

Peerless 3071

[Chapter 3071: It turned out to be her!](#)

"They are not the only people in the Shen Leopard Association, but there are also masters behind them. This is the style of the Shen Leopard Association."

Chen Feng raised his brows.

Mei Wuxia said: "Shen Leopard Club has always been like this. Every time they want to do something, there are a few young men in front of them, and one of them is stronger."

"Behind, there will be a stronger lineup."

"It's just that Chen Feng, you moved too fast this time, and you killed them in a short time, so the man behind them hasn't had time to arrive!"

Chen Feng asked: "What level do they usually use to hold the battle?"

Mei Wuxia said: "Generally speaking, it is not half a step to Emperor Wu, but there is only a thin line."

Chen Feng's heart shuddered, and he thought about it: "My strength, half-step Wudi, will not be afraid, but I dare not say that I will win."

"This person's strength is estimated to be in the same position as me."

"If that's the case, it's better not to make it hard!"

He said: "Then let's leave this place quickly!"

Mei Wuxia nodded, but took a packet of powder from her arms and sprinkled it on the bodies of those people.

After the powder came into contact with the bodies of these people, it suddenly began to boil as if it were boiling.

It started from a solid and turned into a liquid, then transpired into a gas, and disappeared without a trace with a gust of wind.

In a blink of an eye, all these corpses have disappeared.

The corner of Chen Feng's eyes twitched slightly.

You know, those who have reached the realm of Emperor Wu have a hard body comparable to orange materials, which is why orange materials must be used for weapons.

Otherwise, even the opponent's body cannot be cut through, and the opponent's defense cannot be broken. How can we defeat the opponent?

And Mei Wuxia's medicinal powder was able to dissolve such a hard body, which is also very powerful.

Chen Feng sighed and said, "In the past few years, your improvement is not just about your cultivation."

Mei Wuxia smiled: "I didn't rely on martial arts to cultivate my skills, did I?"

The two quickly left here, and soon they traveled for dozens of miles and came into a small mountain col.

The place was very quiet, and the two stopped.

Looking at Mei Wuxia, Chen Feng's eyes flashed with a deep sense of relief, and he whispered to himself: "I am really happy to be able to reunite with my old friend here."

"Me too." Mei Wuxia said with a smile. "Since he left Qin, he has been running all the way up. "

"Although I have made some achievements, although I have gone higher and higher, I have seen more and more powerful people, and have also seen more and more different scenes."

"However, the past life has made me miss very much, but the old people are no longer there."

"It's so gratifying to meet Brother Chen again here today!"

Chen Feng smiled and said, "Tell me, how have you been all these years?"

Mei Wuxia nodded, and whispered to herself softly: "Since I left Qin, I have been wandering."

"You also remember the treasure we got together that day."

Chen Feng said: "Of course I remember, that treasure, can be said to have changed my destiny."

Mei Wuxia smiled and said, "In fact, it can be said that it has changed my destiny."

"Among that treasure, I got a new clue, and then I found a relic left by an ancient power."

"I stayed in the ruins for two full years, and when I came out, my strength was completely different from before."

"Furthermore, that strong man, the ancient power, is a master of poison and medicine."

"What's more congenial to me is that his physique is also extremely special, and he cannot become a pharmacist."

Chen Feng asked, "What then?"

Mei Wuxia said: "However, he actually created a practice forcibly, changing his fate against the sky and changing his physique."

"Not only has he become a pharmacist, but he has also become one of the most powerful pharmacists of his time!" *novelusb.com*

"I followed his method. I also modified my physique and made myself a pharmacist."

"In the past few years, the medicine refining ability has improved by leaps and bounds, and the strength has become stronger and stronger."

Chen Feng smiled and said, "What product is it now?"

Mei Wuxia pursed her mouth in embarrassment, and said softly, "I am already a third-tier golden robe alchemist."

When Chen Feng heard these words, he couldn't help but burst into his heart.

He clearly knew what the third-tier golden robe alchemist meant.

This is in the Xuanyuan family's inner sect, even if they are extremely top-notch, it can also be regarded as second to none on the Dragon Vein Continent!

Mei Wuxia continued: "After I got out of the ruins, I wandered on the mainland."

"Later, by chance, I came to Tianzi City, stayed near Tianzi City for another year, and then went to the Southern Wilderness."

"I had an adventure in Nanhuang, and after that, I met my master."

"At that time, my master was seriously injured in the battle with others in the Southern Wilderness, and he was unable to return to the Xuanyuan Family Inner Sect, so he handed over his tokens to me and taught me all of his cultivation skills. I have the current strength."

"With that token, I came to Xuanyuan Family Inner Sect, and I have stayed here for two full years!"

Chen Feng could not help but let out a long sigh of relief.

Even if Mei Wuxia's strange encounter is not better than herself, it is far beyond other warriors.

What he has experienced over the years is truly extraordinary!

However, Chen Feng suddenly felt quite strange.

After thinking about it carefully, he immediately understood where this strange feeling came from.

What Mei Wuxia said was quite detailed to the others, but only for the part of her in the Southern Wilderness, she was unclear in the pronunciation, and she mentioned it directly.

Thinking of this, Chen Feng suddenly seemed to have a flash of lightning flashing across his heart.

Mei Wuxia, Nanhuang, and powerful alchemy and medicine skills!

"Could it be that she is?"

Chen Feng suddenly remembered why when he first saw Mei Wuxia, especially after hearing her talk, he felt a very familiar feeling.

Because he had heard this person speak not long ago!

The reason why Mei Wuxia gave herself an extremely familiar feeling was because, in the black market, the petite woman who had traded her with a way to cure her martial soul also gave herself a familiar feeling?

In Chen Feng's mind, a flash of lightning flashed: "So it's her!"

"It turns out that the person who traded me to rescue the martial arts pill was turned out to be Mei Wuxia in front of me!"

Chen Feng was shocked.

But after another thought, he calmed down.

At the same time, it feels very normal.

[Chapter 3072: Millennium Wave Demon King!](#)

After all, Mei Wuxia has so many adventures and such a powerful medicine refining ability. In fact, that person is her, which is the most normal.

However, Chen Feng did not immediately reveal his guess.

He knew that everyone has his own secret, and Mei Wuxia might think so too.

Therefore, after Chen Feng thought about the matter thoroughly, he didn't say it any more, just took a deep look at her, and then changed the subject with a smile.

He also told Mei Wuxia about his fate over the past few years. After hearing this, Mei Wuxia couldn't help but be surprised.

She felt that the strangeness of her fortune was already rare in the world, but she did not expect that Chen Feng was even more mysterious than her fortune.

The two talked, and Mei Wuxia asked Chen Feng: "Brother Chen, I don't know if you came to the Poisonous Valley this time for?"

Chen Feng smiled slightly and said, "I have accepted a task and need to come here to find something."

"Isn't it the hardest thing to find the nirvana sky grass in that quest?"

Chen Feng was surprised: "What? You know?"

Mei Wuxia said, "Of course I know."

There was a look of nostalgia in her eyes, and she whispered: "Even though I entered the inner sect back then, my master died before I entered the inner sect."

"After I came to Nei Zong, I was helpless, without any training resources, and I was oppressed by others."

"At the time, I was in that first-grade quest, and I searched for it many times, and got a thorough understanding of those first-grade quests."

"Furthermore, I have done at least 300 tasks for those first-class tasks. From the beginning that others were unwilling to do and disdain to do, I finally gathered the resources for my cultivation."

Chen Feng couldn't help but sigh.

