[Chapter 2711: Take me two punches!](#)

"Don't hurry up and kneel down and kowtow to me? Then commit suicide, I can leave you a whole body!"

"What? You asked me to kneel and kowtow? Then commit suicide?" Chen Feng looked at him like a lunatic.

Why are these Shadow Gang members so arrogant and arrogant?

This storm archer is indeed strong, but in front of Chen Feng, he is definitely not a master, Chen Feng can easily kill him.

How dare he say that?

The storm archer stared at Chen Feng and said in a cold voice, "What, kid, what are you still hesitating?"

He reprimanded loudly: "Come here quickly and kneel down for me!"

Chen Feng looked at him with a fierce murderous intent in his eyes: "What if I don't kneel?"

"Oh? Don't you kneel? You really don't know how high the sky is!"

"I gave you a way to survive, but you didn't choose. Since you don't want to, so good, I can only do it myself!"

As he said, the Storm Archer suddenly sneered: "Xiao Qi, what is my favorite way to kill?"

The Tsing Yi slave whom he called Xiao Qi hurriedly bowed, and said very flatteringly: "Tell this waste when you are young."

Then, he looked at Chen Feng and said with a gloomy face: "Boy, you are unlucky, you have run into my son!"

"My son, the arrow is powerful, what he likes most is to throw a person into the sky, and then shoot a ball of arrows, smashing this person into countless pieces, and his death is miserable!"

"Really?" Chen Feng said lightly.

Seeing this look on Chen Feng's face, Xiao Qi thought Chen Feng was scared.

He said disdainfully: "Boy, you're afraid it's too late now!"

"You have offended my son, and you will definitely die today. Even if you kneel down and beg for mercy, my son cannot spare you!"

The Storm Archer looked at Chen Feng and said arrogantly, "Are you ready to die?"

Chen Feng smiled and said, "I am not ready to die, but I am ready to die!"

"Boy, you are so arrogant, you are looking for death!" The Storm Archer roared: "Since you want to die so, then I will fulfill you!"

With that said, he directly picked up the longbow in his hand, opened the bow with an arrow, and shot at Chen Feng fiercely.

At such a close distance, he still uses bows and arrows. Obviously he is very confident in his archery skills.

He stared at Chen Feng and said disdainfully: "Little boy, this arrow of mine will not kill you. The force of my arrow will not be triggered. If it is hidden in it, it will directly penetrate your body!"

"I also buried a dark energy inside, which will take you to the sky. In the next moment, I will shoot out all the arrows and shoot you to pieces!"

He seemed to be very proud of the doorway contained in his arrow, and laughed loudly.

"Later, wait and see, I will make you regret living in this world!"

"That kind of pain, which is tantamount to a thousand swords, will make you extremely miserable!"

Chen Feng sneered and said, "Really? Why don't I believe it!"

Facing that long arrow, tearing the air, and hitting it hard at a very fast speed, Chen Feng did not evade, a smile appeared at the corner of his mouth.

He shook his head slightly, and said, "I really want to kill myself, I really can't help myself!"

As he said, he walked straight forward, actually to meet the arrow.

Seeing this scene, the storm archer even laughed wildly: "You trash, are you scared stupid? Don't you even know how to avoid it?"

"You are just looking for death like this!"

Chen Feng smiled slightly: "Then, you might as well take a closer look."

At the next moment, the arrogant and arrogant color on the face of the storm archer turned into extreme shock, and he exclaimed: "How is it possible?"

It turned out that after the long arrow was nailed to Chen Feng's chest fiercely, after hitting Chen Feng's chest, there was a long spark.

However, it is limited to this.

Then, it was directly turned into countless fragments, which was actually directly crushed by Chen Feng's body.

This scene made the storm archer dumbfounded.

He pointed at Chen Feng, his fingers trembling: "What is your body made of?"

"My long arrow, which is made of orange first-class material, can't break your body?"

"Impossible, it is totally impossible, I don't believe it, I definitely don't believe it!"

He muttered to himself.

Chen Feng smiled and looked at him: "Whether you believe it or not, this is reality."

At the beginning, Chen Feng didn't make it hard, not because he didn't have this strength, but because he didn't want to expose his strength!

When he wanted to reveal his strength, he would be so scared that the other party could not even speak.

And the servant of Tsing Yi was completely frightened at this time.

"No, I don't believe it, this is definitely not true!" The Storm Archer yelled sternly, and he felt that all his cognition had been subverted.

He is so powerful, his bow and arrow are so powerful, he can't even shoot a five-star Martial Emperor?

This made him almost crazy.

He let out a stern roar, another arrow shot, and then another arrow!

After shooting three arrows in succession, Chen Feng still didn't dodge, but walked towards him slowly, as if walking in a leisurely courtyard, leisurely and contented.

Arrow after arrow fell on Chen Feng's chest.

With a bang, it turned into fragments, and then with a bang, it turned into fragments.

In a blink of an eye, all these three arrows shattered.

At this time, Chen Feng finally came to the front of the storm archer!

Chen Feng smiled and said, "Is it enough now?"

The Storm Archer had completely collapsed at this time, he could not understand at all, he did not want to believe it, but the facts were in front of him, and he couldn't help but believe it.

His whole spirit was almost broken, and he instinctively replied: "Fight, enough fight!"

"Enough fight, right? Good!"

The smile on Chen Feng's face turned sharp, "Since you have played enough, now it's time for me to do it!"

As he said, he directly punched out.

The storm archer instinctively raised his bow and arrow to resist.

With a click, Chen Feng's huge bow was directly smashed, and then a punch fell on his chest.

He let out a miserable scream, and his chest sank directly. The blood was dyed instantly and then asked about the clothes on his chest. A mouthful of blood spurted out, and his figure flew out directly, smashing a dozen boulders!

Chen Feng continued to push him slowly, smiling and saying, "You just shot me four arrows."

"Now, I don't need you to take my four punches, I only let you take my two punches. You have already taken my punch just now. As long as you take my punch, I will spare you!"

[Chapter 2712: Domineering Shadow Gang](#)

At this moment, the gaze of the Storm Archer looking at Chen Feng was full of fear, where is the arrogance of a half minute?

He exclaimed in horror: "You can't kill me, you can't kill me, the people of the Shadow Gang will not spare you!"

Because he knew very well that with Chen Feng's strength, it was easy to kill him, and he would never be able to take it down.

He would be killed directly by Chen Feng, so he could only bring out the Shadow Gang to suppress Chen Feng.

Chen Feng laughed: "Is the Shadow Gang? What a thing!"

As he said, he laughed wildly: "Now are you ready to die?"

Then he fell fiercely.

Seeing this punch, the Storm Archer finally despaired, and let out a miserable howl: "Don't kill me, please, don't kill me."

He finally realized that in front of Chen Feng, the Shadow Gang was useless at all.

Chen Feng smiled: "From the time you shot that arrow at me, your destiny has already been decided."

Then, a fist fell fiercely.

With a bang, the storm archer trembled violently, and fell heavily to the ground, completely dead.

At this time, Chen Feng turned his attention to the Tsing Yi servant.

The servant of Tsing Yi was trembling with fear, turned his head, turned and fled.

Chen Feng smiled slightly: "Want to escape? Can you escape?"

He was about to do it. At this moment, a figure suddenly appeared and came behind the Tsing Yi slave.

A sword pierced through the heart of the servant of Tsing Yi.

