

## Peerless 3011

### [Chapter 3011: Hong Lu](#)

Passing through the sky, the speed is getting faster and faster, and the height is getting higher and higher.

However, Chen Feng found that Ruyizhou seemed to be more adept at using the power of space when driving in this inner sect.

Every time I jump in space, there is a longer distance than before.

Soon, Chen Feng understood what was going on.

One is because the Wishful Boat he is currently riding is higher than the original one.

The second reason is that the spiritual power contained in this inner sect is too huge, and the various powers are also extremely huge, including the power of space.

Chen Feng closed his eyes and felt it carefully.

Then, he nodded slowly.

"The power of the space here is very strong and majestic, at least ten times that of the outside."

"If I stay here, I might be able to improve my understanding of space."

Long ago, Chen Feng knew that he had some unique insights into space.

Now, he is looking forward to the future very much.

At this moment, Chen Feng felt a gaze fall on him.

He turned his head and saw that the boy in red was looking at himself with curious eyes.

Chen Feng smiled slightly and said, "Little guy, what are you looking at?"

The boy in red looked at Chen Feng, shook his head and said, "You are really different from others."

"Oh? Not the same as others? How to say?" Chen Feng said.

The red boy said: "Every year there will be new people coming in, and the new people who come in every year are not weak, and their talents are not bad."

"But they are different from you."

"Your talent is also very good, but you seem to be particularly keen on everything, especially the comprehension of the power of space. Even the disciples who have stayed in the inner sect for a long time, and even many elders have not yet mastered it. Comprehension."

"And you did it."

"Oh? Really?" Chen Feng looked at him and said with a smile.

At the same time, his heart was stunned: "It seems that my understanding of space must be buried in the bottom of my heart, so I can't easily let people know it."

"When I was outside, my understanding of space was difficult for ordinary people to understand."

"It is difficult for them to understand, let alone what kind of thoughts they will have, because in their opinion, I can comprehend the power of space, maybe it is not a big thing, because they can't understand it at all."

"But Nei Zong is different. Everyone in Nei Zong knows that the power of space is a remarkable thing."

"They didn't master it, but I did it!"

"At that time, if there are any strange thoughts, it will be detrimental to me, and the power of my current space has not really understood anything, and there will be no powerful killer moves."

"So, forget it, and don't let people know it yet."

Thinking of the power of space, Chen Feng suddenly reached out into his arms.

He touched his shadow robe.

It was the shadow robe that Chen Feng wore under his outer robe.

Feeling the smooth texture, Chen Feng smiled slightly at the corner of his mouth: "Speaking of the power of space, how can you ignore it?"

"I still have two opportunities to use it. However, if I can not use it as much as possible or not, it is best to leave one opportunity, and then use it to ponder the power of space, maybe I can gain something."

At this time, Chen Feng's thoughts were interrupted by the boy in red.

He opened his teeth and claws loudly: "Also, don't call me a little guy, they have names."

"Oh? I would like to hear the details." Chen Feng said with a smile.

He was in a good mood at this time, so he also made a few jokes with him.

The boy in red smiled and said, "My name is Hong Su."

"Oh? Hong Yan?" Chen Feng teased him deliberately, and asked with a smile: "What are you capable of?"

Hong Su said, "I don't have much abilities."

He triumphantly pointed to Ruyizhou beneath him: "The only thing he has is to manipulate this Xiaoyue Tianzhou, but when it comes to manipulating Xiaoyue Tianzhou, no one can compare to me."

"Why can no one compare to you?" Chen Feng asked with a smile.

Hong Yan did not speak, but took a deep breath, and then his robe fluttered, revealing his skin.

His skin is snow-white. If you look closely, you can find that there are green veins under the snow-white.

At this time, the green veins became more and more obvious, and all the surface veins eventually appeared.

Then, it was actually connected with the context below Ruyizhou.

Then, he lay down here, his figure gradually becoming weaker and lighter.

In the end, it was completely integrated with Ruyizhou. At this time, he looked like a tree bump growing from this huge piece of wood.

It's just that the lumps of this tree are extraordinarily fat and look very pleasing.

The next moment, inside the pimple, a voice came out: "Now you understand?"

Chen Feng understood, and said: "So you and this Ruyi Boat, oh, no, it should be said that the spiritual roots carved into this Ruyi Boat are actually one."

"Yes, it is." Hong Su appeared again and said: "I am the essence of the spirit."

"And this Wishful Boat was my home back then, of course, it wasn't what it is now."

"At that time, I had a little bit of my own consciousness, and then I brought out the essence of this spiritual root and wandered in this world."

"You were also born in Longmai Continent?"

Chen Feng was keenly aware of it, and immediately asked: "If you are wandering in the Nei Sect, I am afraid that he will be discovered before he leaves the house."

"That's right." Hong Yan nodded and said: "I was wandering in the Northern Wilderness area at the time, and was discovered by my master one day."

"So, he helped me open Lingzhi, and invited many experts to use powerful mana. It took a whole hundred years to make this piece of wood into a wishful boat."

"He let me live here and manipulate this wishful boat. He himself is a part of my body. Do you think I am flexible and inflexible?"

"Say it!"

Hong Su looked at Chen Feng triumphantly, raised his chin, as if coming to praise me.

Chen Feng laughed loudly and couldn't help squeezing his rosy and plump face, and said, "It's really amazing."

Chen Feng's words really came from his sincerity, after all, existences like Hong Yan are too rare.

With him, he can almost raise the level of this wishful boat, which is indeed very capable.

Hong Yan was very happy when he was praised by him, and immediately made a lot of affection with Chen Feng.

He is a spirit rooted into a spirit. Although he has lived in the world for hundreds of years, he is still a three-to-five-year-old boy based on their age.

### [Chapter 3012: A huge knife mark!](#)

He was quite simple in mind and didn't deal with people. Chen Feng praised him, and he thought that Chen Feng was a good person, and even started talking with Chen Feng.

And Chen Feng didn't ask him anything about Xuanyuan Xiaoyue and Nei Zong, but just went sipping with him, telling some of his experiences when he was in the Longmai Continent.

Because in Chen Feng's heart, he cherishes this kind of extraordinarily simple feelings and friends.

Therefore, he didn't want to use the other party's heart a little bit, so he didn't use the other party's goodwill towards him and unsuspecting to inquire.

Just talking here as a friend.

Although Chen Feng is not very young, he is very knowledgeable and picks out some things he has experienced in the past, which can make Hong Lu an eye-opener.

The two talked forward and soon half an hour passed.

At this time, Hong Yan already looked at Chen Feng with admiration, and said in admiration:

"Brother Chen, you are really amazing, when can you take me to the Dragon Vessel Continent?"

Chen Feng smiled and said, "There will always be a chance in the future."

At this time, after half an hour of flying, they had already left the mountain area where they had just arrived.

Chen Feng looked at the direction, it should have been flying from west to east.

And this huge mountain range to the west of them just finished flying in half an hour, which means that its radius is at least tens of millions of miles.

Chen Feng felt it for a while and discovered that this Nei Sect was very scary, with a radius of at least 100 million li.

He sighed: "This is the real heaven and earth, so huge!"

"More than that!"

Hong Luo curled his lips and said: "It is said that the original Nei Zong was bigger, but it seems that it was tens of thousands of years ago, because something happened and was forced to shrink."

"Now, it's only 10% of the original size."

"Furthermore, I heard that during that period of time, many strong men also fell."

"Really?" Chen Feng raised his brows, a strange feeling flashed in his heart.

