

Peerless 2461

[Chapter 2461: Can you offend me?](#)

"Oh? Madame Baihua? It seems that this matter will fall on her."

Chen Feng had some doubts in his heart and said, "Actually, I am very puzzled, because you should deal with me tentatively at the beginning, instead of sending the strongest force directly, which will kill me. "

"am I right?"

When Chen Feng said this, Lei Monkey came back to his senses. He immediately said in surprise, "Yes, we should do this!"

"But why, we will just do your best to deal with you like this?"

He didn't realize until this time that he had been led by Mrs. Baihua's thoughts all this time.

He thought for a moment, and suddenly said, "It's Mrs. Baihua, these are all of us driven by Mrs. Baihua."

Chen Feng frowned and said, "There is something wrong with this Baihua woman."

"Ordinary people would not do it like her, she seems to have a deep hatred of me, and she must put me on the ground."

It was precisely because something was wrong that Chen Feng asked Lei Monkey this question.

Thunder Monkey also didn't know how to answer.

Chen Feng raised his eyebrows and stopped going into this question carefully, anyway, everything will come to light at that time.

Then he said: "The second thing is..."

Chen Feng paused!

"What do you want me to do?" Lei Monkey looked at Chen Feng and asked with a trembling voice.

Chen Feng said lightly: "What I asked you to do is very simple."

He leaned forward and whispered: "After half a year, I will try to bring Mrs. Baihua to..."

Chen Feng said softly, Lei Monkey kept nodding his head to signal that he understood.

It turned out that what Chen Feng wanted Lei Monkey to do was to lure Mrs. Bai Hua to a certain place, or at least to make Mrs. Bai Hua not leave here or leave her sect.

Because Chen Feng was worried that the reason why Mrs. Baihua dared to chase herself before was because of their large numbers and at the same time thinking that her strength had not changed.

And now, when she knew that her strength had already killed so many helpers, Chen Feng knew that Madam Baihua would run away!

And if she is really cruel, and if she doesn't even want to run away from the school, then Chen Feng really may not be able to catch her!

Therefore, Chen Feng needs someone to confuse Madame Baihua and keep Madame Baihua.

He doesn't have time to entangle with people like Mrs. Baihua now. His current goal is still to find the country of Qingqiu, and still find the traces of Yuechun and the others.

Therefore, he set the time to six months later.

After listening to Chen Feng's words, Lei Monkey's face remained silent, but in fact he was constantly thinking about something in his heart.

Chen Feng smiled slightly, looked at him, and whispered: "Of course, you can also tell Mrs. Baihua after you go back now and tell her that you were just because of my ignorance and you did not submit to me at all."

"You can tell him all of my plans. You can let her escape, and even you can escape. You can run away now."

Chen Feng smiled and said, "But, I only tell you, if you do this..."

A touch of murderous intent appeared on Chen Feng's face: "I will chase you to the end of the world!"

"Your martial art, I will completely erase it from this continent!"

When Chen Feng said this, his eyes were very sharp!

A look of extreme fear appeared on Lei Monkey's face, and when he looked at Chen Feng, he couldn't help but shudder heavily.

He knew very well that Chen Feng would definitely do it when he said it!

His heart was filled with surprise, because he did have such thoughts in his mind just now.

Thinking of dealing with Chen Feng first, and then after going back, I will find Mrs. Baihua to tell the matter and discuss with her what to do!

But at this time, Chen Feng's point was broken, leaving her heart cold.

Chen Feng looked at him with a smile and said softly: "Actually, this matter is a good choice."

"After you think about me, it will be fine if you think about Madame Baihua. I am only twenty-two years old now. I already have the level of a two-star martial emperor, and my strength is comparable to a six-star martial emperor."

"What will happen to me in ten years?"

"And what about Mrs. Baihua? What will happen to her in ten years?"

Chen Feng looked at him and asked word by word: "You, can you offend me?"

Chen Feng's remarks were like a divine enlightenment, as if a basin of ice and snow poured directly on Thunder Monkey's head, making his mind instantly sober.

He immediately rejoiced and said, "Master Chen, thank you for your reminder. I will never betray you. Don't worry!"

He realized that he really couldn't afford to offend Chen Feng, and Chen Feng smiled slightly, knowing he had succeeded.

Thunder Monkey must not dare to betray him!

Chen Feng smiled and looked at him and said, "Well, now you should set off!"

At this time, Madam Baihua, Leng Yuecan and Qiu Zizhen had already gathered together.

There was a panic on the faces of the three of them, and there was even a trace of despair deep in their eyes.

Leng Yuecan said with a trembling, "Huangfu Wuba and their auras have disappeared, and Yuan Puxin's aura has disappeared."

"Moreover, this happened within a short period of time. In other words, Chen Feng killed them and it took no more than a cup of tea."

"In less than a cup of tea, three people were killed!"

"This Chen Feng is terrible!"

On the other hand, Qiu Zizhen said uncertainly: "Chen Feng's previous stab to kill the Poison Boy was clearly his unique skill."

"And after he used that trick, it was also extremely costly. I estimate that it is absolutely impossible to use it in a short time."

"Now, he actually killed three people in a row? The time in between when he killed the two Huangfu Wuba to find Lei Monkey and Yuan Puxin."

"Could it be that....."

Mrs. Baihua picked up his words and said in a trembled voice: "Chen Feng can already send and receive that episode of horrible tricks freely, can he make any moves?"

The three of them were terrified and speculated in their hearts.

Mrs. Baihua took a deep breath, looked at the two of them, and said with an apologetic smile: "I'm sorry, you two, this time dragged you into the quagmire."

"But I have to do it too, it really can't..." she said in a low voice: "The three of us don't care about the sect, let's run!"

"I don't believe it. If we run away, then Chen Feng can still catch us?"

The other two are full of hatred towards Madam Baihua, but even if they are full of hatred, what can they do?

They are now grasshoppers on a rope!

At this moment, they suddenly saw a figure flying over the sky in the distance.

Suddenly, the three of them stared at the figure with all their faces on guard. They didn't feel relieved until they could see the look of the figure.

[Chapter 2462: You got Fooled](#)

This figure is the Thunder Monkey!

Lei Monkey's face was bloody, and his face was worried.

And between his eyebrows, there was even a trace of doubt. Seeing his expression, Madame Baihua and the others had some differences in their hearts, and they didn't know what was wrong.

They hurried up and asked Lei Monkey, "Lei Monkey, has Yuan Puxin been killed by Chen Feng? Has he been killed by Chen Feng?"

Lei Monkey said: "Yuan Pu Xin, was easily killed by Chen Feng with a single knife!"

"What? It's easy to kill with one knife?"

None of them saw Chen Feng beheading the two Huangfu Wuba, but when they thought of the scene in which Chen Feng easily beheaded Yuan Puxin with a single knife, they couldn't help but feel cold!

Mrs. Baihua trembled: "He only took a knife? Yuan Puxin was killed without fighting back?"

"Yes." Thunder Monkey said with a solemn expression.

"Then what were you doing?" Leng Yuecan asked angrily.

Lei Monkey knew he was at a disadvantage, and said embarrassingly: "I didn't react at all."

"No reaction?" Everyone was speechless.

It's just that they are more concerned about another matter. Mrs. Baihua tremblingly asked: "Then Chen Feng, can he easily use the powerful knife that kills the poisonous boy?"

"It should be." Lei Monkey nodded and said!

