

Peerless 2741

[Chapter 2741: Today, take your life!](#)

In Chen Feng's eyes, a light flashed, then he smiled and strode forward to the front of the tent.

Then he shouted sharply: "Li Wanlong, get out! The little master is here to take your life!"

The next moment, it was a fierce bombardment.

With only one punch, the incomparable strength surged out, like a giant dragon, surrounding the tent.

The next moment, with a light sneer, numerous huge cracks appeared on the surface of the tent.

Then, it turned into countless fragments, flying into the sky.

At the same time, inside the tent, there was an angry roar: "Fuck, which dog? You dare to come and scream, don't you?"

Chen Feng saw the scene inside the tent.

After the tent was broken, the inside was exposed, a mess.

In the middle position, a golden chair is placed there.

And above the top spot, there is an old man entrenched.

This old man, half naked at this time, is Li Wanlong.

Li Wanlong is not young anymore, but his body is still very strong, piece by piece, with extremely strong tendons.

He has long white hair, almost hanging down to the ground.

On his legs, each is a woman, and around his body is surrounded by a dozen women.

These women are almost all dressed in a few silks and satin, they are extremely coquettish.

At this moment, they looked at Chen Feng and this tall young man with horror.

In the next moment, it seemed that he had reacted to something, and he quickly picked up the clothes scattered on the ground in a panic and put them on himself!

The old man also saw Chen Feng at this time. There was a cold look in his eyes. He stared at Chen Feng, gritted his teeth and said, "It turns out that it's you, a little bunny. You came to the door?"

Chen Feng smiled and said, "Are you blind? I'm standing here, and you asked me if I came here?"

Li Wanlong was even more furious when he heard Chen Feng's unkind words.

In the next moment, this rage disappeared, turning into a touch of extreme viciousness.

He stared at Chen Feng, and said coldly: "Boy, you are very good and bold."

"But unfortunately, you don't have the strength to match your courage!"

"Today, since you are here, don't go back!"

As he said, he roared: "Today, I will abolish you!"

With a violent roar, he leaped up into the air like a big eagle, his claws turned into black eagle claws, and he slammed into Chen Feng.

When its two claws grabbed Chen Feng, the situation suddenly changed.

Above the sky, the flowing clouds fluctuated, forming a thick and huge lead cloud.

The lead cloud was suddenly torn apart.

Then, in the crack, two huge eagle claws came out of it and grabbed Chen Feng below.

Those two eagle claws were extremely powerful, with a fierce posture, and with a fierce momentum, the turbulent situation was changed.

Jiuxing Wuhuang!

This is the power of Jiuxing Wuhuang!

Seeing this scene in the distance, Jie Baifeng's face was shocked, and he whispered softly: "Although it is only the early stage of the Nine-Star Martial Emperor, it is a real Nine-Star Martial Emperor, and it is extremely powerful."

Tu Jiawen next to him said softly, "Brother, will Chen Feng be his opponent?"

"This Li Wanlong is really too powerful."

Xie Baifeng smiled and said, "Don't worry, I have confidence in Chen Feng."

"He is a wise man. If he has no confidence, if he is not sure, he will not agree."

Tu Jiawen nodded.

At this time, Li Wanlong's huge black eagle claws had already grabbed Chen Feng fiercely, and was about to come to him.

There was an extremely cold and cruel look on his face, and he was even more triumphant. He laughed and said: "Chen Feng, you little boy, today I will kill you."

"The next moment you will die under my hands!"

Chen Feng sneered and said, "Really? I don't think so?"

"Boy, do you dare to be tough? You are not my opponent at all!"

"Have you forgotten the tragic scene when I was beaten last time?"

He sneered.

It turned out that in his opinion, Chen Feng's strength was still very poor, no different from before, and he did not put Chen Feng in his eyes.

Chen Feng smiled slightly: "Then stare your dog's eyes wide and see clearly!"

Then, Chen Feng shot out fiercely with both fists.

This time, he used all his strength and did his best.

Those two fists tore the air and turned into huge golden fists, and the powerful force of the dragon descending arhat surged in the body.

Three thousand orange jade slips coiled around the body.

With a bang, these two extremely powerful punches collided with the two huge eagle claws.

Boom boom boom boom, the sound of cracking continued to sound.

The entire sky was almost about to be blown apart, the huge shock wave turned into endless waves, surging in all directions.

Xie Baifeng and Tu Jiawen were so far away that they were directly shocked to fly out, spurting blood, and were seriously injured.

The two looked at each other, both in awe.

"Chen Feng and Li Wanlong are so powerful that they are outrageous, but the shock wave can actually hurt us?"

At this time, Li Wanlong's concubines were all shaken and flew out.

Chen Feng stood there, motionless, just groaned, and leaned back.

And Li Wanlong fell heavily on the seat.

With a look of horror on his face, he looked at Chen Feng and said in shock: "Boy, you obviously live in the Six-Star Martial Emperor, why are you capable of holding my offensive?"

"I'm the Nine-Star Martial Emperor! How can you tie me?"

He was extremely shocked.

Then, he saw the orange jade slips around Chen Feng's body, and exclaimed again: "Your technique is different, your power of heaven and earth is orange? This makes you have a realm far beyond yours. Strength, right?"

Chen Feng smiled and said, "You can understand it."

At this moment, Li Wanlong looked at Chen Feng, the contempt on his face disappeared without a trace, and his eyes showed deep fear.

Chen Feng's strength far exceeded his imagination.

As for Chen Feng, he took a deep breath, already knowing it in his heart.

He has been tested now, Li Wanlong and his strength are now almost the same, both are in the early stage of the Nine Star Martial Emperor.

Chen Feng stared at him with a calm expression, but there was a hint of thought in his eyes.

"Now, with ordinary power alone, I can't kill him, at best I can be equal to him."

"However, I can rely on some other abilities."

At this time, Li Wanlong who was on the opposite side had already made a loud roar, and once again killed Chen Feng.

[Chapter 2742: Kill!](#)

As if thinking of something, the fear on his face disappeared, replaced by a thick arrogance:

"Boy, I admit that you are very powerful and look like me, but so what?"

"Your martial arts, your skills are comparable to mine? What are you? The humble people below!"

"As for me, I am the first-level elder of the Shadow Gang, and the martial arts I have been exposed to are beyond your imagination!"

"Even if we have the same strength, I can completely crush you!"

Chen Feng sneered and said, "Really?"

"Of course!" Li Wanlong said grimly: "Because, this is the case!"

He shouted: "I want to use my truly powerful martial arts!"

Then, he screamed frantically: "Hundred Death Eagle Claw Technique!"

The next moment, the skin color on his body suddenly changed.

Suddenly, the ruddy became pale, and then, from pale to iron blue, it was like a corpse that had been left for many years, like a zombie.

And his movements have become extremely stiff.

However, although stiff, he was very agile. He waved his hands frantically and came directly to Chen Feng. In a blink of an eye, he grabbed a full ninety-nine claws.

And each claw has enormous power.

Chen Feng laughed: "Do you think your martial arts are very strong?"

He smiled, and said coldly: "In front of me, what you call the most powerful martial arts is not enough."

"Do you still compete with me? Are you worthy?"

After speaking, Chen Feng sneered and cut out with a hand as a knife!

It is the Buddha's Demon Slayer.

Chen Feng's Buddha Demon Slayer is a magnificent ninth-level technique of the heavenly rank, and as a martial skill in the Dragon-Jiang Arhat scripture, the level of his Buddha Demon Sword is even better than the general ninth rank Martial arts!

Chen Feng was now instigated by the power equivalent to the early days of the Nine Star Wu Huang.

