[Chapter 2311: breakthrough! Half a step in the Martial Emperor Realm!](#)

A huge vortex was formed in an instant.

And the next moment, Chihai Zijinlong uttered a dragon chant, and slammed his body onto Chen Feng's body.

The power of the martial soul radiated, and Chen Feng's body flickered like gilt gold, which actually had a touch of heaven and earth with the vortex.

Then the next moment, the Chihai Purple Gold Dragon turned into a dragon-shaped beam of light, directly connecting Chen Feng with the huge vortex above the sky!

Everyone exclaimed, many people are familiar with this scene.

"Chen Feng is about to break through!"

"Yes, look at this, he is actually going to break through from the Martial King realm to the Martial King half step!"

"I can't believe it, he is not even a half-step Martial Emperor Realm powerhouse now!"

"At the level of the Nine-Star Martial King, you can kill the two-star Martial King, and Chen Feng is too powerful, amazing!"

They were completely shocked!

This discovery even shocked them more than Chen Feng was seriously injured and dying by Chi Yanfeng.

Because Chen Feng leapfrogged and challenged the two-star Wuhuang, he could win!

Everyone was shaken!

And Chi Yanfeng's face was also full of jealousy, and a fierce light flashed in his eyes: "Never let this kid break through, otherwise it must be a big disaster!"

He fisted madly at Chen Feng, but it had no effect.

The Chihai Zijinlong radiated light from heaven to earth, protecting Chen Feng.

His fist bombarded the light, it was useless at all, the light rippling, directly offset his fist.

Bang, bang, bang, dozens of punches in succession, banging on it, no use.

Even if he used his long flame knife, it is still useless!

At this time, Chen Feng was breaking through from the realm of the Nine-Star Martial King to the half-step Martial Emperor realm. At this time, it was his Martial Spirit that played the most important role.

Only a martial soul can break through, and only a martial soul can determine his strength after a breakthrough!

At the next moment, the huge vortex above the sky suddenly expanded rapidly, and in a flash, it expanded directly to a full 100-mile radius.

Everyone even exclaimed: "Are you kidding? Is this the sight of Nine-Star Martial King breaking through to the half-step Martial Emperor Realm?"

"How is it possible? The average Nine-Star Martial King breaks into the half-step Martial Emperor Realm, and the vortex above the sky can be one mile in diameter, and it will not exceed 10,000 meters from the ground."

"Yes, Chen Feng is 60,000 meters above the ground, with a diameter of one hundred miles and a hundred times more than an ordinary Wuhun!"

"Chen Feng is too terrible, too powerful, the posture he broke through is stronger than the posture he broke through in the Martial Emperor Realm!"

At the same time, in the entire Tianyuan Imperial City, I don't know how many people were shaken by the vision between the world and the earth, and then they walked out one after another.

Then, they saw the huge vortex that seemed to be crushing down to destroy the entire Tianyuan Imperial City, and also saw the dragon-shaped beam of light one after another!

Chi Yanfeng's face was pale, but at this moment he had nothing to do, he couldn't break it at all!

At this time, all of a sudden, everyone saw that the huge vortex was stopped by the constantly rolling clouds above the sky.

Then the next moment, in this vortex, a force quietly emerged, pressing down along the dragon-shaped beam of light.

After this power appeared, everyone felt that their body was heavier several times, and they almost fell to the ground directly under pressure.

Some people with a low level of cultivation are already kneeling on the ground!

Everyone exclaimed: "The power of heaven and earth! This is the power of heaven and earth!"

This ray of cyan power is the power of heaven and earth.

After entering the Martial King Realm, the biggest change is the power of heaven and earth.

And the reason why the powerhouses of the Martial Emperor Realm can control the general situation of the world and drive one side of the world for their own use is because they have the power of the world.

The power of heaven and earth surpasses all internal forces, true essence, and qi, and it is the most powerful force in the Dragon Vein Continent!

The old man who had spoken before had a fascinating look on his face: "This is the power of heaven and earth. Only when you have mastered the power of heaven and earth and stepped into the Martial Emperor Realm, can you truly call it a place above this dragon vein continent. The strong!"

This power of heaven and earth, the color is pale blue, just like sky blue, extremely magnificent, it is impossible to describe.

He seemed to be slow, but in fact he was extremely fast, and he slammed directly down the dragon-shaped beam of light.

In the next moment, he fell into Chen Feng's body!

Chen Feng was already seriously injured at this time, but his mind was very clear.

At this time, he felt extreme ecstasy in his heart: "Breakthrough! Finally broke through!"

And then, he felt this coercion, this huge power of heaven and earth penetrated into his body.

In the next moment, this power of heaven and earth wandered through Chen Feng's body. Wherever the force of heaven and earth passed, Chen Feng's injuries in his body were fully recovered. All the wounds on his body began to scab and fall off, and then changed again. Dying as white as jade.

Chen Feng felt that his spirit and strength had been restored to the peak in an instant, and he was unspeakably comfortable.

Then, the power of this world poured into Chen Feng's Dantian!

Chen Feng felt that in his mind, everywhere in his body, there seemed to be shackles and restrictions, which were instantly broken.

He felt that his feelings about his surroundings immediately changed. He felt that he was in this world, which he could easily control.

Do whatever you want, do whatever you want!

And this feeling was so beautiful that Chen Feng almost groaned comfortably. *n0v3LuSB.com*

Chen Feng stood up quietly and opened his eyes.

He stretched out his arms, feeling the heaven and earth, and said softly, "Is this the power of heaven and earth?"

"Is this the feeling of controlling the world?"

There was a fascination on his face: "It's really different. When I stayed in the Martial King Realm, no matter how strong I was, even if I could kill the Second Star Martial King, I didn't feel that way!"

"I feel like I'm extremely powerful now, it seems that I can do everything!"

At this time, Chen Feng had successfully broken through to the half-step Martial Emperor Realm!

And then, he saw Chi Yanfeng on the opposite side.

Chi Yanfeng stared at Chen Feng and said with disdain: "Little boy, what are you pretending to be? Even if you break through the half-step Martial Emperor Realm, you only have one-fifth of the power of heaven and earth!"

"One-fiftieth of the power of heaven and earth is nothing at all, you are not my opponent at all!"

His remarks seemed to awaken the people around them. They talked and said loudly: "Chi Yanfeng is right. Chen Feng broke into the half-step Martial Emperor Realm, which means he has only one-fifth of the power of heaven and earth. That's it!"

Someone nearby immediately retorted loudly: "No, one-fifth of the power of heaven and earth, that is owned by ordinary half-step martial arts experts!"

[Chapter 2312: evolution! Orange power of heaven and earth!](#)

"A genius like Chen Feng, he should be able to possess one-tenth of the power of heaven and earth!"

"Even if your fart is right, so what?" Chi Yanfeng's attendant said disdainfully: "What about one-tenth of the power of heaven and earth? Still not my master's opponent!"

Chen Feng looked at Chi Yanfeng on the opposite side: "Oh, you said I only have one-fiftieth of the power of heaven and earth?"

Chi Yanfeng said arrogantly: "Yes, that's it!"

Chen Feng smiled slightly, and suddenly whispered: "Your dog's eyes widened to see clearly!"

Then, he was shocked.

Suddenly, behind Chen Feng, there was a wave of water rippling, and under the background of the day and the earth, a blue heaven and earth power quietly emerged.

This cyan power of heaven and earth looks like a piano string, obviously stretched straight, but it looks a little illusory, very magical!

The next moment, everyone held their breath, and the scene fell into an incredible, suffocating silence.

Finally, after a while, someone exclaimed: "A ray of power from heaven and earth, Chen Feng has received a whole ray of power from heaven and earth!"

