

## Peerless 2921

### [Chapter 2921: Chen Feng's retreat](#)

It is the white jade Arhat!

Then, the power of the dragon descending arhat was fiercely poured into the white jade arhat.

Bai Yuluohan suddenly shined brightly, and a white beam of light came out from his chest, shining somewhere in the void.

The next moment, in the void, a circular door slowly cracked open.

Seeing this scene, everyone was shocked.

The ancestor of Montenegro let out an incredulous shout: "What is this?"

Xuanyuan Ruopeng's smile solidified on his face, standing there stupidly, dumbfounded.

And hearing this exclamation, those who closed their eyes quickly opened their eyes, looking at the scene in shock!

At this moment, suddenly the beam of light trembled violently, as if it was about to collapse.

The crack on the white jade Arhat has increased a bit, and the depth has increased a bit, but after all, it is still not broken.

Immediately stabilized again.

That beam of light is more stable.

Chen Feng's figure entered the beam of light.

Then, at an extremely fast speed, he entered the huge round gate.

Seeing this scene, everyone was stupid and exclaimed: "How come? How come?"

"Is this Chen Feng? Would you run away?"

"God, I can't believe it!"

"No wonder, no wonder, Chen Feng was so calm and calm just now, it turns out that he has such a hole card!"

"Great, Chen Feng escaped a life."

Many people's faces are full of excitement!

And at the moment Chen Feng disappeared, he suddenly turned his head, pointed at the black mountain ancestor, and said coldly: "Wait, I will come back to take your life soon!"

With a flash, Chen Feng disappeared.

The round door closed directly, and the white beam of light slowly dissipated.

Everyone stared at this scene blankly, if it weren't for the white light that dissipated in the air, I'm afraid they would still think that everything just now was just a phantom, nothing happened!

As Chen Feng disappeared completely, everyone finally reacted.

Everyone did not speak in unison, but looked at Xuanyuan Ruopeng with weird eyes.

Then, he looked at the ancestors of Montenegro.

The ancestors of Montenegro were dumbfounded.

He raised his arm and opened his mouth, as if he wanted to say something, but he didn't say anything.

He knew that he had lost his face and was severely teased by Chen Feng.

He said that Chen Feng could be solved within three strokes. As a result, not only did he not solve Chen Feng, on the contrary, Chen Feng calmly left!

At this moment, Chen Feng was in the void, and the familiar feeling of the circulation of time and space was passed over again.

Moreover, this time is still very long.

It's just that Chen Feng didn't panic at all, he was already mentally prepared for it.

I don't know how long it took, Chen Feng finally felt that he was on the ground.

He opened his eyes and raised his head, the familiar sight fell in his eyes.

Above the sky, there was a gray area, but it was filled with endless golden light.

Above the ground, there is a green meadow, with distant mountains in the distance, and looking down, there is endless golden light.

As soon as he came here, Chen Feng hummed comfortably, feeling like he was soaking in hot water.

Warm.

The fact is exactly the same. Although there is no warm water here, the endless essence of the power of the dragon descending Arhat penetrates into Chen Feng's body, making Chen Feng feel extremely comfortable.

They surrounded Chen Feng and automatically began to treat Chen Feng's injuries.

Chen Feng smiled slightly: "This is where I belong!"

At this moment, Chen Feng suddenly heard the sound of hoofs coming from a distance.

The ground is shaken by waves, like waves, the feeling is very familiar.

A smile appeared at the corner of Chen Feng's mouth: "An old friend is here."

He raised a whistle to the sky, and suddenly, a red light and shadow came directly in the direction where he was.

In front of Chen Feng, he just stopped.

It is the true dragon and five snake beasts.

After the real dragon and five snake beasts came to Chen Feng, they immediately squatted down, his two big eyes showed extreme joy, opened his mouth, and his big tongue was wet and licked on Chen Feng. Lick it.

Chen Feng laughed loudly and touched his head: "You guy is clever, you feel my breath, so you came quickly, right?"

The real dragon and five snakes nodded desperately.

Chen Feng rubbed his head, then turned over and said, "Go, take me to find the monsters that have hatred against you."

"After today, presumably you can walk sideways here."

Chen Feng knew that no matter how big this secret realm was, the number of monsters in it was limited.

I had already killed a batch by myself before, but now, if I kill some more, I'm afraid that there will not be much left.

But Chen Feng had to do this. In this Arhat Secret Realm, Chen Feng could certainly recover, but it would be slower to recover.

As far as his current injury is concerned, if he doesn't hunt monsters to recover, then Chen Feng will need to stay in it for a few months at least.

And in a few months, even in the Arhat Secret Realm, the time flow is much shorter than outside, but after a few months, it will probably be a day or two outside.

Chen Feng can't afford to delay that long now!

Besides, as long as the Arhat Secret Realm is in, these monsters will reappear.

The true dragon and five snakes and beasts moved forward, and soon they rushed out thousands of miles with Chen Feng, left the scope of the Nuo Great Plain, and entered a dense mountain range.

This mountain is not extremely tall, but it is very beautiful, with dense green grass everywhere and colorful blooming flowers everywhere.

Feiquan waterfalls can be seen everywhere.

Large and small mountain streams, Dingdong, converge into a big river, cut the mountain in half, and gurg out from it.

The water is clear to the bottom, and you can see large and small fish and various creatures inside.

The pebbles at the bottom of the river have been polished for many years. They are round and smooth.

Seeing this scene, Chen Feng gently closed his eyes, opened his arms, and exhaled a turbid breath.

If you don't see it with your own eyes, how can you think that this is actually not a real world? Is everything constructed from the essence of the power of the dragon descending Arhat?

Suddenly, Chen Feng's heart moved: "Isn't my soul-man space also a world constructed by my soul-man power?"

"It's just that it can be made more like this world, and it can be closer to the real world."

"If the space is strong enough to a certain extent, then the creatures inside will naturally bred out."

[Chapter 2922: absorb!](#)

"At that time, humans will evolve, develop martial skills, monsters will break through, and they will cultivate themselves.

"At this time, then this space is a real world, and it can even be expanded into a real universe!"

He immediately realized that this was a rare opportunity to make himself more knowledgeable about building the soul-man space.

Therefore, Chen Feng immediately observed carefully.

His gaze was constantly scanning the sky and the ground. After seeing it for two hours, Chen Feng finally felt that he was indescribably uncomfortable.

He felt that he would almost vomit a mouthful of blood when he watched it further.

Chen Feng immediately closed his eyes, he knew he could no longer observe.

"But..."

Chen Feng closed his eyes, carefully aftertaste for a moment, a smile appeared at the corner of his mouth.

Although he has only observed these two hours, he has gained a lot.

He has deepened his understanding of the nature of this world, and has also given him many new ideas on how to structure some things in the soul-man space!

At this moment, suddenly, a burst and huge roar interrupted Chen Feng's thoughts.

Chen Feng immediately raised his brows and looked forward.

I saw a monster beast proudly standing on the top of a huge mountain thousands of meters away.

Looking at Chen Feng, there was a look and a provocation in his eyes.

There is also a trace of greedy killing intent.

This is a monster beast that looks like a giant elephant, but on top of his body, there are two wings on each side.

The wings are large and powerful.

Chen Feng smiled slightly and hooked his finger at the giant elephant.

The aura from this giant elephant is very huge, if it is an ordinary person, I am afraid that after seeing it, he will flee in fright.

Even a very strong powerhouse, Nine-Star Martial Emperor's peak level, had to leave immediately after seeing it.

