[Chapter 3241: Never die!](#)

Chen Feng looked at Chu Shaoyang and smiled and said, "I just said that this time I'm using you to practice hands. You are not even qualified to fight with me. You still don't believe it."

"Why, do you believe it now?"

When Chu Shaoyang heard Chen Feng's words, his face was full of shame.

Chen Feng's words were like a slap in the face and slapped his face fiercely.

But at this time, Chu Shaoyang's eyes were clear, like the deep bottom of a pond, the anger and gaffe that had just disappeared completely, and some were just calm and bitterly resentful.

He was worthy of being a hero, and he recovered his calm in an instant.

At this moment, Chu Shaoyang calculated quickly in his heart.

Although he didn't want to admit it, he had to admit that he had completely lost this time to Chen Feng and was crushed by Chen Feng!

Now the strongest melee attack point and the only defensive point among the five of them had been beheaded by Chen Feng.

The strength of this team has gone to 50% out of ten.

The remaining three people, although their attacks were strong, none of them could stop Chen Feng.

If Chen Feng wanted to kill them, he would be able to do it if he was injured several times.

And the most important thing is...

His eyes flashed: "Now without their two defenses, Chen Feng can bypass the three of them and kill me at any time! This is the most terrible!"

As a result, a touch of determination flashed in his eyes, and a determination was made in an instant.

"No, I can't stay here anymore, it's too dangerous here, I have to leave!"

He is a very decisive person. Since he is making a decision, he has no hesitation.

He winked, and suddenly, the purple skirt girl and other three people all launched an offensive at the same time.

The red staff in the purple dress woman's hand shone brightly, and red light waves swiftly attacked Chen Feng.

But the alien girl's figure flashed, she disappeared in place, and when she reappeared, she had come to Chen Feng.

She leaped up and screamed, and the short sword in her hand stabbed at the back of Chen Feng's head.

Chen Feng would immediately die if he stabbed him.

At the same time, the woman in the white skirt waved the staff one after another.

Suddenly, two white mobile light shields appeared on the body of the alien woman who was in short-handed contact with Chen Feng. At first glance, she knew that she had extremely strong defense power.

Chen Feng estimated that if he wanted to attack a foreign woman, he would be able to smash the light shield with a single knife, but if it fell on this foreign woman, I was afraid that he could not be killed.

He was stunned: "These three people really cooperated perfectly. Fortunately, I have killed two of them. Otherwise, it would be really tricky to deal with them."

At this moment, Chu Shaoyang's eyes flashed.

He swiftly took out a fist-sized blue crystal from his arms, and the blue crystal exuded a misty light.

The countless light waves seemed to cut the space, making people feel a little lost, as if the soul and body were all being sucked in.

Taking a deep look at this blue crystal, Chu Shaoyang's eyes showed a touch of pain.

But he didn't hesitate to smash the blue crystal with a snap.

As the blue crystal crushed, the raging power immediately flooded here.

Chen Feng is very familiar with this power, it is the power of space!

And this power fluctuates in the form of light, and in a blink of an eye, countless lights shrouded the four of Chu Shaoyang and the girl in purple skirt.

It was as if all four of them were sealed in a blue crystal.

Their bodies are all still.

Chen Feng condensed his eyes and realized something.

At this moment, suddenly, there was a crisp sound, and the four crystals were broken at the same time and disappeared instantly, and the four of them who disappeared were Chu Shaoyang.

Chu Shaoyang actually used a strange treasure to take the four of them away from here!

Chu Shaoyang's figure has disappeared, and only his voice full of hatred and resentment still echoes in this hall:

"Chen Feng, I will never end with you! The two of us will never die!"

Chen Feng sneered: "I never die? Are you worthy?"

"but,"

He looked at the direction where Chu Shaoyang disappeared, his eyes were deep: "We two, indeed only one of us will survive!"

"The struggle for luck is real, it's endless!"

Chen Feng has now soberly realized that only one between himself and Chu Shaoyang can survive!

And Chu Shaoyang was even more difficult to deal with than any opponent he had encountered before!
Because he has luck in him!

"Papa..."

A sound of applause came from behind.

Chen Feng turned his head to look, and saw Mu Zhanpeng slowly approaching. As he walked forward, Mu Zhanpeng admired:

"Chen Feng, I didn't expect that within a short period of time, you could have completely mastered the first level of the Yuqing Giant Spirit Sword Tome." *nOveLsB.CoM*

"The two tricks just now were fierce and domineering, and the force was thunderous. They beheaded both of them at a very fast speed and in a fierce attitude!"

"Kill the enemy to the greatest extent, and put yourself in an absolute advantage."

"Okay, Chen Feng, you did a great job!"

Chen Feng smiled slightly, and said, "It's better to be taught by my senior!"

After hearing these words, Mu Zhanpeng couldn't help but looked a little sad, sighed lightly, and said:
"I'm a senior, I really want to teach you more."

"But a pity, now there are less than five hours left before you leave here."