The voice of the person next to him was like a groan, full of powerlessness and exclamation: "It's not one-fifth of the power of the heavens and the earth, nor is it one-tenth of the power of the heavens and the earth, a whole strand! How could it be possible!"

"What kind of genius Chen Feng is! He just broke through into the half-step Martial Emperor Realm, so he can get a whole bunch of power from the world?"

"You know, a strong one-star martial emperor realm is nothing more than a ray of power from the world!"

Many people's eyes are full of awe: "This Chen Feng is truly a genius!"

Chen Feng stretched out his right hand, and the ray of cyan power of heaven and earth floated over vaguely, floating above his right hand.

Chen Feng smiled and looked at Chi Yanfeng: "Okay, the entire ray of heaven and earth's power is not a tenth of the ray of heaven and earth's power, let alone one-fifth ray of the power of heaven and earth."

He chuckled and said with a smile: "Sorry for making you lose face in front of so many people."

At first there was silence in the crowd, and then the next moment, there were several pouting and mocking sounds.

These ridicules were obviously mocking Chi Yanfeng. Although the sound was not loud, Chi Yanfeng could hear him clearly.

The next moment, laughter suddenly sounded one after another. Chi Yanfeng had such a domineering look just now, but he didn't expect to be beaten by Chen Feng in a blink of an eye. It was really ridiculous.

Chi Yanfeng looked at Chen Feng, his face was a little red and white, and finally turned into a patch of iron blue, feeling extremely ugly.

He was furious in an instant, extremely hideous, and the next moment, the look on his face suddenly became contemptuous and disdainful again.

He pointed at Chen Feng and said proudly, "Chen Feng, what do you think you are now? Even if you break through, you are only a half-step martial emperor!"

"And I, I am a Samsung Martial Emperor, possessing four ray of power!"

"And you? Even though you are more talented than others, and when you break through into the half-step Martial Emperor Realm, you get a ray of power from heaven and earth. I am still four times yours! How can you compare with me?"

Chen Feng looked at him with a sneer at the corner of his mouth: "Oh, are you sure?"

He laughed: "Be careful, I'm going to slap you again!"

The next moment, Chen Feng's arms shook, and behind him, under the cyan sky, a long river of phantom suddenly appeared.

The river is surging, seemingly endless, not knowing where it came from, but in the end it is also returned to nothingness, exuding an incomparable power.

This is exactly the projection of Chen Feng's martial arts Tianhe!

And the next moment, Chen Feng's Chihai Zijin Dragon martial arts suddenly revolved around the martial arts Tianhe, and the infinite martial arts power radiated out.

Crack, a very crisp sound, as if the sound of a crystal breaking, the 100,000-meter-long martial arts Tianhe suddenly collapsed, turning into the most original and pure power.

All the power is instilled into this power of heaven and earth!

This ray of power of heaven and earth originally existed quietly in Chen Feng's palm, but at the end of that ray of power of heaven and earth, the color quietly changed.

His tips first turned into a light orange color, then the light orange color instantly became intense and smooth.

And then, with the influx of this power again, it turned into a blazing purple orange, bright and radiant.

Seeing this scene, everyone held their breath, and their eyes showed disbelief.

The yellow gradually spread upwards, and finally, the ray of cyan power of heaven and earth all turned orange!

"This, this turned out to be the power of the orange heaven and earth?"

"God, Chen Feng's power of heaven and earth has advanced! This orange ray of heaven and earth power is equivalent to four ray of cyan heaven and earth power!"

"Yes, according to rumors, the power of heaven and earth is divided into four levels, namely, green, orange, red, and purple!"

"In the Tianyuan dynasty, most of them are the power of blue heaven and earth, the power of orange heaven and earth is very rare, and the power of red and purple heaven and earth is hardly seen!"

"This Chen Feng has the power of orange heaven and earth, this is simply incredible!"

This is the effect of the dignified Seventh Rank, Chihai Zijin Dragon Martial Spirit!

The level of Wuhun is high enough to allow Chen Feng to obtain the power of heaven and earth far beyond his realm.

Similarly, Wuhun can also advance Chen Feng's power of heaven and earth!

And in that instant, Chi Yanfeng's face also changed drastically, and he let out an incredulous roar: "How is it possible? You actually have an orange power of heaven and earth?"

A ray of orange power of heaven and earth is equivalent to four ray of cyan heaven and earth power, which is equivalent to his current strength!

Chen Feng smiled and looked at him and said: "Sorry, I slapped you again, but who would let you be beaten by me!"

Chen Feng said word by word: "Do you think you are cheap?"

There was a roar of laughter from the crowd. *noVelus&.com*

In the next moment, the smile on Chen Feng's face disappeared, and he said coldly: "Chi Yanfeng, it's time for you to pay the bill now!"

At this time, Chen Feng possessed a ray of orange heaven and earth power, equivalent to four cyan heaven and earth power, and every cyan heaven and earth power was equivalent to 10,000 dragons!

Coupled with the power of 11 thousand dragons that Chen Feng originally possessed, he now has the power of 51,000 dragons, and he can crush Chi Yanfeng firmly!

Feeling the immense power in his body and the extremely tyrannical feeling, Chen Feng felt countless goose bumps on the surface of his body, and the whole body shuddered for a moment.

[Chapter 2313: Blood for blood!](#)

Not fear, but excitement, and, the slightest expectation!

Expectations for their strong strength!

Chen Feng opened his eyes, took a deep breath, and murmured, "This feeling of having powerful power is really wonderful! It's wonderful to the extreme!"

In the next moment, Chen Feng stared at Chi Yanfeng and said word by word: "Chi Yanfeng, now it's time to let you taste the humiliation!"

With that said, Chen Feng let out a violent roar.

King Kong pushes the mountain!

The orange power of the heaven and earth in his dantian suddenly penetrated directly into the fourth dragon descending Arhat Bright Orb, and then the next moment, the fourth descending dragon Arhat Bright Orb shined brightly, bursting out several times brighter than before. Even ten times the light!

Then, the dragon descending Arhat Bright Pearl suddenly increased tenfold, becoming the size of a small vinegar jar, and it was extremely bright.

The power of the billowing dragon gushes out from it, extremely vast.

With the power of tens of thousands of dragons, Chen Feng has never felt so powerful!

Then, all the dragon powers gathered together, reaching a total of 51,000.

Behind Chen Feng, a long chant of the dragon suddenly sounded, and a ghost of the dragon appeared quietly, which was more than 51,000 meters long, spanning the world.

Then, the giant dragon phantom directly smashed into Chen Feng's fist, causing the power of his fist to suddenly increase by a hundredfold.

The powerful vajra palm driven by the power of 51,000 dragons was more powerful than before, and it slammed into Chi Yanfeng.

Chi Yanfeng's face was solemn, he felt the incomparably powerful force, he roared fiercely, and the Chi Yan long knife in his hand slashed fiercely towards Chen Feng's offensive.

With a bang, the two crashed together and stopped instantly.

In the next moment, the situation changed drastically.

Chi Yan's long knife buzzed, and it was shocked to fly out, but Chen Feng's palms did not stop at the slightest. After slapped the long knife fiercely, it was printed on Chi Yanfeng's chest. before.

The extremely tyrannical power gushed out, Chi Yanfeng's body stagnated for a moment, and then there was a burst of sound.

His chest went straight to the present, and even his back showed two huge palm prints, and he sprayed out a mouthful of blood, and sprayed a dozen mouthfuls of blood one after another, all in the air. Blood rain.

With a scream, he flew far away and hit a big golden axe heavily.

Chen Feng looked at him and smiled slightly: "Your title is Dadaohou, your sword is extremely tyrannical, but what?"

He shook his fist, his fist glowing with pale gold, smiled slightly: "Or my fist is harder!"

