

Peerless 2671

[Chapter 2671: Do you dare to see me?](#)

Upon hearing Chen Feng's words, Xuanyuan Junxiong immediately let out a long sigh, feeling that he had escaped.

In the next moment, what Chen Feng said directly drove him into hell: "I won't now, I won't kill you here."

"Because, I want to go to a place more suitable for you to die, and then kill you!"

With that, Chen Feng grabbed him like a dead dog and walked to Elder Qin.

At this time, Elder Qin was still full of pain.

However, his eyes when looking at Chen Feng were full of relief.

Chen Feng smiled and looked at him and said, "Elder Qin, don't worry, I will vent your anger for you, and I will even mention everyone in the Qin family's revenge! Just look at it!"

Elder Qin looked at Chen Feng and said with a trembling, "Old man, thank you Master Chen."

Chen Feng said, "I should do all of this."

As he said, he gently picked up Elder Qin with one hand, and then swept his figure before quickly heading towards the Xuanyuan Family.

At this moment, all the people onlookers recovered and let out a huge shout.

"How easily did Chen Feng severely wound the Eight-Star Martial Emperor's Xuanyuan Junxiong? Chen Feng's strength is really unfathomable!"

"Yes, he only used two palms to beat Xuanyuan Junxiong like this, it's terrible!"

Someone exclaimed: "This Chen Feng is really full of chivalry, a promise and a lot of money. The Qin family has a favor to him, and he will save the Qin family even if he offends Xuanyuan Ruofeng!"

"Yes!" Many people nodded.

"What is he going to do?"

"Don't you know if you follow along?"

Everyone followed Chen Feng, rushing towards the Xuanyuan family, looking at the excitement.

Soon, Chen Feng came to the Xuanyuan family.

After coming to the Xuanyuan Family, he didn't go anywhere else, and walked directly towards the ninth floor.

On the ninth floor of the Xuanyuan family, there lived a group of elders with the most honorable status of the Xuanyuan family's outer clan.

Elders with a slightly lower status are not eligible to live on the ninth floor.

And in this ninth floor, there is no doubt that the most luxurious and spectacular palace belongs to Xuanyuan Ruofeng.

At this time, the palace gate was closed tightly, and Xuanyuan Ruofeng was ordered to face the wall in it for three months.

Now that the time has not come, he can't come out at all.

Although Xuanyuan Xiaoyue had already made concessions to punish him, once the decision made after the concession was implemented, Xuanyuan Ruofeng could not violate any restrictions.

Because if he violated it again, it would be equivalent to tearing up the last trace of Xuanyuan Xiaoyue's face.

If that were the case, Xuanyuan Xiaoyue would never let him go!

Before Chen Feng came to this palace, he landed slowly.

When Xuanyuan Junxiong saw that he was here, he immediately shouted as if he had seen a savior: "Father, father! Save me, father!"

As soon as he turned his head, the panic on his face just disappeared. He looked at Chen Feng triumphantly and shouted sharply:

"Chen Feng, boy, this is really **** without a way for you to break in!"

"You dare to come here, my father will not spare you, my father will kill you!"

"Oh? Really?" Chen Feng said with a smile: "But unfortunately, I am not dead today. I don't know you, but you can't see it anymore."

"because!"

He screamed: "Before I die, you will be beheaded by me!"

"What? You want to kill me? You dare to kill me?" Xuanyuan Junxiong shouted in a panic with a look of disbelief on his face.

Chen Feng ignored him, just laughed at the palace and shouted sharply:

"Xuanyuan Ruofeng, I know you are listening!"

"I know, you hate me so much, and I know that you hate my mother so much, I know better, you don't want to kill my mother and son all the time!"

"And you, indeed, did the same. When the Martial Spirit was tested that day, I almost lost your life."

"Chen Feng will not report this grudge, he will not be a man!"

Chen Feng screamed: 'Don't worry, I will never forget this enmity! "

"And now, I want to repay you a little interest first!"

With that, Chen Feng laughed loudly, and pressed one hand towards Xuanyuan Junxiong's head.

At this time, Xuanyuan Ruofeng in the palace shouted sharply, "Chen Feng, dare you!"

The sound came out loudly, resounding through the entire Xuanyuan family, and the crowds onlookers changed their colors!

Many people with weak cultivation bases were spitting out blood violently by this shout!

And above the sky, dark clouds suddenly gathered, thunderbolts fell endlessly, and heavy rain poured down!

One roar of power, one as for Si!

The power of the peak of the Martial Emperor Realm is extremely shocking!

Chen Feng laughed and hated to the extreme: "Look, I dare not!"

As he said, his hand was pressed directly on Xuanyuan Junxiong's head, and his power surged.

Xuanyuan Junxiong let out a sharp scream.

The scream stopped abruptly. He looked at Chen Feng and muttered: "You dare to kill me?"

His eyes showed extreme regret: "I'm so good, what did you do to provoke you?"

The next moment, the last trace of glamour disappeared without a trace.

The light in his eyes dimmed, the vitality disappeared, his head tilted, and his body fell heavily to the ground.

Chen Feng's palm directly ended him!

Chen Feng laughed, grabbed Xuanyuan Junxiong's body, and smashed it towards the gate.

With a bang, the corpse hit the gate and slid down the gate, leaving a shocking blood stain on it.

Chen Feng shouted sharply, "Xuanyuan Ruofeng, do you dare to see me!"

"I will ask you now, do you think I dare or not?"

As he said, he laughed wildly!

Chen Feng was not afraid to offend Xuanyuan Ruofeng at all.

Anyway, he and Xuanyuan Ruofeng are already going to die. Even if he doesn't trouble Xuanyuan Ruofeng, he will definitely kill him when Xuanyuan Ruofeng leaves the customs.

In this case, what is there to fear Chen Feng?

Three months can be used to improve the strength!

Xuanyuan Ruofeng screamed like a cuckoo cuckoo blood in the palace.

His blood pierced his pupils, his forehead was battered with blue veins, his hair rooted up, and his heart was full of hatred!

He was extremely bitter, and let out a bitter, bitterly bitter roar: "Chen Feng, wait, the day I leave the customs, you will kill you!"

"I will kill you, I will kill you, you wait for me!"

He has almost lost his mind.

But even so, even if his son was killed, he did not leave here.

Even if he can leave.

It seems that he cherishes his own life more.

Because he knew that as long as he dared to leave here, Xuanyuan Xiaoyue would definitely not tolerate him.

[Chapter 2672: Untouchables, go away!](#)

Therefore, he dare not!

Chen Feng laughed and pointed at the palace: "Okay, I'm waiting for you, I want to see, it will be you or me that will die!"

"Remember, Xuanyuan Ruofeng, today, your son's life is nothing more than interest! I have to collect debts from you!"

"The only thing you can repay the debt is your dog's life!"

With that said, Chen Feng looked up to the sky and screamed, happily, and turned and left.

The onlookers looked at Chen Feng with awe.

"God, this Chen Feng is too courageous!"

"Yeah, he even dared to offend Xuanyuan Ruofeng? That's the Great Elder of the Foreign Sect!"

"Xuanyuan Ruofeng's strength has reached the pinnacle of the Nine-Star Martial Emperor. It is unfathomable. Chen Feng dares to offend him. He is really looking for death!"

Lu Yutang sighed slightly, and said, "Everyone only saw Chen Feng's courage, but didn't see Chen Feng's meticulous thoughts."

"Chen Feng is familiar with Xuanyuan, and even he knows what Xuanyuan Xiaoyue is like."

