

Peerless 2981

[Chapter 2981: reason](#)

"The two of us have been alive for so many years. It stands to reason that I should not be afraid of death."

His expression was complicated: "I thought so before, but later, I discovered that it was the opposite."

"As my life span is getting shorter and shorter, and when I am about to reach the end, I feel the ultimate fear."

"I'm scared to the extreme, I'm more afraid of death than anyone else."

Chen Feng listened and was silent.

This kind of emotion, he can understand a little bit.

The yellow bird sighed: "I don't want to die, and the same is true for Teng Snake. Both of us have lived long enough, but we still want to live longer."

"The things that can sustain our two lives are in each other's body."

When Chen Feng heard this, he suddenly exclaimed, flashing light and flint in his mind, and lost his voice: "Could it be that it is the inner alchemy?"

"Yes, it is the inner alchemy." Huang Niao said: "There is only one thing in this world that can continue my life, and that is the inner alchemy of the snake."

"And there is only one thing in this world that can continue his life, and that is my inner alchemy."

Chen Feng suddenly said, "It's no wonder that you have to fight like this every once in a while, you have to fight each other to the death. It turns out that it's for this!"

"Otherwise, who wants to fight every day?" Huang Bird said helplessly.

Chen Feng suddenly raised his eyebrows and said, "Then what is the origin of the two of you? You can never be a natural enemy?"

The yellow bird laughed: "It really made you right, the two of us are really natural rivals."

"I won't talk about the previous things. Later, the two of us also thought of many ways. For example, if we have only half of our inner alchemy, we will not die."

"So, the two of us wanted to divide our inner alchemy half and give each other."

"Moreover, in the long years to come, it should be possible to make up for the inner alchemy."

Chen Feng nodded and said, "I thought of this method just now, why don't you use it?"

A murderous look flashed in the yellow bird's eyes: "It's not because of that despicable snake!"

"I didn't have any guard against him at the time. The two of us started to exchange the essence of the inner alchemy, and I gave it to him first."

"And after he absorbed it, not only did he fail to keep his promise, he attacked me violently and directly wounded me seriously."

"If I hadn't used a hole card at the bottom of the box, I'm afraid you would have not seen me today!"

Chen Feng suddenly said, "That's it."

The yellow bird's face was cruel: "From then on, I told myself that this beast and I are enemies that never die."

"He made peace with me several times later, but I never promised. I just told myself that even if I fight my life, I will kill him!"

"but,"

There was a mournful cry on her face: "He has absorbed part of my essence, so the life span is longer than me. I actually can't consume him."

"Do you know? In the past few years, I might be dying of old age."

"And he can still support thousands or even tens of thousands of years!"

"So, you are extremely anxious, fighting him is almost always desperate." Chen Feng said in an interface at this time.

"Yes." Huang Bird looked at Chen Feng with a gratitude expression on his face: "Chen Feng, I really want to thank you, if it weren't for you, it would be impossible to kill him today."

"And, if it weren't for you, I guess every fight with him would be futile."

"When the time comes, in a few years, I will be alive and dead, and I will feel hopeless when I think about it."

Chen Feng smiled and said, "I said it just now, no thanks, it's a bonus!"

The yellow bird chuckled, "I said, I was too polite, after all, I helped you so much!"

"I would die without you, but in a few years."

"And without me, I'm afraid you will die in a few days. I just saw it at the first glance. You should be running out of time?"

Chen Feng nodded and explained the reason for his coming this time!

The two of them said a lot next, and Chen Feng was also very knowledgeable.

Although Huang Bird hasn't been out here for hundreds of thousands of years, her past experience is extremely rich, and her knowledge is also extremely broad, just to put it simply, Chen Feng has many new insights.

Chen Feng was still worried about the Fa-Fang, and said, "My Fa-Fang, if I have cultivated the Yaoguang Bairi Celestial Book, can I use it?"

"After cultivating the Yaoguang Bairi Fairy Book, I'm afraid it's too choking." The yellow bird looked at Chen Feng and said in a condensed voice, "I saw your facial features just now."

"To be honest, your strength is much worse than me and Tengshe."

Chen Feng nodded: "Yes, the difference is not reasonable, it is not of the same level at all."

"If it wasn't for today's coincidence, if there were all sorts of coincidences, I'm afraid that I would be beaten into a ball of meat sauce if I was shaken by the tail of the snake, and it would be impossible to pose any threat to him."

The yellow bird nodded, and said: "And your form can be as good as the remaining 10% strength of Teng Snake, and even beat him to a terrible level."

"From this, you can see how powerful your form is, countless times stronger than you."

Chen Feng nodded: "It's true!"

Huang Niao continued: "The general martial artist's magic is stronger than his strength, but it is definitely not as strong as you are."

"Because of this, when you use the dharma, there will be great restrictions."

Chen Feng looked at her, did not speak, but motioned for her to continue.

The yellow bird said: "Even if you have cultivated the Yaoguang Bairi Immortal Spectrum, you can sense the Dhamma, but I guess you will have to pay a great price if you summon the Dhamma once."

"What's the price?"

Huang Niao said awe-inspiringly: "It may **** you up alive."

"Moreover, it is not only your power that sucks, but also your essence!"

"What? The essence of life?" Chen Feng immediately jumped fiercely after hearing this.

He had previously experienced that there were not many days, his life was getting shorter, and he was desperate to die.

Later, he experienced the restoration of the origin of life and the joy of life span reaching a thousand years.

Therefore, this is extremely sensitive.

The yellow bird said: "Your dharma will absorb the essence of your life."

"Using the Dhamma, it is possible that your lifespan will be greatly reduced or even just a few days of life left!"

"What? It is so?" Chen Feng's heart trembled.

He had already guessed that if he wanted to summon the Dharma, if he wanted to have such a terrifying power, he was afraid that he would have to pay an extremely heavy price.

[Chapter 2982: Another purpose](#)

Unexpectedly, it was so heavy.

Chen Feng knows better than anyone, what a terrible thing it is to lose life!

The yellow bird took a deep breath and said, "The cost of paying such a heavy price is for the crazy increase in strength in that instant."

"You think these are useless now. When the time comes, the situation will not help."

"Sometimes, for that breath, I have to fight for this life."

After speaking this sentence, Chen Feng suddenly trembled.

In an instant, there was an excitement in my heart.

"Yes, she's right!"

"Such a heavy price, what was exchanged was a crazy increase in strength at that moment."

Chen Feng's eyes were deep, he sighed softly, and said, "Although my image has been solidified, it still has many limitations."

"I guess, I don't know when the next time I use it."

"Even, in the process of using it, I will not be able to withstand the huge suction power of the Fa-image, and will pull me into a corpse alive, with no power left."

"It's possible that you haven't used this trick yet, it's going to be sucked up and sucked to death."

Chen Feng felt awe-inspiring.

Immediately, there was a wry smile: "There is no way, after all, this form is so powerful, it is a power far beyond my current realm and current level."

"It's a blessing for me to have such a killer move. What else can I expect?"

With a hint of cruelty on his face, he whispered: "If I really run into an enemy that forces me to use this trick in the future, I will do my best to release my Fa."

"Even if I was sucked into a corpse alive, it wouldn't make my enemies feel better!"

Having figured this out, Chen Feng had an instant idea.

Those scruples all disappeared.

A smile appeared at the corner of Chen Feng's mouth, and then the smile grew bigger and deeper.

