

## Peerless 2681

### [Chapter 2681: Purple Fire Town](#)

Then, they took out dozens of kinds of Ambilight from the inside, and when they exuded a powerful atmosphere, they knew the extremely high-level materials at a glance, and quickly fled away, and disappeared without a trace in an instant.

When Chen Feng and others saw this scene, they also left.

The young man in brocade robe looked at Chen Feng before he left, with a touch of disdain and hostility in his eyes: "Boy, don't let me run into you next time, or you will be ruined!"

Chen Feng didn't offend him at all, or even ignored him, he was totally doing nothing.

Chen Feng just feels very tired and crooked, this person is really endless.

Chen Feng didn't put him in his eyes at all, he was just an eight-star martial emperor, and it was easy for Chen Feng to kill him.

Chen Feng drove forward for another day, and finally far away, he saw a huge fireball floating in the sky.

But soon, Chen Feng discovered, where is this huge fireball?

It is clearly a floating mountain!

This floating mountain is about a thousand miles in radius.

And above this floating mountain, there was an endless and endless purple flame. At first glance, it looked like a huge purple fireball hanging above the sky, robbing the sun of all its glory.

Although there are still thousands of miles away, Chen Feng can still feel the boundless light and heat.

The light and heat penetrated into Chen Feng's body and felt extremely domineering and vicious. It seemed that when it entered the human body, it would begin to destroy everything.

Chen Feng's heart was shocked: "Is this the Purple Fire Marsh?"

"This Purple Fire Swamp is so far away from me, is so powerful?"

The slight flow of power in his body is to eliminate these powers and continue to move forward.

The farther you go, the clearer you can see.

Soon, Chen Feng saw the true face of Zihuo Marsh.

This floating mountain, to be correct, should not be a mountain, but a piece of land suspended in the sky.

There are high and low peaks on the surface, the terrain is quite complicated, and there are hills and plains.

At this time, all of this was shrouded in a purple flame.

And not far in front of the swamp after this, there is a small piece of land with a radius of about ten miles.

This small piece of land is about a hundred miles away from this purple fire swamp. On the small piece of land, buildings are built, with palaces, buildings, and people coming and going. It looks very prosperous.

Chen Feng suddenly raised his eyebrows. He came to the small piece of land and saw that there was a city on the land.

However, there is no wall in this city, and a huge bronze monument stands on the edge.

Three characters are written on it: Purple Fire Town!

A smile appeared at the corner of Chen Feng's mouth: "This is Zihuo Town?"

Purple Fire Town was born along with Purple Fire Marsh.

There are quite a few people who come to explore the Purple Fire Marsh, and they are not low-level.

During the long journey, many people did not bring their own supplies-medicine, weapons, armor, etc.

Thus, Zihuo Town came into being.

There are a lot of shops in it, you can buy some weapons, armor, etc.

Some people have been exploring in this purple fire swamp all the year round. After the weapon armor is damaged, if they buy it back to Chaoge Tianzi City, there is too much time outside, so they buy it directly here.

Moreover, many shops here also purchase various materials produced in the Purple Fire Marsh, and sell some special weapons and armor products that are unique to the Purple Fire Marsh.

Walking on this Zihuo Town, Chen Feng saw that it was very lively with people coming and going, and it was like a miniature version of Chaoge Tianzi City.

And Chen Feng also saw that there are quite a lot of warriors here, there are hundreds of thousands, and there are all races in them.

Even here is much more detailed than Chaoge Tianzi City.

Chen Feng looked closely and found that the people here are mainly divided into several categories.

The first kind of nature is human beings.

And the second type is the beast-headed human body, or the human-headed beast body, which has some characteristics of monsters.

The third type is the kind with very large or very small bodies, such as giants and dwarves.

The fourth type is a race with pitch black all over.

Chen Feng had never seen this race before, and it was quite strange at first sight.

They are about three meters tall, very tall, but very narrow and thin, just like a floating black snake.

However, in the thin muscles of the body, there is an infinite sense of strength.

Chen Feng couldn't distinguish their male and female. They were usually wrapped in a blue robe, drifting across the street like a black shadow, bringing a little weirdness.

When they passed by, Chen Feng could feel a deep chill!

Soon, Chen Feng made a circle in this small town.

The town is not big, and it will be finished in about a cup of tea.

There was a thoughtful look in Chen Feng's eyes. This small town was just a transit point in the Purple Fire Marsh.

There are about dozens of shops inside.

And these shops are roughly divided into two categories. The first one is selling weapons and armors. This kind of shops has the largest number, and Chen Feng also saw a large number of warriors entering and leaving these shops.

When he entered, his body armor was broken and embarrassed, but when he came out, he was already replaced with a complete set of very sophisticated armor weapons.

In addition, those shops basically sell elixirs.

After Chen Feng circled here, he roughly figured out the strength of the martial artist here.

The martial artists who come here are not low in strength, and the worst are all five-star martial emperors.

Six-star Martial Emperor and Seven-star Martial Emperor are the main forces, and the number of Eight-Star Martial Emperors is very small, and they can be regarded as masters.

As for Jiuxing Wuhuang, Chen Feng only saw a few.

Obviously, this is indeed more suitable for his level.

However, this is nothing. The most important thing is that Chen Feng discovered a very special situation.

Martial artist, Chen Feng has met a lot before.

All the warriors, I dare not say that they are dressed in the same way, but at least they are almost the same.

As for what he is good at, it is not clear.

But here, it is very clear.

The warriors here are divided into several categories.

The first category, whether tall, burly or thin, is holding a giant sword or a giant knife.

The body's evil spirit is condensed, and the murderous aura is clear at a glance.

The second type is holding a huge shield, which is very powerful.

The third type seems to be a long-range attack, and this long-range attack is generally wearing light armor, holding a bow and arrow, or wearing a robe with a staff in his hand.

When Chen Feng saw it, he couldn't help being surprised, and thought to himself: "Why is there such a weird place here?"

[Chapter 2682: Buy news](#)

"Before, I never knew that the profession would have such a subdivision."

"Shouldn't it do everything?"

At this moment, beside him, a thief's voice suddenly sounded: "This son, it must be the first time to come to Purple Fire Town, right?"

Chen Feng's heart moved and looked to the side.

I saw that in the alley next to him, a short and thin middle-aged was standing there waving to himself.

There was a thief on his face, and he looked at Chen Feng with a winking smile.

Seeing Chen Feng looking towards him, he walked over quickly, smiled and said, "I don't know the name of the son Gao?"

Chen Feng glanced at him and said lightly, "No name and no surname."

This short and thin middle-aged man knew at a glance that Chen Feng was reluctant to say.

He wasn't angry, and said grinning: "If you don't understand anything, just ask me."

Chen Feng knew at a glance that this person must be selling news here.

Chen Feng looked at him, smiled and said, "I don't know how to inquire about the news, how much does it cost?"

The middle-aged thief stretched out a finger and said: "Ten dragon blood amethysts, one question."

Chen Feng turned his head and left, ignoring him.

This person hurried to catch up with him, and said with a smile: "This son, don't worry, if you have something, let's talk and discuss."

Chen Feng looked back at her and said lightly: "Don't think of me as a baby. These news, I will go around here and spend some time, so that I can find out and buy from you. Save trouble."

"Your asking price is too ridiculous. In that case, I will find out for myself!"

When this person heard it, his face suddenly became bitter, knowing that Chen Feng is definitely not the kind of fool that can be fooled at will, this young man should be very experienced.

