

## Peerless 2341

### [Chapter 2341: It's time to end!](#)

Grand Princess Quyang slowly nodded and said: "Yan Chengwen, you lead the ten strongest Yutan Zijin, and follow Chen Feng to the Southern Wilderness."

"Your duty is very simple. It is to protect Chen Feng's safety. Follow Chen Feng's orders. His orders are just like those of my Majesty and the Emperor. Do you understand?"

A look of surprise flashed in Yan Chengwen's eyes. He knew that Princess Quyang valued Chen Feng very much, but he didn't expect to value it so much that even Yutan Zijinwei, the royal guard, was willing to give it to Chen Feng.

And it is a full ten.

You know, the Yutan Zijin Guards of the entire Tianyuan Dynasty are just a hundred people!

But he nodded and said, "The minister obeyed!"

After a few more words, Chen Feng said goodbye and left.

After Chen Feng left, the smile on Princess Quyang's face disappeared, suddenly showing a touch of annoyance.

She tugged her hair vigorously, feeling as if she was awkward and uncomfortable all over, and she was uncomfortable in her heart.

Suddenly he patted his head fiercely, and cursed himself in a low voice: "Qu Yang, Qu Yang, why are you so speechless?"

"What you just said to Chen Feng, what is the difference between treating him and other subordinates?"

"In this case, how can you give birth to the meaning of being close?"

Princess Quyang had a dream of Chen Feng in her heart, and had always wanted to show some closeness to Chen Feng, but she seemed to be in the habit of seizing power, so even though she wanted to express, she couldn't do it at all.

This made her feel more and more alienated from Chen Feng.

The more she thought about it, the more angry she got, but she couldn't help it.

This kind of thing cannot be solved by a high cultivation base and a high status.

After returning to the camp, Chen Feng found that Uncle Dao was already waiting there.

He raised his brow and asked, "Uncle Dao, why are you here?"

Uncle Dao has been sitting on Wangya recently, if there is nothing important, he will not come.

Uncle Dao said: "Little Master, I have something to tell you."

Chen Feng smiled and said, "Uncle Dao, please tell me."

Uncle Dao suddenly looked at Chen Feng and said, "Little Master, we are going to expedition tomorrow. We are going to the Southern Wilderness, and it is not fortunate. Wild Hundreds."

Chen Feng nodded and said, "Yes!"

Uncle Dao continued: "Hundreds of the Southern Wilderness, the strong do not know where they are, and their military strength is hundreds of millions, hundreds of times that of ours. Even if our soldiers' individual combat capabilities are stronger than them, they can't stand the number of opponents too much."

Chen Feng nodded again: "Yes. So, all we can rely on is our speed. We don't fight them head-on, but constantly intersperse and harass, just like a leopard biting an elephant. ."

"Even if the elephant is many times larger than it, in the end, he caused countless wounds on the elephant's body, and the elephant will die because of excessive blood loss."

Uncle Dao said: "It is, but on the battlefield, no one can predict what happens on the battlefield. I said something awkward, old slave. It is possible that I will never come back this time."

Chen Feng took a deep breath: "Yes, I understand."

He looked at Uncle Dao: "Uncle Dao, what do you want to say?"

Uncle Dao didn't mean anything anymore. He looked at Chen Feng and said word by word: "Young Master, do you still have a grievance that hasn't ended?"

"Before this expedition, do you want to end it?"

Chen Feng was shocked all over, and he immediately understood what Uncle Dao was talking about.

It was the grudge between him and Yun Potian!

That can't be said to be grievances, it should be called hatred, too thick to dissolve, there must be someone's blood to wash away, and it can be removed, deep hatred!

Chen Feng gritted his teeth and said with a sneer at the corner of his mouth: "Yes, he owes me too much blood debt, now it is time to pay back a little!"

Among the countless blood on Yun Potian's hands, many belonged to people close to Chen Feng, not to mention the torture he had to his mother.

Chen Feng will never spare him!

Chen Feng stood up suddenly and said to Uncle Dao: "Go, let's go to the General's Mansion now!"

The General's Mansion, at this time is already a bleak cloud.

In the past, on the square below the General's Mansion, there were countless merchants from all walks of life waiting to visit General Yun.

Even if you can line up a long line below, even if you wait for ten and a half days, you may not be able to see the general.

But they were willing to do so, because General Yun was so powerful.

General Yun Da was one of the people who stood at the peak of the power of the Tianyuan Dynasty, so the gate was extremely lively, but when the news came that Chen Feng killed the three-star Wuhuang peak powerhouse of the Chiyan family, the people under the general's mansion The people who visited were 80% less.

When the Grand Princess Quyang appointed Chen Feng as the general of the Tianwu Army and led the army to the Southern Wilderness, the remaining 20% went clean.

Now, over the entire square, there is no one waiting to be met.

Even the handymen on the square were all stubborn and listless.

By the side of the square, a few pedestrians passed by. Seeing this scene, all their faces were gloating.

One of them said: "Compared with before, the General Mansion is really a world of difference!"

"Originally, there were a large crowd of people in this square, but now they are all invisible."

"Who said no?" The man next to him also smiled: "By the way, I still remember that when we passed by here two months ago, there were so many people that we couldn't stand on the square, so we had to stand on the street. ."

The person next to him sighed, "I really saw him rising from a tall building, and seeing him collapsed."

"Deserve it!" his companion said disdainfully: "It's not to blame himself for being reduced to the present level!"

"Thinking that Chen Feng is so talented, he was forced out of the family by him. If he treats Chen Feng better, why is he so?"

"Now, be stupid. Chen Feng can kill even the peak of the three-star martial emperor. Even Yun Potian is not his opponent, and he is extremely powerful. He has directly become a general of the Tianwu Army. Among the younger generations A few are comparable!"

The person next to him sighed and said, "Yes, Chen Feng really rises like a meteor. It's too fast, too strong!"

"Now he doesn't have to operate anymore, and he doesn't have to wait anymore. His strength and power alone are enough to overwhelm Yun Potian's accumulation over the years! Yun Potian is no longer comparable to Chen Feng! "

[Chapter 2342: Yun Potian, get out of me!](#)

An old man next to him listened and sneered: "Isn't that the truth? So, who dares to visit Yun Potian now?"

"Dare to visit Yun Potian, but I offend Chen Feng, and the consequences are disastrous!"

When they spoke, their voices were loud, and they did not shy away from the Yun family members on the square.

And after those members of the Yun family listened, if they passed, they would be extremely angry and would directly give them a few lessons.

But now, they dare not say a word lingering.

After listening to this, seven or eight handymen on the square looked at each other, and there was a strange light flashing in their eyes.

At night, it's the shift shift. They don't have to stay here anymore. They can choose to stay in the house or go outside to have fun.

One of the leaders said to Guanshi: "Master Guan, the few of us are really upset these days and want to go out for amusement."

The steward waved his hand indifferently and said, "Okay, go!"

A few of them left immediately.

But this time, he did not come back.

When it's time for them to take turns the next day, the steward waits and waits for no one. Then he jumped and cursed: "Boys, you are really nothing!"

"The Yun family treats you so generously, so you still want to run? It's your mother!"

He jumped and cursed for a while, then turned around and went up to the floating mountain, ready to file a complaint.

As soon as I arrived at the gate of the mansion, I saw three or four stewards who were in charge of different errands coming over. Everyone happened to bump into each other, and they all smiled bitterly when they looked at each other.

They all know what the other person is doing here.

Obviously, the people under the other party also ran away a lot.

An old man smiled bitterly: "How come you are familiar? I remember two days ago, we seemed to be going to file a complaint with the chief steward."

"Yes." There was a bitter meaning on the other person's face: "I have run seven of them, how about you?"