Upon hearing this, Mrs. Baihua and the others, the despair filled her heart!

"It's just," Lei Monkey looked at Mrs. Baihua and said, "Then Chen Feng, I feel that he is not strong enough."

"After he killed Yuan Puxin, when he wanted to attack me, I was ready to fight him hard, but after he attacked me with a palm, his face changed, but he immediately retreated."

"What? He retreated immediately? Are you sure?" When Madam Baihua heard this, the look of fear and despair on her face disappeared.

Instead, there was a glimmer of excitement and hope, watching Thunder Monkey tremblingly asked.

Thunder Monkey nodded heavily, and said very firmly: "I'm pretty sure, otherwise, do you think I can still stand here?"

When Mrs. Baihua heard this, she immediately gave an excited high-five, and laughed and said: "I know, I know."

"Then Chen Feng, it turns out that his strength has not broken through at all, he is just a silver-like wax gun head, just pretending to be!"

Lei Monkey sighed softly in his heart, and said to himself: "This Chen Feng is too terrible. He anticipated all Mrs. Baihua's reactions. It is really amazing."

Of course he wouldn't show it on his face, he showed a hint of surprise on his face, and asked, "Mrs. Baihua, what do you mean? Could it be that Chen Feng?"

"That's right, Chen Feng killed the Huangfu Wuba two in succession before, which gave me an illusion about his strength judgment, thinking that his strength is so advanced, it is very easy to kill us."

"But now," she said with a smug smile on her face: "This Chen Feng, after being seriously injured by us last time, actually did not recover at all."

"He is not even as strong as before. He just used some secret technique to stimulate his potential, and it broke out in a short period of time, surpassing the previous combat effectiveness."

Thunder Monkey was silent, as if thinking about this sentence.

In fact, he was afraid that he would say too much and reveal flaws.

Fortunately, Mrs. Baihua never thought that he would lie to herself, that he would lie, and did not pay attention to his look.

Mrs. Baihua was walking around excitedly at this time: "Haha, Chen Feng, Chen Feng, you are really looking for death!"

"If you are seriously injured, find a place to meditate and there is still a way to recover, but now you are forcing your potential for the sake of your face. Although your strength has improved for a while and killed the three of us, it has been extremely beneficial to you for a long time. The big disadvantage."

"Your strength will be permanently reduced, even far worse than before."

He looked at Lei Monkey, Leng Yuecan, and Qiu Zizhen, and said, "Three, let's not despair. Chen Feng's strength is not as strong as we thought."

"His strength in the future will only get weaker and weaker. We can kill him!"

She said categorically, full of strong self-confidence.

Lei Monkey sneered secretly in his heart, while Leng Yuecan and Qiu Zizhen were both very happy and shouted excitedly!

Chen Feng's guess was correct. As soon as Mrs. Baihua heard the news, her first thought was to run away.

The words that Lei Monkey told her relieved her a lot.

Mrs. Baihua thought for a moment, and said softly: "Chen Feng was injured and ran away today, indicating that he can no longer control the injuries in his body. Now is our best opportunity."

Lei Monkey thought for a while and said, "No, it's actually not the best opportunity now."

"I can't suppress Chen Feng's injury. As long as the time is delayed long enough, his injury will get worse."

"In this case, it will be easier for us to kill him then, so we can actually delay the time now."

Mrs. Baihua thought for a while and said, "That's right."

She glanced at the three of them and said: "If this is the case, then we don't need to worry, just look for them carefully and slowly here."

"Furthermore, Chen Feng's injury can't be suppressed. Not only will his strength decline, but he will also leave a lot of breath. There are many traces, and it should be easier for us to find it."

All three nodded.

Then, this time, Mrs. Baihua divided the four into two teams and continued searching.

After searching for three or four days, no trace of Chen Feng was found, and Chen Feng did not take the initiative to show up, which made him firm his mind.

If Chen Feng's strength still exists, it is impossible for him not to show up.

As a result, she was bolder and directly divided the four into four teams, which was so easy to find.

After searching for half a month, although to no avail, Chen Feng still did not show up.

Madame Baihua felt even more joyful in her heart: "This shows that Chen Feng has no confidence in dealing with any of us."

She didn't have any doubts about Thunder Monkey, and continued to lead everyone to search.

As everyone knows, all of her falls within Chen Feng's calculations!

At this time, Chen Feng was already out to sea.

Over the vast ocean, a golden light slipped quietly, and it was Chen Feng who used Jinpeng to make a decision.

At this time, Chen Feng looked far away.

Today is the scorching sun, and the sea is cloudless and visibility is extremely high.

Chen Feng could see extremely far, and at this moment, his eyes scanned all the islands that he could see.

At the same time, Chen Feng's breath felt everywhere.

However, what Chen Feng sensed at this time was not the information of the Fox of Qingqiu, but a piece of his hand.

[Chapter 2463: I found it!](#)

At this moment, Chen Feng was holding a black stone in his hand. This black stone looked ordinary, but its shape was a bit special.

In the eyes of others, it may be just a little special, but in Chen Feng's eyes, it is like a shocking stone.

It turned out that the shape of this black stone turned out to be a little fox, which looked very cute and lovely.

When others get this stone, they will only think that it is a coincidence and formed naturally, but Chen Feng knows it, not a coincidence.

Because the appearance of this little fox is exactly the same as the appearance of the little fox carved on the jade that Chen Feng picked up by the underground altar.

Chen Feng got this stone when he was fighting with Huangfu Wuba and others.

At that time, their battle drained a hundred miles of seawater. At that time, Chen Feng's breath swept across the bottom of the sea, and the stone was swept away.

He immediately found the news of the Fox of Qingqiu from the stone.

So Chen Feng picked up the stone after killing the two.

Chen Feng knew very well that this stone fell on the bottom of the sea, which means that the country of Qingqiu must have set sail to sea.

This made Chen Feng a little more confused about the way ahead, but his confidence has never disappeared.

He will continue to search!

Chen Feng has been flying at sea for half a month.

On that day, lightning and thunder suddenly appeared in the sky, and countless lead clouds piled up.

Among the black clouds, thunder snakes danced wildly, and lightning burst.

The roar of thunder continued to sound, and the dazzling electric light drew a huge and terrifying silhouette above the thundercloud, penetrated the cloud and shot down on the sea below.

The sea became blue.

Chen Feng couldn't help but sigh with such a magnificent scene of heaven and earth.

Thousands of snakes dance wildly, and thousands of thunders are on top!

But soon, the smile on Chen Feng's face disappeared.

It turned out that at this time, there were countless sailing and fishing boats on this sea area of tens of thousands of miles.

The number of these fishing boats may be as many as hundreds of thousands, and there are millions or even tens of millions of fishermen and people.

It turned out that this place is an extremely rich sea area, and fishermen within a radius of one million miles like to come here to fish.

And now, this area is shrouded in boundless thunderclouds.

Countless lightning fell like a forest.

With a bang, a thunderbolt fell, directly smashing hundreds of fishing boats to pieces.

The people above even directly chopped them and didn't even leave the corpses. They turned into a blue smoke and disappeared.

Another thunderbolt fell, also smashing hundreds of fishing boats to pieces. The fishermen above were not directly vaporized, but after falling into the water, those thunderbolts ran across the water and electrocuted them all.

Seeing this scene, Chen Feng let out an angry roar: "The world is not benevolent, and everything is a dog, right?"

"Then. I will crush your world to pieces!"