Because, the strength of this giant elephant can already kill the Nine Star Martial Emperor peak powerhouse.

Chen Feng's current combat effectiveness is similar to that of the Nine Star Martial Emperor peak powerhouse, but he has no fear at all.

Because Chen Feng is their natural nemesis!

No matter how strong they are, Chen Feng is not afraid.

Seeing Chen Feng hooked his finger at himself, although Chen Feng didn't speak, this giant elephant understood the meaning at a glance.

In an instant, he was furious, let out an angry roar, his four wings flapped and shot directly at Chen Feng.

In a blink of an eye, he arrived in front of Chen Feng, his speed reached the extreme.

Chen Feng smiled slightly: "Are you in such a hurry to find death? Okay, then I will fulfill you!"

The next moment, Chen Feng gave a soft drink and came directly to the monster beast.

Then, a palm blasted out!

After half an hour, the monster beast was already lying down on the ground, no breath.

And Chen Feng, standing on his body, closed his eyes and rested, with a solemn expression.

With his palms down, a huge, extremely pure golden-red dragon descending Arhat power was sucked out of the giant elephant monster and entered Chen Feng's body.

Chen Feng's injuries continued to recover at an extremely fast speed.

On the surface of his body, there are jet black congestion impurities overflowing in every pore!

This giant elephant was already killed by Chen Feng, and Chen Feng was absorbing the essence of the power of the dragon descending Arhat.

Two hours later, Chen Feng let out a long roar, and his whole body collapsed and collapsed, with countless wounds.

There was the congestion impurity shattered from it, and the aura on his body at this time was no worse than at the peak.

Chen Feng's strength has been completely restored.

He looked at the colossal statue that had been shattered into countless light spots and extinguished, with a slight smile at the corner of his mouth.

"Sure enough, this monster beast is stronger than any one I have encountered before, and it will naturally get more benefits when absorbed."

Chen Feng looked at him, feeling very uncomfortable.

There happened to be a pool of water next to him, so his figure flashed, and he jumped directly into the pool.

These liquids in the pool are all made of the essence of the power of the dragon descending Arhat, cold and refreshing, but there is no such thing as chill, but the whole body is comfortable.

Chen Feng washed away all the mess, took out a blue robe and put it on.

Long hair, just like this.

White as jade, black as ink.

It is Pian Pianjia son!

"Now, my injury has recovered, but if I go out like this, it is still impossible to be the opponent of the ancestor of Black Mountain."

"His strength lies between the peak of the Nine Star Martial Emperor and the Half-Step Martial Emperor, and it is already beyond the range that my current strength can shake!"

"So, I must improve my strength before I can go out and face him."

In Chen Feng's gaze, a sharp light flashed, and he whispered softly: "I just broke into the Seven-Star Martial Emperor, and now I want to break through the realm, it is unlikely."

"Then there is only one choice, and that is: Strengthen!"

"With the same realm, increase your strength!"

A smile appeared at the corner of Chen Feng's mouth, his body shook, and the seven rounds of days went round.

Suddenly, in his dantian, a touch of orange light suddenly lit up from the dark.

Around those seven big suns, a smooth orange ribbon formed on the outside.

This orange ribbon is entirely composed of the power of orange heaven and earth.

In the next moment, Duo Duo Duo, these orange powers of heaven and earth came out of Chen Feng's dantian, came to Chen Feng's body, and surrounded Chen Feng.

One after another, the orange slips formed by the power of heaven and earth are simple and majestic, with a total of 5,999!

Chen Feng's figure flashed, and came to the top of the real dragon and five snake beasts.

Around his body, five thousand nine hundred and ninety-nine jade slips circulated, making Chen Feng shine like a fairy.

The true dragon and five snake beasts did not need Chen Feng to urge them, they just spread their hoofs and ran toward the deep mountains.

The area of this mountain is not too small, and the radius is a thousand miles, but it is too small compared to Chen Feng, and it will take a long time to completely turn around.

And with the real dragon and five snake beasts, this earth-headed snake is naturally easy to find the traces of those monsters.

Two hours later, on a cliff, Chen Feng sat cross-legged on the cliff.

And beside the cliff is a huge unicorn.

If you look down at this time, you will be shocked to find that there is a deep valley about a thousand meters deep beside the cliff.

At this time, this deep valley was almost filled by a giant.

This is a huge golden one-horned rhinoceros. Its size is so huge that it is lying on the bottom of the valley, and the sharp horns on top of its head are already near the cliff.

Chen Feng pressed one hand on the single horn, and pinched a strange seal with the other.

#### [Chapter 2923: Ten thousand powers of heaven and earth!](#)

At this time, in Chen Feng's body, the general outline of the Jianglong Arhat Scriptures was transported, and the essence of the power of the Jianglong Arhat was absorbed into his body.

However, instead of being poured into those seven rounds of great suns, it moved along the route of the general outline of the Dragon-Dragon Arhat Sutra.

With a snap, beside Chen Feng's body, a jade slip made of orange heaven and earth suddenly appeared.

This jade slip, the brilliance of the slips, the orange, there are still golden.

It seems that it is more noble and beautiful than other orange powers of heaven and earth. This is the jade slip condensed from the essence of the power of the dragon descending arhat, and the quality is higher than before.

After a while, about the time of a stick of incense, another jade slip appeared.

Chen Feng continuously absorbed the essence of the power of the dragon descending Arhat, and continuously turned into this jade slip, surrounding his body.

Chen Feng closed his eyes and his face was solemn, constantly absorbing.

And beside him, the real dragon and five snake beasts looked at him in awe.

Chen Feng was absorbed faster and faster, and finally, as it approached the evening, with a bang, the body of this behemoth was directly destroyed by countless light spots, and it was already completely absorbed by Chen Feng.

As he absorbed, there was a soft snap, and another orange jade slip appeared beside Chen Feng's body.

And this jade slip is already the eighth thousand jade slips around Chen Feng's body!

Chen Feng suddenly opened his eyes, stood up, looked at the 8,000 orange jade slips coiled around his body, and a smile appeared at the corner of his mouth.

"This giant beast has provided me with two thousand orange powers of heaven and earth."

"Now, my power of heaven and earth has a full eight thousand Dao!"

"I feel that although it is still not comparable with the ancestors of Montenegro, the gap between the two is getting smaller and smaller."

Chen Feng laughed, patted the head of the real dragon, five snakes and beasts, and said, "Let's go, let's look for new targets now."

Chen Feng's goal is to reach 10,000 powers of heaven and earth within a few days.

After hearing Chen Feng's words, the real dragon and five snake beasts showed a slight hesitation on their faces.

However, soon he nodded and left with Chen Feng again.

Chen Feng didn't notice the hesitation he had just revealed.

The True Dragon and Five Snake Beasts did not disappoint Chen Feng, although the search time this time was slightly longer, and it took three full hours.

But they still found their goal in the deepest part of the mountain.

The deepest part of this mountain range is a peak with a height of about 10,000 meters.

This is nothing outside at all, there are more than this huge mountain.

But this is the Arhat Secret Realm, in this small world, this is already the tallest existence.

In front of this huge mountain, a golden dragon is holding itself there, seeming to be sleeping.

As soon as Chen Feng came here, he immediately opened his eyes and stared at Chen Feng with incomparable energy, his eyes flashed with a strong sense of guard.

Chen Feng sighed softly, "This guy is not weak. It seems to be stronger than the giant elephant just now."

"But, how can I be afraid?"

Chen Feng rushed forward directly.

