

## Peerless 2481

### [Chapter 2481: I want you to avenge us!](#)

Even these two silly girls deliberately slack off their practice because of this.

At this time, the two of them heard that Chen Feng was already so strong, and they were all extremely happy!

Chen Feng stepped forward again, recounting old times with Bai Shanshui and others, naturally they were very happy.

And Chen Feng looked at them with surprise in his heart.

Not seen for a few years, they are quite powerful.

And there are some weird, ethereal, some imperceptible, and it feels very peculiar.

It seems that half of them exist in this real world, and half are not the same.

Very ethereal.

Chen Feng knew that this was mostly because of their cultivation skills.

After they were rescued by the Qingqiu Fox Clan, most of the cultivation spells were used by the Qingqiu Fox Clan.

That's why it caused the current situation.

However, it is indeed inconvenient to ask now.

Hongyu turned her head and smiled and said, "Since you are all here, it's just right, let's come together!"

Bai Shanshui and others were quite respectful to her, nodded one after another, and then walked forward with Chen Feng.

At the end of the valley, halfway up the mountain, is a bronze hall.

Chen Feng walked in first.

After coming in, he raised his brows.

This hall is not very big with a radius of 100 meters, but it is very delicately built.

Moreover, it is full of strong Qingqiu fox style.

At the top of the hall, there is an old lady sitting with a childlike face and kind eyebrows.

At this moment, looking at Chen Feng kindly!

At the start of this old lady, a dozen women stood.

Every woman is dressed in clothes of different colors and looks beautiful, and most of them are pretty, very seductive.

But when Chen Feng looked at their eyes, he knew that each of them was pure in heart and their eyes were clear.

Obviously, they are just charming in appearance, not the evil girls.

When Chen Feng saw it, he knew that they should all belong to the fox clan of Qingqiu Country, but they were all transformed into human forms now.

Chen Feng sighed in his heart: "Qingqiu Fox Girl is indeed well-deserved, and each one is stunning, not much worse than Yuechun and Ruyan!"

And one of the women, dressed in a silver robe, is not tall, she is about the appearance of Chen Feng's chest.

It looks quite petite and cute, with a pair of eyes spinning around, full of cunning and exceptionally agile.

She winked at Chen Feng and made a face.

Chen Feng immediately smiled, he recognized: "This is the silver light!"

"Unexpectedly, after she transformed into a human form, she was so cute."

"The old lady above must be the ancestor of Lishan." Chen Feng thought about it.

She looked at Chen Feng, smiled and said, "You are Chen Feng, right? You are really young and handsome, and a talented person."

Chen Feng smiled and said, "You are so ridiculous."

The ancestor of Lishan said a few more gossips, and then stared at Chen Feng without blinking.

Suddenly, the atmosphere in this hall became a little silent.

Everyone, all the eyes of the Qingqiu Fox Clan, all fell on Chen Feng.

Chen Feng was very uncomfortable being seen.

He knew that the ancestors of Lishan must have asked for something.

So, Chen Feng took a breath and said quietly, "Grandma, what do you want me to do?"

At this time, he had already vaguely guessed some of the requirements that the kingdom of Qingqiu might make of him, but he was not sure.

The ancestor of Lishan suddenly raised her head. She looked at Chen Feng, her kind eyes were full of hideousness at this time.

There seemed to be a burning killing intent in it.

That face is full of cold horror.

In her eyes, killing intent shot out, showing extreme hatred.

"Chen Feng, I want you to avenge our country of Qingqiu!"

"I want you to kill all those enemies for our country of Qingqiu!"

"What?" Chen Feng took a breath after hearing this request.

He looked at the ancestor of Lishan and said softly, "Grandma, are you serious?"

"Needless to say, the strength of your Qingqiu Nation, you know much better than me, there are masters in it."

"Yes!"

The ancestor of Lishan looked at Chen Feng and said faintly: "Our country of Qingqiu was indeed a master before the country was destroyed."

"Among these fox races now, apart from me, the strongest is roughly equivalent to the peak of the five-star Martial Emperor, and there is not even a six-star Martial Emperor.

"And the six-star Wuhuang, there were no less than dozens of people in our Qingqiu country, seven-star Wuhuang, eight-star Wuhuang, not without!"

"What? The strength is so powerful?" Chen Feng couldn't help taking a breath after hearing this.

He had thought of the country of Qingqiu very strong before, but he did not expect that the strength of the country of Qingqiu was far beyond his imagination.

At this time, a woman in green said disapprovingly: "Grandma grandma, you can't help but value him too much."

She squinted at Chen Feng, with a look of contempt on her face, curled her lips and said, "It's just a two-star Wuhuang."

She glanced around the faces of everyone, and her voice became high-pitched: "Sisters in this hall, which one is not stronger than the two-star Wuhuang?"

"Which is not better than him?"

She said angrily: "Grandma, you look at him so differently, I really don't understand."

Hongyu glared at her, and sternly reprimanded: "Luluo, don't be presumptuous, this is the grandma's decision, how can you question it?"

"What about my question? This matter is about the survival of our Qingqiu country!"

Luluo did not show any weakness: "We Qingqiu Country, there are only so few people left!"

The woman called Luluo's voice became even louder. She said with excitement: "Qingqiu Fox Clan, tens of thousands of people, only a few of us are left!"

"A few of us, this is the last hope of the Qingqiu Fox Clan, how can we entrust this hope to someone whose origins are not clear?"

"Moreover, he is not necessarily as strong as he imagined, so talented!"

She was full of indignation: "Grandma grandma, you treat him so seriously, you even give him Yuegui Qingguangjia, I just refuse!"

She looked at the ancestor of Lishan, with a look of anger and provocation in her eyes, and said loudly: "I am the strongest among us, and I have reached the peak of the Five-Star Martial Emperor."

"I have asked you for this laurel clear light armor several times, but you did not give it to me, but now you have given him an outsider. How can I be convinced?"

She finally stated her purpose.

The ancestor Lishan looked at her with a smile on his face, but he didn't speak.

#### [Chapter 2482: Overweight](#)

Lue looked at Chen Feng again, with a disdainful face, and said, "Are you my opponent?"

"You are not my enemy of one move! This laurel azure armor, you also deserve to wear it? Take it off for me now!"

She scolded loudly, like a servant.

Obviously, Chen Feng was not taken seriously.

In her eyes, Chen Feng was nothing more than a small two-star Wuhuang.

Chen Feng glanced at him, feeling a little ridiculous in his heart.

The strength of this Lue was nothing more than the pinnacle of the Five-Star Martial Emperor, and Chen Feng could easily deal with it with one hand.

But she thought she was much better than Chen Feng.

However, Chen Feng was not angry, even Chen Feng did not refute.

Chen Feng was giving the Qingqiu Fox Clan a face, after all, they saved their lives!

Jiang Yuechun, Hua Ruyan and others all flushed with anger.

Hongyu was trembling with anger, and said loudly: "Lüe, you are presumptuous!"

"What if I'm just presumptuous?" Lu E obviously didn't put Hongyu in his eyes.

She curled her lips and said, "Sister Hongyu, you are the eldest sister. We all respect you, but this doesn't mean I want to listen to you."

"Speaking of which, your strength is not as good as mine!"

Then, her gaze turned to Jiang Yuechun, Hua Ruyan and others, and said disdainfully: "We made too many wrong decisions."

"I think that the current Qingqiu Fox Clan should be controlled by me!"

She pointed to Jiang Yuechun and the others: "It's like a bunch of rubbish. At the beginning, I urged not to save them. As a result, you have to save them!"

"Now, they follow us here, which not only consumes our resources, but also increases our exposure."

"If I want to tell you, I should kill them all and throw them into Sangmu Valley to feed the fairies!"

