

Peerless 2991

[Chapter 2991: You can't afford to offend them!](#)

"And this time, I have stayed here for ten days, but only received less than 10%. I don't know how much slower the progress is than usual."

"As for the reason..."

He looked at Shen Yanbing and waited on the other side, and said coldly: "I don't need to say, you also know."

Shen Yanbing raised his willow eyebrows without showing any weakness, and said in a cold voice: "You don't need to be here to talk with a gun and a stick. You can just say that it's because we made things difficult for you, isn't it all right?"

"Yes, that's what I meant!" said the middle-aged black robe with a cold voice, "not only because of you, but also because of Chen Feng behind you."

"Now, for the entire Tianyuan Dynasty, who doesn't know that Chen Feng will definitely die in two months?"

"And this time, we still have a few people from Chen Feng in our caravan, so many forces began not to sell me things."

"Just for fear, Yu Taihong will ask them to settle the account at that time!"

He pointed to Shen Yanbing and the others, spitting stars flying wild, with a very arrogant attitude, and shouted in a tone that was almost reprimanding: "You said, is it your fault? Do you dare to be tough?"

Ji Caixuan's angry eyebrows were erected, and she said coldly: "What did you say? How dare you say that the master must die? I tore your dog's mouth!"

At this time, Chen Ziyuan had already pressed her hand on the hilt of her waist!

At this time, on the contrary, Shen Yanbing was most able to hold his breath.

She cast her eyes on the white-haired old man in the middle.

As if he hadn't seen her gaze, the white-haired old man lowered his eyebrows and closed his eyes, sitting there quietly without speaking.

Obviously, she acquiesced in that the middle-aged black robe attacked Shen Yanbing and others.

A murderous aura flashed in Shen Yanbing's eyebrows: "Sure enough, I knew that they couldn't count on it after all!"

The white-haired old man was thinking at this moment: "Because Shen Yanbing and others have prevented him from completing his errand now, so I use the black robe middle-aged hand to vent his anger.

In addition, it was also to put pressure on Shen Yanbing and others.

And he, after all, still wanted to go wrong.

If Lu Yutang were here, he would never do it.

Shen Yanbing took his gaze back from the white-haired old man, then slowly nodded, and whispered, "I understand."

"It seems that your Chamber of Commerce regards us as a burden, right?"

"Not only a burden, not just a burden."

At this moment, the middle-aged black robe suddenly turned, and a sneer appeared at the corner of his mouth.

And seeing the sneer at the corner of his mouth, Shen Yanbing suddenly had an extremely ominous premonition in his heart!

The middle-aged in the black robe is the principal of the Seven Star Chamber of Commerce here.

It was not until after arriving here that Shen Yanbing knew that the first master of the entire Tianyuan Dynasty was not the emperor of the Tianyuan Dynasty, nor was it a hidden master, but the principal of the Seven-Star Chamber of Commerce.

His strength is extremely strong, but he has never taken a shot easily, he is only doing things for the Seven-Star Chamber of Commerce.

If he had any murderous thoughts, Shen Yanbing knew that he and others were definitely not opponents.

"What do I want to do?" The middle-aged black robe sneered, then looked at the white-haired old man, and said: "Sir, I know, the thoughts in your heart are the same as mine."

"You also think that the practice of the middle and high level of the Chamber of Commerce is wrong."

"In this case, why don't the two of us act together and capture a few of them?"

"What?" Shen Yanbing and others were shocked when they heard this.

But the white-haired old man had his eyes fixed.

He looked at the middle-aged in the black robe, and said word by word: "What do you mean?"

The middle-aged man in the black robe was not in a hurry at this time, smiling and saying, "Yu Taihong is very strong. I don't deny that there are many strong people in the Chamber of Commerce, but with Yu Taihong's strength, it is very easy to cause some trouble to the Chamber of Commerce. "

"And the senior management of the Chamber of Commerce made such a huge mistake. They chose to support Chen Feng at this time and asked us to bring a few of them over."

"As everyone knows, this is a big mistake!"

His voice suddenly rose, and it was filled with deep dissatisfaction: "So what if Chen Feng has unlimited potential?"

"Now, we are not looking at potential, but two months later."

"In just two months, the martial arts competition is about to take place. How can Chen Feng be able to match the emperor in half a step by then?"

"Not to mention, if Yu Taihong succeeds in her retreat this time, he might even go further."

'At that time, Chen Feng will no longer be an opponent! "

"After Yu Taihong kills Chen Feng, if we know these things our Chamber of Commerce has done, I am afraid that the Chamber of Commerce will have a big trouble. Therefore, this time, we must leave a back player."

He suddenly turned around and pointed at Shen Yanbing and others: "The back hand is them!"

"At that time, if Yu Taihong is dissatisfied with us, we will offer them to calm Yu Taihong's anger."

"In this way, the Chamber of Commerce can survive a major crisis."

The white-haired old man sat there silently, and seemed to be a little moved by him.

At this time, the shock on Shen Yanbing's face had disappeared from the beginning, and replaced by a faint sneer. Sitting there, he looked at him and said, as if watching a clown perform.

Seeing his expression like this, the look on the face of the middle-aged black robe became even more cold.

He stared at Shen Yanbing and said, "Little bitch, you can just pretend now! I see what you will do when we are going to clean up you later."

If he was able to maintain his face just now, he has completely torn his face now.

The middle-aged black robe looked at the white-haired old man and said grimly: "Now, as long as we do it, then as long as we can make such a big contribution to the Chamber of Commerce."

"Then both our positions in the chamber of commerce will be greatly improved."

"Are you tempted?"

The white-haired old man raised his brows, his eyes were already a bit more eager.

He is obviously already a little tempted!

Shen Yanbing said nothing, but looked at them coldly.

She did not cry, nor beg, nor even question.

There was an arrogance in her heart, and she didn't bother to say anything to them at this time, let alone beg them.

The white-haired old man was thinking there, the middle-aged black robe urged loudly: "Don't think about it anymore, let's take them down now!"

He obviously didn't pay attention to Shen Yanbing and others at all, it seemed that the attitude of the white-haired old man could stop him.

As long as the white-haired old man nodded, he could capture Shen Yanbing and others.

He simply despised the strength of Shen Yanbing and others!

Finally, the white-haired old man made a decision. He sighed lightly, then looked at Shen Yanbing and said, "Miss Shen, you are offended."

What he meant by this sentence, everyone understood.

The next moment, Shen Yanbing and the others stood up together, the long sword was already out of its sheath.

The middle-aged man in the black robe laughed loudly and said, "Three, I am offended too!"

With that, he rushed towards Shen Yanbing and others, trying to catch them!

At this time, suddenly there was a sneer from outside: "They, you can't afford to offend them!"

Hearing this voice, the white-haired old man's face suddenly changed.

For an instant, that face looked like dead gray.

First it was full of shock, then it was disbelief, and the next moment it turned into a deep fear.

As if he had seen a ghost, he exclaimed outside and said, "Is it you?"

[Chapter 2992: Just rely on you? Also match?](#)

Obviously, he already knew who came.

At this time, the middle-aged black robe still didn't know who came.

He frowned and said with a cold voice, "Who is it?"

The answer to him was a loud bang. With a bang, half of the wall of the pavilion was directly smashed and a big hole appeared.

Then, a silhouette of a figure flew out directly and fell in front of Shen Yanbing and the others.

He turned his back to the white-haired old man and the middle-aged in black robe.

The middle-aged black robe saw that this man was tall, handsome, and had long hair like ink. He was a handsome young man.

After seeing him, the white-haired old man made a scream of 'ah', like a slain duck, his face full of despair.

He thumped back a few steps, pointed at the boy and said, "You, why are you here?"

Seeing this, if the middle-aged black robe doesn't know who this person is, then he is really a fool.

