

## Peerless 2721

### [Chapter 2721: Come again](#)

After experiencing this, the relationship between the two is already extraordinary.

Chen Feng looked at Ji Caixuan, thought for a while, and then said, "Cai Xuan, in the future you don't call yourself a slave and maid or my master."

When Chen Feng said these words, Ji Caixuan was not happy.

On the contrary, she panicked to the extreme for a moment, and said with a trembling: "Master, don't you want to be a slave?"

"Are you not a servant anymore?"

She was so flustered that she was at a loss, even looking at Chen Feng, tears in her eyes almost fell.

Chen Feng said quickly: "If there is nothing, I won't want you."

"I mean, don't be a slave and maid when you follow me in the future, just call me son!"

The reason why Chen Feng is like this is that it would be too unfair to treat her as a slave.

However, after hearing what he didn't expect, Ji Caixuan became even more flustered.

She trembled and said, "Master, don't leave me, don't leave your servant."

"Don't call you a maidservant, you must be a master. The maidservant is your most humble servant. You can do whatever you want!"

"You can beat me and scold me, don't drive the slaves away!"

"The servant girl doesn't want to call you the son, the servant girl just wants to call you the master!"

Chen Feng could not help being speechless.

Seeing Ji Caixuan crying anxiously, he said quickly: "Good, good, then everything will work as usual."

When Ji Caixuan heard this, she was delighted, her tears broke into a smile, and she trembled: "Thank you, Master!"

The power of the dragon descending arhat produced by Chen Feng's general outline of the Dragon descending Arhat scripture is the supreme Buddhist technique, which is very powerful and majestic, and is most suitable for healing.

On weekdays, Chen Feng would choose to use the power of the Dragon Dropping Arhat to heal himself.

But now he does not want to do this.

Although the power of the dragon descending and the Arhat is strong and vigorous, the healing effect is excellent, but for Chen Feng now, it is a bit too slow.

Chen Feng now lacks time most.

Therefore, he decided to go to Lu Yutang and get some healing pills from Lu Yutang.

Chen Feng took Ji Caixuan and soon left this place and came to the seventh-level city.

Then, came to the Seven Star Auction.

Outside the Qixing auction site, people come and go, and the bustle is still there.

Those guards were still very domineering, screaming at many people who were shabby and didn't seem to be very strong, and were extremely arrogant.

Chen Feng took Ji Caixuan and walked over slowly.

Those people glanced at him. He was dressed in ordinary white clothes and was not strong enough than the Five-Star Martial Emperor. His face immediately showed arrogance. He stepped forward and raised his chin to scold him.

At this time, they saw Chen Feng's face clearly.

Suddenly, the arrogance on his face froze there, freezing on his face.

The chin was raised to half a point, and then lowered again in a hurry, not only the head lowered, but even the whole waist was bent down, like a cooked shrimp.

They bent over, raised their heads, looking at Chen Feng, the expressions on their faces turned into thick flattery in an instant.

The change was so fast that his face was a little stiff.

They looked at Chen Feng, and the leading guard was full of flattery: "So it's Master Chen, you have come to our auction house again? Really brilliant!"

Chen Feng looked at their expressions, smiled and said, "Faces change very quickly."

"Look at what you said."

There was a cold sweat on the forehead of the leading guard, afraid that Chen Feng would clean him up.

He didn't dare to talk to Chen Feng more, and quickly stretched out his hand and said, "Master, please come inside."

Chen Feng asked faintly, "Is Master Lu Yutang inside?"

"Yes, yes." The leading guard nodded quickly.

He is very fortunate now that Lu Yutang is here. Otherwise, this Young Master Chen Feng can't find anyone and doesn't know how to deal with him.

Chen Feng didn't bother to be familiar with them, nodded, and said nothing.

Just step into it.

Ji Caixuan was very curious seeing the performance of the guards to Chen Feng just now, so she hugged Chen Feng's arm and said with a smile:

"Master, they all seem to be afraid of you!"

Chen Feng smiled slightly: "These people have been taught by me before, and they must have left a deep impression. They will never forget them in this life."

He is now accustomed to Ji Caixuan's intimacy.

Ji Caixuan said with a smile: "The master taught them that they must have done something wrong."

Those guards who watched Chen Feng's departure from the back, wiped their sweat, and were grateful.

Now, in their eyes, Chen Feng was an extremely terrifying existence.

Soon, Chen Feng entered the auction house.

As soon as he arrived in the hall, Lu Yutang walked over in front of him and said with a smile, "Master Chen, please come in."

Chen Feng nodded, the two did not say much, and this place is not a place to say more.

Lu Yutang took Chen Feng all the way into a rather secret hall, and the two of them entered and sat separately.

When the maid had tea, she rejected everyone.

Lu Yutang glanced at Ji Caixuan, and Chen Feng smiled and said, "She is one of the closest people to me, you can believe it."

Hearing Chen Feng's words, Ji Caixuan was very happy, but she lowered her head and made an expressionless look. She was afraid that she was overjoyed at this time, and she would give people a feeling of being too shallow. The owner is ashamed.

In fact, her heart is in full bloom at this time, like something happy.

Lu Yutang nodded, then stopped asking.

He looked at Chen Feng and suddenly raised his eyebrows, a thick surprise appeared between his eyebrows, and said softly:

"I haven't been separated from the son for a few days, but see you today, son, there is already an unusual aura on your body."

"What breath?" Chen Feng raised his brows and asked in surprise.

Lu Yutang slowly said, "The spirit of iron-blood killing!"

When Chen Feng heard this, he was taken aback, and then he suddenly realized that he should have a lot of breath in the Purple Fire Marsh in Zihuo Town.

It's just that maybe he was in the game all the time, so he didn't notice it.

Lu Yutang smiled and said with deep meaning: "It seems that you, son, have gained a lot during this time."

Chen Feng nodded: "I also want to thank Da Lu for his talent."

"The Purple Fire Swamp is indeed the most suitable place for me. This time I went to the Purple Fire Swamp and it really yielded a lot."

As Chen Feng said, suddenly, he felt a surge of energy and blood.

He couldn't help but cough violently, covering his lips with his hands.

When the coughing stopped and the hand left, the fingers were already covered with blood.

Chen Feng smiled bitterly and said, "Although he has gained a lot, he also brought back a wound."

#### [Chapter 2722: Dragon Snake Jiao Tai Dan](#)

Lu Yutang couldn't help but said, "Master Chen, what you need most now is rest and healing."

Chen Feng nodded: "I came here on this trip, precisely for this reason."

"This time, I have gained a lot, and I want to replace all these things with dragon blood amethyst as soon as possible, and then turn them into my strength."

At this time, Lu Yutang stood up directly, made a guilty complaint, and said, "My son, be out of company for a while."

Then he went straight out.

Chen Feng was a little surprised, wondering why he suddenly left.

About half an hour later, Lu Yutang came back.

At this moment, he had a small purple gold box in his hand, and then he came to Chen Feng and opened the purple gold box.

Suddenly, a white as jade-like pill was exposed inside.

This pill is as white as jade, and it looks like the finest jade.

But inside, there was a thick emerald-colored mist.

These emerald-colored mists, one after another, are like snakes like dragons, but they don't have the slightest evil meaning, but are full of thick breath of life.

In the next moment, these emerald-colored aerosols, like snakes and dragons, suddenly all collapsed in an instant, and then turned into layers of veil.

Like a cloud, it looks ethereal and elegant.

At the same time, what people can't ignore is the extremely gloomy breath of life inside.

Even as soon as this pill appeared, the whole hall was full of vitality auras, these vitality auras turned into silk threads, which passed through it.

On the left and right sides of Chen Feng, there are several pots of green plants, which are actually quite rare spiritual plants.