But Chen Feng didn't stop, and flew forward directly, grabbing his body, and laughing.

Boom boom boom boom!

He grabbed Chi Yanfeng and smashed the golden axe vigorously. Every time he hit it, he made a huge buzzing sound, which made Chi Yanfeng feel that his body was almost shattered.

The pain was so painful that he let out a scream.

And Chen Feng didn't stop at the slightest, time after time.

Everyone's eyelids twitched.

"This Chen Feng is too cruel!"

"Yes, Chen Feng really pays a tooth for a tooth, blood for blood!"

This is what Chi Yanfeng did to him just now, and now he also does it once to Chi Yanfeng.

"This Chen Feng's temperament is really strong and fierce!"

I don't know how many times he fell, Chi Yanfeng's screams gradually stopped, and his breath became weaker and weaker. Chen Feng threw him to the ground, and then stepped on his chest with his right foot.

He stared at Chi Yanfeng, smiled and said, "Now tell me who is a trash, and which of us is trash? Who is trampled by the other party? Who is humiliated wantonly?"

Chi Yanfeng stared at Chen Feng, his eyes were full of resentment, and he murmured: "You dare not kill me. I am the younger brother of Empress Empress. I am the third son of the Chi Yan family. You absolutely dare not kill me. of!"

At this time, he still had illusions, thinking that Chen Feng would be afraid of his life experience.

But Chen Feng just smiled and said, "Really?"

The next moment, Chen Feng's right foot suddenly exerted force.

Then, Chi Yanfeng felt like a huge tower was pressed on his chest. For a moment, it made him feel that his chest was about to be crushed alive and his heart was about to burst.

The blood spurted out again, causing him to scream in pain.

His eyes finally showed extreme fear, and he immediately realized that Chen Feng really dared to kill himself!

Chen Feng looked at him with a joking expression on his face, and said: "You begged for mercy, you begged for mercy, maybe I will let you go!"

This was also what Chi Yanfeng had told Chen Feng before.

Chi Yanfeng stared at Chen Feng and muttered: "Please, please spare my life!"

Chen Feng smiled and said, "Sorry, I don't agree!"

With that, he stepped out.

Suddenly, incomparable power poured directly into Chi Yanfeng's heart, and with a bang, his heart was crushed to pieces, and all his vitality was instantly cut off.

Chi Yanfeng was directly killed by Chen Feng!

At this moment, he widened his eyes and stared at Chen Feng fiercely, his eyes showed unbelievable color, as if he didn't believe that he had died like this, so he was killed by Chen Feng!

He let out a stern roar before he died: "I'm not reconciled!"

His body suddenly jumped into the air and jumped more than a foot high, and then fell heavily to the ground, losing his breath!

Only then did Chi Yanfeng's guards react, and they shouted desperately: "Master Hou is dead, it's over, we're over!"

"We will definitely be executed!"

"Go, avenge Hou Ye!"

They roared and killed Chen Feng.

Chen Feng smiled coldly: "Want to take revenge? You have to have capital to do it!"

As he said, his figure flashed, a palm shot out, directly hitting a guard, and the guard, together with the iron-winged goshawk under him, fell into pieces.

Then, the figure flashed again, and King Kong pushed the mountain and squeezed hard.

Two huge palm prints each covered hundreds of iron-winged goshawks, and the guards on them were golden armors.

As the two huge palm prints were finally squeezed together, banging and banging, the sound of blasting sounded one after another, these iron-winged goshawks and guards were directly photographed into pieces in an instant!

Chen Feng galloped horizontally and horizontally, his figure flickered one after another, constantly blasting offensive.

And every time he hits a palm, he can kill several or even dozens of powerhouses!

But with a dozen palms, these iron-winged goshawks and their golden armored guards were all killed by Chen Feng, and none of them survived!

[Chapter 2314: Unfortunately, I won't give you this opportunity!](#)

At this time, the people around finally reacted, and the exclamation of one after another kept sounding: "Chi Yanfeng is dead?"

"Oh my God, Chen Feng actually killed Chi Yanfeng? He is not only tyrannical, but also bold!"

There was a young man with a full of fanaticism on his face, and said loudly: "This is Chen Feng, this is the incomparable strength. With such strength, you can gallop and do whatever you want."

"I have to be like Chen Feng! I have to practice hard!"

Someone next to him sneered disdainfully and said: "Just you? With your talent, you won't be able to reach Chen Feng's current state in a thousand years of cultivation."

And there is an old and serious person who slowly shook his head and said disapprovingly: "Chen Feng did a bit too sloppy. He just humiliated Chi Yanfeng, why kill him?"

"When he did this, it was equivalent to forging an endless enmity with the Chi Yan family!"

"The Chi Yan family, that is the queen's family, so powerful! Is it something Chen Feng can provoke? The Chi Yan family wants to crush Chen Feng easily!"

Many people nodded in agreement.

After Chen Feng killed Chi Yanfeng and the guards to death, he suddenly turned his head back and focused on the only one who was still alive and still standing.

It was Chi Yanfeng's follower.

When Chen Feng killed Chi Yanfeng, he was already stunned and frightened.

His face was pale, his heart was terrified, as if he had already foreseen his next miserable fate.

Seeing Chen Feng cast his gaze at him, a huge fear surged in his heart. For a moment, his legs became soft, and his whole body was sweaty.

With a plop, he fell directly to his knees and kowtowed his head.

He wanted to say something, but his lips trembled, but he couldn't say a word!

Chen Feng slowly walked in front of him and kicked it out.

This squad screamed terribly: "Ah! I'm going to die! I'm going to die!"

"Please, don't kill me, spare my life!"

He roared miserably.

And the next moment, he suddenly discovered that he was not dead, this force was not considered strong, and even soft, kicking him to the ground.

Chen Feng stared at him with an extremely cold smile on the corner of his mouth: "It was so cool to step on me just now! I am so happy to step on! Now, it's time for you to taste this!"

The next moment, a foot stepped on his face, smashed hard, and slammed his face into the dirt, instantly becoming dirty.

He did not dare to have any resistance.

Chen Feng lifted his foot, and this fellow had a flattering smile on his face, and said with a trembling: "Tread it well, your old man treads it well, I only ask you to spare my life, you can humiliate me anyway."

Chen Feng smiled slightly: "I know what you think, do you just want to live?"

"But it's a pity, I just don't want to give you this opportunity!"

As he said, Chen Feng kicked him out with a kick, and his incomparable strength poured out. He let out a scream, but then stopped abruptly.

Chen Feng directly broke his heart, leaving his last vitality disappeared without a trace.

His body fell heavily on the side of Chi Yanfeng's body, and the pair of masters and servants died together!

Standing in place, Chen Feng looked around, and there were corpses everywhere. No one of his opponents could still stand, all of them had been beheaded by him.

The pride in Chen Feng's heart was surging, and he suddenly looked up to the sky and laughed, reaching the extreme!

Just when Chen Feng broke into the half-step Martial Emperor Realm, that huge dragon-shaped beam of light also shook the Tianyuan Imperial City.

In the palace, a majestic, tall, domineering middle-aged man raised his eyebrows lightly, and a smile appeared at the corner of his mouth: "It seems that another strong man in my Tianyuan Dynasty is about to be born!"

Beside him, a woman in her twenties nodded slowly.

She looks beautiful, and at the same time carries great majesty, as if life and death are in her hands.

She smiled and said, "Yes, if you break into the half-step Martial Sovereign Realm, there is such a great power, and his future achievements are absolutely limitless!"

The girl suddenly turned her gaze and smiled slightly: "Brother Emperor, why don't we two guess who is this young fellow who is breaking through?"

It turned out that the middle-aged man was actually the emperor of the Tianyuan Dynasty.