"In two days, eighteen of my men ran."

"I was the worst. I ran for more than 30 years, and now there is no one under my hand! How can I be a head in such a day?"

"No head!"

Some people were full of depression and said decadently: "Then Chen Feng's strength will only get stronger and stronger, and our power will only grow stronger. I am afraid that our hard days are still to come!"

The more they talked, the more desperate they became, and suddenly they stopped, and then looked at each other, no one said a word.

Suddenly, they all left quickly.

After a while, the four people packed up and left the general's mansion.

"All gone? All gone! Get out! Don't let Lao Tzu catch you, or Lao Tzu will smash you all into pieces!"

In the central hall of the General's Mansion, a roar of anger continued to sound, and the entire hall seemed to be trembling!

At this moment, in the hall, Yun Potian was smashing something frantically, his fist slammed on the golden tiger chair, smashing the chair to pieces.

It smashed on the pillar again, and broke the pillar, and the whole hall was about to collapse.

He was like a tiger trapped in a cage, crazy and violent, his eyes were red, but he was helpless.

He walked around, extremely irritable.

At the corner of the wall, a middle-aged man was kneeling there, shivering, afraid to lift his head.

He is a newly promoted chief manager in the mansion, and the original chief manager has been slaughtered by Chen Feng!

At this time, he was full of regrets, that is, regrets why he had come in to report the situation of the escape from the mansion.

Seeing what it looks like now, if you are not careful, you will get yourself in too!

He secretly made a decision in his heart: "If you don't die this time, you must escape from this mansion after you leave.

It was horrible to stay beside Yun Potian.

Yun Potian uttered cruelly for a while, then suddenly sat down on the ground with his \*\*\*\* heavily, his face full of depression.

Slowly, this slumping color turned into a bitter bitterness. He roared coldly: "Little bastard, I won't let you go, you little bastard, I will definitely kill you! You must die!"

The big steward curled his lips in disdain, and said in his heart: "It's been a while, and it's still cruel, Chen Feng is enough to give you a face without your life."

At this moment, suddenly, he heard a loud and majestic voice coming from outside the mansion.

The voice was clear and agitated: "Yun Potian, get out of me!"

"Who? Who is it? Who would dare to call my name so directly? Who would dare to be so rude? You can't die?" Yun Potian was like being kicked in the ass, and he jumped in pain. stand up.

He swiftly rushed outwards, and shouted loudly: "Anyone dare to bully me, right? I killed you! I must kill you!"

His figure swept away quickly, and soon came outside the mansion.

Then the next moment, his pupils suddenly contracted.

Because he saw that not far in front of him, a young man was standing proudly.

The young man was tall and handsome, and he was even more familiar with his face. It was not Chen Feng or who it was!

At this time, under the Floating Mountain, countless people had gathered. They all raised their heads to look at Chen Feng and Yun Potian above the sky, each with a good-looking expression on their faces.

"Haha, this is really interesting!"

"Yeah, Chen Feng actually came to the door!"

"It deserves it, who told Yun Potian to suppress Chen Feng that way, now he is to blame for being killed!"

Chen Feng suddenly came outside the general's mansion today, and immediately caused an uproar in the entire Tianyuan Imperial City.

Everyone came to watch in shock, not knowing what Chen Feng wanted to do.

"Is it you? Is it you, a little bitch?" Yun Potian's voice was extremely cold.

Chen Feng smiled and said, "Yes, it's me, Yun Potian, long time no see!"

"You little bastard, do you still have the face to come back? Hurry up and kneel down for me!" Yun Potian snapped.

Until now, he was still screaming at Chen Feng, arguing.

"Let me kneel?" Chen Feng's eyes were extremely cold: "Yun Potian, what are you? You want me to kneel?"

Yun Potian screamed: "I am your father!"

"Are you my father?" Chen Feng's voice was even more icy: "Have you ever fulfilled your obligation to be a father? Have you ever considered me your son?"

"After I came to the mansion, you suppressed and humiliated me in every possible way, and even instigated other people to humiliate me. During the period, there were two serious injuries and dying of me!"

"If it weren't for my fate, I would no longer know where to bury the bones!"

[Chapter 2343: You ungrateful animal!](#)

Chen Feng gritted his teeth and said, "Just like you are a dog, you still have the face to make me kneel down? Why are you? How do you deserve it?"

Chen Feng pointed at him word by word and yelled sharply.

Everyone was silent, watching the scene blankly.

Chen Feng's resentment rushed straight into the sky, making them feel the same!

Yun Potian was speechless by Chen Feng, opened his mouth, unable to say a word.

After a long time, he sneered and said, "Little beast, since you don't recognize me, then you should get out of here!"

As he said, he waved his hand impatiently, as if to catch a fly.

He didn't think Chen Feng would do anything to him until now, this person is really arrogant to the extreme.

"You said let me get out of here?" Chen Feng sneered: "Yun Potian, I am not here today to see you, nor to listen to these gossips!"

Chen Feng stared at Yun Potian with an extremely cold voice, "I am here to collect debts today!"

"Debt collection?" Yun Potian's eyes suddenly narrowed: "What debt collection? You are so bold! You little beast!"

Chen Feng suddenly smiled at this moment.

But his smile was extremely cold: "Yun Potian, didn't you just want me to kneel? Okay, I now have one thing I ask you to do!"

An ominous premonition suddenly surged in Yun Potian's heart: "What is it?"

Chen Feng sneered and said: "You are sorry for my mother, my mother's life is so boring, life is better than death, it is all caused by you!"

"You are also sorry for me, a person like you is more than guilty!"

"But, I won't let you die today, I just let you..."

The anger on his face suddenly disappeared without a trace. He smiled very gently, but everyone felt a chill in their hearts.

Chen Feng paused, then smiled and said, "Knocking his head, knocking his head in front of his mother's cloak!"

"What? You made me kowtow?" Yun Potian was furious in an instant, and shouted sharply, "What are you?"

"And your mother, that bitch, why is she worthy to make me kowtow in front of her?"

Chen Feng screamed: "You shut up! You dog thief!"

Yun Potian roared: "You are looking for death!"

As he said, a punch was blasted, and the momentum was extremely strong.

If this punch was in the eyes of Chen Feng before, it would be irresistible, only waiting to die.

But for Chen Feng now, this punch does not pose any threat.

Chen Feng smiled coldly, and suddenly stretched out his hand, directly holding his fist in his hand.

No matter how Yun Potian urged his energy, Chen Feng remained motionless, his face flushed.

Chen Feng smiled and said, "Do you still want to do it with me? Do you still want to do it with me?"

When speaking of the second sentence, the volume suddenly rose: "Then I will fulfill you!"

As he said, Chen Feng blasted out a fist and hit him \*\*\*\* the chest.

With a wow, Yun Potian sprayed out a big mouthful of blood, and because Chen Feng grabbed his hand, he couldn't fly out at all.

Peng Peng Peng, Chen Feng made three punches in succession, all of which banged his body.

Yun Potian was not without resistance, but he was a waste in front of Chen Feng. He was also very strong, but he was incomparable with Chen Feng.

Chen Feng smashed his offensive, blasted through his defenses, and hit his body, squirting the blood that beat Yun Potian, with countless wounds on his body, and blood gurgled out.

Then, Chen Feng shook his hand and slapped him directly to the ground.

Looking at Yun Potian like a dead dog, Chen Feng laughed loudly and was extremely happy!

Chen Feng came to Yun Potian, looked down at him, and suddenly stretched out his hand, patted his face lightly, smiled and said, "Shame on your face, right?"

"I said I would like to ask you to do it. Do you think you really asked you? Today, you have to kneel if you want to kneel, and you have to kneel if you don't want to kneel!"