This kind of spiritual grass is extremely difficult to grow in the natural environment, and it can grow to a few inches in height for decades.

But in such a short moment. In the time that the medicine was taken out, these green plants grew up and down.

In a blink of an eye, it grew to one or two feet tall.

The branches and leaves are opened, and the flowers bear fruit, as if they have experienced the cycle of life for hundreds of years.

Chen Feng couldn't help but stared at that pill in shock. This pill had such a miraculous effect, showing how powerful and terrifying life aura it contained!

Chen Feng said, "This is?"

As soon as he finished speaking, Ji Caixuan exclaimed: "This is Dragon Snake Jiao Tai Dan?"

"Yes, the girl is so knowledgeable, this is the Dragon Snake Jiaotai Dan." Lu Yutang said with a smile.

Receiving an affirmative answer from him, Ji Caixuan was even more shocked and exclaimed: "Dragons and snakes pay Taidan, but it's a magnificent elementary third-grade golden pellet."

"This kind of pill is extremely rare and extremely expensive."

Her face was full of admiration. For a warrior of her level, this kind of pill that had reached the level of the primary third-grade golden core was simply a myth and legend, and had never seen it before.

But at this time, it appeared in front of him.

Chen Feng could feel that this kind of Dragon Snake Jiaotai Pill was very powerful, but he didn't expect that it would have reached the level of the Elementary Third-Rank Golden Pill.

He looked at Lu Yutang and waited for him to continue.

Lu Yutang smiled and said, "Master Chen, please take this medicine first."

Chen Feng was taken aback: "Is this for me?"

"Yes, it is." Lu Yutang said slowly, "Master Chen, although you are only a five-star martial emperor, you have the strength to approach the nine-star martial emperor."

"Under your level of strength, it is very difficult to recover after being injured."

"The junior third-grade golden pill can help you quickly recover your strength and get rid of your injuries."

Chen Feng said, "But, I don't have Dragon Blood Amethyst now."

"It's okay, I believe that since you said that you got a lot of treasures in the Purple Fire Marsh, you must be."

"When the time comes, you can return these treasures after you get rid of them."

Chen Feng nodded, he understood Lu Yutang's intentions.

But what Lu Yutang did was upright, and he could only be moved.

Even if he understood that Lu Yutang deliberately wanted to make good with himself, he still couldn't produce any ill feelings.

Chen Feng smiled and said, "So, thank you very much."

He took the pill in his hand, and then said: "Please also prepare a quiet room."

Lu Yutang nodded, called the maid, and ordered a few words.

The maid smiled and said, "My son, please come with me."

Soon, she walked through the long corridor and brought Chen Feng to a garden.

Hidden deep in the auction house, it looks like a garden, but there are many stone houses inside.

Each stone house has a simple teacher, but it has a very powerful atmosphere. There are bursts of rumbling voices coming from time to time.

Soon, he took Chen Feng to the door of a stone house and stretched out his hand and said, "Master Chen, this is the training room of our Chamber of Commerce. This is the third-level training room."

"Third-level training room?" Chen Feng raised his brows.

"That's right." The maid pointed to some towers and towers in the distance, and said: "There are even higher grades over there, but they are not suitable for the grade of the son."

She stretched out her hand: "My son, please come in."

Chen Feng nodded thoughtfully and stepped in.

Once Chen Feng entered, he was taken aback.

It turns out that this stone house looks unsurprising on the outside, but in fact it gives people an extremely closed and depressed feeling inside.

However, after Chen Feng noticed it, not only did he not feel bored, but instead his whole body was agitated, and there was a feeling of breaking through depression.

Chen Feng raised his eyebrows and said, "This house is really a bit weird."

"By creating this extremely depressed feeling and oppressing people's strength, it is easier for people to break through."

"Moreover, the isolation here is extremely strong. Once you enter here, everything in the outside world seems to be inaudible. It can make people calm and calm to the greatest extent."

Chen Feng took a deep breath, then he sat cross-legged, carefully feeling his body.

At this moment, there is a feeling of silence, and all sounds have disappeared.

Sitting in the darkness, Chen Fengfeng felt as if he was the only one left in the universe between heaven and earth.

And precisely that, he can feel the most real.

Chen Feng could feel all the pains in his body, his broken internal organs and broken bones.

"This is really a good place to heal injuries."

Chen Feng smiled slightly, then took out the dragon and snake Jiao Tai Dan and took it into the mouth.

As soon as this dragon and snake crossed Tai Dan, Chen Feng suddenly felt that a very cool force exploded in his mouth.

The breath of life that seemed to be endless, coiled directly in the mouth, and then followed Chen Feng's esophagus all the way down.

[Chapter 2723: Opportunity to break through](#)

In the end, it exploded in the belly.

With a bang, Chen Feng felt that his body trembled violently.

In an instant, the boundless coolness filled his body.

That huge, clear, and life-filled power entered his limbs and corpses, and entered all of his body.

This force entered Chen Feng's internal organs, and Chen Feng's internal organs were immediately repaired.

Become lively and full of vitality again.

Entering into Chen Feng's bones, Chen Feng's blood bones immediately regenerated plasma.

The broken bones were reconnected to be brand new and stronger than before.

Melting into Chen Feng's muscles, the muscles regenerate immediately, the blood is majestic, and the blood is constantly circulating.

In almost an instant, these huge forces entered Chen Feng's body.

Chen Feng's broken body was constantly repairing and recovering.

Chen Feng sat cross-legged, silent and silent.

A little gleaming green light penetrated out from his body.

The entire stone room is full of vitality.

I don't know how long it took, Chen Feng was shocked all over, and suddenly opened his eyes.

Then, he opened his mouth and let out a thick spit.

There was a strong and incomparable \*\*\*\* aura in this muddy air, as if it was the feeling when people wanted to vomit blood.

This muddy breath drained out the last impurities in Chen Feng's body.

Then, he was shocked and stood up.

At this time, Chen Feng clenched his fists and felt the majestic and powerful force in his body.

He lowered his head, all the injuries on the surface of his body had disappeared without a trace, and the internal organ injuries and bone injuries in his body were all healed.

Chen Feng sighed softly: "The power of the Dragon and Snake Crossing Tai Dan is really powerful, and it has healed my injury in such a short time."

"Not only that, the power of the dragon and the snake's exchange of Tai Dan is still not used up at this time."

Chen Feng closed his eyes and felt it for a while, and then saw that in his dantian, there was still an emerald green power entrenched in it.

Very powerful, very strong.

Chen Feng's heart suddenly moved, and then the four Sun-Dragon Arhat Bright Beads in his Dantian suddenly burst into light.

Then, countless golden power completely shrouded these green rays.

The next moment, it was like a long whale absorbing water, and the light was sucked in by the golden light.

As a result, the green light continued to turn into the power of the dragon to descend into the body of Chen Feng. *novel.usB.com*

Chen Feng felt that his strength was constantly increasing.

After another, I don't know how long, and finally, those powers disappeared without a trace.

Chen Feng lowered his head and looked at his palm, with a hint of joy on his face, and said softly:

"This dragon and snake pays Tai Dan, not only helped me heal the injury and return to normal, but it even made me feel a chance for a breakthrough."

Chen Feng felt that the power in his body was lively, strong and domineering, as if he wanted to break through.

This gave him a feeling of breaking through.

Chen Feng opened Shimen and went out.

The outside of Shimen is the outer room. Inside, there are several sets of clothes hanging in all colors.

The clothes are quite simple and elegant, which fits Chen Feng's heart.

Chen Feng smiled slightly, looked down at his broken and blood-stained clothes, changed the clothes, and walked to a nearby spring to wash his whole body.

