

Peerless 2411

[Chapter 2411: Emperor Nanhuang!](#)

In the next moment, Chen Feng no longer hid, but rushed directly towards the treasure house of the Southern Wilderness Heavenly Emperor at an extremely fast speed, and rushed directly into the range of Baili.

Teng Snake's body shook, he seemed to feel a little abnormal, but at this time, he was in full swing with the yellow bird, it was intractable, and he was unable to distinguish this matter.

Immediately afterwards, I left this thing behind!

Chen Feng rushed towards the treasure house of the Southern Wild Emperor at an extremely fast speed, and stopped when he was about a hundred meters away from the treasure house of the Southern Wild Emperor.

At this time, the treasure house of the Emperor of Heaven was in front of him, and Chen Feng's heart suddenly went from extremely hot, extremely excited, and extremely calm.

The whole person is like a puff of ice and snow, without the slightest emotional fluctuations, so calm to the extreme.

Chen Feng counted: "One hundred ninety seven, one hundred ninety-eight, one hundred ninety-nine, two hundred!"

At this time, two hundred breaths have passed since Chen Feng's departure, and the situation above the sky changed suddenly.

Teng Snake and Yellow Bird fought tightly together again, it was inextricably difficult to distinguish, and both were seriously injured.

Their battle has entered a fever pitch, and it is completely stuck!

"It's now!"

Chen Feng's figure jumped up suddenly, he couldn't cover it anymore, and he couldn't cover it anymore.

Even Chen Feng took down the longevity flower dress directly, and he rushed directly to the treasure house of the Emperor of Heaven.

An incomparably strong flame lingered around the treasure house of the Southern Wilderness Heavenly Emperor. The moment Chen Feng passed through, he felt that he had been burned alive.

But Chen Feng gritted his teeth and passed through.

He came to the treasure house of the Emperor of Heaven. The treasure house of the Emperor of the Southern Wilds was so majestic, heaven and earth, but Chen Feng simply couldn't care about it.

He took out the key directly and pressed it directly into the ring on the door.

The key was pressed into the ring, and it was a perfect fit, and it was submerged in an instant.

Feeling the breath of the key, the entire Southern Wilderness Heavenly Emperor's treasury violently oscillated.

Then, the door of the Emperor Treasury made a rumbling sound that day, it was actually rolling open.

At this time, the snake and the yellow bird above the sky also saw the situation here.

Teng Snake's eyes were about to split, and he was extremely angry. He let out a stern roar and an angry voice in his throat: "Where is the **** dog?"

"Dare to covet the treasure house of the Emperor of Heaven, I killed you! I want you to die without a place to be buried!"

With that said, he was about to break free of the yellow bird and rush towards the treasure house of the Southern Wilderness Heavenly Emperor.

And as long as he rushed over, Chen Feng was absolutely dead, and his breath fluctuation could kill Chen Feng.

At this time, the yellow bird made a sweet sound, which was still the voice of a woman, crisp: "With me, you still want to run? Can you run?"

Her voice was extremely cold.

As he said, the two huge claws of the yellow bird clasped firmly on his body.

Teng Snake was already entangled with her tightly. At this time, what Huang Bird should do is to break free. Instead, she buckled Teng Snake's body and brought him closer to herself. The two were even more entangled. Together.

Teng Snake couldn't break free.

The huge and cold voice of the yellow bird sounded: "That humble human boy, quickly take away his most beloved thing, and I will entangle him for you."

Chen Feng laughed loudly: "Thank you senior!"

"What's your name, senior? Call me the old man! Call me sister or sister!" Huang Niao groaned.

At this moment, the huge gate of the Heavenly Emperor Treasury had already cracked a gap.

Chen Feng flashed around and went straight in.

After entering, Chen Feng suddenly felt dim and dim, and the stars shifted, and he seemed to have come to another world.

And soon, Chen Feng knew that he had indeed come to another world!

After coming here, Chen Feng only thought of four words instantly, that is: under the sky!

At this time, Chen Feng seemed to be standing in an endless field, the sky was pitch black, and countless stars flickered on it.

At this moment, the beauty reached the extreme, and the magnificence reached the extreme, and Chen Feng was even a little bit shocked by the beauty.

He stared at all of this blankly, forgetting everything for a moment!

The little starlight finally converged, forming a huge pattern.

This is a very tall figure, this figure, wearing an ancient clothes, wearing a crown of heaven, looks very majestic.

His gaze was out of focus at first, but then slowly regained its spirit.

Chen Feng suddenly felt shocked. Obviously, this person could not be a real existence. He could only be an image or a memory left by a previous person.

Generally speaking, such memory is absolutely impossible to have any self-consciousness.

However, this person gave Chen Feng the feeling that he was completely emotional, completely thinking, and a living person.

Being able to brand a piece of memory into this way shows how powerful this life was before.

This tall figure looked down at Chen Feng with piercing eyes. Suddenly, he raised his brows and looked at Chen Feng, with a hint of surprise in his eyes.

It took a long time before he spoke.

His voice is majestic and domineering: "I am the Emperor of the Southern Wilds!"

Chen Feng looked at him without saying a word, just waiting for him to continue speaking.

And he obviously didn't expect Chen Feng to say anything. He seemed to be lost in the memory, his eyes looked into the distance, it was hollow and deep, far away.

After a long time, he went on to say: "You can enter here because you have destiny with me."

He suddenly listened for a moment, seeming to be listening to the outside voice, and then said: "I seem to hear the beast roaring crazy outside. He seems to be very unwilling to let you in."

Chen Feng nodded and said, "Yes, during the time I was waiting here, I saw him hit the Heavenly Treasury with his head more than once and wanted to come in."

"What a wicked animal!" The expression on Nanhuang Tiandi's face turned cold, and said lightly: "I know that he has always coveted everything about me."

"Even, I thought about devouring me to make him himself."

When Chen Feng heard this, he couldn't help being shocked, the relationship between the Southern Wilderness and Teng Snake was really complicated!

Teng Snake even thought about devouring him?

This martial spirit is really powerful!

Chen Feng had never heard of the martial soul who wanted to devour his master.

Nanhuang Tiandi continued: "When I was still alive, he didn't pass on all my inheritance to him, he was full of grudges."

"Unexpectedly, after so many years, he still has not changed!"

He opened his mouth as if he wanted to say something, but hesitated.

[Chapter 2412: The first treasure!](#)

Chen Feng said: "Senior, if you have any words, just say it directly. Within the scope of your ability, I will do it for you properly."

The Emperor Nanhuang Tian sighed with a sigh and said, "That evil animal, if it threatens the world in the future, kill him!"

"If he doesn't harm others in the future, then if you can spare his life, then spare him."

There was a touch of compassion in his eyes, and he said, "After all, he has been with me for so many years, and I can't bear to watch him have an accident."

Chen Feng nodded and said, "The junior agreed."

Anyway, if the snake is trapped here, there will be no harm if you don't leave here, after all, there are no people around here.

The Emperor Nanhuang Tian looked at him with a touch of relief in his eyes: "Although I don't know what you have gone through these years, I recognize you."

"I can vaguely guess some of your past."

He looked at Chen Feng and suddenly smiled, smiling very gently.

"Today, let's make a good bond. After all, we may still have a chance to meet in the future."

When Chen Feng heard these words, he was shocked. He vaguely felt that he had touched the secrets of his life experience, as if he had touched one of his deepest and most fundamental secrets.

He exclaimed: "Senior, please help me out, what do you mean by what you just said?"

"Do you know where I came from?"

