

## Peerless 2551

### [Chapter 2551: A section of magic bone!](#)

It's too strong, it's incredible, it's incredible!

At this moment, Wei Wuji finally recovered. He shook his head and sighed, "Brother Chen, you are too strong."

"I'm really convinced, Tianzong Wizard!"

Chen Feng smiled slightly, did not speak, just pointed to the palace and said, "Would you like to go in and take a look?"

Wei Wuji said excitedly: "Of course, this dark soul eater, I heard that he has been entrenched for many days. He has collected countless rare treasures, and there must be many rare treasures in it."

Chen Feng was interested. There are still many remaining soul beasts here. They saw that the Dark Soul Eater had been easily slain by Chen Feng, so how could they resist?

They all fled.

However, Chen Feng didn't even look at them. This kind of existence was not regarded by Chen Feng at all.

When Chen Feng had just entered this black palace, a soul beast on the opposite side ran into anxiously, his face was full of anxiety, as if he was anxious to escape.

And behind him, there was a huge black box that seemed to contain a lot of things.

Chen Feng laughed loudly: "It's really a tree that fell apart, but if you want to take away what already belongs to me, you have to get my consent!"

As he said, a palm blasted out, directly hitting the tiger-like soul beast with a miserable scream, slammed heavily on the palace wall, and bounced off again, already seriously injured.

Chen Feng wanted to kill him with a palm.

But at this moment, the soul beast suddenly knelt on the ground and kowtowed, and shouted sharply: "This lord, don't kill me, don't kill me, I will show you where his secret is."**nOvElu\$b.com**

"I will show you how many good things he has, please don't kill me!"

Chen Feng's palm stopped on his forehead, an expression of interest appeared at the corner of his mouth, and said, "Oh? You know it very well, don't you?"

"Yes, the little one is specifically responsible for guarding the treasure house for that magic dragon. The little one is very clear about what is in the treasure house."

"Okay, then you take me." Chen Feng said in a deep voice.

This soul beast quickly led the way.

Soon, after bypassing the throne, and walking through a secret passage, opening a dark gate, Chen Feng suddenly took a breath.

At this time, in front of them was a huge treasure house with a radius of one thousand meters.

The treasure house is full of various precious treasures, countless, and a dazzling array, each of which exudes quite powerful aura.

However, Chen Feng was a little shocked at first glance, and after a glance, there was a look of disappointment in his eyes.

It turned out that none of them had reached the level of orange equipment. Now, apart from orange equipment, Chen Feng already looked down on ordinary soldiers of the king, so he would naturally not put these things in his eyes.

Seeing the disappointed look on Chen Feng's face, the soul beast that led the way, felt excited, for fear that Chen Feng was dissatisfied, and killed himself again.

He hurriedly said: "My lord, I know there is one thing that you are definitely satisfied with. This is the most precious item in this treasure house, and it is also the collection of that magic dragon."

"Oh? What?" Chen Feng said coldly: "If I'm not satisfied, you can figure it out by yourself."

That heavy threat was like a cold wind, making this soul beast's heart extremely fearful.

He quickly trembled: "Yes, yes, the little one understands, the little one understands."

He took Chen Feng and walked towards the depths of the palace. Before reaching the deepest part of the treasure house, Chen Feng suddenly felt a powerful, strong, and at the same time, it was extremely evil and terrifying. breath.

This breath came directly, and for an instant, Chen Feng felt like a sea of corpses and blood, countless bones, and countless blood in front of him. Numerous killings occurred suddenly.

Chen Feng almost instantly lost in this emotion.

Chen Feng's heart suddenly tightened: "What kind of breath is this? It is so powerful?"

He transported the power of the dragon and arhat, shattered the illusion in front of him, shook his head heavily, and found that he was still standing in this treasure house.

But the scenes just now made Chen Feng's heart lingering: "If there is no such magnificent power to bring down the dragon and arhat, I am afraid that I will fall into that illusion just now!"

But right here, the soul beast was hiding far from Chen Feng at this time, and said: "This thing has magical powers and is very terrifying. If it is not strong enough, it will directly attack and die, so the little one dare not approach ."

Chen Feng ignored him, just raised his head.

At this time, he finally saw the treasure.

At the end of this treasure house, there is a throne made of gold, and above the throne, there is a black thing leaning against the wall.

This black thing has a length of about 3,000 meters, like the sky and the earth, and its diameter is more than 1,000 meters.

It is extremely large, round and round like jade, and its color is extremely shiny, just like the most beautiful jade carving.

At the same time, it was extremely dark, and there seemed to be endless black energy lingering out of it.

The aura is evil to the extreme, horror to the extreme, and tyrannical to the extreme.

Chen Feng was startled, and he immediately realized that it was this thing that made him almost into a fantasy just now.

But at this time, that breath is still constantly attacking Chen Feng, trying to drag him into the illusion and die directly.

Chen Feng covered the power of the dragon descending Arhat all over his body, so that these black auras did not dare to invade any more.

At this time, Chen Feng had already judged that this was indeed a peerless rare, which could be felt from the huge momentum above.

Chen Feng showed a touch of intoxication on his face, walked forward and touched it lightly, and said softly, "This, what is this!"

The start was icy, but extremely smooth.

Suddenly, Chen Feng's eyes widened, and he let out an exclamation, his eyes showed an extremely unbelievable color: "What? This turned out to be, this turned out to be..."

It turned out that Chen Feng looked at this thing, the more he looked at it, the more it looked like: This turned out to be a bone!

In the end, Chen Feng watched it again and again, and after confirming it again and again, finally concluded that this is indeed a bone!

And from the shape of the bone, he judged that this should be a phalanx!

Note that it is a phalanx, not a phalanx.

On one finger of a person, there are these three knuckles, and this huge bone with a length of 3,000 meters is only one of the bones!

Chen Feng took a deep breath, and his eyes showed an extremely unbelievable color: "What kind of existence is so huge that the bones of a finger can be so large?"

[Chapter 2552: breakthrough! Floating Light Glimpse!](#)

"I'm afraid it's not much worse than the snake? It's as huge as the sky!"

Chen Feng let out a series of sighs, shocked.

After a long time, it calmed down.

At this time, Wei Wuji and the others also came here, they didn't dare to approach at all, they only dared to watch from the outside.

After Chen Feng told them his guess, they were all shocked to the extreme.

Wei Wuji sighed and said, "Such a huge existence can only be described in four words one after another."

Chen Feng nodded. He looked at the soul beast next to him and asked, "What is this?"

There was a look of fear in the eyes of the soul beast, and said with a trembling: "I don't know what it is, we only know that the adults call it a devil bone!"

"Devil bone, one devil bone!"

Chen Feng chanted these four words once, and then sighed deeply.

At the next moment, the soul-man space suddenly appeared, and Chen Feng put the demon bone into the soul-man space, and when he took it in, the soul-man space made a loud noise.

Numerous cracks appeared on the edge of the soul-man space. Obviously, the level of this demon bone was much higher than the scales of the snake and the blood of the yellow bird.

So that Chen Feng's fourth-level soul person space was somewhat unbearable.

In the end, Chen Feng took it in.

Then, Chen Feng took another turn in this treasure house.

These things are not rare to him, but others are very rare, and Chen Feng simply distributed them to Wei Wuji, Zhang Hongxi and others. [NovelUsb.com](http://NovelUsb.com)

Then, Chen Feng and others were planning to leave.

Just as he was about to walk out of this palace, Chen Feng suddenly moved in his heart and looked at Wei Wuji, and said, "You can leave, I plan to live here, anyway, the purpose of my trip is to challenge the strongest in the Wuwang Mountain Range."

"It happens to be that I live in this mysterious and desperate zone, close to the powerful, and it is convenient to challenge them."

