[Chapter 2381: The name of this knife is Murder Knife!](#)

"And the largest green velvet python that has ever been caught by humans has even 120 circles on its body."

"It shows that this existence has lived for 1.2 million years, and it can almost be said to have the same life as the world!"

"The reason why these green velvet giant pythons can live for so many years is because they can hide their strength very well, and their skin can greatly isolate their strength, making them look very harmless."

"In the feeling of the other party, it is more like a stone, without danger, so their skin is also the best material for making scabbards!"

Chen Feng couldn't help but was amazed: "It turns out that there are such monsters, but the hiding effect is very good, and the hidden front is in the sheath!"

"As soon as the knife was sheathed, the murderous intent was gone."

This knife is a soft knife. Chen Feng took it and buckled it around his waist like a belt. It looked nothing unusual.

Zui Jiu Niu smiled and said, "This knife can be considered the first knife you built. What is his name?"

Chen Feng laughed loudly: "The sharpness is unmatched, and the knife will see blood. When I use this knife, it must have reached an extremely dangerous moment."

"As soon as this knife is out, if there is no blood, then I will die. If I see blood, the enemy will die."

"This knife is called..."

He took a deep breath and slowly exhaled three words: "Knife for killing!"

The two said a few more words, and Chen Feng said goodbye.

The next day, Chen Feng left the Sky Splitting Island and returned to the Tianwu Army camp again.

At this time, the Tianwu Army camp was full of excitement.

Originally, the Tianwu Army Camp was enough to hold three million people. When Chen Feng came back, there were only 100,000 Tianwu Army, and it seemed very deserted and empty.

But at this time, there was the sound of being shouted, the roar of the monster beast was full, and it was extremely lively, and the huge camp was packed!

Because a full five million troops have recently been stationed here.

These five million troops are the Ningwu Army, Jingan Army, and Dongwu Army.

The three armies, totaling five million, were all led by Chen Feng.

This was also the decision made by His Majesty the Emperor and Princess Quyang on the same day, because Chen Feng went south again this time with the goal not to defeat the Blackwater Profound Snake Tribe but to completely destroy the Blackwater Profound Snake Tribe.

If only one hundred thousand people are brought, it is useless no matter how elite these hundred thousand people are, so three armies are allocated to him!

When Chen Feng came to the hall, it was already full of people. There were dozens of generals, all of them in armors, with great momentum.

Seeing Chen Feng coming in, they all stood up and looked at Chen Feng with awe.

Chen Feng walked to the middle position and sat down directly.

Three people came out of these dozens of generals. These three people were extremely powerful, and they were obviously the strongest among them.

The three of them clasped their fists together, bowed to salute, and said respectfully: "The last general Zhang Ji'an, the last general Qin Zi, and Mo general Long Shaoyu, have seen the general!"

"I have seen the general!" Behind them, everyone made the same action and shouted loudly.

The sound of the armor is loud!

The attitude of all of them is very respectful, even with a trace of fear and panic.

A joke, who dares to offend Chen Feng now?

Who didn't know that Chen Feng was fierce and tough.

He even dared to kill the prince. If they dared to offend Chen Feng, they might not survive today.

Chen Feng not only has a killer, but also has the strength to match it!

Zhang Ji'an is the general of the Ningwu Army, Qin Zi's is the general of the Jing'an Army, and Long Shaoyu is the general of the Dongwu Army.

The three of them have the strength of the four-star Wuhuang early stage, and in the Tianyuan Dynasty, they can be regarded as first-class powerhouses!

Chen Feng looked at them, smiled and said, "You don't have to be polite."

Everyone straightened up and looked at Chen Feng, with a hint of curiosity in their eyes.

They all admire Chen Feng for a long time. They know how powerful this young nobleman is and what shocking things he has done. They thought he would be aggressive and arrogant, but they didn't expect him to be at this time. Wen Run peacefully is incredible.

Chen Feng looked at them, smiled and said, "The army will go to the Southern Wilderness in the near future. You have not been there before. I still know more or less of what I have lost."

"In this case, when you are on the march, naturally you have to listen to my orders."

He looked at the three generals and said: "I don't care about the daily affairs, but you must listen to me before marching and fighting."

"Furthermore, when you get to the ground, if you really want to fight, you must order and prohibit any violations."

Having said this, the gentle smile on his face has disappeared and turned into a very majestic stare. He said slowly, "No problem, right?"

Chen Feng's gaze was sharp as a knife, and the pressure was as strong as a mountain. In an instant, these dozens of generals felt the pressure to the extreme, as if a mountain was crushed down.**NoVeluSB.Com**

They were suddenly sweating coldly.

The three generals secretly said in their hearts: "This is the real Chen Feng!"

They hurriedly said, "No problem."

Chen Feng smiled and nodded, waved his hand and said, "Okay, let's go and prepare separately now. The army will swear to go out tomorrow."

Soon, the next day came, and five million troops gathered on the colonel.

Chen Feng came to the top of the high platform. When he arrived, the five million army immediately turned from noisy to quiet.

Everyone's eyes were on Chen Feng's face. Chen Feng is now a household name in the Tianyuan Dynasty. He led a district of 1.7 million troops and wiped out the hundreds of millions of Heishui Profound Snake tribe. It is a myth, a legend.

What's more, what makes them feel terrified is that they still don't know how Chen Feng did it.

In fact, not only them, but even the Emperor and Princess Quyang asked, Chen Feng was vague and didn't elaborate.

This is related to his martial arts ability, and even the capital for him to settle down, how can he easily reveal it to the outside world?

At this time, in the eyes of everyone in the Tianyuan Dynasty, Chen Feng was synonymous with powerful, mysterious, and fearless.

Chen Feng looked at them and slowly opened his mouth.

His voice is not loud, but everyone can hear clearly: "I was here half a year ago, leading an army of 1.7 million Heavenly Martial Arts and marching to the Southern Wilderness."

"What brought it back was a Xuanhe victory, but it only defeated the Blackwater Black Snake Tribe, but did not eradicate them."

Character card: Zhang Ji'an, general of Ning Wujun, played by the book friend "Yuan Mie" in the early stage of the four-star Wuhuang, appeared on the 114th floor of the character building.

Character card: Qin Zi's family, general of the Jing'an Army, in the early stage of the four-star Wuhuang, played by the book friend "War God", appeared on the 120th floor of the Character Building.

Character card: Long Shaoyu, a general of the Dongbu Army, played by the book friend "Friendship of Love" in the early days of the four-star Emperor Wu, appeared on the 125th floor of the Character Building.

[Chapter 2382: I will lay down this beautiful landscape for you!](#)

He paused, and then said: "And this time, if I take you out, it will definitely be a great victory, even more thorough and glorious than the previous victory."

"Because," his voice suddenly rose, turning into a thunderous loud noise: "This time, we are going to destroy the Blackwater Black Snake Tribe!"

"Do you have any confidence?"

The mood of the five million army was mobilized by Chen Feng at this moment. They waved their weapons and yelled in unison: "Confidence, confidence!"

"Destroy the black water mysterious snake, destroy the black water mysterious snake!"

A smile appeared at the corner of Chen Fengfeng's mouth.

Military support is available!

Next, the five million army will set off in turn.

Chen Feng walked down the high platform and saw Yaoyao. He walked to Yaoyao, squatted down, holding her small face, and smiled softly: "Yaoyao, now, my big brother is going to take someone to you Revenge." [novelusb.Com](#)

Yaoyao stared at Chen Fengfeng in a daze, with a deep sense of anxiety in her eyes, and said, "Big brother, if you go to destroy all the hundreds of people in the Southern Wilderness?"

She seemed a little afraid to hear Chen Feng's answer, for fear that the answer would be unacceptable to herself.