The Emperor Nanhuang Tian laughed loudly: "You will naturally know in the future, I can't disclose this."

"However, what I can tell you is that your life experience is definitely not as simple as you think. Your origins are far more terrifying than you can think of!"

"Your so-called father is not your father at all."

When Chen Feng heard this, his whole body was transparent, very comfortable, and ecstatic.

He hated Yun Potian so much that he wanted to kill him last time.

It's just that there is still a trace of worry in his heart, because in any case, Yun Potian is his father.

Now, Chen Feng had no worries.

Nanhuang Tiandi continued: "Now, let me promise you something! But you have to remember that this is only the first level."

"My treasure house of the Southern Wilderness Heavenly Emperor, but there are full eight layers, the remaining seven layers of benefits, you can explore it yourself!"

As he said, with a roar, the body of Emperor Nanhuang Tian directly shattered and turned into the starry sky again.

Among the stars in the sky, there were three points of starlight that were exceptionally bright, and flew towards Chen Feng with gleaming light.

At the same time, Chen Feng actually felt a very familiar feeling from these three points of light, that was the feeling of the Dragon-Dragon Arhat scripture!

Chen Feng suddenly exclaimed in his heart: "Could it be possible that it is actually the Scripture of the Dragon and Arhat?"

Chen Feng didn't have time to think about it, the power of the dragon descending Arhat naturally circulated in his body, and feeling the breath of the power of the dragon descending Arhat, the three stars immediately became brighter and flew over more happily.

After arriving at the front, Duo Duo Duo made a few noises directly into Chen Feng's body.

In the next moment, Chen Feng saw that three walls in the training space of the Dragon-Dragon Arhat Scriptures were directly lit up.

Chen Feng was ecstatic, knowing that he had gained three powerful new martial arts.

However, he was too late to see what it was.

Chen Feng knew that time was very tight, and he was leaving now.

As a result, he flashed away and reappeared outside the treasure house of the Southern Wilderness Heavenly Emperor.

The gate of the Heavenly Emperor's Treasury was closed again with a bang, and the key flew up and fell in Chen Feng's arms.

At this time, the time outside was even just a hundred breaths past.

Obviously, the time inside and outside is absolutely out of sync.

This treasure house of the Southern Wilderness Heavenly Emperor is an independent space, even an independent world!

Chen Feng looked up to the sky. At this time, the fierce battle was still in the sky, and the yellow bird and the snake were inextricably fought.

Both have been seriously injured, and their injuries are extremely serious.

After taking a glance, Chen Feng didn't hesitate at all, and ran away at the fastest speed.

At this moment, Yuechan, who was hiding in the distance, could see Chen Feng's face clearly and exclaimed: "Is it you? Chen Feng? It turned out to be you!"

Chen Feng ignored her, but ran outward at the fastest speed.

The clear and clear voice of the yellow bird sounded again: "Little guy, run quickly, I can't pester him for long."

Chen Feng shouted: "Thank you, senior!"

During the fierce battle, Huang Bird did not forget to correct it: "Don't call senior! Call sister!"

In a blink of an eye, Chen Feng had disappeared on the edge of Jianmu, among the lush foliage.

Obviously, he has left along Jianmu.

At this time, seeing Chen Feng leave, Huang Bird seemed to be relieved.

She held it for a while, basically near the end of the crossbow, and could no longer trap Teng Snake.

With a bang, Teng Snake's tail slammed on the yellow bird's body frantically, knocking her into a twitch, and involuntarily loosened her paw.

Tengshe finally escaped from her bondage.*nOvEluSb.cOm*

It uttered a stern scream, an expression of anger, and screamed: "I will kill you, you wait for me!"

"But now I'm going to kill the kid who dared to steal my treasure! The treasure house of the Southern Wild Heavenly Emperor is mine. Whoever dares to move will bear my anger!"

"I will make him die horrible!"

He let out a burst of roars, and his body shot out wildly, heading towards the lower reaches of Jianmu, and chasing him wildly in the direction where Chen Feng fled.

He hated to the extreme, and anger to the extreme, he was almost mad.

In a blink of an eye, his huge body also disappeared at the end of Jianmu.

But at this time, Yuechan chased him up and shouted: "Master Tengshe, I know who that person is, and I know where he will escape, I will take you to chase him!"

Having said that, she hurried to catch up with anxiously.

And the yellow bird screamed with joy: "You **** thing that stink bug, I can't be more happy to see you angry."

As she said, she let out an excited and clear call, waved her wings, and flew towards the distant sky!

Soon, the top of this built wood was calm again.

And just when the calm didn't last long, suddenly a leaf opened and a figure walked out from behind the leaf.

This person was covered with snake blood. He touched his face, and a bright smile appeared on his face. He was even more faintly proud. Haha smiled and said, "It's all taken by me!"

"Hahaha, Tengshe, you are arrogant and smart. What if you have lived for so many years? Haven't you all lived for nothing?"

[Chapter 2413: Full load](#)

"You are all fooled by me!"

This person is Chen Feng.

It turned out that Chen Feng didn't escape at all.

He just pretended to escape, instead hiding under a leaf.

Na Teng Snake pursued it, and even Yuechan didn't find him.

Yellow Bird was also deceived by him.

An Lao sighed beside him and said, "You little guy, you are really courageous to the extreme, and you are really calm to the extreme."

"Ordinary people face opponents of Teng Snake's level, and it's too late to flee in a hurry. How can they have the guts to stay here?"

Chen Feng smiled and said, "This is called the imaginary and the real, and the real is the imaginary."

"If I flee in a hurry, I really may not be able to escape, but now I am more confident, not to mention..."

Chen Feng glanced around, Jian Mu Zhishang, there were huge feathers and huge scales everywhere. He smiled and said, "I can't let go of these good things!"

With that, Chen Feng flashed directly beside a feather.

This is half a remnant feather on the yellow bird. Even if there is only a small half, it is more than fifty miles long, which is nearly 30,000 meters long.

Nailed on this built wood, it is extremely radiant and brilliant.

Chen Feng's golden dragon ring couldn't hold it at all. Not only was it not big enough, but it was also not a level at all in strength.

If you want to put it into it, you will directly support the golden dragon ring to alive!

But Chen Feng has his own way.

At the next moment, Chen Feng's soul-man space sent out a wave of fluctuations, appeared around his body, directly enveloping the huge bright yellow tail feather.

Then, Chen Feng appeared in the Soul Person Space.

His spiritual power burst out, wrapping the huge tail feather, and then slowly pulling it out of the built wood bit by bit.

Finally, with a crisp sound, the feathers were pulled out, and Chen Feng suddenly felt that with a bang, his mental power disappeared without a trace.

It turned out that this tail feather was too heavy, and his mental power couldn't lift it up.

However, if he has been shrouded in the spiritual space, then it means being contained.

In the next moment, Chen Feng disappeared from the spiritual space and returned to reality.

Sure enough, this tail feather has disappeared without a trace.

A smile appeared at the corner of Chen Feng's mouth, and he said softly: "It seems that my guess is true."

"After wrapping a certain item with a soul-man, it can really be incorporated into the soul-man space. From then on, I don't have to worry about the golden dragon ring being too small to accommodate larger things!"

"Furthermore, the upper limit of the strength that the soul person space can withstand should also be very high. I only feel a bit heavy now."

"For this level of items, the soul-man space should still be able to hold a few more."

Chen Feng came to the edge of another giant snake scale.

This huge vine snake scale is about twenty miles long, or 10,000 meters.

Chen Feng tried his best again and finally included him.

