[Chapter 2321: Conspiracy to cover Chen Feng](#)

Seeing his look, the Patriarch of the Chi Yan family was determined in his heart. He smiled slightly and said, "I only know that in your line of inheritance, the Nu Hai Bo Tao Zhen Jing is the supreme technique, which is enough to help you improve. To the realm of the three-star martial emperor."

"And you, due to insufficient cultivation, your father Li Binbai died in Chen Feng's hands before he had time to teach you!"

A black book appeared in his hand, extremely thick and huge, with sparkling water on it.

In an instant, a huge amount of water vapor appeared here, and in an instant it suppressed the flames of this flame tower by a large amount, as if water extinguished the fire.

A book is so powerful that it hasn't been opened yet, and its amazingness can be seen.

Seeing this scroll, Li Yangxia exclaimed, her eyes bursting with light, and her face was full of unstoppable greed.

He trembled and said, "Really this is the Nu Hai Bo Tao Sutra? It is really the Nu Hai Bo Tao Sutra!"

He recognized it immediately, and this Anger Sea Waves Truth was exactly the same as the one he had seen with his father. **NOVELuSB.com**

"Of course." The Patriarch of the Chi Yan family smiled and said: "Not only the Nuhai Botao scriptures, but also the ten volumes of the Nuhai Waves scriptures, which are more complete than the six volumes in Li Binbai's hands!"

Hearing this sentence, Li Yangxia was breathing harder!

Ten volumes of the Scriptures of the Waves of the Anger Sea are enough to make his strength rise to a four-star Wuhuang! Much stronger than Li Binbai was at the beginning!

He gritted his teeth and said sternly: "With this Anger Sea Waves Scripture, after my strength is improved, my position in the Wudong Academy can be greatly improved. Not only can I be promoted to the elder Chongxiao, but I don't have to be like now. Live like this with trepidation!"

Since Li Binbai's death, he has always been arrogant and arrogant, and life is difficult.

Without Li Binbai's support, he can only live his life with his neck down, and he is worried every day whether Chen Feng will kill him.

These days can be said to be like years.

And now, he felt it was time to turn over.

The Patriarch of the Chi Yan family smiled slightly, and took out another jade box. After opening it, four pills were neatly placed in the jade box.

As soon as the jade box was opened, a strong fragrance filled the place, which made people feel refreshed when they smelled it.

The Patriarch of the Chi Yan Family smiled and said: "These are four Liuhe Qi Replenishing Pills. These four Liuhe Qi Replenishing Pills are enough to increase your strength to a whole realm, and can help you make breakthroughs in a short time!"

Li Yangxia gritted her teeth, the flesh on her cheek trembling, her face was cloudy and sunny.

Finally, there was a fierce blood burst in his eyes, and he shouted sharply: "Damn, I did it!"

With that, he snatched the jade box over, and then wanted to take the narrative of the waves of anger.

At this time, the Patriarch of the Chi Yan family shrank his hands and smiled and said, "The four pills are for deposit. As for the Scriptures of the Raging Sea Waves, they can only be given to you after things are done."

"What the **** did you let me do?" Li Yangxia gritted her teeth.

"What I want you to do is simple!"

Chi Yan Lietao, the Patriarch of the Chi Yan Family, gave a sly smile. He leaned closer and talked with Li Yangxia carefully.

When Li Yangxia listened to him, her face was always uncertain.

After a while, he took a breath and stared at the Chi Yan Family Patriarch and said, "You can be sure that there is no risk, right?"

"Of course!" Chi Yan Lietao said with confidence: "In the entire Wudong Academy, the only thing I'm afraid of is the old monster."

"This time, as long as it is able to divert ah, and if there is a senior in our family, then Chen Feng will not be able to escape. The difference in strength between the two is too large, and no means can make up."

"And all you have to do is just such a little!"

"Think about it, as long as you agree, there is hope that you will be able to break through to the realm of the four-star Martial Emperor!"

His voice is like the temptation of the devil.

Finally, Li Yangxia gritted her teeth and said: "I did it!"

After about a cup of tea, Li Yangxia left the Chiyan family mansion.

Chi Yan Fiery Tao stared at him for a long time, before the corner of his mouth twitched, and a disdainful smile appeared: "If this guy needs someone from the Martial Academy, why would I find you such a waste?"

His eyes are sharp as a knife: "You have a good dream for a few days. When the matter is over, not only will I not give you the truth, I will even take back the four pills."

With that said, he turned around and got off the flame tower, then turned around and came to a very remote garden in the northeast corner of the mansion.

This garden is completely different from the others. Although it is midsummer at this time, the garden is deserted, with an aura of decay.

After Chi Yan Lao Tao came here, his expression was extremely respectful, he knelt on the ground and kowtowed, and said softly: "Uncle, I'm here to visit you!"

"Hehe, came to see me, an old guy? You haven't been here for two years, why do you remember today?"

After a while, a voice came from the garden.

This voice is very magnificent and profound, showing that the owner of this voice is absolutely extremely powerful.

Even Chi Yan Lietao's cultivation base was shocked to the eardrums, and even the head was buzzing!

But although the voice was magnificent and vigorous, it was full of decay, and there were unconcealable oldness and decay in it, showing that the owner of this voice had no life.

The old tone was full of ridicule. In this Heavenly Cloud Imperial City, there were not many people who dared to talk to the Chi Yan and the fierce waves, but he did not show the slightest anger, and his attitude was even more respectful.

He didn't have any sophistry, but said generously: "I didn't visit you uncle before. It is indeed mine. I am here to make amends for you."

"But when I come today, I really have a very important thing to ask you to do."

The old voice fell silent for a while, and then slowly said, "Is it because of the third son?"

"Yes, it's him."

The old voice seemed indifferent: "It's just a life."

Hearing this, Chi Yan and the storm did not get angry, and whispered: "Indeed, it's just a human life, and I won't let this affect the overall situation. But..."

He paused, and continued: "Chen Feng killed the third child, and I wanted to take revenge for him, but I didn't expect it, but was blocked by the old thing from Wudong Academy."

"This matter has now set off a frenzy in the Tianyuan Imperial City. Everyone is watching the jokes of our Chi Yan family. Our Chi Yan family has become a laughing stock."

He knew the old man's mind, and he knew very well that as long as the Chi Yan family was mentioned, the old man could never stand it!

[Chapter 2322: Thousands of time flow!](#)

Sure enough, the old man sneered: "You know what I am thinking."

Chi Yan Lietao said frankly: "In order to ask you to take action, I have no choice."

The old voice fell silent for a long time, and then he said: "The Chi Yan family has served as the Patriarch, and none of them has died on the bed in a serious manner. They all died in the vengeance with others."

"I thought that the old man would be an exception. After all, I only have more than two months left in my life, but I didn't expect it!"

He sighed.

As soon as Chi Yan Lietao heard his tone, he knew that he had agreed. A flash of ecstasy flashed in his heart, and he respectfully said:

"Your old man is joking. With Chen Feng's strength, if you deal with him, it is as easy as crushing an ant, without any surprises."

"I hope so!"

The old voice sighed, and the next moment it became cold and stern: "Well, you get out of here now, the old man doesn't want to see you!"

"When will you start, just tell me!" *nOvElusB.coM*

Chi Yan Lietao nodded respectfully: "Okay, I'll get out of here."

He actually lay on the ground and rolled out.

At this time, Chen Feng, Uncle Dao and others naturally did not know that a conspiracy against him was quietly taking place.

At this moment, in the eyes of Uncle Dao and others, Chen Feng was sitting cross-legged, and it looked nothing unusual, but around Chen Feng, there were some black and white lines looming.