Yun Potian shuddered all over his body, and there was a hint of fear in his eyes that was hard to hide.

He didn't realize until then that Chen Feng really dared to kill himself, and he would never show any mercy.

The arrogance and disdain in his heart just now, those arrogance, all disappeared without a trace, in an instant, his heart was extremely cold, and some were just fear!

He suddenly saw that there was a familiar person next to Chen Feng, it was Yan Chengwen.

In addition to Yan Chengwen, there are ten Yutan Purple Guards beside him.

"Yan Chengwen, you, as the leader of Yutan Zijinwei, see this scene and see him bullying your royal courtiers, don't you care?"

Hearing this sentence, Chen Feng was stunned for a moment, and then laughed: "Yun Potian, do you have this time too?"

"You also know that you are being bullied? You also know that you are being humiliated? You also know to ask for help?"

"Hahahaha, where did your madness go? Why are you not mad now? Why are you not as arrogant as you used to be? Why are you not so unscrupulous now? Are you asking others now?"

Chen Feng looked at Yun Potian with contempt and contempt.

"I can see you clearly, what General Yun, what is incomparably cruel, what is cruel, you are a dog who is bullying and afraid of hardship!"

"You are an out-and-out rubbish. When I am strong, you will be weak and ask for help! When I am weak, you will bully me to death!"

Chen Feng sneered, "Yun Potian, am I right?"

Chen Feng's remarks can be described as murder and condemnation, clearly analyzing everything about Yun Potian.

Yun Potian was taken aback for a moment, then furious, and then instantly felt panic and fear, and the next moment he felt extremely humiliated.

His face was red and blue, and his face was extremely ugly, and his whole body was trembling. A deep sense of humiliation surrounded her. Yun Potian felt like he was stripped of his clothes, stripped of skin, and everything. All of his thoughts, everything, are all exposed to the sun!

Chen Feng smiled and looked at him: "Yun Potian, you don't want to kneel, then I will give you two choices."

"One, kneel! The other one is dead!"

Chen Feng's voice blew like a bone-piercing cold wind, making everyone below feel cold, and it made Yun Potian feel that the ice had reached his bones.

"If you don't kneel, then I will kill you, you can choose one yourself!"

Yun Potian trembled, his fear was extreme.

He bowed his head and remained silent for a long time.

Finally, he slowly raised his head and said grimly: "I, I kneel."

At this moment, he felt that after uttering these two words, the sense of humiliation surged up like a tide, and instantly made him almost fainted, making him feel like he was about to explode alive in pain!

[Chapter 2344: kneel!](#)

Chen Feng smiled slightly, patted his face again, and said in shame, "That's right!"

With that said, Chen Feng grabbed the cloud and swiftly rushed outside the city, and soon came to the riverside of Tongtian, amidst chaotic mountains.

There is an inconspicuous little dirt bag in that chaotic mountain. Aunt Mei once told him that his mother was buried here.

Later, Chen Feng learned that his mother was alive and well, and that this chaotic stone bag was just to confuse the clouds, and this was regarded as Chen Feng's mother's cloak!

At this time, the people from all walks of life in the Tianyuan Imperial City watching below, some were fast, and hurried to keep up, and some were so slow, chasing them wildly, only hoping to see the good scene in their hearts.

And Chen Feng was very slow, almost slowly carrying Yun Potian forward, he was waiting for others intentionally.

Chen Feng couldn't wait for everyone in the world to come and watch, all watching Yun Potian kneel to his mother, all watching Yun Potian being humiliated.

The more people watched this scene, the more humiliation Yun Potian endured, and the happier Chen Feng.

No matter how slow it is, it will finally come.

It took three full hours before Chen Feng brought Yun Potian to his mother's cloak.

At this time, not only the onlookers had caught up, but even many people who had just received the news in the Tianyuan Imperial City had also caught up.

Around this cloak, there are thirty stories inside and thirty stories outside.

There are countless people in the sky watching, at least tens of millions of people are watching here!

Chen Feng threw Yun Potian in front of his mother's cloak, and his voice was slow and flat: "Kneel down, kowtow!"

But this voice is full of undoubted tyranny and commands.

Yun Potian's body trembled heavily, looking at the pile of rocks in front of him, thinking of everything he had done today, it was extremely difficult to lower his head.

Chen Feng smiled and said, "I count three times. If you don't kneel, then I have to take your life."

Yun Potian trembled heavily. Before Chen Feng could say, his legs softened and he knelt down there.

Chen Feng laughed loudly: "Your so-called tyrannical, so-called domineering is nothing but violence in front of the weak. You can only be able to deal with the weak and those who are good to you."

"When you meet a real tyrannical person, you are a trash!"

These words, word by word, like a knife, were engraved on Yun Potian's heart.

Yun Potian felt the humiliation to the extreme, he finally bent down, knocked his head on the ground with a bang!

Seeing Yun Potian kneeling down in front of his mother's burial mound, he banged his head heavily. At this moment, Chen Feng felt his heart full of joy to the extreme. It seemed that there was a big rock that had been in his heart for a long time, and he was moved away with a bang. Up.

Chen Feng's heart was very refreshed, and he felt that his body was much easier, and his heart was also lively and full of life.

He laughed, his laughter was full of pleasure: "Mother, have you seen it?"

"This dog thief, knelt down in front of your grave, I am now taking revenge for you! I am venting my breath for you!"

"Mother, have you seen it?"

Beside Chen Feng, Uncle Dao burst into tears, and he was extremely excited!

The onlookers around were also in an uproar.

"Chen Feng's temperament is really tough!"

"Yeah, this method is really powerful. Yun Potian can't hold his head up all his life."

"Haha, if I want to change me, I will commit suicide, and I will have no face to live in the world again."

These words passed into Yun Potian's ears, and Yun Potian almost fainted in shame.

He looked at Chen Feng with a low voice, is it all right now? Chen Feng said lightly. Count you acquaintance.

Chen Feng suddenly asked, "Where is Aunt Mei?"

Yun Potian's voice was extremely frustrated: "I chased her and fled that day. After more than half a month of escape, I chased her and lost it. I don't know where she is now."

Chen Feng knew he was telling the truth, and he had no guts to lie at this time.

In this way, Chen Feng was relieved.

And now it seems that Aunt Mei's strength is far beyond what she had imagined before, at least as if it were different from Yun Potian, but she was actually much stronger than Uncle Dao.

But that was also because Uncle Dao suffered a lot after being caught, and even more medicine was given, so the strength has declined. The original strength gap should not be so big.

"Get off now!" Chen Feng kicked out, kicking Yun Potian away.

Yun Potian lowered his head, and his whole person became silent and speechless, like the weird calm before the beginning of a volcano about to erupt.

But how could Chen Feng put him in his eyes?

Then, Chen Feng went to the Tongtian River.

Tomorrow is the day when Master Oath goes out, he will go back and take Yaoyao with him.

Chen Feng didn't want to take her. After all, the army was extremely dangerous to fight, but when Yaoyao heard that she was going to the Southern Wilderness, she had to follow it. Chen Feng did not listen to what she said.

In desperation, Chen Feng had to take it with him.

And think about it, this is also good for Yaoyao. If it can be successful this time, it will be just right for Yaoyao to return to the White Elephant tribe.

After all, her roots are still in the Southern Wilderness.

Moreover, having Yaoyao here will surely cause many people from the White Elephant Tribe and even other tribes that were annexed to separate themselves from the Black Water Black Snake Tribe, and even revolt.

However, just when Chen Feng arrived at Tongtian River, suddenly a figure flashed in front of him, blocking Chen Feng.

After Chen Feng saw him, he raised his eyebrows, and then a strange smile appeared on his face. He smiled and said, "Tatamu, long time no see."