Along the way, he had heard Hong Yan vaguely reveal a lot of information.

In the end, all this information seemed to be attributed to one thing, that is, compared to before, the Xuanyuan family, oh no, it should be that the entire Dragon Vein Continent has experienced a considerable decline.

Experts have also decreased, their influence has also shrunk, and their knowledge of Tianwai has also decreased.

In particular, the number of wishful boats has decreased, and the level has also decreased.

This made Chen Feng a little puzzled.

It's just that this thought is buried in his heart now, and he just waits to ask after meeting Xuanyuan Xiaoyue in the future.

Chen Feng asked, "Is it true that every time a newcomer enters the inner sect?"

"Except for a few close relatives and friends, don't others even look at it?"

This is a little bit different from what Chen Feng expected. After all, any place he went before was like a star holding the moon.

Hong Yan looked like a natural thing: "Of course, the newcomers who enter every year, masters of this level, have hundreds of thousands in the Xuanyuan family?"

"They are all about the same as me. People who may not be as good as myself enter the inner sect. Why should I go to see it?"

When Chen Feng heard this, he was instantly dumb.

Yes, what I said is really right. I can't compare to them. What is the value they value?

Xiaoyue Tianzhou moved forward, and soon the mountain range came to the end.

However, the end of the mountain range is not a plain, but a huge gap.

The height of this huge gap has been above the sky dome, the width is tens of thousands of miles, and the length is not known how long.

You can't see the head or the end at a glance. Chen Feng estimated that this should already be the entire Nei Zong.

On both sides of this crack are towering cliffs, and the river that runs through the mountains directly turns into waterfalls and pours down here.

The flying beads splashing on the jade are extremely beautiful, and the clouds and mist are transpiring, like a fairyland.

Chen Feng was startled: "There is such a huge crack here? Could this crack split the entire Nei Sect in half?"

Beside, Hong Yan smiled and said, "Yes, it was just divided into two halves."

Suddenly Chen Feng's eyes shrank. It turned out that at this time, he saw that the cliff was extremely smooth, without the slightest roughness.

This made Chen Feng suddenly excited.

He used a knife, and he felt it all at once, how similar it was to the trace of a knife.

If Chen Feng slashed towards a mountain at this time, he could split the mountain into this shape and split it directly from the middle, and the trace would be so smooth without the slightest roughness.

Chen Feng exclaimed: "Is it possible? Is it possible that this, this was actually cut open by someone?"

Hong Yan looked at Chen Feng and said, "Young Master Chen was right. Nei Zong was split into two halves because of a knife."

Chen Feng was shocked!

What a tyrannical cultivation base, what a huge and incomparable sword energy is needed to slash this continent, this inner sect, and this place almost comparable to the world into two halves!

so amazing!

This is too great!

Want to split the world where Nei Zong is with a stab, then how long is the sword angry? Tens of millions of miles or hundreds of millions of miles?

How powerful should that be?

Moreover, these people in the Xuanyuan family's Inner Sect weren't vegetarians, but they couldn't fight back.

It can be seen that this person's strength has reached the level of surpassing the entire Dragon Vein Continent!

After all, the Xuanyuan family is one of the nine major forces in the dignified dragon vein continent!

"Who made this knife?" Chen Feng suddenly felt endless curiosity, and wanted to know this question!

Chen Feng suddenly remembered when he had just practiced the General Outline of the Dragon-Jinglong Arhat Sutra.*nOveLusb.COM*

That huge figure standing upright in the void of the universe, that figure lay across the universe, extremely huge.

The planet and the world around his waist were just embellishments.

He is bigger than a world, and he is also many times bigger.

However, the situation at that time was different from now.

At that time, Chen Feng couldn't even imagine how huge this existence was.

But now, Chen Feng saw the traces of this huge sword cut, and he thought of the amazing sword energy that stretched across thousands of miles, he could already imagine and could reach it.

Chen Feng sighed softly: "Although this person is strong, I can think of his strength, and even I can achieve it one day!"

He asked Hong Yan, "Do you know how this crack came from?"

Hong Su shook his head and said, "I don't know, but I heard that it seems to have happened with the great change tens of thousands of years ago."

Chen Feng asked, "Is that the big change in which Nei Zong became 90% smaller?"

"Exactly."

### [Chapter 3013: Canglang Xiaoyue Peak](#)

After listening to Chen Feng, he was thoughtful, but did not ask any more.

The crack was thousands of miles wide, and after passing the crack, with a sigh, the cliff in front of it suddenly became extremely tall, dozens of times higher than the opposite.

This made Chen Feng feel a little surprised, because this is equivalent to two continents.

And the height of the continent I just came to was obviously much smaller than the current continent.

It's as if these are two sections that are not connected together.

As for this plate, the peaks above are exceptionally tall, huge, and steep.

There are famous mountains and rivers everywhere, white clouds come out of Xiu, a fairy family style,

And Chen Feng also saw a lot of palaces on some peaks, huge pavilions, and towering palaces and pagodas.

Chen Feng took a deep breath, feeling awe-inspiring.

He knew that he had already entered the scope of the inner sect.

Ruyizhou continued to fly forward, and soon Chen Feng saw that there were more and more peaks where the palace appeared.**noVelusB.cOm**

The mountain peaks here are much taller than those seen when I came just now, and each of them is a separate peak, which is very tall and full of aura.

Even Chen Feng saw that clouds and mists lingered here all year round.

But if you look closely, you will find what kind of cloud is this?

This is clearly that the spiritual energy is too strong, and it has been condensed into substance, so it will form something like a cloud.

Obviously, it is a blessed place for cultivation.

These blessed places of cultivation are already occupied by people.

Not only the top of the mountain, but also large palaces appeared on the hillside.

Hong Su said: "There are a total of 108 peaks in our Nei Zong, and this one hundred and eight peaks are one hundred and eight cave heavens and blessings, all of which have been occupied by people."

"Hundred and eight peaks are already occupied by people?" Chen Feng smiled and said:

"Then, Elder Xiaoyue must be the one occupying the best."

"Of course!" Hong Yan pointed forward at this time, and said, "Look, isn't it?"

Chen Feng suddenly looked back.

The next moment, no huge mountain suddenly appeared in Chen Feng's eyes.

These five huge mountain peaks are like five fingers of a person, and their roots are extremely slender.

But it is slender because it is too tall. If you look at its thickness, it is also very huge. It is just because it is too tall that it appears slender.

Every mountain in this house is different, some are like a giant tree, and some are like a snake, raising that slender neck.

Chen Feng pointed to one of the peaks, which looked like a huge wolf with its head up.

And the most wonderful thing is that at the top of that mountain, there is a huge floating mountain.

The whole body of this floating mountain was carved into the shape of a crescent moon, which was definitely not formed naturally.

Obviously, this is Canglang Xiaoyue!

Chen Feng pointed there and said, "I guess this is the residence of Elder Xiaoyue, right?"

Hong Su smiled slightly, nodded, and said, "It's here."

Then, Xiaoyue Tianzhou hurried forward, and soon came directly to this mountain peak.

Slowly stopped on a platform.

At the end of the platform, there is a huge square. The square is at the top of the mountain, and at the end of the square is a large hall.

There is only one hall.

The whole hall is built with bluestone, looks very simple, but it carries a vigorous air.

And below the square, there are many palaces on the mountainside, and there are many people inside.

At this time, seeing the Ruyi Boat falling down, people in many palaces walked out, looking at Chen Feng who came down from the Ruyi Boat with doubts and eyes.

