

Peerless 3211

[Chapter 3211: Emperor Wu bones!](#)

Chen Feng's heart is surging!

Chen Feng stood in front of this door, and he looked across.

The air on the opposite side was turbulent, like water waves, nothing was real.

Chen Feng slowly nodded and sighed softly: "It is finally opened."

He took back the Ba Snake Martial Spirit, then replaced the talisman all over his body with a new one, and walked to the door.

This is the first time Chen Feng has seen this.

He knew that after stepping into the portal, he could enter the Sea Dragon Crystal Palace and enter a new world.

And the one who greets him will be endless danger!

Chen Feng gritted his teeth and stepped into it without hesitation!

As soon as he stepped into this gate of light, Chen Feng immediately felt that the familiar illusion of spinning around the world suddenly surged up.

Just like every time he travels through time and space to another place.

But soon, Chen Feng noticed the difference.

Before, every time he traveled through time and space, although the sky was spinning, the sky spinning was gentle and not violent.

It is just a function of space itself, and no external factors are mixed in.

Therefore, Chen Feng could still bear it, but this time, after he entered here, he felt the power of space. It should not be said that the terrifying power that controls the space is extremely violent.

Full of tyrannical meaning.

Chen Feng felt that his body seemed to fall apart in it, to be torn in half alive.

The extreme pain kept coming, and Chen Feng felt that his body was torn and almost collapsed in an instant.

Except for the first time Chen Feng opened his eyes, most of the time when Chen Feng traveled through time and space, he closed his eyes and carefully experienced that feeling.

In this way, time can flow faster.

But this time, Chen Feng opened his eyes with just one stroke.

His eyes are shining, he wants to see what is around him, he can't just sit and wait!

Chen Feng felt that if he didn't make any reaction anymore and let the power of these violent spaces raged, his body would be ruined in no time.

After Chen Feng opened his eyes, he was shocked. When he opened his eyes when he traveled through time and space before, he could only see the black, white and gray lines.

Those light spots, the most thorough expression of the ultimate meaning of those spaces.

But this time, after he opened his eyes, he realized that it was different.

Because he saw that he was in a very clear space-time channel at this time.

This place can give him a sense of passage, rather than boundlessness.

He could see the distance of the passage, and when he turned around, he could see the entrance of that passage.

Even, he can see the situation in the ocean outside the entrance!

Chen Feng was shocked, and his heart was extremely shocked.

"These ancient sea dragons are indeed powerful. The time-space tunnel they cast is a real tunnel."

"It must be more difficult to be like this than the ones I have experienced before."

"Perhaps because they made the tunnel, it is more violent than human beings, full of the characteristics of their giant dragon."

At this time, Chen Feng smiled bitterly.

He finally knew why the space power in this tunnel was so violent, because this tunnel was not prepared for him as a human at all, but for those giant dragons!

The dragon's body is so powerful, so domineering, and extremely tough.

A monster emperor-level dragon doesn't care about these violent spatial powers at all, because these spatial powers have nothing to do with their bodies.

"But I am different!"

At this moment, Chen Feng suddenly saw a huge light gate appeared in front of him.

Chen Feng suddenly felt happy: "Could it be that the end is already reached?"

The next moment, with a plop, Chen Feng entered the gate of light.

Then, there was another feeling of spinning around the world, and Chen Feng had already arrived in an extremely wide space.

This piece of space has unlimited height, unlimited length, and unlimited width, giving Chen Feng the feeling that he has suddenly entered the vast universe.

Chen Feng looked around and found that there was a ray of light behind him at this time, and in front of him was a road with an endless length and a width of about ten meters.

However, this road is neither paved with stone nor casted with metal.

This turned out to be a light path!

This light path is constantly flowing forward, extremely fast.

Chen Feng was wrapped almost as soon as he stepped into it, swiping it, and moved forward at an extremely fast speed.

At the same time, the familiar feeling of the messy space came over again.

But fortunately, this time, the feeling of messy space is much smaller than before, and Chen Feng can always control it.

He was swept by the stream of light and continued to move forward.

At this time, Chen Feng also saw that there were huge clouds floating above that space.

It's just that the clouds are still.

What is surprising is that their colors are colorful and varied.

At this moment, Chen Feng was shocked to see that a skeleton was also floating in the void not far from the light path.

This corpse is about three meters high, and the whole body is actually a dark color.

It's just that his inky blackness is not the blackening of bones after poisoning, nor the blackening of bones that rot, but a black that is full of toughness and metal texture.

It was as if his bone had absorbed countless gold and iron essences, and had absorbed countless iron elements, so it turned black!

At first glance, it gives people a feeling of being extremely strong, extremely tough, and indestructible at all.

Chen Feng was shocked: "It can give me this feeling, and it's just a skeleton!"

"This also means that with this bone alone, he already has a powerful strength comparable to the Martial Emperor Realm!"

"And if he is still alive at this time and his strength is still alive, then his rank is at least the second-star Wudi! Even the three-star Wudi!"

"It's really horrible, I don't know how much stronger than I am! At this time, he is floating here as a skeleton!"

Chen Feng immediately understood, knowing that he must be the human expert who came to this Sea Dragon Crystal Palace before.

But for some reason, he died here.

Chen Feng suddenly felt cold on his back: "I have already come here, and he is still dead here. How did he die? Who killed him?"

After he got here, he was already quite relaxed, thinking that he was about to reach his destination.

However, the appearance of this corpse immediately awakened Chen Feng.

Because he realized that at this time, it has just begun!

The real danger has not yet come.

[Chapter 3212: Dragon ghost!](#)

Moving forward again, Chen Feng saw another bone.

This corpse had been cut into seven whole sections, and the seven-section bones were floating there.

However, his seven bones are still glued together, not scattered.

Chen Feng looked closely and saw that it turned out that there were countless golden threads of mucus connecting between his bones.

It's like when a person's **** hold a drop of honey and pull it apart, there are thousands of golden threads in the middle.

Chen Feng was shocked: "He has been dead for many years, and his bones have been chopped into so many knots, how can he be involved here?"

"This shows that his physical toughness is terrifying to the extreme!"

"And he was killed here too! This is still a martial emperor realm powerhouse!"

"Who is it that killed them? What kind of strong?"

Chen Feng next saw one or two bones.

Without exception, all of them are Wudi realm powerhouses!

Without exception, each one is much stronger than him!

Without exception, all are dead!

Every time Chen Feng saw a corpse, the pressure increased by one point.

When he saw the fifth corpse, Chen Feng was so depressed that he almost screamed crazy.

But Chen Feng, after all, was extraordinary, he gritted his teeth and held back!

He yelled: "Come on! It's nothing more than a battle! It's nothing more than a death, Chen Feng, what's the fear?"

In the next moment, Chen Feng knew what killed them.

When Chen Feng floated forward again, he suddenly saw the cloud above him, and suddenly moved slightly.

In the next moment, the cloud stretched out.

At the same time, there was a huge sound like a tsunami.

The air fluctuated violently. At this time, he looked like a long-sleeping person stretched out his hands and feet, slugged, and yawned greatly.

The next moment, the cloud turned over and faced Chen Feng.

When Chen Feng saw it, he suddenly felt that the blood on his body seemed to be frozen, from Tianling Gai to the soles of his feet.

It turned out that at this time, he saw, where is this cloud?

This turned out to be a giant dragon!

The ghost of a dragon!

The ghost of a dragon with fangs and sharp teeth, a terrifying huge head, and a powerful and powerful aura about thousands of meters long!