When Chen Feng heard this, he couldn't help but laugh, rubbed her little face, and said, "Yaoyao, where did you think of it?"

"How many people are there in the Southern Wilderness Hundred Clan? Billions, tens of billions, should I kill them all? Your big brother? Am I the kind of cruel and murderous person?"

"Going this time, to put it bluntly, it is to destroy the upper layers of the Black Water Profound Snake Tribe, smash this behemoth to pieces, and restore Nanhuang to its previous situation."

"Even," he looked at Yaoyao, and said word by word: "You are the Queen of Flames. If the Queen of Black Water Mystic Snake dies, you will be the highest in the Southern Wilderness Clan and the most appealing. people."

"At that time, it will not be impossible for the White Elephant Tribe to dominate the Southern Wilderness Hundreds."

"And under your rule of the Southern Wilderness, I believe that they will be in peace with the Tianyuan Dynasty, and for the people of the Southern Wilderness, there will be no military disasters, no heavy labor, no heavy exploitation, and a certain life will be passed. Very good."

Yaoyao's eyes lit up suddenly, and she was pleasantly surprised: "Big brother, is this true?"

Chen Feng smiled and said, "How could I lie to you?"

The heaviness on Yaoyao's face just disappeared immediately, and then she became cheered.

She patted her little chest and said, "You don't know, I was so worried just now, I'm afraid you really want to wipe out all the Southern Wilderness Clan!"

She doesn't care about the hegemony, only the inheritance of the hundreds of people in the southern wilderness.

Chen Feng pinched her nose: "You little fellow, you are not very old, and you have serious concerns!"

Chen Feng hugged Yaoyao in his arms, looked into the distance, with deep eyes, and whispered to himself: "Yaoyao, don't worry, I will go and make a beautiful scene for you!"

This is Chen Feng's real goal. What Chen Feng has to consider is not only to avenge the Tianyuan Dynasty by destroying the Blackwater Profound Snake Tribe, but more importantly, what to do after exterminating the Blackwater Profound Snake Tribe.

He decided to help Yaoyao, who had already awakened the Flame Queen, unify the Southern Wilderness.

I believe that under Yaoyao's rule, the people of the Southern Wilderness will have a very good life, and they will never invade the Tianyuan dynasty again with their previous love.

This can be regarded as a once and for all solution.

This time the expedition went very smoothly. With Chen Feng's strong prestige, no one dared to hinder this southern expedition, whether it was internal or external.

All the rewards were awarded immediately, and a large amount of black, yellow, white pearl rice and a large amount of purple gold divine power bow were replenished in the first time, and the food was very sufficient.

Everyone is equipped with three mounts, which can travel day and night at a very fast speed, three times faster than last time.

Three months later, Chen Feng came to Lanyang City again, rested in Lanyang City for a while, and walked all the way south for another month.

This month's time has been extremely difficult for these troops going south.

Because what they saw was a miserable scene.

There are bones everywhere and burnt towns everywhere. The former prosperous Tianyuan Dynasty has almost turned into a ruin in the south, which makes everyone accumulate anger and hates the Heishui Profound Snake Tribe to the extreme!

When Chen Feng led the army finally to the big river that separated the Tianyuan Dynasty and the Southern Wilderness, it had been four months since he left the Tianyuan Imperial City.

The expedition was still in late autumn, when the maple leaves were dyed red, but now it is already blooming in spring.

Looking at the rushing river in front of this, the hinterland of the southern wasteland on the opposite side that has become verdant because of the arrival of spring, and the endless reed sway in front of the river, Chen Feng let out a long breath. .

He suddenly thought of the scene three years ago.

It is also by the river, and there is an endless reed swamp in front of it.

At that time, three years ago, he had just arrived at Tianyuan Imperial City and had just arrived at the Tongtian River.

Chen Feng looked at the distance, staring blankly, and for a moment, he was a little lost.

Before he knew it, he had been in Tianyuan Imperial City for three full years.

And on the march not long ago, he also spent his 23rd birthday.

"Three years!" Chen Feng sighed with emotion.

Although three years is not very long, Chen Feng has experienced too many things, giving him a sense of vicissitudes of life.

Time really flies.

His eyes were deep and far away: "When I first came to the Tianyuan Imperial City, I was just a small character in the Martial King Realm, and now, my strength is comparable to the five-star Martial Emperor, and it is almost the best in the Tian Yuan Dynasty. One of the strong."

"It's also time to leave here. When the matter is over, I set out to look for the country of Qingqiu, looking for Yuechun and Ruyan."

"Maybe, if you leave this Tianyuan Dynasty at that time, you will never come back!"

Chen Feng sighed and said, "The reason why I have stayed here for three years is that my physical and martial skills have not improved. As a result, my speed is slow everywhere and a lot of time was wasted on the road."

He once again secretly told himself: "We must find another martial arts training in the body type speed category as soon as possible, now it is too slow."

It's just that these martial arts of martial arts are the most rare and treasured. Where are they so easy to encounter?

Soon, Chen Feng led the army across the river and went deep into this wild jungle of the Tianyuan Dynasty.

For a long time, it was actually a very terrifying thing for the troops of the Tianyuan Dynasty to enter the southern wilderness.

[Chapter 2383: Yuechan's Fear](#)

They are far from adapting to the water and soil here, and the poisonous insects and beasts everywhere in it will also bring them great danger, causing them to lose a lot of soldiers inexplicably.

But for Chen Feng, everything is not a problem, because there are Tatamu and Yaoyao here.

Before the army crossed the river, every general came to Tatamu to receive a large number of medicinal materials.

These medicinal materials were prepared by Tatamu himself, and after being applied on the body, not only could they avoid the miasma of the south, but also could keep the common poisonous insects and poisons far away.

This is their unspoken secret of the Southern Wilderness, even in the Black Water Profound Snake Tribe, only a few high-level officials can know.

If it were changed to before, Tatamu would never reveal it, but now he is dazzled by hatred and he only wants to avenge him, now he can't manage that much.

However, after Chen Feng had prepared these drugs, Yaoyao had already seen it and sent it on after confirming that there was no problem.

Soon, the army entered here and walked a distance of almost thousands of miles. Not a single soldier was damaged by the poisonous miasma.

Chen Feng looked at Ta Tamu next to him, smiled and said, "Ta Ta Mu, I really want to thank you this time."

At this time, Ta Tamu's expression was very abnormal, his eyes were flushed, his face showed a trace of abnormal flushing, his nose snorted, and he seemed to be extremely excited.

He said bitterly: "My goal is to destroy the dog **** of the Blackwater Black Snake Tribe. For this reason, I don't hesitate to do anything."

"You don't have to thank me, I do this for myself."

Chen Feng glanced at him, turned his head, did not speak, but a sneer appeared at the corner of his mouth.

He could see that if it were only to destroy the Blackwater Black Snake Tribe, Tatamu would not be so excited at all.

The reason why he is so excited is because of other reasons, and he said just now to cover up his true thoughts.

A sneer appeared at the corner of Chen Feng's mouth: "Look, I want to see when your horse's feet are exposed."

The marching speed of the army was not slow, which was a bit beyond Chen Feng's expectations, but he soon understood the reason.

It turned out that last year, the Heishui Profound Snake tribe army left the Southern Wilderness to go to the Tianyuan Dynasty, and already opened up a spacious road in this difficult jungle in the Southern Wilderness.

This road has passed for a year, and it has not been blocked by plants, and now the five million army is following this old road.

A smile appeared at the corner of Chen Feng's mouth and said, "Thank you for opening the way for us!"

Another month later, Chen Feng finally led the army to the outskirts of the Black Water Black Snake Tribe.

However, he did not immediately start attacking the Blackwater Profound Snake Tribe, but sent out sentries and started to inquire.