He also jumped wildly in his heart for an instant, and exclaimed, "You, are you Chen Feng?"

At the same time, Shen Yanbing and others cheered: "Chen Feng, are you here?"

The three of them shouted at the same time.

And the words of the three of them undoubtedly confirmed the black robe middle-aged guess.

The person here is Chen Feng,

He looked at the white-haired old man, smiled and said, "If I hadn't arrived in time, I'm afraid I don't know you are so shameless!"

"So betrayed like this, are you ready to do something to my woman?"

When he spoke at this time, his face was still smiling, but his smile was extremely cold!

The white-haired old man hurriedly waved his hands indiscriminately, and said in a trembling voice: "Chen, Master Chen, this, this is a misunderstanding, don't get me wrong! We..."

He stuttered with fright.

Because he knows exactly how strong Chen Feng is.

"Oh? Misunderstanding?" Chen Feng looked at him and said with a sneer: "You are going to do something with my woman, is it a misunderstanding?"

"You are going to capture them, and then give them to Yu Taihong, is it a misunderstanding?"

The white-haired old man couldn't say a word, just stood there and looked at him with horror.

The middle-aged black robe frowned beside him, and a murderous look flashed between his brows.

He was in the Tianyuan Dynasty. He knew that Chen Feng was very strong, and he knew that he was a generation of arrogance.

However, he didn't know how strong Chen Feng was, and he was quite disapproving in his heart.

He looked at Chen Feng and said proudly, "Chen Feng, do you think you are great? Do you think you are strong?"

"How dare you come to my Seven-Star Chamber of Commerce? You dare to come to my Seven-Star Chamber of Commerce, and still dare to talk to us like this?"

"Oh?" Chen Feng raised his eyebrows, looked at her, and asked a little funny: "Do you think I am not qualified?"

"Of course you are not qualified!"

The middle-aged black robe said sharply: "Now, get out of the Seven-Star Chamber of Commerce, or else!"

"How about you?" Chen Feng said with a sneer.

"Otherwise, I'll kill you!" Chen Feng was taken aback for a moment, and then he laughed, full of no.

Suddenly, his laughter stopped, and he looked at the middle-aged in black robe and said, "Only you? Is it worthy?"

Chen Feng's extremely contemptuous attitude angered the middle-aged black robe.

He roared violently: "Little boy, you are looking for death!"

His body flashed sharply, he slayed fiercely towards Chen Feng, and his fists blasted out one after another.

And Chen Feng smiled disdainfully: "I really don't know what I can do, and I am looking for a dead end."

Chen Feng didn't make any movement, but gently brushed his sleeves.

It seems to be an understatement, but there is a powerful force in it.

The middle-aged in the black robe suddenly felt that the air in front of him seemed to be stagnant, and then he pressed it down hard against him.

There was a loud bang, and his fist slammed into it.

Then, he felt, endless force gushing out wildly.

He let out a scream, such as being struck by lightning, and with a slap, his figure bounced back heavily and hit the wall directly, hitting the wall with countless cracks.

Then he bounced back again, lying on the ground, vomiting blood crazily.

Blood was constantly pouring out from his mouth, his whole body was covered with wounds, and his tendons were broken.

He looked at Chen Feng and screamed in disbelief: "You, are you so strong?"

But Chen Feng ignored him.

Chen Feng didn't even bother to talk to him.

Chen Feng looked at them and said coldly: "Since this person thinks that Chen Feng is a burden just now, I think Chen Feng owes you the Seven-Star Chamber of Commerce."

"Well!"

Looking at them, Chen Feng said word by word: "Anyway, I have already paid the debt that Chen Feng owed you the Seven-Star Chamber of Commerce."

"The favors owed to you by the Seven-Star Chamber of Commerce are not from your Chamber of Commerce, but from Lu Yutang."

"When I arrive, I will naturally compensate him one by one, and repay him twice."

"However, I, Chen Feng, today, I will break with your Seven-Star Chamber of Commerce!"

"how is it?"

Chen Feng looked at them with sharp eyes, and his eyes fell on the white-haired old man without blinking.

Hearing these words, the white-haired old man panicked all of a sudden, Huo Ran stood up and hurriedly said with a smile:

"Master Chen, calm your anger, calm your anger!"

He is very clear about the origins of Chen Feng and the Seven-Star Chamber of Commerce, and he also knows how much effort the Seven-Star Chamber of Commerce has put on Chen Feng and how much he values Chen Feng.

He knew even more clearly that in the battle between Chen Feng and Yu Taihong, the Chamber of Commerce chose to stand on Chen Feng's side.

Otherwise, I wouldn't have told him that.

Therefore, he understands even more that if it is because of himself that Chen Feng and the Seven Star Chamber of Commerce have written some misunderstandings between Chen Feng and the Seven Star Chamber of Commerce, then he will definitely not be able to eat and walk after he returns to the Chamber of Commerce!

Chen Feng looked at him and said lightly: "Oh? You regret it now?"

"Yes, yes, I regret it." The white-haired old man trembled.

Chen Feng smiled slightly: "Okay, when I break with the Seven-Star Chamber of Commerce, I will talk about it later, but..."

His face turned cold: "Just now, you wanted to do something to my woman, so, do you want to give me an explanation?"

"What do you mean?" The white-haired old man trembled fiercely in his heart.

"What do you mean?" Chen Feng smiled coldly, turned his gaze to the white-haired old man, and said with a smile: "I did it, or did you do it yourself?"

The white-haired old man, looking at Chen Feng, suddenly plopped, knelt on the ground, repeatedly kowtow.

He trembled: "Master Chen, I was wrong, I was wrong, please, don't kill me."

Chen Feng did not answer, but just looked at him and repeated it again: "Tell me, do you want me to do it, or do you do it yourself?"

His voice was full of cold murderous intent.

[Chapter 2993: Dispose of](#)

The white-haired old man trembled violently, raised his head and met Chen Feng's gaze.

He realized that if he dared to entangle here anymore, Chen Feng would really have to do it.

He let out a desperate cry, and slammed his dantian with a palm.

In an instant, his dantian shattered, and he let out a screaming scream, fell to the ground, on the dantian, the wound appeared, and powerful force gushed out of it!

He has already been abolished!

Chen Feng nodded slowly.

He said coldly: "Who dares to move my woman, how can I let you live?"

"I won't kill you now, I just capture you, not to give you face, but to give Lu Yutang a face!"

His voice was cold and cold: "I want to take you back to Chaoze Tianzi City and throw it in front of the upper level of the chamber of commerce, see what they say, and see what they do."

At this time, the white-haired old man and the black-robed middle-aged were already ashamed.

Then, Chen Feng looked at Shen Yanbing again and said softly: "It shocked you, it was me who came late."

Shen Yanbing shook his head: "This is not a fright, Chen Feng, you have considered enough in detail, but after you come here, you will have elbows and axillary. There is no other way."

Chen Feng nodded slowly: "It's fine for you to be fine."

Chen Feng didn't stay much, he really didn't have much time.

Chen Feng took Shen Yanbing and the others directly and left here. Of course, the middle-aged man in black robe and the white-haired old man who went back with him.

In fact, in this Tianyuan Dynasty, there are many people whom Chen Feng cares about.

However, Chen Feng really couldn't see them this time.

Chen Feng knew that time was imminent, and almost a month had passed since three months.

There are still two months, that is the day when Yu Taihong comes to the door.

In the face of Yu Taihong, a half-step Wudi powerhouse, Chen Feng knew that he was really no opponent now.

His only hope is to use phases.

Chen Feng secretly said in his heart: "Now, is Dharma so easy to use?"

"Now, I haven't even got the Yaoguang Bairi Fairy Score, let alone get it, I have never heard of it."