"It's just a bunch of trash, what's a pity?"

She was full of disdain.

The faces of Bai Shanshui and others were full of anger, but no one dared to refute.

Moreover, Chen Feng clearly saw a trace of fear on the faces of Ruyan and others.

Chen Feng immediately judged that they should have been bullied by this Lue before.

A cold color flashed in Chen Feng's eyes.

Said he could, but said his beloved, no!

The ancestors of Lishan, on the other hand, don't care.

Hongyu still wanted to talk, at this time, Chen Feng had already stepped forward.

He looked at Lu E and said calmly: "Do you think I am not qualified?"

Lu E proudly said: "Do you still need to ask? You don't have the qualifications!"

"Look at you, and then at me, what are you?"

She was extremely contemptuous of Chen Feng.

Chen Feng smiled suddenly and said, "I wonder if you have a high life?"

When Lu E heard this, she was furious, and she heard Chen Feng's disdain.

Yinguang smiled and said, "She is three hundred and seventy years old this year."

Lu E gave Yin Guang a fiercely.

Three hundred and seventy years old, not a very old age in the Qingqiu Fox Clan, just a youth!

"So, how many years have you practiced?" Chen Feng asked again.

Before Lu E could speak, Yin Guang rushed to say: "She has been practicing since she was three years old and has been practicing for 367 years!"

Chen Feng smiled and said, "I'm 22 years old this year, and I have only been practicing for six years."

He looked at Lu E and said word by word: "When I was sixteen, I was still a trash that even ordinary warriors could not beat."

"And now, I am already a two-star martial emperor!"

"What?" When these people from the Qingqiu Fox Clan heard this, they took a breath and looked at Chen Feng with shocked eyes.

Chen Feng's age has already shocked them, but it will not make them so shocked.

Because Chen Feng was more than 20 years old, some of them knew it before.

But Chen Feng had only cultivated for six years, but they were completely shocked!

In six years, in just six years, he changed from an ordinary martial artist to the current two-star martial emperor. This is simply incredible!

This is simply incredible!

Like the Arabian Nights!

The green calyx can't help but stagnate.

Chen Feng was only twenty-two years old, and after only six years of cultivation, he has reached the realm of the two-star Wuhuang Emperor. This can indeed be called a genius of heaven.

Such a talent is definitely much stronger than her.

Her face was hot, and she felt that she had lost face, and she became angry immediately, and shouted sharply: "How about you at twenty-two?"

"Your cultivation is not as good as mine, I can kill you directly now!"

As soon as she said this, everyone's faces showed contempt.

She was playing a rogue when she said this.

She and Chen Feng were obviously comparing talents, and when she saw that their talents could not be compared, she immediately began to compare her cultivation.

A hint of contempt appeared at the corner of Chen Feng's mouth: "Oh, is it? Do you think you are stronger than me?"

Chen Feng took a deep breath and smiled coldly: "Then, let's try it out!"

In the hall, an exclamation suddenly sounded.

Hua Ruyan shouted: "Master, no!"

Jiang Yuechun also exclaimed: "Master, don't!"

And even Hongyu, Yinguang and others have a look of worry on their faces!

No one thinks that Chen Feng will be Lue's opponent.

You know, Chen Feng is only a two-star martial emperor, and Lue is the pinnacle of a five-star martial emperor!

In their view, the difference between the three major levels cannot be compensated by any means.

It is absolutely impossible for Chen Feng to be Lue's opponent. If Chen Feng dared to compete with Lue, he would be overpowered and would be killed directly!

Lu E looked at Chen Feng, with a sneer on his face: "Chen Feng, you humble human being, you are really looking for death by yourself, you don't know how high the world is!"

"How can you match my strength?"

Suddenly her face became cold and severe: "Since you are looking for death, I will fulfill you!"

As she said, she screamed.

Behind her, in a blink of an eye, a phantom of a small fox appeared quietly.

However, Chen Feng's eyes shrank, and after this phantom appeared, it gave him an extremely inexplicable feeling.

It seems that this phantom was not created by human beings, but human beings themselves.

The aura above this phantom is more powerful than the green calyx.

This little green fox, with a tyrannical face and paws in his hands, suddenly drew forward.

This time, with a squeak, the space was directly torn apart.

Everyone exclaimed: "This palm has the power of the five-star Wuhuang peak!"

Hua Ruyan Jiang Yuechun and others looked at Chen Feng with worry.

Chen Feng smiled disdainfully: "Yingying's light, dare to compete with the sun and the moon? I think you are the one who dreams and is overpowered!"

After speaking, Chen Feng sneered and blasted out a punch.

[Chapter 2483: You are worthy to compare with me?](#)

Before his fist, sixteen orange rays of the power of heaven and earth suddenly flashed.

These sixteen rays of orange power of heaven and earth turned into a thick, bright and gorgeous orange light, and slammed toward the offensive of the fox phantom.

With a bang, the two slammed together, and the whole hall shook.

Chen Feng's punch directly shattered this claw's offensive.

Then the next moment, it blasted on the cyan fox.

Sixteen strands of orange power of heaven and earth hit the fox's body fiercely, directly turning the scream of the little green fox into a burst of blue smoke and disappearing directly.

Lü E was also pale instantly, with a scream, a wow, a big mouthful of blood spurted out, and he staggered back several steps.

And Chen Feng's sixteen orange ray of heaven and earth's power, without stopping thinking of her body blast.

Seeing that if she hits this one, she will be directly bombarded and killed by Chen Feng!

Hongyu exclaimed, "Master Chen, show mercy!"

Chen Feng shrank his hand and closed it in time.

Sixteen strands of the power of heaven and earth just hover in front of Lue.

It was less than three inches from her face.

At the same moment, at the moment when he saw the power of the earth bombarding him, Lu E let out a scream, shaking his whole body with fright.

There was a look of extreme horror and despair in her eyes. Just now, she really thought she was going to die.

Chen Feng smiled coldly, stood up and looked at her faintly.

His face was indifferent and he didn't say a word, but Lu E was struck by lightning. She knew that she had been insulted and contemptuous.

The phantom was wounded, and she was injured very badly, but compared with the wound on the body, she was more traumatized by the soul.

After she was relieved from the threat of death, she pointed at Chen Feng in disbelief and screamed: "How is it possible? How can you be so strong?"

"You are only in the realm of the two-star martial emperor. I am a five-star martial emperor. My realm is three levels higher than yours. How could you be my opponent?"

The faces of many Qingqiu fox tribes also showed shock.

On the Baishanshui side, everyone applauded.

They were not surprised. They knew that Chen Feng was great and that Chen Feng could always turn the situation around. They were full of confidence in Chen Feng.

However, Bai Shanshui smiled secretly in his heart: "This Junior Brother Chen is still the same as before. He never tells others his true strength, but he always surprises people."

At this time, the ancestor of Lishan smiled and said: "If I think it is good, Chen Feng, your strength is already comparable to the six-star martial emperor, right?"

Chen Feng smiled and nodded.

Everyone was even more shocked. It turned out that the ancestors of Lishan had already noticed that all this was just not said.

Chen Feng pointed at the green calyx, with a disdainful face, and said proudly:

"It took me six years to upgrade from a waste to a strength comparable to a six-star Wuhuang!"

"And what about you? It took you more than three hundred and sixty years to achieve the same achievement as me, not even as good as me. Your \*\*\*\* talent is nothing in my opinion!"

Chen Feng smiled and raised his chin, and said word by word: "In front of me, you are a trash. Are you worthy of comparison with me?"

Such words almost broke Lue's spirit.

She looked at Chen Feng blankly, trembling all over, and she was extremely ashamed.