Next, it took Chen Feng a full hour before he incorporated the three yellow bird feathers and two snake scales into the soul-man space.

And after incorporating these five things into it, Chen Feng's soul-man space no longer has any free space to accommodate other things.

Moreover, the power has reached the upper limit.

Chen Feng felt that his head was about to explode now, as if his head was filled with countless things.

The endurance of the soul person space has reached the extreme.

The mental strength was exhausted, and strong fluctuations continued.

Headache!

Chen Feng took a deep breath again, resisting this discomfort, and opened up two large lakes on the plain of the soul-man space, and then filled the blood of the snake and the yellow bird into a large lake each.

Until this time, Chen Feng's soul-man space couldn't hold anything anymore.

He reluctantly glanced at the top of Jianmu.

At the top of Jianmu, there were hundreds of scales and feathers, as well as countless blood.

Chen Feng sighed and said, "These can only be left behind."

He already had a decision in his heart, there would be no more delays, and no hesitation, he swept directly under Jianmu.

Chen Feng returned with a full load today, and he was full of fish.

This time, Chen Feng really left.

It's just that instead of walking the way he came, he headed northwest.

When Chen Feng came, he came from the northeast, he was going to make a big circle.

At the same time, just when Chen Feng left Jianmu and headed northward frantically, Tengshe had also come to the edge of the big river.

At this time, Yuechan was still standing on Teng Snake's left wing.

After Teng Snake came to the edge of the big river, he stopped moving, hesitated, his expression was full of convulsions, and it looked painful.

Yuechan asked a little surprised: "My lord, what's the matter with you? Hurry up! Otherwise, you might not be able to catch up with that little brat!"

"No, I can't cross this big river, that **** old thing, I will be banned before I die!"

"If I have passed this great river, it will cause him to ambush in my body. At that time, my body will break and die!"

"This **** old thing, old thing! I can't wait to kill you, swallow you in one bite, and use everything you have for me!"

Teng Snake let out a frantic roar, and slapped the ground frantically on the south side of the big river. The mud flew everywhere, and huge pits appeared one after another.

However, in any case, he did not dare to cross this river one step!

Seeing this scene, Yuechan could only be helpless.

Teng Snake felt that his spirit was about to collapse, and he was taken advantage of by such a humble human being, and took away the foreign treasure from the treasure house of the Emperor of Heaven, but he had no choice but to take him.

After chasing here, he can no longer chase forward, which makes him almost crazy.

Teng Snake vented frantically, and then returned to Jianmu, looking very listless.

Therefore, the road is also very slow.

It was not until the evening of the next day that he returned to the top of Jianmu.

But when he returned to the top of Jianmu, his body suddenly tightened.

After a while, he uttered a sharp roar, and his voice was full of gritted teeth: "Little boy, you actually played me again?"

"You didn't run away at all! You came back? Not only did you come back, but you also robbed my scales, the feathers of the flat-haired beast, and even our blood! "

[Chapter 2414: Three heavenly grade nine martial arts!](#)

"You **** dog thing!" He yelled in disbelief, furious to the extreme: "Who gave you the guts!"

"How dare you do this? Who gives you the courage!"

He chased out again madly, but this time he was doomed to return without success. Chen Feng had already walked a long time earlier than him, and he had no idea where to escape.

He did not catch up at all!

When he returned a few days later, Yuechan comforted him and said, "Sir, don't worry, don't worry."

"If you practice slowly, you will definitely break through."

"At that time, you will break through that limit, and you will be able to cross the river without being restrained by the old immortal in your body. I know where that little boy lives."

"As long as you go to kill him after crossing the river, torture the secrets of the Southern Wild Heavenly Emperor's Treasury before his death, and get the key to the Heavenly Emperor's Treasury, you will surely be able to enter the Heavenly Emperor's Treasury again!"

The more she talked, the more she became excited: "There were seven or eight floors in the Emperor Treasury that day. I don't believe that the little boy can remove all the secrets. There must be a lot of it for you!"

Her remarks made Tengshe feel happy, and there was a lot of comfort in her heart, which calmed her emotions!

Just when he was frustrated, Chen Feng was sitting cross-legged on the top of a cliff, with a joyful expression on his face.

His right hand was spread out, and there were three faint jade pieces in his palm.

These three jade pieces are all shining with a touch of golden light, which looks very bright.

These three jade pieces were obtained by Chen Feng from the treasury of Emperor Southern Wilderness.

All the treasures in the first layer are these three fragments.

Each of these three fragments contained a powerful martial skill or technique, which was an extremely powerful inheritance.

Coincidentally, precisely, these three fragments are all fragments of the Dragon-falling Arhat scripture!

A smile appeared at the corner of Chen Feng's mouth, and then, the smile grew thicker and thicker, and finally turned into a loud laugh: "It's really God who helped me. My current strength has improved. What I lack most is my strength. Match martial arts."

"Before there was no way to get it, but now it finally got it."

In the next moment, Chen Feng entered the space for practicing the Dragon-Jiang Arhat Scriptures.

At this time, three walls were already lit up in the training space of the Dragon-Dragon Arhat Scriptures.

At this time, most of the walls in this entire space were already lit up, and only a small part of it was still dark.

Chen Feng has already collected more than half of the Dragon-Jinglong Arhat scriptures.

Chen Feng looked at the three walls in turn, the more he saw his smile, the deeper his smile, and the more joy in his heart.

It turns out that these three martial arts are one sword technique and two light exercise techniques!

These three skills happened to be the martial skills Chen Feng needed most now.

His murderous knife had just been instilled into the spirit of the weapon, and without any martial arts skills, it could kill a four-star peak martial emperor in a surprise attack.

But it is hard to imagine that if it is driven by a powerful sword-style martial arts, I don't know how powerful it will be!

As for the light body exercises, he has been desperate for a long time.

Whether he is fighting, the speed of teleportation or the speed of long-range attacks is very low.

In this way, his combat effectiveness was greatly reduced, and it was a waste of time.

Chen Feng sighed softly: "This trip to explore the treasure house of the Emperor of the Southern Wilds, nine deaths and a lifetime, although it seems smooth, but in fact, as long as any plot goes wrong, it will end without death. "

"Moreover, there are many times in between. The right to decide is not with me at all. As long as that Teng Snake has a little alertness, he can spot me and kill me."

"However, the harvest this time is worth the risk after all."

"A total of three powerful martial arts! And,"

After Chen Feng took a closer look, he felt even more joyful. It turned out that all these three martial arts were all nine ranks!*nOvεLUsB.com*

He secretly said in his heart: "There are only one or two martial arts of the ninth rank of the Tianyuan Dynasty, but now, I got three of them all at once!"

"Moreover, although the fragments of the Dragon-Jiang Arhat Scripture are also the 9th-rank Heavenly Rank, they definitely far exceed the ordinary 9th Rank Heavenly Martial Skill!"

Chen Feng looked at it one by one, then made a decision, and said softly: "I will practice this sword technique today, and the Buddha will kill the magic sword."

When Chen Feng looked down, he saw that the source of the Buddha's mantra of exterminating the devil knife was before it.

After reading it, he only knew its origin.

Chen Feng said softly: "It turns out that this is how the Buddha's Demon Slayer came from."

According to the records in the Jianglong Arhat scriptures, there was once a very powerful Buddha, but because he was eager for success when he broke through, he was found a gap by the demon and invaded his mind.

Therefore, he fell into the magic way and became a famous demon Buddha.

He was extremely powerful and caused boundless killings. Later, he suddenly realized that he hated those demon heads, entered the world of demons alone, and killed those demons upside down.

