

## Peerless 3001

### [Chapter 3001: Provocation again!](#)

"Like me, I need to do so much preparation before making it bigger."

"A truly high-level Wishful Boat, it only needs a movement of your heart to change it."

At this time, Xi Baimei suddenly asked: "Then, Senior Sister Hua, what are the benefits of taking the lead to this wishful boat?"

"Those huge long swords and giant knives can also take people to fly after they become larger, and they are fast. Is there any difference between the two?"

"Of course there is a difference!"

Hua Lengshuang said: "What is engraved in the Ruyi Boat is the power of space."

"To put it bluntly, it seems to be moving, but in fact it is not moving, but shuttles in one space after another."

"So, its speed is naturally much faster than those flying knives and swords."

As she said, she glanced at Chen Feng intentionally or unintentionally: "Some people, I'm afraid they have already seen it."

Xi Baimei didn't know that she was talking about Chen Feng, thinking she was talking about Bian Xingyu, she immediately clapped her hands and laughed, "It really is Bian that you are the best, you can see it all at once."

Bian Xingyu was taken aback for a moment, then immediately laughed and said, "Yes, I just saw it."

Chen Feng and others laughed in their hearts: "This person is really shameless."

But few people care very much.

At this time, the envoy said: "What Ms. Hua Lengshuang said just now is probably not bad, but I want to add one sentence."

He looked at Hua Lengshuang and said, "Girl Hua, these things about Ruyizhou must have been read from ancient books, right?"

Hua Lengshuang nodded.

The envoy said: "Sure enough, it is not bad as I guessed."

"What you said is different from what you are now."

"To tell you the truth, now, the Ruyi Boat of this level like the one we ride is considered to be quite high, and this Ruyi Boat is not something I can own, but to attract newcomers, so I can borrow from the inner sect. Arrived."

"In fact, the Ruyizhou with the highest level in the entire Dragon Vein Continent may not be much higher than mine."

"It turned out to be like this." Upon hearing this, Hua Lengshuang's small face blushed, and then he smiled calmly and said: "I made the lord laugh."

Ruyi boat cut through the sky and moved forward at a very fast speed.

At this time, it was late at night.

At this time, their height was getting higher and higher, and they soon reached an altitude of more than 100,000 meters.

The sky here is exceptionally clear.

Tianyu, the sky, seemed to be transparent, and it seemed that the universe outside could be seen at a glance.

Here, the stars on that day are also extraordinarily huge, extraordinarily shining, extraordinarily many.

The Ruyi Boat crossed the sky, and the sky was full of stars. Chen Feng lay there slantingly, sighing slightly, his heart was quiet and indifferent.

At this moment, his heart was full of dreamlike feelings, the sky full of stars was like a river, and the wishful boat dangling forward little by little in it.

"Once upon a time, I seemed to think of things in Qian Yuanzong, as if it were still yesterday."

"And in such a blink of an eye, I'm already standing under the sky!"

At this time, the envoy had already hid in the living room and didn't know what to do.

However, the four of Chen Feng are still on this cabin deck.

They are all the first time to ride a Ruyi boat, the first time they have such an experience, and they are all quite a rise.

The crimson light curtain shrouded the top of Ruyizhou, like a crimson meteor piercing the sky.

There were gentle footsteps behind him, and Chen Feng looked back and saw Hua Lengshuang walking slowly toward this side.

Hua Lengshuang obviously deliberately stepped up, if not, with her cultivation level, it would be easy to make Chen Feng inaudible.

She walked up to Chen Feng, glanced at him with interest, then smiled and said, "Sit down next to you, don't you mind?"

After all, pointed to the deck next to Chen Feng.

Chen Feng glanced at her with a calm look. He didn't know what the woman was trying to say or what medicine was sold in the gourd, but he nodded lazily.

Hua Lengshuang just sat beside Chen Feng.

She didn't say anything, just silently looking into the distance, hugging her knees with her arms.

After a while, she tilted her head and gently stroked her hair behind her ears.

She has a long and slender neck, white and graceful, like a swan neck.

Her face was white and tender as jade, extremely smooth, and even more beautifully curved.

Her hair is as black as ink, and her every move is full of poetry and beauty to the extreme.

People are beautiful, but also beautiful.

But unfortunately, at this time, an untimely noise rang from the side.

Bian Xingyu and Xi Baimei were talking very loudly beside them. Looking at the scenery outside, Bian Xingyu said with a haughty smile on his mouth:

"We children of foreign surnames, who want to enter the Xuanyuan family's inner sect, undoubtedly need the guidance of a strong person."

"Usually, it is the disciple that this strong man accepts from the outside to do it!"

"And my master..."

He paused and looked at Xi Baimei.

Xi Baimei said with a look of admiration: "I want to be able to teach you such an outstanding disciple, Brother Bian, your master must be a great man."

"Yes!"

Bian Xingyu laughed and said, "My master is named Jian Yangyu."

"Oh? Jian Yangyu? Isn't he Xuanyuan? He is not from the Xuanyuan family?"

"Of course not."

Bian Xingyu said: "Jian Yangyu entered the Xuanyuan family's inner sect three hundred years ago. He is also a child of the foreign surname. Later, he grew into the Xuanyuan family's inner sect. He was a very powerful figure among the elders of the foreign surname."

"Except for a few top elders like Xuanyuan Xiaoyue, he can walk sideways in the entire Xuanyuan family and is very powerful."

Xi Baimei showed admiration on his face, applauded and said, "Brother Bian, you are really good, your master is good, and you are also good."

"With your master in Nei Sect, after entering Nei Sect, you will definitely not be afraid of anyone!"

"Of course!" Bian Xingyu said triumphantly: "Not only will no one be afraid, but there will be endless benefits after entering."

"Before, the master was limited to family rules. Although I was extremely talented and practiced very quickly, he still couldn't give me some things."

"Because I'm not even a member of the Xuanyuan family."

"And after I enter the Xuanyuan Family Inner Sect, he can give me those treasures and martial arts techniques, hahaha..."

As he said, he let out a smug laugh: "By that time, my strength can go further!"

He looked at Xi Baimei and asked, "Sister Xi, who is your master?"

With a touch of shame on Xi Baimei's face, she shook her head awkwardly and said, "He, don't mention it."

"His strength is very mediocre, but it's far inferior to the senior brother and your master."

Chen Feng listened to the side, frowning:

"This woman is really shameless."

Her master taught her martial arts techniques and took her into the Xuanyuan family's inner sect, but she didn't even say his master's name because she was afraid of losing face.

This woman is really shameful!

At this time, Bian Xingyu also understood what was going on.

Fearing that Xi Baimei would lose face, she rolled her eyes, looked at Chen Feng and said, "Chen Feng, I don't know who recommended you to enter the inner sect?"

This person has a very vicious intention.

To put it bluntly, he relied on suppressing Chen Feng to save face for Xi Baimei.

Chen Feng glanced at him and did not speak.

"Oh? Don't you speak?"

"It seems that the person who introduced you to the inner sect must have a very low status and very average. You don't want to say it anymore."

As he said, Bian Xingyu let out a burst of laughter.

This person provoke Chen Feng again!

Chen Feng shook his head, but Xuanyuan Xiaoyue was the one who led him into the Nei Sect, one of the few people with the highest status and the strongest strength in the Nei Sect.

In his mouth, it is not worth mentioning.

Chen Fengli didn't bother to care about him.

At this time, the envoy walked out from inside, just in time to hear what Bian Xingyu said.

[Chapter 3002: I'm afraid, you don't have this ability!](#)

He couldn't help shook his head, and sighed secretly: "Here you are, you really don't know how to live or die."