He hurriedly smiled and said, "Haha, son, don't worry, let's discuss the price. What price do you think you can offer?"

Chen Feng also stretched out a finger and said lightly: "A piece of dragon blood amethyst, tell me what you know."

The middle-aged man immediately got a bitter face and looked at Chen Feng with a frown: "My son, your price is too low."

"Don't forget it." Chen Feng said lightly, turning his head and leaving.

"Okay, okay, just one dragon blood amethyst, just one dragon blood amethyst, can't I agree?"

"Really, son, you are not old, you really have a lot of experience, you really can't hide this little man from you!"

The short and thin middle-aged said with a smile.

Chen Feng said lightly: "Okay, don't talk nonsense, tell me, what is going on?"

With that, he pointed to those people in the town.

The short and thin middle-aged said, "It turns out to be this. It seems that you have an unusual background, son."

"If I was born and raised in Chaoge Tianzi City, I would not be surprised by this incident since I was a child. Only the people who fight up from below will be surprised."

Chen Feng raised his brows and asked, "I think there are many people in Chaoge Tianzi City, but they all look down on me for fighting from below."

The short and thin middle-aged curled his lips and said with a disdainful face: "They know a fart, and they know arrogance."

"As everyone knows, like the young master, the person who fights for a little bit is the real warrior, who has the truly powerful strength."

Chen Feng smiled slightly. He didn't expect this person to have this insight, but he could see clearly than many others.

Then, the short and thin middle-aged went on to say: "It's so good that the son learned that in fact, the higher the level of strength, the more the profession will be divided."

"Because no one can do omnipotence, and no one can do everything in control."

"Actually, when the realm is relatively low, there may be such an illusion, but when the realm is high, the more you will find your own powerlessness, and you can only go up when you have a specialization."

"If you want to learn everything and practice everything, then in the end it just won't work."

Chen Feng nodded.

In fact, he also discovered this.

At the beginning, Chen Feng could attack from far and near, but later, he actually tended to attack in close combat.  
*OverLustb.c0m*

In fact, his long-range attack ability has declined drastically. There are many reasons. There is no suitable martial arts technique, no suitable magic weapon and so on. To put it bluntly, it is powerless.

The short and thin middle-aged then said: "Moreover, many warriors that the son has seen before use some weapons according to his own heart, right?"

Chen Feng nodded: "That's right."

This is also a very important reason why the professions and abilities of those warriors cannot be distinguished from the weapons.

"That's because the opponent they met is not strong enough, so they can do whatever they want."

The short and thin middle-aged said: "But in Fukongshan, in Chaoge Tianzi City, this will never happen, because here, the opponent is too strong!"

"The enemy, no one is weak!"

"When it is so powerful, it is necessary to use almost standard weapons, separate labor, and cooperate with each other to kill the enemy."

Chen Feng listened attentively.

He paused and continued: "Furthermore, here, the level of weapons is also extremely high, and the help to warriors is also great."

"If you use weapons that are not compliant with the rules, and are not suitable for your occupation and fighting style, you will definitely die miserably!"

"You are a pure sun giant spirit guard, you must use a giant shield. If you use a soft sword, you may be very powerful, but you can't stop the enemy's attack at all!"

He concluded: "To put it bluntly, the warriors in Zhongzhou were born for the sake of a team, rather than being alone outside."

"Do you know why?"

Chen Feng shook his head.

"The son may not know, but anyone who was born in Chaoge Tianzi City, they have been very clear about their destiny since they were young."

"That is, get your own opportunities in those floating mountains."

"These millions, tens of thousands of floating mountains, have brought endless opportunities to Chaoge Tianzi City, so that these warriors in Chaoge Tianzi City can obtain resources, receive medicines, and improve their strength. "

"You may not know that the warriors born in Chaoge Tianzi City will hardly go anywhere else. From the beginning of martial arts practice, they will go to some of the lowest floating mountains and floating debris."

"Then, improve the strength, and slowly come to the higher-level floating mountain, get better materials, more powerful pill, higher upgrade strength, and enter a higher realm."

After Chen Feng heard it, he suddenly said, "I see."

Chaoze Tianzi City, no, it should be said that in the entire Zhongzhou affected by Fukong Mountain, these warriors took completely different routes from their own.

#### [Chapter 2683: You poor, untouchable!](#)

They are confined to these floating mountains and will not explore everywhere.

But that's not right. After all, there are millions of floating mountains, and they are going to explore everywhere in this floating mountains.

The short and thin middle-aged went on to say: "Because of the extreme danger in the floating mountains, the need to face very dangerous situations, very powerful monsters, and many indescribable powerful existences, so no one can enter it alone. ."

"Everyone must cooperate, at least three or four talents are required. Among these three or four, there must be a melee holding a huge shield to defend."

"There must be melee attacks that are extremely powerful, killing monsters, and there must be long-range attacks to attract the attention of monsters."

"Only in this way can we survive the fierce battle in the floating mountain."

"So, in Chaoze Tianzi City, various professions will be developed."

He gave a wry smile and said: "They are all forced!"

Chen Feng was lost in thought.

He is a little confused, whether this is good or bad, but it is certain that this can indeed enhance the collective combat effectiveness.

It was like the five black tigers he saw on the road.

If it is the Black Mountain Five Tigers, everyone learns everything and is not good at everything, then the five of them together, it is impossible to beat the nine-star martial emperor.

But because each of them has their own specialization and cooperation, they are very close, so they can kill that nine-star Wuhuang!

After an hour, Chen Feng knew about it.

He took out a dragon blood amethyst, handed it to the short and thin middle-aged, smiled and said, "Thank you very much."

The short and thin middle-aged smiled, lowered his voice, and said to Chen Feng, "My son, I want to tell you one more thing."

"You have to know that there are indeed a lot of medicines sold in those shops, but the prices are extremely expensive. If you are shy in your pocket, you might as well take a look on the street."

"Oh?" Chen Feng's heart moved after hearing this.

He said goodbye to the short and thin middle-aged and continued to move forward.

At this moment, when Chen Feng looked at the warriors on the street, he knew a lot.

Now, Chen Feng has a deeper understanding of this Chaoge Tianzi City and the power system of the entire Zhongzhou.

This warrior of Chaoge Tianzi City. It is basically divided into four categories.

The first category: Pure Sun Giant Lingwei!

The pure sun giant spirit guard, holding a huge shield, has an extremely powerful body, solid as iron, spurting blood, and extremely fierce.

They held a large shield to resist the front and blocked most of the enemy's attacks.

The second category: hurricane killers!

Being in the distance, the attack was like a violent storm, dense and fierce, and the enemy was beaten miserably in a short period of time, with heavy casualties.

The third category: Jagged Swordsman!

This iron-blooded swordsman is the powerful warrior that Chen Feng saw on the street holding huge swords. They are generally good at close combat, attacking extremely powerfully, but their defense is far inferior to the pure sun giant spirit guard!

In fact, Jagged Swordsmen are not only those who hold huge swords, but also many swordsmen who fly freely, and seem to be quite elegant, but they are also powerful melee fighters.

The power of the warrior can not be seen from the size of the body!

And the fourth one is the Thousand Changes!

In addition to these four, there are many other occupations.

These occupations have existed for hundreds of thousands of years in the entire Chaoge Tianzi City, and even Zhongzhou, and they have already developed very well.

