[Chapter 301: Beheaded one after another!](#)

The little girl trembled with fright and said tremblingly: "This is a ginseng soup made from the bones of a thousand-year-old giant tiger and 500-year-old mountain ginseng. Every night, Elder Xie drinks a bowl. He is older. It's time to replenish the blood."

Chen Feng nodded slightly, and slightly chopped the back of his neck to make him faint, and then sealed his meridians.

Chen Feng took off his clothes and put them on himself.

He recalled the posture of the little servant just now, then lit up the lantern, held up the tray, gently moved to the courtyard.

In the small courtyard, there is no one other than Xie Yinghao, which is convenient for Chen Feng.

Coming to the outside of an academy, Chen Feng knocked on the door, imitating the voice of the little servant just now, and respectfully said: "Elder, Shentang has been delivered to you."

Xie Yinghao's slightly old voice came: "Come in."

"Yes." Chen Feng respectfully replied and opened the door to enter.

Inside the aboriginal house, it is very quiet and the furnishings are very simple. There is only one bed and a small table.

A figure was sitting cross-legged on the bed at this time, facing Chen Feng. Chen Feng came in without opening his eyes.

In the eyes of a high-level warrior like him, these subordinates are no different from the air.

Chen Feng calmly put the ginseng soup on the table and backed up a few steps, seemingly ready to withdraw.

But at this moment, his eyes suddenly flashed, and the Ziyue Knife suddenly unsheathed, only an electric light flashed by, and the long knife had cut Xie Yinghao's throat.

At this time, Xie Yinghao just reacted, before he even opened his eyes.

He looked at Chen Feng in disbelief with a face full of disbelief, there was a hehe sound in his throat, a large amount of blood mixed with bubbles, pouring out of his wound.

He glared at Chen Feng with huge shock in his eyes, and his hands trembled, as if to do something, but Chen Feng no longer gave him a chance.

With the force of the Ziyue Sword, Xie Yinghao's head flew directly.

Chen Feng walked to his side and said with a low smile: "Elder Xie, I have no grudges with you, but it's a pity that I must kill you."

With Chen Feng's strength, it is difficult to forcibly kill Xie Yinghao. It is estimated that it will take a long time to fight, and then finally Chen Feng's defeat will end.

And even if Chen Feng could win, he would definitely reveal his identity.

This happened to be downwind, which Chen Feng absolutely didn't want.

Chen Feng took out a bag of mustard seeds from Xie Yinghao, took it in his arms, and then sprinkled Xie Yinghao's body with the corpse powder written by Xie Zhuxin.

The light blue powder was sprinkled on the corpse, and the flesh and blood of the corpse soon melted, and after a while it turned into a pool of blood.

This can conceal the identity of Chen Feng as a murderer.

Then Chen Feng left calmly and sneaked into Xie Mingchang's residence.

Although it was late at night, Xie Mingchang's residence was still brightly lit.

The difference is that Xie Yinghao is practicing, while Xie Mingchang is fooling around with a few women.

When Chen Feng kicked the door open and strode in, Xie Mingchang raised his head, then stared at Chen Feng, and shouted fiercely: "Who are you? Do you know who I am? How dare to break into Xie's house privately! "

The answer to him was a gleam of light.

Chen Feng didn't talk nonsense with him at all, and cut him into two with a single knife.

Then he looked at the women. The women killed Xie Mingchang as soon as the middle-aged man broke in. Xie Mingchang's blood splashed all of them. They were all terrified. They shrank in the corner and shivered, their faces all over. Looking at Chen Feng fearfully.

When Chen Feng turned his gaze to them, their eyes were full of pleading.

Chen Feng sighed slightly, and searched another bag of mustard seeds on Xie Mingchang's body, then cut off Xie Ming's head, and also turned his corpse into a pool of blood with corpse powder, then turned and left.

The big man did something and didn't do something, these girls are also innocent people, the poor, let him act on them, Chen Feng can't do it.

"Hey, Xie Mingchang's head, here you are."

In the backyard of Xie's auction house, in a secret room, Chen Feng threw a baggage to Xie Zhuxin, and said lightly.

Xie Zhuxin glanced at him in amazement and opened the bag. It turned out that Xie Ming's human head was inside, with a face full of disbelief, eyes wide open, staring at Xie Zhuxin firmly.

Xie Zhuxin glanced at it, but she was also a little bit shy. She brushed her head to cover her head and smiled: "Chen Feng, you really didn't disappoint me. You said that one night is one night, and you actually killed him."

Chen Feng smiled: "It's no big deal, not only is he stupid, but Xie Yinghao was also killed by me."

"What? Xie Yinghao was also killed by you?" Xie Zhuxin stared at Chen Feng blankly.

She thought that Chen Feng had sneaked into Xie's mansion, and then took advantage of Xie Yinghao's carelessness to kill Xie Mingchang, but she never expected Chen Feng to kill Xie Yinghao as well.

You know, Xie Yinghao is a master of the third floor of the Divine Sect Realm, which makes her a little bit incredulous.

Chen Feng smiled faintly: "It's no big deal, just sneak in and kill him with a single knife."

The more understatement he said, the more disbelief Xie Zhuxin was. She looked at Chen Feng and felt that she had to re-examine him.

[Chapter 302: Drugs in hand](#)

Being so young and with such a strong strength, this person is worthy of long-term cooperation, not just a short-term one-off deal.

Thinking of this, she turned her head and said to Xie Dongshan next to her: "Dongshan, go to the warehouse, and take out half of the medicine for repairing spirits."

"Half?" Xie Dongshan was surprised: "Isn't it the agreed third third? If you only give Master Ge Dan the remaining half, I'm afraid Master Ge Dan will be dissatisfied!"

Xie Zhuxin glanced at Chen Feng and said with a smile: "Because I think what Chen Feng has done is worthwhile. And..."

She looked at Chen Feng and said without evasiveness: "Master Chen, let me tell you straight. I want to develop long-term cooperation with you in the future. When the medicine comes, it should be a good bond."

Chen Feng was not polite, nodded and said: "Then I will accept it. If I can help in the future, even if I speak, I must be paid."

"Of course." Xie Zhuxin nodded slightly.

After a while, Xie Dongshan came over with a huge jade box in his hand. After opening the jade box, a strange fragrance filled the whole living room.

Chen Feng saw a variety of medicinal materials, at least a dozen plants, each of which looked very spiritual. Although they had different shapes, most of them looked like humans.

This form of medicine usually has the function of repairing the soul.

Chen Feng seemed to have felt it, and Ziyue cheered in the knife.

Chen Feng eagerly wanted to absorb these drugs for Ziyue, put his jade box directly into the mustard bag, and said with a smile: "I have something to do here, so I will leave first."

Xie Dongshan quickly said: "Brother Chen, do you have anything to auction this time?"

Chen Feng brought him many surprises every time he came.