Their eyes were full of thought, and some people had doubts in their eyes.

Even the eyes of some people looking at Chen Feng were full of hostility.

Not only them, but also on other mountain peaks, there were also people who suddenly got up and looked over here.

His eyes were deep, and he didn't know what was thinking.

At this moment, suddenly, I saw the door of the bluestone hall open directly with a bang.

Then, a purple qi came straight through from inside and came to Chen Feng.

A step was formed with self-esteem, and a vigorous laughter came: "Hahaha, little friend Chen Feng, are you here? The old man has been waiting here for a long time."

The sound was loud, but it did not spread farther, but only echoed within the square.

The next moment, this purple air filled the square instantly, blocking all peeping eyes from the surroundings.

Chen Feng smiled slightly, knowing that Xuanyuan Xiaoyue wanted to put an end to trouble for herself, and even let others not know who she was.

In this way, there will be less mess.

Chen Feng stepped on it, followed the purple air ladder, step by step, and walked into the hall.

As soon as Chen Feng entered inside, with a bang, the door closed directly.

The main hall is deep and simple, with a small stone platform at the end.

On the stone platform, Xuanyuan Xiaoyue sat cross-legged.

Chen Feng sighed softly and said, "It's really not easy to see you. It's hard to come here this way."

Xuanyuan Xiaoyue laughed: "If you want to enter the inner sect, then you have to go through these cutscenes."

"Although I don't want to go through these cutscenes, it would be nice to get you over directly, but it's a pity."

He sighed, his expression changed: "Some people disagree!"

Chen Feng smiled slightly and knew who he was talking about without even thinking about it.

"How? How do you feel about Nei Zong? Xuanyuan Xiaoyue said.

"Really a good place to practice."

Chen Feng sincerely admired: "The concentration of spiritual energy in the place I just came in is many times stronger than that of the outside world, and here it is many times stronger than the place I just entered."

"Cultivating here, I will surely be able to do great things in a single day."

Xuanyuan Xiaoyue smiled and said, "You have to go a long way, because in more than two months, it will be a catastrophe for you."

"Yes, I know."

Chen Feng sighed softly and said, "After more than two months, it is time for Yu Taihong to challenge me."

"Oh, you said he challenged you?"

Xuanyuan Xiaoyue looked at Chen Feng and keenly caught his words:

"Everyone thinks he is here to kill you, but you think he is here to challenge you?"

"Yes!" Chen Feng said proudly.

"Okay!" Xuanyuan Xiaoyue laughed loudly and applauded, "Really bold!"

The next moment, Xuanyuan Xiaoyue's expression turned cold, and said, "Not long after Yu Taihong challenged you, it was time for my old opponent to step out."

[Chapter 3014: Really scary!](#)

"When my old adversary goes out, I hope you have some self-protection."

"In this way, it can be helpful to my plan."

Chen Feng raised his brows and asked, "What is your big plan? What do you want me to do?"

"I can't say it yet. If you can't do it, what's the use?" Xuanyuan Xiaoyue said: "Now, I will check your strength first."

He didn't have any nonsense, and went straight to the topic.

Chen Feng nodded: "Okay!"

Xuanyuan Xiaoyue looked at Chen Feng and said, "Chen Feng, you can show me your most powerful martial arts."

Chen Feng looked around hesitantly.

Xuanyuan Xiaoyue smiled and said, "Don't worry, you just have to demonstrate in this palace."

As he said, he laughed loudly.

Then, he clapped his hands, and suddenly, a huge force poured out of his body and directly entered the palace.

Then, the scenes in the entire palace were like earth-shaking, earth-shattering.

The next moment, the air in front of Chen Feng was rippling like water waves.

And this water wave turned into a mirror, slapped directly without a trace.

In front of him was no longer the palace just now, but a small valley.

It's not too small to say it's small, it's a hundred miles in radius, and there are towering mountains on both sides of the valley.

The layers of clouds are full of fairy spirit.

In the center of the valley is a river, flowing slowly.

Chen Feng was shocked when he saw it: What kind of current is this? It is clearly a river transformed into aura!

The dense inside is all condensed into the essence of emerald green spiritual power.

And in the fertile soil on both sides of the valley, there are slabs of medicine fields that have been cultivated.

In these medicinal fields, there are plant after plant of fairy grass and fairy flowers, which are not only extremely beautiful, but also huge and incomparable medicinal power and vitality are gathered and condensed in them, and radiate out to the surroundings.

Chen Feng glanced around and saw that there were eight medicine fields here.

Chen Feng sighed slightly, admiringly said: "Elder Xiaoyue, it turns out that your palace is still sealed into such a space."

"And these things are really amazing!"

Xuanyuan Xiaoyue shook her head and said, "You still say I am amazing? What's so amazing about me?"

"To be honest, I regret it now. I didn't have a path to cultivate souls when I was low in strength."

"So that if you want to practice again now, it is no longer possible."

Chen Feng raised his eyebrows, did not speak, but waited for him to continue.

Xuanyuan Xiaoyue said, "Soul-seed, let's say nothing else, a soul-seed space, when the level is high in the future, we can be extremely envious."

"We need to work hard to gather a space and incorporate it into a certain artifact before we can enter it."

"You still need a powerful medium, and you, your soul-man space comes with it!"

Chen Feng nodded: "This is also true."

Moreover, the space of one's soul can grow to be countless times larger than this space, and the development potential of the two is fundamentally different.

Xuanyuan Xiaoyue sighed, "Chen Feng, although you didn't have any guidance from a famous teacher, the way you went before was very right."

"I have learned everything that should be learned, and it can be seen that the roots of wisdom are born."

Chen Feng laughed and said, "Perhaps I am not born with a root of wisdom, but I am born with a lot of greed and want to learn everything."

"But your ability is not only to learn, but also to learn!"

Chen Feng smiled, walked to the medicinal fields, took a closer look in the medicinal fields, and then said: "These medicines are indeed good."

Speaking of these medicinal materials, Xuanyuan Xiaoyue's Gu Jing Wubo's face also showed a trace of complacency, which was obviously very proud.

Xuanyuan Xiaoyue laughed and said, "I dare not talk about other skills, the old man, but the skills of planting medicine and refining pills, old man, I can say that I don't want to be the second person in the entire Xuanyuan family."

He pointed to Chen Feng and said, "Little guy, you will be lucky in the future. Follow me at least to learn some alchemy skills."

Chen Feng smiled and said: "That's a coincidence. Before I came to Chaoge Tianzi City, I was also famous for alchemy, but I haven't reached the level of a gold medal alchemist."

Xuanyuan Xiaoyue shook her head and said, "With me, the level is not important."

"As long as the talent is good enough, the level can be improved soon."

"Well, let's not talk about these gossips now, you can quickly demonstrate to me."

Chen Feng nodded, and then stretched out his hands, punching a seal, the power of the dragon descending arhat surged, and then the natal knife box appeared directly.

The next moment, the natal knife box opened suddenly.

That huge Wentian God of War Sword also appeared above him.

In the next moment, the Buddha's Thunder Purgatory of Exterminating Demons was launched suddenly.

This move is extremely powerful, and the faint momentum has already caused some changes in the sky.

Chen Feng unreservedly released the power of this trick, because he knew there was Xuanyuan Xiaoyue, and there was no need to worry.

Even, because it was released in this hole of heaven and blessed land, the power of the Thunder Purgatory of the Buddha's Annihilation is even stronger than before.