Wei Wuji and the others sighed in their hearts.

Tian Hongyi said: "Young Master Chen is not the same as us. We came here and wanted to go out quickly, for fear of being targeted by that powerful monster. However, Young Master Chen specializes in staring at those powerful monsters of the Demon Emperor. what!"

Then they said goodbye to Chen Feng and left.

Wei Wuji also made it very clear. After they go back, they will go back to Wudong Academy after a little rectification, and will no longer stay in this Wuwang mountain range.

This is what Chen Feng hoped.

Chen Feng settled down here. There were countless dark demonic energy here, constantly invading, but Chen Feng was not afraid at all.

This is just right, he must exercise the power of the dragon descending arhat all the time, just to improve his proficiency in the power of the dragon descending arhat!

At this moment, Chen Feng suddenly felt a movement in his heart. He felt a force in his body circulating, and a feeling of breaking through filled his heart.

A smile appeared at the corner of Chen Feng's mouth: "My Floating Shadow Technique is about to break through."

It turned out that Chen Feng's Floating Light and Shadow Technique was almost about to break through before, but he has never had a chance.

And just now, after he used the floating light and glancing shadow technique again, he finally ushered in a breakthrough!

A smile appeared at the corner of his mouth: "Since you have made a breakthrough, then break through. It is normal to let it go."

He paused, then let out a violent roar: "Let's start!"

As he said, he took a deep breath, and all his body strength was condensed into his body.

All the forces in Chen Feng's dantian surgingly moved in it, and then the next moment, these forces burst out and poured into his limbs.

These powers are based on the power of the heavens and the earth, and are manifested by the power of the dragon and arhat.

The power of 160,000 dragons, this surging power of descending dragons and arhats, surged through Chen Feng's meridians.

Then, Chen Feng sat cross-legged, closed his eyes, and fell into a state of no self and no other, and he was extremely quiet.

The mind of the Floating Light and Glimpse Technique passed in his heart. With the movement of the Floating Light and Glimpse Technique, the power of those golden dragon descending arhats naturally began to move along the route of the Floating Light and Glimpse Technique.

Those routes were lit up in Chen Feng's meridians, and those spots of light began to gleam in Chen Feng's meridians.

Then, it began to shine brightly.

In the end, these rays of light shone more and more, getting bigger and bigger, and finally, they became a line of light.

These rays of light illuminate on the surface of Chen Feng's body, and Chen Feng exudes a bright light from the inside out, just like a light man.

The power of the golden dragon descending arhats is constantly flowing in these rays, circle after circle.

In the end, among all these light spots, most of the light spots disappeared, and in the end only nine extraordinarily huge light spots were left.

Each of these nine extraordinarily huge light spots is about five times the size of the previous one.

However, at this time, only three of the nine light spots were lit up, and the remaining six were completely dark.

Chen Feng pursed his lips and smiled: "The remaining six are the levels that I want to break through with the Floating Light Technique!"

At the next moment, all of Chen Feng's golden dragon descending arhat power was gathered into those three light spots.

These nine light spots are actually the nine big acupoints located in Chen Feng's body. These nine acupuncture points determine the level of the floating light and glancing shadow technique.

If Chen Feng knocked away all the nine acupuncture points, then his floating light and glancing shadow technique would reach the highest level.

However, now, it is obviously not enough.

At the next moment, the huge golden dragon descending arhat's power rested briefly among the three opened acupuncture points, and then followed the light to the adjacent three acupuncture points, divided into three directions, and bombarded fiercely. Away.

In the light, it seems to have been lit, but in fact it is still very stagnant, and there is no channel.

Chen Feng has to open the channel.

But what? Why is this rare for Chen Feng?

Time after time, the power of the dragon descending Arhat slammed on the stagnant passage fiercely.

Boom boom boom, the passage was opened little by little, and the stagnation was cleared little by little.

In the end, the three passages were completely opened in the evening.

After five hours of impact, the silt in these passages was finally completely cleared.

The incomparable strength of the dragon descending Arhat rushed into the passage, and the next moment, it rushed into the three huge light spots.

As a result, the three light spots, which were originally a little dim, suddenly became shining!

The brightness appears little by little. At first, it only accounts for about one-tenth of the inside, with a little brightness, and then it becomes one-fifth and then one-third.

#### [Chapter 2553: Gluttonous swallowing dragon](#)

Chen Feng's power of descending the dragon and Arhat kept pouring in, and finally, all three acupoints were filled.

at this time. The three acupuncture points all emit light, but the light is still weak.

Chen Feng opened his eyes at this time and sighed softly, with a touch of relief in his eyes, and said softly:

"Now, it is possible to light up all three acupuncture points, but the brightness is still weak."

"However, this is nothing. What we will do in the future is water milling."

Therefore, for the next few days, Chen Feng practiced the floating light and glancing shadow technique here.

Three days later, Chen Feng suddenly opened his eyes.

The next moment, on his body, the three acupuncture points that had just been lit up were all radiant and extremely bright, no different from the three acupuncture points before.

After that, Chen Feng's power of descending the dragon and Arhat broke out.

Among the six acupuncture points, there is constant circulation, and the six acupuncture points are radiant and brilliant.

At the next moment, Chen Feng laughed up to the sky, very happy, his figure flashed, and he went straight into the air, and uttered a soft drink: "Floating light and glancing shadows!"

Then, among the six acupuncture points, all light was in full bloom.

Six Chen Feng appeared directly, and the other five clones of Chen Feng stood with Chen Feng's body, without any difference.

The six Chen Feng's figures shook and exchanged positions. After that, each Chen Feng made the same action while pulling out the killing knife to kill.

There is no difference in the body's momentum bursting wildly.

Then, they all made different actions, some holding a killing knife in their hands and volleying forward, some using Jinpeng's vertical and horizontal tactics, disappearing into the sky like a golden roc.

Some are sitting cross-legged, while others are blasting out with their palms, and they are as powerful as overwhelming.

And each one is extremely smooth.

It was just that, suddenly, two of the movements stopped for a while before they started to be continuity.

One of them, Chen Feng, frowned. This is Chen Feng's body. He said softly: "There are now five clones."

"There are three more than the original, and my spirit has to control the whole three. It's a lot more tired than before!"

"Just now, I couldn't take care of it, so that there was a stagnation. If there is such a stagnation during the battle, then the enemy will definitely see the mystery!"

Chen Feng shook his head and continued to exercise.

However, after this stagnation, there is no other stopping behind, very smooth. [NOvelusb.com](http://NOvelusb.com)

At the next moment, Chen Feng's body suddenly stopped.

Five of Chen Feng's clones fought there. Among them, one of Chen Feng's clones slashed down with a murderous knife, which already possessed the power of a martial emperor.

Although it was far behind Chen Feng, it was still terrifying.

Among ordinary masters, it's absolutely incredible!

Such a knife is enough to kill a one-star martial emperor.

The other Chen Feng's clone blasted out with his fists, shattering a small mountain alive.

Such a punch, compared to the one just now, is no less powerful!

After about a cup of tea, all five Chen Feng clones disappeared.

Chen Feng, on the other hand, fell on the spot, wrinkled his brows, his face was full of exhaustion, and his momentum was greatly reduced.

He said softly: "The Floating Light and Glimpse Technique has changed from three to six. It consumes not only multiples, but many times."

"Now, I can only use it once for one cup of tea, which is 300 breaths, and only use it once for three days."

"The rest of the time will be spent on recovery, but this is fine too!"

Because Chen Feng has just tested the strength of the five clones, each of the five clones has the strength of a martial emperor realm powerhouse, which should not be underestimated.

For the next ten days, Chen Feng has been testing the power of this floating light technique!

