

Peerless 2781

[Chapter 2781: Treasure in hand](#)

Chen Feng smiled slightly: "This is how I talk to you, what can you do with me?"

The dark shadow Jiejie laughed strangely: "Very good, boy, very good!"

"In this case, I will let you know how good I am! Let you know my methods!"

"I want to see if you will regret what you are saying later!"

Chen Feng smiled slightly and said, "I don't know if I will regret what I just said, but what I know is that you will definitely pay a heavy price for what you just said!"

With that, Chen Feng was already impatient, and chuckled directly.

He closed his eyes.

At this moment, seeing him close his eyes, the dark ghost was immediately startled, and an ominous premonition suddenly surged in his heart.

He shouted loudly: "What's the matter? What's the matter?"

At this time, a smile was drawn at the corner of Chen Feng's mouth.

He still didn't open his eyes.

But the next moment, an overwhelming and powerful aura directly pressed this ghost.

The shadowy ghost was shocked.

In the next moment, he discovered that the world in front of him had changed, and there was no longer any scene in front of him, instead a desolate world.

But in this desolate world, there is still such a glimmer of life.

It is a green meadow.

Of course all this came into his eyes, but he wouldn't care.

What he cares most about right now is that this is a small world in front of him, the person standing in front of him.

It is Chen Feng!

He looked at Chen Feng and exclaimed: "You, do you actually have the space of a soul? You are a soul?"

Chen Feng smiled: "Yes, you are right, I am a soul-seer!"

The next moment, the incomparable spirit power directly rushed towards the dark ghost.

The shadowy ghost let out a sharp roar: "What about you even if you are a soul-bearer? My master, but Fan Yangrong! But the dignified Sixth-Rank Soul Sect!"

"He taught me from the time I was born and gave me great power. How would I put you in my eyes?"

Chen Feng smiled slightly: "Sixth-Rank Soul Sect? Is it amazing?"

"Of course it's amazing!" he yelled frantically!

With that, he rushed towards Chen Feng.

Up to this point, he still had confidence in himself.

But it is a pity that confidence alone has no effect.

Chen Feng smiled slightly and sipped softly, and the incomparable spirit power immediately surrounded him.

Then, with a roar, a giant dragon condensed with spirit power appeared directly, and then the two huge claws directly caught the dark shadow.

He sneered, and tore it directly, it was torn the dark shadow in half.

The shadowy ghost let out a scream.

Although he had no physicality, he was hit hard by this, and he suffered to the extreme.

There was a look of horror in his eyes, and he stared at Chen Feng and said: "How could your spirit power be so strong?"

Chen Feng smiled slightly: "I didn't finish what I said just now. The master of your Sixth-Rank Soul Sect has already died under my hands."

Hearing this, the shadowy ghost changed his face and suddenly realized that he had made a great mistake.

"I look down on Chen Feng! Chen Feng's strength is so powerful that I can hardly shake it!"

He let out a scream, without any fighting spirit anymore, and fled directly, wanting to escape Chen Feng's soul space.

Chen Feng laughed: "Want to escape? Can you escape?"

He stretched out his right hand and grabbed forward.

Suddenly, that powerful soul power condensed into a giant golden hand, grabbing the dark ghost in the hand.

With a snap, the shadowy ghost was directly broken by Chen Feng!

Suddenly, a sad scream sounded and stopped abruptly.

The shadowy ghosts disappeared directly, turning into countless pure soul power, and dissipating in Chen Feng's soul space.

Chen Feng smiled slightly: "These spirit powers are directly scattered in the soul-man space, but I don't need to catch it."

He took a deep breath: "This monster created by Fan Yangrong is not so powerful, but its soul power is very pure."

After Chen Feng felt it, he raised his eyebrows and said to himself: "This monster is obviously one that can continue to grow."

"His current spirit power is not very large, but he is extremely pure. Given time, he will surely be able to become a strong one."

"But it's a pity..."

He smiled slightly: "I don't have this chance."

Chen Feng immediately melted these spirit powers.

Feeling the joy of the growth of soul power, the comfort that the whole person can't tell.

After a long time, he took a long sigh and disappeared from the soul-man space.

Open my eyes again, in the real world, the monster has disappeared.

This monster increased Chen Feng's spirit power by a full 20% compared to before!

Chen Feng sighed lightly, and started working with Ji Caixuan and Chen Ziyuan to clean all these things in.

There are really a lot of these things, but Chen Feng also has several gold thread tips here.

All of his gold thread kits were used to contain these heaven, spirit and earth treasures, rare metals, and it took three full before he installed them all.

Looking at the empty cave, Chen Feng laughed and patted the golden thread kit: "Go, let's go back."

Chen Feng was in a very good mood at this time. *novelusb.com*

Because he knows very well that these things are the biggest reliance on his rapid rise in the next period of time.

With the existence of these things, he can greatly enhance his strength, but he can't say that the schedule for going to the southern famine can be higher for a while.

This saves time.

Chen Feng is now very urgent to go to the Southern Wilderness. He has only about two months of life left. The longer it is, the greater the variables will be.

The sooner you go, the sooner you can prepare!

At this moment, suddenly, there was a violent shaking around the cave, the rocks rumbling, and cracks appeared one after another.

The cracks became bigger and bigger, and some rocks even fell straight down.

Chen Feng and the others changed their faces and left quickly.

When they returned to the ground, the huge cave had completely collapsed, and even the entire square had fallen so much.

All the original traces inside have been eliminated.

Three days later, looking at the huge figure in Chaoge Tianzi City, that Xuanhe like a floating continent, Chen Feng sketched a smile on the corner of his mouth and said softly:

"Chaoge Tianzi City, this time I'm back again."

"It's just that this time I won't leave like the last time!"

"This time, my strength can get a crazy improvement, it must be!"

Chen Feng clenched his fists and his eyes were firm!

Chen Feng was very sure about this, because he brought back a lot of resources this time.

These resources also mean strength!

[Chapter 2782: Lu Yutang's crisis](#)

Soon, Chen Feng landed on the square in the fifth-level city.

At this time, Chen Ziyuan still wore a black cloak, covering her face.

As for the Purple Fire True Spirit, he also wore a black cloak, after all, he looked too special.

Then, I saw Chen Feng's group of four people.

An extremely handsome young man stood beside a woman with a fiery figure and a beautiful face, and beside him were two black shadows in cloaks.

One is tall and the other is floating in the air, up and down.

This combination has attracted the attention of many people, but no one was too surprised.

After all, in this Chaoge Tianzi City, there are all races, and there are not a few people who dress like it strangely.

Chen Feng and the four left here, and then headed directly to the Seven-Star Auction in the seventh-level city.

Soon, Chen Feng and others came to the seventh-level city, and they saw the huge seven-star auction site from a distance!

When Chen Feng had just arrived outside the Seven Stars Auction House, before he could get in, he saw a large group of people in the distance, talking noisily.

When Chen Feng heard this, he immediately caught a few words from it:

"Auctions, rare treasures, knives..."

Especially the word 'knife' made Chen Feng's heart aroused, and he immediately walked towards that way.

When he got closer, he discovered that the crowd surrounded by it was a huge stone pillar.

On the stone pillar, there are a few large characters engraved.

Chen Feng smiled at the person next to him and asked, "This man, I don't know what is written on it?"

This person is a tall and fat man, his face is full of impatient, and he wants to say a word: "Don't you know how to watch it yourself?"