The knife slashed out with a bang, and all the claws were shattered with a bang, and then hit Li Wanlong's body.

With a wow and a scream, Li Wanlong was shot and flew out, staring at Chen Feng in horror:

"Impossible! My such powerful martial arts could be crushed so easily by you?"

Chen Feng looked at him with a smile, and said softly: "Who is the strong and the weak in the martial arts of the two of us?"

Li Wanlong's face suddenly turned red.

He blushed, and endless shame surged in his heart. It was as if he had been slapped slapped, faceless.

He just said that his martial arts can completely crush Chen Feng, but the next moment, Chen Feng told them with facts that he was the one who was completely crushed.

This made him lose face greatly!

Chen Feng sneered and said, "Do you think that there is no face? What is it?"

He gritted his teeth and stared at Li Wanlong: "Today, I want your life!"

With that, Chen Feng rushed forward frantically. **Novelusb.com**

Make a knife with your hand and cut it out with one knife.

When the knife was cut out, there was a sudden bang, and eight Chen Feng appeared next to his body.

Nine Chen Feng rushed towards him together.

Li Wanlong looked at this scene in panic, feeling at a loss.

Before, he could not tell Chen Feng's clone, which is true or false, and now he can't tell.

The difference between now and before is that he could break it with strength before, because Chen Feng was not as strong as him at that time.

But now, Chen Feng's power is not at the same level as him, and he can't break it.

The next moment, he screamed frantically, picked one at random, and killed it as if resigning.

Unfortunately, he chose the wrong one.

The Chen Feng who was attacked by him was directly broken, and the real Chen Feng and the other seven Chen Feng were cut on his body together.

Boom boom boom!

The offensive continued to fall on his body, and those Chen Feng clone attacks were only 20% of Chen Feng's own strength, but they were also enough to make him feel shocked. His throat was sweet and his heart was hot.

The urge to vomit blood surged.

Under the accumulation, he has been slightly injured.

With a muffled hum, blood overflowed from the corner of his mouth.

But Chen Feng's ultimate offensive was severely smashed by Chen Feng's body on his body.

This time, after falling on his body, a huge wound was directly opened on his body, from his left shoulder to his right waist.

The wound is extremely deep, and the internal organs and bones can be seen.

The blood spewed out, and he let out a scream, almost being split into two quarters.

But even so, he was seriously injured.

He stared at Chen Feng in horror, with a touch of fear in his eyes.

Then, he rolled his eyes, his expression sometimes became arrogant, and said with a sneer: "Boy, I admit that you are very strong!"

He was full of resentment: "But, how strong are you?"

"Here, this is the site of the Shadow Gang. I am a member of the Shadow Gang. I only need to send a signal now, and the strong from the Shadow Gang will arrive in a moment. Then you will be surrounded solidly, and you don't know how to die. !"

As he said, he snapped and directly crushed something like a white jade pagoda.

Then, in the white jade pagoda, a ray of light shot straight up into the sky.

He laughed loudly: "This light, after rushing to the sky, can attract people around you to behead you."

Seeing that the light was about to rush up, and at this moment, Chen Feng laughed loudly: "Really? You look at it again."

At the same time, Jie Baifeng sneered in the distance, crushing something.

That thing also emits a light, but it is blue.

The blue light shrieked and hit the white light, and both were annihilated instantly.

Seeing this scene, Li Wanlong was shocked and murmured: "No way?"

"How is it possible? How could my signal be broken? Impossible!"

Suddenly, he thought of something the same.

Crazy and spiteful yelled: "Which boy in the gang? How dare to betray me!"

Xie Baifeng walked out from the side, looked at Li Wanlong, and said lightly: "Li Wanlong, didn't you expect it?"

"Today, your last gleam of life was wiped out by me."

Li Wanlong was taken aback for a moment, then showed an unexpected look, and yelled frantically: "It really is you, it really is you!"

"Yes, of course it's me." Jie Baifeng was also full of hatred: "You didn't forget the things you did to me back then?"

"Now, the retribution is coming!"

"Today is your death date!"

Chen Feng sneered: "Li Wanlong, no more delay, I will kill you today."

Saying yes, he rushed directly, and once again used the floating light and glancing shadow technique

This time, Li Wanlong felt a breath of death coming to him.

He suddenly realized that he was very likely to die under this trick.

He screamed sternly and madly, and yelled madly: "Chen Feng, you killed me, the Shadow Gang can't spare you!"

Chen Feng laughed loudly: "That's my business, so don't worry about it."

"Now, you die for me!"

With that said, Chen Feng still slashed with a hand knife.

The nine Chen Feng reappeared and killed him again.

Li Wanlong let out a crazy and desperate roar, and chose one randomly.

But he still chose the wrong one, and Chen Feng slashed his wound amidst laughter.

With a loud bang, time seemed to freeze.

Everything in the sky seemed to stop, and Li Wanlong was floating in the void so quietly.

Then, with a loud bang, his body directly vanished into powder, disappearing without a trace.

[Chapter 2743: Search](#)

Before even the screams were made, Li Wanlong was directly beheaded by Chen Feng.

Chen Feng sighed softly, and a burst of joy suddenly surged in his heart.

"Actually, in terms of strength, I am no different from Li Wanlong. They are both junior nine-star martial emperors. In terms of martial arts techniques, he also cultivates eighth rank and nine ranks, which is not much different from me."

"However, what I cultivate is the martial arts and martial arts in the Dragon-Jiang Arhat Scripture."

"Even if the level is the same, it is enough to crush."

"Jianlong Arhat scripture, really give me a lot!"

Xie Baifeng looked at Chen Feng and asked, "What about these people?"

With that, he pointed to those Li Wanlong's concubines.

At this time, their faces were full of horror, one by one there was trembling there, looking at Chen Feng, their eyes were full of fear, for fear that Chen Feng would kill them.

Chen Feng said lightly: "For me, killing Li Wanlong alone is enough!"

"Among them, if there are enemies with you, you can do it. If not, let them go."

Xie Baifeng shook his head: "The one who is grieving with us is not here."

Chen Feng gave a hum, his figure flashed, and he came directly among them. Every time he shot, a concubine Ji fell down with a muffled grunt.

In an instant, they were knocked out by Chen Feng.

Then, Chen Feng found a cave and hid them.

Xie Baifeng said to Chen Feng: "Master Chen Feng, it is not too late. We still have three hours or so. I will take you to find it."

Chen Feng nodded gently!

The two walked forward.

Chen Feng asked: "Jie Baifeng, how do you know the news of that thing? What kind of existence is that thing?"

Xie Baifeng thought for a while and said: What kind of existence that thing is, this is really hard to describe. "

"As long as you can understand it as a kind of metal turned into a spirit."

"Oh, some kind of metal is turned into a spirit?" Chen Feng raised his brows, and he knew it in his heart.

In this purple fire swamp, there are countless flames and countless metals. It is really a normal phenomenon that metal turns into spirits after years of poverty.

Like the five-element liger that Chen Feng encountered before, wouldn't it be considered a basic metalization as a spirit?

Presumably, this guy has been in the Purple Fire Marsh for many years, so he is very familiar with it.

After listening to this answer, Chen Feng suddenly flickered and came to Jie Baifeng and stopped him.

Then, staring at him with piercing eyes, he said word by word: "The other members of the Shadow Gang don't know where he is, how do you know?"

When he asked this question, his eyes remained unblinked, observing the changes in Jie Baifeng's expression.

If Jie Baifeng can't answer, Chen Feng will have to do it.

Because this is the most important issue, but also the key to the whole thing.

If the answer is not available, then Chen Feng can understand it as a trap, or he may be used by someone with a heart.