"If he knows who is the one who brought Chen Feng into the inner sect, I'm afraid he will be stunned by the real shock, right?"

Xi Baimei giggled and said, "Brother Bian, since Chen Feng doesn't want to say it, don't force it."

"After all, the status and status of those who responded to him are so humble, and he is very embarrassed to say it."

Bian Xingyu laughed and said, "What kind of person, what kind of person to attract."

"He still dislikes people's low status? How strong is he himself, but he is just a waste of a Seven-Star Martial Emperor, and he is worthy of entering the inner sect?"

He has always been brooding about Chen Feng's entry into the inner sect, feeling that he is not worthy of being compared with others.

Chen Feng frowned gradually.

He looked at Bian Xingyu, and the cold light flashed between his brows.

"It's really endless? I don't want to talk to him, but he is still talking nonsense here."

Chen Feng stared at him deeply and did not speak any more.

Chen Feng decided to give him one last chance. At that time, if he didn't know what was good or bad, Chen Feng didn't mind giving him a tough lesson.

Seeing Chen Feng not talking, Bian Xingyu was even more proud.

At this time, when he saw Hua Lengshuang sitting next to him, the two seemed to be quite intimate, and there was a flash of extreme jealousy in his eyes.

Although he and Hua Lengshuang met earlier, they met on the way here, but the relationship between them is actually very distant.

Hua Lengshuang seems to be naturally charming, very seductive and easy to use, but in fact it is very noble and deserted.

On the way, Bian Xingyu didn't say a few words to her.

And when he wanted to use strong, he also found that Hua Lengshuang's strength should not lose to himself.

Therefore, this idea was quickly dispelled.

For him, Xi Baimei is too quick to get started, but there is nothing exciting and nothing new.

Hua Lengshuang is what he really wants to conquer.

At this time, he saw Hua Lengshuang, who had always been fascinating with him, was sitting there with Chen Feng.

Suddenly, this made him jealous.

He suddenly looked at Chen Feng and said in a loud voice: "Chen Feng, although you have a poor background behind you and your own strengths are insufficient, you and I entered the Nei Sect together."

"In this case, then, I can't ignore you."

He stared at Chen Feng and said with a smile: "Why not? After entering the inner sect, you will hand over 70% of your daily resources to me."

"When the time comes, I will protect you from being bullied by others."

"I'm your elder brother, and I always have to take care of you, what do you think?"

"Being my eldest brother? Want to turn in my resources?"

Chen Feng heard it, only feeling extremely absurd.

To what extent does this man have to be arrogant to say such a thing?

He shook his head, chuckled, and said nothing.

Suddenly, Bian Xingyu's face pulled down.

He stared at Chen Feng and said with a sullen face: "Chen Feng, how dare you say nothing to me? How dare you ignore what I said?"

"You are so bold!"

"Do you think you are great? Do you think you can challenge me?"

He suddenly yelled: "Chen Feng, get out! Let me teach you a lesson and let you know what the sky is!"

"It will prevent you from entering the inner sect in the future, and you may be killed directly by someone who does not know what it is."

Chen Feng's body stiffened for a moment.

Then, he took a deep breath, turned around, and slowly stood up straight.

A cold smile appeared at the corner of Chen Feng's mouth, and his face was full of icy coldness, and there was a strong murderous intent in his eyes.

Chen Feng has endured it long enough.

He didn't plan to endure it anymore.

Chen Feng looked at Bian Xingyu and said, "Want to teach me a lesson? I'm afraid, you don't have this ability!"

Hearing this, Bian Xingyu was stunned for a moment.

Then there was a burst of disdainful laughter. He looked at Xi Baimei next to him and asked, "Sister Xi, have you heard?"

"What did this little \*\*\*\* say? He actually said that I didn't have the ability to teach him?"

Xi Baimei hid her lips and giggled, her eyes full of contempt when she looked at Chen Feng.

She said to Bian Xingyu: "This Chen Feng is really crazy."

"What is he? It's just a seven-star martial emperor, but what about you, brother? You have surpassed the peak of the nine-star martial emperor and approached the realm of Wudi infinitely half a step."

"As far as strength is concerned, he doesn't deserve to give you shoes."

"And he, dare to say such things to you? It's just looking for death!"

Bian Xingyu looked at Chen Feng and smiled triumphantly: "Chen Feng, have you heard? Everyone knows that you can't be my opponent."

With that said, he glanced at Hua Lengshuang intentionally or unintentionally.

And Hua Lengshuang just sat next to him without even looking at him.

This filled his heart with an invisible frustration, and the anger in his heart rose again.

Then he stared at Chen Feng and said: "Now, you kneel down, kowtow to me, apologize, apologize, and then call me brother!"

"From then on, give me 80% of the resources after you enter the inner sect, and I will spare your life."

Chen Feng smiled and said, "Oh? Really? Is it really magnanimous?"

Bian Xingyu didn't hear the irony in his words, but said triumphantly: "After all, they are the ones who entered the Nei Sect together. I must give you a chance."

"Really? Unfortunately, this opportunity is not rare for me!"

Chen Feng's voice suddenly became cold, and his eyes were icy: "If you want to hit it, hit it, where is so much nonsense?"

"Haha, are you looking for death, right? I will fulfill you!"

Bian Xingyu stared at Chen Feng and walked forward step by step, his eyes full of banter and a touch of murderous intent.

In his opinion, Chen Feng is undoubtedly going to be beaten by himself in a very miserable way.

The difference is that he will decide how much he will beat him according to his mood!

Chen Feng shook his head, but didn't pay attention to him at all.

Chen Feng just knew that as long as he dared to do something, it would make him miserable.

Chen Feng's mood did not even fluctuate much.

For this, Chen Feng would not take it seriously.

But at this moment, the lord led the lord out of the pavilion, looked at the two of them, and said lightly: "What's the matter?"

Suddenly, Bian Xingyu's expression stagnated, and then there was a smile on his face, and he said, "Sir, the two of us are having fun!"

The envoy said coldly: "On this ship, don't have any conflict."

"Is there anything that can be resolved after Nei Zong, understand?"

Bian Xingyu hurriedly nodded and bowed his waist and said, "Okay, let the master, disciple understand, disciple understand."

### [Chapter 3003: You idiot!](#)

Saying that he took two steps back.

Then, Bian Xingyu glared at Chen Feng fiercely, and said in a low voice: "You are protected by an envoy, and this time I will spare your life temporarily." *novelSB.com*

Chen Feng almost laughed: "He is protecting me? Is he clearly to protect you?"

And at this time, the envoy also shook his head, with indescribable meaning in his eyes.

He was just to protect Bian Xingyu, not to be beaten too miserably by Chen Feng, just to give face to the people behind Bian Xingyu.

Unexpectedly, Bian Xingyu was so arrogant that he thought he was protecting Chen Feng!

At this time, Chen Feng's eyes were filled with cold murderous intent.

At this time, seeing the murderous intent in Chen Feng's eyes, the envoy immediately understood that he had fed the dog with this painstaking effort.

At this moment, Chen Feng turned his head, looked at the envoy, and said faintly: "Sir, envoy, this is a grudge between me and Bian Xingyu."

"I beg you not to interfere."

After listening to these words, the envoy sighed even more. He knew that Chen Feng had made up his mind and he could not save Bian Xingyu.

He nodded slowly, stepped aside, and said nothing.

To him, out of fear for the people behind Bian Xingyu, he still had feelings for him. He just stopped it, and he stopped it once on that field before, and it was the end of his benevolence.

He stopped these two times, even the people behind Bian Xingyu couldn't say anything, and couldn't do anything to him.

And now, if he were to reorganize, then he would not give Chen Feng face, but he deliberately made trouble for Chen Feng.