Soon the sentry of the Tianyuan Dynasty army clashed with the people of the Black Water Black Snake Tribe, and finally learned about their situation.

"What? Found traces of the army of the Tianyuan Dynasty?" Heishui Xuanshe tribe center, on the holy mountain, in the hall.

Yuechan looked at a general of the Black Water Profound Snake Tribe in front of him, and exclaimed.

There was a flustered expression on her face, even her hands and feet were cold, her whole body was shaking, and the expression on her face was extremely fearful.

Seeing her look like this, the burly general who reported below had a look of contempt flashing in his heart, and he cursed inwardly: "It's a **** thing. It's a big kill in our tribe. Whoever dares to offend you a little bit? I was immediately imprisoned by the nine clans."

"I was scared like this when I heard the people outside. It's really a waste, it will only be stunned!"

But he dared not show the slightest amount on his face. He knew very well that if he dared to show it, then today is the time for his death.

Instead, Jean said respectfully: "Since yesterday, our people have found many strangers. Their clothes, dressing, doing things and even speaking are all different from those of our Nanhuang people."

"I finally caught one today and tortured him a lot, only to realize that he belonged to the Ning Wu Army of the Tianyuan Dynasty. It was a detective. They have five million troops and they have come to our periphery."

"They were released to inquire about our specific situation."

"What? The army of the five million Tianyuan Dynasty?" Yuechan's face was even more terrified, and she trembled: "Have you asked who their commander is? It's not Chen Feng, right?"

The general swallowed and said dry voice: "It's Chen Feng!"

Hearing the words Chen Feng, Yuechan's face immediately showed extreme fear, like seeing a devil.

She shrank back heavily, and said in a trembled voice: "Why is it him again? Why is he here again?"

Even the little girl in her arms trembled.

After a long time, Yuechan waved his hand and said, "Go down first and continue to inquire about the news."

"Yes." When the general left and walked out of the main hall, there was a strange look on his face.*novelUsB.com*

Soon, he got off the holy mountain, turned around, entered a secret courtyard, and entered the house.

And there are already a dozen people sitting in the main hall here, and each of them has a huge aura, and it also shows a sense of being in a high position for a long time.

Obviously, each of them is powerful and their status is not low. Each of these people is a powerful general in the Blackwater Black Snake Tribe.

When they saw this burly middle-aged coming, they all got up and asked, "Tianba, how is it?"

"What else?" Chu Tianba lazily walked to the middle and sat down.

He said lightly: "Sure enough, as expected, as soon as she heard that the army of the Tianyuan Dynasty was coming under the leadership of Chen Feng, she was so scared that she couldn't speak."

There was a sarcasm on her face, and she said, "It's not so prestigious when we are here to kill!"

One of the generals said: "It seems that the previous rumors are true. It is definitely Chen Feng who destroyed the tens of millions of our tribe's army by himself, which made her afraid of this."

"Yes."

Everyone nodded one after another, and there was a strange look on their faces.

It turned out that a few months ago, Yuechan and her Majesty suddenly returned to the Black Water Profound Snake Tribe, but none of the tens of millions of troops who accompanied her had returned.

This immediately caused a lot of discussions in the Black Water Black Snake Tribe, and the people were panicked.

Many people even want to overthrow the queen. After all, the rise of the queen has greatly benefited the Blackwater Black Snake Tribe, but it has also damaged the interests of many people.

However, Yuechan's methods are indeed powerful. Relying on the forces left by the dead wood elders, he has made a group of new forces, and then killed all those who wanted to oppose them.

Character card: Chu Tianba, the strongest among the tens of thousands of captains of the Blackwater Black Snake Tribe, quite prestigious.

Starred by book friend "Blue Wolf", appeared on the 61st floor of the villain building in the book circle

[Chapter 2384: Attack the Zixia tribe](#)

In this Black Water Profound Snake Tribe, the slaying slayed for ten days and ten nights, which can be described as a river of blood.

These cruel methods deterred everyone, and no one dared to offend her again.

However, killing is killing, and her current ruling foundation is much weaker than before.

The people gathered here are all opposed to him. They are all generals in the army. They are very powerful, and their combination must not be underestimated.

The leader among them was Chu Tianba, who was the strongest among the tens of millions of captain-level officers in the army.

Chu Tianba beckoned, and gathered everyone in front of her and whispered, "I see, her position can't be kept. This time, let's not say whether she can win, she herself has no confidence. How can the battle go on?"

"Let's now, I'm afraid we have to make other plans."

Having said that, everyone talked in a low voice.

After Chu Tianba left, Yuechan's face showed a deep sorrow and fear.

She looked at the little girl in her arms, gritted her teeth, and said with a sullen face: "That big wicked man is here again. Where are we going to escape to escape him?"

"He killed your father, and now he's coming to kill our wives again!"

She seemed to have completely forgotten that if he hadn't taken the initiative to attack Tianyuan Dynasty and wanted to kill Chen Feng, how could she have been in such a situation now!

Her face is full of fear!

At this time, outside the Heishui Xuan Snake tribe, in the camp where the Tianyuan Dynasty army was stationed, Chen Feng was listening to the news brought back by the sentinel along the way, and he also had a general understanding of the Heishui Xuan Snake tribe. .

A sneer appeared at the corner of his mouth: "It turns out that Yuechan, your rule has already been shaken!"

"It's right to think about it. You have only been here for more than a year. It took only a few months to unify the Southern Wilderness Clan, and then you hurried to attack the Tianyuan Dynasty."

"When he wins and is invincible, all contradictions can be covered up."

"And when she loses and almost the entire army is wiped out, and when only the two of them come back, everything will burst out. How long can the prestige built by killings be maintained?"

A smile appeared at the corner of Chen Feng's mouth: "If that's the case, then I won't be anxious, and I can add fire to him."

On the second day, Chen Feng led an army of five million to pull out the camp, and disappeared almost overnight.

And just when the spies of the Black Water Profound Snake Tribe were surprised, Chen Feng had already arrived outside the Luoxia Tribe with his army.

The Luoxia tribe was the first big tribe to submit to the Blackwater Profound Snake Tribe, and was very docile to them, so it also won the trust of the Blackwater Profound Snake Tribe.

After all, the Black Water Profound Snake Tribe has limited space. After conquering the hundreds of tribes in the southern wilderness, about two dozen of them moved here.

There is a tens of millions of troops of the Blackwater Black Snake Tribe guarding here, and there are billions of people gathered here.

After Chen Feng came here, he naturally alarmed the defenders here.

They don't know Chen Feng's past achievements, nor have they heard of Chen Feng's methods. They are very confident in their ability to fight in the field. Tens of thousands of troops are pulled out directly, outside of the Luoxia tribe, and Chen Feng's The army confronts!

Seeing this scene, Chen Feng showed a sneer at the corner of his mouth: "It's really reckless!"

He gave an order, and the five million army immediately dispersed the formation.

The five million army was divided into a long snake formation, arranged in five rows, the purple gold divine power bow in his hand was pulled to the end, and it was raised up to the sky.

Chen Feng gave an order, and countless huge clusters of arrows rushed towards the tens of millions of troops madly.

The next moment, the screams resounded through the world.

In an instant, one-fifth of the defenders were destroyed.

Almost all these defenders wanted to be scared. Everyone looked at this scene in disbelief. They didn't expect that their powerful army would be destroyed so much in an instant.

But before they recovered, Chen Feng gave another order: "Purple gold divine power bow, shoot again!"

Dozens of generals under him roared in unison, shaking everywhere.

All the soldiers fired in another round, and millions of huge golden arrows formed a golden dark cloud in the air, and shot fiercely towards the black water mysterious snake tribe thieves.**noVeLus.b.Com**

The screams suddenly sounded again, these black water tribe thieves are not the powerful generation of the queen's guards, they are just ordinary black water black snake tribe soldiers.