It turned out that the person standing in front of Chen Feng was known to Chen Feng, and it could even be said that he was still a little familiar. It was the Tatamu whom Chen Feng met when he first stepped into the outer courtyard of Wudong Academy.

However, the relationship between the two is not very good, and it can even be said to be quite hostile. Chen Feng doesn't know what he is here to do.

He asked, "Tatamu, what are you doing for me?"

Tatamu took a deep breath, straight to the point, without any twists, and directly stated his purpose: "I want to go to the Southern Wilderness with you!"

"Oh, do you want to go to the South Wilderness with me?" Before he spoke, Chen Feng had thought of this possibility, but he wanted to know why.

Tatamu looked at Chen Feng, his eyes were still deep and gloomy, and his performance was consistent with Chen Feng's understanding of him.

Chen Feng knew that he had always been an extremely vicious and gloomy person with scheming.

Tatamu said in a deep voice, "Do you know my origin?"

Chen Feng shook his head.

"Actually, I was born in the Black Water Profound Snake Division." He opened his mouth and said something shocking.

#### [Chapter 2345: Voting certificate](#)

"Oh?" Chen Feng said: "Since you came from the Black Water Profound Snake Division, the Black Water Profound Snake Tribe is so powerful now, you should go to them, why do you want to follow me to the Southern Wilderness?"

Tatamu's eyes showed a hint of hatred, and said: "Although I came from the Black Water Profound Snake Tribe, now I am inconsistent with them, and are incompatible!"

Chen Feng did not ask why.

Tatamu continued: "In fact, I am in a very high position in the Blackwater Black Snake Tribe. My father was once one of the four elders of the Black Water Black Snake Tribe."

"Now the famous Withered Wood Elder is actually only slightly stronger than my father."

"But later, the queen came to the throne, the queen dowager was in power, and the elders withered wood attached to the queen dowager and began to frantically exclude several other elders. My father was ordered by them to attack a very strong tribe."

"And given a death order, if you can't fight it, you won't be able to come back."

"My father had to fight so hard that he died in that battle. As soon as my father died, our family's power was uprooted, and all the people in the family became slaves and distributed to other powerful people!"

He gritted his teeth and said: "Do you say I hate them? I hate them to the extreme! I can't wait to eat their flesh and hide their skin! I want the queen and the queen mother to be captured, and I want to insult them!"

"I want to kill the old dead wood, and kill everyone in his family in front of him!"

His eyes were blood-red and he roared crazy, almost crazy!

Only then did Chen Feng know that he had such an inside story.

He didn't doubt Ta Tamu's words, Ta Tamu's emotions could not be pretended, and these things he said can be found out upon investigation, and they cannot be faked at all.

Tatamu looked at Chen Feng and said fiercely, "I know you are going to lead the army to conquer the Southern Wilderness, so I will come right away. I will play under your command." *NOVELUS.COM*

"I'm very useful. I know everything about the Southern Wilderness Hundred Clan very clearly. I have a very good understanding of the power of the Black Water Black Snake Tribe and their people."

"I have a clear idea of the terrain of the Southern Wilderness, where I can hide, where is suitable for combat, and even where there are some desperate places to die!

He looked proudly and said: "With me, it can be against a million army!"

Chen Feng frowned, Ta Tamu was right, he also needed Ta Tamu very much, and Chen Feng wanted to take him.

But this does not mean that Chen Feng can accept such an arrogant Tatamu.

Chen Feng looked at him and smiled slightly, but said faintly: "Why should I want you?"

Tatamu was stunned.

Chen Feng turned around and left, ignoring him.

Tatamu was stupid, standing still, staring at Chen Feng in disbelief.

Chen Feng had walked a long distance before he let out an exclamation: "What? You didn't even let me follow you?"

Chen Feng smiled and said, "I can find a lot of people like you in Nanhuang."

Tatam was anxious, and said, "But none of them knows me as well."

Chen Feng smiled and said: "Yes, I would rather want people who don't know as much as you, and I would not want you."

Tatamu understood Chen Feng's meaning at once.

There was a humiliating look on his face, but in the end he bowed his head, knelt on the ground, squatted to Chen Feng, and respectfully said: "I was arrogant before. It was my fault. Please don't take it seriously."

"Please, take me to the Southern Wilderness."

There was a satisfied expression on Chen Feng's face. Chen Feng wanted to let Tatamu know that he was definitely not irreplaceable, and he was definitely not him, he was nothing in his own place.

Chen Feng doesn't think he can influence him, but Chen Feng doesn't need to influence him, as long as he can suppress him and let him honestly don't cause any troubles, just use it for himself. Up!

Chen Feng wants to use him, but Chen Feng will not use him who is so arrogant and knows no bounds!

Chen Feng smiled and looked at him and said, "You can come if you want, but I still need something."

"What?" A surprised expression appeared on Tatamu's face.

Chen Feng looked at him with a smile, and slowly spit out three words: "I need to vote for the name!"

"What? Cast the name?" Ta Tamu was stunned, he didn't understand what Chen Feng meant.

Chen Feng said lightly: "Although Southern Wilderness is remote, it is extremely wealthy. There are countless products in it, all of which are extremely scarce in the Tianyuan Dynasty. They are trafficked and the gains are high."

"Therefore, many merchants in the Southern Wilderness are in the Tianyuan Dynasty. Don't tell me that you don't know their whereabouts!"

"You must be very clear. In this case, I need your sincerity."

Tatamu's face became hesitant. After a long time, he took a deep breath and said, "Okay, I see!"

In the evening of the same day, Chen Feng and Tatamu came to a square in the south of the city.

Right above the square, there is a floating mountain.

This floating mountain is not high, and the height is only a few hundred meters, showing that the family on the floating mountain is not the wealthy and powerful family that waits for a while.

However, it is also quite prominent and has some status.

In the Tianyuan Imperial City, it is precisely the kind of force that has the power to do something without attracting too much attention!

Chen Feng looked up and saw a huge plaque hanging on the Floating Mountain above the gate tower with two words: "Qian Family."

"This is the Qian's?" Chen Feng raised his brows.

The Qian family is still somewhat famous in the Tianyuan imperial city. They came from a family of merchants. Later, in the battle of the Tianyuan Dynasty to conquer the frontier, they made great contributions to providing food, renunciation and paving the way.

Therefore, to be able to confer officials, their family is a second-class family, and their behavior has always been low-key.

But since Tatamu brought himself here, Chen Feng dare to conclude that this place must be related to the Southern Wilderness Hundreds.

Chen Feng shook his head and said, "Is it here? Are you sure?"

Tatamu nodded his head heavily, his voice was very positive, and he said loudly, "I'm pretty sure, in fact, I have been here more than once. I was a guest here when my father was still alive."

Chen Feng took a deep breath, and suddenly a sneer appeared at the corner of his mouth: "Okay, it's hidden deep enough, it has something to do with the Southern Wilderness."

"Dare to maintain this kind of relationship at this time of national crisis, what a damn!"

Chen Feng showed a stern look on his face, and his figure suddenly flashed, appearing directly outside the family gate.

#### [Chapter 2346: A piece of jade](#)

With a punch, he directly smashed the gatehouse, and then strode in.

Everyone below heard the huge movement, and they all looked up, their faces were surprised, not knowing what was going on.

Soon people recognized Chen Feng and shouted: "General Chen Feng, it is General Chen Feng here!"

"What is he doing here?" They were all surprised.

At this time, Chen Feng had already broken into the mansion.

On the opposite side, a middle-aged man strode out, dressed in a brocade and jade robe, obviously not a low status, and there were dozens of guards around him.

After he saw Chen Feng, a panic flashed across his face, then he concealed himself, and shouted sharply: "Who are you? How dare to break into my Qian's house?"