And the space around him turned out to be cut with countless holes by a knife, which seemed extremely dangerous.

If anyone approaches Chen Feng at this time, there may be a risk of being directly involved in the turbulence of time and space.

Uncle Dao felt it carefully, his expression on his face became more shocked, and he whispered to himself: "How do I feel, Young Master seems to be no longer in the same time and space as us?"

The fact is also true!

Uncle Dao watched worriedly for a whole hour.

And under the power of Chen Feng's crazy urging of the soul, the flow of time in this soul person space suddenly increased crazily!

An hour later, suddenly, Uncle Dao saw Chen Feng open his eyes, and the terrifying aura around his body disappeared instantly without a trace.

Uncle Dao quickly came over and asked him: "Little Master, are you okay?"

Chen Feng's eyes were a little confused. He looked at Uncle Dao and said in a daze, "Uncle Dao, are you Uncle Dao?"

The kangaroo was a bit inexplicable, but the next moment it was creepy, exclaiming: "Little Master, what's wrong with you? What's wrong with you?"

At this time, the blood wind climbed to Chen Feng's knee and looked at him worriedly.

Not far from the side, the little girl Yaoyao frowned and said softly: "I feel like my big brother has been away from me for a long time!"

Chen Feng took a deep breath and closed his eyes again.

When he opened it again, his expression was no exception, he just sighed slightly, and said with some emotion: "It's amazing!"

It turned out that Chen Feng had already spent a thousand hours in the Soul Person Space just now.

Twelve hours a day, and Chen Feng spent almost three months in it, so when he came out he was even a little strange.

"In my current Level 2 Soulman space, the ability of the Soulman space accelerates time, and the flow rate is a thousand times that of the outside!"

"However, my astral power can only support an hour's time. After an hour from the outside world, it will have to end."

Chen Feng smiled at Uncle Dao and said, "Uncle Dao, don't worry, I'll be fine!"

He comforted Yaoyao again and played with her for a while. After everyone left, Chen Feng came to the edge of the cliff holding the blood wind.

He whispered to himself: "Now my time flow rate hasn't had much effect. Think about it and you can know that my time acceleration effect can only last for an hour outside."

"The flow of time inside is a thousand times that of the outside world, so inside is equivalent to a thousand hours in the past, and one thousand hours is only three or four months!"

"What's the use of this?"

"Let my enemy grow old for three or four months? Then his strength will not be reduced in any way! Want him to shorten his lifespan? That is impossible, and I will also suffer the loss of three or four months of life. A consequence."

"But," Chen Feng said with a smile at the corner of his mouth, "This ability in the future is absolutely powerful and unlimited!"

Chen Feng was excited and even shuddered.

The ability I got is too powerful!

Next to him, An Lao appeared quietly and said softly, "Chen Feng, the future development of your ability is beyond limit!"

"Just imagine, in the future, you can even drag him into your soul-man space, and make him age a thousand years old at once!"

Chen Feng smiled and said: "But, I will also age thousands of years!"

The dark old man laughed loudly: "You kid, this problem will definitely be solved by then!"

Chen Feng smiled and nodded, he was also very confident.

Chen Feng said softly: "Time is the best poison and the most powerful trick!"

The conversation between the two was interrupted by a whining sound. After seeing An Lao, the blood wind wagged his tail with excitement, opened his mouth, and let out a burst of joyful cry.

He is very familiar with An Lao.

An old man laughed too, and touched his head: "You little fellow, old man, I miss you too."

Chen Ziyuan walked out of a rather grand mansion. The size of the mansion was not small, but compared to ordinary people, it was nothing compared to the real rich family.

In the Tianyuan imperial city, the size of the mansion and the degree of luxury represent the high or low status of this power!

Chen Ziyuan turned her head and stared blankly at the plaque above the gate, with two big characters written on it: "Chen Mansion!"

Here is where Chen Ziyuan's family is located and where she has lived for more than ten years.

Today, she is about to leave here completely, and will never come back again. He has no relationship with the Chen family anymore.

Chen Ziyuan lowered her head and looked at the document in her hand which represented that she and the Chen family had been cut off. A smile suddenly appeared at the corner of her mouth, which was exceptionally light.

She suddenly felt that she was refreshed physically and mentally, and her whole person was very relaxed and light, almost like flying!

She whispered to herself: "Sure enough, what Brother Chen Feng said was right. When this matter was not done, I thought it would be difficult, but after I did it, I would find that this matter has only benefits and no harm."

[Chapter 2323: trap](#)

"I am in a better mood now than ever. The past ten years have really been in vain."

It turns out that last time, after Chen Ziyuan's half-brother was directly killed by Chen Feng, when she returned to the Chen family, the people in the Chen family, especially his father, were afraid to look for it. Chen Feng's troubles cast all his anger on her.

Her brother's mother, the wife of her father's house, even pointed at her nose and yelled, humiliating her.

They blamed her again, and if it were past, Chen Ziyuan would swallow her anger.

But this time, she did not bear it anymore!

This time, Chen Ziyuan acted straightforwardly and directly, killing everyone who had bullied their mother and daughter, her father's concubine, and many slave servants.

She didn't do anything to her father, but her father was already so scared that she collapsed to the ground and couldn't say a word.

Then, Chen Ziyuan left the Chen Feng family directly, and has nothing to do with the Chen family ever since!

At this time, Chen Ziyuan only felt extremely relaxed, and the whole person was very cheerful.

She especially wants to tell Brother Chen Feng this news, telling him that she has escaped from the sea of suffering, and her mood has also broken through!

She was very careful all the way back. With the incident last time, she knew that it was not safe even in the Tianyuan Imperial City.

It wasn't until she returned to the outer courtyard of Wudong Academy that she was relieved.

However, just when he arrived at his small courtyard, a few stars in the sky flashed a few moments.

At the same time, suddenly, a very subtle feeling surged in her heart, as if a great danger was coming.

She immediately turned to face the enemy, and at the same time, she retreated quickly.

But at the moment she turned around, a strong wind hit behind her, and at the same time a strange voice sounded: "Huh?"

Although Chen Ziyuan found out very early and responded in time, the enemy who attacked her was better than her.

As soon as she stretched out her hand, she still caught him directly, Chen Ziyuan only felt that her eyes were dark, and she fainted.

It was Li Yangxia who made the shot.

He looked at Chen Ziyuan in surprise, and whispered to himself: "This little lady is not bad, she is so low-powered, but she perceives so quickly, does she have any secret methods?"

He shook his head, expelled the thought, then grabbed Chen Ziyuan and quickly disappeared.

It's after another day of enlightenment.

As soon as Chen Feng left the soul-man space, he suddenly heard a voice from a distance, still approaching this side: "Junior Brother Chen, Junior Brother Chen."

The voice was sweet and cold, and it sounded very familiar.

Soon, Chen Feng knew who it was.

Que Qianqian's figure appeared on Zuwang Ya, Chen Feng raised his brows, smiled and said, "Senior Sister Que, why are you here?"

Que Qianqian shook something in his hand. It was a letter and said, "I have something to do with the outer courtyard today, and when I came out of the outer courtyard, a man in black came over and entrusted me to give you this letter."

"Before I had time to ask, he hurried away. I don't know what happened."

When Chen Feng heard this, an ominous hunch surged in his heart.

Acting so sneaky, the man in black may not be the right way.

He immediately took the letter and read it carefully.

Then Que Qianqian saw that Chen Feng's expression instantly became cold, and a sharp murderous intent flashed in his eyes.