"He knew that Xuanyuan Ruofeng did not dare to come out, and Xuanyuan Xiaoyue would not allow Xuanyuan Ruofeng to come out!"

He sighed softly: "Chen Feng's power is certainly terrifying, but even more terrifying is his heart!"

Then, Chen Feng sent Elder Qin to the Xuanyuan family's medical clinic.

The Xuanyuan Family Medical Center had a lot of names and a complete set of pills. They saw that Chen Feng had sent it, so they didn't dare to neglect, so they treated Elder Qin immediately.

Elder Qin didn't hurt him, the next thing was to heal his injuries slowly.

After setting up Elder Qin, Chen Feng said goodbye.

After Chen Feng left the Xuanyuan family, he felt happy.

This kind of pleasure even made him feel that his cultivation base had a vague sign of a breakthrough.

A smile appeared at the corner of Chen Feng's mouth: "Sure enough, my generation of warriors, happily enmity, cross the world, and there is no stagnation in the heart, so that we can progress bravely!"

"If you feel too depressed in your heart and have been depressed, then you can practice with half the effort!"

Soon, Chen Feng came to the seventh floor of Chaoge Tianzi City.

It is true that in this Chaoge Tianzi City, the higher the level of the city, the higher the level, and the more it symbolizes luxury and status. The family power that lives in it is also more noble and powerful.

However, the actual situation is not exactly the case.

For example, the top big families live in the eighth-level city and the ninth-level city, and with their light, some of the strengths are actually very mediocre, but they are the small families of these family vassal families, and they have also entered the eighth level. Urban and ninth-level urban areas.

And those big chambers of commerce, in order to serve these nobles, also opened some shops in this city.

However, the scale of these shops is small.

Because although these families are big, few people are eligible to buy things in this shop.

Moreover, the bulk purchases in the family are directly sent to the house by the chamber of commerce, but they will not go to the store.

The eighth-level urban area and the ninth-level urban area are basically completely occupied by the most powerful big families in the Chaoge Tianzi City.

Therefore, many forces that are not weaker than those big families are not in the eighth and ninth-level urban areas, but are mostly distributed in the sixth-level and seventh-level urban areas.

Because the eighth-level urban area and the ninth-level urban area are at the top of this floating injury, and the closer they are to the ground, the smaller.

Their chambers of commerce have a large area, countless shops, and countless auction houses, which simply cannot accommodate them. Therefore, the sixth-level and seventh-level urban areas are the most lively, and are also the most prosperous places with the most chambers of commerce.

Chen Feng's destination is the seventh-level city.

Soon, Chen Feng arrived here, surrounded by towering huge shops.

People come and go, basically on the mainland, there are almost visible races here.

There are humans, orcs, giants, and so on.

And soon, Chen Feng came to the place Lu Yutang told him before, and came to a tall building.

This is a nine-story pavilion, each of which is hundreds of meters in height, towering into the sky, purely made of bluestone, looking simple and majestic, but full of unspeakable aura.

There are five characters written on it: Seven Star Auction House!

It is extremely dazzling, in this auction house, in this door, there are countless people coming in and out.

Chen Feng stood in front of the auction house's gate, and did not speak yet. At the auction house's gate, a guard wearing a jade white armor immediately walked up.

The guard is tall and has a full face.

He waved his hand to Chen Feng impatiently, and yelled: "Go, go!"

"This is the Seven Stars Auction House. The things being auctioned inside are undoubtedly not extremely expensive. You are a pariah, can you afford it?"

"Get out!"

And the thin guard next to him also showed a disdainful smile and said, "Boy, see the words on your head."

After that, he pointed to the five words of Seven Star Auction House: "Is it a place where people like you can come?"

His gaze swept over Chen Feng's clothes, his face was full of deep disdain.

Chen Feng dressed in white clothes like snow, handsome and heroic, making him jealous.

But his white clothes were ordinary white clothes, so they were regarded as ordinary warriors without strength, and even called him a pariah.

Chen Feng showed a sneer at the corner of his mouth, looked at them, and said softly: "What did you just say I was?"

"Of course it's a pariah!" said the thin guard.

"Why, untouchables, do you have any questions? Do you have any questions?" The guard who spoke at the beginning laughed wildly.

Suddenly, with a crisp sound, his laughter stopped abruptly.

It turned out that Chen Feng was already slapped in the face, slapped his face fiercely, and slammed his head severely, blood mixed with broken teeth, and flew out directly.

The guard was beaten stupid, and he stood there, covering his face for a while in silence.

The guards around were also shocked. I didn't expect this pariah to be so bold.

But after a while, he glared at Chen Feng and let out an unbelievable exclaim, "What? You dare to hit me? You dare to slap me?"

Chen Feng smiled and spread his hands and said, "If someone else did not do it just now, then I should have hit you in the face."

He stared at the guard and said word by word: "I just want to slap you in the face, how about it?"

"Boy, you are so bold, are you looking for death?"

After the guard was relieved, he let out a very spiteful roar.

He stared at Chen Feng and yelled fiercely: "I will kill you today!"

"Only you? I don't have this ability yet!" Chen Feng said lightly.

[Chapter 2673: VIP?](#)

"Untouchable, you are too arrogant, I will show you today if I have this ability!" He said, holding a weapon with a spiteful face, and rushed towards Chen Feng.

At this time, the crowd around them all gathered around with a bang.

"Haha, watched it lively!"

"This young man is so courageous that he dared to slap the guards of the Seven Stars Auction House in front of the Seven Stars Auction House!"

Someone shook his head and said disapprovingly, "This young man can't hold back his anger. Today he has to explain his life here!"

At the same time, the other guards all turned around and forced them towards Chen Feng.

He was still quite cautious, for fear that Chen Feng really had quite a strong strength, so a few people worked together.

In his opinion, even if Chen Feng is strong enough to deal with a few of his own people together!

Chen Feng shook his head, his face was indifferent.

No matter how large the number of these people were, they were just giving him food, and there was no threat in front of him.

These people forced over with a grinning smile, their faces full of pride, and the leader said: "You **** bitch, I will give you two ways to go."

"The first one is to kneel down and apologize to me obediently."

Chen Feng looked at him with a smile, and said straightforwardly: "I choose the second one."

Hearing Chen Feng's words, the guard's face became more gloomy: "Okay, boy, if that's the case, then I will kill you."

They furiously killed Chen Feng.

And at this moment, suddenly, with a bang, a huge shock came out, and all of them nearby were bombarded by this huge shock.

Then, immediately afterwards, with a scream, he fell heavily to the ground and snorted.

None of them were seriously injured, but they were all slightly injured.

And what shocked them most was that this attack was clearly made from the auction floor.

Explain that there are enemies behind them.

They immediately stood up, and the leading guard shouted sharply: "Who? Dare to attack us? Are you impatient?"

"I'm really impatient, what can you do to me?"

At this time, a cold voice sounded.

And hearing this voice, these guards' complexions suddenly changed.

Because of this voice, they were very familiar. They looked back, and as expected, a middle-aged man in purple robe came out of the auction room.

This person has a majestic complexion and three long beards. It is their immediate boss Lu Yutang.

After seeing Lu Yutang, there was a look of fear on their faces, and they quickly lowered their heads.

The leading guard bowed his head and said with a trembling voice: "Master Lu, today, it shocked you? Small crimes deserve death."

There was a look of fear on his face.

These guards shouted apologizing.

They are all very afraid of Lu Yutang.

Because, although Lu Yutang has just been here for more than half a month, he is known for his ruthless methods, and he is obedient to tidy them up.

These people are very clear that the several guards who offended Lu Yutang are now turned into dead bones.