But as soon as he turned his head, he saw Chen Feng's tall and mighty figure, especially the few people around him. He looked extraordinary at first sight, and his origins were definitely unusual.

He swallowed that impatient sentence immediately, and said with a smile: "This young man does not know anything."

"This is a notice issued by Qixing Auction House. Three days later, there will be a grand auction."

"This grand auction is only held once a quarter at the Seven Stars Grand Auction. The first-class auction room with the highest specifications will be opened. There are also a lot of lots in it, all of which are extremely precious and expensive. "

Chen Feng raised his brows: "That's it!"

The seven-star auction site has very high specifications. The auctions that Chen Feng participated in before were only held in very low-level auction rooms.

He was not even qualified to enter those high-level auction halls.

And now, the highest first-level auction hall has been opened, which shows that the absolute specifications of this auction are very high.

There are not few good things inside.

Chen Feng was also shocked.

The tall and fat man then smiled and said: "It is said that this auction will be open for a whole day, and the lot has reached hundreds of pieces!"

Chen Feng nodded and said, "I heard it just now. It seems that there is something about knives?"

"Yes, it's about the knife." The tall and fat man said with a smile: "It is said that there will be a very precious and powerful knife secret for auction."

"Oh? The secret of the sword? Be more detailed." Chen Feng immediately paid attention when he heard this.

He is very short of this stuff.

"In more details, I am not quite clear about this. It is not stated clearly above. I guess I will know it when I participate."

Chen Feng nodded: "Okay, thank you man."

With that, he turned and left.

The man looked at the back of their group leaving, a little surprised.

Soon, Chen Feng entered the Seven Star Auction, and then also saw Lu Yutang.

After seeing Lu Yutang, Chen Feng raised his brows, his eyes were a little surprised.

It turned out that in the past, when Chen Feng saw Lu Yutang, the smile on Lu Yutang's face was always calm and calm.

I've never seen him worry about anything. The whole person feels like he is calm and reliable.

But after seeing it this time, Chen Feng clearly saw a trace of sadness in his eyes.

Although he concealed it well, and quickly concealed this emotion, Chen Feng was still very keen to discover.**noVellUsB.cOm**

The trace of sorrow on Lu Yutang's face disappeared, and he was replaced with a very enthusiastic smile, haha said with a smile: "Yo, Brother Chen is back? Isn't it another time to come home?"

Chen Feng smiled and said, "Let's go in and talk."

Lu Yutang nodded, and the two of them entered the little flower hall and sat separately.

A maid served tea.

Then, Chen Feng looked at Lu Yutang and said, "Brother Lu, I see you, it seems a little frown. I don't know what's the embarrassment?"

When Lu Yutang heard this, he was taken aback for a moment, then shook his head and smiled bitterly: "Brother Chen really observed meticulously. You have observed all my emotions."

He sighed slightly and said, "Yes, there are indeed some things."

Chen Feng smiled and said, "Brother Lu, you might as well speak out."

"If Chen Feng can help, he must do his best."

Lu Yutang sighed slightly, glanced at the maids, waved and said, "Go down!"

"Yes." The maids went down one after another.

Lu Yutang personally shut the door tightly, looked at Chen Feng, and said, "I do have some embarrassment."

Chen Feng did not speak, just waiting for him to speak.

Lu Yutang sighed: "Brother Chen, do you remember Shen Tianhua who was in conflict with the two of us that day?"

"Of course I remember." Chen Feng said.

That day Shen Tianhua was very arrogant in front of everyone, disdainful of him in all manners.

As a result, Chen Feng slapped a sturdy slap when he was shot.

Since then, when Chen Feng came to the auction house several times, he met him, and he was hiding from Chen Feng from a distance, not daring to face Chen Feng.

It can be said to be quite afraid of Chen Feng!

Chen Feng asked, "Is he making trouble again?"

Lu Yutang said, "The problem is not with him, but with the people behind him."

"On that day, both of us offended him very cruelly, especially me. He originally had a grudge against me, and now he hates me even more."

"We are both third-level managers. He used to rely on a second-level manager."

"Later, the second-level manager was transferred to another auction house by various means. He lost his backing and his arrogance was greatly reduced."

"As a result, these days, I don't know what means he used, what path he took, and he got through the relationship with the big steward."

"The chief steward is in charge of this auction house."

[Chapter 2783: Five million dragon blood amethyst?](#)

"Now, there is a big steward to support him, everyone knows that big steward is his backing, he is suddenly crazy again."

"Now, he is very arrogant, and he has a big deal to support him in everything he does, so I was struggling during this time."

He paused and said with a wry smile: "Moreover, the chief manager personally issued an order, and this order is aimed at me."

'If I can't meet his requirements within a month, I won't be able to stay in this seven-star auction house, I can only get rid of it. "

He sighed softly, and said with a sullen face: "What about me, I don't care."

"But, I was sent by Missy."

"The eldest lady asked me to come here to do things, but I didn't accomplish anything. By that time, it was the eldest who lost face. I am really ashamed of the eldest!"

Chen Feng raised his eyebrows. The interior of this seven-star auction house was really complicated.

He asked lightly: "What conditions did he offer you?"

Lu Yutang smiled bitterly and said: "The chief steward said, this time, especially since I came, the quantity of various rare metals purchased by Qixing Auction House has been greatly reduced."

"This is my sin, if I want to make up for it."

"It is necessary to collect all kinds of rare metals, heavenly spirits and earth treasures, worth at least five million dragon blood amethysts within three days, to be considered qualified!"

He smashed the table fiercely, with a look of anger on his face: "This **** thing, there is nothing wrong with it."

"The rare metals collected by Qixing Auction House are not too many. There is no difference between before and after I came?"

"Furthermore, five million dragon blood amethysts are rare metals that the entire Seven Stars auction site can receive in a month is about that. He even asked me to collect them within three days by myself. It is really difficult for someone to do!"

"Yes, it's hard for a strong man, just to get you out!"

At this moment, an arrogant voice suddenly rang outside the door.

Then with a bang, the door was kicked open by someone, and a figure strode in.

After Chen Feng saw him, he suddenly raised his brows, and a cold look flashed in his eyes.

It turned out that it was Shen Tianhua who broke in at this time.

After Shen Tianhua came in, he raised his chin, his face was arrogant and arrogant, with an expression that did not put Lu Yutang in his eyes at all.

He laughed and said, "Lu Yutang, what's the matter? Close the door now and think about countermeasures?"

"But it's a pity, any countermeasures you think are useless, no matter how hard you struggle, it is impossible to gather five million dragon blood amethyst precious metals and heavenly treasures in three days!"

Lu Yutang stood up abruptly, his face full of anger: "Shen Tianhua, this is my site, what are you doing here?"

"What am I doing here?" Shen Tianhua smiled triumphantly: "Of course I am here to see your panicked look!"

"Hahaha, you are like this, I am the happiest after watching it."

Shen Tianhua said triumphantly: "You are now in a desperate situation, unless you ask the master behind you to allocate such a batch from the Chamber of Commerce."

"But it's a pity!"

He smiled sullenly and said: "The boss has been staring at him a long time ago. If your master dared to do this, then the elders in the chamber of commerce will immediately grab the handle."

"At that time, let alone you, even her herself will be finished!"

As he said, he gave out a triumphant laugh!

Lu Yutang took a deep breath, feeling awe-inspiring in his heart.

It's not that he hadn't had any ideas in this area before, but he also thought of this level, so when the nobleman said that he wanted to adjust a batch for him, he flatly refused.

Sure enough, this is a trap.