"I want to teach more, but I can't hand it over."

Only five hours left!

Chen Feng's heart trembled.

Having stayed here these few days, Chen Feng only felt so at ease and so full that he had forgotten the flow of time.

At this moment, he suddenly realized that he was leaving here soon.

Chen Feng's heart was filled with an emotion called reluctance.

Suddenly, there was a flash of light in his mind, and he remembered another important purpose for coming here.

In addition to exploring the Sea Dragon Crystal Palace, he was looking for clues to the fifth ring.

So, Chen Feng blurted out and asked Mu Zhanpeng: "Senior Brother Mu, do you know the clue to the fifth ring? Is it in the Sea Dragon Crystal Palace?"

If someone else hears this sentence, I'm afraid that the second monk Huizhang is confused and doesn't know what the clue of the fifth ring asked by Chen Feng.

But Chen Feng knew that Mu Zhanpeng must know.

The fact is also true. When Mu Zhanpeng heard these words, his body suddenly froze there, as if it had become a stone sculpture.

He was already ready to go, but at this time his body slowly turned around.

Looking at Chen Feng, his eyes were complicated.

There was shock, disbelief, pain, and even a vague ecstasy.

[Chapter 3242: Fifth Ring Clue](#)

Chen Feng looked at him without changing his eyes.

At that moment, Mu Zhanpeng seemed a little lost, as if thinking of countless pasts.

After a while, he sighed slightly and his eyes became clear.

He looked at Chen Feng and said softly: "You, how did you know the clues to the fifth ring?"

His face was very calm at this time, but his voice was trembling, obviously he was extremely excited.

Chen Feng said softly: "I knew this serial clue a long time ago."

"The first ring, the second ring, and the third ring were all found by myself. Later, the clue to the fourth ring was broken at the tomb of the Great Emperor Yin and Yang in Southern Xinjiang. There is no news of the clue to the fifth ring."

"Then, how did you find this place?"

Mu Zhanpeng asked with interest.

Chen Feng smiled and said: "At that time, I got the news. It turns out that brother, you also got the clues in the previous links. In addition, I also found a dagger of your brother in the fourth ring clue."

"In addition, brother, you are here to perform the task, so I deduced from this that the clue to the fifth ring should be in the Sea Dragon Crystal Palace, so that you can kill two birds with one stone."

"If not, with the difficulty of the Sea Dragon Crystal Palace being so difficult, brother, you probably don't have to go to the dangerous place in person."

"Ha ha ha ha ha ha ha ha!"

Mu Zhanpeng suddenly let out a loud laugh.

He looked at Chen Feng, spread his arms, and shouted to the sky: "God treats me not thinly, God treats me not thinly!"

"You have sealed me here for thousands of years, but you have sent Chen Feng here. I can't fulfill my wish, he can fulfill me one by one!"

"Hahaha, God, you treat me well!"

He yelled, yelled, and vented.

His emotions exploded in an instant.

In front of Chen Feng, Mu Zhanpeng, who had been quite calm and wise, was like a child at this time, tears streaming down his face.

The next moment, he softened and wept loudly.

Chen Feng walked to him and sat there gently, without talking, just staying with him.

After a while, Mu Zhanpeng stopped crying.

He looked at Chen Feng and said softly: "Don't be surprised, it's just too excited."

Chen Feng said, "I understand your mood."

He naturally understood Mu Zhanpeng's feelings. Mu Zhanpeng was sealed here for thousands of years. He thought that he and everything about him would be destroyed here, and finally turned into a handful of dead bones.

No one knows who this is.

And now, his arrival can allow him to fulfill all his unfulfilled long-cherished wishes.

It's not just the Xuanyuan family, it's not just the martial arts inheritance, it's the clue to the fifth ring, and even more long-cherished wishes behind it.

Chen Feng knew that this clue to the fifth ring must be a pain in Mu Zhanpeng's heart, and it was also what he worried about most.

He has been stuck here for thousands of years, his strength has been improved, and his mood has been calmed down a lot, but he has been worried about the clue.

Because he can't do it here.

Chen Feng said softly, "Brother, I will do these things that you have not completed."

Mu Zhanpeng laughed: "Okay."

He looked at Chen Feng and said, "Before, I told you that there are three small treasure houses in this Sea Dragon Crystal Palace."

"One of them is the God Gang sealed in the dragon in the sea, and the second is these five knives!"

"And the third..."

Chen Feng asked in shock: "Could it be that this third one is the clue of the fifth ring?"

"That's right." Mu Zhanpeng said in a deep voice, "This third secret, the third little treasure house here, has clues about the fifth ring."

After that, he turned around and said to Chen Feng: "Come, follow me. I will take you to see the clues of the fifth ring."

Chen Feng nodded: "Okay!"

His heart is full of expectations!

Soon, the two left here.

Then, after passing through many passages, finally came to a hall.

This palace seems to exist in a huge underground space.