How dare to be tough on Lu Yutang?

"Of course you deserve to die!" Lu Yutang stared at them with a cold voice: "It's just that it's not because you disturbed me, but because you disturbed the distinguished guests!"

"What? Disturbed the distinguished guest?" Hearing these words, these guards all had a heartbeat.

"What kind of guest, who is it?"

And then, they trembled in their hearts.

These people are not fools, on the contrary, they can be arranged as guards here because they are very shrewd.

As a result, they immediately thought of a possibility, and they immediately trembled in their hearts, shouting in their hearts: "Impossible? That poorly dressed untouchable, turned out to be..."

Then, they saw that Master Lu, who was extremely powerful in their eyes, walked quickly to a person and said respectfully to that person: "Master Chen, are you not frightened?"

"These bastards, don't understand the rules and offend you, don't take it to heart."

"I apologized to you on their behalf!"

Saying, salute deeply.

That young man was Chen Feng, and these guards were extremely shocked when they saw this scene.

One by one opened his mouth wide, his eyes rounded, his chin almost falling off.

They shouted in disbelief in exclamation: "What? His untouchable was called Master Chen by Master Lu? And Master Lu seemed very respectful to him?"

"That's impossible! This is just a pariah! How could Master Lu be so respectful to him?"

"Could it be that....."

A terrible possibility emerged in their hearts at the same time: "This pariah really has a very strong origin and background?"

They looked at each other, and they were very worried!

Chen Feng looked at Lu Yutang and smiled and said, "You guys at the auction house are really good enough!"

"I just wanted to enter the auction room, but they actually wanted my life?"

There was still a smile on his face, but his voice was extremely harsh, full of bitter murderous intent.

Hearing his words, Lu Yutang's heart trembled suddenly.

He immediately turned around and sternly shouted to the guards: "You dogs, how dare you offend Master Chen? Don't you hurry down and apologize to Master Chen!"

He is actually for the good of these people.

Because he has heard a trace of murderous aura from Chen Feng's words, if these people don't kneel down to apologize, I'm afraid Chen Feng will do it himself.

At that time, it is not as simple as kneeling down and apologizing.

These guards looked at each other, and they all saw a trace of fear in each other's eyes: "This young man really has a terrifying background and a strong background!"

"Even Master Lu is so jealous of him?"

"Hey, it fell into his hands today, it's a fall."

When they looked at Chen Feng, they no longer had the contempt they had just now, but they were not very afraid, but rather unconvinced.

The leading guard gritted his teeth with a humiliating look on his face, suddenly thumped, fell to his knees, and knocked three times towards Chen Feng.

He shouted loudly: "It's the little one who has eyes and no beads. He has offended Master Chen. Please forgive you."*nOVeLUsB.com*

Behind him, all the guards who had besieged Chen Feng just now and spoke insultingly, all knelt on the ground and kowtow to him.

Chen Feng looked at them with a sneer at the corner of his mouth: "Now you know you are wrong, right?"

"Yes, the little one knew it was wrong!"

[Chapter 2674: Take your paws away!](#)

The leading guard lowered his head, gritted his teeth, and swallowed.

His face was full of unwillingness.

Lu Yutang also laughed and said, "Young Master Chen, you see, they also kowtow now and apologize, don't you think?"

Chen Feng glanced at him and said lightly: "Okay, look at the face of Lord Lu, I will spare you all and get out of here!"

These guards stood up one by one.

In Chen Feng's heart, he was actually quite uncomfortable, because he looked at the expressions of these people, knowing that they were not convinced at all.

However, based on Lu Yutang's face, he decided to forget it.

In fact, Chen Feng had endured this tone.

Lu Yutang smiled and said, "Master Chen, please inside, let's talk inside."

Chen Feng nodded, followed Lu Yutang, and walked inward.

He didn't want to let off these guards so easily, but Chen Feng also gave Lu Yutang a face.

Although they had already kowtowed their heads and apologized, they were still unconvinced.

A guard curled his lips, lowered his voice and said, "Isn't it just relying on the relationship with our Lord Lu? Isn't it a trash without his own strength?"

"It's just a pariah, low strength, relying on knowing Lord Lu, here to show off his might."

They are very unconvinced!

What Lu Yutang brought Chen Feng into was not the middle door of the auction house, but a side door next to it.

After entering the side entrance, it is a hall where many people are coming and going.

These people are all people who come to put things in the auction house for auction. The main entrance leads to the auction hall, and the side entrance is mainly for people who want to auction things here.

As soon as he entered the opposite side of the side door, a person came by.

This man is an old man, with gray hair and beard, short and thin, with a fierce air between his eyebrows.

When he looked up and saw Chen Feng and Lu Yutang, he immediately twitched his mouth, revealing a cold smile.

And after he carefully looked at Chen Feng's face, his expression immediately turned into a thick disdain.

Disdain for Chen Feng's clothes, disdain for Chen Feng's 'trivial' five-star martial emperor's strength.

He stepped forward and stopped directly in front of Lu Yutang.

Lu Yutang glanced at him, not wanting to argue with him, turned around and wanted to walk around him.

But unfortunately, he didn't want to argue with the other party, but the other party didn't appreciate it, and he was blocking Chen Feng in front of them.

Chen Feng's brows suddenly wrung up: "What does he want to do?"

At this moment, the two of them had just entered outside the gate, and those people could see the scene inside.

Seeing this scene, the guards immediately showed a gloating expression.

Someone whispered: "Haha, Master Shen is going to work with Master Lu again."

"Yes! This time, Yuanjia has a narrow road!"

It turned out that the old man's name was Shen Tianhua, and he also had a high status in this auction.

Shen Tianhua looked at Chen Feng at this time, and then curled his lips in disdain. He looked at Lu Yutang and said, "Lu Yutang, you may be less and less prosperous, less and less prosperous."

"How about bringing such a pariah into our auction house?"

"Our auction house is such a valuable place. Can such untouchables come?"

"Are you not afraid that other nobles will get angry when you bring him in?"

He stretched his hand out the door, gesticulating, and said in a commanding tone: "Now, take him quickly and get out of you two!"

As soon as this remark came out, Chen Feng's brows wrinkled, and a murderous look flashed across his face!

Many people have an expression of watching the show.

It turned out that Shen Tianhua was also in charge of the Seven Star Auction, and his status was quite high.

Originally, he was in charge of an auction hall in the Seven Stars Auction House, but it was very rich in oil and water, and he was also in his pocket.

But later, the one above, sent Lu Yutang, and his oil and water were divided from the middle, and the benefits were suddenly lost.

He naturally made him very unhappy.

These days, he and Lu Yutang have had a lot of conflicts.

It's just that Lu Yutang's methods are quite clever, he has suffered a lot of dark losses, and he has been unable to do anything with Lu Yutang.

Now it's hard to seize an opportunity to ridicule Lu Yutang, how could he let it go?

Obviously, the relationship between him and Lu Yutang was very bad, so he went on to belittle Chen Feng to suppress Lu Yutang. He spoke coldly and mocked Chen Feng as if he was extremely disdainful of Chen Feng.

Lu Yutang took a deep breath. If it was normal, he was afraid that he would have to fight Shen Tianhua.

But now that Chen Feng is here, he doesn't know what Chen Feng is looking for, for fear that there is something important.

I was afraid that I might miss Chen Feng's affairs, so I didn't want to argue with Shen Tianhua.

He said lightly: "Shen Tianhua, this is my distinguished guest, you must not speak offense."

After speaking, he said to Chen Feng: "Let's go, let's go, ignore him."

