

Peerless 2771

[Chapter 2771: Now, it's my turn!](#)

Shaking from head to toe.

He stared at Chen Feng with his eyes rounded, his mouth opened wide, his face was full of disbelief.

At the next moment, I couldn't believe it, but it turned into extreme fear, despair, and regret.

He murmured: "How come? How come?"

Chen Feng smiled slightly: "Do you know who is really strong now?"

As he said, Chen Feng laughed and pushed his right hand forward slightly.

As a result, the thin man's body fell heavily.

With a bang, it turned into countless bits and pieces, and disappeared without a trace.

One of the Five Tigers in Montenegro, their hurricane slayer, was smashed by Chen Feng with a punch!

At this time, the three people also heard it.

They were still smiling just now, but now that smile is already solidified on their faces.

The smiles on their faces disappeared without a trace, replaced by a trace of disbelief.

They all exclaimed: "How is this possible? How is this possible? How can you be so powerful!"

Chen Feng laughed loudly: "I know you can't believe it, but unfortunately, this is the truth!"

With that, Chen Feng slowly moved forward and forced the three of them.

The three of them looked at each other, and their eyes were full of fear.

One of them exclaimed: "You, you are not the Six-Star Martial Emperor? You have the strength to surpass the Six-Star Martial Emperor?"

Chen Feng smiled slightly: "I just saw it now? Your dog eyes are really blind enough!"

They looked at Chen Feng with a trace of fear on their faces.

However, this fear was not so strong. Chen Feng killed the hurricane violent killer with a punch. In their opinion, it didn't explain much. They didn't feel Chen Feng's ability to completely crush them.

The three of them glanced at each other, all gritted their teeth, and their eyes showed madness.

The pure sun giant Lingwei sternly shouted: "Let's fight with him!"

"The three of us work together and we will definitely be able to end him!"

"Yes!" The other two also shouted in unison.

Then, the three of them rushed towards Chen Feng.

They didn't know that Chen Feng's strength was enough to crush them.

Chen Feng laughed loudly: "It's really reckless!"

After speaking, his figure flashed and came to the three of them.

The three of them are all peak masters of the Eight-Star Martial Emperor. Chen Feng's current strength is equivalent to the early stage of the Nine-Star Martial Emperor. Even if only 30% are left, it is enough to kill them!

The remaining three people are a pure sun giant spirit guard, a Thousand Change Madness method, and a storm archer.

With the strength of these three of them, it is indeed enough to run rampant in this area.

The pure sun giant spirit guard rushed towards Chen Feng frantically, waving a huge shield in his hand, and holding a huge hammer in the other hand, smashing it deeply towards Chen Feng.

Both the giant shield and the giant hammer were very large, and they immediately enveloped Chen Feng within seven or eight meters.

He roared with a sullen face: "Little boy, have you seen it?"

"My shield is like a cutting board!"

"And my hammer is going to throw you on the chopping board and beat you hard!"

"When the time comes, I will beat you into mashed flesh!"

As he said, he furiously attacked Chen Feng.

Chen Feng smiled slightly and stood still, motionless.

Seeing this scene, the Pure Sun Giant Spirit Guard laughed wildly: "Boy, you are scared stupid, aren't you?"

"Hahaha, this time you will definitely die!"

Then, his huge hammer had already smashed Chen Feng's body fiercely, smashing Chen Feng's body on the huge shield.

He laughed wildly, as if he had seen the scene where Chen Feng's body was smashed into flesh.

And the next moment, he opened his eyes, opened his mouth wide, and let out an incredulous roar.

Then, the roar turned into a scream.

It turned out that his sledgehammer hit Chen Feng's body, and after the shield hit Chen Feng's body, he felt an incomparably powerful force surge.

That power was extremely powerful and directly shattered his arm.

With a scream of wow, he was thrown out directly, feeling like he was hit in the chest.

Ka Ka Ka, his arm bones were all shattered, and a mouthful of blood spurted out.

And his big shield and great hammer could not be held at all, flying far.

Chen Feng flicked the dust off his body, shook his sleeves, and smiled at Chunyang Giant Lingwei and said, "It seems that I have not become meat on the chopping board."

His look is an understatement.

It seemed that what he had just suffered was not the impact of an Eight-Star Martial Emperor peak-level pure sun giant spirit guard, but just a bite from an insect.

The smile on Chen Feng's face suddenly closed, and he said with a sneer: "I am not the meat on the chopping board, now you should be the meat on the cutting board!"

As he said, he slowly forced over towards the pure sun giant spirit guard.

The Pure Sun Giant Lingwei yelled in disbelief, glared at Chen Feng, and shouted sternly: "How is it possible? How can you be so hard?"

"My shield and hammer are of no use to you? How is it possible? It is impossible!"

He yelled frantically, and his body kept moving back.

Looking at Chen Feng's eyes, there was a look of fear.

Chen Feng smiled and looked at him and said, "Fight? Why don't you fight anymore? I stand there and let you fight!"

Where does this pure sun giant spirit guard have the courage to act on Chen Feng?

He just kept stepping back, trembling and saying, "Don't kill me, don't kill me!"

Chen Feng smiled slightly: "You don't want to fight, right? Okay, then it's my turn!"

With that, he rushed directly in front of him and bombarded out.

The Pure Sun Giant Spirit Guard madly resisted.

His defense is quite strong, but in front of Chen Feng, all his defenses are like paper.

With a boom, when Chen Feng's fist hit him, his whole body shivered violently, like a face pocket that was violently shaking in his hand.

The bones all over his body cracked and screamed.

The next moment, the screams stopped abruptly, and his body fell softly into the air, and then fell rapidly downward.

After a long time, I heard a thumping sound.

Then, Chen Feng slowly turned his head and looked at the Storm Archer and Thousand Change Madness behind him.

Just now Chen Feng had been facing them with his back, but they didn't even have the courage to attack Chen Feng.

The scene just now completely scared them stupid.

Their voices trembled: "How could it be? How could it? How could he have such a strong defense?"

"We can't hurt him at all? How do we fight this?"

They glanced at each other, and they all saw intense fear and regret in each other's eyes.

[Chapter 2772: Strong enemy! Sixth-Rank Soul Sect!](#)

"It turns out that the ridiculous thing is us!"

"It turns out that Chen Feng's strength is so powerful that I can't believe it!"

They feel they are extremely stupid, stupid a little bit unbearable.

With his own strength, wanting to deal with Chen Feng is simply wishful thinking and overpowering!

Chen Feng smiled and looked at the two of them and said, "Two, what else can I say now?"

Both of them looked at Chen Feng, shaking all over, they didn't even have the idea of attacking Chen Feng.

Because they knew that no matter how they attacked, it would be futile to Chen Feng.

Chen Feng walked towards them with a very leisurely expression.

When Chen Feng took a step forward, they took a step back.

Chen Feng smiled and said, "You two, why should you withdraw?"

"Ah? Why isn't it strong now? Why isn't it sideways now? Why aren't you arrogant with me now?"

Both of them were shaking all over.

With a smile on his face, the Thousands of Madness said, "Master Chen Feng, we had eyes and no beads before and said things that shouldn't be said."

"Don't share your common knowledge with us, let us make a living!"

"Oh? Let you have a way out?" Chen Feng smiled slightly, suddenly his expression stunned, and said coldly: "If you just grabbed me, would you let me live?"