At this moment, the aura radiating from him made Chen Feng tremble at it.

This giant dragon ghost has at least the strength of a one-star demon emperor!

"The ghost of this giant dragon is actually a one-star demon emperor?"

"Terror! This strength is too terrifying!"

At this moment, the ghost of the giant dragon lowered his body, and his eyes flickered.

Suddenly, it fell on Chen Feng.

He looked at Chen Feng with a hideous look in his eyes.

Then, that ferociousness turned into a burst of violent devouring desire.

Then, he let out a roar, swooped down, and bit directly towards Chen Feng.

The huge mouth opened, with sharp fangs, biting at Chen Feng fiercely.

Chen Feng was shocked, not to mention that he did not have the power to resist at this time, even if he was at the peak of his body, he would definitely not be the opponent of this one-star demon emperor.

You know, this is the one-star monster emperor, comparable to the strength of the two-star Wudi!

And Chen Feng's current strength is just equivalent to the early stage of Emperor Wudi!

This giant dragon bit down again fiercely, Chen Feng was extremely crazy, screaming crazy, shaking his power of the dragon descending Arhat, wanting to fight with it.

Chen Feng is definitely not the kind of guy who will be caught by nothing!

He will fight even if he knows he is lost!

Even if it is not an opponent, he must tear off a piece of flesh from the enemy!

But by the way, surrounded by the power of that space, Chen Feng couldn't move at all.

He can't even resist!

Chen Feng's eyes are splitting, his eyes are full of unwillingness!

Seeing, the next moment, that huge sharp tooth fell, as long as it was closed, Chen Feng would be cut in half, and it would end up like these bones.

And at this time, at this moment of despair!

Suddenly, in Chen Feng's body, a powerful and unpredictable force suddenly emerged.

The next moment, a ghost appeared in Chen Feng's body.

It was a giant golden armor one after another, seeming to be infinitely large, and it was Chen Feng's giant bloodline!

Chen Feng was ecstatic when he saw the giant bloodline appear.

He knew that he was saved this time!

The next moment, the golden armored giant roared, and directly grabbed the dragon ghost in his hand.

That extremely powerful, with a one-star monster emperor level dragon ghost, in his hands, there is no resistance.

Struggling madly, but struggling at all.

The next moment, the golden armored giant put his hands together and slapped fiercely.

He heard a loud bang, mixed with the scream of the dragon's wandering soul, and then countless blue lights flashed out.

The ghost of the dragon was directly crushed by the giant golden armor.

Then, the giant golden armor grabbed his remains and sent it to his mouth, chewing and swallowing!

He clicked his mouth while eating, expressing extremely satisfied emotion.

It seems to him that this dragon ghost is supremely delicious!

Chen Feng stared blankly.

After a while, there was an indescribable throbbing in his heart, and goose bumps all over his body:

"What is the origin of my giant bloodline? How powerful is it? How terrible is it?"

"The one-star monster emperor-level dragon ghost was actually chewed and eaten by it like food?"

Next, Chen Feng continued to be carried forward by the light stream, and he encountered the dragon soul in front of him, swooping down from the sky, and swallowing towards Chen Feng.

Once again, he was copied in his hands by that huge, indomitable giant of golden armor!

After squeezing it, put it directly in the mouth.

At this moment, the floating clouds and the ghosts of the dragons all awakened in this sky.

Seeing the tragic death of their companions, they were extremely angry, roaring and rushing towards the golden armor giant.

Even, they no longer set the target on Chen Feng, but on the golden armor giant.

The number of these dragon ghosts is more than hundreds of thousands?

The clouds floating in the air seem to be endless. Chen Feng guessed that they should be hundreds of thousands of years, or even millions of years ago, the ghosts left by those powerful sea dragons that lived in this sea area. !

In the face of their impact, the Giant Golden Armor was not moved at all.

When one comes, he squeezes it and swallows it.

These dragon ghosts can't pose any threat to him at all!

In a blink of an eye, dozens of dragon ghosts were swallowed by the golden armor giant.

[Chapter 3213: finally reached](#)

However, Chen Feng felt that the golden armor giant's aura was much stronger than at the beginning. Although his size has not grown, his aura is increasing, and it seems that his strength is recovering!

Chen Feng and the golden armor giant moved forward at a very fast speed, and the dragons kept culling them.

But without exception, one will come and one will die.

Chen Feng finally knew how those strong men died at this time.

Even if they are stronger than these giant dragon ghosts, they can't stand the giant dragon from going up and biting like crazy wolves!

Chen Feng was very leisurely at this time.

He doesn't even need to do it himself, just watch the giant giants squeeze these dragons and swallow them.

As a result, he even leisurely observes the appearance of the ghosts of these dragons in the sea.

After watching for a long time, Chen Feng sighed softly:

"Sure enough, Zhang Zhenren didn't lie to me."

"The forms of these sea dragons are completely different, and they all belong to the sea dragons, but their appearance is very different."

"Moreover, their attack method is completely different from that of the giant dragons on land. Not only are they physically attacking, they also have some powerful spells."

Because at this time, Chen Feng was seeing a faint blue dragon staying tens of thousands of meters beside the golden armor giant.

The thick neck suddenly bulged.

Then, his big mouth opened, and a blue beam of light slammed toward the giant golden armor, carrying an extremely hot temperature.

Chen Feng estimated that if he were sprayed, he would be evaporated immediately.

But the Giant Golden Armor turned a blind eye to this, and didn't care at all.

He even opened his mouth, sucked fiercely, swished, and sucked in the blue light beams.

Moreover, he continued to **** and increase his suction, and immediately sucked in the blue dragon together.

The ghost of the blue dragon screamed in horror, struggling frantically and waving its limbs.

But, no use!

He was directly sucked in by the giant golden armor, and the giant golden armor bit him into pieces, swallowed it, and then burped!

Chen Feng looked at and shook his head secretly.

"These incomparably powerful dragon ghosts with the strength of the Demon Emperor are simply vulnerable in front of my golden armor giant bloodline. They are only used as food."

At this moment, Chen Feng was very sober.

"So many warriors more powerful than me, all died here, but I entered safely!"

"Come here this way, thanks to the mysterious blood in me, Wuhun!"

"Otherwise, I will never enter here! Don't even think about it!"

But Chen Feng regrets that although this giant bloodline is very powerful, it is not under his control at all.

He appeared whenever he wanted, and Chen Feng couldn't even figure out the law of his appearance.

It's not just that it appears when it is dangerous. Sometimes, Chen Feng is very dangerous, and he is about to die, and he will not appear.

Sometimes when Chen Feng suspected that he might be beaten to death, he would not even appear.

This thing is more uncontrollable than the Fa.

Therefore, Chen Feng cannot count on him either.

Chen Feng just hoped that his strength would be improved as soon as possible, his realm would be improved as soon as possible, and he would unearth the potential of this giant's blood.

In just a short period of time, dozens of dragons died in the mouth of the giant golden armor.

Seeing this situation and scene, even these fierce dragon ghosts are scared, terrified.

They retreated one after another, daring not to attack any more, only dared to cruise around.

And they don't take the initiative to attack, but the Golden Armored Giant will not let them go.

He let out a haha laugh, and the two arms stretched straight between them, directly grabbing the two closer dragons.

Then, it was eaten in two bites.*OverLUsB.com*

These dragons were so scared that they howled and fled in all directions, and disappeared in a blink of an eye.

The golden armor giant laughed wildly, and his figure gradually faded amidst his wild laughter.