This Buddha Demon Slayer Knife is specifically aimed at those gods.

He hated those heavenly demons very much, and because of the creation of boundless killings, when he stepped into the great world of heavenly demons alone, he already had the will to die in his heart.

He came with the idea of seeking death, and didn't care about his own life at all.

So he didn't show any mercy. The Buddha's swordsmanship was extremely fierce, full of indomitable attitudes. Almost all the swords were desperate against the enemy. They were infinitely powerful, extremely domineering, and extremely cruel.

Seeing this, Chen Feng smiled slightly: "This fits my temper quite well."

He then looked down, and then learned the second characteristic of the Buddha's Demon Slayer. Because those demon possess extremely powerful mental power, they are not only physically powerful, but also extremely powerful, and they are also good at various illusions.

Therefore, the Buddha's Demon Slayer also made a special change in response to this.

In the Buddha's Demon Slayer, there is great restraint on spiritual power!

The ordinary sword technique is actually very difficult to deal with mental power, because the sword is real but the mental power is virtual.

The imaginary can be turned into the real, but it is indeed very difficult to get the essence of the imaginary!

However, this is not the case with the Buddha's Demon Slayer Blade. The Buddha's Demon Slayer Sword can not only reduce the great damage of the human body, but also damage the spirit more than the body.

Those weaker demons could even be shattered by a knife!

Chen Feng said softly: "This ability is also very powerful."

[Chapter 2415: Buddha exterminates the magic knife!](#)

"Moreover, the ability of the weapon soul in the murder knife that I have now is the spirit of shock."

"Under these two effects, the other party's spirit will be greatly restrained by me!"

"Cut out with a single knife, the person is not dead, the soul is broken."

This is what Chen Feng wants!

So he immediately began to practice.

Chen Feng looked down one by one, remembering all the mystery mental methods in his heart.

After a long time, he opened his eyes, and all those thoughts flowed in his heart, and there was no secret at all.

Chen Feng Tianzong's prodigy, has easily penetrated him!

However, Chen Feng was not eager to practice the Buddha's Demon Sword. It is not so much a sword technique, but its core is a mental technique.

The focus is not on the proficiency of the swordsmanship or the power of the swordsmanship, but the breakthrough of the state of mind.

If the mood can be achieved, then it will inevitably get twice the result with half the effort.

So Chen Feng sat cross-legged on the cliff like that, motionless.

At this moment, his body is not moving, but his heart is moving.

Around his body, a ray of murderous aura suddenly appeared at this moment, and this murderous aura came into being quietly and automatically.

Then, thrive!

Finally, the murderous aura became very strong, and then another ray of murderous aura appeared in the next moment.

Ten days later, the murderous aura around Chen Feng's body had become extremely intense, as if it were substance.

On the eleventh day, suddenly, beside Chen Feng's body, there was a black gap.

The black gap is exactly the space gap, and the reason why it is called the space gap is because the murderous aura is too strong and too condensed, and it actually split the space forcibly.

It is simply unimaginable to be able to cut the space with a murderous innocence.

There are more and more cracks in the surrounding space.

By the twentieth day, the cracks in the surrounding space had formed a big net.

From the twenty-first day, these spatial cracks began to heal quietly, and then disappeared without a trace.

Then, those murderous auras also suddenly disappeared.

On the thirtieth day, at noon, a poisonous snake snaked from a distance.

This venomous snake was more than ten meters in length, as thick as a bucket, and did not seem to be big, but in fact it contained extremely poisonous body, and its body was extremely hard. It was also a three-star monster emperor level monster, extremely tyrannical.

It climbed to Chen Feng's side and looked at Chen Fengfeng. It didn't feel any strangeness. A greedy color flashed in its eyes, and a huge mouth bit towards Chen Feng.

Seeing this, he actually wanted to swallow Chen Feng in one bite.

And at this moment, suddenly, around Chen Feng's body, there was a bang, like an explosion, which set off a huge wave, slammed into the poisonous snake, and screamed directly. The body trembled violently.

Then, it was directly exploded into sky debris.

At this moment, Chen Feng's long-closed heart suddenly made waves, and then he suddenly stood up!

He suddenly opened his eyes, with a clang, the murder knife was already out of its sheath.

At this time, Chen Feng's pupils turned into a blood-red color, and a phantom of blood even appeared around his body.

Inside Chen Feng's body, his eyes flashed wildly with murderous intent, and his whole person was like a madman.

It's almost like a killer, full of boundless hostility!

At this moment, the murderous aura around his body became intense again, and you were countless times stronger just now.

Around that body, the space crack formed by the murderous intent has almost formed a sphere.

Not far from the side, An Lao appeared quietly, and his face was shocked when he saw this scene.

"Chen Feng, this little guy, is really talented."

"In a month's time, he has completely reached the Buddha's request of the Demon Slayer in his state of mind, and his state of mind is now fully compatible."

The fact is exactly the same. Chen Feng has completely reached the state of mind now, and all that is left is the practice of the sword technique.

At this time, the sword aura came out, and An Lao quickly disappeared, even with his current strength, he would almost be scattered alive by this invisible murderous aura!

Chen Feng's eyes were blood-red, his face was extremely bleed and murderous.

With a killing knife in his hand, he walked step by step toward the jungle.

Chen Feng is looking for a prey worthy of his shot, Chen Feng is looking for his first dead soul under the Buddha's Demon Slayer!

Chen Feng strode forward,

The range of his murderous aura reached a full one hundred li, and all snakes, insects, birds and beasts within this one hundred li range, after feeling this murderous aura, all trembled with fright, and ran away frantically.

And some, even directly frightened by Chen Feng, their four legs collapsed, lying on the ground, urinating, but they didn't dare to move.

Can't even escape.

Chen Feng walked by a giant tiger who was so scared that he was lying there, his body like a mountain.

However, Chen Feng didn't even look at him.

Chen Feng continued to walk forward, centering on him, forming a place with a width of two hundred miles without any monsters.

Chen Feng walked forward for not knowing how long, at least it was thousands of miles away.

Finally, after Chen Feng crossed a high mountain, he saw the opposite.

On the opposite side of a big river, a giant beast stood there.

This giant beast turned out to be a giant dragon, but this giant dragon is different from what Chen Feng had seen before.

This dragon did not fly in the air, but fell on the ground.

He also doesn't have wings, but has four huge legs that are as thick as a mountain. Its length reaches 30,000 meters, and its height is more than 10,000 meters. His two giant legs are like giant pillars in the southern sky, and they are extremely tall. And domineering.

He stood on the opposite side of the river, looking at Chen Feng, his voice was cold and full of contempt:

"Humble human crawler, get out of here!"

"This area of 500,000 li is all my territory. How dare you break into here privately?"

"I will treat you as a provocation to me, get out of here!"

Chen Feng looked at him and suddenly smiled, his white teeth bared, murderous, like a bloodthirsty Shura.

He looked at the giant dragon, without any nonsense, but coldly spit out a word: "What!"

With that said, Chen Feng's figure flickered, and he crossed the river directly, before arriving at the dragon, and slashed out with a fierce sword.

Suddenly, the boundless fierce and **** aura, like a mountain, pressed down against the dragon.

This giant dragon suddenly flew into a rage. He is also a type of dragon, and although he does not have wings and does not look like an orthodox dragon, he is actually extremely powerful.

It is the overlord of this piece, and belongs to the powerhouse that Nanhuang has won!

[Chapter 2416: Great Southern Wild Dragon? Cut it all!](#)

Named, the Great Southern Wild Dragon.