His Majesty the Emperor smiled, looked at her and said, "Qu Yang, do you already have an answer in your heart?"

This woman is the great princess Quyang who is in charge of the country.

Grand Princess Quyang smiled and said: "Brother Emperor, what are you doing so much? Guess it!"

His Majesty the Emperor smiled slightly: "Why don't we say the answer together?" *novelusb.Com*

Princess Quyang chuckled: "I know I can't hide it from the emperor brother, so let's say the answer together!"

The two of them looked at each other, and then uttered two words at the same time, exactly: "Chen Feng!"

The two laughed at each other!

At this time, in the corridor next to it, a bunch of palace ladies' eunuchs walked slowly around a woman.

This woman is not tall and looks very young, but she is only 13 or 14 years old, and she is extremely beautiful.

Princess Quyang is beautiful enough, and she is even more beautiful than Princess Quyang.

Her temperament is extremely weak, and people can't help but feel the feeling of wanting to hold her in the palm of the hand and take care of her!

She asked timidly: "Father, aunt, what are you two laughing at?"

After he said this sentence, he seemed to feel a little shy, and he immediately became embarrassed, and quickly lowered his head, not even both of them dared to look.

After seeing her, His Majesty seemed to be in a very good mood, and smiled and said, "Oh, Shuming, you are here!"

The little girl nodded gently, and then stepped forward to bow first to the emperor, and then to Princess Quyang.

Although she is young, her salute is serious, well-mannered, without any laziness, and can almost be used as a standard.

"Shu Ming, your father, and me, I told you a long time ago, you don't need to be so formal in the future, no one will blame you." said the princess Quyang.

Shuming shook his head and whispered, "I'm fine."

Princess Quyang sighed. Princess Shuming is the youngest daughter of His Majesty the Emperor, who has been extremely cherished since she was a child.

But what is rare is that her temperament is not arrogant, but very weak and lovely.

It's just that some seem to be too weak, she didn't even dare to talk to strangers, and even when she was talking to herself and his father, she looked timid.

[Chapter 2315: Patriarch of the Chi Yan Family!](#)

"It can't go on like this!" Qu Yang deliberately corrected it, and the volume had just increased a bit, seeing Princess Shuming's face seemingly frightened and her neck shrinking back.

She sighed, her voice softened again, pointed at the dragon-shaped beam of light in the distance, smiled and said, "Shuming, do you know who is breaking through at this time?"

Shu Ming was a little curious and said, "I also came here when I saw the dragon-shaped beam of light, but I don't know who it is."

Princess Quyang smiled and said, "I'll tell you something, he is a great hero, a great hero!"

"He is extremely powerful, and he is unique in writing poems and lyrics!"

"Ten years of life and death are boundless, and you can't remember without thinking, do you remember?"

"Huh?" Princess Shuming's eyes widened suddenly, and there was a strong curiosity and admiration circulating in the smoke: "Is the person who is breaking through is the one who wrote those three words?"

Princess Quyang smiled and nodded: "Yes, it is him, it is Chen Feng."

"He is a legend!" She pulled Shuming to the side, laughing in a low voice while telling her about Chen Feng!

His Majesty the Emperor turned his face, and he saw Qu Yang with his face full of expression, and his face suddenly showed a touch of surprise, and then it became a little bit clear in the next moment.

Then, there was a chuckle at the corner of his mouth, lowered his voice, and muttered to himself: "It seems that the time for Quyang to leave the pavilion is not far away!"

At this time, in the Wudong Academy, many powerful men appeared one after another. They looked at the dragon-shaped beam of light on the horizon. At first, they didn't feel anything abnormal. They just felt that this person was a genius, and the breakthrough was too loud. some.

But the next moment, when a hint of cyan appeared in the beam of light, and then the cyan turned orange, everyone was shocked.

"It turned out to be the orange power of heaven and earth!" ***nOvelUsb.Com***

"Just stepping into the half-step Martial Emperor Realm, I got a whole ray of orange power, this person is definitely a genius!"

The old lunatic and Liu Chengyi laughed loudly: "Except for Chen Feng, it can't be someone else's!"

Many elders from Wudong Academy also nodded: "Yes, someone with such a talent can only be Chen Feng, not someone else!"

Some elders of Chongxiao said loudly: "Chen Feng is such a genius, we should support him further!"

Countless people in Tianyuan Imperial City have already seen it, and they are shocked and admired, lamenting the birth of a genius!

"It turned out to be the orange power of heaven and earth, this ray of heaven and earth power is enough to match the power of four blue ray of heaven and earth!" His Majesty the Emperor exclaimed:

"This Chen Feng is really amazing. Every time you think you have looked at him high enough, you find that you still underestimate him. He is still worth a higher look. He will still surprise you!"

Princess Quyang also nodded slowly, her eyes showed a touch of intoxication, and she said softly: "Chen Fengfeng, what kind of person are you!"

And almost at the same moment, in a giant mansion next to the imperial palace to the east of Tianyuan Imperial City.

In a secret room, an advanced old man who was cultivating suddenly opened his eyes. He was panting heavily, his forehead dripping with cold sweat.

He clutched his chest, felt the heart throbbing, and there was a look of horror on his face, and he trembled to himself: "What's the matter? Why do I feel an indescribable heart palpitation? What kind of catastrophe is coming!"

He immediately stood up and walked out of the secret room.

Outside the secret room, an old servant was standing peacefully there.

The standing posture of this old servant was very natural, without any discomfort, let alone any impatience, as if he had been standing here for thousands of years.

Moreover, it can still stand for ten thousand years!

He raised his eyebrows and said lightly: "My lord, there are three months and seven days before you leave the customs."

Although what he said was questioning, his voice was very quiet and indifferent.

"That's right." The blond old man said in a deep voice, "But I suddenly felt an inexplicable heart palpitation, as if it was my Chi Yan family, an extremely important person had an accident!"

The old servant said in a deep voice, "The eldest son went to the palace to visit the eldest lady, and the second son went to the Red Sleeve Tower."

"And half an hour ago, the third son seemed to have gotten some news from his father-in-law's house, so he passed by!"

"Check it out for me!"

The blond old man said: "Now go find out what's going on!"

"Good." Without any hesitation, the old servant turned and left immediately!

The blond old man and the old servant walked out together, and at the moment he walked out, suddenly, he felt his heart beating wildly and painful.

He crooked, almost fell to the ground, and then spouted a mouthful of blood.

He remained still for a full cup of tea before raising his head.

At this time, deep sadness and anger appeared in his eyes.

He said softly: "No need to go, the third child has already had an accident."

He pointed to the place where the dragon-shaped beam of light was shining in the distance, and said quietly: "I can feel that the third child happened there!"

The calm color on his face suddenly disappeared without a trace, turned into extremely ferocious, cruel, and violent, and shouted sharply: "I want to avenge the youngest, I will kill that now. The people who killed him are broken into pieces!"

"No matter who he is, no matter what his background, I must kill him!"

As he said, his figure turned into a streamer, and he shot out quickly!

Chen Feng looked at the nine hundred and ninety-nine hundred weapons scattered on the ground, with a trace of embarrassment on his face.

He didn't want to let go of these weapons, because among the nine hundred and ninety-nine weapons, hundreds of them all stepped into the realm of the king's soldiers, and there were preliminary artifacts in them.

These weapon spirits can be used by Chen Feng, even if he can't be poured into a weapon, Chen Feng can still explore and understand the weapon spirit.

This is of great benefit to him in casting his own magic weapon and capturing his own soul.

Therefore, Chen Feng cannot give up.

But how to bring these magic weapons back, but let him commit a major difficulty.

At this moment, a powerful force suddenly surged towards this side.

At the next moment, everyone saw that a group of pale golden rays of light rushed towards here.