At almost the same time, in the center of the core area of the Wuwang Mountain Range, here is a sky-high peak, reaching a height of one million meters.

Among the Wuwang Mountains, there are countless high mountains, but none of them has such a height.

Next to it, the highest mountain just reached its mountainside position.

This high peak is not only high, but also extremely steep. Its diameter is about 10,000 meters and 20,000 meters, and the whole is like a chopstick.

Moreover, this chopstick, the upper and lower heads are almost the same thickness, straight into the sky.

There was no grass growing on it, and it was bare, all of which were cliffs straight up and down.

Even if it is thousands of miles away, as long as the eyesight is good enough, as long as the line of sight is far enough, you can see this mountain.

Because this mountain is too conspicuous, it is like a magic needle, firmly fixed in the center of this Wuwang mountain range.

This is the main peak of Wuwang Mountain Range: Tongtian Sword Peak!

Within the tens of thousands of miles around the Heavenly Sword Peak, there is a coercion.

This coercion, the weaker the person, the lighter the feeling, and the stronger the monster beast and the human warrior, the stronger the feeling.

If someone of Chen Feng's level comes here, he will definitely feel that the pressure here is almost overwhelming.

With the Heavenly Sword Peak as the center and three thousand li as the radius, within such a large area, infinite coercion is enveloped.

At this time, two giant beasts were chasing and fleeing south of the Heavenly Sword Peak 3,000 miles away.

The strength of the behemoth in front has reached the level of four-star demon emperor, while the strength of the behemoth in the back has reached the level of six-star demon emperor. Emperor.

This is a very high state, extremely tyrannical.

The giant beast at the front is a huge black tiger with a length of 10,000 meters, while the giant beast at the back looks very strange.

He is extremely huge, reaching nearly 50,000 meters in length, just like a walking giant wild dragon, very similar to the southern wild giant wild dragon that Chen Feng hunted and killed.

However, the difference is that the Southern Wilderness Giant Savage Dragon has a slender neck, and he, on top of his body, a huge head occupies almost two-thirds of his entire body.

Above that huge head was a huge mouth that was too big to describe, and the diameter of that mouth reached 30,000 meters.

With one mouth, you can almost swallow a mountain alive.

Not only is it huge, but it is also covered with hundreds of meters long fangs and sharp teeth. Each sharp tooth is like the finest metal casting, shimmering in the sun and covered with blood stains.

Obviously, under this huge mouth, it is already unknown how many humans and monsters have been swallowed!

The giant beast behind made a strange laugh: "Little tiger cub, don't run away, do you think you can escape?"

"Fell into the mouth of my gluttonous swallowing dragon, do you think you can escape?"

The black giant tiger, before the pressure came before the pressure, there was no difference between the land outside the pressure and the land inside the pressure.

However, the monster beasts of their level felt clearly.

He immediately noticed that in front of him was the endless pressure.

For an instant, a hesitation appeared on his face.

The gluttonous swallowing dragon laughed wildly: "Little tiger cub, don't run away anymore, you escape into this coercion, and you will end up with a crushed bone!"

#### [Chapter 2554: People inside, get out!](#)

"Why don't you let me eat it? For the sake of my father and me being a family friend, let me eat it! Hahahaha..."

He obviously thought that the black giant tiger had no way to escape.

At this moment, the black giant tiger turned his head and yelled angrily: "Old dog thief, you and my father had such a good relationship back then!"

"Unexpectedly, how long my father has just died, you will come to \*\*\*\* our territory! You want to kill me!"

"Otherwise, what do you think?" The gluttonous swallowing Tianlong gritted his teeth and said fiercely:

"At the beginning, your father and I were called the second masters of the Wuwang Mountain Range under that old thing."

"Just him, deserves it too?"

"I'm just a momentary help to him. Now that he is dead, you still want to occupy that piece of land with countless resources, do you dream?"

"Tell you, that piece of land belongs to me. With that piece of land, my strength will be able to advance by leaps and bounds."

"I can get more resources, maybe I can challenge the old thing in my lifetime! I won the treasure of that old thing!"

"That treasure is the most precious and powerful treasure in the entire Wuwang Mountain Range!"

"Whoever wins it will even have a chance to see the mysterious Demon Emperor Realm!"

"That's the realm of Demon Emperor!"

His face was full of intoxication, and there was an indescribable look in his eyes: "That is the realm that can only be reached by the most pinnacle existence in the Dragon Vein Continent in the legend!"

The black giant tiger was cold in his heart. He didn't expect that this powerful existence he usually called his uncle would have such ambitions.

It turned out that robbing his own territory was not the end, he even wanted to challenge the strongest in Wuwang Mountain.

He was desperate at this time, knowing that Gourmet Swallowing Heavenly Dragon would never let him go.

There was a look of extreme hatred on his face, and he screamed: "Okay, then I would rather die, and I will never let you get my demon pill! I will never let you improve from me by a minute and a half. strength!"

As he said, he let out a crazy roar, and rushed toward the coercive force.

The gluttonous swallowing dragon was stunned. He didn't expect him to be so decisive, his face changed, and he screamed: "Get me back!"

But it's too late!

The black giant tiger had already plunged into the rolling coercion, the gluttonous swallowing Tianlong stopped his body at once, he knew what the consequences would be if he fell into that coercion.

Sure enough, after the black giant tiger rushed in, he was directly pressed to the ground by the force, unable to move.

Then, the next moment, with a boom, his body was directly smashed.

A four-star demon emperor level demon beast just died like that, simply, without leaving any movement!

This is the majesty of the strongest person in the Wuwang Mountain Range!

This coercion is his release!

Anyone who enters it will not only surrender, but also die!

Seeing this scene, even the gluttonous swallowing Tianlong couldn't help but tremble in his heart, and secretly exclaimed: "Although I already know how powerful this coercion is, every time I see it, he is still scared. Yeah!"

"The strength of that old thing is really unfathomable, at least one level higher than me, reaching the realm of the Seven-Star Demon Emperor."

"Now, when I enter this coercion, I will not die immediately, but at least when I reach him, I will be crushed alive."

"After arriving at the Martial Emperor Realm, the higher you go, the bigger the gap will be. A difference in level is a world of difference, and it will leave me unable to fight back!"

He shook his head, and there was a violent rage on his face: "Fucking, this dog thing, it's better to blow it up alive than let me swallow it!"

He waited and watched outside of this coercion for a while, and finally did not dare to walk in, so he had to leave angrily.

Chen Feng was cultivating, and at this time, suddenly, a loud roar came from outside: "People inside, get out of me!"

Chen Feng was immediately awakened by the loud roar, he raised his eyebrows, wondering if he came to him. *noVelUs&.COM*

But then, there was another loud roar from outside, and the voice condensed, and directly attacked Chen Feng fiercely.

Chen Feng suddenly wrinkled his brows, and his mental energy was vigorous, and his whole life banged against the roar.

Chen Feng didn't move, but the owner of the roar outside made a soft "Huh", which seemed a little surprised.

Chen Feng has now judged that the other party is really targeting him.

He raised his brows, stood up, walked out, and came outside the hall.

At this time, a giant beast was standing outside the hall.

After seeing this giant beast, Chen Feng was shocked: "There are such monsters?"

It turned out that this giant beast was similar in size to the southern wild giant savage dragon that Chen Feng killed before, but it was a lap larger than the southern wild giant savage dragon.

He also has a huge body with sturdy limbs, but his huge head occupies two-thirds of his entire body.

And above the huge head is a huge mouth!

The gluttonous Tian-swallowing dragon who chased the black giant tiger yesterday turned out to be the same species.

It's just that today's gluttonous swallowing Tianlong is much smaller than yesterday's. The size of yesterday's head is four or five times the size of the current one.