When talking about this, Chen Feng slapped his head and said with a smile: "In a hurry, I almost forgot about it."

During this period of time, he also hunted and killed many monsters, absorbed their blood, and then took their crystal cores and cut off their fur and bones.

These things were all stored in his mustard bag, and these things were shaken out, Xie Dongshan and Xie Zhuxin looked at each other, and both saw a touch of surprise in each other's eyes.

Xie Zhuxin's look is particularly wonderful.

These materials, if she guessed correctly, at least came from the monsters of the six-headed gods.

This Chen Feng is really mysterious and powerful, and he can easily produce so many things.

"Okay, old Xie, you can just watch and sell these things. I'll come back to you and take away the spirit stone." After speaking, Chen Feng turned and left.

After Chen Feng left, Xie Dongshan looked at Xie Zhuxin with some embarrassment, and said, "Young Master, what should Master Ge Dan do?"

"We have already reported the number of medicinal materials to him before."

Xie Zhuxin waved his hand indifferently: "It's nothing, just do what I should do. If he has any comments, let him come to me. Just tell him that the warehouse is damp, don't you have it?"

Xie Dongshan had only a wry smile.

The warehouse was damp. She could think of this reason. This kind of medicinal material was sealed and collected. How could it be damp?

Xie Zhuxin snorted coldly: "We originally wanted to auction this medicinal material. Ge Dan insisted to come and get it after he knew it. As a result, we lost at least 30% of our profits, and we would also lose faith in others. What's wrong with him? Forgive him for not daring to do so."

After Chen Feng left Long River City, he went to the nearby mountains and looked for a hidden cave. Then he took out the Purple Moon Knife and opened the jade box. Suddenly, a strong fragrance of medicine filled the cave.

Ziyue's voice was very excited: "Chen Feng, you found me so many medicines that can repair the soul, ah, what a tempting fragrance! I can't help but want to eat it!"

Chen Feng could even hear a slogan.

Chen Feng couldn't help but teased: "It turned out to be a gluttonous snack to win the eldest lady."

"Bah, what do you know?" Miss Ying snorted very proudly, and said: "People have been in this knife for so many years, and even the spirit body has not been condensed into one. Do you know how much I look forward to? , Really let you taste this, and seal you into the knife."

The two joked and laughed, and Ziyue began to absorb these drugs.

Chen Feng saw the Purple Moon Knife flying over the jade box, and then plunged one end into the jade box. The medicines flew towards the Purple Moon Knife like they were pulled by a rope. Some medicines already had spiritual wisdom. A sharp cry is like a child crying.

But they were useless, they were swallowed by the Purple Moon Knife one by one, and disappeared instantly.

After swallowing these things, Ziyue Knife instantly calmed down, and the long knife hung in the air quietly, emitting a faint blue light on the surface.

Chen Feng waited for about a cup of tea. Seeing that the clear light was still going on, it was clear that Ziyue was absorbing these drugs, and she didn't know how long it would take to get better. Chen Feng sat cross-legged beside her and began to practice Hunyuan Yi Qigong.

His Hunyuan Yi Qigong has stepped into the second floor. What he needs to do now is to open the second meridian, the first large point of the Foot Shaoyin Kidney Meridian, the Yongquan point.

[Chapter 303: Spiritual body condensation](#)

Under Chen Feng's mobilization, a huge amount of Sen Leng Qi, like a needle like a knife, poured from Chen Feng's Foot Jueyin Liver Meridian into the Zu Shaoyin Kidney Meridian. Under the bombardment of a huge amount of Gang Qi, The first large point of the Shaoyin Kidney Meridian, Yongquan large point, was burst open.

The space inside the Yongquan Cave is obviously much larger than the nine acupuncture points in the first building.

Chen Feng knew that 18 cyclones had to condense in the large cavern of Yongquan before the cave was completely full.

After opening the large hole in Yongquan, he took out a huge amount of middle-grade spirit stones from the mustard bag, put them in front of him, piled them up into a small mountain, and then put his hands on the middle-grade spirit stones and began to absorb them frantically.

Hundreds of middle-grade spirit stones were absorbed by Chen Feng into the ancient tripod of the dantian, and then crushed in the ancient tripod. The spiritual energy was fed back into Chen Feng's body, transformed into billowing qi, and poured into the large cave of Yongquan.

In the large hole of the spring, the aura transforms into a mysterious arc after another, and then condenses into a cyclone.

It took a full half an hour to condense a cyclone. Chen Feng slowly opened his eyes after condensing the cyclone. At this moment, the small pile of medium-grade spirit stones like small hills in front of him had disappeared. No trace, nothing left.

"I used a full two thousand middle-grade spirit stones to condense a cyclone, and only the Yongquan cave would condense 18 cyclones. That is to say, after all the Yongquan cave was condensed, it would consume nearly four Ten thousand middle-grade spirit stones."

Chen Feng sighed, this is really a terrifying number.

He counted the number of medium-grade spirit stones he owns now.

Some time ago, Chen Feng hunted and killed monsters and then sold materials. The accumulated medium-grade spirit stone was about 50,000 yuan, and the previous period has consumed more than 20,000 yuan, in other words, now he has left These can't even condense the cyclone in Yongquan Caverns.

Chen Feng smiled bitterly: "I thought I was quite rich, but I didn't expect to be a pauper now."

With the small cauldron in the dantian, although the cultivation speed will be greatly increased, but it will consume too much spirit stone.

Chen Feng shook his head and continued to practice.

In the early morning of the next day, Chen Feng slowly opened his eyes, a flash of light flashed in his eyes, and the whole person looked energetic.

"The first orifice point of my Foot Shaoyin Kidney Meridian, the Yongquan large point has condensed thirteen cyclones, but the spirit stone has been consumed to less than 5,000 yuan."

In a blink of an eye, Chen Feng's fortune was nothing left.

Suddenly a voice rang next to him: "Chen Feng, why are you cultivating so fast? And your cultivation method is very strange. Others absorb medium-grade spirit stones, and it's good that they can absorb dozens of pieces a day. The time I saw just now, in less than half an hour, you have absorbed thousands of middle-grade spirit stones. This speed is really horrifying."

It was the voice that won Ziyue.

Chen Feng heard this voice and said in surprise: "Zi Yue, have you recovered?"

But when he looked to the side, he only saw Ziyuedao lying on the ground, no different from before.

But the voice of winning Ziyue suddenly rang, and the voice was full of pride: "Chen Feng, come look for you, come look for me! Can you see me?"

Chen Feng looked around in the cave, but didn't find it, everything was empty.

He suddenly felt a direction above his head and his spiritual power was very abundant, so he immediately looked up.

Sure enough, he saw a little man who was hanging above his head triumphantly at this time.

This is a veritable little person, at most three inches tall, about the same length as Chen Feng's fingers.

It's like a little beauty who has shrunk countless times, with complete eyebrows and eyes, and very delicate. She looks like she is about twelve or thirteen years old. At this time, she is looking at Cheng Feng with a smile.

