

Peerless 2881

[Chapter 2881: It turned out to be Chen Feng?](#)

The offensive just melted away, which made him totally unbearable!

Even, he had doubts about the power he had cultivated for so many years!

He roared, then attacked Chen Feng.

Hundreds of black sword auras with golden light rushed towards Chen Feng.

However, it is still the same as before.

After still falling on Chen Feng, the ice disappeared and the snow melted.

Chen Feng stood there and looked at him with a smile and said, "Have you not eaten? These few times, it seems to be just tickling me?"

When these words were said, there was a roar of laughter from the square.

With a hint of teasing at the corner of Chen Feng's mouth, he was obviously playing a middle-aged black robe.

And he did this behavior, but no one dared to have any dissatisfaction.

Because he has such strength, he has such qualifications!

Qu Xingwen, the middle-aged in the black robe, almost broke down, and wanted to attack Chen Feng frantically.

At this time, an old voice sounded: "Xingwen, come back!"

Qu Xingwen trembled violently, his figure solidified for a moment, then turned around, and went back desperately.

He was as if he were several decades old. The middle-aged man in purple robe came to him and said softly, "Junior, it's okay."

"This kid is kind of evil, and it's normal if you are not an opponent!"

At this time, Lian Xingjian stared at Chen Feng and said word by word: "You are not from the Lin family."

A smile appeared at the corner of Chen Feng's mouth: "Of course I am not from the Lin family. The Lin family is no more than a six-tier family. The strongest person in it is not as strong as half of mine."

"Who are you?" Lian Xingjian said.

Chen Feng stood proudly in the sky, looked at him with a smile, and coldly uttered two words: "Chen Feng!"

"What? Chen Feng?"

"This person is actually Chen Feng?"

When the two words Chen Feng fell on the square, a huge wave suddenly appeared on the square.

Many people were shocked and looked at him blankly.

"This person turned out to be Chen Feng? That son of the Xuanyuan family, Chen Feng?"

"Yes, it's him. In the entire Chaoge Tianzi City, among the younger generation, besides the son of the Xuanyuan family, Chen Feng, which Chen Feng has such a powerful strength?"

"I heard that Chen Feng, a child of the Xuanyuan family with a foreign surname, is extremely talented. He is the first person in the Xuanyuan family's foreign sect. He has the strength of nearly nine-star Wuhuang at a young age!"

"It turns out that his strength has long surpassed the middle stage of the Nine Star Martial Emperor!"

"This Chen Feng is really terrible!"

Many people who knew the inside story exclaimed and looked at him in shock.

And some people who haven't heard of Chen Feng's name quickly asked the person next to them.

Those who knew the inside story told them about Chen Feng with a hint of bragging.

And when they heard about Chen Feng's things, the expressions on their faces were even more shocked, and there was a hint of awe in their eyes when they looked at Chen Feng!

Because these things that happened to Chen Feng were really shocking.

He was not a member of Chaoge Tianzi City, but was born from an ordinary force below. In a short period of time, he rose from a waste to a genius, becoming the first person of the Xuanyuan Family, one of the nine major forces in the outer sect.

This growth rate is amazing.

It shows his incomparable talent!

For these young people, talent means almost everything!

Some people who know more about the inside story, and those who know more about it, cast their interested eyes on Mu Jianhong.

Because they are very aware of the entanglements between Mu Jianhong and Chen Feng!

Someone saw this scene and asked very curiously: "What do you mean? What do you all look at Mu Jianhong for?"

"Could it be that there is still something entangled between her and Chen Feng?"

Many people are silent for fear of getting into trouble.

But there are still those good people who are brave and laughed loudly: "Speaking of which, this entanglement is deep!"

"Mu Jianhong was born in the Mu family and is very proud. She and Chen Feng had a marriage contract."

"And when she heard that Chen Feng returned to Chaoge Tianzi City, she was very disdainful and went straight to the door to divorce."

"As a result, I didn't expect that Chen Feng would not even bother to conclude a marriage contract with her. Instead, after showing her incomparable talent and martial soul, he took the initiative to retire her, leaving her and the Mu Family behind her face completely lost. "

Upon hearing this, those who didn't know the inside story were even more upset.

They cast their eyes on Mu Jianhong one after another.

Many people shuddered in the eyes of Chen Feng!

"This is really an amazing young man, who has constantly had such a strong talent, and his temperament is so strong and proud!"

Mu Jianhong was a little flustered for an instant, but the next moment, he was sitting there as usual, his expression faint, as if nothing had happened and nothing had been seen.

The black robe middle-aged also exclaimed: "Chen Feng, you are actually Chen Feng?"

He suddenly felt that he had not been defeated injustice. Chen Feng's reputation in Chaoge Tianzi City had long been spread around Chaoge Tianzi City. He was known as a generation of princes, talented, and Wuhun is extremely powerful.

He felt that he was not wronged by Chen Feng's defeat!

Lian Xingjian looked at Chen Feng, but his eyes narrowed.

He didn't expect this young man, this bold young man to have such a background.

At this moment, countless thoughts flashed in his mind: "This Chen Feng is a member of the Xuanyuan family!"

"He did these things today, is it related to the Jiner Xuanyuan family?"

"No, it definitely doesn't matter! The Xuanyuan family won't offend me easily. I'm sure of this!"

After thinking about this, he felt calm for a moment.

Knowing that this was what Chen Feng did personally, not that the Xuanyuan family was behind it.

And the next moment, I was caught in a dilemma: "This Chen Feng is so embarrassing to me today, so that my true dragon and Luohanmen have no face, but how can I deal with him?"

"If he were to be killed, would the Xuanyuan family give up with me?"

At this moment, seeing the volatile look on his face, the middle-aged in purple robe standing next to him, his elder disciple who closed the door leaned in his ear and whispered:

"Master, as far as I know, the relationship between Chen Feng and the Xuanyuan family is extremely poor."

"And in the Xuanyuan family, there are some high-level officials who want to put him to death."

"and so....."

A vicious look flashed across his face.

"Really?" Lian Xingjian looked at him and asked.

"The disciple dare not say anything." The middle-aged Zipao said flatly: "This is the news that the disciple has just received from Chaoge Tianzi City a while ago."

"Good!" Lian Xingjian gritted his teeth and gave a sneer!

[Chapter 2882: Fierce battle! Nine-star Wuhuang peak!](#)

He stared at Chen Feng and said, "I don't care who you are, and I don't care what family you are from. Since you dare to break into my real dragon and Arhat at this time, dare to ruin my big things and let me lose face, I must I've abandoned you!"

He pointed to Shen Yanbing next to him, and said viciously, "Don't you want to save this little girl? Don't you want to save her from the sea of suffering?"

"Okay! I will fulfill you!"

"I will catch you later, and then I will abolish your cultivation!"

"However, I will not kill you immediately, on the contrary, I will keep you alive."

"Even if you are seriously injured, I will save you. Do you know what I am going to do?"

The middle-aged in the black robe next to him has recovered a bit, and he laughed and said, "Master, of course you have to do the most pleasant thing."

"That's right!" Lian Xingjian laughed wildly: "I will interrupt your limbs and tie you to the head of the bed!"

"Then, right on that bed, where our two bridal chambers are!"

"Don't you like her? Don't you value her? Don't you willingly die for her?"

"Okay, I just made you suffer to the extreme, and I just made you look at your beloved person in incomparable suffering, but there is nothing I can do!"

"Hahaha..."

He let out a spiteful laugh: "Only in this way can I vent my hatred!"