Then, he walked out with a disheveled hair, put on a white dress, and bundled the hair with a jade ring.

He just went out like this.

The maids outside were waiting there.

Seeing Chen Feng, his eyes suddenly brightened, and there was a dazzling look in his eyes.

Chen Feng looks tall and handsome, and although his figure does not appear to be very strong, he is full of domineering power.

At this time, she was dressed in white clothes like snow, and her long hair was slouchy, like a son of a turbid world. After seeing them, their hearts trembled.

Then, under their guidance, Chen Feng returned to the hall.

Lu Yutang saw Chen Feng and smiled and said, "Master Chen is really amazing. It took less than three hours to completely absorb the power of this dragon and snake Jiaotai Dan, but it is much faster than the average person."

Chen Feng nodded slowly, it turned out that it was already three hours.

He whispered: "This dragon and snake pay Tai Dan is indeed powerful. It not only restored my strength, but also gave me a faint sign of a breakthrough."

Chen Feng looked at Lu Yutang and said, "How valuable is this dragon and snake to pay Tai Dan? I will give it all to you later."

Lu Yutang smiled frankly: "Master Chen, I don't want to hide it. This pill is indeed very expensive, with a 200,000 dragon blood amethyst."

Chen Feng nodded, the price was also in his expectation.

After all, this thing is so powerful.

Chen Feng smiled bitterly: "The old debt has not yet been paid, and a new debt has been added."

He is already in debt.

"Well, now let you see what I have gained in the Purple Fire Marsh."

As Chen Feng spoke, he took out the golden thread kit, and then shook his hand, and suddenly a piece of colorful light appeared in the hall.

In an instant, Lu Yutang's breathing became heavy.

He looked at the table in front of him and held his breath directly.

At this time, on the table in front of him, there were eleven five-element demon \*\*\*\* jade and five red feather thunder tartar stones.

Chen Feng kept the biggest piece of the Five Elements Demon Jade King.

He trembled and said, "Here, this is the Five Elements Demon God Jade? And Red Feather Thunder Tartar?"

Chen Feng smiled and said, "That's right."

After a while, Lu Yutang seemed to free himself from shock.

He looked at Chen Feng and said with a trembling, "Master Chen, amazing, you are really amazing."

"In such a short time, and for the first time you went to the Purple Fire Marsh, you got back so many Five Elements Devil Jade and Akafeather Thunder Tartar."

"You know, often a team, a few people add up, and they don't necessarily get a piece, and it has to be the kind that often goes to the Purple Fire Marsh."

"If you don't go there often, the chances of returning empty-handed are extremely high."

Chen Feng laughed, glanced at Ji Caixuan, and said, "Thanks to the man next to me."

Ji Caixuan received Chen Feng's praise, and she was as happy as something, she hurriedly pursed her lips, but did not speak.

Chen Feng said, "I don't know how much can these five elements devil jade and red feather thunder tartar estimate?"

Lu Yutang looked at it, held it in his hand, and took a closer look at his appearance.

Although he and Chen Feng had a very good relationship, he did not have any negligence, and carefully looked at all the Five Elements Demon Jade and Akafeather Thunder Tartar.

#### [Chapter 2724: auction](#)

Then, he said to Chen Feng: "It's good for the son to know that these five-element devil jade and red feather thunder tartar are the most excellent.

Chen Feng asked, "How much is that worth?"

Lu Yutang thought for a while and said, "The Five Elements Demon Jade, if our auction house buys it, we can give the son a piece of 12,000 dragon blood amethyst."

"And this red feather thunder tooth stone, if our auction house buys it, you can give the son a 15,000 dragon blood amethyst."

Chen Feng nodded, the price actually exceeded his expectations.

Lu Yutang continued: "In fact, the son can also choose to put this thing in our auction house like this."

"At that time, if there is an auction, we will sell these things for the son. Our auction house only charges half of the handling fee, and the rest will belong to the son."

Half-percent, that is, five percent.

Chen Feng asked: "Auctions can generally sell higher, right?"

"Yes." Lu Yutang nodded and said, "If someone is in urgent need of this item at the auction, it can be sold at a very high price, much higher than it is now."

Chen Feng asked, "So is there an auction recently?"

He is in urgent need of Dragon Blood Amethyst now.

If there is one recently, Chen Feng is here for auction. If there is no auction recently, Chen Feng does not intend to sell it here.

"That's right." Lu Yutang laughed and said: "Just tonight, there will be an auction, and this auction is dedicated to selling all kinds of casting materials."

"Many people in need will pass."

Chen Feng nodded: "Okay, then, I will choose to auction."

After a while, loud voices came from the circle around the Seven Stars Great Auction.

"Everyone, I cherish the metal auction at the Seven Stars Auction. From now on, you can come."

"This time, dozens of new and extremely high-quality rare materials from the Purple Fire Marsh have been added. Please don't miss it."

Hearing this voice, many customers who were eating and drinking in the restaurants around the Seven Star Auction House couldn't sit still, and stood up and rushed to the auction house.

These people. In fact, they are all customers of the auction house. If there is nothing to do, they will kill time here.

It was already evening, and everyone poured in.

This special auction will mainly sell materials such as metals.

There are a lot of people and a lot of things, but the scale is not large enough to open a large auction hall. Instead, it is held in a medium-sized auction hall in the auction house.

The auction has begun, and there are already thousands of people sitting here.

In a box on the second floor, Chen Feng looked out through the gap in the curtain.

His gaze swept across everyone's faces, and then his heart shook slightly.

At this time, among the thousands of people sitting in it, there were no less than a hundred people who had the strength of six-star Wuhuang or higher.

And there are more than a dozen people who have reached the Nine Star Martial Emperor.

Chen Feng sighed slightly and shook his head slightly: "This Chaoge Tianzi City is really terrifying!"

The auction started soon. The previous auctions were all materials that were not very good and not very expensive.

Soon, the intermediate stage was reached.

Chen Feng saw that the auctioneer took out a huge jade box.

After the jade box was opened, the five-color light flashed continuously.

The five attributes of gold, wood, water, fire, and earth are constantly circulating in it, which are Chen Feng's eleven five-element demon jade.

As soon as this thing appeared, it immediately attracted everyone's attention.

Many people stood up, and some people exclaimed, "Is this the Five Elements Devil Jade?"

"Yes, it is, and, looking at this luster, it is very clear and clear. It should be a very high-level five-element devil jade."

"The number should be quite a lot, haha!" An old man laughed loudly: "The Five Elements Demon Jade, the old man is scarce here."

"The old man is going back and refining a magic sword. I want this five-element devil jade. Who dares to \*\*\*\* me, I'm welcome!"

At this time, a thin middle-aged man next to him sneered and said, "If you say it belongs to you, it belongs to you?"

"Are you the lord of Chaoge Tianzi City or the big boss of the Seven-Star Chamber of Commerce? What are you? I just want to grab you today, I want to see what you can do with me?"

The old man flashed an angry expression on his face, staring at the thin middle-aged, and said viciously: "Fuck, you are looking for death!"

"I'm looking for death? Can you let me die? What are you? Dare to cause trouble here?" The thin middle-aged said with disdain.

Although the old man is not young, his temper is very irritable.

He immediately slapped the armrest of the chair heavily, then stood up suddenly, and shouted sharply, "You \*\*\*\* tell me again, try?"

"Say it once, say it again."

The thin middle-aged is not afraid at all. He stood up and said slowly: "I said, what are you? Dare to make trouble in the Seven Stars Auction House? Don't you want to live?"

"What? Am I wrong?"

As he said, the thin middle-aged looked at the auctioneer, smiled and said, "He has humiliated the Seven Star Auction House so much, can you watch?"