With that said, he wanted to take Chen Feng over.

At this time, Shen Tianhua laughed, and poked his fingers on Chen Feng's face, and said loudly, "Just this kid?"

"Huh? Just him? Is he a distinguished guest?"

"Haha, you really want to laugh off my teeth, such a pariah, look at her clothes, she is extremely poor!"

"Let's Chaoqe Tianzicheng, how many people will wear this kind of clothes? You said such a person is your distinguished guest?"

"I said Lu Yutang, you are too embarrassing, I know you have just come up from below, with a low vision, and have never contacted any powerful and noble family, but, treating such a pariah as a distinguished guest, are you blind? "

Then, he pointed at Chen Feng and said with disdain: "Untouchables, how did you meet Lu Yutang?"

"Did you deceive him? This Lu Yutang, he has no ability, and he is stupid. It is normal to be deceived by you."

As he said, there was a burst of laughter.

At this time, many people in that hall were also surrounded.

Hearing what he said, they all laughed out loud. The guards outside crowded to the door with a gloating expression, waiting to see Chen Feng make a fool of himself.

At this time, Lu Yutang wanted to persuade Chen Feng.

Chen Feng smiled slightly.

Seeing his smile like this, Lu Yutang immediately trembled, and he immediately realized that Chen Feng was already angry.

He knew the consequences of Chen Feng's anger better than anyone else.

So he didn't say anything, just looked at Chen Feng.

At this moment, Chen Feng's eyelids drooped, looked at the hand in front of him, smiled slightly, and looked up at Shen Tianhua and said, "Take your paws away."

His voice was very calm and seemed to be without any waves.

"Wow!"

[Chapter 2675: Don't take it away? I will scrap it for you!](#)

There was an uproar among the crowd.

"This young man, how brave! You dare to let the powerful Shen Tianhua in the auction house take his hand away?"

"Moreover, he said his hands are claws!"

Some people said disdainfully: "This pariah really doesn't know how high the earth is. Did he offend Lord Shen Tianhua?"

"Master Shen is angry, he will definitely die!"

The guards gathered outside and whispered: "Guess, how would Lord Shen kill this untouchable?"

"Hahaha, no matter how you kill this untouchable, he will definitely die anyway."

"Yes, I dare to offend Master Shen, it's strange that he can live!"

They are all gloating and caring about what happened just now, hoping that Chen Feng will be unlucky under Shen Tianhua!

"This person seems to be called Chen Feng. I seem to have heard his name."

At this moment, someone in the crowd suddenly said.

He scratched his head, thinking hard, but couldn't remember it for a while.

Someone in the crowd said with disdain: "It's just a nameless guy, who has heard of it?"

After hearing what Chen Feng said, Shen Tianhua's expression also fell in an instant, staring at Chen Feng, and said sullenly:

"Little boy, are you looking for death? How dare you talk to me like this? Do you know who I am?"

It was as if Chen Feng hadn't heard what he said. He just looked at him, still smiling and said, "Take your paw away from me."

Shen Tianhua was even more furious, and shouted sharply: "I just won't take it, so what?"

"Don't take it? Then, I will break it!" Chen Feng smiled coldly.

The scene was quiet for a moment, and then suddenly there was a crazy laugh.

The person who laughed was Shen Tianhua.

He laughed wildly: "What did I hear? This untouchable, this trash, this little boy, actually said to interrupt my hand?"

"Funny! Who does he think he is?"

There was also a burst of laughter in the crowd. *NovelUsb.coM*

The guards lowered their voices and gloated, "This man named Chen Feng is bound to die."

"He is over, he has completely angered Master Shen Tianhua. This time, even Master Lu can't keep him."

Lu Yutang stood there, silent, feeling extremely ridiculous in his heart.

Here, no one is Chen Feng's opponent, no one knows Chen Feng's horror.

Is he still talking about it here?

Shen Tianhua was even more proud to see Lu Yutang's expression like this, thinking that Lu Yutang was showing weakness.

The smile on his face suddenly closed, staring at Chen Feng, and roared ferociously: "Little boy, today, I'm going to interrupt your hand, abolish your cultivation base, and then kill you again!"

"This is the price you paid for what you just said!"

At this time, Chen Feng sighed, looked at him, and said lightly: "It seems that you don't want to take your paws away."

"Yes, what can you do with me?" Shen Tianhua repeated it again.

Chen Feng shook his head: "I really don't know how to live or die!"

With that, he stretched out his hand and grabbed Shen Tianhua's hand.

He looked very slowly at this moment, without any power.

Shen Tianhua laughed disdainfully: "Just you, still want to catch me?"

As he said, his right hand bombarded Chen Feng. In his opinion, his move was enough to shatter Chen Feng's hands.

At this time, Chen Feng's eyes flashed coldly, and he said faintly, "Broken!"

The next moment, suddenly, a violent scream sounded.

The crowd laughed: "Haha, Chen Feng was interrupted."

"Yes, this **** dare to provoke Shen Tianhua? It is only natural to be broken off."

They didn't even look at it, thinking that Chen Feng was interrupted.

But the next moment, suddenly, all the laughter stopped abruptly, and the scene fell into a dead silence.

Everyone heard the scream, the scream became more and more intense, and the scream actually came from...

They all looked at the field in horror.

At this time, Chen Feng held Shen Tianhua's hands with his right hand, and Shen Tianhua's hands were abnormally twisted, making a creak.

The screams came from Shen Tianhua.

Chen Feng glanced around and said word by word: "Keep your dog eyes wide and see clearly."

With a click, his right hand twisted.

Everyone heard a loud explosion, and then, the scream suddenly became very loud.

In the next moment, they saw Chen Feng's right hand shaking, and suddenly Shen Tianhua flew out.

And his hands dropped softly, apparently already abandoned.

With his hands hanging beside him, he looked at Chen Feng in horror, and wailed miserably: "How is it possible? You actually abolished my hands? How can you have such a high level of cultivation?"

He was full of disbelief, looking at Chen Feng like a ghost.

He was full of confidence in himself, but he did not expect that he was so vulnerable in front of Chen Feng.

Without the strength to fight back, his hands were abolished!

Chen Feng smiled and said, "I just said, let you take your dirty paws away from me, you won't."

"I also said, if you don't take it away, I will abolish your hand."

"I'm Chen Feng!" He said word by word: "I do what I say!"

If you say it's useless, you'll be useless!

How overbearing! How rampant!

At this time, when Chen Feng said this, no one felt surprised, because Chen Feng had such strength and qualifications.

At this time, the onlookers just came back to their senses.

Suddenly, the scene went from silence to a huge hustle and bustle.

"This Chen Feng has such strength? Lord Shen has the strength of the Eight-Star Martial Sovereign, so Chen Feng was said to be scrapped?"

"Too strong, his strength is too powerful, it is incredible!"

And the person who spoke before suddenly slapped his thigh: "I remember, I remember who Chen Feng is here!"

When he said this, everyone immediately turned their eyes on him.

At this time, he was very proud and exclaimed: "This Chen Feng is from the Xuanyuan family."

"And in the Xuanyuan Family's Outer Sect's martial arts test some time ago, he awakened a Martial Soul of more than ten thousand years and was regarded as the first person in the Xuanyuan Family's Outer Sect."

"Two days ago, he easily killed the Xuanyuan family's first outer disciple, Xuanyuan Junxiong who has reached the level of the Eight-Star Martial Emperor!"

"This time, the limelight is the same!"

"what?"

Hearing what he said, everyone was even more shocked, and their faces were full of shock.

A martial soul with more than ten thousand years?

Easily kill the Eight-Star Martial Emperor?

