

Peerless 2511

[Chapter 2511: Slaying](#)

Suddenly, a sharp blade of light appeared, from bottom to top, slashing at him fiercely.

This Bahuang Tianmen second-level disciple exclaimed, "Who?"

He subconsciously grabbed the long sword under his feet and slashed it downward.

With one sword and one knife, they slammed together fiercely, making a loud noise.

Chen Feng felt that the strength from that sword was not so powerful, but the sword was obviously very powerful, and his murderous knife buzzed.

A sneer appeared at the corner of Chen Feng's mouth, and he roared sharply: "Dead!"

The murderous knife went forward, the tyrannical power of heaven and earth gushed out, and the orange light flashed, directly smashing the long sword in his hand to pieces, and then severely slashing in front of him.

Just before he died, this Bahuang Tianmen second-level disciple saw Chen Feng's appearance and exclaimed, "It turned out to be you?"

Chen Feng laughed loudly: "Of course it is me! It can only be me!"

"Die!" A knife fell fiercely.

This Bahuang Tianmen disciple let out a scream and was cut to pieces directly!

The second-level disciple of the Bahuang Tianmen was also a four-star martial emperor. If placed in the Tianyuan dynasty, it would be a powerful force, but in front of Chen Feng, there was really no way to fight back.

Chen Feng was enough to kill him with a single knife.

After Chen Feng beheaded him, he immediately fled away without any stay.

In the evening of the same day, on the bank of a big river, a sharp blade of light suddenly appeared, a scream sounded and stopped abruptly.

Another second-level disciple of the Bahuang Tianmen was beheaded!

Within a few days, the number of Bahuang Tianmen disciples that Chen Feng killed had reached a dozen!

Here was once the valley where the Qingqiu Fox Clan lived, but now it has become a ruin.

Next to the ruins, on a mountain peak, Linghu Hongyun and Senior Brother Zhao were standing there.

A thick haze was condensed on Linghu Hongyun's face, and a fierce murderous intent radiated from him.

An irritable mood was released outwards centered on him, and his whole person was shrouded in an angry and hideous murderous intent.

He suddenly roared and hit his foot with a fist, shaking the mountain peaks at the foot, and several cracks appeared.

He gritted his teeth and said cruelly: "They are still alive? Not only are they alive, they are still beheading our people?"

"Damn it!"

This is already the fifth day Chen Feng has begun to take action.

In these five days, a full dozen of Bahuang Tianmen disciples have been killed, and each of the Bahuang Tianmen disciples has a special treasure on their bodies.

After they were killed, Linghu Hongyun was able to detect it immediately!

Suddenly, at this moment, his brows beat violently, and a bad feeling flashed in his heart.

He hurriedly took out a round body, orange-yellow in color, like the best brass casting.

It is like a compass, with numerous pits and bumps on it, and some silk threads connecting it.

He trembled: "Brother Zhao, please cast spells, it seems that someone has happened again."

Senior Brother Zhao nodded and threw out a few magical artifacts, a force of counter-shock enveloped and shining on the compass.

With a bang, the light on the compass was shining. First, there were more than forty light spots. Then, among these light spots, a few light spots disappeared immediately and became gray.

And then, after waiting for a while, another light spot began to dim slowly, and finally it didn't light up again.

"This is Junior Brother Cheng, a disciple my father accepted 17 years ago. He has good aptitude. Now he is the pinnacle of the four-star martial emperor. As long as there is another opportunity, he can become a third-level disciple of the sect!"

Linghu Hongyun gritted his teeth and said with a cold voice: "He too is dead! He is also dead!"

As if he was out of control, he suddenly broke out, smashing everything in front of him frantically, and roaring loudly: "I killed you!"

"You little bastard, I don't care where you are from, I don't care what your background is, and I don't care what strength you have, I must kill you!"

"I want you to pay for what you do today, and I want you to die without a burial place!"

He yelled frantically, cursing fiercely at Chen Feng.

But unfortunately, he didn't even know who Chen Feng was!

Senior Brother Zhao was beside him, frowned, and sighed inwardly, "What a silly bag."

"If his father is not the great elder, why should I be so polite to him? It would be a crime to follow such a person out to perform tasks."

"In addition to venting and angry, what else would he do?"

Senior Brother Zhao said softly: "Young Master, getting angry is no way now. Let's go and see the battlefield!"

Linghu Hongyun seemed to vent some of his emotions at this time, and nodded with a sullen face.

Then, the two flew towards somewhere.

And seven or eight Bahuang Tianmen disciples followed them, and they escorted a few people, those of the Qingqiu Fox Clan who were captured.

Ruby is in it.

On the brass astrolabe, each light spot not only represents a person, but the location of the light spot also represents his current location.

They easily came to one place based on the signs on the astrolabe. *Novelsb.Com*

This was in a lonely river valley about a hundred miles away. At this time, the valley was silent, and the roar of insects and beasts continued to sound.

In the center of the valley, there was a corpse lying down.

This is a middle-aged man over forty years old. He has a stab wound with deep bones on his body. This stab wound shattered his heart and almost cut his whole person in two.

It was also this knife that completely killed it and lost its vitality.

Linghu Hongyun saw this scene and let out a crazy growl: "It's him again, and his mother is him."

Senior Brother Zhao didn't speak, but walked forward and sprinkled some pink powder.

The dust danced with the wind and condensed into a red cloud in the air. Soon, as time went back, the corpse stood up, and then moved slowly.

He walked forward seven or eight steps, then leaned back, with an expression of horror on his face, just like the scene before he was killed.

At this time, the pink powder suddenly condensed into a narrow and sharp blade, which was severely chopped towards his chest.

Then the next moment, the pink light disappeared, and the corpse flew back to its original position.

Seeing this scene, Senior Brother Zhao sighed softly, "It's that one again, and that amazing one again!"

"Yes, it's him."

"Other than that **** dog thing, untouchable, who else can there be?"

Linghu Hongyun was another crazy curse.

[Chapter 2512: Chen Feng's true purpose!](#)

"Over the past few days, we have been able to find seven of the dozen or so people who have died."

Senior Brother Zhao said in a deep voice, "These seven corpses have exactly the same method of death. All were killed with a single blow, and this one was done by a single person."

"Moreover, we are very familiar with him." Senior Brother Zhao continued: "It seems that he was the only one who shot from beginning to end!"

"Yes, it's him!" Linghu Hongyun's voice was cold and cold: "Don't let me catch, otherwise, I must kill him!"

At this time, Hongyu and the others who were captured by them all showed joy on their faces.

"Chen Feng is here, they are not dead, and Chen Feng's strength should still be greatly improved!"

When they looked at each other, they all saw a glimmer of joy in each other's eyes: "We are saved!"

At this time, hundreds of meters away, a pair of eyes were staring at Linghu Hongyun and others unblinking.

In fact, Chen Feng didn't stay away at all. There was a layer of camellia on a cliff a kilometer away from them.

This camellia should be a different species, although it is early autumn at this time, it is open and very splendid.

Some bees buzzed around the camellia, just behind the two most splendid camellia flowers, there were two small holes in the mountain wall.

At the end of this small hole, there are Chen Feng's glasses.

After Chen Feng beheaded the man, he immediately found this natural stone cave, then sealed the cave, only two eyes were exposed, and he transplanted a camellia flower outside and hid here.

He suppressed his voice, Linghu Hongyun and the others did not notice.

Chen Feng swept to Hongyu and the others, and saw their expressions shrinking one by one, but their clothes were considered intact until they had not suffered any damage, and he couldn't help but feel relieved.

Soon, Senior Brother Zhao and the others left.