Even during the whole process, he didn't even look at Chen Feng.

Chen Feng frowned slightly when he saw this scene, and said in his heart:

"This golden armor giant was born from the evolution of my giant bloodline."

"This existence doesn't seem to care about me at all, so what am I to him?"

"Am I just a carrier? Or is it a shell that can be given up at any time?"

I have to say that Chen Feng was really thoughtful, and he immediately discovered the key.

The more he thought about it, the more questions he had in his mind.

But soon, Chen Feng shook his head and drove this idea out of his mind.

"What's the use of thinking about this now? If it weren't for this golden armor giant, I would have died long ago, and the most important thing now is..."

Chen Feng raised his head.

At this time, in front of him, a huge portal had appeared.

This portal, the whole body is made of gold, is extremely prominent and brilliant.

On both sides of the portal, there are countless spikes like the sun's rays.

In the center of the portal, there are endless waves of light.

On the portal, there are five characters engraved: Hailong Crystal Palace.

A smile appeared at the corner of Chen Feng's mouth: "Hailong Crystal Palace, finally here!"

In the next moment, Chen Feng was thrown into this light gate.

There was a whistling sound, this time, the feeling of time and space disorder was not much.

With a bang, Chen Feng felt that he had been hit on the ground.

He quickly jumped up, watching the surroundings very vigilantly.

The next moment, the colorful jewels dazzled Chen Feng's eyes.

Chen Feng saw at this time that it turned out that this place was actually a huge underwater palace.

The height of this palace has reached almost 100,000 meters, and the radius is even thousands of miles. What kind of palace is it, it is clearly an underwater world!

The palace is all built of huge crystals, these crystals are exquisitely cut and inlaid together, extremely luxurious.

Outside is the sea water.

Chen Feng could even see countless huge monsters in the sea drifting past the crystal wall.

Chen Feng said softly.

Because, he found something wrong, the sea outside was not blue, but pitch black!

The darkness of the sea of death!

Those monster beasts floating outside are also extremely vicious and hideous.

They seemed to feel Chen Feng's breath, violently hitting the crystal wall, but the crystal wall remained motionless.

Chen Feng took a deep breath: "It turns out that the entrance to the Sea Dragon Crystal Palace is only under the blue sea, while the body is within the scope of the sea of death!"

But soon, Chen Feng calmed down, anyway, these monster beasts couldn't help him now.

Chen Feng looked at the ground, and the ground was completely paved with white spar.

[Chapter 3214: Chu Shaoyang! It turned out to be you?](#)

And in this hall, all kinds of treasures are piled up everywhere.

Red jade coral trees that are tens of thousands of meters high, countless pieces of red gold the size of two or three people, rubies as high as one person, and extremely hard white diamonds, are piled here at will, like sand and stones.

The colorful light refracted in it, dazzling Chen Feng's eyes.

But Chen Feng's eyes were still extremely clear.

He didn't even look at these treasures, because Chen Feng knew very well what he was here for.

Without squinting, Chen Feng walked straight forward, following the corridor in the middle.

Because he saw the end of the hall, but a high gate.

Chen Feng knew that the treasure he wanted was just behind the gate!

On the way, Chen Feng also observed very carefully.

And soon, he was relieved.

Because he found that there are no bones here.

Without bones, it means that no one has entered here before.

Chen Feng secretly said in his heart: "I'm afraid that the previous protections are already all the protections of this Sea Dragon Crystal Palace."

"It's been so difficult before, it's impossible to go through some difficulties and obstacles when you get here, right?"

At the same time, Chen Feng discovered that there were several light gates on both sides of the main hall.

Chen Feng was shocked: "Could it be that the only way to enter here is not the light gate when I came?"

"Among other light gates, are there any?"

At this time, a few hundred meters away from Chen Feng's right hand, was a huge light gate.

But at this moment, suddenly the light gate shook violently and suddenly bulged outward.

Chen Feng suddenly felt bad in his heart, and his figure quickly retreated backward.

At the same time, with a bang, in the light gate, a figure was shot out directly and fell heavily on the ground.

This figure reacted extremely quickly, and when he was in the air, he made adjustments.

Suddenly, his figure twisted, his back directly against Guangmen, facing Chen Feng's direction!

Chen Feng was shocked just now, he didn't expect that someone would come here.

Almost at the same time as myself!

His heart trembled, and he wanted to hide aside.

But at this time, this person turned around when he landed. It was too late for Chen Feng to hide, so he immediately met him!

Both of them gave a soft hey.

Chen Feng saw that the person opposite was a twenty-seven-year-old young man, one or two years older than he might be.

He is wearing a golden armor, is tall and burly, with long blue hair fluttering in the wind at will!

There is infinite aura pouring from his body, which represents this person's extremely powerful cultivation.

And the most impressive thing is not his cultivation level, but the feeling he gives to others, that is the boundless domineering, boundless toughness, boundless majesty!

It seems that anyone in front of him can only kneel and beg for mercy, and can only surrender to him.

This person is like a natural king, with his own domineering spirit!

Chen Feng couldn't help but feel shocked.

But when he saw this person's face, a very familiar feeling surged in his heart.

In the next second, a memory that had been sealed for a long time suddenly awakened in Chen Feng's mind.

He immediately thought of something and exclaimed: "It turned out to be you?"

At the same time, the person on the other side looked at Chen Feng with a shocked look in his eyes, and at the same time shouted: "It turned out to be you?"

Chen Feng recognized the person opposite.

This person, he actually knew! He actually saw it!

He had seen this person when he was in the tomb of the Great Emperor Yin and Yang.

This is really Chu Shaoyang!

Chu Shaoyang also recognized Chen Feng.

Both of them were shocked and speechless for a while. None of them expected that they would meet each other again under this situation!

Chen Feng looked at him with a lot of thoughts in his heart.

The memories came like a stormy sea.

On that day, Chen Feng met Chu Shaoyang in the tomb of the Great Emperor Yin and Yang. Chen Feng was not his opponent at all.

After that, Chen Feng never saw him again, and would never see him again for this lifetime.

Unexpectedly, I encountered it again here today.

Moreover, it was a meeting so similar to that day.

At this moment, Chu Shaoyang's mouth twitched slightly, revealing a smile.

The smile was strange, it seemed to be a remembrance, it seemed to be emotional.

He looked at Chen Feng and said, "Unexpectedly, I met again."

"Yes, I didn't expect to meet again." Chen Feng also said slowly.

The two suddenly smiled at each other, like old friends.

But the next moment, this smile disappeared without a trace, and a stern spirit spread among the two.

Because the two of them are all clear, the other has only one purpose here, and that is to seize the treasure of the Sea Dragon Crystal Palace!

And they obviously won't let the other party get it!

Chu Shaoyang looked at Chen Feng and said faintly: "I thought that my progress over the years has been rapid, my strength has improved extremely fast, and I have risen to become a young master on the Dragon Vein Continent."

"You, you should be unable to catch up with me at all, and you can't even see me from behind."

"Unexpectedly, you can!"

When he said the word 'Yes', he seemed to praise Chen Feng, but he did not put Chen Feng in his eyes at all.

The corner of his mouth was hanging, with a contemptuous smile, with a condescending look down, he said in a posture: "Unexpectedly, you are not weak."

"It seems that you have had some adventures over the years."

Chen Feng smiled and said: "Yes, these years of fortunes are a bit weird, and my strength has finally improved a bit."

Chu Shaoyang slowly said, "Although I can't catch up with me, it's not bad."

He commented on Chen Feng's tone, as if the elders were teaching and encouraging the younger ones.

