[Chapter 2661: Recast Soul Space!](#)

This Chaoge Tianzi City is very close to the sky, and it seems to be very close to the big day, and it is even within reach of the sunset.

The endless sunset seems to quietly fall above the head, and you can reach it as soon as you reach out, and it is very magnificent.

Chen Feng sighed softly. Even though he had watched it countless times, every time he saw him, he still felt a tremor and move from the bottom of his heart.

Then, Chen Feng did not enter the house either, he went straight to the edge of the barren mountain and found a cliff.

He sat cross-legged on the cliff, looked at the big sun, and sighed softly:

"Now I am going to start practicing."

"I have stayed in the realm of the Seven-Star Martial Emperor for too long. It is already time to break through."

"However, before that, there is one thing to do first, that is..."

In Chen Feng's eyes, a cold light flashed: "Restore my soul space!"

The soul space is about Chen Feng's spiritual power.

As for Chen Feng's mental power, although it has no direct relationship with his martial artist realm, it is still inextricably linked.

If Chen Feng's mental power is not properly cleaned up, it will be difficult to improve his martial arts realm.*novelUs&.com*

Chen Feng took a deep breath, closed his eyes, and sank into his soul-man space.

In the soul space, at this time, it was barren, like ruins, the area became very small, and there was no vitality inside.

All the water has disappeared, all the mountains have disappeared, and the things that Chen Feng created before have also disappeared without a trace.

It's like a desert floating there.

And above this desert, there are the huge snake scale armor, the huge yellow bird feathers and so on.

Above this desert, there is the power of the soul in the wild, many, but very complicated.

Intertwined together, people can't tell which ones are Chen Feng's own and those that are messy.

And Chen Feng's own soul-man power was trying his best to maintain the existence of this soul-man space.

This soul-man space has not only fallen to the first-class soul-man space, but it is also only one step away from the collapse!

A wry smile appeared on Chen Feng's face: "My soul-man space has actually fallen to such a realm."

"Originally, it reached the fourth level of the soul person space!"

Then, Chen Feng took a long sigh, and a confident smile appeared at the corner of his mouth: "I had no time, no energy, and no ability to clean up. I can only keep it as it is."

"But now, it's different! Now is the time to change!"

At the next moment, Chen Feng's heart moved.

So, in front of him, suddenly, a huge black ball jumped out.

This black sphere is like the finest black pearl, extremely huge, with a diameter of two meters, which is bigger than Chen Feng.

And if you look closely, you will find, where is this black pearl?

On the outside, there is just a layer of things similar to black bubbles and black crystal barriers.

Inside, countless black aerosols are sealed.

These black aerosols made waves of howling, and even through the thick transparent barrier, one could feel waves of extremely huge soul-man power coming from it!

The black mist inside, after seeing Chen Feng, suddenly roared ferociously.

They were entangled and condensed into a strip of things that looked like black poisonous snakes. They pierced and pierced, and they opened their mouths towards Chen Feng and yelled sharply, extremely ferocious.

His eyes were full of spite.

Obviously, they wanted to devour Chen Feng alive.

However, Chen Feng didn't care at all, only a sneer appeared at the corner of his mouth: "You have lost the soul power of the Lord, and now you dare to be arrogant here with me?"

"In the beginning, none of your masters were my opponents. Now you are under my hands, just a delicious dish. Where is the right to resist?"

With that, Chen Feng closed his eyes and held his breath, ignoring them at all.

After a long time, Chen Feng's heart was at the utmost peace, and also at the utmost peace.

So he took a deep breath, and shot his palms forward.

When his palms were about to touch the huge black sphere, the soul-man powers in it screamed sharply, extremely excited.

They slapped frantically towards the transparent barrier and swam towards the place where Chen Feng's hands were about to touch.

They seem to want to swallow Chen Feng!

And the next moment, their screams were ten times louder, but it was not just a roar full of excitement, but a cry full of panic.

There was even a deep fear in it.

It turned out that on Chen Feng's hands, golden light flickered, and the power of the dragon descending Arhat suddenly poured out, and the power of the dragon descending Arhat was already all over his hands.

Chen Feng's power to drop the dragon and Arhat is the greatest nemesis of the power of these dark soul souls.

These dark soul powers have not yet touched the power of the dragon descending Arhat, just seeing it, just feeling its breath, it is already feared to the extreme.

They know that they will be melted at any time.

They flinched back frantically, no longer being arrogant.

Chen Feng sneered: "Why are you not crazy now?"

However, his hands didn't stop at the slightest, and with a click, he slammed on the transparent barrier, directly breaking the barrier.

Then, he stretched his hands into the black ball and touched the dark soul power.

Those dark soul powers screamed screaming, trying to dodge.

But where can I hide?

Chen Feng's hands penetrated directly into these dark soul powers, directly into their inner core.

As a result, with a bang, the screams of the dark soul powers were countless times louder, as if countless individuals were screaming desperately!

Chen Feng hummed softly, and the strength of the dragon descending arhat increased.

As a result, the screams reached a point.

After that, it weakened rapidly.

At the same time, the immense dark soul power was purified by Chen Feng's power of the dragon descending Arhat, and poured into his body along his hands.

Chen Feng felt that the huge, extremely pure dark soul power poured into his body, suddenly let his mind, his soul, and his whole person feel comfortable.

It's cold from the inside to the outside, but it's not the kind of icy coolness, but the kind of refreshing coolness.

Comfortable to the extreme.

The enormous and incomparable power of the original soul was continuously drawn into his body by Chen Feng, and at the same time, in the soul person space, suddenly, dark clouds gathered.

Above the sky, a heavy rain poured down.

These heavy rains are actually the result of these soul forces.

[Chapter 2662: Level 5 Soulman Space](#)

Heavy rain splashed in the soul-man space, above the entangled soul power.

Suddenly, all the original soul powers were melted by ice and snow, and they were assimilated into the most original soul power.

This soul power kept pouring in and turned into a heavy rain.

After being sprinkled on the ground, the ground continues to extend outward, and in a blink of an eye it has stretched ten times, and it is still getting bigger.

Moreover, the sky is constantly getting higher, and the desert is also becoming a normal land.

Finally, after I don't know how long, the black ball shattered directly with a boom.

The last trace of dark soul power inside was also completely absorbed by Chen Feng.

After Chen Feng had absorbed it, he sighed softly, his brows feeling refreshed.

But at this moment, the soul-man space had completely changed its appearance, it was dozens of times larger than just now, and the height was also higher.

Not only was it extremely huge inside, but there was no more chaos, and it became very stable.

It was even full of strong vitality!

Chen Feng looked at this space of souls, with a chuckle at the corner of his mouth: "Level 5 space of souls!"

"After the dark soul power of this dark soul dragon is completely absorbed by me, not only will my space be completely restored, but it will also promote me to the fifth level of the soul person space."

"I am now a fifth-grade soul sect."

Chen Feng laughed.

At this time, the radius of his soul-man space has reached 500 miles, and the height has reached 500 meters!

At the next moment, Chen Feng began to transform his own turbid soul space.

Chen Feng has done many times for transforming the space of souls, and is very familiar with it.

Soon, under the instigation of his mind, in his soul-man space, flat ground appeared, mountains appeared, and rivers appeared.

The river meanders through the entire soul-man space, and finally flows into the endless void on the edge.

In the mountains, metal deposits appeared, and grasses appeared by the river.

Even more than just the green grass, in that piece of green grass, there was an exceptionally strong seedling that quietly pushed open the soil.

Then grow up.

Soon, it grew to be as high as a grass. Other grasses had stopped growing, but he was still growing up.

Chen Feng quickly noticed him and cast his eyes there.