"I need to obtain the Yaoguang White Sun Book of Immortal within these two and a half months, and cultivate it successfully, greatly increase my strength, and be able to control the law, so that I can fight against the half-step martial emperor Yu Taihong."

Chen Feng is very short of time now!

In particular, Chen Feng is now in the Southern Wilderness, and it will take quite a long time to rush back from the Southern Wilderness to Chaoge Tianzi City.

Ten days later, Seven Star Chamber of Commerce, Seven Star Auction.

In a flower hall, with a bang, two bodies were thrown heavily on the ground.

Both of them were embarrassed, their clothes were torn, and their faces were even more dirty.

Both of them were sturdy and tied, and their strength was also sealed.

Of the two, one was a middle-aged man in a black robe and the other was a white-haired old man.

The black robe middle-aged man had many large and small wounds, and his breath was quite weak.

Seeing the two of them, Lu Yutang said to Chen Feng in shock, "Brother Chen Feng, you, what's the situation?"

It turned out that Lu Yutang was resting in the auction house today. He was surprised when he heard that Chen Feng was visiting. He immediately came to see Chen Feng.

However, as soon as they met, before he had time to speak, he saw Chen Feng throw the two men in front of him!

Chen Feng had no joy or sadness on his face, and said lightly, "Ask them."

Lu Yutang cast his eyes on the white-haired old man and said softly, "Old Su, what's the matter?"

The white-haired old man knelt on the ground with regrets on his face, banged his head several times, and quaked, "Master Lu, I'm sorry, I'm sorry."

"I have failed your request! It was me who was obsessed and did something wrong. Don't blame Master Chen Feng for doing this!"

He is also quite smart, knowing that if he dared to sue Chen Feng for his blackness at this time, then he was afraid that he would be unlucky in the end.

And now, he is taking the fault on himself, maybe he still has a chance. OveLusb.com

Lu Yutang stared at him and said coldly, "Don't cry, what's the matter?"

The white-haired old man recounted what happened this time without adding any oil or vinegar.

After listening to him, Lu Yutang was already full of chills.

Then, there is rage.

In the end, he took a deep breath, closed his eyes, and sat there without saying a word!

Chen Feng looked at him without speaking.

Lu Yutang quickly opened his eyes, then looked at Chen Feng, and suddenly bowed deeply and bowed to Chen Feng.

Chen Feng was stunned for a moment, quickly stepped away, and said, "Brother Lu, you are killing me."

"I'm angry in my heart, and I won't let you apologize to me."

Lu Yutang said in a deep voice, "Brother Chen, it's one thing that you don't let me apologize, but I must apologize."

"This time, I am also at fault."

"You entrusted them to me, but as a result, they are like what they are now, brother, I can't help you!"

He suddenly looked at Chen Feng and said, "Brother Chen Feng, don't worry, I will give you an answer immediately."

With that, he arched his hand to Chen Feng and turned to leave.

And he came back only after he went out for a cup of tea. After returning, he strode directly to the middle-aged black robe without any hesitation.

The middle-aged black robe saw him as if he had a foreboding.

He let out a horrified scream: "Don't kill me, please, don't kill me!"

"Dog stuff! Look at this good thing you did!"

"Dare to offend Young Master Chen Feng? Damn it!"

Lu Yutang shouted angrily, kicked it out, and kicked his heart righteously.

The middle-aged black robe suddenly let out a scream, was kicked out, and then fell heavily to the ground.

When he was still in the air, he was already spurting blood.

And his chest collapsed directly!

He shook his body and looked at Chen Feng and Lu Yutang, with endless regret in his eyes.

Finally, a sentence squeezed from the throat: "They, I really can't afford to offend..."

This is exactly what Chen Feng said a few days ago.

Then, his head tilted and he died directly, and he had no breath.

Then, Lu Yutang walked to the white-haired old man and blocked him.

Looking at Chen Feng, he bowed deeply and said, "Brother Chen, Lao Su is really just confused for a while."

"He is a man and has always been calm, and he has worked for the Chamber of Commerce for so many years. There is no credit and hard work. I hope you can spare him his life in the face of my brother!"

Chen Feng was silent for a moment, then slowly nodded.

Seeing him nodding, the hanging hearts of Lu Yutang and Lao Su were released in an instant.

[Chapter 2994: Three days later, outside Luya Town](#)

Lao Su Huan burst into tears with joy, and kowtow to Chen Feng: "Thank you, Master Chen, and Master Chen."

Chen Feng waved his hand and said faintly: "Okay, let's go!"

Lao Su left quickly, without leaving, without any stay.

Chen Feng was also satisfied with this explanation.

The white-haired old man, he didn't even want to kill the other person at first, after all, he knew that he was different from the middle-aged black robe.

After the incident was exposed, the atmosphere suddenly became much more relaxed.

Lu Yutang walked up to Chen Feng, patted him on the shoulder heavily, and said, "Brother Chen, it is great that you are back."

He knew that Chen Feng was going to do an extremely difficult thing. Although he didn't know what it was, he could guess from the things Chen Feng found and the preparations he made. It must be an incredible enemy.

Now, Chen Feng is back alive, and it seems that his strength has improved more than before, and his aura is different.

He was very happy for Chen Feng.

Chen Feng smiled and said, "Thank you, Brother Lu, thanks to your blessing, this trip can be so smooth."

What Chen Feng said was the truth.

He was able to achieve such great results this time, really relying on Lu Yutang.

After the two exchanged greetings, Chen Feng asked, "I don't know what happened in Chaoge Tianzi City during the time I left."

Lu Yutang said, "Nothing happened, just..."

Having said that, he sighed and stopped talking.

Chen Feng smiled and said, "But there are so many rumors about me?"

"Yes, the most circulated in Chaoge Tianzi City is three months later, oh no..."

He corrected it and said, "It is sixty-one days later. The battle between you and Yu Taihong is over!"

Chen Feng smiled and said, "Surely you think I lose, right?"

Lu Yutang smiled bitterly and said: "Indeed, many casinos have already opened handicap."

"Your odds of winning are one to two hundred, while Yu Taihong's odds are one to two."

"Oh?"

Chen Feng raised his eyebrows and said: "In their view, I have only one percent chance of winning."

"Then man, did you buy it?"

"Of course I bought it." Lu Yutang laughed and said, "I bought you all the assets!"

"Brother Chen Feng, you must win. Brother, I'm all counting on you this time."

Chen Feng looked at him, and a touch of emotion flashed in his heart.

What Lu Yutang said in such a joking tone was his full support.

Chen Feng smiled and said, "Don't worry, I will not let you down."

After a few more words, Chen Feng left, and several people along the way were talking with each other, all in a rather leisurely manner.

Obviously, neither Chen Feng nor Shen Yanbing thought of the battle after the 61st at all.

Chen Feng was full of confidence in themselves, and they were full of confidence in Chen Feng.

Chen Feng smiled and asked: "This time back to the Tianyuan Dynasty, have you all met the people you should meet?"

Chen Ziyuan nodded solemnly and said with a hint of excitement in her expression: "I have seen them all. I made a special trip back to the college. Everyone is very happy for me to hear my news."

"And my family also came to the door, wanting to relax with me."

"Then, what did you do?" Chen Feng asked her with interest.

"What else can I do? I had to agree. After all, it is the biological parents, so what else?"

Chen Feng smiled slightly, rubbed her head and said, "I really grew up."

He still supports Chen Ziyuan's approach.

Then, he looked at Shen Yanbing again.

Shen Yanbing said softly: "I made a special trip back to the Excalibur Mountain Range, paid homage to Master, walked there again, and then returned."

There was a trace of depression in her expression.

Chen Feng said softly, "Don't worry, we will definitely avenge his old man."