He let out a scream, made uh uh noises in his throat, waving his hands, as if he wanted to run forward.

But he could no longer escape, and his body fell heavily to the ground, convulsing twice and stopped moving.

Ji Caixuan drew out his sword, looked at Chen Feng, and said with a smile: "This kind of humble person, if you kill him, master, your hands are dirty. I'll do it."

Chen Feng smiled slightly and nodded slowly.

At the moment the Storm Archer was killed by Chen Feng, it was dozens of miles away, in a valley.

This valley is a rare place in the Purple Fire Marsh that is not so violent.

There are more than a dozen flame pits on the ground, and there are fire pillars floating in the flame pit, but the temperature of this fire pillar is relatively low and very mild.

At this time, dozens of people were stationed here, most of them armed with weapons.

Their division of labor is very obvious. They are divided into teams, and each team has four people.

Pure Sun Giant Spirit Guard, Hurricane Killer, Thousand Change Madness and Storm Archer, basically four formed a team.

The strength is generally between the six-star Wuhuang and the seven-star Wuhuang.

At this moment, many people were sitting around the fire pit, and above the fire pit, there were already huge monster beasts wearing metal sticks, roasting there.

The heat is almost there.

The surface of the monster beast had already turned into an oily yellow, the skin cracked, and grease leaked from it, dripping into the fire, making the flames more vigorous.

The tempting aroma flew out, making many people move their index fingers.

After some food was baked, someone immediately walked to the middle part of the line with iron sticks and food, and said flatly to some of them:

"Master Xiahou, please use it."

"Boy, don't know if you have some eyesight." A big hand grabbed it, and did not take the iron stick at all, but directly grabbed the roasted monster that was full of two cows on the iron stick.

This four-to-five-meter long monster fell into his hand, just like an ordinary person grabbed an egg.

It turned out that it was a giant who reached out.

This giant man is ten meters tall, he is pitch black, his muscles are like cast steel, full of tyrannical power.

He didn't wear armor, his upper body was naked, but a piece of animal skin was wrapped around his waist.

However, in his left hand is a huge golden shield.

This golden shield was bigger than his own, and he always held this golden shield in his hand.

Even if he was holding the meat in his right hand, biting and eating, the shield never left his hand for a moment.

It was as if that shield was his life!

He is obviously the core of this team, and across from him is a small middle-aged man.

However, this thin middle-aged man, although his appearance is ugly, his eyes flicker all the time, representing extremely tyrannical power!

The person who served the barbecue received the praise from Master Xiahou, and he nodded and bowed in excitement.

At this time, the thin middle-aged man turned his triangular eyes and said in a cold voice, "Where is mine?"

The person who had just received the compliment immediately froze, and said quickly, "I will get it for you."

With that, he ran back and took another dozen pieces of barbecue.

The thin middle-aged took it, took a look at him, and said coldly: "There is no thing with long eyes!"

With a kick, he kicked him out directly, his heart pulse was broken, a mouthful of blood spurted, and he twitched twice on the ground, and he stopped moving.

This thin middle-aged man is obviously extremely cruel, even if he is treating his own person, even if the other party just treats him slowly, he is actually a painful killer.

At this moment, the people around were all silent, obviously they were very afraid of him.

Master Xiahou, named Xiahou Xinghai.

He glanced at the thin middle-aged, and mumbled dissatisfiedly: "Fu Jinghui, what are you doing?"

"We are our own people. If you say kill, then kill. How can I explain it when I go back?"

Fu Jinghui laughed: "You still say me? Don't you kill yourself less often?"

Xiahou Xinghai murmured speechless when he retorted this, snorted, bowed his head and ate meat.

Just when the two of them were feasting, suddenly, they stood up at the same time with a solemn expression on their faces.

They are all heading in a certain direction, seeming to feel something.

At the same time, from that direction, there were waves of waves.

Ordinary people may feel good, but it sounds like a thunderbolt in their ears, very obvious.

After a long time, Fu Jinghui let out a foul breath: "Cang Huarong is dead."

"Yes, Cang Huarong is dead." Xiahou Xinghai also said calmly.

He looked very calm, but when he said this, the corners of his mouth twitched violently, his fists were clenched, and a hideous look appeared on his face.

Obviously, his heart is definitely not as relaxed as he showed.

At this time, his heart was full of murderous intent and shock.

"It was killed in that direction."

Fu Jinghui pointed somewhere and said slowly.

"Go! Let's go and take a look!" Xiahou Xinghai said loudly without hesitation.

[Chapter 2713: The one with no eyesight is here](#)

Among them, although Fu Jinghui sometimes bullied Xiahou Xinghai and took advantage of his words, it was obvious that Xiahou Xinghai had the final say.

Everyone heard what Xiahou Xinghai said and stood up.

Fu Jinghui hesitated and said, "Don't tell Elder Xu?"

"No, this matter is just a small matter. Why should I trouble Elder Xu?"

Xiahou Xinghai curled his mouth, revealing two rows of white teeth, and said in a cold voice: "Today, we will help out to hunt."

"Elder Xu brought sixty people, fifteen teams, and came here. A total of nine people came from the second-level elders like us."

"The three second-level elders are one team, with twenty people under them."

"The other teams went smoothly, but we were the only one who was killed as soon as we came out. If we don't solve the problem at this time, we will ask for help to Elder Xu. How do you let Elder Xu think about us?"

"How do you let the helper think about us? How do you let the helper think about us?"

"We really lost his face! We will be severely punished after we return!"

He stared at Fu Jinghui and said coldly: "Do you think we should report the news?"

Hearing this, Fu Jinghui broke out in a cold sweat and woke up all at once, saying: "No, absolutely not, we must solve the problem now!"

"That's right!" Xiahou Xinghai nodded and shouted sharply: "Okay, boys, don't eat."

"Go, let's kill someone!"

He gritted his teeth, let out a loud shout, and picked up the weapon next to him.

His weapon is a giant hammer!

then. Stride forward.

Behind him, the twenty people followed.

They were all members of the Shadow Gang.

And he, Fu Jinghui, and the Storm Archer who died in Chen Feng's hands, turned out to be the second-level elders, who belonged to the same first-level elder, and were responsible for hunting in this area!

The five teams under him had a total of 20 people, and they quickly stood up, followed him, and moved forward!

After Chen Feng killed the storm archer, he did not stop, but continued to hunt the amethyst water snake to obtain the sun grass.

And soon, Chen Feng heard a loud drum from the other side of the mountain.

He stopped in place, clapped his hands, smiled and looked at Ji Caixuan, and said softly, "Someone who doesn't have long eyes is here."

If it were to change to the previous one, Ji Caixuan was afraid to be very flustered.

But now, seeing the smile on Chen Feng's face and hearing what Chen Feng said, her heart was full of self-confidence for no reason!

At this time, the people on the opposite side had already climbed over the mountain and saw Chen Feng.

At the same time, I saw the corpse of the Storm Archer not far from Chen Feng!

When Xiahou Xinghai and Fu Jinghui came over, their faces were full of solemnity.

But at this time, when they saw Chen Feng, they were stunned.

Then, as if I couldn't believe it.

Then, he carefully looked at the corpse on the ground and Chen Feng carefully, and he seemed to be sure!

Seeing Chen Feng, both of them showed a touch of ease.

The dignity on his face just disappeared, replaced by a trace of disdain.