Everyone in the square was silent, and the head of the real dragon Arhat Sect was also too vicious.

Chen Feng looked at the head of the real dragon Arhat Sect, and a smile appeared on the corner of his mouth. However, there was no smile in his eyes, but rather a chill.

"Based on the few words you just said, today, not only will I completely destroy your true dragon Arhat Sect, but I will also make your death horrible!"

"You will pay for what you just said!"

Chen Feng looked at the head of the real dragon Arhat Sect and said every word.

Lian Xingjian was taken aback, then laughed, pointing at Chen Feng and said: "Boy, no one has dared to be so rampant in front of me for a long time!"

"Perhaps someone is qualified to say such things in front of me, but it is definitely not you!"

He suddenly yelled: "The last person who spoke like this has now turned into flying ash! And you are no exception!"

As he said, his arms shook, and his red shirt suddenly burst, revealing a close-fitting black outfit.

He is not young anymore, but his muscles are very strong, supporting that shirt.

He stared at Chen Feng with a chuckle at the corner of his mouth, then stretched out a finger and said: "One move, but one move, you can die without a place to bury you!"

"Oh? Really?" Chen Feng smiled and looked at him and said, "What if I can survive this trick?"

"If you can survive this trick, write Lao Tzu's last name upside down!"

Lian Xingjian let out a loud shout!

Chen Feng smiled and said, "What good is it for me to write your last name upside down? But slapping you in the face is something I like very much."

He suddenly shouted sharply, pointing at Lian Xingjian and said, "Today, I still have to slap you in the face!"

"You wait for me, after a while, you will lose face!"

Lian Xingjian let out a frantic roar: "Little boy, die!"

"My move will kill you!"

His aura surged crazily, and in a blink of an eye he was directly elevated to the peak of the Nine Star Martial Emperor.

The strength of the peak of the Nine-Star Martial Emperor, overwhelming the audience, covered the audience, making everyone feel a tremor!

Many people were even crushed to the ground, shaking all over, and they didn't even have the courage to look up at him.

This is the strength of the peak of Jiuxing Wuhuang!

Only under the half-step Wudi, coercion over all other powerhouses!

Everyone exclaimed: "It turned out to be the peak of the Nine-Star Martial Emperor? It's not that his strength is higher than the mid-stage of the Nine-Star Martial Emperor. Isn't he still at the peak of the Nine-Star Martial Emperor?"

"Who knows, it may be that he concealed his strength before!"

"Yes, he absolutely concealed his strength before, and it is impossible for him to break through in the short term."

The middle-aged in purple and black robe cheered loudly:

"Congratulations to Master for stepping into the peak of the Nine-Star Martial Emperor. The next step is the half-step Martial Emperor. Master will definitely be able to reach the half-step Martial Emperor in a very short time. I'm here to congratulate Master first!"

Lian Xingjian laughed loudly after getting their praise!

Then, he stared at Chen Feng and said coldly: "Boy, do you still think you will be my opponent?"

After Chen Feng saw his strength, he was not afraid. He sneered and said: "If you want to fight, fight, where is so much nonsense?"

"Well, since you are looking for death, kid, I will fulfill you!"

In Lianxingjian's eyes, the hideous color flashed, and suddenly, stepped out.

Under his feet, he stepped on a mysterious footwork.

Chen Feng looked very familiar with this set of footwork, and he immediately remembered that among the martial arts recorded in the Jianglong Arhat scripture, there were more than one set of martial skills that needed to be matched with this set of footwork.

His heart was scorching: "Sure enough, the fragments of the Dragon Dropping Arhat scripture are right here!"

The two palms of Lianxing Sword drew out a mysterious arc.

That powerful and incomparable power lingered between his palms, and behind him, there was an Arhat's phantom quietly appearing.

The phantom of the Arhat raised his right fist high, and then fell down fiercely!

At the same time, even Xingjian roared and smashed his fist.

Suddenly, an extremely powerful force slammed down towards Chen Feng.

On the square, everyone exclaimed hugely.

They felt that after this trick fell, it was as if the sky had fallen!

The falling blue sky smashed at them fiercely, and many people vomited blood directly!

And directly below it, Chen Feng, who was the first to be attacked by the front, was under great pressure, one can imagine!

At this moment, Chen Feng raised his head and looked to the sky, his face was full of pride!

This move was so powerful that Chen Feng was shocked. He felt that his skin and muscles were suffering from severe pain, and he was almost about to rupture alive.

And he, his heart beating wildly, blood flow accelerated, and there was chaos in his head.

"This trick is very powerful!" Chen Feng said with a trembling voice in his heart.

But the next moment, he laughed loudly, full of lofty ambition, and unrelenting decisiveness.

"How powerful is this trick?"

"I, Chen Feng, will never give in! Although there are thousands of people, I will go!"

"I Chen Feng, how about giving up this life today?"

The next moment, Chen Feng let out a crazy roar, behind him, the natal knife box suddenly appeared, and a sense of blood connection came.

[Chapter 2883: Chen Feng did it!](#)

Then, Chen Feng opened his arms and yelled: "Wen Tian Sword Sword, come out!"

With a loud bang, Wentian Zhan Shendao appeared, floating above Chen Feng's head.

When everyone saw this scene, they exclaimed one after another: "This Chen Feng has such a powerful hole card?"

"Yes, he can easily control such a heavy and huge giant knife, it looks infinitely powerful!"

Someone suddenly shouted: "Less than half a month ago, in Chaoge Tianzi City, Chen Feng seemed to have used this knife to kill the high disciple of the real dragon Arhat Sect!"

"Yes, I also remember that that person seemed to be killed directly by Chen Feng with the Wentian Sword Sword!"

"It's terrible, this trick is extremely powerful!"

"It turns out that you killed my disciple?" Lian Xingjian stared at Chen Feng and said grimly: "Then, I can't make you feel better today!"

Chen Feng smiled and said, "Who won't make anyone feel better? Still unknown!"

Then, Chen Feng roared again: "Buddha destroys the magic sword, thunder and purgatory!"

This move burst out, and countless golden thunder appeared from his body.

Then, following the Wentian Slashing Sword, clinging to it.

In the end, the entire Wentian Sword Sword turned into a piece of gold.

Numerous huge and incomparable golden thunders appeared around the Shentian Slash Sword, densely packed with hundreds of thousands, like a thunder forest.

It's like a thunder and purgatory, extremely domineering, and murderous!

The entire square was shrouded in the scope of this thunder hell.

A thunderbolt fell, with a bang, smashing a large hole with a radius of 1,000 meters on the square, and the surrounding area was charred.

Many people were shocked to vomit blood and flew out.

Everyone is under the envelope of this thunder and hell!

Countless people have expressions of shock and fear on their faces: "This move is so powerful, I just don't know if I can fight the Lianxing Sword move!"

"Who knows? I look awful!"

Everyone raised their heads and looked up at the sky, while Mu Jianhong also trembled in his heart and looked up at the sky.

At this time, Chen Feng had already opened numerous wounds all over his body.

His eyes were blurred, his face was pale, cold sweat oozing from his forehead.

With this move, Chen Feng was already in a state of being seriously injured and dying.

However, he still stood there proudly and let out his final roar: "Kill!"

The Wentian God of War Sword, which was originally lying in the sky, was suddenly erected!

The huge tip of the knife pointed straight at the sky.

Then, amidst Chen Feng's roar, carrying the boundless golden thunder, he slammed into the sky fiercely.

Above him, the sky smashed down by that party!

The sky that was smashed down by that side fell down fiercely, as if to flatten and destroy the entire Sanjunzi Mountain.