"Definitely, I believe it!" Shen Yanbing said with firm eyes.

"Those **** in the Soul Palace, I will send them all to **** then!"

Back to the Xuanyuan family, Shen Yanbing and others settled here, and then Chen Fengfeng went directly to Xuanyuan Xiaoyue.

After Xuanyuan Xiaoyue saw Chen Feng, she was a little surprised, and raised her brows and said, "How come you came back so soon? I thought you had to take a few months!"

Chen Feng smiled and said: "Everything goes well, naturally, I will come back early."

Xuanyuan Xiaoyue looked at Chen Feng carefully, then suddenly got up, stared at Chen Feng, and said in shock: "Chen Feng, you, what seems to be more than before you left?"

He frowned and said, "It's not like physical strength, and it's not like enhancement of soul. What is it?"

Suddenly, he clapped his hands and exclaimed: "You, the origin of your life has changed? Have you extended your lifespan?"

Chen Feng's heart shuddered.

Xuanyuan Xiaoyue was really powerful, and he deserved to be one of the top elders in the Xuanyuan family, he could see so clearly.

He smiled and nodded: "Yes! I did add some lifespan."

"Awesome! Chen Feng, really amazing!"

"I guess now, what did you do when you went to Nanhuang." Xuanyuan Xiaoyue smiled.

"Originally, although you were energetic, powerful, and talented, there was always a trace of death between your brows, but now, this death has completely disappeared."

"Not bad!"

Chen Feng smiled and said a few more words to him, and then said straightforwardly: "When will I enter the Nei Sect?"

Chen Feng can't wait to enter the inner sect now.

"Do you want to enter the inner sect so much? I am happy to see it happen." Xuanyuan Xiaoyue said:

"In this case. Good!"

"Three days later, you rush outside Luya Town, above the wilderness, waiting there."

"Oh? Luya Town?" Chen Feng raised his eyebrows: "Didn't you bring me directly into the Inner Sect?"

"of course not."

Xuanyuan Xiaoyue said, "There are some things that we still need to do, we can't just tear my face."

"Now, only the top few people in Nei Zong know that you are mine, most of them don't."

"Anyone who knows will pretend not to know, so you are just like an ordinary disciple who wants to enter the inner sect, and you need someone to lead in."

Chen Feng nodded, indicating that he understood.

He asked: "Luya Town, where is that?"

He was extremely unfamiliar with this name, he was sure that he had never heard of it before.

"Luya Town, 20 million miles north of Chaoge Tianzi City, is very desolate, but there is the place where our Xuanyuan family rises."

"At the beginning, the ancestors of the Xuanyuan family were born in Luya Town."

[Chapter 2995: Comprehend!](#)

"Then stepped out, slowly established the Xuanyuan Family, and developed into the current Nine-Rank Family, one of the nine major forces."

"It's just that, in order not to implicate the people in Rulin Town, and to prevent other forces from venting their anger to our ancestor's ancestral house and ancestral hall, no one knows the connection between our Xuanyuan family and Luya Town. "

"Only the top few of Nei Zong know about it."

"It's just that, every year when you enter the inner sect, you will go to the wilderness outside Luya Town and wait, waiting for someone to introduce it to the inner sect, but they don't know why."

"That is, I will answer when you ask."

"This can be considered a heritage!"

Chen Feng nodded slightly: "That's it."

"Okay, then I will rush to Luya Town."

He nodded to Xuanyuan Xiaoyue and prepared to leave.

Suddenly, Chen Feng thought of something and turned to ask: "I don't know, have you ever heard of the Yaoguang Bairi Fairy Book?"

Chen Feng himself didn't know where the Yaoguang Bairi Fairy Book was, and if he wanted to be erudite, Xuanyuan Xiaoyue in front of him was probably far more than others.

Asking him is an excellent choice.

"Yaoguang Bairixianpu?" Xuanyuan Xiaoyue raised her brows after listening.

He took a breath and said, "I've heard that Yaoguang Bairixianpu has something to do with the law."

"Yes, it is related to the law!" Chen Feng became excited at once and asked, "Do you know where this thing is?"

"Where did you get this thing?"

Xuanyuan Xiaoyue said: "I've heard of it because it has something to do with the law."

"And Dharma, is a half-step Wudi, even the Wudi realm powerhouse can't bypass."

"However, this does not mean that I know where there is the Yaoguang Bairi Fairy Book. This thing is very rare, and even the most top big sect power, such as our Xuanyuan family, does not necessarily have it."

Xuanyuan Xiaoyue looked at Chen Feng and said, "I have heard of this martial art several times."

"Even three hundred years ago, Chaoge Tianzi City had a huge storm because of this martial art. I don't know how many people died, and I don't know who got it in the end."

"It's just that it disappeared silently."

He paused, and continued: "In the Secret Treasure Chamber of the Inner Sect of the Xuanyuan Family, there should be a record of this matter."

"However, the Secret Treasure Scripture Pavilion is controlled by my rival."

"Well, after I go to Nei Zong this time, I will check it for you and see if I can find any clues."

Chen Feng said, "Okay, thank you so much."

He was a little excited. Although he didn't get a definite reply, he had at least seen hope.

Chen Feng actually wanted to go to the Seven Stars Great Auction, because this time he went to the Southern Wilderness not only to increase his life span, but also to comprehend the law.

This time, Teng Snake was taken away by Yuechan, and although he had been defeated, the scales, blood, and muscles and bones that fell from his body would not disappear.

Naturally, the yellow bird didn't look up to these things, so Chen Feng installed all of them in his soul-man space.

It wasn't until the soul person space was packed full that he couldn't bear more, he stopped.

Because of this, Huang Niaohaosheng laughed a lot.

Now, in Chen Feng's soul-man space, there are a whole number of ten snake scale armors and yellow bird feathers, as well as the blood of the snake and yellow bird in several large lakes, as well as the flesh of a large number of snakes. And bones.

These are priceless treasures for the warrior.

A smile appeared at the corner of Chen Feng's mouth, and he whispered to himself: "Seven Stars Auction House, it seems that I have already auctioned and bought a lot of things in it, but in fact my things are only auctioned in the third-level auction hall."

"Not to mention entering the first-level auction hall, you don't even have the qualifications to enter the second-level auction hall."

"It can be seen that, for me, the Seven Star Auction is still a very high-level existence."

"There are too many things that I don't know."

"My snake scale armor and yellow bird feathers, if they are put for auction, they should be able to enter the second-level or even the first-level auction hall!"

But thinking about it, Chen Feng shook his head: "Forget it, it's not the time yet, I'd better go to Nei Zong first."

"In the Nei Zong, there may be many places where these rare materials are needed, and they need to be exchanged for something."

Three days later, above a wilderness.

Chen Feng looked at the small town in the distance.

Here is Luya Town, which is tens of millions of miles away from Chaoge Tianzi City.

Chen Feng arrived here an hour ago.

But in just a moment of effort, he already knew everything here.

Sure enough, Luya Town is an unremarkable town.

The power level here is very low, not to mention reaching the power level of Chaoge Tianzi City, even the Tianyuan Dynasty is far inferior.

It should be similar to those small cities around Qian Yuanzong where Chen Feng was born.

In other words, this is the region with the lowest level of strength in the entire Dragon Vein Continent, and it is a very inconspicuous one among the hundreds of millions of small towns on the Dragon Vein Continent.

However, after Chen Feng came here, he developed an extremely strong sense of familiarity.

That feeling was as if he had returned to Qian Yuanzong.

It was as if there was a small sect on the mountain not far from the town.

In the sect, there is his senior sister and his uncle.

Also has everything he treasures.

This small town is not large, but it consists of hundreds of households with more than a thousand people. There is a mountain next to the town.

