

Peerless 2541

[Chapter 2541: This is your patron?](#)

Chen Feng glanced at him and asked, "Are you their head?"

"Yes, it's me!"

The commander raised his chin and said proudly!

He stared at Chen Feng and said, "Boy, you haven't answered me yet!"

Chen Feng didn't even bother him. He just looked at the thin man, smiled and said, "You just said I can't kill you, and I will die today, right?"

The thin man proudly said: "Yes, that's it."

"Today you will die here, the chief will definitely let you know what is truly powerful, and the chief will kill you directly!"

Chen Feng smiled slightly: "Oh, isn't it?"

At this time, the commander felt that he was being despised.

A cloud of haze flashed in his eyes, and he shouted ferociously: "Little boy, are you **** deaf? Didn't you hear what I said?"

Chen Feng still ignored him, causing his face to swell like pig liver.

He was completely ignored.

Chen Feng just took a palm and directly shattered the thin man's heart.

The thin man screamed and flew out several tens of meters. He was not dead yet, and he was still breathing. He pointed at Chen Feng and said in disbelief, "You, how dare you?"

Chen Feng smiled and looked at him: "What am I doing now? Didn't I kill you now?"

"I killed you, what can they do with me?"

As he said, he pointed to the leader of them.

There was a loud noise in the thin man's throat.

And at this time, the great leader was even more furious: "Little boy, you are so bold!"

Chen Feng suddenly turned around, staring at him, and said coldly: "What are you? Do you dare to say again, believe it or not, I will kill you together?"

The commander screamed: "Little boy..."

In Chen Feng's gaze, a cold light flashed by, and he said coldly: "I'm looking for death!"

With that said, the body shape flashes, you must do it.

Everyone behind the commander shouted: "Protect the commander!"

A dozen of them all rushed up, surrounded Chen Feng, and shouted coldly: "Boy, you are looking for death!"

"You are the one looking for death!" Chen Feng screamed and slapped it out.

The extremely tyrannical palm power enveloped them all.

With a bang, almost at the same moment, all of them were shocked by a hundred meters at the same time, spurting blood, and cut off their vitality.

They were killed directly.

The commander was completely stupid.

He looked around him, dazed in disbelief.

Just now, there were more than a dozen strong people around him, but now, only one or two people remained.

Several of them looked at Chen Feng, their faces all showing disbelief.

The commander exclaimed: "You, are you so strong?"

Chen Feng smiled and looked at him: "You only know now? What a pity..."

The corner of Chen Feng's mouth was extremely cold: "It's too late."

With that, Chen Feng moved forward slowly.

His pace was not fast, but he gave people a feeling like Mount Tai was pressing on the top. The commander was shocked to find that he could not even move a bit in the face of Chen Feng's pressure.

Can only wait to die!

Chen Feng walked to the general leader and shot out with a palm down.

The commander felt boundless despair in his heart, and he screamed sternly: "Our boss is Lord Wei Wuji, our Lord Wei Wuji is extremely powerful!"

"If you dare to kill me, he will never spare you!"

"What? Wei Wuji?" Chen Feng's heart throbbed after hearing these three names.

This is an old man he knew when he was in Qin!

Chen Feng secretly said in his heart: "Wei Wuji did come here, and they turned out to be Wei Wuji's men."

"But it shouldn't be, why would Wei Wuji allow them to do such a damaging thing?"

Chen Feng looked cold, staring at him, and said in a cold voice, "You recruit Wei Wuji for me!"

"Haha, boy, you heard that our boss is Wei Wuji, are you scared? Are you timid?"

A smug look appeared on the general leader's face. Seeing Chen Feng's expression, he thought Chen Feng was afraid.

Chen Feng smiled coldly, shattered his legs with a light flick, and said coldly: "Hurry up and let go of the signal!"

The commander's eyes showed an extremely unbelievable color, he did not expect Chen Feng to even dare to move him.

There was a bit of bitterness in his eyes, and he gritted his teeth and nodded: "Okay, okay, okay, let me go!"

As he said, he stretched out his hand, and a signal soared into the sky, and he could be seen everywhere.

He stared at Chen Feng and said: "You wait, you are finished, when our boss arrives, you are finished, he will be able to kill you easily!"

Chen Feng smiled and looked at him, and said lightly: "If you dare to talk nonsense, I just chopped off your tongue, believe it or not?"

The chief had a chill in his heart and immediately shut up, daring not to say a word, just looked at Chen Feng with extremely resentful eyes.

At this time, the thin man was also gritting his teeth and holding on.

In fact, he only had the last breath, but he just refused to die, as if he had to wait to see Chen Feng die before he would die.

Soon, the sound of breaking through the air came from a distance.

In a blink of an eye, several figures came towards this side, faster than they were commanding them just now.

The figure fell to the ground, revealing a few people inside.

The first person was a tall young man in his thirties. He was quite handsome, with a long sword on his back. The whole body was very strong and sharp, just like a sword out of its sheath.

Chen Feng raised his eyebrows, feeling a little surprised.

It turned out that this person was not Wei Wuji, but was also an old acquaintance.

Disciple of Wudong Academy, Zhang Hongxi!

Chen Feng was a little surprised that Zhang Hongxi would also be here!

After seeing this young man in white, whether it was the chief or the thin man, their faces were extremely excited.

They shouted loudly: "Second elder, second elder, you are here second elder!"

The leader suddenly burst into tears and shouted loudly, "Second elder, you have to be the master for the younger ones!"

"The little ones are patrolling here, but for no reason, this **** came up and killed all of us. You must be the master for us!"

With a hideous look on his face, he shouted loudly: "This little boy must be killed, he must be killed!"

The thin man was also extremely excited, shouting loudly: "He must die!"

They all thought that the second elder would definitely kill this kid, after all, the second elder was extremely powerful.

At this moment, Chen Feng showed a strange smile on his face.

He turned his head to look at the commander and the others, his eyes full of mockery: "This is your patron?"

Hearing Chen Feng's words, the general leader suddenly felt a bad premonition.

[Chapter 2542: Wei Wuji fell into the devil!](#)

However, a scene that surprised everyone appeared.

The second elder stepped forward quickly, came to Chen Feng, plopped, knelt directly on the ground, and shouted: "I have seen Brother Chen!"

"What?" Everyone was shocked.

Whether it is the thin guy or the leader of them, their faces are filled with disbelief, their eyes widened and their mouths widened.

transfixed.

They were shocked in their hearts: "How could it? How could it? The extremely powerful second elder, the second elder whose status is only under Lord Wei Wuji, would actually kneel in front of this kid?"

"It's impossible! It's totally incredible!"

They made strange screams one by one, feeling that their spirits almost broke down!

What shocked them even more was that facing the kneeling of their second elder, the young man said coldly, "What a good thing you did!"

The young man did not evade, but looked at him, sighed, and said softly: "Zhang Hongxi, I am very disappointed in you."

"Zhang Hongxi, I am very disappointed in you!"

At this time, the people under the commander felt that they were going to be stupid, and felt that the ideas that they had formed for a long time, and the ideas that they had formed, were about to collapse at this time.

This is the second elder!

This is the second person in their power besides Master Wei Wuji!

He is so respectful to this young man, and this young man treats him like a subordinate?

It almost broke them

. But at this time, facing Chen Feng's reprimand, Zhang Hongxi buried her head deeply on the ground, trembling all over, without saying a word.

After a long time, he raised his head and tremblingly said: "Brother Chen, we did not do the right thing, please raise your hand!"