At that time, if Chen Feng remembered to hate him, he knew the consequences would be very serious.

He doesn't want to take this risk.

At this time, Bian Xingyu was stupid seeing Chen Feng's actions.

Then, the next moment he burst into a burst of incredulous laughter, staring at Chen Feng, looking at a madman, and said:

"Chen Feng, are you crazy?"

"Is the envoy to protect you? The envoy is afraid that you will be killed, so I said that just now!"

"You even said it was a personal grudge against me? You still want to do it with me?"

He said incredulously: "I heard you right? You really want to do it with me?"

Chen Feng didn't bother to have any nonsense with him, just sneered: "Dead!"

The next moment, Chen Feng's figure flashed forward quickly.

Then, he punched it hard!

Bian Xingyu had a disdainful smile on his face: "I really don't know how to live or die. The enticement made you almost protect your life just now. I didn't expect you to do it!"

"I don't want my life anymore, do you?"

"That's fine, I will fulfill you!"

Up to now, he still feels that the envoy was used to protect Chen Feng.

Really ignorant!

The next moment, he also blasted a punch.

At this moment, Chen Feng's fist was about to fall on his body.

In an instant, Bian Xingyu's face changed drastically.

Yeah, with an expression of disbelief on his face, he exclaimed: "Chen Feng, your fist is so powerful?"

He felt that Chen Feng's fist on the opposite side, like a mountain, was pressed down.

As for his own fist, in front of Chen Feng's fist, it was not worth mentioning.

Chen Feng sneered and said, "I only know that I am strong now? Unfortunately, it's too late!"

Bian Xingyu's face changed drastically, his face was full of disbelief.

Suddenly, he seemed to have thought of something, and suddenly there was a touch of fear in his eyes, and he exclaimed: "You, have you concealed your strength?"

Chen Feng sneered: "It's not that I concealed my strength, but that your strength is too bad. You can't even see my true strength!"

The next moment, he roared: "Die!"

That fist hit Bian Xingyu fiercely.

Bian Xingyu let out a stern scream, he felt like he was going to be killed by this punch.

Suddenly, his heart was filled with despair and fear.

He screamed frantically, blasted out his fists one after another, hitting his strongest, all the tricks that pressed the bottom of the box.

But it still doesn't work!

Chen Feng's punch broke all the powerful moves he played. These moves, all the defenses, in front of Chen Feng's power, were all fragile like a piece of paper.

It was directly bombed into crumbs!

Then, the next moment, Chen Feng's fist fell fiercely on his chest.

Suddenly, Bian Xingyu let out a miserable howl, his body flew directly, blood spurting out of his mouth.

His body bends down extremely, almost folding in half.

The whole person is like a crooked prawn.

And his chest is directly collapsed.

The bones that were extremely solid and surpassed the peak of the Nine Star Martial Emperor, and were not worth mentioning under Chen Feng's fist.

Muscles shattered, bones shattered, a big hole was punched in his chest, and blood shot out from inside.

With a bang, his body slammed heavily on the ground, and it took several rolls before he stopped.

He is already seriously injured and has a weak breath.

But at this time he didn't care about healing or anything else. Instead, he sat up straight, staring at Chen Feng, his voice trembled, his eyes were filled with disbelief, and he said:

"You, how can you be so strong?"

"You beat me like this with one punch?"

At this time, Xi Baimei also let out a scream, his face was full of disbelief!

Chen Feng looked at Bian Xingyu and Xi Baimei, and smiled and said, "Now I know who is great? Now I know, who is going to teach someone an unforgettable lesson?"

At this time, the Master Leading Master looked at Bian Xingyu and sighed, with a trace of pity in his eyes.

He said lightly: "Do you think that I just stopped you two from doing it to protect Chen Feng?"

He screamed: "I am protecting you! You idiot!"

Hearing these words, Bian Xingyu's head buzzed, and the whole person was stupid.

At this moment, the scenes that happened before flashed in his mind, and he suddenly realized at this time.

"It turns out that in the past two times that the envoy prevented me from conflicting with Chen Feng, the envoy was actually for my sake."

A voice in his heart replied: "I have no eyes! I really deserve to die!"

"I can't even see that Chen Feng is so powerful, and I have repeatedly provoke him, and I still don't know what is good or what is good or bad while being led to protect him."

"Bian Xingyu, Bian Xingyu, you are so damn! You really don't know how high the sky is!"

Chen Feng stared at Bian Xingyu and said word by word: "It's not that you let me know what a strong is, but today I let you, a dog with eyesight and arrogance, know what is a strong! "

[Chapter 3004: I didn't want to do anything to you either!](#)

"Also lest you suffer a loss in the future, your cultivation base is abolished, and your life is destroyed!"

This is what Bian Xingyu said to Chen Feng just now, and at this time, Chen Feng returned it all.

If Chen Feng said these few words just now, Bian Xingyu would only laugh very arrogantly and disdainfully, and would not take what Chen Feng said into his eyes.

But at this moment, after hearing Chen Feng's words, Bian Xingyu's face showed a touch of extreme fear.

He opened his mouth, what he wanted to say, wow, another big mouthful of blood spurted out.

He looked at Chen Feng with regret in his eyes.

Finally, he spoke, and said with a trembling voice: "You, are you so powerful?"

Chen Feng smiled and said: "I know you can't believe it, but unfortunately my strength is so strong, and..."

With a ridiculous smile at the corner of his mouth: "Although I am strong, I will not, like some people, keep this power on my lips all day long."

"Do you know how ridiculous your previous behavior was in my eyes?"

"Obviously it's just a waste, but so arrogant and provocative everywhere."

"I really don't know how to write dead words!"

Hearing Chen Feng's words, Bian Xingyu's face was swollen like pig liver, and it was red.

He tried to say something with trembling lips, but couldn't say anything.

His face is full of shame.

He felt that his face was hot, and the endless shame came over, almost drowning him.

A voice in his heart yelled frantically: "It's ridiculous, Bian Xingyu, you are so ridiculous!"

"Compared with Chen Feng, what are you? You dare to provoke him repeatedly?"

"Really deserve it! It's really looking for death!"

Bian Xingyu looked at Chen Feng, without any contempt or provocation.

Instead, there is a deep awe and unspeakable fear.

And Xi Baimei also covered her small mouth, looking at Chen Feng in astonishment.

In the next moment, the shock in her eyes turned into a touch of extreme fear.

She suddenly thought that she had said that Chen Feng before, and had provoke Chen Feng several times.

And now, if Chen Feng wants to clean up himself, then...

At this moment, the fear in her heart was beyond words.

At this moment, Chen Feng suddenly turned his head and looked at her.

Seeing Chen Feng's gaze, Xi Baimei's scared heart suddenly thumped and jumped, almost jumping out of her cavity.

Her legs were frightened, and she knelt on the ground with a plop.

Looking at Chen Feng, he trembled and said, "Brother Chen Feng, Brother Chen Feng, sister I have offended before, please don't be like me."

"Please don't be familiar with me, let me go!"

She knelt on the ground, begging with all her face, how could she be like the arrogance that was half-arrogant just now?

Chen Feng looked at him, suddenly a smile appeared at the corner of his mouth, and said, "Sister Xi, I didn't want to do anything to you? Why do you scare yourself?"

With that, Chen Feng walked aside and sat down beside the ship's gunwale without even looking at Xi Baimei.

He just cast his eyes on the endless sky.

Xi Baimei knelt on the spot, her face was red and white. She didn't know how she was now, she was already played by Chen Feng.

And what Chen Feng said just now and what he did were like slapped big slaps on her face.

It made her faceless and ashamed to the extreme.

She and Bian Xingyu looked at each other, both of them had no face to speak anymore, struggling to stand up, and quickly returned to their room.