When he showed off his figure, he flew directly into this thundercloud.

In this thundercloud, there are violent thunder and lightning everywhere.

The lightning struck by Chen Feng's side, the thunder passed through Chen Feng's side, and Chen Feng was not afraid!

Instead, he roared one after another!

Suddenly, a thick and large building looked like a house, and at the same time it looked like a huge thunderbolt from the end of the sky. With a bang, it hit Chen Feng.

Chen Feng shivered violently all over, and he felt a deep pain.

But Chen Feng did not evade, but instead faced such a point and went straight forward!

Chen Feng's body hurts more and more, and Chen Feng's injuries are getting more and more severe, but he is not afraid.

Moreover, the power of this thunder and lightning was also absorbed by Chen Feng's body, and it all poured into the thunder dragon pendant on his chest.

The Thunder Dragon pendant was unremarkable from the beginning, and gradually appeared faintly behind.

Soon, Chen Feng came to the end of this huge lightning.

He was completely absorbed by Chen Feng!

Then, Chen Feng changed a huge thunder to continue to absorb.

Chen Feng absorbed more than a dozen thunders in succession, so that in the end, when he was flying in the thunder and lightning forest, those thunders not only did not dare to attack him, but also took the initiative to avoid him.

It seemed that he was afraid of coming to absorb himself.

Chen Feng laughed and roared: "You cowards! Why don't you show off your power now? Why don't you come to attack me now!"

These lightnings were all attracted by Chen Feng, or defeated by Chen Feng, so that they all turned their eyes to Chen Feng above the thundercloud.

For a while, no trace of thunder and lightning fell in the thundercloud.

And the violent storm and rain soon became calm and calm, the dark clouds began to fade, the rain became smaller, and there was no trace of thunder and lightning falling below.

Suddenly, the fishermen above the ocean and the people on the sailing boats all made huge cheers when they saw this scene.

Chen Feng saw that they were out of danger, and a smile was drawn at the corner of his mouth, feeling very pleased.

When the fishermen didn't know the reason, they heard Chen Feng's earth-shaking laugh and anger.

An elderly fisherman shouted: "Is it a god? Is this **** blessing us?"

"It must be!" A burly man next to him said excitedly: "There were so many thunder and lightning falling just now, but now there is no one. The **** must have led these thunder and lightning away and defeated!"

They knelt on the deck, and bowed to the thundercloud!

But at this moment, with a bang, the small and exquisite pendant that Chen Feng had been hanging on his chest suddenly radiated a boundless light.

In the next moment, the Thunder Dragon pendant disappeared directly.

Then, Chen Feng looked inside his pubic area and saw that a little thunder dragon was sleeping in his pubic area.

The size of this Thunder Dragon is still very small, but it has already exuded a tyrannical aura that destroys the world, as if it originated from the ancient prehistoric.

Chen Feng was extremely pleasantly surprised. He originally wanted to save those people and had no idea of activating Thunder Dragon, but he did not expect that by chance, Thunder Dragon would also be activated!

He was ecstatic in his heart and laughed: "I succeeded, I succeeded!"

"This Thunder Dragon was finally activated by me amidst the thunder and lightning! Although it has not been resurrected, it has already returned to the dantian. It is only a step away from his resurrection!"

This made Chen Feng very happy.

After resolving this crisis, Chen Feng continued.

But soon, Chen Feng's heart suddenly moved.

It turned out that the sea not far in front was extremely clear and the water was not deep, so the bottom could be seen directly.

And under the sea, those reefs actually formed the pattern of a little fox!

[Chapter 2464: Attack from the soul!](#)

It was exactly the same as the little stone in Chen Feng's hand.

In Chen Feng's heart, he was immediately horrified, and then there was a burst of ecstasy: "I found it, I found the clue! I finally found the clue to the country of Qingqiu!"

Chen Feng judged that this was definitely a clue to the Kingdom of Qingqiu, and he was absolutely right looking for it!

Chen Feng forcibly suppressed the joy in his heart and continued to move forward.

Soon, he was hundreds of miles away and found another little fox on the bottom of the sea, and then the third one.

And he soon discovered that this was not accidental, but regular.

Every other distance, there is a place in the sea that is shallower than other places, and there is a pattern of such a little fox.

Chen Feng quickly judged that it was not so much a pattern on the bottom of a shallow sea, but rather someone deliberately constructed such a pattern with natural rocks under the sea.

However, it is very, very difficult to observe the pattern of this little fox from the outside.

It can only be seen when the sun shines directly, there is no cloud in the sky, and the sky is clear.

If it weren't for Chen Feng's chance to come to the underground altar, look for such a piece of jade carved with a small fox pattern, and find such a small stone by the sea, he would definitely not be able to find it.

Soon, the sun disappeared and Chen Feng had to stop.

But he was not in a hurry and just rested in place.

At noon the next day, Chen Feng set off again.

Sure enough, he found it again.

Following the pattern of the little fox, Chen Feng walked along a very tortuous sea road, bypassing a large group of very rugged and sinister reefs, and came to a very remote seaside.

No, it can't even be said to be the seaside. Chen Feng has even returned to the mainland now.

However, the border between the continent and the ocean is extremely remote and sinister, and there are endless wilderness and Gobi everywhere. Beach.

It can be said to be very inconspicuous and hard to attract attention.

The dense reefs in the sea also ensured that ordinary warriors and people would not enter here by mistake.

When Chen Feng came here, and walked forward for a while, Chen Feng suddenly shook his whole body.

It turned out that not far ahead, he saw a huge mountain.

This huge mountain is extremely vast, covered with huge trees, Chen Feng judged it, at least tens of thousands of miles in radius.

At the same time, since it is difficult to come here, it is hardly noticed.

Chen Feng's heart was pounding: "It's here, it must be here, this must be the residence of Qingqiu Fox!"

"It's amazing. These guys actually played such a trick and laid out false clues to make people think that they had gone to sea rafting. As everyone knows, they went around a big circle and came back, and they actually hid here."

"If you go to sea to find them, you will find nothing."

Without hesitation, Chen Feng stepped directly into this huge mountain.

But although he acted decisively, he acted extremely cautiously, carefully concealing his form.

And when he entered this huge mountain, he suddenly felt a very strange feeling.

During the day, Chen Feng couldn't tell what this feeling was, but he would know after night.

It turned out that after night, moonlight was circulating everywhere in this huge mountain.

Chen Feng took a closer look, and then his heart moved.

It turns out that on the cliff of this huge mountain, even in the tree hole, there are small stone totem poles with countless smooth stone mirrors carved on them.

After the moonlight shines down from various angles, these stone mirrors sprinkle moonlight everywhere.

At this time, in this night, Chen Feng was walking in this huge mountain forest, just like walking in a dreamland intertwined with moonlight.

Dreamy and magnificent.

Chen Feng was even a little intoxicated.

Chen Feng whispered to himself: "This is this, it must be this. If it weren't for the territory of the Qingqiu Kingdom, how could you respect Moonlight so much? How could there be such a layout?"

Chen Feng all the way forward.

And it didn't take long for Chen Feng to leave the place where he entered this huge mountain. Suddenly, with a flash, a figure came directly here.

This figure, wearing a long black cloak, exudes an obscure spirit of soul.

And the breath on his body is extremely cold, making people feel that there is an indescribable fear that penetrates the soul.

This person is Lihun.

Li Hun gently sniffed his nose in place, felt a bit, and then a sneer appeared at the corner of his mouth.