At this moment, their gazes towards Chen Feng were already full of horror.

[Chapter 2676: It's your face!](#)

The 10,000-year martial arts spirit represents his potential!

Killing the Eight-Star Martial Emperor represents his current strength!

And no matter what they have, they can be called an absolutely outstanding young hero, an infinite genius.

Chen Feng, who combined the two into one, is not this even a peerless genius?

The gazes they looked at Chen Feng changed.

Just now, their eyes were full of disdain, full of mockery and gloat.

Now, it is full of fear and shock.

Chen Feng didn't even look at them. He just turned his gaze to Shen Tianhua again and said with a smile: "Shen Tianhua, come here!"

"Didn't you just want to kill me? Now, come on, I will let you do it!"

At this time, Shen Tianhua, where is the arrogant half-pointer?

He looked at Chen Feng's eyes, filled with shock and fear, his heart was pounding, and his heart was full of regret.

"It turns out that he is Chen Feng. It turns out that he is the newly emerging young genius of the Xuanyuan family!"

He knew the news that a young genius had recently emerged from the Xuanyuan family, but he didn't pay attention to the specific name.

Only now did I know that the young man in front of me turned out to be.

Where would he dare to do something with Chen Feng?

He quickly squeezed a smile on his face and said: "Master Chen Feng, I, I was old and reckless just now, and ran into you."

"Don't be as knowledgeable as the old man!"

Chen Feng looked at him with a smile and said, "Then am I a pariah or are you a pariah?"

Shen Tianhua hurriedly said: "I am a pariah, I am a pariah."

"Then am I trash, or are you trash?"

"Of course I am a trash." Shen Tianhua said with a trembling voice holding back the feeling of shame in his heart.

Chen Feng smiled and said: "Then I interrupt your hands, what do you think?"

"It's me who deserved the crime. The young man did a good fight, a good fight!"

Chen Feng laughed, and suddenly the laughter stopped, and he coldly shouted: "Get out of here!"

Shen Tianhua has been humbled to this point, and Chen Feng doesn't plan to have general knowledge with him anymore.

Shen Tianhua was amnesty and left quickly.

At this time, Chen Feng turned his attention to the guards who had been whispering outside the gate before.

When those guards met Chen Feng's gaze, their hearts trembled, and they were instantly full of fear.

They ridiculed Chen Feng so much before, and then gloated, but now they didn't expect Chen Feng to use such a powerful force.

This made them suddenly realize that if Chen Feng wanted to kill them now, it would be easy.

Suddenly, the leading guard knelt directly on the ground with a plop.

However, this time, he was not forced to kneel, but actively kneeled.

And this time, there was no dissatisfaction on his face.

On the contrary, he was full of fear and despair at this time.

He didn't say a word, he just banged his head there. Soon, there was already a blood on his forehead. The guards behind him also reacted and quickly followed behind him and slammed their heads.

At this moment, Chen Feng turned around, looked at the guards just now, smiled and said, "Now, do you still think that I can be treated so politely by him just because I know you Master Lu?"

"Of course not, of course not."

"Now, are you convinced?"

"I am convinced, I am convinced."

These guards yelled and kowtowed in pleading.

Chen Feng looked at it for a while, and said lightly: "Put yourself!"

"Yes!" They hurriedly fanned their faces with a big ear photon, and they kept palming their mouths.

Chen Feng walked up to the leading guard, looked down at him, smiled and said, "I just said that it hit you in the face! How about it, right?"

The leading guard quickly nodded his head: "Yes, you are right!"

While speaking, he slapped himself.

Chen Feng laughed loudly, without even looking at them, just smiled and said to Lu Yutang, "Let's go in!"

Lu Yutang smiled slightly and walked in with Chen Feng.

At this time, the eyes of the people around Chen Feng were full of awe, no matter how selflessly contempt and disdain.

Soon, the two of them passed through the hall, went straight to the second floor, came to a secret room, and took their seats separately.

A beautiful maid served tea.

Chen Feng took a deep breath, smelled the scent that permeated the bones, and smiled: "Good tea."

"To entertain Master Chen, of course we want good tea." Lu Yutang smiled.

Chen Feng took a sip of tea and refreshed his heart. He put down the tea cup, looked at Lu Yutang, raised his brows and said, "I think Shen Tianhua doesn't seem to be afraid of you much."

Lu Yutang sighed and said, "This is a long story."

"The son may not know that Shen Tianhua and I are both third-class stewards here."

"Oh? Third-class manager?" Chen Feng raised his brows: "An auction house still has so many managers?"

"Of course it is. After all, this is the Seven Star Auction House, the largest auction house in the Seven Star Chamber of Commerce, and it is also countable in Chaoze Tianzi City."

"In this, the auction hall alone is divided into three categories."

"There is a large first-class auction hall with the largest scale and the highest level. The prices of the items auctioned in it are also the highest."

"Everyone who can enter it is the top powerhouse in Chaoze Tianzi City, even the patriarchs of major families, and people from the nine major powers will frequent them."

"That's it." Chen Feng raised his brows.

Lu Yutang continued: "In addition to this first-class large row store, there are two second-class large auction houses and six third-class large auction halls."

"The second-class auction hall is in charge of the second-class supervisor, and the third-class auction hall is in charge of the third-class supervisor, that is, I and Na Shen Tianhua."

"He is the subordinate of the first-class steward who is in charge of the entire seven-star auction house. That first-class steward is the highest-ranking and strongest person in the seven-star auction house. He is in charge of the entire seven-star auction house. He is deeply rooted and powerful. The strong."

Chen Feng raised his eyebrows, suddenly moved in his heart, smiled and said: "So surely, Lord Lu, you should be the subordinates of a big figure in the Chamber of Commerce."

"This seven-star auction site, I'm afraid there is already some tendency to endure, right?"

Lu Yutang laughed and said, "Master Chen is really amazing, hit the nail on the head!"

Then, Chen Feng explained his intention.

After hearing Chen Feng's words, Lu Yutang raised his eyebrows, looked at Chen Feng and said, "Master Chen, you want to find a place now."

"There are quite powerful monsters or warriors there, which can make you fight, improve your experience, hone your strength, and lay a solid foundation."

[Chapter 2677: Purple Fire Swamp](#)

"At the same time, it's better to have something to gain, so that you can exchange it for Dragon Blood Amethyst?"

Chen Feng nodded and said, "That's right."

"Master Lu, you have been in this Seven-Star Chamber of Commerce for many years. The information in the Seven-Star Chamber of Commerce must be quite well-informed. You should know many such places. I don't know if I can tell you something about it. I am grateful for it."

Lu Yutang waved his hand and said with a smile: "Master Chen, you are too polite."

"Young Master Chen has some questions, how can I not tell Young Master?"

He wrinkled his brows and thought about it, then suddenly smiled and said, "I really know there is such a place."

"Oh?" Chen Feng leaned forward and said with some expectation: "I don't know where it is."

Lu Yutang said: "This place is called Purple Fire Marsh."

"Oh? Purple Fire Marsh?" Chen Feng raised his brows and said, "This name is quite strange."

The name is really weird. Generally speaking, the swamp is filled with water, and this swamp is actually called the Purple Fire Marsh.

Lu Yutang smiled and said, "Yes, it is the Purple Fire Marsh."

"I can answer your doubts."

"The reason why this place is called Purple Fire Marsh is because there is not a trace of water in this huge swamp."

"On the contrary, there are endless purple flames in this swamp."

Chen Feng suddenly raised his brows.