Chen Feng closed his eyes, and then sighed deeply.

The burly man and the leader of these people are definitely cruel to the good here, and I don't know how many bad things they have done.

He hoped that Zhang Hongxi and Wei Wuji would not know about it, but unfortunately, what Zhang Hongxi said now is undoubtedly admitted. He and Wei Wuji knew about it.

And know it very clearly.

Otherwise, he wouldn't beg for mercy as soon as he came up!

Seeing Zhang Hongxi's movements at this time, all of them all trembled, and the fear in their hearts became stronger and stronger.

A doubt came to their hearts: "Who is this young man? What terrifying strength does he have? What a prominent identity? The second elder is like a servant before him!"

"Being so reprimanded by him, the second elder not only didn't have any dissatisfaction, but he just kowtowed his head and didn't even have the thought of resisting at all? Just begging for his forgiveness?"

Looking at Zhang Hongxi, Chen Feng said in a deep voice, "Why are you doing this? Why?"

Chen Feng's voice was very low and filled with suppressed anger.

Because he knew that Zhang Hongxi and Wei Wuji were both very temperamental and they shouldn't do such a thing.

A look of pain appeared on Zhang Hongxi's face, and his body trembled, as if he was making an undecided decision.

After a long time, he sighed and said softly: "Because Brother Wei needs all kinds of treasures, he needs a huge amount of Xuanhuangshi and all kinds of treasures!"

"Why?" Chen Feng's voice was cold and expressionless, and continued to ask.

Zhang Hongxi sighed again: "I was practicing on the periphery of the Wuwang Mountain Range. Of course, I only dared to be on the periphery, not deep into the core."

"After all, my strength is far worse than those powerful monsters."

"Later, Senior Brother Wei also came here, and the two of us happened to meet."

"So, I followed him. About a year ago, I found that there was something wrong with Senior Brother Wei."

There was a look of fear on his face: "Senior Brother Wei began to become cruel and bloodthirsty, and I have seen it many times. When he uses a technique, his whole body becomes as black as ink, and the whole body is emitted. The momentum is also very scary!"

Chen Feng raised his eyebrows: "It looks like he has practiced some magic door technique."

"Yes, I feel this way too." Zhang Hongxi whispered softly: "However, the effect of this technique is obvious, and Senior Brother Wei's strength has improved extremely quickly."

"How fast?" Chen Feng asked.

"Senior Brother Wei's strength has now reached the four-star Martial Emperor."

"Oh? Four-star Wuhuang." Chen Feng was also slightly shocked.

If Wei Wuji was really in the realm of a four-star Wuhuang Emperor, then his current strength should be the first among all the young disciples except himself in the entire Wudong Academy.

Even among the young disciples sent by the Nine Gates, they are among the best.

Of course, it was far worse than Chen Feng, but it was also a genius of Tianzong.

After all, he didn't have so many adventures and such powerful talents as Chen Feng.

The color of fear on Zhang Hongxi's face grew stronger and stronger, and he said with a trembling, "This is a deal made by Senior Brother Wei and the devil, and the devil needs a lot of profound yellow stones and treasures."

"So, Senior Brother Wei began to search for the large and small forces near the Wuwang Mountain Range and ordered them to search for themselves everywhere, and these people..."

He pointed to the people in black: "If they can't deliver enough Xuanhuangshi regularly, they will be killed by Senior Brother Wei."

"Senior Brother Wei used this method to search a large number of Xuanhuangshi and various treasures, and I looked at him with more and more magical nature."

"I don't dare to say it now, I'm afraid that I will be killed by him!"

Chen Feng took a deep breath and said in a deep voice, "Okay, I see, you take me to see him now."

"Okay!" Zhang Hongxi nodded heavily.

There was a look of expectation in his eyes, and he also hoped that Chen Feng could save Wei Wuji.

"But, before that, these **** scum, I want to..."

Chen Feng looked at the commander and the others, and said lightly: "You guys commit suicide!"

There was a look of despair on the faces of the general leader and others. They looked at Chen Feng and suddenly wailed and slapped their chests.

Just a moment, all suicide!

But at this time, the thin man also leaned heavily and fell directly to the ground, dead in anger.

He originally wanted to watch the scene of Chen Feng's killing with a sigh of relief, but he didn't expect to see the scene that made him even more desperate.

Even before his death, he still had no purpose.

Zhang Hongxi took Chen Feng all the way forward, and soon went deep into the Wuwang Mountain Range.

Zhang Hongxi said: "The Wuwang Mountain Range is divided into three layers, namely the outer layer, the inner layer, and the mysterious and desperate state."

[Chapter 2543: Soul Eater Cat!](#)

"The outer layer is the area where we are now. From the periphery of the Infinite Wuwang Mountain to the end of the outer layer, there is a total distance of about 30,000 miles."

"The thickness of the inner layer is about 20,000 miles."

Chen Feng asked, "What about the mysterious and desperate situation?"

"Mysterious and desperate situation, I heard that it is the core of the inner layer. No one has been there, or no one has come out of it alive, so no one knows what is going on inside."

Chen Feng nodded slowly.

"However," Zhang Hongxi said in a low voice, "The devil with whom Brother Wei made a deal may be living in a mysterious and desperate situation."

"Because we are on the inner level, and Brother Wei will disappear for nearly three days every once in a while."

"If you count time, it's almost exactly the time to reach the mysterious and desperate situation."

Chen Feng nodded slowly, already having some eyebrows in his heart.

Soon, they crossed the distance of tens of thousands of miles, crossing the outer layer of Wuwang Mountain.

On this road, there are valleys and dangerous peaks everywhere, and powerful monsters can be seen everywhere.

Chen Feng glanced, feeling that the power level here should be similar to that of Nanhuang, and the strength of the monster beasts is not bad.

In addition to Chen Feng and Zhang Hongxi, there are two middle-aged men in this group.

These two middle-aged men are both warriors here, they are brothers, their names are Tian Hongyi and Ji Haoguang.

They have lived in the Wuwang Mountains since they were young, and they are quite powerful.

When they saw Zhang Hongxi being so respectful to Chen Feng, they had some disapproval in their hearts.

The two lagging behind whispered: "The second elder respects this man who is called Chen Feng so much?"

"I think Chen Feng, at a young age, can he have any powerful strength?"

"Yes, I think so, I just felt it specifically, the aura on his body is not very strong, his strength should be very average! Why do the second elders treat him so respectfully?"

Ji Haoguang curled his lips and said with some disdain: "Then there is only one explanation, isn't the second elder born in Wudong Academy?"

"Then, Chen Feng might be the son or disciple of a powerful figure in Wudong Academy. He has a very strong background and the second elder dare not offend him."

Tian Hongyi nodded: "Yes, I think so."

The two looked at each other, both shook their heads in disdain, with a contemptuous expression on their faces, very disapproving of Chen Feng.

It's ridiculous that the two of them are in this remote place, ignorant and ignorant. They haven't even heard of Chen Feng's cries, and they think Chen Feng is only relying on power.

As everyone knows, Chen Feng will not rely on power at all, and rely solely on his own strength!

The conversation between the two of them thought they were very private, but in fact, they all fell into Chen Feng's ears.

And Chen Feng just chuckled, and didn't even bother to care about it.

Don't talk about Chen Feng, even Han Yuer's strength can hear the conversation between the two of them clearly, and is very angry at their contempt for Chen Feng.