Chen Feng gritted his teeth and shouted coldly: "Damn it!"

"What's the matter?" Que Qianqian also knew that something must happen, and asked quickly.

Chen Feng said slowly, "Chen Ziyuan, Junior Sister Chen, was tied up. Someone asked me to go out and threatened her life."

"What? There is such a thing?" Que Qianqian was very frightened when he heard it.

Able to abduct Que Qianqian in the outer courtyard, and give this letter to her, indicating that doing this is probably someone from the Wudong Academy.

And she was even more guilty, she thought, if she could continue the investigation at that time, maybe there would be no such thing.

She said guiltily, "Junior Brother Chen Feng, sorry."

Chen Feng waved his hand and said, "How can you blame you? The dog thief needs to be blamed!"

A bit of murderous intent flashed in his eyes: "He dared to move my people, I must kill him!"

Que Qianqian asked, "Are you going to the appointment?"

"Of course!" Chen Feng said: "She has nothing to do with the world, and her strength is not very strong. Who can provoke her?"

"There is no doubt that this is a trap!"

"That person must be directed at me, but if he wants to come at me, he must have such strength and ability!"

"Knowing it is a trap, I will jump in too!"

Chen Feng said with a sneer: "He wants to take a bite on me, so I have to have a good mouth. Beware that I break his teeth!"

Chen Feng left the blood wind here to protect Yaoyao, and then took Uncle Dao and Que Qianqian, left the inner courtyard of Wudong Academy, passed the long bridge, crossed the Tongtian River, and headed north.

After walking about a hundred miles, it was all the way west.

Soon, the flat wasteland at the foot slowly changed into a rugged mountain, and the terrain became higher and steeper.

After walking for thousands of miles, this place is already in the middle of the mountains, and there are ridges of mountains everywhere.

There are huge peaks tens of thousands of meters high everywhere, and huge iron-black pine trees are everywhere on the peaks. The branches are knotted and the color is like iron, and they look extremely hard.

Que Qianqian said: "This is Tiesong Mountain, located to the northwest of the Tianyuan Imperial City. It stretches for hundreds of thousands of miles and goes all the way to the west to connect to the Daxue Mountain in the west."

Chen Feng nodded slowly, and then headed directly to the highest mountain.

The height of the mountain is about 500,000 meters, and the height of tens of thousands meters below is still lush and lush, covered with various trees, and a little bit higher, it is already covered with ice and snow.

Further up, it has become huge glaciers.

The temperature here is already very low, but Chen Feng and the three are extremely powerful, and they are not afraid of the low temperature.

Soon, they came to the top of this mountain, which was only ten miles in radius, and the whole mountain was like a giant chopsticks.

The top of the peak is the sharp point of the chopsticks.

Chen Feng nodded and said, "It should be here. The place where I agreed to meet in the letter is here."

Que Qianqian said: "It's also a good place to meet here. It's off the beaten track and it's convenient to do shady activities."

[Chapter 2324: Master of horror!](#)

When she said the last sentence, she deliberately raised the volume, and her voice was full of mockery.

Que Qianqian is quite chivalrous, and he is most uncomfortable with this kind of thing. At this time, his heart is filled with indignation.

At this time, an old voice suddenly rang: "Hehe, little guy, you have a very angry temper, but it is quite the style of my ancestors back then!"

As soon as this voice sounded, the three of Chen Feng were shocked, because they discovered that this voice did not sound from a certain direction, but from all directions, just like countless people talking at the same time from all directions! *NovelUSB.com*

And this wasn't just about talking. In an instant, a powerful sound wave suddenly appeared, squeezing it towards the three of them.

Both Uncle Dao and Que Qianqian snorted, and blood overflowed from the corners of their mouths.

Chen Feng also felt that at this moment, his heart was beating madly, his blood pressure was squeezing out madly, and the blood in his body was almost burning.

At this moment, he was dizzy, feeling extremely uncomfortable, and the blood was about to burst out of his body.

But Chen Feng is strong after all, he forcibly held back it!

A touch of astonishment appeared on the faces of the three of them: "The sound alone is enough to make us suffer such a huge shock. If it is really done, what will happen?"

In the glacier in front of him, an old man slowly emerged.

This person is tall, wearing a red robe, bright as blood, but he is already old and showing obvious oldness, most of his red hair is already pale, and the wrinkles on his face are like gullies.

Chen Feng even smelled a faint of decay from his body.

Obviously, he is running out of time.

The old man looked at Chen Feng and slowly said, "Little guy, you are Chen Feng, right? I have been waiting here for a long time."

Chen Feng said coldly: "Did you rob Chen Ziyuan?"

"Hahahaha..." The old man smiled disdainfully: "How can I do such a boring and low-level thing to rob someone else from Chen Ziyuan."

"It's just that you should see it, this is a trap, a trap that draws you out!"

Chen Feng looked at him, his eyes narrowed, and said coldly, "Are you from the Chi Yan family?"

He felt a familiar breath.

The red-robed old man said proudly: "Yes, I am the previous Patriarch of the Chi Yan family, Chi Yanhong!"

"I don't care what red flame red or red flame green you are!" Que Qianqian shouted sharply: "Don't talk nonsense, but a battle!"

After speaking, with a stern shout, the long sword in his hand was unsheathed, and he stabbed at the red robe old man!

And Chen Feng was also at the same moment when King Kong pushed the mountain and shot with both palms.

Uncle Knife took a long sword out of its sheath and used his most powerful move to cut it out towards Chi Yanhong!

The three of them all played their strongest moves at the same moment!

"The worm shakes the tree, it's ridiculous!" The old man said with a slight expression of contempt on his face.

Then he brushed his sleeves.

Suddenly, an incomparable force surged and directly hit the three of Chen Feng.

The powerful offensive launched by the three of Chen Feng was directly broken in an instant, and then they felt as if they had hit a huge iron mountain.

The next moment, the majestic power suddenly oscillated out!

Que Qianqian and Uncle Dao beside Chen Feng each uttered a muffled scream, and then the muffled scream turned into a scream.

Both of them spewed blood violently and smashed heavily on the ground.

In an instant, the snow-white ice layer was stained with a thick layer of blood.

After the two fell on the ground, they were still vomiting blood crazily, shaking all over.

There were even pieces of internal organs in the blood, and their bones were almost broken.

At that moment, Chen Feng also felt an extremely powerful force rushing toward him, with an unmatched and irresistible tyrannical posture.

Chen Feng also spouted a mouthful of blood, stunned and took a dozen steps back, his chest sunken directly.

His injuries were only slightly stronger than Uncle Dao and Que Qianqian, and he was still seriously injured.

It was just a face-to-face meeting. The old man didn't even use his strength. He just shook his sleeves lightly and severely wounded Chen Feng, and severely wounded Uncle Dao and Que Qianqian to death!

The red-robed old man said lightly: "Chen Feng, you don't have to resist, it doesn't make any sense at all, and the three of you together won't be my opponent."

"I, but a four-star Wuhuang pinnacle master!"

When Chen Feng heard this, he couldn't help but feel desperate: "Chi Yanhong is too strong! It's so suffocating!"

Stepping into the four-star martial emperor realm, you will have the power of eight heavens and earth, how many four-star martial emperor peak?

Ten Dao? Twelve Ways? Fourteen?

The difference in strength between him and Chi Yanhong was unimaginable.

But how can Chen Feng succumb?

He stood up slowly, stood up with strong support, and then took a deep breath.

Suddenly, behind him, a ray of orange power of heaven and earth quietly appeared.

Then, Chen Feng shouted violently.