Many schools are even divided by this.

Chen Feng can be regarded as having gained knowledge at this time!

Of course, omnipotent is not without, but very few.

Then, Chen Fengxin stepped into a drug store.

Above the drug store, there are four characters: Shadow Drug Store.

This medicine shop has an extremely large and magnificent facade, which looks very grand.

The guys standing inside were all dressed in brocade clothes, very stylish.

Among them was a tall and thin man standing at the door.

She seems to be the leader, and the other guys are quite respectful to him.

His eyes wandered around, showing a shrewd look.

After he saw Chen Feng, he immediately looked up and down, and then the courteous smile on his face disappeared without a trace.

Instead, it was laziness, revealing a deep disdain and impatience.

He glanced at Chen Feng lazily, and said half-deadly: "Oh, the distinguished guest is here, you can take a look at it yourself, and buy whatever you want."

Chen Feng could feel his contempt, ignored him, just looked forward.

The tall thin guy added viciously at the back: "You can't afford anything anyway."

The voice he said was not too loud or too small, and it was clearly meant for Chen Feng, which was clearly provocative.

Chen Feng looked back at him, this guy looked at Chen Feng, his chin held up, his face was arrogant.

Obviously, Chen Feng didn't put Chen Feng in his eyes at all, and he was provoking naked here.

Chen Feng frowned, and a sharp meaning flashed out.

But soon, Chen Feng took a deep breath and lowered the pressure of the fire.

He has just arrived in Zihuo Town, he is not familiar with his life, and has no understanding of it.

Chen Feng tolerated this tone.

And this tall and thin saw Chen Feng endure the breath, he was even more proud, and said with disdain: "A pariah, wearing rags, and not a mere five-star martial emperor, but also buying things from our shadow medicine shop?"

"Can you afford it?"

In the shop, many people heard this and looked at Chen Feng, with a hint of mockery on their faces.

Many of them were six-star and seven-star martial emperors, and they looked down upon Chen Feng, the five-star martial emperor.

As everyone knows, Chen Feng has the powerful ability to chase down and kill the Eight-Star Martial Emperor, and that they are absolutely waste in front of Chen Feng.

Killing them is easy!

Chen Feng didn't bother to care about them at all.

In Chen Feng's view, if these talents are undervalued, they simply don't deserve to be compared with them.

He went straight to the rows of shelves.

These shelves are quite rough, made of a special metal, revealing a rough atmosphere.

However, the above medicines are all exuding huge aura, obviously extremely tyrannical.

But again, the price is very expensive, almost no less than 500 dragon blood amethyst.

Where can Chen Feng afford it now?

Chen Feng looked for a moment, shook his head, turned and left.

When Chen Feng walked out of the shop, the ridicule of the tall and thin guy floated over again.

He looked at Chen Feng's back, and said with disdain: "Sure enough, he is a poor ghost, untouchable, and can't afford anything."

#### [Chapter 2684: Let me say that I will kill you!](#)

"I wasted my time for nothing, and didn't look up, Shadow Medicine Shop, is this a place you can come?"

He said, laughing wildly.

Chen Feng turned his head and glanced at him, his eyes flashed with coldness, and he turned his head and left without paying attention.

After Chen Feng left the shop, he left a few more shops. Sure enough, he found that the prices were extremely expensive.

Then, he cast his eyes on the street.

Soon after Chen Feng paid attention, he discovered that there were still some vendors on this street.

Above these stalls, most of them were placed some medicinal pills, and more of them were medicinal herbs.

Not very exquisite, but when Chen Feng approached the side, he could feel quite a lot of power from above.

Obviously, these herbs contain good power.

Chen Feng quickly stopped in front of an old man. His position was quite remote, and there was no one in front of him.

The old man couldn't tell his age anymore, his hair and beard were gray, his face was haggard, and his eyes were dim.

The most shocking thing was that his legs were broken at the same time, and he was completely useless.

However, even so, his clothes are still extremely neat.

The beard and hair are all very cleanly combed.

Even the treasures of heaven and earth in front of him are neatly arranged and neatly combed.

Chen Feng walked up to him, the old man raised his eyelid and glanced at Chen Feng. He didn't say a word, but said indifferently: "Whatever you want, please take it yourself."

Chen Feng pointed to one of the fire-red medicinal materials that were about three feet long and looked like a long snake, and said, "I don't know how much this fire snake grass is sold here?"

The old man stretched out five fingers, flipped up and down, and said, "A hundred dragon blood amethysts?"

"A hundred dragon blood amethysts?" Chen Feng repeated it after hearing it, slightly surprised.

He was not surprised at the high price, but at the cheap price.

Chen Feng knew this medicinal material.

After this fire snake grass is crushed, its juice can be applied to one's own body, which can reduce the pain and damage of the flames by more than 30%.

After Chen Feng knew that he was coming to Purple Fire Marsh, he had already made a lot of preparations, and he had also looked for Fire Snake Grass.

However, this fire snake grass only exists in the purple fire marsh, and it is extremely difficult to preserve. After being pulled out for more than an hour, it will begin to wither, turn into powder, and cannot be used.

Therefore, he was not found in Chaoge Tianzi City at all, but he did not expect to find it here.

Just now, Chen Feng had seen Fire Snake Pill made from this Fire Snake Grass in several drugstores, and the price would have reached 700 Dragon Blood Amethysts.

But now, the price is only one-seventh of what it was just now, and the effect is not much worse, except that one is reduced by 30%, and the other is reduced by 30%.

Chen Feng pointed to the small bundle of about ten, and said wrongly: "Lao Zhang, these things, the kid wants..."

Before he finished speaking, suddenly, there was a cry of panic in the distance.

On the streets of the small town, a group of people leaned back and turned, and Chen Feng frowned and looked there.

Then he saw a man dressed in brocade robe, dressed as a buddy, with seven or eight black armored guards, coming toward this side aggressively.

They came directly to the side of the old man, and in a blink of an eye they surrounded this small place, surrounded Chen Feng and the old man in the middle.

Chen Feng stood in the middle, his eyes calm, without the slightest fear, just watching this scene calmly.

The tall and thin young man in the lead saw Chen Feng, his eyes flashed sharply, and he smiled and said, "Oh, untouchable, I didn't expect that I ran into you here again."

"Sure enough, you poor ghost can't afford the pill in the store, you can only come here to buy these lowly medicinal herbs."

He stared at Chen Feng coldly and said, "I'll clean up you later, so that you can't survive or die! Now, I'll clean up this old thing first."

As he stared at the old man, he shouted sharply: "Old thing, how many times has I warned you? Don't let me see you again!"

"You want to smash the business of our shadow drug store, do you want to grab customers from us?"

"Old thing, if you don't listen to it so many times, I will abolish you today!"

He spit wildly, screamed sternly, and his face was stubborn.

He stepped forward and kicked the old man fiercely, kicking the old man directly into a muffled groan, and thumping directly on the ground, spurting blood.

The blood was sprinkled on the fire snake grass, making the fire snake grass more shining.

The old man raised his head and looked at him with grief and angrily: "The old man originally came to this purple fire marsh for treasure hunting and expedition. He didn't agree with a word and offended you Shadow Gang!"

"As a result, I was beaten like this by your shadow gang, and my legs were broken alive. I couldn't even go back to my home. The cultivation base was mostly scrapped and I could only commit myself to this purple fire town."

"I'm lingering here, selling some herbs, and you guys are going to cut my life?"