She raised her eyebrows and asked these two people to settle accounts.

Chen Feng took her hand, smiled slightly, and said, "Senior Sister, stay calm and restless."

Walking full into the evening, Zhang Hongxi pointed to the valley in front of him, and said: "This valley is about thousands of miles long. It is the only way to the inner layer. After passing this valley, you will reach the inner layer. ."

"But, Brother Chen, you have to be careful when you cross this valley. There is a powerful monster in this valley that can control the soul of a person and make people die silently."

"Furthermore, I like to eat human heads and bone marrow the most, which is extremely scary."

"Oh? Really?" Chen Feng smiled slightly: "Okay, I would like to meet him!"

When he heard that this monster beast could control a person's soul, it obviously should belong to a type of soul beast.

And Chen Feng is now eagerly wanting to upgrade the space of his soul, and the time to upgrade the level of his soul.

For him, this class of spirit beasts was a great supplement, and it was too late to welcome them.

Hearing what Chen Feng said, Zhang Hongxi was a little worried, because he didn't know how Chen Feng was now.

And those Tian Hongyi and Ji Haoguang behind Zhang Hongxi looked at each other with a touch of disdain.

Tian Hongyi whispered: "It will only blow up the majestic things!" *NovelUsb.Com*

And Ji Haoguang also curled his lips: "It's just him? It's a good thing to see the monster beast later. It's a good thing not to pee on your pants. He will only brag about it here and has no fart skills."

Zhang Hongxi heard these words. He turned around and coldly scolded, "You two shut up."

Tian Hongyi and Ji Haoguang both shut up, but their faces still had a strong disapproval.

Chen Feng smiled and ignored them. How could these people understand his strength?

Everyone moved forward, although the speed was fast, but they were very cautious.

Soon, he was about to leave the valley.

Zhang Hongxi breathed a sigh of relief in his heart, and at this moment, suddenly, he felt a flower in front of him, and a black shadow suddenly appeared in front of everyone.

This dark shadow hovered above the sky, and only fell to the ground after a while.

This turned out to be a monster beast about three feet long, like a huge black cat.

Its size is not big, it can even be said to be small, very low-level monster beasts are much larger than it.

However, this monster does reveal an extremely strange and powerful aura.

It was lying on a rock, staring at the people, with a strange look in its eyes, and a deep chuckle in its throat.

Then, a voice came: "Oh, someone is here to bring me snacks!"

His eyes swept across everyone's faces, as if a diners were facing the food on the table in front of him, and he gave out a grinning grin:

"You guys, your strength is pretty good. With such a strong strength, your body must be delicious. I like to eat your powerful flesh and blood!"

Zhang Hongxi exclaimed: "Soul Eater Cat, this is Soul Eater Cat!"

Not only him, Tian Hongyi and Ji Haoguang behind him, the two of them were also pale in fright, extremely frightened.

Chen Feng looked at Zhang Hongxi, smiled and said, "Is this the powerful monster you said?"

"Yes, it's him!" Zhang Hongxi said: "This Soul Eater cat not only likes to eat people, but also can devour human souls. It is powerful and extremely terrifying."

Chen Feng smiled and said, "How powerful is it?"

"Fully reached the three-star Demon Emperor Realm!"

"Oh, is it the three-star Demon Emperor, or the four-star Wuhuang? It's just a mere four-star Wuhuang, which scares you like this." Chen Feng said lightly.

[Chapter 2544: Am I a waste?](#)

Tian Hongyi and Ji Haoguang were full of disdain.

Tian Hongyi swallowed and said loudly, "Boy, now that death is approaching, I am not afraid to offend you!"

"Do you know what a shit? It's just a four-star Wuhuang?"

"Four-star martial emperor, extremely powerful, a four-star martial emperor, you don't know how many can kill you, why are you still talking about it here?"

Ji Haoguang also said: "You are now looking for death. This Soul Eater cat will definitely be able to kill you easily."

Chen Feng smiled slightly, but walked towards the Soul Eater Cat.

Zhang Hongxi exclaimed: "Brother Chen, be careful!"

He doesn't know what Chen Feng's strength is.

He knew that Chen Feng was originally very strong, but he didn't think Chen Feng could be the opponent of this Soul Devourer!

Tian Hongyi and Ji Haoguang both coldly snort disdainfully: "I really want to die, I don't know whether to live or die!"

This Soul Eater cat also looked at Chen Feng, with a disdainful voice in his throat: "You humble human being, are you trying to challenge me?"

His voice suddenly became sullen, like a screaming ghost: "Don't worry, I will kill you later!"

"No, before I kill you, I will take out your bone marrow to drink while you are alive. I will pay for the behavior you are doing now!"

"I want you to know what regret is!"

Chen Feng looked at him with a smile, and said softly, "Soul Devourer Cat, right?"

"It looks like a good soul beast! It just so happens that I need you very much now!"

With that said, Chen Feng's aura became stronger and stronger. Every time he took a step forward, his aura increased by a big level.

In a blink of an eye, the momentum on his body has actually reached the six-star Wuhuang realm!

Like a huge wave, he pressed down against the Soul Eater Cat.

Soul Eater Cat Bo let out a scream, and screamed: "How is it possible? You are so powerful?"

Not only him, but even Zhang Hongxi, Tian Hongyi, and Ji Haoguang all showed horror on their faces.

Tian Hongyi and Ji Haoguang shouted in disbelief: "Chen Feng is so strong? I feel the breath of the Six-Star Martial Emperor from him!"

"God, it's impossible, how could he be a Six-Star Martial Emperor? How could he be so powerful when he is so young?"

And Zhang Hongxi laughed loudly: "Brother Chen, I know, I know, you are definitely the best one!"

"I knew you were no worse than anyone!"

"I knew that your strength must be stronger than before, I don't know how much!"

The Soul Eater cat let out a horrified roar, and when he turned, he wanted to run away.

He knew that he could never be Chen Feng's opponent.

Chen Feng smiled slightly: "Did I let you run?"

With that, Chen Feng made a move with both hands, and a huge suction force passed directly from his hand.

The Soul Eater cat just flew out several tens of meters, it was directly sucked by the suction and flew back again, letting out a scream.

He turned his head to look at Chen Feng, his face was full of cruel expression: "You want to kill me, right? You won't let me live, right?"

"Okay, I will fight you desperately now, even if I die, I will drag you to die together!"

As he said, he let out a sharp roar, and the sound wave spread.

Zhang Hongbo, Tian Hongyi, and Ji Haoguang all made a scream, feeling countless illusions in front of them.

These illusions directly enveloped them, and there seemed to be countless ghosts in front of them, rushing towards them frantically.

They screamed and screamed, their spirits were hurt, and they spewed blood.

In front of Chen Feng, more ghosts also appeared, rushing towards him viciously.

Chen Feng smiled slightly: "It's just a little trick!"

Chen Feng didn't even move, just a cold snort, and this cold snort, just like the buzzing of Huang Zhongda Lu, directly shattered these ghosts.

When the Soul Eater saw this scene, it even let out a scream.

Then, Chen Feng looked at him and smiled slightly: "Do you still want to drag me to death? I really missed it!"

As he said, above his hands, golden light flickered, and the power of the dragon descending Arhat gushed out.

He directly captured the Soul Eater Cat in his hand, and the golden light of the power of the dragon descending arhat shone on it.

This extremely mellow, huge and extremely radiant light shining on it, immediately made the Soul Eater cat let out a sharp scream.