In the end, it turned into a burst of laughter.

Chen Feng was so open to the extreme, he laughed and said: "I have gained a great deal after all! I have a Dharma form after all!"

"Even if this form has many restrictions, it is still a form! An extremely powerful form!"

"After having this photo, three months later, in the battle with Yu Taihong, I gained great confidence."

"With Dhamma, I can fight him."

Chen Feng's eyes were filled with joy!

The yellow bird smiled and said, "Okay, let's not talk about this, but talk about your lifespan."

"My life span?"

"Yes, you didn't realize that when you traveled to the Southern Wilderness this time, the biggest gain is not your Fa, but your lifespan?"

Chen Feng was stunned.

"You may not know the benefits of this lifespan. Tell you, the emperor Wu has only such a long lifespan."

"And you, you haven't reached the Martial Emperor Realm. Your life span is three times that of other Martial Emperor Realm powerhouses and twice that of the Martial Emperor Realm powerhouses. What does this mean? Do you know?"

"This means that when other Martial Emperor Realm powerhouses have reached the limit of their own cultivation, their lifespan has also reached their limit, and can only wait for death in despair, you still have a lot of time to practice."

"You can easily break through your realm, thereby reaching the next higher realm, allowing your lifespan to grow further."

"In the future, you will live much longer than people in the same realm at every level."

"This also means that they can't survive you at all."

Huang Niao looked at Chen Feng and smiled and said: "When you find out that you are not a person's opponent, but your life span is longer than him, you are still alive, but he is dead."

"Then you will win."

"You are still alive, but he is old and dead, then you will win."

This sentence sounds plain and plain, but it's normal.

However, there is an indescribable cruelty in it!

She looked at Chen Feng, smiled and said: "If my life can be longer than Teng Snake, and can consume him to death, I will definitely not have any battle with him."

"I will consume him to the end of his life, and come to him at the moment when he is about to die, the weakest moment."

"Then, laugh at him well."

"Oh?" Chen Feng said with a smile: "So you would be like this?"

"Of course, otherwise, what do you think?" Huang Niao glanced at Chen Feng, rolled his eyes, and said: "It's like our existence, lifespan is almost endless. Isn't it good to be alive?"

"What you humans want is nothing more than longevity, and we are almost doomed when we are born."

"Although we are not longevity, but the starting point is higher than you, don't know how much, is it not good to live? Why do we work hard?"

Chen Feng smiled and said, "This is true."

When Huang Niao finished feeling emotional, Chen Feng suddenly asked Huang Niao: "By the way, you and Teng Snake are fighting so hard, I'm afraid it is not only for the inner alchemy? Or for some other things?"

She looked at Chen Feng narrowly, her voice was crisp, and she giggled:

"After all, I can't hide it from you."

"Yes, my other important purpose is to..."

As he said, his paw lifted up and pointed to the front, it was the treasure of the Southern Wilderness!

Chen Feng pursed his mouth and smiled: "I guess so, after all, this heavenly emperor's treasure house is here, and anyone will be tempted."

The yellow bird nodded and said, "Yes, this treasure of the Southern Wilderness Heavenly Emperor was left behind by the five great heavenly emperors."

"Even the existence of Tengshe and me is very tempting."

"Teng Snake stays here for this treasure of the Southern Wilderness Heavenly Emperor. He has always wanted to open it, but he has no idea at all, and he has no such ability."

"But even so, I refused to leave, staying here for hundreds of thousands of years."

"Unexpectedly, you opened the first floor."

She asked Chen Feng = somewhat curiously: "What's in the first Treasure of the Southern Wilderness Heavenly Emperor?"

Chen Feng told the truth, carefully recounting what he had gained in the first tier of the Heavenly Emperor's Treasury.

After listening to the yellow bird, he thought about it, and after a while, he suddenly said: "It turns out that this treasure of the Southern Wilderness Heavenly Emperor is still reserved for you human warriors, not for us."

"As you said, the things in this first layer are useless to me and Tengshe."

"I'm afraid the second floor is useless."

Chen Feng nodded, yes: "After all, your level strength is too high."

The yellow bird said, "I'm afraid that there are only some useful things in the third layer, but it is normal to think about it. Now there are not many things that can be useful to the two of us in the Dragon Vein Continent!"

Chen Feng said with some expectation: "So, now shall we open the treasure of the Southern Wilderness Heavenly Emperor?"

[Chapter 2983: Strange feelings](#)

At this time, the yellow bird shook his head.

She looked at Chen Feng with a solemn expression: "Chen Feng, I know you now want to open the treasure of the Southern Wilderness."

"But now, I won't open it for you. After you get the treasure in the treasure of the Southern Wilderness Heavenly Emperor, you will definitely be tempted to cultivate."

"However, with your current strength, it is harmful and useless to practice, so you have to wait for you to be promoted to the Nine Star Martial Empress before you can open the second level, do you understand?"

When he said this, he seemed to feel that his tone was too cold, and he stretched out the huge golden wings and stroked Chen Feng lightly.

The strength is very gentle, just like the big sister comforting the naive little brother.

Chen Feng was stunned.

Chen Feng looked at him blankly, with a strange mood.

At this moment, the yellow bird is like the old dark old man, urging him and helping him wholeheartedly, but it is also a plan for him!

Chen Feng hasn't felt this way for a long time. It has always been others who rely on him, and it has always been Chen Feng who has propped up a piece of sky for others.

And now, he actually has a feeling of dependence.

There is a feeling of being protected!

It seems that the yellow bird also felt that his mood was a little abnormal, and immediately became a little bit angry, with a hint of shame in his crisp voice:

"What do you look at? I do all this for your own good?"

A touch of emotion flashed in Chen Feng's eyes. Knowing that she was embarrassed, he immediately said with a smile: "I understand, I understand."

"Then, this Southern Wilderness Heavenly Emperor Treasure will not be opened yet. When I am promoted to the Eight-Star Great Martial Emperor's realm, the strength is high enough.

He looked at the yellow bird and solemnly said: "I know you are for my good, and I understand it in my mind, so naturally I won't think too much."

These words also relieved the yellow bird.

In the next few days, both Chen Feng and Huang Bird stayed at the top of the building.

One person, one bird, first clean the top of this Tongtian Jianmu.

Then, the yellow bird flew away.

It didn't take long before he came back with a huge sycamore branch in his mouth.

This huge phoenix tree has a length of about 10,000 meters and a diameter of more than 500 meters.

It is extremely large, but the whole body is crystal clear as jade, and it is very good at a glance.

It is definitely the most top-level treasure of heaven, spirit and earth, with a gleam of brilliance lingering on the surface, which contains infinite energy.

Although it is big, it is very delicate, and there are even some green branches and leaves growing on it.

The yellow bird kept flying out, holding a few sycamore branches every time it came back.

Within a few days, a huge bird's nest was built on the top of this wood. It was built by phoenix trees, very delicate.

Chen Feng was stunned to herself: "If the people on the Dragon Vein Continent know that there is such a bird's nest, I am afraid they will be robbed of them crazy."

You know, any of these phoenix tree branches can be used as heirlooms by the Ninth-Rank Family.

It is too precious, too rare!

A few days later, the bird's nest had been built, and the yellow bird immediately swooped into it, and his whole body was soft and lazily lying there.

It was noon at this time, the sun was shining, and the yellow bird stretched out there to bask in the sun, and there was a refreshing gurgling sound in his throat.