He said in a cold voice, "Shen Tianhua, I am here to entertain the distinguished guests, you should get out of here now!"

"Yo? Your distinguished guest? What distinguished guest?" Shen Tianhua looked aside and saw Chen Feng.

Suddenly, a ferocious look flashed in his eyes, full of hatred for Chen Feng.

Obviously, the lesson Chen Feng taught her that day has made him unforgettable even now.

He curled his lips: "What kind of guest did I think? It turned out to be this little brat!"

He looked at Chen Feng disdainfully: "Boy, what are you doing here again? Are you here to buy or sell tatters!"

Chen Feng looked at him and said nothing, just shook his head.

This person really didn't constrain at all.

Seeing that Chen Feng didn't speak, Shen Tianhua immediately thought that he had guessed it right, and said disdainfully: "With your status, your strength, that is, you can only buy a bit of a rotten point!"

"That expensive thing, can you afford it!"

Lu Yutang said coldly: "Get out of here for me!"

"Go away? Do you dare to let me get out? Okay, now you can still be arrogant for a few days, and after three days I think you are still arrogant!"

"At that time, you will get out of here dingy!" Shen Tianhua said coldly.

Suddenly, his eyes rolled and he came up with a new way to mock Chen Feng and Lu Yutang wantonly.

He immediately laughed and said: "Lu Yutang, Lu Yutang, you said that you are entertaining distinguished guests, don't you just count on Chen Feng as a kid?"

"You don't just expect him to come and bring you five million crystals of precious metals and natural treasures, do you?"

"Hahahaha, you are really rushing to the hospital for a sudden illness, are you going crazy? You want to turn to this waste?"

"Don't be five million dragon blood amethysts, it would be nice if he could bring in fifty thousand dragon blood amethysts!"

Lu Yutang clenched his fists in anger, his face was full of anger.

However, Chen Feng still had a calm face at this time. He looked at Lu Yutang, smiled and said, "Hey, don't tell me, what Shen Tianhua said really reminded me!"

"What?" Lu Yutang opened his mouth suddenly and looked at Chen Feng, not understanding what he meant.

Chen Feng smiled and said, "Aren't you going to collect five million dragon blood amethyst rare metals and heavenly treasures in three days?"

"I can really help with this."

"What?" Lu Yutang was shocked when he heard this, and looked at Chen Feng in disbelief.

He widened his eyes, opened his mouth wide, and said with a trembling, "Brother Chen, you, what you said is true?"

Although he had always been very confident in Chen Fengfeng, and had always looked at Chen Fengfeng, he still didn't think what Chen Feng said was true.

He even thought he had misheard, thinking that Chen Feng was crazy to say this!

That's five million dragon blood amethysts!

Not fifty thousand, not five thousand!

[Chapter 2784: Open your dog's eyes and see clearly!](#)

How could Chen Feng bring out so many dragon blood amethysts?

Moreover, those rare metals and natural treasures are not owned by everyone, even if all the inventory of a large family is emptied, it may not be able to collect such a lot.

Where did Chen Feng get it?

He hadn't spoken yet, and Shen Tianhua next to him was already laughing.

He leaned forward and back together with a smile, almost unable to stand still, and all smiled and bent over, as if he had heard the most ridiculous thing.

Chen Feng just looked at her coldly and said lightly: "What are you laughing at?"

"Of course I laugh at you, a ridiculous, arrogant and arrogant person!"

"Hahahaha!"

Shen Tianhua finally got up. He looked at Chen Feng and shook his head repeatedly, tapping his fingers in front of Chen Feng:

"Boy, I didn't expect that you are not only a trash, but also a lunatic."

"Five million dragon blood amethysts! Do you know what that is?"

He stretched out his five fingers and said, "That's five million dragon blood amethysts of rare metals and heavenly materials! Can you take out so much?"

He squinted at Chen Feng: "Don't say you put out five million, can you put out fifty thousand?"

"What are you doing to help him? Are you helping him with your mouth?"

Chen Feng glanced outside.

At this moment, the gate here is open, and there are already many people standing outside, dozens or hundreds.

These people are basically the people inside the Seven Stars auction house, there are guards and maids, and even some stewards who seem to be not low-level are standing outside!

They all come here to watch the excitement.

Almost everyone knows the contradiction between Lu Yutang and Shen Tianhua.

They also knew who Shen Tianhua belonged to and who belonged to Lu Yutang. Many people now watch from the sidelines just to watch the excitement, and it feels that the two of them have beaten their heads and shed blood.

Chen Feng's heart suddenly moved, and an idea surged.

He waved to the people outside, and they were all taken aback.

Chen Feng said lightly: "What are you doing in a daze? Come in quickly!"

Suddenly, these people rushed in.

Lu Yutang didn't know what Chen Feng meant, but he didn't interrupt Chen Feng.

Then, Chen Feng looked at Shen Tianhua again, smiled and said, "You just said that I can't even get 50,000 dragon blood amethysts."

"Then if I can take it out, how about you?"

"If you can take it out? If you can take it out, why don't I just kneel and call you dad?" Shen Tianhua said with disdain.

He said such a sentence directly, obviously he didn't think Chen Feng could produce so many dragon blood amethysts!

In his opinion, Chen Feng may have a good family background and a bit of strength, but in terms of financial resources, it is definitely very average.

It is impossible to have so many dragon blood amethysts!

Chen Feng laughed loudly and pointed to Shen Tianhua and said, "Okay, remember what you said, today you son, I am going to make a decision!"

Then, he looked at other people and said: "Everyone, you all bear a testimony, but you have all heard what he said just now."

Everyone roared: "Yes, I heard it."

"We've all heard, as long as you can take out fifty thousand dragon blood amethysts, he will call you father!"

Chen Feng laughed, and suddenly the laughter turned into a stern shout, staring at Shen Tianhua, and said in a cold voice: "Then, you can open your dog's eyes to see clearly, what is this!"

The next moment, Chen Feng took out a gold thread kit.

Shaking his hand, he directly opened the golden thread kit.

Then, from the inside, all kinds of precious metals like a waterfall, heaven and earth treasures, pearls and beautiful jade, poured out.

Purple ray, golden ray, cyan ray, and so on.

In a blink of an eye, a piece of light illuminated by this little flower hall was transparent.

In an instant, a huge and tyrannical aura was flooded here.

Everyone took a deep breath, their eyes widened, and they looked there and said, "What is this?"

Then, the next moment, they all uttered a huge exclamation.

All kinds of treasures flowed out like a waterfall, and in a blink of an eye they piled up into a hill on the ground.

After a while, the flow was finally over, and the waterfall finally disappeared.

A hill as high as two people has appeared on the ground. This hill is entirely made up of various treasures!

All kinds of jewels were arrogantly vertical and horizontal, and the crowd made huge exclamations.

"What gem is this?"

"Oh my god, the value of one piece of this gemstone can reach tens of thousands of dragon blood amethysts! There are a dozen pieces here?"

"Moreover, every piece is the best!"

"Yes, look at that kind of metal, that kind of metal is the dream of casters at all levels."

"When casting, adding a little bit in it can greatly improve the toughness. This kind of metal will sell for eight thousand dragon blood amethyst per catty! Such a big piece, I think it will be fifty or sixty catties! "

"God, how come there are so many treasures? How come there are so many rare metals!"

Everyone screamed endlessly.

An old man even walked out and said in a trembling voice: "The treasures of this hill, added up, are at least one million dragon blood amethyst giants!"

"What? More than one million dragon blood amethysts?"