Seeing Chen Feng staring at him blankly, he couldn't help but smile. He seemed a little shy, turned around, and said angrily: "Why are you always looking at people? What are you doing? Don't you know me?"

As soon as he spoke, Chen Feng heard it. This was the voice of winning Ziyue.

He was pleasantly surprised: "Zi Yue, is this the state of your spirit body?"

Ying Ziyue nodded: "That's right."

She circled Chen Feng a few times in the air, and said with a smile: "Do you think I look good?"

Ying Ziyue is indeed very long and beautiful. The clothes she wears are red and black. The red is very solemn and the black is very deep. It is the kind of extremely gorgeous and complicated toga and big sleeves. You can see that she is very noble. Moreover, the texture embroidered on the robe formed a pattern that looked like some kind of wild beast, which Chen Feng did not know.

Chen Feng nodded instinctively: "It looks good, it looks good."

"Cut, of course this girl is pretty, do you need to say?"

Chen Feng smiled and said: "Ziyue, you are still looking like this. In the past, only your voice could be heard, but you could not be seen."

"But I can't stay like this for long."

Ziyue said with some sorrow: "I need to consume a lot of soul power to maintain my current form, which is more than three times the original form. After you swallowed me the medicine to repair the soul, that form can last for a year. But in this case, it can only support four months."

"Ziyue, don't worry, I will definitely find you more medicine to repair the soul." Chen Feng said heavily.

Ziyue circled around him, and fell in front of him with a smile, and said with a smile: "Okay, okay, I believe you."

Chen Feng asked, "Ziyue, then, when can you recover your real body?"

Speaking of this topic, Ying Ziyue's small face suddenly drooped, and his head fell dejected: "I don't know, but it must be difficult. When it comes to the soul, maybe only the master can do it. Yeah!"

"But it's great now. Now that I have a spirit body, you can see me, you can talk to me freely, and I can perform some very powerful moves, even more powerful than before."

"By the way, Chen Feng, you haven't answered the question just now. Why are you practicing so fast? When I was at home, there were many powerful geniuses in the family, and they were not as fast as you in absorbing spirit stones, and The exercises they use are much stronger than yours."

Chen Feng hesitated, then smiled bitterly, "Zi Yue, can I not answer this question?"

Chen Feng trusts Win Ziyue very much, but this is the biggest secret in Chen Feng's heart, and it really cannot be revealed.

Chen Feng originally thought that Ziyue would be angry, or at least would play a small temper, but did not expect that Ziyue waved her hand generously, and said, "Forget it, forget it, just don't want to say it. Everyone has it. It's a secret!"

[Chapter 304: King axe](#)

Chen Feng said gratefully: "Ziyue, thank you, I will tell you at a suitable opportunity in the future."

Ziyue cut out: "Huh, who is rare?"

In the cave, eight mustard bags lined up, and Chen Feng was counting his trophies.

After beheading many masters of the Yang family in Baiyang Town, six mustard bags were found from them.

After killing Xie Mingchang and Xie Yinghao yesterday, they each got a mustard bag. Now Chen Feng has a lot of mustard bags.

He rubbed his hands, looked at these mustard bags, looking forward to it, feeling like opening a treasure chest, not knowing what was inside.

Chen Feng opened these mustard bags one by one. Most of the mustard bags contained medium-grade spirit stones, and some of them contained one or two secret books from the owner's personal collection. Of course, they belonged to Chen Feng now.

After all the eight mustard bag belts were opened, Chen Feng looked at the countless middle-grade spirit stones placed in the mustard bag with his eyes straightened.

Opening the eight mustard bags, he obtained about 15,000 middle-grade spirit stones.

Almost every mustard seed bag contributes two thousand yuan, this amount is definitely not a small amount for even the powerhouse of the gods.

The reason why Chen Feng had tens of thousands of middle-grade spirit stones in his mustard bag all year round was because he was too rich and wealthier than others.

In addition to these middle-grade spirit stones, there are seven cheats. Among the seven cheats, one is the practice technique of the gods of the Bai family in Baiyang Town, and the other is the **** of the Yang Family in Baiyang Town. Practicing exercises in the door realm.

This was obtained from the masters of the Bai family and the Yang family.

In addition, there is also an iron wall kung fu, which is a practice for exercising the physical body. The acquisition is the meaning of a bronze wall and an iron wall. Chen Feng glanced at it. It is much worse than his own golden body, and its realm is only Able to reach the third floor of the gods, and after reaching the third floor of the gods, there is no way to continue practicing.

There is also a cheat book called the Overlord Axe. This martial art is an axe martial art. It opens and closes, and is extremely powerful. It is practiced to great success. Every axe cuts down, there are

hundreds of thousands of catties. Power. However, the disadvantage of this martial skill is: every time you use a trick, the interval is very long and very slow. It takes half a cup of tea to attack once. After attacking once, the body gas will be consumed a lot, and it needs to be re-trained for a long time. Attack a second time.

Another cheat book is called Sword Pulling.

The purpose of this sword drawing technique is very simple, which is to pursue one word: fast. Almost to the extreme, almost to the point where the enemy can't see clearly, just before the opponent realizes that your sword is out of the sheath, your sword has already pierced the opponent's throat.

This is the essence of sword drawing.

This sword drawing technique is somewhat similar to the Thunder Sword Technique that Chen Feng once practiced, but it is far less complicated than the Thunder Sword Technique, but it is much purer. There is only one move, but one move is enough to kill the enemy.

Chen Feng's eyes stayed on this sword-drawing technique for a very long time, and there was a flickering light in his eyes, as if thoughtful.

But he didn't do anything else. Instead, he went on to look down. The other two cheats, one was the practice of the Xie family in the realm of Shenmen, and they were quite good among all the practices of the Xie family. An advanced one, named Ryeyan Gong.

This is a practice technique of the fire system. After practicing, the qi is like a raging fire, and every move and every style is filled with passionate flame power, which can easily burn opponents.

There is another one, which is a swordsmanship and martial arts, named Zhanguijian.

This sword technique should be a fast sword technique used in conjunction with the flame technique. It is awe-inspiring, and each sword carries the power of flame. It is especially useful for restraining evil things.

None of these martial arts and martial arts are suitable for Chen Feng, but Chen Feng has found a good source for them just now.

These things are not suitable for me, but the people around me may not be.

In addition, he also found a lot of precious materials and weapons in these mustard bags. Among them, it was only rather precious and rare metals, which amounted to thousands of catties.

Among the weapons, Chen Feng most valued a soft sword. Novelusb.com

This soft sword is more than four feet long, but only **** wide. It is very soft and can be easily wrapped around the waist. The scabbard didn't know what material it was made of. The surface looked like fabric, and it was wrapped around the waist inconspicuously.