The auctioneer did not get angry, but looked at the old man, smiled slightly, and said, "This old man, please stay calm and sit down."

"Our seven-star auction house naturally has the rules of the seven-star auction house. The higher the price is, this is the iron law."

"If you want this thing, you have to buy it with money, if you can't afford it, then it's nothing."

"But if something happens here..."

He paused, and said lightly: "My Seven Star Auction, although I am kind to others, it is not easy to mess with."

These words were soft but hard, especially when it came to the last sentence, they were even more vigorous, with a bit of murderous intent.

The old man shivered violently, and only then came back to his senses. This is the Seven Star Auction, one of the biggest forces in the entire Chaoge Tianzi City.

He is making trouble here, but he is killing himself.

He nodded fiercely, and sat down angrily, still a little unconvinced, but he didn't dare to say more.

The thin middle-aged laughed.

Suddenly, the auctioneer thought for a while, then beckoned, and ordered a few words to the maid.

The maid nodded, turned back to the background, and quickly opened another jade box.

Suddenly, the extremely strong fire attribute power is flooding here.

Then, the thick red light illuminates the entire auction hall transparently.

Everyone exclaimed again: "Aka feather thunder tartar stone, there is even a red feather thunder tartar stone?"

"Yes, this auction is pretty good!"

The auctioneer smiled and said: "These two things were auctioned by the same seller. In that case, let's go together!"

#### [Chapter 2725: Young Master of the Si Family!](#)

"These things are not only sold, but if you want to buy, you can buy them together."

"Well, everyone, there are eleven five-element demon jade and five red feather thunder tartar stones!"

"Please bid!"

"The starting price is ten thousand dragon blood amethysts, and at least one thousand dragon blood amethysts will be added each time."

When Chen Feng heard this, he was moved in his heart, knowing that Lu Yutang was afraid that he was too late, so he sold it to him together.

As soon as the voice fell, the old man suddenly shouted: "Fifty thousand dragon blood amethysts."

After speaking, they also swept around in demonstrations.

Many people are suppressed when they hear this price, but how can they be afraid of those who are truly caring and capable?

The thin middle-aged said lazily, "Sixty thousand dragon blood amethysts."

Then, everyone bidding in turn, soon came to 170,000 dragon blood amethysts.

At this time, the old man couldn't scream anymore, sitting sullenly on the side.

And the thin middle-aged, who is deeply hidden, is still bidding at this time.

He shouted: "180,000 dragon blood amethysts!"

Chen Feng smiled, this price has already reached his expectations.

At this time, suddenly, the door of the auction house clicked and opened again.

A group of people walked in.

Suddenly, everyone looked towards the door of the auction hall.

Because, generally speaking, the door of the auction hall cannot be opened after it is closed, and no one is allowed to enter.

But now, someone came in from outside.

Obviously, these few people can make an exception for Qixing Auction House, then it shows that his identity is definitely not ordinary, it must be rich or expensive.

Everyone wanted to look there, and then they saw that there were about a dozen people in the group, and most of them were wearing a bronze armor.

This bronze-colored battle armor, at first glance, is very ordinary, even a little rough, it feels like it was cast from some large copper blocks.

But if you look closely, you will find that these armors exude an extremely powerful atmosphere.

Although rough and simple, but it reveals an ancient wild atmosphere, extremely majestic.

It's as if the most ancient times, those ancestors of the human race, made a battle armor with one hand.

Obviously, this armor is absolutely unusual.

And the breath of these people, each of them reached the peak of the Eight-Star Martial Emperor!

One of them, wearing a black cloak, had a terrifying aura, reaching the Nine Star Martial Emperor!

Surrounded by them was a young man in a bronze robe.

This young man was quite fair and his expression was a little flat, but there was a thick arrogance between his brows.

These people surrounded him, obviously his status is the highest.

Seeing this group of people walk in, there was an uproar in the auction hall.

"This person is so pompous!"

"Yeah, the auction hall is closed, so he can come in?"

"Moreover, look at the guards around him, each of them is an Eight-Star Martial Emperor, with extremely powerful strength, and this person is definitely not low in status."

"Yes, this person is definitely someone with a lot of background."

Everyone was amazed.

And some well-informed ones already exclaimed: "This is the young master of the Si family!"

"Ah? It turned out to be the Si family? The Si family of the eighth-grade family?"

"Nonsense, how many divisions in Chaoge Tianzi City have such strength? Of course it is the division of the Eighth-Rank family."

"No wonder, only the young master of the eighth-grade family has such a pomp!"

Many people have expressions of envy and jealousy on their faces.

Someone asked: "What is this young master Si family doing here?"

"I heard that Master Si's young master didn't learn nothing. He didn't learn anything. He practiced the pill for three years before, but now he hasn't even reached the eighth stage alchemist."

The man grinned and said: "So, his father thought he was not this material, so he simply sent him to the Foundry Association."

"I want to come, now it's time to select materials."

The speaker said with a low smile.

Many people laughed secretly.

The young man in the bronze robe seemed to have heard the people talking about him, and immediately rolled his eyelids and frowned.

He sullenly said: "Who the \*\*\*\* dares to chew his tongue behind his back, I will abolish him!"

Upon hearing this, everyone immediately dared not speak any more, and quickly lowered their heads, quietly.

This young master of the Si family, named Si Yangcheng, is a well-known dude in Chaoge Tianzi City, and he acts domineeringly.

Moreover, if he didn't agree with him, he would kill him immediately. The foul name was beyond his name. No one dared to provoke him.

Si Yangcheng nodded in satisfaction when he saw this scene and everyone was afraid of him.

Then, he looked at the five-element demon jade on the stands, and the few red feather thunder tartar stones, and his eyes lit up.

Then, he lazily said: "These things, I bought a hundred thousand dragon blood amethyst."

"You guys. Don't join in the fun!"

After he finished speaking, regardless of everyone's reaction, he directly said to the auctioneer on the stage: "Hand over these things to the little master."

He seemed to believe that no one dared to rob him, and that the auctioneer would not have any opinions.

When Chen Feng saw this scene, his brows tightened, and a sharp light flashed by.

This person is really too much. The five-element demon jade alone is more than one hundred thousand dragon blood amethysts. He actually only needs one hundred thousand dragon blood amethysts to buy all these things?

Really deceive people too much!

The auctioneer smiled slightly, and said, neither humble nor overbearing: "Master Si, villain, I didn't mean to offend you."

"The villain also knows that as a villain, he can't offend you."

"However, the villain wants to say, you know the rules of our Seven-Star auction house, that the higher price is paid."

"The villain is here, so I'm not afraid to tell you. If you get the news in advance and inform us, then we will definitely keep these things for you, and the price will not be too high."

"After all, to give you a face."

"However, since you didn't tell me in advance, we are already auctioning here, so if you do this, it will be a bit difficult for us!"

This is neither humble nor overbearing.

"What?" Si Yangcheng stared at him, and said coldly: "You dare not sell it to me?"

The auctioneer smiled slightly, looked at him, and slowly uttered two words: "Not for sale!"

Wow!

Everyone was in an uproar.

"This auctioneer is so brave. Facing Si Yangcheng, he even dared to say such things?"

"How powerful is Si Yangcheng's family? Is he offending?"

"He can't afford to offend, but Seven Star Auction House, Seven Star Chamber of Commerce can afford to offend!"

"This auctioneer is not alone right now. Standing behind him is the Seven-Star Chamber of Commerce, naturally stiff." Someone nodded and said.

[Chapter 2726: En will revenge!](#)

"Yes, and in front of so many people, Si Yangcheng said that, whether it was intentional or unintentional, but it was breaking the rules of the Seven Stars Auction House, it was actually equivalent to hitting the Seven Stars Auction House in the face. ."