This tone made Chen Feng very upset, and raised his brows slightly.

Chu Shaoyang looked at Chen Feng, waved his hand, and said, "Boy, let's go."

Chen Feng was taken aback for a moment: "What? Let me go?"

Chu Shaoyang said lightly: "It seems that the two of us had met once on that day, and it is considered to be some fate. I will spare your life and you will go!"

Chen Feng could not help but shook his head, feeling very ridiculous in his heart.

This Chu Shaoyang's strength, he could see, had reached the Martial Emperor Realm.

But now Chen Feng is not afraid of such a powerful person who has just entered the realm of Emperor Wu.

And he even let Chen Feng escape for his life? He should be the one who actually escaped.

After Chu Shaoyang said this, he turned around and watched the scenery in the crystal hall, leisurely, without putting Chen Feng in his eyes.

After a while, he found that Chen Feng hadn't left, and suddenly turned his head, staring at Chen Feng, and said impatiently, "Why? Not leaving yet?"

Chen Feng said coldly: "Why should I leave?"

Chu Shaoyang frowned, his expression turned gloomy and cold: "Boy, tell you, my patience is very limited."

[Chapter 3215: One palm!](#)

"While I am in a good mood now, I still think about the love of an old friend."

He paused and reprimanded coldly: "Get out of here!"

His current tone was like swearing at someone's servant, and he didn't put Chen Feng in his eyes.

Chen Feng stared at him coldly, and said word by word: "Chu Shaoyang, today, there will be someone between you and me, but it's definitely not me, Chen Feng!"

"But you!"

After Chu Shaoyang listened, he was taken aback for a moment, then laughed loudly, and his voice spread out from afar.

Chen Feng was there, watching coldly, without saying a word.

After a while, Chu Shaoyang stopped his smile and looked at Chen Feng and said, "Chen Feng, are you crazy?"

"Or, do you think you are qualified to compare with me?"

He raised his chin and said arrogantly: "You weren't my opponent at the beginning. After all these years, I have had many adventures and made great progress."

"Among the young generations of Longmai Continent, they are all extremely strong. What are you? You deserve to be on par with me?"

"You deserve to be compared with me?"

His attitude is extremely arrogant, completely despising Chen Feng.

Chen Feng smiled and said, "Is it a strong person? It's not made by words, but by strength."

"Chu Shaoyang, are you just talking about it?"

After hearing these words, Chu Shaoyang immediately furious.

Staring at Chen Feng, he said coldly: "Good boy, since you have to die, then I will fulfill you!"

The next moment, he sneered, and a golden light gleamed above his body.

This golden light did not come out of his armor, but came out of his body.

Each of his hair seemed to emit golden light, and his body was like a golden wave of water flowing.

The next moment, as soon as the golden water wave collected, it immediately returned to his body.

And his skin was already a piece of gold and iron, and he seemed to know it was extremely hard.

He took two steps forward slowly, and his body actually felt like hundreds of thousands of catties and millions of catties.

It's like, it's not a person who walked over, but a mountain.

His feet were there, directly crushing the ground.

Chen Feng said faintly: "You still cultivate the diamond body?" novelusb.com

"That's right." Chu Shaoyang laughed wildly: "Vajra is not bad, but my fame and magical skill. After practicing, the body is extremely hard, and any practice is hard to destroy."

"Of course I want to cultivate my diamond body!"

"Besides, I have reached the peak of Vajrayana Fitness now, kid!"

He looked at Chen Feng and laughed wildly: "I am standing here."

He pointed to the ground and said: "I'm standing here motionless, letting you attack, and you can hit whatever you want, even if it is thousands or tens of thousands of attacks, you can't hurt my hair."

Chen Feng stared at him, his eyes narrowed slightly, his eyes flickered, murderous.

But there was a thick smile on his face: "Oh, isn't it? Then I really want to try."

Chu Shaoyang saw this scene with a look of contempt on his face, and said, "Boy, you really are not my opponent."

"And you know very well that you are not my opponent, so when you hear me say that I am standing here and letting you attack, you are very happy, don't you?"

"Hahaha, it doesn't matter, what if I let you take advantage of this?"

"After all, I am so much stronger than you!"

As he said, he let out a wild laugh.

When Chen Feng heard this, he couldn't help laughing.

This person is really arrogant!

In fact, Chen Feng knew from the fact that he was still cultivating Vajra, that his cultivation level is definitely not very good, and I am afraid that he may be standing still in these years.

The incorruptible body of King Kong was in its early days. No matter how strong it is, its power is not that great anymore.

Chu Shaoyang was still immersed in the power of the uncorrupted diamond body.

Chu Shaoyang stood there, and Chen Feng stretched out a finger.

Chu Shaoyang frowned and said, "What do you mean?"

Chen Feng smiled and said, "I don't have to attack tens of thousands, I only need a palm."

"What? A palm?" Chu Shaoyang laughed, as if he had heard the funniest joke.

He stared at Chen Feng, shook his head and said, "Chen Feng, you are so arrogant that you don't know what your last name is!"

"You slap me, it's no different from tickling me, do you understand?"

Chen Feng smiled coldly, did not speak any more, his figure flashed, and he slapped Chu Shaoyang's face fiercely.

Chu Shaoyang stood there without fear.

In his opinion, Chen Feng slapped his face with the palm of his hand, and could not even touch his face at all. He would be directly shocked by the power of the incorruptible body protection of the diamond and fly out, spurting blood.

There was a sinister light on his face, staring at Chen Feng, smiling and saying, "Chen Feng, your arm is useless."

His voice was extremely assertive and full of confidence.

It's like, he said Chen Feng's arm would be useless, and Chen Feng's arm would be useless.

Chen Feng said coldly: "Really? I don't believe in evil."

The next moment, there was a snap.

His palm hits Chu Shaoyang's face heavily.

With a crisp sound, a powerful wave of power burst out directly, radiating to the surroundings.

Chu Shaoyang let out an unbelievable exclamation, the next moment, the exclamation turned into a scream.

His head crooked heavily next to it with a creak, and the sound of broken neck bones sounded. He flew out like a golden weighing mound, spinning a dozen times in the air.

With a bang, it hit the ground heavily, directly smashing the ground out of a big hole.

Chu Shaoyang sat on the ground, covering his left face.

At this time, his left cheek was already swollen high, like a pig's head.

At the corner of his mouth, there was blood mixed with teeth flying out!

King Kong is not bad, it is broken!

With a slap, Chen Feng just slapped Chu Shaoyang's Diamond Indecent Body directly to break the power.

Chen Feng shook his palm and smiled and said, "Chu Shaoyang, I, Chen Feng, seem to have broken your gong with just one slap!"

He chuckled softly: "Your diamond body is really good."

Chen Feng's words 'so amazing' were full of ridicule.

Naturally, Chu Shaoyang could hear it.

At this moment, his face was red and hot.

He was slapped fiercely by Chen Feng, and it was not only his face, but also his heart.

He was beaten up just now!

At this moment, he finally recovered, his face was full of disbelief.

He yelled in anger: "Your strength is so strong now?"

[Chapter 3216: I seem to be a little better than you!](#)

At this time, he could feel that Chen Feng's strength was very strong, at least his own diamond body would definitely not be able to stop him.

The slap just now not only made his face fierce and painful, it also made him lose face.

He stared at Chen Feng, his eyes red, and he must find this one back.

He stared at Chen Feng and said coldly: "Boy, I admit that I underestimated you just now. I didn't expect you to have some strength over the years."