Chen Feng slowly pulled out the sword. Although it was more than a foot away, he still felt the sharp sword aura, and the skin on the stabbed face was aching.

Chen Feng secretly admired: "Good sword!"

His eyes swept over all these things over and over again, and he had a plan in his mind.

After returning to Qian Yuanzong, Chen Feng went directly to Han Yu'er, and then put two cheats and a sword in front of Han Yu'er.

The two cheats are sword drawing and ghost sword sword, the sword is the soft sword.

Han Yuer didn't say much, but picked up the two cheat books and the sword first, and went through it in her hand.

After reading it, her heart trembled slightly.

"Sixth-Rank Yellow Martial Skill Sword Drawing! Sixth-Rank Yellow Martial Skill Slashing Ghost Sword!"

And this extremely sharp weapon, with two words written on the scabbard: Ziwei, which can be called Ziwei soft sword!

There is no doubt that these three things are very precious. For some children from poor families or even small families, each is a coveted treasure. Together, the three things are sold on the Nei Zong market. , At least 20,000 middle-grade spirit stones.

Han Yu'er was surprised: "Junior Brother, what are you doing?"

"Sister, these three things are for you."

"Give it to me?" Han Yuer glanced at him and said anxiously: "Junior Brother, where did you get these things? Did you get them through crooked ways? Don't get into trouble because of this!"

Chen Feng smiled slightly: "Don't worry, Senior Sister, these things are all taken from the dead. It is impossible for the dead to come to me for revenge. Senior Sister, these things are for you."

Han Yu'er put a little snack here, and then said: "No, no, these things are too precious, I can't ask for them."

Chen Feng stared at Han Yu'er, with a slow but firm voice: "Sister, don't care about the value of these things. You just need to remember that these things are given to you by me and help you strengthen your strength. Just remember this. ."

"No, no."

Han Yuer still shook his hand.

Chen Feng said slowly: "Senior Sister, don't you want to greatly increase your strength in a short period of time? Don't you want to practice better martial arts? Is it..."

Having said this, he paused, and then said in a deep voice, "Don't you want to take revenge?"

[Chapter 305: Three hundred thousand catties of power!](#)

When Chen Feng said this, Han Yuer fell silent and stopped talking.

After a while, she whispered: "Okay, Junior Brother, I want these things. It's just..."

She hesitated and said, "I'm practicing the whip technique. You asked me to practice the sword technique in the middle. Will this?"

Chen Feng nodded and said, "Sister, what you think is really right. It is really painful to change the training weapon in the middle, but the long-term pain is not as good as the short-term pain. It is still too late to change it. If the delay is longer, it will be even more. That's too late."

"There are already very few martial arts such as whip, and it is very difficult to get it. To tell you the truth, I once looked through the martial arts pavilion for you, and found that there are almost no martial arts of whip. And, yours Tempered, fierce and hot, and you can't rub the sand in your eyes. In fact, it is more suitable for practicing this kind of indomitable swordsmanship. So seeing this sword drawing technique, I think it is especially suitable for you."

He said: "Sister, you can try to practice, if it doesn't work, we will change it back."

Han Yuer nodded and said, "Okay, Junior Brother, I'll listen to you."

Then Chen Feng went to Wang Jingang again and gave him the martial arts secrets of Tiebi Gong and Overlord Axe.

"Big brother, is this?"

Wang Jingang looked at the two secret books in his hand and asked in surprise.

Chen Feng smiled slightly: "Don't talk in a hurry, first look through these two cheats to see if they are suitable for you."

"it is good."

Wang Jingang responded with a naive voice, nodded, read the two cheats carefully, and then said to Chen Feng in a pleasant surprise: "Big brother, the two cheats you gave me are simply It's like tailor-made for me."

Wang Jingang was born with supernatural power, and he had a great reputation when he was still in the outer sect. Without practicing any body-building exercises, his strength was tens of thousands of catties, even more than the current Chen Feng.

Among all the new disciples of Nei Zong now, it is second to none.

To be honest, if it wasn't for the short time he entered the Divine Gate Realm, he would definitely be able to easily enter the top 50 rookies list.

But it's not too late.

Wang Jingang is born with supernatural power and extremely powerful body. It is most suitable for the iron wall exercise, which is a body-building exercise that is more effective than half the effort.

But his brain is a little stupid, not very knowledgeable, and not suitable for cultivating that complicated and sophisticated martial arts. The king axe is so powerful, simple and powerful, which is also very suitable for him.

Chen Feng smiled and said: "I know, you haven't got any good things since you entered the Nei Sect. It is not easy to get the same decent martial skills. These two weapons are very suitable for you, so I will give it to you. Practice hard. Live up to my expectations."

"Thanks, thank you brother."

Wang Jingang's voice was a little choked.

Although he is not unfamiliar, he is only from a small family. There are not too many spirit stones available in the family, so his life is actually quite difficult. He knows very well that his current net worth is multiplied by ten times. , I can't buy any of these two cheats, and I understand how precious these two cheats are.

Chen Feng smiled and said: "Okay, good practice is the greatest reward for me. By the way, I also want to tell you about your future path of cultivation."

"You are stupid, and the martial arts you cultivate are all defensive, so when you are facing the enemy in the future, you should not attack with others, but focus on defense. No matter how the opponent fights, you are blocking. He will do it and block his attacks. You will fight back when his strength is exhausted."

"When you fight back, don't be anxious. Remember to use your Overlord Axe, one hit, and a heavy return. It is enough. The Overlord Axe is so powerful that it is so powerful that few people can block your three attacks."

Wang Jingang nodded solemnly: "Okay, big brother, I'll listen to you."

After all these things were done properly, Chen Feng went to Xu Lao's place for a while, talked with the old man, and played chess for a while.

Of course, Chen Feng's chess skills are very poor. After losing several games in a row, Old Xu laughed happily.

Leaving Qianyuanzong, Chen Feng came to the back mountain. In front of him was a cliff of thousands of feet. Chen Feng walked up the cliff and found a tight stone cave.

There is plenty of aura here, and it's off the beaten track.

It was a coincidence that Chen Feng discovered that the location of this stone cave should be very close to the place where he met Lu Yuxuan the last time. Chen Feng smiled bitterly and shook his head, perhaps because this place is full of aura and more attractive!

The days passed, and two days passed.

Ten days later, in the evening, Chen Feng slowly opened his eyes and let out a sigh of air.

Suddenly, his eyes were bright and violent, and he hit hard with a punch. The deep hole of the cave was suddenly shot out of a large pit, the size of a two-story pavilion. Not only was it hit into big pits, but all the stones were turned into dust instead of broken into pieces like in the past.

This shows that Chen Feng's power is not only stronger, but also more concentrated, with more subtle control.

Chen Feng smiled slightly at the corner of his mouth. He didn't use any martial arts with this punch, but only used his own power, and the power of this punch reached the power of Six Jiao.

The power of one dragon is equal to the power of a hundred tigers, which is fifty thousand catties!