Fu Jinghui shook his head and said with regret: "Cang Huarong is also considered a hero for the whole life, and he died in the hands of such a waste."

"Yeah, I thought it was a master!"

"It turns out that it's just a five-star martial emperor, like a waste, like an ant!"

Xiahou Xinghai also sighed loudly.

Fu Jinghui said in a deep voice, "I guess, Cang Huarong will definitely not die in his hands easily."

"Before Cang Huarong, he should have encountered some abnormal enemy. The strength was very strong and he was seriously injured."

"That's why I died in the hands of this waste."

It turned out that after the two of them saw that Chen Feng was only a five-star Wuhuang emperor's cultivation base, the fear in their hearts just disappeared without a trace, and their hearts were just filled with contempt and disdain for him.

The eyes are higher than the top, and he didn't even put him in the eyes!

But at this time, seeing the contemptuous look on their faces, Ji Caixuan sneered beside her:

"You look down on our master's strength, you don't know it. My master's strength far exceeds his level."

"He is tyrannical to the extreme. What do you guys do in front of him?"

He stared at Chen Feng with a gloomy face, and said, "Boy, how did Cang Huarong die? Whose hands did he die?" *nOvELus.b.Com*

"Frankly explain!"

Chen Feng looked at them and shook his head, with a deep expression on his face.

In this group of people, the strength of these two people is pretty good, reaching the peak of the Eight-Star Martial Emperor.

but. Nothing in front of him!

Chen Feng could easily kill these two people, and these two people. But he was still so arrogant, dismissive of him, and arrogant.

Chen Feng looked at them and said lightly: "I killed him."

"What? You killed it?" Fu Jinghui was taken aback for a moment, then the next moment. A burst of disdainful laughter broke out.

He pointed to Chen Feng and laughed: "You trash, you are not ashamed here, do you think this is good for you?"

"Only with you, can you kill Cang Huarong? With your strength, Cang Huarong can kill you with the flick of his fingers. Can you still kill him?"

"What are you? You don't take pictures of yourself by peeing!"

Xiahou Xinghai also shook his head, looked at Chen Feng, and said with disdain: "Trash, don't blow up the air here, just explain it honestly."

Fu Jinghui's expression suddenly changed, staring at Chen Feng, his face was full of icy coldness, and said Senran: "Now explain, I can make your death more comfortable!"

"Otherwise..."

Chen Feng smiled and said, "How about it?"

"Otherwise, I will make you suffer before you die, and after you die, your soul will suffer too, and you will never live beyond life."

He stared at Chen Feng and let out a cold, low growl.

Chen Feng shook his head, feeling even more ridiculous in his heart.

These two people were really arrogant, and seeing Chen Feng's performance, Fu Jinghui immediately became impatient.

He immediately raised his voice, directed at Chen Feng, and reprimanded in a commanding tone: "Boy, didn't you hear what I just said?"

"Don't hurry up and get over, kneel in front of us, explain this to us honestly, and tell us how Cang Huarong died on whom!"

Chen Feng smiled and said, "Cang Huarong, is it him?"

He pointed to the corpse of the Storm Archer, and then said lightly: "I said, he died in my hands!"

[Chapter 2714: I do not accept your begging for mercy!](#)

At this time, Xiahou Xinghai was completely impatient.

He sneered: "Okay, since you don't tell the truth, then I can only force you to tell the truth."

"I want to see, under my hammer, don't you tell me!"

"Don't tell me, just wait to become a mass of meat!"

As he said, the hammer in his hand slammed down at Chen Feng.

He laughed wildly: "Boy, this hammer will directly smash you into flesh!"

And those around the Shadow Gang also touted them.

"This kid, who dared to provoke Lord Xiahou, is really looking for death!"

"That's right, Master Xiahou, how powerful? One hammer can knock him out!"

"Hey, I'm going to see the **** scene again next!" Someone said pretentiously: "I really don't want to look at that flesh and blood."

Everyone nearby laughed, and the laughter was full of jokes.

At this time, between Chen Feng's eyebrows and Yu's eyebrows, there was a sudden murderous intent, which flashed past.

He was completely impatient, staring at Xiahou Xinghai, and shouted: "If you want to fight, I will fight!"

His figure flashed out, and he slammed his fist toward the huge hammer.

Compared with that hammer, Chen Feng's figure is very small, and that hammer is much bigger than him.

But Chen Feng didn't have any fear. He slammed his fist at the giant hammer, and with a bang, Chen Feng's fist hit the giant hammer.

The huge hammer made a violent buzzing sound, and it was directly shot out.

And Xiahou Xinghai felt a huge force coming from him, his arms were numb, his whole body was soft, there was a sharp pain in the tiger's mouth, and blood shot out wildly.

He was directly bleeding from the shocked palm.

He exclaimed: "Boy, how can you be so powerful?"

The smiles of those around him also stagnated, turning into a hint of shock, staring at Chen Feng blankly.

Chen Feng laughed loudly, his laughter was full of pleasure, and he yelled, "Fight again!"

As he said, he slammed it again.

Xiahou Xinghai was panicked, shouted, waving his shield to welcome.

Chen Feng's punch slammed on his huge shield.

With a bang, an extremely powerful, immense shocking force rippled from the shield.

Through the shield, it was heavily transmitted, causing Xiahou Xinghai to let out a scream, a mouthful of blood spurted out, and back several steps.

He looked at Chen Feng with a look of extreme horror on his face: "Even if I am in the Shadow Gang. I am also a very powerful Pure Sun Giant Spirit Guard. How can you do this?"

"How powerful are you? How powerful is your body?"

His face was full of shock, it was extremely strong!

"Very powerful Pure Sun Giant Spirit Guard? In front of me, what are you!"

Chen Feng gritted his teeth and smiled grimly, his face was full of rare grimness.

He strode forward, punched again, and struck out fiercely: "Calling you crazy!"

Xiahou Xinghai didn't dare to accept it, but with a scream, he waved his shield to welcome him again.

With a bang, this time, huge ripples oscillated out again, and an extremely powerful oscillating force leaked out through the shield.

With a light click, the shield seemed unbearable, and even a small crack was directly listed on it.

Xiahou Xinghai felt that the tyrannical power came again, and he let out a scream again, retreating ten steps in a row, more than before.

And he even looked at his shield and cried out in pain: "My shield!"

"My shield is a rank one emperor's soldier. You broke it? How could it be possible?"

Chen Feng laughed: "How can it be impossible?"

He continued to stride forward with another violent roar: "Calling you arrogant!"

There was another punch, and there was a loud bang, and there was an unpleasant sound inside. A dozen cracks broke directly on the shield, as if it was about to break at any time.

And this time, Xiahou Xinghai's arms were shattered with a thud.

He could no longer hold the shield, and the shield slammed heavily on his chest, directly smashing his chest into a huge depression.

The internal organs shattered, he spurted blood frantically, this time he flew out directly.

While he was still in the air, Chen Feng laughed wildly: "Tell you to be rude to Laozi? This is the end!"

With that, when he came to him, he bombarded out with a punch

At this time, Xiahou Xinghai looked at Chen Feng's gaze, and it was not just shock, but a fear that was so intense that it was indescribable!

Even, he was so frightened that his face turned pale and his whole body was shaking.

The arrogance in his eyes just now disappeared without a trace.

The expression on his face at this time was not only scared, but also beaten.

Chen Feng's heavy blow made him seriously injured!