In the next few days, Chen Feng continued to attack Linghu Hongyun's people.

However, he was already very careful, but Chen Feng didn't want them to catch it.

On the tenth day of Chen Feng's shot, a total of nineteen people had been beheaded by Chen Feng.

In a camp, Linghu Hongyun's crazy roar continued: "Ah! I'm going to kill her! I'm going to kill her!"

He was almost driven to a nervous breakdown by Chen Feng, yelling like crazy!

Beside, a dozen disciples of Bahuang Tianmen stood there, their eyes showing extreme fear.

They were all tortured crazy by Chen Feng.

Little by little, one by one, Chen Feng killed their people and tortured them little by little, constantly destroying their psychological defenses, constantly destroying their spirits, and making them terrified.

Senior Brother Zhao glanced at them, and everyone bowed their heads, not daring to touch his eyes.

Senior Brother Zhao sighed lightly. Now no one wants to go out and look for it. They all want to stay in the camp and stay with everyone.

This will save lives, and those who leave the camp will die.

This is something that everyone has already realized.

Suddenly there was some sadness in his heart: "My disciple of Bahuang Tianmen was forced to such a level by an unknown opponent!"

Now in the entire camp, the only people with joy on their faces may be those of the Qingqiu Fox Clan.

And their joyful emotions were naturally noticed by those people from the Bahuang Tianmen.

Several disciples guarding them at the Bahuang Tianmen stepped forward and said coldly: "Laugh? If you laugh again, I will scratch your faces. Can you still smile?"

Another Bahuang Tianmen disciple was very irritable and threatened: "If we can't hold it, we will kill all of you, and see if you still look forward to him coming!"

When Senior Brother Zhao heard this, a flash of inspiration flashed in his heart.

He seemed to have thought of something, but the thought passed by, but then disappeared again, making him unable to remember.

He stood still thinking and thinking for a long time, gradually pieced together the aura, and finally clapped his hands and laughed.

Everyone was startled by his laughter and looked at him blankly.

Even Linghu Hongyun stopped venting and looked at him with surprise in his heart.

Senior Brother Zhao grabbed Linghu Hongyun and smiled and said, "Lord, take a step to speak."

The two of them went somewhere nearby and talked for a long time with their heads down.

The irritability on Linghu Hongyun's face disappeared, replaced by a hint of joy.

He lowered his voice and said, "Okay, just do it."

One early morning the next day, the camp became quiet again from the noise. *novelusb.com*

Two teams left the camp, each with seven or eight people.

About two hours later, on the bank of a big river, a very steep **** formed between the big river and the mountains nearby.

At this time, seven or eight Bahuang Tianmen disciples were rushing forward on this steep slope.

Each of them was a hundred meters apart, scanning around, and at this moment, in the river, a cold gaze was looking at them.

The owner of this cold gaze is naturally Chen Feng.

At this time, Chen Feng was hiding in the mouth of a big fish.

The big fish was knocked out by him, but he didn't kill it.

This big fish is hundreds of meters long, and a huge mouth is more than ten meters wide.

Chen Feng hid in his big mouth, then slightly opened the gap between the two sharp teeth, and looked out from the gap.

This big river is hundreds of miles wide, and there are many boat-swallowing fish that are as huge as the big fish where Chen Feng is located, and this big fish naturally won't attract much attention.

What's more, it goes up and down with the water, often submerged under water.

Chen Feng glanced at them, and a sneer appeared at the corner of his mouth: "Oh, have you learned well?"

It turned out that this team had as many as eight people, and Linghu Hongyun was the leader!

Chen Feng was noncommittal, and soon after they left, Chen Feng quietly disappeared from the big fish.

Then, an hour later, he saw another team thousands of miles away.

This team also had seven or eight people, but it was led by that senior brother Zhao.

Upon seeing this scene, Chen Feng finally confirmed his judgment.

There was a sneer at the corner of his mouth, and he said to himself: "Sure enough, I learned to be obedient. I knew that it was not my opponent to be alone, so I simply divided the people into three teams."

"One stays at the camp, the other two spend to explore, and the two teams each have a six-star Wuhuang guard."

"You think this way, I can't help it, right?"

A smile wafted from the corners of Chen Fengfeng's mouth, and his smile became thicker and thicker, and finally turned into a proud laugh: "Hahahaha, as everyone knows, this is what I want you to do!"

[Chapter 2513: Sneak attack!](#)

Chen Feng is not only killing their people, but also consciously chasing them together. Chen Feng is like a clever hunter, driving the prey in the direction he wants.

Their range of activities has changed from tens of thousands of miles to hundreds of miles now, and they dare not even leave the camp. In this way, it will be easier for Chen Feng to grasp their whereabouts!

Therefore, Chen Feng could observe the situation of the two teams in a short period of time.

If it were before, he could not do this at all.

Chen Feng whispered to himself: "From the very beginning, what I thought was to make you scared and scared by continuously beheading your people."

"Then, it made you panic. In the end, it made you dare not travel alone and had to divide into several teams."

"However, since no one will be my opponent except the two of you, you two have to lead them to find us."

"In this case, your camp is empty."

Chen Feng's face showed a look of victory in hand: "I never thought of killing you all. With you two here, I wouldn't go to kill myself and attack your camp."

"My initial plan was to lure you out, because I know very well that if you return to the Bahuang Tianmen, Hongyu and the others will never be rescued again."

"I will never allow this to happen!"

Chen Feng laughed: "Now, my goal has been achieved."

Without any hesitation, he hurried to their camp directly.

Chen Feng knew that he didn't have much time.

If he waited until either of the two teams came back, he would fall into this camp.

Inside the camp, it was very quiet at this time, only three or four people were guarding Hongyu and the others.

Hongyu and others did not have any ropes or shackles on their bodies, and they were not detained.

In fact, they can even walk freely in the camp, because their cultivation base has been sealed.

Their current strength is no different from ordinary people. Even if they escape, they will not be able to leave this place alive, and they will soon be captured.

At this time, Hongyu and the others gathered together and spoke in a low voice.

Not far away, several Bahuang Tianmen disciples looked at Hongyu and the others, their faces were full of greed, and the light of **** flashed in their eyes.

They all wanted to adulterate Hongyu and others, but Linghu Hongyun had already given an order that these women were reserved for future use, and no one could touch a finger.

He killed whoever touched it.

Who dare not listen to the command of the arrogant young master in the sect? Naturally, I don't dare to offend anything!

And at this moment, suddenly, a guard felt a cold murderous aura coming towards him.

He jumped up almost instinctively, thrusting a sword behind him, and at the same time, he roared sharply: "Who?"

"Who? The one who wants your life!" A long laugh suddenly broke out, and a snow-like knife light slashed down.

With a bang, it was cut on his long sword and directly shattered his long sword. Then, the long sword was raised, and his whole body was beheaded.

And the other two Bahuang Tianmen disciples, both second-level disciples, also stood up in a panic and looked at Chen Feng.

After seeing his looks clearly, they all showed extreme fear and exclaimed: "Is it you? It turned out to be you?"

Chen Feng didn't have any nonsense with them at all, and killed them fiercely, killing another person in an instant.

Hongyu and others all yelled joyfully when they saw Chen Feng.

Hongyu shouted: "Chen Feng, are you here?"

Chen Feng smiled at them: "Wait a minute, I will save you all."

While speaking, he beheaded another second-level disciple, and then shouted to Hongyu and the others: "Go, I will take you out."

He stretched out his hand and patted Hongyu on her body, unlocking her seal, and then unlocking the seals of the others.

Everyone was extremely happy, Chen Feng smiled and said, "Let's go!"

"Okay!" Everyone nodded, and hurriedly followed Chen Feng.