His orange power of heaven and earth, equivalent to the powerful force of four cyan heavens and earth, all poured into the dragon descending Arhat light pearl.

Chen Feng shouted crazy: "King Kong pushes the mountain!"

With both palms launched, the power of 51,000 dragons burst out!

"Is this the power of the orange heaven and earth? A rare orange heaven and earth power!"

Chi Yanhong sighed and said: "Your talent is really wonderful, I really make this old man envy me! But what a pity!"

His voice became gloomy and cold: "Today, you are going to waste here!"

As he said, he shot out with a palm.

With a bang with Chen Feng's palms, Chen Feng, like a kite with a broken string, flew out again and hit a glacier.

And Chi Yanhong downplayed, without any damage!

After Chen Feng was beaten and flew by this punch, he was also severely injured and dying, just as bad as Uncle Dao and Que Qianqian.

Chi Yanhong walked to Chen Feng and looked down at him.

Chen Feng felt almost torn from the top and bottom of his body, and it was so painful that he could hardly breathe, but even so, he did not admit his fate, he was still thinking about how to resist.

There was a rapid circling in his mind.

"Do you know?" The old man looked at Chen Feng, with a hint of emotion in his tone: "Chen Feng, when I was your age, I haven't even broken through the Martial Emperor Realm."

"I didn't break into the Martial Emperor Realm until I was forty years old."

He looked at Chen Feng and asked, "How many stars are your current strength equivalent to Martial Emperor?"

Chen Feng said in a deep voice: "Samsung Martial Emperor Peak!"

"Haha, the top of the three-star martial emperor, so amazing, really so amazing, the hero is a boy!"

[Chapter 2325: I thought about it!](#)

He sneered and said, "I was 167 years old when my strength reached the peak of the three-star martial emperor. Now, I am 297 years old and my strength is the pinnacle of the four-star martial emperor."

"However, my strength can only end here, my life span is only two months and nineteen days left!"

"do you know?"

He stared at Chen Feng suddenly, let out a roar, the peace and tranquility on his face disappeared in an instant, and it turned into a ferocious and violent that was almost indestructible.

He screamed: "I hate, I am jealous, I am jealous of you, you are crazy!"

"I'm jealous of your young hero almost dying!"

"Why are you so talented? Why are you breaking through so fast? Why are you so young that you already have such a powerful strength?"

"Did you know? If I had broken through to the Martial Emperor Realm a few months earlier when I was young, I would already be a five-star Martial Emperor master now, and my life span could be extended for decades!"

"And now, I can only count my life here day by day, and spend the last few months of my life!"

His voice was full of unwillingness, full of anger, staring at Chen Feng, and full of immense jealousy and resentment: "Do you know how painful I am?"

"Do you know this kind of pain that knows that your life is about to end, but you have no choice but to live and wait for death?"

He said these words as if venting, roaring bursts of roar, and the surrounding glaciers were shattered.

"So!" He stared at Chen Feng and said grimly: "I must destroy you, I am jealous of you, so I must destroy you!"

"I'm dead, I took you such a young hero, super genius, and buried it with me, I'm worth it!"

As he said, he pressed his hand towards Chen Feng's head, smiled and said, "I'm going to crush your head, and then tell you to tear your whole body apart. I will see how you grow up. What has such a high talent?"

His voice is full of madness, and the whole person is almost crazy!

At this moment, Chen Feng's gaze flashed brightly.

A ray of light flashed across his heart suddenly, as if lightning pierced the sky, illuminating the dark night sky.

Chen Feng's heart was pounding, and he was so excited that he almost jumped: "I thought of it! I thought of a way to deal with him!"

At this moment, in the deepest part of the outer courtyard of Wudong Academy, the old man suddenly opened his eyes.

He sighed and said helplessly: "Chen Feng, this little guy, why are you again? You can really cause trouble to the old man!"

"Old man, I have three or two bones, I don't know that I can withstand your toss several times."

As he said, he shook his head, stood up, and quickly swept outward.

Up to this point, the look on his face was still very relaxed, in his opinion there was no enemy he could not solve!*NOVELUSBOOKS.COM*

He felt that Chen Feng was in danger, but he was not afraid.

He believed that he could deal with these enemies, and when he had just left Tongtianhe, suddenly, a huge breath surged in front of him.

Then, a middle-aged man in a red robe appeared in front of him, smiled and said, "Long time no see, old monster!"

At this moment, the old man immediately felt a trace of badness, and he smelled a trace of conspiracy.

He didn't stop at the slightest, and coldly shouted: "Little boy of the Chi Yan family, roll me aside!"

The person who came was Chi Yan Lietao.

He looked at the old man and said lightly: "Today, I won't roll. I know I am not your opponent, but it is enough to stop you for a while."

"And after a while, hahaha!"

He looked at the old man and let out a triumphant laugh: "Your Wudong Academy's hope for the next hundred years, the first person after that ten years, I'm afraid the bones will turn into scum!"

When the old man heard this, his face changed drastically, and the ominous premonition in his heart became real.

If Chen Feng is dead, he will never accept it.

You know, what he is considering is the future of Wudong Academy, and Chen Feng represents the future of Wutong Wudong Academy!

His face was gloomy and cold for an instant, and he shouted sharply: "Go to the side!"

With that, a punch was blasted out, this punch was extremely powerful, and the entire Tongtianhe seemed to be shaken by it.

This is a high-level unspeakable power, and the red flames on the opposite side, unwilling to show weakness, blasted a number of punches one after another, banging against his fists.

The old man didn't move at all, while the Chiyan Scorching Wave took a few steps back, obviously falling into the wind.

However, although his strength is worse than that of the old man, it is not much worse. He will definitely lose after hundreds of moves, but there is no problem stopping the old man for a period of time.

The two fought together, and the old man couldn't break free of his entanglement for a while, and went to rescue Chen Feng.

At this time, Chi Yanhong's fist was about to fall in front of Chen Feng.

But suddenly, he felt a flower in front of him, and at this moment, the transparent divine light in Chen Feng's spiritual world wandered wildly, bursting with violent light.

And Chen Feng's speed and mental power is also frantically flashing at this moment!

His mental power has run to the extreme, and in the next moment, Chen Feng slowly uttered four words: "Soul Man Space!"

There seemed to be a flash of evil charm in his eyes, and then Chi Yanhong felt a trance.

When he opened his eyes again, he found that he was already in a deserted space.

There are mountains and soil here, but it looks extremely small, and when he is here, he has a very uncomfortable feeling, as if everything is controlled by others.

Then, he saw Chen Feng on the opposite side.

At this moment, the feeling that Chen Feng gave him was vague and vague, not knowing how many times stronger than before, and it made him feel almost worshipped.

However, the next moment, he broke free from this feeling, looked at Chen Feng, and made a disdainful sneer: "Oh, you kid, you are quite capable. It turns out that you are not only a warrior, but also a martial artist. Famous soul."

"And the level is not low. It has built its own souler space. This must be your souler space, right?"

"But, so what?"

He sneered, and said, "You soul-seed space is so small, it is very low-level at first glance, and can't accommodate a powerful warrior like me. How long can you survive my attack here?"

If there is no first-level soul person space before promotion, even Chi Yanhong cannot be recruited, because he can't bear his powerful power.

But the second-level soul person space after promotion can.

However, even so, it would definitely not last long under his attack.

[Chapter 2326: Kill the four-star Wuhuang pinnacle!](#)

At this moment, Chen Feng stood opposite him, suddenly smiled, and said: "Chi Yanhong, if I remember well, you seem to have told me just now that your lifespan seems to be only a few months away!"