Moreover, the momentum of this head is much weaker than that of yesterday. Yesterday's head can be called a giant gluttonous heaven-swallowing dragon. It is a six-star demon emperor. Today this one is only a five-star demon emperor!

After seeing Chen Feng, this gluttonous Swallowing Heavenly Dragon couldn't help showing a look of surprise in his eyes, but he didn't expect that a human would walk out of it.

Moreover, the feeling that this person gave him was not very strong.

But the next moment, there was a burst of ecstasy in his heart: "Hahaha, this time I got a big deal!"

"My father has always been worried about me coming out. He always worried about me and always felt that I couldn't get things done. I'm not a kid anymore!"

He thought with great joy: "As soon as I came out this time, I picked up such a big bargain and can smoothly bring the Dark Soul Eater's site into my hands, so my father will definitely look at me with admiration!"

Chen Feng looked at him and said lightly: "Did you look for me just now?"

"Of course I'm looking for you!" The gluttonous Sky Swallowing Dragon looked at Chen Feng, and said arrogantly: "Unexpectedly, I didn't expect that the strength of the Dark Soul Eater is not as good as my father, but it's not bad."

"It's a pity that its lair was stolen by a trash like you!"

Chen Feng stared at him, his eyes cold.

Gluttonous Swallowing Tianlong looked at Chen Feng and said disdainfully: "Boy, what, look at your eyes? Still not convinced, right?"

[Chapter 2555: I said, you have to ask me!](#)

"Tell you, this land belongs to me today!"

"It's yours? You say it's yours?" Chen Feng's eyes were colder: "Have you asked me?"

What Chen Feng didn't know was that many things happened in the past few days.

At the core of the Wuwang Mountain Range, in this area, there are ten extremely powerful monsters, which are the Ten Great Demon Kings in the Wuwang Mountain Range.

Each demon emperor has his own territory. Among them is the strongest demon beast, proudly overlooking the other demon beasts, while the strength of the remaining demon beasts is uneven.

The weak is like the Dark Soul Eater, and the strength of the monsters next to the Dark Soul Eater is not much different from him.

Each of them could feel the breath of other people, and in the past few days, the demon emperors next to him suddenly discovered that the aura of the dark soul eater had disappeared.

It disappeared like a miracle, making them very surprised.

At the beginning, they were still in shock, but after a few days, the breath of the dark soul eater did not appear.

Suddenly, they were all ecstatic.

In their opinion, since this happened, there are nothing more than two reasons:

First, the Dark Soul Eater has left.

Second, the Dark Soul Eater was killed by other monsters or humans.

But no matter what the reason is, the territory that represents the Dark Soul Eater has become a land of no owner.

According to the Monster Beast Law in the Wuwang Mountain Range, they can occupy it, which is a big piece of fat for them.

You know, it is not only because of this large area, but also countless resources, countless monsters as their subordinates, which can allow them to obtain more cultivation resources and increase their strength faster!

However, these monsters and beasts have been alive for many years, one by one, and no one knows what happened. Therefore, they are still waiting and watching.

However, there is still a Shutouqing, relying on his own strength, and mainly relying on his strong background, he came here directly and wanted to occupy this territory.

After he came here, he saw Chen Feng!

It is this gluttonous swallowing dragon!

Above the huge mouth of the gluttonous swallowing dragon, two extremely small eyes flashed with a vicious and cruel light, looking at Chen Feng, suddenly a burst of extremely disdainful laughter broke out:

"You humble human being, it's ridiculous, I occupy this place, and I need to ask you? What are you?"

"That dark soul eater, I don't know why, leaving this place, you were taken advantage of by this little rabbit and took advantage of this place!"

He screamed: "You humble human being, do you deserve to occupy this place too?"

"Now, if you kill yourself quickly, I can make your death easier."

It turned out that he didn't think Chen Feng had the ability to kill the Dark Soul Eater, and he didn't even think about it at all.

He only thought that the Dark Soul Eater didn't know why he left, and Chen Feng took the opportunity to occupy it!

Chen Feng felt very funny in his heart, and the strength of the monster in front of him was similar to the Dark Soul Eater at best.

Killing the Dark Soul Eater by himself is easy, and killing him is no problem.

And he was so arrogant to utter arrogant words, provoke himself, and let himself commit suicide, really overpowering!

This gluttonous swallowing dragon looked at Chen Feng, and saw that he was not committing suicide, so he was taken aback for a moment, and said naturally:

"Why don't you commit suicide? Do you really want me to do it?"

Chen Feng smiled and said, "Yes, I really want to see what you are like when you do it!"

"Hahahaha, you humble human being, really overwhelming!"

"I'm a magnificent gluttonous swallowing dragon. My strength has reached the four-star demon emperor. I want to kill you, it's easy!"

"Oh, gluttonous swallowing Tianlong?" Chen Feng frowned slightly, and the name should be some kind of dragon.

In the five-character dragon category, he is already considered to be quite strong.

The gluttonous swallowing dragon is extremely arrogant: "Yes, it is the gluttonous swallowing dragon. Among our dragons, there is naturally a trace of the blood of ancient gluttonous beasts!"

"A huge mouth, capable of swallowing mountains and sucking the sea, shattering everything!" *novelusb.com*

"Boy, since you refuse to commit suicide, so be it!"

He said with a stern face: "I will crush you alive and grind you into countless pieces with my teeth!"

He laughed and said: "Don't worry, I have eaten many people, I am very experienced, I will keep your head intact, but grind your body into powder inch by inch."

"Guaranteed to be even cleaner than the sharpest knife, hahahaha!"

Chen Feng's heart flashed murderously, and said with a sneer: "Oh? Really? Then I really want to see and see!"

Gourmet Swallowing Tianlong roared: "Boy, looking for death!"

He rushed towards Chen Feng directly.

He didn't use any moves, just opened its huge fangs, and bite it hard at Chen Feng.

At the same time, in his huge mouth, an extremely powerful suction was drawn towards Chen Feng.

Not only Chen Feng, the boulders next to Chen Feng, and even some of the black metal that built the hall, were directly sucked into his mouth, clicked and bitten and shattered.

So hard!

This caused Chen Feng to raise his brows slightly, and said with interest: "It's kind of interesting."

Chen Feng smiled slightly and punched out!

Thirty-two wisps of orange power from heaven and earth burst out, slamming against the gluttonous swallowing dragon!

With a loud bang, the gluttonous swallowing dragon screamed, and was directly beaten out. A dozen huge wounds burst open on his body, and blood poured out frantically!

He hit the ground heavily, looked at Chen Feng in disbelief, and exclaimed, "How is it possible!"

This is because Chen Feng left his hand, otherwise, this gluttonous swallowing dragon can be killed directly!

Chen Feng smiled and said: "I said, you have to ask me!"

Gourmet Swallowing Tianlong shook his head and got up, feeling that his injury was not very serious. He grinned grimly: "Don't think I can't see it, you can't do anything with me!"

He screamed frantically and jumped up again.

Chen Feng sighed: "It's really fearless for the ignorant!"

He suddenly smiled, and his heart moved.

"Today, I'll use you to test my newly practiced floating light and glancing shadow technique!"

As he said, Chen Feng gave a soft drink, his figure flickered, and the Floating Light and Glimpse Technique was suddenly activated. The six acupoints flashed light.

Five Chen Feng suddenly appeared.

Then, Chen Feng's body and the five Chen Feng's clones exchanged brushes.

[Chapter 2556: Five-star Demon King Demon Pill!](#)

As a result, that gluttonous swallowing Tianlong was immediately stupid.

He stared at Chen Feng blankly, Harazi came out of his mouth and didn't know it. He screamed in horror: "What's going on? What's going on? How come you suddenly become six?"

The six Chen Feng laughed together: "Naughty animal, die!"