Chen Feng laughed, leaped, came to him, knocked her beak and said, "It seems that you are planning to live here for a long time?"

"Yes."

The yellow bird said lazily: "I've long wanted to live here for a long time. This is the best place in the entire Southern Wilderness."

"Before I was snatched by Teng Snake, I had to go to live elsewhere, but there, where is it good?"

"Here, but Jianmu!"

"The essence of the Southern Wilderness gathers here. After staying for a long time, my strength can grow slowly without practicing every day."

Chen Feng nodded: "That's it."

He smiled and said: "I often hear that Fengqi Wutong, but I didn't expect Yellow Bird to do the same for you."

The yellow bird curled his mouth in disdain, and said, "Is the Phoenix also worthy of being compared with me?"

"Don't look at the famous phoenix and dragon, but the average phoenix and dragon don't match me with shoes."

"Only the top ones can be compared with me."

"Don't say anything else,"

She pointed to herself and said, "Do you know what I ate every day when I didn't come to the Southern Wilderness and was still in the Dragon Vessel Continent?"

Chen Feng said in surprise, "Is it possible to eat a dragon?"

The yellow bird said with a smile: "Yes, you guessed it right."

"Not only eat dragons, but one hundred dragons will be eaten in one day!"

Chen Feng stayed there, his face was stunned and his eyes were dull.

After a long while, only then came back to his senses.

Pointing to the yellow bird and said: "This is really..."

Chen Feng was shocked and speechless, but he rarely had this situation.

At this moment, Chen Feng suddenly realized in his heart that this yellow bird, who was extremely kind in front of him and gentle to himself, like a big sister, was actually the top ancient fierce beast in the Dragon Vein Continent!

It's an existence that can walk horizontally and horizontally on the Dragon Vein Continent!

It's a dragon that can eat a hundred dragons in a day, the most tyrannical existence!

The yellow bird said with a smile: "Why, I was scared?"

Chen Feng smiled and said, "It's kind of, but..."

He changed the conversation and looked at the yellow bird and said, "I care if you eat a few hundred pieces a day. Anyway, you are the big sister who is gentle to me, but not a yellow bird."

The yellow bird's wings patted Chen Feng's head, deliberately using a little more effort, directly patted Chen Feng to the ground, and said with a smile: "You can talk."

Next, Chen Feng stayed here for a few days.

Another morning, the morning sun rose.

Chen Feng looked at the rising sun in the distance, with an excellent view of this place, and Wan Li Nan was in sight.

Chen Feng sighed softly: "I have been here for ten days, and it is time to go back now."

Time flies, ten days have passed by in a flash.

Within a few days, the relationship between the two became extremely close and their relationship was very good.

Chen Feng felt that the yellow bird was like a big sister, gentle and affectionate, and had a very hearty personality. He knew everything about himself and talked endlessly.

This kind of feeling is something that Chen Feng has never experienced before.

He has always been taking care of those women, and the only Han Yuer who is older than him is also his senior sister in name.

But in fact, it also needs Chen Feng's care.

Only this yellow bird gave Chen Feng a completely different feeling.

Chen Feng turned around, looking at the yellow bird, a very unreal feeling flashed across his face.

Until now, he still has a dreamlike illusion.

[Chapter 2984: leave](#)

During my trip to the Southern Wilderness, I not only suffered severe damage to Teng Snake, gained a lot, and even made friends with Huang Niao.

This really made Chen Feng himself a little bit unbelievable.

The yellow bird lazily raised his head from the nest of phoenix trees, yawned, looked at Chen Feng and said, "Why, I am leaving now?"

Chen Feng nodded and couldn't help saying: "I really envy you. Sleeping every day, sleeping every day, you can sleep with such strength."

Huang Niao smiled triumphantly: "This is a racial talent, you can't envy it."

In the past few days, Chen Feng's deepest impression of Yellow Bird is one word: sleep.

She spends at least ten hours a day in sleep.

The next moment, Chen Feng's smile disappeared, looked at the yellow bird, and said softly, "I'm leaving."

Huang Niao's face was a little confused, she looked at Chen Feng, suddenly her expression became a little cramped, as if she wanted to say something, but she wanted to say nothing.

Chen Feng smiled and said, "What is there to be cautious with me? If there is anything I want to say, just say it."

The yellow bird looked at him and suddenly said softly: "You, you, can you call me sister?"

"What?" Chen Feng was stunned.

Seeing Chen Feng's reaction, Huang Niao thought he was unwilling, so he quickly waved his paw and said, "Forget it, forget it, I'm kidding."

"I didn't say anything just now, you don't need to care."

However, the voice trembled a little.

Chen Feng looked at her, suddenly smiled, and said softly, "Sister!"

After hearing these two words, the yellow bird immediately trembled.

Then, there was a radiance in her eyes, and her whole body seemed to exude brilliance.

The whole person feels different.

She looked at Chen Feng, and quickly responded several times in a very crisp manner!

Then, she shook her contented body and lay on the bird's nest made of phoenix trees. She sighed and said, "I've gotten a long-cherished wish."

"In my life, I have had enemies, friends, an elder, and even many apprentices.:

"However, there has never been a younger brother who knows me, understands me, and is in love with me."

"With you now, I have not lived in vain in my life."

Chen Feng smiled and said, "Sister, why did you say this? You still grow up in this life! You will naturally not live in vain."

"OK OK."

At this moment, the yellow bird suddenly turned around, and the huge wings waved, bringing a gust of wind.

The gust of wind swept Chen Feng directly, and then sent him away.

In the blink of an eye, it was hundreds of miles away.

The voice of the yellow bird came from far away: "Your sister, I am going to rest, don't make noise here, let's go quickly!"

Chen Feng smiled, looked at her, and shook his head slightly.

How does he not understand the mind of this sister?

But I was afraid of parting and sad, so I used this method.

Chen Feng shouted: "Sister, I will come back to see you again."

After speaking, he turned and left.

What Chen Feng didn't see was that when he was far away, Huang Bird stood at the top of the Jianmu, looking at the figure that was gradually going away, his gaze was stunned.

She suddenly felt a coldness and loneliness that seemed to come out of her bones.

It turned out that there is always a Teng Snake, so she has things to do every day.

Although the two have boundless grudges, the other side is still with her here.

And now?

She lifted her eyes and looked around, and there were only vast clouds and lonely mountains around her.

She sighed lightly, lowered her head, her long beak began to comb her golden feathers.

This time, Chen Feng wanted to leave the Southern Wilderness, but he had to leave little by little. There would be no shortcuts like last time, and he could go directly back to Chaoge Tianzi City.

And this time, Chen Feng did not head towards Ge Tianzi City, but turned to the southwest.

His direction is exactly where the White Elephant Tribe is.

It turned out that Chen Feng wanted to see Yaoyao.

He looked into the distance, as if he had passed through the thousands of waters and mountains, saw the white elephant tribe, and saw the little girl.

Chen Feng's eyes became soft: "Yaoyao, long time no see, your elder brother is here to see you!"

Almost at the same moment, in the hinterland of the southern wasteland, the White Elephant tribe.

Here is the White Elephant Tribe, above a high mountain.

Tall halls were built everywhere, majestic, profound and desolate, full of the unique atmosphere of the Southern Wilderness.

This is the holy land of hundreds of people in the Southern Wilderness, and all the Southern Wilderness tribes in hundreds of thousands of miles surrendered to this.

Here, it has always been extremely prosperous, and it is also extremely orderly.