They left the camp all the way and quickly flew for thousands of miles.

At this time, it was getting late, and Chen Feng sighed slightly. He felt that he had escaped from Linghu Hongyun's tracking area.

"Now I'm afraid they have already returned to the camp and have seen the situation!" Hongyu said with a smile.

Chen Feng nodded: "Yes, but they can't catch up with us no matter what."

Many Qingqiu fox tribes are happy and joyful.

Chen Feng said softly, "Everyone, let's rest here for one night!"

Everyone started searching, and soon found a cave, and everyone was ready to enter the cave.

Chen Feng was bending over to get in, and at this moment, an extremely fierce murderous aura suddenly attacked his back.

Chen Feng was extremely relaxed before, without any defense.

Because he knew very well that even if Linghu Hongyun and the others could catch up, he would be able to spot them from a long distance.

So he didn't even think of becoming elbows!

Murderous aura suddenly came into being, and attacked himself!

Chen Feng didn't even react at this time. His body just dodged instinctively, avoiding the vital point that could directly penetrate into the heart.

In the next moment, he felt an extremely intense pain coming from his body, and his whole body was shaking violently in pain, his face was extremely pale, and his forehead was sweating profusely.

Chen Feng suddenly turned his head and shouted sharply: "Who attacked me?"

He slashed out severely.

At this time, he also saw clearly that the person who attacked him was unexpectedly Lue!

Lu Ee held a very thin, very narrow, and very long green long sword, piercing the back of Chen Feng fiercely, and stirred it.

Chen Feng yelled frantically: "Why are you? Why are you doing this?"

He was full of disbelief, and even more sad and angry.

He severely slashed the green long sword with a single sword, shattering his long sword alive, and smashing his whole body out several hundred meters, before falling heavily to the ground, spurting blood.

After Chen Feng was slashed out, he also felt that the pain in his body once again struck wildly, causing him to spout a mouthful of blood.

Chen Feng was already severely injured by Lue's sneak attack.

You know, Lu E is also a dignified five-star martial emperor pinnacle master, her strength is extraordinary.

Under the sneak attack, if it hadn't been for Chen Feng's instinct to hide, he would have been smashed into his heart and died immediately.

[Chapter 2514: Under siege](#)

Chen Feng roared: "Why? Why are you doing this?"

And Hongyu and the others were directly shocked just now. Only then did they come back to their senses, and they all issued extremely angry questions: "Lu E, why are you doing this?"

And at this moment, an arrogant and proud voice suddenly sounded in the distance: "Hahahaha, why do you do this?"

"Because we let her do this!"

Several figures flashed out, it was Linghu Hongyun, Senior Brother Zhao and others.

A dozen of them directly surrounded Chen Feng and others to form an encirclement, while Linghu Hongyun looked at Chen Feng triumphantly.

At this time, in addition to Linghu Hongyun and Senior Brother Zhao, Chen Fengfeng also saw a burly man.

This brawny man, with a metal glove on his hands, was looking at Chen Feng with a grim look.

The momentum on his body is not under Linghu Hongyun.

In addition to Linghu Hongyun and Senior Brother Zhao, they unexpectedly came with another helper.

Chen Feng's heart sank rapidly, and he had realized that this was a conspiracy.

"Why should I do this?" Lu E suddenly let out a sharp scream, staring at Chen Feng, his face showed a crazy look.

He suddenly shouted in a sharp voice: "Chen Feng, Chen Feng, you humiliated me so much, you made me suffer such a huge humiliation, I hate you so much in my heart!"

"Tell you, what I hate most in my heart is not these people from the Bahuang Tianmen, but you!"

"In order to kill you, I don't hesitate to cooperate with them, I just sell you, what can you do with me?"

"Hahahaha, Chen Feng, you die here today!"

Her voice was full of resentment, full of crazy hatred, and she obviously hated Chen Feng.

Hong Yu roared: "Lu E, how can you do this? Chen Feng is the benefactor of our Qingqiu Fox Clan, Chen Feng is going to save our entire Qingqiu Fox Clan!"

"You actually hurt him like this for your own personal grudges? Are you still not a human being?"

"Yes, I am for my own selfish desires, and I want to harm him, so what?" Lu E stared at Hongyu bitterly, and said: "Go to his mother's Qingqiu Fox Clan, I don't care about anything, I just want to be in my heart Happy, that's enough!"

At this time, Linghu Hongyun smiled triumphantly: "This little **** has already taken refuge in me, hahahaha..."

He looked at Chen Feng and said, "Little boy, you didn't expect it? This time you will finally fall into my hands."

"I see how you can escape this time!"

Chen Feng stared at him and said in a cold voice: "Do you know I will attack the camp?"

Senior Brother Zhao smiled and said: "We didn't guess where you would go. In fact, we just left the nail of Lue."

"Anyway, if you take them to escape, then we can definitely find your trail, and if you don't take them to escape, but attack any of our teams, we can keep you."

"You have chosen the most difficult path, and now you are seriously injured and surrounded by our three Six-Star Martial Emperors."

"Do you think you might still be able to escape?"

The burly man said impatiently: "Don't talk nonsense with him, it's the business to kill this kid quickly."

"You hurriedly transferred me out of the sect, just to talk nonsense to him here?"

"Number!" Linghu Hongyun waved his hand: "Let's go up and kill him!"

Chen Feng looked at them, his eyes were silent, and he was thinking crazy about what to do!

Chen Feng had a wrong estimate of their strength. It turned out that they were not two six-star Wuhuang masters, but three.

Three six-star martial emperor masters and three six-star martial emperor masters are two completely different concepts.

If there are only two, Chen Feng is confident that he can defeat them individually, or at least be able to kill others under their noses, and then escape calmly, not allowing them to catch up.

But at this time, there were not only three six-star Wuhuang powerhouses, but also Chen Feng was already surrounded by them.

Moreover, the most deadly is...

Chen Feng sensed his body, but found that there was no one in his body at this time.

Moreover, a stream of deadly toxins radiated from the wound, and continued to enter Chen Feng's body, destroying his body, not only making his wound unable to heal, but worsening it.

Chen Feng stared at Lue, and said with a cold voice: "Lue, you are so cruel!"

Lu E laughed sharply: "How about my hundred-dead poison that the Qingqiu fox family has inherited from generation to generation!"

"Hundred Death Poison?" Hongyu screamed, and his body shook heavily.

Obviously, this poison is extremely domineering!

Chen Feng was awe-inspiring: "I can't drag on any longer."

Chen Feng could clearly feel the madness of this poison, and his power was getting weaker and weaker at this time.

Even, at this time, a layer of green appeared on the surface of Chen Feng's body.

"If it is prolonged, it will become more and more unfavorable to me, and I will definitely die here."

Without further delay, Chen Feng screamed and attacked Linghu Hongyun directly.

The killing knife was cut out fiercely and directly used the first layer of the Buddha's Demon Slayer.

However, just when the first layer of the Buddha's Demon Slayer was about to be used, suddenly, the pain in Chen Feng's body was magnified ten times. *Novelusb.com*

Chen Feng's power was used for external attacks. Without the power to suppress the toxins in his body, the toxin wind in his body burst out immediately, sweeping through Chen Feng's body like a torrent.

Chen Feng's internal organs instantly turned green, and then began to decay, began to decay, a lot of pus and blood appeared, and a lot of internal organs fragments fell off.

Then, his bones also began to turn green.

Chen Feng softened and fell to the ground hard, spurting out a big mouthful of blood.

Now, let alone an attack, it is difficult for him to even stand up.