Everyone shouted again.

They all knew before that the treasures of this hill must be very expensive and of great value, but they didn't expect to reach more than one million dragon blood amethysts!

However, no one doubted what the old man said.

Because this old man is an auctioneer who has been at Seven Star Auction House for hundreds of years.

Although the cultivation base is not high, he can see things very accurately.

He said it was worth it, so it must be worth it.

Everyone was shocked and didn't know what to say, looking at Chen Feng, his eyes were full of great shock.

Chen Feng looked at Shen Tianhua, smiled and said, "Shen Tianhua, how much are these dragon blood amethysts worth? Come and tell me!"

At this time, Shen Tianhua was completely stupid.

He stared blankly at the pile of metal on the ground, his face was dull, his whole person was already stupid.

He opened his mouth wide, and didn't even know that Harazi came out from the corner of his mouth.

After a long while, he blinked his eyes, as if regaining his senses, glared at Chen Feng, and yelled in disbelief: "This, is this impossible?"

"Is it impossible?"

Chen Feng smiled and looked at him: "I know you don't want to believe it, but unfortunately, this is the truth!"

"That is, not only can I take out fifty thousand dragon blood amethysts, I can also take out more!"

"And do you think this is over?"

Chen Feng laughed, and then took out a few gold thread tips and shaken them out one after another.

[Chapter 2785: Kneel down! Call dad!](#)

So, rushing, several hills appeared on the ground instantly.

There are a total of four hills, appearing in front of everyone, and they are all made up of various rare metals, heaven and earth treasures, piled up.

Bejeweled!

Everyone even stopped exclaiming now.

They all looked dull, and they couldn't even recover. They were so shocked that they couldn't speak.

The old man trembled and said, "These, these add up to at least five million dragon blood amethysts!"

"God, this is the first time I have seen so many treasures in my life!"

As he said, he screamed and shook his body before fainting.

Such a well-informed and extremely old auctioneer was so scared that he fainted because of Chen Feng's so many treasures!

The others were even more dazed, watching this scene stupidly.

Chen Feng looked at Shen Tianhua, smiled and said, "You said I can't even get 50,000 dragon blood amethysts, but now, I have taken out five million dragon blood amethysts, how about?"

He suddenly raised his voice and shouted sharply: "Are you convinced or not?"

At this time, the whole person on the 5th is in a very dumb and shocking state.

He never thought that Chen Feng would be able to produce so many dragon blood amethysts, which really shocked him to the extreme.

His whole person is still in a state of brain chaos.

After a while, Shen Tianhua finally recovered. He pointed at Chen Feng and screamed: "How come you have so many dragon blood amethysts? How can you have so many treasures?"

He didn't think of asking this question until then, and he was shocked by patronizing before.

Chen Feng smiled and said, "I'm sorry, but I just have so many treasures."

Suddenly, his voice became cold and stern, and he stopped drinking: "Now, should you kneel and kowtow to call father?"

Shen Tianhua looked at Chen Feng with a sullen face and said, "Boy, I warn you, if you dare to let me do this, I will never spare you."

Chen Feng smiled and said, "These nonsense of yours is useless to me."

"Now, I only let you do one thing, and that is..."

He said word by word: "Kneel down and kowtow! Call you father!"

The crowd around the audience also came back to their senses.

They were shocked by Chen Feng's incomparable financial resources, and one thing they were more willing to do at this time was booing.

Everyone shouted loudly: "Shen Tianhua, kneel down!"

"That's right, should you fart when you say it? Kneel, kneel!"

"Hahahaha!"

Shen Tianhua gritted his teeth, his face was cold and sullen, and his eyes circled.

He didn't want to kneel, he was thinking of a way.

And Chen Feng had already seen through his thoughts, and said lightly: "I will count three times. If you are not expensive, I will do it myself."

"One!"

"two!"

Hearing what Chen Feng said, Shen Tianhua had a look of fear in his eyes, but he knew Chen Feng's strength.

He knew that if Chen Feng did, he would not only have to kneel, but he would also suffer from flesh and blood.

When the time comes, it will be even more embarrassing.

He gritted his teeth, his face was extremely humiliating.

Finally, when he walked to Chen Feng, he knelt down with a bang, his lips moved and his voice trembled.

But in the end he still uttered a word: "Father!"

Chen Feng laughed loudly: "Okay, okay, okay, really a good son! Really filial!"

Chen Feng smiled and looked at Shen Tianhua and said, "I just told you, I can really help him with this matter."

"I, Chen Feng, never utter false words!"

Shen Tianhua knelt there, shivering, and the shame in his heart filled his heart, making him feel that his brain was congested, his eyes were dizzy, and a cloud of gold stars could hardly be maintained, and he had to fall directly to the ground.

He was washed away like a sea wave by that shame, and his whole spirit almost collapsed.

At this time, he was full of regret:

"Why should I insult myself? Why should I do this!"

After a long time, Shen Tianhua stood up with a gloomy face and said, "Now I can go, right?"

Chen Feng waved his hand impatiently: "Go away! Go away!"

Shen Tianhua separated the crowd and walked out dingy, everyone behind him made a ridiculous noise.

"Hahaha, this time Shen Tianhua has lost all face."

"That's right, Shen Tianhua, Shen Tianhua, he thinks he is amazing, but he doesn't know that he is nothing in front of Chen Feng, and Chen Feng easily lost his face."

"He lost the adult this time, I'm afraid he will not dare to be arrogant in the auction for a long time."

These words were all passed into Shen Tianhua's ears. His face was full of shame and anger. His face was blushing and blue, and his face was flushed red, as if he was slapped in the face. same.

And that is exactly the case!

The humiliation he received today was even worse than being slapped in the face in front of everyone!

He covered his face, didn't even dare to look at others, and ran out directly.

This time, he lost his face!

Chen Feng laughed loudly and shouted: "My dear son, come see your dad often when you have time!"

Hearing what he said, Shen Tianhua felt a thud, and blood rushed to his forehead.

Suddenly, the eyes went dark, and one staggered, lying directly on the ground, falling a dog to eat shit.

Everyone even laughed.

Shen Tianhua got up and ran away staggeringly.

At this moment, Ji Caixuan and Chen Ziyuan looked at Chen Feng with a smile.

Chen Ziyuan pursed her lips and smiled: "Brother Chen, you really haven't changed at all."

Ji Caixuan also applauded: "Master, tell him to be arrogant in front of you, this time let him lose face!"

Purple Fire True Spirit even gave out a weird giggle in the cloak, which shocked many people!

At this time, Lu Yutang was full of ecstasy.

He was immersed in the huge shock just now, and only then came back to his senses.

When Chen Feng said that he could help, he didn't believe it at first, but he didn't expect Chen Feng to actually come up with the rare metal of heaven, spirit and earth worth more than five million dragon blood amethysts!

This shocked him inexplicably!

He looked around, waved his hand to those people, and said, "Okay, it's okay. Go back quickly."

"Good, good." Everyone's attitude towards him at this time has changed from before.

When they came over just now, with a lively expression, some people looked at him, even with a hint of joking.

Because all of them knew that it was impossible for Lu Yutang to collect five million dragon blood amethysts in a short period of time.

Therefore, he is most likely unable to stay here.

And now, five million dragon blood amethysts are in front of everyone, everyone knows that this time his position is firmly established.

[Chapter 2786: 5.2 million dragon blood amethyst!](#)

Not only will he not leave here in a short time, but his status will become more prominent.

This made everyone dare not treat him any more contemptuously, which was very respectful!