From his name, you can tell how strong he is. His name has five characters!

The giant wild dragon of the Southern Wilds, the pinnacle of the four-star demon emperor, is extremely powerful!

He roared furiously: "You humble human, dare to take the initiative to do something to me? I will kill you! You will definitely die under my minions!"

"I will let you know how terrible it is to offend me!"

If it had been the case before, Chen Feng might still have a hint of fear for him, but now, Chen Feng even dared to fight the idea of the snake, the snake is a mythical creature that is many times stronger than him.

Chen Feng would dare to make an idea, let alone the giant savage dragon in this area!

When the long sword fell, the giant wild dragon of the Southern Wilderness suddenly felt like a scene of a mountain of corpses and a sea of blood appeared in front of him.

For an instant, his soul trembled, as if he wanted to break out of his body.

He was shocked and exclaimed: "So strong! How can you be so strong?"

At the same time, he also issued his most powerful trick.

A purple-gold ball of light emerged from his body and smashed towards Chen Feng fiercely.

But it was useless and had no effect. Chen Feng's knife fell.

First, the **** spirit of the dead mountain behind him bitterly impacted the soul of the giant savage dragon.

With a bang, the soul of the southern wild giant savage dragon was directly shattered in half, and he let out a scream of miserable screams.

Then, on the killing knife, those two eyes suddenly blinked, just like the eyes of a demon.

The devil stared, suddenly activated!

A red light flashed out, and once again fiercely bombarded his soul.

With a loud bang, the remaining half of his soul was directly shattered.

There was a look of disbelief in this southern wild giant savage dragon's eyes, but it was useless even if he couldn't believe it.

The vitality in his eyes disappeared directly.

The ball of light he released hadn't touched Chen Feng before it had scattered into countless spots of light.

Then, with a deep sense of unwillingness and humiliation, as well as surprise and confusion, he fell to the ground heavily, no breath.

He is dead

This monster reached the pinnacle of the four-star demon emperor, equivalent to the powerhouse of the five-star five emperors of human beings.

Seeing this scene, even Chen Feng himself was stunned.

Even he did not expect that the power of this knife could be so powerful.

After a while, Chen Feng laughed, and the laughter was full of joy: "This Buddha's Demon Slayer is too strong. I just got to the first level and I already have such great power!"

"Furthermore, the combination of the Buddha's Demon Slayer Sword and the Murder Sword complements each other, and both have powerful mental attacks."

"The combination of the two is simply invincible!"

"My sword hadn't even slashed his body, it had directly smashed his soul!"

Chen Feng put away the killing knife, he didn't want to destroy the corpse of this southern wild giant savage dragon.

This is a complete body and its value is immeasurable. Even if it is nothing else, it is good to be used as a sacrifice.

Chen Feng stepped forward and stored the corpse of the Southern Wilderness Giant Savage Dragon into the Soulman Space.

However, when Chen Feng entered the Soulman Space, he was shocked.

It turned out that at this time, his soul-man space was already a blood-red color.

That mountain has become a mountain of countless corpses.

That hill has become a hill made of countless flesh and blood.

That plain has become a plain built by countless bones. [novelusb.com](http://www.novelusb.com)

Even in the river, there is endless blood flowing.

Chen Feng was shocked: "What's going on!"

and. Not only that, but even the entire soul-man space had a trace of being about to fall apart.

Moreover, even this entire soul-seer space repelled a bit of himself, and was faintly dissatisfied!

Chen Feng was shocked: "What the **** is going on?"

Chen Feng was very puzzled, but he was the master of this soul-man space, how could the soul-man space reject him? How can you reject him?

Beside him, An Lao appeared quietly and said softly: "Because you were in that state before."

"In that state? In which state?"

Chen Feng suddenly understood, and asked, "But is it that state full of killing?"

"Yes." An Lao said: "After entering that state, although you can easily use the Buddha's Demon Slayer, it also brings an extremely serious consequence."

"Because, what you enter into that state is your heart, so you enter your soul."

"As your soul-man space, of course it will be affected. Your soul-man space is not willing to touch such a breath at all, and it is extremely resistant to it."

Chen Feng asked: "Why?"

"Because this kind of breath has a huge damage to your soul-man space, so the soul-man space will naturally resist."

"Chen Feng, take a closer look, do you have anything different from usual?"

Chen Feng felt it carefully, and suddenly felt that his soul seemed very weak, and said, "My soul is very weak, is that right?"

An old man said: "Your soul is very weak, that's still a mild symptom."

"Actually, entering that state will do great harm to your soul, and the soul-man space bears all this for you, otherwise, your soul will now be severely damaged, and there will be little strength left."

"But even so, your soul-man space can't stand it a few times. If you come again like this, your soul-man space will just collapse."

"What? It's so serious?"

Chen Feng couldn't help being shocked.

"This is not the most serious yet, the most serious is when your soul-man space can no longer bear it."

An old man said: "Then your soul will be lost!"

An old man said: "I believe you can make some trade-offs yourself."

Chen Feng took a deep breath, nodded and said, "Don't worry, I understand."

"It's just, it's a pity!" Chen Feng sighed and said, "I am only practicing the first level of the Buddha's Demon Slayer. If I want to practice the second level and continue to explore, then I need my dragon descending Arhat. The general outline of the Scriptures is elevated to the fifth heaven."

"And if I want my dragon descending Arhat Scriptures to be promoted to the fifth heaven, at least it must reach the realm of the three-star martial emperor!"

"I don't know how long it will be!"

However, even so, Chen Feng is already very content.

The power of the Buddha's Demon Slayer was beyond his imagination. It was too strong!

The pinnacle of the five-star Martial Emperor, now in front of Chen Feng, is simply not worth mentioning. It is vulnerable to a single blow and can be killed by a single knife!

[Chapter 2417: Fortune Wings decides!](#)

Chen Feng has been delayed here for almost forty days, he no longer delays, but distinguishes the direction, and swiftly headed towards the Black Water Black Snake Tribe.

A few days later, among the endless southern barren mountains, a golden light suddenly flashed in the sky.

This golden light is like an arrow, the speed is extremely fast.

His arms are open, like the wings of a bird, and his flying posture is like a bird.

His speed was so fast that he made a screaming sound in the air, and that screaming sound couldn't catch up with him, and he was left behind.

Behind him, there was a long golden tail flame!

Suddenly, this golden figure suddenly paused, then hovered, and fell on the top of the mountain.

He raised his arms and laughed loudly: "It's refreshing, it's really refreshing. This time the flight has flown a million miles and it took a day and a night!"

There was a thick smile on his face, and he said loudly: "This Jinpeng Longitudinal Secret Art is really powerful. It flew a million miles in one day and one night, more than ten times faster than my past speed!"

"Every moment, thousands of meters can be flashed!"

It turns out that this golden figure is Chen Feng![noVELUsb.com](#)

And just now, he was practicing Jinpeng's vertical and horizontal tactics.

The Jinpeng Zong Jue is one of the three martial arts that Chen Feng has obtained. Among the three martial arts, one is the sword technique, and the other two are the powerful light-body techniques.

One of the light-weight exercises is used for short-distance teleportation in battle, with extremely fast speed, like a ghost like a charm. What is pursued is the speed of sudden burst, but it cannot last long.

And the other one is suitable for long-distance driving, which is Jinpeng's tactics!

Jinpeng Zongjue is derived from the big Jinpeng bird, one of the Buddhist beasts.

It is said that the Great Jinpeng Bird is one of the unparalleled birds in the world. It is known for its speed, or it can be said that speed is no longer a description of speed.