Murderous aura filled his face.

The two looked at each other, and both saw a trace of despair in each other's eyes.

Chen Feng walked forward slowly and was about to kill the two.

And at this moment, a voice suddenly sounded directly in the distance.

The voice was high-pitched, with faint sounds, like the voice of a poisonous snake.

What's more weird is that he actually rang directly in Chen Feng's mind: "Boy, whoever dares to move me, are you impatient?"

Chen Feng's eyes suddenly condensed, and he looked into the distance.

Although the voice sounded directly from his mind, Chen Feng was able to tell where it came from.

Above the sky in the distance, a black shadow came quickly towards this side.

This is a person wearing a black cloak, wearing a black iron mask, and the exact appearance is not clear.

But Chen Feng recognized at a glance, this person was the boss of the Five Black Tigers.

When they besieged and killed the early nine-star martial emperor, he had been staring at him!

But at this time, seeing his arrival, both Thousand Change Madness and Storm Archer both showed ecstasy on their faces, and they rushed towards him frantically, shouting loudly:

"Boss, boss, you are here!"

"The boss is here, we are saved!"

The boss of the Black Mountain Five Tigers stood firmly in the void in front of Chen Feng, looking at Chen Feng with cold eyes.

After Chen Feng made contact with his eyes, an extremely uncomfortable feeling suddenly surged in his heart.

His eyes were extremely vicious, cold and cruel, and his pupils turned out to be two vertical pupils!

He stared at Chen Feng, and finally spoke slowly: "Boy, it's too late for you to commit suicide!"

His voice was cold and slippery. After Chen Feng heard it, he felt as if there was a poisonous snake crawling on him!

"What? You made me commit suicide?" Chen Feng looked at him and said with a smile.

"Boy, I let you commit suicide, but it's actually cheaper for you." The boss of the Black Mountain Five Tigers stared at Chen Feng and said coldly:

"If I wait until later, I decide to clean up you, then I will use the soul search technique to torture you severely."

"At that time, your body will be annihilated, and your soul will remain immortal, and you will always live in suffering."

"My soul-searching technique, not everyone can afford it!"

He said with a stern face: "It will be hard for you to die by then."

Chen Feng looked at him, smiled slightly, and said: "There was also someone who made me commit suicide just now, and there was also someone as crazy as you."

"Now, he is dead, he was smashed by me! Not even a trace remains in this world!"

"And you?"

Chen Feng suddenly raised the volume, pointed his finger at the boss of the Five Black Mountain Tigers, and said coldly, "He will end up like this too!"

His voice was sonorous and full of power, as if it were an oath.

The boss of the Black Mountain Five Tigers hadn't spoken yet, the Thousand Change Madness next to him jumped out and pointed at Chen Feng and cursed:

"Dog stuff, what are you? You dare to talk to our boss like that?"

"Our boss, what a powerful strength? It's easy to kill you!"

"Yes, you can't stop a move in front of him, so you dare to be mad here?" The storm archer also echoed loudly:

"Our boss is directly connected to ghosts and gods, you? Are you comparable to my boss? Are you qualified?"

Both of their words were full of contempt, and the flattery on their faces disappeared, replaced by thick disdain!

These two people, relying on their power, the so-called boss, are here to ridicule Chen Feng!

Chen Feng pointed at them, smiled and said, "I will let you know how good I am in a moment!"

Both of them were full of disdain and didn't believe Chen Feng's words at all.

Obviously, they are very confident in their boss!

The boss looked at Chen Feng and said coldly: "Since you have to die, then I will fulfill you."

As he said, he didn't make any movement, standing still in place.

However, Chen Feng suddenly felt the dangers surrounding him, which made his hair stand up.

Chen Feng immediately held his breath and noticed it carefully.

Suddenly, in front of him, the world is different.

Then Chen Feng discovered that around his body, there were four black poisonous snakes rushing towards him.

These four black poisonous snakes are not the power of attack at all, but the spiritual power.

It is pure soul power!

These spirit powers rushed madly towards Chen Feng and bit his mind directly. His spiritual world wanted to destroy Chen Feng in the spiritual world!

The boss of the Black Mountain Five Tigers said coldly: "Remember my name, the one who killed you today is Fan Yangrong."

He obviously thought that Chen Feng was bound to die, very arrogant.

Chen Feng smiled slightly and said, "I'm sorry, I can't remember the name of the rat generation."

"Your name is not worthy of me to remember!"

With that, Chen Feng suddenly entered the Soul Person Space.

After that, his soul-man power spurted out!

At the same time, several gaps were suddenly opened in the upper part of Chen Feng's soul space.

Then, four venomous snakes struck Chen Feng fiercely.

There was a look of surprise in the eyes of the four black snakes.

At the same time, in the real world, Fan Yangrong suddenly opened his eyes

[Chapter 2773: Sixth-Rank Soul Sect? Is it amazing?](#)

He glared at Chen Feng, and yelled in disbelief: "Are you actually a soul-bearer?"

Chen Feng also returned to the real world, looked at him, smiled slightly, and said, "Yes, and I am not a weak soul-seer!"

At this time, the shock in Fan Yangrong's eyes disappeared.

He grinned and said: "Don't think I can't see your level, you are just a fourth-grade soul sect."

"And I, I have reached the level of the sixth-grade soul sect. I want to kill you easily!"

The next moment, the two directly entered Chen Feng's soul space.

The four black venomous snakes roared fiercely in unison: "Even if you are a soul, it is useless! Today, you must die!"

Chen Feng smiled coldly: "Really? I don't believe it!"

In the next moment, all of Chen Feng's spirit power suddenly condensed into one, which turned into a dancing golden dragon.

Then, the dancing golden dragon rushed towards the four black poisonous snakes.

The four black venomous snakes' complexions changed drastically, and their eyes showed extreme disbelief.

"How is it possible? Your spirit power is so strong? Aren't you a Fourth-Rank Soul Sect?"

It turned out that Chen Feng's spirit power was far better than the four black poisonous snakes combined.

Chen Feng laughed loudly: "I know you don't want to believe it, but unfortunately, my spirit power is so strong!"

In the next moment, the golden dragon had already rushed in front of the four black snakes.

The huge golden tail was directly thrown out, directly smashing a black snake to pieces.

In the real world, Fan Yangrong let out a scream, and blood leaked from behind the mask!

In the soul space, the golden dragon had a huge mouth, which directly smashed two black snakes into pieces.

Then, his thick waist shot up, and the last black snake was shot into countless pieces!

But in an instant, the four black snakes were all directly smashed to pieces by the giant dragon condensed with golden spirit power.

At this moment, in the real world, Fan Yangrong suddenly opened his eyes, he wowed, a big mouthful of blood spurted out, and his body was shocked.

The black mask on that face was shaken off.

It turned out that this person turned out to be a very tall and thin middle-aged person.

His body was thin and wavy in the wind, like a snake monster without bones.

And all the exposed skin on his face is covered with dense snake scales.

A pair of eyes, like snake eyes, looks extremely terrifying!

He swallowed his tongue and made a hissing sound, his eyes were full of shock: "Your spirit power is so powerful?"

Chen Feng also opened his eyes and smiled slightly: "Why, I didn't expect it?"

"Yes, my soul power is so powerful!"

The next moment, Fan Yangrong let out a stern roar: "Boy, I didn't try my best just now!"