Because, no matter how he thought about it, Chen Feng didn't feel that Jie Baifeng's status and strength would know a secret that the entire Shadow Gang could not find.

A sorrowful smile appeared on Xie Baifeng's face. He looked at Chen Feng and said softly: "You are really right. No one in the entire Shadow Gang will know."

"Why do I know the news about him? Because, twenty-five years ago, my brother who was so good to me met him once, and got a gift from him, with a hint of his breath. "

"So, I can perceive his existence and find him."

"What?" Chen Feng couldn't help but cried out: "You said before that your brother suddenly rose up and his strength improved by leaps and bounds. Could it be because of his gift?"

"Yes, it was a gift from him."

Xie Baifeng nodded solemnly.

Chen Feng raised his eyebrows, and said with a smile, "So, don't you have any unusual thoughts?"

"Of course I have a strange mind. Who doesn't want to improve my strength by leaps and bounds? Especially, I am still carrying a deep hatred, Xie Baifeng gritted his teeth and said.

A scorching heat flashed in his eyes.

But then, this trace of scorching heat disappeared without a trace.

He sighed softly, and said dejectedly: "I have self-knowledge. I don't have the great opportunity like my brother, and I don't have the powerful strength like you."

"So, I searched for that thing myself, but I couldn't find it. Even if I found it, I would die and it would not be of any use!"

"So, it's better to use this as a bargaining chip in exchange for benefits from you."

Chen Feng nodded, and suddenly stretched out his hand.

Immediately, the two thick books flew out and fell into Jie Baifeng's hands.

Xie Baifeng was startled and asked, "What is this?"

Chen Feng smiled and said, "Just open it."

Xie Baifeng opened the secret book and saw that it was full of patterns and words.

These pictorial characters are all insignificant, full of majestic momentum and unspeakable tyranny.

He looked at it, his breathing was thick, and his eyes showed deep excitement.

And through, all these expressions disappeared, and the breathing was even held, some of them couldn't believe it.

He trembled with his hands, almost unable to hold the two classics, raised his head and looked at Chen Feng.

Chen Feng smiled and said: "These are two martial arts of the ninth rank of the Heavenly Grade, as a deposit, after all, you also did these things for me."

Xie Baifeng was full of excitement: "This, this is definitely not an ordinary ninth rank martial art of the heavenly rank."

It turned out that the ninth-rank martial skill Chen Feng gave them at this time was an excerpt from the Jianglong Arhat scripture.

Even if there is no mental method for the general outline of the dragon descending Arhat Scriptures, with these two martial skills, the power is far more powerful than the ordinary nine-rank heaven-level exercises.

Xie Baifeng is also a discerning person, and he can see it at a glance.

Chen Feng smiled and said, "Just hold it for you!"

"This is also my heart."

"Okay." Jie Baifeng nodded heavily, clasped his fists and said, "I won't say much about the extra words. I will do my best for the next thing."

Several of them kept moving forward, and soon they walked hundreds of miles.

And in these hundreds of miles, they have encountered the Shadow Gang members no less than ten times, but Jie Baifeng has made countless preparations for today, and has already thoroughly understood the reality of the Shadow Gang.

They all easily avoided those of the Shadow Gang.

Soon, two hours passed.

Between Chen Feng's eyebrows and his eyebrows, there was a sense of indifference. Although there were about two hours left, he was not in any rush and was very calm.

Finally, bypassing the large lake formed by the purple flame and molten metal in front.

[Chapter 2744: Purple Fire True Spirit](#)

A small valley appeared in front.

This small valley looks very inconspicuous.

Chen Feng saw that at the edge of the valley, there were a few Shadow Gang disciples patrolling here, but the strength of these Shadow Gang disciples was very weak, that is, around the five-star Martial Emperor and the six-star Martial Emperor.

Moreover, they are not looking for purpose at all, but wandering aimlessly.

Obviously, they didn't know what kind of existence existed in this valley.

Xie Baifeng winked at Chen Feng, Chen Feng understood, and several people found a hidden place to hide.

Then, Chen Feng's breath quietly diffused, wrapping the four of them in it, making sure that they would not be discovered.

In the next half an hour, about two groups of people came here.

The two groups of people just wandered around here, and found nothing else.

Obviously, this valley is too inconspicuous. None of them thinks what they are looking for is in this valley.

Chen Feng was watching coldly, but he could see a trace of the doorway.

He tried his best to see the sky above this valley, from time to time there was a brilliant colorful light drifting by.

The colorful lights fell, and at the same time, Chen Feng could faintly hear sounds like babies laughing, but these sounds were not what these ordinary Shadow Gang members could hear.

Chen Feng nodded to Jie Baifeng, and then the four of them avoided the eyes and ears of the Shadow Gang and moved forward.

Soon came to the valley.

After entering the valley, several women suddenly exclaimed: "It's so beautiful!"

There was a dazzling look on their faces.

Chen Feng looked at it and nodded slowly.

Here, it is indeed extremely beautiful.

In the two huge valleys, there are huge purple crystals everywhere, and these purple crystals have different shapes.

There are trees and flowers, birds and insects, it is very gorgeous.

Under the reflection of the purple flame above the sky, it is as gorgeous as the wildest dream.

Chen Feng looked into the valley, there was silence in the valley, there was no movement.

And Chen Feng closed his eyes and listened carefully.

But suddenly, I felt cold,

It turned out that in his ears, a child's laugh suddenly sounded, and it suddenly appeared terrifying, like a ghost in the dark night.

Chen Feng's instinct was to strike out with a punch.

With a bang, he felt as if he had hit something.

Chen Feng felt a sharp pain in his right hand.

At the same time, there was also a muffled hum in the void.

A phantom flashed quietly.

This phantom flew out, staring at Chen Feng, and let out a crisp and immature, but full of anger, yelling: "You hurt me!"

At this moment, the little ghost finally appeared and stopped ten meters away.

Chen Feng also saw clearly what the little thing in front of him looked like.

This little thing is about one foot in height, as thin as a woman's waist, looks short and chubby, and it is really cute.

The surface of his body showed a fiery red color, and the top of this fiery red color, in the direction of the top of his head, were two pale green petals, full of vitality.

He didn't seem to be metal turned into a spirit, but like a spirit turned into a red fruit.

The whole body is red, except for the two green calyxes on the top of the head.

In the calyx, a few filaments stretched out, flying around.

It was a filament that hit Chen Feng just now.

After Ji Caixuan and the two girls looked at it, both of them showed a happy expression, obviously like this little guy very much.

This little guy is indeed lovable, with big watery eyes and extremely agile.

But at this time, his eyes widened, looking at Chen Feng, full of anger.

However, Chen Feng clearly saw a trace of cunning from that anger.

Obviously, this little guy is definitely not as cute and innocent as he showed.

Chen Feng looked at him, smiled and said, "I don't know what your Excellency is called?"

He obviously regarded this little guy as an opponent he could face.

The little guy understood Chen Feng's words, knowing that Chen Feng had seen through his disguise.

Suddenly, the expression on his face that looked like a bullied child disappeared, replaced by a trace of indifference.

He looked at Chen Feng and said, "You can call me Zihuo Zhenling."

At this time, Jie Baifeng walked out quickly, looked at the true spirit of Zihuo, bowed deeply and said: "Thank you for your help to my brother 20 years ago, I will not forget it."

"Help for your brother?"

"Did you forget?" Jie Baifeng said quickly: "It's in this purple fire swamp."

"When you met him, he should look more than 30 years old, with white hair and a tall stature!"

"Oh? You're talking about him!" When Zihuo Zhenling heard what Jie Baifeng said, he frowned and thought about it, saying as if he was thinking of something.