Those incomparably powerful Golden Pengbirds are the mounts of some powerful Buddhists. Relying on their incomparable flesh and incomparable racial talents, they can even tear apart the boundaries of each world and travel across the world.

This level of realm made Chen Feng think about it all leisurely.

Of course he can't reach that realm now. In fact, the highest realm of Jinpeng's Acrobatic Art is just the ultimate in speed.

Jinpeng Zong Jue is divided into three layers, and if you reach the third layer, you can travel 10 million miles a day.

When you reach the second level, you travel five million miles a day.

And now Chen Feng has just touched the edge of the first layer, barely able to travel a million miles a day and a night!

But this speed has also surprised Chen Feng extremely, many times faster than before.

However, this Jinpeng aspect formula is very fast, and the consumption is also very huge.

Chen Feng let out a sigh of relief and stretched out his hands. In front of him, four orange rays of heaven and earth quietly appeared.

And the four rays of orange power of heaven and earth, which were originally bright and radiant, have now become very dim.

Even, the length is less than one-tenth of the original, like the candle swaying in the wind, it seems that it may go out at any time.

Chen Feng said softly: "Hurrying on the road for a day and a night is already my current maximum limit. I must stop and rest for a while, otherwise it will hurt my roots."

Chen Feng sat cross-legged here, regaining his strength.

If he was like other people, regaining his strength only by absorbing the aura of heaven and earth, it would take at least a few months to a year to recover to the peak, but Chen Feng would not do that.

He smiled slightly and said softly: "The Son of the Chosen, how can he be like other warriors?"

With that said, he took out a large drop of golden blood from the soul-man space.

This is the blood of the yellow bird, as thick as amber, and there is still a little bit of light inside, just like a piece of the best amber, even thick as a solid.

A drop of this blood is the size of a human head.

Put it in the air and it won't even flow down.

Chen Feng drank this drop of blood.

The next moment, he felt as if there was a fireball exploding in his chest and abdomen. In an instant, the surging and surging hot power burst into its body.

These powers traveled through all his meridians, flowing crazily in his body.

Chen Feng's body sounded like a rushing river. In the next moment, these powers turned into a rush of warm heat, turning in his limbs.

Then, the four orange ray of heaven and earth power in front of Chen Feng immediately received the support from the power in the body, and quickly became radiant again from the original dimness.

One drop, just a drop of blood, allowed Chen Feng to digest the whole night.

But when the morning sun rose the next morning, this drop of blood was completely absorbed and turned into surging power.

At this time, the four ray of power in front of Chen Feng's body had become full again, and its power had returned to its peak.

A drop of yellow bird's blood is enough to replenish all his strength.

This is not the first time that Chen Feng has known this fact tonight, but he still feels very shocked.

You know, these two huge beings, the blood in their bodies, are in the billions or even tens of billions!

And a drop of blood is enough to be equivalent to their entire cultivation base, so what level of terrifying their cultivation base?

Chen Feng felt terrible after thinking about it!

Chen Feng smiled and said to himself: "Fortunately, I took the risk and got a lot of yellow bird blood and snake blood. Otherwise, I can't add it now."

"And now, with the blood, if this is the case, at least for a long time, I don't have to worry about the loss of strength."

You know, there are tens of thousands of drops in the blood of the two in Chen Feng's soul space!

Chen Feng took a deep breath, his body suddenly suspended.

Then the next moment, Jinpeng Zongheng Jue automatically operated in his body.

The power of heaven and earth in his body turned into a golden power. Although this golden power is composed of the power of heaven and earth, it is different from any power before Chen Feng. He is extremely sharp and extremely thin. .

It's like the blade of a murderous knife!

Likewise, resistance is extremely small for him.

The next moment, this golden force condensed on the surface of Chen Feng's arms, forming a piece of things like golden feathers, which stretched out on Chen Feng's arms.

[Chapter 2418: Hurt parting](#)

It was as if he had two more huge wings on his body!

Chen Feng whispered to himself: "Now it's just my arms with golden feathers on them, but when will my whole body be covered in gold, forming a golden armor, then it means that I have reached the third level of cultivation. Layered!"

"Now, only the arms are covered by feathers."

As Chen Feng said, his two huge golden wings stretched out into the air, and with a sigh, he came to the sky like a golden lightning.

Then, the wings spread, with a swish, cut through the clouds at a very fast speed, and hurriedly rushed towards the distance, the speed is extremely fast!

After a month and a half, Chen Feng finally returned to the Black Water Black Snake Tribe!

His journey was an arduous journey, turning around from the northwest, all the way through the mountains and dense forests, and encountered countless powerful monsters.

Moreover, it was very difficult for Chen Feng to find a way, so it took a lot of time to return.

Seeing the sacred mountain of the Black Water Profound Snake Tribe, Chen Feng actually felt a touch of kindness in his heart, and whispered to himself: "I'm back, I'm back after all!"

At this time, Chen Feng suddenly realized: "I am going to the Heishui Profound Snake Tribe this time, and it has been almost a year. If you count this, I have almost come to the Tianyuan Dynasty for four years."

"Now, it's time to learn something!"

When Chen Feng came back, he found that the Heishui Profound Snake Tribe was busy at this time, and many soldiers and others in white elephant tribal clothes were all here to go out one after another.

They followed a spacious road towards the direction of the White Elephant Tribe. **novelSB.com**

This road was built by slaves of the Black Water Black Snake Tribe in the past period of time, and many people from the Black Water Black Snake Tribe have died for this reason.

However, the people of the White Elephant tribe would not have any pity for them!

At this time, sitting on the throne in the holy mountain hall, Yaoyao was full of anxiety.

She stretched her neck, looked outside the hall, as if she wanted to find someone's trace, and murmured, "Big brother, why don't you come back?"

"Why haven't you come back? It's been so long!"

Beside him, Yang Xuan's eyes flashed overcast, and he sighed secretly in his heart: "Then Chen Feng, I'm afraid he is buried in the hinterland of the Southern Wasteland now?"

"I don't know how many powerful monsters there are, how many powerful existences, he is really likely to die there, and he has not returned for such a long time, does it mean that he has suffered an accident?"

But with a gentle smile on his face, he said, "Your Royal Highness, don't worry."

"Chen Feng-sama, Ji Ren has a natural state, absolutely nothing will happen."

"I think so too, Big Brother will definitely be fine!" Yaoyao said solemnly every word.

Yang Xuan persuaded from the side: "His Royal Highness, you should leave here as soon as possible. The White Elephant Tribe has been rebuilt, and it is more beautiful and magnificent than before."

"All the people are waiting for you to go back to preside over the overall situation! During this time, due to the fact that Chen Feng has not returned for a long time, rumors of the Black Water Black Snake Tribe have spread, and there are already some signs of instability. You are too dangerous here. Up."

Yaoyao said softly: "I know, but I can't wait for my big brother here, I'm not reconciled!"

"His Royal Highness, don't worry, after Master Chen Feng comes back, he must know the news that you are going to the White Elephant Tribe, and he will definitely look for you."

Yaoyao sighed lightly, but she still gritted her teeth, looking at Yang Xuan, with a pleading expression on her face, and said, "May I wait any longer? I'll wait one more day here, just one day!"

"If Big Brother doesn't come back, I'll leave, can't you?"

Yang Xuan sighed and said, "Okay!"

At this moment, a long laugh came from outside the hall: "Yaoyao! Big brother is here, you don't have to wait another day."

Yaoyao jumped up with joy, rushed directly to the door, and shouted: "Big brother, are you back?"