"Now, I'm doing my best, I want to see if you can stop me!"

Through this, in the Chen Feng Soul Space, countless blacks came over here.

Obviously, Fan Yangrong has tried his best.

Chen Feng laughed: "Is it better than my soul power? Are you worthy?"

The next moment, his golden dragon swept wildly.

In an instant, all these black snakes were killed.

Then, came to a gap in the space of the soul.

Chen Feng looked over there, and immediately smelled an extremely fishy smell, and at the same time an endless evil meaning drifted over.

Chen Feng smiled coldly: "Now, it's my turn to clean up you!"

Talking. The golden dragon flew directly into the air, drilling towards the crack.

The next moment, in the real world, Fan Yangrong opened his eyes, looked at Chen Feng in shock, and shouted: "You, you...I am a sixth-grade soul sect!"

"Is the Sixth-Rank Soul Sect great?" Chen Feng laughed loudly: "What if I am the Fourth-Rank Soul Sect, I still kill you!"

Chen Feng looked at him, smiled and said, "Kill you, I am the fifth-grade soul sect."

Hearing Chen Feng's words, everyone else had a very dumb expression, not knowing what it meant.

But Fan Yangrong understood it all at once, and the expression in his eyes immediately became frightened.

Because the battle between souls is often the cruelest.

The soul space of the weak will even be shattered and swallowed by the strong!

Therefore, Chen Feng said this sentence.

"Just now you said, see if I can stop you."

Chen Feng looked at him with a smile and said lightly: "You made a mistake, not whether I can block you, but whether you can block me!"

As he said, Chen Feng let out a violent roar, and all his spirit power burst out in a sudden, overwhelming the sky, and pressed against Fan Yangrong.

In an instant, Chen Feng's golden soul power directly crushed all Fan Yangrong's soul power.

Then, it directly invaded Fan Yangrong's mind!

Chen Feng saw the dark ocean in front of him.

There are countless dead snakes in the dark ocean, lying together.

In the ocean, there was a mixture of blood and black, the fishy smell was unpleasant, and there were bones everywhere, making people feel a tingling scalp and disgusting.

Chen Feng knew that this was Fan Yangrong's soul space!

Chen Feng looked up and saw that the sky was also pitch black, and it was raining again.

And this little rain turned out to be a poisonous snake one by one.

Chen Feng said coldly: "The Soul Space is so evil, with so many bones, how many innocent people have you killed?"

"Today, I will avenge them! Destroy this place completely!"

After speaking, Chen Feng let out a long roar like a dragon chant.

The next moment, he was covered with golden light, and his golden soul power was shining everywhere.

Wherever the golden spirit power went, all the filth was directly evaporated, disappearing without a trace.

All the stench is gone, all the dirt is gone!

As the pollution was purified, a series of screams continued to sound.

At this time, in the real world, the Thousand Change Madness and Storm Archers were shocked to see that their boss, who had always been regarded as a god, the invincible boss, trembled violently.

The clothes on his body were all shattered, there were countless wounds on his body, and blood poured out frantically.

Pieces of snake scales all collapsed and flew out, and blood flowed out of his seven orifices.

His head swelled violently, big here for a while and big there for a while.

He held his head and let out a scream like a ghost howl, rolling wildly in the air!

The next moment, suddenly, he wowed and spit out a big mouthful of blood.

Then, he stayed motionless in the air.

His eyes were dull, and his body was pale.

At the same time, his soul-man space was already clean.

[Chapter 2774: breakthrough! Five-Rank Soul Sect!](#)

There is a vast expanse of whiteness, without the slightest dirt anymore.

Chen Feng laughed loudly and yelled: "Here, destroy it for me too!"

The next moment, his arms tore hard.

With a bang, there was a big crack in the soul space, which was actually torn in half by Chen Feng.

Then, the next moment, Chen Feng returned to the real world.

At the same time, everyone was shocked to see that Fan Yangrong's body began to inflate like a balloon.

The more swelling he grew, his eyes suddenly recovered, looking at Chen Feng, he made a hissing noise, his eyes filled with regret.

"I regret it! I hate it!"

"How can you be so strong? How can you be so strong?"

Chen Feng smiled slightly: "Remember, in your next life, don't provoke anyone you can't afford!"

As soon as the voice fell, Fan Yangrong exploded and disappeared with a snap!

And as he disappeared, in the air, a stream of extremely pure soul power began to float out.

At this time, if no one is in charge, these spirit powers will dissipate.

But how could Chen Feng allow this to happen?

Chen Feng smiled slightly, and once again entered the soul-man space.

Then, an extremely huge soul power flashed out suddenly.

An extremely strong suction diverged centered on his soul-man space.

Then, a smile appeared at the corner of Chen Feng's mouth. It turned out that the spirit power he released had already returned.

Moreover, he grabbed a large piece of extremely pure and huge soul power, and grabbed it back abruptly.

Pieces of soul power were captured back, floating in Chen Feng's soul person space.

There was no time to absorb it now, so he put all of these spirit powers in it, and Chen Feng didn't stop until no more spirit power was captured.

At this time, Fan Yangrong's soul power had been completely captured by him!

Chen Feng sighed softly. He did not expect that the boss of the Black Mountain Five Tigers turned out to be a soul.

Moreover, he was a soul person of not low level, even higher than Chen Feng, reaching the sixth rank soul sect.

"He is two levels higher than me. I think he is also invincible in the usual vertical and horizontal directions. After all, there are very few souls in the Dragon Vein Mainland, and ordinary warriors have no experience in fighting with them."

"What's more, his level is so high!"

Chen Feng sighed softly: "However, my soul-man space is very special, with a power far beyond the level, so I can kill him by more than two levels!"

Chen Feng tilted his head and looked at the remaining two.

A smile was drawn at the corner of his mouth, and he said softly: "Just now, you thought he was here, you would be saved, right?"

"But I'm sorry,"

He uttered a few words slowly: "Your hopes are shattered!"

At this time, the Thousand Change Madness and the Storm Archer recovered from the shock of their boss being beheaded by Chen Feng.

They are completely desperate.

The Thousands of Madness looked at Chen Feng, and shook his head again and again: "You are not human, you are too strong, how can you be so strong?"

The storm archer shook his head even more, knelt directly on the ground, and said with a trembling voice: "This is impossible, this is impossible!" **ηOveLusb.cOM**

The spirit of the two of them has been completely destroyed by Chen Feng!

Chen Feng was about to speak, suddenly his heart moved.

He felt that in his soul-man space, the soul power was overwhelming like a violent storm.

He wanted to suppress these violent spirit power, but found that he couldn't suppress it at all.

These spirit powers were almost out of his control.

Chen Feng was suddenly shocked: "I can't hold down these spirit powers. Am I going to break through?"

Chen Feng couldn't help but feel a little distressed when he thought of this.

Because he doesn't want to break through now.

Then, he gave a wry smile: "Chen Feng, Chen Feng, you are too insufficient. Others are trying to make a breakthrough, but you are still pressed."

"What do you press for? Since you want to make a breakthrough, let's make a breakthrough! The best is to let the flow go!"

Thinking of this, Chen Feng's thoughts were clear.

After talking to Ji Caixuan and Chen Ziyuan, he sat cross-legged and closed his eyes.

As for the remaining two of the Black Mountain Five Tigers, he completely ignored them, and even ignored them.