Then he was surprised to see that this was not a grass, but a sapling.

This little sapling grew higher and higher, and finally turned into a thorn tree.

This thorn tree is not too high, only two feet high.

It's not too thick, it's about the thickness of a little finger, and it's not even straight enough.

After he was a little taller, he hung down flexibly, but Chen Feng looked at him with infinite joy in his heart.

"Vitality, I feel my soul-man space, the vitality inside is more intense than before!"

"Originally it could only support a piece of grass, but now saplings have appeared."

Although it is just a small, inconspicuous two-foot-tall sapling, the significance of this is self-evident!

This means that, in Chen Feng's Soul Person Space, the vitality in it is already stronger and more intense than before.

Looking at this thorn tree, Chen Feng was even more thoughtful, and an inexplicable touch surged.

This thorn, born in the desert, relied on the little water and nutrients to struggle upwards and survived tenaciously.

It is extremely tenacious. For those monsters and little beasts, he is a hard bone. If he wants to take a bite, he must bite his mouth full of blood.

"How similar it is to me!"

Chen Feng's heart trembled heavily.

"I was born in such a treacherous environment, struggling all the way up, all the people who wanted to kill me were beaten up by me."

"How similar is it to the growth of this thorny road, Chen Feng, now?"

There was a chuckle at the corner of Chen Feng's mouth, and after taking a deep look, he cast his gaze to the center of the soul person space.

In the center of the soul-man space, a soul-recruiting tower appeared again quietly.

However, Chen Feng took a look and found that his altar in this soul-recalling tower still couldn't accommodate any of the snake spirit or yellow bird feathers.

However, Chen Feng did not care.

He was not so eager to summon soul servants now. *noVelUsb.com*

What he needs now is to improve his strength as quickly as possible.

Chen Feng believed that no matter how powerful the Soul Servant he could summon, he could not bring such a huge change to him!

Soon, the soul of the soul was sorted out by Chen Feng, and then he retreated.

At this time, his soul-man space was rebuilt, and it was time to start to improve his realm!

Chen Feng broke away from the soul space, and then returned to the cliff again.

He opened his palm, and a jade box appeared in the palm of his hand.

Opening the jade box, a huge pill the size of a fist appeared in front of Chen Feng.

This huge pill the size of a fist, the whole body was red as fire, as if there was a flame burning.

Moreover, this is not Chen Feng's illusion, because the surrounding temperature suddenly rises by several hundred degrees as soon as the pill is taken out.

Within 100 meters around Chen Feng, the temperature became extremely hot.

At such a temperature, even a warrior with quite good strength, as long as he enters within 100 meters of Chen Feng's body, he will immediately be burnt to death, or even burnt into coke.

The air is flashing waves of waves!

And the next moment, all of a sudden, this thick, hot, and immense power, but disappeared without a trace.

Instead, there was a wisp of yin and cold, quietly oozing from the pill.

Chen Feng looked at the pill that had turned blue, and he felt as if a chill was rising from the bottom of his heart.

The faint blue light and the faint blue power seemed to be able to shock the soul.

This power is getting stronger and stronger, and finally, like a storm, the surrounding 100 meters are shrouded in blue light.

At this time, it was already extremely cold, and the cold was overflowing, the stone was directly frozen and cracked in an instant, and the snow was flying in this area, and the snow fell.

Even Chen Feng couldn't bear this kind of cold.

He felt that in this extreme ice cold, his soul was frozen.

This is the true essence of Jiuyin Soul Town Pill, the coldness is extremely cold, and it is extremely cold, and even the soul seems to be able to calm it.

A smile appeared at the corner of Chen Feng's mouth: "It's worthy of being a Level 5 Jiuyin Soul Calming Pill, which is enough to deal with a martial arts spirit of the ten thousand year level."

"good very good!"

In the next moment, Chen Feng disappeared here, and he appeared in the Martial Spirit space.

[Chapter 2663: Tame the Ba Snake Wuhun!](#)

In this huge Martial Spirit space, the Ba Snake Martial Spirit was crouched there, not knowing what he was doing, his eyes staring forward blankly.

Seeing Chen Feng appear, he straightened up suddenly, as if standing up, staring at Chen Feng with Sen Han's eyes.

Full of greed, obviously want to eat it.

Chen Feng snorted coldly, "This beast really hasn't changed after repeated teaching!"

As if feeling the thoughts in Chen Feng's heart, the Ba Snake Wuhun stared at Chen Fengfeng, let out an earth-shaking roar, and rushed towards Chen Feng.

Suddenly, the force that restrained him disappeared without a trace.

And his offensive this time was more powerful than any previous one, but he didn't know how many times it was, and his eyes showed unspeakable determination.

Seeing his gaze, Chen Feng's heart trembled, and he immediately realized that this time the Ba Snake Wuhun had to do his best to get rid of himself.

Chen Feng sneered: "Do you think it is possible?"

The power of the dragon descending arhat surged out, covering Xiangba Wuhun.

In an instant, it spread upward along the body of the Ba Snake Wuhun.

This power is exactly the nemesis of the Ba Snake Wuhun.

This power poured into Ba Snake Wuhun's body, and then seemed to follow every scale, every gap, and every part of her body to pierce him fiercely.

The extremely intense pain came, causing him to let out a scream, his whole body twisted violently.

If he were to change from the past, he was so badly hurt and hurt in this situation, I was afraid that he would immediately shrink back, and would remain in awe of Chen Feng.

But today, it is not.

He endured the huge pain and rushed madly at Chen Feng.

Chen Feng's heart was stunned: "It seems that he actually broke the boat and wants to die with me?"

A sneer appeared at the corner of Chen Feng's mouth, calmly and calmly: "Want to break the boat? Want to die with me? You are not qualified!"

With that said, Chen Feng raised his right hand high.

In the palm of his hand, it was the Jiuyin Soul Reducing Pill.

But the light of Jiuyin Zhenhun Pill could only cover a range of about 100 meters. At this time, the Ba Snake Wuhun fiercely rushed towards him, and the Ba Snake Wuhun was extremely powerful and fast. He immediately pounced in front of Chen Feng, pounced into the range covered by the light of the Jiuyin Soul Town Pill.

In the next moment, as soon as the light of the Jiuyin Soul Refining Pill touched the body of the Ba Snake Wuhun, it immediately seemed to have spirituality, and it exploded directly with a bang.

Blast a huge group of bright red light!

Then, this light group expanded sharply, and in a blink of an eye it enveloped a full 50,000-meter radius.

Within the range of 50,000 meters, they are all shrouded in light masses.

If it were a martial spirit of the general ten thousand year level, it could already be completely covered by the range of 50,000 meters, completely covered by the power of this nine-yin soul calming pill.

However, Chen Feng's Napa Snake Spirit is a spirit that has surpassed the ten thousand year level, with a body length of 200,000 meters.

Therefore, only the huge head and one section of his body were shrouded in him.

Seeing this scene, Chen Feng raised his eyebrows slightly, and said, "It seems that the Level 5 Jiuyin Soul Calming Pill is still not enough to suppress all the Ba Snake Wuhun."

"However, for now, it is enough!"

Following Chen Feng's words, the Jiuyin Soul Calming Pill exuded tyrannical power and slammed it towards Ba She.

But the Ba Snake Wuhun seemed to feel the powerful force approaching his body, and he could no longer attack Chen Feng, using the power he said to attack fiercely towards the coming Jiuyin Soul Calming Pill.

Because, he felt that this force could make himself suffer severely.

All his power came out by bombardment.

But the next moment, when the incomparable red light of the Jiuyin Soul Town Soul Pill was about to reach his body, it suddenly turned into an extremely blue light.

As a result, the Ba Snake Wuhun seemed to be shaken.