After an hour, the golden dragon had already lost its breath.

And Chen Feng began to absorb quickly.

This golden giant dragon is stronger than the giant elephant just now, and it can provide Chen Feng with more power from the world.

Chen Feng absorbed three hours.

Finally, three hours later, with a loud bang, the golden dragon disappeared directly.

And the orange power of heaven and earth around Chen Feng's body is one more.

At this time, the orange power of heaven and earth around Chen Feng's body had already reached 10,000.

Ten thousand orange powers of heaven and earth surround Chen Feng, shining extremely brightly.

Chen Feng showed a fascinated color on his face, stretched out his arms, and took a long breath. He whispered to himself: "Now I have 10,000 orange powers!"

"I don't know how much orange power I can have when I reach the peak of the Eight-Star Martial Emperor and step into the Nine-Star Martial Emperor! How many gods can I cast!"

"This determines how powerful I am in the future!"

He clenched his fists: "I must be fine!"

Chen Feng still had some thoughts, and smiled and said: "Go, real dragon and five snakes, and then look for other monsters."

Every time Chen Feng gave this order before, the true dragon and five snake beasts would immediately take him to find other monsters.

But this time, there was an exception.

After Chen Feng said these words, the true dragon and five snake beasts did not move.

Chen Feng was taken aback and asked: "What's the matter?"

The True Dragon and Five Snake Beast shook his head, then the huge claw pointed to the distance again, and then waved the claw.

So Chen Feng immediately understood his thoughts and said, "You mean, this monster beast is already the last one?"

"After this monster beast, you are the only one in the entire Arhat Secret Realm?"

The real dragon and five snake beasts nodded fiercely, but when he nodded, there was still some sadness in his eyes, staring at Chen Feng blankly.

Chen Feng immediately understood what he meant, and couldn't help laughing: "You idiot, what do you think?"

"Do you think that I will kill you without other monsters?"

"You idiot, it would be too low to look at me Chen Feng."

"How can I, Chen Feng, do such a thing?"

He rubbed the heads of the true dragons and five snakes and beasts vigorously, and laughed and said, "Just follow me with peace of mind. If there are no monsters, there will be no more!"

The real dragon and five snake beasts burst into laughter suddenly, and their heads rubbed hard against Chen Feng's body.

Chen Feng laughed.

Although there are no other monsters to absorb, Chen Feng still feels a bit regretful, but he has actually achieved the purpose of this trip.

His orange power of heaven and earth has changed from 6,000 to 10,000, and his strength can be said to have been greatly improved.

Going out to play against the ancestors of Montenegro may not be without the power of a battle.

However, Chen Feng still wanted to be more secure.

Chen Feng looked into the distance and suddenly moved in his heart, and said: "If this is the case, then take me to the end of this Arhat Secret Realm!"

Chen Feng knew very well that there must be a secret at the end of this Arhat Mystery.

Although the monsters are gone, there are others!

The real dragon and five snake beasts immediately took Chen Feng and headed to the huge mountain.

He did not fly, but chose to walk up step by step, his eyes full of piety and awe.

Chen Feng took a deep breath, knowing that he had guessed correctly.

At the end of this Arhat Secret Realm, there must be something extraordinary.

The mountain is not high. Although the two of them walked up step by step, they soon reached the top of the mountain.

[Chapter 2924: The end of the secret! There are secrets!](#)

On the top of the mountain is a huge platform with a radius of about one kilometer.

But Chen Feng looked up the top of the mountain, but was stunned.

It turned out that the longevity face on the top of the mountain was a vast expanse of nothingness, nothing.

There is no land, no mountains, no rivers, and no essence of the power of the dragon descending arhat.

Chen Feng knew immediately that he had come to the end of this small world, and there was an endless void outside!

Chen Feng took a long sigh and cast his gaze on the platform.

After looking around the platform for a while, Chen Feng's eyes widened suddenly, with an expression of disbelief on his face, even dumbfounded.

He quickly watched it again, and the shock on his face became heavier.

When Chen Feng finished reading it for the third time, he finally let out an unbelievable exclamation: "How is this possible? How is this possible?"

Chen Feng was shocked to the extreme.

What shocked him was not that there were any precious and unimaginable treasures on this platform, but because Chen Feng had found nothing on this platform.

He didn't see anything!

This above is actually empty! Nothing at all!

Chen Feng exclaimed: "Impossible, how can there be nothing on it?"

"The Secret Realm of Arhats is related to the Truth of the Arhat of the Dragon, and the first ancestor of the Arhat Gate of the True Dragon obtained the fragments of the Arhat of the Dragon from here."

"And that fragment can only exist here, and it can only exist here!"

"How could there be nothing?"

"This is impossible, it shouldn't be!"

Chen Feng didn't lose his temper, but he felt it was very unreasonable.

Because there should be something here, this is the conclusion made by Chen Feng.

And this conclusion, Chen Feng concluded that it is absolutely correct.

At this moment, Chen Feng even doubted himself.

But soon, he shook his head and said: "Impossible, this judgment I made cannot be wrong, there must be there."

Suddenly, he seemed to think of something general, his eyes flashed, and he lost his voice: "I know, it must be because of this!"

The next moment, Chen Feng stretched out his hand and took it out of his arms, and immediately took out a map.

This map is made up of two fragments to form a complete map, which is the trace map for the clues entering the third ring.

It is strange to say that Chen Feng just took out this thing.

There was a reaction suddenly on the empty platform.

Bang, bang, bang, each of the four corners of the platform exploded a spring hole, but what was spit out was not spring water, but a mighty force.

This majestic force is not the power to lower the dragon and the Arhat, but Chen Feng looked very familiar and felt very familiar.

It seems that it once possessed the same power, but it can't remember it for a while.

These four forces converge in the very center of that platform.

The map in Chen Feng's hand also flew up, and was held in the air by this power.

These four forces began to rotate, began to converge, and finally turned into a huge mysterious pattern.

This mysterious pattern, one white and one black, is fierce on one side, but feminine as water on the other.

At this time, Chen Feng finally remembered.

Suddenly, he exclaimed: "This, this is the power of Yin and Yang! This is the power of Yin and Yang!"

"This is the power of the Great Emperor Yin and Yang!"

Chen Feng was stunned at this moment.

He was very familiar with this power, because he had received this power on the first floor of the Great Emperor Yin Yang's mausoleum.

This kind of power has brought endless benefits to Chen Feng. His ability to climb to such a realm today can be said to be indispensable.

Later, as Chen Feng's power level got higher and higher, these yin and yang powers also dissipated, but he didn't expect to see it again here!

In the next moment, all of these yin and yang forces were poured into that small map.

That small map, like a long whale absorbing water, formed a hole in the sky above him, sucking all the power of yin and yang into it.

And as the power of Yin and Yang was sucked in, this map also began to change.

All the mottled traces above disappeared and became bright.

Its surface, from paper and leather, began to become like metal.

In the end, as the remnants of the surface were removed bit by bit, the clean and pure inside was finally exposed.

This turned out to be a palm-sized disc.

The disc is half black and half white, half stiff, half feminine, just like the power of yin and yang!

The next moment, above the disk, light began to radiate.

The entire space began to fluctuate tremendously.

Then, the yin and yang disc suddenly spun crazily, from lying horizontally to standing there.

As it rotates, the disc gets bigger and bigger, and in the end it becomes the size of a person.

Erected in front of Chen Feng.

Then, the next moment, the whole body trembled violently.

The two halves, one white and one black, began to roll apart on both sides, revealing a gap in the middle.