"But, so what?"

"Do you think it means, are you better than me?"

"Tell you, kid! You are dreaming!"

He grinned grinningly: "I didn't use all my power at all. If I use all the power, you will still be vulnerable."

He looked at Chen Feng arrogantly, even though he had experienced those just now, he still didn't put Chen Feng in his eyes.

He still felt that Chen Feng was not his opponent!

"Oh, is it so?"

Chen Feng smiled and said, "Then what do you think can reflect your strength? Come here!"

As he said, Chen Feng hooked his finger, contemptuously.

Chu Shaoyang's eyes were even more red, and he felt Chen Feng's extreme contempt for him, which made him feel that he had lost face greatly.

He roared fiercely, and the next moment, three rays of light appeared above his head.

These three rays of light were three bronze long swords.

Each of these three bronze long swords is about three meters in length, and the thickness is like an adult's arm.

The bronze long sword is simple and unpretentious, but on the surface it is cyan light, which is obvious at a glance, and it is extraordinary.

"Have you seen it? Little bastard!"

"These three bronze long swords are my gods. I now have three gods. I have stepped into the realm of Emperor Wu, and what about you?"

He looked at Chen Feng, laughed wildly, and said in a compassionate tone: "You are just a pitiful nine-star martial emperor!"

"Do you have a god? You can even say,"

He said contemptuously: "Do you know the gods? Do you deserve to know?"

The next moment, he roared, three bronze long swords turned into one, and then shot at Chen Feng frantically, full of fierce murderous intent and extremely powerful pressure.

He roared coldly: "Boy, die!"

The bronze sword gods shot fiercely towards Chen Feng.

He laughed and said: "I have the King Kong indestructible body as a defense, and I have the bronze sword **** as an offense!"

"Everything is invincible, and there is no disadvantage, how can you be my opponent?"

"A face-to-face!" Like Chen Feng just now, he stretched out a finger and said with a smile: "I only need a face-to-face, and you can directly beat you into a terrible way."

The reason why he did what Chen Feng did just now, and stretched out a finger, was naturally to avenge the humiliation of Chen Feng just now.

In his opinion, only in this way can he restore his face!

Chen Feng looked at the bronze sword god, but he didn't have the slightest fear, but smiled slightly.

The next moment, Chen Feng's dantian golden light flashed, the golden lightning spirit suddenly appeared, and then greeted him.

The bronze long sword **** element and the golden lightning **** element prototype slammed together.

The prototype of the golden lightning **** element has been restored and moisturized, and now it has reached about 30 to 40% of the power of the full body, which is stronger than before.

After the two collided, there was a loud bang, and the bronze long sword **** yuan was originally held by the golden lightning **** yuan, but the next moment, the light waves above shook violently.

The whole bronze sword was trembling, and then there was a loud bang. The bronze sword was completely invincible, and it was directly shaken out and bounced back heavily.

Hit Chu Shaoyang's body!

Chu Shaoyang didn't expect this scene at all. He was directly hit and sprayed with blood, his tendons were broken, his chest was sunken, and he fell heavily to the ground.

Just a moment, it was seriously injured!

One move, just one move, Chu Shaoyang's bronze long sword Shenyuan was completely defeated!

He landed on the ground, glared at Chen Feng, and yelled in disbelief, "How is it possible? You only have one divine essence, and you are still a prototype of a divine essence, how can you be more powerful than my three divine essence?"

"How is it possible? How is it possible? Ah!"

He yelled like crazy, completely unable to believe it.

Chen Feng looked at him, smiled slightly, and said, "Sorry, not only do I know the gods, but also, it seems that my gods are better than yours!"

Chu Shaoyang stared at Chen Feng, his eyes filled with shock, and he was already speechless.

Chen Feng looked at him, stretched out a finger, smiled and said, "Who was defeated by one trick?"

"Is it me? Or you Chu Shaoyang?"

Chu Shaoyang's face was swollen like pig liver, a mouthful of blood spurted out of his anger, and his injuries were even more serious.

He stretched out a finger just now, originally to humiliate Chen Feng, to avenge the humiliation of Chen Feng.

Unexpectedly, instead of revenge, he would be humiliated by Chen Feng again!

Chen Feng sighed lightly, feeling relaxed for a while.

At this moment, Chu Shaoyang slowly struggled from the shock and disbelief just now.

He looked at Chen Feng with a trace of fear in his eyes.

He has already recognized the fact at this time, that is, Chen Feng is better than him in everything!

He can't compare to strength!

He still can't compare to Shenyuan!

He was extremely frightened because he realized that it was time for Chen Feng to deal with him.

At this moment, Chen Feng lowered his head slightly, looked down at Chu Shaoyang who was lying on the ground coughing up blood, smiled and said, "What are you? You deserve to be compared with me?"

After all, Chen Feng clapped his hands and shook his sleeves. It seemed that the one he had crushed just now was just an ant, not a top powerhouse.

What Chen Feng said was exactly what Chu Shaoyang said of Chen Feng just now.

After Chu Shaoyang heard these words, he was immediately angrily attacked, and another gulp of blood spurted out.

His face was hot.

He knew very well that he had already been slapped in the face by Chen Feng.

It hurts!

He has no face.

I just said this to Chen Feng, but when he turned around, he was so humiliated by Chen Feng.

Chen Feng smiled again: "How does it feel for you, the magnificent Emperor Wu, to be defeated by me, the pitiful Nine-Star Martial Emperor? Does it feel embarrassing?"

"Even my nine-star martial emperor's trash can't match, what kind of trash are you?"

Chu Shaoyang, who was directly stimulated by these words, spurted blood!

Chen Feng stared at him, his eyes getting cold.

He didn't plan to talk nonsense with Chu Shaoyang anymore.

Although Chu Shaoyang was defeated by Chen Feng at this time, Chen Feng was full of guard against him, full of fear, and even vaguely fearful.

[Chapter 3217: Five strong!](#)

Because Chu Shaoyang met Chen Feng a long time ago, and those people whom Chen Feng knew at that time were all left behind by Chen Feng, and now he can't see him at all.

He didn't even have the qualifications to fight Chen Feng.

Chen Feng could wipe them out with a single look, and Chu Shaoyang actually had the strength almost comparable to Chen Feng!

Chen Feng secretly said in his heart: "I'm progressing to the extreme. I'm afraid that there are few on the Dragon Vein Continent that can compare with me."

"Chu Shaoyang can actually be only weaker than me. It can be seen that Chu Shaoyang's speed of progress is also at the level of terrifying against the sky!"

Murderous intent appeared in Chen Feng's eyes, and he wanted to kill Chu Shaoyang!

And at this moment, suddenly, bang bang, among the nearby light doors, several figures flashed out one after another and fell to the ground.

As soon as he saw those figures, Chu Shaoyang's already desperate eyes lit up.

He screamed: "What are you guys doing in a daze? Roll over and kill this kid!"

"Yes!"

The sound of Qi Qi Yingshi sounded at the same time.

In the next moment, those few silhouettes flew to the front, stopped around Chu Shaoyang, and protected him.

These figures were extremely terrifying in strength, and brought a very powerful oppression to Chen Feng.

Chen Feng backed away quickly to avoid falling into their siege.

Soon, the two confronted each other.

Chen Feng looked at them, and saw five people in total!

As soon as the five people came, they immediately presented a plum blossom formation, enclosing Chu Shaoyang inside.

At this time, Chen Feng looked at them, and he saw that standing in the front was also the closest to him, and the one who stood in front of him was a thin, thin man.