All his powers were used to deal with the red light, and now the red light suddenly turned into blue light, which made him be completely confused.

His defense was basically ineffective, and the ice blue force was easily destroyed directly.

Then, the blue light directly enveloped his body.

At the next moment, Ba Snake Wuhun uttered a screaming scream, which made him even worse than when the power of the dragon descending Arhat attacked him.

But then, the scream disappeared without a trace.

He became very sluggish, as if even his consciousness had been erased.

Everything, all the minds, are gone, only a squirrel remains.

Then, the blue light disappeared and the red light appeared.

Ba Snake Wuhun's body trembled violently. The next moment, blue light appeared again and the red light disappeared.

So it goes back and forth.

When the blue light appeared for the fourth time, Chen Feng suddenly felt that between himself and the Naba Snake Martial Spirit, it seemed that there was a sudden communication!

My own thoughts are connected with the thoughts of Ba Snake Wuhun.

However, at this time, the Ba Snake Wuhun still had his own ideas and opinions.

When Chen Feng wanted to order him to do something, he felt an emotion called resistance from the Ba Snake Wuhun.

And when the blue and red light flickered for the fifth time, Chen Feng ordered the Ba Snake Wuhun to do something, and he found that the Ba Snake Wuhun's body moved obviously..*Novel***Usb.com**

The power of that **** has also weakened a lot.

When the light flickered for the seventh time, Chen Feng discovered that the defensive power in the spirit of the Ba Snake Wuhun had disappeared without a trace.

Finally, with a bang, after the ninth red and blue flashes, the light of the Jiuyin Soul Soul Pill disappeared completely.

The Jiuyin Soul Town Soul Pill also blasted, shattered directly, turning into countless rays of light and disappearing.

At this time, even though the Ba Snake Wuhun lost the control of the Jiuyin Soul Calming Pill, he still remained motionless there, and did not even attack Chen Feng.

Chen Feng was overjoyed, and immediately sank and closed his eyes.

The next moment, with a bang, when he opened his eyes, he felt like a vast space in front of him.

Chen Feng was overjoyed in his heart: "I can completely control the Ba Snake Wuhun. My mind is exactly the same as the Ba Snake Wuhun. This Wuhun is now completely controlled by me!"

A chuckle appeared at the corner of Chen Feng's mouth, and the next moment he returned to his body.

But at this time, the Naba Snake Martial Spirit finally moved, and the look in his eyes regained once again.

He looked at Chen Feng, but at this time, his eyes were no longer cold, evil, greedy, and wanting to swallow Chen Feng's eyes, but full of gentleness and dependence.

[Chapter 2664: too slow!](#)

He quietly approached Chen Feng, his huge body approached Chen Feng, but it was like a little bird Yiren.

It seems that it is not him who is huge, but Chen Feng.

When Chen Feng saw it, he smiled gently.

Ba Snake Wuhun was completely tamed!

At the next moment, I was a little bit lucky: "Actually, the fifth-level Jiuyin Soul Calming Pill is not enough to suppress the Ba Snake Wuhun."

"Fortunately, this Ba Snake Martial Spirit seemed to be somewhat lacking in mind when it was born. His mind was far different from that of other Martial Spirits of the same level. It might even be a quarter of the mind of other Martial Spirits. Can't reach it."

"That's why this Jiuyin Soul Town Soul Pill can tame it!"

Chen Feng was now able to completely control the Ba Snake Wuhun, which also made him quite happy.

After all, the Ba Snake Wuhun has always been rebellious and even wants to beat him back. This has always been a concern for Chen Feng!

In the next moment, Chen Feng broke away from the Wuhun space and returned to the real world.

At this moment, beside his body, there was a light, hazy.

That is the passage between the real world and the space of the soul.

Ba Snake Wuhun hides there.

Chen Feng stretched his right hand into the space next to him. Strangely, after he reached into the air, his right hand disappeared, as if there was a space channel there.

A cold touch came from Chen Feng's hand, he was stroking the top of Ba Snake Wuhun's head at this time.

A chuckle appeared at the corner of Chen Feng's mouth, the existence of the Ba Snake Wuhun gave him an extremely secure sense of peace!

Chen Feng said softly: "The spirit of martial arts has been completely tamed by me. Now, it's time for me to start absorbing the Burning Blood Pill to improve my strength."

What Chen Feng did just now was not to improve his strength.

It's to stabilize the rear and stabilize your martial soul!

The reason why Chen Feng had to use the Jiuyin Soul Suppression Pill first was because in the Martial Emperor Realm, the higher he cultivated, the more he had to rely on the Martial Soul. [noVelutSb.com](http://www.VelutSb.com)

The spirit of martial arts will play an extremely important role in cultivation. If the spirit of martial arts is strong and obedient, then the strength will be rapid and the speed of cultivation will be extremely fast.

If the Martial Spirit is weak, the cultivation speed will slow down.

And if the martial spirit is powerful, but not obedient, then not only will the cultivation speed not improve, but it may be swallowed and backlashed.

It leads to confusion, loss of strength, and even death.

Just now, Chen Feng was in such a powerful but disobedient situation.

Although he used the power of the dragon and Arhat to forcibly conquer the Ba Snake Martial Spirit, the Ba Snake Martial Spirit was not so obedient at all, and Chen Feng was only able to prevent him from threatening himself for the time being.

But it was very difficult for him to work for him, so Chen Feng had to tame this martial soul before he could say anything else!

Chen Feng flipped his left hand, and in the palm of his hand there was a pill about the size of a finger belly.

This pill, about the size of a finger belly, showed an orange-yellow color throughout, which was very beautiful.

Huang Chengcheng, gleaming with a hazy light, as if at night, the outer layer of the bright moon was covered by a trace of moonlight, hazy and mysterious, but it also revealed an indescribable huge power.

This tyrannical force, like the tide, came surging in waves, and then faded in an extremely powerful posture.

The next moment, it will make a comeback again!

It is extremely powerful and magnificent, which is a characteristic of this pill to Chen Feng.

This is the Burning Blood Pill.

The aura above it is second, and what shocked Chen Feng the most was the tremendous power that was constantly growing in it.

Chen Feng took a deep breath. It was the power emanating from the pill that he took such a breath, giving him a feeling that his strength could be improved.

Chen Feng sighed slightly. This three-level blood burning pill is worthy of being used by eight-star martial souls and below. I feel that although its purity is not as pure as the blood of a yellow bird, its quantity is There is nothing wrong.

Moreover, there are no toxic toxins in it, and it is not harmful to my body.

Chen Feng took a deep breath, whispering in his left hand the third-level blood-burning pill. In the palm of his hand, the power of the dragon descending arhat gushed out, and he began to polish the surface of the blood-burning pill little by little.

As the power of the dragon descending arhat permeated and polished, Chen Feng felt a wisp of coolness, and the subtle and gentle power poured into his body from the burning blood pill.

After pouring into his body, Chen Feng felt his power of heaven and earth quietly moved and became even larger in an instant.

A light smile appeared at the corner of Chen Feng's mouth: "It seems that absorbing this is indeed useful."

Next, Chen Feng used the power of the dragon descending Arhat to continuously absorb it.

Time went by little by little, and the moon rose under the big sunset.

Soon, it was late at night, and the moon, skewed little by little, was already in the early morning when the sun was about to rise.

Chen Feng has been sitting here cross-legged for six full hours, more than half a day.

At this moment, Chen Feng suddenly opened his eyes and frowned.

He looked at the Ren Burning Blood Pill in his palm.

At this time, this orange-yellow Burning Blood Pill was no different from before, and there was almost no difference in size.