She felt that she had been humiliated to the extreme, her face was swollen and flushed, and she did not dare to look at everyone when she looked down.

She felt that everyone was laughing at him, everyone was humiliating her in her heart, she wanted to sew in orderly, her whole head was buzzing, she could not hear anything, only boundless shame was surging .

With a look of intolerance on Hong Yu's face, he walked forward and said softly: "Lu E, it's okay, no one will blame you."

At this time, Lü E suddenly raised his head, and an extremely hideous look flashed across his face.

All of her face became distorted, and she screamed: "You get out of here, I don't need your hypocritical sympathy!"

After speaking, he turned around, left the hall directly, and ran out.

Hong Yu was stunned, a trace of sadness flashed across his face, he sighed softly, and then retreated.

The ancestor Lishan said calmly: "Lüe is about to enter the magical way, don't worry about her for now."

"If she continues to be like this next, then,"

There was a touch of sorrow on her face. Although she didn't say anything, everyone understood.

Everyone was awe-inspiring.

A touch of unbearable flashed in Hong Yu's eyes.

The ancestor Lishan sighed and said, "I did this for everyone, otherwise, she would kill everyone."

Although these words are cold and merciless, everyone knows that this is the truth!

The ancestor of Lishan said lightly: "Let's continue talking about what happened just now."

She looked at Chen Feng and said, "The power that destroyed us is one level stronger than us, and the number of masters is at least two or three times as high as ours."

"If you are going to fight against them now, it is indeed like a worm shaking a big tree, you are simply overpowered, and you don't know how to die."

Chen Feng did not speak, but looked at her quietly, knowing that she must have something to say.

"But," the ancestor of Lishan looked at Chen Feng with a frenetic look in his eyes, and his voice suddenly became high-pitched: "You have unlimited potential!"

"Your potential, your talent, your blood, and your body are many times beyond what they don't know!"

"You are only twenty-two years old, so you have such a strong strength! Such a talent, looking at the entire Dragon Vein Continent, I am afraid that there is not much."

"Do you know? Chen Feng, your talent is unimaginable!"

She was very excited, waving her hands and shouting loudly: "You are not their opponent now, but ten or twenty years from now? At that time, you can definitely surpass them!"

"Even, it doesn't take that long, because..."

He looked at Chen Feng and said word by word: "Our country of Qingqiu will do everything we can to help you, and we will do everything to help you improve your strength."

"And my purpose is only one, that is, please take action to help us get revenge."

There was a deep sorrow in her eyes, and she whispered, "I have no hope in my life."

"When the Qingqiu Kingdom was at its peak, they weren't opponents to those dogs, let alone we are the only old and weak women and children left!"

"So, we can only pin our hopes on others."

"And you are our hope now!"

She looked at Chen Feng with a pleading look in her eyes, and said, "Chen Feng, I beg you as an old man, because we saved you!"

#### [Chapter 2484: It's my duty, Chen Feng!](#)

The other people in the Qingqiu Kingdom also cast their eyes on Chen Feng.

They all looked at Chen Feng together, and there was a deep hatred in their eyes.

Everyone's faces were pleading, and they said in unison: "Master Chen, please agree!"

At this time, Chen Feng did not speak immediately.

She just stood there, with a hint of gaze in her eyes, silent!

Everyone looked at her with a glimmer of expectation in their eyes.

Even those people on Chen Feng's side are no exception.

They were rescued by the country of Qingqiu. In the past few years, they have been sheltered by the country of Qingqiu. Moreover, although these fox races in the country of Qingqiu are foreign races, they have nothing to say.

They also had a great time here. They were extremely grateful to these fox tribes and hoped that Chen Feng could help them.

However, they did not persuade them, all wanted Chen Feng to make his own decision.

Chen Feng thought for a moment, but smiled at the old ancestor Lishan and others, and said lightly: "Sorry, I don't agree."

"What?" Everyone was shocked.

In the next moment, the faces of those in the fox race showed a hint of disappointment.

And some are exceptionally angry.

Not only them, but even Hua Ruyan, Jiang Yuechun, and Bai Shanshui were a little puzzled in their hearts, and they even felt that Chen Feng was a little unkind.

You know, they also saved Chen Feng's life!

Princess Yinguang was most angry because she had the highest expectations of Chen Feng just now, and she thought Chen Feng would definitely agree.

She strode out, stared at Chen Feng, and sternly shouted: "Chen Feng, what do you mean?"

Then, she turned to look at the ancestor of Lishan, her voice was staunch and full of anger: "Grandma, let's not beg him."

"Let's rely on our own ability to avenge, and don't ask this ungrateful villain!"

As she talked, her eyes were red.

His heart was not only angry, but also full of sadness. I didn't expect Chen Feng to be such a person.

Chen Feng smiled and said, "His Royal Highness, I haven't finished speaking yet, don't get me wrong."

"I didn't want to reject you. In fact, I never thought of rejecting."

He glanced at His Royal Highness Silver Light and said softly: "As early as when His Royal Highness Silver Light told me what happened to your Qingqiu Kingdom, I have already made a decision and will definitely help you get revenge!"

He looked at the ancestor of Lishan, and said solemnly, "Grandma, grandmother, don't worry, I will avenge your Qingqiu country."

"Also, I, Chen Feng, don't want any benefits!"

"The hatred of your Qingqiu kingdom is my hatred of Chen Feng! It is my duty, Chen Feng!"

His voice was sonorous and powerful, loud and loud.

And when Chen Feng said this, those, Qingqiu Fox Clan suddenly turned from sadness to joy.

Even, their mood fluctuated, and under the joy and compassion, they were all a little dazed and did not come back to their senses.

It took a while before they understood what Chen Feng meant.

And everyone on Chen Feng's side also showed a smile on their faces.

Jiang Yuechun smiled and said: "I knew that Master is a person who knows gratitude and repays, how could he be so indifferent and ruthless not to agree?"

"I, Chen Feng, have always been a person who knows how to repay me. Your country of Qingqiu not only saved my life, but also the lives of my friends and relatives."

"The kindness you gave to me, Chen Feng, is not enough to describe it, so I will definitely fulfill your request!"

Even if the ancestor of Lishan had lived for many years, his face was full of excitement at this time.

She looked at Chen Feng, nodded and said, "Okay, okay, Chen Feng, I didn't misunderstand you, our Qingqiu Fox Clan has hope in the future!"

With a wave of his hand, Chen Feng first put a large cloak on himself, and then the laurel azure armor flew directly and fell into Hong Yu's hand.

Chen Feng smiled and said, "I said, avenging you, I won't take any advantage from Chen Feng! This laurel azure armor is too precious, Chen Feng will return it!"

He actually took off the laurel azure armor directly.

Hong Yu was surprised: "Master Chen Feng, what are you doing?"

At this time, she felt very ashamed, and looked down on Chen Feng because of what she had done before.

Before, she thought that the ancestor of Lishan gave Chen Feng the laurel azure armor, which was a waste.

Now she knew that Chen Feng was the person most qualified to own this treasure.

But now, Chen Feng has taken off the laurel azure armor.

Everyone persuaded Chen Feng.

The ancestor of Lishan also began to persuade Chen Feng to accept it, but Chen Feng insisted not.

He thought the gift was too expensive and he was ashamed of it, but now it just launched.

The ancestor Lishan had no choice but to say: "Then I will keep this laurel azure armor first, and then give it to the son later."

Everyone said a few more words. The ancestor of Lishan looked at Chen Feng and said softly: "Chen Feng, come here today, tomorrow you come alone, I have something to say to you."

Chen Feng nodded.

His Royal Highness Yinguang was a little embarrassed at this time, thinking that he had misunderstood Chen Feng just now.