After all, with the strongest man in the Southern Wilderness guarding this place, no one dared to make a mistake.

Everywhere is orderly, but today, the peace here is disrupted.

At this time, in the holy city of the White Elephant tribe, there were endless screams, crying and yelling everywhere, as well as the screams made before death.

There were fires everywhere, and one fire after another was ignited, and the raging fire flooded the hall after the hall, and the black smoke went straight into the sky.

On the street, some people are fleeing and some are hunting.

If you look closely, you will find that those who escaped are all from the White Elephant tribe.

They panicked and fled in panic.

And those who were chasing after them were people wearing green robes.

These people wearing green robes, their clothes are very strange, they look like they are made of bark and leaves, and they look strange.

Their hair is all green, very long, almost reaching the soles of their feet.

The skin on their faces looks full of moisture, and the weapons in their hands are without exception, they are all made of wood.

Some are wooden knives, some are wooden swords, and some are wooden spears.

The simplest ones are just a thick wooden stick.

However, although these weapons are simple, they are full of powerful power.

Those strong in the White Elephant tribe could hardly support even a round under their hands.

They attacked extremely fiercely, and after catching up, they smashed the opponent into meat sauce alive, with no bones left!

On the street, corpses were everywhere, and there were slain white elephant tribe powerhouses everywhere, and corpses everywhere.

Blood is everywhere.

And some mansions are quiet at this time. If you go inside and look inside, you will find that they are full of corpses, with blood flowing through the ankles, and there is no living person.

This white elephant tribe's holy city has already become an earthly asura field.

These people are extremely ruthless!

And at the core of the White Elephant Tribe, before that huge palace, it has turned into a battlefield.

At this time, on the square, there were corpses everywhere, and the blood was thick enough to cover the ankles.

[Chapter 2985: Crisis of the White Elephant Tribe](#)

It's just that those things are basically dressed up in the white elephant tribe, and there are very few corpses of those in green robes.

And in the very center of the square, a little girl, who was surrounded by everyone, was Yaoyao.

However, Yaoyao now had two huge scars on her body.

The blood had already dyed her robe, and there was a scar on her face.

From the corner of her left eye to the base of her right ear, she almost slashed her head.

At this time, her face was full of blood and blood. She was seriously injured because of excessive blood loss, and her face was already pale.

However, her face is still full = it's all awe-inspiring power that cannot be offended.

In the eyes, looking at the opposite side, it was full of hatred.

Around him, there were two or three people standing at this time, it was the elder, the second elder and the others, and the two or three people had many wounds and blood all over them.

And these wounds, if you look closely, you will find that there are many wounds, very shallow, but extremely dense, and they are all in non-critical places.

If the other party gives them a shot at a critical point, they can directly kill them.

But now, the injury is not the point.

It can be seen that the other party is obviously playing with them and deliberately creating such injuries.

In order to humiliate them, just not to let them die!

And around them, there are corpses.

At first glance, the powerhouses of the entire White Elephant tribe are basically here.

However, there are only a few of them.

The face of the first elder and the second elder could not help showing a touch of despair, and there was deep pain and exhaustion in his eyes!

The great elder was full of white hair, all red with blood. He looked at the opposite side, his voice changed, and said every word:

"Qiu Junming, why did our White Elephant tribe offend your Qiu family?"

"You Qiu family, why do you want to kill our White Elephant tribe?"

"Your Qiu family suddenly entered our White Elephant tribe, slaughtering our people wantonly, even our empress."

"What do you want to do?"

He gritted his teeth, full of hatred.

But in the hatred, there is still unstoppable despair and pain, and there is a trace of inexplicableness.

It turned out that just this morning, a group of mysterious powerful men suddenly raided the White Elephant tribe, killing people when they saw it.

But in a short time, the loss of killing the White Elephant tribe was heavy, and there was no one in strength.

It even surrounded them here, the most loyal strong men around the Queen had been killed, and the rest of them were all seriously injured.

The elder knew very well that the other party didn't kill them, not because they were incapable, but because they were unwilling and not wanting.

They used a method that was almost playful, constantly humiliating them and causing a lot of injuries to them, but they just didn't kill them.

In this way, they felt the endless humiliation and deep confusion.

"Why? Why on earth? Why do you want this?"

The great elder recognized their origin, but did not know their purpose.

When he uttered the words Qiu Family, Yaoyao's face first flashed a thick puzzle, and then after a little thought, she thought of something.

Yaoyao said, "The Qiu family? Are they the Qiu family in the northwest of us?"

"Yes." The elder turned around, looked at her, and slowly nodded.

"Unexpectedly, your little girl's film is quite knowledgeable, and you have even heard of our Qiu family?"

At this moment, a group of people stood opposite Yaoyao and others.

There are not many people, there are only more than ten, but each one is full of extremely majestic strength.

They are all wearing green robes, just like those in the green robes who slaughtered in the white elephant tribe.

The only difference is that the people in the green robes who carried out the killing had no decorations on their robes.

And on their robes, there is mostly a horizontal green branch.

The green branches are verdant like jade, shimmering with a thick green light, with a strong breath of life, and there are continuous green light spots lingering from above, surrounding their bodies.

This thing is not embroidered, but inlaid, and is part of it.

Their aura is much stronger than those in the green robes who killed outside.

Surrounded by them was a tall and thin young man.

This young man is very tall, but extremely thin. When he stops there, he looks like a fluttering green water plant, which is indescribable.

His face was quite handsome, it was pale at first, it looked extremely evil, and his eyes were full of animality.

Not like a human, but like a beast!

Just now, he made a mockery of Yaoyao.

As soon as he spoke, a short, chubby man next to him laughed and said, "Master, after all, they can be regarded as the forces that Nanhuang has."

"Moreover, it's more or less involved with that dog thief."

"It's not surprising that the dog thief can make such a big name, they know a little bit!"

"Yes."

The thin and tall young man he called the young master smiled coldly, and a deep look of jealousy flashed in his eyes.

He said bitterly: "The dog thief has a lot of reputation, but he didn't have a good life in a few months."

"In more than two months, he will die."

Speaking, let out a sneer. "

"What the young master said!" The short, fat man said with a flat face: "In two months, the dog thief will be beheaded by Yu Taihong."

"Who is Yu Taihong? But a dignified half-step Wudi expert!"

"Besides, I have made a message to kill the dog thief, so I will definitely not let him go!"

"That dog thief, it is absolutely impossible to survive under his hands, he will definitely die by then."

The thin and tall young man nodded and sneered, "Moreover, that Yu Taihong's disciple died at the hands of the dog thief, and he must hate the dog thief very much."

"Not only do I want to kill him, I'm afraid even his close people will not let it go."

The short and fat man knew of his interest and immediately said: "However, no matter how powerful Yu Taihong is, he will only be one person in the end. Many of the dog thief's relatives can't be caught, nor can he find it. of."

"So,"

He chuckled and said nothing.

The thin and tall young man smiled triumphantly: "So, we are sharing our worries for Master Yu Taihong!"

A red-faced middle-aged man next to the short fat man seemed to not want the short fat man to act alone in front of the young master. At this time, he hurriedly said: "So, the young master wise, brought us to this white elephant tribe."

"This white elephant tribe has a deep relationship with the dog thief!"

[Chapter 2986: Are you afraid of me?](#)

"Furthermore, there is also someone who is extremely concerned about the dog thief."