"He has not been here for more than two days."

Li Hun gritted his teeth with a fierce look on his face, and said with a cold voice: "Chen Feng, Chen Feng, you really make me easy to find!"

"I went to the Great Desert, and you returned to Tianyuan Imperial City."

"When I go to Tianyuan Imperial City, you go to the South Wilderness!"

"I went to the Southern Wilderness, and you have returned to the Tianyuan Imperial City!"

"When I returned to the Tianyuan Imperial City, you were nowhere to be found! Boy, are you playing with me?"

A look of anger flashed on his face.

It turned out that Lihun chased Chen Feng for a long time, at least a few years.

In the past few years, he has been able to catch up with Chen Feng several times, but every time it was a mistake.

And he, conceited strength is many times stronger than Chen Feng, but now he can't catch up with Chen Feng, making him very embarrassed and angry!

He flashed, and chased forward again.

At this time, Chen Feng was walking in the forest.

When he turned around a mountain col, he suddenly felt a little strange.

Chen Feng immediately looked to the front left and saw a black figure floating there.

At this moment, under the cloak, in the eyes, there was a burst of light full of cold hatred, staring at him.

Chen Feng suddenly felt shocked: "Who is this person? When did he come? I didn't even notice it?"

You know, with Chen Feng's strength, it is impossible to detect it, which shows how powerful this person is!

But at this time, Chen Feng's heart suddenly trembled. It was not his own mind trembling, but An Lao's.

Chen Feng exclaimed in his heart: "An old man, what's wrong with you?"

An Lao was silent.

Chen Feng looked at the man in black with the cloak, with a look of caution on his face, and said in a deep voice, "Who are you? Why are you here?"

The man in the black cloak looked at Chen Feng, a sneer suddenly appeared at the corner of his mouth.

He suddenly took off his cloak, revealing his face, and Chen Feng's eyes suddenly shrank.

[Chapter 2465: Soul Destruction Hall!](#)

This person's face was pale as paper, and his face seemed to have no flesh and blood, only a pale skin attached to his face.

It looks like a skeleton, terrible.

And his eyes flickered like ghost fire.

This person paced and walked up, with a leisurely expression, obviously not paying attention to Chen Feng at all.

In front of Chen Feng, it was like walking around his back garden.

He looked at Chen Feng and smiled faintly: "I only wanted to kill you, but I didn't expect that there would be unexpected gains!"

As he said, he sternly shouted at Chen Feng: "Old thing, get out! I have already sensed your existence, but what's the use of hiding?"

Chen Feng felt a violent twitch in his heart, and an unspeakable fear of an old man passed over!

At this time, An Lao's voice suddenly sounded in Chen Feng's heart: "Chen Feng, he, he, he is from the Hall of Soul Destruction!"

"What? The people in the Soul Destruction Hall? What is the origin of the people in the Soul Destruction Hall?" Chen Feng asked softly with some doubts in his heart.

At the same time, a very ominous premonition surged in his heart.

It turned out that An Lao's voice was trembling at this time, full of indescribable fear.

An Lao has always been indifferent and calm, but he rarely shows such emotions.

His appearance shows that he is extremely afraid of this person!

Huh, An Lao appeared directly in front of Chen Feng.

He looked at the man in black and said with a trembling voice: "Here, this day is coming after all!"

"I have been hiding for thousands of years, but I can't hide it!"

The man in black sneered: "Our method of destroying the soul hall, can you say that you can hide and hide? Old man, today, die!"

He looked at Chen Feng and An Lao, and a grinning smile suddenly appeared on his face: "Little boy, I have been looking for you for several years, and now I finally found you!"

"You, but let me find it so hard!"

"Today, I can't make your death so painful. I must torture you well to get rid of the hatred in my heart!"

He screamed: "Remember, the person who took your two lives today is named Lihun!"

"Lihun!" Da Neng remembered the name immediately.

But at this moment, Li Soul's body exudes a huge and extremely aura, from obscure and obscure to extremely huge.

However, it was extremely tyrannical in an instant.

This momentum was so strong that Chen Feng almost suffocated, making him even a little breathless when facing this momentum.

"This person's strength is absolutely extremely powerful, much stronger than me!" He exclaimed in his heart.

"Where did such a master come out of this? How could he be so strong?"

Chen Feng was even a little desperate by this momentum. He knew that he was definitely not the opponent of Li Soul, and he couldn't even survive a few tricks under his hands.

But so what?

Chen Feng's face suddenly showed a frenzied and unruly color.

Now he could see that this person called Lihun belonged to a force called Temple of Soul Destruction.

He came here today to catch An Lao, it seems that they are specifically targeting the existence of An Lao,

Chen Feng looked at Lihun and let out a loud roar: "You must never take Anlao away. With me here today, you can't touch Anlao's hair!"

As he said, Chen Feng screamed, and the murder knife in his hand was already out of its sheath.

Holding the killing knife in both hands, he came directly to Lihun, and with a violent roar, the Buddha's Demon Sword came out suddenly.

Once Chen Feng came up, he used his most powerful offensive!

Buddha exterminates the magic knife!

With Chen Feng's current strength, the imperial ambassador to the Buddha's Demon Sword could not only be killed by him at the pinnacle of the Five-Star Martial Emperor, but even the Six-Star Martial Emperor would suffer some injuries.

But Lihun didn't put him in his eyes at all, and sneered: "Yingying's light dare to compete with the sun and the moon?"

He also roared, and fisted out.

Suddenly, two obscure breaths surging out directly centered on his fists.

The power of the soul is in the air.

In an instant, there were countless small ripples and black cracks in the sky.

His punch directly shattered and shook the space.

And this punch hit Chen Feng's murderous knife bitterly, and after a brush, a red light flashed behind Chen Feng's body.

Li Hun originally looked at Chen Feng with a smile, but didn't take it seriously, and didn't think he could do anything to him.

But at this moment, he suddenly felt that a red light flashed in front of him, and a sea of blood suddenly appeared.

In front of him, there was nothing else, the whole person turned out to be dumbfounded.

And the next moment, he saw two blood-red rays flickering in front of him, as if the demon blinked.

Then, the extremely powerful mental shock came directly.

He snorted, took a step backward, and sprayed out a mouthful of blood.

A crack appeared directly in his soul, and he let out an unbelievable exclamation roar: "How is it possible? This kid's offensive can actually hurt my soul?"

He looked at his soul, his heart was full of regret and anger: "My soul has been warmed for hundreds of years before Wen Yang has become what it is now, but it was broken by his attack by 30%?"

"I was already severely injured by him? How could it be possible?"

"How could this little boy be so strong? How could he cause such a severe trauma to my soul?"

He was full of disbelief, but this is the truth!

And Chen Feng was shocked at this time.

As soon as his murder knife was released, it had always directly shattered the opponent's soul, but now, Lihun stood in front of Chen Feng, looking safe and sound!

Although Chen Feng was shocked and uncertain, he did not hesitate.

The murder knife has been slashed fiercely.

At this time, Li Soul's eyes burst into a moving burst of light, full of hatred and violence: "Boy, how dare you hurt me? What a death!"

With that said, the aura that exuded from his body suddenly increased several times compared to just now.

It turned out that he hadn't tried his best just now, and he didn't expect that Chen Feng's offensive would still have a soul attack!

Therefore, there is no power to resist the soul in his offensive, but now it does.