Chen Feng frowned and whispered to himself: "I spent a full six hours polishing and absorbing it, but it only made it smaller than one-twentieth."

"In this way, if I want to completely absorb this burning blood pill, it will take at least ten days."

He remembered what Lu Yutang had said before: "If the Seven-Star Martial Emperor comes to absorb a three-level blood-burning pill, then people with high talent can absorb it in about half a month."

"There are people with low talents for one month or even two months."

Chen Feng raised his eyebrows and said: "If I can absorb it in ten days, then I will be better than those with high talents, but the strength is limited."

"In this way, when can I break through to the peak of the Martial Emperor Realm?"

"At least, I can't do it in half a year!"

"I'm an outstanding genius, I'm an extremely talented person, how can I be at the same speed as those people?"

"My speed must surpass them ten times a hundred times a thousand times!"

Chen Feng clenched his fists, his eyes flashed: "No, this method must be changed, it is too slow for me!"

At the next moment, Chen Feng suddenly felt that the Naba Snake Martial Spirit, who was touching with his right hand, trembled suddenly.

From the Ba Snake Wuhun, there was an extremely eager emotion.

And the reason why he sent this eagerly longing emotion was because he had sensed the existence of that burning blood for making chemical pills.

[Chapter 2665: The tyrannical Ba snake spirit!](#)

Chen Feng moved in his heart and said softly, "You want to swallow this blood-burning pill, right?"

The Naba snake spirit nodded vigorously.

Chen Feng smiled slightly, without any hesitation, and directly sent the Burning Blood Pill into the void on his right front.

Then, Chen Feng felt cold in his hands.

In the next moment, the blood-burning pill disappeared.

Chen Feng stroked the Ba Snake Martial Spirit, and suddenly felt that the entire body of the Ba Snake Martial Spirit trembled violently, and there was a lot of joy in it.

When Chen Feng entered the Martial Soul Space, he saw that the Ba Snake Martial Soul had already swallowed the entire Burning Blood Pill.

And the next moment, the Burning Blood Pill was in his body, and it bloomed instantly.

That huge power is surging.

It took Chen Feng a full six hours to digest one twentieth of the Burning Blood Pill, and at this moment, it was completely absorbed by the Ba Snake Martial Spirit.

Chen Feng looked at it with a wry smile: "It's really a human being more than a popular person! He can absorb it so easily, I want to absorb it, but it is hard to beat the sky!"

However, he was not jealous.

The faster Chen Feng absorbed his martial soul, the happier Chen Feng was for him.

However, the next moment, a scene that surprised Chen Feng appeared.

The power of the blood-burning pill was surging in the body of the Ba Snake Wuhun, but after it burst, it did not flood into his body.

Instead, in his body, it condensed into a big ball.

Then the next moment, Ba Snake Wuhun's gaze was toward Chen Feng, his gaze was full of admiration, and there was a trace of expectation, as if to say: "Hurry up, accept it!"

Chen Feng was stunned, and then in the next moment, he instinctively stretched out his hands and pressed them against the hand of the Ba Snake Wuhun.

Almost at the same time when Chen Feng touched the body of the Ba Snake Wuhun with both hands, a huge, extremely gentle, and extremely powerful force burst out of the Ba Snake Wuhun with a boom, and poured into Chen Feng. Of the body. *NovelusB.com*

This force followed Chen Feng's hands, madly pouring into Chen Feng's hands.

It's like turning into two big rivers, constantly pouring in.

Chen Feng was shocked!

It turned out that the Ba Snake Wuhun swallowed the blood-burning pill, not for him to absorb it, but for himself!

After Chen Feng was shocked, there was a burst of ecstasy.

He took a deep breath, without any hesitation, held his breath, concentrated all his attention, and frantically accepted the power in the burning blood and making chemical pills.

And the next moment, the Ba Snake Wuhun seemed to be too slow to supply him with the power pouring from Chen Feng's arms.

He actually directly exploded the powerful power of the blood-burning pill, and wrapped Chen Feng in it.

It is like a bubble that wraps Chen Feng inside. That incomparably powerful force, through Chen Feng's seven orifices, through every pore of Chen Feng, madly penetrates into it.

Chen Feng felt that he seemed to be soaked in warm water, and he was extremely comfortable and comfortable.

And that power is really extremely powerful.

With a bang, Chen Feng saw that one hundred and twenty orange slips appeared in front of him.

That is his orange power of heaven and earth!

Then, the one hundred and twenty-first orange power of heaven and earth appeared at a speed visible to the naked eye.

Then there is one hundred and twenty-two ways.

Then came the one hundred and twenty-third way.

It turned out that when Chen Feng was cultivating, every time that orange power of heaven and earth appeared, it would take a long time and a lot of work.

But now, it seems effortless, appearing one after another.

Chen Feng was overjoyed, he held his breath and continued to absorb.

Finally, an hour later, Chen Feng completely absorbed all the power in the Burning Blood Pill.

At this time, the orange power of heaven and earth in front of them had also changed from one hundred and twenty before to a full 130.

Ten orange powers of heaven and earth!

A smile appeared at the corner of Chen Feng's mouth: "This Burning Blood Pill has allowed me to increase the power of the entire ten orange heavens and earth."

"Hahaha, the power of this blood burning pill is really tyrannical!"

"Moreover, the most important thing is that the time I use is short!"

"I only used an hour's time, and I have absorbed so much."

At this time, in the distance, the morning light is faint and the sun is rising.

Chen Feng greeted the big day, opened his arms, and deeply breathed some cold fresh air in the early autumn, feeling a sense of comfort in his heart!

Then, Chen Feng took out another Burning Blood Pill.

This time, he did not cultivate himself, but directly gave it to the Ba Snake Wuhun.

Ba Snake Wuhun was also very happy, and Chen Feng keenly realized that the reason why he was so happy was not just because he was able to help himself.

It seems that after this burning blood pill was swallowed by him, even though this power was given to himself, he could also get considerable benefits from it.

As for the benefits, Chen Feng is now uncertain.

However, this is not the time to delve into it, he only needs to know that through the Ba Snake Wuhun, his absorption speed can be greatly improved!

This Burning Blood Pill was quickly absorbed by the Ba Snake Wuhun, and in a flash, it had been refined into a powerful force.

Then, it was injected into Chen Feng's body again.

Another hour later, Chen Feng looked at the orange power of heaven and earth that had increased to a full one hundred and forty in front of him, and his smile on his face was even more delighted!

Chen Feng said happily: "I am now absorbing a Burning Blood Pill, and it takes an hour."

"And even for some small geniuses, it takes half a month to absorb them."

"Half a month, fifteen days, a day is twelve hours, that is to say the speed of my absorption..."

Chen Feng paused: "It's a full 180 times theirs, and the speed at which my strength improves is also 180 times theirs!"

Chen Feng laughed!

He was extremely excited, without any pause, non-stop, continue to absorb.

Until the evening of the same day, Chen Feng had absorbed five Burning Blood Pills.

Counting the previous two, now it has reached seven!

At this time, Xuanyuan Ruolan had already returned.

However, when he came back, Chen Feng was practicing.

She looked at the side for a while, a smile appeared at the corner of her mouth, and her heart was clear, knowing that Chen Feng was in the most intense practice, and did not disturb him, and quietly went back to the house!

Ten days later!

With a bang, a blood-burning pill burst into pieces and was directly absorbed by the Ba Snake Wuhun.

Then, incomparable power poured into Chen Feng's body!

After this extremely powerful force poured into Chen Feng's body, Chen Feng suddenly felt that everything in front of him was different.

[Chapter 2666: breakthrough! Five-star Wuhuang!](#)

He felt that he had entered an extremely weird, but also an extremely unforgettable and extremely comfortable state.

