[Chapter 3231: Absorb God Gang](#)

Mu Zhanpeng smiled and said, "Most of the dragons that stored the gods have been consumed, and the rest were taken away when these sea dragons disappeared."

"But I don't know why but I sometimes stay here. It just makes you cheaper!"

He shouted sharply: "It's not too late, let's start now!"

Chen Feng nodded: "Okay!"

Mu Zhanpeng took Chen Feng and jumped onto the body of a dragon in the sea, and landed on his back.

This dragon in the sea is red all over, with a thick carapace on its back.

After the two fell on his body, even though he was half-dead and half-alive at this time, without even consciousness, he seemed to be able to feel the fate of his next death.

Therefore, the body actually trembled.

In his body, there was a wave of resistance constantly coming, and at the same time a fierce killing aura was pressed down.

It seems that they are warning Chen Feng.

After this breath was suppressed, Chen Feng felt that his whole body trembled, and he was almost suffocating. At the same time, his heart was beating wildly, and there was a coma in front of him, and he almost fell directly from the dragon's back!

Mu Zhanpeng patted Chen Feng lightly, and a warm current surged in his hands before Chen Feng stabilized his figure.

He was shocked in his eyes: "What level does the dragon in the sea have reached? I'm afraid they are all two-star or even three-star monster emperors!"

"He is in this state, and I still can't resist this momentum? It's terrifying!"

The next moment, Mu Zhanpeng smiled slightly and stretched out his hand for a pat.

Suddenly, a huge momentum suppressed.

There was a crisp sound, as if a crystal was broken.

The resistance of the dragon in the sea was directly smashed.

So there was silence, and there was no room for resistance.

The next moment, Mu Zhanpeng stretched out his hand to knock on his carapace, and then suddenly punched out quickly.

There was a loud noise, and a hole was directly punched out of the extremely hard carapace that was several meters thick on his body.

The edge of this pothole is smooth, just like a deep well drilled down.

At this moment, Chen Feng saw white light flashing inside.

Chen Feng said, "Is this Shen Gang?"

Mu Zhanpeng smiled and said, "Chen Feng, this is what you want to make a difference. This is not the true form of Shen Gang!"

"Oh? It's not the true form of Shen Gang?" Chen Feng was stunned for a moment, and then suddenly realized, said: "I understand, this form is actually the Shen Gang being sucked into the body by these dragons, and the Shen Gang is carried out. The initial form after refining, isn't it?"

"Yes!"

Mu Zhanpeng smiled and said, "Shen Gang comes from the nine heavens, how powerful is it?"

"Even the Martial Emperor Realm powerhouse wants to refine the divine gang, it takes a lot of effort, and must have both strong strength and appropriate exercises to be able to successfully refine this divine gang little by little."

"A **** can often take months or even years to be refined."

He pointed to the giant dragon in the sea and said, "The gods in the belly of these giant dragons are to be refined for those little dragons who have just been born."

"If you maintain the original form of the gods and kill these dragons directly, how can you absorb them?"

He whispered: "The reason why these dragons choose to use this method to load the gods, in addition to the previous reasons, there is another reason that is not easy to tell. That's why."

"After being incorporated into the body of the dragon, this **** will affect the dragon, but it will also be affected by the power of the dragon. The dragon will undergo preliminary refining and turn it into a power that is very suitable for dragons to absorb."

"But it still retains the characteristics of the gods."

Chen Feng suddenly said, "That's it!"

Mu Zhanpeng smiled slightly, did not speak any more, but turned around.

With a loud bang, the wound on the back of the dragon in the sea was torn even more.

From just over a foot long, it was pulled to a full length of three to four meters, and the depth reached about one meter.

Chen Feng looked down, but didn't see any flesh and blood. On the contrary, the shallow white light that had just appeared before him was even hotter than before.

A piece of melting light, like a white river of light flowing.

Chen Feng took a deep breath: "This, this is the god!"

Chen Feng doesn't care what state he is in, as long as he has the power of Shen Gang, it is enough for Chen Feng to strengthen his Shen Yuan!

Then, Mu Zhanpeng stretched out his hand and patted heavily on the carapace.

Suddenly, the dragon in the sea trembled violently.

Then, the next moment, from the gap opened by Mu Zhanpeng, endless white light splashed upward like a fountain.

At this time, Chen Feng didn't need to say anything but knew what to do.

With a long roar, Chen Feng suddenly jumped up and plunged directly into the white light.

Once inside, Chen Feng felt unspeakably comfortable.

All around his body was warm, and a warm air stream wandered around his body.

These warm air currents contain immense power, but they don't have the slightest hostility. When people touch it, they feel very easy to absorb.

Chen Feng naturally knew that this was definitely not the original face of these gods.

These gods were originally cold and violent, and they were by no means easy to absorb, but they were transformed by these sea dragons with their own power to make them easy to absorb.

But now, it is cheaper for him!

There was a flash of light in Chen Feng's dantian, and the golden lightning spirit suddenly appeared, directly horizontally in the white light.

After feeling the golden lightning gods, these white lights almost rushed towards the golden lightning gods, and directly turned into air currents and penetrated into them, very fast.

The aura of the golden lightning **** is growing at an extremely fast rate, and in a blink of an eye, it has returned to the state it was at the peak without injury.

Chen Feng looked at it and couldn't help being ecstatic.

"Divine Gang is Divine Gang, different from any kind of power in this heaven and earth, it is indeed the divine power in the universe above the nine heavens!"

"Shen Gang can directly enter the Shen Yuan, which is really amazing!"

Chen Feng was amazed, and the infiltration was not over yet.

There were bursts of emotions called joy in the golden lightning gods, wandering happily in the white light, constantly absorbing the power of the gods.

And his size was also getting bigger at a speed visible to the naked eye, and soon changed from four meters to four and a half meters, then five meters, and then five and a half meters!

Not only is his size getting bigger, his aura is also increasing crazily.

Chen Feng just watched it go from this golden lightning divine primitive prototype, from 50% of the completed body to 50% of the completed body, then 60%, and then 60%.

[Chapter 3232: Golden Lightning God Yuan, Consummation!](#)

It increases little by little, very fast, and very stable.

The golden lightning gods continued to grow, and the feeling of majestic power made Chen Feng like drinking alcohol, extremely drunk, immersed in it, knowing the years!

One hour has passed, two hours have passed, and three hours have passed.

The prototype of the golden lightning divine essence was still absorbing, and even the white light inside the dragon in the sea had already weakened somewhat.

Mu Zhanpeng looked at him with a smile.

At this time, Chen Feng was also keenly aware that the white light sprayed out of the dragon in the sea was weakening, but he did not feel any panic.

Because, the golden lightning gods have become a full seven and a half meters in length, and his aura has reached nine and a half of the golden lightning gods' full body!

Finally, the golden lightning gods suddenly issued a violent long howl!

The suction power from his body suddenly increased, and countless small vortices formed beside his body.

The whirlpool madly absorbed the white gods, and finally, with a loud boom, the body of the dragon in the sea swelled fiercely.

Then, it crazily contracted inward again, as if to squeeze something out of the body.

With a loud noise, a large group of white light condensed to the extreme in the gap, suddenly slammed directly into the golden lightning god.

This large group of white light is not only extremely large, but also extremely pure, much purer than those before.

The golden lightning **** yuan cheered and greeted him, absorbing it frantically.

Finally, after absorbing the last gleam of white light, the Golden Lightning God Yuan Zhi sent an emotion called satisfaction.

The next moment, his strength greatly increased, boundless golden light spilled out, and his body directly grew from seven and a half meters to eight meters in length.

