

Peerless 2421

[Chapter 2421: Kill the Tianwu Army!](#)

Yun Potian was going to directly pour dirty water on the Tianwu Army and other four forces, and wipe out all their credit!

This person is really shameless, and many people are full of anger.

The contribution of the four armies of the Tianwu Army is real, and there has been no war in the Southern Wilderness until now, which shows that their contributions are true and absolutely impossible to be false reports.

As for Chen Feng's absconding in fear of crime, it is even more a joke. Chen Feng is fierce, brave and fearless. How could he abscond in fear of crime?

I'm afraid he would rather die on the battlefield than to carry this infamy!

He is completely framing!

Someone said loudly: "The chief governor, you are not good enough."

"The merits of the four armies of the Tianwu Army have been proved by many evidences, and they are real. It is impossible to be wiped out just because of your words!"

Yun Potian suddenly turned his head, staring at him sullenly, and said coldly: "Are you questioning my authority?"

The person's heart trembled, but he gritted his teeth without fear, and said loudly: "It's just that I can't agree with you!"

"Okay! What a big dog egg!" Yun Potian grinned, grinned viciously, and then took a palm.

With a bang, he directly beat him into blood spurting wildly, slammed heavily on the wall, and slid down the wall.

A bright red on the wall was shocking, and he had lost his breath.

When everyone saw this scene, their hearts trembled fiercely, and there was a touch of extreme shock in their hearts.

"This cloud breaks the sky, it's too cruel! He completely ignored the imperial laws, and even directly killed the general in the main governor's palace!"

"This cloud breaks the sky, it is lawless!"

However, this scene completely shocked them!

Yun Potian looked at them and said with a sneer: "Now, are there still people who oppose my opinion and question my opinion?"

Three more suddenly stood up and said loudly: "The governor, if you do this, you are simply despising the court!"

"Oh? I despise the court?"

Yun Potianhan said: "I do not despise the court, so you don't have to worry about it. Today, you should worry about your fate first!"

Yun Potian laughed wildly again, his palms shot out one after another, killing the three of them equally.

Then, he looked at the crowd again and said coldly: "Now, is anyone questioning my decision?"

There was no sound, and there was no more sound in the entire lobby.

Everyone is standing there, motionless.

The blood stained the ground, and at the same time it made their hearts cold and frightened. No one dared to object anymore.

Seeing this scene, Yun Potian laughed wildly, extremely proud.

He suddenly smiled, and his voice was extremely cold: "Chen Feng's evil barrier instructed them to do this. Chen Feng is the principal culprit, and they are also the accessory!"

"I am going to kill them all today!"

"I want to torture them, and see if they lie!"

With that said, Yun Potian screamed: "Everyone, follow me and go to the Fourth Army Camp of the Tianwu Army!"

In the Dudu Mansion, the messenger quickly left with orders, first came to the periphery of the capital, and transferred the tens of millions of troops stationed around the Tianyuan Imperial City.

Then, Yun Potian came out of the Metropolitan Governor's Mansion and issued orders to the tens of millions of troops, leading them to the Tianwu Army camp.

After coming to the outside of the Tianwu Army camp, he immediately waited and encircled the Tianwu Army camp.

Among the Tianwu Army camp, the Tianwu Army and other four armies were already stationed at this time, and the size of the Tianwu Army camp was much larger than before.

At this moment, they were practicing in the camp. After seeing the movement outside, their faces were all surprised, and they stopped their movements one by one, not knowing what was going on.

But no one panicked, because they didn't think it was against themselves, because they didn't have any fault.

At this time, Yun Potian walked out of the crowd and before arriving at the Tianwu Army camp, he said lightly: "All the soldiers of the Tianwu Army, all put down their weapons, and they will be caught!"

"All the generals, go to the lobby of the big camp, I have some instructions!" *NoVelUSb.coM*

The soldiers of the Tianwu Army were all stunned, not knowing what was going on.

And just when they were in a daze, the tens of thousands of troops surrounding them had already rushed up, swarming them, and overwhelming them to the ground, one by one **** firmly.

They didn't get orders from their superiors, and they all dared not resist.

The generals in the four armies including the Tianwu Army were also stunned, not knowing what was going on.

Yun Potian glared at them and said, "Didn't you hear the order? I am a trusted military commander of the world, commanding all of you. Do you dare not listen to my order? Do you want to rebel?"

As soon as he said this, everyone didn't dare to move, they all followed him obediently to the big camp lobby.

And just when they had just arrived in the lobby and had not yet entered, a scream of screams suddenly came from behind them.

Everyone was stunned at once, looked back, and then saw a scene that made their eyes distraught!

Just outside the Tianwu Army camp, tens of thousands of wooden shelves were erected, and on each wooden shelf, a soldier of the Tianwu Army was tied up.

They were stripped naked, and then a few soldiers stood under a shelf, looking at them with grinning faces.

Suddenly, one of them slammed the whip in the hand of the martial soldier.

With a crisp sound, a long and thick blood mark was drawn directly from the chest of the military soldier this day, and blood leaked from it.

And above the whip were all barbs, and this one tore off a large strip of flesh and blood from his body.

He let out a stern scream, and screamed: "Dog thing, I am a soldier of merit. We followed General Chen Feng to put down Nanhuang. How dare you do this to us? You are looking for death!"

His words made the torturers tremble in their hearts, looking at each other, and a little fear in their hearts!

At this time, Yun Potian also heard this, and he shouted impatiently: "Beat me to death! Don't worry about their identity!"

"Chen Feng is no longer there, but just a bunch of falling dogs, he can clean up as he pleases!"

"Fight! Beat to death!"

Upon hearing this, the soldiers who were responsible for the torture immediately felt relieved and surrounded them with fierce faces.

The soldier with the whip said coldly: "You dare to threaten your grandfather, don't you? You dare to scare me? I'm going to kill you!"

As he said, a whip hit him and tore off a large piece of his flesh directly, causing him to scream with pain.

He roared loudly: "I accompanied General Chen Feng to conquer the Southern Wilderness twice, and there were a total of 470 people in the Blackwater Black Snake Tribe thieves who died under my hands!"

Chapter 2422: Extremely cruel

"I have been seriously injured 17 times and slightly injured 140 times. Even so, I have never flinched!"

"But today, I received the humiliation of you dog thieves, but today I am going to die at the hands of you despicable dog thieves!"

"Hahahaha..."

He looked up to the sky and yelled crazy: "I'm not reconciled, I hate it!"

"General Chen, you must avenge me!"

As he said, he wowed, a big mouthful of blood spurted out, and his heart burst open.

It turned out that he was unwilling to suffer and committed suicide directly.

At this time, he was not the only one around him, but many Tianwu soldiers were tortured and tortured, miserable.

They were violent, and some were unwilling to be humiliated and committed suicide.

Yun Potian sneered, "Do you still dare to commit suicide? Okay, I just want it!"

An anger was burning in his heart, and a voice screamed wildly: "Why? Why are Chen Feng's people so good? Why are they not afraid?"

"I must make them succumb! As for Chen Feng, I must also make you kneel in front of me, in pain!"

He screamed: "Beat me hard, kill me!"

Suddenly, the executioners started even harder.

A well-known soldier was beaten to death.

These soldiers who accompany Chen Feng to settle down the Southern Wilderness and fight in blood, were tortured so severely at this time.

In just one afternoon, a full one million soldiers from the four armies including the Tianwu Army were tortured to death.

The corpses covered the open space outside the Tianwu Army camp, the blood pooled into the river, and the entire ground was stained red!