Therefore, they couldn't stop the powerful power of the Zijin Divine Power Bow at all.

Each arrow is enough to take the lives of several of them!

The screams continued to sound, and blood was flying.

Millions of soldiers from the Blackwater Black Snake Tribe died.

Then there was another volley.

At this time, the thieves of the Black Water Profound Snake Tribe finally couldn't bear it. They screamed and screamed and fled wildly.

Chen Feng sneered: "Tianwu Sergeant, dispatch! Chase and kill!"

"Yes!" The Tianwu Sergeant hadn't done anything before, just for this moment.

Each of them is riding a double-winged flying tiger, which is much faster than other soldiers, and is most suitable for hunting down.

The thieves of the Black Water Profound Snake Tribe scattered and fled, and they chased them madly behind.

Relying on the advantage of the mount, he easily chased it up, and then easily killed it.

They were all flushed with excitement, with a look of hatred on their faces, and roared: "Kill all you puppies!"

In a blink of an eye, this tens of millions of black water black snake tribe thief army was wiped out.

At this time, the people in the Luoxia tribe also saw the situation outside, and suddenly, the Luoxia tribe became agitated.

Chen Feng said to Zhenmeng next to him: "Go up and spread the word, saying that the Heishui Profound Snake Tribe army has entered the Kou Tianyuan Dynasty and has been wiped out."

"Now, the Heavenly Soldier of the Tianyuan Dynasty has arrived, and the original Saintess of the White Elephant tribe has already awakened and became the Flame Queen."

"Let them surrender, and those who refuse, die!"

"Yes!" Zhen Meng bowed and responded, sending someone to spread the word, the voice rolled away.

In a blink of an eye, everyone in the entire Luoxia tribe knew about this.

So the next moment, a greater riot broke out in the Luoxia tribe.

Many people cheered with surprise and excitement, some even cried with joy, while more people were panicked and didn't know what to do.

It turned out that after Yuechan came back, the news was blocked. Only some powerful people knew something about Chen Feng, and everyone else was kept in the dark.

And no one knew that Yaoyao had awakened the Flame Queen.

[Chapter 2385: The second piece of variegated jade!](#)

At this time, they heard that this sentence was naturally extremely shocking.

Chen Feng asked Yaoyao to display the ontology of the Fire Queen, so that everyone could see clearly, and those who had doubts in their hearts now believed.

Thus, a greater commotion occurred.

In the next moment, the screams of the white elephant tribe suddenly sounded one after another.

Chen Feng looked at it from a distance and found that it was divided into several strands, fighting each other.

Obviously, they had already surrendered to the Blackwater Black Snake Tribe and were forced to surrender later!

Chen Feng didn't care, so he ordered the army to be stationed outside, just not letting the people inside escape.

This killing lasted a full day and night.

It only calmed down the next morning.

But Chen Feng saw that there should be those people who were forced to surrender later, and finally won.

At noon, the door of the Luoxia tribe suddenly opened, and dozens of people came out from it, each of whom was powerful.

The old man in the middle, even though he was already full of white hair, was tall and burly, he looked very powerful and domineering.

He walked up quickly, he saw Yaoyao at first sight, and then immediately let out a pleasant cheer: "Your Royal Highness, it is really you, Your Royal Highness?"

He walked up quickly, knelt directly on the ground with a bang, threw his body on the ground, and worshipped Yaoyao extremely religiously.

Not only him, but everyone behind him was the same, and they were all excited to the extreme.

Yaoyao also let out a cheer, ran forward and took his hand, saying: "Grandpa Yang, you are still alive? You are not dead!"

It turned out that the gray-haired old man was named Yang Xuan.

With a look of shame on his face, he whispered: "Your Royal Highness, it's us who can't help you."

"After we were captured by the Black Water Black Snake Tribe, we were forced by them and had to rely on them temporarily."

Yaoyao smiled and said, "Grandpa Yang, you don't have to blame yourself. There is nothing you can do about it. Didn't I also submit to it temporarily?" **novelUS.com**

Hearing what she said, everyone was relieved.

Yaoyao excitedly introduced Chen Feng: "Big Brother, this is Yang Xuan, the great elder of our White Elephant tribe. His strength is also very powerful, only slightly worse than my grandfather."

Yang Xuan looked at Chen Feng, with a look of awe in his eyes, and asked: "Dare to ask, but in the First Battle of the Southern Wilderness, one person killed tens of millions of Chen Fengchen from the Blackwater Black Snake Tribe. grown ups?"

Chen Feng nodded and smiled: "Yes, it's me!"

This sentence immediately caused a commotion, and everyone's faces showed a touch of consternation.

Elder Yang Xuan said in awe: "When the two demon ladies of the Black Water Profound Snake Tribe fled back, there were rumors that the tens of millions of troops were beheaded and killed by you alone. This seems to be true. "

Chen Feng did not speak, but slowly nodded.

Then, Elder Yang Xuan said: "After we heard your command from your lord, we immediately started to act here. There are more than one billion people in the Luoxia tribe, and they are now under our control."

"The running dogs of the Blackwater Profound Snake Tribe have been killed by us."

Chen Feng nodded and said, "It's so good."

"I wonder what else do you have to order?" Elder Yang Xuan asked.

Chen Feng had already had the draft in his mind, and said in a deep voice: "You will put the people of all tribes back and let them return to their homes."

"Then tell them, let them tell everyone they meet that the army of the Tianyuan Dynasty will help the Flame Queen re-establish the order of the Southern Wilderness Hundred Clan, and help the White Elephant Tribe to become the largest clan of the Southern Wilderness Hundred Clan, the Black Water Black Snake Tribe. Annihilation is imminent."

"Let them understand this in their hearts, and don't help them abuse!"

When Chen Feng said that he would help the White Elephant Tribe, Elder Yang Xuan's eyes widened.

Excited on his face, he trembled and said, "Is what the lord said true?"

Yaoyao was already beside her and said dissatisfied: "Of course what the big brother said is true, how could he lie to me?"

Chen Feng smiled slightly, touched Yaoyao's head, his eyes were full of pets.

He said softly: "I once promised the great witch doctor not only to rescue Yaoyao, but also to help her rebuild the White Elephant tribe."

"Now, I hope I can take it a step further and make the White Elephant Tribe the largest tribe among the hundred races in the Southern Wilderness. As the Queen of Flames, Yaoyao also has this qualification."

"Okay, that's great."

Elder Yang Xuan was so excited that he hardly knew where to put his hands.

He suddenly walked to Yaoyao's side, knelt down, took out a small jade box from his arms, handed it to her, and then whispered a few words in her ear.

Yaoyao widened her eyes and seemed a little puzzled, but then she nodded.

Then, he walked to Chen Feng's side and handed the jade box to Chen Feng. He said crisply, "Big brother, this is the sacred item of our White Elephant tribe, please accept it!"

He glanced at Yang Xuan and said, "If you don't accept it, they won't worry."

When Elder Yang Xuan heard this, Yaoyao had shaken off her foundation, she was immediately embarrassed, she covered her face with her hand, and said in her heart: "This little ancestor, why did you say this?"

When Chen Feng heard this, he couldn't help but laugh: "You little guy!"

He opened the jade box, but suddenly, his gaze stagnated and his face became extremely solemn.

Chen Feng thought it was a treasure. It turned out that he had seen this thing.

This is also a variegated jade piece, the same shape as the jade piece that Chen Feng had obtained before.

It looks like two fragments from the same vessel!

The second piece!

In Chen Feng's heart, there are even more clusters: "What exactly does this variegated jade piece represent? What kind of powerful artifact is they combined?"