Compared with him, this huge and incomparable Wentian Zhan Shendao was as slender as an embroidery needle.

However, with the heart of a fearless brave!

Finally, the two collided fiercely.

With a loud bang, a huge shock wave visible to the naked eye suddenly appeared, and then spread to the surrounding at a very fast speed!

Boom boom boom!

On the square, the ground, which had a hardness comparable to that of fine gold, was opened directly, and numerous huge trenches appeared.

The entire square was turned into ruins in a flash.

All the houses around were destroyed, and even the roof of the majestic hall, protected by the magic circle, was lifted!

I don't know how many people were just thrown off!

Others were vomiting blood when they were hit, not knowing where they flew.

Only some of the strongest people can stabilize their figure.

But even so, it was blown to the left and right, and the clothes were hunting.

Everyone was shocked!

This is just a shock wave caused by the impact! There is still a long distance away from the center of the impact, with such great power, I don't know what the center of the impact is like!

I don't know how powerful these two moves are!

At this time, facing this huge shock wave, Chen Feng still stood proudly there, his figure was as steady as a mountain, not evasive!

In fact, at this time, the broken sky was still falling crazily.

It seems that with an irresistible attitude.

However, everyone who could see clearly in the square uttered a cry of exclamation, mixed with cheers!

It turned out that there was a huge hole in the collapsed sky.

In the hole, it is the Wentian Sword!

At this time, the golden thunder around Wentian Zhan Divine Sword had been reduced by more than half, and it was obviously annihilated in the impact just now.

However, the golden thunders around him continued to bombard the collapsed sky on that side.

With a loud noise, a golden thunder slammed into the collapsed sky.

That piece of sky has disappeared.

Finally, with the loud noise, those golden thunders continued to fall.

The sky that collapsed on that side finally disappeared completely.

Golden Thunder has also been exhausted!

Asking the heavenly sword, as if losing control, smashed directly onto the ground!

Chen Feng stood at the top of Wentian Slashing Sword!

At this time, his face was extremely pale, with blood stains on the corners of his mouth, but he was still majestic, not to be offended, and there was an unspeakable determination on his face!

Suddenly, he laughed and pointed at Lian Xingjian and said, "Lian Xingjian, did I stop your move?"

On the square, everyone was in an uproar.

"Chen Feng blocked this trick!"

"Yes, this seems to destroy the heaven and the earth, but it was blocked by Chen Feng! It's terrible, too strong!"

"Chen Feng is too strong, he did it!"

There are many people cheering for Chen Feng!

On the square, people's shocked calls turned into a huge sound, which swept the entire real dragon Arhat Gate.

The people of the real dragon Arhat Gate are all dumbfounded.

Especially for Lian Xingjian, he rubbed his eyes in disbelief, and exclaimed, "Isn't it possible? How is it possible?"

"My trick did not kill you?"

Chen Feng laughed: "Just failed to kill me, why? Now, your last name, do you want to write it upside down?"

Hearing him say this, Lian Xingjian's face instantly turned ugly.

He sternly said: "Boy, you did have a chance to block my move, but that's it! You can never block my second move anymore!"

Chen Feng smiled: "I don't care about the others, just say, did I block your move?"

Lian Xingjian's face was blue and white, and Chen Feng's words made him faceless.

[Chapter 2884: White Jade Arhat! A line of life!](#)

The people below made a burst of laughter, because Chen Feng was right.

Even the good deed below said loudly, "Lian Xingjian, from today, should you write your last name backwards?"

A feeling of extreme humiliation surged in Lian Xingjian's heart. His dignified sect master, the top master of the Nine-Star Martial Emperor, was forced into this by a young man!

He stared at Chen Feng fiercely, and roared: "Little boy, I will kill you!"

With that, O rushed towards Chen Feng again.

At this time, Chen Feng caught Shen Yanbing's gaze and trembled violently.

Shen Yanbing looked at Chen Feng, full of worry.

She knew very well that Chen Feng was at the end of the battle.

Chen Feng looked at her, his eyes filled with tenderness at this moment.

Just a voice echoed in my heart: "I must save her, I must save her, I will save her if I fight this life!"

Chen Feng let out a final roar, exhausted his last bit of strength, and blasted towards the offensive launched by Lian Xingjian.

But it's useless!

Chen Feng is now seriously injured and dying, and the strength of Helian Xingjian cannot be compensated by spirit.

With a boom, the two collided.

Chen Feng let out a muffled hum, and flew straight back.

At this moment, he felt himself in a trance, and his eyes were full of illusions.

At this moment, Chen Feng was beaten and almost died!

At this moment, Lian Xingjian suddenly jumped up.

At this time, his heart was full of fear of Chen Feng.

"This young man is really terrible!"

So he yelled frantically: "Boy, I changed my mind, I decided not to keep you! I am going to kill you now!"

He threw himself in front of Chen Feng and fisted down.

Before the punch fell, the blood in Chen Feng's body was forced out.

As long as he drops this punch, Chen Feng will die!

Above the square, there was a scream at the same time.

The most shocking thing is that Mu Jianhong even looked at Chen Feng and screamed in horror.

Ji Caixuan and Chen Ziyuan flew toward Chen Feng.

Shen Yanbing struggled frantically, trying to rush towards Chen Feng.

That fist, about to fall towards his body, is getting bigger and bigger before his eyes!

All this is what Chen Feng saw at this moment.

On the square, everyone's expression seemed to be imprinted into his heart, allowing him to see clearly.

Time seems to freeze at this moment.

Lian Xingjian's ferocious face was extremely clear in his eyes, and he could even see every pore clearly.

At this moment, Chen Feng suddenly realized: "I, am I going to die?"

Chen Feng knew that he was going to die.

When this fist fell on oneself, it was when oneself died.

At this moment, Chen Feng had countless thoughts in his mind.

Everything that happened in those past days happened in his mind.

Chen Feng thought of the purpose of this trip and the end of this trip.

Suddenly, in his heart, a voice suddenly asked.

This voice is vast, majestic and magnificent, full of an insight into world affairs, and unspeakable vicissitudes, with great compassion and compassion!

The voice rang loudly in his mind: "Do you regret it?"

"Do I regret it? Do I regret it?"

This voice echoed in Chen Feng's mind.

Chen Feng was at a loss: "Do I regret it? I know that I cannot be his opponent this time."

"But, do I regret it?"

"I know that when I come this time, it will only be the scene in front of me. Do I regret this ending?"

The next moment, Chen Feng's thoughts suddenly became extremely clear.

He roared crazy: "I, Chen Feng, have no regrets! I have no regrets!"

"I have never regretted all this!"

This voice, coming from his mouth, was forced out by the last trace of his strength.

It resounded across this square, and thunder thundered one after another in his mind!

"Okay, no regrets!"

The voice suddenly sank in compassion.

Lian Xingjian glared at Chen Feng and said fiercely: "It's useless if you don't regret it. Now you are a dead person."

But the next moment, he suddenly widened his eyes and exclaimed: "What is this?"

It turned out that at this moment, a white light suddenly appeared above Chen Feng's body.

Behind him, an Arhat phantom suddenly appeared.

This Arhat phantom had no expression on his face and seemed indifferent, but in fact it was full of compassion and compassion, with great compassion and kindness.

The phantom of Luohan was behind Chen Feng, and a thick white light radiated from his body. The white light protected Chen Feng's body.

In the exclamation of Lian Xingjian, his fist also slammed at Chen Feng fiercely.

Everyone is watching this scene, and many people have closed their eyes and dared not watch it.