Bian Xingyu no longer dared to live on the second floor, next to the envoy, but instead lived in the West Chamber on the first floor.

That is the worst location, the place he originally allocated to Chen Feng to live.

At this time, it was actually only half an hour before Ruyizhou took off, but so many things had happened.

The envoy took a deep look at Chen Feng, did not speak, and returned to the pavilion.

At this time, Hua Lengshuang spoke suddenly.

She also didn't look at Chen Feng, just looked at the distant sky, and said softly: "Finally the annoying flies are gone."

Chen Feng smiled and said, "The annoying flies are gone. Do you have anything to say to me?"

He could see that Hua Lengshuang came next to him and wanted to say something to him, but he probably didn't want Bian Xingyu and Xi Baimei to hear it, so he didn't say it.

Hua Lengshuang looked at Chen Feng: "Do you have to say something? Can't it be sitting here and looking far away?"

Chen Feng smiled and said, "Naturally, too."

His knowledge of Hua Lengshuang has increased a bit more than before.

This flower Lengshuang looks very charming and can be easily used, but it is not the case.

She is a very holy, very self-sustaining woman.

Unsmiling, silent and quiet.

But Chen Feng knew that her strength should be extremely strong.

She also had some insights into the power of that space, and she could tell at a glance what level of her strength was.

This made Chen Feng feel a little strange.

Because, you must know that only people who are stronger than their own can see their true strength.

Chen Feng secretly said in his heart: "Could it be that this woman's strength already surpasses me?"

He didn't want to believe it.

After all, Chen Feng's generation of arrogance has his pride!

At this time, Hua Lengshuang seemed to know Chen Feng's thoughts and smiled and said, "Master Chen, don't worry, I am not as strong as you."

"It's just that the martial arts technique I practice is quite special, it can see through people's strength!"

"So that's it." Chen Feng nodded and said nothing.

Ruyizhou hurried forward, the speed remained the same, but the surrounding scenery changed.

It was originally a great mountain and river, endless green mountains.

And these mountains are still green, but the later, the more desolate.

Soon, the rivers and rivers were gone, and the green hills were gone.

Instead, what appeared in front of everyone was a huge Gobi after another.

The Gobi is full of large pieces of yellow gravel. From a distance, it is vast.

Chen Feng knew that he and others were heading westward at this time, so he should have reached the western famine.

After a few more hours, Chen Feng estimated that it was already midnight.

At this time, even the Gobi disappeared, replaced by a vast expanse of desert with continuous yellow sand.

And above the desert, the moon seemed extraordinarily bright.

The stars quietly disappeared, and when I looked from a distance, I saw a full moon rising slowly on the yellow ground, which was particularly thorough and beautiful.

Chen Feng has basically concluded that it seems that the Xuanyuan family's inner sect is above Xihai.

He secretly said in his heart: "Presumably, the place Xuanyuan Xiaoyue summoned me several times was also in Xihai, not far from Nei Sect."

#### [Chapter 3005: traveller](#)

"It's just that if you want to pass it once, I'm afraid it will have to pay a great price."

"So now, let's go honestly in this way!"

"do you know?"

Hua Lengshuang looked at the sky in the distance, and said softly: "It is said that the most top-notch Ruyi boat can not only sail in this world."

"Even, you can directly tear the sky, tear through the sky, and come into the void of the universe."

"Across the universe, to the next world, to the infinite world in the distance, to the deepest part of the universe."

Chen Feng couldn't help feeling agitated after hearing these words.

What a chic this is! What a relief it is! So happy!

If you can really have a flat boat, a white sword, tear the sky, and travel the universe, then this life is really worthwhile.

Hua Lengshuang turned her head, looked at Chen Feng's longing gaze, and said with a chuckle at the corner of her mouth: "It turns out that you are also yearning for such a life."

Chen Feng said softly: "Naturally it is."

"My generation of warriors, since they have come to this point, then of course they can't live up to their own efforts, nor can they live up to the love and pity of heaven for you."

"We must see the taller, wider, and larger world, and we must go into the universe to see the origin of this world."

"Look at the nature of this universe, and see what shocking scenery there are in this universe!"

His voice suddenly rose, broad and majestic: "Of course longevity is required, so that you can see the true face of the universe!"

Hua Lengshuang chuckled and looked at Chen Feng and said, "I don't have the lofty ambition of you."

"Oh, what is your ambition?" Chen Feng asked when he looked at him.

"My ambition?" Hua Lengshuang looked into the distance with a leisurely gaze: "Just like what I just said, my ambition is actually to be a traveler."

"Oh? Be a traveler?" Chen Feng was stunned.

"Yes."

Hua Lengshuang said softly: "My family was once an ancient family."

"But it's a pity that it has fallen into disarray afterwards, and nothing is left to me except a loft full of books."

"When I was young, when I was a child, I grew up looking at those books."

"And many of those books were left by an ancestor. That ancestor once had the opportunity to leave the Dragon Vein Continent and traveled to other worlds."

"The notes he left are full of magnificence. After I read it, I became very interested in the outside world."

She looked at Chen Feng, her eyes were shining, it was obvious that she had really talked about what she liked.

She said, "Do you know how many magical races there are in this universe? How many magnificent sights are there?"

"Do you know that people in some places, they are not like ours, but they are grown entirely from stones."

"People in some places, their existence is even more mysterious. We can't feel their existence at all. We and him don't even live in the same space."

"You, like this..."

She stretched her hand to the space in front of her and said, "You see my hand stretched forward a foot, but it has already penetrated countless spaces."

"And many creatures that we can't see live in this space."

"I want to see these things!"

Suddenly, her voice changed, her voice and face became very solemn, looking at Chen Feng, she said word by word: "I want to see all this!"

"I want to write a three-thousand-thousand world travel record. I want to see all the fantasy scenes in this universe."

"I want to walk all the races, all the worlds, and write them down. Even if I don't do anything, I just go there and observe it quietly. I want to see!"

Obviously, what she is talking about now is what she likes most, what she loves most, so that's how she looks when she speaks.

Chen Feng was taken aback for a moment, and then his face was full of solemnity.

People with dreams are worthy of respect.

He looked at Hua Lengshuang and said softly: "Then, I wish you all the best."

"For you, the Xuanyuan Family Inner Sect is just a starting point. When you become stronger, you can break the void and go to other worlds, it will be a real start."

Hua Lengshuang nodded vigorously!

In the next few days, the clouds were light and breezy.

With the lessons of that day, Bian Xingyu no longer had the guts to challenge Chen Feng.

In fact, let alone challenging Chen Feng, he dared not even look at Chen Feng for the next two days. He hid in his room every day without even coming out.

Occasionally, I came to the deck and looked out at the scenery, but also avoided Chen Feng.

Even, his eyes didn't dare to converge with Chen Feng.

And he was seriously injured, and the injury would not heal for a while, and from time to time a violent heart-piercing cough came from him.

Obviously, the lesson Chen Feng taught him is profound enough, I'm afraid it will be enough for him to remember for life.

Two days passed quickly.

In the early morning of the next day, when Chen Feng just walked out of the pavilion, he saw the end of the desert in the distance. It was no longer a desert, but a vast expanse of endless blue ocean.

"This is an endless ocean!"

Chen Feng was shocked: "Could it be that we have crossed the entire Western Famine in just two days?"

Soon, Chen Feng knew that he had a good guess.

Because Ruyizhou has taken them out of the scope of the desert and came to the ocean.

At this moment, above the endless ocean, Chen Feng felt that he could not see anything, only the blue sky and only the ocean.

There was a sense of vastness in his heart.

With Chen Feng's strength, fear was born in his heart.