An ordinary punch reaches 300,000 catties, which is terrifying.

During these ten days, Chen Feng went to hunt monsters and beasts at night, came back during the day and digested it into gang qi, practiced Dragon Elephant Fighting Heaven Jue, and spent three hours a day to practice Hunyuan Yi Qigong.

So far, the first building of his Dragon Elephant Fighting Tian Jue has opened the fifteenth acupuncture point and condensed three cyclones, while Hun Yuan Yi Qigong has already opened the second building in the second building. Acupuncture point. And six cyclones have already condensed inside.

Looking at these empty mustard bags, Chen Feng showed a wry smile.

He now only had less than a thousand middle-grade spirit stones left, and the other middle-grade spirit stones were all consumed in the practice of Hunyuan Yi Qigong.

"My Dragon Elephant Zhan Tian Jue and Hun Yuan Yi Qigong are both quite powerful and unique, but one needs the blood of the monster beast, and the other needs to be transformed into spiritual energy through the ancient cauldron, which consumes a lot of money."

"This money really can't help being spent. It seems that I need to earn some spirit stones again, but this is good. This forces me to fight against powerful monsters every night. I think, as long as I can survive, My whole person is sharper than before."

Chen Feng's current temperament was like a steel knife that had just been quenched with blood, very sharp and bloodthirsty.

At this time, two people, a man and a woman, walked under the cliff, in a very close state.

The man wore a navy blue robe and looked pretty, but his face was pale and his footsteps were vain. At first glance, he looked as though he was under-smoked and had a very weak foundation, while the woman was wearing a goose yellow shirt and looked very delicate.

[Chapter 306: Get out of me!](#)

She cuddled the man, held his arm, and said coquettishly: "Brother Yu, where are we going? Why haven't we found a suitable place for cultivation?"

The man she called Brother Yu smiled and said, "I think it's good here, with a lot of aura. There should be a Dongfu where there is a master of the rankings nearby."

The cave houses around Qianyuanzong were all occupied by masters of the general rankings. The place where the cave houses were located was several times more aura than other places.

As he said, he pointed to the cliff and said, "Let's walk up and look. There should be some caves for cultivation."

As they said, the two people climbed up the cliff.

The woman in goose yellow clothes is named Zhou Xue. She comes from a small family. Her family is considered a big family in a town, but she is only the child of the most humble maid in the family. She is not taken seriously at all, or even worse. Born in a poor family.

The man's name was Cao Yu. Cao Yu was very weak, but his brother Cao Yang was a senior disciple who entered Qian Yuanzong for five years.

Cao Yang is strong and powerful. Relying on his elder brother's name, few people in Qian Yuanzong Cao Yu are willing to provoke him and dominate.

There are disciples from the Divine Sect Realm and a small family, there are people like Shen Yanbing who are self-improving, hardworking and persevering, and there are also people like Zhou Xue.

Zhou Xue didn't want to suffer, she just wanted to climb shortcuts and strengthen her strength through other methods.

Therefore, she approached Cao Yu, and after following Cao Yu, she did get a lot of things, and her strength improved a lot.

"Brother Yu, you said that there is a cave house occupied by the masters of the general rankings. When can you take me to those cave houses for a walk!" Zhou Xue showed a look of hope on her face.

Cao Yu smiled a bit far-fetched. He knew he couldn't do it, but he still said big words, haha laughed: "My brother Cao Yang has just come out of retreat recently, and his strength has improved. The second building of the Divine Gate has already opened the six orifices. Already have the ability to occupy a cave. When he builds a cave, I will take you to play in it. Don't say wandering around, you can live permanently."

Zhou Xue showed a strong look of admiration on her face, tugging at Cao Yu's clothes and smiling: "Brother Yu, you are really amazing."

Cao Yu smiled triumphantly, and Zhou Xue lowered her head. But there was a hint of contempt in his eyes: "Just know that relying on others will never become a great weapon."

Soon, the two came outside the cave where Chen Feng was.

At this time, Chen Feng was sitting cross-legged there.

When he came to the entrance of the cave, Cao Yu's eyes drifted from Chen Feng, and then he looked around.

There is also a small platform at the entrance of the cave. There is a mountain spring next to it, and there are green vines. The vines are also growing red fruits, which should be edible.

He smiled and said, "The conditions here are pretty good. How about we practice here? I will teach you a set of martial arts my brother has just taught me recently."

He speaks like no one else, as if Chen Feng doesn't exist.

"Brother Yu, I really want to practice with you here?"

Zhou Xue looked at Cao Yu provocatively, and Cao Yu's body suddenly became hot. He knew very well what the cultivation between the two represented, and the two often practiced together, and then went to bed.

Since getting to know Zhou Xue, Cao Yu's strength has not only not improved, but has even retreated.

"But huh?" Zhou Xue glared at Chen Feng: "It seems that our cave is occupied by someone who doesn't have long eyes!"

Cao Yu sneered and said proudly: "Look at me, since he has occupied our hole, I will drive him away. Since he dares not to have eyes, then don't want these eyes."

He said coldly to Chen Feng, "Did you hear what I said? Hurry up now, get out of this cave, and gouge your eyes out."

Chen Feng slowly opened his eyes. He was practicing quietly here, thinking that he was here and would not provoke others, and others would not provoke himself. They saw that they had occupied the cave, and they should leave. Unexpectedly, these two people were so overbearing that not only did they want to occupy this cave, they even had to dig out their own eyes.

Chen Feng squinted his eyes and said lightly: "What if I don't do this?"

Cao Yu said coldly: "If you don't do this, I will help you dig out your eyes. If you want me to do it, it will not only dig out your eyes, but I will also abolish your cultivation."

Chen Feng stood up slowly: "You want to gouge my eyes, right?"

Cao Yu impatiently urged: "Hurry up and stop by yourself. My patience is limited. I will count down three times. If you don't gouge your eyes, I will do it for you."

Next to him, Zhou Xue giggled and said, "Brother Yu, you are so tolerant. If you want me to say, you shouldn't give him a chance."

Chen Feng walked over slowly.

"Why?" Cao Yuhan said in a cold voice, "I asked you to dig out your eyes and hear you, do you want to run away like this? Did I let you go?"

"Who said I want to run away?"

Chen Feng gave a cold snort and punched out.

"Do you dare to do it with me?" Cao Yu snorted disdainfully, and also threw a punch.

A triumphant smile appeared at the corner of his mouth. He expected that with this punch, the boy with no eyesight would be hit and vomit blood.

But he did not expect that his fists intersected, and a huge force came, instantly breaking his arm's bones.

The flesh and blood turned into powder, and his right arm disappeared directly. He flew out heavily and hit the rock wall, spitting out blood.

Chapter 307: Who is not long-eyed?

Chen Feng slowly walked up to him, stepped on his face, and asked softly: "Tell me, who is not long-eyed?"