There are huge rock walls on all sides, and water droplets are constantly leaking out of the rock walls, and there are even springs and streams flowing out in some places.

Hit the rocks, making clear and clear sounds.

These currents also gathered at the bottom of the cave to form a pool of water, and this temple stands on the island in the center of the pool.

This hall is quite weird, only about five or six meters in height, with a radius of three to four meters.

The scale is very small, just like an ordinary temple.

But after coming here, Chen Feng felt a dark and deep breath!

The black mist scattered around the hall, shrouded it, dimly, it seemed a little unreal.

Mu Zhanpeng motioned to Chen Feng to enter.

Chen Feng nodded slowly, and took a deep breath before walking to the hall.

At this time, Chen Feng was filled with ecstasy.

"Fifth ring clue, here I am! I am finally getting you!"

Chen Feng tried his best to resume the broken clue.

And now, it can finally be done.

Before Chen Feng came here, he didn't have much confidence in the clues of the fifth ring. He didn't expect the clues of the fifth ring to be here.

How does this make Chen Feng not excited?

He stepped into the hall step by step, and then, Chen Feng had a very familiar feeling.

It's just that, why did Chen Feng have such a familiar feeling? After thinking about it for a moment, he didn't get any results, so he didn't care.

The hall was empty, but there was a small stone platform in the center.

On the stone platform, there was a box the size of a palm.

Chen Feng calmly stepped forward.

His hands stretched out slowly, and then opened the box.

During the whole process, Chen Feng's hand was extremely steady, without the slightest tremor.*novelusB.Com*

But this cannot conceal his excitement.

After opening the box, Chen Feng raised his eyebrows because he saw that there was only a palm-sized piece of copper in the box.

On the copper sheet, there are many lines carved, and there seems to be a pattern like mountains and rivers.

"Map, this is a map!"

Therefore, Chen Feng immediately realized that this was not the treasure of the fifth ring clues, but the map to find the treasure of the fifth ring.

According to this map, you can find the treasure of the fifth ring clue, and at the same time, you can also get the sixth ring clue.

Chen Feng took the copper piece in his hand, and the mountains and rivers above reflected in his eyes.

These countless lines are extremely complex and interlaced together, showing a very vast terrain with mountains and waters inside.

In the center to the right, there is a small red gem inlaid somewhere.

Obviously, the place where this red gem is inlaid is the location of the treasure.

Chen Feng watched it carefully again, and then put away the copper piece precious and important.

[Chapter 3243: The Great Knife!](#)

At this moment, after putting it away, Chen Feng sighed slightly, and he couldn't help but feel relieved.

His hands began to tremble slightly, no way, Chen Feng was really too excited.

Because this clue to the fifth ring is too important to Chen Feng, he must get it!

At this time, Mu Zhanpeng's voice faintly sounded from behind him: "Little guy, you told me before that you didn't know this clue until you got the purple fire true spirit?"

Chen Feng nodded: "That's right."

A thick recollection flashed in Mu Zhanpeng's eyes, as if he was recalling something.

His eyes were a little misty, and he said softly: "Then do you know who is the owner of the Purple Fire True Spirit?"

"The owner of the Purple Fire True Spirit? Think of it as the one who set the overall picture of the nine-ring clue, right?"

Chen Feng said: "I don't know who this person is, and the true spirit of Zihuo wouldn't tell me who he is. I only know his strength. He must be extremely tough."

"The realm is powerful! Otherwise, you can't set up so many clues!"

"That's right." A strong curiosity flashed in Mu Zhanpeng's eyes:

"I know a little bit more than you know, and the more I know about that existence, the more fear and awe in my heart."

His voice was ethereal: "The existence seems to be omniscient, omnipotent, and omnipotent."

"He seems to be able to go anywhere in this world. Look at these places where he left clues."

"There is the mausoleum of the Great Emperor Yin and Yang, the Sea Dragon Crystal Palace, and some other places I know, and all of them are on this continent, that is, the mysterious, extremely mysterious secret realm, or the ruins."

"And he, can go in and out at will? Put these things that belong to him here? Leave clues for us to find."

"He seems to be a legend in the game world."

"He seems to do all this, not for anything, just for fun, just for the game, just to make a joke with us descendants."

When Chen Feng heard this, his heart was shocked.

He had thought about it vaguely before, but it was not thorough.

At this moment, Mu Zhanpeng said that there was a clear light in front of him.

He sighed lightly and said, "Yes, this existence is really legendary. What kind of person is he?"

Mu Zhanpeng said slowly: "So far, I know his name, but I don't know anything else."

Chen Feng asked quickly: "What name?"

Mu Zhanpeng said word by word: "The Great Sword Emperor!"

"His name is the Great Emperor Crazy Blade!"

"The Great Emperor Crazy Blade?" Chen Feng shook his whole body, keeping these four words in his heart.

Then he chewed it over and over for a while.

As soon as these four words are read, there is a magical feeling full of magic!

"As for the clues to the fifth ring, there is only so much I can help you."