This gap is getting bigger and bigger, and eventually it can accommodate one person.

This yin and yang disc actually formed a portal!

Chen Feng suddenly realized at this time, he exclaimed: "It turns out that this map is not just a map, but also a key, the key to the third ring clue!"

"Now, the third ring clue has been opened, waiting for me to enter!"

Chen Feng laughed loudly: "Sure enough, I was right! I was right!"

"Here, there should be a fragment of the Arhat Sutra of Jianglong, but there is none here, so there is only one explanation!"

His eyes were awe-inspiring: "This is just a beginning, but an entrance."

"At the end of this secret realm, there is also a larger, higher level, and more secret secret realm!"

"Hahaha, I didn't guess wrong, it turns out that the end of this secret realm is the entrance to the third ring clue, that is the third ring secret realm!"

Without hesitation, Chen Feng stepped into it immediately!

Chen Feng only felt a sense of chaos in time and space in front of him, but this time, the feeling of chaos in time and space suddenly made Chen Feng congeal his brow.

A weirdness flashed in my heart: "Why do I feel like something is wrong?"

"This time, the feeling of chaos in time and space is completely different from before."

Chen Feng didn't panic, he just felt it carefully, and after feeling it for a while, as if a ray of light flashed in Chen Feng's mind, he suddenly understood what was wrong!

"I understand, I understand, it turned out to be like this!"

"This time, this feeling of time and space disorder is still time and space disorder, but it is different from the last time."

#### [Chapter 2925: Me, I'm in the South Wilderness?](#)

"No, it should be said, it is the opposite of every feeling I have experienced before!"

"I used to travel from the Dragon Vein Continent to another world, but this time, I returned to the Dragon Vein Continent from another world."

A thought flashed through Chen Feng's heart: "Could it be that the place I am going this time is actually in the Dragon Vein Continent?"

"So, where would it be?"

Before Chen Feng could think clearly, suddenly, the feeling of empty change disappeared directly, and there was a white light in front of him.

In the white, there is still endless silver.

At the next moment, a huge and familiar feeling suddenly spread.

Chen Feng immediately recognized that this was the feeling of the power of yin and yang!

Slowly, Chen Feng opened his eyes.

But after a scan, you can see everything here!

What shocked Chen Feng was that he looked very familiar with everything here.

The clouds floating in the sky, the large lake above the ground like a mirror, the huge white bones floating on the lake surface, motionless.

The four sides are like the top of the pot lid.

All this made Chen Feng feel extremely familiar.

"I have been here! I must have been here!"

Then, he thought, here, here is...

Chen Feng was completely stunned at this time. It was a long time before he came back to his senses, and muttered, "It turned out to be like this, it turned out to be like this!"

"I understand! God, this is too complicated! It is so complicated!"

"However, I figured it out after all!"

The confusion in his eyes gradually faded, and finally turned into a trace of clarity,

He sighed slightly: "It turns out that although the map of the third ring clue points to the vicinity of Chaoge Tianzi City, it is actually not in Chaoge Tianzi City at all."

"The map is completely misleading."

"The real clue to the third ring is actually..."

Chen Feng's eyes were full of clearness, like a long autumn water, full of wisdom, and slowly uttered two words: "Southern Wilderness!"

He stood up suddenly, opened his arms, and yelled.

"It turns out that the third ring clue is actually the tomb of the Great Emperor Yin and Yang!"

"It turns out that the tomb of the Great Emperor Yin and Yang is the clue to the third ring, the tomb of the Great Emperor Yin and Yang that I entered once in the Southern Wilderness!"

"This also means..."

Chen Feng's eyes were filled with ecstasy for an instant: "I am already in the Southern Wilderness!"

"Hahaha, hahaha, it turns out that you can enter the Arhat Secret Realm through the White Jade Arhat, and you can enter the third ring clue through the Arhat Secret Realm."

"So, when I was in the secret realm of the third ring clue, that is, in the tomb of the Great Emperor Yin and Yang, I was already in the Southern Wilderness."

"Great! Great!"

Chen Feng was extremely happy.

It's been a long time since he was so ecstatic!

He has to be happy, he cannot be unhappy.

Because, without this path, it would take him more than a month to reach the Southern Wilderness, and he might not even be able to reach the ground under the sky in time.

And he is even more aware that if he is too late, then there is no other punishment waiting for him, only one, which is his life!

Chen Feng would be killed directly!

Therefore, Chen Feng has always been very worried about this matter.

And now?

Now that he has this shortcut, he can reach the Southern Wilderness in an instant.

What is this equivalent?

This is equivalent to Chen Feng's life span for a whole month! This is equivalent to extending his life for a month!

How can Chen Feng not be ecstatic?

However, Chen Feng soon calmed down the ecstasy.

Then, suddenly thinking of something general, he took out the white jade Arhat statue from his arms.

At this time, the white jade Arhat statue was already covered with many small cracks, there were no big cracks, and no signs of damage, but Chen Feng knew it was not far away.

He whispered softly: "Once, I can pass this white jade Arhat into the secret realm of Arhat at most once."

"After going out this time, I only have one chance, and the second chance is impossible."

"Because after the next time, this white jade Arhat statue will inevitably be broken, and even, I only have one chance to enter here."

"After entering here, the statue will be broken. I have no way to get out. I can only return to Chaoge Tianzi City from the Southern Wilderness!"

"But this time, it's just to extend my life!"

Chen Feng's eyes were clear: "I must cherish this opportunity!"

Chen Feng cleared up his mood and flew forward.

Before, when he came here, even the altitude of his flight was restricted. When he flew a little higher, he could not ascend immediately.

But now that his strength is more than he did not know before, naturally he doesn't need to be subject to this kind of restriction anymore.

Chen Feng was about to fall on the lake. Suddenly, his gaze swept away, and a look of surprise flashed across his face, and he said softly, "What's the situation?"

It turned out that at this time, from the height of Chen Feng, many protrusions could be seen under the lake.

These protrusions look very irregular, like reefs hidden under the lake.

In fact, when Chen Feng came here for the first time, he also saw these things.

It's just that he didn't care, and he didn't know what it was at the time.

But now, when Chen Feng looked at these oh things, he felt completely different from before.

He vaguely felt that there was a burst of golden light with the power of descending the dragon, making him feel very comfortable.

Moreover, the power of the dragon descending Arhat in Chen Feng's body was also affected by them.

Chen Feng smiled slightly: "Do you want me to use the power of the dragon descending Arhat?"

"So, that's fine."

In his dantian, seven rounds of the sun revolved, and the power of the dragon descending arhat came out vigorously, quietly shed like a golden light wing.

This golden light rain fell into the lake, went down vertically, and came to the rocks.

It is strange to say that after the power of the dragon descending arhat sprinkled on it, these reefs suddenly glowed with golden light.

Then, these golden rays of light continued to pass back and forth on each piece of reef, quickly connecting all the reefs into one.

Chen Feng saw that after all the reefs were connected as one, under the lake surface, line after line actually appeared.

A smile appeared at the corner of Chen Feng's mouth: "Sure enough, this is the case, I really want to convey some information here."

Chen Feng looked at the lines.

He watched it once, then carefully watched it a second time.

### [Chapter 2926: Breakthrough, Sixth-Rank Soul Sect!](#)

There was a long silence before he let out a long sigh: "That's it, this is how it all turned out to be!"

Just now, Chen Feng was speculating that the person who left the clues of the Nine Rings, the owner of the Purple Fire True Spirit, was the Yin Yang Emperor?