Such a vast ocean, if you fall into it...

What made him even more shocked was the speed of this Ruyizhou.

He secretly said in his heart: "In just two days, it spanned the entire Western Wilderness. You know, the radius of the Western Wilderness is calculated in 100 million li."

"If you calculate this way, the speed of this Ruyizhou is probably dozens of times faster than that of my Jinpeng Longitudinal Technique, and it's even faster than driving a long sword and a sword!"

However, Chen Feng also discovered that after entering the second day, there was a sudden buzzing on the Ruyi Boat.

At the next moment, the mask on that top shook a few times, a little unstable.

And then, with a bang, the mask disappeared directly.

A strong breath of the ocean rushed forward, causing everyone to breathe.

At the next moment, the Ruyizhou shook a few times. Although it then stabilized and continued to fly forward, the speed was obviously not as good as before.

#### [Chapter 3006: Still want to be slapped?](#)

Chen Feng looked down and saw that there were already some cracks on the deck.

Not a crack in Ruyizhou's body, but a crack in the light above it.

The receiver smiled and said, "Don't panic, you guys, this is normal."

"After all, Ruyizhou is so fast, crossing time and space, naturally it has to pay some price."

"Every three days this Ruyi Boat is used, I have to go back and refurbish it."

"Now, he just has some damage to the light. If he drives for another day, not only the light will be broken, but the hull itself will also crack."

"But you don't have to worry about it now. The speed will drop a bit now, but it is very safe."

Upon hearing this, everyone felt relieved.

Chen Feng secretly said in his heart: "Sure enough, such a fast speed comes at a price."

"It's Xihai!"

Hua Lengshuang sighed slightly, looked at Chen Feng and said, "Do you know that there are many extremely beautiful legends in the West Sea?"

Chen Feng smiled and said, "I would like to hear the details."

During these two days, Chen Feng practiced during the day, but at night, he quietly leaned on the ship's side.

To him, this endless night sky seems to be the most beautiful scenery in the world.

This is indeed the case, because when he raises his head, he can see the firmament, and he can see the endless universe he wants to go to.

And every night, at the same time, Hua Lengshuang would come over.

The two didn't talk much, maybe they just chatted a few words, even one night, they just looked at each other, and that night passed.

But the two of them have their own feelings and are familiar with each other a lot.

"You're in Xihai? It's almost Nei Zong, right?"

At this time, a dry, hoarse voice came.

In the pavilion, Xi Baimei supported Bian Xingyu and walked out staggeringly.

At this moment, the dim light on his face suddenly became a little more radiant, and the entire face, the look of the whole person, seemed to come back to life, and the aura suddenly became different.

The care, forbearance, and fear that had been on his face all this time disappeared.

What replaced it was a thick arrogance, and he suddenly changed back to the original Bian Xingyu.

He turned his head and stared at Chen Feng with a bitter expression on his face, and said:

"Chen Feng, I admit that you are very strong, stronger than me, but what about it?"

"I have a good master!"

He gritted his teeth and said, "My master, but the elder of the entire Xuanyuan family's inner sect is counted!"

"Except for Elder Xiaoyue, he is the strongest and highest status."

Chen Feng looked at him with an expression of interest on the corner of his mouth: "Oh, what about that?"

"so what?"

"Boy, it seems that you don't even know what is going on in Nei Zong!"

"It seems that you don't even know how simple it is for them to kill you!"

Bian Xingyu said viciously.

He stared at Chen Feng and said, "I admit that you can severely wound me on this wishful boat."

"However, after arriving in Nei Zong, the situation is completely different."

"No matter how talented and powerful you are, you are only in front of me!"

"In front of those inner powers, you are like an ant. As long as my master says a word, he doesn't have to do it himself, and there are many people vying to crush you to death to please his old man!"

"Even, these words work as well as I said!"

He stared at Chen Feng, his face full of resentment: "I bet you will die if you live less than a month after arriving in the Nei Sect!"

"Oh?" Chen Feng looked at him and said with a smile: "It seems that you think that Nei Zong's background is much deeper than mine."

"Of course!" Bian Xingyu said proudly.

His face was full of arrogance, and his tone of voice was fascinating to show off: "I will show you how powerful my master is in a moment."

"He will send someone to pick me up in a Wishful Boat, and that Wishful Boat is twice as big as the Wishful Boat we are riding now!"

As soon as he finished speaking, Xi Baimei exclaimed.

She covered her mouth, her face was full of surprise, and then looked at Bian Xingyu with admiration on her face and said, "It's twice as big as the Ruyi boat we ride?"

"Didn't it mean that the wishful boat we are riding is already a rare treasure?"

"Of course!"

Bian Xingyu said triumphantly: "Although this wishful boat is already a rare treasure, who would tell me Master Nei Zong has a lofty position and powerful strength?"

"So it's normal to own a bigger wishful boat."

"Really amazing!" Xi Baimei said, looking at Bian Xingyu with a look of admiration.

Bian Xingyu laughed, it seemed that the haze that Chen Feng had been severely taught two days ago was swept away.

"Huh? Are you crazy again?"

Chen Feng sighed: "Being slapped by me once is not enough, do you want to be slapped by me again? You are really interesting."

Bian Xingyu said fiercely, "Chen Feng, don't you believe it? I'll make you believe it later."

"Whatever you say, you can laugh now. I won't make you cry even if I make you cry later." Bian Xingyu said coldly.

While talking, Ruyizhou continued to fly westward, and soon went deep into the depths of the vast ocean.

At the next moment, Chen Feng looked up.

He saw that far in front, there was a huge huge pillar connecting the sky and the earth.

This huge pillar is white and shining, and I don't know what it was forged.

But the next moment, he saw, where is this giant pillar? It is clearly a tornado vortex!

This tornado vortex is extremely huge, connected to the sky and sea, like a giant dragon, pulling out the endless sea water from the west sea and reaching the sky.

At a height of several hundred thousand meters in the sky, the endless sea water turned into a white mist, forming an extremely huge cloud and mist.

The range covered by this cloud and mist and air mass, I am afraid, has reached several million tens of millions of miles.

Hanging above the sky, it has been connected to the end of the sky, without seeing the edge, it is a spectacle!

The envoy stood up straight, and said in a deep voice, "There is the place where the inner sect is located!"

"Where is the location of Nei Zong? It turned out that Nei Zong was there." Chen Feng nodded gently.

He looked down and saw the vast West Sea, seemingly calm, but in reality there were endless waves.

From time to time, there is a huge shadow under the water.

Even Chen Feng saw that there was a shadow, and it took a full quarter of an hour to swim past.

This also means that the size of this huge monster beast, I am afraid it has reached the level of several hundred thousand meters, and it is too large to increase!

#### [Chapter 3007: Enter Nei Zong](#)

And there are definitely a lot of existences like this in this West Sea.

Here, it can be said to be dangerous. If someone wants to ride a huge boat, it is absolutely impossible to cross.

However, there are only a few strong people who have the level of Ruyizhou as a carrier.

I'm afraid there are very few people who can come here to attack the Xuanyuan family's Inner Sect.

Here, it is naturally extremely safe.

Ruyizhou is approaching at an extremely fast speed.

The huge cloud group soon came to the front of the cloud group.

Only in this way, after coming here, Chen Feng was even more aware of the huge cloud mass, as if there was a firmament world in front of him.

The next moment, with a bang, Ruyizhou crashed into this huge cloud.

As soon as he entered this place, Chen Feng's heart suddenly stunned.

It turned out that after entering this cloud group, he found that his vision was immediately restricted.

Except for the inside of this Ruyizhou, he couldn't see anywhere.

In front of him, everything is white, which is very rare.*novelusb.com*

You know, with Chen Feng's current strength, let alone the white mist in front of him, he can see the distance even in the layers of water.