The two of them looked at each other, trembling all over, stood still, not daring to move.

Although Chen Feng was meditating with closed eyes, Ji Caixuan and Chen Ziyuan were not their opponents, but they neither dared to escape nor did they dare to act!

Chen Feng has completely shocked their courage!

In an instant, he entered the soul-man space!

Once inside, Chen Feng felt surging.

It was not an illusion, but the entire soul-man space. At this time, there was a strong wind swept through and clouds piled up.

Layers of black clouds are stacked.

As for those dark clouds, Chen Feng felt it and raised his brow.

This is exactly the spirit power of Fan Yangrong he absorbed just now.

"That's it, it turns out that it's not a breakthrough, but they want to rebel!"

Fan Yangrong's soul power originally came from the same source, and was captured by Chen Feng just now, naturally there was no resistance.

Then they merged together at this time, and after the power grew, they began to toss in Chen Feng's soul-man space.

A sneer appeared at the corner of Chen Feng's mouth: "It seems that I have to give you a little bit cruelty!"

"Well, let's refine you!"

However, Chen Feng was also awe-inspiring at this time.

This also reminded him to wake up. Although he defeated the opponent, he was a sixth-rank soul sect after all, and he should not be underestimated!

In the next moment, infinite coercion surged in Chen Feng's soul space, and directly tore away the black clouds piled on the sky.

Those black clouds looked fierce, but in fact they were not able to withstand a single blow, and they were torn apart in a flash.

Then, it was crushed and turned into the purest soul power, which was completely absorbed by Chen Feng.

But one hour, it has been completely absorbed.

And when the last trace of soul power was absorbed, there was a bang, and Chen Feng's soul space was turned upside down.

In the past, when Chen Feng's soul-seer space broke through, it often needed to be rebuilt, because everything that existed would be broken.

But this time, it was not the case.

This time, there was no change in the land of Chen Feng's soul-man space, but the barrier of the soul-man space outside was constantly shattering.

Chen Feng's space for the soul is constantly expanding and getting bigger, and the sky is constantly rising.

I don't know how long it took, and finally, with a loud bang, this soul-man space was completely stabilized.

Chen Feng looked into the distance, a slight smile appeared at the corner of his mouth, and whispered to himself: "I have broken through to enter the fifth-grade soul sect!"

[Chapter 2775: Where is the treasure?](#)

"My soul person space has also reached the fifth level of soul person space."

"Now, the area of my soul-man space is four times the original size, and the height has reached twice the original size, and the most important thing is..."

He looked at the green grass beside the river in the Soul Space.

At this moment, the green grassland has changed to a radius of more than ten meters, which is much larger than the small handful of grass at the beginning!

When Chen Feng saw this, his face suddenly condensed.

It turned out that he saw a little change above that thorn.

The branches were trembling, and the bottom was slightly undulating, as if something was struggling to come out of it.

Chen Feng suddenly raised his brows and looked there.

Then, under Chen Feng's gaze, the slightly undulating place trembled slightly.

I don't know how long it took, and finally with a bang, the epidermis cracked.

Then, from inside, a green sprout came out quietly.

The green sprout grew rapidly, fluttered slightly, and soon stretched out into a green young leaf.

This green leaf, like a jade carved, is flawless, extremely beautiful, clean and pure!

When Chen Feng looked at it, he couldn't help feeling comfortable, and he sighed softly, "Although I don't know what this green leaf is, he definitely has inestimable significance!"

At the next moment, Chen Feng suddenly felt that from above the green leaf, a huge force came out directly.

After this huge force surged out, it flew directly towards Chen Feng, extremely magnificent.

Chen Feng felt that power smashed his head, but he did not panic at all.

Because Chen Feng felt that power came from the same source as himself, extremely close.

Sure enough, after that power rushed in front of Chen Feng, it merged into his body, and then quietly exited, entered the world, and penetrated under the ground.

No, it should be said that it penetrated from everywhere, and then gathered under the ground.

Chen Feng's eyes suddenly widened, because he felt that after all those forces converged under the ground, they all rushed towards the position of the grass.

When Chen Feng felt it carefully, he immediately exclaimed: "No, this is not the location of the grass, this is actually the location of the thorns!"

Then, Chen Feng suddenly felt that those powers were absorbed by that thorn.

Then, along the thorns all the way forward, finally came to the green leaf, and swept out again.

Chen Feng suddenly realized: "These powers turned out to be the power of the souls, but in this way, it forms a cycle."

"Just now, I entered my body and escaped again because the one I appeared here was the spiritual body, so the soul-by-soul space defaulted to be a part of it."

Chen Feng was overjoyed immediately.

It turned out that although his soul power was huge, it was a dead thing. It was Chen Feng's ability to grow through continuous absorption of the outside world, and there was no cycle in itself.

Now a cycle is formed.

Circulation means endless supply and endless life.

Sure enough, after Chen Feng stayed here for an hour, he felt a slight increase in spirit power here.

This growth seems to be very small, but in fact it is already very fast.

Because this is just an hour,

As for Chen Feng's Soul Person Space, he revolves all the time.

After years and months, Chen Feng's spirit power can be greatly increased!*Novelusb.com*

This spirit power cycle is the best gift given to Chen Feng from the fifth-level spirit person space, and Chen Feng is very happy!

Chen Feng got up, raised his voice and laughed, shaking all the way.

Suddenly, the laughter stopped, and he looked at the Thousand Changed Crazy Technique and the Storm Archer: "I just said that I belong to the Xuanyuan family, and I didn't want to bring out the Xuanyuan family to crush you."

"I don't even bother to do that. All I want to tell you is..."

His voice suddenly rose: "I am not only a member of the Xuanyuan family, but also the first person in the Xuanyuan family's outer sect. Although I only have the strength of the Six-Star Martial Emperor, I have no problem with killing you!"

After hearing this, the faces of Thousand Variation Madness and Storm Archer showed even more shock and horror.

The two looked at each other: "I really hit the iron plate today."

"This Chen Feng, his strength obviously cannot be judged by realm, his strength is too strong!"

"All right."

Chen Feng smiled and looked at them and said, "Now, can you tell me who asked you to kill me?"

There was almost no urging from Chen Feng, and the two of them were crazy to tell Chen Feng everything they knew.

When Chen Feng listened, his face became cold!

He gritted his teeth and said with a sneer: "Okay, amazing, very good!"

"At the beginning, you provoke me. I haven't taken any action against you. I haven't taken any action against you. You have taken action against me. Moreover, if you act so fiercely, you will kill me!"

"good very good!"

He sneered: "When I come back to Chaoge Tianzi City, I will never spare you!"

It turned out that the person who took action against Chen Feng and invited the Black Mountain Five Tigers turned out to be the woman whom Chen Feng had offended in Wanjian.

Chen Feng has even forgotten about it!

Compared to the woman's brutal methods that day, Chen Feng was already regarded as an opener on the Internet, and she did not commit any cruelty. She did not expect that she would hold a grudge, and also invited the Black Mountain Five Tigers.

This is why Chen Feng won't deal with her.

At this time, the Thousand Transformation Familiar looked at Chen Fengfeng, with a pleading expression on his face, and said, "This lord, we will do everything you ask us to do, and we will say what you ask us to say. Now Should we let us go?"

Chen Feng smiled slightly and said, "Okay, of course you can go."