Countless sergeants of Tianwu sergeants raised their eyes to the sky and screamed: "God, open your eyes! We hate it!"

Their resentment was at the extreme, and their despair was at the extreme, and resentment rose to the sky.

Suddenly, above the sky, a thundercloud flashed by.

Then, the dark clouds gathered and the heavy rain poured down.

The rain dilutes the blood, but the resentment and anger are still strong and almost impossible to dissolve!

At this time, in the Tianwu Army camp, it was also murderous.

Countless soldiers encircled the main hall of the Tianwu Army Camp, and at this time, in the main hall, Yun Potian sat high above the main hall.

He looked around, and a sneer appeared at the corner of his mouth: "This is where Chen Feng usually sits, isn't it?"

Below him, the generals of the four armies of the Tianwu Army were all standing there, looking at him, all staring uncertainly, wondering what he was going to do.

After a while, Yun Potian said indifferently: "As the chief governor, he has the duty to supervise the army in the world."

"And now, I doubt you,"

Having said this, he leaned forward, stared at them, and said with a sullen expression on his face: "A false report!"

"Actually, you did not put down the Black Water Profound Snake Tribe at all, nor did you put down the Southern Wilderness at all, and Chen Feng was even more afraid of being convicted after returning, so he fled in fear of sin!"

"what?"

As soon as this sentence was said, the inside of the hall was like a fried pot.

Everyone yelled angrily: "The Governor, you are framing us!"

"Grand Governor, our contribution is obvious to all, everyone knows it is true, why do you say that?"

"The Governor, we are in the Southern Wilderness, fighting **** battles for the dynasty, you say that makes us chill!"

They all uttered angry roars.

The smile on Yun Potian's face slowly disappeared, gradually turning into a trace of impatience.

He slapped one last time, slapped the slap on the table, and said coldly, "Shut up all of you!"

He looked at a general, smiled and said, "Did you falsely report your military achievements? Did Chen Feng falsely report your military achievements?"

The general said without hesitation: "No!"

The next moment, with a light sneer, Yun Potian's palm was like a knife, and he directly beheaded with a palm, his head flying, blood spurting wildly.noVeIUSb.COM

His body fell to the ground in various ways, and then Yun Potian looked at another person: "Is there?"

The person hesitated for a while, and still said, "No!"

He was also beheaded.

Then, Yun Potian looked at the third person again: "Is there?"

This person was so frightened that his face showed extreme fear, and after a long time, he trembled and said, "Yes!"

"Hahahaha!" Yun Potian laughed loudly: "This is the one who knows the times!"

After the first person was betrayed, many people followed Yun Potian.

And those who said no, they were all killed.

At this moment, a person stood up suddenly and said loudly: "Everyone, I know, you are afraid of death!"

"Fear of death, there is nothing wrong with it. We warriors, don't we cultivate because we are afraid of death and want to live forever?"

"You are afraid of four, I understand, you are forced to say so by him, I also understand!"

"but!"

He suddenly looked proud, walked forward, looked at Yun Potian, and sternly reprimanded: "I am shocked, and I will never frame General Chen, and I will never be intimidated by you today!"

Yun Potian showed a hideous look on his face, staring at him: "Are you Zhenmeng?"

"Yes, it's me,"

"Okay, it turned out to be Zhenmeng who followed Chen Feng to conquer the Southern Wilderness! What a great name!" Yun Po Tianyin laughed, he grabbed Zhenmeng's arm and suddenly stretched out his hand.

With a snap, the shocking right arm was broken into countless bone spurs, and the bone spurs pierced directly from his skin.

In an instant, the white bones pierced countless blood holes in his arm, blood spurting out of it, the pain was extreme.

His painful face turned pale, but he still gritted his teeth, and only let out a muffled scream without screaming.

Yun Potian looked at him, smiled and said, "Are you making false claims? Did Chen Feng abscond in fear of sin?"

Zhenmeng looked at him, although his body was trembling with pain, but there was still a smile on the corners of his mouth, and he said word by word: "No!"

With a snap, Yun Potian smashed his left arm again, smiled and said, "Are you falsely reporting your military exploits? Did Chen Feng abscond in fear of sin?"

The pain on Zhenmeng's face became stronger, but he still gritted his teeth and shouted: "No!"

The smile on Yun Potian's face disappeared, replaced by a hint of anger.

He crushed his shocking left leg alive, and then screamed: "Is there?"

"No!"

Yun Potian finally lost his anger at this moment. He patted his left arm directly with bones and meat into a mass of mud. He shouted frantically, "You **** tell me yes!"

At this time, Zhen Meng smiled instead, with contempt and disdain in his smile, staring at him, saying word by word: "I said, no!"

[Chapter 2423: Sit back and watch](#)

"You are really looking for death!" Yun Potian yelled frantically, kicking him on his chest.

All his chest bones were shattered and plunged into his internal organs, making him seriously injured and dying in an instant.

Yun Potian made another kick.

Seeing this kick can kill him alive, but at this moment, Yun Potian suddenly showed a sneer: "How can I make you so cheap?"

"I can't let you die like this, I will wait for Chen Feng to come back, and I will wait for him to come back and kill you alive in front of him!"

Yun Potian took the tens of millions of troops and left the camp of the Tianwu Army. Except for the soldiers of the Tianwu Army and the Fourth Army who were killed by him, the rest were broken shoulders and used iron. Wearing a pipa bone, the chain was escorted into the Metropolitan Government like a pig and sheep to be slaughtered!

"Yun Potian is so bold!"

"The soldiers of the Tianwu Army fought in the Southern Wilderness and made great contributions. Many people died on the battlefield. How dare Yun Potian treat them like this? Yun Potian is really damned!" *noveLUs&.com*

In the palace, above the apse, the princess Quyang became angry when she heard what the **** who came to report in front of her said.

She frowned and slapped the table bitterly, suddenly stood up and let out a scream!

The anger in her heart was extreme, and her heart was even more apologetic to Chen Feng.

Of course she knew why Yun Potian would deal with these people because Yun Potian had a festival with Chen Feng, and Chen Feng led these troops to the Southern Wilderness.

He did this because he hated Chen Fengji.

And it was herself who asked Chen Feng to go to Nanhuang, and it was herself who asked Chen Feng to lead these people. But now, when Chen Feng is not there, she has not been able to protect even his people, which made her hate herself deeply. inability!

She looked at His Majesty the Emperor who was sitting next to him, and shouted: "Your Majesty, please come with me to invite the ancestor of our royal family, and ask him to take action and kill the dog thief Yun Potian."

At this time, His Majesty the Emperor looked a little hesitant.

Seeing his look like this, Princess Quyang was stunned.

After a moment of stunned, there was a haze on his face, as if thinking of something, staring at him and saying, "Brother Emperor, you don't want to..."

And at this moment, a person outside the door strode in. This person was in his twenties and looked quite handsome, but his eyes had a hint of jealousy.

It is Prince Tongtian.

He looked at His Majesty the Emperor and said loudly: "Father, you must not listen to her, and must not stop Yun Potian!"

He shouted loudly: "Then Chen Feng's life and death are uncertain now. Whether he died in the Southern Wilderness is unknown."

"And Yun Potian is in the realm of a dignified five-star martial emperor. If he is shot at him, it will most likely cause our royal family to suffer heavy losses."

"Is it worth it to take the future of our royal family for someone who doesn't even know if he lives?"

He sneered and said, "Besides, is Chen Feng worthy?"