Mu Zhanpeng said: "Next, you need to find it yourself."

Chen Feng nodded: "Brother, you have helped me a lot, that's enough."

He looked at Mu Zhanpeng with a trace of reluctance flashed in his eyes.

Mu Zhanpeng said: "You can stay here for about four hours, right? How about we absorb another god?"

Chen Feng froze for a moment, then laughed.

Obviously, Mu Zhanpeng saw that he was a little emotional, so he deliberately changed the topic.

Soon, the two arrived at the location of the giant dragon **** in the storage sea.

Then Chen Feng came to the body of a giant dragon in the sea, and fell with both fists, separating the extremely hard shell of her body, revealing the gods inside.

There was a gleam of bright power in the white, suddenly like a blowout, directly rushing out, covering Chen Feng.

Without even urging Chen Feng, Chen Feng's golden lightning spirit appeared in front of him.

Then, the golden lightning gods began to absorb these gods with a greedy attitude.

The speed is extremely fast.

The body of this golden lightning **** is getting bigger and bigger, and it is absorbed faster and faster.

Time passed little by little, and soon, three hours passed.

At this time, he was almost finished absorbing it.

This time the speed of absorption is obviously much faster than last time, which is understandable, after all, the power of the golden lightning is getting stronger and stronger, and the power of absorption is naturally stronger!

Finally, with a loud bang, the last **** in the dragon's body in the sea was also completely absorbed by the golden lightning god.

The size of the golden lightning god's soul suddenly soared, and then stabilized again.

The body of the dragon in the sea shattered directly with a bang, turning into countless powder and disappearing.

At this time, the golden lightning gods had become a full twelve meters in length, extremely large, and no longer as thin as before, looking rather rich, with a heavy texture.

The branches of lightning above are also much more than before!

Chen Feng closed his eyes, perceiving for a while, and then suddenly, he gave a soft drink and made a point with his hands.

As a result, the golden lightning **** essence, with a bang, was divided into two pieces and turned into two golden lightning **** essences, exactly the same.

However, each golden lightning soul is only about eight meters long, and it is much thinner.

Then, Chen Feng put his hands together, and they joined together again, becoming the same size as before.

Chen Feng laughed loudly: "My golden lightning gods already have two lines!"

"Two golden lightning gods! Although my realm is still not broken by the nine-star martial emperor, but with two golden lightning gods, my strength is already comparable to the middle stage of the one-star martial emperor!"

"Compared to the mid-stage one-star Martial Emperor with seven gods!"

Chen Feng's two golden lightning spirits can be combined or separated.

At this time, three hours passed, and there was only one hour left before Chen Feng left here!

Chen Feng looked back at everything that happened to him in the past two days, feeling like a dream.

He looked at his hands.

Chen Feng's hands were as white as jade, slender and handsome, and looked no different from before.

But Chen Feng knew that his hands were smoother than before.

Because his strength is stronger than before.

Chen Feng murmured, "In just two days, my strength has improved by leaps and bounds."

"My golden lightning spirit has been transformed from a rudimentary form into two whole lines, which directly doubled my strength several times."

"And now, after I use the Yuqing Giant Spirit Sword Tome, after driving the Extreme Longyang Sword, my strength has been improved by three times compared to before!"

Thinking of Chen Feng, he became excited!

[Chapter 3244: The ultimate secret of Sea Dragon Crystal Palace!](#)

"One more hour."

Mu Zhanpeng said to himself: "Almost enough."

"What is enough?" Chen Feng asked in surprise.

Mu Zhanpeng said: "There are three small treasures outside the Sea Dragon Crystal Palace. You have already seen them. Don't you want to see the real treasure of the Sea Dragon Crystal Palace?"

"Don't want to see, the real secret of Sea Dragon Crystal Palace?"

Chen Feng's heart was pounding, and he said in a deep voice, "Of course I do."

"Then come with me! Little guy." Mu Zhanpeng said, turning around and walking out.

Chen Feng followed closely.

This time, they went all the way down.

It's just not inconsistent with the location of the lava ocean.

Chen Feng roughly estimated that the route of the two of them should have just cut from the side of the lava ocean, and then went to the deeper seabed!

Finally, when a door was pushed open, an inexplicable space appeared in front of them.

When Chen Feng stepped into this inexplicable space, he felt as if he had left the Sea Dragon Crystal Palace and stepped into this universe.

This space is unspeakably big, unspeakably vast and misty, it seems that there are still stars around.

At a glance, it's boundless.

Chen Feng even wondered if he really came into the void of the universe.

"Here is the last floor of the Sea Dragon Crystal Palace."

Mu Zhanpeng pointed to the tall and majestic bronze gate in front of him and said.

Seeing this bronze gate, Chen Feng couldn't help sucking in a cold breath.

This bronze gate is thousands of meters high, towering into the clouds, like the gate to the sky.

And the appearance of this bronze gate was cast as a ghost.

The huge mouth is open, and the fangs are jagged, like a ghost door closed.