He looked at Chen Feng with a deep despair in his eyes.

Because he realized that Chen Feng's punch was enough to kill him.

There was a deep sadness in his eyes, and he cried wildly for mercy: "My lord, my lord, please forgive me, please don't kill me."

"The little one made a mistake. The little one is not a human being. The little one shouldn't have said rudely just now. Please don't kill me."

"please!"

He was humble to the extreme, where he begged frantically for mercy.

Even, he himself was a little surprised, how could he speak so many words in such a short time with such a fast speech rate.

Chen Feng laughed loudly: "Sorry, I don't accept your begging for mercy!"

With that said, this punch was made directly!

Chen Feng could bombard him directly, but Chen Feng chose to bombard the shield.

Chen Feng's punch directly blasted the shield into countless randoms, and then landed on his body.

With a loud bang, all the internal organs in his body were directly shaken by Chen Feng into powder at this moment.

He lowered his head and stared at Chen Feng's fist blankly, with an expression of disbelief in his eyes.

There was a loud noise in his mouth, as if he wanted to say something, but he didn't have time to say anything. The blood had already poured out from his throat, blocking his voice.

In the end, he tried his best to squeeze out two words: "I regret it!"

After speaking, his body trembled heavily, his head tilted, and his livelihood was cut off.

He was directly killed by Chen Feng!

This person can be regarded as quite powerful in the Shadow Gang, under Chen Feng's hand, even five punches were not supported.

Four punches, Chen Feng used only four punches to directly kill him alive!

At this time, the onlookers of the Shadow Gang just came back to their senses.

[Chapter 2715: Spike!](#)

They all yelled in huge exclamation: "How could it be possible that Lord Xiahou was killed?"

"Yeah, Master Xiahou has reached the peak of the Eight-Star Martial Emperor, and he is best at defense, his body is tyrannical, so he was killed by Chen Feng so easily?"

"God, how powerful is Chen Feng's strength?"

"Moreover, he didn't defeat Lord Xiahou, but killed him! It was not a kill after a fierce battle, but a relaxed, smashing him completely with a seckill!"

Some people exclaimed like a groan: "This Chen Feng, but at the age of twenty, how can he have such a strong strength? How can he be so strong?"

They were almost crazy one by one, and their gazes towards Chen Feng were full of shock.

And the next moment, the shock in their eyes, that incredible, that unbelievable, turned into deep fear.

Someone trembled and said, "Just now, we humiliated Chen Feng so much, should Chen Feng not spare us?"

"Yes, he will never spare us, he will definitely kill us."

They trembled, their voices full of fear!

At this time, Chen Feng turned his head suddenly.

He looked at these Shadow Gang members, and then a slight smile appeared on the corner of his mouth.

He pointed his finger at one of them, smiled and said, "You are right, I really won't spare you!"

With that, Chen Feng approached slowly.

Someone trembled and said: "You, what are you going to do? We are members of the Shadow Gang, how dare you move us?" *noVELuSB.cOM*

Chen Feng laughed loudly: "So, what I killed just now, isn't it from the Shadow Gang?"

Such people are really ridiculous, they are still pretending to be pretending, deliberately insane.

As everyone knows, in Chen Feng's eyes, they are not worth mentioning at this time.

Chen Feng suddenly took a step forward.

This step is an understatement, just like walking in a leisurely courtyard.

And this step, but in the eyes of those of the Shadow Gang, it felt like a thunderbolt.

They all shuddered in terror, staggering back a few steps.

Chen Feng laughed, disdainful: "A bunch of **** will only bully the weak!"

"Today, I, Chen Feng, stand here and let you fight, dare you?"

At this moment, standing behind Chen Feng, Ji Caixuan's face was full of worship. Looking at Chen Feng, her eyes were dazzled.

"This is the hero! My hero!"

Chen Feng is another step forward.

They staggered back again, so every time Chen Feng approached, they retreated every time.

Chen Feng laughed and suddenly increased his speed.

Then, his figure flashed, pointed directly at one of them, and said loudly: "Didn't you just say that you want to kill me, is it easy?"

"You just dismissed me? Then, let me see how powerful you are now!"

The person Chen Feng pointed at was Fu Jinghui who had humiliated him the most by uttering just now.

At this time, the color of fear on his face was also the strongest.

Even, he was trembling with fright and his face was pale.

This person is extremely bullying and afraid of hardship.

He watched Chen Feng force him towards him, his face was full of fear, he backed back one after another, his whole body trembled, his lips trembled, and he murmured, "You, what are you doing?"

"What are you doing? Guess what I'm going to do!" Chen Feng said coldly.

"I'm from the Shadow Gang!"

Chen Feng laughed: "Are you from the Shadow Gang, are they amazing?"

"One I kill, and a hundred I kill too! Today..."

His voice suddenly rose, and he let out a crazy roar: "You guys, just stay here!"

With that, Chen Feng's figure flashed and came directly in front of him.

Then, a punch came out.

Fu Jinghui let out a miserable scream, he screamed frantically, and furiously launched his offensive.

The whole person has almost collapsed, just thinking about blocking Chen Feng's pursuit.

But where can it be stopped?

Chen Feng fell with a punch, shattering all his offensives.

Then, this fist, smoothly and fiercely, was printed on his chest.

His body stopped in the air for a moment, and then the next moment, there was a scream, blood was sprayed frantically, and his body flew back heavily.

With a bang, it hit the ground and ejected twice.

Then, his neck crooked and lost his breath.

He was killed by Chen Feng with a punch.

At this moment, Chen Feng smiled and looked at the other people, and said, "You guys can't run away either!"

Chen Feng is like a tiger entering a flock of sheep, smashing into these shadow gang gangs.

Chen Feng didn't plan to let go of these shadow gang members.

Of course, the reason why Chen Feng did this was definitely not because they were rude to themselves. Chen Feng was not so narrow-minded yet.

It was because Chen Feng knew very well that these Shadow Gang's gangs, above the town of Zihuo, would do nothing and bully the good.

He was in the small town, but he saw it with his own eyes.

Therefore, Chen Feng showed no mercy to them.

He directly killed a gang with one punch, and then blasted several punches one after another, and the four shadow gangs who resisted him together, spurted blood and flew out.

At this time, there was a screaming sound from behind, and a shadow helper screamed sternly: "You want our life, and we want your life!"

"Since they are all dead, let's fight him!"

He gritted his teeth and yelled frantically, and slashed at Chen Feng with a long knife in his hand.

The offensive was fierce and extremely violent, obviously this person was a hurricane killer.

He cut out dozens of knives in an instant, gritted his teeth and shouted, "Even if I die, I will eat a piece of meat from you!"

Chen Feng smiled slightly: "Unfortunately, you don't want to eat my meat, you can't even hurt my cold hair."

Chen Feng didn't turn back, and he didn't even use his fists, but just pushed his elbow back fiercely.

With a bang, it was against the man's long knife.

With a loud bang, the long knife shattered directly, and then Chen Feng's elbow did not stop, and it was directly on his chest.

The shadow gang uttered a scream, and there was a burst of bones in his chest, which sank.

He backed more than a dozen steps in succession, fell heavily to the ground, twitched twice, and then stopped moving.

It was already killed by Chen Feng.

Chen Feng smiled and looked at him, and said softly: "I told you not only that you can't bite a piece of my meat, you can't even move a single hair of mine."