Seeing such a scene, Lu E let out a sharp and proud laugh: "Hahahaha, Chen Feng, tell you to insult me?"

"Now, know the price of insulting me! You must die today!"

At this time, Linghu Hongyun and others were also very proud, and laughed wildly.

Linghu Hongyun walked straight to Chen Feng, kicked it out, and directly kicked Chen Feng with a muffled hum. Another burst of blood spurted out, and he flew out heavily.

He laughed loudly: "Boy, why didn't you run away? Why didn't you attack? Why did you become such a trash now?"

And the burly man also showed a sneer at the corner of his mouth: "Master, you called me to deal with such a waste? This is a waste!"

[Chapter 2515: breakthrough! Samsung Wuhuang!](#)

They took a bite of rubbish, but they seemed to have completely forgotten. If Chen Feng hadn't caught the villain's strange poison for a while, how could he be like this?

Chen Feng stared at them with a cold smile on his face. Even in this situation, Chen Feng was still thinking about how to fight back.

Chen Feng looked at the bright moon above the sky, and suddenly felt relieved.

"I still have the trump card of Buddha's skeletal space. As long as the moon is full, I can enter the Buddha's skeletal space."

"And this time, it has been far more than three months since I entered the Buddha's skeleton space last time, I can enter!"

With this trump card, Chen Feng felt a lot more settled!

However, Chen Feng suddenly felt tight: "If I escape, what will Hongyu and the others do?"

"This time, it will definitely be difficult for them to fall into Linghu Hongyun's hands."

Chen Feng was firm in his heart: "No, I must not escape!"

Linghu Hongyun strode over, stepped on Chen Feng's face, stared into his eyes, and said coldly, "Little boy, do you want to see again? Do you dare to see?"

"Do you still dare to look at me with this kind of eyes? Look at me again, believe it or not, I will just destroy you?"

Chen Feng looked at him with a smile on the corner of his mouth, and suddenly he spit on his face.

Linghu Hongyun was stunned.

He didn't expect Chen Feng to be so tough, and Chen Feng didn't give in.

After a while, he came back to his senses, and then the next moment, his face became like pig liver, swollen almost to burst, he felt extremely angry and extremely humiliated.

He yelled frantically: "I am going to kill you!"

He stamped on Chen Feng's face fiercely, and with a click, directly crushed Chen Feng's facial bones.

Then he kicked Chen Feng's chest fiercely, and kicked his chest so that his ribs broke, and several bones were inserted into the internal organs.

A big hole appeared in the chest, and blood burst out!

It was green blood, with pieces of rotten internal organs in it, it looked terrible!

He yelled frantically: "I am going to kill you! I am going to kill you!"

With one kick and one kick, he kept kicking on Chen Feng's body. Chen Feng didn't even have the power to defend at this time. All his power was used to suppress the toxins in his body.

In this way, the poison did not deteriorate further, but it also directly made his defense almost zero.

Every time Linghu Hongyun fell, Chen Feng's body was broken and broken. In a blink of an eye, Chen Feng was already kicked out of human form, and his whole body was in tatters!

With the last kick on Chen Feng's chest, Chen Feng flew out for more than a hundred meters and slammed into the cliff not far behind him, slowly falling down.

His entire face was extremely pale, and his whole body had turned green, and bursts of toxins burst out of his body, and even began to decay his bones, his muscles, and his skin.

Seeing that in a while, even if Linghu Hongyun stopped making moves, Chen Feng would be directly poisoned to death by this toxin.

Seeing this scene, Hongyu and others cried bitterly!

Chen Feng looked at the sky in the distance, his eyes were almost lost, and his eyes became confused.

His sanity was beginning to lose, and once Chen Feng lost his sanity, that was when he died!

At this time, Linghu Hongyun wanted to come up, which directly resulted in Chen Feng's life.

Senior Brother Zhao said with a smile: "Young Master, don't be so anxious, take this little Chen Feng back and torture him severely, so that he can truly suffer."

Linghu Hongyun listened, and stopped in his heart.

Senior Brother Zhao then sneered: "Doesn't he care about these pornographic foxes of Qingqiu Kingdom? Then you will humiliate these pornographic foxes severely in front of him, so that he can see them and cannot save them. It's the most painful thing."

Upon hearing this, Linghu Hongyun's eyes lit up and he laughed: "Brother Zhao, your idea is really wonderful!"

"That's fine, just do it!"

At this time, Chen Feng's mind was already in a state of chaos, he couldn't notice anything, and his heart was sinking downward and heavier.

His sanity was almost completely wiped out in the end, and Chen Feng felt like he was in a space, constantly falling.

However, at this moment, suddenly, Chen Feng's soul-man space suddenly appeared, outside his body, but inside his body.

Chen Feng's soul instantly came to the soul-man space, and the soul-man space was also on the verge of collapse at this time, but at this time, after Chen Feng came here, suddenly, in Chen Feng's dantian, those dragon-falling Arhat light beads, At the same time Jinguang was released.

This golden light directly enveloped Chen Feng's mind.

The whole person was relieved from the state just now.

Chen Feng was still sane, and his aura was immortal, and he regained consciousness in the next moment.

There was a deep anger and unwillingness in his eyes, and an angry roar: "How can I die? How can I die like this?"

"How can I not resist? How can I give in? There are countless things waiting for me to do!"

"The mother who is suffering in the family needs me to save. Sister Luo needs me to teach. How could I just die like this?"

"Chen Feng! How could you just die like this?"

There was a crazy but huge roar in Chen Feng's soul, full of anger, full of unwillingness, and also full of unspeakable high spirits.

And at this moment, suddenly, all the power of heaven and earth in Chen Feng's body emerged in front of him.

In the soul space, nine drops of huge yellow bird blood flew out directly, and began to linger around Chen Feng's body.

Then Linghu Hongyun and the others saw a scene that shocked them.

Chen Feng's originally broken body was sitting cross-legged, slowly floating, while the nine drops of yellow bird's blood surrounded him.

The extremely powerful suction power came from Chen Feng's body, drawing a huge force from the yellow bird's blood.

Chen Feng's momentum continued to rise.

Seeing this scene, Senior Brother Zhao exclaimed: "This little **** is going to break through? Kill him! Kill him quickly!"

Linghu Hongyun and the burly man also changed their expressions, and they roared and killed Chen Feng.

But at this time, the blood of the yellow birds seemed to be spiritual. Seeing them killed, they immediately banged them into flight.

Then, around Chen Feng's body, there was a thick protective barrier that seemed transparent, but in fact it was extremely tough.

Their offensive bombardment is above this barrier, but it has no effect.

Chen Feng sat cross-legged, Baoxiang solemn.

At this time, Chen Feng felt very comfortable all over his body, as if soaking in warm water, boundless pure and gentle energy poured into his body.

Wherever the energy went, all the green toxins were swept away, Chen Feng's bones regained the color of the noble white jade, and Chen Feng's muscles returned to the golden color.

The toxins in Chen Feng's internal organs were also removed, and the internal organs continued to recover and strengthen at a very fast rate.

Soon, Chen Feng's body was repaired intact.

There was no trace of green on the surface of his body, and all the toxins were completely driven out.

And the next moment Chen Feng started to break through.

Endless power poured into Chen Feng's body, Chen Feng's aura became higher and higher, higher and higher, and finally climbed to a peak.

In the next moment, in the dumbfounded and unbelievable gazes of the three Linghu Hongyun, three golden lights shot straight up above Chen Feng's head.

It was as if he had broken free of some kind of shackles, and his whole momentum became completely different from just now.

Then, Chen Feng suddenly opened his eyes, laughed, and stretched his right hand forward.