Because, in their hearts, Chen Feng will inevitably die under this punch!

Chen Feng is already a dead person.

However, in the midst of the bang, Chen Feng was safe and sound!

The fist actually hit the white light. The white light looked very faint, but in fact it had an indestructible flexibility.

The fist hits it, and the majestic power on it, like a mud cow entering the sea, is directly swallowed without a trace.

Even the noise did not appear, even the waves did not rise.

Seeing this scene, everyone was stupid.

next moment. They exclaimed: "What is this?"

"Behind Chen Feng, an Arhat phantom appeared, protecting him, what is this?"

"God, does this Chen Feng have a strange treasure? No wonder he is so bold, it turns out that he has such a hole card!"

Even Xingjian was stunned. He looked at his fist and muttered, "How is it possible?"

"How powerful is my punch? I know that I can't break his defense?"

"What the **** is this white light? What is this Arhat phantom?"

Everyone was stunned!

But Ji Caixuan, Chen Ziyuan, Zihuo Zhenling, and Shen Yanbing were crying with joy.

Several women even had tears on their faces.

Shen Yanbing was ecstatic in his heart, he only felt that he was happier now than ever.

And Mu Jianhong sighed quietly, feeling a little lucky.

She herself didn't know what he was celebrating.

But thinking that Chen Feng was not dead, she still couldn't express her happiness!

Only Chen Feng knew what happened.

At this time, his mood is very clear.

His body cannot move, but his mind is extremely clear.

It turned out that at that moment, his blood penetrated into the white jade Arhat.

[Chapter 2885: The secret is open!](#)

The white jade Arhat first made a magnificent voice in his heart. The next moment, after receiving his "No Regrets" answer, it emitted a white light, covering his body, and at the same time blooming an Arhat phantom.

What Chen Feng didn't notice at this time was the deepest part of his Dantian. In that piece of darkness, there was a light white light, and it began to bloom!

At this time, Chen Feng naturally did not know this happened.

He only knew that his life was saved.

At the same time, he was even more excited: "Sure enough, this white jade Arhat is destined to me!"

"It must have an unexplainable relationship with the Dragon Arhat Scriptures, and even this true dragon Arhat sect has a very deep relationship."

At this time, above Chen Feng's body, the little white jade Arhat floated out.

The phantom of the white jade Arhat was thrown into the white jade Arhat.

The white jade Arhat suspended above Chen Feng's head, and the hazy white light enveloped Chen Feng.

Seeing this little white jade Arhat, Lian Xingjian showed an expression of shock on his face.

This was the first time he showed such a dramatic look of shock today.

He cried out, "Isn't this the white jade Arhat statue, the first treasure in the door hundreds of years ago?"

"Why is it in your hands?"

"In the beginning, this white jade Arhat statue disappeared, but now it appears in your hands, how is it possible?"

There was a touch of extreme greed in his eyes, and there was a burst of expression in his eyes.

"This white jade Arhat is said to be related to one of the most core secrets in the door, and only previous heads can have it."

"That old thing, originally supposed to pass the White Jade Arhat to me, but she said that I was bad temper and was too vicious to give me to death."

"Later, I rummaged through the real dragon and Arhat Gate but couldn't find it. This thing was lost!"

"Unexpectedly, it appeared in the hands of this kid!"

"As long as I can get this thing, then my strength will definitely be at a higher level! It is easy to reach the half-step Martial Emperor Realm, and even step into the Martial Emperor Realm is no problem!"

There was a touch of extreme greed in his eyes, looked at the white jade Arhat statue, and shouted: "Little boy, you will bring this treasure to my door, and of course I will be welcome."

He rushed at Chen Feng again.

Boom boom boom boom, his fists hit the white light one after another, and the white light was still extremely tough.

His power is still like a mud cow entering the sea, disappearing without a trace.

However, with his continuous blows, the white light gradually dimmed and became shaky.

Even, it is about to start to be unsupported.

Lian Xingjian roared triumphantly: "Boy, I want to see, how long can you support it!"

At this time, Bai Yu Luohan seemed to sense Chen Feng's crisis.

Suddenly, the blood on Chen Feng's body was quickly sucked in by him, and for an instant, the white jade Arhat actually took on a trace of blood.

Then, the next moment, a spot of light suddenly lit up on Baiyu Arhat's chest.

Then, a beam of light radiated from that spot of light.

Move forward at an extremely fast speed.

This beam of light was very small at the beginning, and became larger later.

At the end, the diameter of the end reached hundreds of meters, which was huge.

Finally, the end of the beam of light fell on the mountain wall on the left at the end of the square.

This square is located in a valley on the peak of Sanjunzi Mountain.

On each side of the valley, there are two huge mountain walls.

The mountain wall is several hundred thousand meters high, covered with blue ice and snow, and it is extremely strong.

The beam of light shone on the mountain wall, and the mountain wall suddenly shook violently.

There was a clicking sound.

Then, a round gate actually appeared.

The circular door slowly moved aside, revealing one of the dark caves.

Seeing this scene, Lian Xingjian was shocked and shouted angrily: "No, no, no!"

Not only him, but all the true dragon Arhat disciples all yelled in shock, and they all seemed to be panicked as if their ancestral graves were dug up.

In the square, someone who didn't know the truth asked, "What is going on? Why do they become so flustered one by one?"

Someone who knew the inside story had a solemn expression and said, "That place is the secret realm of the real dragon Arhat Sect!"

"My Fate? What is this place?"

"According to legend, this is the core secret of the true dragon Arhat Gate, and the ancestor of the true dragon Arhat Gate got a scroll from there."

"Relying on this fragmented scroll, the real dragon Arhat Gate was created!"

"And in the secret realm, it is said that there are endless divine power and endless secrets. Those who enter it may awaken the supreme magical powers and become the strongest of the true dragon Arhat."

"What? It turned out to be a secret realm? It turned out to be a secret realm opened?"

Everyone was shocked!

An old man with gray hair and beard exclaimed: "Legend, that secret realm will only be opened once in a hundred years, and only the head and future head are eligible to enter it!"

"Unexpectedly, it turned on today!"

Someone said, "It has been ninety-nine years since the last time the secret realm was opened! This was opened one year earlier!"

"Yes, it must be the white jade Arhat on Chen Feng's body that opened up this mystery."

"This Secret Realm was specially opened for him!"

The eyes of everyone looking at Chen Feng were full of surprise!

Some people showed greed on their faces, eager to try.

Seeing their movements, someone next to them sneered and said: "I advise you to not hit this secret realm as well. Do you think no one has ever hit it?"

"Tell you, this secret realm can only be entered by people with the highest cultivation technique of the True Dragon Arhat Gate. Otherwise, don't say enter it, you will be alive within 100 meters of the gate."

"Otherwise, how do you think this secret realm is called a secret realm?"

Upon hearing this, everyone was shocked.

Those who wanted to make a bad idea all smiled and backed away.

At this time, Lian Xingjian made a crazy roar as if thinking of something, and rushed directly towards the secret realm.

He wants to close the door of that fateful realm!

However, it was too late.

At this time, in the mystery of the fate, there was a huge bell, solemn and majestic, and full of respect.

At the next moment, a white beam of light suddenly appeared from inside the secret door.

This white beam of light emerged from the gate, and finally came to Chen Feng, forming a beam of light passage.

In the next moment, on the beam of light, a step of step was formed, and it seemed as if Chen Feng was letting Chen Feng walk along that step.

[Chapter 2886: Mystery? Desperate?](#)

At the next moment, golden lotus flowers appeared on the steps.