Suddenly, the overwhelming power surged towards Chen Feng.

With a bang, this force hit the murder knife.

Chen Feng felt that an extremely powerful force came directly, and the killing knife in his hand rushed out directly, falling far to the ground.

However, he was shocked by this powerful force and spurted blood, and his body fell hundreds of meters away, smashing a cliff alive.

[Chapter 2466: Strong enough to make people desperate!](#)

Chen Feng fell down, coughing violently, his whole body was in severe pain, blood spurted wildly, and countless wounds appeared on his body. He was already seriously injured!

And Chen Feng did not hesitate, he stretched out his right hand, grabbed the killing knife directly, and shouted: "Old An, run!"

As he said, he took An Lao back into his body, and then ran away frantically, holding the blood wind.

"Oh, little bunny, he runs quite fast, and his reaction is very quick. Knowing that it is not my opponent, I chose to escape immediately."

Li Hun looked at Chen Feng's back and stood there, but didn't chase him down. He just made a sneer at the corner of his mouth: "But it's a pity, can you run away in front of me?"

He smiled yinly, and his figure flashed past.

At this time, in his eyes, Chen Feng had already turned into a golden light, rushing outwards at an extremely fast speed, which was the second layer of Jinpeng's Longitudinal Technique.

One day and one night, you can fly out three million miles!

"Oh? Ten times the speed of sound?" Lihun raised his brows: "The speed is not slow!"

There was a look of surprise on his face: "This kid's power and speed are not bad, but it's a pity that you met a stronger me."

As he said, his figure flickered one after another, and slowly followed Chen Feng.

escape! Run away!

At this time, Chen Feng had only this idea in his mind.

He has escaped for a few hours, and in these few hours, he has urged his potential to the extreme, and he has urged his Jinpeng Acrobatics to the extreme.

In this big mountain, ran away frantically.

A few hours was nothing to Chen Feng.

He flew for several days and nights before.

But now, in these short hours, Chen Feng has almost reached the limit.

At this moment, his lungs were severely painful, and his whole body was severely painful, and blood spurted all over his body, continuously falling in the air.

He felt his head hurt to the extreme, his forehead bounced around and his heart almost exploded.

It seemed that in the next moment, he was about to die.

The reason for this is not only because he was seriously injured just now, not only because he reached the limit of his urging potential, but also because of the figure slowly following him behind him.

That's right, it's from the soul.

Chen Feng had escaped for three hours, but he had been overtaken by Lihun one hour ago.

However, the strange thing is that Lihun only followed him within a hundred meters, but he did not chase after him, but did not let the distance go away.

Chen Feng knew why.

Lixun was obviously playing with himself, he was playing with himself like a cat that caught a mouse.

Finally, Chen Feng could no longer support it.

The surging golden power in his body suddenly broke for a while, stagnating for a moment at the shoulder blade.

So, at this moment, his power was directly cut off.

Then, fell heavily to the ground!

At this time, the place where Chen Feng fell was almost at the edge of this mountain range. No, it should be said that it was the edge of the big forest where Chen Feng was before.

At this moment, in front of him, there was a blue-black mist, like a gauze tent, hazy.

This cyan fog looks ordinary.

But after Chen Feng saw it, his heart suddenly shrank, and an extremely dangerous feeling surged up.

Because in this mist, it's too quiet.

Chen Feng couldn't even hear the roar of birds and beasts!

He immediately retreated a few steps instinctively, away from the mist.

This mist gave him a very dangerous feeling, let alone him, after the Li Soul came here, he frowned, and his heart shook.

He glanced at the fog and said lightly: "This fog is so weird!"

Li Hun's figure flashed past and fell in front of Chen Feng.

Chen Feng uttered an angry roar: "If you want to kill, kill, so playing tricks on me, today I don't want my life, and I can't bear this tone!"

With that, Chen Feng let out an angry roar, his figure flashed past, and he rushed towards Lihun.

A punch came out.

In front of him, sixteen orange rays of the power of heaven and earth suddenly appeared.

Li Hun raised his brows: "It turned out to be the power of the orange heaven and earth? And there are sixteen strands? You little fellow, you really can't be underestimated!"

"But..." He smiled coldly: "Unfortunately, I can completely suppress you in terms of strength!"

With that said, in front of him, there was actually a dense row of cyan heaven and earth power.

Chen Feng looked at it and couldn't help being shocked.

The power of these cyan heavens and earth did not appear in the form of strands, but in the form of a net.

There are exactly one hundred and twenty-eight nodes on this online page.

Li Hun laughed wildly: "I have a whole hundred and twenty-eight ray of the power of the blue sky and earth, can I overwhelm you? Can I overwhelm you?"

The two banged together!

Chen Feng's orange power of heaven and earth, without any doubt, was directly defeated and instantly dispelled.

Chen Feng was hit hard by the giant net made up of one hundred and twenty-eight strands of the power of the blue sky and earth.

His body ejected heavily in the air, and every time he ejected, he was hit hard once, and blood rushed up like a fountain.

On the body, there is no more intact skin.

His body fell heavily to the ground, already reaching the point of being seriously injured and dying.

Chen Feng and even the whole person's mind was blurred!

However, Chen Feng has not yet succumbed!

With a sharp roar, he struggled to stand up from the ground.

Then, the next moment, his figure flashed, and the Floating Light Glimpse technique was activated, and three Chen Feng appeared.

Every Chen Feng held a killing knife in his hand and a blood wind in his arms.

Then, the three Chen Feng ran away frantically!

His purpose is that blue cloud!

Chen Feng now doesn't even care about the danger in the mist. If he enters the mist, he may not die. If he does not enter the mist, he will die now!

"Oh, kid, quite capable? You even learned these martial skills?"

"It looks like a phantom, but in fact it is a clone. Each one makes it impossible to distinguish the true from the false."

"But it's a pity, you met me!"

Li Hun laughed: "Others can be faked, can the fluctuations of the soul be faked? I'm an expert at playing with the soul!"

With that, he frowned and felt it, and immediately chased after Chen Feng on the left.

Sure enough, this is Chen Feng's ontology.

He patted it with a palm, and this Chen Feng groaned and was beaten out, but the two Chen Feng disappeared directly.

With one move, he broke Chen Feng's floating light and glancing shadow technique!

Crush!

Chen Feng was undoubtedly crushed!

Whether it is speed, strength, or martial skills, no aspect of him can compare to Lihun, and all aspects are surrounded by Lihun.

[Chapter 2467: Natal soul](#)

Nothing in him can compare with Li Hun!

Looking at Li Hun, Chen Feng was even a little desperate now!

"It's too strong, this Lishun is really too powerful. Even if I have such strength, even if my strength is advancing rapidly, even if I have three heavenly ninth grade martial arts, I can't compare with him at all! He played so miserably!"

However, what Chen Feng didn't know was that at this moment, the heart of Lixun was full of shock.

He looked at Chen Feng, and his heart was full of turbulent waves, which was beyond shock.

"This kid, when I left the Soul Destroying Palace to chase him down, his strength was nothing but humble. In my eyes, he is like an ant. I can kill him with just one hand."

"And now, he can almost compete with me!"

"I deal with him now, it seems easy, but in fact it is just better than him in all aspects, mainly relying on combat experience!"

"This kid is terrible!"

"I have been cultivating for five hundred and seventy years. If it weren't for the master of the heavens for the means to reach the sky, I would not have survived that long!"

"And he? He is only twenty-two years old!"