"Hahaha, let's capture her and send her to Master Yu Taihong to behead them. If Master Yu Taihong is happy and rewarded, the strength of our Qiu family will definitely be greatly benefited."

The lanky young man laughed, high-five and laughed: "That's what I planned!"

The chunky man glared at the red-faced middle-aged man, and immediately said flatly, "Master, wise!"

"The young master's move can make our Qiu family's power further, and even become an eighth-grade family! Hahaha!"

The thin and tall young man laughed, extremely proud.

Unwilling to be left behind, everyone flattered and fawned desperately!

This thin and tall young man is wearing a green robe and has two green jade branches on his body.

Obviously, the strength is the highest among them, and the status is the most noble, as can be seen from the attitude of everyone to him!

Hearing their conversation, the faces of Yaoyao, the Great Elder and others on the opposite side changed drastically.

At this moment, they seemed to guess something.

Although Yaoyao is young, but Bingxue is smart, she immediately exclaimed: "It turns out that you want to catch us because of that so-called dog thief?"

"In order to favor Yu Taihong, and that dog thief..."

Suddenly she paled instantly, and exclaimed: "Could that dog thief be my brother Chen Feng?"

At this time, she was in desperate situation, about to be captured, and more likely to be killed.

However, when she guessed that the dog thief in their mouth was referring to her brother Chen Feng, when she realized that his brother Chen Feng was very likely to be in danger, she didn't even care about it.

She was still full of arrogance and unyielding face just now, full of awe-inspiring power, but now she was suddenly extremely panicked, full of worries and worries for Chen Feng!

After listening to what she said, Qiu Junming, a thin and tall young man, smiled: "Yes, you little guy, you are really smart enough."

"Hahaha, the dog thief in our mouth is Chen Feng, your so-called big brother Chen Feng."

"What happened to Brother Chen Feng?" Yaoyao's face was full of worry, shouting in panic.

"Your big brother Chen Feng, he is dead soon!" Qiu Junming smiled triumphantly: "He is very strong, yes, he is exceptionally talented, yes."

"Even if he is placed in the entire Dragon Vein Continent, he is a very dazzling genius."

"But it's a pity! He doesn't have long eyes, so he dared to offend Yu Taihong! Do you know who Yu Taihong is? That's a strong man in the half-step Wudi realm!"

Suddenly, a look of contempt appeared on his face, and he said, "Oh, it's useless for me to tell you this."

"How do you know what realm Half-Step Wudi is? All you need to know is that it is extremely powerful and capable of killing Chen Feng in a second!"

"The doggie Chen Feng killed Yu Taihong's apprentice. Now Yu Taihong has posted a post. It will take him less than three months to kill him."

"Do you think Chen Feng still has a life to live by then?"

When he said this, he seemed extremely happy.

It seems that Chen Feng's death is a very happy thing for him!

After he finished speaking, he looked at Yaoyao and the others with a playful expression on his face.

In his opinion, Yaoyao and others should be very flustered and terrified at this time.

However, what he didn't expect was that after hearing this sentence, Yaoyao's eyes suddenly widened, her face full of confidence.

She said in an extremely firm tone: "Then, I believe that after more than two months, it will not be my elder brother, but the man named Yu Taihong!"

"What? Boy, how could you say that?" Hearing this, Qiu Junming's face suddenly became extremely cold!

Yaoyao said loudly: "I have full confidence in Big Brother, Big Brother is the best! Big Brother is always the strongest!"

"That Yu Taihong, dare to challenge him, is to seek his own death!"

When she said this, a pious light appeared on her face.

She was not speaking falsely, nor was she trying to pretend, that was what he thought in his heart.

Hearing her saying this, Qiu Junming's eyes grew colder.

The next moment, he let out a disdainful laugh: "You bastard, you know a fart!"

"Then Chen Feng is already dead!"

As he said, he waved his hand viciously: "Go on, catch the three of them!"

"Yes!" The chunky man and the others, taking the lead, rushed forward.

Seeing, Yao Yao and others would be captured by him in the next moment.

There was already a touch of despair on the face of the two elders.

Yaoyao shouted loudly: "If you dare to move me, big brother will definitely avenge me!"

Qiu Junming curled his lips in disdain, and said, "Not to mention that Chen Feng is not here at all. Even if he is here, how can I be afraid of him?"

"Give me up, take a few of them!"

The chunky guy and others jumped on it.

At this moment, a light flashed suddenly.

Suddenly, with a few crisp noises, how did the man on the low stool come and fly back.

They fell directly to the ground, screaming in pain.

And their faces are already swollen like pigs' heads.

Obviously, he was slapped a few times just now.

Seeing this scene, Qiu Junming's face suddenly changed, and he roared, "Who?"

There was a look of horror on his face. It was obvious that someone just slapped the short fat man and the others in the face a few times, but he hadn't seen the man's movements clearly, and he didn't even know who came.

This made him realize that the person who came must be an extremely powerful master.

As soon as his voice fell, the next moment, a sneer came: "Oh, even if I am here, you are not afraid of me, are you?"

"Then, I want to see if you are afraid or not!"

As this sneer sounded, a figure suddenly appeared.

Huh, he directly stood in front of Yaoyao and the others.

This was a young man in white clothes, handsome in appearance, tall, dressed in white robe, and elegant like a fairy.

At this time, his face was filled with a strong murderous aura.

There is even more murderous intent in his eyes!

At this moment, the white-clothed young man slowly lowered his hand, and then slowly flicked his fingers, as if he was not hitting a few powerful masters just now, but just flicking a few mosquitoes.

Obviously, he slapped those few slaps just now.

After seeing the white-clothed youth, Qiu Junming on the opposite side shrank his pupils and stared at him viciously and said, "Who is your excellency? Why do you want to take care of the nostalgic affairs between our Qiu family and their white elephant tribe?"

[Chapter 2987: Yaoyao, long time no see](#)

The young man in white clothes didn't even bother him. He just turned around and looked at Yaoyao.

Then, with a gentle smile on his face,

Just now the cold, disappearing without a trace, replaced by a full of compassion, said softly: "Yaoyao, long time no see."

At this moment, Yaoyao's eyes widened, staring at the white-clothed young man in a daze.

The next moment, her face trembled violently, her eyes flickered, and tears flowed down.

Just now, facing the killing of her tribe, she was still extremely calm, still extremely strong Yaoyao, but at this time she wailed loudly.

She threw herself directly into the arms of the white-clothed young man, holding the white-clothed young man tightly, with her small head buried in the white-clothed young man's chest.

While hissing and crying, he tremblingly shouted: "Big Brother, Big Brother, are you back?"

"Big brother, you are finally back!"

"Do you know how much I miss you! Do you know how much I have suffered! Do you know how much I worried about you just now?"

"Big brother! Do you know?"

Her voice was like a cuckoo crying blood, full of sadness.

At the same time, it is also full of concerns.

The young man in white is naturally Chen Feng.

At this moment, he held Yaoyao in his arms, his heart also flashed with infinite love, and his heart trembled violently.

How could he not understand this little girl's mind?

This is the most innocent, most innocent thought that has not been faked at all.

Chen Feng was also extremely moved. He lightly patted Yaoyao's heart and said softly: "Don't cry, don't cry."

"Don't worry, there is me, everything has me."

"From now on, the two of us will never be separated again. Big brother will never leave you here again."

Hearing this, Yaoyao flashed a glare on her face for an instant, looked at Chen Feng, and said, "Big brother, is it true?"