Either holding a killing knife, or shooting it out with both palms, and at the same time slaying towards the gluttonous swallowing dragon.

This gluttonous swallowing Tianlong had a simple mind, and he couldn't distinguish it at all. He only felt that the six Chen Fengs were turning around in front of him, making him dizzy.

He roared impatiently: "Fuck it, just eat all six of you in one bite!"

As he said, the blood bowl bit the six Chen Feng again, clicked, and directly bit the three Chen Feng.

But at this time, the real Chen Feng's body suddenly came to his head.

Then the next moment, thirty-two rays of orange power of heaven and earth smashed at him fiercely, with extremely powerful force.

Facing him, Chen Feng would not use the power of the dragon, but would use the power of thirty-two orange heaven and earth.

You know, the power of the thirty-two rays of orange power of heaven and earth is actually greater than the power of dragon!

Feeling Chen Feng's palm bursting out, the thirty-two rays of orange heaven and earth's extremely powerful power, this gluttonous swallowing heavenly dragon also let out a scream.

He shook his huge head in a hurry to avoid it, but how could he have time?

With a bang, all the thirty-two wisps of orange heaven and earth power hit his head.

The next moment, he uttered a huge scream like the earth shaking the earth, the hard and thick skin of his head was directly smashed open, and the bones below were directly smashed out of the cracks.

With this blow, Chen Feng almost knocked his brain alive, knocking him almost torn apart.

At this moment, he was already seriously injured, and he couldn't help but open his mouth and let out a scream.**novelusb.com**

At this time, Chen Feng jumped into the air again and laughed loudly: "Don't you like to use your teeth to crush humans?"

"Okay, I'll smash your mouthful of steel teeth!"

With that, Chen Feng's figure flashed, and came to his mouth again.

Thirty-two strands of the orange power of heaven and earth blasted out again, and with a bang, it directly hit his teeth.

Bang Bang Bang directly smashed dozens of his teeth alive.

Then, he attacked again, attacked again, and beat his mouth full of blood, and lost most of his teeth.

This gluttonous swallowing dragon was directly stupid by Chen Feng, and he was scared!

He looked at Chen Feng with extreme fear in his eyes. The arrogance and disdain in his eyes just disappeared without a trace.

Instead, there is extreme fear.

He let out a scream, shook his head, turned his body, and fled madly.

He was actually beaten away by Chen Feng.

Obviously, he has the shelter of powerful forces behind him, and he has not gone through any battles, and the journey is too stable, and the fighting will is very weak.

But how could Chen Feng let him go?

He came to provoke Chen Feng, how could Chen Feng allow him to retreat so easily?

Besides, nothing else, this gluttonous Heaven-swallowing dragon is a treasure!

Chen Feng laughed loudly: "Want to escape? Can you escape?"

However, with Chen Feng's current strength, it was still not enough to kill a powerful man equivalent to the six-star Wuhuang level with the power of orange heaven and earth.

Therefore, Chen Feng let out a long scream: "Buddha destroys the magic knife!"

The murder knife was suddenly unscathed and held in his hand.

With a flash of his figure, Jin Peng suddenly launched suddenly, directly chasing the gluttonous swallowing dragon, and slashing the murderous knife crazily.

The Buddha's Demon Slayer was launched suddenly!

At this time, three wisps of breeze were blowing quietly, and the gluttonous swallowing dragon felt the danger of death.

He suddenly turned around and stared at Chen Feng, with an extremely crazy look in his eyes: "You dare to kill me, my father will definitely not let you go, he will avenge me!"

Chen Feng laughed loudly: "Then I will send you on the road first, and send him to \*\*\*\* when I turn around to reunite with you!"

With that, the murder knife had fallen fiercely, and three wisps of breeze quietly blew.

All the defenses and offensives of this gluttonous swallowing dragon were all broken alive.

And as the last breeze blew on her body, the body of the gluttonous swallowing dragon directly solidified there, motionless.

After a while, blood was spraying all over his body, blood surged in his throat, and his body fell heavily to the ground, motionless!

He was directly killed by Chen Feng!

Chen Feng laughed loudly, came to him and fumbled a few times on him, and then the killing knife slashed at his chest and abdomen at a very fast speed and with an extremely fierce power.

With a clang, a big hole was cut directly.

Then, the murder knife was picked inside, and then, a golden object flew out of it.

This golden thing turned out to be a demon pill.

However, this demon pill was extremely large, several times larger than the largest demon pill that Chen Feng had ever obtained, and was as large as a small house.

The whole body is golden color, and in the middle of this golden color is a noble purple.

This purple light burst into this demon pill, like a flash of lightning, appearing, splitting, and disappearing from time to time, and then appearing, splitting, and disappearing again...

Keep repeating this process.

A smile appeared at the corner of Chen Feng's mouth: "As expected of the Five-Star Demon Emperor, the Demon Pill is very powerful."

"If I absorb this demon pill, it will be of great benefit to the improvement of my cultivation!"

Then, he put the body of the gluttonous swallowing dragon into his soul space.

After receiving the income, Chen Feng showed a wry smile at the corner of his mouth, and now, the soul-man space was full again!

"It seems that you have to digest some of the things in it as soon as possible, otherwise, the soul-man space will be useless."

And almost at the moment when the gluttonous swallowing dragon died, tens of thousands of miles away, it was more inclined to a huge valley in the core area of the Wuwang Mountain Range than where Chen Feng was.

The valley is lush and lush, with towering trees growing thousands of meters high everywhere.

Moreover, this valley may be due to the presence of volcanoes underground, it seems very hot flashes, there is diffuse water vapor everywhere, and miasma is everywhere.

There are huge mosquitoes and flies flying everywhere, ordinary monsters and humans are not adapted to such a climate, but some existences are different.

For example, gluttonous swallowing Tianlong.

At the very center of this valley is a huge mud bog with a radius of thousands of miles.

At this time, in this mud, a hill is undulating.

And if you take a closer look, you will find what hill is this? It is clearly a huge monster!

[Chapter 2557: revenge!](#)

It was the gluttonous Heaven-swallowing Dragon at the level of the Six-Star Demon Emperor.

At this time, this gluttonous swallowing dragon was asleep.

And at this moment, he suddenly jumped and straightened up, the sleepiness on his face disappeared without a trace.

The whole person became sober in an instant, shivering violently, his eyes showed extreme fear.

He trembled and said to himself: "How could it? How could it? How could it be? How could something happen to him?"

"No, it's impossible, it's impossible for him to have an accident!"

However, the feeling in his heart had accurately told him that the string that had been connected to his son's heart had been broken at this time!

There are only two possibilities.

One, he is dead.

Second, his son is dead.

Obviously, only the second result is possible, and in the next moment, he has to accept this fact.

He let out a fierce and brutal roar, his eyes became blood red, and even his whole body became blood red.

He gritted his teeth and screamed harshly, "Who killed my son, I will kill you! I must kill you!"

As he said, he flew up and headed in the direction his son was before his breath disappeared!

At this time, Chen Feng had just killed the smaller gluttonous dragon and took away his demon pill.

He took a deep breath, felt it carefully, and then whispered to himself: "This battle probably consumed more than half of my strength."

"My Buddha's Demon Slayer Knife, there is no way to use it in the near future."

"And because of the time spent just now, it was only a short period of more than twenty breaths, so the Floating Light Show can still be used."

"After all, I use the floating light and glancing shadow technique once, which can last for a full three hundred breaths."

Chen Feng is quite satisfied with this result.

This shows that not only his strength has been improved, but the durability of the battle is also stronger than before.

Then, Chen Feng turned around, preparing to enter the palace and continue to digest and practice.

He found that this place is really a good practice place.