The crowd dispersed, but His Highness Yinguang had not left yet. Chen Feng turned around and was about to leave. At this moment, His Highness Yinguang suddenly shouted, "Chen Feng."

Chen Feng was stunned, turned around to look at her, smiled and said, "What's the matter, Your Highness Yinguang?"

Yin Guang walked in front of Chen Feng and lowered his head and said, "I'm sorry, Chen Feng, I just misunderstood you and treated you harshly."

Chen Feng smiled and said, "How can I be angry!" [novelUsB.com](http://novelUsB.com)

"Don't worry, I won't be angry in front of you."

Yin Guang's mood suddenly improved a lot. Looking at Chen Feng, he smiled and said, "Don't be so polite to me. Don't call me your Highness Yin Guang. Just call me Yin Guang. They are all like this. Call me."

"Good." Chen Feng smiled and nodded.

Chen Feng and others came out of the bronze hall together, and then walked along the hillside towards where they lived.

The place where Jiang Yuechun lives is separated from these Qingqiu fox tribes, but a two-story pavilion.

Everyone has a separate pavilion, and in the middle of this two-story building is a place similar to a conference hall.

A group of people walked in.

Just now in front of the Qingqiu Fox Clan, these people still had a trace of stability, but after they had completely entered their residence at this time, they suddenly let go.

With a swish, Jiang Yuechun jumped directly into Chen Feng's arms, hugged him tightly around his neck, hanging on him like a koala, refused to come down, and his face was full of joy.

Chen Feng laughed, and simply found a chair to sit down, and then let her sit on her lap.

Then, he patted his other empty leg and beckoned to Hua Ruyan.

Hua Ruyan grinned and walked in quickly, also sitting on his lap.

#### [Chapter 2485: The Art of Cultivating Yin](#)

The group of people sat down one after another and began to talk about what happened after the parting.

Chen Feng told them what had happened in these days, and everyone listened, admired for a while, shocked, and angry.

In the end, they all turned into deep sighs and disbelief.

All of Chen Feng's experience is like a legend, which makes people feel a little unreal.

However, they changed their minds to think that this happened to Chen Feng, and everything made sense.

Chen Feng asked them, Jiang Yuechun and Hua Ruyan, like two chirping little magpies, talking nonsense.

Soon, Chen Feng learned about their experience over the past few years.

It turned out that when the Chu army made a large-scale invasion, they also hit the small valley where they were.

At that time, Jiang Yuechun, Hua Ru Yan Yan and others were very low-powered, at least it seems to be very low now.

Those Chu troops are numerous and powerful, and they are not opponents at all.

Soon, a large number of disciples of Ziyang Sword Field and Qian Yuanzong's disciples were killed.

In the end, they were forced to a corner of the valley.

Seeing the next moment, they will be killed by these cruel Chu army.

However, at this moment, the members of the Qingqiu Fox Clan just passed by here and saved them easily.

This is really easy.

Because, for the Qingqiu Fox Clan, whether it is them or the Chu Army, their strength can be said to be not worth mentioning.

Even if it was any one of the Qingqiu Fox Clan, he could wipe out all the Chu army.

Then, they walked all the way to the east, not knowing how far they were, finally came here, and settled down here.

Now, their strength has been greatly improved one by one, basically stepping into the Martial Emperor Realm, or on the verge of entering the Martial Emperor Realm.

After hearing this, Chen Feng raised his eyebrows, and said in shock, "The speed of your cultivation is really fast."

Bai Shan smiled and said, "I also thank the Qingqiu Fox Clan, they are very generous to us, it can be said that they have nothing to hide."

"Even their method of cultivation has informed us that the method we use now in cultivation is their technique of cultivating Yin."

"Oh? The technique of cultivating Yin?" Chen Feng raised his brows and asked, "What is this again?"

Chen Feng felt very familiar with the two words Yinshen, and always felt like he heard it somewhere.

He thought for a moment, and immediately remembered.

Yin God!

Didn't An Lao mention this word to himself?

He once told himself that as long as his soul person reaches the level of the Ninth-Rank Soul Sect, he is qualified to cultivate Yinshen!

Looking at Bai Shanshui and the others, Chen Feng was a little shocked. Their strength was obviously far worse than his own, and they didn't even have the aura of a soul, let alone reach the realm of the Ninth-Rank Soul Sect.

How come they are now qualified and able to cultivate Yinshen?

Bai Shanshui said: "Everyone in the world cultivates martial arts, and the reason for practicing martial arts is naturally to become stronger."

"When it comes to roots, it is for immortality."

Chen Feng nodded and said, "That's right."

The martial artist stands proudly between the world, absorbs the world, strengthens the body, expels impurities, and strengthens the bones.

No matter how the martial artist's strength improves, in the final analysis, it is nothing more than the above things, but how much energy is absorbed.

And the ultimate goal, in addition to becoming stronger, is to live forever! [ovelus.com](http://www.ovelus.com)

"If you want to live forever, do you have to practice martial arts?" Bai Shanshui smiled and said at this time: "Actually, you can also cultivate Yinshen!"

There was a look of admiration on his face, and he said, "The Qingqiu Fox Clan cultivates the Yinshen method, which is really mysterious."

"By not cultivating the body, you can directly cultivate the soul."

"Today, Junior Brother Chen Feng, you are in the main hall, fighting against the green calyx. You also saw it. At that time, a little green fox appeared above her body."

Chen Feng nodded and said, "Yes, I saw it."

"That little green fox is actually her yin god."

"The method of the Qingqiu Fox Clan is to cultivate the soul and raise the Yin God from the beginning, and the Yin God will have a certain fighting power. When the Yin God becomes strong enough, then the soul will continue to exist even if the body is damaged. ."

Upon hearing this, Chen Feng's heart suddenly felt stunned.

Chen Feng knew the origin of Yin God, but what he knew was not very clear.

After all, he hadn't reached the level of cultivating Yinshen at that time, so An Lao didn't tell him too much.

At this time, after Bai Shanshui's explanation, Chen Feng understood a lot.

He secretly said in his heart: "No wonder, this cultivating Yinshen is something that only souls can encounter, and ordinary warriors can't touch it."

"Because in the final analysis, the difference between cultivating Yin Shen and cultivating martial arts is actually the difference between soul and martial artist. They are all cultivating, but one refining body and one soul cultivating!"

"The cultivation of Yinshen in their mouth is actually the cultivation of the soul, which is similar to the cultivation method I used to cultivate in the soul-man state."

"It just advances the cultivation of Yinshen."

Then Bai Shanshui explained how they cultivated Yinshen.

At this moment, Chen Feng felt stunned.

It turned out that their method of cultivating Yinshen was completely different from what Anlao said, and the method of cultivating Yinshen, which is an indispensable part of his path as a soul-man.

In fact, it is equivalent to a different approach.

Their method of cultivating Yin Shen does not have high requirements for level and strength. They have been able to achieve Yin Shen out of the body very early, and even have some other magical abilities.

However, there is not much fighting power.

Their yin gods can go out of their bodies, but they can't exist in this world for a long time, just as a way to assist in combat.

It can even be said that their method of cultivating Yinshen is actually wrong.

However, Chen Feng did not say anything.

Speaking out, it will smash their confidence in vain, so why bother?

Moreover, for them, being able to cultivate to this level in the past few years is actually very dreamy.

According to the trajectory of their lives, in the past few years, they have practiced according to the original martial arts and martial arts, and their strength can reach the Martial King Mirror.

Not to mention the Martial Emperor Realm, even if it was the peak of the Martial King Mirror, they would not be able to touch it.

Encountering the Qingqiu Fox Clan was actually a great opportunity for them, which gave them the opportunity to become the favorites of heaven.