And his aura was directly hit from 90% to 100% of his perfect body!

At this moment, countless tiny golden branches grew on top of him. The whole stretched out in the sky, looking extremely beautiful.

Moreover, the momentum above is very huge, full of appalling coercion.

The golden lightning gods finally reached the perfect body!

The golden lightning spirit is already complete!

At this time, Chen Feng felt tears in his eyes.

"God, my god, my golden lightning god, is finally perfected!"

Ever since Chen Feng got the prototype of the Golden Lightning member, he has always thought about perfecting it and tempering it into a complete god.

However, after so long, it has not been possible.

After all, tempering the soul is the most test of water milling skills, and the most focus is on the accumulation of strength.

An ordinary martial artist, a god, wants to be tempered from the embryonic form to the formation, and I don't know how long it will take, and it is not uncommon for hundreds of years.

How can Chen Feng do it in a short time?

Today, he finally did it.

Soon, Chen Feng and Mu Zhanpeng returned to the land of lava.

Mu Zhanpeng said: "Now, you have seen two of the three little treasures in the Sea Dragon Crystal Palace."

Chen Feng asked curiously, "Is there another one?"

Mu Zhanpeng showed an elusive smile on his face, looked at him, and said with a faint smile, "You still don't know the third one."

When Chen Feng heard this, his brows twitched, but he did not continue to question.

Since Mu Zhanpeng didn't say anything, there must be his reason.

"Okay, let's start choosing a knife!"

Looking at the five knives above his head, Mu Zhanpeng breathed a sigh of relief. He looked at Chen Feng, with some expectation in his eyes, and said in his heart: "Little guy, I don't know which knife here is related to you?"

"But no matter which one falls in your hand, it can make you even more powerful and improve your strength by leaps and bounds."

Chen Feng also took a deep breath.

The light flashed in his dantian, and the golden lightning spirit appeared again.

This time, after the appearance of the Golden Lightning Spiritual Element, the situation was completely different from when it appeared before.

As soon as he appeared here, the endless red clouds suddenly gathered over this lava field.

Then the next moment, a huge black-red lightning, Kara La, slammed down fiercely.

From the clouds to the bottom, countless magma burst into this piece of magma. The huge waves were tens of hundreds of meters high, and the entire ocean of magma was boiling.

The small island where Chen Feng and the two were on was shaken like Ye Xiaozhou, undulating in the waves.

But Chen Feng and two of them stood on it, but they were not moving at all!

Chen Feng was taken aback for a moment. He didn't expect that this golden lightning **** essence complete body would be so much stronger than before.

The power of the Golden Lightning Shenyuan completed body has been increased several times than before.

After seeing this scene, Chen Feng looked forward to it.

"In this case, one of these treasured swords will always look after me!"

And sure enough, as expected by Chen Feng, after the appearance of the Golden Lightning Spirituality, the five treasured swords in the sky all stagnated, as if placing a bet.

But they were still hovering in the air.

After they paid attention for a while, Chen Feng could clearly feel that these five treasure knives were all moving, but they were still hovering.

And after a while, the speed of their circling started to increase slowly.

When Chen Feng saw this scene, his brows were raised, and a cold color flashed in his eyes.

He is already very clear now that these five knives are not actually the golden lightning gods who look down on him, in fact the golden lightning gods are already tempting them.

But they are waiting for the price and seem to want to wait for something better.

Chen Feng sneered, and an arrogance surged in his heart:

"It's really shameless!"

"I don't like it?"

"Reluctantly?"

"Okay! Then I will hit you as you wish!"

After all, Chen Feng's figure flashed, and he walked directly up the sky.

In a blink of an eye, he came to the center of the five knives.

Above the five knives, there was an emotion called panic. I don't know what Chen Feng is going to do.

Chen Feng smiled slightly, and the golden lightning gods burst out and slammed toward the five knives.

With a bang, it hit one of the knives, directly knocking the knife and rolling.

This knife was four meters long, showing a burst of earthy yellow color all over the body, shrouded in a cloud of earthy yellow light, and it was a thick and huge knife that couldn't be seen clearly.

It is the thickest and most powerful one.

It was knocked away by Chen Feng's golden lightning spirit, and immediately an extremely angry mood spread from the sword.

Obviously, weapons of the rank of their Ninth-Rank Emperor's Soldiers are all savvy.

He was furious and rushed towards the golden lightning spirit.

Chen Feng laughed loudly: "Do you want to hit it again? Okay! Then come on!"

Bang bang bang!

[Chapter 3233: War knife!](#)

The golden lightning gods kept crashing forward madly, and with each impact, both made a loud bang.

The golden lightning gods were constantly trembling violently, and this khaki giant knife was also constantly trembling,

Each time the two hits, they retreat more than ten meters.

It's evenly matched!

After hitting more than a dozen times, Chen Feng's golden lightning spirit was safe and sound.

And this huge khaki knife couldn't bear it, and the body trembled violently, and the light on the surface also began to shake, as if it were breaking.

Seeing this scene, the other four giant swords were also shocked.

They didn't expect this human being to be so fierce.

Seeing the earth-yellow giant knife pushed aside, Chen Feng laughed: "Come on!"

The next moment, he rushed to another giant knife, and the emotions of the four knives fluctuated, and then the next moment, they all rushed towards Chen Feng.

Actually want to gang up against Chen Feng.

Chen Feng laughed: "If you can't beat one, do you have to fight in a group?"

"Well, how can I, Chen Feng, be afraid of you?"

At the next moment, Chen Feng's golden lightning spirit appeared again.

But this time, Chen Feng didn't let the Golden Lightning Spiritual Essence go out by himself. Instead, he grabbed the tail of the Golden Lightning Spiritual Essence with one hand, actually using the Golden Lightning Spiritual Essence as a weapon.

Then, the next moment, Chen Feng started the Golden Crow footwork day by day.

On his legs, a pair of red boots suddenly appeared.

After the fire-red boots appeared, Chen Feng's body teleported out at a very fast speed and appeared directly next to a turquoise long knife.

Then, the golden lightning gods in his hand fell fiercely, and hit the turquoise long knife.

The turquoise long knife buzzed and was directly knocked out!

After a very short time, Chen Feng appeared next to the flaming red long knife.

The golden lightning **** yuan hit, still knocking it out!

In almost a short span of time, Chen Feng attacked all the four knives.

Every knife was shot by Chen Feng!

In a blink of an eye, there was a lap!

If there are many opponents, there are two problems that need to be solved most.

The first is persistence, and the second is speed.

The four of them attacked Chen Feng together, and after Chen Feng used the Sun-Daily Golden Crow footwork, the speed was more than the sum of the four of them.

Then the four of them face one Chen Feng, which is actually equivalent to facing four Chen Feng.

Because Chen Feng could launch four attacks within the time they launched one attack, each attacking them once.

So they beat Chen Feng in a group, and Chen Feng can easily resolve it with speed.

The second is durability.

The number of impacts that the golden lightning gods endured was four times as much as before. If the golden lightning gods were not strong enough, they would break directly under such frequent impacts.

But fortunately, Chen Feng is not only fast, but this golden lightning **** is also extremely strong!

Seeing that Chen Feng fought with four knives in a row, they did not lose the wind at all, but were able to do well.

He was constantly walking through the four knives, holding the golden lightning spirit, and constantly hitting them.

And every impact can knock them out.

Then, play against another one!

Hundreds of breaths passed in an instant, and huge and incomparable impact sounds continued to sound in this space.

Even the same moment will sound several times at the same time.

In fact, they did not sound at the same time, but because Chen Feng's speed was so fast that it seemed to people to sound the same at the same time.