At this moment, suddenly, Chen Feng felt a screaming sound from a distance.

Moreover, there was a frantic killing intent in the sound of howl.

Chen Feng frowned suddenly and looked into the distance.

In the next moment, he saw, above the sky in the distance, a huge black shadow coming towards this side.

After getting closer, Chen Feng saw that this black shadow was a giant gluttonous dragon swallowing heaven.

It was no different from the previous gluttonous swallowing dragon, but its size was many times larger.

Chen Feng immediately understood: "It seems that if you killed the little one, and the old one came, he should be the father of the little gluttonous swallowing Tianlong that I just killed!"

Chen Feng glanced again, and then immediately shrank in his heart.

This giant gluttonous heaven-swallowing dragon is definitely stronger than the previous one by many times!

The giant gluttonous swallowing dragon's momentum was overwhelmingly suppressed, making Chen Feng's heart tremble.

In a blink of an eye, this giant gluttonous Heaven-Swallowing Dragon came to Chen Feng, his eyes fixed on Chen Feng, and there was a bit of icy murderous intent in his eyes:

"Humble human beings, you killed my son?"

Chen Feng said lightly: "If there is no one else, then it should be me."

His nonchalant attitude even angered the giant Gourmet Heaven-Swallowing Dragon.

He let out a fierce roar: "You killed my son, I want you to resist!"

Chen Feng said coldly: "This is my territory. He came to take my territory and kill me. Can't I kill him?"

"That's right!" said the giant gluttonous swallowing dragon very domineering: "He is my son, if he kills you, you must be killed obediently by him, and you can't even pay for it.

"Wrong, you should commit suicide, you don't need him to do anything!"

"Oh, isn't it?" A sneer appeared at the corner of Chen Feng's mouth.

The giant gluttonous Heaven-swallowing Dragon roared fiercely: "He can kill you, but you can't kill him. If you dare to kill him, I will let you resist."

Chen Feng smiled coldly: "Okay, then come on!"

Chen Feng could feel that the strength of the giant gluttonous swallowing dragon was far better than the previous one, and much stronger than himself.

He is not his opponent at all.

But so what?

In the face of powerful enemies, Chen Feng has never been fearless!

But a battle!

The giant gluttonous swallowing dragon let out a violent roar and rushed towards Chen Feng.

At the same time, his huge mouth opened, and a huge suction hit Chen Feng!

When Chen Feng faced the little gluttonous swallowing dragon just now, he didn't move at all, but now he felt that he couldn't support it at all, almost involuntarily flying past his huge fangs.

Chen Feng's heart trembled, but he was not afraid of the slightest, nor was he panicked at all. Instead, he took advantage of the situation to greet him.

He roared, his palms shot out, and thirty-two rays of orange power of heaven and earth slammed on one of his huge teeth.

With a bang, the two hit each other.

Just now, Chen Feng's thirty-two strands of orange heaven and earth's power were enough to smash the teeth of that little gluttonous heaven-swallowing dragon alive, and at this moment, blasting on the

teeth of the giant gluttonous heaven-swallowing dragon, Chen Feng felt like he had hit one. Like a mountain.

The other party didn't move, but he was shocked to fly.

The giant gluttonous swallowing dragon was also shocked by a toothache, and roared: "Boy, looking for death!"

The tooth was already bitten fiercely, and Chen Feng was about to be bitten into two alive for the next moment.

At this time, Chen Feng took a deep breath, his figure flashed, and a golden light flickered above his body.

Jin Peng Zongheng suddenly launched, like a big Jinpeng bird, directly fleeing his huge mouth.

And these two strokes have already caused Chen Feng to exhaust all his strength.

He felt that he was trembling all over, and his whole body was in severe pain. He opened his mouth and breathed, and his lungs were also in severe pain, and his eyes were blackened, and he had almost consumed all of it!

Chen Feng said in amazement, "Don't say it's me now, even in the heyday, I am definitely not his opponent!"

"But, so what?"

A arrogant smile appeared at the corner of Chen Feng's mouth: "Fleeing without a fight, is it my Chen Feng's style?"

A voice in Chen Feng's heart was roaring: "I killed his son, and he vowed to kill me. He and I have become an endless game."

"Even if I run away, before I escape, I have to try his strength and see how his strength is!"

He actually went to kill the giant gluttonous swallowing dragon again.

In a blink of an eye, the time for a cup of tea passed, and Chen Feng fought with this gluttonous swallowing dragon a dozen moves.

#### [Chapter 2558: Go crazy!](#)

He is obviously not the opponent of Gourmet Swallowing Dragon, the biggest difference between the two is in strength.

Chen Feng attacked the Gourmet Swallowing Dragon at will and couldn't do any harm to him, but Chen Feng did not dare to let Gourmet Swallowing Dragon touch himself!

Chen Feng once again dodged the attack of the Gourmet Swallowing Dragon, but after dodge this time, he has almost reached his limit.

His head was dizzy, and he felt that Jinpeng Zongheng Jue could hardly be used.

And at this moment, Glutton Swallowing Tianlong's eyes suddenly flashed a sly and treacherous color, as if he had been waiting for Chen Feng to dodge this time, and with a fierce roar, his head slammed into Chen Feng fiercely. .

He was uncharacteristically, and instead of using his previous attack posture, he slammed into Chen Feng with his head.

Chen Feng was caught off guard and was hit directly, with a muffled grunt, blood spurted out wildly.

He clicked on his body, many bones were smashed to pieces, and then he fell to the ground!

This time, Chen Feng was seriously injured!

The giant gluttonous sky-swallowing dragon let out a proud roar: "Humble human, do you think I can't hurt you?"

At this time, Chen Feng smiled instead.

He stood up, touched the blood on the corner of his mouth, and spit on the ground with a \*\*\*\* saliva: "This beast is really cunning!"

The giant gluttonous swallowing dragon was furious and rushed up frantically.

A smile appeared at the corner of Chen Feng's mouth: "I now basically know where the gap is between the two of us, and how to deal with him in the future!"

Chen Feng's goal has been achieved.

Afterwards, Chen Feng avoided the Gourmet Swallowing Heavenly Dragon's offensive move, his figure flashed, and without looking back, he headed directly towards the black palace.

In a blink of an eye, he had returned to the black palace, shaking light towards Xuefeng, Han Yuer, and Qingqiu: "Go, let's go!"

With that, he hugged the three of them directly.

Almost at the same time, the fierce roar of the giant gluttonous dragon outside has arrived: "Boy, do you still want to run? I will crush you completely!"

His entire body hit the palace.

With a bang, the black palace was directly smashed into pieces, and the huge head appeared in Chen Feng's eyes!

Chen Feng had already picked up the three of them at this time, and the next moment, the Flashing Shadow Book started.

This was the first time Chen Feng tried to use the Floating Light and Glimpse Technique while holding other people in his arms.

A voice echoed in Chen Feng's heart: "The Floating Light and Glimpse Technique, this time it must work, it must work!"

Chen Feng whispered in his heart, while his whole person was holding his breath, he was quiet to the extreme, and his spirit was concentrated to the extreme.

He must make sure that he will definitely succeed this time.

Then, the power of the Floating Light and Glimpse Technique circulated in Chen Feng's body, and the six huge acupuncture points burst out with light.

The next moment, after a brush, Chen Feng split into six directly.

There are six Chen Fengs, each of them is holding Xuefeng and Han Yu'er in his arms, and there is no difference between the six Chen Fengs.

Chen Feng was ecstatic in his heart: "Successful, I succeeded!"

At this time, seeing Chen Feng's Floating Light Glimpse Technique, Gourmet Swallowing Tianlong was immediately stunned.

The strength of this giant gluttonous heaven-swallowing dragon was far better than the dark soul dragon that Chen Feng had killed before, but he didn't know much about the soul.