"My Qian family is a dignified second-tier family, absolutely not to be humiliated!"

Chen Feng smiled slightly: "Next Chen Feng."

"What? Chen Feng?" After hearing the words Chen Feng, the Patriarch of the Qian family immediately turned pale.

He seemed to be aware of something, and his whole body was shaking, apparently in extreme fear.

He was still holding on, pointed at Chen Feng, and said loudly: "Chen Feng, what about you as a general? Can you break into my Qian's house by bullying?"

"My Qian family has no grudges against you, what qualifications do you have to do?"

His voice was very loud, and everyone below could hear him clearly.

Chen Feng was clear about the plan of the Qian Patriarch. He just wanted to arouse public anger, and he obviously did it.

Many people below are making thief and talking.

Many people commented: "This Chen Feng is too tyrannical. What he did before can be said to have a cause. However, since the Qian family has no grievances with her, he just hit the door, which is too excessive. Okay?"

"Yes!" Many people are quite dissatisfied with Chen Feng.

But at this time, Chen Feng sneered, looking at the following people, and coldly shouted: "Do you think I am doing nothing wrong?"

"Do you think I was deliberately making things difficult for Qian's family? Now, open your dog's eyes and see clearly!"

After speaking, Chen Feng gave a soft drink, strode forward, and blasted out with a punch, and the dozens of Qian's guards were all beaten up.

Then, as soon as he stretched out his hand, he captured the Qian Family Patriarch, and directly before the Qian Family Hall, he blasted out the hall and smashed the hall.

There was no one in the hall, and the discussion below was louder.

With a smug look on the face of the Qian Family Patriarch, he shouted: "Chen Feng, if you don't give me an explanation today, I must sue you in front of the princess!"

Chen Feng looked at him like an idiot, with cold eyes: "Are you stupid? Since I'm here, do you think I'm not sure about it?"

With that, Chen Feng cast his gaze on the floor of the hall, and seeing Chen Feng's movement, the Patriarch Qian's body suddenly stiffened and his expression was frozen.

Chen Feng laughed and shot out with a punch.

With a bang, the huge platform directly shattered, exposing the body of the floating mountain below.

Chen Feng gave another punch, and the mountain body burst open directly, and a huge hall appeared below. This hall was hundreds of meters in radius, and almost hollowed out the entire floating mountain, which was very huge.

At this time, in this hall, hundreds of men and women were sitting or standing on their own, with a trace of panic on their faces.

After seeing their appearance, everyone below exclaimed.

It turns out that these people are all dressed up as Nanhuang, and their looks and temperament are fundamentally different from ordinary Tianyuan dynasty people.

At this time, who can tell, these people are definitely the people of the Southern Wilderness!

They were all hiding here, but at this time, Chen Feng smashed all of their shelters, all of them panicked.

Patriarch Qian's face was pale at this time and he closed his eyes.

Chen Feng looked at him with a smile, and sneered: "What else do you have to say now?"

The head of the Qian family said softly: "But please die."

Chen Feng smiled and said: "It's not that easy to die. If you don't dig out all the secrets in your mouth, how can I let you die?"

Chen Feng screamed: "Come here, catch all these gangsters from Nanhuang."

"Yes!" A loud roar came from a distance, and hundreds of strong men from the Heavenly Martial Army came here under the leadership of Zhen Meng to besiege and killed those in the southern wilderness.

Those people from the southern wilderness came here, one by one, with good strength, but they were facing the masters of the Tianwu Army.

After smashing into a ball, the screams and screams were endless.

But soon, they fell under the wind and were captured one after another.

However, Chen Feng took the Qian Family Patriarch to the side. After a while, he walked out slowly and clapped his hands as if to pat away the dust.

The Patriarch of the Qian Family confided everything before he started, and all the secrets of the entire Qian Family were in Chen Feng's heart.

Chen Feng went straight to the back of this hall and swayed several organs on the wall. Soon, a few stone slabs moved away, revealing a long tunnel inside, and he didn't know what was behind.

At this time, those people from the Southern Desolation had been captured by Zhenmeng and others.

Chen Feng smiled and said, "Zhenmeng, do you know what to do?"

"Subordinates understand." Zhenmeng arched his hands.

He waved his hand and shouted loudly: "Take these culprits back so that they can be interrogated."

Chen Feng nodded slowly, Zhen Meng was very calm, presumably he was there, and he would surely be able to get a lot of news from these southern barren populations.

For the Tianwu army that is about to march, these news are invaluable.

Chen Feng himself stepped into the tunnel slowly, and soon a huge cave appeared at the end of the tunnel. As soon as he entered, Chen Feng felt that he was dazzled.

There are many shelves in this cave, just because Chen Feng's punch was too powerful. These shelves should have been violently shaken, and many of them had broken and fell to the ground.

The above items also fell to the ground, but it can be seen that there are quite a few exotic treasures, and the most are all kinds of medicinal materials packed in jade boxes.

Chen Feng raised his eyebrows and waved his big sleeves to collect all the medicinal materials into his own hands.

Tatamu also walked in and picked a few pieces from it.

Chen Feng didn't stop him. If he wanted the dog to chase the prey well, he had to feed the dog a few meat bones. Chen Feng would definitely give this benefit.

Chen Feng picked up a small jade piece on a half collapsed shelf.

He carefully looked at the little jade piece in his hand. This little jade piece was about the size of half a palm and had an arc-shaped side, while the other sides were very irregular.

#### [Chapter 2347: brothers!](#)

It looked like it had fallen from some round jade.

The jade piece also looked very ordinary, the color was turbid and not clear at all, and Chen Feng did not feel anything surprising on it.

But suddenly, at this moment, Chen Feng felt an extremely hot gaze suddenly appear behind him.

Then it disappeared suddenly. Chen Feng remained silent, just playing with the jade piece gently, walking around in this hall, pretending to look at other things.

Soon, Chen Feng discovered that it was Ta Tamu who had shot that hot gaze just now.

The reason why Tatamu is like this is because he saw the jade piece in his hand.

His eyes were extremely hot and greedy, and he wished to take this jade piece as his own right away, and Chen Feng also felt it clearly. His breathing became rapid and heavier in an instant, and his heartbeat also accelerated wildly.

Obviously, he was extremely excited.

A smile appeared at the corner of Chen Feng's mouth, and he whispered to himself in a low voice: "It seems that this jade piece is very extraordinary, and it should have a very origin."

"Otherwise, Tatamu can't be like this!"

Chen Feng pretended to inadvertently put away the jade piece, Tatamu looked away, his eyes showed extreme disappointment.

Originally, what he thought was that if Chen Feng didn't see the peculiarity of this thing, he still had hope.

But then, he concealed his disappointment.[noVELusB.com](http://noVELusB.com)

If you were someone else, you wouldn't notice it at all, but as everyone knows, the changes in his expression are in Chen Feng's eyes!

Chen Feng remained silent and didn't expose it yet. He wanted to see what the Tatamu was making.

Chen Feng secretly said in his heart: "Presumably, the jade piece in my hand should be related to a big secret, and Ta Tamu obviously knows this secret, and I don't have to persecute Ta Tamu now."

"His temper is very vicious and vicious. If he is forced to go too far, maybe he will not tell the secret when he died."

"In this case, just wait and see it get better!"

Soon, Chen Feng and Tatamu took all the precious treasures here, and then turned and left!

He took him Ta Tamu back to the Tianwu Army camp, gathered many generals and introduced Ta Tamu to them.

Chen Feng didn't conceal the slightest bit of concealment, and directly explained the origins of Ta Tamu, regardless of Ta Tamu's eyes full of anger and anger.

Chen Feng did this to isolate Tatamu from other people and to prevent him from making troubles.