After driving everyone out, Lu Yutang hurriedly closed the door.

He looked at Chen Feng and said with a trembling voice: "Brother Chen, you, you have so many dragon blood amethysts? How can you have so many rare treasures?"

Chen Feng smiled and said: "This time I got a chance to go out. I won't say what it is."

"But you only need to know that this time, if you are a favor, it is enough that I can help."

When Lu Yutang asked that question, he knew that he had made a mistake.

He hurriedly said: "I made a mistake just now, I really shouldn't ask!"

He looked at Chen Feng, and then took two steps back, and then he took a deep sigh, and said: "Brother Chen, I really want to thank you this time. For me, this is a life-saving grace!"

Chen Feng smiled and said, "My brother, what are you doing with these polite remarks?"

"Originally, you helped me a lot."

Lu Yutang said: "This time you are busy, but it is enough to offset any previous debts."

Chen Feng smiled and said, "That's what you think, but I don't think so."

"If it weren't for your help, I might not be able to come back this time. So, let's take each other's love separately."

"Good, good." Lu Yutang said: "Then, I won't tell you these polite words to Brother Chen Feng!"

He looked at these treasures, rubbed his hands, his face was full of excitement, and said, "Brother Chen, I'll find someone to come over and count it now, is it okay?"

Chen Feng smiled and said, "No problem, anyway, I want to take these things with you."

"Either auction, or your chamber of commerce can directly purchase, you can do it."

"Anyway, I won't treat me wrong."

Lu Yutang nodded solemnly and recruited a few people.

After those people came in, they were all shocked by this scene, and it took a while before they reacted.

Lu Yutang yelled coldly, "What are you still doing in a daze? Don't you hurry up and count?"

"Yes, yes." These people nodded quickly.

Then, they divided these things into several large piles according to their categories, and piled up the same things in each category in small piles.

A few people shouted loudly here, but another person was holding a jade slip, sliding his finger on it, writing something, and recording it.

They really did this professionally. They were very fast, and it took almost half an hour to count all these things.

After listening to them, Lu Yutang took a breath and looked at Chen Feng and said:

"Brother Chen, congratulations, this time, the price of your things has reached 5.2 million Dragon Blood Amethyst!"

"Furthermore, this is a minimum number. If it is put at auction for auction, the price may be even higher."

Chen Feng nodded: "Then it's up to you."

"If there is an auction in the near future, I will take part of it, if not, then forget it!"

"Well, then part of it will be purchased directly by the Chamber of Commerce, and the other part will be sold for auction!" Lu Yutang said.

Chen Feng nodded and asked, "Then when can I get the Dragon Blood Amethyst?"

"This is not a problem, now I can report to the chief executive and get 5.2 million dragon blood amethyst for you."

"Because you, these things, the least value is 5.2 million dragon blood amethyst, the rest, I will auction."

"If after auctioning everything, the value of dragon blood amethyst exceeds 5.2 million, then there will be a dragon blood amethyst for you. If it is not enough, Master Chen Feng, you don't need to return it again. Because that is equivalent to my own eyes." Lu Yutang said.

Chen Feng nodded: "That's great, but it doesn't have to be."

"If these things are really not up for sale, I will naturally refund a portion of the Dragon Blood Amethyst to you."

"We are friends, but I can't lose you."

Lu Yutang nodded, feeling even more grateful.

Then, Lu Yutang pleaded guilty and left.

He went here for a long time, more than two hours.

When he came back, he was carrying a dozen gold thread tips.

After entering the door, he dropped the golden thread kit on the table, and then laughed, the laughter was extremely high and intense, full of venting emotions.

It's as if you want to vent all the grievances, depression, and fear you have suffered these days.

Chen Feng understands this sentiment very well, because sometimes he is also the same.

After laughing for a long time, Lu Yutang stopped and looked at Chen Feng and said, "Sorry, Brother Chen, I made you laugh."

Chen Feng smiled: "It's okay."

Lu Yutang clapped his hands and laughed and said, "You haven't seen it, the old thing had that expression just now!"

"Hahaha, when I put these precious metals, the treasures of heaven, material and earth in front of him, he was so stupid that he couldn't believe it."

"But he can't help but believe it, he doesn't want to admit it yet, but so many people have seen it, it's useless if he doesn't admit it."

"The old thing was flushed back then, as if I was slapped in the face, brother, you don't know how I feel in my heart!"

"Cool! It's so refreshing, so happy!"

Chen Feng laughed: "This effect is what I want."

Then, Lu Yutang sat down and opened all the gold thread tips.

Suddenly, crashing, countless dragon blood amethysts poured out of it.

Purple light illuminates the entire flower hall, and countless dragon blood amethysts almost completely submerge the flower hall!

"This is a total of 5.2 million dragon blood amethysts!" Lu Yutang said.

Chen Feng took a deep breath, looked at these dragon blood amethysts, and gently clenched his fists: "This is my next foundation!"

"The next rise or not depends almost on them!"

He put these dragon blood amethysts away and put them in his arms.

Lu Yutang looked at Chen Feng and said, "Brother Chen, I don't know what you need this time?"

Chen Feng immediately said: "Two dragons and snakes pay Tai Dan."

"Well, the dragon and the snake pay Tai Dan, right? No problem."

Lu Yutang smiled and said: "I had already ordered a few tablets from the Chamber of Commerce last time. At that time, I said it was one, but I actually ordered three. It was prepared for Brother Chen you might want to ask for more."

Chen Feng smiled: "In this case, give me all three!" *noVeluSb.com*

Chen Feng had thought about it a long time ago, and he would definitely need Dragon Snake to pay Tai Dan.

A dragon and snake pays Tai Dan to treat his current injury, and the rest is spare.

[Chapter 2787: News of the Miyako Jinling Jue!](#)

Because Chen Feng is often seriously injured, it is very difficult to recover on his own ability, and having Dragon Snake Jiao Tai Dan is equivalent to another life!

Although this Dragon Snake Jiao Tai Dan is extremely safe and expensive, Chen Feng is also a very rich person now, and he does not want to hold the money in his hands.

What he wants is real strength!

Lu Yutang nodded: "Okay, then three dragons and snakes will pay Tai Dan!"

"The three dragons and snakes pay Tai Dan, a total of 600,000 dragon blood amethysts, are there others?"

"Others?" Chen Feng suddenly moved in his heart, remembering what had happened outside before, and asked:

"This time, at the auction, is there a very sophisticated knife to be auctioned?"

Lu Yutang looked at Chen Feng and said, "The sword technique can be said to be a sword technique, but it is actually not that accurate."

"Because this is not a simple sword technique, but a sword technique!"

"What? The technique of imperial swords?" Chen Feng's heart suddenly became hot when he heard it, and his heart beat wildly.

He trembled and said, "Isn't it the Royal Blade True Spirit Art?"

"Yes, it is the Royal Sword True Spirit Art!" Lu Yutang looked at Chen Feng and said, "It turns out that Brother Chen Feng, you know the Royal Blade True Spirit Art!"

"Great, it turned out to be the Royal Blade True Spirit Art! Hahaha!"

For a while, Chen Feng's emotions were almost uncontrollable, and he said excitedly: "I'm in urgent need of this Royal Blade True Spirit Art!"

When Lu Yutang heard this, his face was embarrassed and said, "Brother Chen, it's a pity that you said it a bit late."

"If you could say it earlier, even if I lose all my face and love, I will leave this Royal Blade True Spirit Art for you."

