng didn't answer his words at all, and just said word by word: "And you are killing the people of the Tianyuan Dynasty!"

"So what?" The official Li Neilun screamed: "We are ordered by the city lord!"

"Oh? Really?" Chen Feng smiled coldly: "I don't care who ordered you. If you dare to do this kind of thing, you should kill!"

Chen Feng let out a violent roar, a force of power came from his hand, and with a bang, the tail of the spear hit the general's chest heavily and directly pierced him, bringing his heart to life. Smashed.

This caused the official to squirt out a big mouthful of blood, and he leaned back heavily, and fell off his mount, already completely dead.

At this time, the army of the city lord who killed the people all exclaimed.

"There is resistance here!"

"Kill him! Damn it, did you dare to resist us? Damn him!"

These people all came to Chen Feng.

A sneer appeared at the corner of Chen Feng's mouth, staring at them word by word: "You really deserve to die!"

With that, Chen Feng let out a violent roar, and the spear in his hand hurled forward frantically.

With a bang, the spear tore, and the air made a huge sonic boom. In an instant, the spear tore the air and came before the first city guard.

A loud noise directly smashed him to pieces.

Then, the spear didn't stop in the slightest, and hit the second person again, continuing to smash him to pieces.

It hit the third person again, the fourth, the fifth...

Bang Bang Bang Bang, this spear smashed a whole number of hundreds of city guards one after another.

It wasn't until the 379th person that his strength was exhausted. He just smashed the person's upper body to pieces, and then the person behind him was penetrated through his chest, leaving a hole the size of a sea bowl in his chest.

It wasn't until the 382nd person was killed that his momentum was exhausted.

But even so, the 382nd man was nailed directly out of the horse, and fell heavily to the ground, nailing him to the ground alive!

One move is powerful, one is as good as this!

Chen Feng shot one after another, and in a blink of an eye, most of these so-called city guards who slaughtered the people were beheaded.

As for the rest of them, seeing this scene, all of them showed horror on their faces, and they drove the monster beasts under the hips to run towards the city.

Soon, they all returned to the city.

And Chen Feng faced all the people, smiled and said: "Everyone, don't panic, now, I'll be fair for you!"

He flew toward the top of the city, stood far in the air, looked down at the top of the city, and said loudly, "Where are you, the master of Lanyang City?"

The person in charge of Chen Feng's question is naturally the city owner.

At this moment, a burly man walked out of the castle tower. He looked at Chen Feng, with a look of disdain on his face, and said coldly: "You deserve to see the city lord too?" *noVELus&.com*

Suddenly there was a hideous look on his face, and he shouted sharply: "Little boy, are you looking for death?"

Chen Feng said coldly: "I don't know if I am looking for death, I only know that if you dare to kill innocent people, you deserve to die!"

"Okay, boy, you really don't know how high the sky is, you dare to talk to me in this tone?"

[Chapter 2297: Who dares to surrender!](#)

The burly man gritted his teeth and gave a smirk: "Do you think you are great? Do you think you can easily defeat me by killing a few ordinary sergeants?"

"What are you?"

He disdainfully said: "Within three moves, I can defeat you!"

The sergeants of Lanyang City around all shouted excitedly: "Zhou Commander is mighty!"

"Yes, once Commander Zhou shot, this little **** is absolutely dead!"

"Yes, how could this little boy be the opponent of Commander Zhou?"

They all praised Commander Zhou, and Commander Zhou was so proud to hear their praise, he laughed.

Moreover, he really felt that he could easily defeat Chen Feng.

Chen Feng raised his eyebrows, and a funny expression appeared on his face: "This person is really overwhelming!"

Chen Feng could see his strength clearly, not even in the Martial Emperor Realm.

This kind of opponent, Chen Feng can easily defeat with one hand, I don't know how much!

The burly man screamed: "Little boy, get out of the way and don't be nosy!"