The next day, the army went out!

The place of the expedition was not on the big campus, but at the south gate of Tianyuan Imperial City.

At this time, in the Tianyuan Imperial City, tens of millions of people were watching around, extremely lively.

And when Chen Feng's tall figure appeared in the tower, there was silence in an instant.

Everyone turned their eyes to Chen Feng, to the tall and burly figure!

The 1.7 million Heavenly Warriors and soldiers are naturally no exception.

Chen Feng looked at them, word by word, and said slowly: "I don't have any gorgeous rhetoric today, and even I will not agitate your morale."

"I am here today. I only want to say a word. All you have left now are the soldiers of my Heavenly Martial Army, and you have a more important identity, that is!"

Chen Feng paused, and his voice was extremely loud: "My brother Chen Feng!"

"My brother, Chen Feng, I will never let him suffer any grievances. I will leave this sentence here. I will not give up anyone in this trip to Nanhua!"

"Brothers, fight together!"

"It's a brother, just fight the enemy bravely!"

"Brothers, entrust each other's lives!"

He raised his arms and shouted: "Brothers, kill the enemy with me!"

All the soldiers of the Tianwu sergeants were full of enthusiasm, breathing quickly, and shouted:

"Brother, kill the enemy!"

"Brother, kill the enemy!"

Countless sounds gathered together, turned into huge waves, shocking, and even the clouds in the sky were alive!

After saying this, Chen Feng turned around again, and said with a fist to Princess Quyang, "Princess, please sit in the middle of the court and wait for me to bring news of triumph!"

Princess Quyang smiled slightly, poured a glass of wine herself, and handed it to Chen Feng: "General, drink this wine!"

Chen Feng said nothing, smashed the wine glass, flashed into the air.

The size of the blood wind suddenly increased in the air, turning into a huge monster beast of thousands of meters. Chen Feng stood on his back and shouted: "What!"

"What!" The Tianwu army was murderous.

Millions of troops rode on the monster beasts one after another, and followed Chen Feng, like a red iron stream, rushing towards the south!

What Chen Feng didn't know was when he led the army to leave the city gate and head south.

On the high tower, a little girl stood there, looking at his back, there was condensation in her eyes.

Three months later, outside of Jingnan City, an army came slowly.

Jingnan City was originally located in the southern hinterland of the Tianyuan imperial city, but now with the invasion of the Blackwater Black Snake Tribe, Jingnan City is already under the front of the Heishui Black Snake Tribe.

Almost already the most southern line of defense of the Tianyuan Imperial City!

This army is naturally the Tianwu Army.

All the sergeants of the Tianwu Army were wearing red armor, and even the monster beasts under them were wearing red metal armor.

This red metal armor is a rare red fine gold blended with purple copper smelt, and its defense is extremely powerful, enough to double their defense and increase their strength by about 30%.

In the front, on top of a silver demon wolf, a young man in white stood proudly on it.

Behind him, there was a flag that was up to a thousand meters high.

The banner was hunting in the wind, and the two characters 'Tianwu' on it were clearly visible.

Chen Feng frowned slightly as he looked at Jing Nancheng not far ahead.

He remembered clearly that Jingnan City must have been ordered by the court, but I don't know why, seeing the arrival of their army, the gate of Jingnan City did not open. Instead, many soldiers rushed up to the city. It is alert.

Chen Feng immediately judged: "They are full of hostility."

Chen Feng faintly said: "Zou Jiayang, go and tell the city lord of Jingnan City, let him provide a place for the army to stay."

"In addition, let him take out the 200 million catties of Xuan Huang Bai Zhu Mi stored in the mansion treasury. This will be our ration for the next three days."

"Yes!" A tall, quite brave young man, clasped his fists as he should, and then hurried towards Jing Nan City.

#### [Chapter 2348: I want your life!](#)

Zou Jiayang, he was just an ordinary centurion in the Tianwu Army a month ago. Chen Feng marched along this route. Everywhere he went, as long as he had free time, he held a martial arts competition in the army to stimulate everyone. Martial spirit.

Zou Jiayang came to the fore in this martial arts competition.

He is not very young, but twenty-five or six, but his strength is very powerful.

Previously, because of his poor background, Chen Feng had never been promoted. However, Chen Feng promoted him to the chief of ten thousand and asked him to command a battalion of the Chinese army as his own soldier.

Zou Jiayang is extremely grateful to Chen Feng, it can be described as a devoted effect!

Zou Jiayang led people to under the southern city wall and seemed to shout a few words to it, and the two parties seemed to be in a dispute.

Chen Feng raised his brows slightly.

After a while, Zou Jiayang returned, with a look of anger on his face, and said loudly: "General, the lord of Jing Nancheng said that we are not allowed to enter the city."

"Let our army be stationed outside, and he said, there is no black yellow and white pearl rice in the warehouse, and nothing will be given to us!"

"What?" Chen Feng raised his brows, and a cold light flashed in his eyes: "What a darety!"

He said lightly: "I will go in person."

With that, Chen Feng instigated the blood wind and came outside the gate of Jingnan City.

The blood wind is extremely tall, he stands on the back of the blood wind, completely overlooking the people in the city.

Jingnan City is a big city with a population of tens of millions, and it is an important town in the south.

Chen Feng said in a loud voice: "My Tianwu Army general, Chen Feng, by the order of the Emperor and the Grand Princess, go to the south to conquer the Blackwater Black Snake Tribe thief army."

"Passing by Jingnan City, I also hope that you will provide food, water and shelter. I am grateful for it."

Chen Feng said very politely, in fact, this is what Jing Nancheng should do.

Chen Feng's goal is to attack the Black Water Profound Snake Tribe, so he endured the breath in his heart at this time. If he changed to the previous Chen Feng, he would have already killed the City Lord Jingnan who dared to say that. killed.

At this time, on the city wall, a tall and burly man slowly walked out of the city tower surrounded by everyone.

He also hovered in the sky, squinted at Chen Feng, and said lightly: "Your name is Chen Feng?"

"Yes, it's me." Chen Feng was unhappy in his heart.

The general's official position is much higher than that of Jingnan City Lord, so he dare to call himself that?

But Chen Feng also endured this tone.

City Lord Jingnan looked at Chen Feng with a very cold expression, and said, "There is no place for you to live in our city."

"What?" Chen Feng didn't believe his ears a little, he didn't expect this person to open his eyes and talk nonsense like this.

Chen Feng forced a sigh of relief and said in a deep voice, "The city has tens of millions of people and there are countless empty houses. Why is there no place for us to live?"

The city lord of Jingnan City immediately became impatient, pointed at Chen Feng, and said contemptuously: "You little boy, can't you hear me?"

"I said no or no, what are you fart on here? Get out of here, I am impatient to tell you here!"

His attitude is extremely arrogant and full of disdain.

Chen Feng's eyes became cold.

He took a deep breath and whispered to himself, "Chen Feng, we still have to focus on the overall situation, or the overall situation."

Chen Feng tolerated this breath again, he said: "If there is no place to live, you can provide us with Xuanhuang Baizhu Mi."

"The Xuanhuang Baizhu rice we brought has just finished eating, and now we have to rely on you for support for the next three days."

"Xuan Huang Bai Zhu Mi, right?" The City Lord Jing Nan showed a playful expression on his face, and said: "Sorry, I have finished eating too!"

Chen Feng frowned, angered, and said, "The black yellow and white pearl rice in your city was originally stored for use by the army. How can it be eaten? How can it be eaten?"

"I said eat it all!"

The lord of Jingnan City spread his hands, smiled, jokingly: "What can you do to me? Come and bite me!"

Chen Feng finally couldn't bear it anymore.