Therefore, it is impossible to immediately distinguish Chen Feng's body like that dark soul dragon!

He was even a little dazed at this moment.

But then he yelled frantically: "What if I can't tell, I will swallow all of you!"

He had a huge mouth and an extremely powerful suction, and three of Chen Feng's clones were directly sucked into his mouth alive.

The giant teeth fell, directly smashing these three Chen Feng clones alive.

Then, with a head bump, he smashed the other two Chen Feng clones.

The real Chen Feng, at this time, ran out frantically.

Although this giant gluttonous swallowing dragon can't tell which is the real him, his brute force is too tyrannical!

Just as he dealt with the avatars of Chen Feng, Chen Feng had already turned around and left quickly, but he couldn't catch up anyway.

Chen Feng laughed loudly: "You beast, I already know roughly how you attacked!"

"I admit, now I am not your opponent, I will not fight with you for the time being!"

"But you wait for me!"

Chen Feng suddenly turned his head, pointed his finger at Gourmet Swallowing Tianlong, and shouted sharply: "I will definitely come back and take your life!"

The giant gluttonous swallowing dragon let out a crazy roar, chasing behind Chen Feng, and also hurried outward.

escape!

At this time, Chen Feng had only this thought in his mind, and he was running away frantically.

Jin Peng's decision has been pushed to the limit by him. Chen Feng only felt that the countless scenery and the boundless mountains and rivers passed by his body.

His golden-winged roc-like body traversed the sky, bringing out a golden arc.

And Chen Fengsi did not dare to relax, because behind him, that huge voice was still chasing forward quickly.

It is the giant gluttonous swallowing dragon.

Chen Feng underestimated his will. He has been chasing Chen Feng for two hours, and he is still chasing after him!

You know, for their existence at this level, two hours are already extremely long. *NoVelUsb.com*

The higher the level, the greater the power and consumption, so the battle time is shorter.

Chen Feng looked back at him, with a sneer at the corner of his mouth: "This beast has been really strong enough. Okay, let's chase it!"

"It just so happens that my Jinpeng aspect is determined to break through!"

"The harder you chase, the greater my chance of breakthrough!"

A cruel look appeared on his face: "As long as you can't kill me today, I will be able to kill you!"

Chen Feng is ruthless to herself!

This chase and escape was another whole afternoon.

From the middle of the sun to the setting sun, and Chen Feng's second floor Jinpeng Juezi, it is really impossible to get rid of the giant gluttonous swallowing dragon!

The level gap is too great!

This giant gluttonous swallowing dragon is equivalent to the human seven-star martial emperor, and is four major levels higher than Chen Feng's present.

The sky is already full of moonlight.

Chen Feng was still at large. At this time, his Jinpeng aspect was still active, but the power was far less than before.

The golden feathers on his arms and the golden feathers on his upper body have all turned into a piece of withered yellow. They were golden yellow before.

At this time the light was dim and very withered, just like the flower that was about to decay.

However, Chen Feng's vision was blurred. He felt that he could not see anything in front of him, and his spirit was in a trance.

And he fled forward while vomiting blood crazily.

With a wow, Chen Feng sprayed out another big mouthful of blood.

#### [Chapter 2559: Fortune Wings! breakthrough!](#)

He felt a sharp pain in his chest and a pain all over his body, almost fainting directly.

At this time, a voice in his heart was madly roaring: "Chen Feng, you can't be unconscious, you can't be unconscious!"

"Once you are unconscious, you will be overtaken by that animal. Not only will you die, but your senior sister, Yao Guang, and the blood wind will all die!"

At this moment, in Chen Feng's arms, Han Yu'er held Chen Feng with tears streaming down his face, crying out crying: "Junior Brother, Junior Brother, how are you doing?"

The pain in her heart was terrible, and she almost choked with pain.

The blood wind was bursting with tears and bursts of crying.

He can't speak, but Chen Feng and Han Yu'er clearly understood his thoughts: "What do I do when I eat so fat? Blame me, Chen Feng is so slow now."

Chen Feng was struggling not to faint, but his vision became more and more blurred, his spirit became more and more tranced, and his whole person seemed to be dying.

Chen Feng's consciousness was sinking more and more, and he vaguely felt that when he sank to the lowest point, it was the time to die.

However, he couldn't control himself.

At this moment, Chen Feng suddenly felt the blood wind in his arms struggling frantically.

There are still tears in his eyes, but his expression has gradually become firm.

Chen Feng woke up abruptly, he immediately realized why Blood Wind was struggling, and knew what Blood Wind was doing.

"Bloodwind is trying to get out of his arms, relieve himself of the burden, so that he can escape!"

At the same time, the blood wind directed towards the giant gluttonous swallowing dragon behind him, making waves of crazy roars, seeming to be provocative.

Bloodwind was actually very afraid of him, but he did this to attract the attention of the giant gluttonous swallowing dragon and to allow Chen Feng to escape.

Chen Feng suddenly woke up.

His mind became very clear in an instant, he let out a roar, and hugged the blood wind tightly: "Blood wind, don't struggle, don't shake!"

"If you die, I will never live alone. Don't worry, I will take you away today!"

With that, Chen Feng was vomiting blood crazily again.

The gigantic gluttonous swallowing dragon behind him was not as good as before.

He gasped heavily, as if pulling a bellows, his footsteps were a little staggering, and his eyes were full of fatigue.

Even the muscles on his body have become loose from tightness.

After chasing at such a high intensity for so long, he was exhausted to the extreme, almost unable to bear it.

However, a puff of anger persisted in his heart, he was going to kill the murderer who had killed his son.

He almost chased Chen Feng to the end. Chen Feng has never been so embarrassed in his life!

And he could also see that Chen Feng was already exhausted.

He sneered triumphantly: "Little boy, do you still want to escape?"

"I told you that you can't escape, you absolutely can't escape, today, you will definitely die in my hands!"

Crazy laughter kept coming!

Chen Feng didn't pay attention to him at all. It turned out that at the moment Chen Feng just regained consciousness and regained consciousness, suddenly, he felt as if something had exploded in his brain.

The next moment, in Chen Feng's mind, there was a clear and beautiful call.

The figure of a golden-winged big Peng suddenly passed through Chen Feng's mind.

Then, one hovered and stood above his mind.

Then, it was reflected in Chen Feng's dantian, dazzling under the reflection of the four huge fireballs.

Chen Feng was shocked, and at the same time there was infinite joy in his heart: "This, is this the Golden Wing Roc?"

The phantom of this golden-winged roc is extremely powerful, and at the same time it gives Chen Feng the feeling that it is also extremely fast.

He swiped across it as if across the sky of the universe.

In the next moment, this Jinpeng broke into pieces directly, turning into countless light spots, and infiltrating Chen Feng's body.

Then, in the next instant, golden spots of light were lit up in various positions on Chen Feng's body.

At first it was his arms, then his upper body, and the next moment, it was his legs.

Then, these golden light spots are connected together.

A stream of golden light circulated in it, and with a swish, all the golden light spots on the surface of Chen Feng's body were connected together.

On his body, the golden light spread.

Then, above Chen Feng's arms and upper body, all the golden feathers that had become dim became radiant again.

And on his legs, there are countless golden feathers.

Chen Feng has completely transformed into a large-winged Golden Peng. His figure has changed from the size of an ordinary human before to more than three meters long, and his wings have reached about five meters in length.

It is like a miniature version of the big winged Jinpeng.

Chen Feng laughed loudly: "I broke through, I broke through!"

"My Jinpeng vertical and horizontal decision has broken through to the third level!"

"Now, I can travel 10 million miles a day and night, ten times the speed of the original first floor!"

"Hahaha, I broke through, I broke through!"