He looked up to the sky and yelled sternly, his voice full of grief and anger: "God, how unfair this is, why do you do this!"

"Okay, old man, stop howling here."

"It's useless to howl, no one can save you today."

The tall and thin guy stared at him and said with a sneer: "Today you dare to sell fire snake grass here, but I caught it again. Today, it seems that breaking your legs is not enough."

"You have to completely abolish your cultivation base, interrupt all your limbs, and turn you into a stinky maggot that can only crawl on the street. You are willing to do it, right?"

As he said, he let out a cold roar and stepped on the old man's arm.

Seeing, the next moment, the old man's arm will be trampled off alive.

At this time, there were many people around, but no one dared to control it.

At this moment, suddenly, a cold voice sounded: "Stop!"

Hearing these words, the tall and thin guy immediately wrinkled his brows, flashing a violent look.

Then he turned around and looked at the speaker.

It was Chen Feng who spoke.

He stared at the tall and thin man coldly!

The tall and thin guy gave a weird smile: "Oh, who am I? It turns out that it's you, a \*\*\*\* and poor ghost!"

"It turns out that you are nosy. You don't pee and see yourself. What are you?"

"You are only a five-star Wuhuang. You are extremely weak, and you don't even have the cheapest pill. At first glance, you know that you are a poor untouchable."

"Just you, are you nosy?"

He stared at Chen Feng and said word by word: "Are you looking for death?"

Chen Feng said lightly: "I don't know if I am going to die, I only know, dare you say one more thing, today I will kill you!"

#### [Chapter 2685: In front of me, you are nothing!](#)

"What? What did I hear?" The tall and thin middle-aged man laughed wildly, laughing forward and backward: "You trash, you said you want to kill me?"

"What are you? You deserve it?"

He laughed forward and backward, as if what a ridiculous thing Chen Feng was talking about.

And Chen Feng was just standing there with a faint expression.

However, the bitter murderous intent in his eyes showed that Chen Feng was really angry at this time.

Suddenly, the tall and thin middle-aged's smile disappeared without a trace, and he shouted sharply: "I didn't want to clean up you today, but it seems that you can't do it without cleaning up."

"Little boy, since you are looking for death, then I will fulfill you!"

As he said, he slammed Chen Feng with a fist.

In his opinion, with his punch, he could smash this \*\*\*\* poor ghost and untouchable directly into flesh!

The people watching by the side were all looking good at the show, and no one shot.

And many people looked at the gazes of the guards, with a trace of fear in them.

Someone whispered: "This Shadow Drug Store is really overbearing, even this old man will not let it go."

"This old man just robbed them a little bit of business."

"They have always been like this." The other person was also full of indignation: "It's really overbearing to come and kill people at every turn."

"Is there any way?" An elderly person next to him sighed and persuaded: "This shadow medicine shop was opened by Shadow."

"The Shadow Gang is the largest force in the entire Purple Fire Town and the entire Purple Fire Marsh, with a large number of people."

"Not only do they control more than half of the output of the Purple Fire Marsh, but most of the shops in the Purple Fire Town are also their industry."

"If you want to compete with them, it's just a dream."

He quietly stepped back and said in a low voice: "Okay, don't say it here, if they hear it, let's clean up together."

The few people who spoke just now all showed fear on their faces, stepped back, and soon disappeared.

Obviously, they were very afraid of the Shadow Gang and the Shadow Medicine Shop.

At this time, seeing the tall and thin middle-aged attacking Chen Feng, many onlookers secretly shook their heads.

"This boy is too young and energetic."

"Yeah, how dare he offend the Shadow Medicine Shop? This tall and thin middle-aged man, but the number one thug in the Shadow Medicine Shop guy, has the strength of a six-star Martial Emperor."

"This boy is afraid to die under his claw!"

"I also don't have eyes, no wonder others." Someone said gleefully.

They all believed that Chen Feng would definitely not be this tall and thin middle-aged opponent, and would be pinched to death by him.

The tall and thin middle-aged also said triumphantly: "I am the Six-Star Martial Emperor, it couldn't be easier to deal with you!"

But the next moment, the sudden change occurred!

At this time, facing the attack of the tall and thin middle-aged, Chen Feng did not evade, just stretched out his hand to grab the tall and thin middle-aged wrist.

Then, with a click, twist it directly.

There was a crisp sound, and the next moment, the tall and thin middle-aged uttered a scream:

"Ah! My hands! My hands are going to be crushed!"

He glared at Chen Feng and screamed: "Little boy, you let me go, you let go of my hand..."

He trembled with pain, tears and nose came out, staring at Chen Feng, he exclaimed in disbelief, "Little boy, how could you have such strength?"

"You are obviously a waste, you can crush my hand?"

"This is impossible, I am obviously stronger than you!"

Chen Feng laughed loudly: "You think you are a six-star martial emperor, so you are stronger than me?"

"As everyone knows, Six-Star Martial Emperor, in front of me, it's a shit!"

The next moment, Chen Feng laughed.

He reached out and patted his chest with a palm.

The tall and thin middle-aged uttered a scream, frantically resisted, but it was useless.

Chen Feng's defense was directly smashed into pieces, and then Chen Feng turned his palm into a fist, clenched his fist, and hit his chest fiercely.

With a crisp bang, the tall and thin middle was hit and flew out, spurting blood, falling heavily to the ground, and severely injured.

He let out a stern roar: "Kill him, kill him! Kill me this kid!"

The other guards in Jinyi from the Shadow Drug Store all showed fierce eyes and rushed towards Chen Feng.

The leader yelled, "This little bastard, it's just a six-star martial emperor. Let's go together and we can definitely kill him!"

"Really? I don't think so!" Chen Feng laughed loudly, and flashed into the guards.

A punch was blasted and hit the lower abdomen of a guard. It directly shattered his lower abdomen and shattered his internal organs. His body fell heavily to the ground beside him, vomiting blood, convulsing, and his eyes lost.

Seeing, there is already only air intake and no air vent.

At the same time, another guard slashed at Chen Feng's body with a long knife in his hand.

There was a fierce look in his eyes: "Boy, my knife is enough to kill you!"

However, Chen Feng did not evade, letting the long knife slash on him!

"It's over, this kid is going to be hacked to death!"

"Yes, this knife will directly split him in half!"

Quite a few people are talking beside.

And the next moment, they all opened their eyes wide and exclaimed: "What? How is this possible?"

It turned out that the long knife slashed fiercely on Chen Feng's body, and it made a loud noise, like the sound of gold and stone.

Sparks are flying everywhere!

Chen Feng didn't move at all, but the long knife broke into countless pieces with a thud.

Everyone was shocked, and they exclaimed: "What is this boy's body made of? It is so strong?"

"Yeah, it's unbelievable. This person has trained to such a level!"

At this moment, the guard holding the long knife was also dumbfounded, standing there, looking at the long knife with only the handle in his hand, dumbfounded.

At this moment, Chen Feng turned his head back with a smile.

He straightened his collar and shook his sleeves so that he looked at him in time and said, "Is it enough?"

This guard had not recovered yet at this time.

He instinctively said: "Chop, chop enough..."

"Enough chopped, right?" Chen Feng suddenly changed his face and screamed, "Then it's me!"

A punch hit his body, hit him directly and flew out 100 meters, and fell heavily to the ground!

He convulsed twice before suffocating.