This refining, rich and fragrant, very magnificent.

Everyone exclaimed and yelled in disbelief: "This, how does this look like the secret realm welcoming Chen Feng?"

"Yes, it's as if this secret realm regards Chen Feng as its own master, and invites Chen Feng to enter with such a high standard of treatment!"

"God! What kind of identity is Chen Feng!"

At this moment, Chen Feng smiled calmly, turned his head to look at Lian Xing Jian, and then at the secret realm.

He smiled and said, "If that's the case, then I won't refuse."

With that, he walked forward on the lotus.

One step is a kilometer, the speed is extremely fast, and it almost has the power of shrinking the ground into an inch.

In a blink of an eye, he was already before he came to the secret realm.

Lian Xing Sword screamed frantically outside the white beam of light, beating, trying to crush the white beam of light.

However, it has no effect at all.

Let the hysterical roar make the whole person almost crazy.

The contrast between his hysteria and Chen Feng's calmness is extremely sharp.

At this time, Chen Feng had already arrived at the door of the secret realm.

He suddenly turned his head, staring at Lian Xingjian, and said word by word: "Wait, I will kill you!"

Lian Xingjian's heart was cold at this time, and a very ominous premonition surged.

In the next moment, Chen Feng was about to start.

Lianxingjian couldn't stop him at all.

And just as Chen Feng was about to enter the secret realm, suddenly, the middle-aged man in the purple robe roared: "Little boy, keep it for me!"

He rushed towards Chen Feng frantically.

And his goal is indeed the white jade Arhat above Chen Feng's head.

There was extreme greed in his eyes, and a voice in his heart screamed wildly: "I must get this thing!"

"After I get this thing, my strength can even surpass Master!"

"At that time, this real dragon Arhat Gate will be mine!"

"I must get it!"

His greedy heart made him lose his mind and rushed towards Chen Feng frantically.

It was strange to say that even the Star Sword could not break through the white beam of light that entered, but he could enter, which made him feel ecstatic.

However, when he entered the range of the misty white beam of light, he suddenly stopped.

His hand was only one step away from Chen Feng.

But he was out of reach.

Because his whole body was frozen there, he couldn't move a single minute.

He was extremely shocked: "Well, what's going on?"

The next moment, the beam of light swished, and directly returned to the secret realm.

Chen Feng and Zipao were middle-aged and disappeared directly.

Then, with a loud noise, the circular door of the secret realm rolled shut.

The ice and snow are bright and blue, and the light shines without leaving a trace.

It was as if the scene just now was just like a dream, it didn't appear at all.

But at this moment, the silent people on the square proved that everything just happened!

Everyone was silent, no one spoke!

Silence!

The entire square was immersed in this unspeakable silence.

At this time, Lian Xingjian took a deep breath and quickly adjusted his emotions.

He let out a disdainful sneer: "Chen Feng entered this secret realm, which is equivalent to entering a desperate situation!"

"This bastard, really is seeking his own way!"

"The secret realm of our true dragon Arhat Gate can only be opened once in a hundred years, and every time it is opened, it only takes three short days."

"In these three days, if you enter it, you will have the opportunity to gain a great opportunity and your strength will advance by leaps and bounds, but there is also a more than 60% chance that you will die in it, with no bones left."

Hearing this, everyone below suddenly exclaimed.

"And the time this kid entered is very inappropriate!"

Lian Xingjian laughed wildly, looking at everyone in the audience, his beard was shaking.

He said triumphantly: "This kid enters now, there is still a whole year left before the opening time."

"And every time the secret realm is closed, it will accumulate power, which is equivalent to that in the past ninety-nine years of the secret realm, power has been accumulated every moment."

"For it is to start next year!"

"Therefore, the power of the Fate Secret Realm becomes stronger as it approaches the opening, and the more dangerous it becomes inside."

"Now, it will be opened in one year, it is the time when the power of the natal mystery has accumulated to the extreme."

"This kid broke in at this time!" He smiled: "He will never come out alive! Hahahaha..."

He was very happy.

After all, although Chen Feng is young, he has shown great strength, which makes him feel quite tricky.

Even if he could kill Chen Feng, it would cost a considerable price.

And now that Chen Feng has entered the secret realm of his life, seeking his own way of death, he is eager!

"Yes!"

Below him, the middle-aged black robe said in an interface: "In the Secret Realm of Fate, it is extremely dangerous, especially during this time period. Unless you are a peerless strong person who has already cast a Dharma body, you will definitely die in it."

"At this point, there is no doubt!"

Everyone was even more upset when they heard it!

"It turns out that this secret realm is not only an excellent opportunity, but also a dangerous Jedi!"

"Yes, it is both a secret realm and a desperate situation. If there is a great opportunity, it is a secret realm that can benefit from it. If not, then it is an extremely dangerous desperate situation!"

The next moment, Lian Xingjian suddenly smiled and said, "Then Chen Feng will definitely die in the secret realm."

"It's just that, one year later, you will have to wait until the secret realm opens after one year to see its body."

"But now there are some people, I can settle accounts with you!"

After speaking, he turned his attention to Ji Caixuan, Chen Ziyuan, and Zihuo Zhenling.

He roared coldly: "You bastards, you are Chen Feng's accomplices. He is dead, and I will kill you!"

With that, he grabbed Ji Caixuan, Chen Ziyuan and Zihuo True Spirit directly in front of this hall.

Ji Caixuan, Chen Ziyuan, and Zihuo Zhenling struggled, but how did they struggle?

In the struggle, the black cloak worn by Ji Caixuan and Chen Ziyuan broke free.

Seeing the faces of the two of them, Lian Xingjian instantly lit up.

He chuckled, looked at the two of them with lustful eyes, and said with a grin: "You two, you look really good!"

"especially you!"

Pointing to Chen Ziyuan: "Special physique, hehe, I will use you to pay off the debt!"

[Chapter 2887: In the secret world!](#)

"After I use you, I will definitely be able to improve my strength!"

After hearing this, many people below are silent.

Some people hope that Chen Feng can survive in the secret realm, but everyone knows that this possibility is very small.

They didn't know the inside story before, so they thought Chen Feng had a chance.

Only now did I know that Chen Feng had stepped into the ghost gate by himself!

"Chen Feng, he will definitely die inside!"

"Yes, this is the strength accumulated for ninety-nine years, and such a high-level and such a powerful secret realm, those forces are enough to crush Chen Feng!"

"Chen Feng this time, it's over!"

When the door of the secret realm slowly closed, Chen Feng felt that, instantly, he was in a chaotic time and space.

At that moment, his body seemed to appear in different time and space.

So his body had a feeling of being divided.

Obviously the body is still very complete, but Chen Feng feels that he has been cut into countless pieces.

And it's not the cut of cognition in the traditional sense, but every piece will be left in this endless time and space, and it will always be hard to find.

At this moment, Chen Feng had great fear in his heart.

Because he knew that this was something he couldn't resist at all.

But the next moment, above the white jade Arhat, a cloud of white light radiated again.

The white light was already very faint, but it eventually blessed Chen Feng and reached the other shore.

Finally, when the feeling of disorganized body disappeared, when the surrounding feeling of endless time and space tearing himself apart, Chen Feng opened his eyes.

At this moment, there was darkness in front of him.

But as his eyes opened, a light gradually lit up in the darkness.

In the end, it illuminates everything in front of you.

In front of Chen Feng, there was a huge space.

He saw that he was in a valley at this time.

There are towering cliffs on both sides, but they are not as icy cliffs as outside, but ordinary rocks.