Such a huge impact sound is actually extremely powerful and resounds in this space.

Sound waves keep hitting this, and every hit can make the lava ocean set off turbulent waves.

With thousands of impacts in an instant, the huge waves in the lava ocean are already overwhelming, even reaching a height of thousands of meters.

After fighting fiercely for about a cup of tea, the four knives all retreated in a panic.

They didn't expect Chen Feng to hide his strength just now.

This human being did not fully use his strength when he was fighting the big khaki sword just now, so that they had the illusion that four swords would be able to win Chen Feng.

But in fact, they discovered at this time that even if Chen Feng played against the four of them, he still did not fall behind.

However, the four of them are not afraid.

Because Chen Feng was just fighting against them and not letting go, but he did not occupy an overwhelming advantage.

You can't do anything to them at all.

Chen Feng captured their minds clearly.

Chen Feng laughed loudly: "Do you think I have only this ability, Chen Feng?"

The next moment, Chen Feng rushed directly to the four of them.

Prior to this, the khaki-colored giant knife had been standing by the side and did not participate in the four of them.

Therefore, Chen Feng did not intend to attack him this time, but only attacked the other four knives.

Seeing Chen Feng rushing over, all four knives shook for a while, as if they were panicked.

"Could it be that this young man actually concealed his strength? Will his strength be stronger?"

Chen Feng directly approached the platinum-colored, sharp-edged, chilly, and at first sight the blade was as sharp as the two-foot-long short knife.

This knife is the platinum knife among the five elements.

In the next moment, the golden lightning spirit pierced directly towards it.

At the same time, a slight tremor suddenly began above the golden lightning gods.

If you look closely, you will find that Chen Feng didn't actually hold the golden lightning gods firmly at this time, just Xu.

At this time, Chen Feng was also shocked, he trembles unexpectedly what happened above the golden lightning **** of the sword.

But Chen Feng instinctively loosened his hand slightly, keeping a distance between his fingers and the golden lightning spirit.

The reason for this is that in the next moment, Chen Feng discovered that with the slight trembling of the golden lightning gods, there were countless tiny lightning flashes around him constantly!

With the occurrence and death of lightning, countless spatial cracks appeared and disappeared in a flash.

If Chen Feng's hand grabbed it, his hand would be cut and shredded!

Chen Feng muttered to himself: "This, what is this? Could it be the new ability that appeared after the golden lightning **** was transformed into a completed body?"

But Chen Feng couldn't control so much at this time.

"Just leave him, just give it a try!"

Chen Feng impressively activated this ability that the Golden Lightning God's Heart Increased.

This tearing ability appeared, and suddenly the entire space fluctuated.

The platinum knife did not see the mystery in it, and with a bang, it still slammed into the golden lightning spirit.

[Chapter 3234: Are you convinced?](#)

This time, when he hit, he realized that it was different.

After the previous impact, both sides bounced off, but this time after it impacted, it was discovered that countless spatial cracks were produced all of a sudden.

Then, these spatial cracks sucked it tightly near the golden lightning god.

Then, the golden lightning gods continued to tremble, continue to emit countless lightning, and continue to produce spatial cracks.

These spatial cracks hit him fiercely.

A spatial crack appeared directly next to his blade, and then disappeared. His disappearance directly took away a large piece of the light from his body.

That piece is simply missing.

Then, there were numerous spatial cracks created by golden lightning gods.

These spatial cracks appeared next to the platinum knife, and their disappearance directly caused this space to disappear, so naturally the protective light of the platinum knife that existed in this space disappeared.

So, in a blink of an eye, the light of the body guard around the platinum knife was gnawed away.

Then, the space crack rushed directly to the body of the platinum knife!

With a click, it fell on the platinum knife.

This is an attack of space!

This is not a sharp cutting, nor is it broken with a huge force, this is an attack of space!

Spatial cracks appear here and then disappear, so naturally even this piece of space is taken away!

The space is taken away, then everything in this space will naturally disappear with it.

As a result, there was a crisp sound, and a gap the size of a grain of rice broke out on the space knife.

In fact, it didn't pop out, but the space cracks here took away, disappeared, and directly took away his part of the metal.

The Platinum Sword couldn't help being extremely frightened, and there was a terrible hum from the blade, as if crying.

This caused him a heavy blow!

Chen Feng sneered, mercilessly, the space crack continued to swallow.

The space crack swallowed the body of the platinum knife, of course it was much more difficult than swallowing the light of his body, but it could still be swallowed!

The Platinum Knife was extremely frightened. He attacked frantically at first, but soon he discovered that his attack could not cause any harm to the Golden Lightning Spirit.

On the contrary, several gaps appeared on his body.

At this time, the platinum knife quickly gave in.

It buzzed for a while, and then suddenly gave up all resistance and stood directly in front of Chen Feng with a sentiment called pleading.

This is also the first time Chen Feng has seen such emotions in him.

Seeing this scene, the other knives hesitated for a while, and then they came to Chen Feng one after another, begging for mercy as well. *NovElus**b.cOm***

Obviously, all five of them gave in and begged for mercy.

Chen Feng laughed loudly: "You are now convinced, are you?"

Those five knives didn't dare to have any arrogance anymore, they were all around Chen Feng.

A smile appeared at the corner of Chen Feng's mouth, watching them slowly turning around him: "Now, it is my time to choose you! Not you choose me!"

Then, Chen Feng looked at the surface of the five knives one by one.

At this time, the five magic knives had faded their surface light, revealing the appearance of the inner body.

Chen Feng also finally knows what their bodies are like.

For example, the big khaki knife is about three meters long and one meter wide. Like a door panel, it is extremely thick and huge.

The back of his sword is extremely thick, about a foot thick, and the blade is extremely thin and sharp!

This knife is not only huge, but the aura on it is very heavy, and Chen Feng feels like facing the loess earth.

He felt that this knife seemed to be connected to the ground, and the power of the infinite earth surged in it, extremely tyrannical and extremely domineering.

The temperament of this knife is powerful! overbearing!

Unparalleled strength, and extremely solid weight!

Its aura does not come from its size, but from its inside.

Obviously, this is an earth knife!

The knife next to it was emerald green, with a strong life force surging on it.

Even Chen Feng saw that beside this green five-foot long knife, there were bursts of brilliance of life.

Then plants grew out of thin air in the air, beginning to take root and sprout, open branches and leaves, bloom and bear fruit, and then withered and withered.

In a blink of an eye, birth and death is a lifetime.

Obviously, this knife is a wood spirit knife!

On the side, there is a short knife that is no more than two feet long. It is very light and thin, but very tough, giving people a feeling of being paper-thin and sharp.

It seems that at a glance, it can be cut by its aura.

This is the platinum knife.

Five elements!

Five magic knives!

Chen Feng watched it back and forth dozens of times, he did not make a choice hastily, but was extremely cautious.

Then, Chen Feng released the golden lightning spirit again, and then contacted the five knives one by one.

The golden lightning gods touched one by one, and suddenly, he stopped in one place.

An emotion called pleasure flickered above the golden lightning god.

A smile appeared at the corner of Chen Feng's mouth, and he whispered to himself: "It really is!"

Chen Feng opened his eyes and looked at it, as expected, exactly as he had guessed.

At this time, the golden lightning soul stopped on the earthy yellow knife of the earth!

The knife of the earth, he really chose the knife of the earth!

Chen Feng had already guessed it, because this earth knife possessed unparalleled strength, strong and heavy.

And this majestic power is the most compatible with the tyrannical power of the golden lightning god.

If you use the power of the golden lightning **** to control this earth knife, you will definitely get twice the result with half the effort, and the combination of the two will double the effect!