"It's just a fragment, it turned out to be the White Elephant Tribe, the holy artifact of one of the three major tribes in the Southern Wilderness?"

However, a flash of shock flashed across Chen Feng's face, and then it became very indifferent.

But at this time, stormy waves have already set off in his heart.

"Oh, this is the holy artifact of your White Elephant tribe?" He asked indifferently.

"Yes." The elder of the White Elephant tribe showed a look of extremely reverence and respect, and said: "This jade piece has been worshipped in our White Elephant tribe for hundreds of thousands of years."

Seeing that Chen Feng seemed a little unconcerned, he was immediately anxious, and said: "My lord, don't think this thing doesn't matter, this thing is very precious."

"Although all of us don't know how to use it, it is passed down from our ancestors hundreds of thousands of years ago. This is a fragment of a very precious holy object."

Character Card: Yang Xuan

"As long as you can put together these pieces, you will be able to get the biggest, core, and most precious secret of the Southern Wilderness!"

There was a fascinating look on his face: "Legend, as long as you get that secret, you can become the strongest in this world!"

"What? The strongest in the world?"

Chen Feng's heart beat fiercely, and tremblingly asked, "What big secret?"

Elder Yang Xuan took a deep breath, looked at Chen Feng, and finally said the secret slowly: "This secret was left by the Southern Wilderness Emperor who ruled the Southern Wilderness a million years ago!"

"Yes, the treasure of Emperor Southern Wilderness!"

"Nanhuang Tiandi!"

Chen Feng was sure that he had never heard of these four words before, but when he heard these four words, he felt a shudder from his heart, and his whole body was covered with goose bumps.

There was even more fear in his heart, as if these four words brought him extreme fear.

Obviously, although the Southern Wilderness Heavenly Emperor was already a million years ago, he was still extremely terrifying, so powerful that Chen Feng could not even imagine it now!

Chen Feng knew immediately that this secret was absolutely true, and that the Southern Wilderness Heavenly Emperor was absolutely unbelievably powerful.

At this moment, Chen Feng was shocked.

Before, he could see from the jade piece of Tatamu that he was afraid of this piece of jade, this piece of jade must be extremely precious, but he did not expect it to be so precious!

Why would you give such a precious thing to yourself?

As soon as Chen Feng changed his mind, he immediately understood Yang Xuan's thoughts. He did this as a gift, so that he could help Yaoyao wholeheartedly and restore the glory of the White Elephant Tribe.

Anyway, for them, this thing is useless.

In the afternoon, Chen Feng took Yaoyao and many powerful members of the White Elephant tribe to leave.

The rest of the White Elephant tribe stayed here.

The people in the other small tribes were all sent out to let them pass the news that Chen Feng had come with the army.

"What? Luoxia tribe was beaten down? Was it beaten down so easily?"

In the holy mountain hall, Yuechan's roar echoed here.

Her voice is extremely sharp, seemingly fierce, but everyone can hear her, her voice is full of indescribable tremors, obviously full of fear.

In front of her, a dozen generals in the army stood there, all bowed their heads and said nothing, letting her vent.

Yuechan walked around on the throne, smashed everything she could see, and seemed to vent her anger a little!

Finally, she waved her hand and said: "You all go down, the dead leaves stay."

"Yes!" Everyone nodded, as if they were granted amnesty, and quickly left. No one dared to stay here any longer, for fear of staying longer, she would be regarded as the object of venting.

You know, there are already a lot of bad luck, they all happened to hit her anger, and they were all pulled out and killed on the spot.

Dead Leaf is a woman, about thirty years old.

She is extremely tall and beautiful, but the lines on her face are extremely cold, full of fortitude!

She looked at Yuechan and said softly and comforted: "His Royal Highness, don't worry too much. There are hundreds of millions of troops in our tribe, not comparable to the 10 million troops stationed in the Luoxia tribe."

"If Chen Feng dares to kill him, I will definitely let him come back and forth."

It's just that she didn't believe what she said.

Yuechan looked at him with a wry smile at the corner of his mouth, and said softly: "Withered leaves, I know you are kind, but you know, we can't win."

"Now that there are internal and external troubles, when the time comes, I don't know how many people will fight back."

"Moreover, the most important thing is that none of our military can match Chen Feng's high-end combat power."

"Chen Feng's strength can't be matched even by Witherwood Elder. If he really wants to attack our Blackwater Black Snake Tribe and kill us single-handedly, none of us can resist it!"

The dead leaves are silent.

Dead Leaf is the daughter of the dead wood elder.

Among the entire Heishui Profound Snake Tribe, she is the only person who is loyal to Yuechan.

Yuechan also relied on her to temporarily maintain the situation and conquer those who are eager to move!

She trembled and said, "Then what should we do?"

Yuechan's eyes flickered, and she gritted her teeth suddenly, and said cruelly: "The Black Water Profound Snake Tribe should give up at that time, then give up. Let's look for the help of the Heavenly Emperor's Tomb Keeper and ask for his protection!"

"What? Heavenly Emperor Tomb Keeper!" Hearing these five words, even if bold as a dead leaf, he shivered violently.

She trembled and said, "His Royal Highness, you, where are you really going?"

"The heavenly emperor's tomb-keeper, will they swallow us directly?"

"No, although the heavenly emperor's tomb guard is extremely fierce, the entire Nanhuang will crawl under his prestige, but he has made an agreement with the three empresses."

"Among the three queens, if someone asks him, he doesn't necessarily have to agree to the request, but if he takes shelter from him, he must be protected."

"This is something imprinted in the blood. When my daughter awakens, I already knew about it."

Yuechan said flatly.

"So that's it." After the dead leaf listened, he sighed and relaxed.

She smiled and said: "If you can take shelter under the protection of the tomb guard of the Emperor, let alone Chen Feng, all the masters of the Tianyuan Dynasty will not be able to threaten you at all."

"That's it!" Yuechan said through gritted teeth.

In the next few days, bad news came one after another.

Those people had already brought the news out, and after hearing the news, the small tribes that had been surrendered by the Blackwater Black Snake Tribe moved by the wind and betrayed the Blackwater Black Snake Tribe.

Almost within a few days, all the Southern Wilderness Clan had all recovered to the state before being conquered.

The area controlled by the Blackwater Mysterious Snake Tribe has shrunk greatly, and it has shrunk to only their headquarters!

At this time, Chen Feng had led an army to the headquarters of the Black Snake Tribe.[novElusb.com](http://www.Elusb.com)

On this day, Chen Feng left the camp and went to observe nearby, but suddenly his eyes were fixed, staring at a place in the distance.

Then, a look of surprise appeared on his face.

The next moment, the color of surprise turned into a touch of shock and excitement: "So there is such a coincidence!"

A smile appeared at the corner of Chen Feng's mouth, and then he took out a jade volume and turned to a certain page to compare it with the surrounding mountains and rivers.

[Chapter 2387: Scarlet Soul Soul!](#)

On the jade book is a pattern, depicting a place where there are undulating mountains and ups and downs of water.

And if you look carefully, you will find that what is depicted on the pattern is almost exactly the same as the mountain range about dozens of miles away on Chen Feng's right hand.

Chen Feng became more certain.

The chuckle at the corner of his mouth rippled into laughter: "God really cares for me, I actually discovered it, and there is an artifact here!"

It turned out that the volume of jade book in Chen Feng's hand was an atlas that was presented to Chen Feng by the chief officer of the Soldiers Auction House and recorded the locations of various artifacts.

It records the places where many kinds of artifacts are located, and there are more local topographic descriptions.

However, Chen Feng never expected to find it.

After all, it is too difficult to find, there are thousands of Dashan Daze, how can it be such a coincidence?