Of course, it is not normal to say that it is ordinary.

Because the aura here is almost condensed into substance.

Chen Feng stretched out his hand and trembled quietly in the air.

Suddenly, there was a ripple in the air.

The aura in the air instantly condensed, forming a black cloud directly.

A rain of spiritual energy poured down on Chen Feng's body, making him feel extremely comfortable.

The spiritual energy penetrated into it and filled his body, making him feel cool.

The body that had been hit hard, all recovered a little bit.

Chen Feng was horrified: "The spiritual energy here is so strong."

The cliffs on both sides are about several kilometers in height, and they are covered with flowers and green trees.

The tree was verdant to the extreme, and the richness seemed to drip out.

That flower is gorgeous to the extreme, and each flower is extremely complex and gorgeous.

Without exception, each of them has an extremely rich aura.

Chen Feng looked down. The valley was fertile and covered with green grass. In the center, there was a river winding by.

The river was splashing with flying stones and jade, and from time to time a fish or two pounced out.

Here is an indescribable beauty, like the Qionglou Yuyu, the palace in the sky, and it doesn't look like the world at all.

At this moment, suddenly, the white light around Chen Feng's body went out with a snap.

The light of the white jade Arhat was much dimmer than before.

Chen Feng held the white jade Arhat in his hand and quickly checked it out.

Seeing that there were no cracks, I just felt relieved.

He sighed incomparably and said softly: "Thanks to you."

Chen Feng felt that at that moment, he seemed to have crossed the endless starry sky and reached the other side of time and space.

At that time, the turbulent flow of the sky could easily tear himself into pieces.

If it weren't for the Baiyu Arhat to protect himself with his last trace of strength, I'm afraid that he would have been broken into pieces at this time.

The fact is also true.

Because this time, Chen Feng almost forcibly opened this secret realm and entered it.

When entering the secret realm, he did not follow the rules of the true dragon Arhat Gate, so it was very dangerous.

This is why Lian Xingjian is certain that Chen Feng will die in it!

Chen Feng sighed slightly, stood up, and walked forward.

At this moment, he suddenly heard a slight voice behind him.

Chen Feng immediately looked back and saw. At this time, the middle-aged man in purple robe also stood up and looked around.

At first there was an unspeakable shock on his face, and the huge shock turned into ecstasy in the next moment.

He opened his arms and said in an admiring tone: "This, this is the Secret Realm of Fate!"

"This is my true dragon Arhat Sect, a mystery of my fate that has been passed down for hundreds of thousands of years!"

"Those who enter this place can advance by leaps and bounds, and even hope to step into the realm of Emperor Wu and even Emperor Wu!"

"It can also enhance the strength and become the first of the true dragon Arhats!"

"I came in, I came in after all!"

He opened his arms and laughed wildly, extremely excited.

Looking at him like this, it was as if all the secrets in this fateful realm had been obtained by him, and he had become the head of the true dragon Arhat.

At this moment, a cold voice came over, shattering his dream.

"Here, there seems to be someone else!"

After hearing this voice, the middle-aged Zipao shook his whole body.

At this time, he remembered his situation.

I fell here with Chen Feng!

He turned his head suddenly, and saw Chen Feng standing beside him, with a slightly playful smile on his face, looking at him.

The smile at the corner of his mouth is uncertain.

Seeing Chen Feng in the middle-aged purple robe, he instinctively took a step back, his face full of guard.

And when Chen Feng saw his action, his heart suddenly became excited, and then he let out a long suffocating breath.

A heart settled down instantly.

A voice echoed in his heart: "It's done, it's done, I'm temporarily safe."

It turned out that Chen Feng at this time was seriously injured and was not the opponent of the middle-aged Zipao at all.

He just deliberately made such a slightly mocking look just now, in order to make this purple robe middle-aged unable to find out his own strength.

And now, the middle-aged Zipao was on guard against him, indicating that Chen Feng's strategy was effective.

The middle-aged Zipao looked at Chen Feng up and down, and there was a panic in his eyes.

Chen Feng looked at him, smiled and said, "What are you still doing? You just wanted to kill me?"

"I have been seriously injured now, and I am definitely not your opponent. Come on! Get started!"

[Chapter 2888: True Dragon and Five Snake Beasts](#)

When he said this, the middle-aged Zipao was even more uncertain in his heart.

He is an extremely suspicious person. The more Chen Feng said this, the more he suspected that Chen Feng must be hiding some conspiracy to lure himself into the bait.

"Yes!" He suddenly understood in his heart:

"This Chen Feng must still have some strength now, this strength is even enough to kill me."

"However, he needs to bring me closer before he can do anything, and if I don't get closer and don't do anything with him, then he will be helpless to me."

"The two of us can form a stalemate!" *noVeLUSb.com*

He figured out this level and was immediately very proud.

He pointed to Chen Feng and said, "Little bastard, don't want to fool me. Don't think I don't know what you are thinking."

When Chen Feng saw it, he felt even more happy: "It's done, it's done!"

However, even though he was open-minded in his heart, his face was embarrassed into anger, as if a strategy had been seen through.

Then, he stared at the middle-aged purple robe coldly and said: "If you don't do it, you won't do it. Don't tell me that you didn't give you this opportunity."

Talking, turned and walked forward.

After the middle-aged Zipao, he thought hard, "Give me a chance? Give me a chance to die? I'm not fooled!"

He also followed Chen Feng and walked forward.

At this time, a delicate balance was formed between the two.

Chen Feng was seriously injured, but he still had some strength, but his strength was actually a little weaker than the middle-aged Zipao.

However, by the way, Zipao had seen how powerful Chen Feng was before his middle age, so even if Chen Feng was seriously injured now, he would not dare to do it easily.

He is constantly speculating about Chen Feng's strength!

He was already played by Chen Feng between applause, but he didn't know it yet, but he was triumphant!

The two of them walked forward one after another, hundreds of meters apart.

Soon, they walked out of this valley.

Here, it is a vast and endless plain. At a glance, you can't see the end at all, and don't know how big it is.

Chen Feng's heart was shocked: "This fateful secret realm is indeed a well-known name, it is so huge, it is the first time I have seen such a secret realm of such a size."

And in such a mystery, there must be countless secrets.

He got excited in his heart: "Only in this way, we can gain enough power inside."

Chen Feng walked forward for dozens of miles. Suddenly, he felt a tremor on the ground and the earth fluctuated.

There seemed to be a giant in the distance, which was constantly approaching here at an extremely fast speed.

Chen Feng raised his eyebrows, but what he cared about for the first time was not the close giant in the distance, but the ground.

"The fluctuations on this ground are completely different from those outside. They are not the kind of shocks and shocks, but like water waves."

"No, how could the ground fluctuate in this way?"

"There is only one explanation!"

In Chen Feng's gaze, the light flashed by: "This day, this place, all this is fake!"

In the next moment, Chen Feng lowered his head and looked down with extreme eyesight.

In the beginning, it was nothing unusual.

But soon, he discovered that under the green grass and under the soil, there was a bright golden light.

It was a dark color with golden light, bright and hot, gentle and domineering.

Chen Feng's heart suddenly jumped: "This is the power of the dragon descending Arhat. Although there is only a very shallow level, this is the real power of the dragon descending Arhat."

So Chen Feng looked away again.

Sure enough, at this time, in his eyes, this day, this place, all of this, turned into an almost vast expanse of power to descend the dragon.

Chen Feng sighed softly: "It turns out that everything here is constructed by the power of the dragon descending Arhat. No wonder that after I came in, I felt that my injuries were constantly recovering, and I felt that my physical condition was very good!"