He knows very clearly that behind Mei Wuxia's seemingly weak, toughness is indescribable.

This woman is extremely strong-willed.

Mei Wuxia smiled and said, "Well, let alone those things, it's all over."

"In short, I know this task very well, and I also know that this task is extremely difficult. If it is a first-class task, I am afraid it has reached the level of a third-class task."

"Actually, I was moved a while ago, but in the end I didn't dare to take it."

Chen Feng patted the black female insect in his hand, and said: "This little guy also said that it is not difficult to find the Nie Miekong Xiaocao, but it is very difficult to get the Nie Miekong Xiaocao."

"Is there any way in it?"

"Oh, what little guy?" Mei Wuxia asked.

Then, she saw the black female worm in Chen Feng's hand.

After seeing the black female worm, Mei Wuxia's pupils shrank suddenly. For a moment, his face was full and flushed, and she let out a surprise shout: "Golden worm female? This is gold worm female!"

Chen Feng smiled and said, "What? Do you know her?"

"Of course, of course I know."

Mei Wuxia spoke extremely fast, and said in a burst of pearls: "I have always wanted to get such a gold-eater female worm, you may not know, for people like me who play poison and refine medicine, this gold-eater The mother worm means an infinite treasure."

"With it, I can get many poisonous insects, and with those poisonous insects, I can refine many poisons."

She was so excited that she was already sweating on her forehead: "Brother Chen, where did you get this from?"

"It's amazing. I have read countless ancient books before and tried many ways to get it, but I still failed to get it."

"Unexpectedly, Brother Chen has all of you here!"

Chen Feng smiled slightly and explained the process of obtaining this black female worm.

When Mei Wuxia heard this, she couldn't help but be surprised.

"It turns out that there is such a chance. It turns out, Brother Chen, you still have a poisonous orb here?"

"I'll just say, if you don't have something like the Ten Thousand Poison Orb, there is no way to get the gold eater female worm."

Chen Feng nodded and said, "It is true. The poisonous insects here are really terrible."

Mei Wuxia looked at the gold-eater female worm with bright eyes, feeling a little afraid that Chen Feng would not want to touch it.

It makes people like it.

The look in her eyes made the gold-eater female worm very scared, she kept pulling back, looking very afraid.

Chen Feng looked at it and couldn't help laughing.

He looked at Mei Wuxia's longing gaze, smiled and said, "Why? Want it?"

Mei Wuxia nodded instinctively, and then quickly shook her head and said: "This is your brother Chen, how can I win the beauty of others?"

Chen Feng smiled and said, "From then on, she has followed me anyway. From now on, if you find him useful, just come to me."

"Okay, no problem." Mei Wuxia nodded her head and smiled.

Chen Feng said: "Let's talk about business, why do you say that the night grass is not hard to find, but it is very difficult to get it?"

Mei Wuxia said with a solemn expression, "Speaking of this, we must mention the thousand-year demon emperor guarding the Netherworld Sky Grass!"

"What? There is still a thousand-year-old demon king guarding beside Ji Mie Kong Xiaocao?" Chen Feng was startled when he heard this.

Mei Wuxia nodded and said, "Yes, and that Demon Emperor is very powerful. It has reached the level of the Nine-Star Demon Emperor, and its strength is comparable to a half-step Martial Emperor!"

"Even, it is said that he may break into the realm of the Demon Emperor at any time! That is even more serious!"

When Chen Feng heard this, he couldn't help being shocked.

It turned out that there is such a powerful Demon Emperor guarding beside the Nirvana Sky Grass, whose strength is even closer to the Demon Emperor Realm. No wonder this task is so difficult.

Chen Feng asked Mei Wuxia: "I don't know, do you know the details of this monster beast?"

Mei Wuxia nodded, then shook her head, and said, "As for the details of this monster, I probably know a little bit about it. After all, I'm a big expert on drugs."

"I want to take a trip to this Valley of Thousand Flowers and Poisonous Flowers. Now that I have come to the Valley of Thousand Flowers and Thousands of Poisonous Poisons, how can I not look for the 90,000-year-old Silent Nightweed in the deepest part of the Valley of Thousand Flowers and Poisonous Poisons?"

"The 90,000-year-old nirvana is one of the important ingredients of many poisons and elixirs, and even a little bit of it can make me extremely happy."

"Therefore, I have some thoughts about that monster beast."

"But unfortunately, there is very little information from that monster beast."

Chen Feng asked: "How little is it?"

Mei Wuxia said, "I have searched all the Nei Sect classics, but I only know that it is a five-thousand-year-old wolf demon emperor."

"Moreover, this wolf demon emperor, his mental power is extremely powerful!"

"Besides, I don't know anything else."

"That's it?" Chen Feng asked.

[Chapter 3073: phantom!](#)

"Yes, that's all." Mei Wuxia nodded.

Chen Feng smiled bitterly: "This information is really small enough, but well..."

A smile appeared at the corner of his mouth. He looked at Mei Wuxia and said, "That brute, we are not afraid of him, let's go!"

"Let's go now to find the 90,000-year-old nirvana night grass. As for the monster beast, come and kill one! It doesn't matter how strong he is!"

Chen Feng said this extremely domineering.

If someone else said this, Mei Wuxia would only find it ridiculous, and when Chen Feng said it, she couldn't help but feel very convinced. Zheng nodded and said, "Okay, then let's go."

So, next, Chen Feng and Mei Wuxia both moved forward.

After walking for about two hours, he came to a huge open space.

This clearing is not like a valley, but like a huge mountain plain, but on this mountain plain, there are many potholes.

From time to time, a green or red gas floats out of every pothole.

Chen Feng raised his eyebrows, took a deep breath, and said, "This gas is normal, and there is no toxin in it."

Mei Wuxia also smelled it and nodded, "It shouldn't be a poison, but I don't know what it does."

Chen Feng nodded, did not speak, and continued to move forward.

Mei Wuxia said, "This is already the deepest part of the Poisonous Valley of Thousands of Flowers, and there should be dozens of miles ahead of where the 90,000-year-old Nirvana Night Grass is located."

Suddenly, Chen Feng felt a little hot in his body.

"What's going on?" Chen Feng was secretly alert.

But apart from the heat, there is nothing unusual.

Therefore, Chen Feng took a deep breath and tried to suppress the heat.

Unfortunately, after Chen Feng took this breath, the heat was not suppressed, but it became worse.

After taking another two steps forward, Chen Feng felt that the hotness in his heart became more obvious.

He glanced sideways at Mei Wuxia, who wanted to say something, and wanted to ask Mei Wuxia if she felt that way.

However, just when Chen Feng's gaze swept across Mei Wuxia's slightly charming face and her enchanting figure.

Suddenly, with a bang, I felt a fire in my lower abdomen directly rising.

Follow your body, all the way up, directly to the brain.

There was a thud in the brain, as if a heat wave exploded.

In an instant, Chen Feng's eyes were a little red, and his nose snorted.

At this moment, he felt **** overwhelming, almost drowning himself.

He looked at Mei Wuxia, his eyes full of desire for a moment.

At that moment, Chen Feng's emotions were completely controlled by lust.

He couldn't wait to throw Mei Wuxian directly on the ground, committing adultery!

After all, Chen Feng was very human. At this moment, his calm mood immediately flashed again.

Chen Feng was shocked: "What's going on? What's wrong with me? How come I have such emotions suddenly?"

"How can this be? Chen Feng, how can you become lustful for Mei Wuxia?"