Chen Fengguo really had great luck, and he actually found a place for the soul of the weapon.

Chen Feng immediately returned to the camp, settled down what was in his hands, and then headed towards the mountain.

Soon, more than a hundred miles deep into the mountains.

And the deeper it goes, the more sure Chen Feng is that this is definitely the place recorded in the album.

The terrain has become more and more consistent, without any discrepancies.

Soon, Chen Feng determined that this was the place he was looking for.

Then, after another three hours, Chen Feng delineated the scope of the picture.

The range in the picture is about an area within a hundred miles.

It's just that Chen Feng walked back and forth many times within a hundred li radius, almost every inch was inspected, but he found nothing.

Chen Feng raised his brows and said, "It's impossible. Is it possible that after a long time, the soul has already left this place?"

But then he denied this idea, and said to himself: "These souls are generally very old-fashioned things. Usually, where their master's weapon falls, they will linger wherever they are. Little will leave here."

"So, he is probably still here."

He looked around, suddenly his heart moved, patted his head, and laughed a little at himself: "I really want to go wrong."

"Since this soul is a soul, it is of course very difficult for me to find it by normal means."

"However, I have some other means here!"

As he said, the power of his soul suddenly exploded.

Then, with him as the center, the Soul Man space suddenly appeared.

At this time, Chen Feng's soul space had already reached twenty miles, and he immediately covered a large area within the hundred miles.

In the next moment, everything in the soul-man space was invisible in front of Chen Feng, and he knew it clearly.*nOVelusB.com*

A smile appeared at the corner of Chen Feng's mouth, and he whispered, "Within these twenty miles, there is no trace of a remnant soul."

Then, Chen Feng's figure flashed, and moved to a nearby area, once again covering the twenty-mile range into his soul-man space.

Nothing found here either.

Chen Feng's speed was extremely fast, but in a moment, he explored more than half of this hundred-mile range.

And when he moved next time, suddenly, the sudden change occurred!

Chen Feng's soul-man space seemed to have been hit hard.

With a boom, it shattered directly and disappeared without a trace.

Chen Feng's mind was like being pierced with a needle, and it hurt to the extreme in an instant!

At this time, Chen Feng suddenly felt that there was a sudden change in front of him.

In an instant, all the scenery in front of him disappeared without a trace, and replaced by a red.

Red like blood.

The mountains and plains, the sky and the earth, boundless, seem to extend from the nine secluded depths of the underground to the highest point of the sky!

The boundless blood spread out in an instant, like a sledgehammer, and hit his eyeballs fiercely.

At this moment, even Chen Feng was in a trance!

In front of him, only red was left.

That is the color of ultimate killing.

And with the arrival of the red, it was a vicious and wicked one to the extreme, an evil to the extreme, tyranny to the extreme, and it was also full of emotions of boundless killing, which hit his spirit fiercely!

Chen Feng was so shocked by the emotion that he took a few steps back, and a mouthful of blood came out.

Chen Feng was shocked: "What kind of emotion is this? What kind of strong killing intent is this? It was able to create a scene of a sea of blood directly in front of me!"

Then the next moment, Chen Feng saw that an afterimage slowly rose up in this sea of blood.

This afterimage was a huge **** sword soul.

This sword soul is thousands of meters high, just like a mountain, extremely narrow, extremely long, and extremely sharp!

And above the soul of this sword soul, there are large and small gaps, showing that he did not know what kind of killing he had experienced before.

Above the blade, there was intense killing and evil emotions.

He stared at Chen Feng, and his voice slowly rang: "You **** thing, I was hiding here, and I don't want to come into contact with anyone. You search here, and I try to hide as much as possible."

"And you have to force me!"

"In that case, so good!"

His voice became fierce and cruel: "Then I will kill you!"

A burst of jealous laughter rang out: "It just so happens that I have not drunk human blood in hundreds of years!"

There was a sound of flowing air in the air, as if he took a deep breath, and the sound was full of intoxication: "What a delicious blood, it is full of powerful power!"

"I feel even more that there seem to be strands of golden threads flowing in your blood!"

"Ah, your blood is so strong, to me, this is simply the best wine!"

Chen Feng stared at him with a smile on the corner of his mouth, and said faintly: "It's pretty beautiful to think about, but today, I don't think I was killed by you, but you were surrendered by me and used for me!"

"Bold!"

With these four words for me, it seemed that the blood-colored blade was hurt by direct contact.

With a sharp roar, the Scarlet Soul Soul slashed towards Chen Feng.

He directly attacked with his body.

The knife was cut out, the world changed color, and a **** vortex appeared directly above the sky.

Chen Feng suddenly narrowed his eyes.

With this knife cut out, there is a four-star martial emperor's pinnacle power!

Then, the look on Chen Feng's face turned into a relaxed look.

He laughed loudly: "It's just a four-star Wuhuang peak-level offensive. What fear do I have?"

With that, in front of Chen Feng's body, four wisps of orange power of heaven and earth suddenly appeared.

[Chapter 2388: Powerful Scarlet Soul of the Sword!](#)

Chen Feng shot out with a fist.

At this moment, he did his best, intending to surrender the **** sword soul as quickly as possible.

The power of the four rays of heaven and earth has already surpassed the offensive of this **** sword soul.

Chen Feng is confident that he can directly defeat him.

But the next moment, just when the blood-stained soul was about to fall on Chen Feng, suddenly, two huge red dots flashed on it.

It was as if the demon opened his eyes and blinked.

Then, in an instant, Chen Feng felt that an incomparably powerful mental force directly impacted on him, causing him to lose consciousness for a moment.

At this moment, his body froze.

Can't move.

That being the case, the offensive of the charge will naturally dissipate.

The Scarlet Soul of the Sword fell fiercely on Chen Feng's body, and Chen Feng was directly cut out of a three-foot-long bone wound.

Cut from the left shoulder to the right waist.

Even the internal organs can be seen clearly, flesh and blood are surging, blood spurts wildly, and it is extremely miserable!

This encounter caused Chen Feng to be seriously injured.

Chen Feng was directly cut and flew out!

Scarlet Soul Blade was extremely proud, and at the same time he laughed arrogantly: "Little boy, you are not my opponent at all, do you understand?"

"Later, I will cut you like this again and cut you in half!"

"Then, cut again from the opposite direction, cutting you into four pieces!"

"Hahahahaha!" He seemed to have seen Chen Feng cut into four pieces by him, and he was extremely proud!

He was very arrogant, did not put Chen Feng in his eyes at all, and even directly stated the offensive he was preparing to carry out.

Because in his opinion, even if Chen Feng knew what he wanted to do, that would definitely not be able to stop him.

The next moment, Scarlet Soul Blade slammed into it again.

But Chen Feng was shocked, and a voice exclaimed: "The ability of this Scarlet Soul Soul is very strange!"

"The moment the blade approaches, it can shock my heart and make my body temporarily imprisoned. This ability is too powerful!"

"I am not afraid of the power of his offensive, but this ability is too bad!"

However, in Chen Feng's eyes, there was a sudden flash of divine light: "Do you think this can deal with me? It's too naive to think?"

But Chen Feng remained silent, waiting for the **** sword soul to be cut down.

It was another knife, and the feeling of being shocked was passed over!

This time, Chen Feng still did not evade, and another huge scar was cut out on his body.

The two scars formed a cross on her body, almost cutting him into four.

After being slashed by this knife, Chen Feng once again vomited crazily and blood flew out, already seriously injured and dying!

At this time, Chen Feng's eyes flickered: "I know, I see how your mental power is used, next time, I will kill you!"

The Scarlet Soul of the Sword didn't realize it, and it uttered an incomparably hideous roar, slashing once again with great pride!