After he entered this state, he felt as if everything in his body could be controlled.

He felt that he could perceive everything in the outside world, even the slightest.

He felt that he was extremely powerful as if he could control the world.

This kind of power to control everything made him scream.

Chen Feng's arms shook, and that powerful force suddenly emerged in him.

In front of him, a total of nine hundred and ninety-nine jade slips appeared.

Ninety-nine orange powers of heaven and earth emerged in front of Chen Feng, organized into a huge orange chapter.

This orange chapter, shimmering, appeared in the form of a rolled up scroll at first.

Then, it started slowly.

There were countless ancient clumsy symbols in it, and Chen Feng was shocked: "What is this? Why is there such a thing in my jade slip?"

However, Chen Fengfu was very spiritual, and immediately realized that these ancient clumsy symbols definitely had something to do with his breakthrough to the realm of the Great Martial Emperor.

However, he was dazzled, but he couldn't see clearly.

In the next moment, these symbols disappear.

Chen Feng didn't panic. He knew that these symbols would still appear the next time he broke through.

That powerful force surged in his body.

The power of the Burning Blood Pill that had just been mixed in from the Ba Snake Martial Spirit was also poured into it.

So, with a bang, the next moment, an orange power of heaven and earth suddenly formed, making up the last one!

A thousand orange powers of heaven and earth!

Chen Feng's orange power of heaven and earth directly increased to 1,000.

Moreover, he also felt that his power had always been like a flood trapped in the dam, struggling crazily, but could not get rid of it.

But at this time, with the appearance of the thousandth orange power of heaven and earth, the flood was much stronger than before, and it hit the dam once again.

As a result, with a bang, the dam was directly broken and disappeared without a trace!

And the flood, instantly filled the world, extremely powerful!

Chen Feng opened his arms, opened his eyes, and a sharp light flashed in his eyes.

He laughed loudly: "Five-star Martial Emperor, I broke through!"

"Now, my level has reached the five-star martial emperor, and my strength has reached the realm of the eight-star martial emperor!"

"Hahahaha, I broke through!"

Chen Feng laughed, extremely excited!

"The last blood-burning pill made me break through to the realm of the five-star martial emperor!"

It turned out that the blood burning pill just now was already the last one.

At this point, Chen Feng has exhausted a whole hundred burning blood pills.

Chen Feng absorbed the Burning Blood and Naturalization Pill to the end, and the rate of absorption became faster and faster.

However, with every burning blood pill, the power of heaven and earth that can make him grow is getting less and less.

So that he had absorbed the last blood-burning pill, which had nine hundred and ninety-nine powers of heaven and earth before, and the hundredth burning-blood pill, finally made it complete.

The thousandth orange power of heaven and earth took shape, and Chen Feng also broke through smoothly.

Chen Feng clenched his fists, feeling the extremely surging, extremely powerful power flowing in his body.

He slowly said, "My current strength is ten times as great as before!"

"I am absolutely nothing to deal with even if it is dealing with a general Eight-Star Martial Emperor."

A fierce look flashed in his eyes: "When I was in the Wuhun test, Xuanyuan Junxiong of the Eight-Star Martial Emperor, I am not his opponent."

"But now, if I run into Xuanyuan Junxiong again, I will be able to kill him easily!"

"And even if I meet Xuanyuan Ruochen, I will have the strength to fight!"

Chen Feng now has the strength equivalent to the elder of the outer sect.

If this news spreads out, I am afraid it will shock everyone.

After all, he is only twenty-four years old!

At this moment, Xuanyuan Ruolan stood under the cliff and looked at Chen Feng silently.

When Chen Feng struggled out of the excitement and joy, he smiled and said, "Feng'er, congratulations!"

Chen Feng smiled slightly, jumped off the cliff, looked at her, and said loudly: "Mother, I have broken through again!"

Xuanyuan Ruolan smiled: "I saw it."

"At such a young age, you have broken through to the realm of the Five-Star Martial Emperor, even if you look at the entire Xuanyuan family's inner and outer sects, you can be regarded as an extremely outstanding genius."

Chen Feng keenly noticed what he said, and asked, "So, what if you look at the core of the Xuanyuan family?"

Chen Feng has always known that the Xuanyuan family has a core layer.

It is said that there is a gathering place for the most outstanding and powerful genius among the Xuanyuan family and the Xuanyuan family's affiliated families.

Among them, some elders of the Xuanyuan family received some extremely talented children when they traveled abroad. They were of common people or orphans.

The Xuanyuan family requires the elders in the clan to travel every year. One of the very important purposes is to collect these talents from outside for use by the Xuanyuan family.

Moreover, the family has also given a death order, how many days and how far each elder must go out each year.

In such a high-level family, facing these extremely high-level and powerful elders, the family generally doesn't restrict much.

However, in this respect it is extremely tough and does not allow any room for negotiation!

Xuanyuan Ruolan pondered for a moment, a touch of embarrassment appeared on her face, as if she was organizing language.

She did this for fear of hurting Chen Feng's self-confidence.

Chen Feng smiled freely, "Mother, you can say whatever you want."

"I walked this way and experienced countless experiences. How can I feel sad and lose my confidence because of this?"

Xuanyuan Ruolan smiled and nodded, looked at Chen Feng and said, "Okay, then I'll just say it!"

"You are still a bit worse than the core monsters."

After Chen Feng heard this, a look of shock appeared on his face.

His current talent is already so strong, and his cultivation speed is so fast, but it is still a bit worse than those people, which shows how powerful those people's talents are.

And those people, obviously, there are some in each of the nine major forces.

However, Chen Feng did not feel discouraged.

On the contrary, he was extremely high-spirited, and the whole person was filled with an unspeakable fighting spirit. He laughed and said:

"Okay, great, I just want to target them!"

"Once upon a time, I didn't even have the qualifications to look up to them, let alone stand on the same starting line with them!"

[Chapter 2667: The crisis of the Qin family!](#)

"And now, I am about to catch up with them!"

He clenched his fists, full of confidence: "With my current cultivation speed, it won't take long to surpass them!"

"They are my next goal!"

Xuanyuan Ruolan was shaken by Chen Feng's soaring aura, sighed softly, and slowly said: "Feng'er, I believe you, you must be able to!"

Chen Feng sat on this cliff for a while, looked at the day that had just risen in the distance, and whispered to himself:

"Now, I have broken through to the five-star martial emperor, and the strength has reached the realm of the eight-star martial emperor, but it's not enough!"

He whispered: "My strength has reached the realm of the Eight-Star Martial Emperor. If I change to someone else, then if they want to reach the realm of the Eight-Star Martial Emperor, they must also break through to the Eight-Star Martial Emperor."

"And after they break through to the Eight-Star Martial Emperor, they can begin to break into the Great Martial Emperor."

"And me, I can't do that now."

"I have enough strength, but my realm is too bad, so the next step is to vigorously improve my realm."

"I have Burning Blood Pill, and the speed of improvement can be reached very fast, but it is easy to have the problem of unstable foundation."

Chen Feng sighed softly: "There is only one way to solve the problem of unstable foundation, and that is..."

A fierce color flashed in his eyes: "Fight!"

"In the battle of blood and fire, between life and death, temper your own strength, thoroughly stabilize it, and lay a solid foundation."

"Just right,"

A smile appeared at the corner of Chen Feng's mouth: "I have run out of Burning Blood Pill now, and I owe so many Dragon Blood Amethysts from the Seven Stars Chamber of Commerce. It's time to get some Dragon Blood Amethysts."

"Just right, wouldn't it kill two birds with one stone!"

Chen Feng left here and walked outside the Xuanyuan family.