At this time, a violent vibration disturbed Chen Feng from his thoughts.

The vibration on the ground became stronger and stronger.

Chen Feng looked up and saw a fiery red beast coming quickly in the distance.

This fiery red behemoth is slender like a snake, but underneath it has four thick limbs. Above its head, there are seven or eight dragon horns, which are hundreds of meters long.

He is about a hundred meters tall, and his whole body is red.

But the surface is surrounded by golden light that has been extremely sticky.

In Chen Feng's eyes, this monster beast had already lost its appearance.

In his eyes, this is a large piece of the power of the dragon descending Arhat that is rich and pure to the extreme!

Chen Feng was even more shocked: "This monster is definitely not the power of ordinary dragon descending arhats, but it is..."

He paused before spitting out a few words from his mouth: "Essence of the power of the dragon descending Arhat!"

It turned out that the entire monster beast was made from the essence of the power of the dragon descending Arhat!

The purest, extremely rich, and extremely pure essence of the power of the dragon descending Arhat!

Chen Feng exclaimed: "The essence of the power of the dragon descending Arhat that constitutes this monster is even purer than the power of the dragon descending Arhat stored in my body."

After the shock, the next moment was ecstasy.

"It turns out that the power of the dragon descending Arhat has been accumulated for so many years, and it is already so much that it can form an essence."

"You know, the essence of the power of the dragon descending arhat must have a large amount of the power of the dragon descending arhat to form."

"And a hundred parts of the power of the dragon descending Arhat can only be condensed into a essence of the power of the dragon descending Arhat!"

A voice in Chen Feng's heart screamed frantically: "I can absorb the essence of the power of the dragon descending Arhat, and the absorption speed is very fast. After absorption, it can get great benefits, and the strength will definitely be greatly improved!"

"Great, hahahaha!"

At this moment, this monster beast was not a monster in Chen Feng's eyes, but a big piece of delicious food!

At this time, the middle-aged Zipao also saw the monster beast.

He was surprised at first, then turned into a touch of ecstasy, pointing at Chen Feng, haha smiled and said: "This monster is called the real dragon and five snakes."

"Haha, this is the guardian beast of the mystery realm!"

"This kind of beast is extremely powerful, and it can spit out a powerful true dragon industry fire, and it can melt you into ashes in one round!"

"True dragon industry fire? It must be the essence of the power of the dragon descending Arhat, right?" Chen Feng secretly asked.

He glanced at the middle-aged Zipao with disdain.

These people from the real dragon and Arhat are really ignorant and make a name for themselves!

The middle-aged purple robe felt the disdain in Chen Feng's eyes, and could not help being furious, but he did not dare to attack.

He glared at Chen Feng fiercely, then took out a small jade charm from his arms, and said with a smile:

[Chapter 2889: is it?](#)

"This jade talisman was cast by my true dragon Arhat ancestor, and it has magical effects."

"After seeing this jade talisman, the true dragon and five snake beasts will not do anything to me."

"Hey, boy, in a moment, the anger of the real dragon and five snakes and beasts will all be vented on you."

"At that time, I will see how you die! You will definitely die horribly! Even the bones burned by the real dragon industry fire can't be left!"

He laughed proudly!

In his opinion, Chen Feng is already a dead person.

But Chen Feng looked at him, smiled slightly, and said, "Oh? Really?"

"Then, you might as well read it a little bit more clearly."

Then, Chen Feng strode directly to the real dragon and five snake beasts.

The middle-aged Zipao was taken aback for a moment, and then laughed: "Boy, you are so arrogant, you are just looking for death!"

In a blink of an eye, the true dragon and five snake beasts had already arrived in front of them, opened their big mouths, and let out a vicious roar, with a frenzied look in their eyes.

Chen Feng stood there, not evading.

The distance between him and the real dragon and five snake beasts is getting closer and closer.

The real dragon and five snake beasts soon arrived.

At this time, Chen Feng actually stretched out his hand, as if to touch the real dragon and five snakes.

The middle-aged purple robe laughed wildly and disdainfully: "Boy, are you crazy? You are already a dead person!"

At this time, Chen Feng suddenly turned his head, looked at him with a smile, only spit out two words: "Really?"

When these two words fell, the middle-aged Zipao opened his eyes wide, dumbfounded, and his face showed an expression of disbelief.

His lips trembled violently, and finally let out a loud roar: "How is it possible?"

It turned out that the real dragon and five snake beasts stopped in front of Chen Feng.

The ferocious and violent color in its eyes faded like a tide in an instant, turning into a very docile color.

Then, he actually bent four hooves directly in front of Chen Feng, knelt down, and stuck out his tongue.

However, what came out of his mouth was not karma.

He just stuck out his tongue and licked Chen Feng's fingers!

Then, Chen Feng stretched out his hand and gently stroked her forehead. In front of Chen Feng, this fierce true dragon and five snake beast was as cute as a kitten.

At this moment, Chen Feng turned his head, looked at the middle-aged in purple robe, smiled and stretched out his hand in the air twice, and said, "Does your face hurt?"

Of course it hurts!

The face of the middle-aged in Zipao was so painful that Chen Feng's slap in the face made him hot.

And he was shocked to the extreme in his heart, and he hadn't recovered yet.

After a while, he let out a roar that broke the sound: "How is it possible? How can you be?"

"This true dragon and five snake beasts are obviously fierce, how can they be so gentle to you? Impossible! This is unreasonable!" *novelUsb.Com*

Chen Feng laughed and said with a smile, "Of course it is!"

He suddenly stood up, raised his arms, and the majestic voice spread throughout the secret realm: "I am the master of this secret realm! And this secret realm is not a natal secret realm!"

"Its name is: Arhat Secret Realm!"

With this sentence, the shocking purple robe middle-aged person is almost stupid!

He didn't want to admit it at all, but what Chen Feng said made him have to admit it.

This true dragon and five snake beasts are so gentle to Chen Feng, only this one can explain it!

Then, Chen Feng stood up and stepped on the back of the real dragon and five snake beasts, smiling and saying: "I wanted to **** you out, but you are so docile to me, and you are the first one I met, so spare your life. Right!"

The real dragon and five snake beasts shivered, then nodded frantically, as if they were kowtow to thank you.

Chen Feng stepped on his back, smiled and said, "Now, take me to find other monsters! I need strength!"

The real dragon and five snake beasts immediately accelerated, and then they jumped up and hurried away to the distance, leaving only the desolate middle-aged in purple robe, standing in place, the whole person was dumbfounded.

After a while, he shouted: "Wait for me, I want to go too!"

He chased the footsteps of the true dragon and five snake beasts and hurried to the distance.

The real dragon and five snake beasts took Chen Feng forward for about a quarter of an hour, and suddenly stopped, let out an angry roar, and looked forward guardedly.

There was a mountain in front of him, and at this moment, among the mountains, there was also a violent roar.

A huge red figure lifted into the air, galloping towards this side, and came close in a blink of an eye.

This huge red figure is a huge lion, and the surface of the body is filled with a layer of golden light of the essence of the power of the dragon descending Arhat.

Moreover, his size and momentum are slightly larger than true dragons and five snakes.

The two of them, separated by kilometers, yelled at each other.

The difference is that the true dragon and five snake beasts stand still.

The huge red lion on the opposite side is constantly moving forward, obviously wanting to attack.

Chen Feng knew it at a glance. I'm afraid this true dragon five snake beast and the huge red lion are opposite, and the true dragon five snake beast must have suffered a lot from the opponent.