After all, his third ring is the tomb of the Great Emperor Yin and Yang!

But now, Chen Feng knew that that existence was really not the Great Emperor of Yin and Yang.

It turns out that what is described in this line is the origin of this place!

The existence that left this clue was a Wudi realm powerhouse 100,000 years ago.

Unbeatable!

And his realm, according to what he said, has reached the realm of a grand emperor.

Chen Feng didn't know what this Great Emperor Realm meant, what level it was, but I was afraid that it could be regarded as extremely top-notch among the Martial Emperor Realm experts!

And when he wanted to leave the clues of the Nine Rings, he began to travel throughout the Dragon Vein Continent.

After coming to Nanhuang here, I can tell at a glance that there is a secret realm hidden here.

When he was curious, he opened it, but he didn't expect that this place was actually the tomb of the famous powerhouse in the entire Dragon Vein Continent a million years ago, and even the Great Emperor Yin and Yang who almost unified the Dragon Vein Continent.

Therefore, he modified this place slightly, and it became his third ring clue.

The information came to an abrupt end here, and there will be no more later.

After Chen Feng finished reading, he let out a long sigh of breath and whispered to himself, "It turns out that it is, I have learned a little about them."

Chen Feng raised his head, thinking that the great emperor Yin and Yang had the powerful strength of the great emperor who left the clue of the nine rings, and he couldn't help but feel fascinated.

"How tyrannical is the strength of the two of them to retain such a strong will?"

Chen Feng shook his head, shaking these emotions out of his mind.

"It's useless to think about it now. What we need to do now is to quickly improve our strength!"

Suddenly, Chen Feng looked up and saw the clouds floating above the sky.

He couldn't help but shook his head and laughed: "Chen Feng, you really don't look good in your eyes, aren't there so many benefits in the sky now?"

Chen Feng still remembers very clearly. When he first came here, An Lao told him that the clouds in the sky were those pieces of extremely pure mental power.

After absorbing it, it can be of great benefit to the soul person space.

He broke through here to enter the First Grade Soul Sect!

Chen Feng did not hesitate to do as he thought.

He immediately flickered and came under a cloud.

Then, he took a deep breath and took a breath with both hands.

Suddenly, more than half of the clouds were sucked in by him.

Chen Feng had also absorbed it back then. He could only absorb a small amount at a time. After several hours, all of it was absorbed, not as much as it is now.

Chen Feng was sitting cross-legged in the air, the white clouds surrounded him, and a faint white air kept coiling around Chen Feng's body.

In the end, it turned into a little white dragon.

The white dragon continued to rotate around Chen Feng, getting faster and faster, and finally formed an existence similar to a top.

And the tail of the white dragon was connected to the cloud, winding it for unknown times.*novelusb.com*

Suddenly, Chen Feng took a deep breath, but not with his mouth, but with his nose. Suddenly, the white dragon turned into a white gas, and with a swish, it penetrated Chen Feng's nose. .

In the next moment, the expression on Chen Feng's entire face was stretched out, and he looked extremely comfortable.

The fact is also true, this pure and incomparable spiritual power poured into Chen Feng's mind, into Chen Feng's soul-man space.

In that soul-man space, heavy rain is pouring down, that is the purest spiritual power.

As the raindrops gathered, Chen Feng's soul space was constantly expanding, and the spiritual power inside was also constantly increasing!

Chen Feng was absorbing frantically, faster and faster.

In the end, all the clouds above the sky turned out to be gathered into a ball, surrounding Chen Feng.

At the next moment, another white dragon formed, continuously rotating around Chen Feng.

This piece of soul-man space, which seems to have been silent all the time, is also magnificent because of this.

The air above the sky kept shaking, and the white dragon was getting bigger and bigger. In the end, two hours later, with a loud bang, the white dragon directly slammed into Chen Feng's body. !

The next moment, there was a loud bang, and Chen Feng's body could no longer remain in the space of the soul.

In front of him, the time and space changes had already come into the soul-man space.

At this moment, the space of the soul was completely dark.

This is a very rare situation for the soul-man space.

Because there is no day and night here, but at this time there is an endless black thundercloud.

Below this black thundercloud, the torrential rain poured down, and the entire Soulman space had become a piece of Zeguo.

Chen Feng saw that the river had simply disappeared, not because it dried up, but because there was too much water.

The entire soul-man space has become a large lake, and the water level of this lake is still rising.

Chen Feng saw that the river was submerged, the plain was submerged, and even the hill that was several hundred meters high had only a small top exposed.

Others are also submerged.

Chen Feng couldn't help but a wry smile appeared at the corner of his mouth: "These waters are all boundless and majestic spiritual power!"

It turned out that the mental power absorbed this time was so much that the soul-man space could not be digested and could not be absorbed, and it became like this!

The water level is getting higher and higher and higher.

Finally, when the water level did not pass the top of the mountain, turning the entire soul-man space into a vast sea, a deep palpitation flashed in Chen Feng's heart.

Because at this time he felt that he was in the void universe.

There is nothingness all around.

And there is only this soul-man space under him, but this soul-man space has become an ocean, with water everywhere, hundreds and thousands of meters deep.

At first glance, there was pitch black everywhere, and the water was a deep blue that was almost black.

A deep fear flashed in Chen Feng's heart. He hadn't been afraid for a long time, but he was now afraid.

A scene of despair suddenly remembered in Chen Feng's heart: "A person, falling into this endless water, sinks and sinks constantly, never see the end, never see the sun."

"In the end, alive, forget time, forget everything, even myself."

Suddenly, Chen Feng shivered suddenly, opened his eyes, sweating profusely.

He trembled: "What's wrong with me? How can I fall into such a nightmare situation?"

At this time, Chen Feng completely struggled out of that fear.

As he struggled out, some level seemed to be broken directly.

Chen Feng has already broken through to the sixth rank soul sect!

#### [Chapter 2927: Evolve the soul tower!](#)

The black clouds above the sky dissipated suddenly, and the boundless rain suddenly disappeared.

With a bang, the soul person space began to collapse, began to expand, and then began to change.

Chen Feng just stood there waiting quietly, watching.

I don't know how long it took, and light shed from the sky above the sky.

Chen Feng took a deep breath and smelled a scent of fresh green grass, as fresh as a mountain forest after a rain.

Chen Feng smiled, looking around this brand new world.

At this time, the Soul Person Space had completely changed its appearance compared to before.

The area has expanded several times, and now the radius has reached a full two thousand miles, and even the end can not be seen at a glance.

There was no change in appearance, it was still a huge plain.

In the center of the plain, a huge mountain stands high, and a river flows over the plain, finally tilting into the endless void.

The difference is that the area of grass on both sides of the river has expanded more than ten times than before, and a grassland has been formed.

In addition to that thorn, two or three small trees were actually born nearby.

This little tree is only four or five feet tall, but it is still growing taller, and pieces of green leaves are struggling to emerge, exuding vigorous vitality!

However, Chen Feng had no intention of paying attention to these.

All his attention has been drawn to the top of the mountain by a building on the top of the mountain.

Here is a bluestone palace.

Fang Fangzheng, there is only one floor, not large in scale, but it exudes an unspeakable ancient, magnificent, majestic atmosphere.

It is that tower of souls!

When Chen Feng looked at the soul-recruiting tower, he saw that the soul-recruiting tower was constantly struggling and shaking constantly.

In the end, this soul-recruiting tower seemed to have life.