Just as the Scarlet Soul Blade was about to fall on Chen Feng again, two huge red lights flashed once again above him.

As the devil blinks!

Chen Feng's gaze flashed, "It's now!"

In the next moment, he set up a defense in the spiritual world and immediately entered the spiritual world.

Then he felt that, like a long needle, an extremely sharp and evil mental power was directly thrown into his spiritual world!

This needle pierced into Chen Feng's spiritual world, and immediately began to tremble rapidly.

Shaking constantly, and still stirring.

He seemed to want to mess up Chen Feng's spiritual world, or even completely destroy it.

Chen Feng immediately understood: "It turns out that this move is not only an ordinary physical attack, but also a mental attack! No wonder it is so powerful!"

But at this moment, Chen Feng showed a sneer at the corner of his mouth. It was already a transparent light that was ready to go. He swiped it and rushed directly.

Directly hit the long needle of spiritual power!

Even though the long needle made of spiritual power is very powerful, how can it be compared with the spiritual power of a second-level soul sect?

His body was hundreds of times the transparent divine light, and after hitting it, he shook violently and screamed.

Even the body shape was shaken to almost collapse.

He turned around and was about to run away, screaming in bursts, and the transparent divine light quickly rushed on, and hit again.

At this moment, he directly smashed him into a breakdown, completely falling apart, becoming the most original spiritual power!

Then, he was swallowed directly by the transparent divine light.

The size of the transparent Shengguang has increased by about ten feet.

And all of this, between the electric light and flint, seems troublesome, but in fact it is only a matter of a few tenths of an hour!

Then the next moment, Chen Feng left the spiritual world and returned to reality.

At this moment, the Scarlet Soul Sabre, who was about to smash in front of him, uttered screams and screams, which seemed extremely painful.

The **** sword soul hovered in front of Chen Feng, but he couldn't cut it down.

He can only care about screaming, how can he manage Chen Feng?

Chen Feng stood up at this time. He was covered in blood, his internal organs could be seen from his injuries, and his body was barely able to support him. He coughed violently.

A large amount of blood mixed with blood clots poured out from his mouth.

But Chen Feng's face was smiling, he knew that he had severely injured this **** sword soul!

Chen Feng looked at Scarlet Soul Sabre and smiled slightly: "What are you capable of now? What can you do with me?"

Scarlet Soul Blade trembled frantically, his body twisted, he couldn't even speak, so where could he attack?

Chen Feng smiled slightly, and the four rays of the power of heaven and earth shook out, bombarding him.

At this time, the Scarlet Soul Blade made a miserable cry, and the whole began to shrink violently.

With the next bombardment, the Scarlet Soul Sabre soon changed from a full kilometer high to a size of no more than two meters.

Chen Feng took another blow, hitting it even harder.

Seeing the next moment, he almost shrank into a round ball, and he could no longer fight back.

At this moment, suddenly, Chen Feng felt an extremely dangerous aura.

He wanted to dodge, but after being seriously injured, he was not strong enough, not even one-tenth of what he had before.

Even if he wanted to hide, he couldn't hide, and was hit by this powerful force.

Chen Feng let out a muffled hum, staggered back a dozen steps, hit a boulder hard, and smashed the boulder to pieces.

And he was also vomiting blood crazily, with countless wounds added to his body, he fell heavily to the ground and couldn't even stand up.

[Chapter 2389: Knife out, drink blood!](#)

Chen Feng was so frightened that someone was attacking him.

However, Chen Feng didn't feel any panic at this time, but his eyes were calm and he looked in the direction of the force.

I saw that a huge man with a height of five or six meters came out from behind a large rock. He looked at Chen Feng with a smug smile on his face, and he gave out a haha laugh:

"Chen Feng, Chen Feng, I have been following you for so long, and finally let me succeed today! Hahahaha!"

His laughter was full of venting and madness. He stared at Chen Feng and shouted ferociously: "Do you know how much I took to kill you?"

"Do you know how much effort I spent following you along the way? How much fright did I have, for fear of being discovered by you?"

"I'm almost desperate, thinking that I can't kill you, but I didn't expect that I will kill you after all today!"

"Hahahaha, I'm so happy!"

As he said, he walked to Chen Feng and suddenly grabbed Chen Feng, and his fist hit Chen Feng's chest and stomach.

Bang-bang-bang, hitting more than a dozen punches one after another, each punch shot Chen Feng blood violently, and his injuries were even more serious.

Chen Feng's chest, belly, and even had been beaten by him, and there was no good piece of meat on his body.

Then, he smashed Chen Feng heavily on the ground, looking at his blood-stained fist, his eyes were like a madman: "This is the feeling of beating a strong man, right?" *nOVelUSb.com*

"I really didn't expect to be able to beat you like this in my life, hahaha, that's great!"

Chen Feng was already dying from the beating at this time, and her physical pain almost overwhelmed her, but his heart was still extremely calm, and his thinking was so calm that he was even a little surprised.

He looked at this sturdy man and said lightly: "Who are you? I never remember meeting you, why did you follow me? Want to kill me?"

Guta stared at Chen Feng and said coldly: "My name is Guta, I was born in the Southern Wilderness, but I'm just an ordinary small tribe."

"Now that small tribe has long been wiped out."

Chen Feng said faintly: "What hate do I have with you?"

"You have no hatred with me. In fact, after I left the Southern Wilderness, I came to the Tianyuan Dynasty and have been playing for your so-called Prince Zhanxing."

"Oh, it was because of him?" Chen Feng thought he had found the answer.

"No, it's not because of him." A disdainful smile appeared at the corner of Guta's mouth: "What is he?"

"I am not his subordinate, the two of us belong to a cooperative relationship!"

"He did come to ask me to kill you, but after I knew your strength was strong, I gave up this task by myself, and after he died, I would never kill you, let alone take revenge for him! "

Guta suddenly showed a frenzy on his face, staring at Chen Feng and said: "Do you know why I want to kill you? Because something fell on you."

At this moment, a light flashed in Chen Feng's mind, and he exclaimed: "Is it because of that thing?"

"Yes, it's because of that!"

Guta stared at Chen Feng with a greedy look on his face: "After you killed Prince Zhanxing, there was a chaos in Prince Zhanxing's mansion. I took the opportunity to sneak into the mansion and want to steal a batch of his most precious jewelry."

"In the end, I didn't expect to find a book among those treasures."

"In the books, the language is unclear, and there is not much recorded, but it is said that there is a treasure of the Southern Wilderness in the Southern Wilderness. Those who obtain the treasure of the Southern Wilderness Heavenly Emperor will surely become the supreme master and rule the entire world.

"Furthermore, the clues to the treasure of the Southern Wilderness Heavenly Emperor are on some variegated jade pieces. If people see this, they will only consider it a legend.

"But the small tribe I came from, although small, has a long heritage. I know many ancient secrets of the Southern Wilderness, and I know this is not a legend, but a truth."

"It's just that, although I knew it before, I never knew it so clearly."

"After receiving this news, I explored everywhere and finally learned that one of those variegated jade pieces was hidden among a group of southern wilderness merchants who were born in the southern wilderness but hidden in the Tianyuan imperial city."

"I hurried to the place where they live, but I didn't expect them to be served in a pot by you long ago, and the jade piece fell into your hands."

He gritted his teeth and said: "The reason why I tracked you like this, as I deliberately wanted to kill you here, is to get that jade piece!"

He laughed, very proud: "I got a piece of jade by chance on my way to the Southern Wilderness, and if I kill you, I will have two pieces."

"I have already gathered a part of this clue, and I will have the opportunity to enter the treasure of the Southern Wilderness Heavenly Emperor and have no inheritance!"

Chen Feng felt this in his heart. It was for this reason!