Mu Zhanpeng sighed lightly, and said, "It is said that only by entering inside and breaking the real secret of the Sea Dragon Crystal Palace can we break this curse."

"A person like me who enters here can get out of it!"

Chen Feng said, "Brother, haven't you tried to enter?"

"Of course I tried to enter."

He smiled bitterly and said, "But unfortunately, I tried countless times, but none of them succeeded."

"With my cultivation level, even this door was hit."

"Can't even open this door?" Chen Feng was shocked.

Mu Zhanpeng's strength is so strong, it is not a problem to crush himself.

And he can't even open this door, which shows how terrifying this door is!

Mu Zhanpeng continued: "I have stayed here for thousands of years. I have studied this door for thousands of years."

"Later, I knew it in my heart and knew the mystery."

"The reason why I can't open it is not only because of my lack of strength, but the most important reason is..."

With that, he pointed to the top of the ghost gate and said: "Look, is there something missing there?"

Chen Feng heard the words, followed his fingers and looked at him, and then exclaimed.

Chen Feng saw it all at once.

It turned out that the position of the two ghost eyes at Guimen Gate turned out to be empty.

In the ghost's eyes, it was empty, without a trace of anger, and it felt like a dead thing.

"Did you see it? Two ghost eyes are missing here." Mu Zhanpeng said.

"These two ghost eyes should have been taken out by the people who built this place."

"If there is no accident, it is left in the Dragon Vein Continent."

"Because of the absence of these two ghost eyes, the last door of the Sea Dragon Crystal Palace cannot be opened, and the greatest secret of this Sea Dragon Crystal Palace cannot be revealed!"

Chen Feng sighed softly: "That's it, that's it!"

A fire suddenly ignited in his heart.

A voice echoed in his heart: "I must find these two ghost eyes, I must open this last portal!"

"I must uncover the final secret of Hailong Crystal Palace! I must also rescue Senior Brother Mu Zhanpeng!"

Even if it is not for anything else, but only to rescue Mu Zhanpeng, Chen Feng must unravel this ultimate secret!

Mu Zhanpeng looked at Chen Feng and smiled and said, "Chen Feng, think about it, those gods, the five knives, and even this exercise are only in the three small treasures of the Sea Dragon Crystal Palace."

"And what is in front of you now is the real secret of Sea Dragon Crystal Palace!"

Chen Feng said in an interface: "It is conceivable that behind this portal, how many earth-shattering treasures are hidden in the true secret of the Sea Dragon Crystal Palace."

Thinking of this, Chen Feng's heart is also extremely hot!

"and so!"

Mu Zhanpeng looked at him, smiled and said, "Work hard, if you enter here, not only can you save me, but when you open this place, it will be the day when your strength is crazy!"

"At that time, it will not be impossible to even seek the peak of the Dragon Vein Continent."

"Because the secrets in places like the Sea Dragon Crystal Palace may be the highest-level treasure in the entire Dragon Vein Continent."

Chen Feng nodded slowly, he guessed the same!

In his opinion, the level of the ultimate secret treasure of the Sea Dragon Crystal Palace should only be weaker than the highest levels of the Heavenly Emperor's Treasure.

However, that day the Emperor Treasury was obviously a power a little bit beyond the scope of the Dragon Vein Continent.

Want to open it, I'm afraid it can only stand on the peak of the Dragon Vein Continent.

In terms of possibility, it is not as strong as it is now.

Although this may not be as high as the highest levels of the Heavenly Emperor's Treasury, it is easier to open!

Think about the treasure house of heaven and earth. Even Yellow Bird and Teng Snake can't open it, so you can know how difficult it is to open!

Next, for an hour, Chen Feng did nothing. He and Mu Zhanpeng returned to the crystal hall.

Then, he recruited a pillar.

The two leaned there leisurely.

Chen Feng felt that his whole body was relaxed, and the nerves that had been tense for the past few days also suddenly relaxed.

The whole person collapsed, leaning there almost wanted to sleep.

Mu Zhanpeng did what he did, just like him, leaning there.

Then, he sighed lazily and said, "It's so comfortable. I've been here for thousands of years. Why didn't I think of such a comfortable posture?"

Chen Feng laughed loudly: "Because there was no me at that time!"

Mu Zhanpeng also laughed. The two chatted together and not, and they were talking about the Xuanyuan family's inner sect.

Sometimes, even for a while, the two of them didn't speak, but they just felt at ease, uncomfortable.

Suddenly, the smile on Mu Zhanpeng's face disappeared, and he stood up all at once.

Chen Feng also stood up, looked into the distance, and said softly, "Is the time up?"

"Yes, it's time."

Mu Zhanpeng looked at Chen Feng, patted him on the shoulder, and said nothing.

[Chapter 3245: You are looking for a dead end!](#)

Chen Feng didn't say anything either, and there was no need to say that between the two.

Chen Feng knew what he was going to do, and Mu Zhanpeng was extremely relieved of him!