Chen Feng immediately forced his calmness to control his emotions!

However, at this moment, Mei Wuxia also turned around.

Chen Feng was shocked to find that Mei Wuxia's eyes were flushed and her face flushed.

He panted heavily, his eyes flowed, looking at Chen Feng, his eyes were alluring, and it seemed that water could drip!

Mei Wuxia walked slowly towards Chen Feng.

Chen Feng stretched out his hand and said, "Flawless, stop!"

"Stand there, don't come over!"

"We should be caught in some way, controlled by lust, you must calm down."

As soon as Chen Feng said this, he himself was stunned.

It turned out that Chen Feng's voice was dry and hoarse at this time.

As if she hadn't heard Mei Wuxia, she still walked towards Chen Feng step by step, and suddenly plunged into Chen Feng's arms.

Chen Feng immediately smelled the fragrant nephrite in his arms.

Mei Wuxia's face was pressed against Chen Feng's chest, her eyes were blank, and she whispered: "Chen Feng, Chen Feng, I am so hot, I want you so much, I am so hot!"

Chen Feng felt that another heat wave exploded in his body.

All of a sudden, he almost completely lost his mind.

However, Chen Feng bit the tip of his tongue firmly, and a mouthful of blood spurted out!

This made Chen Feng calm down a lot in an instant.

At this moment, Chen Feng suddenly realized that one after another visions appeared in front of him.

There are so many fascinating things in these visions, even Chen Feng thought of Han Yuer and Shen Yanbing.

Especially Han Yu'er, Chen Feng suddenly burst into blood when he remembered all the past with him.

Chen Feng was even more shocked: "It seems that he was not only caught by the spring poison, but also by the illusion, bewildered by the illusion.

With a low roar from the moment when Chen Feng bit the tip of his tongue, the power of the dragon descending Arhat suddenly activated in his dantian.

The power of the dragon descending Arhat is the most pure and vigorous original power.

After this moment of eruption, it immediately circulated in Chen Feng's body.

At this time, Chen Feng was also looking inside himself.

He saw that in his dantian, meridians, and even his mind, there was a lot of pink mist at this time.

These pink mist spread all over his body, making Chen Feng's body more and more numb.

And his brain is caught in endless fantasy and **** desires.

Chen Feng was shocked: "It turns out that everything is caused by this pink mist, it turns out that it is them!"

"I don't know how these pink aerosols penetrated into my body."

But Chen Feng could no longer manage so much. At this moment, he could only control the power of the dragon descending Arhat, bombarding those pink mist frantically.

With a loud bang, the power of the dragon descending Arhat collided with the pink mist.

It was strange to say that the pink mist that caused Chen Feng to fall into such a predicament was silent, and there was no way to fight back in front of the power of the dragon descending Arhat.

Immediately after the power of the dragon descending Arhat touched his body, these mists were like ice and snow in contact with boiling water, and they were melted without a trace.

The power of the dragon descending arhat went all the way, and the pink mist disappeared all the way.

Chen Feng suddenly showed a smile of joy on his face: "It works, it really works!"

In a blink of an eye, Chen Feng's power to lower the dragon and the Arhat flowed through his body, clearing all the pink mist.

Then in the next moment, Chen Feng poured the power of the Dragon Dropping Arhat into Mei Wuxia's body.

But after a while, Mei Wuxia shivered heavily, sweating profusely all over her body.

[Chapter 3074: The throbbing from the bottom of my heart!](#)

And her sweat turned out to be pink, with a weird sweet scent, which made people smell it, and there was an urge to vomit.

Mei Wuxia's clothes were all dyed pink.

She shivered violently, opened her eyes violently, her eyes were confused at first, and then turned into coldness the next moment.

There was an unspeakable fortune in the coldness.

She looked at Chen Feng and said with a trembling, "Brother Chen, thank you very much. If it wasn't for you just now, I don't know what I would do."

Thinking of what happened just now, Mei Wuxia couldn't help feeling lingering.

And even though there was a flash of shyness on her face, she was suddenly extremely shy when she thought of her embrace of Chen Feng just now.

Chen Feng didn't pay attention to this, but said softly, "It's fine, we don't know when we got this poison!"

Mei Wuxia nodded and said, "It should be the mist we smelled when we came along the way just now."

"Those aerosols themselves are not poisonous, none of them are poisonous, but..."

Chen Feng said in an interface: "However, after they gather in our body, they become poisonous."

"Yes." Mei Wuxia nodded and said!

Suddenly, as if thinking of something, she exclaimed: "Brother Chen, I know what's going on, it's the wolf demon king!"

"What? Is that Wolf Demon Emperor? He is the ghost?" Chen Feng asked.

"Yes, it must be him." Mei Wuxia said, "The wolf demon emperor is good at illusion art and has extremely strong mental power. Moreover, here, only he can quietly let the two of us fall into that way. Inside the illusion."

Having said this, her face flushed again, and she glanced at Chen Feng, her eyes full of shyness.

Obviously, the illusion that appeared in her mind just now must be very charming.

Before Chen Feng could speak, he suddenly heard a strange laughter from behind the two.

"Not bad, the two little guys can break free from my fantasy? It seems that they are really capable."

"Generally, after your Xuanyuan family's inner sect disciples entered here, they died directly under my illusion, and there was no chance to see me."

After Chen Feng listened, they turned back instantly.

Then he saw that a giant wolf was standing there by himself about several tens of meters behind them.

It is not right to say that it is a giant wolf, because this wolf is not very big.

It was only the size of a big blue cow, no more than two meters tall, and less than three meters long. Compared with many giant monsters, it was not worth mentioning, and it was not as big as a claw of the opponent.

However, the aura on this wolf demon emperor was extremely tyrannical, heading straight into the sky!

No matter who comes, it cannot be ignored.

Moreover, after taking a look at him, Chen Feng frowned.

It turned out that this wolf demon emperor was full of purple and gold, looking quite mighty and mighty, but his aura was very unpredictable.

There is no for a while, strong for a while and weak for a while, people simply can't figure it out.

Moreover, after looking at him, Chen Feng felt that thousands of illusions appeared before his eyes, which made him blink quickly.

After blinking, the illusion disappeared, but it appeared again in the next moment, which made Chen Feng feel extremely uncomfortable.

Moreover, those illusions were squeezed into his mind.

In an instant, Chen Feng felt buzzing in his mind, and it was extremely uncomfortable.

He quickly moved his eyes away, and so did Mei Wuxia by the bed!

Seeing the two people react like this, the Purple Gold Wolf Emperor made a jittery laugh, like a ghost.

"I can see it. It should be the kid on the right who has some special martial arts and martial arts, which can resolve my illusion!"

"But, so what?"

He slowly floated up, scanning the two with the corner of his eye, his eyes filled with disdain.

"It's just an eight-star martial emperor, a nine-star martial emperor's pinnacle. What's the use of such a little trick?"

"Today, will he die under my claws?"

Chen Feng looked at him, and a deep look flashed in his eyes. This Purple Golden Wolf Emperor gave Chen Feng a rather strange feeling.

He knew that the Purple Gold Wolf King was very powerful, but he couldn't tell where he was powerful.

Moreover, this Purple Gold Wolf Emperor turned out to give Chen Feng a rather familiar feeling.

However, he dared to confirm that he had never seen this Purple Gold Wolf Emperor before.

Chen Feng was surprised: "What the **** is going on?"

Seeing Chen Feng's silence, a gloomy cold flashed in the eyes of the Purple Gold Wolf Emperor, and Jiejie sneered: "Boy, what? Are you scared stupid? Don't you hurry up and die?"