"Really?" Chen Feng smiled slightly: "Of course it is true."

With that, she twisted her little face: "Don't cry, cry again, elder brother doesn't like you anymore."

Hearing this, Yaoyao quickly sniffed and held back her tears.

She burst into laughter, pointed at Chen Feng and said, "Big brother, you will scare me!"

At this time, the Great Elder and the Second Elder next to him shouted in unbelievable voices: "Master Chen, is it you, Master Chen?"

The faces of the two of them were filled with endless shock in an instant.

In the next moment, the shock turned into ecstasy.

The two walked quickly to Chen Feng, shaking with joy. They didn't know what to say, they just looked at Chen Feng tightly.

Chen Feng looked at them and sighed and said, "Thanks to you."

"If it weren't for you, I'm afraid Yaoyao would already be caught by them."

"Sorry, this time I am late."

At this time, the elder finally reacted, and hurriedly said with a trembling, "Master Chen, how can you be to blame? You don't know what happened here."

"These dog thieves are really shameless."

After hearing this sentence, Yaoyao's joy after seeing Chen Feng was immediately diluted, her little face was full of hatred, she pointed at Qiu Junming and others on the opposite side, and shouted:

"Big brother, that's them."

"They slaughtered our people and wanted to capture us and dedicated them to Yu Taihong, who is a little bit of trouble!"

The smile on Chen Feng's face instantly cooled down, and he said softly, "Don't worry, they, I will naturally clean up."

Just now, Chen Feng saw the full body on the way here.

When he first came near the White Elephant Tribe, he found something wrong.

The smoke billowed here and the smell of blood permeated. Chen Feng immediately knew that something had happened here.

Therefore, he hurried over here quickly, very fast.

He saw countless corpses along the way, and he was extremely worried about Yaoyao.

At this moment, Chen Feng's heart was refreshed. Fortunately, it was not too late to come by himself.

If Yaoyao fell into their hands, the consequences would be unimaginable.

As soon as Chen Feng entered this place, he was full of hatred for those who made all these people.

And now, this hatred is even more intense.

He looked at Qiu Junming and the others, and said coldly: "You are all going to die today!"

At this time, Qiu Junming and others were completely frightened.

Just now, when Big Brother said these three words from Yaoyao, they immediately trembled.

First it was shock, and then it turned into endless fear.

Qiu Junming looked at Chen Feng and said with a trembling, "You, are you Chen Feng?"

"Are you that, Chaoge Tianzi City, Chen Feng from Xuanyuan Family?"

Chen Feng looked at him and said lightly: "Yes, it's me, it's me Chen Feng."

Hearing these two words from Chen Feng's mouth, Qiu Junming let out a scream like killing a chicken.

He looked at Chen Feng and shouted in disbelief: "You, why did you come here?"

He didn't think Chen Feng would come at all. If he knew that Chen Feng would appear here, he wouldn't dare to come over if he had a hundred courage.

Chen Feng stared at him and said: "If you don't come here, I don't know that you would have done such an evil deed that is so angry!"

Qiu Junming trembled and looked at Chen Feng, full of fear!

Chen Feng said lightly, "Isn't it the Qiu family? I've heard of it."

Chen Feng had heard of this force as early as the Tianyuan Dynasty, and it was a much stronger force than the Tianyuan Dynasty.

It's just that Chen Feng never wanted to provoke them, but he didn't expect that they would take the initiative to provoke Chen Feng, and they were so cruel and despicable, and the purpose was to please Yu Taihong.

Chen Feng, how could you spare them?

Chen Feng looked at Qiu Junming and said with a faint smile: "Did you just say that even if I am here, you are not afraid of me?"

"It seems that you look down on my Chen Feng."

"In that case, why don't we make two gestures?"

After Chen Feng said this, Qiu Junming's face was already dead gray.

There was an expression of extreme fear in his eyes, looking at Chen Feng, as if he wanted to say something.

However, her lips trembled and her teeth trembled, but she couldn't say a word.

His face was full of fear. After a while, he let out a scream, looking at Chen Feng, his face was full of pleading:

"No, please, no!"

He was just a rant, but he knew exactly what kind of strength Chen Feng was, and what kind of strength he was.

He knew that even if he added up to a hundred, he couldn't match Chen Feng's finger.

He just boasted here just because Chen Feng was not there.

And now, Chen Feng himself is standing in front of her, where does he dare to do anything with Chen Feng?

[Chapter 2988: Unfortunately, I am not rare!](#)

Chen Feng said coldly: "Come on, fight with me!"

Qiu Junming still didn't move, standing there shaking all over.

Chen Feng's volume suddenly increased, and he roared: "Come on! Get out!"

"Didn't you just cross? Then cross!"

This roar directly frightened Qiu Junming's legs and knelt on the ground with a plop.

He squatted his head at Chen Feng and shouted with a trembling voice: "Please, forgive me, please, don't kill me."

"I dare not do it with you, everyone in the Qiu family together is not your opponent, please don't kill me!"

He had been scared to lose his courage, and his heart was full of fear at this time.

And behind him, the people in green robes also knelt on the ground.

Their hearts are also filled with fear, Chen Feng's name, they have long heard of it.

If they didn't know that Chen Feng would definitely die, how could they dare to offend Chen Feng?

They don't even have the courage to start with Chen Feng now.

Chen Feng sneered and said, "I am very self-aware!"

Hearing Chen Feng's words, Qiu Junming thought that things had turned for the better, so he quickly flattered and said: "Master Chen, as long as you open your mouth, all the treasures in our clan will be dedicated to you!"

Chen Feng smiled and said, "Oh? Really? All the treasures?"

"Yes! All the treasures!" Qiu Junming said quickly.

At this time, Chen Feng's conversation turned, and his face suddenly became extremely cold:

"Unfortunately, I am not rare!"

His voice suddenly became high-pitched: "You still want me to spare you?"

"You have committed such a crime and want to escape? You don't ask, they can't agree!"

With that, Chen Feng pointed to the corpses around.

Then, Chen Feng roared all his life: "You guys, don't ask the vain souls of this entire White Elephant tribe!"

Chen Feng's eyes were full of hatred, with a roar, he rushed forward frantically, and slammed out with a punch: "You guys, all have to die today!"

The punch fell fiercely, with a strong murderous intent, with an incomparable power.

Qiu Junming's smile solidified on his face, and he let out a stern scream: "Ah, I'm going to die, I'm going to die..."

Behind him, some snobs from the Qiu family shouted sternly: "Anyway, it's all dead. Let's fight them!"

With that, he launched an attack frantically, bombarding Chen Feng.

They also tried to block Chen Feng.

However, if they want to resist Chen Feng, it is tantamount to behave like a man.

Chen Feng fell with a punch, shattering all their defenses.

Then, the incomparable might fell on them fiercely.

Qiu Junming did not resist at all. He knew that he would be killed by Chen Feng's boxing, and there was no possibility of surviving.

At this moment, his eyes were full of regret.

"Why should I provoke Chen Feng? I'm just looking for death!"

In the next moment, his thoughts have disappeared without a trace.

Because Chen Feng's punch fell, and the extremely powerful force crashed on him, damaging him directly.

No bones left!

At this moment, Qi Qi made a scream of all Qiu family members who were enveloped by Chen Feng's fist.

The next moment, the screams stopped abruptly, and they had completely disappeared.

Chen Feng's punch directly wiped them out, leaving no one behind!