"Why is he not worthy?" Upon hearing these words, Princess Quyang immediately became anxious and sternly shouted: "I tell you, Chen Feng's value to the Tianyuan Dynasty far exceeds that of everyone except her Majesty!"

"Even if it's you, I won't get angry when encountering this kind of thing, but if Chen Feng encounters it, I will!"

Prince Tongtian was furious and said coldly, "That's Chen Feng who is also alive."

His words directly moved His Majesty the Emperor, and Princess Quyang would say it again. His Majesty the Emperor waved his hand: "Quyang, don't say it anymore."

"Tongtian is right. Chen Feng's life or death is uncertain, and the possibility of him dying in the Southern Wilderness is far greater than the possibility of surviving. We cannot take risks for him."

A look of sorrow appeared on his face: "Qu Yang, I'm sorry."

Princess Quyang shook her body heavily, with an expression of disbelief on her face, staring at him, and tremblingly said: "Brother Emperor, you..."

His Majesty the Emperor said solemnly: "I have decided, no need to say more!"

There was a touch of pain in the eyes of the princess Quyang: "Brother Emperor, these are soldiers who were born and died for our Tianyuan Dynasty!"

"They did this for our Tianyuan Dynasty, for the foundation of our royal family! You do this, you indulge Yun Potian, are you worthy of them?"

She said that afterwards, there was no more politeness, almost pointing to the emperor's nose and swearing there.

His Majesty the Emperor was ashamed, he sighed sullenly, and sat down on the chair, rubbing his forehead, but said nothing.

He couldn't say anything!

Because, he decided to sit idly by.

At this time, Prince Tongtian glared at Princess Quyang and said, "Auntie, don't go too far. Although your majesty is your own brother, he is the king and you are the minister."

"How can you talk to the emperor like this? If your majesty hadn't been generous and kind, you would have been severely punished long ago!"

He had just received the support of His Majesty the Emperor, and felt that now is the best time to suppress Princess Quyang.

If she was to be suppressed again, and she would completely lose trust in front of His Majesty Father, she might be able to take her seat and sit down.

As a prince, he is in charge of state affairs. Thinking about it, he is full of excitement and excitement.

"Oh, punish me?" Princess Quyang laughed angrily at him, staring at him and said: "Dare to ask, wise nephew Tongtian, how do you want to punish me?"

"How to punish your aunt? How to punish the princess Quyang who upholds national politics? Say!"

Prince Tongtian was frightened by her aura and shivered violently. He stepped back a few steps. There was a mutter in his mouth, but he couldn't say a word.

Grand Princess Quyang glared at him bitterly, then looked at His Majesty the Emperor with disappointment, then turned and left angrily!

Before leaving, he turned around, looked at His Majesty the Emperor, and said to Prince Tongtian in a deep voice, "You, you will definitely pay the price!"

"You guys will definitely pay a painful price for today's decision!"

Prince Tongtian looked at her, only sneered, obviously not believing what she was saying.

In his opinion, Chen Feng is afraid that he would have died in the Southern Wilderness a long time ago, so where is there any danger?

That day, this matter spread throughout the Tianyuan Imperial City.

In just one day, among the four armies including the Tianwu Army, more than one million people were beaten to death by a living, miserable, and corpses were everywhere.

Those who are left are all in prison.

This incident caused an uproar in the entire Tianyuan Imperial City, and no one in the Tianyuan Imperial City knew about it. No one knew about it. Everyone was talking about it.

[Chapter 2424: Extremely angry!](#)

Even more, many people were extremely angry at Yun Potian's trip.

But apart from a few people, no one dared to say anything.

After half a month, Chen Feng, who started from the Southern Wilderness, finally saw the tall gate of Tianyuan Imperial City.

There was a look of excitement on his face, he let out a sigh of breath, and said to himself: "I'm back at last."

"This time, it has been almost a year since I left for the last expedition."

This is also true of the facts. It took Chen Feng three to four months to go south to fight the Black Water Black Snake Tribe, to dismember the Black Water Black Snake Tribe, and to rebuild the order of the hundreds of families in the Southern Wilderness.

Later, I went to Jianmu for another three or four months, and then went back and forth for another three or four months.

It is not exactly a year's time after such a calculation.

A voice echoed in Chen Feng's heart: "The reason why I am like this is that I was delayed on the road for most of the time. Now that I have Jinpeng's cross-and-height tactics, my speed is much faster than before."

"In the future, it will definitely be able to greatly reduce the time on the road."

Chen Feng's wings spread out, Jin Peng moved horizontally and at a very fast speed towards the Tianwu Army camp.

His heart was full of joy, and he missed Zhenmeng and others very much, and he was even more concerned about the soldiers who followed him to death, and wanted to see them quickly.

Suddenly, Chen Feng's face changed.

The excitement on his face suddenly disappeared, turning into a trace of doubt.

Because when he was approaching the Tianwu Army camp, he smelled a strong smell of blood in the air.

This **** smell is almost like substance.

Chen Feng's heart trembled suddenly, and at this moment, he felt so distressed that he couldn't breathe.

He secretly asked, "What happened? Why do I have a very ominous premonition?"

He quickly flew towards the Tianwu Army Camp.

And when he came outside the Tianwu Army camp, at this moment, Chen Feng's blood poured into his pupils.

Feeling a buzzing sound, blood rushed straight to the forehead, and the whole person was completely blindfolded.

Even his Jinpeng Longitudinal and Vertical Art had stopped working and fell directly from the sky.

Chen Feng fell heavily on the ground, and he did not throw up any dust, because at this time, his feet were full of mud.

And the reason why the land turned into mud was not because of heavy rain, but because the blood soaked the land!

Chen Feng was stupid.

At this moment, he saw a scene like Shura hell, with wooden shelves everywhere, and on the wooden shelves, there were tortured corpses with only bones left.

He walked in it, staggering, his face was extremely unbelievable, extremely incredible!

"What's the matter? What's the matter? Why is this?"

"Why are so many people dead here?"

Then, Chen Feng distinguished that the clothes on their bodies were clearly dressed as soldiers of the Tianwu Army and other four soldiers.

"What the **** is going on?" Chen Feng had an extremely ominous premonition in his heart, but he didn't want to believe it, he would rather believe that he had guessed wrong!

Chen Feng's whole body was as if he was lost.

He staggered in this **** mud, he was like a madman, like a fool.

He said blankly: "Impossible, how could this be? What is going on?"

Suddenly, Chen Feng trembled, and then stood motionless.

He looked at his feet.

At this time, under Chen Feng's feet was a head.

The owner of this head didn't know how much he had endured before his death. At this time, his face was full of savage anger, and his eyes were full of anger and disappointment.

His eyes were hollow, looking at the sky, as if telling his tragic experience.

Chen Feng was stunned, his figure had not moved for a long time.

Suddenly, he slowly squatted down.

He held the head up, and suddenly muttered softly: "Xiao Feng, it's you, Xiao Feng."

"Xiao Feng, why are you doing this? Who did it? Who did it? Who killed you!"

Xiaofeng was one of Chen Feng's guards.

Chen Feng remembered very clearly that this was a young man in his twenties who came from a poor family, but he was very self-motivated, his cultivation talent was good, and his strength was very strong.

During the expedition to the Southern Famine, he killed countless enemies alone and made great achievements.

Chen Feng personally recommended him to be the captain of ten thousand, because Chen Feng remembered clearly that when he went out for a night patrol one night, Xiao Feng accompanied him.

At that time, Chen Feng asked about his dreams. Xiaofeng said that his ninth generation was a poor family member and was looked down upon by his tribe.