As he said, he waved his hand.

The Thousand Bane of Madness and the Storm Archer looked at each other, both of them saw a touch of ecstasy in each other's eyes, and there was also a trace of fortune and contempt.

"This kid, he is really a young man, he forgot to ask us about such important things?"

"Haha, this time we are well developed!"

"That's right, after taking away our collection, we can definitely improve our strength by leaps and bounds in the future."

After hearing Chen Feng's words, they nodded hurriedly, and they were about to leave, not daring to look at Chen Feng.

At this moment, a voice suddenly came from behind: "Hold on."

It was Chen Feng's voice.

The figures of the two of them instantly froze there, and they looked back at Chen Feng.

Chen Feng smiled slightly, then turned his gaze to the two men, and said lightly: "Before you go, you have to tell me where the treasures of your Black Mountain Five Tigers are."

Upon hearing these words, the two of them were instantly cold, like an ice cellar.

[Chapter 2776: Call you guys!](#)

The reason they were overjoyed just now was because they thought Chen Feng had forgotten about it, and the two of them would be able to swallow the treasures accumulated by the Black Mountain Five Tigers over the years.

Unexpectedly, Chen Feng never forgot.

They saw that Chen Feng had a playful smile on the corners of his mouth, apparently just playing with them.

Chen Feng laughed and looked at them and said: "You don't think I forgot, did you?"

"Really naive, how could I forget this?"

The faces of the two men were immediately bitter.

The Thousand Madness Method quickly said: "Master Chen, we really don't know this!"

"All our treasures, all secrets, are in the hands of Big Brother!"

"Yes indeed!"

The Stormwind Archer also said: "We can only tell Big Brother when we use it, Big Brother will give us some."

"If it's normal, we won't have access at all."

Chen Feng looked at them with a smile, and said lightly: "Really? That's how it is?"

"Yeah! Yeah!" The two men nodded quickly, like a chicken pecking at rice.

Chen Feng's face suddenly became gloomy, and it was full of sharp chills: "It seems that I seemed to be too easy to talk to you just now, making you all forget my methods!"

With that said, Chen Feng walked slowly towards the two of them and moved his fist.

There was a burst of bones, and he whispered: "Don't tell me? Then I'll hit you and say!"

With that, he came directly to the two of them.

A stretched out hand directly sealed the two of them.

Then, take them to a large rock and throw them on the ground.

Chen Feng rubbed his hands and smiled slightly.

Suddenly, when he stretched out his hand, he grabbed the madman's arm in his hand and tapped it lightly.

Suddenly, Thousand Changes Madness uttered an extremely scream, his whole body twitching with pain, and his face turned pale.

The sweat on his forehead fell in large swathes, and his clothes became wet in an instant.

He yelled with a twitch, "Ah! It hurts! It hurts me!"

It turned out that Chen Feng had already shaken his right thumb into a pile of powder just now.

It looks no different from before, but in fact it is already broken into scum.

The intense pain almost tore his soul, making him intolerable at all!

Chen Feng smiled and said, "You still have nine fingers. I can deal with each of them like this."

"And when these ten fingers are broken, there are ten toes!"

"When these ten toes are broken, there are still hundreds of bones in your body. I can try them all."

Chen Feng's voice was calm, but there was a strong murderous intent inside, cold and cruel!

At this time, the face of the Thousand Variation Madness Fa had completely changed.

He looked at Chen Feng, and in his gaze, the trace of contempt for Chen Feng that he had kept before, had disappeared without a trace.

Instead, there is extreme fear.

The same goes for the Stormwind Archer.

The two of them only realized at this time, what kind of chick this kid is, he has clearly been out for many years, with ruthless methods and careful thoughts!

Chen Feng smiled and tapped the tip of his other finger again.

Immediately, he directly smashed his other finger.

The Thousands of Madness screamed again and again.

His long-range attacks are extremely powerful, but his body is not very tyrannical.

He quickly begged for mercy: "I said, I said."

Chen Feng smiled and said, "I asked you if you didn't tell me, but now I want to tell you? It's too late!"

Then, he shattered all his ten fingers. *novelupdates.com*

Then, Chen Feng walked to the Stormwind Archer.

The Stormwind Archer watched Chen Feng walking towards him, shivering, and said with a trembling: "I will explain, I will explain, I will explain everything."

Chen Feng smiled slightly, did not speak, but also stunned his ten fingers, making them extremely painful.

Then, just stopped.

He flicked his fingers and said faintly: "Well, now, whatever I ask, you can say whatever."

"Everything has to be answered without any details, understand?"

"Yes, yes." The two nodded wildly.

Where can they conceal anything?

They were all scared by Chen Feng.

Next, Chen Feng asked a lot of questions, and they answered truthfully.

After half an hour, Chen Feng clapped his hands with satisfaction, smiled and said, "Okay, I have finished asking all my questions."

Both of them showed fear on their faces and said, "Master Chen, can we go now?"

Chen Feng said lightly, "Not yet."

Despair appeared on their two faces immediately, thinking that Chen Feng was going to kill them.

Chen Feng said lightly: "Don't worry, I won't fail to say anything. Since I have promised you, I will naturally save you a life."

"only....."

His face was icy: "You five tigers in Black Mountain, you do a lot of evil, and you don't know how many lives have been killed under your hands."

"You two, the death penalty is forgiven, the living sin is hard to forgive!"

Saying, double punches out.

With two booms, the screams suddenly became miserable: "Ah! Ah! My cultivation level!"

It turned out that Chen Feng's two punches directly smashed their dantians and directly abolished their cultivation base!

They have no cultivation base now, and they have become useless.

Chen Feng smashed a big hole out of this rocky mountain, and then sealed their two throats so that they could not speak.

Then, he threw them in, and sealed the outside with a big stone, only leaving a small gap.

Facing the gap, Chen Feng said lightly: "Now, I am going to look for the treasure."

"To prevent you from making a mistake, I have to ask you to throw it here first."

"Don't worry, I will be back later and I will take you out!"

"of course,"

Chen Feng's face was cold, and he smiled and said, "If you conceal something from me just now, if there is any secret technique in the treasure that prevents me from coming back, then you will wait to starve to death and die of thirst here. Right!"

"At that time, you two bones, no one knows who they are, it is unclear whether they are dead!"

When Chen Feng threw the two of them in, the expressions on their faces were full of fear, resentment and a hint of happiness.

It's just that the hint of pleasure, they cover up very well.

But at this time, when Chen Feng said so, all the expressions on their faces disappeared, leaving only a deep fear.

They wanted to say something, but they couldn't say anything, they could only twist their bodies madly.

[Chapter 2777: Scary old man!](#)

With a sneer on his face at this time, Chen Feng stood beside the pit with sharp eyes like a knife. He stared at them and said word by word: "What? Now you have something to say to me, right?"

The two nodded vigorously.

Chen Feng pushed the boulder away, jumped down, unlocked their dumb holes, and said with a sneer: "I knew you two, you definitely didn't tell me the truth."

"Now, it's about your lives, don't say it's impossible, right?"

After the two could speak, they immediately shouted: "Master Chen, please, forgive me, forgive me!"

"We did conceal something, please forgive us, don't be like us!"

Chen Feng's voice was extremely cold, looked at them, and said lightly: "I gave you a chance."

"Tell you, your so-called secret, I am not rare!"