"However, now that the news has been sent out, this Royal Blade True Spirit Art must be bought, because the chief steward has already nodded, and no one can change this decision."

"Furthermore, the Royal Blade True Spirit Art is a wild-type technique. It is very precious. Although there are a lot of them, there are more people in need, and there is no market."

"Every time a copy appears, it will be robbed, and such a precious thing can't be taken down at all!"

"Brother Chen, I'm really sorry."

His face was full of guilt.

Chen Feng smiled and shook his head and said: "It's okay, I didn't blame you for this matter, and you didn't know that I needed this Royal Sword True Spirit Art."

He raised his eyebrows and said, "Since it needs to be photographed at the auction house, then I will go and photograph it."

"Anyway, I also have such financial resources now!"

"That's true." Lu Yutang nodded and said.

Chen Feng asked: "Brother Lu, I don't have a deep concept about this. You are an insider. Please help me estimate."

"How much dragon blood amethyst would be needed to photograph the Royal Blade True Spirit Art?"

Lu Yutang frowned, thought for a moment, and then said: "If Brother Chen Feng, you told me earlier, then with about 1.5 million dragon blood amethysts, you can get this imperial sword true spirit art. Come down."

"This is already a relatively low price, and if there is an auction at that auction house, it is really uncertain what will happen."

"For example, a person who is strong enough, is in urgent need of this thing, and has very strong financial resources at the same time, he will definitely pay a high price."

Chen Feng smiled bitterly and said, "Now I am such a bully."

Lu Yutang sighed softly and said, "But I estimate that the most, and it should not exceed two million dragon blood amethysts."

"Two million dragon blood amethysts!" Chen Feng nodded heavily.

This can already be said to be a sky-high price. You must know that even a piece of dragon blood amethyst, placed in the Tianyuan Dynasty, can almost buy an inestimable huge wealth.

That is to say, only in places with extremely high levels of power like Chaoge Tianzi City, can there be items that require such a huge amount of dragon blood amethyst to purchase.

However, Chen Feng thought about it and felt that even if it was two million dragon blood amethysts, it was worth it.

This is a Wild-level first-grade technique! And it is extremely suitable for my own use, and at the same time I am extremely urgent.

Chen Feng clenched his fists and whispered to himself: "If I can get him, my strength will be increased by at least 50%, or even doubled will not be a problem."

"At that time, the shadow gang leader..."

Chen Feng smiled coldly: "Just wait to tremble under my knife!"

Then, Lu Yutang asked again: "Brother Chen Feng, I don't know what else you need?"

Chen Feng said without hesitation: "I need the training room here!"

This is the answer Chen Feng has already thought of.

This answer was obviously beyond Lu Yutang's expectations. He raised his eyebrows and asked, "Cultivation room? I don't know what level of training room you need, Brother Chen Feng?"

"You have to bother Brother Lu, tell me the reason for this," Chen Feng said.

Lu Yutang nodded and said, "Okay."

"The training rooms in our auction house are divided into three categories."

"They are advanced, intermediate, and elementary. The three-level training rooms correspond to the half-step martial emperor, the eight-star martial emperor or higher, and the six-star martial emperor or higher."

"If you are below the Six-Star Martial Emperor, you are not qualified at all, and there is no need to use the training room." *NoVeUSb.cOm*

He paused, and then said: "Because even the most elementary training room, the power inside is extremely large, and it is simply not something people below the level of the Six-Star Martial Emperor can bear!"

"They will be killed directly by the huge force inside."

Chen Feng laughed and gave a high-five with both hands: "This is what I want!"

He had already thought about it, this time he must come to the training room here.

The reason why Chen Feng chose the training room here is that even if the aura of the heavens and the earth in Chaoge Tianzi City is already extremely large, far more than the Dragon Vein Continent below does not know how much, but it is still not enough for him.

Chen Feng's most urgent need now is strength, the strength that can be held in his hands.

That's why he needs to buy the Royal Blade True Spirit Art. That's why he needs Dragon Snake Jiaotai Pill, so he needs to enter the training room.

Because, after entering the training room, he can obtain the most majestic and powerful aura of heaven and earth, and he can improve his realm at the fastest speed and in the shortest time.

Lu Yutang nodded and understood Chen Feng's thoughts.

He pondered for a moment, and said, "Brother Chen, that junior training room you have used last time, how do you feel?"

Chen Feng shook his head and said, "No, the power inside is still a bit weak."

Lu Yutang couldn't help but stunned.

Chen Feng was only in the realm of the Six-Star Martial Sovereign. It stands to reason that the average Six-Star Martial Sovereign could not even bear the power in the primary training room, and Chen Feng was still too small.

[Chapter 2788: Intermediate training room](#)

It can be seen that his strength really far exceeds his realm.

"If this is the case, the power of the advanced training room is a bit too huge, and it can only be withstood half a step in the Martial Emperor realm." Lu Yutang said.

Chen Feng said: "Okay, then I will choose the level training room."

"How many dragon blood amethysts a day in this ultimate training room?"

Lu Yutang stretched out a finger: "Ten thousand dragon blood amethyst a day."

When Chen Feng heard this, he couldn't help taking a breath, 10,000 dragon blood amethyst a day, this is simply burning money!

In this training room, if it were the last year of cultivation, then three or four million dragon blood amethysts had disappeared.

And although I have five million dragon blood amethysts on hand, it seems huge, but you know, this is the wealth that the Black Mountain Five Tigers have accumulated for hundreds of years!

Such a good thing can be met but not sought, I am afraid it will be difficult to meet it a second time.

The general warrior is only afraid to accumulate ten and a half months, no, a few months, only to be able to practice in this intermediate training room for one or two days.

but. The effect is indeed good enough,

"Before, Brother Chen Feng, you stayed in that primary training room for a while. That is the biggest face I can sell you, but this time I will collect dragon blood amethyst!"

Chen Feng nodded and said, "I know."

"Then, I will practice for three days first, and I will practice until the day the auction begins."

"Okay, then I'll go down and make arrangements." Lu Yutang nodded and said!

Lu Yutang left, and an hour later, he returned and said to Chen Feng: "The matters in the intermediate training room have been arranged."

"Brother Chen Feng, you can just follow them directly later."

Chen Feng nodded, and then Lu Yutang took out another jade box.

When the jade box was opened, a fragrant and icy fragrance filled the flower hall immediately.

Chen Feng took a deep breath and felt that the injury in his body seemed to have improved.

He was very familiar with this scent, which was exactly the smell of Dragon Snake Jiao Tai Dan!

"These are three dragons and snakes to pay Tai Dan." Lu Yutang handed the jade box to Chen Feng.

Chen Feng nodded, and after reading it, he put it into his golden thread bag.

Then, he took out 830,000 dragon blood amethyst and gave it to Lu Yutang.

Among them, 30,000 dragon blood amethysts cost three days of training in the intermediate training room.

The 600,000 Dragon Blood Amethyst was the cost of purchasing three Dragon Snake Jiaotai Pills. As for the other 200,000, Chen Feng owed Lu Yutang before.

Chen Feng really didn't have Dragon Blood Amethyst before. Now that he has it, he will naturally return it immediately.

Chen Feng said, "Then I will go to practice now, and I have to trouble my brother to help me arrange the three of them."

With that, she pointed to Ji Caixuan, Chen Ziyuan and Zihuo Zhenling.

Lu Yutang smiled and said, "Don't worry, these three, during these three days, I will arrange for them to live in the rooms of the big auction house."