Chen Feng smiled slightly, without any hesitation, just walked forward, and as soon as he stretched out his hand, he grabbed the knife of the earth in his hand.

As soon as he started with this knife, Chen Feng felt a vast and infinite force pouring into his body from the blade.

These earth-yellow majestic powers flashed into Chen Feng's body with a burst of light from the Earth Knife, and in a blink of an eye they were scattered in Chen Feng's blood.

Chen Feng couldn't help being surprised: "These forces actually penetrated directly into my bloodline?"

And as the power penetrated into the bloodline, Chen Feng seemed to sound like an earth-shaking roar.

At this moment, Chen Feng's blood spurted and his heart beat wildly, and he was extremely excited in an instant. He felt like he was about to fully awaken his blood at this moment!

Chen Feng's heart jumped wildly: "Well, could it be said that this earth knife is actually an introduction? Has his power affected the blood of the giant in my body just now?"

[Chapter 3235: The ultimate Longyang sword!](#)

"This is clearly a precursor to inspire the blood of giants!"

The blood of Chen Feng's long-sleeping giant circulated wildly in Chen Feng's body at this moment.

And Chen Feng's body is also out of control.

He clenched his fists, and he seemed to explode!

But unfortunately, this sensation of blood stimulus just appeared, and it disappeared in an instant.

Chen Feng's bloodline calmed down again.[novelusb.com](#)

Chen Feng has nothing to lose. For him, this giant bloodline is good for him to be awakened. Even if he can't, Chen Feng doesn't care much.

After all, the more awakened later, it means that the bloodline of the giant will be stronger.

Chen Feng has many killers, but he doesn't need it urgently. ,

After that time, when Chen Feng looked at the Earth Knife in his hand, he suddenly felt connected by blood.

There seemed to be countless involvements, scattered from the knife of the earth, into his own hands, into his own body, and connected with his own heart.

The sword of the earth seemed to have become part of Chen Feng!

The Knife of the Earth also seemed to have sensed the blood of the giant in Chen Feng's body. First, he exuded bursts of shock, and the next moment, the shock turned into ecstasy.

When he was first caught by Chen Feng, he was very reluctant.

It's just because he didn't dare to resist Chen Feng, so he was honest.

And now, he was willingly controlled by Chen Feng.

Chen Feng laughed loudly and said to Mu Zhanpeng, "Brother, I want this knife!"

'it is good! "

Mu Zhanpeng raised his eyebrows: "In my opinion, this knife is also a good match for you!"

He looked at Chen Feng, smiled and said, "However, your name is wrong."

"Oh?" Chen Feng asked, "isn't this knife called the knife of the earth?"

"The knife of the earth? It can't afford it!"

Looking at Chen Feng, Mu Zhanpeng said word by word: "The sword of the earth is the ultimate weapon that represents the power of the earth in the five elements."

"This knife is nowhere near that level."

"What is the name of this knife?" Chen Feng asked.

Mu Zhanpeng said: "The name of this sword is the supreme Longyang sword!"

"Extreme Longyang Sword?" Chen Feng trembled fiercely after listening.

What a domineering knife name!

Mu Zhanpeng smiled slightly, and suddenly stretched out his hand and slammed it down and shot it in the lava ocean.

And as he took this palm shot, suddenly, in the lava ocean, rumbling like a spring, lava constantly gushing out of it.

There seems to be something to bulge up below.

Chen Feng watched intently.

Soon, the lava was scattered, and what appeared was a stone monument arched from the ocean of lava.

This stone monument is one hundred meters high and has an ancient shape.

There are hundreds of very large ancient characters carved on the seal.

"This, is it the sword classic that matches this extremely superior Longyang sword?"

Chen Feng looked at Mu Zhanpeng.

Mu Zhanpeng smiled and said, "Yes, it is!"

"This sword book, named Yuqing Giant Spirit sword book, matches this extremely high Longyang sword!"

Chen Feng nodded slowly.

Just now, Chen Feng directly held the Golden Lightning Spiritual Element to attack. Of course it was possible, but the efficiency was very low.

Far inferior to him controlling the power of the golden lightning god, and then using other weapons to release this power!

Without waiting for Mu Zhanpeng's reminder, Chen Feng carefully read the Yuqing Giant Spirit Sword Code.

These ancient texts have subtle meanings, and each font has great meaning.

Chen Feng watched extremely slowly, but he was extremely serious, not letting go of a word.

His eyes stayed on each word for a long time, until he fully understood it, before moving to the next one.

It lasted about a quarter of an hour on each word.

Mu Zhanpeng looked at him with a smile, but his eyes were full of horror.

Because of the speed of Chen Feng's practice.

Not because he was too slow, but because he was too fast!

Mu Zhanpeng's cultivation is high, he naturally knows how difficult it is to understand these ancient characters.

If it is an ordinary person, one word is a few days to comprehend, and a sword canon can take a few years to comprehend, even more than ten years.

However, Chen Feng only stayed for one cup of tea per word, so estimated that he would spend no more than a day on the entire knife book!

One day! It's terrible!

Chen Feng's speed is hundreds of times, thousands of times faster than others!

Mu Zhanpeng sighed in his heart: "This son's talent is really terrifying, he is really a peerless genius."

"My talent is not bad, and it took a full month to comprehend this kind of sword classic."

"And he can memorize it in one day, and then he can comprehend it in a few days. I am afraid that it will be less than a month."

Mu Zhanpeng's heart was full of shock, but he didn't make any sound, just quietly waiting for Chen Feng's enlightenment to complete!

Time passed, and the day passed quickly.

For the whole day, Chen Feng sat cross-legged, staring at the stele unblinkingly.

But when the day finally passed and Chen Feng looked away from the last word, he suddenly closed his eyes.

At this moment, Chen Feng felt that there were countless fonts swaying chaotically in front of him. The speed was extremely fast, and countless hidden meanings wandered in front of him, turning into fragments.

This dazzled him and couldn't remember.

Even Chen Feng felt an unspeakable headache and nausea.

Because these forces have exceeded the range he can bear, but Chen Feng gritted his teeth and carried it abruptly!

Suddenly, Chen Feng's head began to ache sharply, his headache getting worse and worse, and it seemed to explode in the end.

Chen Feng almost fainted in pain, but he still gritted his teeth in crazy memory.

Beside, Mu Zhanpeng saw Chen Feng's face pale, and cold sweat dripped on his forehead.

Even, his teeth were biting his lips, and his lips were bleeding. It was obvious that he was in great pain at this time.

Mu Zhanpeng looked rather unbearable beside him, and was about to speak.

But at this moment, Chen Feng suddenly opened his eyes, and with a wow, a large mouthful of blood spurted out, and his body fell directly to the ground.

But Chen Feng's eyes were filled with comfort, unspeakably happy, and burst into laughter.

Mu Zhanpeng looked at him, smiled and said, "Do you understand?"

Chen Feng shook his head and said, "It's not that easy, it's just memorizing by rote, but I have memorized all these martial arts, don't worry about forgetting the profound meaning in the future."

"Oh? It's extremely rare to write it all down."

Mu Zhanpeng admired: "I don't know how long it will take to change to someone else's words."

[Chapter 3236: Comprehend Yuqing Giant Spirit Sword Code](#)

Chen Feng stood up slowly, raised his chin slightly, his eyes full of self-confidence.

He knows his talent best.

However, at this time Chen Feng's power disappeared without a trace, and all the direct power was consumed.

It's just memorizing this martial skill, it's just memorizing it, and it consumes all his power, which shows how high this martial skill level is!