This man looked rather short and thin, and he could only reach Chen Feng's shoulder.

It's just that, although he is thin and thin, his muscles and bones are like iron. On the exposed arms and legs, the muscles exploded extremely hard, and every muscle was cast like iron bars.

Every texture, every muscle, seems to be full of endless power.

He was wearing a battle armor, which only surrounded his torso, but exposed his legs and arms.

However, this half-length armor is extremely thick and looks very hard.

And he wore a helmet on his head, covering all of his head, revealing only a pair of cold twinkling eyes.

Although this person was short and thin, he gave Chen Feng the feeling: this is a fighter, this is a melee fighter full of strength.

In his hands, he held a huge sword that was two his size.

Obviously, this is a giant sword warrior!

Next to him, there was a middle-aged man who was not wearing a helmet, so he could see his face clearly.

His body shape is exactly the same as the half-armored soldier next to him, even his eyes are the same.

It's just that he didn't wear battle armor on his body, but he held a two-meter-high shield in his hand, which was enough to hide his whole person behind.

Obviously, these two people are twin brothers.

However, Chen Feng judged that his profession was a Great Shield Warrior.

The two of them stood in front of Chu Shaoyang, and behind Chu Shaoyang was a girl in a white skirt. She seemed to be a foreign race, only two feet tall, half suspended in the air.

She looks very beautiful, her skin is very white, and very thin, giving the impression that her skin seems to be transparent.

Fluttering, there is still a circle of white mist around the body.

What she held in her hand was a cyan staff that was more than two meters long. This cyan staff was like a tree branch, with branches growing across it, and many green branches and leaves growing, full of life.

And every movement of him is very soft, even with a smile on his face.

Beside her, there is a woman.

This woman is tall and tall, about the same as Chen Feng. She is very slim and fit, wearing a leather armor.

Her complexion was dark with blue, her arms and thighs exposed, full of power.

Looking in her hands, each is holding a one-foot-long dagger, which is shining with blue cold light, which is obviously full of poison.

Another woman had already come to Chu Shaoyang's side and helped him up.

This woman, wearing a long purple dress, has an extraordinary bearing and a beautiful appearance.

The weapon in her hand was a huge staff that was as long as one person.

There is a huge ruby inlaid on the top of the staff. There is light inside. I don't know what it does, but it is extraordinary at a glance.

She was very noble and elegant, helped Chu Shaoyang up, and said softly: "Master, are you okay?"

Chu Shaoyang shook his body, wiped the blood from his mouth, and then applied it to her skirt.

Then, he took her into his arms and stretched out his hand to touch her around.

He laughed and said, "I can't die yet."

"Especially when I see you, my dear, how can I be willing to die? You said that?"

As he said, he gave a lewd smile, and stretched out his hand to squeeze the face of the woman in the purple dress.

He gave another deep kiss on her neck, leaving a purple hickey directly on his neck.

His move made Chen Feng dumbfounded.

These five people obviously came to save him, and each of these five people is not weak in cultivation.

Especially the woman in the purple skirt made Chen Feng feel a little bit invisible.

Among these five people, they should be the strongest, and with such extraordinary temperament, they are obviously from famous people.

With great strength and a famous background, Chen Feng thought that the relationship between him and Chu Shaoyang should be a partner, and it may even have a higher status than Chu Shaoyang.

But he didn't expect that Chu Shaoyang would do this to her in front of everyone.

It's not an exaggeration to say that this kind of behavior is humiliating!

In Chen Feng's view, the woman in the purple skirt is afraid that she will turn her face.

However, a scene that shocked her even more appeared.

The woman in the purple skirt was obviously disgusted by Chu Shaoyang's actions, and there was a hint of displeasure in her eyes, and she struggled for a while, trying to break free.

But Chu Shaoyang hugged him: "Hey, little bitch, where do you want to go? You still don't want to hold me, do you?"

Obviously, the woman in the purple dress was extremely dissatisfied, with disgust in her eyes.

But she did not dare to have any resistance, and her body froze there.

A moment later, there was a smile on his face, he bit his lip, and whispered: "Master, you have misunderstood, how can the slave and maid dare to disobey your orders?"

She bit her lip, almost bleeding from her lip!

Obviously, my heart is full of humiliation.

And not just her, the alien woman in leather armor standing behind her looked like a fire.

[Chapter 3218: Go together!](#)

Her temper seemed to be quite hot, and her eyes were flushed with anger at this time.

The woman in the white skirt is also showing uneasy color!

But they only dared to show their feelings a little bit, but they didn't even dare to say a word.

Only the Great Shield Warrior and the Great Sword Warrior laughed and looked at the woman in the purple skirt, full of schadenfreude.

Seeing this scene, Chen Feng was stunned.

After a while, he gradually understood.

Chen Feng secretly said in his heart: "Now, I have some ideas. It seems that the relationship between these five people and Chu Shaoyang is by no means as simple as partners."

"It feels like Chu Shaoyang is their master."

"And they are obviously quite disgusted, even disgusted with Chu Shaoyang, but they did not dare to have any resistance. They didn't even dare to say a word, only dared to express a little in their emotions!"

Chen Feng frowned, thinking in his heart: "However, these five people are very strong. If they join hands, it is absolutely nothing to kill Chu Shaoyang."

"But why, they would rather endure the humiliation by Chu Shaoyang, but don't dare to resist him?"

"If it were me, Chu Shaoyang would have been killed long ago."

"Could it be that they were the family behind Chu Shaoyang or a certain sect came to protect him?"

"Nor!"

Chen Feng immediately denied this idea: "I can guess Chu Shaoyang's origin to some extent. It should be like me, so it can't be a family."

"And he didn't mention any forces behind him just now, which means that these people were not sent to him by the family or the sect!"

"It's his subordinates, he accepted it!"

Chen Feng immediately inferred this.

This inference directly horrified Chen Feng's heart: "How can Chu Shaoyang He De? How could it be possible to subdue such a subordinate?"

"Furthermore, how can they make them unwilling, but let him drive them?"

At this moment, Chu Shaoyang looked around with his cold eyes, and said with a smile: "I'm not dead, are you guys very unhappy?"

"But what are you unhappy about?"

He gave a weird smile and said, "If I die, you won't survive."

"You guys shouldn't expect me to die, but you should expect me to live."

"I hope that Chu Shaoyang will live better and better, and that I will live longer and longer, so that you can live, understand?"

His voice was so dark that he swept across the five people one by one.

Walking in front of everyone, he tapped his hand fiercely on his forehead.

Five people, without exception.

Chen Feng raised his eyebrows, Chu Shaoyang's action can be said to be extremely humiliating, and it is to face them in front of him!

However, none of these five dared to resist.

The woman in the purple dress had a sad expression on her face, and even a trace of despair in her eyes.

At this moment, her eyes flashed with determination.

Chen Feng saw the look in her eyes, and he felt that the woman in the purple skirt seemed to be desperate and was about to turn her face with Chu Shaoyang, even her life was ignored.

But at this time, her gaze shifted, and she saw the alien woman with two black slender and toned thighs behind him.

Suddenly sighed, and put the hand that had been raised again.

And all that she did fell into Chu Shaoyang's eyes!

Chu Shaoyang chuckled, walked up to the woman in the purple skirt, and said hesitantly: "I can't bear it? Isn't it?"

"Reluctant to fight me hard, don't you?"

There was a madness in his eyes, and he laughed madly. The whole person was as crazy as he was, and the madness was to the extreme: "Hahaha, I knew you were reluctant! Because you know, you kill me, you will die!"