"If you come here obediently and don't resist, I can swallow you in one bite and leave you a whole body!"

Chen Feng smiled and said, "What if I don't?"

"If you don't?" The Purple Gold Wolf Emperor smiled and waved his paws. In his mat, a few sharp claws flashed quietly: "I will use my sharp claws to divide you into hundreds, and then slow down. Eat slowly!"

"Don't worry, my mental power is very strong, and I also have a way of manipulating my soul."

"You won't die until your head is eaten."

"I will be in front of you and let you eat your body piece by piece while you are awake, and let you watch your body be swallowed, but there is no alternative."

His voice was full of spite and pride.

Chen Feng smiled and said, "Oh? It seems that you think you must have taken us, and you can easily defeat the two of us, right?"

"Of course!" The Purple Gold Wolf Emperor said proudly: "Even if you have such a special ability to dissolve my fantasy and my toxins, my fighting power is far more than you!"

"How do you stop this?"

Mei Wuxia looked at Chen Feng and said softly, "Brother Chen Feng, be careful about everything."

"This demon wolf is extremely deceitful. Although he says he can kill the two of us with strength, he should be ready to release his illusion at all times, so he still has to be careful."

Chen Feng nodded and smiled and said, "Don't worry, I have always been on guard!"

The power of his dragon descending arhat has been all over his body, just to guard against the power of the illusion of this demon wolf.

And Chen Feng was about to speak, and suddenly at this moment, Chen Feng felt that a very strange feeling came from the deepest part of his mind.

That feeling is like a deep empty valley, a drop of water gently dripping into the surface of the deep pool that seems to have been silent for thousands of years.

With a slap, there was a ripple!

[Chapter 3075: Blood wind! Hope of awakening!](#)

It was like being in the depths of a cave that had been dead for tens of thousands of years, a person gently stroking the piano.

There was a string that vibrated quietly.

Suddenly, the world is different!

Chen Feng's face changed drastically in an instant, and a great shock surged in his heart.

Although it was just the slight sound, for Chen Feng, it was no less than a huge thunder that exploded in the depths of his mind, making his whole person instantly stiff.

Chen Feng stood there, unable to move for a while.

After a while, Chen Feng came back to his senses.

Although his face was as usual, there was still a storm in his heart.

A voice in his heart screamed frantically: "What happened just now? Who stirred my heartstrings just now?"

"Why is there such a strong shock?"

"I feel that the throbbing seems to come from the deepest part of my heart!"

"It's the one I worry about the most, and the one I can't give up the most!"

Chen Feng immediately held his breath, looking for the source of this tremor.

But at this moment, there was a slight throbbing suddenly.

Chen Feng felt that his heartstrings had been flicked again.

At this moment, Chen Feng finally knew where this throbbing originated from, and it came from within his Soulman Space.

Therefore, Chen Feng had already ignored the wolf demon emperor, he actually entered directly into his soul-man space.

In the soul space, among the many vine snake scales floating in the sky at this time, among the yellow bird feathers, a small box quietly floated out.

Fell in front of Chen Feng.

Chen Feng's face changed drastically. At this moment, he was extremely excited, his face flushed, and his eyes were full of light.

He stretched out his hand, and his hands were shaking.

From the fingertips to the arms, everything was shaking.

He wanted to speak, but his lips were shaking violently.

Finally, he took a deep breath, forcibly suppressed the extreme excitement in his heart, and slowly spit out a few words: "This, this, this is actually a tremor from the blood wind!"

"It turned out to be the blood wind, with a reaction!"

"It's no wonder that in the deepest part of my heart, that heartstring was struck in an instant!"

"Because Bloodwind is what I care most about!"

"His reaction, of course, can touch my mind!"

Chen Feng murmured blankly, he still hadn't recovered.

He was still a little shaken by this huge shock, so that he didn't know how his emotions were, and his eyes were still a little confused.

And finally, when the confusion in his eyes faded, Chen Feng suddenly let out a huge cheer: "Bloodwind, it turned out to be you? You actually reacted?"

"Bloodwind! You actually reacted?"

He was so ecstatic that he held the box with both hands.

This box is very simple, but inside, it contains the body of Bloodwind.

At first, the blood wind fell into silence, and the soul did not know where to return. As for the body, it was treasured by Chen Feng and placed in this box.

In a blink of an eye, time flies, and years have passed.

At this moment, there was another tremor in the box that had been silent for several years.

This time, Chen Feng felt very real.

This is a faint heartbeat!

"Heartbeat!"

"Blood wind has recovered the heartbeat? Blood wind has regained the feeling of the outside world?"
Chen Feng was overjoyed.

He perceives it carefully for a moment, and then his face shows a sudden look, the corners of his mouth are slightly upturned, and a smile is outlined.

"I know, I know why the blood wind will react!"

"It turns out that Bloodwind's reaction actually came from..."

Chen Feng suddenly raised his head, his eyes seemed to have penetrated time and space and saw the outside.

"Bloodwind's reaction actually came from the Purple Gold Wolf Emperor outside!"

At this moment, Chen Feng suddenly remembered why he had a familiar feeling when he saw the Purple Gold Wolf Emperor for the first time.

Bloodwind, isn't it just having a trace of the blood of the Purple Wolf Emperor?

"That's it!" Chen Feng suddenly realized.

"It turns out that the purple-golden wolf emperor outside has such a connection with the blood wind!"

"And his bloodline is obviously also extremely powerful, so he just stimulated the blood wind and made the blood wind react!"

"Great, this is really great!"

Chen Feng was almost dancing with joy.

This can't help but he is unhappy, after all, since a few years ago, Chen Feng has been thinking about recreating the soul of the blood wind and letting the blood wind be reborn.

And now, his goal is finally reached.

How did this make Chen Feng unhappy?

He saw the hope of rebirth!

Chen Feng perceives it carefully for a moment, and he can feel the ultimate desire in the box and the soul of Bloodwind.

Chen Feng nodded slowly, and whispered softly: "Bloodwind, don't worry, I will definitely kill the Purple Gold Wolf King for you!"

"I will definitely recast life for you! Let you come to me again!"

"Bloodwind, don't worry, I will do it!" Chen Feng's eyes were firm.

In the next moment, Chen Feng returned to the real world.

In his eyes, there was a sudden flash of light, staring at the Purple Gold Wolf Emperor in front of him without blinking.

At this time, he looked at the purple gold wolf emperor, without the slightest fear, but full of surprises, as if looking at a certain treasure.

Seeing Chen Feng's gaze, Zijin Wolf Emperor suddenly felt extremely uncomfortable.

He felt that the weak human being in front of him seemed to treat himself as prey.

After thinking of this level, he was even more angry, and an angry roar came out from his throat: "Little boy, what do you look at? Look again, believe it or not, I will kill you now?"

In the next moment, his aura increased wildly, and in a blink of an eye, he had already reached the peak of the Nine Star Demon Emperor, and he was still improving.

Looking at this posture, it turned out that it was going to climb to a half-step away from the realm of the demon emperor, but it was only a short line away!

Extremely powerful!

As he increased his momentum, he looked at Chen Feng and laughed disdainfully: "Little boy, tell you, I don't even need to do it, just with the aura can crush you alive!"

Chen Feng showed a sneer at the corner of his mouth, and said with a smile: "Really? Why am I so unbelievable? You might as well give it a try!"

The Zijin Wolf Emperor let out a violent roar, and his momentum rose again.