At the door, Chen Feng's tall figure appeared!

Yaoyao jumped directly into his arms.

Chen Feng stroked Yaoyao's hair, smiled and said, "Don't worry, brother, I am very good."

Yang Xuan watched from the side and was also very happy. It was him who wanted Chen Feng the last thing.

If Chen Feng had an accident, Yaoyao's foundation would be greatly shaken.

Chen Feng and Yaoyao said a few words, rubbed the **** wind again, then looked at Yang Xuan, smiled and said, "I have heard your conversation just now."

"Your worries are not unreasonable. It is true that if this continues, Nanhuang will actually be unstable."

"So," he said slowly, "I want Yaoyao to ascend the throne as soon as possible and become the queen of the Southern Wilderness, not just the Queen of the White Elephant Tribe, but of the Southern Wilderness."

Hearing this, Yang Xuan's breathing suddenly became heavy. He trembled and said, "Okay, that's great! That's great!"

He knew very well that because of this decision, the White Elephant Tribe would build a foundation for all ages and become the overlord of the Southern Wilderness.

Chen Feng smiled slightly: "This matter is left to you to prepare."

In the next few days, Chen Feng and Yaoyao returned to the White Elephant Tribe.

And Yang Xuan, with a group of powerful men from the White Elephant Tribe, began to prepare for the ceremony.

The night before the enthronement ceremony, in the White Elephant Tribe Hall, Chen Feng looked at Yaoyao in front of him, knelt down, smiled and said, "Yaoyao, big brother is going to say goodbye to you."

"What? Big brother, are you going to say goodbye to me? Are you leaving?" When Yaoyao heard this, her voice immediately trembled, her eyes flushed, and her tears almost fell.

Chen Feng looked at Yaoyao and said softly, "Yaoyao, the eldest brother came to the Southern Wilderness to conquer the Blackwater Profound Snake Tribe and restore stability to the Southern Wilderness."

"The goal has already been achieved, and the reason why I didn't leave was because of the treasure house of the Southern Wilderness."

"Now, I have the treasure of the Southern Wilderness Heavenly Emperor, and I have no strength to get the remaining ones, and it is even more impossible to kill Teng Snake now."

"Now, you are going to be the queen, and my wish is already fulfilled!"

Yaoyao hugged Chen Feng's arm, her small mouth flattened, and her tears fell: "Big brother, I don't want you to go."

Chen Feng looked at him, his eyes turned serious, and said softly: "Yaoyao, obedient."

Today is the enthronement ceremony of the Flame Queen, and it is also the day when a hundred tribes in the Southern Wilderness promote the Flame Queen as their lord!

Looking at the people gathered under the sacred mountain and worshipping the huge flame totem snake at the summit of the sacred mountain, a smile appeared on the corner of Chen Feng's mouth.

[Chapter 2419: The cloud is back!](#)

There are tens of millions of these people, not only from the White Elephant tribe, but also from the small and medium-sized tribes nearby.

The other leaders of the tribe who were a little further away gathered here.

They looked at the flame totem and worshipped.

The ordinary people are reverence from the bottom of their hearts, and those high-level people dare not have any objections.

Whether they like it or not, they can only choose to surrender!

Before the flame totem, on the golden throne, Yaoyao was dressed in gorgeous costume and sat peacefully.

The little face seemed to have a glorious light, and it looked extraordinarily majestic.

Chen Feng looked at him, and said softly, "Yaoyao, today's glory belongs to you."

"From today onwards, you are also the flame queen of the Southern Wilderness Clan!"

"Hundreds of Southern Wilderness, I will leave it to you!"

A slight smile appeared at the corner of Chen Feng's mouth, turned around, and left.

The five million army of Tianyuan Imperial City had already taken a step ahead of him and returned triumphantly. Chen Feng was only alone at this time.

He wore a blue shirt, floated and upright, quietly concealing in this mountain!

Yaoyao, sitting on the throne, suddenly felt a sense of sadness and sadness in her heart.

Thoughtful, he quickly turned his head and saw that Chen Feng, who had been standing there on his right hand, had disappeared!

Yaoyao's heart seemed to be tightened instantly, trembling fiercely, her heartache hard to attach.

Regardless of his manners in front of everyone at this time, he suddenly stood up and exclaimed: "Big brother, big brother, where have you been?"

"Big brother, don't leave me behind!"

Like a cuckoo crying blood, mourning.

She covered her face and cried bitterly!

Everyone was stunned. The cheers came to an abrupt end. The members of the White Elephant tribe were all at a loss when they saw this scene.

There is still some confusion.

And those tribal powers and dignitaries with different minds all showed a smile of joy on their faces, and said in their hearts: "After all, they are still a little girl!"

"Hahahaha, this time, her prestige will shrink greatly."

Yaoyao was still crying, Yang Xuan walked to him and said in a low voice: "His Royal Highness, think about your elder brother's instructions."

Yaoyao was taken aback, then she thought of Chen Feng's request that day, and Chen Feng's serious face appeared in front of him:

"Yaoyao, starting today, you are no longer the saint of the simple White Elephant tribe, and you are no longer an ordinary little girl."

"You are the Queen of Flames! You are the co-master of the hundreds of families in the Southern Wilderness! It is the hope of the people of the Southern Wilderness!"

"You must be strong, no matter what happens, you must support it!"

"Otherwise, Big Brother will be disappointed in you!"

Thinking of this, Yaoyao bit her lip, wiped away her tears, returned to her posture, and sat on the throne.

She has a dignified manner, and she is not dignified.

The people who were stunned below saw this scene, and cheered again!

And almost at the same time when Chen Feng left for the Tianyuan Dynasty from the Southern Wilderness, a figure walked in slowly at the north gate of the Tianyuan Imperial City.

This person is Yun Potian.

His clothes were ragged, his hair was tight, and he even exposed large areas of skin.

The whole person looked embarrassed, very different from usual.

However, his spirit was extremely high at this time, and his face was full of a strong sense of freedom and unrestrainedness.

It was completely different from the kind of depression, the kind of lifelessness about half a year ago, just like a change of person.

When he stepped into the north gate of Tianyuan Imperial City, he glanced around, and then suddenly burst into laughter, laughter violently, spread throughout the entire Tianyuan Imperial City!

The people around looked at him with the eyes of a madman, and some people whispered, "Is this man crazy?"

"I listened to his laugh, and felt that his strength should be fair. Most of it went crazy during martial arts training."

"Hey, it's so pitiful, look at him so crazy!"

Everyone spoke out one after another, pointing at him with contempt.

And there were more than a dozen city guards striding over here, and the leader of the city guard squad captain sternly said: "Where is the lunatic? Get out! Is the Tianyuan Imperial City a place where you can go wild?"

At this moment, Yun Potian, who had been smiling and bowing his head, suddenly raised his head.

His eyes were shining brightly, and there was a burst of intense white light. People who touched his eyes suddenly throbbed in their hearts, and there was a sense of extreme fear.

This gaze is not like a human being at all, just like the demon **** on that day, giving people a feeling of incomparably powerful and incomparable.

It seems that he is extremely indifferent to everyone's lives.

Then, Yun Potian spoke slowly, his voice high and fierce: "I am Yun Potian, the former general of the Tianyuan Dynasty Yun Potian!"

"After being humiliated by that little bastard, I explored the place of death. When I returned, I was already in the realm of the Five-Star Martial Emperor!"

"You, who dares to offend me?"

His eyes swept across everyone's faces, and he repeated this sentence again, gritted his teeth, and said viciously: "You, who dares to offend me?"