Suddenly, the orange power of heaven and earth appeared, but this time, the orange power of heaven and earth that appeared in front of Chen Feng was 32 strands.

Chen Feng has already broken through to the Samsung Martial Emperor.

Every strand of the strength of the orange heaven and earth is like an orange jade slip, forming a net different from others. These jade slips are lined up with orange silk threads in the middle.

It's like the same scroll that was handed down when there was no paper in the ancient times, the ancient times!

Noble and elegant, but also exudes incomparable strength.

At the next moment, Chen Feng suddenly rose up and laughed loudly: "Samsung Wuhuang, I have broken through!"

[Chapter 2516: Six-star Wuhuang? Cut it all!](#)

Linghu Hongyun and others were shocked.

"This kid, was the second-star Wuhuang before?"

"The two-star Martial Emperor is so powerful, how powerful is he now breaking through to the realm of the three-star Martial Emperor?"

But the burly man was quite disapproving, curled his lips in disdain, and said, "Boy, how about you are a three-star martial emperor?"

"The three of us are all six-star martial emperors!"

"Of the three of us, killing you is easy, let alone three of us."

"You are a Samsung Martial Emperor, do you think it's amazing? I can slap you to death with one palm!"

He couldn't help himself at all. He just came here, completely unaware of Chen Feng's power, and didn't put Chen Feng in his eyes!

Chen Feng's laughter stopped, turned his head to look at him, smiled slightly, and said, "Oh, really? You can kill me with one palm, right?"

The burly man proudly said: "Of course."

Chen Feng pointed at him and said softly to me: "I will kill you with a single blow."

The burly man froze for a moment, and then he laughed wildly with disdain: "What? Boy, you said you could kill me with a single blow?"

"Hahahaha," he sneered like he heard the funniest joke in the world.

Chen Feng smiled and said, "No, I was wrong just now."

The burly man curled his mouth in disdain, and said, "Little boy, you know that Haikou that you just boasted can't be done, so you should change your words now?"

"How could you kill me?"

Chen Feng smiled and said: "No, you are wrong, what I said is wrong, I mean..."

Chen Feng looked at them and said word by word: "I didn't kill you with a single blow, but with a single blow to kill the three of you!"

The next moment, Chen Feng's killing sword suddenly came out of its sheath, and he screamed: "Buddha destroys the magic sword!"

Boundless murderous aura gushed out, and Chen Feng slashed down fiercely!

Chen Feng's Buddha Demon Slayer had already broken through, but he had no power to use it.

And now, Chen Feng broke through and entered the Samsung Martial Emperor, possessing a full thirty-two rays of orange power, and already possessed the ability to exhibit this sword.

So Chen Feng looked up, he roared, and the murderous intent on his body rose to the sky, just like the essence.

Boom boom boom, that murderous intent even shattered the surrounding rocks.

At this moment, the creatures in this valley were crushed to death by this murderous aura.

Then, the next moment, this extremely strong murderous aura, towards Linghu Hongyun, towards Senior Brother Zhao, and towards the burly man, attacked frantically, making their faces changed and they could not help retreating one after another.

Linghu Hongyun was shocked, and shouted in shock: "How can this little boy have such a strong strength? Such a strong murderous intent? What kind of martial skill is he?"

At the moment when his words fell, suddenly, Chen Feng's murderous aura disappeared without a trace.

Linghu Hongyun was taken aback for a moment, and then he smiled triumphantly: "It turns out that this little boy is pretending to be a force. He just pretended to be a force. He has no ability to use this knife."

"He just forced out some murderous aura, trying to scare us."

The burly man also recovered his calm, haha laughed wildly: "It's a pity, this trick, you can't hold on for long, now we're here to kill you!"

The three of them slayed hard at Chen Feng together.

At this time, the murderous aura around Chen Feng's body disappeared without a trace, and his entire body was holding his breath, as if the Buddha's smile on a flower, he looked extremely calm.

And the next moment, he suddenly, a knife fell slowly.

This knife fell, and it seemed that even a knife cut by a warrior who had just started to repair was more powerful than his knife.

However, the knife fell into the eyes of Linghu Hongyun and the three of them, but it made them immediately feel extremely dangerous.

As if this was the verdict of that fate, Linghu Hongyun instinctively screamed: "Escape, run away!"

He ran away frantically.

However, it was too late.

Suddenly, a fresh breeze started, and three gentle breeze hit the three of them, gently blowing on their faces.

At first, the three of them didn't notice any abnormality.

And the next moment, suddenly, the breeze broke out suddenly.

The breeze blew on their faces, penetrated into every pore of them, and an extremely powerful aura exploded directly from their bodies.

The burly man showed disbelief on his face, and he let out a terrified roar: "You, you are really so powerful? How could it be possible? You are just a three-star martial emperor?"

Chen Feng laughed loudly: "Ignorant people, there are so many things you don't know in this world!"

The burly man showed extreme remorse in his eyes and shouted loudly: "I'm so regretful, you are so powerful, how can I offend you? How can I kill you?"

"I regret it!"

The next moment, his voice stopped abruptly.

With a blast of his chest, it exploded directly, and then the whole person was exploded into countless powder.

And Senior Brother Zhao screamed sternly, and the whole person's body directly began to vanish.

Just like dust swept by the gale, it disappeared completely in a blink of an eye.

And Linghu Hongyun let out a scream, he stretched out his hand: "Ah! My hand, my hand!"

His hands began to disappear, his arms began to disappear, and then his body began to disappear.

In a blink of an eye, he was already left with only a breath.

Part of his head is missing. He stared at Chen Feng and screamed, "I won't let you go!"

Chen Feng looked at him with a smile, and said softly: "Really? Sorry, I will let you go now." **NoVelusB.COM**

His knife was finally cut down completely, and this breeze circled Linghu Hongyun for a while. Where this breeze blew, Linghu Hongyun's body disappeared without a trace, and he was dead completely. .

The breeze is blowing like a lover's hand, but it is actually the deadliest offensive.

Just let the enemy be killed directly, and there will be no corpses!

With one stab, Chen Feng slashed out and killed all three six-star Wuhuang masters.

The Buddha's Demon Sword is really tyrannical and outrageous!

At the same time, the Bahuang Tianmen hundreds of thousands of miles away.

Above the fairy mountain hall.

The elder suddenly opened his eyes, a panic flashed in his eyes, his hands pressed firmly on his chest, his face was full of throbbing, and he trembled and said to himself: "What's the matter? What? Why do I feel inexplicable heart palpitations?"

He panicked to the extreme, and suddenly thought of an extremely terrifying possibility: "Could it be that Hongyun had an accident?"

"No, it's impossible!" He yelled frantically.

[Chapter 2517: I will kill you!](#)

He shook his head vigorously, trying to shake this idea out.

He almost staggered to his feet, swaying his body thinking about the apse walking quickly, he was always calm, he staggered a few times in such a short distance and almost fell.

He came to the apse, shaking his hands, holding up a compass.

This compass was very similar to the compass Linghu Hongyun had taken before, but it was obviously more powerful and simpler.

On his compass, there are only a few stars shining.

Shaking all over, he moved his gaze to one of the stars.

The next moment, his whole person froze there, his eyes were dull, there was a dead silence, and the whole person was completely stupid.

It turned out that the star flashed a few times, and then it dimmed.

In the end, it was completely wiped out.

He knows exactly what this means!

He was all stupid, and muttered: "Dead? Hongyun is dead?"

He suddenly raised his voice, yelling frantically: "Impossible, impossible, fortune cannot die!"

He smashed the precious compass in his hand to the ground and smashed it to pieces. He stepped on it with his feet, and yelled as he stepped, "You lie to me, how dare you lie to me?"