"They are all separate small courtyards and pavilions, very quiet, no one is disturbed, daily food will be delivered directly."

"Moreover, ensure safety."

Chen Feng nodded and said, "So, it would be a lot of work."

Chen Feng and Ji Caixuan Chen Ziyuan told them, then turned around to leave.

When he came to the door of the Flower Hall, he suddenly turned around, looked at Lu Yutang and asked:

"I don't know how many advanced training rooms are needed in a day?"

Lu Yutang smiled and stretched out a slap, then reversed it, and said, "One hundred thousand dragon blood amethyst."

"One hundred thousand dragon blood amethyst?" Chen Feng took a deep breath and shook his head: "This is really burning money!"

"Only a warrior of that level can withstand such consumption!"

"and,"

Lu Yutang said: "If I want to use the advanced training room, I can't be the master at all. I need to be in charge of nodding."

"Because there are only a few high-level training rooms, and many half-step martial emperors want to go, and some we don't want them to enter!"

Chen Feng nodded, did not say anything, just turned and left.

Soon, he came to the garden again under the leadership of the maid.

The intermediate training room is in the depths of the garden.

When he came here again, Chen Feng felt that everything in front of him was different from what he had seen before.

In fact, the scenery has not changed, the only difference is his cultivation level and vision.

Chen Feng could see that there were a total of 18 huge golden castles in this garden.

Each one looks like an upside-down large bowl with various lines carved on it.

This garden doesn't look big, but when you step into it, you have already entered a folding space.

When Chen Feng was taken to the front of a golden castle, he deliberately did not go in, but walked aside instead.

Sure enough, after he took a step, he saw another scene suddenly, as if this step had already taken several kilometers.

The maid hurriedly yelled behind her: "Master Chen, please don't go around, it is very dangerous here."

The voice came from far away, as if it had been several kilometers away.

Chen Feng smiled slightly, feeling clear.

He took two steps back and returned to the front of the golden castle.

When he looked forward again, he found that there was no difference from what he had seen before.

Chen Feng sighed softly, and said in his heart: "It's amazing!"

"It turns out that this garden looks like a garden with a radius of two to three miles, but in fact, it has at least compressed and folded a huge space for tens of thousands of miles."

"And under this huge space of tens of thousands of miles, I don't know how much space is compressed, how many secrets are sealed, and how much spiritual energy is connected, and the vitality of the world is filled."

Chen Feng looked at the golden castle and found that the surrounding area of the golden castle actually contained a large array.

Below here, there is actually a huge formation.

Huge auras, like giant vines twisted together, poured into these golden castles.

Chen Feng sighed slightly, a sense of awe in his heart.

"Behind this seven-star auction house, behind this seven-star chamber of commerce, I don't know what a tyrannical man is standing! There is such a way to reach the sky!"

Chen Feng is only just now able to understand these methods.

Don't say let him do it, let him understand that it is difficult for him to do it.

No way, no realm.

When Chen Feng stepped into the golden castle, he immediately felt as if he had entered a closed world.

In the rolling noise, the gate of the Golden Castle slowly closed behind him.

The feeling of being completely sealed and enveloped, and unable to breathe at all, as if being crushed by the mountains, suddenly appeared in Chen Feng's heart again.

[Chapter 2789: Crazy practice](#)

Chen Feng let out a long sigh of relief: "I still practice faster under this feeling!"

This time, the familiar feeling came, but it was much stronger than last time.

Chen Feng noticed it carefully and felt that the pressure was at least ten times greater.

He smiled and said to himself: "It's worthy of being an intermediate training room, but it's much better than a junior training room."

Chen Feng took a look around and found that the area was as large as a kilometer, which was enough for him to practice the exercises and even practice some powerful martial arts!

The area of the primary training room was thirty or forty times larger than before.

Chen Feng walked around here. It was obviously pitch black, but he didn't know where the light could make Chen Feng look around.

He saw that the ground was a huge unknown metal casting with countless lines carved on it.

There was yingying light overflowing from it, and enormous power poured out from the metal.

The same is true on the surrounding walls.

Chen Feng took a deep breath, feeling a huge force of heaven and earth pouring into his body.

He smiled and said, "Heaven and Earth's aura is already thirty times that of Chaoge Tianzi City, and it is also thirty times that of Xuanyuan Family."

"Cultivating here for three days, the time is worth my three months of practicing in the Xuanyuan family."

"At the same time, my cultivation speed is dozens or hundreds of times faster than other warriors of the same level."

"So, if you count it this way, my practice speed here a day is thousands of times faster than other warriors of the same level."

Chen Feng was extremely excited and clenched his fists!

He immediately swallowed a dragon and snake to pay Tai Dan, and then sat cross-legged.

The power of the dragon and the snake crossed Tai Dan, exploded in his body, healing the injuries in his body.

About half an hour later, Chen Feng let out a muffled groan, and many wounds opened in the pores of his body. Numerous blood gushed out from it, and some fragments of broken bone were mixed in it.

These are all waste products. After being excreted from his body, new ones are immediately born in his body.

The jade bones and golden muscles bloom again.

And Chen Feng also spewed out a big mouthful of bruise.

This is a bruise of internal organs!

After he expelled this bruise, he immediately felt refreshed and extremely comfortable.

Chen Feng smiled slightly, came to the edge of the spring water, jumped into it, washed himself up and down at a very fast speed, and then walked back to the center of the formation and sat cross-legged.

He seized all the time and desperately began to absorb.

As soon as Chen Feng let go of the absorption, the huge and rich power of heaven and earth flowed crazily into his body along his seven orifices, along his limbs, and along every pore of him.

Even the power of this world is as strong as the essence.

Chen Feng felt as if water was constantly instilling in his body!

Suddenly, around Chen Feng's body, an orange jade slip made of the power of heaven and earth appeared. The next moment was the second, then the third and fourth.

Boom boom boom boom, one after another orange jade slips transformed from the power of heaven and earth appeared constantly.

In the end, all three thousand orange powers of heaven and earth appeared beside Chen Feng's body.

Beside his body, it turned into a huge existence like a scroll, rotating back and forth around Chen Feng.

And the speed of rotation is getting faster and faster, in the end it turned into a long orange dragon.

The next moment, in Chen Feng's dantian, there were four rounds of big sun, it should not be said that five rounds of big sun suddenly appeared.

Each of these five rounds is shining with golden light, four of them are very huge.

After coming into the air, it was almost like the sun.

Distributed around the orange jade slips.

The other one is as small as a chicken, but the light is not inferior at all.

Chen Feng watched this scene, a slight smile appeared on the corner of his mouth, and continued to absorb frantically.

Those majestic auras of heaven and earth first entered her body, and then came into her dantian.

After spinning a circle, he shot out from Chen Feng's body, and came to the sun,

Then enter the second round of the big day, enter the third, fourth...

In the end, it turned into a golden light and poured into the fifth round of the Great Sun.

Chen Feng was absorbed frantically, and the fifth round of the big day gradually became bigger.

At the same time, new orange powers of heaven and earth appeared one after another.

Three thousand and one, three thousand and two, three thousand and three...

Two hours later, the fifth round of Da Ri became the size of a fist.

Six hours later, the fifth big day became the size of a wine jar.

And the number of orange power of heaven and earth has also increased to three thousand five hundred!

Twelve hours later, the fifth round of the big sun has reached one foot in diameter.

The radiance is dazzling and thick as the essence!

At this time, Chen Feng had been here for twelve hours.

A whole day!

For a day under this kind of pressure, ordinary warriors can't stand it.