"Yes!" Chi Yanhong said.

An ominous premonition suddenly rose in his heart, as if something extremely dangerous was about to happen.

But then, he smirked in his heart: "What can this kid do to me?"

He looked at Chen Feng and said coldly, "Even if there is one day to live, it is enough to kill you!"

Chen Feng smiled and said, "Really? I don't think so."

At the next moment, Chen Feng suddenly shouted: "Time accelerates, come on!"

Following Chen Feng's violent roar, the power of the soul surging crazily in his soul-man space, like a big river, constantly rushing.

The entire soul-man space was filled with a thick mist!

Chen Feng's soul person space ability, time accelerated, suddenly activated.

The next moment, Chi Yanhong was stunned.

He clearly felt the time flowing on his face, his own time was flowing away at an extremely fast speed, his life span was reduced crazily, and he could even clearly feel his own aging.

He stretched out his hands and saw that the wrinkles on his hands were many times deeper than before.

He felt that his strength was declining. He glared at Chen Feng and yelled in disbelief: "Little boy, what are you doing?"

Chen Feng smiled and said, "What are you doing? Let you die!"

Chen Feng let out a violent roar, pushing to the extreme.

Even, blood oozes out of his seven orifices, and countless cracks have been opened all over his body, and blood is pouring out of it.

This means that Chen Feng is frantically urging his soul, and even makes his soul almost broken.

At the immense price of Chen Feng, the acceleration of time was pushed to the extreme!

Chi Yanhong was aging rapidly, and his life span was rapidly shrinking.

One hour, two hours... one day, two days... one month, two months...

Soon, his life span was only a dozen days left.

And he felt it clearly.

At this moment, he felt a trace of horror and let out an incredulous roar: "You bastard, you actually used this method to deal with me?"

"Impossible, how is this possible!"

Although Chen Feng was covered in blood at this time, there was a smile on his face.

This is the power of the soul man!

Chi Yanhong screamed: "Even if I die, I will kill you!"

He rushed towards Chen Feng, but he was short of lifespan at this time, and his strength was greatly reduced. At this time, he was in the Chen Feng Soul Space, and his advancing speed was extremely slow.

Finally, he moved step by step in front of Chen Feng, and he stretched out his hand to strangle Chen Feng's throat.

At this time Chen Feng, as long as he was hit by him, he would definitely die.

No matter how weak he is, he is much stronger than Chen Feng.

His hand approached forward inch by inch, and just when his hand was about to touch Chen Feng's throat, the next moment he was about to break Chen Feng's neck.

Suddenly, with a boom, he felt that the whole world seemed to be quiet.

His whole person was still, his face was pale and bloodless at this time, and his anger disappeared instantly.

It turned out that Chen Feng's time has accelerated, and his life has been completely completed, and his last second has also been passed.

His face was full of anger, unwillingness, humiliation, and resentment.

However, everything was useless, and there was a loud noise in his mouth, like sandpaper rubbing, it was hard to hear: "I am not willing!"

In the next moment, his body split into countless fragments like broken crystals, and then turned into countless powders and disappeared!

At this time, Chen Feng had already reached his limit.

He felt his head hurt to the extreme, and his soul seemed to be broken.

With a loud scream, the soul person space shattered directly.

In the next moment, Chen Feng has returned to reality.

At this time, the Chi Yanhong who was standing in front of him was stunned, and the next moment he fell heavily to the ground, bleeding from his seven orifices, and his vitality disappeared.

At this time, Chen Feng had a headache to the extreme, and his whole body was extremely uncomfortable, and only a breath was left.

But he was so happy to the extreme, he laughed loudly: "Chi Yanhong, how about you being the pinnacle of the four-star Martial Emperor? Didn't I still kill him?"

"Hahahaha..."

Uncle Dao and Que Qianqian beside them were all dumb.

After a long time, the two people exclaimed. The difference is that Uncle Dao's voice was full of joy: "Little Master, did you really kill him? That's amazing!" www.Elusb.com

Que Qianqian's voice was filled with disbelief: "Chen Feng, how is this possible? He is the pinnacle of four-star martial arts! You could kill him?"

She looked at Chen Feng with shock!

And at this moment, the old man who was fighting with the red flames suddenly felt something.

Then, there was a smile on his face immediately, the anxiety just disappeared, and he laughed: "Chen Feng, this little guy is really amazing, and he has solved the enemy."

"Hahahaha!" He laughed cheerfully: "Little boy of the Chi Yan family, I know, you have invited that old monster in your family to intercept Chen Feng."

"But, so what? It seems that the old monster in your family has suffered an accident!"

"He should be killed by Chen Feng now!"

"What? Impossible, this is absolutely impossible!" Chi Yan Lietao also felt the disappearance of Chi Yanhong's breath at this time.

But he couldn't believe it was true at all, he exclaimed: "He is the pinnacle of the four-star Martial Emperor! How could he be killed by Chen Feng? It is absolutely impossible to be true!"

He felt that his spirit was about to collapse, and he let out a chaotic howl.

At this time, the old man opposite him suddenly shouted: "I care if you are real? Anyway, I only know that the danger on Chen Feng's side has been removed, and I don't need to worry about him!"

"Now, I have to greet you well!"

It seemed that Chi Yan Fierce Tao realized the crisis he was facing at this time, and his heart was immediately flustered. He just didn't want the old man to go, but now it was the old man's turn that he didn't want him to go.

He immediately realized that he had fallen into a crisis at this time, and if he couldn't get out early, he was afraid that he would have to explain it here today.

He screamed and attacked the old man frantically.

In the end, after a hundred moves, at the cost of being cut off by the old man's left arm, he got out.

He let out a scream and screamed frantically: "Chen Feng, I won't spare you, I won't let you go!"

The three of Chen Feng fell to the ground, covered in blood, it was difficult to move, let alone leave the place.

[Chapter 2327: Elder Li, where are you going?](#)

Moreover, the strength of the three of them was greatly reduced after being severely injured, and the background of the cold air was also poor.

At this time, the extremely low temperature above the glacier made them feel extremely uncomfortable.

Soon, there was a layer of white frost on the corners of their eyes and eyebrows, and the blood on their bodies condensed into a layer of red ice.

If this continues, they will even be frozen to death here alive.

When the old man from Wudong Academy came here, he saw such a scene.

He shook his head and said, "Chen Feng, you really don't let me worry."

Although Chen Feng had never seen this old man, he could still feel the momentum by listening to the voice.

Chen Feng and Que Qianqian were immediately ecstatic and shouted: "Senior!"

"Okay, don't call me senior, I also have a name." The old man said solemnly, "You can call me Drunk Jiu Niu! You can also call me Master Zui!"

Chen Feng looked at each other. *NoVELuSb.com*

Drunk nine cows? The name of this senior is really weird.

"Yes, Master Zui." Naturally, Chen Feng and the two would not call him directly.

Drunk nine cows laughed loudly: "The old man is addicted to alcohol like his life. When he was a child, he was able to drink very well. Do you know what my name means?"

Chen Feng smiled and said, "Is that the wine you drank can make nine cows drunk?"

"Wrong!" Drunk Jiu Niu ordered Chen Feng, and laughed: "Because I drank wine as heavy as nine cows that time."

Chen Feng's few people couldn't help their tongues.

Zui Jiu Niu stepped forward, blasting three waves of strength, and poured into the three of them.

After these three forces poured in, they began to mend their bodies. After a while, several people vomited a few big mouthfuls of bruises, and their injuries were indeed much better, and they were able to stand up and walk around.