Lu Yutang continued: "This kind of purple flame is extremely hot and ecstasy. Even if an extremely powerful warrior stays in it for a while, it will be burnt to charcoal alive, which is extremely miserable."

"Even very powerful metal will be smelted into a liquid inside, flowing at the bottom of the flame, just like water in the swamp."

"This is the origin of the Purple Fire Marsh."

Chen Feng nodded and suddenly said, "That's how it is!"

He looked at Lu Yutang and motioned him to continue.

Lu Yutang said: "The son may not know. It is said that Chaoge Tianzi City was not what it is like before, it is much bigger than it is now."

"It can even be said to be countless times larger, just like a floating continent."

"What? A floating continent?" Chen Feng was shocked, his face was full of surprise, he hadn't heard of this before.

Lu Yutang smiled and said, "Yes, it is."

"Although this floating continent is not as huge as the dragon vein continent below, it is also an important part of the world. It is very large, with a radius of hundreds of thousands of miles."

"Later, in the battle between the rise of the monster race and countless dragons, the rise of mankind and the battle of the power of the monster race, this continent was the most important battlefield."

"Because the powers of those monster races live here. Later, the human power and the monster powers fought fiercely for thousands of years. Finally, in a world-shaking, sun and moon battle, this continent was transformed into a living Countless fragments."

When Chen Feng heard it, his heart trembled and shocked!

It turns out that Chaoge Tianzi City has such a source!

He hurriedly asked: "What happened then? After this continent was broken?"

Lu Yutang continued: "The biggest piece is the current Chaoge Tianzi City, and many other pieces are scattered within hundreds of millions of miles around Chaoge Tianzi City!"

"Because they were fragments of floating continents, they are still floating in the air, but they float at different heights."

"However, the shortest one is also tens of thousands of meters away from the ground, and a warrior of ordinary rank can't fly up at all."

"The tallest one is several times higher than the location where Chaoge Tianzi City is located, and it has even entered the sky, almost entering the sky of the universe!"

"That's it!" Chen Feng slowly nodded, with a pensive expression on his face, and said: "So, what is the size of these floating mountains?"

"Different sizes, the largest is Chaoge Tianzi City, and the smallest is a few hundred meters, like a big rock."

"The most common size is between thousands of miles and hundreds of miles!"

He looked at Chen Feng, raised his chin, and said with a hint of pride on his face: "The son knows that the Dragon Vein Continent is divided into five parts: Central State, Eastern Wilderness, Western Wilderness, Southern Wilderness, and Northern Wilderness."

"And why can Zhongzhou become Zhongzhou?"

"Zhongzhou, why can I use the strongest of the five major parts?"

"One of the most important reasons is that Zhongzhou has these floating mountains."

He sighed and said: "These floating mountains are really too rich. Occupying one of them is the foundation of a family heirloom for life and death."

"These floating mountains produce countless powerful monsters, countless precious metals, countless various materials, and countless ancient relics."

"So, Zhongzhou is Zhongzhou."

There was a strong look of pride on her face.

Chen Feng asked, "Ancient relics? Are there any ancient relics in these floating mountains?"

"Haha, of course there is." Lu Yutang said: "Because on this continent, there were countless monsters, powerful dragons, and many peak powers of mankind."

"These powerful monsters and human powers have left countless ruins, ancient tombs, giant family houses, cultivation caves, etc. on this continent."

"There are many relics in it. Because of the powerful protection, it is said that there is no damage, but it is hidden there."

"If such a relic can be found, it will be able to change fate overnight and obtain countless powerful pills, martial arts, magic weapons, etc."

"Able to make a warrior become a very strong person in a short time!"

Chen Feng was shocked.

He knew about the ancient ruins. Before he came to Chaoge Tianzi City, he had already encountered many ancient ruins.

But the ancient ruins he encountered at that time were completely different from the ancient ruins in Lu Yutang's mouth.

The ancient relics he had encountered before, except for the tomb of the Great Emperor Yin and Yang, would not have been looked at when he came to Chaoge Tianzi City.

There is a fifth-rank and sixth-rank family in Chaoge Tianzi City. If all the savings in it are taken out now, it can surpass the so-called ancient relics.

The ancient ruins at the mouth of Lu Yutang are the real ancient ruins, because it represents the various ruins left by one of the strongest forces that have ever appeared in the entire Dragon Vein Continent.

Those powerful monsters can crush human beings for so many years and dominate the entire Dragon Vein Continent. You can imagine how tyrannical they are.

[Chapter 2678: The Emperor's Soldier!](#)

How precious are the ancient relics they left behind! What a domineering thing inside!

Lu Yutang continued: "Furthermore, these floating mountains were originally fragments of the floating continent. The level of prosperity is more than thousands of times that of the area above the Dragon Vein Continent of the same area, and they have very, very large resources."

Chen Feng asked with some doubts: "Since these floating mountains are so rich, they should have been taken up long ago and they should be lighted."

"Master Chen asked this question well."

Lu Yutang said, "Because these floating mountains, although rich, they are also extremely dangerous."

"Like the Purple Fire Swamp I said before, the purple flames inside are extremely powerful."

"The general martial arts realm powerhouse will be easily burned to ashes. It is not bad if ten people go in and two people come out alive."

"So, although we are rich, the risk is great, so I dare not dare to get involved easily!" *novElus&.com*

He went on to say: "And this purple fire swamp, in the floating mountain, is not the most dangerous kind."

"The nine major forces classified the floating mountains around Chaoge Tianzi City into nine levels of danger."

"Purple Fire Swamp, probably about level three, is only slightly more dangerous than level one and two."

Chen Feng was shocked when he heard this.

The floating mountains surrounding Chaoge Tianzi City are really high-level. It seems that the monsters and the environment inside are very terrifying.

Lu Yutang said, "Why did I just say that their output is very generous?"

"Take the Purple Fire Swamp as an example. Its natural purple fire is extremely hot. Although it can burn all those who come to hunt for treasures to ashes, it can also burn the precious metals on the floating mountain. , Are all smelted into liquid."

"Moreover, this extremely high temperature can expel all the impurities inside."

"Therefore, in that purple fire swamp, countless extremely precious metals can be found."

"Some metals, you don't even need to salvage them, you can get them out by standing on the shore in a container."

"After being fished out and solidified, it is the most pure and precious metal that can be directly used for forging and casting."

"These rare materials are extremely expensive, and they can be sold at a great price in Chaoge Tianzi City!"

"The worst of these materials is the orange material. Using them as materials can forge weapons and armors of the emperor's level and above!"

Chen Feng's heart beat hard.

The Emperor's Soldier!

This is a new and powerful weapon far beyond any weapon he has seen before!

The emperor's soldiers are equipment belonging to high-level Wuhuang and Wudi-level powerhouses!

(In order to distinguish the materials from the materials, in the future books, the materials will still be classified by orange first-grade and orange second-grade materials, but for weapons and armor, the emperor's soldiers will be used)

To give the simplest example: in the entire Tianyuan Dynasty, there is no emperor's soldier!

And even in Chaoge Tianzi City, most warriors use the king's army, not the emperor's army!

The soldiers of the emperor are extremely powerful, can greatly enhance the strength of the warrior, and even allow the warrior to leapfrog and kill the enemy!

Chen Feng desperately wanted to get an emperor's soldier, but never had a chance.

Lu Yutang continued: "For example, the bracelet that the son came to **** last time is made of purple fire swamp."

"Moreover, it can only be regarded as a not-so-expensive material in the Purple Fire Marsh, but even so, it can be exchanged for so many pills."

Chen Feng suddenly said, "That's it."