In the next moment, his body began to dissolve!

It turned out that he was not an entity at all, but was formed by the condensing of countless powerful souls.

However, in his soul power, there is a thick dark aura.

In a blink of an eye, the power of the dragon descending Arhat gushed out, melting him into a huge black light group.

There is an extremely pure, but also extremely dark soul power.

Chen Feng raised his eyebrows and smiled slightly: "Sure enough, it is a soul beast, and it is very powerful and very pure."

He took a deep breath: "Such a mellow soul power, if I absorb it, it will be infinitely beneficial to my soul person space!"

"It's just that, in these things, the dark power is very strong, if I swallow it, maybe I will..."

At this time, Chen Feng suddenly felt a spirit in his heart. He remembered the situation of Wei Wuji that Zhang Hongxi had said: "Does his demonization have something to do with the dark power in front of him?"

Thinking of this, Chen Feng suddenly took a deep breath and felt it carefully.

Then, his face suddenly changed.

It turned out that at this time in the Wuwang mountain range, there are many places infiltrated with this dark soul power.

Chen Feng thought for a moment, and his heart was already clear.

At this moment, there was a painful groan behind him.

Chen Feng killed the Soul Eater Cat, and Zhang Hongxi and others naturally broke free from that illusion.

At this moment, Chen Feng turned around, looked at Tian Hongyi and Ji Haoguang, smiled and said, "Second, how is my strength than this Soul Eater cat?"

"Am I overweight? Am I arrogant? Am I a trash?"

Every question of Chen Feng was like a slap in the face, slapped Tian Hongyi and Ji Haoguang's faces fiercely, leaving them both faceless.

Both of them had a hot flush on their faces, their heads lowered, and they stood there afraid to speak.

At this moment, in their eyes towards Chen Feng, where is there any contempt? Where is there any disdain?

Some are just unbelievable and in awe.

They only now know that Chen Feng is crazy because he has crazy capital!

[Chapter 2545: Purify dark soul power](#)

He is too strong!

But the more Chen Feng said, the colder his voice became. By the time he said the last sentence, it was already as cold as ice.

Suddenly he drank coldly, and slapped the two of them with a palm.

Both Tian Hongyi and Ji Haoguang screamed sternly, trembling with fright, and with a plop, they knelt directly on the ground and repeatedly squashed their heads at Chen Feng.

They said loudly: "Master Chen is forgiving, we two dogs look down on people, please don't be like us!"

"Spare!"

At this time, their eyes showed extreme fear and despair, and they trembled all over.

In their opinion, Chen Feng's palm was enough to easily kill two of his own.

They had no chance of winning against Chen Feng!

But what surprised them was that when this palm came in front of the two of them, it suddenly turned into a breeze and blew across their faces without leaving a trace.

Chen Feng looked at them with a smile and said, "Oh, look at you two, what is this for?"

He smiled and said: "Just now, I just saw some dust on your body, I will help you blow it away with palm wind!"

Chen Feng was obviously playing tricks on the two of them, but the two of them did not dare to have any doubts. They all stood there with a smile, looking at Chen Feng, full of fear.

And Zhang Hongxi said loudly: "Brother Chen, you are really amazing, I think your current cultivation base is stronger than Senior Brother Wei!"

Speaking of Wei Wuji, Chen Feng's smile faded.

The power of the dragon descending Arhat in his hand gushed out and entered the dark soul power.

In the next moment, among the dark soul power, there was a very subtle soul power, and it let out a scream, a black light gushing out of it, resisting the power of the golden dragon descending Arhat.

The two collided with each other, making a chick.

The next moment, they all disappeared without a trace, and the power of the dragon descending Arhat disappeared.

However, a smile appeared at the corner of Chen Feng's mouth: "It seems that the power of the dragon descending Arhat can really purify this kind of soul power, then it will be easy."

Chen Feng took a deep breath, absorbed the black soul power into his body and placed it in his dantian.

As soon as the dark soul power entered the dantian, it uttered a scream and screamed in horror.

Because, he discovered that in this vast vast space, there are four huge golden **** of light emitting intense light and heat.

Numerous golden powers smashed out of these four light balls, smashing into his body fiercely.

Every time it falls, it purifies a trace of dark soul power.

He wanted to resist, but he had no power to resist.

This golden lightning is naturally the power of the dragon descending arhat, the dantian is full of the power of the dragon descending arhat, and they feel the arrival of the dark soul power naturally intolerable.

Without Chen Feng's command, these golden dragon-dropping arhat powers began to attack frantically.

Chen Feng observed it, smiled slightly, and felt that it was basically able to purify it at night!

Then, Chen Feng continued with Zhang Hongxi and others.

This time, Tian Hongyi and Ji Haoguang didn't show any contempt for him. After running forward, they flattered Chen Feng very much.

Next, along the way, some monsters with short eyes came out to intercept Chen Feng and the others, but they were all directly beheaded by Chen Feng with ease.

These monsters were not Chen Feng's opponents at all, and this also made Zhang Hongxixi, Tian Hongyi, Ji Haoguang and others even more in awe of Chen Feng.

Soon, the group came to the inner layer of Wuwang Mountain.

After a few deep valleys, he soon came to a mountain valley.

As soon as he entered here, Chen Feng frowned.

This mountain valley, the scenery should have been very good originally, the Feiquan waterfall, the rocks and trees are all quite exquisite, but at this time all of this has become a black.

There is a trace of devilish energy, dark power, steaming from below, making people feel very uncomfortable.

That devilish energy, as soon as he saw Chen Feng and the others, he immediately let out a sharp roar, tangled into strips like black things, and rushed towards Chen Feng and the others.

Chen Feng smiled coldly: "Looking for death!"

The strength in his body was violent, and it shattered all these black powers.

These dark powers were all trembling violently by him, and then they quickly retracted!

Chen Feng moved forward, along the way, with many warriors standing beside him.

These warriors, one by one, were surrounded by black energy, with stiff faces, looking at Chen Feng and others with a grinning smile.

Zhang Hongxi exclaimed: "How is it possible? I only left for a while, how did it become like this? It was not like this just now!"

Tian Hongyi and Ji Haoguang were also very frightened.

At this time, a familiar voice suddenly sounded: "Chen Feng, you are still here."

Chen Feng and others suddenly looked up.

At the end of the valley in front, the door of the main hall suddenly opened, and a figure slowly walked out of it, looking at Chen Feng and others.

Zhang Hongxi exclaimed: "Brother Wei, you, do you know Senior Brother Chen Feng is coming?"

At this moment, Chen Feng knew in his heart, and said lightly: "I think, I know why he asks that."

He looked up at the figure, his white clothes had long since disappeared, but he was wearing a black robe like ink.

On his bare skin, thick black air lingers around, like black snakes, burrowing in and out of each of his orifices and pores.

A look of heartache appeared on Chen Feng's face, and he whispered, "Wei Wuji, why did you become like this?"

Looking at Wei Wuji, who was as black as ink, with a terrifying face, like a ghost crawling out of hell, Chen Feng whispered in his heart: "Is this still the Wei Wuji I know who is in white clothes like snow, playing sword and singing?"

At this time, Wei Wuji seemed to have completely changed. He stared at Chen Feng and said lightly, "You shouldn't have come."

"You are there, if you look back, there is still a chance."

Chen Feng said lightly: "But, I'm here anyway, I can't let you go."

"If you are hopeless, I will take care of you for the people of the world!"