"I remember. I met him twenty years ago."

Xie Baifeng said excitedly, "Do you remember? That's great."

He stepped back two steps, bowed deeply to the true spirit of Zihuo, and said: "At the beginning, if you hadn't met my brother and gave me such a generous reward, he wouldn't have risen in such a short time. ."

"Later, he mentioned you many times to me and was extremely grateful to you, but he has been unable to thank you."

"Now, I thank you for him."

As he said, Jie Baifeng bowed deeply.

Zihuo True Spirit waved his hand and said nonchalantly, "You don't have to thank me."

"He also paid the corresponding price. Although I gave him those benefits, I also sucked his life span for a hundred years."

"What?" Upon hearing this, the air froze for a moment.

Xie Baifeng was stunned.

He stared at Zihuo True Spirit blankly, before the gratitude on his face disappeared, it turned into a touch of extreme shock that made his face look a little distorted.

He exclaimed: "What did you say? You only breathed him for a hundred years of life?"

"Yes, I sucked his life span for a hundred years."

"In other words, even if he was not killed, he would die at the age of fifty."

When Zihuo Zhenling said this, his expression was extremely calm, as if he had absorbed the person's life span of a hundred years, but it was just like eating and drinking water, a very trivial matter.

Xie Baifeng's face changed instantly, and the muscles on his face twitched.

A stern roar: "I killed you! How dare you do such a thing to my brother?"

As he said, he rushed directly to Zihuo True Spirit.

A stern spirit flashed in Zihuo True Spirit's eyes: "The reason why I talk to you is because I don't think you are my opponents."

[Chapter 2745: The powerful purple fire spirit!](#)

"Want to hurt me is very difficult, do you think I am afraid of you? Do you dare to do it with me?"

"You treat me as a bully?"

As he said, a filament on his body flicked directly.

With a bang, a cyan air shield suddenly appeared, directly blasting on Xie Baifeng's body.

Xie Baifeng was hit hard, wow, and a mouthful of blood spewed out.

His body cracked, bones broke in many places, and he fell heavily to the ground, already suffering serious injuries.

Tu Jiawen hurriedly rushed over and cried out, "Brother, are you okay? Brother!"

Xie Baifeng shook his head and struggled to stand up.

Looking at Zihuo Zhenling, there was a touch of shock on his face.

And Chen Feng also raised his eyebrows: "The strength of this Purple Fire True Spirit is really impressive!"

What Zihuo Zhenling said just now, obviously, was that Chen Feng and the others were not in his eyes at all.

The reason why he was talking to Chen Feng and the others was because he believed that Chen Feng and others would not pose any threat to him!

Chen Feng looked at the true spirit of Zihuo, and suddenly asked, "Then, you **** his spirit for a hundred years? Does he know?"

The true spirit of Zihuo smiled, and his smile was very cunning: "Of course he doesn't know. If he knows, where can I be sucked?"

"It's just that, if I give him something, I will take something away."

"This kind of rule appeared in my mind when I first appeared."

"This is also a rule that restricts me. If I don't follow it, I will die."

None of Jie Baifeng's words understood this, and Ji Caixuan was also a little confused.

But Chen Feng understood it all at once.

Between the lightning and the fire, he moved in his heart, looking at Zihuo's true spirit, and shouted: "That is to say, even if you don't want to make a fair exchange, you will be forced to make a fair exchange, right?" *NOVELU\$B.COM*

The true spirit of Zi Huo scratched the filaments on his head in distress, and said, "That's how it is!"

"Oh, my master, when he made me out, he made such a decree in my mind, so I have to do this."

"But what?" He laughed: "I do want to do this, but how to do it in the middle, then I have to say!"

It seemed that he hadn't spoken to anyone for a long time, and he was very excited at this time, and he was just talking about Balabala while pulling Chen Feng!

Looking at the true spirit of Zihuo, Chen Feng frowned, and realized that he had underestimated the true spirit of Zihuo.

This purple fire true spirit can survive thousands of years or even tens of thousands of years, or even longer, in such harsh environments.

If you have a good mind and have no defense against people, you will go up there foolishly when you see a person. If the kind people don't guess any bad thoughts, then I'm afraid they will be cut and stewed long ago. It will not be left, and the secret will be dug up.

You know, with the strength of these warriors in Chaoge Tianzi City, even if he is an abnormal existence, he can be easily dealt with, and even its ins and outs can be questioned.

"This Zihuo true spirit is actually a fierce man with a city mansion!"

"In his mind, there seems to be some imprints that make him have to follow the principle of fair exchange, but it can be a little thoughtful."

"For example, secretly changing the spirit of the other party for a hundred years."

Chen Feng thought secretly in his heart.

The Zihuo True Spirit suddenly said: "Okay, I've been talking with you for so long, you should also compensate me a little."

"Compensation for you? What compensation?" Chen Feng raised his brows, looked at him, and asked with interest.

At this moment, the true spirit of Zihuo suddenly opened his mouth and smiled.

When he opened his mouth and smiled, Chen Feng suddenly felt aroused.

It turned out that his mouth suddenly enlarged, and it actually took up more than half of his body.

It was full of fangs and teeth, and looked extremely vicious.

He opened his mouth, and he didn't have any cuteness just now, and some were just full of hideous terror.

The teeth in his mouth are spinning towards the inside, as if the mouth is a huge cave!

Then, he shouted violently: "Take your life as compensation!"

With that said, he madly bombarded Chen Feng.

His two tentacles suddenly stretched forward numerous times.

That cutting-edge turned into two long swords, with extremely fast speed.

Seeing, he can directly penetrate Chen Feng, with a very strong power.

He had already seen that Chen Feng was the strongest person in it, so he had to kill Chen Feng first.

Chen Feng smiled slightly, his figure flashed, punched forward, and shot out.

He didn't pay much attention to this purple fire spirit, but the next moment, Chen Feng's expression changed drastically.

Because, when the two offensives of Zihuo Zhenling were about to fall on her, Chen Feng felt the immense power and the extreme murderous intentions above.

Chen Feng felt a slight threat of death!

"This trick is unexpectedly possible to kill me?" Chen Feng's expression changed, and he immediately performed the floating light and glancing shadow technique.

Nine Chen Feng suddenly appeared, beginning to confuse the true spirit of Zihuo.

But Zihuo Zhenling giggled, "It's useless."

"These illusions are useless in front of me!"

He flashed directly, and the two filaments shot forward fiercely, aiming at Chen Feng's body.

With a flutter, Chen Feng's body was pierced, two huge wounds appeared, and blood rushed out.

Chen Feng was shocked: "The strength of this Purple Fire True Spirit has at least reached the Nine Star Martial Emperor!"

That sharp filigree pierced out behind Chen Feng.

After the metal filament entered Chen Feng's body, Chen Feng immediately felt that the life force in his body was circling crazily outward.

In a blink of an eye, a lot of vitality was already absorbed.

Chen Feng's eyes immediately became blood-red, instantly full of fierce murderous intent.

He had been absorbed the vitality before, so that he has only a life span of less than three months until now, so he is extremely sensitive to this, and extremely angry.

In an instant, he entered a state of rage.

Chen Feng's vitality was continuously being taken away, and along the two filaments, it was continuously absorbed by the Purple Fire True Spirit.

Chen Feng's life light kept flashing.

Purple Fire True Spirit let out a triumphant laugh.

At this time, Chen Feng snorted coldly, and the power of the dragon descending Arhat suddenly activated above his body.

The power of the dragon descending Arhat rushed towards the two filaments frantically.

Then, I saw that the two filaments turned directly into a piece of gold.