"What kind of threat is there, I just broke it with one punch!"

"And you, have to pay for what you just did!"

"The price is!"

He coldly spit out a word: "Death!"

With that, he took a palm shot.

The two screamed sternly.

Then, the screams stopped abruptly, and they were directly killed by Chen Feng!

At the moment when the Thousand Change Madness and the Storm Archer were beheaded, on a floating mountain thousands of miles away.

This floating mountain also belongs to the vicinity of Chaoge Tianzi City, but it is not on the side of the Purple Fire Marsh.

The Purple Fire Marsh is to the east of Chaoge Tianzi City, and this floating mountain is to the north of Chaoge Tianzi City.

The area of Floating Mountain is quite large, with a height of a thousand meters and a radius of several hundred meters, and its resources are quite rich. Legend has it that many powerful monsters are still living on it.

Hundreds of years ago, there were many warriors who would continue to explore here.

However, it was only hundreds of years ago, and now it has become history.

Because, just three hundred years ago, a powerful and terrifying mysterious existence appeared here!

No one knows what that existence is like, and no one knows what martial arts the existence is cultivating.

They only knew that that existence was incredibly powerful.

At least here, they can be completely crushed.

Because, since three hundred years ago, any warrior who entered this rocky mountain to search for resources and treasures has never returned.

And every once in a while, their bodies will be found in some wasteland thousands of miles away.

As a result, this stone mountain was covered with a mysterious and terrifying veil.

After many years, no one would dare to come here again.

Because although this stone mountain is quite rich in resources, it is just a small hill after all, but how much can it be?

Even if the benefits of this are all taken out, how much can there be?

It's better to go to those places with more intensive resources and larger sites and have a good hunt!**noveLusb.cOm**

However, what no one knows is that the true value of this mountain is not the so-called resource at all, but its location!

Except for one person!

At this time, above the peak of the mountain at this time, there was a sky cave, which faced the sky directly.

Go straight up and down, about a hundred meters deep, running through to the bottom of the rock mountain.

At the bottom of the stone mountain, only about two or three meters of thickness has not been penetrated, just a thin layer.

The cave is extremely uniform in thickness, and the wall is extremely smooth, as if it was stabbed here by someone with a stick.

The depth reaches 100 meters, but the diameter is only two meters.

It is very narrow and can only accommodate one person.

At this moment, at the bottom of the cave, a person is sitting cross-legged.

This person was coldly shrouded in a layer of black fog, and he couldn't see his age or his appearance. The black fog contained a thick meaning of murder.

And within a hundred miles around this stone mountain, there are a few small stones.

These small stones look very inconspicuous.

However, when the morning sun is rising, the big sun is shining, and the light is shining down, there is a point on each of the stones, which is suddenly lit.

After the light shines on it, it is reflected at a very fast speed, and it is constantly reflected and refracted on these stones.

In the end, it fell directly on this rocky mountain and fell straight through the hole.

Then, shine directly on the person's body.

Then, with a bang, the black mist on the surface of his body suddenly became more intense and dense.

Then, the black mist shrank rapidly inward.

His strength is constantly improving, the speed is not extremely fast, but it is extremely stable.

Finally, the black mist closed, revealing this person's face.

This is an old man in black, his age is not young, his hair and beard are all gray, but his face is extremely ruddy and he looks very strong.

He breathed out a suffocating breath, stood up suddenly, with a smile on the corner of his mouth, and said softly: "Cultivating here is three or five times better than usual."

"It has reached the level of the primary training room in Chaoge Tianzi City."

"However, I have so many hatreds on my back, and the big families in Chaoge Tianzi City are looking for my whereabouts everywhere, how can I go there to use those junior training rooms?"

"Furthermore, in my realm, those primary training rooms can't be used at all! The level of the training room is too low!"

"But well!"

He smiled coldly: "When my divine power is achieved, when the time comes, the big families in Chaoge Tianzi City, I will personally come to the door and destroy you all! To repay my humiliation for hiding in Tibet these years!"

As the old man said, his aura rose up wildly, rushing into the sky, extremely powerful and extremely coercive.

All the monster beasts in the surrounding thousands of miles trembled for it.

And the warrior who passed by near the stone mountain was flying above the sky, and suddenly felt a pressure, burning under the scorching sun, and rushed toward him fiercely.

As a result, they instantly stiffened and their bodies did not listen.

With a bang, it fell rapidly down from the air.

Some of those with a low level of cultivation were directly thrown to death.

Some people with a high level of cultivation can barely get out of this rigid state when they are about to approach the ground, and save a life.

They looked at each other, their faces all showing awe.

One person trembled and said, "What a terrifying coercion is this?"

"Yeah, I can feel that this coercive chamber spreads out from somewhere, covering thousands of miles. It is not aimed at us people at all."

"We are only slightly affected by the coercion. We have been injured so badly."

[Chapter 2778: Ruins of Giant Kingdom](#)

"If that person directly attacked us with aura, wouldn't we just explode?"

"Yes, it's just using momentum, if he does it, then..."

"It's hard to imagine!"

They were full of fear, knowing that there was an extremely powerful and terrifying existence hidden here, and they hurriedly left, not daring to look back!

The black-robed old man seemed to be able to feel the general outside, and laughed loudly: "My luck is really good."

"After all, when the strength reaches our state, ordinary cultivation is useless, and we can only find a hole in the sky."

"In this hole of heaven and blessed land, we can speed up our cultivation. If some can find that blessed land, we can continue to improve and continue to live."

"If you can't find some, you can only watch and die. In order to grab a hole in the sky and be beaten to the blood, you will die."

"And me? With so many people chasing me, I dare not show up!"

He was extremely proud: "It stands to reason that I cannot be grabbed by any heaven and blessed land, because I will be hunted down by everyone as soon as I appear."

"However, it made me find such a good place in such a deserted and deserted place, hahaha, God help me!"

It turned out that the real resource on this stone mountain was not the metal monster on it at all, but the place of cultivation!

The old man laughed.

If there is a strong man from Chaoge Tianzi City here, it will definitely be extremely shocked.

Because the strength of this old man has actually reached the realm of half-step Wudi, surpassed the nine-star Wuhuang, and has not yet reached the realm of Wudi!

But he is already a dignified half-step martial emperor!

This is already shocking enough, because the Dragon Vein Continent is so big that Emperor Wu doesn't have much.

Any strong man in the Wudi realm is a well-known figure who suppresses the party.

Therefore, the half-step Martial Emperor was already awe-inspiring enough to stand a little bit under the peak of the Dragon Vein Continent here!

Suddenly, the black-robed old man's face suddenly changed, and the laughter suddenly stopped.

He wowed and spouted a mouthful of blood.

At the same time, he felt his heart shrink and twitch violently, making him tremble and his face pale.

Even the body couldn't maintain it, and he fell directly to the ground with a bang.

Then, the pain hadn't passed yet, another violent heart pain, which seemed to be torn apart, came from him, and he spouted another mouthful of blood.

He exclaimed: "What's the matter? Could it be that they..."

Before the words finished, there was another severe pain and another spurt of blood.

In this way, his heart and feet hurt five times, and he spurted five mouthfuls of blood, and his whole body was so painful that he couldn't stand up.

He was lying on the ground, his forehead sweating profusely, his lips trembled and his face pale.

And his eyes were even more hollow, and he muttered: "How is it possible? How is it possible?"