He looked at Chen Feng with a joking expression on his face.

In his opinion, as long as he raises his aura a little further, Chen Feng will undoubtedly die. It is impossible for him to survive under his aura, and he will be crushed to death directly.

He stared at Chen Feng, with a playful smile at the corner of his mouth, as if he had seen the scene where the two of Chen Feng fell to the ground under his own aura, crying bitterly for mercy.

[Chapter 3076: Isn't this a coincidence?](#)

But soon, his face changed.

The playful expression solidified on his face, replaced by a strong disbelief.

It turned out that Chen Feng stood there faintly, silent, with a smile on his lips.

And his aura was crazily suppressed, but it had no effect on this small human in his eyes.

Even Chen Feng is still calm and calm.

He let out an angry roar: "How is it possible?"

It was crazy to increase his aura again, and finally, he raised his aura to the point where he was only a line from the half-step Demon Emperor realm.

He laughed and said, "Boy, I see if you will die this time..."

His laughter stopped abruptly, his eyes widened, and he stared at Chen Feng in disbelief.

"What? Are you still able to survive? You are still unaffected?"

It turned out that Chen Feng was still standing there smiling!

Obviously, the aura of the Purple Gold Wolf Emperor did not affect him at all.

Chen Feng spread his hands, smiled and said, "It seems that your aura doesn't work for me!"

Hearing Chen Feng's playful tone, Mei Wuxia couldn't help but chuckle with a chuckle.

Hearing Mei Wuxia's chuckle, the Zijin Wolf Emperor suddenly recovered.

In an instant, he changed from extreme shock to extreme shame.

He turned into anger, staring at Chen Feng with a stern look in his eyes, but he still didn't put Chen Feng in his eyes, and said with disdain, "Boy, I know what's going on."

"You must have some weird martial arts, martial arts, or strange treasures, which can resist the illusion I created, and naturally it can resist my aura."

"Let me just say it!"

He felt as if he had guessed the answer, and said very confidently: "Yes, it must be like this!"

He hung his eyes and said with a disdainful expression: "Boy, but with such a slight ability, he is slandering here. It's a pity, how can I hide it from my eyes?"

"I can see you thoroughly, you are just a trash with such a little trick!"

"If I really want to kill you, it's easy! Do you still want to fool me? Dreaming!"

He felt that Chen Feng just wanted to fool him by some small means.

After Chen Feng heard this, he couldn't help shaking his head, feeling very ridiculous in his heart.

The reason why I can resist his aura is because I have enough strength, nothing more, there is no other reason!

The Purple Wolf Emperor laughed wildly and said: "Unless you are someone who possesses the essence of God, you can't deal with me at all. Even if you are a warrior who possesses the essence of God, I generally don't care about it!"

Chen Feng smiled slightly and said nothing, just stretched out his right hand, and then hooked his index finger towards the Purple Wolf Emperor.

Although Chen Feng didn't say anything, this gesture already represents everything!novelust.com

After seeing this gesture, the Purple Gold Wolf Emperor suddenly became furious.

He let out a stern roar, and rushed directly at Chen Feng.

The speed is extremely fast in a flash.

At the same time, with a brush in the pad of his right palm, three wolf claws flashing with cold light ejected out.

Each of these three wolf claws is three feet long and pale.

The appearance is neither golden nor jade, but it looks like a special bone claw, extremely sharp.

As soon as it came out, Chen Feng and Mei Wuxia immediately felt cold all over their bodies.

Obviously, such an effect can only be produced by the extreme sharpness!

In the next moment, his figure turned into a purple-gold phantom. In Chen Feng's eyes, the purple-gold wolf emperor disappeared, leaving only a purple-gold phantom.

Chen Feng's heart shuddered. His current strength is just a phantom in his eyes, which shows how fast the Purple Gold Wolf Emperor is!

The Purple Wolf Emperor uttered a crazy roar, and in the next moment, he was already in front of Chen Feng.

Then, among his right paws, the three pale sharp claws swung towards Chen Feng fiercely.

Mei Wuxia looked at the face of the flower eclipsed.

At this moment, the imposing momentum, even though she was not the main target of the Purple Wolf Emperor's attack next to Chen Feng, she still felt that the sky seemed to collapse.

From this it can be seen how tyrannical the Purple Gold Wolf Emperor's offensive is, and how powerful this move is.

Mei Wuxia exclaimed: "Brother Chen, hurry up, hurry up!"

It seems that Chen Feng is absolutely impossible to stop this trick, only to avoid it.

It may even be too late to hide!

This move is infinitely close to the power of the half-step Wudi realm!

The Purple Wolf Emperor laughed wildly: "Boy, my trick is infinitely close to the half-step Martial Emperor realm, how can you stop it?"

And at this moment, Chen Feng, who had been standing there smiling silently, suddenly straightened his back.

The whole person is like a javelin.

"Is it infinitely close to the half-step Wudi?"

Chen Feng's mouth was filled with an icy smile: "If it's a half-step Wudi, it's at the same level as Yu Taihong. I really can't deal with it, but it's just close!"

"Then, Chen Feng, what is there to fear?"

At this moment, the aura radiating from him shocked Mei Wuxia.

Suddenly a thought flashed in her mind: "Could it be that? Can it be that Brother Chen still didn't do her best?"

At this moment, Chen Feng's momentum rose to the sky.

Even the ancient and unhealthy clouds over the Poisonous Valley of Thousands of Flowers shook violently.

Then, I only heard Chen Feng slowly say: "Just now, didn't you say that only the person with the gods can deal with you?"

"That's right!" Zijin Wolf Emperor said proudly.

He looked at Chen Feng up and down, then sneered disdainfully: "But no matter how you look at it, you don't seem to be a person with God's Yuan."

"You are such a mere eight-star martial emperor, you are also worthy of having a gods?"

Chen Feng laughed, and suddenly the laughter stopped, staring at the Purple Wolf Emperor and said, "Isn't this a coincidence?"

"Chen, I really have God's Essence!"

After hearing these words, the purple-gold wolf emperor's face first showed an extremely shocked expression: "What? How is it possible, how can you have a god?"

The next moment, he let out a disdainful laugh: "Boy, I admit that you are really good at bluffing people, and you are still scaring me even now."

"But do you think I would be so stupid?"

"Do you think I will believe your nonsense?"

Chen Feng smiled slightly: "Believe it or not, I can't help but you! Because!"

His voice was flat and indifferent, but he was full of powerful and extremely confident: "This is the truth!"

When Chen Feng said this, the volume got higher and higher.

[Chapter 3077: beat!](#)

When it came to the last word, it was already a terrifying sonic boom.

Then, his hands were raised.

The next moment, in his dantian, a touch of orange suddenly appeared.

Then, there was a loud bang, and in front of Chen Feng, a zigzag, orange body, something like a branch of lightning suddenly appeared.

It is Chen Feng's golden lightning spirit.

As soon as it appeared, the body immediately exudes a breath of majesty like prison, strictness like the sky, fierceness and extreme dominance.

As soon as this breath appeared, the poisonous insects all over the surrounding air stood stupidly in place.

Let alone attacking Chen Feng, he didn't even dare to move.

And the aura emanating from it, with a thud, hit the claw that the Purple Gold Wolf Emperor had shot.

There was a crisp sound, like a crystal being broken.

The momentum of the Purple Wolf Emperor's attack was directly broken.

Then, this zigzag like lightning-like gods slammed on the three pale claws of the Purple Wolf Emperor.