"Even if you don't care about your life, you will care about her life."

As he said, he pointed to the blue alien woman.

Then he walked up to the blue alien woman and said with a smile: "What about you? As for you, your temper is so strong, and you have been driven by me like a beast. You have long wished to kill me."

"But you think the same as her."

After that, he pointed to the woman in the purple skirt: "You can spare your life, but you are afraid that after you kill me, she will die too."

"Hahahaha..."

Then he walked up to the two twin brothers who wield a large sword and a large shield.

Before he could speak, the two of them nodded and bowed together and said flatly, "Master, needless to say, you don't need to say, the two of us surrendered to you."

Chu Shaoyang laughed and said, "We are both smart and smart."

He madly laughed: "How smart is I, Chu Shaoyang? I already thought of Chu Shaoyang when I took over you."

"All this is for you to contain each other."

"I, Chu Shaoyang, is as stable as Mount Tai, who of you can kill me?"

Beside, Chen Feng looked at him, but there was a piece of ice in his eyes.

In his eyes, Chu Shaoyang is actually an extremely powerful character.

Chu Shaoyang was laughing so crazy now not because he was crazy, but because this person was extremely clever, calculated to the extreme, and terrible to the extreme.

Chen Feng's heart is now bright, thinking that these five people should be subdued by him, it must have used some disgraceful means,

And Chu Shaoyang had the means to control them. If Chu Shaoyang died, five of them would also die.

Therefore, the five of them must protect Chu Shaoyang, instead of letting him die.

Therefore, Chu Shaoyang humiliated them at will, and they did not dare to resist!

Chu Shaoyang's smile suddenly disappeared without a trace. He turned around, pointed at Chen Feng and said coldly, "What are you still doing?"

"You five, go together! Kill him!"

"Yes!"

The five dared not resist, they jumped up and formed a plum blossom formation in a blink of an eye, surrounding Chen Feng in the middle.

The woman in the purple skirt glanced at Chen Feng, her eyes became indifferent, and she whispered: "This son, you are offended, and the five of us can't help it."

Although she was saying apologies, her voice was cold and indifferent, and she didn't mean to take Chen Feng to heart.

Obviously, they have done too much of this kind of thing, and they are already indifferent!

The next moment, the great shield warrior holding the great shield stepped forward, and with a roar, the great shield slammed towards Chen Feng.

There was a vicious light in his eyes: "Little boy, die!"

Chen Feng frowned.

His attack was extremely powerful, and Chen Feng was confident that he would be repulsed, even slightly injured, but Chen Feng would definitely be delayed for a while.

[Chapter 3219: Terrifying strength!](#)

But the others were not vegetarians, so Chen Feng hesitated for a moment, and then retreated suddenly.

He wants to leave this encirclement.

There was a smile on the face of the woman in the purple dress, and she whispered, "Sure enough, she is smart and made the most correct choice."

"But unfortunately, it's still too late!"

The next moment, she gave a cold drink, and a red light flowed on the long staff in her hand.

On the staff, a snake-like mark was actually formed.

And the location of Shekou is the huge ruby.

Above the ruby, light suddenly shined.

The next moment, a red light flashed.

The red light turned into a red light snake in the air, about three feet long, biting hard at Chen Feng.

This red light snake was very weird, and it buckled several times in the air, so that Chen Feng couldn't catch his trace at all.

The momentum on his body was suddenly strong and weak, but Chen Feng did not dare to be negligent.

He took a deep breath, patted out a palm, and faced the light snake.

And at the moment when Chen Feng's palm hit the red light snake, the great swordsman who had been standing still beside him suddenly roared, and the two long swords in his hands slashed at Chen Feng fiercely. Chopped out.

The momentum is extremely powerful!

This cut has the strength to be on the verge of Emperor Wu's realm!

Chen Feng twisted his brows, and a light flashed in his dantian.

The golden lightning spirit appeared and blasted towards the giant sword.

It was just a face-to-face effort, and Chen Feng had already used his strongest strength!

At this moment, the giant sword warrior suddenly smiled coldly, his figure suddenly leaning to the left.

The seemingly mighty offensive just now disappeared without a trace.

Beside him, the giant shield warrior rushed forward at the same moment, and the giant shield in his hand slammed into Chen Feng.

The combination of the two is seamless, and the offensive is launched at the same time, which is obviously spiritual.

With a loud bang, the golden lightning **** element slammed into his giant shield, and a flash of light flashed against his giant shield, and a slight depression appeared on it.

And he was shocked to take two steps back, spurting out blood.

But at this time, Chen Feng not only didn't have the slightest joy, but was cold in his heart.

That move just now turned out to be a false move!

So, his actual trick is...

At this moment, the giant sword warrior was already from back to front, slashing towards Chen Feng's midfield!

It turned out that his practical trick was here!

The seemingly mighty move just now is actually imaginary.

At this time, Chen Feng was already inevitable, and he could only carry out this trick. **novelusB.com**

With a roar, Chen Feng arched up abruptly, and he used his back to slam into his long sword.

Keng!

With a loud noise, the giant sword severely slashed on Chen Feng's back.

At the same time, the red light snake also slammed into Chen Feng's right hand, and two huge forces intersected and collided with Chen Feng as the center!

boom! Light snake exploded suddenly!

It turns out that this light snake is actually a fake move. Its real offensive is not to bite at Chen Feng's hand, but to burst when there is still a tiny bit of distance from Chen Feng's hand, only the same distance as the hair. Come on!

Chen Feng was caught off guard, and his right hand was directly burnt black, bloody, and blood shot.

And this is not the most serious injury.

The heaviest injury came from his midfielder.

He was cut with a sword in the back.

The giant sword cut a huge wound directly on Chen Feng's back, almost cutting him in two, blood spurting out frantically, and bones were visible!

The woman in the purple dress was unreasonable, and with a wave of the staff in her hand, countless lights flickered above the ruby.

Hundreds of light snakes rushed towards Chen Feng frantically.

It seems that she intends to kill Chen Feng directly here.

Chen Feng was seriously injured at this time!

At this moment, Chen Feng felt awe-inspiring!

"Their strength is so strong, and the most terrifying thing is not their strength, but their respective division of labor and cooperation, so wonderful."

"So, even if they only have three shots, they are far above me."

"The three of them shot, I am far from an opponent, they can easily kill me!"

Chen Feng has realized this: "But, what about it?"

In Chen Feng's eyes, a flash of madness flashed: "Do you think that this can make me Chen Feng wanton?"

"Do you think that you can play around with Chen Feng at will?"

Chen Feng suddenly looked up to the sky and laughed wildly: "No matter what, how can I, Chen Feng, give in? How can I admit my fate?"

A few of them looked at Chen Feng with indifference.

It was not contempt, but it was better than contempt. Obviously they all thought that Chen Feng was already dead.

The Great Shield Warrior and Great Sword Warrior smiled coldly, and said in unison: "Trash, are you afraid to flash your tongue when you say such big things?"

At this time, a trace of madness flashed in Chen Feng's eyes.

He suddenly roared and slayed the giant sword warrior fiercely.

Seeing Chen Feng leaping towards him like a hungry tiger, the giant sword warrior couldn't help but panicked:

"The look in this person's eyes, I've never seen it before, is it so fierce? It feels like you are going to swallow me up!"

The shield warrior moved forward, trying to block Chen Feng.

Chen Feng roared: "Get away!"

The golden lightning gods hit crazy!