The mountain is not high, the radius is only tens of miles, and the height is about hundreds of meters. There are some monsters inside, and the level is also very low.

And to the east of the town, there is such a wasteland.

At this moment, Chen Feng stood on the wasteland.

In the middle of the sky on the moon, the distant sky and the wilderness seem to be connected together.

However, the sky here seems to be exceptionally clear, and at night here, the moon is exceptionally round.

The stars are also extremely numerous, extremely luxuriant, and extremely glorious.

Chen Feng stood here, looking up at the starry sky, and suddenly lost consciousness for a moment.

And the next moment, there was a sudden sway of brilliance above the sky, and there were countless meteors that pierced the sky, passing here, and heading into the distance.

The meteors fell in the sky, dragging out one after another brilliant brilliance.

Chen Feng stood here, staring blankly.

At this moment, a kind of feeling of the stars hanging down the plains and the moony river was born!

He looked up at the sky, and suddenly realized in his heart that he was infinitely small.

[Chapter 2996: Yueyong Daijiang Fist!](#)

But the next moment, suddenly, his heart moved: "This world is to me, I am so small, but with my strength, it is possible to overturn the world!"

"But it is possible to shock this dragon vein continent!"

"So, who is stronger?"

"Is it heaven? Or me?"

At this moment, an extremely strong emotion suddenly surged in Chen Feng's heart.

The next moment, in his dantian, the power of the dragon descending Arhat suddenly circulated.

Those seven rounds of big sun were spinning crazily together.

The infinite power of the dragon descending Arhat almost formed a huge cyclone in his body.

But Chen Feng felt a feeling in his heart, he suddenly stepped on Qixing and took a few steps in succession.

Raising both hands slowly, extremely slowly, but extremely firm, punching out a fist that looks extremely ancient.

The next moment, with a wow, Chen Feng spouted a mouthful of blood, and his figure retreated a few steps.

Then, he raised his head and stared at the meteor above the sky, but his eyes were full of ecstasy.

"I have become stronger! I have become stronger!"

"After this trip to southern Xinjiang, I am much stronger than before. It is not only the improvement of strength, but also the increase of lifespan!"

"It's more in my state of mind, my understanding, my realm! I don't know how much higher than before!"

"I just saw this scene, I almost made an extremely powerful move by myself!"

"It's just that this trick is too powerful, and my strength is still a little bit yet, and the realm is not enough, so I didn't create it, just created the prototype of this trick!"

A smile appeared at the corner of Chen Feng's mouth, and he whispered softly: "The stars are flat and wide, and the moon is full of rivers!"

"Then, the name of this trick is called Yueyong Dajiang Fist!"

"I believe that after this trick reaches great success, it must be extremely powerful!"

After all, at the moment just now, Chen Feng felt that that move was just a rudimentary gesture, but the power was a bit beyond his imagination, making his body unable to bear it.

What a horror is this?

The most important thing is that he now has the ability to create his own martial arts, which means that his realm is stronger than before.

And at this moment, suddenly, from a far away, there was a screaming sound that cut through the sky.

Chen Feng couldn't help but look over there.

Then, I saw a white light spot, moving toward this side at a very fast speed, getting closer and closer.

Chen Feng's eyesight was very good, and soon he could see where there was a white light spot, it was clearly a woman in a white dress.

The woman, with her white skirt swaying, hurried towards this side, and soon arrived in front of her.

She landed about a hundred meters in front of Chen Feng.

This woman in white shirt is extremely tall and beautiful, but there is a strong arrogance between her eyebrows.

Chen Feng raised his brows: "There are others? And, it is clear that they are here, and the strength is not weak."

It turned out that the strength of this woman had reached the early stage of the Nine-Star Wuhuang Emperor.

In the eyes of others, it is extremely powerful, but in Chen Feng's eyes, it is just one more not weak.

The woman in the white skirt turned her eyes, and soon fell on Chen Feng, looking at him carefully.

Then, she saw Chen Feng's level clearly.

In her eyes, Chen Feng was naturally just a seven-star martial emperor.

As a result, a flash of contempt flashed in her eyes.

However, this disdain was well concealed by her.

She walked up, looked at Chen Feng, smiled and said, "I don't know how this junior is called? What are you doing here?"

Chen Feng smiled and said, "Waiting to enter the Xuanyuan Family Inner Sect."

There was a touch of disdain in the woman's eyes just now, and Chen Feng had already seen clearly.

However, he didn't want to have trouble, so he didn't say much.

"Oh, it turns out that you also entered the inner sect? If this is the case, then I will call you Junior Brother, you must call me Senior Sister."

The woman in the white skirt looked a little surprised, as if she didn't understand why Chen Feng could enter the Xuanyuan family's inner sect with such a weak strength.

And when she spoke, she asked Chen Feng to call her senior sister.

Among warriors, they are based on strength, especially people like them who have never met.

Obviously, she immediately decided that Chen Feng was far inferior to her.

Chen Feng shook his head, a little too lazy to talk to him.

This woman had no eyesight, and she was so arrogant. Chen Feng could clearly see her deliberately hidden disdain and politeness.

And at this moment, two rays of light came from far away quickly.

Soon, it fell in front of him, but it was a man and a woman.

A man in a red robe, and a woman in a green shirt.

This green robe woman looks very beautiful and has a very noble temperament.

She clung to her body in a green robe, making her figure slim and exquisite.

Her figure is very hot, and it makes people feel a little rippling at first glance.

Chen Feng looked at it and raised his brows slightly.

The appearance of this woman ranks in the forefront among all the women he knows, and the figure is undoubtedly the hottest kind.

Even better than Ji Caixuan.

The most important thing is neither her appearance nor her figure, but her temperament.

She stood there, her eyes full of light, as if water could be rippling from inside, with a feeling of ecstasy.

She glanced at Chen Feng, and Chen Feng couldn't help feeling that there was a burst of impatience in her heart, a fire, and the ground rose.

He was stunned: "This woman either cultivates some spiritual martial arts, or she is born to be charming."

"Only in this way can it be explained."

Then, Chen Feng set his gaze on the red robe man again.

The man in the red robe is not tall and looks ordinary. Generally speaking, he belongs to the kind that is inconspicuous in the crowd, but his aura is quite huge.

Moreover, there was a sense of arrogance in his eyes, proud of his lack of popularity.

At this moment, Chen Feng was looking at them, and the green-robed woman and the red-robed man were also looking at him and the white-dressed woman.

The green-robed woman's eyes flowed, and she couldn't see the emotion in her eyes, but she felt a little smooth.

After seeing the woman in the white skirt, the man in the red robe suddenly burst into light in his eyes.

Chen Feng could tell that it was a desire to conquer.

Then, the man in the red robe turned his gaze to Chen Feng again, he looked at Chen Feng carefully, and an expression of disbelief appeared on his face immediately.

Then, his eyes widened and he glanced at Chen Feng suddenly, as if he didn't want to believe it.

[Chapter 2997: Contempt](#)

But then, he was sure.

As a result, the shock in that gaze suddenly became an unstoppable contempt.

At the same time, it seems to be a little bit of a sudden realization.

Looking at Chen Feng's gaze, from the peacefulness just now, it became aloof, with an attitude of looking down.

The woman in the green robe did not speak.

The man in the red robe looked at the woman in the white skirt first, and asked, "I don't know who is the name of this junior sister?"

The woman in the white skirt saw that the man in the red robe had an extremely powerful aura, already infinitely approaching the half-step martial emperor, and her strength surpassed her.

Suddenly, there was more respect in her eyes.

Just now, she looked at Chen Feng's gaze, full of overlooking and disdain.

But at this moment, the look in the red-robed man's eyes was a bit more flattering.

She smiled and said, "In response to brother, the younger sister is named Xi Baimei."