Since he was a child, amidst the ridicule of those arrogant clansmen, he swore an oath that one day he would shine on the lintel, be a high official, and make those clansmen who look down on others kneel and tremble in front of him.

Therefore, Chen Feng immediately reported his credit for him.

Chen Feng originally thought that he had already glorified the lintel, had lived in a big house, and had taken his parents over, so that parents who had been serving others for most of their lives could also experience the feeling of being served by others.

Chen Feng had thought that he had already made those people who looked down upon him look at him with admiration.

Unexpectedly, he was here and died here at this time.

The corpse was separated, and the head was held in Chen Feng's hands.

Chen Feng stood blankly.

Suddenly, his body trembled, and then it trembled more and more severely.

In the end, Chen Feng was like crazy.

He murmured: "Why?"

His volume suddenly increased: "Why?"

Then, suddenly, there was a loud roar: "Why!"

Suddenly, Chen Feng raised his head and let out an extremely angry roar towards the sky: "Why? Why is this?"

In an instant, Chen Feng's eyes became red, silliness overflowed all around his body, and his face was enveloped by murderous aura.

For an instant, the whole person seemed to be shrouded in blood and fire, like a demon from hell.

Chen Feng yelled crazy: "Why? Why is this?"

God, it seemed that Chen Feng's anger was felt.

Above the sky, lead clouds condensed, and the pouring rain fell suddenly.

And seeing this scene, and at the same time Chen Feng's roar outside the Tianwu Army camp, has already been heard by many people in the Tianyuan Imperial City, and has alarmed many of the strongmen in the Tianyuan Imperial City.

Many experts in Tianyuan Imperial City are Huo Suiqi, muttering: "Chen Feng, this is Chen Feng's return!"

Chen Feng screamed and vented wildly, his heart was full of pain.

But at this moment, Chen Feng suddenly stopped.

He turned around suddenly, looked at one of them, and shouted sharply: "Who? Get out of me!"

[Chapter 2425: Yun Potian, I want your life!](#)

I saw that there was a corpse, piled up into a hill.

At this time, a place on the hill suddenly squirmed, and then a **** man rolled out of it.

He was bloodstained, his body was covered with wounds, and his body was seriously injured, and there was only one breath left.

He was dying, but his eyes were very bright at this time. Looking at Chen Feng, his eyes were full of longing, and he trembled: "General, it's you? General!"

Chen Feng suddenly trembled all over, and quickly rushed in front of him.

Chen Feng recognized him, this was a centurion under his own.

He was very brave in battle and moved forward courageously. Chen Feng personally rewarded him.

At this time, he became like this.

Chen Feng shouted: "Who did it? Who killed you like this?"

As he shouted, power poured into his body madly, and at the same time, he took out various liquid medicines and rubbed them on his body.

A sorrowful smile appeared on the centurion's face: "General, don't do it in vain, it's useless."

"It's useless, I can't save it, look, my chest."

He pointed to his chest, and Chen Feng looked there, suddenly silent.

There was a big hole in his chest, and his heart was almost broken, and he didn't know what force supported him to live until now.

At this time, after seeing Chen Feng, he suddenly became more energetic. He grabbed Chen Feng's hand and trembled: "It's Yun Potian, it's the dog thief Yun Potian."

"He brought people to our camp and arrested all the brothers and tortured them. I don't know how many brothers were tortured to death, and he took the rest!"

Chen Feng knew that his spirit at this time was just rebirth.*novelusb.com*

He trembled: "Brother, wait for me, don't die, I beg you, don't die! "

The centurion looked at Chen Feng, the fire of life in his eyes gradually extinguished and became dimmed. He whispered softly: "General, I can hold you back, I can see you, and tell the whole story. Tell you, it's the belief that allowed me to live to the present."

"Now that my task is complete, I can go to death."

"General!"

He suddenly screamed: "You must avenge us!"

As he said, his body fell heavily to the ground, no more breath.

Chen Feng stood there, staring at him blankly, and did not speak for a while.

Suddenly, Chen Feng raised his arms and let out a terrifying roar: "Yun Potian, I want your life!"

Suddenly, Chen Feng's expression became very calm, and his entire expression became faint.

He turned around and looked at Xiaofeng's head, and then his gaze swept across the pieces of wooden shelves, across the corpses, and whispered:

"Xiaofeng, and my brothers, my brothers who died unjustly!"

"Don't worry, I will avenge you!"

Then, Chen Feng turned around and walked in the direction of Tianyuan Dynasty.

Soon, he entered the gate of Tianyuan Imperial City.

At this time, on the street, everyone stood there quietly, looking at Chen Feng.

Everyone heard Chen Feng's roar just now, and everyone recognized Chen Feng.

Chen Feng didn't even look at them, but just walked towards the direction of the Metropolitan Government.

Everyone consciously gave him a way, looking at him with complicated eyes.

Wherever Chen Feng walked, everyone followed him, following him, wondering where he was going and what he was going to do?

And soon, when Chen Feng came to the front of the Metropolitan Governor's Mansion, there were already tens of millions of people behind him.

On the street, I was already dissatisfied.

Many people stood on the roofs on both sides, and some strong ones flew into the air and watched all this!

Chen Feng stood at the end of the square at this time.

The other side of the square is the Metropolitan Government House.

The two were a thousand steps apart, so Chen Feng walked forward slowly.

Every time he took a step, the expression on his face became cold and stern, and there was a trace of red blood in his eyes.

And the murderous aura pervading behind him was also solidified.

He strode forward, and finally, when he walked a thousand steps and came to the front of the Metropolitan Governor's Mansion, Chen Feng's face was already murderous, and his eyes were completely red.

Behind him, the murderous intentions are against the sky.

All the people around felt as if they were not alone in front of them, but as a sea of corpses.

At this time, Chen Feng had directly entered the state of mind needed to cast the Buddha's Demon Slayer.

At this time, his heart was murderous.

Everyone seemed to hear the sound of turbulent waves and the rushing river.

They looked at each other, and they all saw a touch of horror in each other's eyes.

"This, this turned out to be murderous? Chen Feng's murderous aura has almost become the essence."

An old man trembled and said: "It's too powerful, the murderous intent can be so powerful!"

A young man sneered disdainfully: "So what? How about his murderous aura?"

"This Chen Feng dare to come to the Metropolitan Governor's Mansion today to challenge, just to die!"

"That's right!" A middle-aged man next to him shook his fan, shaking his head and said, "This Chen Feng, he really does not live or die."

"Yes, he is very strong, but no matter how strong he is, can he be as strong as the Five-Star Martial Emperor?"

"Yun Potian is a five-star martial emperor. With a finger, he can be crushed to death. He is definitely seeking his own death today!"

Everyone nodded, they were not optimistic about Chen Feng.

No one thinks Chen Feng can win!

At this time, Chen Feng's killing intent had reached its extreme.

He looked at the Metropolitan Government House, and didn't even move, but his murderous aura pressed forward frantically.

So, with a bang, the tall and prominent doors of the Metropolitan Governor's Mansion collapsed directly with a bang.

At this time, Yun Potian was above the lobby.

Outside, a guard rushed in in a panic, shouting loudly: "General Governor, General Governor, then Chen Feng is here to kill!"

"What? Did that little **** come here?" Upon hearing this, Yun Potian's face was not panicked, but a look of ecstasy appeared on his face.

He stood up and laughed: "I did this to force the little boy to provocation."

"When he did this, he was fooled by me, haha, in this way, I have a reason to kill him directly..."

He suddenly stood up and shouted: "Everyone, go out with me, and bring those from the Heavenly Martial Army."