Mu Zhanpeng suddenly let out a soft drink, and bright white light gushed out from his palms.

Then, Chen Feng was enveloped.

His hands waved one after another, drawing arcs in the air, forming an existence like a formation.

Then, he took out a few blue spars and crushed them.

As the blue light flashed out, Chen Feng's figure became blurred.

The next moment, there was a crisp sound, and the blue light disappeared.

Chen Feng also disappeared here.

Chen Feng, leave Sea Dragon Crystal Palace!

Chen Feng felt a burst of light flowing around him, it was time and space flowing.

Suddenly, Chen Feng felt that he had returned to normal, and suddenly he was in a normal world.

Chen Feng took a long breath and looked around.

At this moment, he was breaking through the water, as if being ejected from the water.

He looked around, the blue sea and blue sky here were endless, the world was wide and wide, and there were boundless stormy waves beneath him.

"Why is there a huge wave here?"

"If it were in the center of the Sea of Death, there would be no huge waves!"

Chen Feng suddenly thought of something general at this time, and suddenly looked back.

Then he saw that not far behind him was a black mist covering the sky and the earth.

It seems to rise directly from the surface of the sea, and connect to the sky, which is the sea of death.

Chen Feng was startled: "It turns out that I have left the sea of death and left the sea of death behind!"

It turned out that Chen Feng was directly sent out of the sea of death by Mu Zhanpeng.

Chen Feng's figure rose rapidly, and he was out of the range of those stormy waves.

Then, he turned to look at the sea of death with a solemn face, and whispered softly: "Brother, don't worry, I will definitely not let down your expectations."

"I, Chen Feng, will definitely fulfill your long-cherished wish. After I become strong, I will definitely come back here and rescue you."

Then, Chen Feng glanced back deeply, never staying again, his figure flashed directly, and he headed south.

And at this moment, suddenly, behind Chen Feng came a negative voice:

"Little bastard, are you finally here?"

Chen Feng was very familiar with this voice, and it was Zhong Fenglin's voice.

Hearing Zhong Fenglin's voice, Chen Feng was not surprised.

A smile was drawn at the corner of his mouth, and he slowly turned around and looked behind him.

Behind Chen Feng, a figure approached at an extremely fast speed.

In a blink of an eye, he came to the front.

He stood opposite Chen Feng, looking at Chen Feng's eyes full of fierce and ferocious colors.

It is Zhong Fenglin.

Zhong Fenglin looked at Chen Feng with a look of hideousness and pride in his eyes.

He looked at Chen Feng and sneered, "Chen Feng, didn't you expect it?"

"Although you escaped into the sea of death, I was caught in the end!"

As he spoke, he let out a smug laugh.

It turned out that since Chen Feng entered the Sea of Death, Zhong Fenglin had been waiting outside.

He is extremely fast, and he does not enter the sea of death, just constantly changing positions and constantly looking around.

Because what he was afraid of was that if Chen Feng left the Sea of Death, he might not leave from the direction he entered, but from another direction.

He has been cruising here for six or seven days.

If you change to someone else, you may have lost patience, but Zhong Fenglin is not.

Zhong Fenglin has always been a very patient person. He has served by Elder Xuanyuan Zixi for decades, decades as a day. He has always been respectful, without any offense, let alone any dissatisfaction.

The reason was that Elder Xuanyuan Zixi provided him with a chance to enter the Great Rijin Jingge.

He served for decades just for such an opportunity.

This shows how deep this man's scheming is and how good his patience is.

He is not in a hurry!

And now, he looked at Chen Feng grimly, and said, "You have not lived up to my waiting."

"I waited here for seven days, and you finally came out!"

He raised his chin triumphantly and said, "It's also a coincidence. When you came out, I happened to be nearby, and I just felt your breath, so I rushed over immediately."

He sneered and said: "This is what deserves me to catch you!"

"Chen Feng, you are destined to die in my hands!"

Chen Feng looked at him, raised his brows, smiled and said, "Oh? Really?"

"I am destined to die in your hands?"

Chen Feng sighed lightly, looked at him, and said word by word: "It's not that I'm destined to die in your hands, but you send it to the door by yourself, it's your death!"

"What? I sent it to the door to find a dead end?" Zhong Fenglin looked at Chen Feng, his face first showed disbelief.

Then, he shook his head and said indifferently, "Chen Feng, I didn't expect you to go into the sea of death, but after you came out, your whole person changed."

"Although you were useless before, you still know yourself."

"Seeing me, at least I knew I was going to escape for the first time."

"And now, you are not only trash, but also arrogant and ignorant to the extreme!"

He touched Chen Feng with his hand, his face was full of arrogance and disdain: "You trash, you want to kill me? You can't even move my hair!"

Chen Feng looked at him, looked at him with disdain, and shook his head, feeling very funny in his heart.

After entering the sea of death for seven days, his strength has advanced by leaps and bounds, and he is already stronger than before.

His current strength is comparable to the middle stage of Emperor Wudi, and he is no weaker than Zhong Fenglin.