Chen Feng frowned and his face was cold.

Seeing that this person dared to say it again, Chen Feng would directly kill him.

Chen Feng doesn't mind doing this.

But at this moment, suddenly, there was a black tide rushing towards here in the distance.

And soon, people will see, where is the tide? It is clearly an endless black cavalry.

They rode on the black panther and the flying tiger with wings, and looked fierce. They wore black armor and embroidered with the black water mysterious snake pattern.

As a result, a huge scream of horror broke out among the crowd: "Come, come, come from the Blackwater Black Snake Tribe."

They immediately rushed towards the city frantically.

Seeing this scene, Chen Feng also shouted loudly: "Everyone, go back to the city first!"

Chen Feng also swept up the city wall. The burly middle-aged man stared at Chen Feng fiercely, and said in a dark voice: "Little boy, I will settle accounts with you later!"

Soon, the black water mysterious snake army swept in madly, a group of cavalry kept running around the city wall, bursts of arrogant laughter from their mouths.

The black panthers and black tigers below them also screamed and laughed, which made people shudder.

Many people have a look of fear on their faces.

And many soldiers, those who were still slaughtering the people wantonly, turned pale and trembling all over.

Although the Heishui Profound Snake Tribe invaded the Tianyuan Dynasty in only a short time, their foul name has spread throughout the Tianyuan Dynasty area bordering the Southern Wilderness.

At this time, a fat man with a fat figure was also carried on the city wall while riding on a jade.

This fat man wore gorgeous robes, and his decorations were all treasures, and he knew his status at a glance.

After he came here, the burly general hurriedly bowed and said, "I have seen Lord City Lord!"

This person is the Lord of Lanyang.

He looked at the burly middle-aged and said, "How are you doing what you are told?"

"All are ready." The burly middle-aged said respectfully, "When they persuade them to surrender, I will surrender!"

City Lord Lanyang nodded.

They even talked about surrender directly here, which is extremely shameless.

"Surrender?" Chen Feng's expression instantly turned cold: "Who dares to surrender?"

"How about I surrender?"

The burly general stared at Chen Feng disdainfully, and said proudly: "You little **** has such a small amount of strength, and you want to learn from other people's nosy? What a death!"

"Go back and practice for decades before coming out, don't be embarrassed here!"

He ridiculed loudly and mercilessly, with a joking expression on his face.

In his opinion, Chen Feng was not his opponent at all, and the soldiers and generals around also made a ridicule.

A cold color flashed in Chen Feng's eyes. These people said that surrender was so open, as if this was such a glorious thing!

Chen Feng stared at him, and said coldly, "You say it again!"

"I want to surrender, what can you do to me?" The burly general stepped forward. Seeing Chen Feng blocking him, he immediately reached out and pushed Chen Feng away with disdain, and shouted, "Go away. !"

Chen Feng smiled slightly and suddenly stretched out his hand and grabbed his wrist directly.

This burly general struggled a few times, but found that he couldn't get away at all, and his hands didn't move.

A look of astonishment appeared on his face immediately: "This kid is so powerful!"

A sharp light flashed in his eyes, murderous intent was raging, and he slammed Chen Feng with a fist, and said grimly: "If you dare to stop me, I will kill you!"

Chen Feng smiled and said, "Really? Look at who killed who!"

He also blasted a punch, and with a bang, these two fists hit each other.

Chen Feng didn't move, but the general uttered a scream, and the fist and arm that hit Chen Feng burst into pieces.

However, Chen Feng grabbed his right hand and made him unable to move. At the same time, he slapped a big slap on his face, and screamed: "Are you still surrendering?"

The general was beaten up with crazy screams, bursts of pain, tears and nose came out.

Chen Feng made another big ear scraper on his backhand: "Are you surrendering?"

Papa Papa, Chen Feng beat a dozen big ear scrapers, and the general was beaten to a nervous breakdown and wept bitterly.