And within a few years, with such progress, it is also enough to see that the talents of Qian Yuanzong and Ziyang Sword Field were not bad.

The only difference is chance and powerful martial arts.

[Chapter 2486: The terrifying beast league!](#)

Then, Chen Feng asked everyone about their cultivation.

The Baishan water cultivation base was the highest, and it had already reached the peak of the one-star Martial Emperor.

Half of them have not yet reached the Martial Emperor Realm.

But what surprised Chen Feng was that in addition to Bai Shanshui, the highest cultivation base turned out to be Hua Ruyan.

It can be seen that the talent of this little girl is absolutely extraordinary, and her background must be quite powerful.

Among the crowd, there is another alien.

Chen Feng raised his eyebrows, looked at Jiang Yuechun, touched his little head, and asked, "Alien? What do you mean?"

"Actually, the word heterogeneous was spoken by the ancestor Lishan. She told us that Yuechun, a little fellow, cannot be judged by her realm or her realm."

Chen Feng raised his brows, and seemed to understand a little bit in his heart, but there was still a cloud of mist.

Jiang Yuechun looked at Chen Feng and said crisply: "Grandma and grandpa said, my body is different from others, and my body is like a big treasure sealed one after another."

"The exercises and martial arts that I am practicing now are just the keys to unlock the first layer of treasure. I haven't polished this key yet."

"So, my strength is only bad in the middle of the Martial King Realm, but once I polish this key and open my first-tier treasure, I don't know how strong my strength will be."

But then, her face fell into tears, and she said, "But even if she is awakened with such a powerful strength, she can only use it occasionally, and she can't use it often."

When Chen Feng heard this, he understood, and said softly: "Yuechun, it seems that your physical talent is powerful, and your background is noble, which is still higher than my imagination."

Chen Feng had been very clear before that Jiang Yuechun was born with extraordinary physical talent.

But now it seems that he still thinks low of him.

Everyone talked and laughed, and then Hongyu came to invite and said it was a banquet.

During the banquet, everyone talked and laughed, beaming with joy.

The only thing missing was Lue, but Chen Feng didn't care, like Lue, in his eyes, there was no threat at all.

If you want to kill, just pinch it to death.

After the banquet, it was already evening.

Naturally, Chen Feng would no longer live in the bronze hall, he just lived directly in the pavilions of Jiang Yuechun and Hua Ruyan.

That night, Chen Feng stayed up all night.

Hua Ruyan and Jiang Yuechun hadn't seen him in a few years, and they couldn't bear to leave her.

The three of them sat on the terrace on the second floor.

Bathed in the clear autumn moonlight, while drinking, while talking about the past few years.

Suddenly it was a dream, but there was boundless emotion.

When it comes to happiness, it laughs, and when it comes to sadness, it sheds tears.

Emotional release, unscrupulous, this makes Chen Feng feel very happy!

In the end, the two leaned in Chen Feng's arms, feeling Chen Feng's solid chest and steady breathing, which all felt unspeakable peace of mind.

Hua Ruyan whispered: "Master, in the past few years, although there is no danger from the Qingqiu Fox Clan, but I am always disturbed."

"but now....."

She raised her small face and smiled dazzlingly: "You are here, my heart will settle down all at once."

"My home is with the young master."

She leaned her face on Chen Feng's chest, and her voice was as soft as a gnat: "Master, we will never be separated again, okay?"

Although the voice was small, Chen Feng could hear clearly.

He smiled slightly and said softly: "Okay!"

The voice is very soft, but full of firmness.

Jiang Yuechun shouted: "There is still me, and me, and I don't want to be separated from the master."

Chen Feng laughed and hugged them tighter: "Okay, we won't be separated again!"

The next day, Chen Feng came to the bronze hall again and met the ancestors of Lishan,

Only this time, apart from Lishan Patriarch and Chen Feng, there was no third person.

The two were seated separately, and the ancestor Lishan said softly: "We have asked you to avenge us. At the very least, let you know who the enemy is."

Chen Feng nodded slowly, waiting for her to continue.

The ancestor of Lishan looked at Chen Feng and said softly: "The great enemy of our Qingqiu country is the League of Ten Thousand Beasts."

"The League of Thousand Beasts?" Chen Feng chanted these three words carefully several times, and already had some guesses in his mind.

The ancestor Lishan looked at him, raised his brows slightly, and said, "You have guessed a little bit, right?"

Chen Feng nodded: "I can probably guess a bit."

The ancestor of Lishan said in a deep voice: "The Ten Thousand Beast Alliance is an extremely powerful force, one of the top nine forces in the Dragon Vein Continent."

"The people in the Ten Thousand Beast Alliance are all proficient in the art of taming monsters and can drive powerful monsters to fight for them."

"Countless powerful monsters have been domesticated in their sect."

"And they also have some tyrannical and magical techniques that can allow them to obtain a certain or several powerful abilities of certain monsters!"

"Even, it can transform them directly into some kind of monster."

Chen Feng's eyes were solemn.

This ability is too bad.

Not to mention those powerful monsters of the Demon King and Demon Emperor level, just take the ordinary beasts. If one has the speed of a leopard, the power of a tiger, the venom of a poisonous snake... Then, some junior warriors are not at all opponent.

And it is conceivable that these powerful players of the Ten Thousand Beast Alliance must have obtained the powerful abilities of those powerful monsters.

The ancestor of Lishan went on to say: "The strong in the Ten Thousand Beast League is unimaginable!"

Chen Feng asked: "How unimaginable is it?"

The ancestor of Lishan said softly: "It is said that the strongest among the Ten Thousand Beast Alliance can already be transformed into some nine-star demon king!"

"What? Transform into the Nine Star Demon Emperor? Reach the peak of the Demon Emperor Realm?"

Chen Feng was even more shocked when he heard this.

The Teng Snake and the Yellow Bird are as powerful as they are. Chen Feng does not know their specific level, but Chen Feng estimates that they are either at the peak of the Demon King Realm, or they are so much stronger than the Peak of the Demon King Realm. Just one or two levels.

But the monster beast transformed by the people of the Ten Thousand Beast Alliance can reach the peak of the Demon Emperor Realm!

This is really terrible!

The peak of the Demon Emperor Realm, when converted into the strength of a human warrior, is a powerhouse who has surpassed the Martial Emperor!

"Not only that," Lishan ancestor said softly, "Because he can freely switch between human warriors and monsters in the Demon Emperor Realm, he is very flexible."

"So, his strength is even stronger than the peak of the Demon Emperor Realm."

Chen Feng nodded silently!

"The strength of this Ten Thousand Beast Alliance is truly terrifying!" He exclaimed.

[Chapter 2487: Tomb of Emperor Wu!](#)

A wry smile appeared on the face of the ancestor of Lishan: "Who said no?"

"If it weren't for their strength to be so strong, even so strong that it was almost against the sky, how could my Qingqiu Fox Clan be beaten by them all the way to the royal city in just three days."

"How come the city was broken in just three hours, and almost all of them were killed, only we escaped."

"Our Qingqiu fox clan is already considered powerful, but when they face us, it is almost a crushing gesture, and they are not their opponents at all."

She sighed and said, "The nine most pinnacle forces in the Dragon Vein Continent are really terrifying!"

Chen Feng is also very concerned.

At the beginning, Shifang Jungle had the lowest level and was equivalent to a small novice monk of ordinary sect sweeping and handyman. He beat himself so miserably. This shows how tyrannical these sects are!

Chen Feng asked: "Why are they dealing with you?"

The ancestor of Lishan said: "There are two reasons. The first is that they regard us as monsters."

A bit of bitter resentment appeared on the face of the ancestor of Lishan: "People in the Ten Thousand Beast Alliance have always believed in using powerful means to subdue various monsters and let them sell their lives for themselves."