And when he just walked to the Xuanyuan family's martial arts field, he suddenly heard a huge noise in the hall of the martial arts field, like many people yelling together.

In the next moment, from inside the martial arts hall, many children of the Xuanyuan family rushed out, hundreds of them.

They are all going crazy outward.

Some shouted: "Go to Qin Jiao Xi's house!" *noVELuSB.Com*

Others made a smirking laugh: "Hahaha, that surnamed Qin, who treats us so harshly on weekdays, now someone has finally taken care of him."

"Yes!" The person next to him was also very happy, and said happily, "This time, the Qin family is afraid that the whole family will be destroyed!"

The person next to him said with a disdainful sneer: "It deserves it, who called them the Qin family, they dared to eat their food during the Wuhun test, and cheat on Chen Feng, but offend Elder Xuanyuan!"

"Yes, I have offended Elder Xuanyuan, where can their Qin family survive?"

"This time, the entire Qin family will be destroyed."

There was a look of intolerance on the face of someone next to him, and said, "Actually, I think Qin Jiaoxi is quite good in his fairness."

"It's a pity to think that he is going to die under Xuanyuan Junxiong like this!"

As everyone walked forward, they made loud discussions, and some people were quite sympathetic to the Qin family.

But some others are gloating, hoping that the Qin family will soon be destroyed!

"What? The Qin family is going to be destroyed, and Qin's life is at stake?" Chen Feng's heart suddenly shivered when he heard it, and a icy color flashed past his eyes.

He came to those people, grabbed one of them, and shouted sternly: "What the **** happened?"

The man was on the move, but was suddenly caught, and his body suddenly staggered.

In his gaze, the stern color flashed past, and he shouted sharply: "Which little boy, dare to drag your grandpa? Isn't it going to die..."

He swallowed the word back before he could say it.

He swallowed heavily, and the impatient and anger on his face disappeared without a trace, and his hostility disappeared cleanly.

It was replaced by a touch of fear and a touch of flattery.

He respectfully saluted, bent over and said, "It turned out to be Brother Chen, I don't know what Brother Chen is your brother!"

It turned out that he saw that the person who grabbed him turned out to be Chen Feng. How could this make him angry?

In fact, many people around stopped.

The gaze fell on Chen Feng, and his gaze was full of awe.

Many people bowed their heads to salute and said loudly, "I have seen Brother Chen Feng."

Chen Feng didn't even bother to pay attention to them. He just grabbed the man and shouted sternly, "What happened? What happened to the Qin family? Where are you going?"

When he heard him ask this, the expressions of the people around him changed.

Many of them remembered that this newly emerged brother Chen had a very good relationship with Qin Jiaoxi!

The reason why the Qin family has fallen into this situation is because of helping Chen Feng.

Many people's faces have become weird. They looked at each other, and they all understood each other's meaning from each other's gaze: "This is a good show!"

The person caught by Chen Feng did not dare to hesitate in the face of Chen Feng's inquiry. He quivered and said, "Return to Senior Brother Chen Feng, yes, it is Xuanyuan Junxiong who killed the Qin family!"

"He said that the Qin family will be completely wiped out today!"

"What? Xuanyuan Junxiong killed the Qin family? He wants to destroy the Qin family?"

Chen Feng suddenly twisted his brows, and an extremely fierce and cold color in his eyes quietly bloomed.

His voice is cold: "Xuanyuan Junxiong, you are looking for death!"

In the past years of Chen Feng, he has taken care of Chen Feng and helped him resolve the crisis several times.

Chen Feng remembered this kindness in his heart.

Not to mention, when Chen Feng was conducting the Wuhun test, the Qin family's elder of the outer sect entered the inner sect quietly and informed Xuanyuan Xiaoyue.

This incident allowed Xuanyuan Xiaoyue to come and relieve himself.

If there was no Xuanyuan Xiaoyue, I'm afraid that on that day, I would be killed by Xuanyuan Ruofeng.

Chen Feng remembered this kind of affection in his heart. How could he not be angry when he heard the crisis in the Qin family?

Chen Feng immediately threw the man away, his figure flashed, and he rushed away from the Xuanyuan family at an extremely fast speed.

Behind him, the children of the Xuanyuan family shouted one after another: "Go, there is a good show to watch!"

"Yes, Chen Feng must have a conflict with Xuanyuan Junxiong, but I don't know who wins and who loses!"

They all followed Chen Feng quickly.

Soon, the Xuanyuan family was out.

Chen Feng knew the location of the Qin family, and hurried toward the Qin family, and saw those Xuanyuan family children chasing behind Chen Feng, and many people and warriors in the periphery also followed in general.

[Chapter 2668: Qin Jiaoxi is dead!](#)

Soon, the number of people is getting bigger and bigger.

When Chen Feng arrived at Qin's house, he had already followed hundreds of thousands of people.

The Qin family was surrounded by three floors inside and three floors outside.

When Chen Feng came outside the Qin family, his pupils suddenly shrank. The gate of the Qin family had collapsed at this time, and the gate of the Qin family had been shattered by a blast. He could see the square courtyard of the Qin family.

These stray bodies were tragically dead.

There are a few others who are not dead at this time, but are curled up on the ground, screaming in pain, and are already seriously injured.

However, Chen Feng did not see Xuanyuan Junxiong's figure.

He immediately rushed inside, and soon came to the second floor.

But when he arrived at the second floor square, suddenly, Chen Feng heard a muffled grunt, and a dark figure slammed heavily in front of Chen Feng, making a loud bang.

The shadow fell to the ground, spurting blood.

Chen Feng looked at him, then immediately his pupils shrank, and his heart tightened violently.

His eyes were blood red, his heart was beating wildly, his blood flow accelerated, and his anger was extremely violent.

It turned out that the shadow that fell in front of Chen Feng at this time was Qin Jiaoxi.

At this time, Qin Jiaoxi was no longer what it was before.

He had countless wounds all over his body, blood surged, and his whole body was like a blood man.

There was a fatal wound on his chest, where his chest collapsed.

He fell to the ground, only breathing in and not venting, his face was like gold paper, dying.

On the opposite side, a person laughed loudly and walked forward: "This is how you dare to help Chen Feng that little bastard!"

"You help him, I will kill you!"

As he said, he laughed wildly, extremely proud.

At this moment, Chen Feng came here.

When he raised his eyes, he immediately saw Chen Feng, his brows frowned, staring at Chen Feng, his voice was cold and cold: "Oh, Chen Feng, you bastard, how dare you come over?"

This person is Xuanyuan Junxiong.

Chen Feng stared at Xuanyuan Junxiong!

At this time, the Qin teacher on the ground also saw Chen Feng.

A glimmer of hope flashed in his eyes, and he trembled, "Chen Feng, Chen Feng, are you here?"

His voice was extremely weak, no longer as strong and strong as before.

Chen Feng hurried forward, hugged him in his arms, and said with a trembling, "Qin Jiaoxi, how are you Qin Jiaoxi?"

Chen Feng pressed his hands on his body, and the power of the dragon descending arhat poured into his body madly.

The power of the dragon descending arhat is the gentle and upright Buddhist power, which is most suitable for healing.

After pouring into his body, he immediately healed many of the hidden wounds in his body.

However, Chen Feng suddenly discovered that while his strength was moving forward, he couldn't move at all.

Then the next moment, he discovered that there was already dead silence there.

Chen Feng's heart trembled!

Xuanyuan Junxiong laughed triumphantly, curled his lips, mockingly said with disdain: "Chen Feng, waste is waste."

"I didn't have the strength before, and he suddenly rose up, but the background is still so shallow, can't you see it? He has been shattered by my heart and is absolutely helpless!"

"Now, he can only do more than ten breaths, and then he breathes!"