He seemed to be insane, crying and laughing for a while, cursing constantly.

But after a long time, he finally recovered his calm.

Suddenly, all the violent roars disappeared without a trace. He sat there with his head down, and his whole body exuded a dead silence.

I don't know how long, he suddenly smiled.

He let out a weird smile, his eyes have completely recovered from his resignation, but his face is full of lifelessness: "No matter who you are, since you dare to kill Hongyun, then I will let you the whole family, the whole clan The door is buried with Hongyun!"

He suddenly stood up and yelled frantically: "I will kill you!"

At this time, the surrounding Bahuang Tianmen disciples were completely frightened.

Just now they were very arrogant, screaming frantically that Linghu Hongyun and others killed Chen Feng, but now, they opened their mouths one by one, staring at Chen Feng blankly, completely frightened.

After a while, a disciple from the Bahuang Tianmen exclaimed: "This, how is this possible?"

"Senior Brother Linghu Hongyun was killed by him, Senior Brother Zhao was killed by him, Senior Brother Feng was killed by him, with one stab, he used one stab to kill three six-star Wuhuang-level powerhouses!"

Another disciple yelled in disbelief, "How could he be so strong? How could he have such a powerful martial skill?"

They were all frightened, screaming frantically, it seemed that they could vent the shocking emotions in their hearts.

At this moment, Chen Feng looked at them with the killing knife, smiled, and walked towards them slowly.

These Bahuang Tianmen disciples, already shocked by the fright, screamed in horror: "Flee, run away!"

They ran away frantically, without even thinking about fighting Chen Feng, and Lue knew it earlier than they knew it. As early as when Linghu Hongyun and three of them were killed, Lue had already fled frantically.

But how could Chen Feng let her go?

Chen Feng took a deep breath, exhausted the last bit of strength, chased behind Lue, and slashed it down.

Lu E felt the fierce sword aura slashing downwards, he turned his head suddenly and saw that the sword was getting bigger and bigger in front of him, until it filled his sight.

She let out a scream of incomparable screams, and her eyes were begging for mercy: "Chen Feng, please, don't kill me."

"Please, for the sake of the Qingqiu Fox Clan, don't kill me!"

Chen Feng let out a sneer, the knife still cut down fiercely.

With a bang, the green calyx was directly cut to pieces by Chen Feng.

Then, then, Chen Feng flickered and hurriedly chased them.

The people from the Bahuang Tianmen immediately ran faster.

And just when all of them escaped without a trace and disappeared, Chen Feng's figure suddenly flashed heavily, and then fell directly to the ground, a mouthful of blood spurted out, and collapsed on the ground, even standing. Can't stand straight anymore.

At this time, Chen Feng's aura was extremely weak, his whole body, the fire of the soul swayed, and he seemed to have only one breath left, as if he was dying.

At this time, Chen Feng also felt extremely uncomfortable and painful, his head seemed to burst.

Chen Feng discovered that it was his soul-man space, and found that his soul-man space was about to shatter.

And his soul is even more damaged.

Watching this scene, Hongyu and others ran over worriedly.

Hongyu exclaimed: "Chen Feng, how are you?"

Chen Feng saw him coming, relaxed, watching her whispered: "Hurry and take me away."

Then, his head tilted and he passed out.

It turned out that even with Chen Feng's current strength, he would have to pay a great price if he wanted to control the second level of the Buddha's Demon Slayer.

After cutting out this knife, he was already seriously injured and dying.

And after he tried his last bit of strength, after slaying Lu E, his injuries were even more serious, and he couldn't even beat an ordinary warrior at all.

He was just holding on to scare those Bahuang Tianmen disciples before, that is, Chen Feng was extremely calm, and at the same time extremely intelligent, scared them away.

Otherwise, as long as they do it now, Chen Feng must be dead.

Hong Yu was horrified and helpless, she looked at the other Qingqiu fox tribes, and those Qingqiu fox tribes all cast their eyes on her, obviously taking her as the backbone.

She knew that no one else could count on it at this time.

Hong Yu took a deep breath, calmed down, and then hurriedly followed Chen Feng's words and led him to run away frantically. He ran out and didn't know how far, feeling that the chasing soldiers could no longer catch up, so he found a hidden one. The cave, settled in there. *nOVelUsB.com*

There was silence in the cave.

At this time, it was three full days since Chen Feng had killed three Six-Star Martial Emperors with a single blow.

Chen Feng woke up as early as the next morning.

He was originally physically broken, but after breaking into the three-star martial emperor realm, he recovered a lot.

Chen Feng sat cross-legged, Baoxiang solemn, and his gaze was azure.

Suddenly, he closed his eyes. The next moment, a huge momentum radiated from his body, making Hongyu and others in the distance feel that there was an indescribable depression afterwards, as if he was about to be affected by this. The aura is like being crushed to death.

They were shocked in their hearts: "Each of us is one or two levels higher than Chen Feng, but we didn't expect that his momentum alone would make us unbearable."

Chen Feng would naturally not notice these at this time.

Hong Yu and the others quietly retreated far away for fear of disturbing his cultivation.

[Chapter 2518: The power of 160,000 dragons](#)

Chen Feng took a deep breath, stretched out his hands, and then slowly fell outward.

Immediately, thirty-two rays of orange power of heaven and earth appeared in front of him.

The bamboo slips condensed with orange light slowly unfolded and connected to each other as if they were unfolding a book.

These thirty-two strands of orange bamboo slips were formed by Chen Feng's orange power of heaven and earth.

Chen Feng looked at them and chuckled to himself: "My power of heaven and earth is really different from others. The condensed cyan power of heaven and earth of others is a thing like a fishing net, but I, mine These thirty-two rays of orange power of heaven and earth actually condensed into a book."

"Why is this? What kind of magical effect will there be in the future?"

Chen Feng doesn't know this now and can only wait to explore later.

And this is not what he is exploring now, Chen Feng took a deep breath and put his hands together.

Then, as if grabbing the scroll, he slowly pressed down towards his dantian.

The next moment, with a swish, all the bamboo slips condensed from the thirty-two strands of orange heaven and earth power disappeared, and all entered Chen Feng's Dantian.

At this time, Chen Feng looked at his dantian inwardly, and what was shocking was that at this time, Chen Feng's dantian was vast and its radius reached a full thousand li, which was dozens of times larger than before.

And in this huge space of thousands of miles, there are four huge fireballs suspended, just like four huge suns are floating in that cosmic space.

Each huge red fireball has a diameter of about one kilometer and emits intense light and heat.

The flame above is not red, but a kind of gold that is almost pure white, very pure, very tyrannical, and it exudes a strong power of descending the dragon.

Beside each huge fireball, there are countless giant dragons flying up and down. Although these giant dragons are phantoms, they also have powerful power.

These huge fireballs are exactly Chen Feng's shining pearl of the dragon descending Arhat.

It turned out that when Chen Feng broke through to the three-star martial emperor realm, the Dragon Dragon Arhat Bright Pearl directly changed.

Chen Feng went into a coma that day and didn't have time to check. Now he started to check his body again.

The number of Dragon Falling Arhat Light Beads has increased to four, and their shape has also changed from round beads to current fireballs.

In the next moment, Chen Feng's thirty-two strands of orange power of heaven and earth separated from the shape of bamboo slips and turned into thirty-two strands of orange power of heaven and earth.

Then, eight strands of orange power of heaven and earth poured into a fireball, and soon, all the 32 strands of orange power of heaven and earth poured into sixteen huge fireballs.

In the next moment, a huge and incomparable force that could not resist the general huge and incomparable power rose from these sixteen huge fireballs.