"If you are still saved, I will abolish your cultivation base and throw it back to Wudong Academy, so that you will become the original Wei Wuji again!"

Wei Wuji let out a burst of laughter, pointed at Chen Feng, and coldly spit out four words: "I can't help myself!"

When Zhang Hongxi heard this, he suddenly seemed to understand something, and said with a trembling, "Brother Wei, that Soul Eater cat, is it you?"

[Chapter 2546: That requires you to have this ability!](#)

"Yes, of course it's me!" Wei Wuji smiled grimly: "Otherwise, why do you think that Soul Eater cat suddenly appeared?"

"You know, when the person under my hand is walking in the valley, the Soul Eater cat never appears."

"The reason why you know his fame is just because you have heard of it from others, so why does he only attack others and not you?"

Wei Wuji smiled miserably and said, "It's because, that Soul Eater cat, that adult's subordinate!"

"The reason why he doesn't attack you is because you are in contact with me."

He stared at Chen Feng and said fiercely: "I knew you had arrived just now, and I didn't want to see you. After seeing you, I was a little embarrassed."

"So, I wanted to let the Soul Eater cat solve you directly on the road, but I didn't expect you to come, you have to come to die, and I have to let me kill you personally, right?"

He stared at Chen Feng, the flesh on his face suddenly and suddenly, a black air flashed by.

With a look of disbelief on Zhang Hongxi's face, she shouted: "Brother Wei, do you want to kill me too? You don't want to see Brother Chen Feng, so you want to kill us all?"

Wei Wuji said coldly, "Yes, that's it."

'Why, what do you disagree with? "

"You are my subordinate, and your lives belong to me. When I want to take it away, I will take it away. It is my turn to have your opinion?"

When Zhang Hongxi heard this, he trembled, his face showing extreme pain, and shook his head.

Chen Feng said lightly: "Zhang Hongxi, you don't need to tell him more, now Wei Wuji is no longer the old Wei Wuji, he can't listen to these words."

Chen Feng looked at Wei Wuji with a calm expression: "You just said, you want to kill me, don't you?"

"Yes, it's not that I want to kill you." Wei Wuji corrected and said: "It's that I want to kill you, I want to kill you!"

"Because I have such strength!"

Chen Feng smiled slightly: "Then you have to have this ability!"

Hearing this, Wei Wuji was taken aback for a moment, and then, the next moment, he let out an extremely disdainful laugh: "Hahaha, Chen Feng, what nonsense are you talking about?"

"You want to compare with me too?"

As he said, his aura suddenly rose.

The four-star Wuhuang was extremely powerful. He stared at Chen Feng and said with disdain: "I admit that you were very strong in the past, and you even suppressed me and gave me such a humiliation."

At this point, his face showed even more hatred.

His temperament changed drastically at this time. It turned out that he knew that Chen Feng did it for her good, but now he felt that Chen Feng had brought him humiliation.

"But now your strength is far inferior to mine. In front of me, you have no chance of winning. You are just an ant!"

He held his chin up: "I want to kill you, easily!"

Chen Feng smiled and said, "Really? Then, might as well try!"

Wei Wuji let out a sharp roar, and rushed towards Chen Feng.

His double fists blasted out one after another, hundreds of punches in a row, each of which formed a black fist of tens of thousands in the air.

Surrounded by black energy, ghosts crying and howling wolf, tyrannical dark soul power linger around his body.

Chen Feng felt like he was directly locked up, but he didn't panic at all. He just smiled slightly: "Wei Wuji, if you do this, you are too small for me."

With that said, Chen Feng didn't stop at all, and strode forward directly.

Stepping out in one step is like crossing the whole world.

He walked towards those fists that were condensed with devil energy, and those fists condensed with devil energy slammed at him fiercely.

When the first fist was about to hit Chen Fengfeng, Wei Wuji laughed triumphantly: "Chen Feng, you die for me!"

Chen Feng smiled and said, "Really? Keep your dog eyes open and see clearly!"

The next moment, Wei Wuji yelled in disbelief: "How is it possible?"

It turned out that when the fist hit Chen Feng, there was a sudden bang, which directly exploded into countless black magic energy, disappearing without a trace.

And Chen Feng stood there, safe and sound.

Wei Wuji shouted in surprise: "This is impossible!"

Chen Feng smiled and said: "I know you don't want to believe it, but unfortunately, this is the truth."

He continued to walk forward.

Wei Wuji roared again and again, waving his huge black fists with both hands, and constantly smashed at Chen Feng.

However, none of them worked, they were all directly shattered by Chen Feng's body.

Chen Feng didn't suffer any harm, and soon Chen Feng had already reached a distance of less than ten meters from Wei Wuji.

At this moment, those black fists had disappeared without a trace, but they didn't even hurt Chen Feng's cold hair!

At this moment, the arrogant and domineering color on Wei Wuji's face disappeared without a trace, replaced by a deep fear.

He shouted one after another: "Impossible, this is impossible."

He was yelling frantically, but his body kept moving back, because he knew that he was definitely not Chen Feng's opponent, and he had already recognized this.

Chen Feng looked at him, and said lightly: "Wei Wuji, come back with me, abolish your cultivation base, and practice again."

Wei Wuji yelled frantically, "Don't don't, what I want is powerful power."

As soon as he turned around, he ran away.

Chen Feng sighed, his figure flashed, and he came behind Wei Wuji, grabbed him by the neck, and lifted him up.

Chen Feng glared at Wei Wuji and shouted, "Look at me! What do you want?"

"Do you want to be a powerful killing machine, without your own emotions, like walking dead, or do you want to be a warrior?"

"My generation of warriors, absorb the power of heaven and earth, melt the essence of all things, and fight the heavens!"

"For it is to be at ease and enjoyment, and are you still a warrior like this?"

As if shocked by Chen Feng's words, Wei Wuji looked at Chen Feng blankly.

But at this moment, Chen Feng's incomparably powerful force of the dragon descending Arhat surged into Wei Wuji's body almost instantly.

Wei Wuji made a scream of screams in his body. The screams did not come from himself, but from the black magic energy in his body.

Waves of blue smoke evaporated from the surface of his body, countless black magic energy disappeared at an extremely fast speed, and Chen Feng also felt the power of the dragon descending arhat in his body surge outwards madly.

The expression on Wei Wuji's face changed, a hideous look, a kind, a gratitude, a hatred...

Obviously, he is constantly being controlled by the black magic energy and transforming while recovering himself.

[Chapter 2547: breakthrough! Fourth Grade Soul Sect!](#)

Chen Feng's move lasted for two full hours. After two hours, Chen Feng finally let out a roar, his arms shook, he stepped back several steps, and a mouthful of blood spurted out.

The power of the dragon descending Arhat in his body almost disappeared.

Wei Wuji fell heavily to the ground, all the black on his face disappeared, replaced by a normal ruddy, and a weak pale white.

The hideous aura he had just disappeared without a trace, and his strength also disappeared.

At this moment, his whole person is almost like an ordinary person.

He has already been abolished.

He was in a coma, and after a long time, he woke up leisurely. He was a little confused and didn't seem to know what happened.

After a while, I remembered.

Then, he looked at Chen Feng with a deep shame on his face, suddenly fell to his knees heavily, and said with a trembling, "Thank you Brother Chen Feng for your rescue."

He has lingering fears.

He knew that if there was no Chen Feng today, he would be controlled by those things until he died!

Even until death, he could not recover his sanity.