But after Chen Feng checked it carefully, he immediately realized that what he said was true.

Chen Feng let out a crazy roar, shaking all over: "No! This is definitely not true! How can you die? Qin Jiaoxi? How can you die?"

Teacher Qin looked at Chen Feng, his face was full of relief: "Chen Feng, it is great that you can come."

"That dog thing is right, I have indeed been heartbroken, and I can't save it anyway."

"I just ask you to save my old man, who just broke his leg."

"This dog thief wants to slowly torture my father, my father, who is currently being held in the apse by him, and he has not died, please save his life!"

His father was also the elder of the Waizong who rescued Chen Feng that day.

Chen Feng nodded his head and said with a trembling voice: "Jiao Xi Qin, don't worry, with me, he absolutely can't harm others!"

"With me, my father will never die!"

As soon as the singing fell, Xuanyuan Junxiong next to him laughed in disdain:

"Hahahaha, Chen Feng, what do you think you are?"

"Do you think, what kind of strength do you have? How dare you say such arrogant things? You still said, I can't kill the old man with you?"

"Tell you, I can kill that old thing with you!"

"Moreover, if you dare to stop, I will kill you!"

He was so arrogant that he didn't pay attention to Chen Feng at all!

Qin Jiaoxi showed a smile on his face and said softly: "Chen Feng, I didn't misunderstand you, you really are a person of love and justice."

As he said, his body shook heavily, the light in his eyes suddenly became dimmed, and his body skewed.

Chen Feng suddenly felt that the person in his arms suddenly became heavy, and he had no breath.

Qin Jiaoxi was killed by Xuanyuan Jianxiong!

When Chen Feng saw this scene, his expression was surprisingly calm.

There was no rage or crazy yelling, he just put Qin Jiaoxi on the ground so calmly, and then said softly:

"Qin Jiaoxi, I will take care of you later."

As he said, he slowly stood up and slowly raised his head.

In his eyes, there was a calmness, just looking at Xuanyuan Junxiong quietly.

However, everyone trembled violently when they met Chen Feng's gaze!

What a look! There seems to be a world in it, as if a volcano is about to erupt!

In the depths of the eyes, there is endless hatred and murder!

When confronted with Chen Feng's gaze, even Xuanyuan Junxiong trembled violently.

Chen Feng looked at Xuanyuan Junxiong and said word by word: "Xuanyuan Junxiong, today, I will kill you!"

His voice was very soft and very low, as if he was telling something that had nothing to do with him.

But inside, there is unspeakable firmness and determination.

It is as if what he said is the truth!

Apart from this road, Xuanyuan Military Training has nowhere to go!

Xuanyuan Junxiong felt his heart tremble fiercely, and there was a burst of inexplicable fear in his heart.

He felt that Chen Feng seemed to be different.

But in the next moment, he was so ashamed to become angry, a voice in his heart roared frantically:

"I'm actually afraid? Why should I be afraid? What am I afraid of him?"

"What is he? How can he be my opponent?"

He glared at Chen Feng and said viciously: "Chen Feng, you trash, are you dreaming again?"

"You said you want to kill me, what are you? How could you be my opponent?"

[Chapter 2669: Why don't I believe it?](#)

He stretched out his right hand, then clenched his fist, stared at Chen Feng, and said arrogantly: "I can destroy you with one hand!"

"You can use one hand to destroy me, can you?" Chen Feng showed a sneer on his face: "I want to see how you use one hand to destroy me!"

As Chen Feng said, his tone suddenly became high-pitched, and his voice was extremely cold:

"Xuanyuan Junxiong, I had no grievances with you that day, you wanted to kill me!"

"Now, you are even killing the Qin family, and you have killed the people of the Qian family so much, how can I forgive you?"

Xuanyuan Junxiong laughed wildly: "You can't spare me? Today I will kill you first!"

As he said, he rushed over to Chen Feng, and at the same time stretched out his right hand and said: "If you see, this hand can destroy you!"

With that said, he came to Chen Feng and blasted out with his right hand.

That boundless power, extremely powerful force, suddenly poured out.

The power of the Eight-Star Wuhuang is shaking the world!

The big halls around Qin's house were directly shaken and collapsed at this instant.

His right hand turned into a huge iron fist, slamming his head against Chen Feng fiercely.

The onlookers around saw this scene and felt the huge power and aura, and they all exclaimed: "What a powerful power!"

"Eight-star Wuhuang, really amazing!"

"Yes, the full blow of the Eight-Star Martial Emperor, even with just one hand, is enough to kill Chen Feng!"

"Chen Feng will definitely die today!"

They shouted in shock.

At the same time, Xuanyuan Junxiong's face also showed a hideous and proud smile: "Chen Feng, you are absolutely no match for this trick!"

"I'm the Eight-Star Martial Emperor, this trick can kill you alive!"

Chen Feng laughed: "Really? Why don't I believe it?"

He looked up to the sky and screamed, fiercely, and shot out with a punch.

His punch seemed ordinary and unremarkable, without any power, but it was this punch that slammed into that huge iron fist with a bang.

The huge air wave formed by the explosion smashed all the surrounding buildings within dozens of miles into ruins and turned them into a piece of debris.

The onlookers all felt like they had been punched in the chest, staggering, and stepped back.

And some people with weak cultivation base felt like being hit hard, with a wow, a mouthful of blood spurted out.

Staggering, retreating very far.

Some were even beaten and flew out!

The power of one punch, one ass!

After the two punches hit each other, Chen Feng stood still, motionless.

On the contrary, Xuanyuan Junxiong felt that his fist was not only directly shattered, but also an extremely powerful force rushed towards him.

That power directly hit his body.

Xuanyuan Junxiong let out a muffled snort, and was beaten out. After landing, he staggered and stepped back ten steps.

He felt his heart beating wildly, his throat was hot, and a mouthful of blood was about to squirt out.

However, his heart was beating wildly, and a voice was yelling: "How can I be beaten by him to vomit blood? How can I be beaten by him to vomit blood?"

He swallowed the blood abruptly, which aggravated his internal injuries.

With an unbelievable look on his face, he stared at Chen Feng and exclaimed: "How is it possible? You actually have the strength of the Eight-Star Martial Emperor, aren't you the only five-star Martial Emperor?"

He could feel that Chen Feng's realm was only five-star Wuhuang!

The people around also all exclaimed: "What? Chen Feng actually punched Xuanyuan Junxiong?"

"Yes, Xuanyuan Junxiong is not Chen Feng's opponent?"

"Chen Feng knocked him off with an understatement. It's incredible. Is it possible that Chen Feng still concealed his strength before. Does he actually have the strength of the Eight-Star Martial Emperor?"

"God, this is incredible, right?"

At this time, a faint voice suddenly came to mind among the crowd: "Why is it that Chen Feng had previously concealed the strength, rather than that during this period of time, Chen Feng has improved his strength?"

After this voice sounded, many people instinctively said loudly and disdainfully: "Fart, how can you..."

Before they finished their words, they suddenly stopped.

They looked at each other, and there was an expression of extreme disbelief on their faces.

Suddenly, they realized that this is by no means impossible!

It is really possible for Chen Feng to break through and improve in a very short time.

After all, Chen Feng is always creating miracles.

The speaker is a calm middle-aged.

If Chen Feng saw him, he would definitely recognize him. This person was Lu Yutang.

Chen Feng looked at Xuanyuan Junxiong, with a chuckle at the corner of his mouth: "Xuanyuan Junxiong, now, you still think you are much stronger than me, don't you?"

"Now, you still think you can kill me with one hand, right?"

Xuanyuan Junxiong showed a look of anger and anger on his face, and he shouted sharply, "I just used one hand just now, so my strength has never been shown!"