The punch just now made Cao Yu realize that this person is at least the strongest of the first floor of the Divine Sect Realm, and that he is just the peak of the Ninth Layer of the acquired day and is definitely not an opponent.

He begged: "I don't have long eyes, please spare me, I won't dare anymore."

"You said let me spare you, do I want to spare you?" Chen Feng said lightly.

An ominous premonition surged in Cao Yu's heart, and he yelled, "What are you going to do? I tell you, my brother is Cao Yang, a senior disciple, and powerful. If you dare to treat me..."

Before he finished speaking, it turned into a scream.

Because Chen Feng had already stretched out two fingers, digging out his eyeballs alive.

The intense pain made him scream.

Cao Yu covered his eyes with his left hand, and blood flowed from his fingers.

Chen Feng held the two eyeballs in his palms, squeezed them lightly, and crushed them directly.

Chen Feng said indifferently, "You just planned to gouge my eyes out, right? I'm going to give it back to you now."

"What you plan to do to others, you must be prepared to be treated by others in their own way!"

Cao Yu let out a stern cry: "Chen Feng, you wait for me, I won't let you go."

Chen Feng shouted sharply: "Hurry up!"

Zhou Xue's face was pale, she dared not say a word, and quickly helped Cao Yu to leave.

After Cao Yu left, Chen Feng continued to practice.

Regarding the threats Cao Yu just said, Chen Feng didn't pay attention to it, even if there is a strong player, the big deal is just a battle!

Chen Feng has always had the confidence in himself that he will win, and has never been afraid. If you lose this spirit, Chen Feng would not be Chen Feng.

He continued to practice, and sure enough, within an hour, another group of people came at the entrance of the cave. Two of them were Cao Yu and Zhou Xue. Zhou Xue had some fear and hesitation on her face, hiding behind her, not daring to speak.

Cao Yu's eyes have turned into two blood holes, and he shouted sharply: "Brother, the person who ruined my eyes is in this cave."

Standing next to Cao Yu was a young man who was around twenty-four or five years old. His body was quite large. This man was Cao Yu's brother, Cao Yang.

Cao Yang looked back at Zhou Xue and said lightly, "Xiaoxue, isn't it him?"

Zhou Xue hesitated and nodded: "It's him."

Cao Yang walked to the entrance of the cave, looked at Chen Feng, and said faintly: "My younger brother, although he is not a weapon, but it is not the turn of an outsider to take care of him. You dare to kill his eyes, and I have to abolish you. Eyes, come to avenge him."

Cao Yu hissed: "Brother, don't kill him. Abolish his eyes. After abolishing his cultivation base, give him to me. I will let him suffer to death."

Cao Yang said lightly: "I promise you."

Cao Yang looked at Chen Feng and said faintly, "Come on, do you want me to do it, or do you want to kill your eyes?"

"I advise you, it's better to abolish your dual purpose. In this case, when I abolish your cultivation base, I will be lighter, which can make you suffer less pain."

Although he looked at Chen Feng, the corners of his eyes were slightly raised, his face full of arrogance, it was a matter of course that Chen Feng's eyes were abolished, and he obviously did not put Chen Feng in his eyes at all.

Chen Feng showed a smile: "Do I still have a second way to choose?"

Cao Yang looked overbearing: "I didn't give you a second way, you can only choose the first one."

Chen Feng sneered and said: "Really? But how do I think I can take the second way, that is to kill you!"

Cao Yang seemed to hear the funniest joke in the world, and laughed: "What are you talking about? You want to kill me, do you know that I have been in the Nei Sect for five years, and how about you? Look at your age, it should be just this year Enter the inner sect!"

A sarcastic smile appeared at the corner of Chen Feng's mouth: "Some people, even if they have been in the Nei Sect for ten years, are still a waste, and they are all too old to live with dogs."

"Today, I will teach you to be a good boy. Even if they are young, they can't easily provoke them."

With that, his aura suddenly increased, reaching the level of the second highest building in the Divine Sect Realm.

"Oh, it turns out that your true strength is the second highest in the Divine Sect Realm. I underestimated you before." Cao Yang sneered, but he still didn't take Chen Feng to heart, and said with contempt: "It's a pity, you The strength of is far from my opponent, you should have just entered the second floor of the Divine Gate Realm!"

"And I, I have entered the Divine Gate Realm to build the second building for three years, and I just broke through to the Six Apertures. How could you be my opponent?"

"Stop struggling, everything is in vain, accept your fate!"

Chen Feng sneered: "Really?"

As he said, the index finger of his right hand turned white and green, and he pointed out.

Cao Yang snorted coldly, "Dare to shine the pearl of rice?"

With a fierce punch with his right hand, a dragon-shaped vigor with the thickness of a tree trunk bombarded Chen Feng. It was an angry dragon fist, the same martial skill as Su Gang practiced.

In Cao Yang's view, his own punch can directly smash Chen Feng's arm and completely abolish his finger.

But something that shocked him appeared, Chen Feng's finger, the sharp and sharp qi directly broke his dragon-shaped qi, and then it hit his fist.

[Chapter 308: Beheaded one after another!](#)

Cao Yang's right fist was directly pierced into a blood hole, and blood spurted out.

He let out a scream, retreated several steps, looked at Chen Feng with a bitter expression on his face, and sternly shouted: "Little bunny, I didn't expect that I underestimated you. It turns out that you have such martial skills! However, this should be the same. Have you suppressed your martial arts skills at the bottom of the box? I want to see if your finger is broken, what else do you have?"

"Then you can taste it!" Chen Feng sneered and pointed out again.

Cao Yang sneered and said: "Just now, I let you get it by accident, and now I want to come again. It's really wishful thinking. I will let you realize the real gap between you and me this time."

After speaking, a huge phantom suddenly appeared behind him, which was the spirit of a giant wolf.

This giant wolf is five meters long and three meters high. Among ordinary martial arts, it is very large, but compared with Chen Feng's Xiangliu Wuhun, it is only one-fifth the size of Xiangliu Wuhun. .

Cao Yang laughed wildly: "Boy, have you seen it? This is my giant wolf spirit. Dare to show your spirit to see if one of my spirit's claws is big?"

As he said, he punched fiercely: "Blue Wolf Fist!"

His fist showed a faint cyan color. In front of his fist, the qi condensed into the appearance of a giant wolf, and it rushed towards Chen Feng with its teeth and claws.

Chen Feng pointed it out again, but this time it didn't work. The giant wolf took a big mouth and directly swallowed his golden and broken jade fingers.

Cao Yang laughed wildly: "Boy, see what else you can do."

"Then let you see and see!" Chen Feng suddenly drew his sword out of its sheath, and the Purple Moon Sword slashed down wildly, and the Thunder Tyrant Sword launched its second move.

He turned three knives one after another, the three knives were accumulated, the first cut out, and the giant wolf condensed into qi was smashed into pieces.