This pale golden light came down here like the same sun.

At the next moment, everyone would see what kind of sun was there, it was clearly a pale golden figure!

Until the pale golden figure hovered in the air, staring at Chen Feng, it was like two golden lights blasting towards him.

[Chapter 2316: I'm Chen Feng, don't kneel!](#)

Then he spoke slowly, saying word by word: "Little boy, did you kill my son?"

"What? He said that the one who died just now turned out to be his son, isn't he..."

Someone used a dreamlike tone, exclaiming six words in awe: "Chiyan Family, Patriarch!"

"My God, the Patriarch of the Chi Yan Family, this is the Queen's father! The Chi Yan Family is even the most powerful family in the Tian Yuan Dynasty besides the imperial family!"

"What level of strength has the Patriarch of the Chi Yan family reached? I heard that it has reached the four-star Martial Emperor!"

Someone immediately retorted: "That was the news decades ago! He was already a four-star martial emperor decades ago, what about now?"

"Now it's possible that you have reached the Five-Star Martial Emperor!"

"It's over, it's over, Chen Feng is completely over this time, he will definitely die!"

"That's right! Even if he can kill Chi Yanfeng, it is impossible to kill the Chi Yan family, let alone kill him, I am afraid that he will not be able to do a single move under the Chi Yan Patriarch!"

At this moment, the Patriarch of the Chi Yan family also saw the corpse of his son on the ground. Although he had been mentally prepared for a long time, but at this moment, after seeing his son's corpse, he still made his eyes split and angry. Go crazy, extremely angry.

He roared all his life: "Little boy, you **** it!"

His body was overwhelmingly pressed down, pressing down fiercely towards everyone. At this moment, countless screams rang out from the crowd.

Many low-powered people were directly crushed to death, and even the high-powered people were crushed directly to the ground, and they couldn't even stand up.

Everyone was shocked: "Is this the tyrannical strength of the Patriarch of the Chiyan Family?"

Chen Feng also trembled fiercely in his heart, and the Chi Yan family brought him extremely powerful pressure.

"This person's strength is definitely not what I can match!" Chen Feng secretly said in his heart!

At this moment, Chen Feng, who was in the most central position and under the greatest pressure, felt a huge mountain hitting his head in an instant. This made him instantly feel that his whole body bones were crushed, and he almost couldn't help kneeling directly. Fell to the ground.

Only by kneeling can the pressure be relieved!

"I, Chen Feng, don't you kneel?"

Chen Feng let out a sharp roar, gritted his teeth, holding on tightly, and refused to kneel down.

There was a creaking sound of bones and hair on his body, and I don't know how many pieces were broken, even his shoulders were deformed, and blood rushed out wildly.

However, Chen Feng just didn't kneel, he still stood there proudly!

"Don't you kneel?" The Chi Yan Family Patriarch sneered. Not only was he going to kill Chen Feng today, but he wanted Chen Feng to kneel down for him before beheading Chen Feng.

Only by humiliating Chen Feng in this way can he vent his hatred!

Feeling the pressure on his body increased, Chen Feng sprayed out a mouthful of blood, and he felt that he was going to be crushed to death.

The extremely powerful pressure almost crushed him alive, and even Chen Feng had blood overflowing from every pore.

But at this moment, Chen Feng's heart rose with arrogance, and he suddenly looked up to the sky, laughed, and proudly.

He stared at the Patriarch of the Chi Yan family, and said every word, his voice was extremely firm: "It's easy to let me Chen Feng die! Want me to kneel and dream!"

"Really?" The Patriarch of the Chi Yan family saw murderous intent in the eyes, and he wanted to take action.

And at this moment, in the deepest part of Sky Splitting Island, an old man quietly opened his eyes, sighed, and said with some disdain: "This old thing is really getting better and better. It's damned to bully a junior. !"

As he said, his figure flashed, disappeared here, and in a flash, he came to the sky above the soldier family.

At this time, the Patriarch of the Chi Yan family above the soldier family was almost ready to take action.

But at this moment, all of a sudden, everyone felt an extremely gentle force surge over.

This gentle and incomparable power seems not domineering, but in fact it is extremely fierce and vigorous, and it directly offset the power of the Chi Yan family Patriarch.

Everyone felt the pressure suddenly lightened and could stand up.

Chen Feng also felt that the pressure outside his body disappeared without a trace, which surprised him very much.

The Patriarch of the Chi Yan Family screamed: "Who is sneaking? Get out of me!"

"Oh? Get out?" An old voice suddenly sounded, with a hint of joking: "Little things of the Flame Family, are you sure you want the old man to get out?"

After hearing these words, the face of the Chi Yan Family Patriarch showed a hint of astonishment, and the next moment, as if he had thought of something, his face changed drastically, with a look of extreme fear on his face.

His face turned blue, and even his body trembled.

A voice in his heart roared wildly: "Why did you start that old monster? Why did I forget him?"

He didn't dare to stop here, but turned around and left directly.

Just before leaving, he stared at Chen Feng fiercely, his eyes full of resentment, as if he wanted to engrave Chen Feng's appearance in his heart!

The Patriarch of the Chi Yan family finally left. Chen Feng let out a long breath. The Patriarch of the Chi Yan family brought him extremely great pressure and danger.

Even though Chen Feng did not hesitate to fight, he did not want to make fun of his life.

This situation is the best.

He arched his hand toward the void, and said in a deep voice, "Thank you senior for helping!"

Everyone heard the conversation just now clearly. If Chen Feng didn't know that he had been saved by the senior because of the sect, then he would be too stupid.

The old voice in the void chuckled, "Little guy, you are outstanding and outstanding. It is the honor of my Wudong Academy to receive you."

"Don't worry, no one can touch you easily with me!" [novelusb.com](#)

When he said the first word, his voice was still very close, but later, the voice became more misty and distant.

By the time the last word was uttered, the voice finally disappeared.

Obviously, he has left.

Chen Feng bowed deeply in the direction where she left to show respect!

At this time, a cloud on the horizon moved over here.

When he got closer, Chen Feng saw what kind of cloud was there, it was clearly a huge number of warriors.

These warriors, their clothes are uniform, and they are all from the inner courtyard of the Wudong Academy.

Chen Feng also saw a lot of familiar faces in it. The front ones were Liu Chengyi and the old madman, as well as Feng Hongyun and others.

They were full of worry, and when they arrived here, they saw the ruins all over the floor, and then saw Chen Feng standing among the ruins, they felt relieved one by one.

[Chapter 2317: Thirty-six souls](#)

They landed one after another, and Liu Chengyi smiled and said: "We sensed that you were in danger, so we came over one after another. Fortunately, fortunately, you are fine."

Seeing the worried look on their faces, Chen Feng's eyes flashed with a deep touch of emotion!

Chen Feng thanked them one by one, and after they left, Chen Feng glanced at the audience.

Among the onlookers, some have left one after another at this time, and most of them are still here.

Chen Feng knew what they wanted, because their greedy gaze wandered over the magic weapons on the ground.

Chen Feng had already stared at them.

There was a sneer at the corner of Chen Feng's mouth: "I just want to wait for me to leave, and take these magic weapons as my own. How can there be such a cheap thing in the world?"

He slowly stepped forward, faced the crowd, and said loudly: "I know, you want these things."

"However, these things were obtained after I eliminated the Soldier Family. If you want to take them, you have to pay a price."

When everyone heard that there was a door, their eyes suddenly brightened, and they said loudly, "Please also Master Chen Feng's order."

They didn't dare to offend Chen Feng at all. They just thought about picking up something cheaper after Chen Feng left, but no one dared to take it directly from Chen Feng!

Chen Feng nodded, wandering among these magic weapons.