But now, he can't see anything.

Chen Feng closed his eyes, and the next moment, he knew that the reason why he couldn't see clearly was not because of how thick the fog was, but because of the power of the formations in it.

After Chen Feng entered here, he felt that the countless clouds seemed to be filled with one line after another.

And one line after another is all derived from the power of the formation.

At this moment, Chen Feng closed his eyes.

As a result, he saw that he was covered by a large net made up of one line after another.

Layer after layer, there are layers of nets that are red, some are blue, and some are white.

The colors are different, and the things isolated by each layer of the net are also different.

Some are isolated from their own vision, some are isolated from their own sense of smell, and some are isolated from their own sense of touch.

Chen Feng knew that if he were thrown out of this Ruyizhou at this time, he would not have any consciousness immediately, and he didn't know how miserable he would die.

Even falling out of this cloud group directly, and falling out is a better ending.

If it's unlucky, I'm afraid I'll be trapped inside, and I won't be able to get out for the rest of my life.

Chen Feng was shocked in his heart: "It turns out that Nei Zong's protection methods are more than these. There are so many formations around that Nei Zong."

"A person with my strength is like a fly without a head. If you enter it weaker, you are afraid of death."

"And even if it's a half-step Wudi realm, I'm afraid I can barely survive in it. It is still very difficult to break through!"

"The only exception is Ruyizhou."

"Ruyizhou is not bothered by those formations inside."

Chen Feng opened his eyes and saw that there were some lines on the Ruyi Boat shining up, a layer of faint light protecting the Ruyi Boat.

I don't know how long it takes to walk inside, and Chen Feng feels closed.

Suddenly, Chen Feng felt that the formation in front had suddenly become extremely strong, so strong that he could not penetrate even if his strength increased a lot.

Suddenly, Chen Feng was overjoyed: "Here! I'm afraid it's coming now!"

And the next moment, a layer of bubbles appeared in front of him.

It's thin, it looks like it will break with a poke.

But Chen Feng knew that this bubble was the same bubble he saw when he met Xuanyuan Xiaoyue before, and it was also Nei Zong's last layer of defense.

You can see through the bubbles, and now there is another world inside.

That world has mountains and rivers, there are endless sky, and everything.

Moreover, even with such a thin film, you can feel the beauty of the clock inside, and the aura is more powerful than the outside.

The next moment, with a loud bang, Ruyizhou quickly hit the film.

At this moment, everyone felt that the counter shock was extremely powerful.

Even if he was in the Ruyi Boat, Chen Feng felt that he had no consciousness anymore, and everything about him seemed to be sealed off.

At the same time, Zhaochou made his face solemn, his hands successively printed the seal, and a ray of light appeared from his hand and came to the wishful boat.

Then, it fell from the Ruyi Boat to the film.

As a result, everyone only heard a soft puff, like the sound of a bubble being punctured.

In the next moment, the extremely uncomfortable feeling of being sealed up suddenly disappeared, and it became extremely relaxed in an instant.

Not only that, but also Chen Feng felt that the aura around him was at its extreme in an instant, almost condensed into substance, lively, and extremely comfortable.

He felt that he was like a fish that had been dry for a long time and had not seen the water for a long time, suddenly returning to the water, very comfortable!

At this moment, Chen Feng went from being extremely depressed just now to being extremely comfortable now.

It opened its mouth and breathed the air, it seemed that the air was also full of Zhong Ling Qi, and it was also extremely comfortable.

Chen Feng felt that his internal organs had become lively.

My limbs were horrified, and all of a sudden they became extremely comfortable, and each of my pores opened.

"It's so comfortable!" He could not help closing his eyes and let out a groan.

The next moment, he opened his eyes and looked around.

Here, I have come to a whole new world, which looks no different from the previous world.

However, everything is exceptionally good.

The scenery is extraordinarily beautiful, the mountains and rivers are extraordinarily delicate.

Even the water was shining brightly.

The monster beasts that jumped out of the water are rare spirit beasts outside.

The sky here is exceptionally blue and clear, and the most important thing is that the aura inside is more than the outside.

Chen Feng took a deep breath, and after taking a breath like this, he felt the power flowing in his body.

Chen Feng said softly: "The spiritual energy inside is many times more dense than the outside. If I stay inside for a long time, my cultivation will be rapid and extremely fast."

He was so excited, he felt comfortable all over.

The same is true for several others.

Hua Lengshuang said in surprise: "It's really a blessed place, really a good place!"

The envoy smiled and said, "Everyone, welcome to Nei Zong."

At the same time, Bian Xingyu was not concerned with this, but something else.

#### [Chapter 3008: Joker](#)

He stared at Chen Feng and said grimly: "Nei Zong, I have arrived, boy, you are not far from death."

Chen Feng didn't even bother him, just looked around.

I saw that there was a huge rocky mountain floating above the sky.

The stone mountain has a radius of a kilometer, and the bottom is small and the top is large, like an inverted triangle.

On top of it is a platform.

On the platform, many patterns are carved.

These patterns form two huge words: "Xuanyuan!"

The envoy smiled and said: "This is for newcomers who enter the inner sect each year."

He sighed and looked into the distance with a leisurely look in his eyes: "Remember, thousands of years ago, there were dozens of people who entered here every year."

"At its peak, there were even hundreds of people."

"And this year, there are only four of you."

He sighed softly, with emotion in his eyes.

Hua Lengshuang asked, "Why is this?"

She thought about what the envoy had said before, about the fact that there were many Ruyizhou in the ancient books he read, and the level was very high. Then she contacted the fact that there are very few Ruyizhou and very low level. She always felt that there were some of them. contact.

The envoy was about to answer. At this moment, Bian Xingyu yelled in excitement and waved to the distance.

He shouted: "I am here, Uncle Fang, I am here."

Then everyone saw it.

In the distance, a ray of light pierced the void, came quickly, and soon came to the front.

This ray of light turned out to be a Wishful Boat, but this Wishful Boat was a bit bigger than the Wishful Boat that led them.

The length is about ten meters, and the width is five meters.

There is also a two-story pavilion above, but this two-story pavilion is larger and more gorgeous than the pavilion on the Ruyizhou where they are now.

On top of that wishful boat, there was also a white-haired old man who was tall, graceful and luxurious, with an imposing momentum on his body.

He looked at Bian Xingyu, then a smile appeared at the corner of his mouth, and he bowed slightly, actually bowing.

Slowly said, "The old slave has seen Young Master Bian."

"Oh, Uncle Fang, you don't have to be polite."

Bian Xingyu pointed at himself and said loudly, "Uncle Fang, I ran into a dog on the road and was injured like this by him."

After hearing his words, Uncle Fang's face suddenly changed, a look of hideousness flashed in his eyes, and he said coldly, "Who would dare to hurt Young Master Bian like this? Good guts!"

At this moment, Bian Xingyu seemed to have found the backbone, and shouted: "This is the dog thing."

With that, he pointed at Chen Feng.

Then he leaped and cursed loudly: "Uncle Fang, kill this \*\*\*\* for me!"

"I want this bitch's life, and at least I have to break his hands and feet today to get rid of the hatred in my heart!"

He yelled frantically, and shouted at Chen Feng proudly and bitterly: "Boy, my Uncle Fang is here, you are dead! You must be over this time!"

"Have you seen it? Have you seen this wishful boat? This is my master sent to pick me up! Hahaha, envy? Are you jealous?"

He was extremely proud.

As for Chen Feng, there was still a disdainful smile at the corner of his mouth, his expression faint.

At this time, what Bian Xingyu didn't see was that the moment Uncle Fang saw Chen Feng, a strong shock flashed across his face.