With a bang, he slammed into him directly, and then strode towards the giant sword warrior.

When the giant sword warrior saw Chen Feng's imposing manner, he couldn't help being flustered and backed away.

Chen Feng sneered: "Want to retire? Can you retire?"

His figure flashed suddenly, and the Golden Crow footwork was activated day by day with extremely fast speed.

Suddenly, it came before this giant sword warrior!

The golden lightning **** primordial thing was so vicious that it slammed into the past, and the giant sword warrior could only resist!

With a loud bang, the two slammed together, and his long sword was directly swept away.

Then, the golden lightning gods slammed over again!

Chen Feng yelled: "Come again!"

So the golden lightning gods hit once again!

With a loud bang, his giant sword was directly knocked out this time!

His tiger's mouth was already dripping with blood, and his arms had been broken by the shock.

Then, Chen Feng roared again: "Come again!"

The golden lightning **** smashed into him again!

This time, he could no longer resist, and let out a stern roar: "Help me!"

A shock flashed in the eyes of the woman in the purple dress.

"This boy is like a crazy tiger, his fighting will is so strong? If it were an ordinary person, he would have been desperate just now!"

She thought in her heart, waving her hand again and again, the dozens of light snakes suddenly accelerated and slammed into Chen Feng's back.

At this time, Chen Feng had only one choice.

If you attack a giant sword warrior, you will be hit by these light snakes.

[Chapter 3220: This is the price!](#)

If you avoid, you will lose the opportunity to attack the great sword warrior.

Chen Feng gritted his teeth abruptly, looked back at the woman in the purple skirt, and smiled!

After seeing Chen Feng's gaze, the woman in the purple skirt suddenly trembled: "Here, what kind of smile is this?"

"He seems to be unafraid!"

In the next moment, Chen Feng didn't dodge at all, letting the light snakes hit his back.

Bang bang bang!

Chen Feng's back was scorched black, and his injuries were heavier. A mouthful of blood spurted out again.

But he was still indomitable, attacking the giant sword warrior!

The golden lightning spirit slammed on the body of the giant sword warrior!

His arms were directly hit and dropped, and his bones were broken!

Then the golden lightning gods hit his chest fiercely!

The giant sword warrior let out a scream, the ribs on his chest were broken and fractured, the internal organs were all shaking, blood mixed with internal organs, spewed out, and fell heavily to the ground.

The face is like golden paper, it is already dying, and it seems that he can't live for a while!

The Great Shield warrior let out a stern scream, rushed to his side, embraced him, and shouted:

"Brother, brother, how are you?"

At this time, everyone on the court changed their colors.

Especially the woman in the purple skirt, looking at Chen Feng, has changed from being indifferent just now to indescribable shock.

Just now, of the five of them, only three did it.

Because they think the three of them are enough.

And in the beginning, it was indeed the case, they beat Chen Feng to a terrible beating.

Unexpectedly, it was only a moment's effort that Chen Feng would come back.

Under the situation that their strength was far inferior to them, they were abruptly defeated!

Chen Feng turned around, looked at them, smiled slightly, with an indescribable joke in his smile:

"Look down on me? I think Chen Feng will be easily killed by you, right?"

"Only three of the five are doing it, right?"

Chen Feng's voice is getting colder and colder, but the tone is getting higher and higher: "Hahaha, now, let's see what you are like now? This is the price you have to pay!"

At this time, Chen Feng was covered in blood.

But he gritted his teeth and smiled at the corner of his mouth.

The smile was filled with unspeakable determination.

At this moment, the Great Shield warrior screamed frantically, and suddenly he sprang up, looking at Chen Feng, his voice was extremely cold, and he screamed sternly: "Little boy, I killed you! I killed you!"

With that, he rushed towards Chen Feng frantically.

At this time, Chu Shaoyang's eyes were full of chill.

In his opinion, so many people could not kill a single Chen Feng. Instead, he seriously injured one of his subordinates, which greatly lost face.

His voice was cold: "What are you doing in a daze? Let's do it together! It's right to kill him quickly!"

"Yes!" Several people nodded one after another, and then killed them one after another.

Chen Feng said coldly, "What does it mean to hit more with less?"

Chu Shaoyang's face blushed, and he also knew that he was acting in this way, extremely shameless, and so shameless.

But he didn't care so much.

He said fiercely, "If you are killed today, who knows that Chu Shaoyang has done such a thing?"

The five of his men rushed towards Chen Feng together, and in a blink of an eye they were fighting together.

And at this time, the loud sound of their fighting made the entire palace tremble slightly, but it also caused a figure in the depths of the palace to sleep a little less securely.

This is a mysterious and dim space.

The space is extremely small, like an egg.

And a figure is lying here, this figure looks like a human, but its body is covered with white hair.

Moreover, half of his body turned out to be incorporeal, lying there, from time to time he let out a painful moan.

He couldn't open his eyes. It seemed that he used to be a human, but now he has become more like a ghost than a ghost.

Even, it is a bit indescribable.

Feeling the movement above, he made vague words.

If someone is there, you will definitely be able to tell the difference: "Here again, hit it! Just kill it!"

The next moment, he turned over again and continued to sleep.

The four of them surrounded Chen Feng in the middle, the giant shield warrior resembling a mad tiger, roaring frantically, constantly resisting Chen Feng's offensive.

The others are frantically exerting their power.

This time, they tried their best, and Chen Feng was seriously injured again. He suddenly changed from left to right, and soon fell into a disadvantage.

After resisting dozens of moves, suddenly, the Great Shield warrior roared, spurting blood violently, broke his arms, and blocked Chen Feng's golden lightning spirit.

At the same time, the dagger of the blue alien woman pierced Chen Feng's shoulder blade fiercely.

Chen Feng let out a cold snort, and his whole body felt soft.

The staff in the purple dress woman shook one after another, playing a completely different technique from before. A red power entangled out, no longer a red light snake as before.

But like a red long whip, with a snap, it fell towards Chen Feng's legs.

At this time, on Chen Feng's legs, a red light flashed.

The Golden Crow footwork was launched day by day, and the golden boots had just condensed into shape, and the woman in the purple skirt had already prevented him from this move, and suddenly slammed the whip down.

With a snap, the golden boots were directly dissipated.

Then, it fell heavily on Chen Feng's legs, almost interrupting Chen Feng's legs, causing a bruise.

Chen Feng crooked and fell to the ground!

At this time, Chen Feng's eyes also showed an indescribable cruel color.

He knew that he was very likely to lose here today!

Chen Feng gritted his teeth and let out a fierce roar: "Today, I am dead, and I will definitely not make you feel better!"

The next moment, Chen Feng frantically bombarded the giant shield warrior in front of him.

The giant shield warrior and the giant sword warrior were obviously more dependent on Chu Shaoyang, and they were very flattering to Chu Shaoyang, and they called Chen Feng one by one, which aroused Chen Feng's anger a long time ago.

Besides, the two of them are the most threatening to Chen Feng.

Therefore, Chen Feng wants to get rid of them!

The golden lightning gods, tried their best, smashed the past fiercely.

This time, the Great Shield Warrior finally could no longer resist, and the Great Shield in his hand was directly smashed and flew out.

On both arms, countless wounds broke out, and with a loud cry, his body fell heavily backward.

And Chen Feng directly threw him to the ground with the last trace of his strength.

The fist hit him **** his face.

Every time he hit, he was smashed into blood, and his bones were broken.

In a blink of an eye, he had already beaten him into a human shape, dying, severely injured in countless places all over his body.