Every time a weapon of the gods is seen, a mark is placed on it. There are a total of nine hundred and ninety-nine of these weapons, of which more than one hundred have reached the rank of king's weapon.

However, Chen Feng finally selected thirty-six of them. All of these thirty-six were soldiers of the king, with high or low levels.

Chen Feng is not divided according to the high grade, he is divided according to whether there is a soul.

Chen Feng selected all the king's soldiers with weapon souls.

Chen Feng said: "These 36 pieces are mine. You transport these 36 pieces to the Tongtian River, and you will divide the rest by yourself."

Upon hearing this, everyone was extremely excited. Many of what Chen Feng left for them were soldiers of the king!

These king's soldiers, if they were based on the market price of the Tianyuan Imperial City, they would not be able to buy them at all, but now they have a chance to get them.

Chen Feng smiled slightly: "Now, let's start your luck."

"Okay!" Suddenly, these people rushed up frantically, all excited.

Some grabbed a weapon and rushed towards the Tongtian River.

In a blink of an eye, all thirty-six weapons were divided up and clean. Some slow-moving people were dumbfounded when they saw this scene. The next moment they regretted it and stomped their feet again and again, looking very annoyed.

Chen Feng was not afraid that those people would steal the weapons, and he had already made a mark on those weapons.

If anyone dared to steal it, Chen Feng would soon let him know what regret is and it would cost him a heavy price.

Chen Feng stayed here, guarding these remaining weapons.

Soon, those people returned, panting and reporting to Chen Feng one by one.

Chen Feng smiled slightly, pointed to the weapons on the ground, and said, "Well, these are all yours. Do you want to monopolize or distribute it to others? It's up to you. You can distribute it yourself!"

With that, Chen Feng left directly, and an excited shout was heard behind him.

The next moment, it turned into a banging fight and a screaming scream. Obviously, they were already fighting for these weapons.

Chen Feng came directly to the Tongtian River.

At this time, by the Tongtian River, thirty-six weapons were unanimously laid out, and Chen Feng nodded in satisfaction.

He suddenly uttered a long roar, and the sound shook the whole field. After a while, a silver light came suddenly, it was the blood wind.

When Xuefeng saw Chen Feng, he rushed over and scratched him.

Chen Feng laughed and rubbed his head: "Okay, stop making trouble, it's reasonable to quickly transport these weapons back!"

The blood wind nodded fiercely, and his body grew larger.

After he grows larger, he has a full kilometer, and it is no problem to carry these weapons.

Soon, Chen Feng and Xuefeng returned to the inner courtyard of Wudong Academy and sat on Wangya.

It didn't take long for Chen Feng to leave here, but when he came back this time, looking at the familiar scenery in front of him, it suddenly felt like a world away.

After going out this trip, there were many dangers, several times near death, but finally they all passed through safely.

Not only that, but also a great advance in strength.

Chen Feng placed those weapons next to the huge pillar to the sky, and what made Chen Feng a little surprised was that the huge pillar exuded a powerful suction force, attaching these weapons to his body.

Chen Feng nodded, a look of interest appeared at the corner of his mouth: "This is a bit interesting."

It turned out that at the moment just now, Chen Feng not only saw what happened in reality, but he also sensed waves of instrumental spirit in his spiritual world!

Chen Feng went to see Yaoyao again. Yaoyao had settled down and was in the small courtyard.

Seeing Chen Feng coming over, Yaoyao was very happy, Chen Feng smiled and said, "Is it used to living?"

Yaoyao nodded, but suddenly walked to the table and sat down with her back facing Chen Feng.

Chen Feng was stunned.

Yaoyao shook her hair and chuckled: "Brother, braid me!"

Chen Feng suddenly laughed and walked forward. **n0vElUSb.com**

After braiding the braids, Chen Feng took Yaoyao out, ready to play with her for a while.

At this moment, suddenly a few kilometers away not far from the side, I remembered a rumbling explosion.

A piece of cliff wall was directly blown down, and with the sound of the explosion, another piece of tri-color glow suddenly appeared, and then suddenly disappeared.

Chen Feng raised his eyebrows immediately: "What's the matter? The three-color glow is produced. It should be because of the birth of treasures. Is there a treasure born here?"

At this time, Uncle Dao reminded him next to Chen Feng: "There is where Lin Lingzhen lives."

When Chen Feng heard this, he suddenly felt something in his heart, as if he understood something.

The explosion stopped and a violent cough sounded.

Then, a person's voice became loud and loud: "Hahahaha, I have done it, I have finally done it."

As he said, there was another violent cough, which seemed to be choked.

Then, a purple figure flew out of the ruins.

After he saw Chen Feng, his expression became even more excited, opened his palms, and laughed: "Master Chen Feng, you told me to do it!"

"What? Did it?" Chen Feng's expression suddenly changed, revealing a touch of joy, and he hurried forward.

Since Chen Feng had captured Lin Lingzhen, he hadn't killed him either, but let him stay here and let him refine the pill.

Chen Feng's purpose in refining the pill was simple, which was to dissolve the **** power in his body.

[Chapter 2318: Hell Bone Pill!](#)

That power of **** is now very tasteless to Chen Feng.

Because now, even the powerful skill of the Eight Desolation Ji Mie Zhan Ninth Blade, which seemed to be earth-shattering in the past, is of no use to Chen Feng.

Chen Feng's hand is much more powerful than his move. Another thing is that Chen Feng no longer needs to rely on the power of this move.

However, Chen Feng had to endure the torture of the power of hell. Every few hours, Chen Feng would be tortured to death, which made him very painful.

So Chen Feng can't wait to resolve the power of hell!

But he didn't expect that Lin Lingzhen would actually be trained.

But think about it, it's been almost a year since Lin Lingzhen was captured. One year's time, plus Lin Lingzhen's own strength is still there, it is reasonable to be able to train.

Chen Feng took the pill that Lin Lingzhen handed over. The pill was as smooth as jade, and it was translucent. It didn't look like a pill, but it looked like a carved jade.

There was a faint white gas inside, which looked quite magical.

And on the top of this pill, nine small holes were opened, which was very peculiar.

Chen Feng has not seen anything similar before.

Lin Lingzhen smiled to Chen Feng like a treasure offering: "This pill does not have a similar name, because it is something that I specially trained for you."

"Generally, the pill is to absorb it for strengthening, while your pill is to release some power in your body. In fact, it is to weaken it."

Chen Feng nodded: "Exactly!"

Lin Lingzhen smiled with a hint of ostentation: "This pill has such an effect. It can absorb the power of a certain part of your body, and it can be sucked out whether it is good or bad."

Chen Feng was skeptical, but he still chose to believe it, anyway, this pill could not have too bad effects.

Forgive him, Lin Lingzhen didn't hurt her own courage.

Chen Feng asked, "How should this be used?"

Lin Suzhen said carefully, Chen Feng nodded, and immediately began to sit cross-legged, ready to absorb.

Chen Feng extinguished all the power in his body without using it, and then he placed the white as jade pill on the back of his right hand.

The back of Chen Feng's right hand was black at this time, which meant that he would be tortured again.

The power of **** is condensed here.

And it's strange to say that when this pill was placed on Chen Feng's right hand, suddenly, the power of **** became a little uneasy, and bursts of black air evaporated on the surface of Chen Feng's right hand, which seemed to indicate Their emotions.novelusb.com

At this time, suddenly, among the nine small holes, there was strong suction coming from them.

Suddenly, these **** powers were inhaled alive, and the surface of the white as jade pill was immediately covered with black air.

But the black air in Chen Feng's right hand faded.

When Chen Feng saw this scene, he was immediately happy: "It really works."

Those powers of **** seemed to feel that their doomsday was approaching, and they all struggled crazily, wanting not to be sucked out.

But it's useless at all!