Murderous intent flashed in his eyes, and a voice echoed in his heart: "Never let him live, he must die! I must kill him!"

"Otherwise, not only will I lose my life in the future, I am afraid that the Soul Destruction Palace will not be able to keep it!" *novelusb.com*

He stepped forward and was about to attack Chen Feng.

At this time, Old An suddenly appeared, glared at him, and sternly shouted: "Enough, aren't you just to catch me?"

"You let him go, this matter has nothing to do with him!"

"You are really naive! Old fellow!" Li Hun laughed and said, "You old man, you are arrogant and smart, but you are not superficial?"

He proudly said: "Our power is called the Temple of Soul Destruction in your mouth, which means that it specifically captures you wandering souls."

"Hahahaha, too shallow!"

"You don't know at all. Our real name is called the Temple of Heaven. What does the Temple of Heaven mean? That's what it means to walk for the heavens, for the heavens, for the heavens, and to kill those things he doesn't want to see! "

"You ghosts, floating between life and death, do not reincarnate, do not enter the cycle of reincarnation, but are not true martial artists, this is naturally beyond the tolerance of heaven!"

"And we are not just dealing with you. What are you? Are we worthy of dealing with it wholeheartedly?"

"Tell you, I'm here today, it's not you, but this little boy!"

Boss An was shocked, and said angrily: "Why?"

"Because!" Li Hun stared at Chen Feng, word by word, his voice sounded like Jiuyou, obscure and difficult to understand: "This kid is the body of heaven!"

With extreme jealousy in his eyes, he stared at Chen Feng and said, "Your body is extremely against the sky, extremely tyrannical, and even so strong that even God and Dao of Heaven hate it!"

"That's why I was sent to kill you. Of course, it's a pleasant surprise to meet an old thing like you!"

He looked at An Lao and said.

"What? The body of heaven?" Chen Feng was stunned when he heard this.

He didn't know what exactly this heavenly body of abomination meant.

An Lao exclaimed, turning his head to look at Chen Feng, with an extremely complex expression on his face, his expression full of shock, full of disbelief, but also full of deep relief.

He looked at Chen Feng, smiled and said, "I'll just say, you little guy is a talented person, now it seems that the talented person is not enough to describe you!"

"You are the body of the abomination of the heavens! Hahaha, the little fellow, the body of the abomination of the heavens, you will know how powerful it is!

Chen Feng was very confused, all he knew was that now he and An Lao are in extreme crisis!

Li Hun stared at An Lao, and coldly shouted: "Get out of the way, I will kill him first, and then kill you, otherwise, I will kill you first, so that you can't survive this moment!"

At this time, An Lao suddenly flashed his figure and stood in front of Chen Feng.

Chen Feng exclaimed: "Old An, what are you doing?"

An Lao looked back at Chen Feng, and then a soft smile appeared at the corner of his mouth, his eyes filled with dismay.

Then, he turned his head, looked at Lihun, and said loudly: "You let Chen Feng go, I'll go back with you!"

"What? I let you go? You want me to let you go?" Li Hun looked at An Lao, with a disdainful smile on his face.

He said contemptuously: "Why are you? How are you worthy?"

"My strength is more than enough to kill him and then catch you back? Why do you let me not kill him?"

"What do you think you are?"

His voice was full of contempt.

Hearing his contemptuous words, Chen Feng was extremely angry, and he was struggling to stand up.

Even if he is seriously injured and dying now!

Anlao is one of Chen Feng's most respected people, just like his grandfather, he will never allow anyone to insult Anlao so much.

At this time, An Lao was not angry, he just looked at Chen Feng and shook his head slowly.

Then, he cast his gaze on Lihun, with a sneer from the corner of his mouth, and said, "Oh, you think I can't negotiate with you, right?"

"You think you can easily kill him and then catch me back, right?"

He suddenly smiled coldly, and then stretched out his right hand, and suddenly a clay pot appeared in the palm of his hand.

This clay pot, about the size of a fist, is made of cyan ceramics and looks very simple.

The lines are hard and simple, but at the same time, they are full of indescribable beauty.

It is like the simplest craftsmanship used by the ancient ancestors to fire, but inside it is devoted the most effort and has the most pious beliefs.

It looked like an ordinary earthenware pot, but after seeing this earthenware pot, Li Soul suddenly changed his face, took two steps backwards, and shouted in shock: "My Life Soul Lord?"

"Best Soul Venerable! You actually own the Soul Venerable Benming!"

Chen Feng was surprised in his heart, but he also saw that this clay pot should be a natal soul deity.

Although he didn't know what's the use, but this thing should be extremely harmful to Lihun.

Otherwise, the arrogant Li Soul would not show such a look.

"Yes, it's the natal soul sovereign."

An old man smiled slightly, although he was smiling, his smile was extremely cold, full of fierce hatred.

"You people in the Hall of Soul Destruction, hunt and kill soul bodies like me everywhere, do you think we are stupid?"

[Chapter 2468: Who counts who?](#)

"Do you think we don't know how to think of something?"

"Tell you, I got this natal Soul Venerable a hundred years ago, just to deal with today!"

"You! You!" Li Hun pointed at An Lao speechless.

An old man smiled and said: "How am I? You have been in the Soul Destruction Hall for so many years. You should also know the power of the Soul Destiny. If I crush this Destiny Soul Venerable, I can designate a Soul Destruction Hall. The soulcatcher, and then kill it."

"When the time comes, you will be dissipated directly, and there will be no place to die!"

Hearing such words, the arrogant people like Lihun shuddered in terror, stepped back a few steps, and a look of horror appeared in their eyes!

An old man suddenly raised his natal Soul Sovereign high and sternly shouted: "Now, you immediately take a poisonous oath and let Chen Feng go!"

"Otherwise, I will follow my life soul sovereign!"

"Well, I swear a poisonous oath, I swear a poisonous oath, don't do it!"

Li Hun stretched out his hand, and said to An Lao like a rat throwing weapon, "Don't be impulsive, don't crush this natal soul sovereign!"

At this time, where did he still have half the principal of just now.

As he said, he raised his right hand and shouted loudly: "I leave my soul, and I swear here today that I will never touch Chen Feng's hair today. If he touches him, it will make me thunderous, and I won't die!"

This oath is indeed poisonous enough.

After listening to his post, An Lao was also relieved, and then immediately said to Chen Feng: "Go, go now!"

Chen Feng clenched his teeth and nodded vigorously.

He held the blood wind and rushed out quickly!

An Lao also cast his gaze on Chen Feng, his eyes filled with gentleness and perseverance, and said softly: "Chen Feng, take care of yourself!"

At this time, his gaze turned to Chen Feng, without paying attention to Li Soul.

But at this moment, Li Soul was a roar!

He suddenly turned his face, his face suddenly changed from the peace he was just now to the ferociousness he is now, and suddenly he hit An Lao with a palm.

In this palm wind, there are countless broken meanings.

As soon as this meaning of fragmentation appeared, countless cracked lines appeared in the sky.

Moreover, Chen Feng felt that his soul had almost been crushed alive by this palm force!

More importantly, Chen Feng felt numb and fell directly to the ground, unable to move at all!

It turned out that this palm hit the soul directly, so powerful!

For the soul body, it has a very strong deterrent and killing effect. The ordinary soul body can't stop it at all, and it will be killed directly!

For a powerful soul, it can numb the soul, and then make the body unable to move.