Layers of cyan boulders are formed on its surface, and the bluestones continue to rise, continuously build up automatically, and the entire soul tower is constantly rising.

Finally, in Chen Feng's shocked gaze, the Tower of Souls stopped growing.

But at this time, the soul tower has changed from only four to five meters high and a radius of more than ten meters from the previous one to the current height of more than ten meters, with a radius of twenty to thirty meters.

And the most important thing is that this tower of soul-recruitment has already become a full two floors.

The soul tower has evolved!

Chen Feng was ecstatic for a moment.

"The soul tower has evolved, and it has changed from one to two!"

Chen Feng remembered what An Lao had said in his mind: "After stepping into the Sixth-Rank Soul Sect, you can turn the Soul Recalling Tower into two levels, and if you step into the Ninth-Rank Soul Sect, you can evolve it into three layers. "

"At that time, you can summon three soul servants."

"I can also summon two soul servants now!"

"It's just that there is still no way to summon it!"

Chen Feng looked at the soul-recalling tower and said softly: "This soul-recalling tower is still too small."

"My most valuable snake scale armor and yellow bird feathers can't be put in."

"However, I believe that the day when the soul servants are summoned is not far away."

Chen Feng's eyes flickered: "My trip to the Southern Wilderness is to obtain the inner alchemy of the snake. If I obtain the inner alchemy of the snake, there are only two endings."

"One, I will kill the snake, and two, the snake will kill me."

"Teng Snake can never lie there obediently, let me take his inner alchemy. After taking out the inner alchemy, Teng Snake will also die."

"And after taking out the Teng Snake inner pill, you must be able to find many extremely precious things in Teng Snake's body. By then, these things will be small and very precious, and they are most suitable for summoning soul servants!"

Chen Feng smiled, looking forward to the future!

He took his gaze back from the soul-recalling tower and looked at it casually.

Suddenly, Chen Feng's eyes condensed.

With his eyes fixedly looking at a place in the river, he let out an unbelievable exclamation: "What? What is this?"

I saw that in the river, a little white thing was bending together, about the size of a little finger.

But Chen Feng saw that he was not completely following the ups and downs of the water, but in his own movement.

Although this action was very slow and sluggish, he was indeed moving.

This also means...

Chen Feng shuddered and shouted wildly: "Animals, animals have appeared in my soul-man space!"

Chen Feng was extremely excited.

He sighed softly, staring at the little white creature that appeared in the river.

A chuckle appeared at the corner of his mouth: "I know why. When the fourth-rank soul sect is reached, creatures will appear in the soul person space, not just the original dead objects, but living things."

"But only plants will appear. At first, only green grass and thorns appeared, but when it came to the realm of the Sixth-Rank Soul Sect, it crossed a big step."

"At this time, animals can appear, but only this little guy appears."

"Because this little guy..."

Chen Feng stretched out his hand and inhaled, and suddenly, a large mass of water in the river flew up and came into his hand.

Chen Feng held up the water ball in the palm of his hand, and the center of the water ball was the little white creature.

He appeared translucent, and his body was extremely simple. It looked like a small white creature the size of a finger, without even tentacles.

Chen Feng didn't know what he used to perceive the outside world. His body seemed to have only these two holes, one was the mouth, and the other was used to excrete things.

This is the easiest.

"Because it is simple, it will be generated at this time!"

Chen Feng said softly: "Entering the Sixth Rank Soul Sect, animals appeared!"

His hand shook, and the water ball flew back into the water again. When this little white creature returned to the water, suddenly, the entire soul space, without any urge by Chen Feng, suddenly changed.

The water flow is constantly flowing at a very fast speed, and as the water flows, the air naturally produces fluctuations.

As a result, wind is generated.

As the wind is generated, it is blowing the grass,

Suddenly, some broken grasses and their seeds were blown up and fell into the water.

After falling into the water, the little white creature suddenly drifted away slowly and awkwardly.

It took him a long time to get to the waters with grass fragments and seeds.

Chen Feng saw that it opened its mouth and swallowed a seed directly, and then stayed there without moving, as if digesting the seed.

It took three full hours before he digested this little seed, and then went to swallow the next one.

#### [Chapter 2928: The true spirit of the sword! Ten percent!](#)

During the whole process, Chen Feng didn't move.

He was standing there, watching this scene quietly.

This is an extremely simple scene. In the outside world, there are countless creatures happening every moment and every second.

Even, it won't attract anyone's attention.

But at this time, when Chen Feng watched, there was endless waves in his heart.

Because of the appearance of this little creature, he needs to eat.

Therefore, the water flow suddenly accelerated.

Therefore, there will be wind.

Therefore, the wind will sweep the broken grass and seeds here.

Therefore, we can feed this little creature!

An inexplicable heart palpitations suddenly surged in Chen Feng's heart, a heart pounding, and even a layer of goose bumps on his body.

He hadn't been excited for a long time. At this moment, Chen Fengfeng was moved and surprised.

"This is the embryonic form of a world that is about to emerge!"

"This means that my soul-man space, this small world, has learned how to adjust itself and how to make this world lively."

"Great, great!"

In Chen Feng's gaze, there were many colors, and he trembled: "Now, it's just a little guy, and when I break through, there will be more animals in it."

"There will be those real monsters, and even intelligent creatures like human beings."

"At that time, what kind of existence am I?"

There were endless waves in Chen Feng's heart. He raised his head and looked at the sky. In a dreamlike tone, he slowly uttered five words: "The Creator!"

Chen Feng turned around here again, with a smile on his mouth.

The movement of breaking into the sixth-rank soul sect this time was greater than any previous breakthrough.

And his harvest is much greater than any previous harvest.

The soul servants that can be summoned have changed from one to two.

In addition, animals also appeared, which gave Chen Feng's soul-man space a qualitative improvement.

And Chen Feng was leaving the next moment.

When he returned to the real world, back to the secret realm, he suddenly shocked.

Chen Feng felt endless spiritual power pouring down above his head, directly into his mind.

In fact, this is not an illusion. At this time, on top of Chen Feng's head, it was like a waterfall appeared.

Those spiritual powers are pure and condensed to the extreme, and they are even about to appear physical.

I saw patches of stars sprinkle into Chen Feng's mind, pouring into Chen Feng's body.

Chen Feng sat cross-legged, feeling like a basin of extremely cold spring pouring his head.

It's just that it's not water that poured down, but mental power.

This feeling of crazy enhancement of mental power made Chen Feng feel refreshed to the extreme.

Suddenly, Chen Feng's whole body was shocked, and in his mind, countless shackles were suddenly swept away by the mental power.

He moved inexplicably.

Therefore, Chen Feng immediately smiled and stood up.

That mental power is still constantly tilting.

Chen Feng is already forming mysterious seals with his hands, as if he is cultivating something.

What he was cultivating at this time was the Royal Blade True Spirit Art.

It turned out that at the moment just now, the spirit power poured down, and the breakthrough of the soul-man space made Chen Feng's comprehension of the Royal Blade True Spirit Art suddenly improved!

In Chen Feng's hands one after another new seals continued to be formed.

These seals were all Chen Feng had never done before, and they were all brand-new seals of Yudao Zhenling Jue, a brand new realm.

Putting the previous words, it may take Chen Feng a day or two to comprehend a new seal and a new realm, but now he is breaking through very quickly.

One after another brand-new seals kept coming out.

There is no jerky, but very skillful.

The reason for this was all due to the spiritual power that was constantly instilled above Chen Feng's head.

Under the indoctrination of the seemingly endless general spiritual power, Chen Feng's comprehension was like a broken bamboo.