When this sword appeared, Xuanyuan Xiaoyue ignored it, and it was only when the sword reached its peak that he nodded slowly, already knowing the power of this move.**novelusb.com**

Then he reached out and squeezed forward.

It was really just a light pinch, just a light pinch with the index finger and thumb.

It's like pinching a small bug to death.

Then, with a loud bang, Chen Feng's power to drop the dragon and arhat all shattered!

The Buddha's thunder and purgatory of destroying demons directly turned into countless spots of light and disappeared.

The huge Wentian Sword fell directly and inserted it in front of Chen Feng.

Chen Feng stayed there, staring at Xuanyuan Xiaoyue blankly, before turning around after a long time.

A wry smile appeared at the corner of Chen Feng's mouth. He knew that Xuanyuan Xiaoyue was very strong, not much better than himself.

But I didn't expect that it was so powerful that it was so powerful that his strongest move would be directly crushed by him with a light pinch.

Chen Feng sighed in his heart: "Really terrifying!"

At the same time, endless fighting spirit surged in his heart: "One day, I will become like this too!"

Xuanyuan Xiaoyue thought for a moment, and then said, "The power of your move is already pretty good."

"Among the warriors of your same level, or even two levels higher than you, they are considered top-notch."

"But there are many problems."

"First, it consumes too much."

"Now, after using this trick, your power can only be half left at most, right?"

Chen Feng nodded: "That's right."

"The other one is that it took too long."

#### [Chapter 3015: Eyebrows](#)

"From the time you started this move to the final peak, it took too long. It is not the kind of move that is fleeting and can be played as soon as you raise your hand."

Chen Feng nodded again.

Xuanyuan Xiaoyue said: "This trick, before you enter the inner sect, on the Dragon Vein Continent, is used as a trick to press the bottom of the box. It can be used against powerful enemies without any problems."

"Because, although it releases slowly and can only be used once or twice, it is powerful enough."

"But it won't work when it comes."

"If you regard it as a regular move, you now need a powerful enough, fast enough release speed, can be played by raising your hand, and a move that consumes relatively little, as your regular move in the inner sect."

"Usually use it, and use others when pressing the bottom of the box."

Xuanyuan Xiaoyue looked at Chen Feng with piercing eyes and said, "To put it bluntly, the martial arts you used in the past are already too low to be suitable for Nei Zong."

Chen Feng raised his eyebrows, and then asked: "I don't know what level these martial skills require, at least they must be at least the third rank of the wild level?"

Xuanyuan Xiaoyue looked at Chen Feng and said in a deep voice, "Since I have great expectations of you, and since you don't want to be something in the pool, I will naturally follow your highest requirements."

Chen Feng realized the hidden meaning in his words, and said, "You mean that many geniuses in the Xuanyuan family's inner sect, the martial arts they possess, have reached the third rank or above of the Wilderness level, right?"

"Yes."

Xuanyuan Xiaoyue nodded and said, "The third rank of Huang-level is the minimum requirement to gain a foothold in the Xuanyuan family's inner sect and to shine."

"There are less than a thousand disciples in the Xuanyuan family's Zonglin, and at least one hundred of them already possess martial skills above the Desolate Grade 3rd rank."

Chen Feng took a deep breath, and there was a scorching heat in his eyes:

"This Xuanyuan family inner sect is really powerful!"

"When I first entered the Xuanyuan family's outer sect, I thought it was already strong enough, but compared to the Xuanyuan family's inner sect, it was nothing."

"It's like a wild-level martial arts. It's hard to come into contact with me in Chaoze Tianzi City, and there are so many people here who have this level of martial arts."

"Compared with them, I can say that there are almost no advantages, but there are many disadvantages."

Xuanyuan Xiaoyue said again: "Chen Feng, now that you have finished watching martial arts, you can tell me about your practice."

"Is my practice?"

Chen Feng pondered for a moment, and then he explained his own practice of the Dragon Arhat Sutra.

He believed that, in the realm of Xuanyuan Xiaoyue, he should not have any covetous heart for his own dragon descending Arhat scripture.

Sure enough, after Xuanyuan Xiaoyue listened to it, her expression didn't change much, she just said softly, "It sounds like a technique from an outside world that has flowed into our Dragon Vessel Continent."

"Yes, it should be, it's just that I have my strength, and I neither know nor speculate, let alone trace back to where it came from." Chen Feng said.

Xuanyuan Xiaoyue nodded and said, "We don't have to worry about this. It doesn't make much sense to know where it came from, why bother?"

"Now what we need to care about should be how long you can practice this exercise, and whether you need to change it."

"After all, martial arts are the surface, the martial arts are the inside, martial arts are the branches and leaves, and the martial arts are the foundation."

"Only when you have a powerful technique can you go further."

Chen Feng thought about it for a long time before saying: "I still don't want to change it. This technique has endless potential. If you can reach the highest level, you will definitely not lose to any powerful technique."

This is Chen Feng's real idea.

He has been cultivating the General Outline of the Dragon-Dropping Arhat scripture for so long, and he knows how powerful this General Outline of the Dragon-Dropping Arhat scripture is.

"But the problem is,"

Xuanyuan Xiaoyue looked at Chen Feng and said, "Aren't you only the fragments of the General Outline of Jianglong Arhat Sutra?"

"That's true." Chen Feng nodded and said, "There are a total of nine chapters of the Jianglong Arhat scriptures, and I only have the first six here."

"If the general outline of the Dragon-Dragon Arhat Scripture is divided into nine levels, I have already cultivated the first six levels, and now I have not even obtained the secret book for the last three levels, but I still want to try."

He looked at Xuanyuan Xiaoyue, his eyes firm: "I want to look for it again and see if I can find those three articles."

"Do you have eyebrows?" Xuanyuan Xiaoyue asked.

Chen Feng smiled slightly: "Yes, if there is no eyebrow, how can I say such a thing?"

Xuanyuan Xiaoyue laughed and clicked on Chen Feng: "You little fellow, all right, then you can find it yourself first!"

"If you don't have any eyebrows and you can't find it, just tell me, I can prepare a very powerful exercise for you here."

Chen Feng nodded: "Okay."

Chen Feng didn't lie, he did have a good eye.

The General Outline of the Truth of Jianglong Arhat has an inexplicable relationship with the white jade Arhat, and also has a deep relationship with the Arhat Secret Realm.

The Arhat Secret Realm leads to the tomb of the Great Emperor Yin and Yang.

Chen Feng knows very well that the remaining chapters of his Master Sutra of the Arhat Sutra, I am afraid that all the remaining chapters will fall in the second floor of the tomb of Emperor Yin and Yang.

Chen Feng originally planned to explore the tomb of the Great Emperor Yin and Yang during the Southern Wilderness, but in fact he could have entered it early.

However, due to the tight time required to obtain TENGshe Neidan, there was no passing.

But later, after returning from Nanhuang, he was too busy to enter the inner sect, so there was no passing.

However, when Chen Feng has time, he will naturally go there to explore.

In this way, today's matter is over.

Xuanyuan Xiaoyue took Chen Feng to the front of the hall, then pointed to the front and said, "My mountain is six thousand miles in radius."

"Among these peaks, besides the place where I sit, there are hundreds of peaks, lakes, valleys and so on."

"It's all a kind of blessed land, the aura intensity is at least ten times that of the ordinary Xuanyuan family's inner sect cultivation site, and it is a hundred times that of the Dragon Vein Continent."

"You can choose any place and practice in it."

Chen Feng nodded and said, "Okay."

Chen Feng glanced around and finally landed in one place.