He turned around and said grimly: "I want you to see how I killed this little boy!"

"Yes!" Many generals stood up one after another, and almost every general was holding a person in his hand.

These people are all loyal to Chen Feng in the Tianwu Army, such as Zhenmeng.

[Chapter 2426: One knife!](#)

When he heard that Chen Feng was coming, his face first showed a touch of ecstasy, and the next moment he became a deep worry: "Even if the general is strong, will he be the opponent of the Five-Star Martial Emperor?"

But the next moment, his eyes showed an unspeakable steadfastness, as if he was telling himself softly: "It must be possible, the general will certainly be possible, no one will be his opponent!"

Yun Potian strode out of the Metropolitan Government House.

After seeing Chen Feng, his face suddenly showed an extreme resentment. He stared at Chen Feng, gritted his teeth and said sternly: "Little beast, are you here? Come to me to die, right?"

He yelled with extreme resentment: "Little beast, you made me suffer that humiliation back then, now you must taste that too!"

"I will add you to me that day, and return it back ten times a hundred times. I made your death so miserable and painful!"

And Chen Feng looked at him with a murderous look on his face still frantically violent, staring at him, and said word by word: "You did this?"

"Yes, I did it." Yun Potian laughed loudly: "How? I killed these people under your hand. Are you very angry?"

"Are you furious? Are you in pain? Hahahaha, my goal has been achieved!"

Chen Feng stared at him and said, "You killed all my people?"

"Yes, I killed it!" Yun Potian seemed to be very dissatisfied with Chen Feng's calmness, making him angry and screaming, "Little beast, who are you scaring?"

"Don't think I don't know, you are so scared to death now, because you know you are not my opponent at all!"

"Not only them, you will be killed later!"

Chen Feng looked at Zhen Meng and the others behind him, his pupils shrank suddenly, and his voice was even more icy, like the bitter cold wind: "You are the ones who are like them?"

Yun Potian finally couldn't control his emotions, and roared like thunder: "Little boy, will you pretend to me again?"

"I did it, what can you do with me?"

He pointed to Chen Feng and shouted arrogantly: "What can you do with me? I am a five-star Wuhuang, are you my opponent?"

As he said, his aura increased crazily, and he pressed down fiercely towards Chen Feng.

The crowd around the audience exclaimed: "Five-star Martial Emperor, he has released the aura of the Five-Star Martial Emperor. This five-star Martial Emperor is really terrifying. The momentum alone almost crushes my heart!"

"Chen Feng faced this powerful aura and the Five-Star Martial Emperor. I don't know if he can stop it!"

"Chen Feng will definitely be over, he can't be an opponent!"

Most people look down on Chen Feng.

At this moment, Chen Feng suddenly smiled.

His smile was full of contempt, and the next moment, everyone suddenly felt the darkness before him.

No, it's not black, it's a **** color that is extremely thick, pressed down like a sea of blood, and permeated their eyes.

In front of them, it was like being in a **** ocean.

Everyone, at this moment, their pupils all turned red.

There was a sea of dead mountains and blood in front of them, and the fierce murderous aura almost suffocated them.

In the next moment, they saw a figure in the **** sea of the corpse mountain, slowly drawing out the sword.

A flash, like a flash of lightning, illuminates the world.

A blade of light suddenly appeared and slashed towards Yun Potian fiercely.

In the next moment, the Sea of Blood Corpse Mountain in front of everyone was like glass, and Carrara shattered directly.

They finally saw the sun and finally returned to normal.

Many people took a few steps back, and some fell to the ground. Everyone was panting, feeling like they were in **** just now.

At the same time, they also saw Chen Feng's stunning blow.

Looking at this knife, it fell fiercely towards the top of Yun Potian's head.

Yun Potian laughed wildly: "Little beast, do you think you are my opponent? Today I will let you know what a real strong man is!"

But, at this moment, suddenly, a mountain of red light hit his soul fiercely.

As a result, he suddenly screamed harshly.

His laughter stopped abruptly, and the hands he had just raised stopped in the air. *novel*us**B.cOm**

The next moment, above the blade, two red lights flickered like a demon blinking.

As a result, his screams stopped directly.

Everyone looked at him in astonishment, and saw him standing there in a daze, motionless.

In the next moment, Chen Feng's long knife had fallen fiercely, on top of his head, and between his brows.

With a boom, his body was directly shattered.

With one stab, Chen Feng only slapped Yun Potian, a five-star martial emperor-level expert, to directly beheaded, shattered, and no bones left!

Quiet, the scene is silent!

Everyone watched this scene blankly, everyone was stunned, shocked, and even stupid.

They couldn't believe it.

A ridiculous smile appeared at the corner of Chen Feng's mouth: "What is the real strong? You, have you seen it?"

After a long time, someone cheered,

That shocking, laughed loudly: "General, you did it! You did it!"

"I knew that you would be able to do it, and you would be able to kill this dog thief!"

"Hahahaha, General, you have avenged all the soldiers of our Tianwu Army!"

The general who grabbed the Zhenmeng, looked at Chen Feng blankly, his face was first in disbelief, and then a deep fear emerged, and the next moment it turned into deep despair.

As soon as he loosened his hand, Zhen Meng fell directly to the ground, but he thumped, fell to his knees, knocked his head at Chen Feng like garlic, and tremblingly said: "The general is spared, the general is spared!"

Not only him, but the rest of the people who had reacted to Yun Potian as a beast, knelt to the ground, kowtow to Chen Feng, begging Chen Feng for forgiveness.

And those who, like shocking, always believed that Chen Feng would not betray, all laughed at this moment, happily to the extreme.

Until this time, those onlookers around reacted.

The next moment, they burst into a thunderous roar: "God, what did I see?"

"Chen Feng actually killed Yun Potian? I can't believe it! Yun Potian, a magnificent five-star martial emperor level expert, was killed by him?"

"Besides, have you seen it? Chen Feng only took one knife, and with one knife, he killed Yun Potian, which means that Chen Feng's strength is far better than him!"

"Yes, Chen Feng is too strong! It's so strong that people can't believe it!"

[Chapter 2427: The accounts are not finished yet!](#)

Chen Feng stared at the bloodstain that was dissipating, and suddenly his heart became very calm, very indifferent, as if there was no sadness or joy.

However, his heart suddenly became very relaxed and lively, with unprecedented comfort.

It was as if there was a big shackle, the shackles tied to him, quietly, fell apart.

No longer will have any influence on him.

At the next moment, Chen Feng's heart surged with extreme pleasure, he retracted the sword into its sheath, and then turned to the sky and laughed wildly.

In the end, the laughter turned into a frantic roar: "Brothers, my dead brothers, I am now avenging you!"

"I killed the dog thief Yun Potian, and I avenged you, brothers!"

With that said, Chen Feng strode forward, helped Zhenmeng up, and said loudly: "I will never let your grievances be in vain, and I will not let your blood flow in vain."

"Today's killing of Yun Potian is just the beginning. I will not let go of those who are a tiger, and those who follow Yun Potian to frame our Tianwu army!"

As he said, he glanced at the generals who were kneeling on the ground: "Before, who among them did the hand? What happened to our people?"

Zhenmeng didn't hesitate to click on a dozen of them, and said, "They have all done it."

"Okay!" Chen Feng smiled coldly, patted them with a palm, and killed them all.

They also wanted to fight back, but they had absolutely no power to fight back. They were not Chen Feng's opponent at all.