Seeing this scene, everyone was shocked, and they all looked at Chen Feng with an unbelievable look.

After a long time, the crowd exclaimed: "How is it possible? Commander Zhou is not the enemy of this kid?"

"Commander Zhou fought him and was seriously injured directly?"

"And did you see that this kid feels that he hasn't exerted any strength yet, how strong is this kid?"

At this moment, they looked into Chen Feng's gaze, and the contempt and ridicule just now disappeared without a trace, replaced by a deep sense of fear and shock!

Those dozen big ear scrapers slapped Zhou Tongling's face like a pig's head.

Chen Feng grabbed him by the collar, directly lifted him high, and shouted sharply: "Dare to say surrender, this person is the end!"

As he said, his hands shook, his power surged crazily, and with a loud explosion, the commander was directly blown into blood mist this week!

Then, Chen Feng turned around and looked there.

He looked at the city lord of Lanyang and smiled slightly: "What did you just say? I didn't hear it clearly. Say it again."

At this time, the city lord of Lanyang was already trembling at the shock of Chen Feng's strength, where would he dare to say anything?

He immediately put a smile on his face and said: "I didn't say anything just now! I didn't say anything!"

[Chapter 2298: With one, the enemy is three hundred thousand!](#)

Chen Feng nodded slightly: "This is pretty much the same."

Then, Chen Feng turned around, facing everyone, and screamed: "Today, if you dare to say that you surrender, you will kill without mercy!"

Chen Feng's words, like ten thousand years of ice, shocked everyone's minds and made them frightened.

And they knew even more that Chen Feng definitely had this strength.

These people were so scared that they shivered, and no one dared to speak anymore!

Chen Feng smiled slightly and said, "Don't worry, I won't let you die. Now let's see how I can solve these thieves for you!"

With that said, Chen Feng flew out in the air, with a body like a dragon, and directly killed the black water mysterious snake tribe!

Opposite him, there is an army of 300,000 Black Water Black Snake Tribes, a large swath of black crushed!

And Chen Feng, dressed in white, was as bright as snow.

He actually wanted one, the enemy 300,000!

Compared with the opposite, he looks extremely small, but Chen Feng has a face full of determination, without any hesitation!

Although thousands of people are coming! Full of unspeakable determination!

Everyone gave a huge exclamation from the city up and down.

The difference is that the exclamation of the people in the city is full of moving and admiration.

And there is still a worries in their eyes!

"This young man has used his own power to deal with hundreds of thousands of troops? Is he an opponent?"

"That's an army of hundreds of thousands! No matter how powerful he is, he is only one person after all, with limited power. He won't die in this army, right?"

Some people have a vicious look on their faces: "This kid will definitely die there, he can't survive."

"Yes, he is too arrogant, how can one person's power be able to deal with so many people? He is just looking for death!"

It was the subordinates under that Zhou commander who said this, full of resentment towards Chen Feng, wishing him to die quickly!

Only the old man, the old man who was rescued by Chen Feng under the iron gun, folded his hands, his face was full of pious expressions, and he prayed in a low voice: "We must bless him, and we must bless him. Peace!"

At this time, among the army of the Blackwater Black Snake Tribe, everyone's faces were full of disdain.

Someone leaned forward with a smile: "Hahaha, is this kid crazy, right? He actually came to our big battle alone?"

"Yes, we have hundreds of thousands of people. What is it that he is here alone and he is going to die?"

"This man is absolutely crazy!"

A general sternly shouted: "Boys, don't cut him directly later. After you capture him, cut him a knife by himself, then hang him in the army and let him dry for three days and three nights. Let him die again!"

"Let him know, dare to underestimate how we feel we will give!"

"Hahaha, that's a good idea!"

"That's right, you should do this, and punish this little brat well, so that he doesn't know how high it is!"

They yelled one after another, and at this time, Chen Feng was getting faster and faster and getting closer to them.