"It's not an exaggeration for the auctioneer to refute this."

Everyone looked at the show.

"Okay, very good." Si Yangcheng sneered and nodded, with a touch of coldness on his face: "What you said is beautiful."

The auctioneer smiled slightly: "Thank you for the compliment."

Si Yangcheng had an extremely angry look on his face. It was obvious that he was unreasonable and wanted to buy it, but he seemed to be wronged.

He said in a cold voice, "Don't sell it, right? Okay, this thing will still be mine sooner or later."

As he said, he yelled: "Go!"

Turning around and leaving, the guards in the bronze armor quickly followed.

Everyone laughed: "This Si Yangcheng has lost face today!"

"Yes, he's still a little tender when he's playing hard at the Seven Stars Auction House!"

During the course of the incident, Chen Feng kept watching with cold eyes.

And after this incident, he also realized that the strength of the Seven Star Auction House was far more terrifying than he thought.

After he left, the bidding continued.

In the end, a middle-aged man who seemed to be unknown, bought these things at the price of 230,000 Dragon Blood Amethyst.

Chen Feng sighed slightly, and his strained heart finally relaxed.

Two hundred and thirty thousand dragon blood amethyst, there is no doubt that this is a huge sum of money.

For Chen Feng before, he couldn't take out one percent of it, but now with these things, Chen Feng can even improve his strength.

Chen Feng glanced at Ji Caixuan next to him. At this time, Ji Caixuan was also looking at him. The two looked at each other, and both smiled slightly!

At this time, in the corner of the auction house, a slightly dull young man was sitting there.

Looking at the auction scene, there was a strong jealousy on his face.

In the next moment, this jealousy turned into a touch of resentment.

"Eleven yuan of the Five Elements God Devil Jade, this must be sold by Chen Feng here, God, he actually sold the price of 230,000 Dragon Blood Amethyst, what is this concept?"

"In my life, I haven't seen more than 10,000 dragon blood amethysts! And he actually got 230,000 dragon blood amethysts all at once?"

He clenched his fists, lowered his voice, and muttered to himself: "Why? Why? Why does he get so much?"

There was a look of madness in his eyes: "No, I will definitely not let him get what I want, I will definitely retaliate against him!"

With a move in his heart, he seemed to think of something, and then left quietly.

Leaving the auction room, from a distance, he saw Si Yangcheng leaving angrily surrounded by the guards, and he followed!

Si Yangcheng looked sad and strode out of the Seven Star Auction.

He turned his head, his face was even furious because of him, he wanted to kill, but he didn't dare to make trouble at the Seven Star Auction.

The forces behind the Seven Star Auction are too terrifying.

However, he did not dare to deal with Seven Star Auction, but it did not mean that he did not dare to deal with others.

His voice was cold, he looked at the guards around him, and said in a cold voice, "You guys, give me some questions, ask around."

"Who sent those things on consignment? He must have other stocks there!"

"Damn, such a good thing, I didn't know if it was sold to me, but it was sold to the Seven Star Auction House?"

"If I let Lao Tzu know who sold it, he must be abolished! Take the five-element demon jade and the red feather thunder tartar from his hand!"

This person was really unreasonable. He didn't dare to trouble Qixing Auction House, but to trouble Chen Feng, and he was completely unreasonable. Blame the other party for not selling him things!

The guards looked at each other, and they all thought this request was ridiculous.

However, they knew the temperament of this young master, and if they didn't agree to him, he wouldn't know what was going on.

As a result, everyone nodded quickly and said, "Okay, the life of the young master!"

Sha Junfeng followed Si Yangcheng from a distance, his eyes lit up when he heard these words too.

After Si Yangcheng walked forward for a while, he leaned forward and said in a low voice, "Master Si, do you want to know who bought those things?"

Si Yangcheng glanced at him suspiciously, and saw that his cultivation was only six-star Wuhuang, and his face suddenly showed contempt.

He said lightly: "Do you know who sold it?"

His contemptuous color was keenly caught by Sha Junfeng, and he immediately showed a touch of shame on his face, but he did not dare to attack, but he looked more respectful.

"If you go back to Lord Si, the little one really knows who sold it."

Si Yangcheng's eyes flashed, and he said coldly: "Since you know my name, forgive me you dare not lie to me!"

He walked to the side, and soon came to a narrow alley, staring at Sha Junfeng, and said coldly: "Now tell me, who sells it?"

Sha Junfeng smiled slightly, lowered his voice and leaned forward, and said a few words in a low voice.

This person will avenge revenge and betray Chen Feng!

"Oh, it's a kid named Chen Feng?" Si Yangcheng showed a thoughtful look, and suddenly asked, "What level is this person? How strong?"

Although he is arrogant and domineering, he is not an idiot, and naturally he will not provoke those who can't afford it.

Sha Junfeng smiled slightly, smug in his heart, and said: "This person is no more than a five-star Wuhuang."

"It's just that his strength somewhat surpasses the Five-Star Martial Emperor."

"It turned out to be a waste of the Five-Star Martial Emperor!" When he heard this, Si Yang laughed sharply, the color of fear on his face disappeared without a trace, replaced by a trace of contempt.

He automatically ignored Sha Junfeng's following sentence: "It's just a five-star Wuhuang. Even if the strength exceeds the realm, it is also limited. It is nothing in front of me."

"I want to kill him, just send a guard, it's easy!"

"Hmph, this kid, being able to get these treasures is definitely out of \*\*\*\* luck." **Novelusb.cOM**

He smiled coldly and said in a low voice: "I want him to die! I want the treasures from him!"

Hearing what he said, Sha Junfeng's face showed a triumphant expression of conspiracy.

Naturally, Chen Feng didn't know what was happening here. At this time, he had already arrived at another place in the seventh-level city.

Chen Feng raised his head and looked at the huge sky-piercing giant sword in front of him. Four characters were written on the giant sword: Qi Ming of Ten Thousand Swords!

The huge sword is a hundred meters high and powerful, and it is not made of stone, but a very powerful metal.

## [Chapter 2727: Wan Jian Qiming](#)

It is so huge, but it is extremely sharp, and it exudes a powerful atmosphere.

Obviously, this sword is not just an ornament, it is a powerful weapon that is genuine at a fair price.

Behind this huge sword is a tall building.

The building has nine floors, and it is very lively with people coming and going.

Ji Caixuan smiled and said, "Master, here is the Qi Ming of Wan Jian."

"Wan Jian Qiming, is one of the largest weapons shops in Chaoge Tianzi City."

"This weapon line is not particularly high-level. There are weapons of higher level than him, but the scale is relatively small."

"Moreover, there are few things sold in it, and the prices are all extremely expensive, which is not suitable for the owner to buy now."

"If you buy it now, it is suitable to come here. The weapons here are mostly between the soldiers of the 9th-rank king and the soldiers of the 4th-rank emperor."

Chen Feng nodded: "That's more appropriate."

Chen Feng is actually quite poor now.

The dragon blood amethyst of the Five Elements Devil Jade and the Red Feather Thunder Tartar was auctioned for a total of 230,000 yuan.

And these 230,000 dragon blood amethysts, after deducting the intermediate cost, and then deducting the previous 15,000 dragon blood amethysts and the 200,000 dragon blood amethysts of Dragon Blood Amethyst and Dragon Blood Amethyst, will be returned A little over ten thousand left.

Fortunately, Lu Yutang made it very clear that the two hundred thousand dragon blood amethysts from Dragon Snake Jiao Tai Dan can be given again next time.

So Chen Feng has 210,000 Dragon Blood Amethyst here, which is enough to buy a pretty good Emperor's Soldier.

Chen Feng stepped into it.