Then, Chen Feng looked at the remaining trembling people who were too scared to stand still, and said coldly: "You guys, listen to my orders now, or you will kill them together."

"Yes, yes!" they said in a hurry.

Chen Feng said lightly: "Now, let me release all the brothers under my hand."

"Yes, yes." These people hurriedly took orders and took their men to release Chen Feng's detained soldiers.

Soon, these imprisoned soldiers walked out of the cells.

After they saw Chen Feng, they all laughed, and while smiling, some people knelt and wept bitterly.

They think of their brothers, their robe, and they are still alive, but they are already dead.

Chen Feng looked at everyone and said every word with a firm voice: "Brothers, don't worry, this grievance can't be accepted in vain, this blood can't flow in vain, this tone can't help but let out.

"Those who stand by and sit back, I will make them all pay!"

"This account is not finished yet!"

At this time, Chen Feng still had hatred in his heart, even if he had already killed Yun Potian, he hated those who served as a beast, and hated those who sat and watched.

Even at this time, he was full of anger towards Grand Princess Quyang: "You are the Grand Princess Quyang who upholds national politics, you don't even stop Yun Potian, let him do so and kill so many brothers of mine!"

Chen Feng said to Zhen Meng lightly: "Where did you start that day?"

Zhen Meng said quickly: "It's in the east of the city."

He personally took Chen Feng to the camp where the soldiers were.

But after Chen Feng came here, he rose directly into the air, and his murderous aura was severely suppressed.

Suddenly, these big camps were like a pot being fried, and the soldiers came out one after another. Looking at Chen Feng above the sky, all of them were a little surprised, but there was no fear.

Because, at this time, what happened in the city has not been transmitted here, except for some very high-level generals, no one else knows!

They didn't know what Chen Feng did, and they didn't know anything about Chen Feng's strength.

Chen Feng looked at them with an indifferent voice: "It's you, who followed Yun Potian and killed my brother?"

When everyone heard it, they knew that this person was Chen Feng.

One by one, you look at me, I look at you, but dare not answer.

At this moment, someone in the crowd suddenly laughed loudly: "Yes, we did it, what can you do with us?"

"We have millions and tens of millions of people, do you dare to do it? We can drown you by spitting!"

"Yeah, yes, that's the truth, what are we afraid of them? What are we afraid of him?"

"We are so crowded, why should we be afraid of him?"

Motivated by this person, these soldiers suddenly became bolder and laughed loudly, pointing at Chen Feng, laughing endlessly!

Chen Feng looked at them, and said lightly: "The one who had done it that day, who had killed my soldiers, stand up by yourself."

"The rest of you, I will spare your life..."

"What?" When the soldiers below heard Chen Feng's words, they were all stunned.

Then the next moment, there was a stronger laughter: "Hahaha, is this kid crazy?"

"Yeah, what nonsense is he talking about? He even asked us to stand up by ourselves? Who does he think he is!"

"He is just a general of the Tianwu Army, he simply can't control us here!"

"Yes, let alone, we followed the command of the general governor to do this. He didn't dare to trouble the general governor. He only dared to come to us to show off his prestige, what!" someone said disdainfully. *novelusb.com*

Chen Feng looked at them and said lightly: "I will count down three times. If you don't do it again, I'll be very welcome."

After speaking, Chen Feng said coldly: "One!"

The soldiers below have already laughed: "We said it for you, three twenty one..."

A soldier smiled and said, "What can you do with me? What can you do with me?"

Chen Feng looked at them, suddenly a sneer appeared at the corner of his mouth, and said slowly: "A group of things that do not live or die."

As he said, Chen Feng shot out his palms, and his incomparable power burst out, and two huge palm prints fell fiercely.

Boom and boom, there were two dozens of huge palm prints on the earth, and each huge palm print falling represents the death of a large number of soldiers.

But in a moment, Chen Feng shed the blood of their killing.

Everyone was stunned, with a deep look of fear in their eyes, staring at Chen Feng blankly, no one dared to ridicule.

Their eyes are full of fear!

"Chen Feng is too strong, why is he so strong? Why is he so bold? How dare he do this?"

They roared one after another, full of disbelief.

Someone screamed: "The governor will not spare you!"

Chen Feng looked at them with a sneer at the corner of his mouth: "As for your so-called patron, your chief governor has been killed by me. Do you still want to rely on him?"

"What? The chief governor was killed by him?"

[Chapter 2428: Ask for justice!](#)

"God! It's impossible! How could he kill the governor? The governor is so strong?"

"The governor is a dignified five-star martial emperor!"

However, they knew that what Chen Feng said was absolutely true. If Chen Feng had said this just now, they would not believe it, but no one doubted it now.

They exclaimed at this time, just instinctively that they couldn't believe it!

Chen Feng said lightly: "I will give you one last chance. Those who have killed, get out by yourself, or those of you who haven't done it, just clear them out."

As soon as Chen Feng said this, the following situation suddenly changed.

These soldiers looked at each other with a look of caution on their faces.

Some took a few steps back one after another, while others formed a small group back to back.

Suddenly, a few soldiers screamed, grabbed one of them, threw him out, and shouted loudly: "He killed someone. He killed several people that day."*nOvElu8b.coM*

The man fell heavily to the ground.

Chen Feng nodded slowly, and before he stood up, he popped a finger, directly exploding him into a cloud of blood.

Immediately started the fight below.

Those who kill people do not want to be pushed out.

And those who have not done it, in order to save their lives, it is necessary to push them out.

So, in an instant, this large school field became a sea of corpses.

They were killing each other, and in the end, those who hadn't used their hands were stronger and more numerous. They defeated them, and then tied them one by one and threw them in front of Chen Feng.

Chen Feng glanced at it, there were hundreds of thousands of these people!

Chen Feng turned his head and looked at Zhenmeng. At this time, Zhenmeng, after he took the pill, was basically able to resume his actions.

Chen Feng looked at Zhenmeng and the remaining soldiers of the Fourth Army including the Tianwu Army behind him, and said lightly: "What should I do with these people, right?"

Zhen Meng gritted his teeth, a fierce look appeared in his eyes, and said: "Don't worry, General, I will not spare them!"

As he said, he turned around and screamed: "Brothers, what are you doing in a daze? Go!"

At this time, there were hundreds of thousands of Celestial Sergeants who came here with Chen Feng. Those who were arrested, died in the cell in just a few days. There are about three million.

Among these three million, most of them were seriously injured, without the ability to move, and were recuperating.

The rest of the less injured people followed, and they looked at the enemies who had killed their own robe, with crazy hatred on their faces.

At this time, Zhenmeng gave an order, where did they hesitate? Immediately yelled frantically, and slayed those people fiercely.

In a blink of an eye, all these people were killed.

They yelled frantically and excitedly one by one, and many of them howled and cried loudly, "Brother, have you seen it? We avenged you!"

"We avenged you, brother!"

Looking at this scene, Chen Feng let out a long suffocating breath, and whispered to himself: "The revenge has been avenged for the most part. Now, I'm going to get the last justice!"

After speaking, Chen Feng strode and left, and the direction he was heading was the palace.

Seeing Chen Feng walking towards the imperial palace, the crowd of onlookers suddenly seemed to have fried a pot: "What is Chen Feng doing?"

"He actually walked towards the palace? Is it possible that he wants to trouble the Emperor?"

"Chen Feng is he crazy? Are they looking for the trouble of the Emperor?"

"Hey, that's not good!"

Someone had a deep gaze, and if they pointedly said: "Chen Feng is so powerful now, and so powerful. Who in the entire Tianyuan dynasty can't afford to provoke him? Even if it's the royal family, I'm afraid he doesn't take it seriously. Right!"