The figure cut through the sky, and there was a sound of sonic boom tearing the air!

Seeing this scene, the faces of many people in the Black Water Black Snake Tribe became serious, especially those who were closest to Chen Feng in the forefront, with a strong guard on their faces. color.

Someone whispered: "This kid is not slow!"

Someone beside him disdain: "What if the speed is not slow? Poor strength is also a waste!"

At this time, Chen Feng had already come to the front.

He was in the air and suddenly shouted: "Die!"

The blood-stained giant knife appeared in his hand behind him.

Then, the blood-stained giant knife slashed out, and a huge and fierce sword energy that was thousands of meters long, swept toward the army of the Black Water Black Snake Tribe below.

Feeling the power of this sword and the extreme murderous intent in that sword aura, all the people of the Black Water Profound Snake Tribe issued a huge exclamation.

And the black water mysterious snake tribe thief army shrouded by that sword aura, one by one was terrified, their complexion changed greatly!

Feeling the incomparable pressure, their faces were even forced to ooze droplets of blood.

They yelled in horror: "This kid is extremely strong!"

"Yes, this knife is too powerful!"

The leading officer screamed: "Resist, resist!"

Together, they waved the weapons in their hands and launched a powerful offensive one after another, slashing towards Chen Feng's sword.

However, it is useless at all!

After the knife was cut away, all the resistance that collided with that knife gas was directly shattered with a bang.

After that, the sword was pressed down fiercely, and many people's faces were already showing despair!

"I'm going to die! This knife can't stop it at all!"

"I'm so regretful, this is a peerless strong man, and I dare to look down on him before?"

"This person is too strong!"

In the next moment, all the screams and desperate screams, everything disappeared without a trace!

With a loud bang, the sword slammed down, smashing their weapons and hitting them.

Then, after a moment of stagnation, the sword energy suddenly disappeared.

And these thieves of the Black Water Profound Snake Tribe all immediately disappeared, and they were directly cut into countless dust by this incomparable sword energy, and even the corpse was not left behind.

A gust of wind came, and the traces they left disappeared directly!

There is an indescribable awe above and below the city,

Everyone was stunned, they all opened their mouths and looked at them in disbelief.

With one stab, Chen Feng only used one stab to kill at least thirty thousand thieves!

In the next moment, there was a huge exclamation from the city above and below the city!

"Is this strength too strong?"

"Yeah, he actually killed 30,000 troops with a single blow, God, I can't believe it!"

Some people trembled and said, "I'm afraid his strength has already entered the legendary Martial Emperor Realm!"

Everyone was even more uproar: "This turned out to be a powerful man in the Martial Emperor Realm!"

And the thieves of the Black Water Black Snake Tribe below the city are even more chaotic.

"This kid is really amazing. One move killed 30,000 of us? I'm afraid that only the elders of the tribe can deal with him!"

"Ordinary elders should not be his opponents, maybe only the level of Witherwood Elder can dare to say that they can win him!"

Everyone cast their eyes on the figure floating above the sky, and their eyes were full of worship, fear, and fear!

If anyone still thinks that Chen Feng has no strength, then he is really a lunatic.

And the few people who had mocked Chen Feng before, thinking that he would inevitably die at the hands of this Black Water Profound Snake Tribe army, their faces were flushed.

[Chapter 2299: court death!](#)

Chen Feng directly slapped them in the face with his strength, leaving them faceless!

Chen Feng's gaze was indifferent, and his eyes were murderous, he shouted again, and cut it out again.

As a result, another 30,000 people were directly beheaded by him.

But after this knife was cut out, the army of the Blackwater Black Snake Tribe collapsed.

They have a very strong will to fight, and their strength is not weak. If they are evenly matched opponents, they can fight their opponents to the last breath and make themselves shed the last drop of blood.

But now, in front of them, it is not a reciprocal battle at all, but a one-sided killing.