Then, Chen Feng slapped the back of the other guard's heart with a palm, shattering his heart, and fell to the ground. Without saying a word, he went straight to life and death.

At this moment, Chen Feng slowly turned around and looked at the only surviving guard.

#### [Chapter 2686: Do you think I dare?](#)

It was also the guard who spoke just now.

Chen Feng looked at him, smiled and said: "Just now, you seem to have said that you guys want to kill me, is it easy?"

At this time, the guard was already frightened.

He did not expect Chen Feng to have such a powerful strength, and he did not expect Chen Feng to be so terrified.

What he didn't expect most was that Chen Feng dared to kill their shadow medicine shop in this Purple Fire Town so brazenly!

He stared at Chen Feng blankly, and muttered, "You, how come you have such courage?"

"You? How dare you kill the people in our Shadow Drug Store?"

Chen Feng laughed loudly: "What's not to dare? Not only do I dare to kill them, I dare to kill even you!"

With that, Chen Feng screamed, came directly to him, blasted him with a punch, and beat him to the ground with blood, and he was completely dead.

Chen Feng stood proudly.

At this time, the crowd around the audience just turned around and shouted in exclamation: "This boy is so powerful!"

"Yeah, the powerhouses in this shadow medicine shop are tyrannical, but I didn't expect to be killed by him so easily."

"He is not only strong, but also courageous enough. In this Purple Fire Town, even the people at the Shadow Drug Store dare to kill!"

"This kid is as bold as the sky!"

They all exclaimed and looked at Chen Feng with no disdain.

Instead, there is a deep awe.

At this time, Chen Feng didn't bother to pay attention to them, and ignored them at all.

He just cast his eyes on the tall and thin middle-aged man who was aside.

At this time, the tall and thin middle-aged man, lying in the pool of blood on the ground, looked at Chen Feng, his face was full of disbelief.

He was completely stunned, looking at Chen Feng, eating and saying: "You, are you so strong?"

There was a deep fear in his eyes.

He screamed: "You dare not kill me, you absolutely dare not kill me!"

He yelled a lot, but Chen Feng could clearly tell that he was stubborn and pretending.

"Oh? I dare not kill you, are you?" Chen Feng smiled and said, "Killing one is killing, killing five is killing. I still care about your dog's life?"

"Kill you, like a chicken!"

"In fact, your fate was already decided the moment you ridiculed me."

"I will kill you now!"

With that said, Chen Feng came to him and shot his Tianling Gai with a palm.

At this time, the guard was already panicked to the extreme.

The death of those people just now completely shocked his courage.

He screamed sternly and didn't even have the thought to resist. He thumped and knelt on the ground, begging for mercy from Chen Feng frantically, crying loudly: "Please, don't kill me, don't kill me."

He knocked his head like garlic, the arrogance and madness just now disappeared without a trace.

Instead, there is endless humbleness.

It's just that this humbleness can't exchange his life.

Chen Feng laughed loudly: "Now I know to beg for mercy? Now I know to kowtow? Now I know you were wrong?"

He stopped drinking: "It's late!"

With that, the right palm hits downward.

The tall and thin middle-aged body trembled heavily.

There was endless regret in his eyes, as if he was regretting why he provoke Chen Feng.

In the next moment, these emotions all disappeared.

In his gaze, his expression dimmed, his body tilted and fell to the ground, already dead.

Chen Feng killed all these people in the Shadow Drug Store!

Chen Feng glanced around. At this time, the people around him showed a touch of fear after they met Chen Feng's gaze.

They all bowed their heads, not daring to look at him.

This represents their fear.

And Chen Feng could also tell from their reaction that this Shadow Medicine Shop should be very powerful here.

Don't stay here for long!

He looked at the old man and said: "Old man, let's change the place!"

The old man nodded, packed his things, and quickly left here with Chen Feng.

Here, there are not only tall buildings, but also dense alleys.

He took Chen Feng into a few small alleys and turned around, not knowing how many ways he changed.

When you pass some intersections, you will even sprinkle something in the air.

That thing has an extremely unpleasant smell.

But soon, the smell dissipated.

Finally, after walking for an hour, he just stopped, took a look at Chen Feng, sighed softly, and said, "This place is not far from the ferry."

Chen Feng raised his brows: "Ferry?"

"Yes, it's going to the place of Zihuo Marsh. It's north of Zihuo Town. We were at the far south of Zihuo Town just now."

His expression relaxed slightly: "Now, the people from the Shadow Drug Store can't find it for a while."

Chen Feng nodded and asked, "Lao Zhang, what are you dropping?"

"That thing can bridge the smell we leave in the air. After the smell merges with the smell on our body, it will disappear directly, as if we have never been there."

When Chen Feng heard this, he couldn't help but be surprised. He had never heard of such a thing.

The old man looked at the wind, hesitating flashed in his eyes, but he still took out ten fire snake grass.

He handed it to Chen Feng and said, "Young man, thank you for saving your righteousness just now, otherwise, the old man would have died there today."

"This is a little bit of caution, please accept it."

Chen Feng did not raise his hand.

Chen Feng could tell that the old man was very reluctant.

Chen Feng knew why. Obviously, it was not easy for this old man whose cultivation base was mostly destroyed and his legs broken, to get ten fire snake grass.

Possibly, it is his hope that he will survive the next few months.

But now, he still gave it to himself.

Chen Feng just looked at him and said with a stern face: "Lao Zhang, I will help you purely out of morality and pure inability to watch it. It is definitely not for thanking you, nor is it for getting benefits from you."

"If you did this, you would have looked down upon me Chen Feng too!"

Hearing Chen Feng's words, the old man was stunned.

The first reaction is that Chen Feng said this now, in order to obtain greater benefits.

But the next moment, he saw Chen Feng's expression.

Chen Feng's face was calm.

Frank and magnanimous, but his eyes are extremely clear, without any hypocrisy.

Seeing this scene, the old man suddenly felt ashamed.

He suddenly slapped his face in the face.

Chen Feng exclaimed: "Lao Zhang, what are you doing?"

The old man's face was guilty, his eyes were red, and he said ashamed:

[Chapter 2687: Clues to ancient treasures!](#)

"I'm not a human, son, you help me like this, you are so righteous, but I still doubt you, I'm really not a human!"

Chen Feng smiled slightly, and did not take it to heart.

He just said, "Lao Zhang, you should have such a reaction."

"Don't worry, I won't mind. I will buy you these fire snake grasses as much as they should be. You will definitely not be lost."

With that, Chen Feng took out a thousand dragon blood amethysts and handed them to the old man's hands.

Then, he picked up ten fire snake grass.

The thousand dragon blood amethysts were obtained by Chen Feng from Lu Yutang when he left Chaoge Tianzi City.

In order to obtain these thousand dragon blood amethysts, Chen Feng almost emptied his soul-man space.

In the soul space, everything except the scales of the snake, the feathers of the yellow bird, and the blood of the yellow bird, including the corpse of the Southern Wilderness Giant Savage Dragon, including the corpses of other powerful monsters, Chen Feng sold them to Lu Yutang. Up.

But even so, it was only exchanged for a thousand dragon blood amethysts.

Of course it wasn't because Lu Yutang kept the price down, it was because the power level of Chaoge Tianzi City was too high.

A monster of the level like the Southern Wild Giant Savage Dragon. It's not in the eyes of anyone here.

Their fur and scales are not even rare by many people, and they cannot sell for a price.

In fact, Lu Yutang already gave Chen Feng a conscientious price!