Lin Lingzhen's ability in alchemy is really powerful enough. This pill is really useful. The nine small holes seem to form a formation, pulling each other, and the suction is getting bigger and bigger.

The power of **** being sucked out grew more and more, and Chen Feng could even hear the screaming screams they made.

Finally, half an hour passed, and Chen Feng's right hand trembled violently.

This time, the power of **** was also abruptly pulled out of his right hand and sucked into this pill.

Chen Feng let out a deep breath and felt an unspeakable relief: "Finally get rid of the torture of these **** forces!"

At this time, the pill was already pitch black like ink, trembling violently, and the surface was bulging and shrinking, as if the power of **** inside was about to come out abruptly.

When Lin Lingzhen saw this scene, he immediately rushed forward, and nine small jade plugs appeared in his hand, stuffed into the nine holes.

Suddenly, this pill became quiet and calmed down.

But under this quiet surface, the undercurrent is raging, and I don't know when it will burst!

Lin Lingzhen showed an obsessive look on her face, holding this black pill, and tremblingly said, "This, this is simply a miracle!"

Chen Feng also nodded. He knew what Lin Lingzhen was talking about. After all, he was also a pharmacist.

"Unexpectedly, this pill hadn't exploded, and after he absorbed the power of hell, it turned out to be a brand new pill."

"Yes!" Lin Ling exclaimed, "Now this pill is still stable."

"It is now a highly toxic pill. As long as anyone takes this pill, the power of **** will wreak havoc in him."

"No, you don't even need to take it down. As long as it hits his body, the power of **** can penetrate into his body."

A smile appeared at the corner of Chen Feng's mouth, and he took this medicine in his hand.

He knew he had another hole card!

He smiled and said: "Since this pill has the power of hell, then call it Hell Bone Pill, I know his powerful power to erode the soul and transform the bone!"

Lin Lingzhen nodded slightly, he suddenly looked at Chen Feng, he was hesitant to speak, but there seemed to be a glimmer of expectation in his eyes.

Chen Feng smiled and said: "Okay, needless to say, I know what you want to say, I, Chen Feng, is by no means an unbelieving person."

"I said at the beginning that you refine a pill for me to cure my hell, and I will let you go back."

"Now, I, Chen Feng, will naturally abide by the promise, not only that, but I still..."

Chen Feng walked up to those weapons, then chose a long sword among the clusters and threw it directly to Lin Lingzhen.

Lin Ling couldn't help but feel stunned, and said, "This, what are you?"

Chen Feng smiled and said: "I smashed your long sword back then, now I will give you a replacement."

"This, this is too expensive." Lin Ling really felt a little hot, and wanted to pass the long sword to Chen Feng, but he couldn't bear it.

This long sword is a weapon of the dignified third rank king. It is much better than the long sword he originally used, and even better than most of the weapons in their Miaozen View.

Chen Feng laughed: "Okay, no need to refuse, take it!"

Lin Lingzhen took it silently. He raised his head and glanced at Chen Feng, with a hint of gratitude in his eyes.

Chen Feng waved his hand: "Leave now. With your cultivation base, it shouldn't attract the attention of the big monster in the Tongtian River. Go back to Miaozen Temple!"

Lin Lingzhen took a deep look at Chen Fengfeng, then suddenly bowed deeply before turning and leaving!

[Chapter 2319: breakthrough! Second Grade Soul Sect!](#)

In the next few days, Chen Feng was in a stable state.

He just broke through to the half-step Martial Emperor realm, still a bit unstable, and now urgently needs to be consolidated, and he is discussing the mutual transformation of the power of the dragon descending Arhat and the power of heaven and earth.

It was early in the morning when Chen Feng let out a long sigh of breath, slowly stood up, and looked at the turbulent Tongtian River in front of him.

It was already midsummer, and the snow-capped mountains in the upper reaches of the Tongtian River melted and merged into the Tongtian River, making the Tongtian River much wider and deeper than usual.

The waves were rough, and monsters appeared inside from time to time.

After more than a year of getting along with each other, these monster beasts also understood Chen Feng's temper quite well, knowing that he is not a person who likes to kill, and will not commit evil in his leisure.

Therefore, they often come to sit next to the cliff, and the two have formed a delicate balance.

Today is a cloudy day, and there is continuous drizzle, wind and rain are like obscurity.

Chen Feng suddenly realized something.

But it is not physical, not martial artist, but spiritual power, but soul.

Chen Feng felt that he seemed to merge with the world in front of him.

He closed his eyes lightly and snorted, and then the next moment, the rain in the sky stopped unexpectedly.

And then the next moment, the water in the Tongtian River was directed into the sky and swept away.

Then it turned into a larger rain, quietly falling.

Then, these raindrops suddenly fell in an oblique direction, not because of the wind, but because of Chen Feng's control.

And what Chen Feng controlled was not Yusi, but the world.

After a while, in this world, the clouds disappeared and the rain rested!

A relaxed smile appeared at the corner of Chen Feng's mouth. He felt that he was more stable in the half-step Martial Emperor's realm, and his control of the power of heaven and earth had become stronger.

And just when he successfully produced this feeling, the transparent divine light in his spiritual world suddenly shined.

At the next moment, Chen Feng's soul-man space appeared automatically before he was summoned. Chen Feng was actually because of the martial artist's realm, and because of the perception that the power of the martial artist's world controls the world, his soul-man realm also has something above it. Epiphany!

Chen Feng chuckled and said to himself: "Warriors and souls are not opposed at all, but promote and blend with each other."

"The breakthrough on the warrior can promote the epiphany of the soul, and the breakthrough on the soul is the same."

Beside him, An Lao appeared quietly, looked at Chen Feng, and exclaimed: "Chen Feng, you really are a genius!"

"The old man is now convinced, the warrior and the soul are not opposed to you here, but complement each other."

Chen Feng laughed!

Suddenly, he swept his body and came to the side of a purple gold sledgehammer.

This Zijin sledgehammer was a soldier of the fourth rank king. It was as large as a five-story pavilion, and there were many blood stains on it, and this blood stain was left by Chen Feng.

At the beginning, he was grabbed by Chi Yanfeng and smashed **** this sledgehammer. I don't know how many times!

The traces of blood have turned into a reddish brown.

Chen Feng pressed both hands on the purple gold giant hammer, so the next moment, almost instantly, in Chen Feng's spiritual world, the transparent divine light was radiant.

Chen Feng even felt that he had become one with the transparent divine light, with countless threads quietly coming out of his body, implicated in one of the purple gold sledgehammers.

Chen Feng immediately realized that it was the unformed soul of the Zijin Sledgehammer that was implicated by him.

If the spirit of the weapon is formed, the Zijin sledgehammer can fly in the air, but he can't do it yet.

But this is just right!

There was joy in Chen Feng's heart: "This is an unformed soul, I can just deal with it, if it is a formed soul, I am afraid I can't handle it!"

Chen Feng took a deep breath, and the next moment he appeared in the soul-man space.

In front of Chen Feng, there was the phantom of a purple gold sledgehammer, which was the unformed soul of the purple gold sledgehammer.

Chen Feng's hands were empty, and the soul of the purple gold sledgehammer had already gained a bit of intelligence, and he was extremely scared and retreated madly.

But in Chen Feng's soul-man space, where everything is under Chen Feng's control, how can he escape?

Chen Feng smiled slightly, and his thoughts moved, so the next moment, this soul was torn apart, torn to pieces, and then torn into smaller pieces.

In the end, it turned into a huge and pure soul power.

The next moment, Chen Feng took a deep breath. Suddenly, the violent wind swept through the Soulman Space, and Chen Feng directly absorbed those mental powers. *Novelsb.com*

Chen Fengru drank alcohol and sighed deeply, carefully feeling the trembling and refreshing that seemed to come directly from his soul!