After entering here, Chen Feng had an illusion for an instant, as if he had entered another space.

And the next moment he realized that he was not an illusion.

The store looked very big on the outside, several hundred meters in length and width, but after entering, Chen Feng found that it was not the same as it looked outside, and he didn't know much more than it looked outside.

The length and width of each of them reached several kilometers, and Chen Feng immediately recognized it. It was afraid that it was sealed with something similar to a small world.

After entering here, Chen Feng saw that it was very spacious, with rows of shelves placed between them. The shelves appeared very wide, and the space above them was also very large, with one weapon after another.

These weapons come in all kinds of different shapes, but their momentum is quite huge.

The mistresses walking here are all beautiful women, with good looks. *NOvelusb.com*

All of them wore moon-white fitted clothes, and their outline figures were quite exquisite.

Chen Feng raised his eyebrows: "This store is a bit interesting!"

Seeing the two of Chen Feng, a woman walked over, bent over, with a gentle but not flattering smile on her face, and whispered:

"My lord, I don't know what you are coming over to buy?"

She didn't show any contempt for Chen Feng because of his slightly uncomplicated clothes. She had an excellent attitude.

It's just that it's not so respectful, it's more indifferent.

Obviously, treat him as an ordinary guest.

Chen Feng glanced around, and then slowly said, "I'm here, I want to buy a second-tier emperor's soldier."

"The soldiers of the second rank emperor are best swords."

"What? Soldiers of the Second Stage Emperor?" Upon hearing this, the maid's face immediately showed a touch of shock.

The next moment, the slightly indifferent expression on her face did not change, but her eyes were much more enthusiastic.

She looked at Chen Feng up and down, and immediately discovered that although Chen Feng's strength was not that top level, it was only a five-star martial emperor, but she naturally had a high spirit in her body. At first glance, she knew that she had good strength and was quite tyrannical, just like a gentleman.

She whispered in her heart: "This young man is absolutely good."

As a result, the look on her face changed, with a hint of respect, and smiled and said: "In that case, please come with me."

She was very happy: "Unexpectedly, such a distinguished guest came today."

"For the soldiers of the second rank emperor, this business is not small."

"If this business is done, I can get a lot of benefits from it."

She leaned on her side, followed by Chen Feng, and while walking forward to meet Chen Feng, she whispered: "This distinguished guest, you come here to choose, that's right."

"Our weapons here are not particularly high-level, and not as good as the other ones in Chaoge Tianzi City, but they are the most complete."

"Knives, guns, swords, halberds, axes, hooks and forks, we have all the weapons you can think of."

"Moreover, it's definitely much cheaper than their prices."

Chen Feng nodded, noncommittal.

They walked for a long time, turning around, going deep inside, and finally came to the deepest part of this place.

The maid said with a smile: "The soldiers of the second grade emperor, in the deepest part of this place, if you want to buy a higher level, you must go upstairs."

There are very few people here, and it takes a few shelves to see it.

Soon, the maid brought Chen Feng to a shelf where many huge jade boxes were placed.

The maid said, "Each of these jade boxes contains a treasure knife. If you want to see which one, just let me open it."

Chen Feng nodded. This jade box actually only serves as an isolation, and cannot isolate Chen Feng's line of sight. Chen Feng can vaguely see what's inside.

Chen Feng watched slowly, and sword after sword appeared in front of him.

Each of these treasured swords is very powerful, after all, they are the soldiers of the second-rank emperor, and they are extremely extraordinary.

However, Chen Feng looked at some, but felt dissatisfied.

There is no problem with the level, but there is no feeling that Chen Feng wants.

Chen Feng chose here for almost half an hour, but the maid did not have any impatience.

And at this moment, suddenly, a ridiculous voice came from the side: "Can you afford it?"

"If you can't afford it, don't pretend to be here, what to choose?"

This is a woman's voice, full of meanness and disdain, with a strong sense of sarcasm.

Chen Feng frowned suddenly and looked aside.

I saw a woman standing beside him.

This woman, about 30 years old, dressed in clothes, was extremely gorgeous.

On the outside of the shirt, there is a half-length armor, which looks like a warrior.

Moreover, the armor on her body is very luxurious, and the aura is also very large. Obviously, this person is not low in value, not low in rank, and financially rich.

She looks beautiful, but the thick disdain on her face is very disgusting.

She watched Chen Feng look at herself, suddenly raised her chin, hung her eyes, and her face was full of disdain.

#### [Chapter 2728: Whose dog is barking?](#)

She said in a downward-looking tone: "Why? Look at me? Not convinced!"

It turned out that she had just selected from the next rank of Emperor's Soldier.

Because she couldn't afford the second-tier emperor's soldiers.

When Chen Feng came here just now, he felt very unbalanced and full of jealousy.

But later, seeing Chen Feng picking it up for a while, she didn't buy it, she immediately came over to ridicule.

In her opinion, Chen Feng couldn't afford it at all, just came here to have a look.

She looked down at Chen Feng with a strong sense of superiority on her face.

Chen Feng glanced at him, did not speak, but said to the maid beside him: "Take me to see others."

Chen Feng didn't want to be familiar with her.

The maid nodded.

And this woman, seeing Chen Feng like this, was even more proud, haha smiled: "Untouchables, trash, I'm hit by it?"

She was very proud and felt that Chen Feng was showing weakness.

However, Chen Feng glanced at her lazily, and said lightly, "Whose dog is not fastened and barking everywhere?"

Ji Caixuan pounced and laughed out loud.

Upon hearing this, the woman's face immediately showed a strong hostility!

Chen Feng's words made him feel more uncomfortable than directly refuting her.

Seeing Chen Feng walking over there, she immediately followed, and yin and yang mocked and said: "Looking at you, you know that you are from a pariah."

"You have no strength, no status, and no money. What are you here to see? You can't afford it after seeing it. It's not good that you're feeling up!"

Chen Feng raised his brows, and a flicker of cold flickered between his brows.

I don't want to talk to her, this person is endless.

Ji Caixuan looked angry, staring at her coldly and said: "What did you say? You say it again? How can you insult my master?"

"What did I say? I say it again and I say it again!"

When the woman saw Ji Caixuan, a touch of jealousy flashed on her face, her expression even more resentful, and she said:

"This person is just a trash, and a useless trash. He only knows that he can take advantage of it here and he can't afford anything!"

Ji Caixuan flushed with anger, pressing her hand on the hilt of her sword and about to do it.

At this time, the woman sneered coldly: "You want to do it, don't you? Are you afraid of you when you are an old lady?"

"Tell you, my old lady is Xin Peiyu, a disciple of the True Dragon Arhat!"

"Our true dragon Arhat is so powerful, you don't need me to say you understand!"

Xin Peiyu raised her chin and said, "What? Do you still want to do it with me?"

When she heard the five words "True Dragon Arhat Gate", Ji Caixuan was taken aback for a moment, and then a look of fear appeared on her face.

The real dragon Arhat Gate is quite mysterious, no one knows where it is, but there are many disciples and powerful.

Moreover, these disciples were extremely short-sighted when they walked out.

If you mess with one, you can bring in a bunch.

This is an unprovokable force that Chaoge Tianzi City can count on.

Even the maid was slightly moved.

Seeing such a look on Ji Caixuan's face, Xin Peiyu was even more proud, and walked to Ji Caixuan with a shrill smile.

She stretched out her hand and lit Ji Caixuan's forehead again and again: "Little sister, fight with the old lady? You are still far away!"

"What's wrong? Why aren't you crazy now? Why don't you do it now?"

"I heard that the old lady is from the real dragon and Arhat, are you afraid?"

She was extremely proud and let out a shrill laugh.

At this moment, a cold voice came from the side: "Put down your dirty hands, otherwise, I will chop off your paws!"