After receiving the thousand dragon blood amethysts from Chen Feng, the old man's hands were trembling.

He hadn't been treated so kindly in a long time.

He looked at Chen Feng, his eyes flashed, as if he had made some determination.

Chen Feng didn't pay attention, but just smiled and said, "I don't know the name of this old Zhang Gao."

The old man said softly: "Just call me Old Wei."

Chen Feng nodded, knowing that he did not want to reveal his real name.

He smiled and said, "Old Wei."

"No, it's Old Wei." The old man corrected it seriously.

Chen Feng was startled, then laughed: "Okay, then Old Wei."

At this time, Old Wei looked at Chen Feng and said, "You want to go to the Purple Fire Marsh, right?"

"Yes, it is." Chen Feng nodded and said.

Old Wei took a deep breath and looked into the distance, his eyes a little hollow: "Purple Fire Marsh, I came here ten years ago, at that time, I was also smug."

"I want to get enough resources here and go back to improve my strength, but I didn't expect that ten years passed in a flash, but I was squandering again, and I am afraid I will fall here for the rest of my life."

Chen Feng listened silently and didn't know how to comfort him.

Old Wei smiled slightly and said, "Forget it, don't say these things, so you don't worry about it."

At this moment, he looked at Chen Feng with solemn eyes: "Young man, you just said that your name is Chen Feng."

"Before, I didn't know your name, and I didn't know what you were doing here, but the things you did just now made me very moved by the old guy."

"I can see that you are awe-inspiring, you can see your heart clearly, but you act in a casual manner, and are fierce enough, you must be a person who can achieve great things."

"Then, entrust this thing to you, and I will rest assured."

With that said, he took out a thick bag from his arms, and after opening the bag, Chen Feng saw that there was a roll of sheepskin inside.

On the sheepskin, there were many jumbled lines painted, which seemed chaotic, but there were actually rules to follow, as if they were pointing to a certain place.

Old Wei looked at Chen Feng and said with a trembling voice: "I was in the Purple Fire Marsh and accidentally found an ancient cave."

"What? Ancient Caverns?" Chen Feng's heart trembled when he heard it.

There are many ancient ruins in the floating mountain, but it is extremely difficult to find them.

Luck, strength, time and place are indispensable.

It would be nice to find one out of 100,000 people.

Therefore, Chen Feng did not expect to find any ruins in the Purple Fire Marsh at this time. After all, it was his first time here.

Moreover, before him, so many people had come.

Unexpectedly, this old man had discovered it in the floating mountain.

Old Wei nodded and said, "Yes, seven years ago, I found an ancient cave, and I got some clues in that ancient cave."

"These clues point to a very secret ancient mystery in the Purple Fire Marsh."

Chen Feng asked in a deep voice, "What's in the ancient mystery?"

"I do not know either!"

Old Wei shook his head and said, "Even the ancient mystery is not necessarily the real ruins, and the cave I found is nothing more than a suspicious formation deliberately created by the senior in order to place clues!"

Chen Feng frowned and asked, "What do you mean? Isn't the ancient secret realm a real ruin?"

He said in a deep voice, "The senior should like to leave some interlocking clues to people. My map points to a certain place, and after arriving at that place, you should be able to get new clues. "

"As for the end, the deepest, most core secret, is..."

He looked at Chen Fengfeng with awe-inspiring eyes, and said word by word: "Pointing to a treasure left by the ancient power!"

"What? The treasure of ancient power?" Chen Feng's heart trembled even more when he heard these words.

Chen Feng did not expect that his luck would be so good.

The first time I came to the Purple Fire Marsh, it was only because of uneven roads that I saved an old man and obtained clues to ancient treasures.

This is incredible!

However, this matter is that the facts are still in front of me!

Old Wei said softly, "There is such a map in the cave, but this map is a little bit incomplete, and you need to make up for the incomplete ones."

"However, I have explored in the Purple Fire Marsh. This map is indeed correct and can indeed take you to certain places."

"It's just a pity that before I got there, during a conflict, I offended the people of the Shadow Gang, and then I never had a chance to go."

He looked at Chen Feng with a solemn voice: "Now, I will roll this parchment and give this map to you."

He trembling hands, holding the sheepskin map and handing it to Chen Feng.

Chen Feng looked at him deeply, but did not answer. He just said softly: "Old Wei, what do you need me to do for you?"

Chen Feng can already see it now, this old Wei is not that simple.

His move is definitely not just repaying his favor, there must be other ideas.

"Hahaha, you young man, really smart." The old man chuckled lightly!

"I have one more condition!" Old Wei looked at Chen Feng.

Chen Feng said softly: "Say it."

#### [Chapter 2688: Team](#)

"After you get this treasure, I don't ask you to divide me much, I only ask you to help me reshape my legs and restore my strength after your strength has improved."

"And, the most important thing is to get rid of the Shadow Gang for me! Let me vent my hatred!"

His eyes are full of hatred: "The reason why I have fallen to this situation is all thanks to them!"

Chen Feng sighed softly, at this moment, his heart just relaxed.

He now knows why the old man chose himself.

Obviously, it was because he gave him a kind of reliability from the beginning.

And his conditions were also put forward, so that Chen Feng would have a bottom in his heart, and would not feel that he owed him anything.

Chen Feng has never liked to owe favor to others!

Moreover, in this way, Chen Feng doesn't have to worry about hiding something from him.

Chen Feng took a deep breath, took the sheepskin map, took a deep look, and branded the route in his heart.

Then, he handed the map back to Old Wei, looked at him, and said word by word: "Old Wei, don't worry, Chen Feng hereby promises you."

"As long as I can find the ancient ruins, I will satisfy all your wishes."

"The Shadow Gang will be destroyed, your legs will be reshaped, your strength will be restored to the past, and you will have a new life!"

His voice was solemn: "This is my promise from Chen Feng!"

Old Wei looked at Chen Feng with excitement, I believe you!

The northernmost part of the town is a square with a radius of about ten miles.

This square is made of a huge fiery red rock, and it is full of rough and wild air.

And at the end of this square, there is a stone staircase leading to the purple fire swamp in the distance, deep into the endless flames.

At this time, on this square, many people stood.

At a glance, there are hundreds of them.

Many people gather together, and the people who gather together are basically three to five in a pile.

A swarthy, tiger-headed man stood there and shouted loudly, "There is still a shortage of Iron-Blooded Swordsman."

Another tall human woman shouted loudly: "Come to a Thousand Change Madness! Among our team, the other three are all six-star Wuhuang powerhouses, and the leading Pure Sun Giant Spirit Guard has reached it. At the peak of the Six-Star Martial Emperor, you will definitely be able to protect your safety."

A short and thin man not far from the side shouted disdainfully: "Don't listen to their nonsense, no matter how strong it is, is it more important than experience?"

"Our captain is a hurricane slayer. He has been going back and forth in the purple fire swamp for several years and he has rich experience!"

"Six-star Martial Emperor level Iron-Blooded Swordsman, come here!"

Such shouts are endless.

Many teams are recruiting newcomers, and once a team is assembled, they will start.

Chen Feng saw that there were three people standing in the place closest to him.

The three people looked around, as if looking for something, the leader of which was a giant man who was 200 meters tall.

He was as strong as stainless steel, extremely dark, extremely stout, and he didn't know what race he was.

The guy shouted loudly there, "Look at me, hide behind me, absolutely can't die."