Chen Feng laughed and stretched out his hand to pat the head of the real dragon, five snakes and beasts: "You guy, you are quite a thief. You directly lead me to your enemy. Do you want me to avenge you?"

The real dragon and five snakes shook his head embarrassedly.

Chen Feng laughed and said, "You have been my mount for a long time, and thanks to your load of grace, I should also know the favor."

"Fine, let's clean it up for you!"

After hearing this sentence, the true dragon and five snake beasts were ecstatic, and their attitude towards Chen Feng was more docile and tame.

At this time, the huge red lion on the opposite side opened its mouth and let out a fierce and funny laugh at Chen Feng, his eyes full of fierceness.

He is still very disrespectful to Chen Feng!

Chen Feng leaped up and screamed: "Naughty animal, die for me!"

His figure directly thought of the red giant lion rushing over.

A powerful and incomparable power emerges from the body of the red giant lion, which is the purest essence of the power of the dragon descending arhat.

The essence of the power of the dragon descending arhat turned into a red flame among countless golden yellows, splashing towards Chen Feng.

Not to mention that Chen Feng is in this state now, even when Chen Feng is at his peak, I am afraid that he can't bear it.

With Chen Feng's current strength, he would be directly burned to ashes by these flames!

But Chen Feng didn't have any fear, and instead rushed directly towards the giant lion!

It is strange to say that after those golden and red flames came to Chen Feng's side, they turned from extremely violent to very docile in an instant.

And the next moment, it rushed directly into Chen Feng's body.

[Chapter 2890: The sixth big day!](#)

After that violent power poured into Chen Feng's body, it instantly became extremely gentle and heavy, flowing into Chen Feng's body along Chen Feng's meridians, nourishing Chen Feng's muscles and bones.

The tearing and destroying injuries in Chen Feng's body were instantly healed by the essence of the power of the dragon descending Arhat.

He spouted several mouthfuls of blood in succession, but they were all bruises.

On the body, almost all the pores are filled with that black and red liquid flowing out.

These are also the impurities in his body, as well as the waste generated after the injury, which was also squeezed out at this time.

At this time, the middle-aged Zipao also came nearby.

At this moment, what appeared in his eyes was a scene that shocked him extremely.

There were countless golden-red flames in the sky, pouring towards Chen Feng, and Chen Feng was standing there, the golden-red flames rushing into his body madly, but they did not cause any harm to him.

On the contrary, Chen Feng's momentum is getting bigger and bigger.

Chen Feng's injuries continued to recover at a speed visible to the naked eye.

And almost instantly, Chen Feng's injury recovered at least 50%.

At this time, all those flames were absorbed by him.

Chen Feng laughed, but the red giant lion opposite him was completely stupid.

After a long while, someone said, "How come?"

"My essence of the power of the dragon descending Arhat has no effect on you?"

"This is a powerful flame that is enough to burn all the Martial Emperor Realm powerhouses to ashes!"

Chen Feng laughed loudly: "It's very simple, because I am the master of the power of the dragon descending Arhat!"

The essence of the power of the dragon descending Arhat entered the body, allowing him to recover quickly from his injury.

Chen Feng sighed in his heart: "It is worthy of the essence of the power of the dragon descending Arhat."

"Even if I usually have enough power to drop the dragon and Arhat, it will take three to five days to recover to this state if I treat my injuries."

"And now, the time for just a cup of tea has recovered."

"This essence of the power of the dragon descending Arhat is too powerful, and the quality is too high!"

"But well! This is not enough!"

Chen Feng laughed loudly and rushed directly at the giant red lion.

The red giant roared frantically and attacked Chen Feng.

But it is a pity that the offensives he launched were the essence of the power of the dragon descending Arhat and would not harm Chen Feng at all.

All his attacks were absorbed by Chen Feng.

And Chen Feng's injury recovered 20% again.

Now, his injury has recovered to sixty to seventy percent.

There was a touch of extreme fear in the red giant lion's eyes, and he finally realized that he had no threat to this human being.

This human being can absorb any damage caused by himself.

He didn't know what was going on, he didn't know why the essence of the power of the dragon descending Arhat, which he has always been in a disadvantaged position, had no effect on this human being.

This made him incomprehensible, and he was going to collapse!

He let out a muffled hum, turned and ran out.

It's like a dog running away with its tail sandwiched.

Chen Feng laughed loudly: "I want to escape now? Can I still escape?"

His figure flashed and came behind the red giant lion, and then his palms were pressed **** his back.

With a rumbling, a loud noise, the essence of the dragon descending Arhat power that constitutes the red giant lion was shaken by Chen Feng's palm.

In the next moment, in Chen Feng's dantian, those five rounds of big suns were radiant for an instant, emitting extremely bright brilliance.

Then, the five big suns turned into inward cyclones.

Five powerful suctions sucked in and passed on to the red giant lion.

Those essences of the power of the dragon descending arhat immediately felt the suction, and immediately felt the power of the same clan.

As a result, not only did they have no pain and fear, but they were full of joy and screamed joy.

Then, the endless essence of the power of the dragon descending Arhat, following the huge suction, through Chen Feng's hand, madly running towards Chen Feng's body!

Chen Feng's figure rose slowly.

The red giant lion is remotely controlled by his palms, which is hundreds of meters away from the red giant lion.

The red giant lion was struggling frantically, and he felt that the power in his body was constantly losing him.

I felt terrible fear in my heart, yelling frantically to escape.

But how can you escape?

He was like being **** by an invisible chain. No matter how much he struggled, he could only stay in place, and could not move out an inch or a cent!

And the endless power was extracted from his body

They formed five huge pillars of fire in red and gold. These huge pillars of fire were connected to Chen Feng's hands.

After the power was extracted, the body of the giant red lion continued to shrink at a speed visible to the naked eye.

The essence that constitutes it is constantly being extracted.

Finally, after taking a stick of incense for a while, there was a loud bang, and Chen Feng felt that his mind was clear and his body felt uncomfortable.

It turned out that he had completely recovered.

Chen Feng has recovered to ten percent strength!

And when Chen Feng recovered, the essence of the Dragon Arhat's power was no longer needed to heal Chen Feng's injury, so he immediately followed Chen Feng's meridians and rushed towards Chen Feng's dantian in an impatient posture. go with.

Toward those five rounds of big sun, rushing crazy.

Because they know that where they belong.

There is where they should be!

Five rounds of the big day are shining brightly.

And after the essence of the power of the dragon descending Arhat penetrated into it, the five rounds of the sun released a more hot light.

The next moment, with a bang, beside the fifth round of the big sun, a round of light like rice grains appeared.

As soon as this light spot appeared, it immediately absorbed the essence of the power of the dragon descending Arhat at an extremely fast speed.

The essence of the power of the dragon descending Arhat is constantly instilled in it, and this small rice grain is constantly growing at an extremely fast speed.

Although it is small in size, his radiance is no different than that of the five rounds next to Dahi!

The red giant lion is constantly becoming weak, and Chen Feng's absorption is still continuing.

Finally, after I don't know how long, the rice-like brilliance has become the size of an egg.

And at this time, its brilliance has even overshadowed the five rounds of big sun next to it.

Because it is purely composed of the essence of the power of the dragon descending Arhat, in terms of quality, it is purer and purer than the previous five rounds of big sun!

At this time, the red giant lion has finally been drawn to the limit.

With a loud bang, the body of the red giant lion scattered directly.

It uttered a scream, struggling to stop this, but it couldn't stop it at all.