Then the second knife slashed directly towards Cao Yang. There was a look of horror on Cao Yang's face. He didn't expect Chen Feng to have such a powerful sword technique. He shouted wildly, exhausted all his energy, and punched the green wolf punch. *nOveLus&L.com*

However, it only blocked Chen Feng for a while, and then Chen Feng cut it off with the third knife.

This time, he could no longer resist, and was directly cut into the body by Chen Feng. A huge wound appeared on the surface of his body, almost splitting him in two, and he could even see the internal organs and bones inside.

And his internal organs were shattered by the huge power and electric current carried by Chen Feng's blow. He flew out and fell to the ground, looking at Chen Feng with disbelief: "You, How can you be so strong?"

At this time, Zhou Xue was already frightened and fell to the ground, her face pale, she didn't even have the thought of resisting.

And Cao Yu waved his hands indiscriminately, and shouted in panic: "Brother, brother, how are you? Could it be that trash can beat you?"

Chen Feng walked to Cao Yang and slowly said: "I am a person who loves to treat his body with his own way. Your brother wants to gouge my eyes, so I dug his eyes. You just said I want to abolish my cultivation base, right, then I will abolish your cultivation base."

He said, with a light palm, pressing on Cao Yang's dantian, directly shattering his dantian, completely abolishing his cultivation.

Cao Yang is now a useless person.

Looking down at Cao Yang, Chen Feng smiled slightly and said, "Actually, when I first played with you, the martial arts I used were only the worst of mine, and the martial arts I couldn't match the stage.

"An opponent like you? I don't even deserve to let me release my martial soul, understand?"

"You, you..." Cao Yang pointed at him, coughing violently, and gulps of blood poured out from his mouth, which was still mixed with internal organs.

Chen Feng gently pressed his hand on his head, and his qi was lightly expelled, directly shattering his head.

Then Chen Feng suddenly turned around and cut out with a knife, directly splitting Cao Yu into two.

He looked at Zhou Xue again. Zhou Xue only felt like standing naked in the snow. His whole body was cold. He even forgot to tremble. He just looked desperately, waiting for Chen Feng's blow. Cut yourself off.

But Chen Feng just glanced at her faintly, then turned and left, and when he walked to the entrance of the cave, he coldly dropped a sentence: "Don't you want this cave? There is too much blood here now, I dislike it. I leave it to you."

Chen Feng left the cave and walked down the cliff. Suddenly, not far away, he saw an extremely narrow gorge leading to the depths of the back mountain. Chen Feng knew where this gorge led.

At the end of this canyon is the valley where he happened to meet Lu Yuxuan.

In other words, after crossing the canyon, it is a cave mansion, but this cave mansion has been occupied by Lu Yuxuan, and that Wuhun is a girl with a sharp arrow, which left a deep impression on Chen Feng.

Chen Feng frowned slightly, weighing his heart.

"I have now stepped into the second floor of the Divine Sect Realm. Even if I don't use the Martial Spirit, I'm rarely a rival in the second floor of the Divine Sect Realm, even if it's a strong enemy of the third floor of the Divine Sect Realm. , You can also use Martial Spirit."

"Last time, when I met Lu Yuxuan, she hadn't entered the third building, and after entering the second building, because each orifice had to condense 18 cyclones, the speed of cultivation would be extremely high. Slow down, so he probably hasn't broken through to the third floor. Even if he breaks through, he has just entered."

[Chapter 309: challenge!](#)

"So, facing her, I should have a big win."

"It's better to hit the sun if you choose another day. Then I will kill her cave mansion today. After the cave mansion is defeated, it will not only be good for my practice, but it will also be able to take the senior sister and Wang Jingang over. The speed of their practice will change. It's very fast, and it's more effective.

Just do as he thinks, Chen Feng entered the canyon, and after a cup of tea, he came to the end of the canyon and entered the familiar valley.

In the valley, the green trees and red flowers are still there, and the big lake is still surging. At this time, the outside world is already early winter, everything is sparse, morning and evening are very cold, and even frost has begun, but in this valley with hot spring geothermal, it seems that it is unbearable. The impact is still full of vitality like spring.

Chen Feng had just stepped into the valley, and suddenly there was an explosion in the air, and then a long arrow was heavily thrust into the stone in front of him, and the tail feathers of the arrow were still trembling.

The four-foot long arrow is more than half of the stone nailed into the stone, which shows that the force is extremely huge.

A cold voice came: "If you accidentally break into my cave, this arrow is a warning. If you dare to take a step forward, you will be killed with one arrow."

Chen Feng laughed a long time, "Lu Yuxuan, is this how you treat guests when the deceased came to visit?"

"Old friend? What old friend?" A cold snort came, and then a green figure quickly approached here.

She stopped about three to four hundred meters away from Chen Feng, the distance most beneficial to the archer.

She stood on a boulder, looked at Chen Feng, and then let out a sneer, with a look of hatred in her eyes: "Who am I? It turns out to be you, shameless little thief."

Chen Feng smiled: "I am not a shameless little thief. I explained to you last time that I also strayed into the big lake and was sucked down by the huge suction at the bottom of the lake. When I reappeared, I was already there. It was a coincidence to see you taking a bath next to me. You can't really gouge my eyes out for this, right?"

Lu Yuxuan's face was cold: "I don't care about you so much, you see it when you see it."

Chen Feng smiled bitterly: "Do you think I would like to watch?"

"What, don't you want to look at it? You mean my body isn't..." Lu Yuxuan suddenly realized that there was something wrong, and quickly shut her mouth, and said angrily: "You, you get cheap and sell well..."

Lu Yuxuan was flushed with anger and trembling all over by Chen Feng's words, and she coldly shouted: "You shameless thief, I was still trying to challenge you and killed you on the stage of life and death. I didn't expect you to be here. Today is your death date."

"Really?" Chen Feng smiled faintly: "Then let's try."

"Since you die, then I will fulfill you." Lu Yuxuan snorted coldly, and suddenly a huge red bow and arrow appeared in his hand, and then an arrow shot out.

The long arrow was surrounded by a layer of raging flames like a huge fireball, bombarding Chen Feng.

This is a blazing arrow, a sixth-grade yellow martial skill. After successfully practicing, the surface of the long arrow shot will be covered with a layer of flame. The flame is not ordinary fire, but the fire of tarsus. This kind of tarsus fire, as long as it touches a human body, it must be burned clean before it can be extinguished.

As long as it is touched by this kind of flame, it will suffer great pain. This is a very powerful martial skill, but only those who possess arrow martial arts can practice.

A smile was drawn at the corner of Chen Feng's mouth, and he stood there calmly and didn't dodge.

Lu Yuxuan sneered at the corner of her mouth: "Are you frightened stupid? You don't even know how to dodge?"