Seeing this scene, Yaoyao, the first elder, and the second elder were all shocked.

Yaoyao clapped her hands and said, "Big Brother, you are so amazing!"

Her heart is full of joy, but unlike him, the senior elder and the second elder are full of shock.

The two of them looked at each other, and they both saw in the eyes of each other and couldn't believe it.

"Chen Feng's strength is so much stronger than before!"

"God, what has Chen Feng experienced over the past year?"

"It's just been a year since he hasn't seen him. He is so much stronger than before? Now we don't even know how strong he is!"

"Now, we can't even see his tail at all. Let alone match it, we can't even understand how strong he is!"

Chen Feng looked at Yaoyao and said softly: "When I came just now, I missed you in my heart. I was very hasty and didn't kill those people."

"Now, I will go out and kill all the people who belong to the Qiu family!"

With that, Chen Feng's figure flashed before disappearing.

In the next moment, in the White Elephant Tribe, screams screamed everywhere.

After not waiting long, it was just time for a cup of tea, Chen Feng's figure flashed again and returned to the crowd.

Then, he shook his sleeves and said lightly: "Okay, all these **** things have been removed."

He flicked his fingers, and there was no blood on those slender and white fingers.

His white robe is extremely holy, but what he says is extremely cold, with a strong murderous intent, rising from the sky! The first elder and the second elder trembled even more!

At this time everything was settled, Yaoyao suddenly shouted and threw herself into Chen Feng's arms.

At this moment, she seemed to be afraid just now.

Shaking all over, watching Chen Feng trembled and said, "Big brother, fortunately you rushed over in time, I'm actually really scared."

"But just now, I told myself that I am the Queen of the White Elephant Tribe, I must not run, I must not shrink in any way!"

"I must be strong, but I am actually afraid of death in my heart!"

"Do you know? Big brother!"

"At that moment, I looked forward to your arrival, and when you arrived, I was almost so happy that I was going crazy."

Chen Feng gently touched his little head and said softly: "It's okay, it's okay, my elder brother will take you with you in the future."

"It's okay, don't worry!"

What Chen Feng didn't notice was that after hearing these words, the first elder and the second elder looked at each other, and there was a hint of worry in their eyes.

An hour later, Yaoyao sat high on the white elephant tribe temple.

The first elder and the second elder were standing beside each other, but below were three to four hundred people.

Each of these three or four hundred people was of good strength, but each of them was frustrated, and most of them were wounded.

some. Even the injuries are extremely serious, and there are many people with broken arms and legs.

They all looked at the young man in white standing next to Yaoyao with awe!

Looking at the tragic situation below, Yaoyao couldn't help showing a deep sadness and anger on her face, as if there was a flame burning in her eyes.

[Chapter 2989: Big brother, I won't go!](#)

She trembled and said, "Before today, there were nearly two thousand strong people at this level, but now there are only three to four hundred people left."

"Count it down, only one out of five will survive."

"Qiu family, you guys are really damned!"

The majesty she showed inadvertently at this time was heartbreaking.

Chen Feng looked at it and raised her brows slightly. He didn't expect Yaoyao to have such power in just one year.

It seems that during this period of time, she is not just a superficial empress here, but a real authority!

Although very sympathetic to the Baixiang tribe, Chen Feng did not have time to stay here long.

He suddenly realized a very serious problem. Even the Qiu family in the Southern Wilderness knew that he was likely to be beheaded by Yu Taihong in two months, so he came to attack the Baixiang tribe and tried to capture Yaoyao and the others to please him. Yu Taihong.

So, what about the forces around the Tianyuan Dynasty?

Will they also have received the news?

So, will Ji Caixuan, Chen Ziyuan and Shen Yanbing in the caravan encounter danger?

When he thought of this, Chen Feng was extremely anxious, and he couldn't wait to rush to the Tianyuan Dynasty immediately.

Hurry up to see them and see how they are going.

Therefore, Chen Feng is now very eager to leave, because he estimated that the time is almost there.

The time he went to the Southern Wilderness, the time that he was lurking in the Southern Wilderness, and the time he spent with the yellow bird afterwards, added up to almost a month.

And the caravans of the Seven-Star Chamber of Commerce are quite powerful, and they are fast on their way. They should have arrived in the Tianyuan Dynasty by now.

After Yaoyao had spoken with the people below, Chen Feng cleared his throat and looked at the people.

Suddenly, everyone's eyes fell on him, expecting him to continue.

Chen Feng said softly: "Everyone, I know that your mood is very sad now, after all, something like this just happened."

"And I, Chen Feng, can only take revenge for you."

"The lives of those who died, I can't save them."

Immediately below, there was a low cry of crying, and many people felt extremely painful when thinking of their relatives and friends who had been killed.

Chen Feng took a deep breath, hardened his heart, and then said:

"What I say next may make you more unacceptable."

"However, this is what Chen Feng must say and must be done."

Upon hearing this, everyone was in an uproar.

Someone seemed to have guessed something and looked at Chen Feng with worry.

Chen Feng took a deep breath, and then said word by word: "Yaoyao, I want to take her away!"

"What? You want to take Yaoyao away?"

"He wants to take our Queen away?"

"Our Queen is gone. Can the White Elephant Tribe still be called the White Elephant Tribe? Can the White Elephant Tribe still dominate the Southern Wilderness Bai Clan?"

Upon hearing this, everyone was shocked to the extreme, and shouted one after another in the next moment.

His face was shocked and terrified, and there was a feeling that the sky was about to fall!

Chen Feng said softly: "I know, you are not willing."

"I also know that your reasons are very good."

"But, Chen Feng is here, I can't control that much."

"You have seen the scene just now. Yaoyao is currently unsuccessful and needs protection from others."

"And you can't protect her at all, she will almost be taken away."

"In that case, the consequences would be unimaginable, so I must take her to protect me! I can't let her stay here again!"

The elder trembled and said, "Master Chen Feng, please think twice!"

Chen Feng looked at him with a cold voice, and said in a cold voice: "You are so selfish? In order to keep her, do you care about her life?"

"You don't want to think, if this happens next time, who can protect her? Who can protect you?"

"This time, I arrived by accident. It was a coincidence. Do you think I can be so coincidental every time!"

Chen Feng was stern and stern, and said sharply: "Are you doing it for your own sake, regardless of her safety?"

The elder was speechless by Chen Feng's refutation. He stood there, trembling, but couldn't say a word.

Chen Feng said solemnly: "I have decided, no one can change today."

At this time, a crisp voice suddenly sounded: "Big Brother."

Chen Feng was taken aback, and when he looked back, he saw that Yaoyao was looking at herself with her big, watery eyes.

Chen Feng smiled and said, "What's the matter?"

Yaoyao whispered: "Big brother, I don't want to go."

"I don't want to go!"

These four words are very light, but they seem to hit Chen Feng's heart all at once.

Chen Feng whispered: "Why? Why don't you want to leave?"

Yaoyao looked at Chen Feng, her voice was very soft and soft, but his eyes were full of determination: "I am the daughter of Nanhuang, I am the saint of the White Elephant tribe, and I am even more of this land. The queen above!"

"Big brother, I have to stay here for life, and I have to stay here for death."

"I really can't go!"

Chen Feng was stunned, his eyes were deep and he looked at Yaoyao, as if he wanted to see some emotion on her face.

And Yaoyao looked at her so straight.