The phantom shadows of 160,000 giant dragons suddenly lifted into the sky and gathered into a huge dragon, on which there is a huge and incomparable dragon power.

This dragon's power was so powerful that Chen Feng felt trembling.

Chen Feng took a breath: "Too strong, this momentum is too powerful!"

The power of the 160,000 dragons transformed into the phantom of the 160,000 giant dragons condenses into a huge phantom of the giant dragon, with scales flying, it seems that Chen Feng's Dantian cannot contain it.

Circling and dancing in Chen Feng's Dantian!

Chen Feng took a deep breath, with an indescribable fascination in his eyes.

The power of dragons, the power of 160,000 dragons!

He suddenly opened his eyes, and behind him, countless phantom dragons fell together.

And with this aura, the Hongyu and others who were shocked in the distance were all eclipsed, feeling that they were almost crushed to death.

Chen Feng's eyes were fascinated, and he sighed softly: "A total of 160,000 dragon powers, the power of descending dragons and arhats, is a refinement of power, an increase, and a more effective use."

"So, even if thirty-two rays of orange power of heaven and earth transform into the power of 160,000 dragons, the power of these 160,000 dragons is stronger than the power of thirty-two rays of orange heaven and earth!"

Chen Feng laughed!

His strength is stronger than before.

Chen Feng whispered to himself: "However, although my dragon power is now tyrannical, it is useless."

"Because the two martial arts I use most often now, and one sword technique does not use the power of the dragon. It seems that I need to find the remaining martial arts in the Dragon-Jiang Arhat scripture as soon as possible." **novelUsB.Com**

"After finding it, you can give full play to the tyrannical power of Wolong!"

"The power of sixteen thousand dragons!"

Chen Feng clenched his fists, felt the incomparable power surge in his body, his heart was full of expectations!

In the next few days, Chen Feng continued to heal his injuries, and in the past few days, Chen Feng also learned some things about the Eight Desolate Tianmen from Hongyu and the others.

The Bahuang Tianmen, one of the nine peak forces in the Dragon Vein Continent, is extremely powerful.

"Oh? One of the nine most powerful forces?"

A sneer appeared at the corner of Chen Feng's mouth, and he slowly clenched his fists.

Not only did he not have the slightest fear, but instead he was full of high morale, and even more faintly excited.

"I am now about to reach the level of the nine major forces? They are standing at the peak of the Dragon Vein Continent. Am I about to be able to reach them?"

"Then, it will not be long before I know the real secret of the Dragon Vein Continent!"

The next day, Chen Feng took Hongyu and the others to the valley where the Qingqiu fox tribe, Baishanshui and others had settled before.

After Chen Feng returned to the valley, he was shocked.

At this time, in the middle of the valley, Bai Shanshui and others were cultivating, and the light and tyrannical aura radiating from their bodies at this time was more powerful than when Chen Feng left before?

They were very happy to see Chen Feng coming back, and they came to greet him.

I was so happy to see Hongyu and others.

In the evening of that day, a grand banquet was held here.

During the dinner, everyone talked about what happened in the past few days, and they were all embarrassed.

They also talked about Lü E, and they all felt very emotional, but no one resented Chen Feng because of this. Her death was purely more than guilty.

During the dinner, Chen Feng looked at Yin Guang, raised his eyebrows, and asked: "Yin Guang, I think your strength seems to have improved a lot than before."

When Yin Guang heard this, he was immediately incredibly proud, raised his chin, and said, "That is, we have made great progress in cultivation!"

"I have raised a level, and now I am the peak of the Five-Star Martial Emperor."

Everyone talked about their progress one after another, they basically improved one or two levels.

[Chapter 2519: Break through](#)

Many of the Qingqiu Fox Clan have reached the pinnacle of the Five-Star Martial Emperor, making an impact on the Six-Star Martial Emperor.

However, Bai Shanshui has a lower level and a faster breakthrough, each of which has basically broken through two levels, and the fastest breakthrough is Hua Ruyan.

She went from the previous one-star martial emperor to the current four-star martial emperor.

Chen Feng was shocked when he heard it. In terms of realm alone, these people are now taller than himself! It's incredible to break through three major levels at once and reach the four-star Wuhuang Emperor!

Chen Feng looked shocked! This speed is a bit too fast, it is too incredible.

The higher the level, the slower the breakthrough speed. This is a recognized thing, and the realm level of their Martial Emperor Realm can be regarded as not low. The breakthrough speed like Chen Feng's is already very fast, even shocking.

They can actually break through two or three levels in just a few days or ten days, which is really incredible.

After Chen Feng asked carefully, he knew what was going on.

It turned out that after they started to practice, a large amount of power madly poured into their bodies on the treasures they obtained, helping them to rapidly increase their strength.

At the same time, the treasure protected their bodies from being damaged.

So they all have such a big improvement.

However, Chen Feng soon figured it out. It should be because they had just obtained those treasures. The energy on those treasures had been buried for so many years. It was too strong, so it poured into their bodies too much and helped them improve too much. , There will be such a big improvement in such a short time.

In the future, the speed of this promotion will definitely slow down!

During the banquet, there was a staggering ambition, and everyone was in high spirits, because they saw the hope of revenge.

Especially the Qingqiu Fox Clan, they are very excited, because they can only count on Chen Feng, but now that their strength has improved, their hope of revenge is much greater.

During the dinner, Yinguang once again asked Chen Feng to accept Laurel Qingguangjia, but Chen Feng did not decline this time.

Anyway, he now regards himself as a member of the Qingqiu Fox Clan, and already bears the responsibility of avenging the Qingqiu Fox Clan on his shoulders, so this laurel clear light armor, he deserves it!

Chen Feng keenly felt that Jiang Yuechun was not very interested.

With a slight movement in his heart, he already guessed something.

After the banquet, Jiang Yuechun walked to the small wooden house where she lived unhappy, pouting, with a childish expression.

Chen Feng suddenly appeared in front of her, held down her little head, looked at her sternly, and said, "Xiaoyuechun, what's the matter? Others are so happy, but you are unhappy. What should I do if I ruin everyone's interest?"

Jiang Yuechun was very unhappy at first. At this time, hearing Chen Feng reprimanding herself like this, she was so wronged, she cried with a wow.

She looked at Chen Feng with a whistle, and while secretly peeking at him, she rolled her eyes and muttered in a low voice: "Master, you don't hurt me anymore. You teach me like that."

Chen Feng laughed and hugged her in his arms. With a clatter, he kissed her little cheek hardly, "Master loves my Xiao Chun'er the most. Why doesn't Master love you?"

"Tell the master, what's unhappy?"

After he coaxed it for a while, Jiang Yuechun burst into laughter, flattened her mouth, and said, "It's not because they have all improved so much. Only I have not improved at all. I am not happy."

Chen Feng laughed and squeezed her cute face that was as round and cute as a big apple, and smiled: "It turns out that it's because of this, Yuechun, didn't you know that before?"

"Your strength is different from others, and your realm cannot be measured by such a thing. What if your strength is not reflected in the level?"

"As long as you are unblocked, you will definitely become the most powerful one, and then Master will have to count on you!"

Jiang Yuechun, who Chen Feng said was very happy, looked at Chen Feng, nodded heavily, and said: "Master, rest assured, I will definitely help you in the future!" *NOVELSUS.COM*

Early the next morning, Chen Feng called the crowd.

Looking at them, he whispered: "Everyone, now, the Bahuang Tianmen who came to kill the people of the Qingqiu Fox Clan, the main criminals have been killed by me, and many people have escaped."

"With the strength of the Bahuang Tianmen, we are no opponents at all. The matter of revenge can only be put aside for the time being. What we are thinking about now is the way forward."