When he said this, he suddenly shouted coldly: "Rice, dare to sneak attack?"

[Chapter 2716: Just kidding you guys!](#)

Kicked backwards, it turned out that several shadow gangs attacked Chen Feng together.

These four people were killed.

These four people are a small team, including a pure sun giant spirit guard, a hurricane slayer, a madman, and a storm archer.

At this time, the hurricane violent killer stabbed at Chen Feng.

The big sword in his hand fluttered like nothing, and dozens of swords were pierced in a blink of an eye, each of which was extremely domineering.

At the same time, beside him, a pure sun giant spirit guard was already showing a defensive posture.

At the same moment, the Thousand Change Madness and the Storm Archer also bombarded Chen Feng.

With a movement of Thousand Bane's Crazy Fa, several fire snakes took shape and coiled towards Chen Feng.

The Storm Archer fired five big arrows one after another, and Lianzhu smashed towards Chen Feng.

When Chen Feng saw this scene, the corner of his mouth twitched slightly, showing a smile: "Oh, that's not bad, it turned out to be fighting me as a team."

After Chen Feng came to the town, he saw a lot of teams, but it was the first time a team dealt with him like this.

His heart moved: "This is also a good opportunity."

Thus, Chen Feng kicked it hard.

Chen Feng's kick seemed extremely vicious, but in fact he only used 10% of his strength.

And seeing Chen Feng kicking over, the Pure Sun Giant Spirit Guard, waving a huge shield, greeted him with a roar, and stood in front of the hurricane killer.

Chen Feng originally kicked the hurricane killer.

But this moment, it was blocked by him.

With a loud bang, Chen Feng kicked his foot on the huge shield.

The pure sun giant Lingwei screamed, staggered, backed a few steps, blood overflowing from the corner of his mouth, and a muffled grunt.

But his face was full of ecstasy, and he shouted: "I blocked it, I blocked it."

The other hurricane killers, Thousand Change Madness, and Storm Archer were all happy and shouted: "Our team is effective against him."

"Yes, we can deal with him easily."

"He faces our team and will lose that powerful strength."

They suddenly became more confident, and the hurricane killer arrogantly shouted: "Chen Feng, you are finished."

"We have found a way to deal with you, now it's time for you to die!"

Chen Feng sneered without saying a word, just moved forward and shot out with a punch.

With this punch, he still only used 10% of his strength.

And that pure sun giant spirit guard greeted him again, once again blocking Chen Feng's offensive.

Then, Chen Feng punched again, still blocked.

At this time, the hurricane mad killer, Thousand Change Madness, and the offensive of the Storm Archer all fell on Chen Feng.

Chen Feng did not dodge, and after those attacks hit him, countless sparks spattered.

The fire snake also exploded in a blast, and did not cause him any harm.

But the enemies on the opposite side did not realize this scene.

They were immersed in ecstasy.

"Hahahaha, we have found a way to deal with Chen Feng!"

"Chen Feng, die!"

In addition, the gangs of the Shadow Gang were also ecstatic, forming a team one after another to besiege Chen Feng.

Not counting the people who were beheaded by Chen Feng before, they could still maintain three complete teams and attack Chen Feng together.

The offensive continued to fall on Chen Feng.

But Chen Feng punched and kicked, and they were easily blocked by those pure sun giant spirit guards. Chen Feng kicked out and the three pure sun giant spirit guards greeted him together.

One of the pure sun giant spirit guards blocked Chen Feng's offensive, and the other two pure sun giant spirit guards turned back and attacked Chen Feng.

The offensive of the remaining dozen people fell on Chen Feng together.

Chen Feng was hit by these dozens of offensive moves, and he couldn't help taking a step back, groaning, he was already slightly injured.

"Hahahaha, this waste is over."

"Yes, he must die today, and we will definitely be able to kill it."

They shouted excitedly.

There were even two pure sun giant spirit guards, whose faces showed the color of underestimating the enemy, and they attacked Chen Feng.

They no longer defended, but began to attack, indicating that they were full of contempt for Chen Feng and no longer took him in their hearts.

The hurricane killer who first attacked Chen Feng laughed and said: "Chen Feng, now kneel down and beg for mercy, we can spare your life."

"It will not kill you immediately, but will take you to the elders and wait to be heard."

"Hahaha! Isn't he inevitable to die when he gets to the elder?" A pure sun giant spirit guard laughed.

The hurricane slayer curled his lips in disdain, and said, "At least it can make him live a few more days. For such a pariah, it is already very happy to live a few more days."

Their words were full of contempt for Chen Feng, and they didn't care about him anymore.

They giggled and joked.

But as everyone knows, Chen Feng only used 10% of his strength.

Ji Caixuan in the distance watched this scene from a distance, with a disdainful smile on her mouth: "A group of arrogant people don't know how powerful the master is."

The next moment, Chen Feng suddenly laughed loudly.

He already fully understood the operation mode of these teams and the cooperation skills of combat.

"In this case....."

Chen Feng shouted coldly: "Now, I have got everything I want!"

"You won't have any value anymore, then just die for me!"

Chen Feng was just practicing with them just now!

The next moment, Chen Feng blasted out with a punch. The Pure Sun Giant Spirit Guard who first resisted him was still joking, and he resisted Chen Feng without paying attention.

And the next moment, with a bang, his shield was directly shattered to pieces.

Then, Chen Feng's fist fell on his body, directly beating his body into a cloud of blood.

He didn't even have time to make a scream, he just disappeared.

"What?" Everyone around was shocked when they saw this scene, and their movements stopped for a moment: "Didn't they stop it just now? Why can't it stop now?"

"Could it be that?"

Suddenly a terrible thought emerged in their hearts: "Could it be that? He just concealed his strength?"

Chen Feng laughed loudly: "Just now? I was kidding you just now!"

With that, Chen Feng rushed into them frantically.

This time, Chen Feng used all his strength.

Every punch and every kick has great power. This time, these shadow gang members finally know how powerful Chen Feng is.

[Chapter 2717: Shadow Gang first-level elder!](#)

They were beaten by Chen Feng crying father and mother, every time Chen Feng fell, he would kill at least one person.

With every kick, a shadow gang was kicked and broken, and fell to the ground, terrible.

In a blink of an eye, most of them were killed by Chen Feng.

The remaining shadow gangs let out a scream, looking at Chen Feng's eyes as if they were looking at a **** or devil.

Even they didn't even have the idea of resisting, and they ran away with a shout.

Chen Feng laughed: "Want to run? Can you run?"

He directly chased them forward and beheaded them.

In the end, only three people remained.

The three people suddenly knelt to the ground, turned around, and looked at Chen Feng repeatedly kowtow.

They shouted frantically: "Please, Lord Chen, don't kill me, don't kill us."

Chen Feng was about to do something, and suddenly his heart moved: "Leaving them might not be a good thing."

Chen Feng looked at them and said coldly, "I won't tell you any other nonsense. If you want to survive, you three will tell me everything you know about the Shadow Gang."

"The three told me separately, and I will compare them one by one. If there is any concealment, I will never be merciless."

The three of them were already scared by Chen Feng, and they kowped their heads frantically, begging for mercy, with a series of responses.

They didn't even have the guts to think carefully, they were all frightened by Chen Feng, and only fear was left in their hearts, without any other emotions.

After half an hour, the three survivors left here.

But when they left, their bodies swayed and staggered, and there was no breath in them.