It was Chen Feng who spoke.

The woman was shocked when she heard this voice, and then looked towards Chen Feng.

She caught Chen Feng's gaze.

Chen Feng's eyes were extremely cold, full of fierce murderous intent, and Xin Peiyu couldn't help but tremble after touching it.

She even felt a trace of fear.

But then, a thick humiliation surged in her heart, and a voice yelled: "Why am I still afraid of him?"

"What kind of thing is he? He is just a waste of the Five-Star Martial Emperor. I want to kill him easily. What am I afraid of him doing?"

She expelled the fear in her heart, stared at Chen Feng, and said coldly: "You humble untouchable, poor ghost!"

Chen Feng stared at her and said faintly: "You have repeatedly said that I am a poor man and that I can't afford it."

"So, if I can afford it, what about you?"

Xin Peiyu let out a shrill laugh: "Haha? You can afford it? How can you possibly afford it? You don't want to pee!"

"You are wearing this suit, you can tell that the poor jingle sounds at a glance. The things here, let alone the soldiers of the second-grade emperor, even the soldiers of the 9th-grade king, I am afraid you can't afford it!"

She was full of disdain.

Chen Feng stared at her and said lightly: "What if I can afford it?"

"If you can afford it, yes, if you can afford it, I will kneel down and lick the dust off your shoes!"

"If you can't afford it, you would already kneel in front of me and lick my boots clean, how about?"

With that said, Xin Peiyu raised the boots on her feet, which were covered with dust.

Chen Feng stared at her and said coldly: "If I can afford it, if you lose, I don't want you to lick the dust off my feet."

"All I want is, you kneel in front of my woman and kowtow to her and apologize!"

"Okay!" Xin Peiyu immediately agreed, and looked at Chen Feng provocatively.

In her opinion, she was already invincible, and Chen Feng could not win.

She screamed: "Now, you prove to me!"

"If you can't prove it, you are not only a poor and untouchable man, but you are also a \*\*\*\* who can only speak out!"

Chen Feng sneered: "Okay, then you can open your dog's eyes to see clearly!"

The next moment, Chen Feng's golden thread kit shook violently.

Then, a purple torrent suddenly appeared in the air.

I saw that from the golden thread kit, a piece of dragon blood amethyst flowed out of it.

There are so many dragon blood amethysts, and the quantity is so large that it turns out to be like a waterfall in the air, pouring out, and spilling on the ground.

"What? So many dragon blood amethysts? There are so many?" The woman's face twitched heavily, revealing an expression of disbelief.

The dragon blood amethyst was dumped for a long time before it was dumped.

At this time, there were already as many dragon blood amethysts on the ground as a hill.

At a glance, even a blind person can tell that this is at least a hundred thousand yuan.

The maid covered her mouth tightly, with a touch of shock on her face!

And Xin Peiyu was even more shocked, standing still, unable to believe it!

[Chapter 2729: Want to get slapped again?](#)

After a while, she exclaimed: "How can you have so many dragon blood amethysts?"

Chen Feng smiled and said, "You don't care why I have so many dragon blood amethysts. Just tell me, can you afford the second-tier emperor's soldiers here?"

affordable! Of course you can afford it!

The dragon blood amethysts that Chen Feng took out now were more than enough to buy an emperor's soldier, and even two imperial soldiers of the second rank that were worse.

The woman's face was pale and red, embarrassing to the extreme.

She was like a slap in the face. She stood there blankly, extremely embarrassed, and her face was hot.

Chen Feng said faintly: "I would like to lose the gambling, now, kneel down and apologize to my woman!"

When Chen Feng said that she was his woman, Ji Caixuan's face was full of joy.

At this moment, the woman suddenly screamed: "I just don't kowtow to her and apologize. What can you do to me?"

Instead of apologizing, his attitude is still arrogant and persistent.

Ji Caixuan shouted sharply: "What, I just won't apologize to her!"

"What can she do with me? What can she do with me? What can you do with me? What do you dare to do with me?"

She asked four questions in a row, with an extremely arrogant attitude and a sharp voice: "I just won't apologize to her!"

Chen Feng smiled and said, "It seems that you want me to do it?"

He was laughing, but the laughter was icy.

Xin Peiyu sneered with disdain: "Boy, I admit that you do have some dragon blood amethyst, although you don't know how you got it."

"But, want to do it with me? Are you crazy?"

"Just you? I can kill dozens of them with one hand!"

Xin Peiyu let out a wild laugh and looked at Chen Feng with disdain.

Chen Feng shook his head and said faintly: "It's not enough to be slapped in the face by me once, do you want to be slapped again by me?"

"You tell me again!" Xin Peiyu roared furiously.

Chen Feng said lightly: "You want to be slapped again by me, right?"

His words directly hit Xin Peiyu's sore spot, reminding her of the scene of being humiliated just now.

She let out a crazy roar, her figure flashed, and she actually attacked Chen Feng.

The maid suddenly panicked, and immediately shouted in panic: "This distinguished guest, we can't do anything here!"

She wanted to stop, but it was too late.

Moreover, with her strength, she couldn't stop it at all.

Xin Peiyu was proud of her face: "Untouchable, I am here to kill you today!"

She was murderous, her face showed a strong murderous intent: "You dare to humiliate me so much, I will never spare you!"

The maid closed her eyes and dared not watch this scene.

In her opinion, Chen Feng will definitely be killed!

Seeing her performance, Xin Peiyu laughed triumphantly: "Seeing that, untouchable, this little girl knows that you will definitely die!"

Chen Feng smiled slightly and said, "I can't compare financial resources, so I must use force?"

"But it's a pity! Chen Feng's voice suddenly rose up, and you can't compare it to martial arts!"

"You can't compare to anything!"

Chen Feng laughed loudly.

Xin Peiyu stepped on mysterious steps, and the wind around her body was loud!

His claws come out!

In an instant, golden light surged!

There seemed to be a dragon shadow, flashing past.

Chen Feng looked at it, his eyes shrank, and there was a moment of loss of consciousness.

And in his eyes, there was a look of shock and disbelief!

In the next moment, this expression turned into ecstasy.

At the next moment, it was calm again.

Chen Feng concealed his emotions extremely well, and no one noticed the abnormality he had just appeared.

Chen Feng let out a sneer and punched out!

The fists and claws of the two clashed together, and there was a loud bang, and Chen Feng stood still, motionless.

But this Xin Peiyu screamed, wow, and spit out a big mouth of blood.

She staggered back a dozen steps, her legs softened, and she sat down on the ground, embarrassed.

She looked at Chen Feng with a touch of extreme shock on her face, and shouted in disbelief: "How is it possible? Ah? How could you be so tyrannical?"

"Aren't you the Five-Star Emperor Wu?"

Chen Feng sneered and said, "Who told you that the five-star Wuhuang couldn't have such strength?"

Xin Peiyu's face was extremely shocked, and she realized at this time that she had completely underestimated Chen Feng.

Underestimated this young man, this young man, not only is extremely financially rich, he can't match it at all, and his strength is far beyond his imagination.

But at this time, although Chen Feng looked like the ancient well had no waves and was extremely calm, in his heart, there was a stormy sea!

It turned out that when Xin Peiyu's offensive blasted out just now, golden light surged in the dark!

And Chen Feng, from there, felt a very familiar breath!

Then, it was the breath of the dragon descending Arhat scripture!

Chen Feng felt a tremor in his heart: "Could it be that? In her body, she can find a clue to the truth of the dragon descending Arhat?"

But Chen Feng controlled his emotions and remained as usual.

Chen Feng stared at her, and said in a cold voice: "Kneel down! Apologize to my woman! Kow!"