They simply don't have the power to compete with each other, they don't even have the power to fight back, they can only wait for death here.

Therefore, they were desperate, and they collapsed directly.

I don't know who was the first one, so he turned the mount and fled back wildly. While running, he shouted sternly: "We are not rivals, run away! Run away!"

With the first one, there will be a second, and then everyone screamed and screamed, madly running away.

The army of the Blackwater Black Snake tribe collapsed directly.

Chen Feng stood proudly above the sky, looking at these.

He did not pursue it, because Chen Feng had more important things to do.

And when the last thief army of the Black Water Profound Snake Tribe disappeared from sight, there was a violent cheer on the top of the city that had been silent for a long time.

The cheers shook the sky and burst out. Everyone looked at Chen Feng as if they were looking at a god!

At this time, their hearts were full of worship of Chen Feng.

People cheered and even cried with joy!

Chen Feng turned and flew over at this time, and slowly landed on the top of the city!

Without waiting for Chen Feng to say anything, a ray of light flashed in the eyes of the city lord of Lanyang, and he moved first!

Seeing the army of the Black Water Profound Snake Tribe leave, the city lord of Lanyang City showed a smug look on his face. He laughed loudly, turned around and faced all the soldiers and civilians in Lanyang City, and said loudly: "The thief army has retreated. The thieves have retired!"

There was a flamboyant expression on his face, and he said very arrogantly: "You can all see the credit clearly. Today, I led the Lanyang City army to win!"

He looked at the troops in Lanyang City, and laughed: "If you are good at defending the city, I will definitely report to the imperial court and report to your majesty. I will never treat you badly!"

Chen Feng watched by the side, his face instantly cold.

This person is really shameless, obviously it is his own credit, he actually said it was his!

The troops in Lanyang City were equally shameless, cheering and laughing: "Thank you, Lord City Lord!"

In fact, they didn't even move their hands in the battle just now, and it was entirely due to Chen Feng's alone.

The Lanyang City Lord laughed wildly, turned around and went down the city.

He didn't even look at Chen Feng. Chen Feng, a hero, was not in his eyes at all, even completely ignored by him, selectively ignored!

He did this not accidentally, but deliberately. He just wanted to wipe out Chen Feng's credit and take it for himself!

Chen Feng's eyes narrowed slightly. To be honest, Chen Feng didn't care about the credit.

He could not take this credit, but it did not mean that Chen Feng could tolerate others treating himself with this attitude.

And now, the city lord of Lanyang has done it.

Therefore, Chen Feng is very angry, and when Chen Feng is angry, some people will be unlucky!

Chen Feng has never been the master who can swallow his breath!

The city lord of Lanyang saw Chen Feng in a blink of an eye, suddenly a flash of light in his eyes, walked up to Chen Feng, and said loudly in a commanding tone:

"Untouchables, I now give you a chance to flatter me, and I grant you permission to protect me in the Tianyuan Imperial City!"

"What?" Chen Feng's eyes widened, suspecting that he had heard it wrong.

This person allowed himself to protect him from going to Tianyuan Imperial City? It still looks like a gift?

"What? Didn't you hear what I said? Are you deaf or stupid?" Lanyang City Lord said impatiently.

"Tell you, this is a golden opportunity, do you know who I am?"

Chen Feng sneered: "I really don't know."

"I tell you, my aunt is the queen of the Tianyuan Dynasty. If you can indulge in me, it will be a step up to the sky. No one in the Tianyuan Dynasty will dare to provoke!"

With his chin held high, his face was full of arrogance.

Seeing Chen Feng not moving, he impatiently urged: "What are you doing in a daze? Hurry up, come and protect me!"

A very impatient tone.

He never thought Chen Feng would dare to kill him.

The reason why he was scared just now was because he felt that he was frightened by Chen Feng. Now he recalled his family background and thought he had no need to be afraid of Chen Feng!