"My heart hurts five times, and I vomited five mouthfuls of blood. Could it be that all my five good disciples are already?"

"No, it's impossible, I don't believe it!"

He roared: "Their strength is not enough to kill the strong, but it is enough to deal with ordinary warriors."

"Besides, they are so shrewd and don't try to provoke people who can't be offended. How can they be killed?"

"Impossible, it is impossible!"

His lips trembled, and he murmured, with an extremely painful look in his eyes.

After all, those five disciples were all orphans he had adopted, and some were picked up from barren forests and mountains. They have been with them for dozens of years and have extremely deep feelings.

At this moment, he felt their deaths, of course he was extremely angry, hated to the extreme, and sad to the extreme!

He didn't want to believe it, but he knew that what he inferred was the fact.

Five of his disciples must have died.

Otherwise, he would not have such a reaction.

After a long time, he struggled to stand up, his face was full of hatred and anger, and the sadness had disappeared.

He gritted his teeth and said word by word in a fierce voice:

"I don't care who killed my disciple, I only tell you one sentence: I, I must let you pay for my life!"

At this time, Chen Feng would naturally not know what happened thousands of miles away.

He wouldn't know that he had been targeted by the master of the Black Mountain Five Tigers, a peerless master who had reached the realm of half-step martial emperor.

At this time, he had already set off from the top of the rocky mountain, heading towards the south.

Thousand Change Madness and Storm Archer very honestly confessed the routes they two knew, and Chen Feng asked them separately, confirmed one by one, and clarified some of the questions in it.

They went all the way to the south, which was three days and three nights.

Soon, tens of millions of miles out.

In fact, Chen Feng didn't want to waste this time at all.

There are only two months left of his birthday, Chen Feng can't afford to waste it, and he still has to set aside time to go to the Southern Wilderness.

However, the number of treasures left by the Black Mountain Five Tigers is too large. If they are taken out, it will save Chen Feng a lot of energy.

The number of those treasures is almost equivalent to how many years he has fought in the Purple Fire Marsh.

Therefore, Chen Feng is willing to waste this time.

Three days later, a ray of morning light rose quietly, piercing the sky, shining a bright red in front of him.

In front of Chen Feng and the others, a huge floating mountain appeared.

This huge floating mountain, with a radius of thousands of miles, is not inferior to the Purple Fire Marsh.

From a distance, you can see that on this huge floating mountain, there are things that are like black mountains that are undulating.

Distributed piece by piece.

Soon, Chen Feng and others came here and landed on the ground.

He glanced around, sighed softly, and said, "Yes, this is it!"

Ji Caixuan, Chen Ziyuan and others were watching everywhere, tut-tee-wow.

When they came close, they saw that the black areas, where the mountains were, were actually huge cities, palaces and pavilions.

The palaces, palaces and pavilions here are extremely huge.

Those pavilions are five or six stories high, and there are not many stories, but each story is a hundred meters high.

The pavilions on several floors are hundreds of meters huge and very majestic.

On the ground, there are still many utensils scattered, each of which is extremely huge, completely out of proportion to the figure of an ordinary person.

It's as if this was once a kingdom of giants.

There are many giants living here, and all the houses they used to live in are extremely huge, but at this time everything here has been turned into ruins, and there are broken walls everywhere.

[Chapter 2779: Found the treasure!](#)

I don't know how many years it has been weathered, but it has been blown into a honeycomb-like black, even the original color cannot be seen clearly.

Desolate and dilapidated!

Beside, Zi Huo Zhenling said softly: "Here, it used to be a quite famous site near Chaoge Tianzi City."

When he spoke, he attracted the eyes of Chen Feng and others.

Chen Feng raised his brows and said, "Do you still know this place?"

The true spirit of Zi Huo raised his chin, and said proudly: "Of course, there are things around here and there that I don't know?"

He went on to say: "By all accounts, this can be regarded as an ancient ruins. It is the ruins of a giant kingdom in ancient times. It is actually very valuable."

Chen Feng glanced around and said: "But I haven't seen any warriors here."

"That's because its value has disappeared, and it has been lighted by others."

Zihuo Zhenling said: "This is the first batch of ancient ruins discovered near Chaoge Tianzi City. It caused a great sensation at the beginning and attracted many powerful people to **** it here."

"Those strong men, after a battle, destroyed this place seven or eighty-eight, and then took away the most valuable things."

"The remaining bits and pieces were all robbed by the warriors who swarmed up later."

"In the next ten thousand years, countless warriors have come here and turned this place upside down."

"Three feet below the ground, nothing good was left, so it was abandoned."

Chen Feng raised his brows: "That's it."

Zihuo Zhenling said: "In fact, many ancient relics near Chaoge Tianzi City have this fate."

"When it was discovered, it attracted a large number of people, but later they all disappeared."

"Because they are not like places like Purple Fire Marsh, which can produce metal by themselves, and produce metal and monsters continuously!"

Chen Feng smiled and said, "The Black Mountain Five Tigers are really caring people, no wonder they hide that treasure here."

"If you hide here, it won't be noticeable at all!"

"Come on, let's go in and have a look."

Without hesitation, Chen Feng stepped into this ancient ruins.

After walking a few hundred meters along the middle passage, he turned to the left very skillfully.

It turned out that when Chen Feng was in the air just now, he had already observed the terrain inside.

At this time, a map had emerged from his mind, and the route indicated by the arrows on it was very clear.

Walked forward for more than a dozen miles, then turned around and entered a slightly smaller alley.

It's a smaller alley, but it's actually many times wider than the streets in most cities!

Then it went forward again, this time it was a long way, a hundred miles away.

Next, Chen Feng and the others walked in this city for three hours, circling around, and at this time they were already close to the center of the city.

In the center of the city, there is a huge square, and there are many palaces around the square. Just opposite the square, there is a very grand palace.

Although it is a ruined wall, the original glory can still be seen.

Ji Caixuan pointed to the ruins of the palace in the distance and said, "Master, is it there?"

Chen Feng smiled slightly: "If you are there, then you will be inferior."

He didn't set off toward the magnificent ruins at all, but was on the square, looking carefully.

Soon, he stopped at one place. Next to the place where he stayed was a square stone slab ten meters long and ten meters wide.

On the stone slab, there are many holes one by one.

Looking down through those holes, you can see a deep, high and wide space below.

"What is this?" Ji Caixuan asked in surprise.

Chen Feng smiled and said, "Drain the fence."

"What? The drainage fence? So huge?" Ji Caixuan raised her brows in surprise.

She hadn't seen the drainage fence before, but it was usually one person long and one person wide, but she didn't expect it to be so big.

But then she reacted, this was once the kingdom of giants!

The drainage fences they use are naturally larger.

Chen Feng looked here for a while, and then reached out to lift up the huge drainage fence directly.

Then, the figure slowly fell downward, and everyone followed.

Soon, Chen Feng floated down about a hundred meters.

But even so, the vertical tunnel of the drainage fence, he could not fall to the end.

It is as deep as an abyss, with a depth of thousands of meters.

However, Chen Feng didn't have any anxiety. On the contrary, he kept watching the surroundings while falling down.

Suddenly, Chen Feng stopped, he stopped at a certain position, and then stepped in the void, surrounding this stone wall, and looked at it carefully.