There was a rather secluded valley, not very far from Xuanyuan Xiaoyue, about a few hundred miles away.

In the vicinity of the valley, there are heavy mountains, which are covered with thousands of years old trees, towering into the sky.

In the center of the valley, there is also a lake.

Chen Feng pointed to the place and said, "That's it."

"Okay." Xuanyuan Xiaoyue smiled slightly: "It's just right. It's one of the places I set aside for you before."

#### [Chapter 3016: Named here-Mirror Valley](#)

"Above the entire Canglang Xiaoyue Peak, it can be regarded as the top level of cultivation."

"If that's the case, then you go over."

Chen Feng nodded: "Okay."

He didn't say any more nonsense, just talked to Hong Yan separately, and then his figure flashed and flew towards the valley.

From a distance, I can hear Hong Yan shouting behind him: "Brother Chen Feng, you must come and see me!"

Chen Feng turned his head, smiled and said, "Don't worry, Brother Chen will be here in a few days."

Soon, Chen Feng came into the deep valley.

This valley is tens of thousands of meters deep, surrounded by layers of high mountains, enough to block the sight of outsiders.

I don't know how many years no one has been here. The ground is full of fairy grasses of various colors, and the grasses are full of rich flowers of various colors, which are extremely beautiful.

On the mountain peaks on both sides, there are huge trees hundreds of meters high and thousands of meters high, full of primitive atmosphere.

And what made Chen Feng most delighted was the extremely rich aura.

The center of the valley is the lake.

In the lake, all the aura that has been turned into substance is condensed, the waves are surging, surging against the shore.

In the lake, there was a big wave without wind, and a wave hit the shore.

Suddenly, on the clearing on the shore, a large piece of verdant grass was born, with a strong fragrance.

Then there was another big wave.

In the next moment, those verdant vanillas had vermilion red berries growing on them, vividly and vividly.

Chen Feng's figure flashed, came to the front, stretched out his hand, took a Zhu Guo and held it in his hand to look at it, and then there was a hint of surprise on his face.

"This vermilion fruit is not of much use to me, but if it is used for refining medicine, it can also make some small pills that can increase gong power."

"However, if you take it outside and let Yan Bing and the others take it, it will immediately increase their skill for decades."

"It's just a small berry, it can increase their skills for decades. This effect is simply terrifying!"

"Furthermore, this is not a precious fairy grass fairy fruit at all, but a berry that grows casually here. It took only a few dozen breaths before and after!"

Chen Feng couldn't help sighing in his heart: "Above the blessed land, this is the real blessed land."

Every plant and tree are treasures.

Behind the big lake is a towering mountain wall, smooth as a mirror, reflecting the figure of Chen Feng.

It was already evening, and the sky was full of morning glow, and the valley was glowing red.

A big wave hit the shore and came to Chen Feng's side, wet his clothes.

At this time, the valley was extremely quiet.

Chen Feng was indifferent, his heart suddenly moved, and his figure suddenly flashed before he came to the smooth, mirror-like cliff and stretched out his hand.

Fingers are like swords, brushing brushes, they are engraved with two big characters: Jinggu!

From then on, this is my mirror valley of Chen Feng!

Chen Feng looked at this place: "I don't know if I want to stay here for a few years, then it is always a fate, so let me give you this name!"

"In the future, as the years go by, let people know that you have this name."

After Chen Feng said this, all the vegetation, all the flowers, even the lake, and the wind in the valley moved together, as if to convey an emotion called joy to him!

Next to the big lake, there is a giant pine.

The giant pine is tens of thousands of meters high, so much higher than the mountain peak, and the wood scales on the trunk of the giant pine are just like the scales of the dragon.

The giant pine has luxuriant branches, and near the highest point, a thick branch stretches out.

Above the branches, there was a huge opening.

Chen Feng's figure flashed, and he came to the place where the branch was growing.

The junction between the branches and the main trunk was extremely smooth and hard, and Chen Feng sat cross-legged here, with boundless pine branches behind him.

There was a gust of wind around him, and the pine waves were like waves. When Chen Feng looked up, he could see the magnificent lake.

Looking into the distance, the sky is full of sunset clouds.

The scenery here is really beautiful.

Chen Feng sat cross-legged, this sitting is exactly six hours.

He practiced for six hours, until his face felt warm.

Chen Feng slowly opened his eyes, and sure enough, the sky was already covered by the morning clouds.

A big day quietly appeared.

It was the first time that Chen Feng saw the scene of rising sun in the Xuanyuan Family Inner Sect, which was completely different from the Dragon Vein Continent.

The big sun seen from Chaoge Tianzi City, I feel that it is already many times bigger than the Dragon Vein Continent below, and it is even more so than Chaoge Tianzi City.

The huge sun occupies almost the entire dome of the east.

Chen Feng let out a long sigh of air: "Xuanyuan Family Inner Sect, here is a blessed place, it is really suitable for cultivation."

"I have practiced here for just six hours, but it feels like I have been practicing outside for a few months. This effect even exceeds that of the second-level training room in the Seven Stars Auction House!"

And the most important thing is...

He abruptly got up, his arms shook, and his bones burst out: "I feel that the realm that I have been silent for a long time, there are already signs of breaking through, and I may break through to the peak of the Seven-Star Martial Emperor at any time!"

The reason for this is because the accumulation has been long enough before, and the spiritual energy of the Xuanyuan family's inner sect is abundant enough.

Chen Feng's heart was filled with joy and peace.

He didn't want to do anything at this time, he just wanted to practice quickly.

The aura here makes Chen Feng a dream.

Although he knew that he would stay here for a long time, he still wanted to use all his time to practice.

But at this moment, Chen Feng suddenly heard a sound, and there were waves of people talking in the distance.

Chen Feng suddenly raised his brows and looked down.

Then, he saw that on the other side of the lake, on a boulder, a child was sitting cross-legged.

The boy looked seven or eight years old, white and tender, with a pigtail, very cute. *NovelSB.COM*

However, his appearance was not what impressed Chen Feng the most, but his eyes.

His eyes were pure, and the white walls were flawless, and there seemed to be no scheming.

Seeing such eyes, Chen Feng's heart suddenly shocked, which made him feel a very familiar feeling.

Because he had seen this pupil in a person.

But who it was, he couldn't remember it!

Then, Chen Feng looked to the side again, and there was a woman in her 30s and 40s standing next to the master.

At this moment, the woman was saying something to the boy with a serious face.

Being too far away, Chen Feng couldn't hear clearly, he smiled slightly, and then went down, and soon he came not far from them.

Chen Feng was so powerful that they didn't even notice.

#### [Chapter 3017: Wuling and Aoki](#)

Chen Feng only heard the woman say to the little boy: "You made a mistake in this move. This move should be to anger the dantian and finally reach the throat."

"And you? There was a pause among you, and the effect of this pause is greatly reduced."

"Can't stop, just let it go in one go, understand?"

The boy nodded, and immediately began to practice very seriously.

A small white face was full of solemnity.

Then, after he practiced for about a quarter of an hour, he was immediately interrupted by the woman.

The woman said a few more words to him, and the boy nodded, corrected his mistake and continued to practice.

Chen Feng frowned.

He felt that something was wrong, because what the woman explained to the boy was some very basic cultivation methods among the warriors.

The strength of both of them is very strong, this strength is compared with Chen Feng.

That's right, even if they are compared to Chen Feng, they are not weak.

No matter what, he also had the strength around the Seven Stars and Eight Stars Martial Emperor, such strength shouldn't be able to cultivate such magic arts.