For his performance just now, he was even very angry.

He was confident and arrogant.

"Oh? Protect you?" Chen Feng smiled and walked forward, walking in front of him, and suddenly punched out.

This fat man was directly hit in the chest with a punch by Chen Feng. With a wow, a mouthful of blood was sprayed out, and he slammed heavily on the tower, directly knocking down the tower.

Countless bricks were pressed down, burying him alive.

Then, Chen Feng's figure flashed, came to him, and grabbed him by the collar again and lifted him up.

At this time, the fat man was full of blood, he stared at Chen Feng in disbelief, and screamed like a chicken: "How dare you? How dare you?"

Chen Feng stared at him, and said word by word: "What are you? How dare you talk to me like this?"

"Tell you, if you order your men to slaughter the people today, I can't spare you!"

With that, Chen Feng shot out with a palm.

The fat man felt the coming of death and let out a scream: "Ah, my aunt won't spare you!"

"Our family will not spare you, you will definitely die!"

The sound stopped abruptly, and Chen Feng's palm had already shattered it with a sudden, without any bones left.

Chen Feng, directly beheaded him without hesitation

At this time, Chen Feng suddenly turned his head and glanced at a few people. Those people were the ones who mocked after Chen Feng's fight just now, and even he hoped that he would die in the chaos.

Chen Feng stared at them, smiled and said, "When I went to fight just now, what were you talking about behind?"

When these people came into contact with Chen Fengfeng's gaze, their eyes were full of extreme fear. They all turned pale, their faces were full of horror, and their bodies trembled.

One of them swallowed, barely squeezed out a smile, and said with a trembling, "I, we didn't say anything just now."

[Chapter 2300: Come back!](#)

"Oh? Didn't you say anything?" Chen Feng was still smiling, but his smile was extremely cold: "I think I should have heard it right!"

His volume suddenly rose: "I am fighting for you to keep you safe, but you still expect me to die?"

"Okay, then you will die for me!"

As he said, Chen Feng blasted a fist far away, and an incomparable force surged and swept these people.

A few screams sounded, and these people collapsed in their chests, spurted blood, and fell to the ground hard, already dead!

Chen Feng shouted to everyone: "These dog thieves have already been killed by me, and I have just killed so many people from the Black Water Profound Snake Tribe. It is impossible for them to come here in a short time."

"Another army wants to kill here, at least a few days later, this is a rare opportunity, you hurry up and run away!"

"My original intention of killing these people was not to be able to keep this city, but to win time for your escape!"

After hearing what Chen Feng said, people nodded one after another, knowing that what Chen Feng said made sense.

Chen Feng waved his hand and said, "Okay, go down and clean up, and leave now!"

Suddenly, I don't know who was the first to kneel on the ground, kowtow to Chen Feng, and shouted: "Thank you, Shaoxia, for your help."

He was the first, but not the last, and everyone fell to the ground.

In a blink of an eye, a large area of the city was kneeling down, and everyone thanked Chen Feng from the bottom of their hearts. **NovelLush.com**

Chen Feng smiled slightly and said, "You are all citizens of the Tianyuan Dynasty, how can I ignore it?"

"Okay, go now!"

Chen Feng repeatedly persuaded them, and they just stood up and left one after another.

After a while, many people rushed out of the several city gates, basically heading to the north. It was not until this scene that Chen Feng was relieved and turned away.

Just a moment after Chen Feng left, suddenly, a person walked out at a corner of the city.

This person is dressed as a servant, but his aura is quite strong and cold, as if he is working for a high-level family.

He walked quickly to the corpse of the city lord of Lanyang. After repeatedly confirming his death, he sighed and looked in the direction where Chen Feng was leaving, with a cold and vicious color on his face, muttering to himself:

"Others don't know you, I do!"

"I saw you in Tianyuan Imperial City, and you are famous in the Tianyuan Dynasty, Chen Feng!"