"To treat them as slaves is not really true at all."

"And our Qingqiu fox clan is obviously a monster, but they regard us as monsters and want to include us under their command. They even covet the beauty of our women and want to \*\*\*\* it over and over again."

Chen Feng was silent, the Qingqiu Fox Clan was naturally unwilling, so a war would naturally be inevitable.

"There is another reason," said the ancestor Lishan: "Although our Qingqiu fox clan is weak now, we have these three treasures that have been handed down hundreds of thousands of years ago."

"They have also coveted these three treasures for a long time!"

"Three treasures?" Chen Feng asked, "Which three treasures?"

The ancestor of Lishan said: "Among the three treasures, one has been lost, and the other two are the laurel azure armor, and..."

As she said, she stretched out her right hand, and a yellow light appeared in the palm of her hand.

This yellow light, like a small piece of yellow paper, swirled in her hands.

After a while, a huge classic made of yellow light was formed.

A majestic force emerged from it.

Chen Feng felt it for a while, but was shocked.

This power shocked him.

From this it can be seen that the things recorded in this classic must be of extremely high level, extremely good.

"The second treasure is it. As for what it looks like, you will naturally know in the future." Lishan Patriarch laughed.

She looked at Chen Feng: "By now, your identity is equivalent to the guardian of my Qingqiu fox tribe, so naturally you should know more about the country of Qingqiu."

"Do you know why we are fleeing here?"

Chen Feng shook his head.

The ancestor of Lishan looked at Chen Feng and said slowly: "This is a core secret of our Qingqiu Fox Clan. No one has ever known except the Qingqiu Fox Clan's royal family."

"Even the little guys outside, they don't even know about it."

Looking at the ancestor of Lishan, Chen Feng said softly: "Grandma, grandmother, just say it."

"My Chen Feng's character, you can rest assured, after Chen Feng listened, he kept his mouth tight and would never tell the second person again."

The ancestor Lishan nodded: "I can trust you naturally, otherwise, I won't entrust such an important secret to you."

She glanced outside, then sighed and said, "Yinguang, these little guys, they all thought we were looking for a place to hide now."

"I thought I was chosen here to hide the enemy, but it's not."

"The reason why we chose here," she paused, and said softly, "because, here is the origin of our Qingqiu Fox Clan!"

"What? This is where your Qingqiu Fox Clan originated?" Chen Feng was surprised.

"Yes!"

Ancestor Lishan nodded, she got up and walked to the window.

At this time, through the windows on the north side of the hall, you can see a mountain in the distance.

The mountains are surrounded by clouds and mist, and there is still a piece of white snow on the top of the mountain.

What's strange is that this mountain range is filled with ethereal air, and when people look at it, it feels like the distracting thoughts disappear.

The ancestor of Lishan pointed to the mountain range and said softly: "This mountain range is Kongsang Mountain."

"Since thousands of years ago, my Qingqiu fox family has been living in this empty mulberry mountain."

"At that time, we were not strong and our ethnic group was not big enough, so we could only live here."

"Later, a million years ago, one of our ancestors of the Qingqiu Fox met an immortal in Kongsang Mountain. He was given immortal skills and gained great strength."

"My Qingqiu fox clan, since then, has also increased crazily in strength, and then gradually walked out of Kongsang Mountain and headed west."

"In the end, the establishment of a huge Qingqiu Nation, on the Dragon Vein Continent, is also considered as impressive."

Chen Feng nodded slowly, and then he knew the origin of Qingqiu Kingdom.

The ancestor of Lishan suddenly looked back at Chen Feng and said: "We Qingqiu Foxes have always attached great importance to this Kongsang Mountain. After leaving this place, we completely sealed all the classics and destroyed everything we used to live in Kongsang Mountain. Clues and whereabouts of the past."

"Because we know that there is a huge secret in this Kongsang Mountain."

When Chen Feng heard this, his eyes suddenly narrowed: "What's the secret?"

The ancestor of Lishan smiled slightly and said: "That ancestor once got a treasure, got huge benefits from the treasure, and even got a treasure map."

"The clue to the treasure map points to the Kongsang Mountain Range."

Chen Feng asked, "Treasure map? What is hidden in this treasure map?"

The ancestor of Lishan stared at him unblinkingly, and said word by word: "In the Kongsang Mountain, there is a tomb of Emperor Wu."

"What? Emperor Wu's tomb?" Chen Feng was shocked.

Suddenly he stood up, his face was full of disbelief, and his face was full of shock!

Even, due to the extreme shock, Chen Feng's hairs were all erected, and his whole body shuddered!

This level of shock was almost the same as when he found Jianmu and the treasure of the Emperor of Heaven!

God, this is the tomb of Emperor Wu!

What is the tomb of Emperor Wu?

Above Emperor Wu is Emperor Wu!

Emperor Wu's strength far surpasses those in the Martial Emperor Realm, even the nine-star Martial Emperor!

As for the entire Longmai Continent, there is no such thing as a Martial Emperor!

After all, even the Ten Thousand Beast Alliance, one of the nine pinnacle forces in the Dragon Vessel Continent, its strongest, I'm afraid it just touched the edge of Emperor Wu!

[Chapter 2488: A sea of blood!](#)

The tyranny of Emperor Wu has exceeded Chen Feng's imagination!

This is completely beyond the scope of Chen Feng's understanding now!

Unbelievably tyrannical!

The tomb of Emperor Wu is too valuable to imagine!

"To be precise, it should be an abandoned Emperor Wu's tomb. There are very few treasures in it."

Lishan ancestor said in a deep voice.

During this process, she seemed inadvertent, her eyes seemed to be looking at the Kongsang Mountain Range outside, but in fact, she was quietly observing Chen Feng.

When she saw that Chen Feng heard the news at first, there was only shock in her eyes, and when she didn't mean to be greedy, she relaxed.

This can't be blamed on her, after all, they have only met Chen Feng for a short time, and it's normal to be careful!

But when she saw Chen Feng listening to her uttering the "Abandoned Emperor Wu's Tomb", she was only slightly surprised, not disappointed, and she was even more satisfied.

She secretly said in her heart: "This Chen Feng's disposition is of course incredible, calm and heavy."

"The tomb of Emperor Wu seems to have been ascended first, so there is not much benefit left."

"However, even so, the benefits inside are still too big for us to imagine!"

Chen Feng nodded, this is the truth.

He curiously asked: "Then, in the end, did the senior find it?"

The ancestor Lishan said softly: "That ancestor, after searching for a hundred years, he actually found the tomb of Emperor Wu."

"But, I don't know why, he only got a small part of the benefits, and he didn't know why he had to leave there."

"He was there and stayed for a short time."

The Lishan ancestor showed a trace of regret on his face: "But, even so, he has become the strongest person in the history of my Qingqiu Fox Clan. He has become the Eight-Star Martial Emperor, and led my Qingqiu Fox Clan to lay a foundation. !"

"Eight Star Martial Emperor?" Chen Feng sighed.

The tomb of Emperor Wu is worthy of being the tomb of Emperor Wu. It is abandoned in itself, and only part of the benefits of this abandoned tomb can become the Eight-Star Emperor Wu!

"It's just that when the senior came out of the tomb of Emperor Wu, it seemed to have been a part of his memory."

"He actually failed to find the tomb of the ancestor again for his entire life."

"It's just that, after desperately recalling, I just remembered some clues that were half-claws, and later generations explored based on these clues, but in the end they found nothing. After we left here, this secret was sealed forever."

The ancestor of Lishan said with emotion.

"Then you guys, didn't you look for it again?" Chen Feng asked.