Lu Yutang continued: "Even at the core of the Purple Fire Marsh, there are hundreds of thousands of precious metals that have been smelted day and night for tens of thousands of years, and they can all be fused together."

"Therefore, a brand-new material compatible with the advantages of various metals has been formed. This material is extremely cherished."

"Yes, it hasn't even appeared in this world. If you can get a little bit of this material, it can attract everyone to **** it."

"At the auction, there will be countless people bidding, whether it is the Association of Founders, the Association of Alchemists, or those powerful warriors, they all like these things very much."

"Master Chen Feng, don't you need Dragon Blood Amethyst urgently now? This is the best place in your city that I can think of to earn a lot of Dragon Blood Amethyst."

Chen Feng nodded, at this moment he was sure, and went to the Purple Fire Marsh.

He looked at Lu Yutang and said, "I don't know how far this Purple Fire Marsh is from here?"

Lu Yutang said, "It's about 30 million miles away from here."

Chen Feng nodded and thought for a moment. If he used the Jinpeng Longitudinal Technique at this time, he should be able to arrive within ten days.

After that, Lu Yutang succumbed to the crime and left, and returned after a while, already holding a jade box in his hand.

He opened the jade box, and inside was a small piece of jade.

He motioned to Chen Feng to hold the jade piece in his hand. After the jade piece fell into Chen Feng's hand, it shattered with a click.

At the next moment, Chen Feng felt that countless spots of light flashed in front of him, and a map emerged.

The route on this map is very detailed, and it is the map from Chaoge Tianzi City to the Purple Fire Marsh.

Chen Feng glanced at it, already keeping this map firmly in his heart!

The next moment, the map disappeared.

Lu Yutang smiled and said, "Do you remember the son clearly?"

Chen Feng nodded slowly and gave him a deep look.

In fact, although this map is not extremely treasured, it is definitely not available to any warrior. If you want to buy it, it can also be sold at a high price.

It's just that Lu Yutang didn't mention it at all, and Chen Feng knew it well, just keeping his gratitude to him in his heart.

He secretly said in his heart: "These kindnesses will definitely be repaid ten times in the future!"

Lu Yutang suddenly said, "Master Chen, now that he brought up the bracelet..."

He paused, took out a jade box and handed it to Chen Feng, and said, "Master Chen, this is the jade bracelet you pawned that day. I will return it to you now."

Chen Feng did not answer.

A look of astonishment appeared on Lu Yutang's face.

Chen Feng smiled and said: "Brother Lu, the favor I owe you is the favor I owe you, but this bracelet was pawned by me."

"So, I must redeem it by my own ability!"

Lu Yutang was startled slightly, then he laughed and said, "Okay, Brother Chen, if that's the case, then I'll wait for good news!"

Before you know it, the names of the two have changed, which represents a deeper relationship.

Chen Feng smiled slightly, said goodbye, turned and left.

[Chapter 2679: set off](#)

Soon, Chen Feng returned to the Xuanyuan family, mentioned the Purple Fire Marsh to his mother, and said, "Mother, I might go to the Purple Fire Marsh."

"The time should not be too long, as short as one month, and the longest should not exceed two months!"

Xuanyuan Ruolan nodded, yeah, there was no objection, and there was no worry about Chen Feng or fear of her danger.

Because, for this woman, she knew very well that only by tempering her strength between life and death could she survive in this dangerous Xuanyuan family and survive in this world.

She looked at Chen Feng, but raised her eyebrows and said, "I've heard of Zihuo Swamp before, but I haven't been there."

"I just heard that very rare metals and other materials are indeed produced there, and the level is not particularly high compared to the top power."

"There are many people whose strength is equal to yours, and there are also those who are one grade higher than your strength."

"Two grades higher than your strength, reaching the peak of the Martial Emperor Realm is almost impossible."

"So, if you go there, if it doesn't work, you should still have time to escape."

Chen Feng nodded, and the two said a few more words. Chen Feng left his mother and left the Xuanyuan family.

His time is very tight. He will go to the Southern Wilderness within half a year, and he will get Tengshe Neidan.

It will take a long time to go to the Southern Wilderness.

Then, Chen Feng must set aside this time.

He will be promoted in three or four months, enough to be able to obtain a ray of life between Teng Snake and Yellow Bird.

No time can be delayed, no one day can be delayed!

Chen Feng walked all the way down from the ninth-level city and soon came to the fifth-level city.

On each side of the fifth-level city, there is an extremely huge square.

This huge square is as big as a thousand miles, and you can't see the edge at a glance.

Although the square is huge, it doesn't look big at all, because there are too many people on it.

There were people everywhere, monsters everywhere, countless strong men descended quietly in the sky, and countless strong men suddenly lifted into the sky above the square.

In the distance, the arcs formed by their exercises drew behind them, intertwined in the sky, and looked extremely bright.

Not only are human powers, but there are also many demon race powers here, as well as many alien races.

At the same time, there are many gorgeous car wheels pulled by huge monsters.

There are even some huge flying boats with various fancy patterns and rune formations on them, floating in the sky, slowly pressing down like a mountain.

Here is the place of departure and landing of Chaoge Tianzi City!

In Chaoge Tianzi City, not all places allow people to rise into the air or land from the sky.

Here is Chaoge Tianzi City, the defense is extremely strong, and a part of the city guard is dedicated to defense against the sky.

Anyone who has not been notified and wants to get up and down without authorization will be directly killed by them.

Like last time, the Mu family who came to Chen Fengfeng's resignation, their status and status are different, they have notified the city guards in advance before they can directly land on the Xuanyuan family.

All those who come to Chaoge Tianzi City, no matter what race they are, need to come to the four squares on the fifth floor before they can enter Chaoge Tianzi City.

Chen Feng came here, silently merged into the crowd, and then found a corner to skyrocket.

He didn't show Jinpeng's tactics, and Chen Feng didn't want to attract attention.

He just rose into the air and flew outwards.

Soon, Chen Feng had already left the scope of Chaoge Tianzi City and arrived on the endless sky.

At this time, the sky was clear, and the rays of the sun in the distance shed warmth, but it was not hot.

The sky was a faint blue sky, which seemed high and quiet.

There are many powerful warriors, and there are many warriors flying above the sky, but Chen Feng can't see much, after all, the sky is really too big.

Chen Feng recalled the route, and hurried to the direction of the purple fire swamp.

At this time, Chen Feng could use Jinpeng to make a decision.

Chen Feng turned Jinpeng's vertical and horizontal tactics, and then, the surface of his body flashed with golden light.

Then, a layer of feathers quietly covered the body.

This time, Chen Feng was surprised to find that the feathers that appeared were bigger and stronger, stronger, and more lustrous than before.

Even, on top of the gold, it seemed to bring a layer of flowing purple.

Ambilight, gorgeous and unusually beautiful, just like the finest purple gold cast, extremely beautiful.

Chen Feng raised his eyebrows: "My Jinpeng Longitudinal Technique seems to be different from before."

However, Chen Feng glanced around and found that Jinpeng Zongheng Jue had not broken through.

At this time, Jin Peng Zongheng hadn't covered his whole body yet, he was still staying in the second level.

The Jinpeng Longitudinal Art on the second floor is ten times the speed of sound and can fly three million miles a day and a night.

I saw a golden light, passing directly above the sky, and the speed was extremely fast.

Chen Feng soared under the sky, and his whole body was very comfortable.

Soon, Chen Feng went forward for seven or eight days. During these seven or eight days, Chen Feng had also seen many powerful warriors along the way.

These warriors either fly with swords, or ride powerful monsters, or just stand on the clouds.*novelusb.com*

That cloud layer fends off the gale for him and flies forward at an extremely fast speed.