In an instant, the power of the dragon descending Arhat pushed toward the body of the purple fire true spirit at an extremely fast speed, and soon reached its body.

[Chapter 2746: The purple fire is true! Conquer!](#)

There was a bang, and an extremely violent explosion sounded.

The true spirit of Zihuo let out a scream, the golden color seemed to hurt him greatly.

On the surface of his body, there were countless bubbles.

Then, the bubbles exploded and creaked.

His body was like a piece of meat that was thrown on the fire and was tormented and extremely painful.

He screamed frantically, dragging two filaments desperately, trying to extract the filaments from Chen Feng.

Chen Feng laughed loudly: "Want to go out? Are you going out?"

As he said, he directly held the filament with both hands.

The filigree is extremely sharp, even if Chen Feng's bones and muscles are directly cut through his hands, blood is flowing.

At the same time, his muscles tightened, enduring the pain, and clamped the two filaments tightly in his body.

Then, the incomparable strength of the dragon descending arhat madly moved forward, continuously pouring into the body of the purple fire true spirit.

The pain of Zihuo True Spirit being burned was immense, and he felt that his vitality was losing.

In fact, he is not an illusion, because his size is constantly getting smaller, he is actually only four-fifths of his original size and disappeared by 20%.

He screamed wildly and sternly, and cried out in a sharp voice: "You **** human being, how dare you treat me like this?"

"Ah! I'm going to kill you, **** human!"

He screamed wildly.

Chen Feng sneered, and constantly instilled the power of the dragon descending Arhat.

His screams became smaller and smaller, and finally disappeared completely.

Instead, there is a deep fear.

He looked at Chen Feng and pleaded: "Please, don't kill me, don't kill me."

Chen Feng ignored it at all.

Because, he could see that the emotions in the eyes of Zihuo True Spirit were still full of tyrannical, murderous, and angry emotions.

He still hates Chen Feng.

Chen Feng laughed loudly: "Since you hate me, then naturally I won't keep my hands on you."

As he said, the power of the dragon descending Arhat continued to instill.

The size of Zihuo True Spirit was getting smaller and smaller, and soon it was only half of its original size.

There was an unbelievable look in his eyes, and he yelled frantically: "I know so many secrets, you want to kill me? Are you willing to kill me?"

Chen Feng sneered: "It can't be used by me. What's the use of more secrets?"

"I just want to kill you, what can you do with me?"

With that, continue to push forward.

At this time, the true spirit of Zihuo was finally afraid.

He was sincerely afraid.

He realized that this person really dared to kill himself.

Finally, he looked at Chen Feng and pleaded bitterly: "Please, don't kill me, I recognize you as the master."

Chen Feng smiled and said, "How do I know if you are sincere or fake?"

Zihuo True Spirit couldn't stand it at all at this time, he knew that if he went on, he would be killed.

He yelled frantically: "I will tell you the way, I will tell you the way."

With that, he flew towards Chen Feng.

Chen Feng's heart moved, without stopping.

Zihuo Zhenling soon came not far in front of Chen Feng, and then, his whole body flashed with bluish red light.

At the next moment, a streamer suddenly flashed and flew towards Chen Feng quickly.

The streamer was extremely fast, but Chen Feng could still see it. There was a small phantom in the streamer, which was exactly the same as the appearance of the Purple Fire True Spirit.

The phantom fell towards Chen Feng, passed through Chen Feng's body, but disappeared without a trace.

And Chen Feng also felt that there was nothing more in his body.

When he moved in his heart, he was observing his spiritual world, and then discovered that there was already something more in the spiritual world.

Chen Feng's thoughts sank, and he entered his soul-man space.

Then, I saw that there was a phantom of the Purple Fire True Spirit floating in the Soul Person Space at this time.

The phantom of the Purple Fire True Spirit floated around. After seeing Chen Feng, he shouted in disbelief: "This is your spiritual world? You are a soul-bearer?"

Chen Feng smiled and said, "Yes, I am a soul-seer." *nOVeℓusb.cOm*

At this time, he felt that he and the phantom of the Purple Fire True Spirit had a trace of connection between him.

Chen Feng nodded: "It seems that the true spirit of Zihuo didn't play tricks. He did so to surrender his soul to me."

"When the time comes, it will be easy for me to deal with him how I want to. It can be said that I will kill if I want to kill, or I will kill if I want."

Zihuo Zhenling looked at Chen Feng and said dejectedly: "Fortunately, I didn't play tricks. Otherwise, I can't hide any tricks in front of you, the soul."

Chen Feng laughed loudly, grabbed him with his hand, his figure flashed, and both of them disappeared.

Back to the real world in the next moment.

Chen Feng gave it away, and then loosened his muscles.

Suddenly, the two filaments bounced back.

Chen Feng's wound was still bleeding, but he was in a very good mood.

After the Zihuo True Spirit returned to his freedom, he hurriedly flew back for more than a hundred meters, looking at Chen Feng, his eyes were full of reluctance and intense anger.

Ji Caixuan looked at Chen Feng worriedly and asked, "Master, are you okay?"

Chen Feng smiled slightly, he looked at Zihuo True Spirit, did not speak, and suddenly his thoughts flashed.

So, huh, the true spirit of Zihuo flew directly in front of Chen Feng.

Then, before he could speak, he swished into the sky again.

Then, suddenly he screamed and slammed directly into the ground, throwing him into the ground.

The Zihuo True Spirit crawled out of the pit on the ground, looked at Chen Feng with a sullen face, and quickly asked for mercy and said: "Please, don't clean me up, I'll admit it, I will listen to you in the future of."

Chen Feng laughed, he could feel that there was a little more connection between himself and the true spirit of Zihuo.

Finally subdued this guy!

The reason why the Zihuo True Spirit appeared in front of Chen Feng's people was because they thought how strong Chen Feng and others were and didn't take them seriously.

And if it were in front of those shadow gangs, he wouldn't do it.

Because they can threaten his life.

But unfortunately, he underestimated Chen Feng's strength!

Chen Feng looked at Zihuo Zhenling and asked, "So, what is your core secret?"

"It is said that you are related to a profound fire, that is the core secret of the entire Purple Fire Marsh."

Zihuo Zhenling looked at Chen Feng, but at this time he closed his mouth and said nothing, just shaking his head desperately.

Chen Feng frowned and asked, "What do you mean?"

Zihuo Zhenling seemed to breathe a sigh of relief at this time. He took a breath and looked at Chen Feng and said:

"Master, the question you asked me just now involves great secrets."

[Chapter 2747: Many restrictions](#)

"And when my first master created me, it was imprinted in my soul: all the secrets I know, if you want to know, you have to change it."

"The more precious things are, the more secret questions you can ask."

"If I don't change, if I dare to say it, I will..."

"What will happen to you?" Chen Feng asked.

"Bang!"

The two filaments of the Purple Fire True Spirit made a very vivid action: "I will blow it up directly."

"And, even if I was blown up, I can't answer you."

Chen Feng frowned, "In other words, the first question I asked you involved your secret, so you couldn't even speak at that time."

"And now, the questions I asked you, such as the question 'what's wrong with you, why couldn't you speak just now'" do not involve your secrets, so you can say it, right?"

"Yes, yes." Zi Huo nodded vigorously, looking cute.

Chen Feng shook his head. The owner of the Purple Fire True Spirit is really difficult!

He immediately asked: "Who is your master?"

Zihuo True Spirit immediately shook his head desperately, larger than just now, even a touch of fear appeared in his eyes.

Chen Feng asked: "This question requires a great price to get, and even the price to be paid for this question is greater than my question about Xuanhuo, isn't it?"

Zi Huo Zhenling breathed a sigh of relief, nodded and said, "That's right."