And if you use the Yuqing Giant Spirit Sword Tome...

A cold smile appeared at the corner of Chen Feng's mouth: "It can completely crush Zhong Fenglin!"

Feeling the breath of disdain from Chen Feng, Zhong Fenglin was furious in an instant!

What he hates most is that others look down on himself.

He glared at Chen Feng, his eyes were blood red, and he yelled frantically: "Little boy, do you dare to provoke me? Do you dare to look down on me?"

"I killed you!"

In the next moment, his momentum rose wildly, and above his head, a golden armor warrior suddenly appeared.

It is his god-level battle body!

His powerful golden armor warrior who has condensed into the battle body of the gods!

The golden armored warrior, with a very strong body and a fierce expression, stared at Chen Feng with a pair of eyes full of murderous intent!

The next moment, Zhong Fenglin shouted: "Kill!"

With this violent roar of him, above his head, the golden armored warrior Shenyuan battle body smashed with both fists madly.

Suddenly, an extremely tyrannical force was directly generated, and it rushed over like a huge mountain.

The ability of this golden armor warrior gods body is obviously power!

[Chapter 3246: Am I a waste?](#)

Incomparable strength!

One of the characteristics of Chen Feng's golden lightning good fate is similar, of course, in terms of quality, it is far from the golden lightning god.

At this time, the mountain-like power smashed down fiercely, and seeing that, the next moment Chen Feng would be crushed into meat sauce!

But Chen Feng stood there, looking at him in time, a slight smile appeared at the corner of his mouth.

At this moment, he clenched his fist!

At this time, Chen Feng was full of longing!

That is the desire to fight!

"I can finally get revenge!"

Chen Feng is looking forward to this moment!

However, he didn't rush to move, and he didn't even make a counterattack.

Chen Feng is observing at this time.

After his strength and realm improved, Chen Feng saw the enemy more clearly than before.

At this time, his mind was clear, and he even had a leisurely heart analyzing this golden armor warrior's soul body.

It can be seen from the movements of the golden armor warrior Shenyuan combat body that Zhong Fenglin has never practiced Shenyuan martial arts.

"He is still relying purely on the strength of the Shen Yuan combat body to attack me, and his power characteristics, although somewhat similar to my Golden Lightning Shen Yuan, are more complicated and not pure enough."

"Therefore, it looks more powerful, but in fact it is not as powerful as my golden lightning god."

Seeing Chen Feng standing motionless, Zhong Fenglin laughed loudly: "Chen Feng, are you scared stupid? So you don't even dare to fight back?"

"Little bastard, it's a shame that you were still talking and bragging here just now?"

"It turns out that you really are still that useless trash."

He was extremely contemptuous of Chen Feng.

At this moment, Chen Feng's eyes flashed.

After analyzing for so long, it's time to take action.

He stared at Zhong Fenglin with a sneer at the corner of his mouth, and said slowly, "Is it a waste?"

"Okay, I'll let you see if I am a waste!"

When Chen Feng said these words, his momentum soared wildly.

The whole person is like an unsheathed sword, with unparalleled sharpness!

Feeling the change in Chen Feng's aura, Zhong Fenglin suddenly felt shocked.

Looking at Chen Feng, he secretly said in his heart: "This little **** seems to be a little different from before!"

But he immediately suppressed the panic in his heart, and said with a grinning smile: "Boy, looking at your aura, you should have got a little adventure in it?"

"The strength seems to have risen?"

"But, so what?"

"I can still crush you!"

As he said, his golden armor warrior gods body battle body grew more vigorous, and he smashed to Chen Feng fiercely, as if a mountain fell fiercely.

The pressed Chen Feng was a little bit short of breathing, his face flushed, and bloodshot in his eyes.

The blood in the heart is squeezed out!

At this time, Chen Feng smiled slightly.

The next moment, there was a clear dragon chant, and the golden lightning spirit suddenly appeared.

The golden lightning **** primordial is full of two, at this time the body is very large, and the momentum is extremely fierce.

Can only be described as fierce!

Before it was thin, you could use a sharp, but now it is fierce!

Zhong Fenglin felt his power as soon as this golden lightning spirit appeared.

At the same time, his pupils shrank, and he exclaimed: "I feel that your golden lightning spirit seems to be much stronger than before!"

Chen Feng laughed loudly: "You feel right!"

The next moment, the golden lightning **** smashed into it fiercely, and collided fiercely with the golden armor warrior gods body.

With a loud bang, the strong offensive that the Golden Armor Warrior Shenyuan battle body smashed down was actually shattered by the golden lightning Shenyuan!

The incomparable strength of the golden lightning gods and the golden armor warrior gods fight against the battle body, and they did not lose the wind!

In the next moment, the golden lightning gods slammed into the body of the golden armor warrior gods battle body again!

The golden lightning **** not only has incomparable power, but at the same time it hits the past, countless lightning flashes come and go, and countless space cracks appear!