"Oh? It turned out to be Junior Sister Xi Baimei."

The man in the red robe smiled and said, "I am Bian Xingyu, you can call me Senior Brother Bian."

"My little sister has seen Brother Bian." The woman in the white skirt said crisply.

Then, Bian Xingyu pointed to the woman in the green robe next to her, and said, "This is Hua Lengshuang. The two of us met on the road."

"I have seen Hua Lengshuang." The white skirt woman said with a smile again.

She is a very clever and clever person. She felt that the strength of the man in the red robe and the woman in the blue shirt were far better than her, so she was very respectful to them.

To Chen Feng, he was very rude.

The man in the red robe asked, "Junior Sister Xi, are you also going to the head of the Xuanyuan family?"

Xi Baimei nodded: "Yes, it is."

"Then let's count as one way, we should enter the Xuanyuan family together this time." Bian Xingyu said with a smile.

A few of them, to be precise, should be Bian Xingyu and Xi Baimei. If no one was speaking here, they completely ignored Chen Feng.

It's as if Chen Feng doesn't exist at all.

Chen Feng raised his eyebrows: "It turns out that this time we entered Nei Zong, not just the two of us, but a total of four people."

Bian Xingyu and Xi Baimei quickly became acquainted with each other. The two talked loudly there, while the green shirt woman just smiled beside them.

The look on her face was very reserved, but the flattery in her eyes could not be covered.

Chen Feng was even more certain at this time, this woman was born to be charming.

After talking for a while, Bian Xingyu and Xi Baimei seemed to think of Chen Feng.

So, Bian Xingyu turned to look at Chen Feng and said, "This junior, did you also enter the inner sect?"

His eyes were full of suspicion, and he obviously couldn't believe it, that a low-powered person like Chen Feng could also enter the inner sect.

Chen Feng nodded and said, "Yes."

"I don't know who this junior's surname is." Bian Xingyu's eyes had a look.

He secretly said in his heart: "If his surname is Xuanyuan, then it should be the Xuanyuan family who has a strong foothold, and can enter the inner chief with this level of strength, then I have to be polite to him."

"If his surname is not Xuanyuan, you don't need to be polite to him."

Chen Feng smiled and said, "My name is Chen Feng."

"Oh? Chen Feng?" After Bian Xingyu heard this, he immediately relaxed, the disdain in his eyes became stronger.

"It turns out to be an outsider!"

He curled his lips and said.

Xi Baimei, the woman in the white skirt, has the same look as him.

Only the woman in the green shirt seemed to think of something, her eyes flowed for a moment, and fell on Chen Feng's face, and then she drew away again.

Chen Feng couldn't help laughing: "It turns out that Xingyu and Xi Baimei here are so ignorant that they have never heard of my reputation, thinking that I am an ordinary child with a foreign surname."

"Furthermore, they are all children of foreign surnames, but they still look down on me. It's ridiculous!"

It turned out that the Xuanyuan family's inner sect was definitely not just recruiting Xuanyuan family's children.

Although the Xuanyuan family was huge, the children were limited after all. If only the children of the Xuanyuan family were recruited, then I am afraid that the inner sect will get worse and worse.

They will select many powerful and talented young people from the outside to recruit them into the Xuanyuan family's inner sect as the new blood of the Xuanyuan family.

This time, all four of them are children of foreign surnames.

11 asked again: "I don't know where Brother Chen Feng are you from?"

Chen Feng said lightly: "It's nothing more than the country, it's not enough."

He is unwilling to reveal his identity.

But Bian Xingyu smiled and said, "I guess it's also a rural land."

He said in a lesson-like tone: "It seems that this little brother has a pretty good background!"

When speaking, the expression on his face was full of sarcasm.

The white-robed woman was taken aback for a moment, and then she realized, she suddenly uttered and laughed: "Yes, Brother Bian is right."

Bian Xingyu laughed, "Of course I was right."

"This kid, with such a low level of strength, is just the rank of the Seven-Star Martial Emperor. He can even enter the Xuanyuan family's inner sect together with our powerful generation of Tianjiao."

"He doesn't have a family background or background, and why?"

When he said this, he looked down at Chen Feng, full of disdain.

Obviously, in his opinion, Chen Feng's strength was low, and it was only because of his background that he entered the Xuanyuan family's inner sect.

He said in a tone of seeing everything: "Also, I'm sure you have a background, but your background is not strong enough."

He looked at Chen Feng and said with disdain: "Before I came, I was already studying the power of the Xuanyuan family's inner sect. You have done some research."

"I also studied what powerful children they have."

"If your background is strong enough, I must know, but now, I haven't even heard of you."

"Moreover, your name, Chen Feng, is nothing more than a foreign surname."

With a joking expression on his face, he looked at Chen Feng in a condescending manner, and said, "This shows that not only are your strengths average, but the forces behind you are also very average."

"Presumably, the forces behind you can send you to the inner sect, which is the ultimate they can do, right?"

The woman in the white skirt applauded and said: "Yes, Brother Bian said nothing wrong, very thorough and clear."

The behavior of the two of them just made Chen Feng feel ridiculous: "These two are superficial, extremely ignorant, and arrogant."

Bian Xingyu was even more proud of her praise.

He looked at Xi Baimei and said, "In the future, sister, you have more contact with brother, brother, I can teach you more!"

"Especially in some ways..."

As he said, he laughed obscenely, and gently moved his hand across Xi Baimei's waist.

Xi Baimei's face smiled, she naturally understood what Bian Xingyu meant, and said quickly: "The younger sister is very much looking forward to it. What can the older brother teach me in the future!"

[Chapter 2998: Envoy](#)

The white skirt woman Xi Baimei smiled and said, "When the little girl just came, I saw a meteor falling."

"This is a good sign. It symbolizes the change in the celestial phenomena, and it also symbolizes the rise of a strong genius. Obviously, all this is for you, Brother Bian!"

She has a faint expression on her face, and her smile is reserved, but what she says is full of flattery and flattery.

Hearing what she said, Bian Xingyu laughed even more, extremely proud.

Bian Xingyu looked at Chen Feng again and said in a lesson-like tone: "Junior Brother Chen Feng, let me tell you, like our martial artist, strength is the most important thing."

"How about your strong background? I want to kill you now, can the people behind you save you?"

"Furthermore, your background is not too strong. In my opinion, it is not worth mentioning. It is very ridiculous."

"So, to learn more from my seniors and to enhance your own strength is the fundamental."

Xi Baimei also looked at Chen Feng and said in a reprimanding tone: "Brother Bian is right, have you heard Chen Feng? Don't you hurry up to thank Senior Bian for his teaching?"

"Brother Bian's remarks are enough to benefit you for a lifetime!"

Bian Xingyu was flattered by Xi Baimei's compliment, and he was very comfortable and laughed.

With his hands, Xi Baimei's slender waist was brought closer to him.

And they both sang and sang double reeds here, and when they praised each other, Chen Feng didn't bother to look at them.

He shook his head and chuckled.

Chen Feng felt disdainful in his heart.

This so-called Senior Brother Bian's strength is only about half a step closer to Emperor Wu, which is the level of the ancestor of Black Mountain.

Such a powerful person, Chen Feng was enough to kill him when he hadn't obtained the law.

Now that I have obtained the Dharma image, I don't even look at it at all.

Such people, come seven or eight, and Chen Feng can easily kill them.

He didn't know Chen Feng's true strength at all, he didn't even know how strong Chen Feng was, and he was still arrogant here!

In Chen Feng's view, it was extremely ridiculous.

Chen Feng shook his head lazily, without saying a word, just looking to the side.

He didn't even bother to pay attention to Bian Xingyu and Xi Baimei.

But Bian Xingyu saw Chen Feng's expression, his face suddenly became cold, and he felt that he had lost face in front of Xi Baimei.