He directly said Chen Feng's name, and his voice was extremely stern: "You dare to touch the nephew of the empress, the empress knows that she will never spare you!"

"The old Patriarch knows that he will definitely not spare you. Wait for me to die. I will return to the Tianyuan Imperial City to report the letter, so that you will die without a place to be buried!"

Tianyuan Imperial City, south.

Above the sky, a cyan ray of light swept across, at an extremely fast speed, like a cyan streamer.

Finally, when he was about to reach the Tianyuan Imperial City, the cyan streamer stopped, looking at the towering city wall, and looking at the floating mountain above the sky in the distance, he took a long breath and said softly: "Fortunately, it's not late!"

This cyan streamer is naturally Chen Feng.

At this moment, he was carrying Yaoyao on his back, and the blood wind in his arms. Since leaving Lanyang City, Chen Feng has hurried to the north.

He didn't care about covering up his whereabouts anymore, so he flew directly in the sky, extremely fast.

At this time, he finally came under the Tianyuan Imperial City.

Chen Feng fell on the ground.

Yaoyao looked at the towering city wall in the distance, looked at the magnificent world, with a look of shock on her face, and asked Chen Feng: "Big brother, is this the Tianyuan Imperial City?"

Chen Feng smiled slightly and said softly: "Yes, this is the Tianyuan Imperial City, your elder brother's home, and it will also be your home in the future."

Yaoyao nodded vigorously, and looked at Chen Feng with a deep admiration in her eyes.

After this time of getting along, she is already extremely dependent on Chen Feng!

Holding Blood Wind in one hand and Yaoyao in the other, Chen Feng walked quickly towards the Tianyuan Imperial City.

As he walked, he thought: "This time the speed is still a little slow. If I have a flying sword, I don't need to be too high in level. As long as it is similar to Feng Hongyun's flying sword, then I will be more calm on my way this time. You can come back at least twenty days in advance."

"Having a weapon that can fly can double my speed!"

"Furthermore, in this case, it becomes much easier for me to escape when facing a level expert like Li Binbai."

Now Chen Feng's speed is indeed a big flaw. Although he already has the strength to kill a one-star Martial Emperor, Feng Hongyun's half-step Martial Emperor realm possesses speed that is beyond his reach. .

Because Feng Hongyun has that flying sword!

Chen Feng knew that he wanted to cast a flying sword, or a similar weapon, already imminent!

However, the more important thing now is to treat Uncle Dao.

Chen Feng moved towards the Tianyuan Imperial City extremely fast, and soon he came to the outer courtyard of Wudong Academy.

In his capacity, everyone knew him, and the journey was naturally unimpeded. Soon Chen Feng came to Liu Chengyi's residence.

Before entering, Chen Feng smelled an extremely strong fishy smell. There was a strong sweet smell in the fishy smell. Chen Feng immediately realized that it was the smell of poison.

Chen Feng suddenly picked up his heart and tremblingly shouted, "Uncle Dao, Dao, how are you?"

He almost rushed in.

Then the next moment, Chen Feng saw that Uncle Sword was placed there on a stone platform in the very center of this space.

At this time, the condition of Uncle Dao's body could be described as terrible.

Originally, when Chen Feng left, the sores on Uncle Dao's body had all disappeared, but now they have recovered again, and they are much worse than before.

Almost half of Uncle Dao's body was rotten, and there were blue abscesses everywhere, and the pus was flowing everywhere, which could not be eliminated.

His body was full of stench and sweet smell, and Chen Feng immediately knew why he had not died yet.

Because at this time, above his body, there are dozens of light bands shining, these light bands are showing a bright white color, and they are all composed of stars. Obviously, this is composed of the power of stars.

And these light bands guarded the meridians on Uncle Dao's body, especially the position of his heart, and gathered a large piece of starlight, but this piece of starlight is being eaten away at a speed visible to the naked eye, constantly turning blue. color.