He looked at Chen Feng and complained: "Can you stop asking those questions, I can't even open my mouth when you ask those questions, and I can't even say a word, but I'm almost suffocating me."

"Are you asking me whether some unimportant questions will succeed?"

Chen Feng couldn't help but smile, and said angrily: "I ask you irrelevant questions, what else do you want?"

Ji Caixuan listened by the side. I couldn't help but laugh, I feel that this dialogue is of course very interesting!

Chen Feng asked: "Then, there is a question, you must be able to say, what do I need in exchange?"

Of course this can be said.

Upon mentioning this, Zihuo True Spirit immediately said very skillfully and fluently: "Anything is fine."

"It can be martial arts techniques, various resources, or even one's own life, some unidentified rare things are fine, I am not picky!"

"Are things other than Purple Fire Marsh OK?"

Chen Feng asked, "Of course it can."

"It's just that the best things are from the Purple Fire Marsh. If it is something other than the Purple Fire Marsh, the effect will be greatly reduced."

"For example, something outside the Purple Fire Swamp, its effect should have been ten, and something inside the Purple Fire Swamp, its effect is also ten."

"If you exchange something in the Purple Fire Swamp for the answer, the effect will be ten, but if you ask me with something other than the Purple Fire Swamp, the original effect of ten percent can only be counted as three. Isn't it a pity? ?"

He looked at Chen Feng, smiling, with a flattering face.

This guy knew that he had offended Chen Feng a little bit ruthlessly, now Chen Feng is already very unhappy, and he still has many problems, this can't be said that can't be said.

He was very afraid that Chen Feng would clean him up in a rage, so he quickly told Chen Feng about the situation without reservation.

Chen Feng then asked, "Then, what kind of price will be paid, and what level of questions can you ask?"

"Well!"

Zihuo Zhenling tilted his head for a moment and said, "My questions are divided into three levels, and the highest level is level three, which involves the core of this purple fire swamp."

"If you want me to answer Level 3 questions, correspondingly, you must at least dedicate to me materials of Grade 5 or above in orange."

"Materials above Grade 5 orange?" Chen Feng frowned immediately.

The materials he can access now are generally around the first orange product.

Occasionally, I was able to come into contact with the second-rank orange, and like the king of the five-element devil jade I got last time, it was just the top-level material of the second orange.

He can't even get the material resources of Orange Grade 3, where can I get the material of Orange Grade 5 for Zihuo True Spirit?

Isn't this difficult for a strong man?

Beside, upon hearing these words, Jie Baifeng and Tu Jiawen looked at each other, and both of them showed a bitter smile.

Xie Baifeng even felt fortunate in his heart: "Fortunately, I didn't give him an idea. What can I do after I get it? I can't support it at all! I can't ask any questions!"

They couldn't help feeling very sorry for Chen Feng.

And Ji Caixuan is also embarrassed. If I change my words, I am afraid that she is desperate now.

But Chen Feng is not like that.

Suddenly, a thought flashed through Chen Feng's mind.

So, he immediately looked at Zihuo True Spirit and asked at an extremely fast speed: "Then, what if the three-level questions I asked don't involve the core?"

"For example, if I ask you what your core secret is? It must be a level three question."

"I heard that your core secret is a profound fire. Where can I find this profound fire? This must also be a core issue."

"But what if the question I asked is specious?"

When he asked this, Zi Huo Zhenling was stupid, opened his mouth wide, and looked at Chen Feng blankly: "What do you mean?"

Chen Feng smiled and said, "For example, your core secret, I guess where to find Xuanhuo and how to get Xuanhuo, right?"

"Then, now I will ask you, if I enter the core area with my current strength, can I get out alive?"

Zihuo Zhenling blinked his eyes, looked at Chen Feng, and said blankly: "Although this question involves a core secret, it seems to be only a first-level problem."

"Master, you are so smart."

Xie Baifeng and Tu Jiawen's faces also showed horror.

Xie Baifeng was even more shocked. He took a deep look at Chen Feng: "Chen Feng is not only strong, but the most important thing is that he is too smart and reacts too swiftly."

Ji Caixuan jumped for joy.

Chen Feng smiled and nodded, he had expected it to be so.

Chen Feng looked at Zihuo Zhenling and said, "What price do I need to pay for this problem?"

"Orange second-grade materials are fine." Zihuo Zhenling quickly added: "But it must be of good quality!"

"Okay, okay." Without any hesitation, Chen Feng directly took out an item from the golden thread kit, which was the king of the five elements devil jade.

Then, he threw the five-element demon **** jade king directly to Zihuo true spirit.

After Zihuo Zhenling glanced at it, his eyes lit up and said, "This thing is really good in color."

[Chapter 2748: Sneak attack](#)

Then, he flew directly over, with a big mouth.

With a click, the King of the Five Elements Demon God Jade was taken into his mouth, and the sharp teeth in his mouth stirred, and the extremely hard five elements of fine gold was instantly stirred into pieces and disappeared deep in his mouth.

Chen Feng looked at it, and raised his brow slightly: "Fortunately, I just surrendered him. With his fangs and teeth, if it really fights, it's really impossible to say who will win and lose!"

Zi Huo really squinted his eyes, looking very enjoyable.

Soon, a ray of five-color light flashed, and then it turned into the blue and red light on the surface of his body.

Then, his whole body shook, and his body actually got a little bigger.

Chen Feng nodded: "This guy deserves to be a metal elf bred in the Purple Fire Swamp, and it really benefits him the most by swallowing this thing."

He burped, looked at Chen Feng, and said with a smile: "Yes, it's the top class orange second-grade material."

Chen Feng shouted, "So why don't you say it quickly?"

"Okay, I will answer your question just now, if you enter the core area with your current strength."

Zihuo Zhenling looked at Chen Feng and said very simply, "A dead end!"

He said very neatly, and after speaking, he immediately kept silent.

He was clean and neat, and Chen Feng was cleaner than him, turned around and walked directly out without hesitation.

Suddenly, everyone was stunned, and the true spirit of Zihuo even shouted: "Hey, what are you doing?"

Chen Feng said indifferently: "What else can I do? Of course, go to other places to find rare metals, so that I can feed them to you!"

"Since I am dead or alive after entering the core area, what am I thinking about?"

"Now, I'm still thinking about something that I'm qualified to worry about!"

Xie Baifeng's eyes showed deep admiration: "This Chen Feng is strong, scheming, and knows how to advance and retreat."

Everyone hurriedly followed.

Soon, everyone left the valley and came to a hidden area.

Chen Feng looked at Xie Baifeng and said: "Okay, now that you have done everything you promised, we should also separate."

Then, he took out 10,000 Dragon Blood Amethyst and handed it to Understanding Baifeng.

Xie Baifeng was not pretentious, and took it directly, and then he simply arched his hands, took a deep look at Chen Feng, and said, "Master Chen, this is another country, and we are destined to see you again."

Chen Feng nodded, and Jie Baifeng and Tu Jiawen left immediately.

Chen Feng looked at the back of the two of them, and a strange feeling surged in his heart.

He didn't expect that after coming to Chaoge Tianzi City, the person of the same age who left the deepest impression on him turned out to be the help of this Shadow Gang.

He didn't have the slightest worry, the two must have been planning for a long time.

Jie Baifeng would definitely not put himself in danger.

Chen Feng laughed and said to Ji Caixuan: "Let's go, we can be said to be poor and white now."

This is true. Chen Feng has left 10,000 dragon blood amethysts for emergency use, and he has already understood Bai Feng, and now he can say that he has nothing left.

"Where are we going?" Chen Feng asked Zihuo Zhenling.