He turned his face directly, did not abide by the promise made before, but directly wanted to kill the old man.

Chen Feng exclaimed: "An old man, be careful!"

This palm is so far away, just being affected by the palm wind, there is a feeling that the soul is about to be broken, and Anlao only has a soul body left, how can he stop this move?

Chen Feng was even more angry, and shouted sharply: "Lihun, you have broken your promises and broke your promise!"

Li Hun laughed triumphantly: "Yes, what if I am treachery?"

"Hahahaha, in the hearts of the people in our Soul Destruction Hall, their soul bodies are like pigs and dogs, like animals, how can they be compared with us?"

"He still wants to make a deal with me, dream!"

"Don't worry, my palm will only break him, not let him die. I will take the broken him back, put it together again, and then throw it into the soul fire and endure the torment of eternal life!"

"Hahahaha..."

He was extremely proud, in his opinion, his palm was enough to completely shatter An Lao!

And the fact is exactly the same.

An old man seemed to be caught off guard when he shot out this palm, and after the palm came out, An old man's whole body was stiff.

As a soul body, he was frozen and could not move!

The next moment, he was hit directly in the arm, and the natal soul sovereign he held in his hand immediately flew up.

With a flash away from the soul, he grabbed the natal **** in his hand.

The tension that appeared on his face just now disappeared without a trace, and he let out a triumphant but arrogant laugh: "Hahahaha, the natal **** is mine! Now, I have it!"

He looked at An Lao savagely, and shouted: "Old thing, what else can you use to restrain me now?"

Now the situation is facing Chen Feng and An Lao, the disadvantage is extreme.

Both of them can't move, like a lamb to be slaughtered!

But at this time, An Lao smiled slightly: "Look at that is the natal soul sovereign?"

The next moment, Li Hun's face changed drastically.

It turned out that when he probed just now, he found that this clay pot just looked exactly like the natal soul sovereign.

As everyone knows, there is no trace of the breath of the soul of life in it.

This is a complete imitation!

For a moment, his face flushed, like pig liver, extremely angry.

He screamed: "Do you dare to fool me?"

He was actually deceived by a complete imitation, which made him lose face and instantly furious.

He had just been ecstatic, but now he was instantly angry, and the alertness he had maintained under his mental imbalance was instantly broken.

At this time, An Lao's eyes flashed: "It's now!"

An old man rushed forward and directly turned his body into countless soul power ropes, binding him to death.

He laughed loudly: "I'm waiting for this moment, I'm waiting for you to relax this moment, otherwise, how can I pester you?"

At the same time, he shot out with a palm and banged on Chen Feng.

Chen Feng suddenly felt light all over, and could move again.

An old man turned his head, looked at Chen Feng, and screamed: "Chen Feng, go! Go!"

Chen Feng gritted his teeth, blood and tears flowed in his eyes.

He hated to the extreme, grief to the extreme, and worried to the extreme.

He knew very well, An Lao stayed and swept the formation for him, what was waiting for him.

But Chen Feng knew even more that if he didn't leave at this time, the opportunity An Lao had spent his life in exchange would also disappear.

Chen Feng gritted his teeth, took a deep look at An Lao, turned around without looking back, and plunged directly into the cyan mist.

And as soon as he entered the cyan mist, Chen Feng suddenly felt that countless cyan lights and shadows smashed towards him.

These cyan lights and shadows, like giant beasts and ghosts, each have a different shape, but each one is extremely huge, and they all have incomparable strength.

They smashed towards Chen Feng, with terrifying faces and screams, and swallowed away at Chen Feng.

[Chapter 2469: Spirit Grass Transformation](#)

Each of these blue lights and shadows was no less powerful than the four-star and five-star Wuhuang Emperor. At this time, Chen Feng, who was seriously injured, could not deal with any of them.

Seeing, Chen Feng would be killed in the next moment!

And at this moment, around Chen Feng's body, the light of the Dragon Dropping Arhat Scriptures suddenly flickered.

After the shocked golden light of the Jianglong Arhat flashed out, each of these cyan lights screamed sharply, with a look of fear on their faces, they actually screamed back.

Obviously, they are very afraid of the golden light of the Dragon-Jiang Luohan Scripture.

The Scriptures of the Dragon Dropping Arhat is the orthodox Buddhism, panicked like a big sun, bright and radiant, and it is the thing that these slightly evil and demonic existences fear most.

At this time, Chen Feng was already in a coma, just maintaining a trace of instinct.

He staggered forward, and the blue light and shadow circled around his body, trying to kill him, so he was unwilling to leave.

However, they did not dare to start.

Chen Feng walked hundreds of miles inside.

These hundreds of cyan lights and shadows all dodge to let out a path.

And the situation here has also awakened a certain place and shocked the people there—perhaps strictly speaking, that cannot be regarded as a person.

This is a tall palace.

The temple is very simple and primitive. At first glance, it is known that it was excavated according to a natural cave in the belly of the mountain.

However, although there are not many decorations in each place, they are all ingenious and extremely beautiful.

In the center of this hall is a huge crystal ball with a diameter of 100 meters.

This crystal ball, carved from a huge natural blue crystal, is a peerless treasure.

At this time, on the crystal ball, there was a pair of pictures, flashing out.

If Chen Feng was here and sane, he would have lost his voice in shock.

Because, every picture of this is actually what happened in the area covered by the cyan mist and near the area covered by the cyan mist.

Everything that happened tens of thousands of miles around this area flashed across the crystal.

At this moment, under the blue crystal, a little fox was sitting upright.

This little fox is only about three feet tall, wearing blue hair, like a sapphire carving.

She has a pair of eyes, squirming and turning, very sly and cute.

The arc next to the little mouth rose up, looking like a smile.

At this moment, the little fox was sitting cross-legged like a human, staring at the blue crystal without blinking, his eyes constantly remembering those pictures.

And just here, suddenly, a picture passed by.

The speed of the flashing is very fast, and if you are a general strong, you can't even see it, but this little fox is born with extraordinary talents and has excellent eyesight. When she saw it, she found a slight difference.

She whispered immediately, and then reached out a little.

A blue light beam shot out from his little furry claws and hit the blue crystal.

Then, the picture above the blue crystal immediately began to regress.

In the end, it was frozen in the scene just now.

Then he began to look closely.

After seeing it, he suddenly exclaimed: "Ah? How come? How could this happen?"

"What kind of technique does this young man cultivate? It makes these dead soul warriors afraid of it, and dare not offend him a little!"

Chen Feng didn't know how far he staggered into it. He only knew that his vision became blurred and the blood flow on his body was also increasing.

Before his eyes, a piece of gold stars flew.

Chen Feng knew that he couldn't hold it anymore.

Finally, he snorted, and his body fell straight down like pushing a golden mountain to a jade pillar.

At this time, Chen Feng had already entered the depths of this cyan fog, and in front of him was a cliff.

Chen Feng fell directly off the cliff. As for the blood wind, he had fainted as early as when he first entered this cyan fog.

Fortunately, the cliff is not high, but only a hundred meters.

Chen Feng fell heavily to the ground, only to make his injuries heavier, but he did not fall to death.

Chen Feng directly fainted to the ground. Below the cliff was a piece of stone ground. Above the stone, in the cracks, several small grasses stubbornly emerged.

Next to it is a small lake.

At the end of the lake, there is a small waterfall, and at the end of the waterfall is a clear spring.

The water vapor is permeated and the mist is thick.