Or use nothing, just stand in the void, like an arrow, shoot forward at an extremely fast speed, extremely powerful.

Among them, there are many powerful people.

Along the way, Chen Fengguang saw that the speed was faster than himself, at least no fewer than dozens.

I don't know how many people have a higher realm.

This surprised Chen Feng secretly.

This Chaoge Tianzi City is the Chaoge Tianzi City, and it is indeed the central axis of the Dragon Vein Continent.

"There are too many strong people inside. I put it in it, but it's just a drop in the ocean, and it's nothing at all."

Chen Feng was thinking to himself, not far in front of him, another colorful brilliance flashed, like a rainbow, turning into a bridge.

An elderly man in a brocade robe lay on it slowly, his big sleeves fluttering forward.

When Chen Feng looked at it, his pupils suddenly shrank.

This old man has unfathomable strength!

When Chen Feng glanced at him, he felt his heart throbbed, and a huge force surged.

His Jinpeng's vertical and horizontal tactics almost couldn't be maintained, and he fell straight down.

Chen Feng was astonished: "He didn't look at me at all, and he didn't attack me at all. It's just that the power surrounding him naturally reacted to the person who was watching, and I couldn't bear it!"

[Chapter 2680: Five Tigers of Montenegro](#)

"The strength of this person, I am afraid that he has already stepped through the Martial Emperor Realm and entered the half of the Martial Emperor Realm!"

The old man seemed to be slow, but in fact he was extremely fast, and disappeared in no time.

However, it gave Chen Feng a powerful shock.

However, what gave him a little peace of mind is that this section of the road is not just leading to the Purple Fire Marsh, but to many floating mountains.

I want to come, if it's just the Purple Fire Marsh, it can't attract so many powerful people.

After another day, Chen Feng knew that he was not far from the floating mountain where the Purple Fire Marsh was.

At this moment, Chen Feng suddenly saw the colorful brilliance blooming in the distance, the sound of rumbling impact, and the sound of explosions.

There are even more roars and screams of people inside!

Chen Feng suddenly felt stunned, and immediately knew that there was a battle ahead.

Chen Feng twisted his brows, and flew forward extremely fast.

Soon, he saw that a battle was taking place ahead.

In that battle, five people besieged one person.

Each of these five people is extremely powerful, with unparalleled power in every punch and kick.

After Chen Feng glanced at it, his brows suddenly wrinkled, and a strange color flashed in his eyes.

The strength of these five people almost all reached the realm of the Eight-Star Martial Emperor, and Chen Feng would not be afraid of any one of them.

Even if two or three of them came out, Chen Feng would not be afraid.

But each of these five people has a different fighting style.

There are huge swords in hand, close combat, and extremely powerful attacks. Every move and every style can make the opponent unable to dodge, and can only be hard-wired, but hard-wired will cause heavy casualties to attack the powerful dual-sword warrior.

There is also a huge shield warrior holding a huge shield in front of him, and constantly carrying off the opponent's attacks.

There was also a glamorous woman standing in the distance, holding a bow and arrow, constantly shooting one arrow at a time, making the other party unable to parry and rushing.

There was even a person, Chen Feng didn't know what he was doing, but watching his hands waving constantly, there were bursts of strange laughter in his mouth.

And every time he moves like this, the besieged person is in a trance, and his hands are also a little slow.

Chen Feng guessed that this person should be creating an illusion, disturbing the other's mind.

The last one was standing on the side, not doing it, and not knowing what was thinking.

These five people have different occupations and different attack methods, but they cooperate very well.

Therefore, even if the five of them were besieged by them, the strength was slightly better than them, almost reaching the realm of the Nine Star Martial Emperor, but they were still stunned by them, and it was difficult to resist.

But for a moment, he was already seriously injured!

Chen Feng raised his eyebrows, and said with some surprise: "Who are these five people? They have different occupations, and their attacks are so different, but they cooperate with such a tacit understanding. They really are the same!"

"It's so rare and weird, and so knowledgeable, even the Black Mountain Tigers don't even know."

At this time, a voice suddenly rang.

Chen Feng looked in the direction of the sound.

The speaker was a young man in a golden robe who was more than 30 years old, tall and thin, with an arrogant face.

He glanced at Chen Feng faintly, with a deep contempt and disdain in his eyes, and said: "These Black Mountain Five Tigers, for decades, have robbed and killed people within thousands of miles nearby, specifically intercepting returning from the Purple Fire Marsh. A warrior carrying a lot of precious metals on his body."

"Boy." He looked at Chen Feng, curled his lips, and said: "How shallow are you, you haven't even heard of it?"

Chen Feng listened to his words and immediately wrinkled his brows and gave him a faint glance.

There is a strong sense of superiority in this person's words.

Chen Feng's anger quietly rose, but he did not break out. He just took a deep breath and endured it.

At this time, many people were watching.

In the discussion of everyone, Chen Feng also knew the origin of these five people.novelLusB.com

Their name is the Black Mountain Five Tigers, they are powerful and cooperate with each other.

They most like to intercept those returning from the Purple Fire Swamp on this route and looting the precious materials from them. These years, they have become notorious!

Seeing that Chen Feng ignored him, the young man in Jinpao flashed sharply in his eyes.

Seeing Chen Feng's thoughts in his eyes, a sneer appeared at the corner of his mouth. He thought Chen Feng wanted to save that person, so he said lightly: "Boy, are you still thinking about saving that person?"

"You still want to challenge the Five Tigers of Montenegro?"

He looked at Chen Feng disdainfully: "Even I am not their opponent, what are you? You deserve to challenge them?"

He raised his chin and looked at Chen Feng with a condescending taste: "I am an eight-star martial emperor, and you are nothing but a five-star martial emperor."

"I am three major levels higher than you. It is easy to kill you. I dare not challenge them. Why do you challenge them?"

"Are you looking for death?"

There was a deep contempt and disdain in his words, and he looked down on Chen Feng at all.

Chen Feng glanced at him, wrinkled his brows, and burned his appearance deeply in his heart.

However, he still has no episodes.

Chen Feng's goal was the Purple Fire Marsh, and he didn't want to make trouble here.

And soon, the man strangled and strangled by the five Black Mountain Tigers, with a thud, was attacked by the offensive of three of them at the same time.

He let out a miserable scream, spurted blood, and his body twitched heavily. It was already a broken heart, and the vitality in his eyes disappeared without a trace.

He is already dead.

The big man holding the huge shield laughed loudly, put the huge shield behind him, and then reached out his hand to catch his corpse, fumbled over his corpse, and took out two golden thread kits.

He laughed loudly and threw the corpse straight away, like a tattered one.

The corpse just drifted past Chen Feng.

Chen Feng saw this nine-star martial emperor, his eyes were hollow and his vitality was cut off!

He couldn't help feeling a little bit of emotion in his heart: "Here, what is the Nine-Star Martial Emperor? Let alone me."

But this also made the desire to become stronger in Chen Feng's heart even stronger!

Then, among the Five Tigers of Montenegro, the one who hadn't done anything came over, pressed his hands, and the two golden thread kits shattered directly.

Chen Feng looked at it and frowned.

These two gold thread kits are of extremely high level, and are generally the same as those used by Chen Feng.

This kind of thing is extremely difficult to break, and Chen Feng can't do it at all.

And that this person can do it shows that he is not only extremely high-level, but also possesses some powerful and abnormal methods.

It seems that among the Five Tigers of Black Mountain, it is this person who has not done anything, and the strength is the strongest.