It turned out that the three of them had already been abolished by Chen Feng.

Chen Feng did not kill them as promised, but the death penalty is unavoidable, and the living sin is hard to forgive. Their crimes are terrible, and Chen Feng has abolished their cultivation as punishment.

And doing so can also ensure that Chen Feng's whereabouts are not leaked.

Because, after the three of them were abolished, they no longer had any value to the Shadow Gang.

In addition, they had leaked the secrets of the Shadow Gang before, so after they returned to the Shadow Gang, there was only a dead end waiting for them.

These three people also thought very clearly, so after they left here, they did not return to the Shadow Gang at all, but quickly returned to Purple Fire Town and left quickly.

Chen Feng stood there, looking at their backs, thoughtfully.

Now, he has a general understanding of everything about the Shadow Gang.

These gangs are not high-level and have limited understanding, but they are very comprehensive and very mixed.

Chen Feng can infer many things from it.

Ji Caixuan walked beside her and asked softly: "Master, what should we do next?"

She already regarded Chen Feng as the backbone.

Chen Feng sighed softly and said slowly: "Leave here first. I just learned from their account."

"This time, every five teams of them, 20 people, are led by three second-level elders, and every three second-level elders, there is another first-level elder above them."

"This level of elder, in the Shadow Gang, is only below the gang leader, very powerful."

"I shouldn't be an opponent!"

"If he comes here, I'm afraid it will be a little difficult today, let's leave first."

Ji Caixuan nodded, and Chen Feng turned around and was about to leave.

At this moment, suddenly an old hoarse voice rang out not far from the front: "Want to go? Can you go?"

Hearing this voice, Chen Feng suddenly felt cold.

This voice, when speaking the first word, was still misty, very far away from here.

When it comes to the last word, it has already come to a place of silence.

This voice, like a mountain ghost crying at night, was ethereal and vain, making it feel like it was not clear where he was.

A while before and a while after, it was obviously just a voice, which seemed to surround Chen Feng in the middle, and it felt like this voice was ringing in all directions.

Chen Feng's heart suddenly shuddered.

This person's cultivation base is absolutely extremely high. Whether he really has such strength or deliberately pretends to be such a strength, even if he deliberately pretends to be such a strength, it is extremely difficult to achieve this.

Because he has to constantly change positions.

This means that his light body technique has reached a very high level.

The strength of this person is absolutely unfathomable!

Chen Feng said lightly: "I don't know which friend it is, don't pretend to be here, just come out!"

When Chen Feng said the last sentence, a rumbling sound exploded, and there was a wave of fluctuations in the air.

Suddenly, in a certain place, a figure appeared.

Chen Feng's voice directly shook his position.

It was discovered that the figure was a withered old man, wearing a white robe. On top of that white robe, there were countless phantoms that seemed to be true and illusory.

It looks very profound.

And if you watch it for a long time, it even gives people a feeling of spinning around the world.

The old man's eyes were as cold as a poisonous snake.

He looked at Chen Feng with a surprised expression on his face, raised his eyebrows, and said: "I didn't expect that you kid, you really have some strength, and you can find me."

Chen Feng looked at the clothes on his body, and slowly uttered a word: "People from the Shadow Gang?"

"Yes, the old man is the first level elder of the Shadow Gang, Li Wanlong!"

The withered old man's gaze glanced around.

I saw the bodies of Xiahou Xinghai and Fu Jinghui, Cang Huarong, and those of the Shadow Gang.

Suddenly, his eyes became extremely gloomy.

He stared at Chen Feng with a cold face and said, "You actually killed so many people under me?"

"This time, I brought out three second-level elders, five teams, and more than twenty people, all of them were killed by you?"

Chen Feng looked at him, smiled and said, "No, I only killed twenty."

"The other three, I abolished their cultivation base and let them go." *novelupdates.com*

Chen Feng had an understatement on his face.

Seeing his expression like this, Li Wanlong's expression became even more violent and fierce. He stared at him and said coldly, "Boy, how dare you talk to me like this?"

"Face me? Are you not afraid?"

Chen Feng smiled and said, "Why should I be afraid?"

"Oh? Not afraid, are you?"

"Okay, kid, don't pretend."

Li Wanlong stared at Chen Feng with a disdainful face, and said, "Don't think I can't see that you are pretending to be? You are afraid now that you are already scared to death!"

His face was full of arrogance, and he looked down at Chen Feng: "Boy, I admit that you can come here and kill so many people under my hand. Your strength is indeed very good."

[Chapter 2718: How can I be afraid of Chen Feng?](#)

"But unfortunately, it fell into my hands today and there is only one dead end!"

Chen Feng just felt ridiculous when he heard what he said.

Even if Chen Feng's strength is inferior to him, he will never be afraid.

No matter how strong the strength is, Chen Feng dares to fight.

Suddenly, Li Wanlong's eyes flashed and he saw Ji Caixuan next to Chen Feng.

Suddenly, his eyes lit up, and the color of **** in his eyes flashed, flashed with thick greed.

He looked at Ji Caixuan, with a lustful light in his eyes, wishing to swallow Ji Caixuan.

He chuckled obscenely, rubbed his hands, looked at Chen Feng and said, "Boy, I can't tell, you are not very strong, but the quality of the girls around you is pretty good."

He raised his chin and said very arrogantly: "Now you send me the little girl at your hand, dedicated to me, and I will spare your life."

"Just abolish your cultivation base and let you get out of here."

When he said this, his attitude was extremely arrogant, as if he had only abolished Chen Feng's cultivation base, giving Chen Feng a lot of face and a reward for Chen Feng!

As soon as he said this, Ji Caixuan shuddered, her face showing fear.

She could feel how powerful this old man was, and he could also feel that Chen Feng might not be Li Wanlong's opponent.

He was full of worry, for fear that Chen Feng would be moved.

At this time, Chen Feng stopped drinking: "Old stuff, shut your stinky mouth."

"This is my person. I have tried my best to protect him. How can I give it to you?"

"Go ahead and dream of your spring and autumn!"

What Chen Feng didn't see was that when Ji Caixuan heard Chen Feng say these words and said the phrase 'she is my person', Ji Caixuan trembled violently, her face flushed.

Her heart beats wildly, her blood speeds up, and she feels a heart boil.

Her eyes were like water, full of flattery, and she looked at Chen Feng idiotically, feeling hot in her heart, wishing to give her life to Chen Feng immediately.

This is Chen Feng's slave and maidservant, not to mention that Chen Feng now sees her not only as a slave maid!

As for Li Wanlong, a look of ferocity flashed across his face, staring at Chen Feng, and said coldly, "Okay, don't you want it?"

"Toast and not eat fine wine!"

"In this case, I will kill you first, and then **** this little lady over!"

"At that time, I will not kill you, I will wound you, so that you can only lie there like a dog, linger!"

"And I will clean up her wantonly in front of you, humiliating her!"

"Don't you value her?"

"Okay, then I will make you painful!"

He stared at Chen Feng and said gloomily: "Dare to humiliate our Shadow Gang, especially Li Wanlong, who dare to humiliate me. If I don't kill you, how can I resolve the hatred in my heart?"

Chen Feng yelled: "If you want to fight, how can there be so much nonsense?"

He actually rushed directly towards Li Wanlong.

Chen Feng is very clear that Li Wanlong is stronger than himself.

However, Chen Feng has no fear!

He took the initiative to attack, indomitable!