Chen Feng looked at him with a tired voice, but it was full of relief: "If you can do this, then it is the best. Now you have recovered your sanity, but your strength..."

Wei Wuji smiled bitterly: "My current strength can't even reach the Tianhe Realm. It can almost be said that it has been abolished."

"However," he said with a free smile, "As long as I am sane, I can always practice back, better than I was like a walking dead body!"

Chen Feng smiled slightly: "If you can think so, that's just right."

Then, he asked Tian Hongyi, Ji Haoguang and others to disperse the miscellaneous people, and Wei Wuji and Zhang Hongxi into the hall and asked about the process of the incident.

Wei Wuji said it carefully, and Chen Feng couldn't help but sigh after hearing it!

It turned out that after Wei Wuji came here, he challenged all the way.

His strength is getting stronger and stronger, after all, his talent lies there.

However, the good times didn't last long, and soon Wei Wuji was spotted by some beings.

These existences are the soul beasts here.

These soul beasts are powerful, and they are not the same as the general soul beasts in the Dragon Vein Continent. They are some demonized soul beasts!

Their methods were very strange, and Wei Wuji soon fell into their hands.

When he woke up again, he found that his body had become like this, a dark soul power entrenched in him, which could improve his strength.

However, he had to find a powerful existence every once in a while, and exchange a huge amount of black and yellow stone in exchange for the continuous injection of dark soul power, which could improve her strength.

And if he didn't go there for a while, he would be in pain as if his soul was torn apart.

Therefore, Wei Wuji had to do this, and he gradually fell into this trap, unable to extricate himself, and has been reduced to what he is now.

After hearing this, Chen Feng thought for a while, and then said in a deep voice, "The existence you mentioned, is it the leader of these dark soul beasts?"

"Yes, it is!" Wei Wuji said, "This Soul Devourer Cat is his subordinate, but among his subordinates, it can be regarded as relatively powerful."

"Then who is he?" Chen Feng raised his brows and asked.

"He," Wei Wuji said with a trembling expression of fear on his face, "He is a dark soul-eater!"

"Dark Soul Eater?" Chen Feng's heart trembled.

This creature is a dragon, which shows that he is very powerful.

And his name is as long as five characters, which shows that he is at least at the level of the Southern Wilderness Giant Savage Dragon, and may be even stronger!

Not to mention, this is still a soul beast!

Chen Feng smiled slightly: "Okay, then, just wait for me to meet him for a while!"

Wei Wuji nodded his head, he was also full of confidence in Chen Feng!

That night, Chen Feng lived in this valley.

After returning to his residence, Chen Feng first checked the surroundings to make sure that there was no other prying eyes, and then took a deep breath.

Then, his arms shook, and a force burst out from his dantian.

The next moment, in Chen Feng's dantian, the four huge golden **** of light exuded intense golden power.

In the next moment, the power of the dark soul was squeezed out of the dantian alive.

However, at this time, the power of this dark soul has completely changed from before, and it is still a strong and powerful soul power, but the black energy inside, the dark feeling has disappeared. Got without a trace.

A large group of pure and clean soul power.

Chen Feng sniffed deeply, it was the supreme delicacy in his perception.

Chen Feng said in a softly fascinated voice: "If I swallow them, I will definitely be able to make great progress."*Novelusb.com*

Chen Feng took a deep breath, no longer hesitating, but immediately began to absorb.

His soul-man space was directly released, and Chen Feng's soul-man space was desolate at this time.

In fact, because the use of the Buddha's Demon Slayer requires the support of the soul, Chen Feng has used the Buddha's Demon Slayer several times when his level is not enough. Therefore, Chen Feng's soul-man space has several times in succession. broken.

His soul person space is already very unstable.

Therefore, the things that originally constituted in his soul-man space had already become barren.

There is nothing left, but that's good, Chen Feng can now rebuild!

After entering Chen Feng's soul space, that large group of pure soul power immediately began to panic, as if he had a premonition that he was about to be absorbed and was about to disappear.

He wants to escape, but how can he escape?

When Chen Feng thought about it, he didn't even need to make any movements at all. There was something like silk threads that suddenly appeared from the soul-man space, and then deeply penetrated into the soul power.

The next moment, this soul power uttered a scream.

The strong soul power is extracted from it by those strands of realization, and then poured into Chen Feng's soul person space.

As a result, the power of the soul-man space is constantly increasing and constantly improving.

The power of this large group of souls is getting smaller and smaller, while Chen Feng's soul person space is getting stronger and stronger.

In the end, a moment later, with a loud bang, all these soul powers were lost and all absorbed.

Chen Feng suddenly opened his eyes, as if drinking alcohol, feeling his body up and down, feeling extremely comfortable.

Chen Feng is already directly promoted to the Fourth Grade Soul Sect!

[Chapter 2548: The vitality of the soul space!](#)

His spiritual power and soul power are all for it to soar!

This crazy increase in strength and crazy breakthrough made Chen Feng intoxicated.

As for Chen Feng's soul-man space, there was a violent tremor. In his soul-man space, the earth shattered, and the surrounding edges were all shattered.

Then Chen Feng saw it. This space of the soul is rapidly expanding outward.

In a blink of an eye, it changed from the previous radius of a hundred miles to the current radius of two or three hundred miles, and the height has also changed from the previous 500 meters to the current nearly two kilometers.

His soul person space. It has been expanded four times, and it has become four times higher.

And Chen Feng could also feel the enormous soul power in his body.

Chen Feng raised his arms high, a smile appeared at the corner of his mouth: "I am now in the realm of the Fourth Stage Soul Sect."

"If other souls reach the realm of the Fourth-Rank Soul Sect, their Soul-Sher Space cannot even be perfected. They need to be promoted to the Fifth-Rank Soul Sect before they can improve their Soul-Sher Space."

"And now, not only when I was in the third-rank soul sect, I had already perfected the soul-person space, but when I was promoted to the fourth-rank soul sect, I expanded the area of the soul-person space by four times and the volume by 16 times. !"

It has grown by leaps and bounds than before!

His fourth-level soul person space is almost equivalent to the sixth-level and seventh-level soul person space of other souls.

At this time, in Chen Feng's soul-man space, all the things he originally constructed had disappeared without a trace.

Only in the void, a temple is floating.

This temple is exactly Chen Feng's soul-recalling tower.

Chen Feng's soul tower was already ten meters high, forty meters long, and forty meters wide, which was much larger than before.

Chen Feng walked into it and found that the area of the altar in the soul-recalling tower was also much larger than before.

Originally, his altar could only place an object two meters long and two meters wide, but now it can place an object four meters long and four meters wide.

However, this is still not enough for Chen Feng to place his yellow bird's feathers, as well as the scales of the snake, or the corpse of the southern wild giant savage dragon to summon the soul servant.

Because it's still not big enough.

Chen Feng was actually able to summon soul servants when he was in the third rank soul sect. The reason why he didn't summon before was because the altar couldn't fit these high-level items.

And Chen Feng was not willing to use some low-level items to summon, so he delayed.

Chen Feng shook his head and said, "I still can't summon it now, but I'm not reconciled that my first soul servant is just a mediocre person with no strength."

"My first soul servant will be extremely powerful, and must be summoned with the most precious thing!"

In any case, Chen Feng put the matter down in no hurry.

"If you don't call it, then don't call it!" Chen Feng smiled slightly and whispered to himself: "Every time the soul person's space is raised by one level, my altar area will become much larger. Presumably, the distance can make these powerful There is not much time left to put the sacrifices in!"