"How could you not look for it anymore? After all, there are infinite benefits after that tomb. It's just,"

The ancestor of Lishan smiled bitterly: "It's just that the clues to the tomb were engraved in a treasure by the predecessor. It is one of the three most treasures of my Qingqiu country, and it is also the treasure that was later lost."

"Since then, we can't find any more."

Chen Feng nodded, suddenly in his heart.

"Later, even the people who knew this secret were very few. When we perished a few years ago, I was the only one who knew it, and now there is one more person in the world who knows this secret."

There are many benefits in it.

Chen Feng took a deep breath and said: "Old ancestor, I will tell you two words, don't worry!"

The ancestor of Lishan nodded: "I am naturally very relieved of you."

He suddenly looked at Chen Feng and smiled and said, "Chen Feng, if one day our Qingqiu Fox Clan encounters a great danger, then I will stay and block the enemy."

"And you, you take them out of here, and go to Kongsang Mountain to find that ray of life."

"What?" Chen Feng keenly felt a bit of pain from these words.

He looked at the ancestor of Lishan, and said with some surprise: "Grandma, you have been here for a long time, and the enemy has not found here, indicating that this place is extremely hidden."

"Moreover, there is still such a blue mist outside. If the enemy really finds here, we will also have time to react and also have time to escape."

"You don't need to worry so much."

The ancestor of Lishan smiled slightly and said, "I'm just taking precautions before they happen."

Chen Feng nodded, he didn't want to think about it, but what the ancestor of Lishan said today, he felt a little guilty.

Chen Feng didn't know that when he turned and left, Lishan's grandmother looked at him with a deep sadness in her eyes, and there was a trace of indescribable fear and despair.

Suddenly, she took a deep breath and turned to enter the inner hall.

In the inner hall, Chen Feng is very simple, with a jade board placed on a table. *novelusb.com*

On the jade board, there are nine lotteries.

He took out the nine sticks, took a deep breath, revealed a touch of determination, and whispered to himself: "I must try again."

"I don't believe it, I don't believe this is the fate of my Qingqiu country!"

After she calmed down, she took out the nine sticks and threw them into the sky.

Suddenly, with a sigh of relief, all the nine lottery tickets flew up and turned around in the air.

Colorful brilliance flashed above.

In the end, the colorful brilliance condensed together, and then swish directly into his eyes.

At the next moment, the ancestor of Lishan was shocked.

Shaking all over, body like chaff.

Suddenly, she opened her eyes, and there was profound despair in her eyes.

It went deep into the bones, as if desperate for something destined in fate.

Her face was distorted, and she looked up to the sky and yelled in grief and indignation: "God, why do you treat my country of Qingqiu like this?"

It turned out that at this time, those brilliance greeted his eyes, and what appeared in front of him was a \*\*\*\* hell-like scene.

However, none of the people in the country of Qingqiu survived, and they all died miserably!

Here is a mountain range with a radius of about three thousand miles.

This whole mountain range is divided into three huge peaks.

Each mountain has a radius of thousands of miles and a height of more than one hundred thousand meters.

Such a size and height, looking at the entire Dragon Vein Continent, is not so surprising.

In fact, the entire Dragon Vein Continent is bigger than this kind of mountain range. I don't know how many mountain ranges are countless times larger.

However, this mountain range is very special.

Because, above this mountain range, eight huge portals are looming in the clouds.

Each of these eight portals has a height of tens of thousands of meters and is extremely huge.

[Chapter 2489: Bahuang Tianmen!](#)

Countless white mists filled the vicinity of this mountain range from the usefulness of these eight portals.

Surrounding the mountains, a fairy air lingers, like a fairyland.

And these white mists are not simple mists, they contain huge and pure energy.

Practicing in it, the progress is extremely fast.

Above the mountains, there are a lot of viburnum and jade grass.

Any one of them is extremely rare when they are brought to the Dragon Vein Continent, and they can be sold at sky-high prices.

Those trees, the leaves, branches, and even fruits of those flowers and plants are all inlaid with gems, just like beautiful jade carvings.

And above this mountain range, cranes and other precious monsters fly by from time to time.

In the forest, there are some auspicious and powerful strange animals strolling in it.

At first glance, I knew that it was definitely not an ordinary place, it was a residence for immortals.

And the most special, and the most powerful, is not in these, but in... it is floating in the air!

Yes, this is a floating mountain range.

A floating mountain range with a radius of three thousand miles and a height of over one hundred thousand meters!

Suspended above the sky thousands of miles away from the ground, below him was an endless sea, which turned out to be an overseas fairy mountain.

The most powerful force of the Tianyuan Dynasty, the floating mountain it possessed was only about a kilometer in height, which was already the limit of their ability.

And this floating mountain range, so huge, is many times larger than the largest floating mountain in the Tianyuan Dynasty, it is shocking!

It can also be seen that the power that owns this mountain range is so powerful!

Here is the Bahuang Tianmen.

One of the nine most pinnacle powers in the entire Dragon Vein Continent, and the Shifang Jungle and other forces are on par, and no one is weaker than anyone!

The Bahuang Tianmen and the three peaks respectively represent the three great forces in the gate.

And the shortest mountain on the left, above the peak, is a palace made of purple gold.

The higher the mountain, the stronger the force.

Here, it is obviously the weakest force.

In the depths of the hall, an elderly man sat cross-legged, his eyes slightly narrowed.

He is tall, white-haired, and vigorous.

In front of him, a man wearing a black cloak and a dark suit was standing respectfully.

"Elder, there seems to be some uninvited guests on our site!" The man in black respectfully said.

"What uninvited guest?" The big elder didn't open his eyes, just asked indifferently.

He didn't seem to take this matter to heart at all, he was still practicing cross-legged, his whole aura was indifferent and arrogant.

The man in black smiled and said, "It's a group of cat foxes."

"What? A group of sao foxes?" Hearing these words, the great elder shook his whole body slightly, and then returned to normal.

but. The man in black laughed.

He knew that this sect elder had always cultivated his mind, and his xinxing could be said to be strong to the extreme, and the whole person was indifferent to the extreme, and he seemed to be indifferent to everything.

This own news can make his body slightly shake, which means that this has already brought him a great shock.

The black-clothed man's heart instantly loosened, and a flash of ecstasy flashed: "My contribution is worth it. This news can attract the attention of the great elder. I will have a bright future in the sect. He will definitely appreciate and promote me."

However, the look on his face did not change, and he still looked respectful.

The Great Elder opened his eyes.

And as soon as her eyes opened, if ordinary people were here, I was afraid that they would fall into it instantly.

And the man in black also lowered his head and dared not look at him. He knew that the eyes of this great elder contained infinite power.

Generally, the strong will even be shocked by a glance, and some souls will be stripped.

The eyes of the great elder turned out to be one yellow and one white. However, this yellow was not yellow like the eyes of a beast, but it seemed to contain a deep sun.

This round of golden sun quietly rose in his eyes.

And in his right eye, there is a bright moon, slowly falling into the endless sea.

In his eyes, the sun rises and the moon sets, like an endless cycle, which contains incomparable power.

If Chen Feng were here, he would be shocked and silent.

It turns out that this person's power is weaker than Tengershe, I am afraid that he has reached the level of the eight-star and nine-star Martial Emperor, standing at the pinnacle of the Martial Emperor Realm!

He looked at the man in black and said lightly: "Is it the remnants of the Qingqiu Kingdom?"

"Yes, it is." The man in black could no longer conceal his ecstasy.

His voice trembled a little: "Just a month ago, when the disciple was cruising along the coast of the East China Sea, he unintentionally discovered some patterns, and then followed these patterns all the way forward."

"In the end, a cyan mist was discovered."

"I didn't dare to go in that cyan fog, because I felt a strong murderous intent inside."