Although simple here, it is like a fairyland.

After Chen Feng fell to the ground, his blood splashed out and splashed on a small grass in front of him.

This grass is about two feet tall and has **** wide.

It looks very inconspicuous, just like the weeds in the mountains.

But if you look closely, you will find that the inside of this grass is actually radiant, with a blue color, and it is extremely beautiful, as if the finest green light circulates in his body.

But after Chen Feng's blood dripped on the grass, the grass did not react at first.

Later, when Xiaocao moved slightly, the blood actually leaked in, and soon disappeared without a trace.

At this moment, a light spot suddenly lit up on the grass, then another one, and then a third one.

Finally, seven light spots lit up on it.

Among the seven light spots, there is a green light flowing in them, exuding an extremely noble and tyrannical breath.

And there is a light spot, which shines exceptionally.

These seven points of light are connected together to form a figure similar to a spoon, shining like stars and light like passing years.

In the next moment, above the grass, there was an extremely happy breath.

It seemed to be cheering.

The next moment, the grass swayed gently.

But after a while, the grass spun, and soon the light condensed in place, and the grass disappeared.

Where is there any grass?

In the same place, a little girl about three feet tall actually appeared.

This little girl is extremely white and very thin, even with a trace of paleness on her face, which is pitiful, but she looks absolutely beautiful!

Delicate and sparse.

She didn't have any strands on her body, but it really didn't give birth to any evil thoughts.

Her two big eyes are full of innocence and innocence.

She turned her eyes around, staring blankly at her arms and hands that were as tender as lotus roots, looking at her legs, and then panicked walking along the lake, seeing her face reflected in the lake.

Suddenly, she let out an exclamation, her voice crisp, sweet and cute, immature and innocent: "Me, I turned into a real success? I really became a human being?"

[Chapter 2470: Kind little demon](#)

"Oh my god, is this true?"

"God, I am so happy, I am so happy!"

She was cheering and jumping on the lakeside, and the grass and trees on the lakeside were shaking, sending out bursts of joyful emotions, as if celebrating her!

Among these vegetation, as well as among those trees and bushes, some beasts made a giggling sound.

However, it does not have the gloomy horror of ordinary monsters, but is full of gentleness and tranquility, as well as strong family affection!

At this time, in the lake, a big lobster swished out.

This big lobster is more than one foot long, covered with carapace, colorful, really cute, like a beautiful flower.

At this time, two arms and two legs have evolved from his body, but the torso and head are still the same.

He opened his mouth, full of envy and said: "Little demon, congratulations! You turned out to be!"

The little demon grinned and looked at the big lobster, and said gruffly, "Uncle Lobster, you can too!"

"I, I don't know how long I have to wait. I have been cultivating here for three thousand years, but it is still like this, so I won't count on it in this life!"

Lobster sighed.

"You old thing, what are you doing while holding someone else to talk? The little demon, who has just turned into a human form, is just a rare time. How can you have the patience to talk to you here?"

Said the voice of an elderly woman next to her.

And this sound came from a large mulberry tree with a height of several hundred feet and a diameter of several tens of meters. I don't know how many years it has lived.

The canopy of the big mulberry tree covers an area of dozens of mu of land around it.

Above the tree trunk, a face quietly turned out, but it was a kind old lady.

She looked at the little demon and said lovingly, "Little demon, you little fellow, after all, is a girl, running around here naked, what is it like?"

As he said, a tree vine waved, and then, on her mulberry tree, countless mulberry leaves came one after another, intertwined into some extremely beautiful mulberry dresses.

Then, it fell directly on the little demon.

The little demon grinned and said, "Thank you, Grandma Sang!"

If Chen Feng wakes up at this time, he will definitely be shocked.

It turned out that there were many mountain spirits and wild monsters in this valley with a radius of less than a hundred miles.

There are quite a few heads in that lake alone.

There are also in the deep forest nearby.

There are a few who can act, and even illusion part of the human body.

Those that can make human voices, have no transmogrified body, or cannot move as plants, are more numerous.

The little demon smiled and turned around and accepted everyone's congratulations.

She was very happy. Then, she walked to Chen Feng and looked at Chen Feng, especially the blood on Chen Feng, with a hesitation on her face.

She whispered: "I have been practicing in the mountains for thousands of years, and I was irrigated by the ancestors of Lishan with the unique spiritual spring of Qingqiu country for three years. Only then did I get through the six stars, but it has not been transformed."

"And he, his blood splashed on me. After being absorbed by me, I managed to get through the seventh star: Yaoguang Star, which can be transformed into a human being."

"Where did he come from? How can his blood have such a big effect?"

The little demon squatted next to Chen Feng and wiped his hand on Chen Feng's face.

There was a splash of blood on her white and tender fingers. She poked her fingers out, as if she wanted to put it in her mouth and eat the blood.

Her eyes were blurred, her fingers moved closer and closer to her mouth.

But then, she shook her head violently, quickly reapplied the blood on Chen Feng's body, and then ran to the lake to wash her little hands.

Then, he took a long sigh, with a touch of rejoicing on his face, and said: "Fortunately, fortunately, fortunately I remembered what the ancestor Lishan said."

"Grandma grandma said, we are monsters, not monsters!"

"I am a demon, I am a demon born of Zhong Tiandi! How can I drink human blood and eat human flesh like those evil monsters with ignorant souls?"

"I'm a demon!" she murmured.

Her gaze gradually strengthened, and she gently supported Chen Feng, and then, looking at the dense wounds on his body, she immediately scratched her head.

She tilted her head, put her fingers in her mouth, and said helplessly to herself: "What can I do? I have never learned to heal injuries?"

It turns out that this little demon is the essence of this flower.

She has lived in this valley since she was a child, and has lived here for thousands of years.

Although it has been a long time, she is very old, but in fact, in terms of the age of their race, she is now only the age of a human teenage girl.

Therefore, she was still naive, and she didn't understand anything, let alone how to treat Chen Feng.

At this moment, when she looked at Chen Feng, she felt a sense of admiration in her heart, and she instinctively wanted to get close to this man.

She is a flower and tree, and she doesn't care about the world and won't be subject to those constraints.

She thought so, and did so. She actually squatted directly on Chen Feng, and then she kissed Chen Feng directly with a mouth.

Then, within her body, a green wave of light rose from her belly and went all the way to her throat.

Then, from her mouth to Chen Feng's mouth.

And her face was a little pale.

It turned out that she was actually transferring the power essence from her body into Chen Feng's body at this time!

Seeing this scene, both Lobster and Mulberry were stunned.

Everyone shouted: "Little demon, what are you doing?"

The little demon raised his head, looked at them innocently, and said, "I want to save him!"

"He seems to have a very weak breath now, and I can do nothing else, I want to give him my breath."

It turned out that she evolved because of Chen Feng's blood, and she naturally felt close to Chen Feng in her heart.

Grandma Mulberry shouted: "Then you can't do such stupid things. How precious is the essence in your body, and how rare is it?"

"After you give it to him, your strength will be greatly reduced!"

"But," the little demon said, looking up at them with a bright smile, "I want to be like this."

Suddenly, they were speechless.

They looked at the little demon's eyes with a few more admirations: "This little guy is really kind!"

At this time, all the scenes that happened here fell in the eyes of the little fox sitting in front of the light ball.

When the little fox saw that the little demon wanted to eat Chen Feng's blood, his whole body was stretched, and the hair on his body was erected, with a fierce look.