And Chen Feng's transparent divine light has skyrocketed, and it has grown to more than thirty feet in length.

At this time, the transparent divine light also appeared in the soul-man space, hovering up and down in the soul-man space, sending out bursts of joy around Chen Feng.

Chen Feng smiled slightly: "Little guy, this is just the beginning!"

Then the phantom of a long knife appeared here again.

This was the soul of another king's weapon, and Chen Feng once again shredded it and absorbed it.

As a result, the transparent divine light skyrocketed again by twenty feet.

The soul of this knife is obviously not as powerful as the soul of the purple-gold sledgehammer just now, but it is also very powerful.

Chen Feng pulled in the weapon souls of those weapons one after another, tearing and absorbing them, and when the soul of the last long sword was absorbed by Chen Feng, there was a bang, a huge buzzing hum from the transparent divine light. .

Its body length actually skyrocketed to five hundred feet, one thousand five hundred meters long.

In the next moment, Chen Feng felt a great change in his mind, and everything seemed to be clearer.

In his mental power, there was clearly a slight strangeness that quietly emerged, as if a small tree had grown a small branch.

That branch relies on the existence of the main trunk, but it has a more magical effect than the main trunk.

Chen Feng immediately felt happy: "My soul-seer level has improved, and now I have reached the level of the second-rank soul sect!"

"After reaching the Second Stage Soul Sect realm, my soul person space has also undergone an abnormal change, and a new ability has been added!"

In the next moment, the space of the souls in front of Chen Feng suddenly expanded, the land collapsed, and the surrounding space barriers also collapsed.

I saw that the clod of soil in front of Chen Feng turned into a brown, seemingly exhausted nothingness, then spread forward, and soon it was fixed.

Chen Feng's soul space was originally ten miles in radius and 500 meters in height, but now it has reached twenty miles in radius and one kilometer in height.

[Chapter 2320: Space capability: time acceleration](#)

The area is four times larger than the original, and the space is eight times larger than the original!

Chen Feng laughed loudly, the laughter resounded throughout the soul-man space, causing the whole soul-man space to tremble violently: "My soul-man space has finally evolved!"

The evolution of the soul-man space is not only the expansion of the area, but the increase in height. In fact, this is only the most basic.

The expansion of the soul-man space means that there are more mental powers that can be used by Chen Feng, which means that Chen Feng can build this soul-man space more refined, more real, more complicated, and more effective. Vivid.

And the more perfect the soul-man space, the more real it is, the greater its power, and even the enemy who is drawn into the soul-man space of the trapped person will not realize that this is the soul-man space, thinking it is the real world.

At that time, the soul-man space can kill the enemy invisible!

Even in the end, it can be just like the outside world, with continents, oceans, sky, sun, moon, people, and even civilization and warriors.

At that time, Chen Feng could already touch the realm of God.

Of course, that was after I don't know how far away.

The area of his current soul-man space is about the same as a small town. I don't know how far away from becoming a world!

But Chen Feng knew that that was his future goal.

His eyes are full of longing and hope!

Chen Feng smiled and said to himself: "Now let me perceive what kind of power this soul-seer space has!"

He closed his eyes and began to explore his thoughts.

At this time, countless black and white lines appeared in front of Chen Feng.

Chen Feng knows that these black and white lines are the root of everything, time and space.

And the foundation and source of the soul-man space are these black and white lines.

Suddenly, a ray of light flashed quietly on a node among the black and white lines.

Chen Feng immediately touched his mental tentacles, and after touching it, a huge amount of information flooded into Chen Feng's mind.

After a long time, Chen Feng opened his eyes, a smile appeared at the corner of his mouth, and whispered to himself softly: "I understand, it turns out that after this soul-man space evolved, a new ability he acquired was called..."

"Time accelerates!"

He raised his arms, looked up at the sky, and said softly, "Now, let me try this ability!"

Following Chen Feng's words, his soul-man space was everywhere, but Chen Feng knew very clearly that these were not real mists, but the steaming power of the soul-man.

The reason for this at this time was because Chen Feng urged all the power of the soul out and steamed up in an instant.

He urged the power of the soul to the extreme.

Generally speaking, the flow of time in the soul-man space is different from the outside world, and one hour in the outside world is equivalent to two hours in the soul-man space.

In other words, the flow of time in the soul-man space is twice that of the outside world.

Chen Feng cultivated for two hours in the soul-man space, and only one hour passed outside, which was already a great improvement.

This is equivalent to the soul person being in his own soul person space, the speed of cultivation will be twice that of others.

Of course, to be able to construct such a soul-seed space, at least the level of a first-grade soul sect is required, and not all souls can do this.

But now, this flow rate is not enough for Chen Feng, and he wants to make every effort to urge it.

Under Chen Feng's full urging, the flow of time in this space of souls is getting faster and faster.

Chen Feng can clearly feel the changes in his body, and his body is experiencing the baptism of time.

Chen Feng was shocked immediately: "This is not good. If this is the case, wouldn't I be equivalent to losing some life out of thin air?"

Chen Feng immediately began to control, but he found that he couldn't control it.

As long as it is everything in this soul-man space, it is no exception. It is impossible to just accelerate a certain place. Chen Feng couldn't help but shook his head and smiled bitterly: "This is really a bit embarrassing!"

But after thinking for a while, he gritted his teeth and said softly: "If you lose a little life, you will lose a little. Anyway, it is impossible to lose too much. It is still more important to know that this time acceleration is more important."

Thus, Chen Feng began to accelerate again.

Finally, it has accelerated to the extreme!

At this time, the northeast corner of Tianyuan Imperial City was next to a huge mansion not far from the imperial palace.

This is where the Chi Yan family is located.

In the imperial city, the two most prominent families, one imperial family, and the red flame family, were not on the floating mountain.

Because for them, the floating mountain is too small, and their mansion is too large and majestic!

Not far from the Chi Yan family mansion, is the huge golden man.

At this time, in the deepest part of that huge mansion, there was a hundred-story pavilion.

This one-hundred-story pavilion is made of a kind of red jade, like a huge torch, it seems that there is flame burning and transpiration.

Within a hundred steps around, there was a raging flame, and the temperature was extremely high.

Ordinary warriors will be directly burned to death when they come here!

At this time, at the highest point of the tower, it was a quiet room.

In the quiet room, the two were sitting opposite each other, and one of them was the Patriarch of the Chi Yan Family: Chi Yan Lietao.

As for the person on the opposite side, if Chen Feng was here, he would definitely be recognized. He was unexpectedly Li Sifeng's uncle: Li Yangxia!

Li Yangxia looked at the red flames on the opposite side, with a hint of impatientness in his eyes, and whispered, "What are you asking me to do here?"

"Now the entire Wudong Academy is at odds with your Flame Family because of Chen Feng. If I come to you and be discovered by the people at Wudong Academy, then I will definitely be alienated and expelled directly!"

Chi Yan Lietao smiled and said, "I called you over for a very simple purpose. That is to kill Chen Feng!"

"What? Killed Chen Feng? You even dared to kill Chen Feng?"

Upon hearing this, Li Yangxia almost jumped up, and he said in a panic: "The last time you took action against Chen Feng, you have already alarmed the old monster. Do you want to deal with him?"

"Do you want to die?"

He wanted to leave: "You can die if you want, but I won't be with you!"

Chi Yan Raging Tao did not get up at all, but slowly uttered six words: "The truth of the waves of the angry sea!"

Li Yangxia's figure stopped immediately. He suddenly turned his head, staring at the red flames and fierce waves, and said coldly: "How do you know the truth about the waves of the Nu Hai? Why do you have the truth about the waves of Nu Hai? "

"How do I know, how I have it, you don't have to worry about it."