When practicing the Royal Blade True Spirit Art, all the shackles, obstacles, and bottlenecks in my mind were all passed through.

This feeling is extremely comfortable.

Chen Feng couldn't help but almost yelled.

However, he suppressed it forcibly.

Only in this way, Chen Feng has to vent even more.

Therefore, he vented all his emotions on the cultivation of this Royal Blade True Spirit Art.

Finally, with a loud bang, the last trace of mental energy above Chen Feng's head was poured into his body.

Chen Feng felt like a door opened in his mind.

What followed was not pain, but endless insights.

The next moment, Chen Feng shouted, venting all the emotions that had been accumulated for a long time.

His hands are at extremely fast speed, like a butterfly wearing flowers, making one after another.

In an instant, Chen Feng hit three hundred and sixty-five seals.

Three hundred and sixty-five seals are all the seals of Yudao Zhenling Jue!

Chen Feng printed three hundred and sixty-five, from the first and simplest seal to the last, the most difficult seal, all of which were printed instantly.

The feeling of being extremely comfortable and unblocked to the end made Chen Feng laugh.

"My Royal Blade True Spirit Art has already reached ten percent!"

His arms were raised, and the next moment, with a thud, countless water droplets surged up on the big lake.

Each of these water droplets is of a different size.

The largest, one hundred meters high, has a radius of tens of meters.

The small ones are only the size of one person, densely packed, and hundreds of water droplets gather in this area.

Chen Feng deliberately made them all like this, with different sizes and shapes, which makes it more difficult to control.

In this way, Chen Feng can also test how strong his control is.

In the next moment, an incomparably powerful sword power poured out from between Chen Feng's hands.

The power of these knives instantly covered hundreds of drops of water near Chen Feng.

Then, under the instigation of the power of the knife, these water droplets flew up one after another, and then combined into a huge knife-shaped water droplet with a length of 200 meters and a width of more than 20 meters!

The next moment, Chen Feng made a gesture of holding a knife with both hands forward.

Then, the giant knife in the air followed Chen Feng's movements and also assumed a corresponding posture.

Then, Chen Feng grabbed the imaginary knife and chopped forward gently.

It's really very slight, about less than half an inch forward.

For such a behemoth, moving half an inch forward is no different from not moving forward.

It's much harder than going tens of meters or hundreds of meters.

[Chapter 2929: Five times the power!](#)

This test is Chen Feng's most subtle manipulation.

If it was Chen Feng before, he couldn't do it at all, but now, he did it all at once.

This giant knife moved forward so half an inch.

Chen Feng smiled, and then slashed back with his backhand. The location of the landing point was still half an inch away from the lake beside it, but he couldn't touch the lake a little bit.

The giant knife sensed and slashed behind Chen Feng.

Staying exactly half an inch away from the lake surface, let alone touching the lake surface, it didn't even cause ripples.

The silent son dashed across the air.

Then, Chen Feng stabbed his left hand with a knife and made a movement of retracting the knife into its sheath.

As a result, there was a loud noise, and the giant knife flew directly, turning into countless water droplets flying around!

Chen Feng laughed loudly: "My control has reached its current state."

"I just don't know what kind of situation it will be when using the real Wentian Slashing Sword!"

So, the next moment, behind Chen Feng, the natal knife box flew up.

Wentian Zhan Shendao flew out directly.

The Wentian Zhan Sword was suspended on top of Chen Feng's head, and Chen Feng formed the seal of the law with both hands, and his heart moved.

Suddenly, the Wentian Zhan Shendao flew forward.

This time, the speed was extremely fast, and there was basically no stagnation in the flight.

And Chen Feng also feels extremely relaxed.

Previously, he had controlled the Wentian Slash Sword, and it would take a lot of effort to move it forward.

Make a move to vomit blood.

With one move, the Buddha's thunder and purgatory of destroying demons would be severely injured and dying.

But now, when Chen Feng manipulated the Wentian Zhan Divine Sword, he felt that his consciousness was not wrapped in such a huge and heavy giant sword, but like a straw.

Light to the extreme, easy to the extreme.

Chen Feng laughed loudly: "It's too easy, it's too easy, this feeling is too comfortable."

Chen Feng brandished the knife and swayed wildly in this space.

One will be in the east and one will be in the west.

He feels easy and comfortable to manipulate.

Amidst his loud laughter, a voice suddenly sounded: "Let me try the Buddha's trick of destroying demons by thunder and purgatory!"

In the next moment, in Chen Feng's dantian, seven rounds of the big day went crazy.

The power of the dragon descending Arhat gushes out frantically.

In an instant, Thunder Purgatory like the Buddha's exterminating demons was launched directly.

The endless golden thunder, engulfed the Wentian Sword Sword.

In the next moment, a golden dragon was formed.

It had reached its original size in an instant, but after the golden dragon reached its original size, it continued to grow bigger and grew crazily.

Finally, when it did not move, it was already three times the original size.

This golden dragon has become three times its original size!

The Wentian Slashing Sword beside him was much smaller.

And the golden dragon was made up of countless golden thunders. The next moment, Wentian Zhan's Divine Sword easily smashed down.

The infinite thunder burst out in an instant.

Boom boom boom boom, the lake was blown up into the sky, and the ground underground was directly plowed out of countless deep pits.

The entire space shook violently, only to calm down after a long time.

Seeing the ruin-like scene in front of him, Chen Feng laughed instead.

His expression is also very relaxed, his face is slightly pale, and he has not suffered any serious injuries.

Chen Feng smiled and said: "After playing this trick just now, I was only slightly injured."

"One more move, I will be seriously injured."

"When I cut the third knife, I will enter the state of being seriously injured and dying."

"This also means that with such a powerful trick, I can make three moves!"

"This Royal Blade True Spirit Art is really powerful!"

"After I reach ten percent, my strength can be improved so much. It's the original knife or the original knife technique. The moves are exactly the same, but the strength has been so greatly improved!"

Chen Feng is now using the Royal Blade True Spirit Art that has reached ten percent of the realm to control the Heavenly Slashing Sword. When he performs the Buddha's Demon's Thunder and Purgatory, his body will no longer be affected. What kind of damage was caused.

He can use three knives enough, and the most important thing is that the power of each knife can reach five times the previous one!

Five times the mighty Thunder Purgatory of the Buddha's Demon Slayer!

Chen Feng put away the Wentian Slashing Sword, closed the natal knife case, and flew behind him.

Chen Feng opened his arms and looked up to the sky with a laugh: "Hahaha, Wentian Zhan Shendao, Wentian Zhan Shendao, I can finally control you completely!"

"And my current trick, the Thunder Purgatory of the Buddha's Demon Slayer, is enough to kill the Black Mountain ancestor who is close to the half-step Martial Emperor!"

Soon, Chen Feng suppressed the excitement in his heart and continued to explore here.

He came to the end of the secret realm, and the end was a barrier.

The barrier is translucent. Through the barrier, one can see that there seem to be countless mountain forests and pavilions behind it.

At first, Chen Feng tried to smash it, but he couldn't do it.

But now, it's different.

Chen Feng raised his hand, and the power of the dragon descending Arhat suddenly gushed out, and the tube entered the barrier.

And with the instillation of the power of the dragon descending Arhat, entering this huge translucent barrier like ice and snow, several large characters slowly emerged.

Chen Feng didn't know these characters.

He had never seen this font before, but Chen Feng just knew what it meant.

These big characters are surprisingly: Fourth floor!