Then, Chen Feng began to rebuild the soul-man soul-man space.

Although Chen Feng's soul space would be on the verge of breaking every time he used the Buddha's Demon Slayer, and every time he was promoted, he would be directly broken once, but Chen Feng still constructed it. **NovelUsB.com**

Moreover, it was constructed very carefully.

Because, in this process, it is also a process that Chen Feng uses for the power of the soul, which helps greatly improve his control over the power of the soul.

Therefore, Chen Feng took the trouble. Spent a lot of energy to rebuild the soul-man space.

Three hours later, Chen Feng stood here, with a smile on the corner of his mouth above the space of the soul.

At this time, in the soul space, there are mountains and plains. There are mineral deposits and water flow, which is already a very complete picture, but something is still missing.

Chen Feng whispered to himself: "Now, what is lacking is vitality!"

"Now, although all the things I have constructed are very complete, they are dead, and there is no vitality in them."

"There are two kinds of vitality, one is animals, the other is plants."

A smile appeared at the corner of Chen Feng's mouth, his figure floated gently, and came to the river.

Beside this river, there is a fertile land, but nothing grows on it.

Chen Feng took a deep breath. He greatly improved his concentration. Since the creation of the Soulman Space, Chen Feng has not been so focused.

He put all his energy. All are condensed on this small piece of land in front of him, with a high concentration of energy.

After that, all his strength was mobilized.

The power of his soul is surging, all condensed in the sky above this little land.

The next moment, in this soul-man space, a rain suddenly started.

There was an extremely abundance of vitality in this rain.

In the next instant, the rainwater penetrated into this land and disappeared without a trace. There was no movement in this land.

Chen Feng didn't worry, he just looked at it with a smile.

Suddenly, a small clod of soil on the ground trembled slightly.

Then he rolled a little to the side, as if something was against it below.

Finally, the thing got bigger and bigger, and the little clod was turned aside.

Then, the next moment, a young green sprout struggled out of the soil to emerge a sharp point.

He is only about an inch long and short, and looks very inconspicuous, and the tender seedlings of such a small grass can be seen everywhere in the outside world, without any surprises.

However, after Chen Feng saw it, his heart trembled.

There was a look of ecstasy on his face, and he shouted: "It's successful, it's really successful!"

As this little green seedling emerged from the ground, it grew faster and faster.

Soon, in less than an hour, it changed from a small sprout to a palm-high seedling, and then continued upward, and finally grew into a foot-long grass.

With the growth of this grass, countless seedlings continued to grow out beside it, eventually forming a green grass with a radius of about ten meters.

Then, these green grasses began to spread outward.

Chen Feng raised his arms and laughed loudly: "It succeeded, I succeeded, there are creatures in my soul-man space!"

Although it was only a small piece of grass, it was an immeasurable improvement for the entire soul-man space.

Because this represents the creatures appearing in his soul-man space.

This is a symbol, which means that Chen Feng's soul space has finally begun to form a cycle!

[Chapter 2549: Dark Soul Demon Dragon!](#)

The realm that others can only reach with the seventh-level soul-man space, Chen Feng has already reached the fourth-level soul-man space!

And now the most important thing, the highest increase in Chen Feng's combat power, is that Chen Feng disappeared directly from the soul space, and then he took the killing knife in his hand and slowly cut it forward, a murderous aura quietly Rush to.

Chen Feng didn't immediately use the Buddha's Demon Slayer Sword, he just felt it a little.

But after feeling this, Chen Feng also had a bottom line.

He took a deep breath and whispered, "If I use the Buddha's Demon Slayer now, it won't take a month to get over like in the past."

"Now, in just ten days, I can get over."

"Furthermore, my soul-man space will not collapse, and in the past, after I used the Buddha Demon Slayer once, all my strength would disappear, and I even had to walk with someone to hold it, but now after I use it once, there is still About 50% of the strength!"

The Buddha's Demon Sword can be used once every ten days by Chen Feng, and it will not lose combat effectiveness after using it. This is the biggest improvement for him now!

Early the next morning, Chen Feng, Wei Wuji and others set out and rushed to the mysterious and desperate situation together.

The place where the Dark Soul Eater lives is in a mysterious and desperate situation.

In this inner layer, there are more powerful monsters, and it is more difficult to go all the way, and some powerful monsters appear from time to time.

But fortunately, with Chen Feng, these monsters can only be food delivery, and Chen Feng sent them one by one.

In the evening of that day, before arriving at a mountain, Wei Wuji whispered: "Climbing over this mountain, you will enter a mysterious and desperate situation, and here, there is less than two thousand miles away from the place where the Dark Soul Eater lives."

Chen Feng nodded slightly, and after crossing this mountain range, Chen Feng immediately felt a little strange.

The heaven and earth aura of this mysterious and desperate layer is obviously larger than the periphery. Chen Feng even feels that the aura is at least ten times larger than the area where the powerful monsters live on the Tongtian River.

Moreover, Chen Feng could feel that the aura that permeated the world was being drawn towards certain places.

Obviously, there are many powerful monsters living in this mysterious and desperate area, and each of them divides the territory, and each of them exclusively enjoys all the aura on its own territory.

In addition, the aura here is already very strong, it is understandable that their strength will be so strong!

After walking hundreds of miles further, Chen Feng felt the power of the dark soul surge in the air.

The trees on both sides have changed from lush green to black, and the ground has also become pitch black.

Whether it is stones or land, or even above the sky, black clouds are condensed.

Here the wind is whistling, ghostly, like a ghost in the world!

Chen Feng suddenly remembered. He always felt that this dark power was a bit familiar, just like he had seen before.

But Chen Feng thought for a while. It seemed that the power of **** before was different from this dark power. He had been thinking about where he had seen it. At this time, after seeing these blackened lands, he remembered.

A long time ago, before going to the imperial capital of Qin, Chen Feng once entered a space when he was still in Qian Yuanzong.

I got a lot of adventures there. Isn't the land in it just black? Isn't the power inside that kind of dark magic power?

Chen Feng thought to himself: "Could it be that there is some connection between them?"

He suddenly had some cares.

Going further, some dark magic power has appeared in the sky.

Various monsters and birds condensed by the power of the dark souls, they hovered in the sky, and they rushed over when they saw someone.

But when they got closer and found out that Wei Wuji had come, they all separated immediately.

Obviously, Wei Wuji was a frequent visitor here, and naturally they would not stop him.

Chen Feng and the others all dressed up as Wei Wuji's servants, and deliberately suppressed their breath, so they did not attract their attention. *NoVeLusB.com*

After walking for more than a hundred miles, they finally came to the core area of the dark soul eater, and a black mountain appeared in front of them, reaching a height of more than 100,000 meters.

This mountain is not very high, but the entire mountain has been carved into a huge palace.

The shape of the entire palace is a huge black dragon entrenched there.

Wei Wuji looked at Chen Feng and said in a low voice, "This is it. The Dark Soul Eater lives here."

There was a tremor in his voice, obviously, extremely afraid of the dark soul eater.

"The Dark Soul Eater is extremely powerful, Brother Chen, are you sure you can handle it?"

Chen Feng smiled and said: "Leave everything to me, according to what we originally agreed."

"Okay!" Wei Wuji nodded heavily, with a firm look flashing across his face, he strode forward and shouted: "Your humble servant, Wei Wuji, come to receive your gift. !"

After a while, a long dragon chant sounded in this palace, and a lazy voice rang: "Did you bring all the things you exchanged?"