"Moreover, do you think that the royal family is willing to provoke Chen Feng now? Chen Feng now has the strength comparable to that of the royal family!"

Everyone heard this. This all came to nothing.

They suddenly discovered that, unconsciously, Chen Feng, a young man who had not been in the Tianyuan Dynasty for a few years, had the ability to sit on an equal footing with the royal family!

They all followed Chen Feng one after another, wanting to see this unprecedented excitement since the establishment of the Tianyuan Dynasty.

Before Chen Feng finally came to the palace.

He looked at the tall gatehouse in front of him, the huge archway, and suddenly took a deep breath and screamed up to the sky: "Chen Feng comes here and asks for justice for my five million soldiers and soldiers of Heavenly Martial Arts!"

"Ask for a justice...a for justice...a for a justice..."

A huge voice echoed above the entire palace, and everyone in the palace could hear it clearly.

At this time, above the apse, His Majesty the Emperor looked at Princess Quyang with a tragic face: "I am the one who is wrong, I am the brother who is wrong!"

Opposite him, the princess Quyang was silent, with mixed feelings in her heart.

To be honest, no matter how high she looked at Chen Feng, she did not expect Chen Feng to kill Yun Potian, nor did she expect Chen Feng to be so strong.

Five-star Wuhuang, Yun Potian is a five-star Wuhuang!

He actually killed?

And it was a slash, so easy, it was like killing a pig and a dog.

This shows that his strength has completely crushed the clouds and the sky, and now, he has come to the palace to ask for justice!

His Majesty the Emperor sighed: "I shouldn't have condoned Yun Potian. Originally, I thought Chen Feng had died in the Southern Wilderness, but I didn't expect that not only did he come back, but he was so powerful."

"This time, he and our royal family already have grievances in their hearts. After all, we watched his men die before but ignored them!"

At this time, Prince Tongtian, who was standing next to him, was full of indignation. He said loudly:

"Father, you don't need to say that, then what about Chen Feng's arrival?"

"He really has the courage, and now he is still a courtier of the Tianyuan Dynasty! How dare he come to the palace? So threatening our royal family, really should be killed!"

He roared with a ferocious face: "We should invite our ancestors and kill him!"

At this time, the faces of His Majesty the Emperor and Princess Quyang both showed a touch of disgust. They glanced at him with contempt in their eyes!

His Majesty the Emperor suddenly roared: "You rebellious son, shut up!"

A palm shot directly hit him with blood spurting wildly, staggering back a dozen steps, and falling to the ground.

He sat on the ground blankly, directly stupid, looking at his father, he wondered why his father was so furious!

[Chapter 2429: Two conditions!](#)

His Majesty the Emperor smiled bitterly and said: "Tongtian, this trash, is still outstanding among my sons!"

He looked up to the sky and smiled bitterly: "What evil did I do? My fame in my first life, but I have raised such a bunch of waste sons who are worse than pigs and dogs!"

Upon hearing this, Princess Quyang could only remain silent.

His Majesty the Emperor looked at her and said, "Chen Feng has already been killed at this time. What do you think we should do?"

Grand Princess Quyang asked back: "Brother Emperor, what else can we do now? We didn't even dare to offend Yun Potian, but now we meet Chen Feng, who is stronger than Yun Potian. I don't know how much Chen Feng is. Dare to offend?"

"Now Chen Feng just wants to be fair, and he didn't call him up directly, indicating that he is still thinking about his previous relationship with the royal family."

"In that case, what are we still hesitating?"

She categorically said: "Chen Feng wants justice, then give him justice!"

His Majesty the Emperor slowly said: "It can only be so!"

He and Princess Quyang soon appeared in front of the palace. Princess Quyang looked at Chen Feng with a bitter smile on her face and said softly: "Chen Feng, I can't help you."

Chen Feng shook his head: "It's none of your business. I already know the whole story. It's the slander of the Prince Tongtian, and the emperor is confused."

He looked at His Majesty the Emperor and said in a deep voice: "Your Majesty, I will lead an army to conquer the Southern Famine under your order."

"Millions of soldiers fought **** battles and finally defeated the Black Water Profound Snake Tribe, restoring the stability of the Southern Desolate Clan!"

"I, Chen Feng, can say here with a clear conscience. Although I have selfish intentions, what I did is only good for the Tianyuan Dynasty."

"Similarly, although I am selfish, my soldiers are absolutely selfless. They fought **** battles for the Tianyuan Dynasty, and what did they get in the end?"

"In exchange for this is the consequence!"

"It's abuse! It's killing! It's torture! It's ignorance! It's helpless! It's miserable!"

Chen Feng's voice became louder and louder, and he let out a cold stern roar: "All this requires someone to give me an explanation!"

"Come tell me why you treat my soldiers like this! Come and tell me what mistakes my soldiers have made and suffer such suffering!"

"Come tell me why when Yun Potian is rampant, the only royal family that can contain him, why sit back and watch?"

Chen Feng's voice became more and more violent, his beard spurted, his face flushed, his eyes were bloodshot, and his anger was extreme.

Blood floods the pupil!

Every question of Chen Feng was like a sledgehammer, smashing his majesty's chest fiercely.

Every time he asked a question, he took a step back, his face paler.

When Chen Feng finished speaking, staring at him with bright eyes, his face was already extremely pale, and he couldn't say a word.

After a long time, he tremblingly said, "Chen Feng, I, I have nothing to say!"

Grand Princess Quyang looked at Chen Feng and said softly: "Chen Feng, for the royal family's past to you, let's just say a few words!"

Chen Feng's heart suddenly softened as he watched the begging color on Princess Quyang's face.

He clearly knows the kindness this woman has towards him, and he knows that without her, he would not have achieved the same level as he is now.

Chen Feng could not ignore her plea anyway.

Chen Feng took a deep breath and whispered, "But these things have to be paid by someone."

"What do you want me to do?" His Majesty the Emperor asked.

"First, abolish the cultivation base of Prince Tongtian and go to prison!"

"Good!" His Majesty the Emperor agreed without hesitation, and asked: "What about the second?"

"The second is..."

Chen Feng stared at him, and said slowly: "Your Majesty, please, condemn yourselves, abdicate to the virtuous, and let Princess Quyang take over the throne!"

As soon as this remark came out, everyone was in an uproar.

"God, Chen Feng is really bold enough!"

"Yeah, who does he think he is? Does he want to directly manipulate the world? Does he want to abolish the emperor directly?"

Everyone believed that His Majesty the Emperor couldn't agree.

Everyone also believes that the battle between the royal family and Chen Feng is already inevitable.

And Chen Feng's hand was already on the handle of the murder knife.

He will never hesitate to fight!

However, what shocked everyone, His Majesty the Emperor nodded without any hesitation, and said in a deep voice: "Okay, I agree to this condition."

"What?" Everyone was stunned!

But Chen Feng was not surprised, this result was already in his expectation.

He knows his Majesty the emperor very well today, knowing that he is actually a good man, in order to avoid a battle between himself and the royal family, he will sacrifice his dignity, his face.

But he is not a particularly qualified emperor.

Chen Feng looked at him, smiled and nodded and said, "It's so good."

Then, he arched his hand to Princess Quyang, smiled and said: "Chen, I have seen the Queen!"

Princess Quyang was also stunned, and the development of things up to now, completely beyond her expectations.

Even now, she hasn't struggled from the sentence Chen Feng said, "I invite your majesty to abdicate and let the virtuous."