Chen Feng said, "Master Zui, I really don't know how to thank you."

"You kid, be polite, you are my hope for the future of Wudong Academy, how can I let you be broken in the hands of others?"

He laughed and said, "If you really want to thank me, then find me more good wine back."

Chen Feng smiled: "Don't worry, Master Zui, for sure."

Zui Jiu Niu looked at Chen Feng and said, "This time, I felt that you were in danger, so I rushed over, but I didn't expect to be blocked by the red flames."

"Chi Yan and the fierce waves are responsible for stopping you, while Chi Yanhong is responsible for killing me." Chen Feng smiled coldly: "The two four-star martial emperor level and above masters were dispatched to kill me. The Homura family really deserves me!"

"Furthermore, there is also an insider, otherwise he would not be able to successfully send the letter to my hand!"

Chen Feng gritted his teeth and said coldly: "How can I not let him pay the price if I dare to calculate me?"

Zui Jiu Niu asked, "Do you know who it is?"

Chen Feng smiled slightly: "This kind of thing can be guessed by a guess. I already know who it is now!"

Chen Feng said coldly: "I will kill him now!"

Outer courtyard of Wudong Academy.

Here, there is a large stretch of mansions, each mansion is quite spacious and grand, where the elders of Wudong Academy live.

Naturally, it is not the elders of the sky, all the elders of the sky have their own floating mountains.

This is the residence of Elder Shaking!

At this moment, Li Yangxia was walking around anxiously in a residence, his face was full of anxiety, and there was a trace of unbearable fear.

As he walked, he whispered: "Two hours have passed. With Chi Yanhong's strength, Chen Feng should have been killed long ago and the news should be sent back!"

His heart trembled, and a voice echoed in his heart: "It won't fail, will it? It won't fail, will it?"

Thinking of this possibility, he trembled with fear.

He then said to himself, comforting himself: "How is it possible, Chi Yanhong's strength is so strong, wouldn't it be easy to kill a Chen Feng?"

"Chen Feng can't even beat the red flames, let alone deal with Chi Yanhong, it must be fine, it must be fine."

He was constantly comforting himself, but it was useless.

His heart was still trembling, and his heart was extremely frightened.

Finally, he gritted his teeth and made a decision in his heart: "No, I can't stay here anymore. I'll find an excuse to leave for a while and come back when things settle down!"

"That little boy Chen Feng always has all sorts of magic, I can't take risks!"

He turned around and glanced at the hall, and whispered in his heart: "Should I take that little **** away?"

Then, he snorted coldly: "Take a fart? This little **** can only be a cumbersome to carry with him. Anyway, my purpose of robbing her has been achieved, and Chen Feng has already left Sky Splitting Island. What do you want her to do?"

Thinking of this, he didn't stop, and immediately walked out quickly.

And just as he opened the gate of the courtyard and was about to go out, the opposite suddenly thought of a cold voice: "Oh, Elder Li, where are you going?"

After hearing this voice, Li Yangxia was instantly cold, from the sole of her feet to the sky of the sky, she trembled, and her fear was extreme!

Then, he saw a man standing opposite, tall and handsome, who is not Chen Feng?

He let out an unbelievable exclamation and stammered: "Chen Feng, you, you didn't die? How could you be?"

Chen Feng smiled and said: "I know, I'm not dead, let you down."

"But I'm sorry, I just survived, and I'm still alive, but the person who wanted to kill me is now dead!"

"Impossible, this is impossible!" Li Yangxia murmured: "You can't be Chi Yanhong's opponent, he is a four-star Wuhuang peak master."

Chen Feng smiled and said, "You don't need to worry about these things. Now it is not me who is worried, but you!"

As he said, Chen Feng shouted sharply, and the volume suddenly increased: "Li Yangxia, first your nephew will count on me, I will kill him, and then I didn't anger you."

"After that, it was your father who conspired against me again. After I killed him, I didn't anger you!"

"And you, even if you still don't know how to repent, you still want to attack me? How can I spare you!"

"Now, you die for me!"

Chen Feng shot out with a palm.

At this time, behind Chen Feng, many disciples and elders from Wudong Academy had gathered.

[Chapter 2328: Four elixirs](#)

When they saw this scene, they all exclaimed. Some people looked upset and said: "Even if Li Yangxia is Li Binbai's son, Li Binbai offends Chen Feng, Chen Feng can't be angry with him! "

"Chen Feng's doing this is too much. Who wants to kill whom? Wouldn't the people at the Wudong Academy let him kill him?"

But some people said: "I believe Chen Feng's character, Chen Feng will never do this for no reason."

Chen Feng snapped it with a palm, and an extremely powerful force surged out. In an instant, Li Yangxia felt that her heart was filled with despair.

Because he knew very well that he couldn't resist this move, he let out a scream, but the next moment, the scream stopped abruptly.

Li Yangxia was directly killed by Chen Feng, and Chen Feng strode into the pavilion without even looking at his body.

Sure enough, he found Chen Ziyuan who was sleeping in this building.

Chen Feng's heart suddenly stunned, and he hurried forward to check it carefully. After a while, his expression relaxed.

Chen Ziyuan was just in a coma, her complexion was ruddy, her body was normal, and there was no serious problem.

Chen Feng quickly rescued him. Chen Ziyuan woke up and looked at Chen Feng for a moment. Then there was a touch of sadness on her face, and she whispered:

"I'm sorry, Brother Chen, I have caused you trouble again, this time someone must have arrested me and want to threaten you, right?"

Chen Feng smiled and said, "Silly girl, what are you talking about?"

"It's not that you are sorry for me, but I am implicated in you!"

As Chen Feng said, there was already a decision in his heart: "I must find a better master for Chen Ziyuan, and I must let Chen Ziyuan improve her strength."

Chen Feng was not afraid that she would drag him down, Chen Feng just didn't want him to be hurt.

When Chen Feng brought Chen Ziyuan out of the pavilion, everyone suddenly realized that they all said: "This Li Yangxia, it's really **** it!"

"Yes, looking at him like this, Chen Ziyuan should be used to threaten Chen Feng to do something for him."

Someone ashamed said: "We wronged Chen Feng just now!"

Seeing Li Yangxia's corpse on the ground, Chen Ziyuan showed a look of hatred on her face, and then suddenly walked to the corpse and kicked both feet severely.

Chen Feng laughed a little, watching from the side.

After kicking it a few times, Chen Ziyuan smiled and said, "Brother Chen, let's go."

After that, the two left.*novelUSB.com*

Chen Feng was very sure about one thing, as long as he was immortal, at least no one in this Wudong Academy would dare to touch Chen Ziyuan.

Sending Chen Ziyuan back to the small courtyard where she lived, Chen Feng was about to say goodbye. Chen Ziyuan suddenly smiled thieflly, turned her hand, and a jade box appeared in her hand.

She didn't speak, she looked at Chen Feng with a smile, stretched her hand forward, her face showing.

"What is this?" Chen Feng took it in surprise, opened the box, and was shocked.

Inside the box, a strong fragrance rushed out, rich and fragrant, extremely clear.

Then Chen Feng saw that there were four pills in the box, neatly placed, exuding a huge aura.

Chen Feng was shocked at once: "None of these four pills are extremely extraordinary. With my strength, I can feel shocked."

He said in a deep voice, "I feel that if I take these four pills now, I can directly increase it to a big level!"

This pill is extremely high-level and extremely effective.

Chen Ziyuan looked at Chen Feng with a smile, with an expression like you quickly praise me, you quickly praise me.