"But, now, I want to subdue this weapon soul first, it just so happens that I also have a weapon without a weapon soul."

He looked at Chen Feng and said triumphantly: "Thank you also for conquering him like this for me, so that I can pick a bargain!"

As he said, he bent over and grabbed the weapon soul!

At this time, Chen Feng's eyes suddenly flashed a cold light, which was extremely sharp.

Just like the lightning that pierced the night sky!

He gritted his teeth, and a voice echoed violently in his heart: "It's now! It's now!"

Chen Feng's figure suddenly rose.

The aura on his body was dying, extremely weak, like a candle in the wind, but at this moment it flashed like a blade.

Although not large, it is extremely sharp and extremely sharp.

The next moment, a long knife was taken out of his waist and slashed through it.

This knife, how fast did it arrive, it reached the extreme!

The extremely thin and fast sharpness of the Murder Knife struck Guta's throat directly.

The ancient pagoda's throat was like a breach in a levee, blood shot out directly from the inside, spraying Chen Feng all over his face!

Guta only felt a flash of white light swept across the corner of his eyes, and then the next moment, he suddenly felt cold in his throat, and his body strength was also losing out at an extremely fast speed.

His eyes widened, his heart filled with extreme fear, his mouth opened wide, as if he wanted to say something.

But there was only a hehe sound in his throat, and there was still a huge wound more than a foot long in his throat. Blood spewed crazily from the inside, and bubbles gushed out.

He pointed to Chen Feng, and finally squeezed a few words into his throat: "You, you, I regret it!"

An expression of regret appeared in his eyes, regretting why he didn't kill Chen Feng, and regretting why he wanted to show off like this!

[Chapter 2390: The third variegated jade piece](#)

The next moment, his body fell heavily to the ground, shaking the ground.

The vitality in his eyes is also gradually fading.

But he still trembled and raised the variegated jade piece in his hand.

The jade piece was shining with mottled brilliance in the sun, reflected in his eyes, like a colorful dream.

For him, this jade piece really entrusts a dream, the dream of becoming stronger.

He looked at the variegated jade piece in his hand, his eyes softened, and finally, it turned into a deep regret. Finally, a few words were squeezed out from his throat: "Jian, Jian... .."

Chen Feng was covered in blood at this time, he fell on the ground, exhausted the last trace of strength, and fell down there.

But he opened his eyes and looked at the sky, but there were bursts of smiles on his face, and he laughed loudly: "I killed him! I fight back, I won! I survived!"

There was no defense under the pride of the ancient tower, even with the strength of the four-star Wuhuang, he was still beheaded by Chen Feng.

The Murder Knife cut his throat without the slightest stagnation.

Live up to the name of the murder knife!

Seeing the look of the ancient pagoda at this time, Chen Feng suddenly moved in his heart and shouted sharply: "What to build? What to build? You make it clear, what is to build?"

However, Guta's body trembled heavily, his vitality was completely cut off, and he never said anything!

Chen Feng panted on the ground for a long time before standing up.

He came to the ancient tower and brought the jade piece in his hand.

Opened his palms, a small variegated jade piece appeared in it, exactly the same as the one in his hand.

A smile appeared at the corner of Chen Feng's mouth: "Now I have three variegated jade pieces in my hand!"

He pieced it together a bit, and found that these three jade pieces could already be pieced together for about a half. *NOVELUSB.Com*

Chen Feng estimated that there should be about ten such variegated jade pieces.

"Treasure of the Southern Wilderness Heavenly Emperor, you must be mine!" Chen Feng's voice was very soft, but full of determination.

Then, Chen Feng picked up the **** sword soul again.

This group of **** sword souls was already very weak at this time and had no power.

Chen Feng pressed the **** soul of the sword on the murder knife, and then took a deep breath.

He followed the method Zui Jiu Niu taught him, whispering softly in his mouth, waving his hands one after another, all forming a mysterious seal, and the mighty power of heaven and earth is in it, enveloping this little **** sword soul .

Then the next moment, he instilled fiercely into the murder knife, as if he was going to press him in fiercely.

As a great casting master counted throughout the Tianyuan dynasty, Zui Jiu Niu naturally had a method to pour the soul of the weapon into the weapon.

Other people's perfusion device souls are cautious, some even ask grandpa to tell grandma to let the device soul enter, and others will lure the device soul into, but the method of drunken nine cows is extremely simple and rude.

Just one word: plug!

To squeeze the soul into it abruptly, of course, to do this requires a strong strength.

And precisely, Chen Feng has such a powerful strength!

The Scarlet Soul Soul was naturally very unwilling to be stuffed in. He seemed to feel that as long as he entered, he would lose his freedom.

However, he couldn't help it. Chen Feng's power of heaven and earth slammed it in.

Finally, a small part of his body went in, and he struggled and screamed to get out.

Chen Feng let out a roar, and the power of heaven and earth finally surged out, squeezing him in.

He let out a short scream, then disappeared.

And the next moment, Chen Feng saw a red light circling rapidly above the murder knife.

It flowed around from head to tail, and the next moment, the **** light became extremely hot, and it rose straight into the sky.

This killing knife is instantly full of spirituality!

A smile appeared at the corner of Chen Feng's mouth, and he said softly: "Now that the **** soul of the sword enters the killing knife, the killing knife has spirituality. It used to be just a particularly sharp and powerful weapon, but now it is like alive. It's average."

He shook the killing knife in his hand, and suddenly, the blade moved, glowing red.

Among them, there is a murderous aura directly rippling out, shocking people!

Chen Feng sighed slightly, his hand slashed over the blade, and that murderous aura seemed to want to bite Chen Feng back.

Obviously, even though the Scarlet Soul Soul had been pushed into the Murder Knife by him, he was still a little unconvinced.

Chen Feng laughed loudly: "You are not convinced, are you? Then let me bear it!"

He swung the killing knife twice, and the blade slashed through the air. There was no sound, and it was silent to the extreme.

At the same time, a spiritual force pierced out directly.

Chen Feng was very satisfied. He smiled and said, "Now that I have a weapon soul, this murder knife has one more ability, that is, it can attack the enemy while sending out a tyrannical mental wave."

"Consolidate the growth needle with mental strength and pierce the opponent's spiritual world, making them stagnate for an instant, and lose their mind!"

"Even if I have such a huge mental power, I have been inadvertently, let alone others."

"I want to test its power, but now is not the time."

Chen Feng put the killing knife in the sheath, and then returned to the camp.

The time spent on this journey almost exhausted Chen Feng's strength. When he approached Daying, he felt his head dizzy and the pain between his chest and lungs was extreme.

Every exhale and inhalation is a pain like a knife cut in internal organs.

Finally, avoiding the sight of everyone, returning to the big tent, Chen Feng almost entered, and his body fell heavily to the ground.

At the same time, he heard a soft exclamation, which was Yaoyao's voice.

Hearing Yaoyao's voice, Chen Feng immediately relieved his heart and fainted directly!

His injury is too serious.

When Chen Feng woke up again, he felt cool all over his body.

In the internal organs, on the surface of the body, the hot feeling has also disappeared.

Chen Feng opened his eyes and saw Yaoyao standing by the window, looking at herself with concern. After seeing him wake up, Yaoyao immediately showed a relieved expression on her face, and said softly:

"Big brother, you finally woke up, but you are so worried about me."

Chen Feng smiled slightly and reached out and pinched her small face.

He lowered his head and saw that his body was covered with all kinds of medicine mud.

Although I did not swallow the pill, the efficacy of these medicinal muds is not worse than that of the pill.

At least, Chen Feng felt that he had recovered a few percent of his strength now.

He smiled and said, "Yaoyao, you did this?"

Yaoyao raised her small chin, with an expression of complimenting me, Tsundere said, "Of course."