He paused and continued: "I am afraid that the Bahuang Tianmen already knows our news, so the only thing to do next is to hide, and then improve my eyesight, and then fight the Bahuang Tianmen to the death."

He whispered: "Everyone, I am going back to the Tianyuan Dynasty, and there are still some things to do. Are you going?"

Without hesitation, Bai Shanshui and others said loudly, "We will follow you."

Chen Feng nodded slightly, Yinguang and the others didn't hesitate, and they quickly agreed with Chen Feng's opinion.

Chen Feng nodded: "In that case, let's rush to Tianyuan Dynasty next!"

Next, Chen Feng assigned tasks. Yinguang and others were well informed, and they had been to the Tianyuan Dynasty when they were escaping, and were very familiar with the route, so they led everyone to go to the Tianyuan Dynasty.

Presumably, the Bahuang Tianmen would not notice the Tianyuan Dynasty, which in their eyes was indistinguishable from the remote areas.

Chen Feng alone returned to the valley where the Qingqiu Fox Clan lived before. To be correct, he should have returned to Sangmu Valley.

In the Mulberry Valley at this time, it was very quiet, there was no slightest movement, and when Chen Feng had not entered here, a very bad feeling suddenly grew in his heart.

Because he felt that in the valley not far in front, no trace of vitality came out.

On the contrary, there was a strong to the extreme death breath.

The death air filled the sky, making Chen Feng's mind so huge that even he couldn't stand still, staggering back a few steps.

A very bad premonition surged in Chen Feng's heart: "Could it be that the little demon and the others? Uncle Lobster and the others? Grandma Mulberry and they are all..."

"No, this must not be true!" Chen Feng let out a roar like a cuckoo crying blood, his figure flickered one after another, and he went crazy toward the valley.

And just when he was one step away from the valley, he stood there suddenly and hesitated.

Chen Feng didn't even dare to move forward for a while.

[Chapter 2520: Angrily ask God!](#)

He was afraid that after entering the valley, what he saw was a scene he couldn't bear.

However, Chen Feng took a deep breath. After all, he raised his foot, stepped forward, and entered the valley.

In the next moment, Chen Feng's body was stiff, and his whole body trembled violently, his face showed extreme resentment, extreme hatred, and extreme sadness.

The rims of his eyes turned red, the muscles on his face trembled, and his expression revealed a rare ferocious look.

The Sangmu Valley at this time was completely different from what Chen Feng had seen before.

There is a mess everywhere here, the trees in the valley are almost destroyed, and there are huge wooden boulders everywhere.

And one of the extraordinarily huge mulberry trees, torn apart and turned into countless pieces, seemed to have been crushed alive.

And even now, every piece of wood is still flowing with bright red sap, like blood.

This is the corpse of Grandma Sangmu.

On the edge of the small lake, a huge lobster lay there, with a spear stuck in his back. The spear penetrated his body and nailed him to a boulder alive.

He is already dead.

On the nearby mountains, trees, and rocks, there were monster beast corpses everywhere.

No, not a monster, but a monster.

They are the essence of all things, and they are also creatures.

Among them, some have been transformed, and some have only partially transformed, but no matter what, they have been torn apart alive.

The limbs were thrown everywhere, which shows that the methods of those who killed them were extremely cruel!

It has been burned here, and it has turned into darkness.

Chen Feng stood here blankly. Suddenly, he clenched his fists, gritted his teeth, and let out a stern roar: "Bahuang Tianmen, I will destroy you all!"

"One day, I must cut everyone behind this incident to the root. I will not share the same spirit with you!"

Chen Feng uttered an extremely angry roar, and he hated it to the extreme at this time.

Sangmu Valley has been destroyed, Grandma Sangmu is dead, Uncle Lobster is dead, everyone is dead...

"No, you can't die!"

Chen Feng's heartstrings trembled heavily. He ran into the valley madly, pulling his hands around, trying to find a familiar figure.

However, Chen Feng was disappointed.

He searched inside for several hours, but found nothing. He neither found the figure of the little girl, nor the body.

No one is born or a dead body.

Chen Feng roared crazy: "Little demon, little demon, where are you?"

Chen Feng now believed that the little demon must be dead, or he had given prisoners to those **** dogs.

But at this moment, suddenly, Chen Feng's body trembled violently.

Because, he felt a little movement behind him.

But the next moment, his body solidified, and a tender and weak voice sounded, which was full of timidity and fear: "Big brother?"

The thin ones are like gnats.

Chen Feng suddenly turned around and exclaimed: "Little demon baby, is it you?"

He cast his eyes in the direction of the sound.

Sure enough, I saw a little girl standing there behind a big rock, and her long skirt woven with leaves had dried up.

Her face was bloodstained, her **** eyes were full of fear, and she was looking at herself timidly.

Poor makes people feel bad.

Chen Feng yelled in ecstasy: "Little demon, little demon baby, it's you, are you still alive?"

He jumped directly on, and hugged the little demon baby tightly in his arms, as if he was afraid of losing her again!

The little demon's eyes were still dull at this time.

The agility of the past disappeared without a trace, she seemed to be frightened.

It wasn't until Chen Feng held her in her arms that her eyes rolled.

Slowly, a little aura was restored.

Finally, she cried out with a wow.

While crying, she trembled: "It's terrible, those people broke into the Mulberry Valley, and they kill people when they see them. They are so cruel and cruel!"

"Grandma Sangmu was killed by them, Uncle Lobster was also killed by them in order to protect me."

"Uncle Lobster tried his best to seal my breath before he died, so that I was not discovered by them."

She hugged Chen Feng, crying silently.

Chen Feng's voice was full of anger, as if he was questioning the sky: "God, why are you unfair?"

"Qingqiu Fox Clan, who is kind to others, is annihilated, and then chased to this point, even the last trace of blood will be destroyed!"

"The demons of Mulberry Valley have been in this valley since they were born. They have never been touched by the blood of living beings!"

"They are kind, innocent and innocent?"

"Bahuang Tianmen, what qualifications do you have to kill them? What qualifications do you have to behave like this?"

"It's because you are strong, right?"

A mocking smile appeared at the corner of Chen Feng's mouth. He clenched his fists, gritted his teeth, stared at the sky, and made the most angry and solemn oath every word:

"If this is the case, then I, Chen Feng, will use violence to control violence. After my strength is tyrannical, I must board the Eight Desolate Heaven Gate and kill all those who do this thing!"

"With your blood, come to pay homage to these wronged souls in Sangmu Valley!"

Chen Feng took Qingqiu and left here.

From a distance, Chen Feng turned his head, looked at this valley, and whispered to himself: "This time I left is only temporary, and I will be back soon."

"And Bahuang Tianmen, this blood debt you owe, I will definitely ask you for it!"

Chen Feng traveled all the way to the sky and the moon, and hurried towards the direction of the Tianyuan Dynasty.

At this time, a figure wearing a black cloak also rushed towards him.

This figure wearing a black cloak swiftly passed in the air, like a big bird, not much worse than Chen Feng's Jinpeng.

He flew forward thousands of miles, then stopped his body, stretched out his hand, and in the air, several black spirit energy condensed into something similar to a pointer.

The pointer trembled violently, and finally pointed in a certain direction, and then he chased it in that direction.

A sneer appeared at the corner of his mouth, and he whispered softly: "Chen Feng, Chen Feng, you can't think of it, the old man who has been with you day and night has become an important clue to your life."

"You get along with him day and night, and your body is naturally stained with his breath. As long as I refine these breaths, you can easily capture your position."

"Hahaha, this time, I won't chase you for so long as before."