The Purple Gold Wolf Emperor let out an incredibly loud roar: "How is it possible? You, you actually have the gods?"

He has lived for so many years, and he is not stupid, how can he not see it?

What Chen Feng released at this time was Shen Yuan.

And the momentum is extremely strong, and you can see that the level is extremely high at a glance.

A sneer appeared at the corner of Chen Feng's mouth: "Now I'm still worried about whether I really have the gods, right?"

"Then you really worry too much!"

"just now!"

He smiled slightly and said, "What you should worry about the most, isn't it your life and death?"

As soon as Chen Feng's voice fell, the implausible roar of the Purple Wolf Emperor turned into a scream.

With a creaking sound, the golden lightning spirit had already interrupted his three bone claws.

His three sharp claws broke directly from them.

Suddenly, blood shot out frantically from the bone claws.

And he was convulsed with pain, and there was a violent tremor, apparently suffering a severe injury.

In the next moment, that divine essence did not stay at all, and directly bombarded his body.

Suddenly, the Purple Golden Wolf Emperor was like a cub being kicked into the air. It flew out several hundred meters away, twisted its body, banged on the ground, and smashed it out directly. Da Hang.

But he was vomiting blood crazily from the wolf's mouth, letting out a screaming scream, twitching all over his body with pain, and rolling violently on the ground.

However, he even ignored the physical pain.

The next moment, he stood up: staring at Chen Feng.

At this moment, the arrogant arrogance on his face had completely disappeared, replaced by a trace of disbelief.

He glared at Chen Feng, exclaiming and roaring: "You, do you really have the essence of God?"

"Besides, your gods are so strong?"

Chen Feng smiled and said: "I told you a long time ago, but you don't listen."

"Moreover, in fact, I am not a complete divine essence, just the embryonic form of divine essence."

Hearing this sentence, the Purple Gold Wolf Emperor was even more shocked.

Mei Wuxia was also shocked and speechless.

She covered her mouth and said in her heart: "Brother Chen Feng has only the rudiment of Shenyuan, and it is so strong. If Shenyuan is fully formed, how powerful will it be?"

In the next moment, Chen Feng smiled at the Purple Gold Wolf Emperor and said, "Now, tell me, do I have the ability to kill you?"

Looking at Chen Feng, who was approaching step by step, Zijin Wolf Emperor suddenly realized something.

In the next moment, even the disbelief on his face just disappeared, and it turned into a touch of intense to extreme fear.

Because at this moment, he suddenly realized that Chen Feng was really capable of killing him, and he really wanted to kill him!

He exclaimed: "You, what are you going to do?"

Chen Feng looked at him like a fool, smiled and said, "What do you say I want to do?"

"You ask me now, what am I doing? Are you stupid or crazy? Of course I am going to kill you!"

Mei Wuxia chuckled at the side and chuckled.

If it were to change the words just now, what Chen Feng said was enough to make the Zijin Wolf Emperor angry, but now, he doesn't even have the courage to become angry.

He twitched little by little behind him, and said to Chen Feng, "You, you can't kill."

Chen Feng smiled and said, "Tell me a reason not to kill you."

The Purple Wolf Emperor suddenly became poor and couldn't say a word.

And Chen Feng got closer and closer, and suddenly, a touch of condensed viciousness flashed across the face of the Zijin Wolf Emperor: "Okay, you want to kill me, right? I make you feel bad!"

With that, he rushed madly towards Chen Feng.

Among its left paws, three pale wolf paws also appeared, and they rushed towards Chen Feng.

His aura at this time was stronger than before, and he was obviously desperate.

And Chen Feng smiled slightly, but didn't take it to heart at all.

He still just waved his hand slightly.

Immediately, Chen Feng's spiritual essence flew forward.

With a bang, once again collided with the Purple Gold Wolf Emperor.

This time, although the Zijin Wolf Emperor came with a stronger momentum, there was no difference between the end and just now.

His body turned over with a thump, hit the ground again and again, vomiting blood crazily, and convulsing all over!

At this time, he was already seriously injured, and he didn't even have the strength to fight back again.

He could only struggle to crawl out of the pit and stared at Chen Feng with horror.

Chen Feng walked to him, smiled and said, "Now, are you still struggling to death?"

The Purple Gold Wolf Emperor was already desperate.

At this time, Chen Feng did not act immediately, but closed his eyes gently.

However, the Zijin Wolf Emperor was shocked by him, even if Chen Feng closed his eyes at this time, he did not dare to have any strange thoughts about Chen Feng.

At this time, Chen Feng came to the Soul Person Space and sensed the pulse of the blood wind.

Chen Feng wanted to know how to use this Purple Gold Wolf Emperor to resurrect Blood Wind.

However, after coming here, Chen Feng found that the blood wind was still only pulsating, only the heartbeat.

Nothing else!

Chen Feng frowned, "What's going on? I don't know how to use the body of the Purple Wolf Emperor!"

Chen Feng was a little helpless.

But then, he had an idea. The next moment, Chen Feng opened his eyes and returned to the real world.

Then, his right hand flashed, and suddenly, in the palm of his hand, a jade box quietly appeared, it was the box carrying the blood wind body.

Chen Feng thought, taking out the body of Bloodwind, and coming here, he felt that there should be some changes in the real world.

[Chapter 3078: The Great Array](#)

But what Chen Feng didn't expect was that there was still only a heartbeat coming from the box, and only the longing for the Purple Wolf Emperor from the source.

Apart from this, there is no other movement!

Obviously, the blood wind sleeps for too long, or the blood wind experience is too shallow, and I don't know what to do.

On the contrary, it was the Purple Gold Wolf Emperor. After seeing the box, he was surprised at first, and then he felt the breath and desire coming out of the box.

Suddenly, his eyes widened, and a touch of fear appeared on his face.

That fear is different from the previous fear of Chen Feng, but a kind of respect and fear for the superiors that seems to be derived from instinct, imprinted in the soul and nature and carved in the bone!

He looked at Chen Feng with a wailing in his throat, and said, "I finally know why you must kill me."

"It turned out to be for this little thing!"

And when he said the three words "little things", there was a snap, and there was a crisp sound in the void.

Then, his body shivered violently, and another gulp of blood came out.

There was a look of fear in his eyes, and he never dared to say the little thing again.

He looked like the brand in his soul just now, not allowing him to offend the blood wind.

He dared to say that the blood wind was a small thing, and he was immediately lashed by the whip in his soul!

Chen Feng looked even more curious.

"What is the origin of the blood wind, this little guy will make the Purple Wolf Emperor with such a high bloodline level so fearful?"

The pain that originated from the soul immediately made him let out a scream.

He seemed to realize something, his pupils shrank sharply, as if he had seen a ghost, and roared sharply: "So amazing? His bloodline is so amazing?"

"I just thought him high enough, and his bloodline is countless times higher than I expected!"

His voice was trembling: "This, this is actually from the sky above the nine heavens..."

He just wanted to say that suddenly there was another scream, and the pain from the depths of the soul came again.

He was terrified: "You can't say it? Can't you say this?"

"How noble is his bloodline? Can't say it?"

When Chen Feng watched by the side, he was also in shock.

The Purple Gold Wolf Emperor lay on the ground, with unspeakable fear in his eyes. At the same time, there was also a trace of greed, regret, and shame deep in his bones.

A voice echoed in his heart: "It would be nice if I had encountered this little thing in my heyday."

"If I meet him in his heyday, even if it is the fear of him in my soul brand, I can forcibly overcome the compulsion in the soul and consume him."