"I brought it all," Wei Wuji said respectfully.

There was a scream, and a black shadow drew out from the palace.

In the next moment, Chen Feng felt that the boundless power was pressing down against them.

Zhang Hongxi, Tian Hongyi and Ji Haoguang beside him were already unable to control their bodies, and they knelt down directly, wanting to worship.

But Chen Feng stood there, motionless.

This immediately attracted the attention of the Dark Soul Eater. He immediately cast his eyes on Chen Feng, his voice was cold and full of evil meaning: "Humble human beings, how dare you not kneel?"

At this time, Chen Feng also turned his attention to him.

In front of him was a black dragon about four or five meters long. This black dragon had countless strange white patterns all over the body. It was uneven and looked very disgusting.

On both sides of his body, there are two long wings on each side, and on top of his head, seven or eight long black horns grow in a mess!

Chen Feng discovered that these soul beasts, their sizes, were not very huge.

Just like the previous Soul Eater Cat, his strength has already reached the three-star Demon Emperor, but it is only two or three feet in size, as is the dark Soul Eater in front of him.

He is already a five-star demon emperor, but only about four or five meters in length!

Chen Feng's heart suddenly moved, and there was a burst of unspeakable joy: "Small size is good, small size, isn't it more convenient for me to refine?"

"Furthermore, if it is to be used for sacrifice, it can easily be placed on the altar!"

[Chapter 2550: Beheaded!](#)

The icy voice of the Dark Soul Eater sounded: "Wei Wuji, the person you brought is too ignorant of the rules, I will kill him for you!"

At this moment, Chen Feng suddenly laughed loudly. He lifted the black cloak on his head and looked at the Dark Soul Eater with a smile: "Beast, you are the one who died today!"

The aura of this dark soul eater is indeed very powerful and huge, even huge and inconceivable. When people look at it, there is an indescribable fear in their heart.

However, Chen Feng was the one who had seen Teng Snake and Yellow Bird.

Those two existences, which one is stronger than the Dark Soul Eater, don't know how much?

Any one can kill this dark soul eater.

How could Chen Feng put him in his eyes?

With that said, Chen Feng's aura was crazy, and in a blink of an eye, he had reached the rank of the Six-Star Martial Emperor.

Then, he bombarded the dark soul eater fiercely.

The aura of the Dark Soul Eater collided with Chen Feng's aura. There were countless cracks in the sky, and even the cracks in the space were shaken out.

Many small soul beasts were directly torn apart and swallowed by the cracks in his space.

A look of shock flashed across the Dark Soul Eater's face, and he screamed: "Who are you? You have such a huge aura?"

"Who?" Chen Feng smiled coldly: "The one who wants your life!"

After speaking, Chen Feng roared, and his figure jumped straight up.

Above the sky, the floating light and glancing shadow technique was suddenly activated, and the three Chen Fengs appeared directly, roaring at the same time, and their palms blasted forward.

In front of each Chen Feng, there is a huge, extremely powerful dragon with a strong golden light.

Every Chen Feng played 160,000 dragons.

Behind the three Chen Fengs, there were countless phantoms of giant dragons appearing, roaring frantically.

The roar of these giant dragons directly shattered all the small soul beasts.

As soon as Chen Feng came up, he used his tyrannical strength, and seeing this scene, the Dark Soul Eater was even more shocked, and even a touch of horror appeared in his eyes.

The strength of this person is beyond his expectations.

He yelled in horror: "Who are you on earth?"

At the same time, he also resisted frantically. He was a soul beast condensed by the power of the soul, and was very sensitive to the soul, so he could easily determine which was the real Chen Feng.

However, Chen Feng was originally to delay him.

The effect of the two fake Chen Feng has been achieved!

The two fake Chen Fengs were suddenly broken, and the real Chen Feng slammed out with the power of 160,000 dragons.

The Dark Soul Eater let out a sharp howl, and countless black high walls appeared in front of him.

On each black high wall, there are countless spikes.

This is his defense.

However, it was useless at all. His high walls were all condensed by the power of the black soul.

And Chen Feng's upright dragon power just restrained his power.

After the power of the sixteen thousand dragons collided with his power, all his defenses melted and melted in the midst of a loud noise.

Then the next moment, the power of sixteen thousand dragons fiercely bombarded him, causing him to scream terribly, and his body was directly melted by one third.

He let out a miserable cry, and the gaze looking at Chen Feng at this time was already full of panic.

In fact, the power contrast between him and Chen Feng is not so great, it's just that Chen Feng's power to drop the dragon and the Arhat is too restrained!

In fact, in terms of strength alone, the power of 160,000 dragons is far less powerful than the power of thirty-two rays of orange heaven and earth. This is why Chen Feng prefers to use the power of orange heaven and earth instead of dragon. the reason.

Unless Chen Feng finds a martial skill that controls the power of the dragon, which belongs to the dragon descending Arhat scripture, and can release these dragon powers with multiple efficiency, Chen Feng will not use it.

But now, obviously, the power of these dragons is more effective against this dark soul eater than the power of the orange heaven and earth!

With a crazy roar, the Dark Soul Eater was about to flee towards the palace.

He hides a powerful treasure in the palace, as long as this treasure is in hand, he is confident that he can defeat this powerful enemy.

Chen Feng naturally felt his fear at this time and smiled coldly. How could he allow this dark soul eater to escape back so easily?

Chen Feng let out a violent roar, and then flashed in front of him instantly, and then the power of the dragon bombarded out wildly.

He had no ability to resist Chen Feng's attack.

In a twinkling of an eye, Chen Feng already slammed dozens of palms on him, and only a half of his body was melted directly.

In the end, there was only one head left.

Then, Chen Feng grabbed the head, smiled at him and said, "Do you still want to escape? Can you escape?"

This dark soul eater knew that it could never escape from Chen Feng's hand today. It let out a frantic howl, stared at Chen Feng with bitterness, and roared: "Little boy, wait, I tell you, I die Now, you don't have any good fruits!"

"The ancestors will definitely not let you go. I am just an ordinary outpost where we came here. There are endless powerhouses behind me and countless tyrannical existences behind me."

"They are enough to completely crush you!"

"You wait!"

Chen Feng's heart suddenly stunned, and he immediately sensed that it seemed to be related to a big conspiracy.

Chen Feng still wanted to ask questions, and at this time, the dark soul-eating dragon blasted himself into a cloud of black energy and died directly.

And his body, as well as those parts that were melted by Chen Feng just now, turned into strands of dark soul power, about to dissipate in the air.

Chen Feng sighed slightly. He still wanted to ask questions, but now it is clear that the forced marriage is not possible.

Chen Feng stopped thinking about it, and then he began to collect the power of the dark soul in the air.

In a blink of an eye, they were collected together and condensed in a big ball.

At this time, the power of the dark soul in this giant ball was more than ten times more than the power of the dark soul that Chen Feng had gained from killing the Soul Eater Cat Giant yesterday.

Chen Feng showed a slight smile and said softly: "These dark soul powers can almost raise my soul person space to level five soul person space."

At this time, Wei Wuji, Zhang Hongxi and others were all silly.

Wei Wuji was even more shocked. He knew that Chen Fengfeng was very strong yesterday, but he didn't know that he was so strong. Today, he gave him the most intuitive feeling.

Chen Feng's power is incredible!

Tian Hongyi and Ji Haoguang looked at Chen Feng, more like a deity!