"What? The fourth floor?" Chen Feng was stunned when he saw it. After a while, there was no response.

The next moment, he laughed blankly.

"It turns out that the existence of these nine-ring clues is really rascal."

"I originally thought that the entire Yin-Yang Emperor Mausoleum was only his third ring clue, but I didn't expect his third ring clue to refer to this outer layer."

"The second floor of the tomb of the Great Emperor Yin and Yang has become a clue to the fourth ring!"

"Hahaha!"

He laughed loudly: "This existence is really saving energy!"

Now, Chen Feng could enter this fourth ring clue at any time, but Chen Feng did not enter.

The clues to the fourth ring are here, you can enter anytime you want.

As long as he uses the power of the dragon descending Arhat, he can easily enter without any difficulty.

Then, Chen Feng is not in a hurry. The top priority now is to kill the Black Mountain ancestor after going out, and then Chen Feng can calmly arrange!

Then, Chen Feng was about to leave.

He took out the white jade Arhat statue again. The crack on the white jade Arhat statue seemed to be deeper than before.

[Chapter 2930: Do you have this ability?](#)

Chen Feng sighed softly: "This is the last chance. After leaving this time, I have only one last chance to enter here."

"Chen Feng, Chen Feng, you must take good care of it!"

After saying this, the hesitation in Chen Feng's eyes disappeared without a trace.

What replaced it was a trace of unspeakable determination. He took a deep breath, and then the power penetrated into the white jade Arhat statue.

In the next moment, a faint light radiated from the white jade Arhat statue.

Then, directly upward, it shone on the sky like an inverted pot lid.

The next moment, the gray sky shivered.

Then, with a click, a crack was opened.

A strong suction came from the crack, and Chen Feng felt involuntarily sucked in.

Of course he could resist, but Chen Feng would obviously not do it.

He smiled at the corner of his mouth, allowing the suction to fall on his body.

So, huh, Chen Feng's figure disappeared directly in the crack!

At this time, there was still a dead silence among the Xuanyuan family.

On the Xuanyuan Family Square, everyone looked very strange.

Before the time of the two sticks of incense, Chen Feng disappeared directly from the sight of everyone like this, shocking everyone inexplicably.

At this moment, they all recovered, but only in this way, they were even more shocked.

"How did Chen Feng disappear? What kind of sky-reaching method did he use? Where did he go? He can't come back?"

These questions are all haunting everyone's hearts.

In that Arhat Secret Realm, the flow of time is different from that of the Dragon Vein Continent.

Several days have passed in the Arhat Secret Realm, and in this Dragon Vein Continent, the Xuanyuan Family has only passed two or three cups of tea, and the ancestors of Heishan have not had time to leave!

The ancestor of Black Mountain was also very embarrassed and silent.

He came violently, thinking that he would surely be able to kill Chen Feng, but he didn't expect that Chen Feng would directly throw such a big ear and shave it on his face, which directly made him faceless.

Not far from him, Xuanyuan Ruopeng rolled his eyes and finally recovered.

Then, he looked at the crowd and shouted: "Today, Nei Zong takes the elder of the hall and is responsible for coming and guiding Chen Feng into the Nei Zong."

"As a result, I didn't expect that Chen Feng, the son of the clan, would provoke a powerful enemy over and over."

"A powerful enemy came, and Chen Feng absconded in fear of crime."

"The elder announced that starting today, the Xuanyuan family will remove Chen Feng!"

"Chen Feng is no longer a member of my Xuanyuan family!"

Upon hearing this, everyone was in an uproar.

"Xuanyuan Ruopeng, this trick is really sinister!"

"Yes, he has completely eliminated Chen Feng's hope of entering the inner sect."

"This Xuanyuan Ruopeng really hates Chen Feng to do such a thing!"

"It's not something that vibrates his mother!" Someone scolded in indignation!

After hearing this, the ancestor of Montenegro flickered slightly before nodding slowly.

He decided to go out and look for Chen Feng's trace.

And Chen Feng's expulsion from the Xuanyuan family was also a good thing for him. In this way, he would just clean up Chen Feng, and would not involve the Xuanyuan family behind him.

If he had to tear his face with the Xuanyuan family, he wouldn't want to see it.

He nodded slowly, took a look at Xuanyuan Ruopeng, and then said in a deep voice, "No, I will leave today!"

"In the future, the matter of Chen Feng will not involve the Xuanyuan family. I will naturally ask him to settle the account and put him..."

He gritted his teeth and said with extreme hatred: "The corpse is broken into pieces! Ling Chi lively cut!"

Having said that, he turned and left.

And at this moment, suddenly, in the void, a long laugh came from: "Cut me alive, smash me into pieces, right?"

"Do you have this ability?"

Everyone was in an uproar and exclaimed one after another!

"Chen Feng, is it Chen Feng?"

"This voice is definitely Chen Feng!"

"God, did Chen Feng really come back? He just left the time for two cups of tea! He is coming back soon, what happened to Chen Feng?"

Everyone panicked and made loud guesses.

The ancestor of Black Mountain was shocked, his eyes narrowed, and he looked in the direction of the sound.

The next moment, the light bloomed in the void, the space shattered, and a figure in a green robe suddenly appeared.

He is tall, clothes hunting and hunting are blowing in the wind, with long hair fluttering up, the whole person is like a fairy, who is not Chen Feng?

Chen Feng slowly descended to the opposite side of the ancestor of Black Mountain.

At this moment, his face was indifferent, obviously he didn't put the black mountain ancestor in his eyes at all.

The ancestor of Black Mountain looked at him, his eyes narrowed, his expression getting colder and colder.

He stared at Chen Feng and said slowly, "Little bastard, where did you go?"

However, Chen Feng ignored him and ignored him completely, as if he hadn't heard him at all.

He just turned his head and looked at Xuanyuan Ruopeng.

Then, he lightly nodded Xuanyuan Ruopeng with his finger: "Xuanyuan Ruopeng, you will expel me from the Xuanyuan family? What qualifications do you have? What are you?"

"You deserve it too?"

"I'll take care of you later, now I will kill this old thing first!"

With that said, he turned around and looked at the ancestor of Black Mountain.

When everyone heard this, they were first taken aback, and then all in an uproar.

"This Chen Feng actually said to kill the ancestor of Black Mountain first?"

"Yeah, it seems that he doesn't care about this ancestor of the Black Mountain at all! It's like killing a chicken and a sheep, killing it if you say it!"

"This Chen Feng is really arrogant. How could he have killed the ancestor of Black Mountain? He was too arrogant to do this!"

"Yeah, I think so too!"

Although everyone was quite supportive of Chen Feng in their hearts, most of them felt that Chen Feng's words were really rants.

He could not be the opponent of the Black Mountain Ancestor, let alone kill the Black Mountain Ancestor easily.

The ancestor of Montenegro was stunned for a moment, and then he smirked.

He laughed and stared at Chen Feng and said, "Chen Feng, are you crazy? How dare you tell me something like this? How lightly did you say you want to kill me? Do you know what you're talking about? "

"Do you know who you are facing?"

Chen Feng smiled slightly and said nothing.

The ancestor of Black Mountain was even more furious, and shouted sharply: "Little boy, I don't care where you went, and I don't care what happened to you."

"I only know that now that you are back, your death date is here!"

"Now, die for me!"

As he said, he screamed and madly killed Chen Feng.

The next moment, he blasted his fists!

Suddenly, the momentum was elevated to its peak.

His face is also very solemn, and the two punches he hits are even more powerful.