"You wait for me, I can kill you now!"

"Oh? You don't need a hand anymore, right?" Chen Feng said disdainfully.

There was a chuckle in the crowd.

Xuanyuan Junxiong's face was so ugly, he was already self-reliant.

He stopped talking, but rushed madly at Chen Feng!

He has made up his mind to be shameless.

Chen Feng laughed loudly: "Well, what if I let you use my best?"

Xuanyuan Junxiong let out a crazy roar, folded his palms together, then leaned back to the sky, and then suddenly separated.

With a bang, it was like tearing a crack in space.

Then, he slammed his hands, and suddenly, the space crack suddenly shattered.

However, although broken, it did not disappear, but scattered into countless.

So, in an instant, hundreds of black sharp long knives appeared in the sky.

And these hundreds of black sharp long knives are actually hundreds of huge space cracks.

Every crack in space is filled with ruinous force.

The crowd exclaimed: "This is Xuanyuan Junxiong's housekeeping trick, Eternal Silence Blade!"

"Yes, this sword technique is said to be practiced to the extreme, and it can summon a long sword made of 10,000 spatial cracks!"

"And if you are touched by one of the long knives, you will be torn alive, and if you are touched by those 10,000 knives, you will be cut directly by thousands of knives, which is extremely miserable."

"This is the most powerful trick Xuanyuan Junxiong and his family have in his family. It is said that Xuanyuan Junxiong learned it from his father."

"His strength is less than one-tenth of his father's, but it is enough to kill the ordinary Eight-Star Martial Emperor!"

[Chapter 2670: Punch after punch!](#)

"Yeah, this trick is extremely powerful. Can Chen Feng retreat under this trick?"

Quite a few people have doubts on their faces!

Xuanyuan Junxiong shouted sternly, "Chen Feng, you can't stop this trick of mine!"

"A whole five hundred spatial cracks turned into long knives, enough to cut you thousands of times and leave you dead!"

"This is the end of your fight against me!"

As he said, he yelled frantically and shook his arms. *NovelUsb.com*

The five hundred spatial cracks and long knives slashed at Chen Feng fiercely, and they quietly passed through the space, speeding to the extreme.

After almost a flash, he came to Chen Feng.

In an instant, the five hundred long swords were all cut towards Chen Feng.

And Chen Feng stood there still!

Everyone around them held their breath and watched this scene, wanting to know how Chen Feng responded and how it ended.

At this time, most people looked down on Chen Feng and believed that Chen Feng was definitely not Xuanyuan Junxiong's opponent.

Lu Yutang looked at Chen Feng in the distance, with a slight smile on his lips.

The middle-aged man next to him asked softly, "Master Lu, who do you think can win?"

"Do you still need to ask? Of course it is Chen Feng!" Lu Yutang said decisively without hesitation.

"Ah, it's Chen Feng? Why do you think so?" Although the middle-aged man was not surprised by his answer, he was still a little surprised by his decisive attitude.

Lu Yutang smiled and said: "It's very simple, because I believe in him, Chen Feng will always be a miracle person!"

At this time, Chen Feng smiled slightly: "Xuanyuan Junxiong, you frog at the bottom of the well, today, I will let you see what is truly powerful!"

With that, Chen Feng took a deep breath.

In the palm of his hand, the golden light exploded, and the power of the dragon descending Arhat surged out.

Chen Feng's palms moved forward and suddenly shot out.

In an instant, everyone felt that there was a sun exploding in front of their eyes, the golden light was so bright that they couldn't open their eyes.

Everyone exclaimed: "What powerful move is Chen Feng?"

In the next moment, the incomparable golden light spewed forward and hit the long swords formed by those spatial cracks heavily.

The space-crack long knife with extremely powerful power and tearing power, after hitting these golden rays, it shattered directly and disappeared instantly.

The space returned to normal.

They are melted instantly like the ice and snow that sees the sun.

The light seemed to be slow, but in fact it was extremely fast.

In almost an instant, all the five hundred long knives composed of spatial cracks were covered.

Then the next moment, the ice disappeared and the snow melted.

This extremely powerful move was directly resolved and broken by Chen Feng!

"This is impossible. This is my most powerful trick. How could you crack it like this?" Xuanyuan Junxiong looked at Chen Feng in disbelief. He was already stupid, standing there in a daze. Said.

He didn't even realize what it meant.

He just knew that his most powerful trick was cracked.

Chen Feng looked at Xuanyuan Junxiong, smiled and said, "It seems that you think that a powerful trick is only so with me, right?"

The next moment, his face changed suddenly, and he sternly shouted: "You were very enjoyable before? Now, it's my time too?"

With that said, Chen Feng's figure swiftly moved forward, and his palms shot out.

Xuanyuan Junxiong hurriedly resisted the force of the dragon descending Arhat slammed out.

But how does his resistance work?

Chen Feng's resistance was directly beaten to pieces.

Then, Chen Feng's palms carried infinite golden light and pressed against his chest.

He let out a miserable scream, feeling like he was hit hard by a big hammer. With a wow, a mouthful of blood spurted out, and his figure flew out directly, giving life to a building behind him. Smashed directly.

And after the building collapsed, a person inside was also exposed.

An old man was lying there, moaning in pain.

He wrinkled his brows, his face was pale, his legs were already discounted and bloody!

This old man, Chen Feng was very familiar with, it was the elder who had helped him during the Wuhun test before.

Seeing him in such a miserable situation, Chen Feng was even more angry and sternly shouted: "Xuanyuan Junxiong, you dare to treat Elder Qin like this, I will definitely not let you die today!"

With that said, he came to Xuanyuan Junxiong and hit his chest again with a punch, directly hitting Xuanyuan Junxiong again and screamed sternly, vomiting blood crazily!

His body, like a cooked shrimp, twitched heavily, trying to break free.

But how to break free?

He looked at Chen Feng and yelled fiercely: "Chen Feng, if you dare to hit me like this, my father will not spare you! My father will definitely kill you!"

"is it?"

Chen Feng sneered: "However, I would like to advise you, you should worry about yourself first!"

Chen Feng let out a sneer, then punched out again.

"This punch was for the humiliation you humiliated me when that Martial Spirit was tested!"

Then there was another punch!

"This punch was made for the people who died in the Qin family today!"

Another punch!

"This punch is for Qin Jiaoxi!"

Another punch!

"This punch was for Elder Qin's legs!"

...

Chen Feng struck out with several punches, each of which landed on the same place, vomiting blood crazily by Xuanyuan Junxiong, and his injuries continued to worsen.

His face was extremely pale, his eyes were dilated, only the intake of air was not venting, and he was already seriously injured and dying.

And at this time, an indescribable color of fear finally appeared in his eyes.

He suddenly realized that Chen Feng really dared to kill him, and that Chen Feng must kill him today.

He screamed in panic, the arrogance on his face just disappeared without a trace, replaced by a boundless panic: "How dare you kill me? How dare you kill me?"

He yelled in panic: "My father is Xuanyuan Ruofeng..."

With a snap, before he finished speaking, Chen Feng hit his chest again with a punch, and directly hit his words back.

Chen Feng smiled and looked at him and said, "Who is your father?"

"Go ahead, I'm listening!"

He didn't dare to speak anymore.

Xuanyuan Junxiong looked at Chen Feng's gaze, full of fear. He no longer thought that he had Xuanyuan Ruofeng as his father, and Chen Feng did not dare to move himself.

He knew that Chen Feng was really going to kill himself today.

The fear in his heart was extreme, and there was no longer the slightest arrogance, and he begged for mercy: "Chen Feng, don't kill me! Please!"

"Do not worry!"

Chen Feng smiled and said, "I won't kill you."