Just as the Long Arrow was about to approach, Chen Feng suddenly made a mistake, and instantly appeared in front of two or three meters away, and the flame arrow shot directly onto the ground without a doubt. The raging flame, even if it fell on the stone, burned in a blink of an eye, and immediately burned the stone on the ground to a scorched black, and the wind turned into powder when the wind blew.

The power of the flame arrow is indeed huge, but it is a pity that Chen Feng is faint and unable to shoot him.

"It's a bit capable, it looks like I am going to grow more than last time." Lu Yuxuan sneered: "No wonder you dare to provoke me!" *novelusB.Com*

"It's just that, do you think you can avoid everything with one blow? That's a dream!"

Lu Yuxuan stretched her bow and took arrows, and the flame arrows kept shooting out, while Chen Feng was like walking in a leisurely courtyard, with her hands on her back, without even looking at her. It was just that when the flame arrow was approaching, there was a sudden flash, and the whole person was like a teleportation. , Avoided the attack of the flame arrow.

In a blink of an eye, Lu Yuxuan had shot dozens of arrows, and Chen Feng had already reached a distance of only more than 200 meters from her.

Lu Yuxuan was angry and sneered: "No wonder you dare to come. It turned out to be a mysterious footwork, but do you think that as long as you have this footwork, you can escape my attack? You see my true strength!"

As he said, the huge arrow spirit flashed quietly behind him. Last time, the arrow spirit was only more than five meters long, but now it has grown to more than seven meters.

Obviously, Lu Yuxuan's strength has also greatly increased.

Lu Yuxuan held the bow in her left hand, and the five fingers of her right hand clamped three long arrows on the bowstring. All of a sudden, all the three long arrows came out of the string and shot towards Chen Feng quickly.

The three long arrows are all flame arrows, but the speed is fast and slow. I don't know which one will arrive first and which will arrive later.

[Chapter 310: Capture Dongfu](#)

It is possible that the one in front now has to be the last one to arrive in front of him, and these three arrows shot out, the finished word shape, surrounded Chen Feng, Chen Feng felt that he could not hide no matter how much he could hide.

He knew that Lu Yuxuan had already used the supernatural power given to him by his arrow spirit: tracking!

Sure enough, Chen Feng used mystery steps to change the position several times. These three long arrows were all in the shadows. Then they changed directions and shot at him.

Chen Feng sneered: "Well, since you can't hide, then don't hide."

The index finger of his right hand suddenly turned into the color of blue and white jade, and he tapped three fingers in succession, and the three extremely sharp, like needles and knives, shot out.

After the cold cold air touched the three flame arrows, all the three flame arrows burst apart and exploded directly in the air. The flames also fell on the ground one after another, but did not cause Chen Feng any harm.

Chen Feng laughed and said, "Lu Yuxuan, you haven't made much progress compared to the last time!"

He could tell that Lu Yuxuan was still staying in the second floor of the Shenmen Realm.

Lu Yuxuan cursed secretly in her heart: "Who is like you, who has made such great progress in such a short time? I don't know how to cultivate."

It's just that of course he can't say it.

Lu Yuxuan gritted her silver teeth and said coldly: "Okay, okay, in this case, then I will do my best!"

As she said, she took a deep breath, and as the breath took in, it seemed that all the aura around her had been absorbed, and then Lu Yuxuan slowly opened her bow and arrows, and slowly shot out.

After the arrow was shot, a giant snake that was tens of meters long and composed entirely of qi was formed in the air.

This big snake, with its head, its body, its tail, its fangs, scales, and its huge mouth, was readily available, lifelike, and biting frantically towards Chen Feng.

The arrow shot made Chen Feng look very familiar.

He suddenly remembered that Zhang De shot such an arrow when he encountered Zhang De in the Black Rock Mountains.

With the arrow shot by Zhang De, Chen Feng exhausted all his strength, consumed all the qi, and even used Xiang Liu Wuhun, and used all his hole cards except Dragon Blood Transformation. arrow.

But now, a sneer appeared at the corner of Chen Feng's mouth, and the Ziyue Sword suddenly unsheathed, with three strokes of lightning strikes, and three swords in succession, directly smashing the giant snake cyclone.

Even the long arrow was cut into two directly by him.

After shooting this arrow, Lu Yuxuan seemed to have exhausted all her qi, collapsed softly to the ground, her expression wilted, even her arrow spirit seemed to have exhausted all its strength and suddenly disappeared.

Chen Feng slowly walked up to him and looked down at her. *NoVelus6.Com*

A touch of despair appeared in Lu Yuxuan's eyes, and slowly closed her eyes: "You kill me!"

Looking at the enemy who once killed himself, who had no way to go to the ground, and escaped in embarrassment, a smile wafted from the corner of Chen Feng's mouth.

This is a powerful force!

"What did I kill you for? I said Lu Yuxuan, you are not my opponent, I am right!" Chen Feng sealed her meridians easily, and smiled slightly: "I'm here this time to give you a shot. discuss."

Lu Yuxuan frowned, although she was captured by Chen Feng, she was not afraid, and sneered: "I have been captured by you. It's the meat on your knife. You can just do whatever you want. Discuss with me?"

Chen Feng smiled and said, "I am always very polite."

"Yes, very polite, and even peeked at me to take a bath, and called the door?" Lu Yuxuan sneered.

Chen Feng knew that this topic was his own fault after all, so he quickly changed the topic and said with a smile: "I am discussing with you this time, just to ask you, can you lend me your Dong Mansion?"

"What? Lend Dongfu to you?"

"You are in the top ten of the rookie list this time. You have the right to challenge the disciples of your predecessors and rob the cave mansion, don't you?" After hearing this, Lu Yuxuan's expression changed suddenly and asked.

Chen Feng nodded slightly: "Yes, to be honest, I am attracted to your cave mansion."

Lu Yuxuan laughed coldly: "You are not only a shameless thief, but you are also a hypocrite. You are extremely hypocritical. You can just grab my cave mansion directly. Anyway, I am not your opponent, so why bother to be so pretentious. ?"

Chen Feng frowned: "I admit that the last time I saw you take a bath, although it was not my fault, it was indeed my fault. However, the last time you beat me, you beat me too. It was a beating, and it hurt me too. Should this be evened?"

"When we meet again this time, you are still a shameless thief and a hypocrite. Believe it or not, I am really shameless once?"

Lu Yuxuan sneered: "Dare you?"

He said, looking at Chen Feng with slanting eyes and disdain.

Chen Feng was furious, and walked forward and hugged her in her arms. Lu Yuxuan didn't expect Chen Feng to really dare to do this, and she screamed in fright: "Ah...don't..."

Chen Feng laughed, and let her go back two steps, and said with a smile: "I thought you were really not afraid of it. There are times when you are afraid!"

Lu Yuxuan was so angry that her eyebrows were erect and her face flushed.

Chen Feng stretched out her hand to untie her meridians and smiled: "Okay, Senior Sister Lu, you can go now."

Lu Yuxuan stared at him and sneered: "I will definitely not let you go."