"And as long as I swallow him, my strength can be increased crazily!"

"His bloodline, the level is too high!"

"Not only the improvement of strength, the most important thing is that my bloodline level will also improve."

"I had already reached the bottleneck stage in my cultivation. With my bloodline level and my talents, it is almost the end of my cultivation to this level."

"And I swallowed him, my bloodline has improved, and my talent has improved, and I will be infinite in the future!"

But all this can only exist in his imagination.

"I hate it!" He was unwilling to the extreme.

At this time, Chen Feng would naturally not care about his thoughts.

He looked at Mei Wuxia next to him, and asked, "Wuxia, I have something to ask you about. I don't know what to do about it."

Having said that, he carefully explained the situation of the blood wind and the blood wind to the desire of the Purple Gold Wolf Emperor.

After Mei Wuxia listened, she couldn't help but fall into contemplation.

Seeing this scene, Chen Feng's heart suddenly surged with hope.

After all, if Mei Wuxia didn't know the method at all, she didn't need to think about it.

After a while, Mei Wuxia's eyes lit up and she clapped her palms and said, "Brother Chen, let alone, I really have a way!"

"Oh? Really?" Chen Feng said excitedly.

"Naturally it is true!" Mei Wuxia looked at Chen Feng with a smile and said, "How can I deceive Brother Chen?"

Thinking of being able to help Chen Feng, she was also in a very good mood, as if there was a smile between her brows and eyes.

She looked at Chen Feng and said, "Senior Brother Chen, I need to set up some formations now. You can help me watch this guy by the side."

"Others, I'll come."

"Good." Chen Feng nodded and said.

After all, Mei Wuxia was busy.

She first drew a circle within a radius of 100 meters, and the circle was almost perfect.

Chen Feng didn't know how he drew it, but at a glance, he felt that the circle seemed to be perfect.

After another glance, Chen Feng suddenly felt dizzy in his head and almost fainted.

He snorted, and a mouthful of blood spilled from the corner of his mouth.

A look of horror appeared on Chen Feng's face.

"Mei Wuxia just drew a circle, so it has such a magical effect? There must be a lot of powerful Osec in it!"

"It seems that she has made considerable progress over the years in her formation."

Chen Feng didn't dare to look again, but stared at the Purple Wolf Emperor with peace of mind.

After Mei Wuxia drew the circle, he drew many lines in it. These lines seemed to be unrelated. In fact, after he finished drawing, Chen Feng glanced at it and discovered that the number of weeks and days was hidden inside, which was extremely mysterious!

Then, she took out piece after piece of all kinds of strange-shaped things from her golden thread kit.

These things are different.

Chen Feng saw that there were tortoise shells, feathers, some rare metals, and some things that looked like crystals.

She laid out a full thirty-three eyes, and then inserted these things in.

Finally, a small pennant was inserted in the center of the entire formation.

The little pennant moved in the wind, tightly stretched.

The whole process took more than an hour.

At this moment, she finally straightened up, clapped her hands, sighed softly, looked at Chen Feng, and said with a smile: "Brother Chen, all right."

She was a little pale and sweaty on her forehead.

Obviously, for her, setting up this formation is not a simple matter.

Chen Feng said softly: "Thank you."

"What's the trouble? Help Brother Chen!" Mei Wuxia said with a smile.

Chen Feng looked at her and asked, "I don't know what this formation is called?"

"It's called the Great Array of Imperishable Souls!" Mei Wuxiao said word by word.

"Oh? The Great Array of Soul-Creating Potential?" Chen Feng carefully savored the name.

The aura revealed from this formation gave Chen Feng an extremely dangerous, extremely vicious, and at the same time it carried a hint of evil.

[Chapter 3079: Smelt!](#)

After hearing the name of this formation, the Purple Golden Wolf Emperor uttered a sob of complete despair in his throat.

He looked at Mei Wuxia and yelled frantically: "Kill me, you kill me!"

"Don't throw me into this formation, you kill me!"

Obviously, he knew how terrifying this formation was.

Chen Feng looked at Mei Wuxia, with a trace of inquiry in his eyes.

Mei Wuxia said solemnly, "This formation is quite vicious."

"The reason it's called this name is because it can strip out the soul of a certain, or a certain powerful creature."

"Then, refining them from the soul to the most original soul power."

"However, it does not lose its nature."

"The most important thing is that the soul after being refined carries the brand of his own blood and soul."

Chen Feng asked: "These spirit powers must be very useful?"

"That's natural."

No time to say: "As long as he absorbs these spirit powers, if the absorber is a monster, he can inherit his blood."

"If the absorber is a human warrior, then you can get some additional benefits, such as possessing his bloodline transformation, possessing some of his abilities, and so on."

Chen Feng was shocked when he heard it, and said, "This is the origin of the word melting pot, right?"

"Yes, exactly."

Mei Wuxia said: "In fact, this formation is very hurtful."

"If it's just pure refining, if it's just purely robbing souls, or even if it's just simply stripping it into the most original soul power, then that's all."

"And this, it's simply to **** the bones and **** the marrow, condense all his benefits, all the use value, into that trace of soul power, and completely absorb it."

"If you don't leave a trace of life, make full use of it, it's a bit too extreme."

"So, this formation can't be used more, it will hurt the sky and peace if you use it too much."

"Then you?" Chen Feng asked with some worry.

Mei Wuxia said: "It's okay, this is the first time I have used it since I learned, don't worry, there will be no problems."

Chen Feng nodded, slightly relieved, and said, "That's good."

Then, Mei Wuxia said to Chen Feng: "Now, Brother Chen Feng, first put this Purple Gold Wolf Emperor in the middle of the formation."

Chen Feng nodded, reached out and grabbed the fur on the head of the Purple Gold Wolf Emperor, and with a flick of his hand, he placed him in the center of the formation.

At this time, the Purple Wolf Emperor seemed to have foreseen his fate, and let out a crazy howl:

"You kill me, you kill me!"

"Tell you, if you do this, there will be no good end. If you do this, then you will definitely die more miserable than me!"

He cursed both Chen Feng frantically.

Chen Feng just smiled when he heard it, and didn't even care about it.

On the road of cultivation, the weak and the strong eat the weak. If he and Mei Wuxia are weak and fall into the hands of this Purple Golden Wolf Emperor, then the end will definitely be even worse than the current Purple Golden Wolf Emperor.

The Purple Wolf Emperor will not let go of their bones, flesh, and even their souls.

With his ability to manipulate souls, I am afraid that now the souls of Chen Feng and Mei Wuxia will be refined by him.

Therefore, Chen Feng did not hesitate to start.

It is strange to say that the Purple Gold Wolf Emperor had just been placed in the center of the formation. Suddenly, with a sigh, the small flag on the formation jumped up and inserted directly into the head of the Purple Gold Wolf Emperor.

The Purple Wolf Emperor suddenly trembled violently.

The next moment, his eyes became confused.

Then, he actually stood up slowly, staring at the front blankly, his body motionless.

Suddenly, the small flag trembled slightly.

Suddenly, all the wounds on the body of the Purple Gold Wolf Emperor were enlarged several times.

The blood was squeezed and shot out wildly.

In a blink of an eye, these blood flowed around along the lines above the formation.

It was just a moment of effort, this formation was already flooded with blood, and it became a sea of blood!

In the next moment, all of these blood will shine.

Above the entire formation, the light is transparent.

A red light flickered from above the blood and began to rise slowly.

Obviously, the formation is already working.

At the same time, the small pennant that was inserted above the purple and golden wolf emperor's head began to tremble slightly.