In other words, to be able to possess such strength, at least after decades of cultivation, how can it be possible that they don't even know these superficial things?

They are like two beings who have been born with extremely high strength and are practicing the most superficial techniques.

This made Chen Feng feel a pity, and at the same time he was a little confused.

Then, Chen Feng thought of another question: "Why are they here?"

Chen Feng secretly said in his heart: "It shouldn't be!"

"Elder Xuanyuan Xiaoyue once told me that there is no one inhabited in this valley, but he specially left it for me in advance, but why are there still people here?"

"Could it be that he remembered wrong?"

But Chen Feng then shook his head: "This is impossible. With the strength of Elder Xuanyuan Xiaoyue, he can see everything clearly, so how can he remember it wrong?"

But he didn't care about these things either.

Chen Feng took a closer look next to him, and found that the two of them were not weak in strength, but not much knowledge.

Moreover, both of them seem to be quite innocent, emotionally revealing temperament, and say whatever they want.

This gave Chen Feng a very strange feeling, he had rarely seen such a person.

Anyway, the two people's cultivation had no effect on him, so Chen Feng was left by them.

It's just that Chen Fengsui doesn't mind to be neighbors in the future, but some things need to be explained clearly to them.

However, Chen Feng didn't want to speak now, he still had to observe again.

One day passed quickly.

In the evening, they left.

The next day, the two of them came again.

Chen Feng let out a soft cough and walked over slowly.

Hearing this cough, both of them turned to look at Chen Feng. After seeing Chen Feng clearly, both of them were stunned.

Then the next moment, a touch of horror appeared on their faces.

That kind of panic was a kind of fear that seemed to be able to suppress one's own powerful existence, and it was also an indescribable panic.

Seeing the panic on their faces, Chen Feng couldn't help but feel an unbearable emotion in his heart. He didn't understand what happened to them, only when he saw that he was so scared.

The next moment, these two people actually brushed it, and both went down.

They were not upward, but downward, and both jumped off the big rock.

Then he pierced his head towards the ground to see that the posture was actually going to drill into the ground.

Seeing this scene, Chen Feng seemed to have thought of something, and couldn't help but frown.

The next moment, he smiled slightly and reached out to help: "Where do you two want to go? Come back to me both!"

With a flick of his hand, a burst of power immediately covered the ground.

This force is very gentle, but very huge.

Chen Feng smiled. Obviously he didn't have any bad thoughts about these two people, he just wanted to keep them.

Therefore, when their heads were about to hit the ground, this woman and this young child suddenly felt a very soft touch.

It was as if it was plunged into a ball of cotton, very soft.

Even, they all plunged more than a foot deep.

However, despite their softness, they are very vigorous and strong, and they are blocked here.

With a bang, another bomb bounced the two of them back.

The two of them flew up involuntarily, then landed, and brushed, only to find that they fell on the stone again.

Moreover, the position of the station is exactly the same as before.

Obviously, the manipulators are extremely precise in their control, and both of them have shocked faces.

Chen Feng looked at them, smiled and said, "Why bother you two? I don't have any bad thoughts about the two of you. I'm just a little curious. I want to know where you two came from."

With a look of trepidation on her face, the woman said loudly, "You want to know where we came from, just to harm us!"

Chen Feng raised his eyebrows, and recalled what Xuanyuan Xiaoyue had said to him. The guess in his heart was just a few points of confirmation.

And he could see that although the woman was stern, but in fact, her eyes were terrified.

Obviously, she just pretended to protect herself like this.

Chen Feng smiled and said, "Two, this is my valley, but my residence."

As he said, he pointed to the huge "Mirror Valley" on the cliff: "You are coming to me. I don't say anything else. It's always okay to ask?"

When the two looked over, they saw the two characters Jinggu.

There was a trace of regret in the woman's eyes. She looked at the boy and whispered: "Wuling, blame me."

"I didn't pay attention just now. I didn't see the word Mirror Valley. If I did, I should know that this place is already occupied, and I won't bring you here."

"Blame me, blame me."

Her eyes were already red, and tears were streaming down her.

The little boy grasped her hand and looked at Chen Feng, like an irritated little calf.

He said loudly: "What are you going to do? Don't, don't blame us for being rude to you!"

"You get away! You get away quickly! Let sister Aoki and I go!"

Chen Feng spread his hands and looked helpless: "I really don't want to do anything, I just want to ask you what the \*\*\*\* came from!"

At this time, the boy had already roared and rushed towards Chen Feng with all his strength.

Seeing this, it seemed like he was about to knock Chen Feng down, and his aura was quite impressive.

Chen Feng shook his head: "This guy, why don't you listen to the explanation?"

"Forget it, then I'll catch you guys first!"

He stretched out his hand, a force gushing out, soft but vast, patted the boy, and directly threw him to the ground.

#### [Chapter 3018: origin](#)

Then, Chen Feng tapped his finger.

The child immediately froze in place, motionless.

It turned out that the meridians had been sealed by Chen Feng.

Seeing this scene, the woman knew that she was definitely not Chen Feng's opponent.

With a plop, she knelt on the ground, repeatedly kowtow, and pleaded: "Please, don't move Wuling, what do you have to do at me!"

"I'll serve you as a slave and maid, please let Wuling go."

Chen Feng shook his head and said: "I said it a long time ago, I have no malice against you, don't believe it!"

He is really helpless.

He obviously has no malice towards these two people, and the two people don't know why, but are very afraid of him.

But at the same time, Chen Feng also felt pity in his heart.

It must be because they have been deeply hurt before.

Hearing Chen Feng still saying this at this time, a look of surprise appeared on the woman's face. Looking at Chen Feng, her eyes were full of thought.

In this case, Chen Feng still said this, which made her believe it.

Chen Feng smiled and said: "You two, with this strength in front of me, if I really want to kill you, if I really want to disadvantage you, I would have done it a long time ago, why wait until now?"

"I just want to know where you are."

He smiled slightly, pointed to the two words Jinggu, and said: "This valley was originally a land of no owner."

"However, now I have entered the Xuanyuan Family Inner Sect and selected this valley. This will be where my practice will be in the future."

He smiled slightly, that smile looked extremely bright and gentle in the sun: "In the future, we will all be neighbors. Since we are neighbors, we must get to know each other?"

Upon hearing this, the woman finally believed him.

She took a long sigh of relief, and her whole body relaxed, with a sigh on her face. She looked at Chen Feng and said, "It seems that the son is really a good person."

"Of course!" Chen Feng waved his hand to untie the boy's meridians, then threw it to the woman, and said:

"Go on with him, so that this little guy doesn't hate me again."

The boy looked at Chen Feng, his face was a little shy, and said, "Are you really going to be against us?"

"Of course it is true." Chen Feng said.

The woman walked to the side of Chen Feng, still a little cautious, and then she gently bowed to salute.

Chen Feng was stunned when she saw the ceremony she was doing.

Because her rituals are clearly ancient rituals thousands of years ago, and few people use them now.

"Sure enough, these two people came from different paths." Chen Feng secretly said in his heart.

With a wave of his hand, Chen Feng led the two of them straight upwards, and soon flew to the top of the pine tree.

Chen Feng sat cross-legged and stretched his hand forward: "Please sit down for two."

"There is no hospitality here, let's just talk here."

The woman smiled and said, "Of course, neither of us need to drink or eat."

After hearing this, Chen Feng raised his brows, but did not answer.

Both the woman and the boy sat down. Although the boy was young, he was also very polite. The movements of both of them were meticulous and very precise.