Chen Feng struck out with both fists, and as soon as he came up he played his strongest moves.

Li Wanlong snorted disdainfully: "You still dare to fight with me? Looking for death!"

He didn't see any movement either, just grabbed his right hand slightly.

Then the next moment, in the sky above Chen Feng, a huge black claw appeared.

The black claws, their skins wrinkled together, looked like magic claws, very terrifying, and contained tremendous power.

Then, he grabbed it down.

At this time, all Chen Feng's offensives were destroyed, and then he slammed onto Chen Feng's body.

With a wow, Chen Feng spouted a mouthful of blood, and his body flew out directly. *NovELUSb.Com*

A look of horror appeared on his face: "Li Wanlong's strength is quite strong, and he has reached the early stage of Jiuxing Wuhuang!"

Although Chen Feng's strength was only one line behind that of Jiuxing Wuhuang's early days, this line was a world of difference, and Chen Feng was no opponent before him.

Chen Feng's gaze was awe-inspiring!

The next moment, he suddenly roared, rushed forward again, gritted his teeth and shouted, "Come again!"

Li Wanlong let out a chuckle: "Boy, still want to die, right?"

"Unfortunately, I admit that you have courage, but unfortunately you only have courage!"

"Your strength is not enough in front of me!"

As he said, he punched out again.

At this moment, Chen Feng's body shape changed, but suddenly, a total of nine Chen Feng appeared.

Chen Feng and his eight clones rushed towards Li Wanlong together.

Li Wanlong was shocked immediately, and was confused for a moment.

He doesn't know which is the real Chen Feng, his perception radiates, but the perception tells him that every Chen Feng is the same.

This made him suddenly stunned.

He exclaimed: "How is it possible? How is it possible for these clones of yours? Why can't I tell?"

Nine Chen Feng laughed together: "There are so many things you don't know!"

The next moment, at the moment when he was stunned, Chen Feng had already killed him.

Then, nine Chen Feng shot together.

Li Wanlong couldn't judge which Chen Feng was the real ultimate move, so he could only choose one randomly.

As a result, his judgment was wrong.

The Chen Feng he hit was directly broken with a bang.

The real Chen Feng, and the seven other clones of Chen Feng, poured all the offensive on his body.

Boom boom boom, the huge and incomparable sound of booming, constantly resounding.

Then, with this powerful offensive, Li Wanlong couldn't help but let out a cold snort, stepped back two steps, blood overflowing from the corner of his mouth.

Chen Feng retreated quickly, and there was a pity in his eyes.

"This Li Wanlong is not only powerful but also terrifying in defense."

"I am just the peak strength of the Eight-Star Martial Emperor. It is not his opponent at all and cannot break his defense."

"Even if you try your best, you can only get him slightly injured."

"If this goes on, I am not his opponent at all!"

Thus, Chen Feng immediately made a decision.

His figure flashed, and he attacked Li Wanlong again, and once again used the floating light and glancing shadow technique, and nine Chen Feng appeared again.

But this time, Li Wanlong gave a sneer: "Want to do this trick? Tell you! It's no use!"

He tore his hands to the sky, as if pulling a huge crack out of the sky.

Then, the crack rushed towards Chen Feng fiercely.

[Chapter 2719: Won't leave you](#)

The immense power fell directly. This time it was not an attack on a point, but an attack on the opposite side, covering all Chen Feng.

So, the next moment, bang bang bang, Chen Feng's avatars couldn't bear it, and they were directly broken.

And Chen Feng's body was also severely hit, and another gulp of blood sprayed out.

The most important thing is that at this time, Li Wanlong has already judged which is the real him.

Therefore, Li Wanlong's figure flashed, came to him, and roared ferociously: "Boy, die!"

He blasted three punches one after another, all of them hit Chen Feng's chest, and Chen Feng's body was broken and broken. Several terrifying holes appeared, and blood shot out frantically.

Chen Feng spurted blood, his internal organs were broken, and his bones were broken.

His body flew out heavily and fell to the ground, already seriously injured.

Li Wanlong grinned gloomily: "How's that? Boy, isn't this taste good?"

"Do you still think you are my opponent now?"

Chen Feng struggled to get up from the ground, looked at him with disdain, spit out, and said coldly:

"Old stuff, do you think this can make me afraid?"

"Okay, it seems that you are really not afraid of death! That way, I will show you the methods of my Shadow Gang!"

"How do you think the word shadow of my Shadow Gang came from? I can control your soul and make you suffer endlessly!"

He grinned and leaped forward again.

At this time, Chen Feng's eyes flashed, and the Floating Light and Glimpse Technique was activated again.

"Hahahaha! Come here again? Your kid is out of skill!" Li Wanlong laughed wildly.

Nine Chen Feng appeared, and he still took the last offensive.

And this time, he made a mistake.

It turned out that the nine Chen Feng didn't attack him at all. They just pretended to attack at first, and then ran out crazy in the next moment.

Li Wanlong roared: "Dare to play this trick with me?"

However, he was helpless.

Because he couldn't tell which of the nine Chen Feng was true.

But suddenly, he frowned and looked at Ji Caixuan: "Boy, I can't tell which of you is the real one, but the real one will definitely come to save this chick!"

"If you have the courage, don't save it! Hahahaha!"

"I just have to watch this chick!"

Ji Caixuan also realized this and shouted: "Master, leave me alone, run!"

At this time, a Chen Feng came directly to his side and shouted: "What run? Let's go together!"

As he said, grabbing Ji Caixuan's arm, the two quickly swept outwards.

Li Wanlong laughed loudly: "Boy, I recognize you! Still want to escape? Can you escape?"

He chased after Chen Feng.

In fact, if Chen Feng just sat and watched, he could just run away because Li Wanlong couldn't tell which one was the real one.

But now, after dragging Shang Ji Caixuan, his speed not only slowed down, but also Li Wanlong recognized him!

Chen Feng used Jinpeng's vertical and horizontal tactics to transform into a huge golden-winged roc. Bian Ji Caixuan lay in his wings and was held in his arms.

The two quickly fled out.

At this moment, Ji Caixuan was already in tears.

Just now, when Chen Feng took him to escape together, she was so overjoyed that she was so touched that she was so soft that she couldn't tell, and she couldn't wait for Chen Feng to die.

At this time, she hugged Chen Feng's neck and kissed Chen Feng's face frantically.

The kiss fell like rain.

She murmured: "Master, I am willing to die with you. I can't express the joy in my heart."

Chen Feng coldly shouted, "What are you talking about? Today, none of us will die!"

As he said, his wings shook and he ran out frantically.

His speed has been raised to the extreme, ten times the speed of sound!

At this time, Li Wanlong was also secretly surprised, but he didn't expect this kid to be so fast.

"His speed is ten times the speed of sound. If it weren't for my strength to be much stronger than him, I'm afraid I really can't catch up!"

He yelled coldly: "Boy, with me today, you will never run away."

He chased forward frantically, the distance between the two was shrinking bit by bit.

Seeing that in a moment, Chen Feng will be overtaken by Li Wanlong.

And then. What greeted him was an unimaginable ending.

This time, Li Wanlong will never let Chen Feng have a chance to escape.

Chen Feng yelled, urging Jinpeng's vertical and horizontal tactics to an intensity that his body couldn't even bear.

He trembled all over, and the bones on his body burst again, making a burst of crisp noise.