Chen Feng rubbed her head and said with a smile: "Ziyuan is really amazing, how did you get it?"

After receiving Chen Feng's compliment, Chen Ziyuan immediately happily followed something, and quickly showed her merit: "Haha, I have four pills. After I was obtained by Li Yangxia, I saw him take it out more than once."

"He is like that, he is very cherished, and he is not willing to touch it. I know that this pill must be extraordinary. So I just saw his body and thought, this pill must be on him."

Chen Feng suddenly said, "It turns out that you were not venting your anger just now, but searching for pills."

Chen Ziyuan said triumphantly: "That is!"

She said: "Brother Chen, take this pill, I don't have much use, my level is too low to take it."

Chen Feng nodded and did not decline.

Anyway, he would never let Chen Ziyuan suffer, and he would definitely compensate her.

"Okay, that's it."

Chen Feng took two steps backwards, looking at the soul space in front of him, a smile appeared on the corner of his mouth, quite a sense of accomplishment.

At this moment, in front of Chen Feng, there was a huge space with a length of twenty miles each, and a height of one thousand meters. It was exactly the space of the soul.

However, at this time, Chen Feng's soul-man space was completely different from the past.

The wasteland of the past has disappeared, replaced by a rather complicated terrain.

In the center of this space, a mountain rises. Although it is no more than a hundred meters high, it also stands majestically. There are cliffs and slopes, all together.

Around it, there is a small hill.

There are dozens of huge rocks scattered on the edge of the hills, scattered scattered, and then down is a gentle slope, spreading to the end of the soul-man space, in the mist.

Chen Feng said to himself: "Now, I have been promoted to the second-rank soul sect, and the other second-rank soul sects can only increase the completion of the soul person space to one percent."

"And I, now I can already increase it to one tenth. I have completely transformed the terrain and this piece of soil attribute! The one-tenth degree of completion has been reached!"

"Moreover, this time I deliberately controlled one element in order to pursue the effect, and that is soil."

"Among the five elements of gold, wood, water, fire, and earth, I haven't touched on the other four elements yet. After I have been promoted to the third-rank soul sect, I can increase the completion of the soul person space to 100%."

Chen Feng was full of longing: "When I get promoted again, it can be used to expand the area of the soul-man space. At that time, I must create a magnificent and powerful soul-man space!"

Next to him, he smiled and said, "Don't forget, when you step into the Fourth Stage Soul Sect, you can build a tower of soul-calling and summon soul servants."

Chen Feng nodded solemnly.

After turning around his soul-man space for a few more times, he nodded in satisfaction before Chen Feng left.

Now, a full month has passed since Chen Feng killed Chi Yanhong.

In this month, the Chi Yan family did not move any more, they seemed to have endured this breath.

Even the news of Chi Yanhong's death did not have a boat to go out.

Now everyone does not know that Chen Feng killed a magnificent four-star Wuhuang peak powerhouse!

[Chapter 2329: Invitation from the princess](#)

But Chen Feng knew that they would never be reconciled and would never give up, they were just waiting for an opportunity!

Chen Feng had just left the space of the soul, and suddenly, a screaming sound came from the sky in the distance.

Then, Chen Feng saw a giant sword coming through the air, and this giant sword made him feel familiar.

Chen Feng raised his eyebrows: "Is this another strong man came to visit the inner courtyard?"

But what surprised him was that the giant sword didn't go in the direction of the Shishu Divine Sword Fort at all, but instead came directly toward him.

Chen Feng stood up, his face solemn, but he was not too nervous.

Because he could see that the man didn't seem to be malicious.

The giant sword came to the sky above Zuwang Cliff, and then slowly fell, and an old man walked over. Chen Feng really knew this old man, who turned out to be Yan Chengwen.

The match between Chen Feng and Lieyang was hosted by him, and Chen Feng also had a very good impression of him.

This person is impartial and fair!

Yan Chengwen smiled and said, "Master Chen, long time no see."

"Yeah, long time no see."

Chen Feng asked in surprise, "I don't know if you are here this time?"

Yan Chengwen said: "I am ordered by the princess, please go to the palace."

"What? Let me go to the palace?" Chen Feng showed a look of surprise on his face.

The princess, he knew who it was, but the princess of Quyang, who was in charge of state affairs and had extremely high prestige.

But he had never seen Princess Quyang before, let alone why the other party invited him.

Yan Chengwen smiled and said: "The princess knows that you have doubts, and I am not afraid to tell you. The princess admires your poems very much. When she was in Hongxiulou, she was actually there, but everyone had never seen it. That's it."

"So, you understand."

Chen Feng nodded slowly, he still had some doubts in his heart, but he knew that this could not be a conspiracy to harm him.

With the power and strength of Princess Quyang, she wanted to kill herself in one sentence.

For example, now this Yan Chengwen, he wants to deal with himself easily!

Chen Feng followed Yan Chengwen up to the big sword and took off directly with one stroke of the big sword, passing by the Tongtian River and heading towards the palace. In a blink of an eye, he came to the palace.

This imperial palace is like a fairy house, and the palace is extremely magnificent.

Bypassing the magnificent Grand Palace, in a partial hall behind, Chen Feng saw Princess Quyang.

He was suddenly surprised. He didn't expect Princess Quyang to be so young, she looked a few years older than herself, and she was still so beautiful.

Princess Quyang smiled and said, "Chen Feng, I've heard of the name for a long time, and I will see it today."

Chen Feng smiled and bowed his hands in salute, his expression was neither humble nor overbearing: "The princess is so ridiculous, Chen Feng is not ashamed of it."

The two spoke a few words, Chen Feng was even more surprised, wondering why she called herself here.

Grand Princess Quyang said straightforwardly: "I am a straight person, so I won't go around with you. This time I called you over, in fact, for my little niece: Princess Shuming." *novelUS3.com*

"Princess Shuming?" Chen Feng raised his brows.

He has also heard the name of this princess. It is said that it is the most beautiful princess in the royal family for thousands of years. It is so beautiful that it is a disaster to the country and the people.

For this rumor, Chen Feng is noncommittal.

Princess Quyang sighed and said, "Yes, it's for her."

"She is weak when she is small, and she doesn't like martial arts, but she likes poetry very much. As soon as your three poems came out, they spread throughout the Tianyuan Dynasty. My little niece was shocked when she heard it."

"She thinks about it day and night, just want to meet, of course my aunt has to share her worries."

She looked at Chen Feng expectantly and said, "Chen Feng, can you meet her and chat with her?"

Chen Feng couldn't help but couldn't help laughing or crying, but she didn't expect her to have such a purpose.

Chen Feng intentionally refused, but after hesitating for a moment, he finally nodded and agreed.

The purpose of his promise was not to curry favor with the royal family. With his talent and cultivation level, there is no need to curry favor with anyone. Chen Feng was just curious about the little girl.

Seeing Chen Feng nodding, Princess Quyang was very pleased. She called an **** and ordered a few words.

The **** nodded respectfully, smiled at Chen Feng and said, "Master Chen, please come with me!"

Chen Feng nodded, followed him through thousands of houses and walked hundreds of miles before finally arriving in a garden.

The garden is extremely beautiful. At this time, it is covered with a peculiar flower tree. Chen Feng has never seen this flower tree. The trunk is extremely low, only about two meters. The appearance of the trunk is extremely strong and ancient.

It seems that there is a trace of desolation on the face, and at the end of those branches, there are small flower bones.

At this time, the flower hadn't bloomed yet, but there was an indescribable smell inside.

Just under the tree, a little girl stood quietly, and beside her was a middle-aged mother.