Then, the woman whispered to Chen Feng: "So that the son learned that the two of us have been here for 7,900 years."

"Seven thousand nine hundred years?" Chen Feng narrowed his eyes, and said in his heart: "Sure enough, it is no different from what I guessed wrong."

Next, the woman said something, and Chen Feng knew the origins of the two of them.

It turns out that these two people are not people, but spirits.

However, their classification should belong to the category of demon.

Because the two of them are pure plants.

This little child is the Wannian Wuling Grass transformed into a human form.

As for that woman, the purple tears of Aoki became pure. *nOvelus&.com*

Wannian Wuling Grass!

Aoki Purple Tears!

Chen Feng muttered the names of these two plants silently, and then shook his head.

Chen Feng is very unfamiliar with these two names. Obviously, Chen Feng has never heard of these two medicinal materials. They should be the special products of the Xuanyuan family's Inner Sect.

However, having never heard of it does not mean that Chen Feng cannot analyze it.

From the aura of the two of them, Chen Feng could tell that the two medicinal materials were absolutely extraordinary.

Moreover, like this kind of plant, it is very difficult to become refined.

It is not easy for the two of them to be able to cultivate to be refined.

The woman smiled and said, "His name is Wuling."

He pointed at Xiaotong, then pointed at himself: "My name is Aoki."

"Oh? Aoki? Blue wood?" The woman nodded.

"The name is not good."

Chen Feng looked at her and said, "You are a girl after all, where is this name?"

"I'll change a word for you. From now on, you will not be called the wooden wood, just call it the curtain of the curtain!"

"The curtain of the curtain?"

Hearing Chen Feng's words, Qing Mu was stunned.

She looked at Chen Feng blankly, and Chen Feng gave her a deep look.

Only then did he realize that Aoki was actually not what he thought.

When Chen Feng saw her for the first time, she saw that she was a bit old, and the clothes and hair accessories on her head were all dressed up as women.

In fact, when I look closely now, I realize that she looked like a 25-year-old woman.

The appearance is actually quite beautiful, but she seems to have made her face dirty on purpose.

Therefore, when Chen Feng saw it just now, she mistook her for a poor appearance.

In fact, she has a pretty face and a gentle and virtuous atmosphere.

"Green Screen..."

Qing Mu chanted twice, and then there was a look of joy on his face, and said: "Thank you, son, for giving his name, I don't know who is the son's last name?"

Chen Feng said, "My name is Chen Feng. You two will just call me by my name from now on."

"That's not good, it's too rude." Qing Mu said: "In the future, let's call you Master Chen!"

Chen Feng nodded, and then said: "You two will tell me about your affairs."

Qing Mu nodded and continued: "The two of us had our own consciousness about ten thousand years ago."

"At that time, the two of us didn't grow up elsewhere, but grew up on the cliff of listening to the scriptures at the center of the Xuanyuan family's inner sect."

"Oh? There is another Tingjing Cliff?" Chen Feng was a little surprised.

"Yes, Tingjingya is one of the most important places in the Xuanyuan family's Inner Sect. When did it appear, we don't know."

"However, since we are sensible, on the cliff of listening to the scriptures, there will often be strong men of the Xuanyuan family's inner sect giving lectures."

"And the disciples of the inner sect of the Xuanyuan family almost always go once a day. No matter how lazy, they will always go once every three or five days."

#### [Chapter : Mu Zhanpeng](#)

Chen Feng nodded: "So that's it, presumably that is where the Xuanyuan family's inner sect teaches."

He asked: "What are they talking about?"

Qing Mu shook his head and said, "Those scriptures are very profound and mysterious, and we don't understand them."

Having said this, the expression on his face was a little shy.

Chen Feng nodded slowly, motioning her to continue.

"The two of us, at that time, our spirits were still in turmoil, we were at a loss and we didn't know anything."

"Although we don't understand the scriptures, we know that they are all mysterious and powerful, and each scripture is enough for people to figure out the years."

"The two of us were there listening to those masters' lectures in such a chaotic manner, and slowly, our wisdom gradually opened up."

"It took about two thousand years, and it started to transform!"

"Oh, are you about to transform?" Chen Feng said, "It shouldn't be!"

"You two, since such a rare spiritual grass becomes essence, and it is bathed in the scriptures to become essence, it is extremely precious."

"Those people may not all be gentlemen, don't anyone want to disadvantage you?"

Qing Mu looked at Chen Feng and said in admiration: "The son is right to guess. At that time, the two of us had just shown signs of transformation, and we were discovered."

"However, we didn't know the dangers of the people at the time. Fortunately, fortunately, the first person who discovered us was a great person."

There was a look of nostalgia on her face, she looked around, smiled and said, "It was seven thousand nine hundred years ago, and he lived in this valley at that time."

"He brought us two quietly, came into this valley, and let us live here."

"He told us two not to go out and run around. People outside are sinister."

Chen Feng suddenly said, "It turns out that there was a master here seven thousand nine hundred years ago? And he was a very kind disciple of the inner school?"

Chen Feng couldn't help feeling a while.

Qing Mu nodded and said, "Yes, that's it."

Chen Feng looked around, took a long sigh, and couldn't help but feel a sense of leisurely fascination in his heart.

"That person doesn't know how it is now."

He asked this, Qing Mu shook his head, with a blank face: "We don't know how that benefactor is now."

"After he returned the two of us, he left after only a year, but never came back."

When Chen Feng listened, he couldn't help being stung.

He understood why the man hadn't come back, most likely he would never come back.

"And then?" he asked again.

Qing Mu said: "After he disappeared, the two of us lived here."

"He has been teaching us things, but it's a pity that the two of us are really dull, and we are just starting to understand that."

"Later, the two of us felt a little boring to stay here, and we forgot the instructions he had told us not to go out, and we went out."

"result....."

There was a look of pain on her face: "After we went out, we only knew that the human heart was sinister."

"It didn't take long for us to go out, we were discovered by someone who wanted to use us to practice medicine."

"We have been fleeing since then. Fortunately, we are all plants and trees, and we still have a way of escape, especially good at escape."

"He chased us and killed us for more than ten years. The two of us ran almost half of the Xuanyuan family's inner sect."

"However, he still didn't escape his chase, hiding in Tibet, after more than ten years, he was finally caught up."

"And when he was about to use us to refine medicine, he was injured by another strong man."

"What about then?" Chen Feng said, "I'm afraid that the strong man is not very kind, right?"

"Yes, he really didn't have any good intentions. After that strong man took us, he actually wanted to use us for alchemy."

"And the two of us ran away while he was unprepared. As a result, the news spread quickly throughout the Xuanyuan family's inner sect."

"Many people know the existence of the two of us, and they also know that the two of us are rare and rare treasures, because in the Xuanyuan family's inner sect, if the vegetation is refined, it can absorb a lot of spiritual energy, and it is a good treasure. ."

"So, they all started chasing us."

"In the next thousands of years, the two of us will be chased and killed in misfortune!"

Chen Feng asked: "How did you escape later?"

"Then thanks to Elder Xiaoyue's action."

"He silently caught the two of us and let us stay here. Not long after that, he sealed this place and announced that no one is allowed to practice here."

"Then the two of us stayed here safely for thousands of years."

She looked at Chen Feng with a look of panic on her face, and said, "My son, please, let us stay here forever."

"We didn't dare to go out. The people outside have not forgotten us now, and people will chase and kill us from time to time."