In fact, he was still trying to hit Zihuo Zhenling.

Even if there are many things that Zihuo True Spirit cannot say, he can still point a little bit.

Zihuo True Spirit tilted his head and said, "The Shadow Gang can search for this area, but it cannot block the entire Purple Fire Swamp."

"This time, let's go to the north of the Purple Fire Marsh to see and see, how about?"

"There are few people there, and the forces of the Shadow Gang laughed, so I went there to find more resources."

"Okay!" Chen Feng nodded, "Then go find food for your fellow."

With that, he pressed a point on Zihuo Zhenling's head.

The true spirit of Zihuo smiled, afraid to speak more.

Both Chen Feng and Zihuo Zhenling headed east all the way to the east of the Zihuo Marsh.

This is also the edge of the shadow party's control area. They did not place any hands here. Chen Feng sneaked past from here, and soon Chen Feng followed this side to the outermost side of the shadow gang's blockade.

There are quite a lot of shadow gang members traveling back and forth here, preventing some warriors from entering it.

Chen Feng quietly came out from the edge, glanced at them, and a smile appeared on the corner of his mouth: "You are still searching here, but I don't know what you are looking for has been taken away by me."

Although this purple fire swamp is not big, it has a radius of thousands of miles or nearly 10,000 miles, and it is full of obstacles that are difficult to pass.

Chen Feng and others should also go around carefully.

Only in this way, they walked very slowly. About two days later, Chen Feng came to the northernmost part of the Purple Fire Marsh.

At this time, the situation was different from the previous Purple Fire Marsh.

Chen Feng saw that here, the purple flames had disappeared, replaced by a large number of black and red flames.

In these black and red flames, ghosts are faint,

The purple fire used to be very strong, capable of burning people clean, but now, the black and red flames here are full of evil spirits of killing and evil!

It was as if it had been infiltrated by blood!

And here, it is not like other purple fire swamps, it is full of various mountains or hills.

This is really like the Purple Fire Swamp, with a lot of flowing black viscous liquid everywhere.

These liquids, metal and non-metal, water and water, flow everywhere.

There are only small flat areas.

And on the surface of this black liquid, those black and red flames are constantly surging crazily!

Chen Feng asked: "Do you understand this?"

Ji Caixuan shook her head: "I have never been here before."

"Moreover, there is very little news about this place in Zihuo Town, because very few people can reach here over thousands of miles."

"However, I heard one or two people who came here said that there are a lot of resources and few people, so as long as you can get out of here alive, the benefits will be extremely rich."

Chen Feng nodded, and the group walked forward.

Suddenly, Chen Feng's brows clenched: "The Rat, dare to sneak attack?"

At the next moment, a punch came!

With a loud bang, Chen Feng's fist slammed into the void.

And in the void there, there was a screaming scream.

The next moment, the air fluctuated, and a monster appeared on the spot.

This monster is very strange. Its whole body is like a willow leaf. No, it should be said that its shape is like the shadow of a knife.

It is about two meters in length, the main body is the phantom of a knife, and black and red flames surround it!

At this time, the flames around him were a little scattered.

Obviously, Chen Feng's attack just now caused him to suffer severe damage.

Chen Feng raised his brows: "Is this the monster here?"

[Chapter 2749: Not an opponent](#)

The black-red monster that looked like a long knife glanced at Chen Feng, and let out a sharp laugh.

Then, he bombarded Chen Feng fiercely.

He has no moves or weapons, because his body is just a long knife.

The long knife stabbed at Chen Feng fiercely!

Chen Feng smiled slightly: "With your strength, you still want to fight with me?"

A punch was blasted and hit directly on the tip of his long knife.

The tip of the knife was directly smashed by Chen Feng, and then Chen Feng stepped forward and threw three punches forward, directly breaking his body into pieces.

The monster screamed, and the black and red flame disappeared, revealing its body.

Sure enough, it was a long knife like a willow leaf.

At this time, the long knife shattered, and most of them turned into flames and disappeared.

Among them, a few things dropped to the ground ding and ding.

Ji Caixuan picked up the thing on the ground and found that it was a few finger-sized willow leaf fine gold.

It has a willow leaf shape and is quite beautiful.

After she saw it, her eyes lit up and she said, "Master, although I don't know what willow leaf fine gold this is, it should have reached the level of an orange material."

Chen Feng smiled and said, "Then call Liuye Jinjin for the time being!"

Zihuo Zhenling next to him, the filaments in his hand trembled, and he grabbed these pieces of willow leaf fine gold in his hand, threw it into his mouth, and chewed a few bites.

Then, he curled his lips in disdain, and said, "This is considered to be the top grade among the first-grade orange materials. Give me snacks. I don't think it tastes good!"

Chen Feng gave him an angry look, "Do you want to eat it? Why don't you eat it!"

"Don't want to eat it? Okay, spit it out for me!" As he said, he jumped directly in front of him, and he broke his mouth, and grabbed the pieces of willow leaf fine gold that had not been completely eaten. .

Seeing this scene, Zi Huo was really dumbfounded. [nOveℓUsB.com](http://www.OveℓUsB.com)

Then, he cried out in tears: "Standing on a master like you, I really have lost eight lifetimes of blood mold!"

Chen Feng smiled, ignored him, and went straight forward.

Suddenly, his face shrank.

It turned out that three long sword monsters appeared in front of him.

When the three long-sword monsters saw Chen Feng, they immediately screamed and rushed towards Chen Feng.

Their three long knives, finished with a finished font, flew towards Chen Feng and attacked Chen Feng's three vital points at the same time.

Chen Feng stood still, motionless.

And the next moment, all of a sudden, these three long swords suddenly changed their directions.

There were two long knives, and the direction of killing them suddenly changed. They were originally parallel to Chen Feng's stomach.

But at this time, it suddenly became up and down.

One stabbed Chen Feng's throat and the other stabbed Chen Feng's dantian.

The other one went around and pierced Chen Feng's heart from behind.

Chen Feng stared, these three knives were exquisitely coordinated, just like three powerful knives.

This is clearly a set of very coherent and sophisticated knife moves!

"It's just that it can't help me!" Chen Feng sneered, turned around and kicked the long knife.

Then he lay horizontally and lay directly in the air, parallel to the ground.

The two long knives passed through Chen Feng's body and under him at the same time.

Chen Feng flicked each of his left and right hands, and directly flicked the two long knives.

After that, he copied all three long knives in his hands with a snap.

Then, his hands fiercely bombarded the three long knives with extremely fast speed.

In a blink of an eye, he hit dozens of palms, and directly smashed these three long knives alive, and put all the willow leaf fine gold into the bag.

The true spirit of Zi Huo came up, smiled and said, "Master, this place is great!"

"These long sword monsters are not very strong, but the willow leaf fine gold can be regarded as precious."

"These willow leaf fine gold, if you can collect them, and if they are eaten by me then, they should be able to answer your first level question."

Chen Feng nodded.

At this time, the true spirit of Zihuo suddenly smiled narrowly, and said to Chen Feng: "Moreover, there may be some other gains here!"

These words seem to be meaningful.

He seemed to be reminding Chen Feng something.

However, Chen Feng did not notice, because at this time he had already changed abruptly.

It turned out that hundreds of long knives appeared in front.

Hundreds of long knives were aggressive and rushed towards Chen Feng madly.

Every long sword is a master of the eight-star Wuhuang level.

Chen Feng dealt with it effortlessly, even dealing with more than a dozen of them, and it didn't take much effort.

But now, he has to deal with hundreds of them!

Cover the sky and cover the sky completely.

Even with Chen Feng's strength, wanting to deal with so much is not enough.