Mu Zhanpeng looked at him, shook his head and said, "You little fellow, why bother?"

"There are still two days left to comprehend, why do you want to force yourself like this? Just now, I thought you were going to be crazy."

Chen Feng shook his head and said solemnly, "I want to make good use of the remaining few days, and I can't use it for the next two days to memorize this sword classic."

"Because I know that memory is only part of it, and brother, you have obviously practiced this swordsmanship."

"Then, I can spend the rest of my time studying, and if I don't understand, I can ask you for advice."

"If I use all three days to memorize it, when I go out to practice on my own, what is there that I don't understand, but I have to explore it by myself. How can it be faster than the senior brother's instructions?"

"You point me to a day, which is equivalent to a few months of practice by myself."

Hearing what Chen Feng said, Mu Zhanpeng was taken aback first, then laughed, patted Chen Feng's shoulder and said: "My little brother, it's really amazing. I can understand everything so clearly!"

"Okay, brother, I will naturally give you pointers next, don't worry!"

After Mu Zhanpeng finished speaking, he stretched out his hand and pressed it down, and suddenly the stele fell down again, and eventually disappeared in the lava, nowhere to be seen.

Then, Mu Zhanpeng grabbed Chen Feng by the collar and left here with Chen Feng.

Before leaving, Chen Feng turned around.

His eyes were deep and he looked at the other four knives hovering in the air.

A smile was drawn at the corner of Chen Feng's mouth, and he whispered to himself: "Now my strength is limited. I can only take a knife and only practice one martial skill."

"Wait! Wait!"

"Sooner or later, I, Chen Feng, will come back and take away all the other four knives! Practice these four martial arts!"

"Five elements, I, Chen Feng, will not lack any of them!"

Soon, Chen Feng and the two left here and returned to the hall.

After returning to the main hall, Chen Feng didn't have any rest, and he immediately comprehended the Yuqing Giant Spirit Sword Tome.

As soon as he enlightened him, Chen Feng felt the pain in his head to the extreme, and he almost fainted with real pain.

When his physical strength was exhausted, he forced to comprehend, naturally.

But Chen Feng gritted his teeth, bit by bit, word by word, he began to comprehend the subtlety of the Yuqing Giant Spirit Sword Code!

Suddenly, Chen Feng wowed, and a mouthful of blood came out.

But Chen Feng didn't give up, he still understood.

Finally, after an hour or so, Chen Feng felt that his head no longer belonged to him.

He felt that there seemed to be a mass of paste inside his head, and he felt that he could no longer support it.

He felt he couldn't hold it anymore, he felt he was going to collapse.

And at this moment, just when Chen Feng was about to fall asleep or faint, suddenly, something seemed to penetrate through his mind.

The whole person suddenly became extremely clear and bright.

A difficult problem that I had been incomprehensible just now was directly opened with a thud.

In front of Chen Feng, it was suddenly enlightened.

But this moment made him extremely comfortable.

It is not physical ease, it is spiritual pleasure, it is a kind of excitement to overcome oneself.

Chen Feng clenched his fists and laughed out loud: "I did it! I did it!"

Opposite Chen Feng, Mu Zhanpeng looked at him with a gratified smile on his lips.

He sighed lightly, leaning on the pillar behind him, just smiling, but said nothing.

Chen Feng finally defeated himself.

At this time, his headache did not alleviate, but Chen Feng's breakthrough speed was extremely fast, which was different from just now.

Many difficulties were overcome instantly.

Whenever he didn't understand, Chen Feng asked Mu Zhanpeng for advice.

One day passed quickly, and Chen Feng had spent a whole day studying here, forgetting to sleep and eat.

And in this day, he encountered a total of 37 difficulties and difficulties, of which 30 were difficult. He didn't ask Mu Zhanpeng for advice, so he rushed away!

Only seven major difficulties did he ask Mu Zhanpeng for advice.

And these seven major difficulties are all concentrated in the front.

This also means that after Mu Zhanpeng helped him a few times, he himself could easily comprehend.

Finally, Chen Feng tried a lazy waist, his bones burst loudly, and slowly stood up.

There was a flash of wisdom in his eyes. He looked at Mu Zhanpeng and said softly: "Brother, I have realized that I am about 50%."

Mu Zhanpeng nodded slowly.

Chen Feng smiled and said: "And the remaining 50% is harder than the previous one, I don't know how much it is, just like the difficulty has been magnified several times all at once, it seems to be a kind of advanced.

"Yes, it is an advancement."

Mu Zhanpeng said: "Actually, this sword classic is one in the front and one in the back. I don't know how powerful it is at the back than the front."

"This kind of power is not something you can control now, let alone what you can comprehend now."

Chen Feng nodded: "I am also aware of this, so if I am comprehending now, it is just a waste of effort, then I will first understand the first half."

Mu Zhanpeng nodded: "It should be so."

Chen Feng smiled slightly, pacing, and began to think about this jade clear giant spirit sword.

To put it bluntly, this sword classic is actually a way to control the golden lightning gods.

He turned the golden lightning **** element into an ordinary power, as a kind of ordinary power, operating in Chen Feng's body, walking a set of special routes, and then pouring it into the extremely high Longyang sword.

However, this kind of exercise route is extremely weird and extremely mysterious, so it is extremely difficult to comprehend.

Chen Feng took a deep breath, and the mystery of the Yuqing Giant Spirit Sword Book circulated in his mind.

Chen Feng was not in a hurry and immediately started to practice. Instead, he paced in place for a full hour.

Suddenly, Chen Feng moved!

The golden lightning god, following Chen Feng's thoughts, suddenly came to Chen Feng's front.

Chen Feng's hand slapped fiercely on the surface of the golden lightning **** at an extremely fast speed.

Chen Feng's speed is extremely fast, like an eagle soaring with its wings spread.

Then, he slapped it again.

Then again!

In this way, Chen Feng slapped the golden lightning divine essence back and forth a dozen times.

And on his hands, there is a strange power!

[Chapter 3237: The first level of the sword book! Success!](#)

It is the power of Yuqing Giant Spirit Sword Code!

The golden lightning spirit was originally extremely hard, but after Chen Feng's slap this time, it was directly bent, and suddenly became soft and hard.

Without hesitation, Chen Feng grabbed the golden lightning gods with one hand, and he leaned directly on the golden lightning gods and circled it.

Chen Feng's action was like lifting a pole horizontally.

The center of the pole was placed on Chen Feng's shoulders, while the two ends of the pole were wrapped around Chen Feng's arms.

Then, Chen Feng shouted again, and the power of the Yuqing Giant Spirit Sword Tome poured out.

Suddenly, the golden lightning spirit actually issued a roar like a giant dragon.

Then, both sides of him were wrapped up as if they were spiritual, like two vines wrapped around Chen Feng's arms.

Looking at it this way, it was as if a golden dragon was wrapped around the tip of Chen Feng's left finger to the right finger!

Of course, this so-called golden dragon is just a rudimentary form at this time.

Don't talk about the scales, even if the dragon head and dragon tail look like the dragon body, it can be said to be very basic.

But even for such an elementary level, Chen Feng's energy was exhausted.

He let out a long suffocating breath, his face turned pale, and his body shook, he almost fell directly.

But Chen Feng still gritted his teeth, his legs were abrupt, and he stopped!

A look of joy appeared on Chen Feng's face: "Although I have almost exhausted all my strength, I have practiced the first level of this Yuqing Giant Spirit Sword Tome!"

That's right, the first layer of the Yuqing Giant Spirit Sword Tome is to soften the gods so that they can wrap around themselves.

In this case, the user can borrow the power of the Shenyuan 30%!