And, as if condensed into a real shock!

Bian Xingyu looked at Chen Feng and cursed and said, "Little boy, have you seen it?"

"This is the Ruyizhou my master sent to pick me up, and this is my master's housekeeper, Uncle Fang."

"Have you seen it? Our Wishful Boat is bigger than the one we are sitting on. It shows how high the status of my master is!"

"Have you seen? My Uncle Fang is so strong, do you now know what I said is true? Do you now know how strong my master is?"

"Hahahaha..."

He let out a triumphant laugh.

And Xi Baimei looked at him with a face full of worship.

Chen Feng looked at him as if looking at a clown.

Jumping clown.

Chen Feng smiled and said, "Oh? Do you think your master has a high status? Do you think the Ruyizhou sent by your master to pick you up is very powerful?"

"Of course!" Bian Xingyu said, "Little boy, don't be \*\*\*\* your lips here, do you think I still can't see it?"

"You're just being hard-mouthed, you don't have any skills at all, you're just being hard-mouthed here!"

"What's the point of not admitting defeat? You are nothing in front of me now!"

Chen Feng smiled and said, "You mean, I can't have such a wishful boat to pick me up?"

"Of course!" Bian Xingyu laughed aloud: "Are you dreaming? How could you have such a wishful boat?"

Chen Feng smiled and said: "Yes, you are right, I really don't have such a wishful boat."

Bian Xingyu laughed loudly: "Little bastard, have you surrendered? Are you soft? Right?"

"Now you know what to say, right?"

"Tell you, it's late!"

Chen Feng's voice became cold, staring at him word by word, "I still have one more sentence to say!"

"I really don't own such a wishful boat, because..."

He spoke word by word and said loudly: "I own a higher-level and larger Ruyi boat!"

Bian Xingyu laughed, tears came out of laughter, and pointed at Chen Feng and said, "Chen Feng, are you crazy? What are you talking about?"

"You actually said that you own such a wishful boat? How could it be possible? Are you dreaming?"

But the next moment, the smile on his face freezes.

He looked into the distance blankly, his face was full of shock.

That shock, that can't believe it, filled his eyes.

His mouth opened wide and he could almost stuff an egg.

It turned out that at this moment, above the sky, a ray of light came quickly toward this side!

This streamer is green all over.

This green color is very deep, even though it is very far away, you can still feel the breath of life rushing over your face, which is extremely noble.

And the closer you get, the more you see, that green streamer is so beautiful that it is extremely beautiful.

Soon, this green streamer came to the front.

Then everyone was shocked!

Where is this green streamer? It was actually a green wishful boat!

And this green Wishful Boat is bigger than the Wishful Boat that they were on when they came, and the Wishful Boat that Uncle Fang came to pick up Bian Xingyu.

Compared to Bian Xingyu's Ruyi Boat, it was more than twice as large, with a length of 20 meters and a width of 6 meters!

The upper pavilion has three floors!

[Chapter 3009: Does your face hurt?](#)

Ruyizhou is green in its entire body, which looks like jade carving wine, but in fact it should be carved from the spiritual root of a very high-grade fairy tree.

There are still traces of green on it.

In that context, there is a continuous flow of green brilliance.

These green veins formed the lines of the magic circle, forming a huge magic circle.

And this magic circle, this green vein, is completely formed naturally, not artificially carved on it.

This is even higher than the lines of the magic array that were carved up by humans.

On the whole, this Wishful Boat is higher than Bian Xingyu's Wishful Boat and the Wishful Boat of the envoy.

Quite luxurious and extremely noble.

After seeing this wishful boat, the envoy was shocked, and shouted out of his voice: "Xiaoyue Tianzhou? This is actually Xiaoyue Tianzhou?"

After hearing this, everyone was shocked and hurriedly looked on the Wishful Boat.

Sure enough, at the bow position of the Ruyizhou, the green veins naturally formed a small crescent moon pattern.

Want to come, is the origin of this Ruyizhou name.

At this time, Ruyizhou hovered in front of everyone, and a figure swayed out of the cabin and pavilion.

This figure is a cute fat doll, no more than three feet tall, with fat head and big ears.

The complexion is extremely white, delicate and tender, and looks very pleasing, just like the little man in the New Year picture comes out.

He wore a red robe and walked to the bow of the boat.

Then, his gaze naturally fell on Chen Feng.

Then, he opened his mouth. He was very decent, bowing like an adult, and then said in a crisp voice: "This son, is Chen Feng and Chen son?"

"My ancestor Xiaoyue, specially sent me to pick you up. He has been waiting for a long time."

Chen Feng smiled and nodded: "Yes, I am Chen Feng."

After all, his figure flashed, and he came directly to the Ruyi Boat.

At this time, Bian Xingyu's shock and shocking emotions finally broke out.

He exclaimed: "How is it possible? You, how could you have such a huge wishful boat?"

"Who does this wishful boat belong to?"

"Didn't I just say everything? This wishful boat is called Xiaoyue Ruyi Boat, and it is a masterpiece owned by the powerful elder Xuanyuan Xiaoyue who has been counted by Nei Zong."

"It's all reached this point, don't you understand?"

At this moment, the envoy suddenly spoke.

He seemed to have been intolerable to Bian Xingyu's stupidity, and sneered beside him and said, "Chen Feng, not only is stronger than you, but his background is also deeper than you."

"His introduction is Elder Xuanyuan Xiaoyue! I don't know how many times stronger than your introduction!"

"You are still taunting him there. Do you think that when I was on the boat, I prevented the two of you from fighting to protect Chen Feng? What a foolishness!"

He sneered disdainfully, and said: "I did that to protect you! I did that to give face to the people behind you! Do you understand?"

Hearing this, Bian Xingyu was struck by lightning.

He took a few steps backwards, his face pale.

His whole spirit has almost collapsed, and he muttered: "How come? How come?"

He simply cannot accept this fact.

Not only is Chen Feng stronger than himself, but the background and power he is proud of is also extremely ridiculous before him.

I always thought that the master behind me could crush him, but I didn't expect that among the few people my master couldn't match, Chen Feng would attract people.

Moreover, listening to the boy's words, the relationship between Chen Feng and Xuanyuan Xiaoyue is still quite equal, not based on a master-disciple relationship.

"How is it possible? How is it possible?"

His emotions almost collapsed.

At this moment, Chen Feng was on the Ruyi Boat and looked back at Xiang Bian Xingyu. Then he slapped his back hand in the air twice, smiling and saying:

"I just said, how about slapping you in the face? Does it hurt now?"

Hearing this, Bian Xingyu felt as if he was struck by lightning, and his face showed extreme humiliation.

He couldn't control it anymore, a mouthful of blood spurted out.

Chen Feng laughed and felt extremely refreshed.

He looked at Bian Xingyu with a mocking look and said, "What are you? You deserve to be compared with me?"

"Compared to strength, you can't compare, and you can't compare to background!

"Do you still want me to be killed within a month?"

Chen Feng pointed to him and said: "I will tell you now, I, Chen Feng, will not only not die, but will live well, and will be on top of the Nei Sect!"

Chen Feng smiled and said, "Bian Xingyu, are you envious? Are you jealous?"

Bian Xingyu's blood spurted wildly and his body was shaking!

Chen Feng turned around, then reported to Hua Lengshuang and others with a fist, smiled and said, "Don't pass this, see you later."

Hua Lengshuang smiled and nodded.

But Xi Baimei was stupid.

Her pretty face was also white, and there was huge shock and unspeakable fear in her eyes.

"It turns out that Chen Feng's background is so strong!"

"It turns out that he was brought into Nei Zong by Elder Xiaoyue. He wants to crush me to death. It is as simple as crushing an ant to death!"