He stared at Chen Feng and said in a cold voice: "Little boy, what do you mean? Huh?"

"Just now, I taught you those things. You don't need to kneel down and kowtow to thank me. You dare to ignore me. Are you looking for death?"

Chen Feng turned around and stared at him, a cold color flashed in his eyes.

This person has provoked Chen Feng several times just now, there are many attacks in his words, and all kinds of disdain, Chen Feng is too lazy to pay attention.

And now, he even dared to speak like this.

At this time, Chen Feng didn't mind teaching him a lesson, letting him know how strong he really was, and it was a long memory.

In the process, Hua Lengshuang has been watching by the side, with a small smile on her lips.

The coquettish in the eyes kept flowing, but she didn't show any emotions, and she didn't even speak at all.

But seeing Hua Lengshuang's expression, Bian Xingyu suddenly seemed to be beaten with blood.

He felt that if he had taught Chen Feng a lesson, he would not only be able to show off his prestige in front of the white skirt woman Xi Baimei, but also make Hua Lengshuang treat him differently.

So, he rubbed his fists and smiled grimly: "Chen Feng, it seems that you really owe you to clean up, then I will clean up and clean you up!"

He waved his fist and said, "Also let you know what is meant by elder and inferiority."

"Oh?" Chen Feng looked at him and said with a sneer: "Do you think you are much better than me?"

"Of course!" Bian Xingyu said proudly, "You are not worth mentioning in front of me."

Chen Feng sneered and shook his head, already too lazy to talk nonsense with him anymore.

He just took a deep breath, hooked his fingers, and said, "Stop talking nonsense, come on!"

Chen Feng's attitude was extremely contemptuous, and it made Bian Xingyu jump into a rage.

He shouted violently and said, "Little boy, I will abolish you now!"

"Before entering the inner sect, the cultivation base was abolished, and the forces behind you are afraid to cry to death!"

In his tone, he was determined, it seemed that as soon as he shot, Chen Feng would definitely be killed.

Between the two, Bian Xingyu was about to do it as soon as it touched off.

As long as he did it, Chen Feng would immediately counterattack and abolish him directly.

Chen Feng would surprise them all, knowing whose strength is the strongest.

And at the moment when the sword was drawn, and when Chen Feng was about to shock them inexplicably, suddenly, a faint voice came from a distance: "Stop!"

Suddenly, both of them stopped.

In the next moment, a figure, with a slur, crossed the sky and came directly between the two.

Everyone looked terrified.

This figure came over very fast, even faster than them, obviously his cultivation level was unfathomable.

The person who came here was a tall and thin man.

This tall and thin man wore a black cloak and a very peculiar, very tall black hat on his head.

A veil hung from the edge of the hat, covering his face.

When the wind blows, the veil is lifted, and you can see that this is a middle-aged man with a touch of sorrow on his face and the corners of his mouth dropping.

He said lightly: "Well, they are all people who want to enter the inner sect. In the future, the inner sect will be a brother."

"Besides, you are a group of people who have entered the inner sect. You should help each other. How can you conflict?"

Bian Xingyu's eyes rolled around, and suddenly he arched his hands, with a smile on his face, and said respectfully: "Dare to ask you, but is this your envoy?"

"Yes, I am your envoy."

Bian Xingyu smiled more intensely on his face, haha, and said: "Sir, please don't get me wrong, I was joking with this junior."

"We are joking."

With that, he looked at Chen Feng.

Chen Feng was too lazy to pay attention to him, turned his head and walked to the side without speaking.

This person didn't even have the qualifications to let him care, and Chen Feng didn't take him seriously.

Bian Xingyu's eyes flashed with a cold look, and his face immediately became cold, and he said to the envoy: "Sir, envoy, look at this kid, who is so rebellious, you really should teach him a lesson."

He was telling right and wrong. But I didn't expect that the enticement made the lord care much, but said lightly:

"Well, it's getting late, let's all go!"

Bian Xingyu froze for a moment, then nodded angrily.

[Chapter 2999: Ruyizhou](#)

The woman in the white skirt curled her lips next to her, looked at Chen Feng disdainfully and said: "There is no humanity at all, and she is so arrogant in front of the lord."

"Your cultivation level is so low that you will be taught sooner or later when you enter the Nei Sect. You deserve it!"

Chen Feng glanced at her, his eyes faint without any emotion.

And at this time, Hua Lengshuang giggled and said, "Well, you guys don't have to make a noise. The noise makes the adults feel bad. Blame it, we all have to eat and hang out."

Then everyone saw that the envoy took a large package from his back.

Then, open the package.

His movements are very careful, as if there is something extremely precious in this package.

Suddenly, everyone's eyes were attracted to him, and they wanted to know what was inside.

Soon everyone saw that after he untied the package, something was exposed inside.

This thing is about one meter in length and half a meter in width.

The whole look, like a small boat, is red.

It seems that it is not gold or jade, exquisite and translucent, and quite gorgeous.

The carving is extremely delicate, obviously extraordinary, it is an extraordinary thing.

Moreover, the momentum revealed above is extremely huge.

Everyone was stunned, and Xingyu over there suddenly exclaimed, "Is it possible, is this a Ruyizhou?"

"What? Ruyizhou?" Xi Baimei looked at Bian Xingyu and asked, "Brother Bian will also answer for me."

She asked, obviously on purpose.

Bian Xingyu was very proud, haha smiled, and wanted to talk.

But Chen Feng already raised his brows and said in his heart: "It turns out that this is a Ruyizhou."

Chen Feng has heard of Ruyizhou's name.

In fact, what Chen Feng valued the most was not the thing itself, but the aura revealed on this wishful boat.

Chen Feng felt that the aura revealed from the top of Ruyizhou had a hint of spatial power.

When Chen Feng closed his eyes, he immediately felt that he seemed to be in a space tunnel now.

This feeling is very similar to that when he entered each small world.

Of course, the intensity is different, and it is much weaker now.

If you say that when you enter those small worlds through the space tunnel, the intensity is ten, then the current intensity is one.

However, no matter how low the intensity is, it is absolutely unusual.

Chen Feng immediately closed his eyes, took a deep breath, and felt carefully.

At the next moment, Chen Feng felt that his face suddenly changed.

Originally it was pitch black, but now it suddenly turned into black and white.

And then, the black and white are beginning to separate and leave.

Then, it became one after another black and white lines, very simple and atmospheric.*noVELus&.COM*

But inside, there is a simple, simple and simple atmosphere.

It also has ancient power, rolling in it.

And Chen Feng then saw that in his line of sight, those white and black lines actually formed the appearance of a wishful boat.

The look of this wishful boat is vague, not so real, it seems to exist in this space, and it does not seem to exist, but exists in another space, appearing occasionally.

This Ruyizhou looks exactly the same as the Ruyizhou that the envoy took out.

"That's it, that's it."

If Chen Feng had some enlightenment in his heart, he whispered softly, "I can probably guess why Ruyizhou is so fast."

Then, Chen Feng suddenly remembered that Ruyizhou cannot be put in the gold thread kit and all storage items.

"Such characteristics, of course, cannot be included in the space storage magic weapon."

"Because this Wishful Boat itself exists in a chaotic space!"

At this time, Chen Feng opened his eyes and whispered softly: "It turns out that this is Ruyizhou! It turns out that it is traveling through space."

"It turns out that the Wishful Boat is full of the power of space, and the power of space exists in it."

His eyes are piercing, staring at the envoy.

The catch made the gaze hidden under the veil seem to have no idea, but in fact it was paying attention to the reactions of Chen Feng and the others.

Seeing Bian Xingyu busy boasting to Xi Baimei, he secretly shook his head, thinking in his heart: "It's really embarrassing."