Suddenly, the Purple Gold Wolf Emperor let out a scream, and the confusion in his eyes had disappeared without a trace.

Instead, it was pain that was intense to the extreme. *NOVELusb.com*

His body moved violently, and Chen Feng could see that he wanted to struggle desperately, but it had no effect at all.

He can only shake lightly, and can't move himself at all.

The next moment, all the muscles on his body were violently swelled, blood spurted, and even the fur was stretched a circle.

Chen Feng felt like he was being pinched in his hand, trying to squeeze out something from his body.

And the fact is exactly the same.

Then, Chen Feng suddenly heard a soft pop.

However, Chen Feng is very clear that there is no such sound in reality.

The reason why I can hear it is not actually hearing it, but just the soul feeling it.

Then, he saw that a small phantom appeared above the purple-gold wolf emperor's head.

This little phantom is the soul of the Purple Wolf Emperor.

His soul was actually forced out of the body by force.

Of course, now the soul has not fully appeared, but only a small part!

When the soul was squeezed out, the purple-gold wolf emperor's face had no more pain, and once again fell into sluggish paralysis.

Chen Feng knew why, because at this time his body was just a walking dead.

Slowly, all the souls squeezed out.

A phantom of the Purple Gold Wolf Emperor stood proudly in the void. He glared at Chen Feng and Mei Wuxia, grinned and let out a crazy roar.

Now that the soul had broken out of his body, he thought he had no scruples.

A soul fluctuation sounded from Chen Feng's mind: "You two dogs, if you hurt me like this, I will definitely not spare you."

"I will kill you, I will kill you!"

He yelled frantically and bitterly, and then his soul turned around to escape.

At this moment, Mei Wuxia sneered: "Want to run? Can you run away?"

He cast dozens of mysterious seals with both hands one after another.

These mysterious seals all fell on that formation.

[Chapter 3080: Rebirth of blood?](#)

So, the next moment, this formation is like a fire filled with oil, with a bang, which is directly higher than before by many times.

Those red lights were originally only two or three feet tall, but now they are more than ten feet tall.

These red lights are composed of red lines one after another, forming an inexplicable three-dimensional array.

This great formation directly enveloped the soul of the Purple Gold Wolf Emperor, completely suppressing it!

The soul of the Purple Gold Wolf Emperor banged on it with a bang, but was directly ejected back.

A look of horror appeared on his face: "What is this? What the **** is this?"

"What the hell? Of course it is the ghost that will kill you!" Mei Wuxia smiled coldly.

then. Those lines slid frantically, passing directly over the body of the Purple Gold Wolf Emperor, cutting his body in half.

Then another line crossed, cutting him into four pieces.

Then another line crossed...

In a blink of an eye, these red lines drew countless times, cutting the body of the Purple Gold Wolf Emperor to pieces!

This directly affects the soul level, and it hurts beyond imagination.

The soul of the Purple Wolf Emperor fluctuates violently!

And just as these red lines cut its soul, they also cut his body to pieces.

In the next moment, every piece of body flew up, and then corresponded to that piece of soul.

Thus, the soul and this body are glued together.

There are countless flesh and blood floating in the sky, which looks quite terrifying.

In the next moment, these lines emitted intense light and heat, and Chen Feng was far away, feeling a feeling of being smoked and almost melted.

He was shocked in his heart: "With the strength of my current body, the high temperature of tens of thousands of degrees cannot give me this feeling."

"How hot are these lines?"

"This formation is worthy of being called a melting pot! As expected, the temperature is extremely high!"

"And I feel that the red flames above these red lines seem to have a soul-oriented function."

"I think I am extremely sleepy now, it seems that my soul has been sucked in."

Chen Fenghe had no time to back up.

Both of them felt so hot outside the circle, let alone the Purple Wolf Emperor in the circle.

At this time, every piece of flesh and blood and every piece of soul in Zijin Wolf Emperor's body were smoked by countless red lines.

In the next moment, these red lines thumped and turned into red flames, enveloping its flesh and soul.

The red flame burned more and more hot, and the scream of Zijin Wolf Emperor became stronger and stronger.

Finally climbed to the extreme.

After that, it began to fall rapidly.

Finally, it stopped abruptly!

Obviously, he had been smoked and had no consciousness at all, and he couldn't even make a scream.

Chen Feng saw that a soul and a body were together, and then under the fumigation of this weird red flame, the body was gradually melting, and the soul was gradually melting.

In the end, the two of them slowly began to merge, turning into the same brand new substance.

Finally, with a bang, the red flames that wrapped them disappeared as if lanterns burst.

In the same place, there is no more body, no more soul.

There was only a huge drop left, a golden-red thing the size of a human head, like a drop of gold.

This thing is like the condensation of the golden red mist!

This is just the beginning.

Then, the sound of bangs was endless.

Pieces of golden-red mist appeared.

Finally, everything turned into a golden-red mist.

At this time, there was a long and miserable howl in the furnace.

Then, the curl disappeared, and finally there was no trace.

Chen Feng knew that this was the last sound the Purple Gold Wolf Emperor left in this world.

He has completely disappeared.

Both soul and body.

The moment Chen Feng saw the golden-red mist, he felt a sudden heart palpitation.

Because this golden-red mist gave Chen Feng an extremely powerful feeling, that kind of power is not the power of strength, but the nobility of its quality.

Because this is not a simple force, but countless kinds of forces mixed together.

Chen Feng whispered softly: "I can feel the power of the soul, the power of the blood, and the talent of the Purple Wolf Emperor itself."

At this time, if an ordinary warrior can fuse such a little mist, he can immediately become a strong one.

Moreover, will inherit part of the Zijin Wolf Emperor's talent and blood.

"It's too strong, this furnace is big, the things that are smelted are really too strong!"

Mei Wuxia's face was pale at this time. Just now, she had been constantly punching her seals to control this large formation.

And now, seeing that she finally reached Consummation, she also let out a long sigh of breath, and she felt almost collapsed!

She looked at Chen Feng, with a smile of relief on her face, and said, "Big Brother Chen, I finally live up to the promise."

Chen Feng nodded heavily.

He remained silent for a moment without speaking.

After a while, his hand stretched out to the jade box, ready to open the jade box!

Chen Feng's hands were shaking, and his heart was shaking.

Because, while this gave him hope, it also made Chen Feng especially afraid of losing hope!

Finally, she opened the lid of the ten boxes with trembling hands, revealing the **** wind inside.

This is the first time Chen Feng has seen blood wind in several years.

Before, he didn't dare to open this box before he had no hope.

Because Chen Feng knows that every time it is opened, it is a kind of destruction to the blood wind.

Every time it is opened, the body of the blood wind may corrode even more severely after it contacts the outside world.

And now, he finally saw that the small body of Blood Wind lying in the jade box, no more than a foot long, extremely quiet, without any change in mood.

And at the moment when Chen Feng opened the jade box, and the body of the blood wind was exposed, suddenly, Chen Feng realized that something changed.

Originally, only the sound of a longer heartbeat came from Bloodwind.

And suddenly, after he felt the golden red mist outside, a faint red light suddenly radiated from the body of Blood Wind.

In addition to this red light, there is also an extremely strong desire to appear!

Bloodwind opened his eyes all at once.

Chen Feng was overjoyed: "Bloodwind, are you awake?"

But he soon discovered that Blood Wind did not really wake up, it was just an instinctive reaction of Blood Wind body.

Xuefeng's eyes were still confused, without any look.