Her gaze is gentle, but everything in it is firm.

After a while, Chen Feng suddenly smiled.

Then, he hugged Yaoyao in his arms, stroked her hair lightly, and said, "Yaoyao, you really have grown up, you really have grown up."

Yaoyao's tight little face at this moment relaxed.

She looked at Chen Feng with a clear voice: "Big brother, I thought you would be unhappy!"

"How can I be unhappy?" Chen Feng said: "You can say that just now, which shows that you already have your own judgment."

"And I, respect your ideas."

"You want to stay here, well, then you stay here!"

Hearing this, everyone in the hall breathed a long sigh of relief and felt very thankful.

At the same time, there is a trace of guilt.

They were also thinking about this question in their hearts at the same time: "If there is another strong enemy attack next time, if Master Chen Feng can't come in time, who can save their lives?"

Chen Feng looked at it and sighed softly.

He wanted to take Yaoyao away, but if Yaoyao didn't go, he couldn't help it.

He secretly said in his heart: "If this is the case, then you have to think about it differently!"

After leaving the hall and returning to the apse, Chen Feng thought for a moment, then took out the golden thread kit and took out some things from it.

After tossing over and over, he finally threw other things into the golden thread kit, but he only left a few volumes in his hands.

[Chapter 2990: Tianyuan Dynasty, I am back!](#)

At this moment, in the inner hall, besides him, there are Yaoyao, the Great Elder and the Second Elder.

He showed these eight books to the two elders.

After the first elder and the second elder looked at it, they all exclaimed, with excitement on their faces.

Their hands were shaking with the scrolls, their eyes shining brightly.

The two suddenly raised their heads, looked at Chen Feng, and said in a trembling voice, "Master Chen, this is too expensive."

It turned out that in the eight volumes that Chen Feng gave them, two of them were exercises.

The remaining six books are all martial arts.

The exercises and martial arts are complementary.

These eight martial arts techniques were not Chen Feng's own, but obtained from others.

However, for him, these things are quite tasteless and of no use at all, so they just put them down just like they kept throwing them in.

Unexpectedly, it comes in handy now.

These eight martial arts techniques are extremely high-level, reaching the heavenly level.

As for the cultivation technique of the heavenly rank, let alone the Southern Wilderness, even if it is obtained around the Chaoze Tianzi City, it can be regarded as a very high rank.

Therefore, it is no wonder that the Grand Elder and the Second Elder were so shocked after seeing them.

The Grand Elder trembled and said, "This is too expensive, Master Chen Feng, we..."

Chen Feng said lightly: "Let you accept it, you will accept it."

"This thing is precious to you, but for me, it was taken out."

Yaoyao also said: "Big brother let you accept it, so you don't have to be too polite."

Chen Feng looked at them and said: "This martial arts technique, you two can practice now, but you are not allowed to pass it on to others."

"And when Yaoyao grows up, when the time is right, let her practice immediately."

The first elder and the second elder nodded heavily.

Such a precious treasure, for them, it is almost like a dream, of course they will not give it to others easily.

Chen Feng said: "You two, after practicing this, your strength should improve by leaps and bounds."

"At that time, the possibility of protecting Yaoyao will be much greater. In this case, I can rest assured."

The first elder and the second elder nodded together.

Of course, Chen Feng will not pin his hopes on this.

Chen Feng thought for a moment, and then walked to the highest point of the Baixiang tribe mountain.

The palm of his hand was like a knife, and he chopped several times.

Immediately, the top of the mountain peak was split into a huge stone monument.

The next moment, his figure flew up, and his fingers wrote several large characters on the stone tablet.

These large characters can be seen for hundreds of miles, and they are extremely conspicuous.

It can be guaranteed that any invading enemy will be able to see these characters in the first place!

And those big characters above are exactly: "Those who dare to offend the White Elephant Tribe, Chen Feng will kill them!"

These large characters are full of sword energy and heroic, and they are even more murderous.

Moreover, it is even more contaminated with Chen Feng's aura, so that people don't need to come here, as long as they see these large characters, they will feel a bit of chill in their hearts.

As long as the strength is slightly stronger, Chen Feng's strength can be felt from above.

The first elder and the second elder looked up, and their hearts trembled heavily, and there was a burst of indescribable fear.

Chen Feng turned his head and said to the elder: "Here, in the evening, you must light countless torches to make this place transparent, so that the enemies who come in the night cannot see it."

"Number." The elder nodded and said, "Master Chen, don't worry."

After making these preparations, Chen Feng felt that it should be almost the same, presumably no one would dare to do these things at the risk of being beheaded by him.

Then, Chen Feng looked at Yaoyao and said softly: "Yaoyao, I have to go."

Yaoyao's face was full of reluctance, but she was very sensible, and she nodded her head and said: "Big brother, go away, I know you still have Sister Yan Bing and the others in your heart."

"You go quickly, don't go too late, something went wrong."

Chen Feng nodded, suddenly hugged her, and kissed her little cheek.

Then, he turned and left quickly.

In a blink of an eye, it turned into a small light spot.

Yaoyao stood there, staring blankly at Chen Feng in the distance, her face full of consternation.

The next moment, the astonishment on that face suddenly disappeared.

Her face became soft in an instant, a slight smile appeared at the corner of her mouth, and her eyes were full of happiness.

At Chen Feng's current speed, it would not take long to reach the Tianyuan Dynasty from the Southern Wilderness here.

In just a few days, Chen Feng had already arrived outside the Tianyuan imperial city, seeing the towering tower into the clouds from a distance, and seeing the huge floating mountain above the sky.

Of course, I also saw the vast Tongtian River.

Chen Feng's heart was filled with infinite emotion, and he whispered softly: "Tianyuan Imperial City, I'm back again."

Chen Feng felt infinite emotion in his heart.

From here, his strength is advancing by leaps and bounds, that is, from here, he is moving further towards the peak of martial arts!

In Tianyuan Imperial City, there is a very prominent tall building with nine stories high.

The height of each floor reached hundreds of meters, which was considered to be an extremely tall building in the Tianyuan Imperial City.

And on a large stone beside the building, there are four characters: Seven Star Chamber of Commerce.

On the street outside the tall buildings, warriors pass by from time to time. When passing here, everyone involuntarily relaxes their steps and passes cautiously.

The voice of speaking was lowered, as if he was afraid of offending here.

Because this is the Seven Star Chamber of Commerce.

In the Tianyuan Dynasty, many people did not know the name of the Seven-Star Chamber of Commerce, because their strength was not strong enough, and as long as they were powerful enough people or forces knew the Seven-Star Chamber of Commerce.

Chen Feng was no exception at the time, except that he had never dealt with the Seven Star Chamber of Commerce.

At this time, the Seven-Star Chamber of Commerce, above the nine-story building, was in the largest hall.

Several people are sitting face to face.

One of them was Shen Yanbing and the other three sitting.

Sitting on the opposite side were two middle-aged and a gray-haired old man.

The white-haired old man, sitting in the middle position, obviously had the highest status, and at this time her face was full of sadness.

The atmosphere in the hall was extremely depressing.

After a while, the black-robed middle-aged man sitting on the right hand of the old man just slapped the table and shouted angrily: "The manager dare not say it, then I will say it."

He stared at Shen Yanbing on the opposite side, and said with a cold voice: "Every time the caravan comes over, they can receive the goods they need in a very short time."

"It won't take long to collect it all, and most of the remaining days are spent playing nearby."