He was so angry that he laughed back, his laughter was fierce, and went straight into the sky:

"Hahahaha, okay, okay, I actually came across a dog that knows how to die!"

Chen Feng's expression suddenly changed as he spoke, staring at him and shouting sternly, "Are you looking for death? I will fulfill you!"

"You dare to talk to me like that?" The city lord of Jingnan also looked cold, staring at Chen Feng and said: "Get out of here."

Chen Feng smiled slightly: "Sorry, I won't be here. Today I not only want a place to live, but I not only want black, yellow and white pearl rice, but also..."

Chen Feng paused and said, "Your dog's head!"

After speaking, Chen Feng sternly shouted: "What!"

His figure flashed forward quickly, blasting out with a punch.

There was a look of shock on the face of the city lord of Jingnan, and he did not expect Chen Feng to dare to do it directly!

However, he is also a man of great strength. At this time, there is a cold and disdainful expression on his face, and he said: "Just do you want to do it with me?"

It's not that he has never heard of Chen Feng's reputation, but he is in Jingnan City, not in Tianyuan Imperial City. Chen Feng's reputation has been quite illusory since it came here.

And he never believed that a young man in his early twenties could actually kill the three-star martial emperor pinnacle. In his opinion, his strength was far better than Chen Feng.

Therefore, he was very disdainful of Chen Feng.

He also blasted out with a punch, and was about to collide with Chen Feng's fist.

There was a hideous look on his face: "Little boy, my punch is enough to kill you!"

And the next moment, his voice stopped abruptly and turned into a scream.

After the two fists hit together, his right arm was directly shattered, without any resistance.

And Chen Feng's punch then landed on his chest.

With a wow, he spouted a big mouthful of blood, and was beaten out several hundred meters amidst the screams of screams. He slammed into the tower and knocked down more than half of the tower.

His body smashed down, and Chen Feng continued to kill without stopping.

The defenders on the front of the city looked silly, and the city lord of Jingnan sternly rebuked: "Protect me! Protect me!"

Only then did the hundreds of guards around him come back to their senses, and they all moved forward.

A sneer appeared at the corner of Chen Feng's mouth, looking at them, only spit out two words: "Look for death!"

As he said it was another punch.

With a loud bang, these dozens of people were all shocked and flew out one after another, spurting blood, and numerous wounds appeared on their bodies!

Character card:

Zou Jiayang

The head of the Tianwu Army.

Born from a poor background, but with high talents, he rose up at the time of the big competition in the army and served as the chief of ten thousand and the guard of the general.

Starred by book friend "Wind".

[Chapter 2349: Begging for mercy now? late!](#)

Then, Chen Feng grabbed the city lord of Jingnan City.

He stared at the city lord of Jingnan City, flew up into the air, facing all the soldiers above the city, his voice was extremely cold:

"I led the Tianwu Army's millions of troops to travel tens of millions of miles, and rushed all the way to this place, just to defeat the black water mysterious snake tribe thief army."

"And you, as the City Lord of Jingnan City, bear heavy responsibilities. Not only did you not provide us with a place to live, you did not bring us the Xuan Huang Bai Zhu Mi that originally belonged to us, and you spoke insultingly, so vicious, what should you be guilty of?"

The city lord of Jingnan City still showed the arrogant and arrogant color on his face at this time, and shouted loudly: "Dare you move me?"

"I tell you, boy, if you dare to move me, you will be dead! I am Prince Zhanxing's person!"

"Oh, is Prince Zhanxing?"

There was a sneer at the corner of Chen Feng's mouth, and he knew why he did this.

Prince Zhan Xing had always thought that this time he led his army to conquer the Southern Famine, and at the worst, he had to let his men come.

Unexpectedly, I would be ahead of him.

He was naturally very unhappy.

Chen Feng can conclude that the city lord of Jingnan must have been instigated by Prince Zhanxing for this!

The reason why Prince Zhanxing did this is actually very simple. He has an unclear relationship with the hundreds of people in the Southern Wilderness. If someone else goes, he is afraid that his own affairs will be revealed.

"Oh, you think you are the Prince Zhanxing behind, so I dare not do anything to you, right?" Chen Feng sneered, punched his stomach, and hit him with another scream.

Then, Chen Feng's fists fell on him one after another, and every fist fell made him scream.

In just a few moments, he was beaten to the point that only one breath remained.

When Chen Feng let go, he fell to the ground, like a dead dog.

Chen Feng stared at him and smiled, "Do you still think I dare not do anything to you?"

At this time, Yan Chengwen was floating quietly in the air, watching Chen Feng doing all this, his expression was faint and he didn't speak.

At this time, a Yutan Zijinwei came behind him and whispered: "Master, Prince Zhanxing is your majesty's younger brother. Chen Feng is doing this a bit too much, right?"

Yan Chengwen turned his head and glanced at him faintly, without saying a word, but the guard felt dripping with cold sweat, and his heart trembled.

Yan Chengwen said coldly: "Talk more!"

"Yes, yes, the subordinates talk a lot." The guard hurriedly stepped back, not daring to say another word.

At this time, the city lord of Jingnan was already completely frightened.

He knelt on the ground, weeping bitterly, and begged and screamed: "General, merciful general, merciful!"

"I'll order people to make room for you, and I will take out the black yellow and white pearl rice in the warehouse for you to use."

Chen Feng stared at him, with a look of disdain at the corner of his mouth, and with a sigh of relief, he spit on his face.

He sneered and said: "It's really a bastard, who doesn't know good and bad, bullying and fearing hardship."

"It's useless to talk to you, it's useless for you, just hit you, and you'll be honest! Talking to someone like you, I feel dirty with my mouth!"

"Yes, yes, yes, I don't know good or bad, I'm bullying and fearing hardship, and I don't know the heights of the earth." The city lord of Jingnan city knelt on the ground and slammed his head, while slamming his head fiercely, and soon His face was swollen.

There was blood spilling at the corner of his mouth, and his face was beaten like a pig's head.

His eyes were full of fear, and he did not dare to look at Chen Feng.

The arrogance, disdain, and joke just now have completely disappeared.

There was nothing but fear in his heart. He didn't expect Chen Feng to act so harshly, so violently, and even more so that he didn't even care about the Prince Zhanxing standing behind him.

This made him lose all support, and he no longer had any guts to provoke Chen Feng.

Chen Feng sneered and said, "It's too late to beg for mercy now!"

"Some things can be done, and some things can't be touched!" [noVslusb.com](http://noVslusb.com)

"My Tianwu Army, how can you allow you to be humiliated? I, Chen Feng, can you allow you to be humiliated?"

With that, Chen Feng's hands shook forcefully, and with a loud bang, the city lord of Jingnan City was directly shaken into a \*\*\*\* mist in the sky, disappearing without a trace.

Seeing this scene, all the defenders in the city were frightened to their face.

Chen Feng said coldly, "Where is the Deputy City Lord here?"

A middle-aged man walked out tremblingly, knelt in front of Chen Feng, and said with a trembling: "The villain is just the villain. The villain is the deputy city lord."

Chen Feng said coldly: "Don't hurry up and get your residence ready? Get Xuanhuang Baizhumi ready? Do you want my soldiers to fight hungry?"

"Yes, yes, the villain is going now." The deputy city owner took a group of officials from Jingnan City and quickly went down to prepare.

They used to show contempt and disdain for Chen Feng and others, but now they have completely changed. Who would dare to look down on Chen Feng again?

Soon, the residence was ready, and the Xuanhuangbaizhumi was also shipped.

In addition, there are also a large number of meats of various monsters, all of which are very high-level, and contain a lot of spiritual energy.

In the barracks, piles of bonfires were lit, and Xuan Huang Bai Zhu Mi was stewed with this monster, exuding an attractive aroma.