Chen Feng laughed and said with great pleasure: "The first level of the Yuqing Giant Spirit Sword Tome, I have already practiced it!"

At this time, the golden lightning spirit attached to Chen Feng's body slowly seeped into Chen Feng's skin, as if it had taken root on Chen Feng's body, it was completely integrated with Chen Feng.

However, it only penetrated a little further, and slightly dyed Chen Feng's skin to a hint of gold, and it could no longer penetrate.

Chen Feng looked into the distance, his eyes hot:

"The first half of the Yuqing Giant Spirit Sword Tome contains three layers. Each time you break through one layer, you can use 30% of the power of the golden lightning god."

"And after breaking through to the third level, you can use the golden lightning divine essence 90% of the power."

"At that time, this golden lightning **** will transform into a golden dragon on top of the body, shaking its head and waving its tail, and its claws will fly!"

"Dragon head, dragon tail, dragon body, all have no difference from the real dragon."

"At that time, you can draw on the power of 90% of the golden lightning gods, which is extremely terrifying!"

As for what a terrifying scene will be after the second half of the practice, it is even more exciting!

"Now, I want to try how powerful this sword canon is. I am only the first level of the sword canon. After training, what terrifying power does it have?"

As he spoke, Chen Feng's arms shook.

Suddenly, above the golden lightning gods, an incomparable force poured directly into Chen Feng's shoulders and arms.

This power is far stronger than the power of the golden lightning **** element when it hit!

Kaka, his bones burst, and the muscles above his body flowed.

At this moment, Chen Feng felt that his arms were filled with incomparable power.

He felt that even if it was a mountain in front of him, he could smash it with a punch.

Chen Feng laughed loudly, and grasped the Longyang Sword in front of him with both hands.

At the same time, the power of the golden lightning gods also poured into the extremely high Longyang Sword.

The surface of the extremely high Longyang Sword issued a clear dragon chant, and above the surface, there was a ray of light.

And in this light, there were countless lightning flashes suddenly formed, these tiny lightning bolts were like branches, suddenly produced, and then suddenly extinguished.

Countless space cracks were created around the blade!

Chen Feng was overjoyed: "I feel that not only the majestic power has poured into the Extreme Longyang Sword, even the Extreme Longyang Sword also has the characteristic of tearing my golden lightning god!"

"In other words, at this time, the Supreme Longyang Sword has two characteristics of Shen yuan!"

"Strength, and tear!"

Then, Chen Feng strode forward.

Then, following his roar, the Long Yang sword in his hand stood fiercely on the ground in front of him.

With a loud bang, the entire hall fluctuated violently, as if it were an earthquake.

A shock wave visible to the naked eye, with Chen Feng as the center, spread rapidly towards the surroundings.

With a loud noise, Chen Feng exploded in front of a huge deep pit with a radius of tens of thousands of meters, reaching a depth of several kilometers, and the lava below could almost be seen at the bottom of the pit.

There is lava coming out!

Chen Feng actually pierced the ground directly, knocking out the lava!

It's not over yet, your deep pit is the center, and the land is flowing like waves, wandering around.

This is a powerful force spreading wildly around.

Boom boom boom, on the ground, one huge pit after another was exploded.

This is the function of a powerful force!

At the same time, suddenly, a ray of light flashed above the blade, and the characteristic called tearing also came into play for an instant.

As a result, as the sword moved forward, countless spatial cracks suddenly emerged and died, and suddenly many deep cracks like a deep canyon appeared around this deep pit.

These cracks moved forward again, almost instantaneously, they cut the ground deeply once again.

Those lava blasted out and kept pouring into this place.

In a blink of an eye, Dakeng became a lava lake!

Chen Feng was stunned. He stood there blankly, and did not recover for a long time.

After a long time, Chen Feng lowered his head to look at his hands, then looked at the knife in his hand, and muttered: "This, this is the power that I made? The power I played just now is so powerful. Big?"

Next, a smile appeared at the corner of Chen Feng's mouth.

Then, the smile grew deeper and deeper, and finally turned into a laugh.

"The supreme Longyang Sword is indeed a soldier of the Ninth Stage Emperor!"

"The Yuqing Giant Spirit Sword Code, as expected, deserves to be the fifth-rank martial skill of the Wild Grade!"

"Awesome, too amazing!"

The aftermath of the sword code stopped after a while, and the lava gradually overflowed.

Soon, it was filled with red light, like an underground palace.

There was applause from the side, and Mu Zhanpeng's voice followed: "Little guy, your talent is beyond my surprise."

[Chapter 3238: Practice with them](#)

"I thought you were high enough, but I didn't expect you to be stronger than I thought!"

Chen Feng looked at Mu Zhanpeng and said solemnly, "Senior Brother Mu, I have all this and I rely on you."

"If it weren't for you, I'm afraid I would have died under Chu Shaoyang's hands. How could I obtain such martial skills? How could it be today?"

Mu Zhanpeng patted Chen Feng on the shoulder, and said, "No need to say these polite words, we two don't need these, after all..."

He looked at Chen Feng and his eyes were full of expectation: "It is difficult for me to leave here, and you are pinning all my hopes!"

With that, his figure disappeared in a flash, and he didn't know where he was going.

Only one voice remained faintly: "Chen Feng, you can learn more about it yourself."

Chen Feng nodded, his eyes fell in the lava ocean, but there was no focus at all.

"Sure enough, after using the martial arts capable of controlling Shenyuan, the efficiency of using Shenyuan will be greatly improved."

"It turns out that the efficiency of using Shenyuan as I did before is extremely low, and I can only use 10% of the power of Shenyuan!"

"And now, even though my sword canon has only reached the first level, it can use 30% of the power of the gods, which is three times more powerful than before!"

"Of course, the Longyang Sword is the very best among them.

Chen Feng was full of expectations: "Then, when I reach the third level, I will be able to use 90% of the power of Shenyuan."

"Isn't that great power equivalent to nine times the power of one strike with the golden lightning **** element?"

"This is equivalent to, I have eight more divine essences out of thin air! It is horrible to be able to use one divine essence to produce the effect of three divine essences!"

At this time, as Chen Feng's power gradually disappeared, the golden lightning spirit began to change.

Soon, it was wrapped around Chen Feng's arms from now, and it was stretched straight with a brush, and it changed back to the original incomparably hard golden lightning **** essence full of branches.

Chen Feng waved his hand, and the golden lightning spirit returned to his dantian.

At this time, Chen Feng knew clearly: "This golden lightning **** is like this usually."

"In the future, the number of golden lightning gods will increase, from one to two, three, and even ten, and they are condensed in this form."

"However, when I used the Yuqing Giant Spirit Sword Tome, they turned into the original power, attached to my body, and no longer maintained this form."

"These two forms are not in conflict, just use different forms at different times!"

Next, Chen Feng delved into it again and tried several times.

And every time he tried, he made him a lot more proficient, until in the end, Chen Feng's strength was exhausted, and he stopped.

At this time, another four or five hours passed, and there were only six hours left before Chen Feng left here.

Six hours, half a day!

At this time, Chen Feng had completely mastered the first level of the Yuqing Giant Spirit Sword Tome.

Mu Zhanpeng also came back, and he suddenly said, "Little guy, do you want to move your muscles?"

"Moving muscles and bones? What do you mean?" Chen Feng was stunned.

Mu Zhanpeng smiled slightly, pointed at the top of the hall, and said, "The little guys who broke into here, they haven't left yet!" *novelusb.com*

"You mean Chu Shaoyang and the others?"

"Exactly." Mu Zhanpeng said, "Do you want to practice with them?"