"I mocked him before. Will he kill me?"

Her heart was full of fear.

When Chen Feng looked at her, she was stiff, her legs were soft, and she was about to kneel down for Chen Feng.

However, Chen Feng didn't pay attention to him at all, and his eyes rolled around her face with cold and disdain.

Then he dodges again.

After Chen Feng's eyes flashed away, she was panting heavily, almost unable to stand up straight, and her heart was filled with happiness.

At the same time, there are unspeakable regrets.

Then, Chen Feng slowly nodded to the envoy.

He could see that most of this agent knew his background.

The envoy smiled and said: "Young Master Chen, I wish you Nei Zong, show your ambitions and become the arrogant of the generation again."

Chen Feng took a deep breath, he understood the meaning of the envoy.

Everything before me, the identity of that generation of Tianjiao, all that I am proud of, in this Nei Sect, there is nothing.

Because there are too many geniuses in Nei Zong, like Bian Xingyu and Xi Baimei, there is no scum that was crushed by themselves, but they were geniuses before they came here.

I don't even know how many geniuses are stronger than them, and there are many who are stronger than myself.

After I came here, I had to start from scratch.

The pride in Chen Feng's heart surged: "In three months, I will be able to cast the name of genius again!"

"Wait! Wait!"

He suddenly turned his head, looked at the infinite mountains and rivers of Nei Sect, and shouted loudly: "Nei Zong, I'm here, Chen Feng!"

### [Chapter 3010: You can't compare to anything!](#)

At this time, Hua Lengshuang looked at Bian Xingyu and Xi Baimei.

She giggled suddenly. *novelusb.com*

After she came here, the smile on her face has always been like a smile but not a smile, not so obvious, but now such a brilliant smile is as beautiful as a spring flower, extremely beautiful.

Bian Xingyu and Xi Baimei were stunned.

The next moment, what Hua Lengshuang said made them cold, and even their whole body trembled.

Hua Lengshuang looked at them, shook her head, and sighed, "You two are really ignorant to the extreme, and you use ignorance as fun."

"You still look down on Chen Feng, thinking that he came from the countryside, this can only show that you are ignorant!"

"Do you know that Chen Feng not only has a background, but also a big one!"

She looked at the two of Bian Xingyu with an idiot look, and said, "He is from the Xuanyuan family's Waizong. His mother was a Xuanyuan family's Waizong genius back then."

"And he has grown into an extremely prominent powerhouse among the Xuanyuan family's outer sects, and is known as the arrogant generation of Chaoge Tianzi City!"

"Above the entire Dragon Vein Continent, there are countless young and powerful men with extraordinary talents!"

"And you, have never heard of his name, and laughed at him from the countryside!"

"In fact, it's because of your ignorance!"

After she finished speaking, Bian Xingyu and Xi Baimei's faces were full and flushed.

They trembled all over, their lips fluttered, their eyes rounded, and the endless sense of shame overwhelmed them.

Only one voice echoed in their hearts: "It turns out that we are ignorant. It turns out that it is us who are really ignorant!"

Hua Lengshuang hasn't finished yet.

She is already extremely disgusted with the actions of these two people on the Ruyi Boat.

At this moment, she pointed to Bian Xingyu, with a sneer on her face, and said: 'And you, Bian Xingyu, are you still comparing to Master Chen Feng? "

"Isn't your master one of the top elders in the Xuanyuan family? But unfortunately, compared to Elder Xiaoyue, it's far worse!"

"You, do you still look down on Chen Feng? You still provoke Chen Feng? Do you still despise Chen Feng? I really don't know where you have such superiority?"

Her voice is as sharp as a knife, and every sentence is poked into Bian Xingyu's heart:

"Compared with Chen Feng, you can't compare with talent! You can't match your looks! You can't compare with strength! You can't match your temperament! Your background can't compare!

"You can't compare to anything!"

"Compared with him, you are just a trash!"

Her last words directly caused Bian Xingyu's spirit to collapse.

He wowed, his whole body trembled, and he uttered a mouthful of blood.

Shaking all over, his face pale, like sifting chaff.

With a plop, his legs softened, and he sat down on the ground, muttering: "I am a trash, I am a trash..."

"Compared with Chen Feng, I am nothing!"

His spirit is almost destroyed by these timely blows and these words!

Suddenly, he cried loudly.

At this moment, on his wishful boat, the white-haired old man Uncle Fang said softly: "Master Bian, are you okay?"

"I'm fine."

Bian Xingyu shook his head slowly with a dull face.

Everyone could see that his answers and actions at this time were just instinct.

His spirit has almost been crushed.

At this time, Xi Baimei's eyes flashed with deep regret.

A voice reverberated in her heart: "Xi Baimei, Xi Baimei, you are really eye-catching! You are really blinded by lard!"

"You didn't even see that Chen Feng is so powerful, and you didn't even see that Chen Feng has such potential. You still offend Chen Feng so much? Then speak to him?"

"You have completely offended Chen Feng now!"

"You unexpectedly chose Bian Xingyu, and you wantonly belittle Chen Feng, you deserve to have fallen to today! You deserve to regret to the extreme in your heart now!"

She thought to herself: "If you give me another chance, I will treat Chen Feng well! I will definitely not look at Bian Xingyu!"

"Even if Chen Feng recommends himself a pillow seat, I am willing!"

But unfortunately, now things are like this, she can only hold on to Bian Xingyu.

After all, she has no other reliance in the inner sect.

At this time, Xi Baimei walked to Bian Xingyu, gently held his hand, and said softly, "Bian Gongzi, it's okay."

At this time, Bian Xingyu suddenly rolled his eyes strangely, his eyes became round and blood-red.

He stared at Xi Baimei, and then suddenly let out a howl: "Are you looking down on me too? Are you \*\*\*\* looking down on me too?"

"Are you also despising me in your heart? Huh?"

Xi Baimei was stunned.

Seeing him stunned, Bian Xingyu's eyes flashed with extreme violence, and suddenly stood up, rounded his arms, and a big slap in the face slapped Xi Baimei's face.

With great effort this time, Xi Baimei's head tilted heavily and his body turned half a circle.

She screamed, a mouthful of blood mixed with broken teeth flew out, and her face was swollen like a pig's head.

Five fingerprints appeared on his face.

Xi Baimei's face paled, fear in her heart.

She looked at Bian Xingyu and said, "Brother Bian, what are you doing?:

"I have a heart for you, and we can learn from it every day!"

Bian Xingyu smiled disdainfully: "Is it still visible? I just want to borrow my power!"

"Get out! Get out of here!"

With that said, he punched and kicked, actually kicking Xi Baimei out of Ruyizhou.

Xi Baimei didn't watch out for a while, and fell from above.

Then, Bian Xingyu shouted: "Uncle Fang, go, let's go."

The white-haired old man glanced at Xi Baimei, sighed, and then instigated Ruyizhou to leave quickly.

At this time, Hua Lengshuang glanced at Xi Baimei, shook his head, and turned away.

Only Xi Baimei was left sitting on the ground.

She looked sluggish, clutching her right cheek, before she realized what had happened, she realized that it had become like this.

She sat there blankly for a long while before she stood up.

The dull gaze became energetic again, and there was a chill in his gaze.

She whispered to herself: "Although I am here and worthless, I was spoiled and grown up in the past!"

"I can also say that I am a genius, Bian Xingyu, I do want to be attached to you, but it doesn't mean you can humiliate me like this!"

"You don't want me? Are you hitting me?"

"Haha, don't worry, I will definitely make you regret it!"

She gritted her teeth and said this with a bitter face.

Xiaoyue Tianzhou turned into a green streamer and left here quickly.