Ji Caixuan and Chen Ziyuan also looked at him without blinking.

The stone wall here is pitch black, as if it had been soaked in water a long time ago.

Even after so many years, there is still a trace of thick water vapor, and even the stone wall still has some greenishness.

When Chen Feng came to a certain point, his body suddenly moved slightly, a chuckle appeared at the corner of his mouth, and he said faintly: "I'm looking for you."

As he said, his right hand leaned forward, and he directly grabbed into a crack in the rock wall.

Then, he felt his hand sticking in. About half of his palm could not be penetrated, as if there was something inside.

Chen Feng smiled slightly, and when he fumbled for a while, he felt a depression.

Chen Feng moved his right hand forward, and he immediately pressed the depression down.

As a result, there was a creaking sound behind the stone wall, as if some mechanism was turning.

Then, the stone wall that Chen Feng entered with his right hand was Ka Ka Ka, slowly cracking a gap, but it only used one arm to enter.

Chen Feng's right hand moved forward again, groping for a space about the size of a human head, and then grabbed a small sharp stone in it.

Chen Feng grabbed the stone, turned right three times, and then turned left five times, only to press at the end.

Suddenly, with a loud bang, the huge stone wall behind Chen Feng suddenly split a huge gap, enough for people to enter.

As soon as this gap opened, Chen Feng immediately took a deep breath, and a smile appeared in his eyes.

Because he felt a huge and alluring breath from inside.

Chen Feng knew that that was the aura that could only be produced by a large gathering of heavenly spirits and earth treasures.

[Chapter 2780: This is the trap?](#)

Both Ji Caixuan and Chen Ziyuan were full of joy: "Master, you are really amazing, we found it!"

Chen Feng stepped forward directly.

After entering, there is a long tunnel, this tunnel keeps going forward.

After walking for dozens of miles, there was neither danger nor a new switch that needed to be unlocked this time.

Finally, a door appeared in front of him.

Without hesitation, Chen Feng blasted out with a punch, directly smashing the door and stepping into it.

Behind the gate is a rather large space.

This should be a mountain cave with a height of several hundred meters and a radius of 500 meters.

As soon as they entered here at this time, Chen Feng and the others were suddenly dazzled.

Colorful rays of light flicker here, and there are a lot of gems of various colors, rare metals, all kinds of heaven and earth treasures and so on.

The powerful force spread out from their bodies, and after people felt it, they felt relieved in their hearts!

At this moment, there was a jewel in front of him.

The light of countless rare and precious treasures complemented each other, and it flashed everyone's eyes in an instant!

Ji Caixuan took a step forward and watched this scene with shocked expression on her face.

She muttered something, Chen Feng heard it, and it seemed to be the name of some treasure.

After a long time, she turned her head back, with a voice of extreme amazement, her voice trembled, and she looked at Chen Feng and said with excitement: "Master, there are more than a dozen of these things that I recognize alone."

"Just what I recognized, these can sell at least hundreds of thousands of dragon blood amethysts."

"And those who have not been recognized, don't know how many."

"Master, this time is really a huge gain!"

Chen Feng laughed loudly: "The Black Mountain Five Tigers have looted the road from Zihuo Marsh to Chaoge Tianzi City for so many years. Although they can only get a vote every few months, each time the harvest is extremely huge. ."

"After years of accumulation, it is definitely not cheap. It seems that they should all be here."

Chen Feng keenly saw that this area was divided into five areas.

One area is stacked with various rare metals, another area is stacked with various medicinal materials, and another area is stacked with...

The divisions are very detailed.

In each area, there are a number of very large white jade boxes filled with various treasures, and some of the white jade boxes are also locked and stacked in the most conspicuous position.

Obviously, there are still some more expensive things stored there.

Chen Feng smiled slightly and stepped forward.

But at this moment, he suddenly felt black before his eyes.

In an instant, there were many murderous in front of him, and countless ghosts appeared.

At this time, he seemed to be in a sea of blood.

In this ocean of blood, there are floating white bones everywhere, with stench everywhere, and rotting corpses everywhere.

It was extremely disgusting and terrifying, just like Shura hell.

The next moment, those ghosts rushed towards Chen Feng fiercely.

If it's an ordinary person, I'm afraid I'm going to be scared to death, but Chen Feng just froze for a while, and then he returned to normal.

He sneered, and a disdainful smile was drawn at the corner of his mouth: "This trick, do you want to use it in front of me?"

"I'm really looking for death, I can't help myself!"

As he said, he gave a cold drink.

Chen Feng didn't even use any other means, just snorted.

With this cry, a huge wave of air shook out, and all the ghosts that rushed over were all shattered by Chen Feng, withered and left behind!

In front of Chen Feng, there was a moment of clarity, and he returned to the real world.

But when he saw Ji Caixuan and Chen Ziyuan, they all showed pain on their faces and looked extremely frightened.

His pupils were dilated and trembling all over.

Especially Chen Ziyuan, even more so.

Chen Feng knew the reason immediately, because the moment just now was a mental attack.

Chen Ziyuan's five-element fine gold body is extremely powerful, but that refers to the power of the body.

Her spirit is still as weak as before, no, it should be said that she is weaker than before.

Because he just recovered from a state of remnant soul.

So he is the most serious pioneer.

Chen Feng screamed: "Looking for death!"

The soul space moved instantly, and the extremely powerful soul power swept out, enveloping Ji Caixuan and Chen Ziyuan, and the soul power penetrated into their bodies.

Golden light flashes!

So the next moment, Chen Feng heard a slightly embarrassing scream.

Then, countless black qi flew out of the two of them silently, flew to the distance, and turned into a black shadow.

This black phantom stared at Chen Feng, with an extremely resentful look on his face:

"You despicable human, you all will die here today!"

Chen Feng looked at him, smiled and said, "What is your origin?"

"Where am I?"

The dark shadow looked at Chen Feng and said with disdain: "I am the master who stayed here to guard the treasure house."

He laughed and said: "The master knows that there must be some crumbs who come to the treasure house to steal."

"Sure enough, I ran into it!"

He pointed to Chen Feng and said arrogantly: "I tell you, I am here today, you guys cannot take anything from here!"

"Moreover, I will die here!"

Chen Feng smiled and said, "Oh? Really? It's up to you?"

"Just rely on me? Is my strength what you can imagine?" The dark shadow said with disdain.

Chen Feng smiled and said: "So, just now, how come it seems that you are at a disadvantage?"

"Just now? It was just that I didn't check it for a while!"

The dark shadow said grimly: "I just didn't use real power at all!"

"After I use my real power, you will know what is strong!"

He was still extremely arrogant, and did not put Chen Feng in his eyes!

Chen Feng sneered: "It turns out that this is the trap that the Black Mountain Five Tigers stayed here, right?"

"Hahahaha!"

He looked up to the sky and laughed loudly, the laughter was full of disdain: "Perhaps for others, this is a trap, this is a murderous opportunity, this is a great threat!"

"However, for Chen Feng, this is a delicacy!"

As he said, Chen Feng pointed to the misty dark shadow in front, and shouted coldly: "Now, come and die!"

Hearing what Chen Feng said, the dark shadow was suddenly startled.

And the next moment, the black energy on his face changed, it turned into a strong to the extreme, almost condensed into a substantive hideous.

Staring at Chen Feng, he roared fiercely: "Little boy, you dare to talk to me like this?"