Chen Feng's mind turned quickly and wanted to leave, but found that it was too late.

It turned out that at this time, behind him, there were hundreds of long-knife monsters.

Add up to a thousand!

Chen Feng said coldly, "These monsters are very cunning, and they even know how to copy bread!"

These long-sword monsters screamed and rushed towards Chen Feng fiercely.

Chen Feng let out a fierce roar, blasting out the strongest moves one after another.

Boom boom boom, he broke a dozen long knives one after another, but there were more long knives behind.

A long knife directly stabbed Chen Feng, piercing a wound on his body, and blood shot out!

Chen Feng's double fists struck out one after another, smashing a dozen long knives on the front, but there was no time to take care of the long knives behind him, and seven or eight extremely long wounds were cut on his back.

In an instant, his back was bright red.

Although every injury is not serious, the accumulation is definitely enough to kill Chen Feng!

Chen Feng was beaten from the left to the right, and it was difficult to parry.

At this moment, he heard an exclamation and turned back quickly.

Then, Chen Feng immediately furious, and shouted sharply: "Mouse dare you!"

It turned out that at this time, a dozen long swords attacked Ji Caixuan.

Ji Caixuan was not an opponent at all. She was directly beaten and spurted blood, flew out, and fell into the black viscous liquid all at once.

She uttered a painful scream, and her body was sinking continuously, as if she was about to be dragged into the black viscous liquid.

Chen Feng knew that if she was dragged in, there must be death or no life.

Chen Feng quickly swept her figure, grabbed her hand, and shouted, "Hold on to me, I will bring you out!"

At the same time, more than a dozen long knives slew to Ji Caixuan.

Chen Feng yelled, he didn't have time to attack, so he flashed and stood in front of Ji Caixuan.

As a result, those dozen long knives slashed directly on Chen Feng's body!

[Chapter 2750: Mysterious space](#)

In a blink of an eye, a dozen huge wounds were cut out on Chen Feng's body, blood spattered!

Ji Caixuan was stained red with Chen Feng's blood!

She cried bitterly.

At this time, hundreds of long knives attacked Chen Feng.

Chen Feng could no longer stay in the air, and had to sink and land on the black viscous liquid, avoiding the offensive.

At the same time, his feet were also in contact with the black viscous liquid.

At this time, Chen Feng discovered that this was obviously black hot lava!

Suddenly, I felt my feet soft, sinking downwards at a very fast speed.

In his right hand, Ji Caixuan, who was holding it, let out an exclamation, and her figure disappeared instantly.

In the area where she went down, in an instant, these black hot lava swallowed Chen Feng's calf.

Chen Feng's heart shuddered, but he didn't panic at all.

He struggled to lift it up, trying to lift his body.

However, at this moment, suddenly, Chen Feng felt that under the black hot lava, there was an extremely strong and extremely powerful suction.

After these suction powers came, Chen Feng couldn't control it for a while.

With a swish of his body, he was directly sucked down again.

At this time, Chen Feng felt that Ji Caixuan had even disappeared in her own hands.

He didn't know if he had caught Ji Caixuan.

It is as if these black hot lava can isolate perception.

Chen Feng felt anxious, so he went down again.

At this time, the black hot lava had already swallowed Chen Feng's waist, and Chen Feng felt that his lower body was soaked in it.

Incomparable scorching power was transmitted from the black hot lava, and Chen Feng felt that his lower body seemed to be in a sea of fire.

Moreover, it was still that kind of extremely hot sea of fire, which made Chen Feng's heart startled.

"The heat of this black hot lava is only slightly worse than the purple flame!"

In a twinkling of an eye, Chen Feng was burned to the ground, with severe pain, and he even felt that his bones were about to be burned.

Chen Feng hurriedly transported the jade bones and golden muscles, and then he resisted some.

Moreover, if it weren't for Chen Feng's spitting out when he broke through and entered the Six-Star Martial Emperor, and the tempered musculoskeletal internal organs became firmer, I'm afraid that now, he has to endure more pain and his body has to be bigger. damage!

At this moment, Chen Feng suddenly felt empty in his feet.

Suddenly, there was a movement in his heart, as if he had realized something, the words that Zihuo True Spirit had said before drifted through his mind.

"There may be some unexpected gains!"

The expression of Zihuo True Spirit flashed through Chen Feng's mind.

At that time, the expression on his face looked like a smile, as if he wanted to say, but he was holding back something.

Chen Feng immediately realized: "This may be a reminder he gave me! Because he can't say more, so he can only say that."

Therefore, Chen Feng immediately stopped resisting.

Suddenly, with a swipe, he was sucked down directly.

Chen Feng felt that he entered a space and then continued to fall downward.

It didn't take long for this time to fall, but two or three moments, there was a thud and landed directly!

As soon as Chen Feng landed, he heard a cry from the side.

He looked to the side and saw Ji Caixuan sitting there with her head in her hands, her face dull and dull.*NOVELUS.com*

She stared at Chen Feng blankly. The next moment she was relieved, she immediately cried out, "Master, I'm sorry, I dragged you down, and you fell here with me." "

Chen Feng shook his head and said, "It's okay, are you not hurt?"

Ji Caixuan was even more moved when he heard that he cared about her injury first, and blamed herself: "The master I harmed is so damned."

Chen Feng shook his head and said, "It's fine if you are not injured."

He got up and looked around.

Here, it was a huge cave, tens of meters high, and the surrounding length and width reached about 100 meters.

The shape of the cave is very strange.

After Chen Feng watched it, he always felt something vaguely wrong, but he couldn't tell what was wrong.

Chen Feng had no choice but to take this question to heart, and just continued to observe the surroundings.

The ground is black, and the walls on all sides are also black. This should be a huge cave in the mountains.

However, there is nothing here, and Chen Feng quickly wandered around here, but found nothing.

At this moment, Ji Caixuan suddenly exclaimed: "Master, what do you think it is?"

With that, he pointed his finger upward.

Chen Feng raised his head and looked up, suddenly feeling stunned.

It turned out that there were four large holes at the top of this cave.

These four big holes are two big and two small.

Two large ones are arranged side by side, and two small ones are arranged side by side.

The large diameter is about 20 to 30 meters, and the small diameter is about five or six meters.

Above these four big holes, it is not soil, but black lava that is tumbling.

However, the black lava rolled on it, but it couldn't fall down.

Just now, Chen Feng and the others fell from a big hole.

"There are two small holes under the two big holes side by side?"

At this moment, Chen Feng suddenly flashed like sparks in his heart.

There was a bang, as if a sky thunder blasted in my mind.

Chen Feng's mind was suddenly bright.

An idea suddenly emerged in his heart: "Aren't these two big holes just eyes?"

"Those two small holes? Are they nostrils?"

Then, Chen Feng looked around and said with a voice full of shock, with trembling lips, "Here, where is this mountain cave?"

"Here, where is the void under the swamp?"

"This is clearly the space inside a huge skull!"

After Chen Feng judged it, he looked around, the more he looked, the more sure he became.

He came to the edge of the wall with a thud and punched out.

As a result, the wall suddenly burst open, and countless black stones flew out.

After the stone fell, the wall behind was exposed. After seeing the wall behind, Chen Feng suddenly took a breath.

This is really a golden bone.

However, the material is as strong as jade, and it is not the kind of pale gold, but the very strong, bright and thick gold.

Although I don't know how many years it has been buried in the ground, it is still bright and brilliant.

In this golden color, there are also dots of purple silk.

Moreover, what shocked Chen Feng the most was that this was clearly a bone!

This confirmed Chen Feng's speculation.

Chen Feng looked around, excited almost hard to control.

He leaped into the air, and his palms blasted out one after another.