But Chen Feng didn't even feel it, he was still absorbing it crazily.

He has forgotten the outside world, and there is only one belief in his heart, that is to become stronger!

At this moment, outside the huge golden castle, the two maids stood there and looked at the gate, with a hint of worry in their eyes.

The taller and older maid said with some worry: "Master Chen Feng has been in for a day, why hasn't he come out yet?"

"Yes!"

The round-faced girl next to her was really cute. She rubbed her hands, her face was full of unbearable worry: "He has been in for twelve hours."

"The words of an ordinary warrior can support three or four hours in it, which is not bad."

"Some excellent talents can support six or seven hours. Only some monsters with exceptional talent can support more than ten hours. He hasn't come out for twelve hours?"

The tall maid suddenly covered her heart, and said in a panic, "Isn't he going to have something wrong?"

"No." On the contrary, the little girl who looked very cute was able to hold it, carefully sensing the movement inside, and said:

"If something happens to him inside, the huge heaven and earth vitality inside will not be so turbulent, which means that he is still absorbing!"

"It's still absorbing?"

The two looked at each other, and they all saw a strong shock in each other's eyes. What a powerful talent he has!

The two waited outside for another three hours, and finally couldn't wait any longer. They were fidgeting, thinking that Chen Feng might be in trouble.

So they quickly reported to Lu Yutang.

After Lu Yutang got the news, he rushed over quickly. He came here, took a deep breath, closed his eyes and felt it carefully.

[Chapter 2790: Five thousand nine hundred and ninety-nine orange power of heaven and earth!](#)

Then, a smile appeared at the corner of his mouth, and he looked at them and said, "Well, you two don't have to worry."

"Brother Chen Feng has nothing to do in it. You two can just stay here and take a good look. Do you understand?"

"Yes, yes." The two maids agreed.

Lu Yutang smiled and said, "I guess Brother Chen Feng will be able to stay there for three or four hours, and will come out to rest after two days."

"At that time, you two will take good care of you, don't you understand?"

The two maids have stayed here for many days, and they naturally understand what this service means.

I also know that there are some warriors in it, and their crazy cultivation under that great pressure will cause great pressure on their mind and body.

So they often vent after coming out of the inside.

Physical catharsis!

The two maids glanced at each other, both of them were blushing, but they didn't seem unwilling, and said softly, "Yes, sir, we understand."

Lu Yutang looked at them with a smile: "Brother Chen is a talented person, and he is young and promising. You two are naturally willing to serve him."

"I'll come back in a while."

After speaking, he left.

Soon, six hours passed, seven hours passed, and nine hours passed.

Two days have come, Chen Feng has been in for two full days, but he still hasn't come out.

Lu Yutang came again.

Only this time, the expression on his face was not relaxed, but full of dignity. He looked at the golden castle and said, "It shouldn't be!"

"In two days, no matter how genius he is, it is the limit to support him for two days. He hasn't come out yet?"

But he felt it a bit, and clearly felt that Chen was still absorbing it.

So he let out a sigh of breath, thought for a moment, and finally decided not to disturb Chen Feng.

But just leaving like this, he felt a little uneasy.

So, he simply sat cross-legged outside this door and waited for Chen Feng to come out, just in case.

If it is Chen Feng, if there is anything in it, he can feel it for the first time, so he can help Chen Feng!

Three days passed in a flash.

Finally, when the thirty-sixth hour Chen Feng stayed in this golden castle passed, Chen Feng suddenly opened his eyes.

With a bang, the light above Chen Feng's body was immense.

The power of countless golden dragon descending arhats rushed out of his body, spreading away frantically.

Chen Feng Baoxiang is solemn and his eyes are indifferent, just like a Buddha bathed in golden light.

At this time, there were already five full rounds of big days above the sky, and the last big round was no different from the four before, and even bigger.

At this time, around Chen Feng's body, the orange power of heaven and earth, the number of orange jade slips, had doubled compared to before.

No, it should be said that there is still one less.

Not six thousand, but five thousand nine hundred and ninety-nine!

Chen Feng could feel the extremely powerful force in his body.

But when Chen Feng perceives carefully, he can even feel that after that force is the lack of strength in the successor.

A light smile appeared at the corner of his mouth: "If I want to break into the Seven-Star Martial Emperor, I can do it."

"I can gather the last jade slip, but this is a bit weak in succession, which is harmful to me."

"Forget it, let's not break through today, look for a better opportunity!"

Chen Feng waved his big sleeves, and immediately, the five rounds of golden sun plunged into his dantian.

And the five thousand nine hundred ninety-nine orange powers of heaven and earth all disappeared.

Chen Feng laughed loudly: "This intermediate training room is really amazing. I spent three days in it and I have climbed to the point where I'm only a line away from the Seven-Star Martial Emperor!"

"My current strength has surpassed the early stage of the Nine-Star Martial Emperor, and is comparable to the mid-stage powerhouse of the Nine Star Martial Emperor!"

"At this time, even if I encounter the shadow gang leader, I can easily escape, and even tie him."

Of course, with Chen Feng's current strength, it is impossible to crush and kill the shadow gang leader, but he is already content.

After all, in just three days, he has already made such a huge improvement, and his strength has nearly doubled!

Chen Feng washed again in the spring water, and then put on a large robe and sleeves.

With a bang, the door opened.

Chen Feng walked out directly. At this time, Lu Yutang was already fidgeting like an ant on a hot pot outside, walking around, muttering:

"Brother Chen Feng, don't have an accident, don't have an accident!" *novelusb.com*

At this moment, with a boom, the door opened.

Seeing Chen Feng coming out, he was overjoyed and shouted: "Brother Chen, are you out?"

This suddenly shocked Chen Feng. When he saw Lu Yutang, he raised his brows and said, "Brother Lu, why are you here?"

Lu Yutang walked up quickly and grabbed Chen Feng's hand and said, "Brother Chen Feng, it's good if you can come out safely, and you can come out safely."

"Don't you know, these few days, brother, I'm about to worry about death."

Chen Feng was a little confused.

Lu Yutang quickly explained to Chen Feng, and Chen Feng said, "That's it!"

He knew this for the first time.

Lu Yutang was surprised: "Brother Chen Feng, your talent is really unmatched."

Chen Feng smiled slightly, and said nothing.

Soon, Chen Feng left here with Lu Yutang and came to a small courtyard, where Ji Caixuan, Chen Ziyuan and the true spirit of Zihuo were all here.

Then, Lu Yutang ordered hundreds of dishes for Chen Feng to eat.

When Chen Feng saw it, he was not welcome. The wind and the wind remnant clouds generally ate and drank, but it took a few moments to swallow all these rare dishes that weighed tens of thousands of catties.

When the food enters his stomach, it immediately turns into essence, replenishing his body.

He spent a lot of time in it for three days, and he was already hungry. Even if he ate this tens of thousands of catties, it would only make up for it slightly.

Seeing this, Lu Yutang gave another three-table banquet.

Chen Feng finished eating these 30,000 catties again, and then he felt he was struggling. He touched his stomach and hiccuped!

Lu Yutang smiled and said, "Have you finished eating? Let's go over after eating! That auction has already begun."

"Okay, let's go over."

Chen Feng laughed and took Ji Caixuan, Chen Ziyuan and Zihuo Zhenling, and a group of four followed Lu Yutang and went forward!

Soon, they came to the first-level auction hall of the Seven Star Auction House.

There is only one big auction platform of this level, but it is extremely broad.