When Chen Feng heard this, he became excited.

He felt his blood seemed to be boiling, haha smiled and said, "Of course I do!"

Chen Feng is now advancing in strength, but he hasn't fought anyone before. He desperately needs a battle to test his strength.

Mu Zhanpeng said: "Those people also entered the Sea Dragon Crystal Palace by their own ability. Therefore, in accordance with the rules of the Sea Dragon Crystal Palace, I cannot deal with them."

"But you can."

Chen Feng laughed loudly, pointed to Mu Zhanpeng, and said, "Brother, your thoughts are deep enough!"

Obviously, Mu Zhanpeng was extremely annoying to those people, but he was unable to drive them away because of the rules.

This is not only an opportunity for Chen Feng to hone his strength, but also to let these flies leave quickly.

Soon, Chen Feng saw a ray of light coming from ahead.

When he walked out, he found that he was in a small space at this time. This should be a partial hall. The door of the partial hall was tightly closed. Through the window lattice on the door, Chen Feng could see the outside. It is a hall.

He is familiar.

Then I remembered, isn't this the first hall I saw after entering the Sea Dragon Crystal Palace?

It was also here that I met Chu Shaoyang and the others!

"Okay, little guy, I'll be waiting for you here, go and deal with them yourself!"

"If I show up, I'm afraid they won't dare to fight, so I'll be scared away."

Chen Feng nodded.

Mu Zhanpeng stayed here, while Chen Feng opened the door and walked out.

In the main hall, a group of people were walking forward. There were six people in this line. Five people walked aside in a plum blossom formation, and in the middle was a tall young man.

At this time, his brows were raised, his face was full of surly, obviously in a very bad mood, and the whole person looked very irritable.

This group of people is Chu Shaoyang and his party.

He is naturally surrounded by him.

Chu Shaoyang suddenly slammed a fist to the ground, and roared furiously: "Fuck, what is going on?"

"I have been here for two full days, why can't I leave here!"

"How big is this hall on earth? We walked for two days, even tens of thousands of miles, hundreds of thousands of miles can also go out, is this hall actually as huge as a continent?"

He yelled frantically, his face full of anger.

It turned out that Chu Shaoyang and his party were trapped in this hall for two full days.

They walked forward, but they could not reach the end at all.

Chu Shaoyang said coldly: "It must have been moved by that old thing."

"I don't know how many years the old thing has lived here. I am more familiar with this place than we are. He must have been involved in it."

Beside him, the woman in purple skirt and others nodded slowly.

And that's the fact. The reason why they were trapped here for two days and couldn't get out is precisely because Mu Zhanpeng moved his hands and feet.

This entire Sea Dragon Crystal Palace is actually a complex large formation, and this main hall itself is also a small formation in this formation, but it is part of it.

Although Mu Zhanpeng hadn't thoroughly studied this big array for thousands of years, he could still do it with a little control.

[Chapter 3239: Just rely on you? Are you worthy?](#)

During this period, he left Chen Feng several times without knowing where he ended up, just to control this formation, so that Chu Shaoyang and others could not leave here!

The woman in the purple skirt said slowly: "Master, we offended that old guy. He sees that we are not pleasing to the eye, so naturally he will use various methods."

"It's not a way to get angry now, you should think of a trick."

"Master, you have always had all kinds of rare treasures here, do you know if you can break this game?"

At this time, Chu Shaoyang was in a very bad mood. It seemed that talking to him was a bit bad, and he might be angered, but the woman in the purple skirt was not afraid.

Not only was he not afraid, but several others also made suggestions.

They actually knew Chu Shaoyang quite well.

Sometimes Chu Shaoyang would humiliate them, and that was on purpose.

Just to suppress their temperament, and most of the time, Chu Shaoyang did not humiliate them at will.

Chu Shaoyang is actually an extremely shrewd person, he knows exactly when and how to make a profit.

Usually angry at them for no reason, can't let oneself get any benefits, but will make everyone look down on themselves.

So he usually gets angry only when he should.

Chu Shaoyang nodded slowly, just about to speak.

And at this moment, suddenly, a clear voice came: "You don't need to think about anything, today, this place is your burial place!"

Hearing this voice, everyone almost jumped up.

They reacted very quickly, all facing the outside, shouting: "Who is it?"

The next moment, they heard the sound of footsteps.

A young man slowly walked not far in front of them.

After seeing him, everyone exclaimed: "Chen Feng?"

Especially Chu Shaoyang, his face was full of guard.

The arrival of Chen Feng also meant the arrival of that weird person.

He looked around.

Chen Feng smiled and said, "Don't worry, my senior brother did not come. Only me is here this time."

Hearing this, Chu Shaoyang was only slightly relieved.

Chu Shaoyang stared at Chen Feng and said coldly: "Chen Feng, what are you doing here again?"

"What am I doing here?"

Chen Feng smiled slightly and let out a clear dragon chant, and Chen Feng was holding the extremely Long Yang sword in his hand.

Chen Feng pointed at Chu Shaoyang and the others with the knife in his hand: "I'm here to practice with you!"

"What? Practice with us?"

As soon as this sentence came out, Chu Shaoyang and the others were shocked. They were stunned, and they didn't recover for a while.

And the next moment, they were all furious.

Especially Chu Shaoyang was extremely angry.

Chen Feng's understatement made him feel extremely humiliated.

Chen Feng was humiliating them plainly and humiliating him!

His eyes were red for an instant, staring at Chen Feng, and yelled: "Little bastard, you are crazy, you are too arrogant!"

"You are obviously not our opponent, and you said you want to use us to practice your hand? What are you? You deserve it too?"

He yelled frantically, it seemed that the only way to vent his anger to the extreme.

Chen Feng looked on with cold eyes, suddenly smiled, raised his brows and said, "Chu Shaoyang, you are scared, aren't you?"

"What? I'm scared? You **** scared! How could I be scared?"

Chu Shaoyang almost jumped up like a cat with its tail stepped on.

But Chen Feng saw it clearly.

Chu Shaoyang was scared at this moment.

He is afraid that his strength will advance by leaps and bounds, he is afraid that he will defeat them, he is afraid that he will cut off his only hope!

Chu Shaoyang looked at Chen Feng, furious, and even he himself couldn't feel it. Behind that rage, there was actually boundless fear.

The next moment, his eyes fell on the extreme Longyang knife in Chen Feng's hand.

In that rage, there was a lot of jealousy suddenly, and he smiled coldly: "What I said, I got a treasure knife. I want to come here to give you that old thing, right?"

He giggled and said, "You don't think you can crush us if you get a knife?"

"Boy, you are too naive."

Chen Feng was already too lazy to talk nonsense with him, with the Longyang Sword in his hand pointing forward, coldly said: "Don't talk nonsense, just hit it!"

Chu Shaoyang winked.

Suddenly, the girl in the purple skirt gave a soft drink, and the five of them flashed, and they surrounded Chen Feng.

Chen Feng did not evade, let them besieged himself.

At this time, the woman in the purple skirt looked at Chen Feng's gaze, peaceful and unwavering.

But there was a little more curiosity in the eyes of the alien girl.

The woman in the white dress holding the green staff still had numb eyes without the slightest fluctuation.

Only the great shield warrior and great sword warrior looked at Chen Feng with hatred in their eyes as if fire was about to burst out!

The last time Chen Feng severely injured the two of them near death, Chu Shaoyang took a long time to rescue them.

How can they not hate Chen Feng?

Chen Feng glanced at both of them and said coldly: "Idiot, I don't even know who caused me to be killed!"

This sentence immediately stimulated the Great Shield Warrior and the Great Sword Warrior. They both rushed towards Chen Feng with a roar.