After seeing Chen Feng coming, the mother whispered a few words to the little girl.

The little girl turned around and took a look at Chen Feng. After seeing her face, Chen Feng couldn't help but sigh. As expected, the country was beautiful and beautiful.

This little girl looks so beautiful!

The little girl was obviously very shy. After seeing Chen Feng, her face suddenly showed a shy expression, and she wanted to leave as soon as she turned her head.

This mother whispered a few words in her ear again, and then she stopped, lowered her head and played with her clothes, but she didn't dare to look at Chen Feng.

Chen Feng smiled slightly and said in his heart: "Can't deal with your little girl movie?"

She came up and looked at Princess Shuming, and suddenly said softly: "Your Royal Highness, I don't know what your wish is?"

"Ah? My wish?" Princess Shuming asked such a question without expecting Chen Feng to come up, and she was a little stunned.

Chen Feng smiled and said: "Yes, it is your wish, what do you want to know, what you want, but what you can't do now?"

Princess Shuming's eyebrows were twisted beautifully, with a thoughtful expression on her face. Chen Feng changed the subject and she forgot to be shy.

After a while, she suddenly pointed to the flower bones in front of her, and said softly: "These flowers and trees were planted from the northern wasteland nine months ago by the father's order."

"It is said that this flower is indescribably beautiful."

"However, it takes a whole year for them to bloom. I especially like the fragrance of this flower, so I have come here every day for the past few months."

"What I particularly look forward to now is to see them bloom! I really want to see how they bloom!"

[Chapter 2330: I will bloom this flower for you](#)

Chen Feng smiled and said, "Do you really want to know what this flower looks like in full bloom?"

Princess Shuming nodded heavily, looking at Chen Feng expectantly. [novelusb.com](#)

She knows Chen Feng's fame. In her heart, Chen Feng is a very capable person. If others can't do it, will he be able to do it?

And then, she felt that she was too unreserved and impolite to do so.

A sense of shyness surged in my heart, his face flushed suddenly, and he lowered his head again.

Chen Feng sighed softly. This princess Shuming is like a frightened deer. It really hurts!

"Well, I will bloom this flower for you!"

Chen Feng smiled slightly, looked at her, and said word by word: "Princess, do you believe me?"

Princess Shuming was taken aback for a moment, and then she came into contact with Chen Feng's sincere and expectant gaze. She immediately trembled in her heart. Instinctively, she nodded and said, "I believe you."

Chen Feng smiled and said: "That's easy, princess, hold your breath and give up all distracting thoughts!"

"Then let go of your heart to me and follow my feelings."

If someone else said that, Princess Shuming would never listen.

She grew up in the royal family, and knew from a young age how dirty the royal family was and how many killings.

Although she is innocent and cute, although timid and timid, she is definitely not stupid, and it is absolutely impossible to let go of herself like this.

But I don't know why, Chen Feng said so, she did so, and she followed Chen Feng's instructions one to five to ten.

And the next moment, she suddenly felt a whirl of heaven and earth, as if she had jumped into the boundless void, falling continuously, and she felt as if she was going to die next moment.

She couldn't help but let out an exclamation.

And at this moment, she felt a warm, powerful and slender big hand grabbing her small hand, the heat came, and immediately, the panic in her heart disappeared.

And when she woke up again, she found that she was in a completely strange space at this time.

Above the ground, there are mountains, boulders, and wasteland, and at the end is a fog.

She is a very smart person, born in the royal family, very knowledgeable, and immediately asked Chen Feng: "Is it a Soul-seeker space here? You are still a Soul-seeker?"

Chen Feng smiled slightly: "You guessed it right."

He shook his hand, and a flower branch appeared in his hand.

It is about two feet long and has seven or eight flower bones on it.

Chen Feng smiled and said, "Don't think about those things anymore. Now what you want to care about, isn't it this?"

He said, shook the flower branch in his hand.

"Yeah." Princess Shuming nodded her head twice, she was looking forward to it.

Chen Feng took a deep breath and said, "I'm optimistic!"

The next moment, he whispered in his heart: "Time accelerates!"

Time accelerates, suddenly launch!

Then, I saw that on the branch in Chen Feng's hand, the seven or eight flower bones suddenly began to grow up, becoming two or three times the original size.

Then, the surface trembled slightly, and the next moment, the flower bone blossomed, and a small touch of tender yellow bloomed quietly from inside.

The next moment, the petals grew out of layers, and then spread out again, layer after layer of beauty to the extreme, magnificent to the extreme.

Chen Feng couldn't help holding his breath when he saw it, "This kind of flower is really beautiful!"

What's even more amazing is that the colors of several flower bones on this flower are different.

There is goose yellow, there is tender green, there is verdant, and there are colorful red, it is really beautiful to the extreme.

This flower is extremely complex and beautiful, and the moment the flower blooms, the fragrance is also extremely strong, and people can't help but feel fascinated by the smell.

The princess Shuming who was on the opposite side was even more delighted and obsessed.

After a while, she looked at Chen Feng and said softly, "This, is this true?"

Chen Feng smiled slightly: "Of course it is true, what you see, princess, is true!"

Princess Shuming was even a little stunned, and this scene told her that this was definitely not Chen Feng's use of means to give birth to it and let it grow out crudely, but Chen Feng made time faster!

It takes a short time from the flower bone to bloom.

However, every step is extremely clear.

After a long time, she suddenly thought in her heart: "What do I want to do? I want to see it bloom, it blooms, isn't this enough?"

He suddenly looked at Chen Feng and smiled sweetly: "Master Chen Feng, thank you very much."

Chen Feng smiled and nodded, waving his hands.

The next moment, he and Princess Shuming reappeared under the flower tree.

Princess Shuming looked around in amazement, and when she found that she had left there, she couldn't help feeling a little lost in her heart.

After taking a deep breath, Chen Feng suddenly wanted to laugh, a little bit ridiculous.

Unexpectedly, the second thing he did when he stepped into the Second-Rank Soul Sect Soul Master, the powerful ability he acquired after the space evolution was to ask a little girl to seek his dream.

Not fighting, not defeating the enemy, but realizing dreams.

But, Chen Feng looked at Princess Shuming with a hint of softness in his eyes. He was happy to do so!

After this incident, Princess Shuming's intimacy with Chen Feng instantly increased by several times. She seemed to rely more on Chen Feng, as well as indescribably close.

Then, Chen Feng chatted with her for a long time.

Chen Feng has been so knowledgeable and knowledgeable all the way. Princess Shuming has never heard of many things, let alone seen.

She was amused by Chen Feng from time to time and laughed, her eyes widened from time to time, her face was full of disbelief.

But Chen Feng picked up a few things he knew from Nanhuang and told her, they could shock her to cover her mouth.

Not far away, behind a corner of a palace, Grand Princess Quyang stood there, looking at the princess Shuming who sometimes laughed, sometimes surprised, with a chuckle at the corner of her mouth.

She whispered to herself: "It looks like it's really a good idea to get Chen Feng over!"

Finally, in the evening, Chen Feng should also leave.

He smiled and said: "His Royal Highness, I will leave first and see you again in the future."

Princess Shuming looked at Chen Feng with a reluctant face, but she was too shy and opened her mouth, but she didn't say anything.

Chen Feng waved to her, turned and left.

After a while, Princess Quyang came over and smiled and said, "How about it, are you still happy today?"

Shu Ming lowered his head, smiled secretly, but said nothing.

Princess Quyang urged narrowly and said: "Oh? Don't speak? That seems to be unhappy!"

"Well then, I will never let Chen Feng enter the palace again."