"Even if we stay in the Valley of Mirrors, we have encountered two or three people here looking for them in these years, obviously just to find us!"

"If we go out, we will definitely die."

Chen Feng smiled slightly, nodded and said, "You can stay here, no problem."

Hearing this, Qing Mu and Wu Ling's faces both showed joy.

Only now did he know the origins of these two people.

Chen Feng also told them some news about himself, and finally seemed to be familiar.

Chen Feng discovered that their two temperaments were actually quite different. **novelusb.com**

The green screen looks very weak, but in fact, his heart is very tough and his speech is quite organized.

This little guy Wuling, although sometimes like a fierce little tiger, he is actually quite shy, and he didn't even dare to say a few words to Chen Feng.

Chen Feng suddenly asked, "What is the name of the person who lived here before?"

Qing Mu said: "His name is Mu Zhanpeng."

"Mu Zhanpeng." Chen Feng nodded, keeping this name in his heart!

Chen Feng knew that this Mu Zhanpeng was probably an incredible genius, and he must have a deep relationship with Xuanyuan Xiaoyue.

Otherwise, Xuanyuan Xiaoyue wouldn't be able to block this Mirror Valley after his whereabouts were unknown.

You know, this Mirror Valley can be regarded as one of the top cultivation places in the entire Canglang Xiaoyue Peak.

It is too wasteful to seal it up!

However, Xuanyuan Xiaoyue sealed it away without hesitation. It can be seen that he felt extremely painful for Mu Zhanpeng's disappearance.

This made Chen Feng very curious about Mu Zhanpeng here.

[Chapter 3020: Dare to touch it and break your hands!](#)

He stood on the giant pine and looked around, with a trace of emotion and unspeakable remembrance in his eyes: "Almost ten thousand years ago, there was a person who was afraid to stand here too. Look around!"

At this moment, Chen Feng suddenly remembered that when Xuanyuan Xiaoyue told herself that there was no one to occupy this place, the expression on her face showed a smile.

"It turns out that he had known the existence of these two a long time ago."

Chen Feng suddenly, it is no wonder Xuanyuan Xiaoyue said that there was no one to occupy this place, and there was indeed no one here, because these two existences were not human at all!

They are a kind of mountain spirit and water monster.

Chen Feng wondered about this in his heart, but he didn't know what Xuanyuan Xiaoyue's intention was. He kept them here and didn't do anything about it. Is it just to miss Mu Zhanpeng?

Or is there any other purpose?

In this way, the three of them stayed in this mirror valley.

In the next two or three days, Chen Feng and them practiced separately.

Chen Feng's cultivation speed can be described as a thousand miles, extremely fast.

By the morning of the third day, I felt the aura in my body growing up vigorously, almost breaking through.

At this time, it is the time when the sun is shining.

Chen Feng sat cross-legged on the top of the tree with a solemn expression.

Around his body, heaven and earth vitality ebbs and flows, and waves are surging.

And in Chen Feng's dantian, the seven rounds of the big day turned crazily.

At this time, the seventh round of the big day had already become very huge.

These seven rounds of great days are all radiant, extremely complete, power surging back and forth, surging extremely, just about to move.

Every trace of strength is full of lively vigor, and it seems that he can't help breaking through.

The next moment, Chen Feng opened his eyes, and a chuckle appeared at the corner of his mouth: "I feel like I can break through at any time!"

At this moment, Chen Feng suddenly heard a sound of cursing in the direction of the valley mouth in the distance.

The voice was very noisy, but despite this, Chen Feng heard a particularly loud and provocative voice:

"That dog named Chen in the valley, you \*\*\*\* get out of it for Laozi!"

When Chen Feng heard this, he raised his brows: "Could it be that they came to me?"

However, he just came to the Xuanyuan Family Inner Sect, let alone offend people, and he didn't even have time to deal with others, why would someone come to him again?

However, Chen Feng is naturally not the one who dare not fight.

He slowly fell down and came to the edge of the big lake.

At this time, Qing Mu looked at Chen Feng and said with a panic: "Master Chen, I remember this voice."

"The owner of this voice is the one who has been here before and is extremely powerful."

"Oh? Really?" Chen Feng raised his brows, thoughtfully: "Then I probably know who dares to provoke me."

At this time, Chen Feng had already guessed it.

He glanced at Qing Mu and Wu Ling, and said: "You two will hide first, don't let them discover whereabouts."

If only to challenge himself, Chen Feng thinks he can cope with it, but if they discover the whereabouts of Qingmu and Wuling, which attracts the greed of the entire Xuanyuan family's inner sect, then Chen Feng can do it all by himself. Unmatched.

So it's better for them to hide first.

Qing Mu and Wu Ling nodded quickly, and the two swished into the ground.

In the next moment, a small sapphire wild flower grew on the ground.

Next to the little wild flower, there is an inconspicuous white root like a silkworm. I think this is the green curtain and Wuling.

The two of them hid, and Chen Feng was no longer anxious, and returned to the top of the pine.

In the next moment, a dozen auras approached here at an extremely fast speed.

Soon, Chen Feng saw that more than a dozen people came to the shore of this big lake, beside the cliff.

Each of these dozen people is quite powerful.

Basically, they are not very old. The young ones seem to be only 27 or 28 years old, and the older ones are only about 40 or 50 years old.

This can be regarded as very young among the warriors, and the weakest among them has also reached the early stage of the Nine Star Martial Emperor.

And the one who was surrounded by them was a young man in white.

This white-clothed young man is tall and ordinary, but his face is full of arrogance and domineering.

It seems that no one is in his eyes!

At a glance, he saw the words Mirror Valley on the cliff, and a fierce and violent color flashed across his face. He curled his lips in disdain and said:

"How dare you name it here? Do you dare to name this valley?"

"It seems that he is already the master of the valley, so is he worthy?"

A look of fierce jealousy flashed in his eyes, and he suddenly shouted: "You \*\*\*\* dare to use this name, I dare to erase these two words from you!"

With that said, with a punch, it was to directly smash and smooth the two big characters on the cliff.

At this moment, a cold voice suddenly came from behind him: "If you dare to move these two words, I will break your hands!"

Hearing this, everyone was shocked.

The white-clothed youth couldn't help but stop, turning around and looking back.

Then, they saw that a young man in a green robe slowly stood up on the huge pine that was several kilometers high not far away.

In his eyes, there was a coldness.

This person is naturally Chen Feng.

After seeing Chen Feng, the youth in white clothes flashed with extreme jealousy.

In the next moment, this extreme jealousy turned into a deep disdain.

His eyes were fixed on Chen Feng, as if he couldn't believe it.

Then he wiped his eyes and looked at Chen Feng fiercely before he was sure of something.

The next moment, there was a burst of laughter that was extremely strong: "Hahaha, this, this is the old man's choice, who can be qualified to live here?"

"This is the newcomer who was praised by the old man as an eternal wizard?"

"Hahaha, it really makes me laugh out of my stomach!"

He clutched his stomach and bent over with a smile.

His face was full of thick disdain, and he looked at Chen Feng with contempt to the extreme.

Not just him, beside him, the eyes of everyone looking at Chen Feng one by one were also full of disdain.

They laughed, full of contempt.

After laughing for a while, the young man in white looked at Chen Feng and said, "You are Chen Feng? That Chen Feng who just entered the inner sect?"

Chen Feng said lightly: "Yes, it's me."

The young man in white laughed again, laughed for a long time, and seemed a little tired.

He just looked at the people around him and said with a smile: "Everyone, look at them, look at them all! This kid is that Chen Feng!"