Chen Feng smiled slightly, and suddenly his smile became stern.

With a long howl, the golden lightning gods suddenly appeared, and then instantly softened, like a giant dragon, wrapped around Chen Feng's arms and shoulders.

As soon as Chen Feng came up, he planned to launch the Yuqing Giant Spirit Sword Tome, launching his strongest offensive.

Chen Feng intends to end them directly in the shortest time!

At this moment, the great shield warrior had rushed in front of Chen Feng, and the great sword warrior was still some distance away from Chen Feng.

The two of them are not because one is fast and the other is slow, but deliberately, to make a difference in time.

A cunning light gleamed in the eyes of the great sword warrior.

In his opinion, Chen Feng's offensive would be directly blocked by his brothers, and the moment his offensive was blocked by his brothers was exactly when his power was old.

At this time, he can rush forward and directly hit him badly!

This is the time difference between the two deliberately calculated!

However, they expected one thing wrong, that is...

A sneer appeared at the corner of Chen Feng's mouth, and he could see their plan clearly at a glance. He sneered and said, "Do you want to stop me? It's up to you? You deserve it too?"

The next moment, Chen Feng roared, his arms shook, and the power of the golden lightning gods poured into his arms, and then fiercely merged into the extremely high Longyang Sword.

The first level of Yuqing Giant Spirit Sword Tome was suddenly activated.

With a roar, Chen Feng strode forward.

[Chapter 3240: Kill with a single blow!](#)

Teng Teng Teng three steps, is to walk in front of the Great Shield Warrior.

Then, the huge knife in his hand slashed down fiercely.

A light flashed in the eyes of the giant shield warrior, holding his shoulders against the huge shield, and slammed into Chen Feng's extreme Longyang sword.

He fought Chen Feng, and he thought he knew Chen Feng's details.

"The last time I played against him, I didn't use martial arts, I just used my own power, and this time I used the skyshaking shield to set the mountains and rivers, and I was able to display 12% of my power!"

"He will definitely not be able to cut through my defense with this one!"

"As long as he pauses, my brother's offensive will fall on him!"

He laughed wildly: "Little bunny, die!"

"You are the one who died!"

The next moment, Chen Feng roared, and the Extreme Longyang Sword severely slashed down, slamming heavily on his shield.

Under this collision, the shield warrior suddenly changed his expression.

He felt an incomparably powerful force pouring down, like a continent above the sky crashing down.

That power, fierce to the extreme, and heavy to the extreme, made him unable to bear it!

The first level of the Yuqing Giant Spirit Sword Tome, three times the power before burst out!

An extremely powerful force slammed on him through the shield.[noVELus.com](http://www.noVELus.com)

He screamed sternly: "How is it possible? How could your strength become so strong? Compared to the last time you played against it, it was more than twice as strong!"

Chen Feng laughed and said, "Because I am three times stronger!"

Chen Feng's strength was much stronger than before. This overwhelming power smashed down, and his entire right shoulder was shattered amid the screams of the Great Shield Warrior!

The bones are broken and turned into powder.

Then, this force spread to his arms and to his upper body.

There was an explosion of his bones, all broken.

He spurted blood violently, and he fell down softly.

The fall of Chen Feng's sword directly shook him into a waste. ,

This is exactly the power in Chen Feng's golden lightning spirit, an incomparable power, an incomparable power!

Destroy him directly!

And the next moment, amidst Chen Feng's sneer, when the earth-yellow giant sword fell, countless golden lightning appeared beside the blade at the same time.

In an instant, golden lightning came and went, and space cracks appeared!

With a light stabbing sound, the shield was cut into two directly by this khaki giant knife!

Then, the earth-yellow giant knife fell fiercely on the body of the giant shield warrior!

The great shield warrior let out a stern roar: "Why? My shield is extremely strong, and your strength is stronger than mine. It's nothing more than shattering my body. How could you smash my shield?"

"How is it possible? How is it possible?"

His face was full of disbelief, and he was so shocked that he almost had a nervous breakdown.

Chen Feng sneered.

His Yuqing Giant Spirit Sword Tome is not only power, but also has the power of tearing. Just now, using the power to tear the space crack to smash the shield directly!

In the next moment, this long sword had already fallen on the body of the Great Shield Warrior.

But the Great Shield Warrior didn't even utter a scream, but a loud bang, which turned into a blood mist and disappeared.

He was directly beheaded by Chen Feng!

All this seems to be very long, but in fact it was only completed in an instant.

In the eyes of others, Chen Feng smashed the huge shield and cut him to death with a knife.

One knife! With just one stab, Chen Feng beheaded this powerful warrior!

Overbearing!

All of this was reaching the extreme, and even the giant sword warrior had just rushed behind Chen Feng at this time.

Chen Feng sneered, then turned around suddenly, looked at him, smiled and said, "You too, die!"

The next moment, Chen Feng twisted his body, and the extreme Longyang knife slashed down fiercely.

At this time, the giant sword warrior was still immersed in the huge shock of his younger brother being beheaded by Chen Feng.

But the huge power shock in the next moment made him have to come back to his senses.

At this moment, he suddenly realized that his brother had been beheaded by Chen Feng.

His eyes turned red in an instant, just like the evil wolf that killed the red eyes. The giant sword in his hand slashed towards Chen Feng frantically, and he screamed: "You killed my brother, I will kill you! "

"Kill me?" Chen Feng smiled and said, "You really think too much."

The next moment, Chen Feng twisted his body and roared.

The extremely high Longyang sword slashed down fiercely, and slammed into the giant sword fiercely.

The majestic incomparable strength and the extremely powerful tearing force exploded at the same time.

As a result, with a loud bang, the giant sword was directly cut into two pieces by Chen Feng!

And Chen Feng's extremely powerful Longyang Sword was inexhaustible, and he passed over the giant sword warrior's body fiercely!

Chen Feng stopped, his long sword hanging slightly above the ground, slowly falling there.

He still maintained the action of concentrating and cutting.

Behind Chen Feng, the giant sword warrior opened his mouth wide, his eyes were dull, standing there blankly, his figure motionless.

Suddenly, with a soft bang, a drop of blood fell from the extremely high Longyang Sword, slowly dripping onto the ground.

With this soft sound, it seemed like something was suddenly opened.

The next moment, the giant sword warrior let out a scream: "Ah, I hate it!"

Before he finished his words, his figure exploded directly into a cloud of blood!

The giant sword warrior was also beheaded by Chen Feng!

Seeing this scene, everyone was shocked!

Chu Shaoyang showed extreme horror on his face. Under that extreme shock, his voice was trembling, and even became a little stuttered.

"How is this possible? You, you killed them with two swords?"

He looked at Chen Feng, and even the anger in his eyes was much less, replaced by a hint of fear.

He was completely shocked by Chen Feng.

The purple skirt girls were extremely shocked.

However, they were just shocked, but there was no fear.

On the contrary, in addition to the alien girl who is still full of curiosity, the woman in the white dress holding the green staff has a faint emotion called anticipation in the numb eyes.

On the contrary, she seemed to be full of expectations for Chen Feng.

The woman in the purple skirt looked at Chen Feng, and the curious color in her eyes suddenly became very intense!

At this time, Chen Feng slowly straightened his body.

A smile appeared at the corner of his mouth, and the smile on his face became deeper and thicker, and in the end, it turned into a big laugh.

Chen Feng's heart is extremely happy!

Two swords, kill two strong people in a row!

The power of this Yuqing Giant Spirit Sword Tome is really terrifying!

Chen Feng was extremely pleased with this.