A woman beside him said loudly in agreement: "Yes, this is a very famous Pure Sun Giant Spirit Guard in the entire Purple Fire Town. It is absolutely safe to follow him. Don't miss your chance. "

Chen Feng raised his eyebrows, and then there was a flash of excitement between his eyebrows, and the whole person was different.

"Here is a completely different world!" He whispered softly.

Chen Feng continued to walk forward, and there were many other teams on the square. At this time, the content of their shouts were all similar, basically the team lacked people!

At this time, the tall young man who looked like the leader of the team closest to Chen Feng came over with a smile.

He looked at Chen Feng, took the initiative to speak, with a full face of solicitation, and said: "This little brother, I don't know if I am interested in joining..."

When he said adding these two words, he didn't say the rest, he just swept his eyes and saw Chen Feng's strength clearly.

Then, the look on his face immediately changed.

From being attentive just now to being lazy, with a trace of disdain and impatience, he curled his lips and said, "It turns out to be just a waste of a five-star martial emperor!"

"Hey, this Five-Star Martial Emperor, in this Purple Fire Marsh, has the lowest level."

He patted his head, and said very bored: "It's really unlucky to have such a five-star martial emperor and join our team. This is simply our drag!"

"Forget it, I have seen recently that there is really no one to be found. Let's set off in half an hour, or just you!"

With that said, he looked very reluctant and waved to Chen Feng: "Come on, join the team!"

Chen Feng glanced at him, and didn't say anything at all, just a cold flash in his eyes.

He glanced at it. There were three people in this team.

The strength of this young man is the pinnacle of the Six-Star Martial Emperor, and besides him, there is also a man and a woman.

The man, rather taciturn, remained silent.

The other woman's eyes were moving, and her eyes kept rolling around.

The strength of the two of them is around the six-star Wuhuang, and the combined strength of these three people is not worthy of Chen Feng's shoes.

Chen Feng didn't pay attention to them at all.

Chen Feng didn't even bother to join this kind of team, and didn't pay attention to the young man at all, didn't bother to pay attention to him at all, just walked forward.

When the tall young man saw this, a trace of hostility flashed in his eyes, and he said coldly: "Shame on your face, don't add it!"

At this time, the woman with smart eyes stood up.

She said rather annoyingly: "Brother Fan, we are going to Sanshishan in half an hour."

"Now that people are so hard to find, the team is simply not enough. You look at others, and they look down on you. Are you still picking different things here?"

As she said, she came over, looked at Chen Feng, smiled and said, "This little brother, if you don't have a team, you might as well go with us!"

"The place we go is not too dangerous. It's okay to be long-sighted when we go."

"I see you face to face, you should have just come here!"

When she spoke, her eyes flickered and she didn't know what she was thinking.

But there was a gentle face on his face, and he smiled and said: "When you first came, you should follow me and walk around. If you are stuck in the town, it doesn't make sense to stay for long."

"Little brother, what do you think? Join our team?"

#### [Chapter 2689: Use him as bait!](#)

She smiled and stretched out her hand, her face was full of confidence, and she said in her heart: "Is there anyone who is not tempted to see me?"

Chen Feng said softly: "Where are you going?"

The woman thought Chen Feng was a little afraid and worried, so she said with relief: "Don't worry, these three stone mountains are not very dangerous."

"He is on the periphery. Although it is very desolate and remote, most people can't find it, but it is not dangerous!"

At this moment, the tall young man wrinkled his brows and walked up, and said coldly to the woman: "Ji Caixuan, what do you mean? Huh?"

"This kid, such a little strength, how can it help us? Why do you want him to join in?"

It turned out that this woman was named Ji Caixuan.

Ji Caixuan glanced at the tall young man, her lips moved slightly, but Chen Feng didn't hear any sound, that was to say, he knew that he should be using the sound transmission method.

The voice was condensed into a line, and only the tall young man could hear it.

Ji Caixuan said in a soft voice: "You idiot, what do you know? Although this person is weak, he has a lot of energy and blood. I can feel it more than any of us."

"This shows that he should have had an adventure before, or practiced a relatively powerful exercise."

"Where we are going, what do those monsters need most, what do they like most, have you forgotten?"

Fan Yuze suddenly realized, his eyes flashed with joy: "Yes, they like creatures with powerful blood and energy the most."

"That's right, so let's take it over and use it as a bait. Then, let him lure those monsters. Isn't it beautiful to let us sit back and reap the benefits?"

Fan Yuze was overjoyed and looked at Chen Feng, deliberately making a reluctant look: "Let's do it, you just stay!"

Chen Feng thoughtfully, then slowly nodded and said: "Okay, then I will stay."

When the woman heard this, a smile appeared on her face.

But there was a deep look of contempt in her eyes, and she was even more proud, curled her lips, and said in her heart: "It turns out that she is a hairy boy who has never seen the world. Seeing my beauty is going away. I won't move."

Next to him, the tall young man also pouted his lips in disdain.

He sneered and said, "I can't walk when I see a woman. What can this kind of person have?"

Although he needs Chen Feng, he still despises Chen Feng very much, speaks harshly to him, and despises him extremely.

Seeing the expressions of the two of them, Chen Feng's eyes flashed coldly.

It turned out that behind the smile, this woman was really mean and indifferent, and didn't take Chen Feng to heart.

He shed Chen Feng, but just to take advantage of him!

The reason why Chen Feng agreed to stay was naturally not because of the beauty of this woman.

In fact, Chen Feng saw many beautiful women, and the appearance of this woman did not appeal to him.

Moreover, her appearance was much worse than Han Yu'er and others.

Chen Feng stayed because of the location they mentioned earlier.

There, Chen Feng had seen it on the map given by Wei.

There, it is the starting point of the route on that map.

If Chen Feng wanted to find it by himself, it would actually be quite troublesome.

But now, if you follow them, you can find it easily.

Therefore, Chen Feng agreed to stay!

Then everyone gave their names.

The young man was named Fan Yuze, the woman was named Ji Caixuan, and the silent young man was named Sha Junfeng.

Then, Fan Yuze asked Chen Feng: "Chen Feng, I don't know what your occupation is?"

Chen Feng shrugged and said: "My words should be understood as a Jagged Swordsman, right?"

"What should be understood as?" Fan Yuze glanced at Chen Feng, frowned, and said with some dissatisfaction: "Don't you know your career? Don't you know what path you should take?"

He curled his lips in disdain and said, "Chen Feng, did you just come up from below just now?"

"You don't even know what occupation you are?"

"Alas, the untouchables who don't have any background knowledge, that's it, they don't know anything, they are confused."

Na Ji Caixuan's eyes flashed with joy.

The more such a person, the easier it is for them to control.

"Okay, okay, you will be a Jagged Swordsman!" Fan Yuze said impatiently.

After speaking, he gave Chen Feng a fierce look, his eyes full of contempt and disdain.

But Chen Feng did not have any episodes!

Chen Feng walked aside and sat down.

The other person was also sitting there taciturn.

And Ji Caixuan and Fan Yuze, the two talked together.

Their gazes were treacherous, and their eyes drifted from Chen Feng from time to time, whispering in low voices.

"This kid looks like an inexperienced baby..."

"Yes, he, he doesn't even know what occupation is, what is it if it is not a young child?"

"This kind of person is the easiest for us to deal with."

"Of course, it is easy to deal with this person. That kind of creature has entities, but has no blood. I like this kind of people who are full of blood."