The next moment, his gaze fell on the few people who mocked him just now, and smiled coldly: "Just now. You laughed at me, right?"

"Die!"

The momentum on his body was shocked, there was no movement at all, just a movement of momentum.

With a bang, all those who mocked him just now were shattered to pieces.

Then, he cast his eyes on the city guards again, and said in a cold voice: "You just wanted to capture me, right? Die!"

These city guards hurriedly tried to explain, but Yun Potian didn't listen to them at all. He was shocked again and killed them too!

Yun Potian seemed to be in a good mood, laughed wildly, and repeated: "Who dares to offend me?"

"Now, looking at the entire Tianyuan Dynasty, who is my opponent?"

Everyone looked at Yun Potian with shock and fear in their eyes: "This Yun Potian is already a Five-Star Martial Emperor?"

"Yes, he must have gotten an adventure, and his strength has improved greatly, and he has broken through several levels one after another, reaching the realm of the five-star Wuhuang!"

"God, this is too scary, right? Five-star Martial Emperor, the strongest person in the Tianyuan Dynasty is at best the Five Elements Martial Emperor, right?"

"Who knows, anyway, this time, Yun Potian directly became the top powerhouse of the Tianyuan Dynasty!"

Someone even smirked and said with a smile: "Here is a good show."

"That's right." The person next to him laughed haha, "Then Chen Feng and Yun Potian will not stop dying. Then, Chen Feng is afraid that he will be in trouble, and Yun Potian can't spare him."

[Chapter 2420: He wants it, just give it to him!](#)

Everyone talked about it, thinking that Yun Potian would definitely not spare Chen Feng this time, and Chen Feng would definitely die.

And Yun Potian also heard the word Chen Feng from the crowd.

He roared in a cold voice: "Chen Feng, I can't spare you, you wait for me, you little beast, I will definitely make you die miserable!"

Then, he strode towards the palace.

As he progressed, the news spread wildly in the Tianyuan Imperial City.

It didn't take long for everyone in the entire Tianyuan Imperial City who was qualified to know about this. Yun Potian, who had disappeared in the Tianyuan Imperial City, returned today.

Not only did he come back, but his strength was greatly improved compared to before, and he was already one of the strongest players in the Tianyuan Dynasty.

I'm afraid that only the top talents of those sects can compare with them.

And the strongest master in the royal family is probably only so strong!

This news swept out like a storm!

Soon, Yun Potian was before he came to the imperial city.

He stood in front of the palace and stood there without saying a word, just looking at the guards proudly!

At this time, in the palace, His Majesty the Emperor and Princess Quyang sat face to face, with a touch of worry on their faces.

His Majesty said: "What does Yun Potian mean by doing this?"

Grand Princess Quyang smiled coldly: "I just want to get back what he deserves."

"He feels that he is now stronger than before, and he doesn't know how much he should have a position that matches it, so he came to us for it!"

"He is so bold, he simply despises the royal family!" His Majesty said angrily.

"He has this qualification now." Princess Quyang was very calm and said lightly: "He is now qualified to negotiate terms with us, because if he wants to do it, even if we can kill it in the end, only I'm afraid that the entire royal family will survive."

"Even the old ancestor will be seriously injured or even fall directly."

She stared at His Majesty the Emperor and said word by word: "Brother Emperor, are you willing to take this risk?"

His Majesty the Emperor thought for a long time before he sighed, "I don't want to."

"That's it." Princess Quyang suddenly got up and said lightly: "Since he wants it, I will give it to him!"

"Now we can't offend him, we can only wait for him to come back."

"Waiting for him to come back? Waiting for Chen Feng?" His Majesty raised his eyebrows and said, "Although Chen Feng calmed down the Black Water Black Snake Tribe, it can be seen that he is strong and uses soldiers like a god, but he cannot be the opponent of the Five-Star Martial Emperor. !"

It turned out that a few months ago, the Tianwu Army and the other three armies had already returned, bringing back news of the victory.

However, Chen Feng did not come back, causing everyone to speculate.

Some people even said that he didn't want to come back, and has lived in seclusion in the South Wilderness since then!

But after a while, Chen Feng hadn't returned yet, this kind of guessing became: Chen Feng has fallen in the Southern Wilderness.

Regarding this speculation, Princess Quyang sneered.

Grand Princess Quyang looked at His Majesty the Emperor and said lightly: "Because of the things that happened in the past, the two are deadly enemies!"

"Yun Potian will not let Chen Feng go, nor will Chen Feng let Yun Potian go. The two of them will have a battle, so we don't need to worry too much."

"After Chen Feng comes back, I will know everything." *Novels8.com*

With that, she strode out and gave orders.

But after a while, a very high-ranking eunuch, with a group of people, trot, came to the palace, and brought an edict.

Brought along with the edict is a reward full of dozens of carriages and a set of gorgeous clothes!

The imperial family of the Tianyuan Dynasty is powerful, but they dare not take risks.

Therefore, they decided to appease Yunpotian.

The **** stepped forward and said loudly: "By the order of the emperor, and by the order of the princess, the emperor of the country, Yun Potian is promoted to the five-star martial emperor. It is gratifying and congratulatory. It is the blessing of my Tianyuan Dynasty."

"Special Ming Yunpotian is the commander of the world's soldiers and horses, commanding all the troops of the Tianyuan dynasty except the Yutan Zijinwei..."

Yun Potian heard this, and a smile slowly appeared on his face. In the end, the smile became stronger and stronger, and finally turned into a smug laugh.

He arched his hands and shouted loudly: "Chen, thank you, Your Majesty, thank you! My Minister, I will fulfill our mission!"

With that said, he made a move with his right hand, and that set of gorgeous and at the same time extremely dazzling robe was put on him.

Then, a battle armor was also set on him.

He turned and walked directly towards the Metropolitan Government House.

When he came to the Metropolitan Government House, everyone looked at him with fear.

He went straight to the back house of the Metropolitan Government, took a shower, fixed his beard and trimmed his hair.

He stood in front of the mirror, watching the dirt on his face disappeared, returning to his original handsome face, and a smile appeared at the corner of his mouth: "Chen Feng, Chen Feng, I have a new life!"

"You killed me once, but I am now alive again, and my strength is stronger than before, I don't know how much!"

"Speaking of which, I also want to thank you. In that case, let me repay you well!"

His face was full of sullen expression: "Now, you are not here, but I can attack the people around you!"

"I want to make you painful, I want you to watch them die in front of you, but it's nothing, the pain is extreme!"

With that said, he turned and walked out, issued an order to gather all the generals in the Metropolitan Government to come to the hall for discussion.

Soon, hundreds of generals in the Metropolitan Government's Mansion came here, and everyone was silent, looking at him and waiting for him to speak.

He coughed slightly, and said lightly: "Calling everyone today is to discuss how to deal with the Tianwu Army and other four armies.

"Disposing of the four armies including the Tianwu Army?" Everyone was surprised.

The Tianwu Army did not commit anything, so what should I do? Why deal with them?

Yun Potian was obviously very dissatisfied with their reaction.

He glared at the people in the hall and said with a sullen face: "I suspect that the four armies of the Tianwu Army did not win at all, they did not eradicate the Blackwater Profound Snake Tribe, and did not put down the Southern Famine at all."

"It's just that the little boy Chen Feng asked them to make up a lie. The reason why Chen Feng's little evil animal didn't dare to come back was because he escaped in fear of sin. He was afraid of punishment, so he didn't dare to come back!"

When everyone heard it, their faces were shocked and their mouths were dumbfounded.

This, this is really shameless!