And he looked at Hua Lengshuang, who was thoughtful.

He nodded secretly: "It seems that she can see a little bit."

Then he looked at Chen Feng.

When he saw Chen Feng's expression and even the aura showing on Chen Feng's body, he was suddenly shocked and sighed secretly: "Sure enough, he is a genius who is born out of this world!"

"In such a short instant, I felt the power in the wishful boat."

"Furthermore, he can actually feel the power of space, which is a very high-level power that most people can never feel."

The lead ambassador silently remembered the performance of everyone in his heart.

Then, he whispered softly in his mouth for a long time, and then, his hand was clicked a lot on the Ruyizhou.

So, on the Ruyi Boat, many light spots were lit up.

In the next moment, one line after another appeared between these light spots, connecting the light spots, just like a big net.

Soon, it was the whole body of the entire Ruyizhou.

And the next moment, on the Wishful Boat, the light shines.

With a swish, it was four or five times larger than the one just over one meter long and about half a meter wide. It became a full seven or eight meters long and four to five meters wide.

Enough to hold dozens of people.

Moreover, not only that, but a pavilion appeared in the center of this wishful boat.

This pavilion is not big, but it is two stories high, and there are several rooms inside, enough to accommodate several people.

Seeing this scene, Xi Baimei was amazed.

And Bian Xingyu stepped forward and walked into the pavilion first.

Then he turned to Chen Feng and said, "Tubaozi, haven't you seen this thing?"

Of course Chen Feng knew what it was, but he didn't want to pay attention to him, so he didn't bother to answer.

When Bian Xingyu saw Chen Feng not speaking, he was immediately very proud. He laughed and said: "This thing is called Ruyizhou, how about it? Tubao, I'm afraid you have not seen it before, but you have never heard of it!"

At this time, the envoy walked up, and then said to everyone: "Well, you all come up."

"In this pavilion, there are two rooms on the first floor in addition to the living room, and the same is true on the second floor, enough to accommodate five people."

[Chapter 3000: Outside the mainland, above the nine heavens!](#)

"Choose a room by yourself!"

As soon as he finished speaking, Bian Xingyu immediately accompanied his smiling face and said, "Your lord, your status is honorable, so naturally you should live in the middle room on the second floor."

"As for me, I want to get closer to this link, so I can ask you for advice."

"Then I will live in the west-facing room on the second floor."

Then, he looked at Xi Baimei and said, "Sister Xi lives in the Dongxiang room on the second floor, how about?"

Xi Baimei smiled and nodded: "Thank you brother."

Next, Bian Xingyu looked at Hua Lengshuang again and said: "The east room on the first floor is better, so it belongs to you."

And Hua Lengshuang is noncommittal.

Bian Xingyu didn't even look at Chen Feng at all, so he just finished the assignment and ignored Chen Feng.

Chen Feng didn't want to, but his general knowledge didn't bother to pay attention.

Bian Xingyu was even more proud, thinking that Chen Feng was showing his weakness.

He whispered: "What a courageous trash."

At this time, Hua Lengshuang spoke.

Her voice was hoarse and full of magnetism, and asked, "Master, we have to choose a room to live in. Could it be that the distance is far?"

"Yes!"

The envoy smiled and said: "This place, if you want to talk close, you can reach it in an instant using the space magic circle."

With that, he glanced at Chen Feng intentionally or unintentionally.

Chen Feng's heart stunned. He knew that this sir, most of them knew something about himself and Xuanyuan Xiaoyue.

The envoy continued: "If you want to speak far, we are afraid that it will take two days and two nights to arrive."

"You know, that place is outside the mainland, above the nine heavens."

After hearing him finish these eight words, everyone couldn't help but feel fascinated.

Then, everyone boarded the wishful boat.

However, they did not enter their respective rooms. They were all the first time, wanting to experience this feeling.

The next moment, the lead made the adult chuckle.

Then, above the hands, power gushed out.

Suddenly, a vast expanse of power poured into that wishful boat.

Chen Feng felt it for a while, and then his eyes narrowed.

It turned out that this vast expanse of power gave him a familiar feeling.

He secretly asked, "Could it be that this is the power of space?"

But then, he shook his head and suddenly realized: "This is not the force of space, but a force that simulates the nature of space."

"Compared with the power of space, both its nature and its strength are far behind."

"But again, it is much easier to harness this power."

The power of this simulated space, after entering the Ruyizhou, suddenly, a vast expanse of light shined on it.

The real power of space is stimulated.

The next moment, with a swish, Ruyizhou came directly into the air, hovering above the height of several kilometers.

After that, he swished, and walked away at a very fast speed.

At the same time, a semi-circular mask appeared on the Wishful Boat, just like another Wishful Boat was buckled on top of it, protecting the people inside.

Despite the extremely fast speed, Chen Feng and others could not feel any wind or pressure inside.

Very comfortable.

Ruyizhou pierced the sky, Chen Feng squinted his eyes and felt it carefully, and then he knew it in his heart.

"I know why they all use Ruyizhou."

"I know why this Ruyizhou is so popular, it turned out to be so."

When Xi Baimei looked down, he saw the mountains and rivers and the endless mountains below.

In the next moment, these things disappeared suddenly, and the next moment, when she saw them again, she found that these things were already far behind her.

She asked in surprise: "What's the matter?"

Hua Lengshuang smiled and said, "The reason for this is that the way the Ruyi Boat operates is completely different from the flying swords and flying knives you did before."

"It's completely different? What does that mean?" Xi Baimei asked curiously.

She looked at Bian Xingyu.

And Bian Xingyu was a little bit unspeakable.

When he just wanted to change the subject, Chen Feng smiled lightly, and said in an interface: "It's because the power of space is used on this wishful boat."

"You see, it is not actually flying, but jumping in a space."

"Therefore, you will feel that in such a short time, the scenery below is gone, because it was undergoing a space jump."

"How vast and vast is the space? It's not just a simple distance that can be measured."

"Jumping from this space to the next, it's still above this dragon vein continent, it's still above this sky, but it's already a very long distance."

When Xi Baimei listened, she seemed to understand.

Her strength is too low, and her understanding of space is still very poor.

Chen Feng sighed secretly in her heart: "Hua Lengshuang seems to be not low in strength, and her comprehension is very strong. She has a very deep understanding of space."

Xi Baimei asked again: "How to distinguish the level of Ruyizhou?"

Hua Lengshuang came into interest at this time, and smiled: "It's very simple. The bigger the gap between after shrinking and after zooming in, the higher the level."

"It looks like this Ruyi Boat is an extremely rare treasure. Even if it is the big families in Chaoge Tianzi City, few families can easily take it out."

"But in fact, this level in Ruyizhou is not high."

"Because, before zooming in, the length reached more than one meter, and after being laid down, it reached seven or eight meters, but it was seven or eight times larger."

"And some, it is said that the very high-level Ruyi Boat, after zooming in, stretches across the sky, for hundreds of miles, it is simply a huge floating city."

"And when they shrink, the small ones are as big as a knuckle, and they can even be placed on their chests as pendants."

"Some are even exquisite, which can be made into a small earring and put on the ear."

"When used, it turns into a huge floating city."

She took a deep breath, revealing a look of yearning: "And it is said that the most top-notch Ruyi boats are no longer as simple as floating boats."

"It's tens of thousands of miles above the sky, it's just a floating continent!"

"only,"

Hua Lengshuang smiled and said: "This level of Ruyizhou can't even be seen in the Dragon Vein Continent. You need to go to the higher level world to see it."

She looked far away, with a carefree look in her eyes.**novelUsb.com**

When Chen Feng listened, his heart was boiling.

At this time, the envoy who had been silent suddenly added: "The higher-level Ruyizhou actually has another feature, that is, it is easier to use."