After they were cooked, they were served out of the cauldron. Everyone divided into a big bowl. They gobbled it up, talking and laughing loudly while eating!

In the evening of that day, thousands of elite soldiers of the Tianwu Army suddenly appeared outside the seventeen shops at the same time, and then all these shops were surrounded.

After a while, all the shops were broken down and all the people inside were captured.

Sure enough, a large number of people from the Southern Wilderness and evidence related to them were found in every shop.

These shops were all opened by the people of the Southern Wilderness. The people of the Southern Wilderness in the shops provided all kinds of news for the Black Water Profound Snake Tribe, which can be described as accomplices of many crimes.

With an order from Zhenmeng, these people were all beheaded. The most important reason for doing so was to prevent them from spreading news about the Heavenly Martial Army to the Blackwater Black Snake Tribe.

The night was deep, Chen Feng looked at the endless wasteland in the south, and a sneer appeared at the corner of his mouth: "Heishui Profound Snake Tribe, here I am!"

Here, it is a wide river valley, from which a large river undulates.

The width of the river valley is about one kilometer, and on both sides are mountains of thousands of feet high.

The mountains are cascading, there are countless cliffs, and dense trees are everywhere. It is very easy to hide a large army inside.

At this moment, there was a sound like rushing thunder in the distance.

Then, the thunder-like sound became louder and louder, and when you got closer, you would find that there was some thunder-like sound, it was clearly the rumbling sound of countless monsters trampling the earth.

#### [Chapter 2350: ambush](#)

The ground seems to be trembling, this is an army of more than a million people.

Everyone was wearing a black armor with a black snake logo embroidered on it, and the monster beast riding below was a black panther or a black tiger with wings.

And behind the burly general at the forefront, there was a banner hunting.

A black water mysterious snake was embroidered on it, and he was roaring up to the sky, his eyes were full of vicious hostility, as if he wanted to tear it to pieces that day!

This is the army of the Blackwater Black Snake Tribe that traverses the Southern Wilderness and makes everyone feel terrified!

After they saw the valley, they kept moving forward.

The leading general turned around and laughed loudly: "Erlang, go ahead and walk three thousand miles across this river valley. It is Cold Spring City."

"Lengquan City is the largest city within a hundred thousand li. It has a population of tens of millions, is extremely rich, has numerous shops, and is full of gold and silver. No one can hit it before."

"When you get to Cold Spring City, it's all ours! Go kill! Go grab!"

"Kill! Grab!" All the Blackwater Black Snake Tribe army roared in excitement, waving their weapons one after another.

To put it bluntly, they are a group of robbers!

They had been completely inspired by their greedy desires. When they reached the entrance of the river valley, they didn't even stop and rushed in.

The reason for this is because they are too greedy and eager to looting, and secondly, because they are running into the south, and they have not encountered any threat to them in these days.

Therefore, they did not think that there would be danger in this valley.

The army of one million entered the valley at an extremely fast speed.

At this moment, at the height of the mountain, on top of a boulder, a figure in white was standing there, looking at the army billowing like a black torrent, with a sneer at the corner of his mouth.

"It's really arrogant, but I don't know, after a while, will you still think like this?"

When all the millions of troops came to the middle section of the river valley, suddenly, the white robe figure came directly over the millions of troops, a violent roar, and both palms shot out.

King Kong pushes the mountain!

This person is naturally Chen Feng!

Two huge palm prints with a radius of a thousand meters suddenly appeared in the air, and the dark golden palm prints fell down fiercely.

Previously, Chen Feng's King Kong Pushing the Mountain had incomparable power. What's more, now Chen Feng has a ray of orange power, and the power of 51,000 dragons is rushing down.

The power is even stronger than the original one. I don't know how many times. All the Blackwater Profound Snake Tribe clan looked up and watched the huge palm print smashed down towards them, feeling that the palm print contained incomparable power. They were all Exclaimed desperately, resisting or avoiding one after another.

But how can it be blocked?

How can you avoid it?

Bang! The palm prints fell, and the tens of thousands of soldiers of the Black Water Profound Snake tribe were killed.

Even more, many people were deeply affected. They were also broken bones and screamed and fell off their mounts one by one.

The head of the Black Water Profound Snake Tribe screamed: "Who dares to attack my Black Water Profound Snake Tribe? It's really looking for death!"

A sneer appeared at the corner of Chen Feng's mouth: "Who? The one who wants your life!"

With Chen Feng's offensive, it was like a prelude. In the mountains and forests on both sides, countless figures wearing red armor came out, all of them from the Tianwu Army.

At this time, every soldier of the Tianwu Army was holding a large bow in his hand. The large bow was made of copper, like the best metal.

Longer than their human body, the thighs of a full-length person are as thick and thin, and they are extremely powerful.

They pulled away the big bow, placed a giant arrow about two meters long with a wrist thickness on the string, opened the bow and set the arrow, pulled it into a full moon, and then let go.

With a bang, the world shook.

Countless buzzing sounds converged, shattering the sky and numerous floating clouds.

A sharp scream suddenly sounded, tearing through the space, and directly came to the body of these black water mysterious snake tribe.

A huge and incomparable long arrow shot fiercely towards a soldier of the Black Water Profound Snake Division. The soldier had no time to dodge and had to wave a weapon to resist.

With a crisp bang, his weapon was directly smashed into pieces, and the long arrow was not as strong as it was. It was directly nailed to his body, blasting his body directly into a cloud of blood.

Then, Biao shot the second person again, smashing that person into a cloud of blood.

Then, it fell on the third person, this time, he was directly smashed into pieces.

In the end, four more soldiers were pierced before they stopped.

With just one arrow, seven soldiers of the Blackwater Black Snake Tribe were beheaded!

The other conditions were roughly the same. The fall of this round of arrow rain wiped out a full 70% of the Blackwater Profound Snake Clan.

The remaining 30% was also destroyed by the second round of arrow rain.

However, it took only two breaths, and the millions of Blackwater Black Snake Tribe army were all killed.

And all this is due to the huge red copper bows and arrows, this kind of bows and arrows, called the Zijin Divine Power Bow, is a military weapon of the Tianyuan Dynasty.

The countless royal craftsmen of the Tianyuan Dynasty can only build 10,000 in a year. [novelusb.com](http://novelusb.com)

It takes an average of ten craftsmen a year to build one, which shows how difficult it is!

When the Tianwu Army went on the expedition, Chen Feng brought three big bows and 10,000 long arrows for every soldier!

For nearly a thousand years, all the savings of the Purple Golden Divine Power Bow of the Tianyuan Dynasty had been taken over by Chen Feng.

This kind of bow and arrow is enough to withstand the power of the Martial King Realm powerhouse, even if the Martial King Realm powerhouse is in the hand, it is enough to kill a powerhouse who is one level stronger than himself.

This is equivalent to increasing the user's strength by one level.

Even if Chen Feng is just facing one sheet, two sheets, or even a few hundred sheets, he is of course fearless, but even with his strength, facing ten thousand arrows, I am afraid that he will be blasted into debris on the spot!

How can these soldiers of the Blackwater Black Snake Tribe resist?

The soldiers of the Tianwu Sergeants are stronger than theirs, but they are not so outrageous. This bow and arrow has made a great contribution.

In the time of two breaths, all the millions of troops were destroyed.

This scene directly stunned the general of the Black Water Black Snake Tribe.

He stood in place, looked at the corpse all over the floor in disbelief, and said with a trembling, "Impossible, this is impossible!"

Chen Feng smiled and said: "There is nothing impossible, this is the fact."

"I killed you!" The general of the Black Water Black Snake Tribe gave a violent roar, and he stared at Chen Feng with a fierce expression on his face.