"Yes, let him be a bait later, he will never notice it."

"When he notices it and wants to run, it will be too late."

Both of them showed a wicked smile!

As everyone knows, Chen Feng looked at their backs, but it was full of extremely cold light.

Murderous all over!

What is Chen Feng's cultivation?

Their conversation could not be hidden from Chen Feng.

Chen Feng heard clearly. At this time, Chen Feng's heart was already killing intent!

Suddenly, Fan Yuze stood up suddenly and walked quickly towards a place.

When Chen Feng looked there, he saw a tall young man in brocade robe walking by.

This young man in brocade robe, with thick blonde hair and pale golden beard and eyebrows, looked arrogant in his mighty face, and his face was arrogant.

Chen Feng looked and raised his brows.

Chen Feng still knew this person, it was the person he had met on the road who had spoken wildly to him!

Fan Yuze leaned in front of him and said flatly, "This lord, I wonder if you are interested in joining our team?"

"Our team now lacks an Iron-Blooded Swordsman. If you join our team, our team will really be brilliant!"

His face was flattering and respectful at this time, completely contrary to the disdain and provocation he had just treated Chen Feng.

Obviously, this is because, in his opinion, the strength of this blond young man is far better than Chen Feng.

The blond young man glanced at him, his eyes swept across everyone's faces, and a trace of disdain flashed.

#### [Chapter 2690: Purple Fire Marsh Today](#)

Then, it fell on Chen Feng.

A light smile appeared at the corner of his mouth: "Unexpectedly, you were there."

Chen Feng said lightly: "Indeed, I didn't expect you to be there."

Fan Yuze said: "Ah, Chen Feng, you know this adult? Say it earlier!"

"I can't see that a low-level person like you, who has a humble status, still knows this adult? Come, hurry up and persuade me to let this adult join our team!"

Chen Feng looked at him with a cold look in his eyes!

"Why? Are you still not satisfied?" Fan Yuze's face immediately became gloomy, staring at Chen Feng and said: "Your humble status, being able to say a few words to this adult, is the blessing of your previous cultivation. Dare to be dissatisfied?"

"What are you dissatisfied with?"

When he said this, he deliberately devalued Chen Feng, but his eyes were on the blond young man, apparently to make the blond young man happy by belittling Chen Feng.

He did this and it really worked.

The blond young man laughed and said, "I didn't want to join your team."

"After all, for me..."

He glanced at Ji Caixuan and Fan Yuze, and said with disdain: "It's just three six-star martial emperors and one five-star martial emperor. The strongest has just reached the peak of the six-star martial emperor."

"Those with strength like you can only become a drag on me!"

Being so marginalized by him, Ji Caixuan and Fan Yuze also had a hint of shame on her face, after all, no one wanted to be dragged down by others.

However, they did not dare to attack.

"However, since he is in your team, then I will give you a face."

"Huh?" After the blond youth said this, Fan Yuze's eyes showed a touch of fear.

He secretly said in his heart: "Is it possible that this golden-haired expert has anything to do with Chen Feng?"

"I mocked him so much before, will he find the blond youth to avenge me?"

And the next moment, the blond young man smiled and said, "I'm going to pack him up hard."

Upon hearing this, Fan Yuze immediately felt relieved.

All he was afraid of was the blond youth!

Their team, so even if it is formed.

The blond youth also told everyone his name: Ximen Xiuyuan.

Fan Yuze smiled and said: "Then let's go!"

Ximen Xiuyuan is the strongest, but he is unwilling to take care of things.

Therefore, Fan Yuze is still in charge, but everyone.

A group of people stood up and walked out, and soon came to the edge of the town, with the endless void below and the purple fire swamp on the opposite side.

There was a ladder in the middle, and everyone followed the ladder to the floating mountain where the purple fire swamp was located.

As soon as he reached Fukong Mountain, Chen Feng suddenly felt like he was thrown into a stove.

Even in the most peripheral places, the temperature has reached thousands of degrees.

With the endless purple flames lingering around, Chen Feng felt that he seemed to have entered a world of purple flames, and everything he saw inside was tinged with purple.

However, this does not hinder Chen Feng's sight.

Chen Feng saw that on the surface of this floating mountain, the rocks there were already burnt, turning into countless magma, like hell.

On the top, there are countless purple fire pillars rising from the ground to an altitude of hundreds of kilometers.

In some places, the flame is larger and the temperature becomes a little higher, and in some places, the flame is smaller and the temperature is lower.

Regardless of whether the fire is large or small, it is a clean and tyrannical flame that can burn ordinary warriors.

These purple flames, one after another, are like huge pillars swaying in the air.

At a glance, it looked like a flame hell.

Magnificent and cruel.

Chen Feng sighed lightly, the power in his body was running, and the extreme high temperature was quickly eliminated.

This is just the outermost periphery, and this flame has no effect on him.

There are many warriors here, but scattered into this huge purple fire swamp, there is no one else to see.

Everyone continued to walk forward, and Fan Yuze led the way.

By bypassing the previous mountain peak, you entered a valley.

Fan Yuze turned his head and smiled: "Cross through this valley and walk a hundred miles, we will be able to reach the Three Stone Mountain!"

Ximen Xiuyuan had a noncommittal expression, while Chen Feng's eyes flashed.

They continued to walk forward, carefully crossing the places where the huge pillars of fire were located all the way, and walking in places with slightly smaller flames.

In those places, the temperature is also slightly lower.

The more you go in, the more Chen Feng feels that the temperature is constantly rising.

After walking inside for dozens of miles, when he reached the end of the canyon, Chen Feng felt that the temperature here had reached tens of thousands of degrees.

It is more than ten times better than before!

Fan Yuze said in a deep voice: "Here is the real range of the Purple Fire Marsh."

With that, he took out a fire snake pill and swallowed it down.

The next moment, around his body, a faint purple light appeared.

This faint purple light looks no different from the purple fire, but it lingers around the human body, and it doesn't do any harm to the human body.

It is strange to say that after the purple fire thrown into the faint purple light, it immediately became much milder, and there was almost no harm to the human body.

Originally, when they came out just now, Fan Yuze and Ji Caixuan had burnt black spots on their bodies, but now those black spots have all disappeared.

Chen Feng raised his eyebrows, this is the magical effect of the Fire Snake Pill!

Fan Yuze said: "Now, we actually have just entered the Purple Fire Swamp."

"Here is the outermost periphery of the Purple Fire Swamp. After swallowing the Fire Snake Pill, the purple fire that will be offset afterwards is not a threat to us."

"But if you go further forty or fifty miles inside, then it's a bad idea."

"By then, the temperature of Zihuo will get higher and higher, and the chance of injury is extremely high!"

Chen Feng also took out a fire snake grass, crushed it, and smeared the juice on his body.

In fact, this temperature is nothing to him at all. He hasn't used fire snake grass at all, but Chen Feng still uses it in order not to show his strength.

Seeing Chen Feng using Fire Snake Grass instead of Fire Snake Pill, Fan Yuze and Ji Caixuan's faces were even more contemptuous.

Ji Caixuan snorted coldly, and spit out two words disdainfully: "Poor ghost!"

Since entering here, the hypocrisy on Ji Caixuan's face has also disappeared, and she put on an extremely cold expression, showing no words to Chen Feng.

Obviously, she thinks that since Chen Feng has entered here, it is impossible for Chen Feng to run, so naturally she does not need to be polite to him.