Then I saw Chen Feng saluting himself.

She then reacted, feeling extremely complicated.

She was not a person who greeted power and held state politics. Is there any difference between the power of the emperor and the emperor?

It makes no difference.

To be honest, she didn't want to be the queen at all, but she knew that there was only one way to go.

If he refuses, Chen Feng's goal is not achieved, then this battle is inevitable.

His Majesty the Emperor looked at her with a plea in his eyes: "Sister Huang, you can agree to this!"

She gave Chen Feng a very complicated look, and then whispered: "Okay, then, I will succeed as empress."

People around them all looked at her and felt that the emperor passed the throne to his sister voluntarily, but her sister took the throne not voluntarily, but was forced by Chen Feng.

Chen Feng looked at the people behind him, and said in a deep voice, "Are you still not paying respect to the Emperor?"

The people behind him suddenly realized that they hurriedly bent over to salute, and said loudly: "I have seen the Queen!"

In the evening of the same day, in the palace and above the main hall, Her Majesty the Queen was enthroned with her officials.

At this time, Chen Feng had already arrived in the great prison, watching the abolished prince Tongtian lay there wailing, with a cold smile on his mouth, turned and left.

After returning to the inner courtyard of Wudong Academy, he came to the place where Zui Jiu Niu lived. Zui Jiu Niu was drinking wine bit by bit.

[Chapter 2430: The soul-man space that is about to collapse!](#)

Chen Feng walked in, he didn't care, he just asked softly, "How many years have you been in Tianyuan Dynasty?"

Chen Feng said: "It's been four years."

"It's amazing! Young hero!" Zui Jiuniu sighed: "In four years, he has gone from a small martial king realm to a powerful man who can kill a five-star martial emperor, and he can actually force this great promise. The emperor of the dynasty, abdicating to be virtuous, really amazing!"

"What the sages have not done for thousands of years, you have done it in four years!"

He gestured his thumbs to Chen Feng: "Awesome!"

Chen Feng heard a hint of sarcasm from his words, and smiled bitterly: "Are you blaming me?"

Zui Jiu Niu shook his head, his expression is also very complicated: "Our Wudong Academy has always had a good relationship with the royal family. If you want to blame, there must be a little bit of blame."

"But I also know that you can't be blamed for this, it's just,"

He sighed: "In the Tianyuan Dynasty, although you are not the strongest person yet, everyone knows that you are the strongest person sooner or later. I think you should go to a broader world."**nOveluS&.cOM**

Chen Feng nodded and said, "Yes, I think so too."

"In fact, after I came back this time, I wanted to find the country of Qingqiu first, because in the country of Qingqiu that moved, it is very likely that there are several deceased of mine."

"After I find them, I will take them to leave the Tianyuan Dynasty."

Drunk Jiuniu nodded slowly, and Chen Feng said a few words with him, and talked about the matter of capturing the soul of the weapon.

Zui Jiu Niu was also very happy for Chen Feng, and then Chen Feng was ready to leave.

At this time, Zui Jiu Niu suddenly stopped Chen Feng and said, "Chen Feng, you must be careful of the other big sects!"

"A few other big sects?"

Zui Jiu Niu nodded and said, "Yes, in the entire Tianyuan Dynasty, there are still eight forces like Wudong Academy, which are called the Nine Great Sects."

"The strength of these nine major sects is actually only a little weaker than the royal family. The strongest combat power is also the case."

"Just like me, I'm at the pinnacle level of the Five-Star Martial Emperor, and I'm even worse than the old monster of the royal family. That old monster is said to have reached the realm of the Six-Star Martial Emperor."

Chen Feng nodded slowly.

The Six-Star Martial Emperor was also extremely jealous, and Chen Feng was no match for the Six-Star Martial Emperor. "

But presumably, the royal family was also afraid of it, so it didn't make a move.

"In addition, the strongest people in the sects have all reached the middle stage of the five-star martial emperor or the peak of the five-star martial emperor. In fact, the combined strength of our nine sects far exceeds the imperial family."

"It's just that the imperial family is even better, and they are united and divided, and that's why they formed such a fragile balance."

"They control the power of the Tianyuan Dynasty, but every year the Tianyuan Dynasty also allocates a lot of resources to us."

Chen Feng asked: "Then are they going to deal with me?"

Zui Jiu Niu said: "It's just possible. After all, they are not like me. I know your ambitions. I know that the pond of the Tianyuan Dynasty absolutely cannot accommodate you, the flood dragon. You will definitely leave."

"But they don't know!"

His expression was cold: "In their eyes, you are a variable of the Tianyuan Dynasty."

"The Tianyuan Dynasty has maintained a balance for hundreds of thousands of years, and it will be interrupted because of you, especially if you are from Wudong Academy."

"In their opinion, you will definitely bring the Wudong Academy with your strength far surpassing the royal family, surpassing all sects, and even surpassing them combined."

"In their opinion, you will take away most of their resources, and even destroy them, so they will definitely see you as a thorn in the eye and a thorn in the flesh!"

"They will even think of trying to get rid of you first!"

Chen Feng laughed: "But, I have no such thoughts at all."

"Yes, you don't have it, but it doesn't mean that you don't have it in the eyes of others!" Zui Jiu Niu said coldly.

Chen Feng heard this, thought for a long time, then slowly nodded, and said: "I understand, don't worry, I will be careful!"

"However, you don't need to take it too seriously." Zui Jiu Niu said: "If they attack, they will only attack tentatively. In that case, they are not your opponent and pose no threat to you."

Chen Feng nodded: "I think so too."

Then, Chen Feng said goodbye and returned to the cliff of thought.

After returning to the thinking cliff, Chen Feng suddenly tilted his body and fell directly to the ground. His whole body was red with blood, as if soaking in a sea of blood.

The two pupils were shining with deep red light, almost as if they had entered a magic way.

Chen Feng felt that his brain was in severe pain, the pain was piercing, and his entire soul was about to collapse.

He quickly entered the soul-man space, and then saw that in the soul-man space, all that he had previously constructed had disappeared.

The mountains are gone, the hills are gone, and the surrounding area is even white, like a tranquil void.

And in this void, even the Hall of Soul Recalling had collapsed and disappeared, only those scales and those yellow feathers were still floating there quietly.

The blood of the vine snake and the yellow bird also condensed into a large group and floated in the air.

When Chen Feng saw that these things were still there, he couldn't help but sighed for a long time, and said fortunately: "Fortunately, fortunately, they are still there."

Next to him, a voice said coldly: "If you use the Buddha's Demon Sword once within a month, then your soul-man space will collapse directly, and everything in it will disappear."

Chen Feng turned his head and saw that it was An Lao.

An old man looked at him, and said with some sadness: "If you continue like this, the damage to the soul-man space is too great."

"Buddha Demon Sword, you can only use it once a month at most, because it is within the range of your soul."

"No matter how much you use it, it will cause great trauma. Just as it is now, you can only use it multiple times after you increase your level!"

Chen Feng said softly: "Old An, I have to do it this time."

"But I have to cut it out with that one. Even if I pay a tragic price, I have to cut it out with that one."

An old man listened and was silent.

He was very clear about Chen Feng's insistence.

"Hey..." He sighed and said angrily: "Old man, I just don't care about you."

Chen Feng leaned forward with a smile on his face and smiled: "I know, how can you care about me?"

An old man nodded: "I really can't help you."

"Well, what are you waiting for now? Don't hurry up to repair your soul-man space?"

Chen Feng nodded and said, "Okay."

He immediately began to repair his soul-man space.