"But the methods of laying out the fog, as well as the traces left in the forests of the mountains, are all signs that there is a hiding place for the foxes of Qingqiu Kingdom."

He continued: "Moreover, the traces there are still very new, no more than three years at most."

He smiled yin and said, "Three years ago, wasn't it when the kingdom of Qingqiu was destroyed?"

The great elder nodded slowly and said softly: "Three years ago, the kingdom of Qingqiu was chased by the Ten Thousand Beast Alliance, and there was no way to the earth."

"There is a legend on the Dragon Vein Continent that they have already destroyed the country, but I didn't expect that there will be some remnants of the Qingqiu Fox Clan who fled to our territory and settled here!"

The man in black said with a high voice: "They are giving us a big gift!"

He laughed and said: "Although the strength of this country of Qingqiu is not top-notch, it has a long history, and there are many powerful magical secrets circulating in it."

"Especially the ancestors of their Qingqiu Fox Clan, it is said that they once encountered a fairy granting spells, the spells granted by the fairy, but only a small volume, let them climb to this level."

"It can be seen how precious this shard is!"

The Great Elder also nodded slowly.

The man in black was encouraged by him, and he smiled excitedly: "This fragment is now mostly in their hands. This is a great opportunity for us!"

He looked at the great elder and smiled and said, "Great elder, I wonder if it's a fox hunt?"

The Grand Elder looked at him with cold and sharp eyes: "You didn't tell anyone this news, did you?"

"Of course not!" The man in black raised his hands and swore a poisonous oath, and said: "The disciple rushed back non-stop since he got the news."

#### [Chapter 2490: Then I will, Fox Hunt!](#)

"After coming to the sect center. The first person to see is the Great Elder. The disciple can guarantee that there is absolutely no third person who knows this news."

"Well, that's good." The Great Elder nodded slowly.

He suddenly smiled, and the man in black was even more ecstatic. He thought everyone was about to start promising him benefits now.

At this time, the Great Elder waved to him as expected.

However, the smile on the face of the man in black immediately condensed.

It turned out that at this moment, he suddenly felt that with this movement of the great elder, his whole body was frozen.

The whole body was cold, and the next moment, he seemed to suddenly think of something extremely terrible. He opened his mouth and wanted to make a scream, but he couldn't say anything.

His face showed extreme pain, and his whole body was shaking, but he couldn't confide a word or a sound.

His eyes widened, protruding out, staring at the elder sternly, as if he didn't know why he did it.

The elder smiled and looked at him: "Since no third person knows, then it will be easier for me to kill you."

He clicked on him: "You have stayed in Bahuang Tianmen for more than a hundred years, but you still haven't grown. What use is this kind of waste?"

With that, talking about the fingers, there was a soft puff, and the disciple's body was actually directly exploded.

It's just that instead of breaking into flesh and blood, it bangs and breaks down into the tiniest things that are even invisible to people.

Then it just disappeared.

But his soul was directly held by the great elder as soon as he stretched out his hand.

Then, his hand was pressed on his heavenly spirit cover.

His soul gradually emerged from the void, trembling all over, looking extremely painful.

At the beginning, his soul still showed hatred, anger, incomprehension, and resentment on his face, but later, it turned into a dullness.

The whole is dumb and stupid, as if it has become dementia.

The great elder slowly retracted his hand, took a deep breath, and exhaled a long breath: "It turns out that it is. I know the route and the location. I also know where it is."

He looked at the soul and smiled slightly: "What about you, go and reincarnate soon!"

With that, he flicked his fingers.

The soul of this person is also directly broken.

The body and soul are destroyed, nothing remains! *noVELuSb.com*

This great elder's method was really cruel, and immediately turned around and killed people after receiving the news!

The Grand Elder smiled slightly: "Qingqiu Fox Clan, right? It's still a group of good prey!"

"Well, if we get your news, our line should rise, and our line has been silent for a hundred years."

"If you can get a fragment of a scroll taught by your immortal, and if you concentrate for another 50 years, you will hope to create a group of masters and regain the dominant position in the Eight Desolate Heaven Gate."

He suddenly stood up: "Then, I will hunt foxes!"

Although the kingdom of Qingqiu has been destroyed, but the rotten ship still has three catties of nails, their remaining strength is not to be underestimated, such a force is still much stronger than the Tianyuan Dynasty.

However, this kind of strength, in the eyes of the great elder, is actually worthy of his own team to go hunting.

It is as easy as an ordinary human going to the forest to hunt a few hares and a few deer!

In his view, the country of Qingqiu was nothing more than prey.

It can also be seen how terrifying the forces of the Eight Desolate Heaven Gates are.

You know, the great elder is just one of the three main lines of the Bahuang Tianmen, and it is still a relatively weak one, accounting for less than one-third of the strength of the Bahuang Tianmen!

In the next few days, Chen Feng lived here.

He lived a very happy life every day, accompanied Jiang Yuechun, Hua Ruyan and others, and then healed his wounds by the magical moonlight.

About half a month later, Chen Feng's injuries have basically recovered!

Chen Feng also goes to Sangmu Valley every day.

Accompany Qingqiu Yaoguang to chat with Uncle Lobster and Grandma Sangmu.

Qingqiu Yaoguang became more and more attached to him, and got closer and closer to him.

And Chen Feng and Lobster Tree and other mountain spirits and wild monsters are all very familiar. The more familiar with them, the more respectable Chen Feng feels.

Either the plants become fine, or the birds and beasts become fine, but they have their wisdom and wisdom developed early, their temperament is gentle, and they are kind to others.

Speaking of it, it is much more peaceful than many human warriors.

Chen Feng felt that they were very respectable friends.

In the valley, Chen Feng stood with a knife.

He stood there, motionless, with a look of solemnity on his face.

Murderous intent quietly surged around his body.

But in a blink of an eye, the murderous intent suddenly became extremely intense, as if it were substance, rising from the sky, covering the entire valley.

For an instant, all the birds and beasts in this valley were lying on the ground, shivering and daring not to lift their heads.

They felt that strong and murderous envelope.

And they can only cower in it.

They felt this murderous aura extremely tyrannical, and pressed it down against them, as if they would be crushed alive in the next moment.

At this time, Chen Feng frowned, and whispered to himself: "No, murderous intent should not be so strong."

He took a deep breath, and those murderous auras suddenly recovered.

But with such a harvest, although the murderous aura has weakened, the momentum has also weakened.

Chen Feng frowned and said softly: "This is not right."

Thus, Chen Feng's murderous aura continued to change.

I don't know how long it has passed, but the sun rises and sunsets, the moon turns and the stars move, and several days have passed here.

Finally, three days later, Chen Feng suddenly swept away his murderous aura and disappeared without a trace.

Then he waited here.

The birds and beasts who had been tossed by Chen Feng's murderous aura for several days all regained their freedom and hurriedly fled.

Chen Feng was not in a hurry, just waiting here.

And before long, the valley was full of life, and new insects, fish, birds and beasts came.

Or the birds and beasts before, and some have returned.

The next moment, Chen Feng laughed loudly, and murderous aura suddenly descended.

So, in an instant, those insects, fish, birds and beasts were once again scared by this murderous intent to make trembling movements, but just lay motionless on the ground.

For fear that if you move yourself, you will be killed directly by murderous aura!

Before Chen Feng, when using the Buddha's Demon Knife, his murderous aura was revealed, his murderous aura was extremely powerful, and his sharp edge was revealed. With his murderous aura alone, he could kill a powerful monster.

But now, when Chen Feng uses it again, his murderous aura is already hidden.

Murderous aura is permeated, filling the entire valley.

However, the insects, fish, birds and beasts in this valley were not harmed.