Chen Feng was extremely happy.

Han Yuer was also extremely happy, crying and laughing loudly and shouted: "Junior Brother, did you break through?"

Xuefeng stared at Chen Feng blankly, and burst into laughter the next moment.

At the same time, the extremely tyrannical power exclusively dedicated to Jin Peng's vertical and horizontal battle circulated in his body, and Chen Feng's arms shook, and with a swish, he flew far away.

It is more than ten times the original!

Seeing this scene, the giant gluttonous swallowing dragon was completely stunned, standing there in a daze, and let out an incredulous roar: "Impossible, how is it possible?"

"It shouldn't be like this! How can you break through?"

He had a feeling of crying without tears, and his heart was full of frustration. He stood there stupidly and didn't feel relieved for a long time.

The giant gluttonous swallowing dragon shook his head, sat down on the ground, panting heavily, he didn't even have the idea of chasing it down.

He knew he couldn't catch up!

And about half an hour after escaping, Chen Feng felt that his strength suddenly declined rapidly, even worse than the previous decline.

He was almost unable to support his whole body at this time.

Chen Feng felt a spirit in his heart, and said in his heart: "I know what's going on."

"Before, the reason why I was able to regain my energy was because of the strength that Jinpeng had instilled in my body when it made a breakthrough."

"In fact. My strength has never been restored, and now that strength is used up, I am naturally very embarrassed."

The golden feathers on the surface of Chen Feng's body became dim and exhausted again.

#### [Chapter 2560: The siskin is behind! Six Winged Leopard!](#)

At this time, Chen Feng took a deep breath, anyway, there was no longer the threat of the giant gluttonous swallowing dragon, so Chen Feng didn't have to run away so frantically.

He began to descend slowly, and soon fell on the ground, then he staggered and fell to the ground hard, almost unable to sit up.

Han Yuer stroked Chen Feng's face and said anxiously: "Junior Brother, are you okay?"

Chen Feng shook his head, a smile squeezed from the corner of his mouth, and said softly: "Don't worry, I'm fine."

Xuefeng also ran to Chen Feng anxiously, his tongue licking wet on Chen Feng's face, his face full of anxiety.

And Qingqiu Yaoguang looked at Chen Feng with worry.

Feeling the deep care in their hearts, Chen Feng felt warm in his heart.

He braced himself forcibly and smiled and said, "Don't worry, I'm just overworked, there won't be too much problem. "

As he said, Chen Feng uttered a wow, a mouthful of blood spurted out, sprayed Han Yu'er all over his face, and then he slumped heavily and almost fainted.

It turned out that Chen Feng's injuries were much more serious than he said. Not only did he have been severely injured by the giant Gourmet Heaven-Swallowing Dragon, but he ran away this way, frantically urging his potential and the blood in his body. , Has almost lost his burning vitality.*NovElusB.com*

He is only one breath away from death now!

"Big brother, what's going on with you?" Qingqiu shook his voice with a hint of crying.

And Han Yu'er was still able to stabilize at this time, and she helped Chen Feng and said, "Go, Junior Brother, I will first take you to find a secret place to heal your injuries."

Chen Feng nodded slowly.

At this time, the area where they are located is the mysterious and desperate situation of Wuwang Mountain Range, and it is closer to the center than where they were before.

Even from a distance, Chen Feng could see the huge mountain like chopsticks in the distance!

Where they are now is a canyon. The canyon is quite high and Han Yuer intends to find a place to hide here,

And at this moment, suddenly, a tyrannical and fierce momentum pressed down against them.

Han Yu'er was directly pressured by this momentum and spurted out a mouthful of blood, and fell to the ground, and Chen Feng couldn't be helped by her.

The blood wind was so crushed by this momentum that he couldn't move even if he lay on the ground.

An arrogant voice sounded: "Hahahaha, I didn't expect ah, I didn't expect that you could escape the chase of the giant gluttonous heaven swallowing dragon, but fell into my hands."

His voice was full of complacency: "I will pick up this great deal, and you will die in my hands today."

The voice got closer and closer, and finally, a huge figure appeared in front of them.

This figure is said to be huge, but in fact, it is nothing compared to a giant beast like the giant gluttonous swallowing dragon. Its body length is only a thousand meters.

There are five colors of red, orange, yellow, green and blue on his body. The five colors are not distributed in sequence, but show patches one by one, scattered on his body.

His whole appearance is like a huge leopard, but there are three huge wings on each side of his body!

After Chen Feng saw him, he suddenly felt horrified and whispered, "Six-winged divine leopard?"

On the way here, Chen Feng already had some understanding of the major monsters in the Wuwang Mountain Range. He knew that one of the ten major monster beasts in the Wuwang Mountain Range was the six-winged leopard.

It was a five-star demon emperor, a six-star martial emperor who was equivalent to a human being. He was quite powerful and was known for his speed.

"Hahaha, I didn't expect you to know my fame?" The six-winged divine leopard showed satisfaction on his face.

He found a cheap look on his face: "Boy, today you are going to make me cheap."

Chen Feng raised his brows, looked at him, and said lightly: "You have been following me?"

"Yes, I've been following you all the time. In fact, when you were fighting the giant Gourmet Sky-Swallowing Dragon, I was already there to observe you."

"And when he was chasing you, I followed him all the way."

He looked at Chen Feng and said, "Your kid's speed is really fast. I can hardly catch up. I still follow your breath all the way."

"Hahaha, it's ridiculous, that giant gluttonous swallowing dragon has lost all previous efforts, in fact, as long as he chases you for a while, he can easily catch you up."

"And now, I want to enjoy your secrets exclusively!"

"You humble human being can reach this state, and your strength is still so young, you must have many big secrets!"

With a greedy expression on his face, he stared at Chen Feng: "I will torture all your secrets, and then I will throw your body directly into your mouth and eat it."

"Hahaha, you can reach this state, presumably your blood is also very strong?"

"After I swallow your blood, I will definitely be able to advance and become a powerful existence no less than the giant gluttonous Heaven-swallowing Dragon!"

The villain on his face made it clear that he was here to take advantage.

Chen Feng stood up slowly, an arrogance rising in his heart, he looked at the six-winged divine leopard, and looked at the monster beast that he could easily kill.

A disdainful smile appeared at the corner of his mouth, and he whispered, "No matter how utterly depressed I am, I won't be humiliated by dogs like you!"

"you wanna die!"

Hearing this, the six-winged divine leopard was immediately stimulated with self-esteem, let out a crazy roar, and rushed towards Chen Feng fiercely.

Although his strength is no better than the giant Gourmet Swallowing Heavenly Dragon, it is not what Chen Feng can resist now.

There was a hideous look on his face: "Boy, I will cut off your limbs first, abolish your cultivation skills, and then slowly torture you!"

He rushed towards Chen Feng, Chen Feng was about to resist, but with a stroke, the six-winged divine leopard appeared directly behind him.

Although this six-winged divine leopard is very large, its speed is extremely fast. He came behind Chen Feng, and the huge claw was like a knife, directly across Chen Feng's right arm.

The extremely hard and sharp claws slammed into Chen Feng's jade bones and golden muscles, and with a click, directly cut off all the flesh and blood of Chen Feng's right arm, and then severely chopped on his bones. .

Cut his flesh and blood, the flesh and blood is golden, cut to his bones, and the bones are the color of jade!

Countless sparks splashed. Although Chen Feng could not cut off his arm, he also cut off more than half of his arm bone, leaving only a trace of it hanging on Chen Feng's body.

A violent pain came, causing Chen Feng's pain to the extreme.

However, he forcibly held back it, just let out a muffled hum!

And this time, the fact that Chen Feng's arm was not cut off was a slight surprise to the Six Winged Leopard.