Xin Peiyu still looks tyrannical at this time: "I just don't apologize, what can you do to me?"

"How about you?" Chen Feng smiled coldly: "If you don't apologize, I will let you die here today!"

He stared at Xin Peiyu, slowly approaching her.

At this time, Chen Feng suddenly felt that the corner of his clothes was pulled slightly.

She couldn't help being a little surprised, and looked to the side.

At this moment, Ji Caixuan pulled the corner of his clothes, lowered her head and said softly: "Master, don't be familiar with him, don't be familiar with him."

"Let's buy ours and ignore him."

Although she was saying something to comfort Chen Feng, as if she was going to retreat, at this moment, Chen Feng saw that tears were already rolling in her eyes.

After receiving such a big humiliation, she wanted to settle down for herself and no longer pursue it.

Because she didn't want Chen Feng to offend the real dragon Arhat.

When Chen Feng saw her expression, his heart beat fiercely.

Chen Feng said softly, "Cai Xuan, don't worry about it, I will do this."

He looked at Xin Peiyu with a cold voice: "Cai Xuan is my woman, if you dare to humiliate her, I will humiliate you!"

"If you dare to humiliate her, I will make you pay a heavy price!"

"Today, I must make you faceless!"

He stared at Xin Peiyu, and said in a cold voice, "I'll ask one last time, do you not kneel?"

#### [Chapter 2730: It's for you](#)

The incomparable icy murderous intent came out overwhelmingly, and pressed down against Xin Peiyu.

Xin Peiyu's heart trembled heavily, and a boundless chill rose in his heart.

She realized that Chen Feng really dared to kill herself, and that she had such strength!

She trembled heavily, her fear was so extreme that she could no longer hold it.

His legs softened and fell directly to the ground!

She kowtows to Chen Feng again and again, and trembles: "I, I was wrong, please don't kill me!"

She directed at Ji Caixuan, kowtow and said, "This lady, I apologize to you, please, say something for me in front of this adult, don't kill me!"

She was full of fear and her attitude was extremely humble.

Ji Caixuan showed a happy expression on her face, looking at Chen Feng.

Chen Feng laughed loudly: "Get out!"

Xin Peiyu kowtowed a few times like a pardon, and said quickly: "Okay, I'll get out, I'll get out."

Then he ran away.

Chen Feng looked at her back, with a look of contemplation in his eyes.

At this time, many people were already surrounded.

They all watched this scene with shocked faces. When Chen Feng and Xin Peiyu clashed just now, they all looked down on Chen Feng and didn't think Chen Feng had any strength. They were all waiting to see his jokes.

Unexpectedly, whether in terms of financial resources or strength, Chen Feng was a woman who completely crushed the real dragon Arhat, leaving this person faceless, and had to kowtow and apologize before leaving.

Someone said softly: "That one is from the real dragon Arhats, and it seems that he is not low in the real dragon Arhats."

"As a result, I didn't expect to be easily crushed by this young man!"

"What's the origin of this young man?"

"Being able to come here to buy the soldiers of the second-tier emperor and still have such financial resources, it must have a lot of background."

"Yes!" Everyone speculated and discussed.

Some people are thinking hard.

Suddenly, he thought of something, and slapped his head and said: "I remember who it is, I remember who he is!"

"He just said that his name is Chen Feng!"

Someone wondered: "Yes, it's named Chen Feng, but there doesn't seem to be a big family surnamed Chen in Chaoge City!"

The person before laughed and said, "The surname Chen may not necessarily be in the Chen family. Have you forgotten that the Xuanyuan family's foreign surname is a boy who has risen like a comet?"

"It's him?"

When they said the words Xuanyuan Family, everyone suddenly remembered and exclaimed.

"It's him! Right! That's right! I remember it too!"

Someone exclaimed: "It seems that he is indeed called Chen Feng, but he is the son of Xuanyuan Ruolan, the first beauty and first master of the Xuanyuan family's younger generation!"

"This person's origin is unknown and his identity is mysterious. When he first arrived, his strength was lost and he was like a waste!"

"However, when the Xuanyuan Family's Outer Sect's Martial Spirit was tested not long ago, it shined brightly and became the most promising powerhouse of Outer Sect!"

"Yes, he is not only the most promising powerhouse in the outer sect, he can even be said to be the number one master among the outer sect disciples!"

"Yes, he killed Xuanyuan Junxiong, the former first disciple of the Outer Sect, and he is now respected in the Xuanyuan family!"

Everyone's faces were filled with awe-inspiring expressions: "It turned out to be him! Really is a worthy scholar under the reputation!"

"This person is very mysterious. I have heard about it before, but I have never seen it before. It turned out to be like this!"

Chen Feng glanced at them lightly.

After everyone came into contact, they all felt chills, and quickly left, not daring to watch.

Then, Chen Feng continued to molest.

Soon, he read everything here.

But unfortunately, none of the sword weapons here meets Chen Feng's requirements.

Chen Feng shook his head, feeling a little regretful, and asked, "Is that all there?"

"Yes, that's all the soldiers of the Second Stage Emperor." The maid said helplessly on her face.

If Chen Feng had chosen just now, but didn't buy anything and had various opinions, she would be unhappy in her heart.

However, after seeing how Chen Feng cleans up Xin Peiyu with her own eyes, she knew that Chen Feng had strength and financial resources.

She knew very well that Chen Feng didn't buy it, not because he couldn't afford it, but because he really didn't like it.

Chen Feng suddenly moved in his heart and said, "Let's go and see the sword now!"

"Good!" The maid nodded.

Ji Caixuan was a little unsure, but she still followed Chen Feng and walked forward.

Soon, he came to the area full of swords.

There are dozens of soldiers of the first-rank emperor and the second-rank emperor, and Chen Feng also looked at them one by one.

However, at this time, when he watched, he paid close attention to Ji Caixuan's expression very carefully.

When seeing a long sword, Chen Feng saw that Ji Caixuan's face showed a look of desire, and the expression in her eyes was very happy, and her whole person seemed to light up all at once.

Chen Feng looked at the sword.

I saw that the sword was about four feet long, very slender, and very simple in shape, but it showed an indescribable grace.

It was as if the woman was dressing in Linhe, looking back lazily.

Chen Feng looked at Ji Caixuan, smiled and said, "What do you think of this sword?"

"Very good." Ji Caixuan nodded.

Chen Feng laughed: "Let's go!"

Then he turned and left.

Ji Caixuan nodded docilely, followed behind Chen Feng, but still looked back reluctantly.

Chen Feng remained silent and winked at the maid.

The maid was taken aback for a moment, and then she understood, nodded to show that she understood.

When she reached the door of Wanjian Qiming, the maid had already been waiting there, holding a long sword in her hand.

Chen Feng took the long sword and drew it out.

The sword is sharp and elegant.

Chen Feng admired: "A good sword, it is indeed a good sword!"

Ji Caixuan was stunned: "Master, is this?"

Chen Feng smiled and said, "Don't worry about it?"

The maid said: "This sword is a relatively poor one among the soldiers of the second-rank emperor, 38,000 dragon blood amethysts."

This price is indeed not high.

"Okay!" Chen Feng immediately took out the dragon blood amethyst and piled it on the ground into a small mountain.

Then he handed the sword to Ji Caixuan next to him, smiled and said, "Hey, it's for you."

Ji Caixuan was stunned, and she was shocked.

She stared at the long sword blankly, raised her head, looked at Chen Feng in disbelief, and said, "Master, this, is this for me?"

"Of course it is for you." Chen Feng said with a smile: "Otherwise, who else can it be for?"

Ji Caixuan hurriedly waved her hands, shaking her head like a rattle: "No, Master, this is too expensive, I don't want it."