In the gap between his feathers, countless blood oozes out.

Chen Feng trembled violently, vomiting blood crazily.

His body has almost reached the limit of endurance.

But even so, behind him, Li Wanlong is constantly approaching.

He laughed loudly: "Even if you drive yourself to death, you can't escape my palm!"

Seeing this scene, Ji Caixuan cried bitterly.

She suddenly struggled violently!

Chen Feng roared: "What are you doing?"

Ji Caixuan hissed and shouted: "Master, you can throw me down! Don't take me with you!"

"I'm just a drag. If you drop me, your speed will increase, and you can use the Floating Light and Glimpse Technique again!"

"Master, leave me behind!"

She howled and cried, her eyes full of dismay, but her expression was extremely decisive.

Chen Feng shouted angrily: "I won't leave you behind. Both of us will leave safely, and neither will be given up!"

At this time, Chen Feng suddenly felt a huge shock all over his body, and a trace of light quietly appeared in his body.

Chen Feng was immediately happy.

In the next moment, this joy is disappearing without a trace, and replaced by a state of extreme emptiness and clarity.

Chen Feng felt that his heart seemed to be drenched to the extreme, clear to the extreme, and he had entered an extremely weird but extremely wonderful feeling.

Then, Chen Feng found that everything around him was gone.

Without the chasing soldiers and the flames around him, he was just in a new world.

In this new world, a golden-winged roc stands proudly.

And there are countless light spots on the whole body of this Golden Winged Roc.

However, the light spots on the upper body and the wings have been illuminated, but the light spots on the legs are still dim.

Chen Feng thoughtfully, surging with joy: "My Jinpeng Longitudinal Technique, will I break through?"

At the next moment, Chen Feng didn't have any waiting

[Chapter 2720: Break through the third layer!](#)

He directly urged all the power in the light spot, and rushed towards the dim light spot in his legs.

With a loud bang, the top level of the legs was directly opened.

The immense power poured into his legs, into the dim light spots.

As a result, those dim light spots lit up one after another, and finally became extremely bright, like the stars on that day.

The whole process, without the slightest sluggishness, is a matter of course!

The light spots on all the legs were all lit up.

Then the next moment, a force was generated from the wings and poured into the upper body.

Then, pouring into his legs.

In all the light spots, it made a circle to form a great perfection, and then, it returned to the double wings.

The next moment, Chen Feng felt that the world in front of him was broken.

He returned to reality again.

But at this moment, Ji Caixuan looked at Chen Feng's body and exclaimed: "Master, Master, how is your health? Why is this?"

At this moment, there was no panic in her voice, but there was a lot of joy and disbelief.

When Chen Feng looked down, he saw that there were countless golden feathers on his legs.

These feathers are larger and longer than the previous ones, more lustrous, and the surface breath fluctuates, full of unparalleled sense of strength.

And on his upper body and wings, those feathers became dim.

The next moment, it fell off directly, revealing his body.

The injuries on his body did not heal, but countless golden feathers grew out of them, just like the feathers on his legs.

An impulse suddenly surged in Chen Feng's heart, and with a long roar to the sky, his figure doubled.

From the previous only more than five meters long, it has become about ten meters long, and the length of his spreading wings has also become a full twenty meters!

Like a real golden winged roc.

More importantly, Chen Feng felt that endless power was surging in his body at this time.

This power can't heal his injuries, can't increase his strength, but it can greatly increase his speed.

Chen Feng's heart moved, and this force was poured into his wings.

As a result, Chen Feng's huge wings flicked, and with a swish, it went straight out like a bolt of lightning.

Chen Feng himself was shocked: "The speed is so fast?"

Ji Caixuan shouted excitedly: "Master, you have broken through!"

"Your speed is much faster than before, you broke through! Hahaha, great, great!"

She was extremely happy.

Chen Feng also turned around and let out a burst of laughter: "I have broken through, and my Jinpeng Longitudinal Technique has broken through to the third level!"

"Now, I am forty times the speed of sound, 12 million miles per day, which is four times faster than before!"

"Hahahaha!" Chen Feng laughed openly, feeling happy.

At this time, Li Wanlong was the most shocked.

He yelled in disbelief: "How is it possible? You actually broke through at this time?"

He felt that he was so unlucky that he encountered Chen Feng's breakthrough at this time.

After Chen Feng's speed increased three times, he could not catch up at all.

Chen Feng fluttered his wings a few more times, and flew far forward.

Li Wanlong tried his best to catch up, but it was sad to find that the distance between himself and Chen Feng was getting bigger and bigger, and he couldn't catch up at all.

He stood slumped on the spot, gasping for breath.

At this time, Chen Feng laughed, stopped in the air, circled, and turned his head.

He stared at Li Wanlong, his eyes revealed a strong murderous intent: "Li Wanlong, today's shame, Chen Feng will not dare to forget!"

"In the coming day, I will return it a hundred times!"

Having said that, his body shape turned and he walked away.

In a blink of an eye, a golden phantom disappeared into the distant sky.

While Li Wanlong stood there, he suddenly felt his heart pounding and blood flow accelerated.

The next moment, I felt like my heart was being grabbed by a big hand. The distress was so severe that it almost suffocated her.

He could barely breathe, and it took a long time to return to normal.

There was a sudden surge of fear in his heart, and he said to himself blankly: "How is it possible?"

"The threat from that kid just now made me feel a breath of death, how could it be possible? It won't!"

After spending a lot of effort, he was able to drive this emotion out, shook his head, and said with a grin: "This Chen Feng, why is he scared? What am I afraid of him?"

Then, turned and left.

Chaoge Tianzi City, the fifth-level city, on the huge east square, a figure slowly fell.

This figure, with shredded clothes, blood stains on his body, and a pale face, was obviously seriously injured.

And his appearance did not attract anyone's attention. *NovelUsB.com*

There are many people like him here every day.

They either ventured in the surrounding area and hurried back to Chaoge Tianzi City after being seriously injured, or they encountered an attack on the road. The situation varies.

And the only thing that can attract people's attention may be that there is any woman next to him.

This woman has a beautiful face and a fiery figure, and many people are looking at her.

However, there was a very cold and fierce murderous intent on this woman's face, staring bitterly at all those who dared to look at him, her hand pressed against the long sword on her waist.

Seeing her as fierce as a female leopard, her strength is also quite good, all those people withdrew their gazes and dared not look again.

This class of women, they could tell at a glance, they had been walking around the floating mountains all year round, killing people like numb, fierce and decisive, but not easy to provoke.

At this moment, the woman turned her head and looked at the pale youth.

The fierceness on his face just disappeared without a trace, replaced by a deep concern.

She trembled and said, "Master, are you okay?"

The young man shook his head, sighed softly, and said slowly: "Don't worry, I'm fine."

"The injury was too serious, and I recovered a bit after breaking through to the third layer of Jinpeng Zongjue, but the three days that urged Jinpeng Zongjue, it got worse again."

"However, it's just a serious injury, not enough to die, don't worry!"

These two people are Chen Feng and Ji Caixuan.

It turned out that after Chen Feng fled that day, he didn't even return to Zihuo Town, but went directly to Chaoge Tianzi City.

It took less than three days to come back, which saved more than half of the time when I went.

Because his speed has improved too much than before.

However, constantly improving his speed and urging Jinpeng's Zongheng Jue, but also made Chen Feng almost unable to suppress the injury, so that it became like this.