The incomparable power of splitting directly fell on the golden armor warrior Shenyuan combat body!

The golden armor warrior Shenyuan battle body let out a muffled snort.

His fist slammed heavily on the surface of the golden lightning spirit, and directly smashed the golden lightning spirit out for dozens of meters.

But he was also kicking, backing a few steps in succession, shaking his body!

And on his chest, there was a deep and long wound!

The golden lightning **** just retreated, and he was already slightly injured!

Obviously, Chen Feng had the upper hand in this impact!

Seeing this scene, Chen Feng laughed, extremely happy!

He has only two gods, and the battle body of the gods on the opposite side of Zhong Fenglin is composed of seven gods!

However, it was Chen Feng who had the upper hand!

"My gods are of extremely high quality, far above other gods!"

Seeing this scene, Zhong Fenglin was shocked.

He yelled in disbelief: "How is it possible? In a short period of time, how can your gods become so strong?"

Just now, the contempt and disdain on his face has completely disappeared!

At this moment, there was only one emotion on his face, and that was shock.

Before, Chen Feng had only one divine essence, which was still the embryonic form of divine essence, and only had the power of 50% of the complete divine essence!

And now, Chen Feng has two complete spiritual essences!

He looked at Chen Feng in shock and exclaimed, "How can your strength be so strong?"

"A few days ago, when you faced me, you weren't my opponent at all, you were easily crushed by my golden armor warrior Shenyuan battle body!"

"And now, when you face me again, you can already defeat my golden armor warrior Shenyuan battle body! How can you become so powerful?"

He looked at Chen Feng, and his eyes suddenly showed extreme heat: "Could it be said that there is really a big secret in the Sea of Death? Did you get a great opportunity in the Sea of Death?"

Chen Feng smiled slightly: "I don't have to worry about whether I have a big chance, you should worry about yourself now!" *noveLUsb.cOm*

The next moment, Chen Feng roared, and the golden lightning gods attacked again.

Zhong Fenglin's golden armored warrior god-level battle body, frantically fight!

boom!

Amid the loud noise, the golden lightning spirit was knocked into the air.

On the left arm of the golden armor warrior Shenyuan battle body was cut a very deep wound.

Chen Feng laughed loudly: "Come again!"

The golden lightning gods bombarded one after another, attacking three times in a row, each time they collided with the golden armor warrior gods body.

Finally, when it was the third time, there was a crunch!

The right arm of the golden armor warrior Shenyuan battle body broke directly!

It turned out that Chen Feng attacked his injured right arm in these several attacks!

[Chapter 3247: Split it with one knife!](#)

Each time, they attacked the wound, and after several attacks, they directly interrupted it.

The right arm of the golden armor warrior Shenyuan battle body was broken and has been severely injured!

And Zhong Fenglin was also affected, he let out a scream, backed up a few steps in succession, and spouted blood.

At this moment, he looked at Chen Feng's gaze, not just shocked, but with a hint of fear.

He suddenly realized that not only could he not kill Chen Feng today, but he might be killed by Chen Feng!

This young man has progressed so fast, he has completely exceeded his imagination!

This strength is simply terrifying!

Chen Feng laughed happily, he hadn't used his strongest offensive at all.

Now Chen Feng's strongest attack power is his Yuqing Giant Spirit Sword Tome. Chen Feng hasn't used it at all, and he has beaten Zhong Fenglin so miserably!

Zhong Fenglin's figure suddenly retreated.

Suddenly, his screaming stopped, staring at Chen Feng, his face was cold, and he slowly said, "Chen Feng, you forced me!"

Chen Feng smiled and spread out his hands, and said, "I forced you, what can you do with me?"

Chen Feng's arrogant and domineering words directly caused Zhong Fenglin to spout another mouthful of blood, and he was so angry that he almost fainted.

He nodded sullenly: "Okay, Chen Feng, you are fine!"

The aura on his body suddenly became gloomy and cold, and he said coldly: "I am now cultivating a martial art of Shen Yuan, and I didn't want to use it lightly."

"But since you are so aggressive, then I have to use it!"

Shenyuan martial arts, martial arts that only Shenyuan can control!

This is the case with Chen Feng's Yuqing Giant Spirit Sword Book.

Chen Feng laughed: "I am aggressive? Who is the aggressive?"

"Who is chasing me all the way from the inner sect to this place? Who is it after I entered the sea of death that still keeps on letting go, waiting here for me to come out and continue to chase?"

"Who is it, always aggressive?"

"I can't beat it now, so I'm here to sell the poor? What are you?"

Chen Feng's remarks made Zhong Fenglin's face completely lost, his face flushed with swelling, turning into anger from shame.

He screamed: "Then I will let you see and see my magical martial arts!"

In the next moment, his only remaining hand was pressed on his chest.

Then, trembling all over, as if trying his best, his hand slowly moved outward.

Like him, his golden armor warrior Shenyuan battle body also slowly made this movement.

Then, I saw that in that hand, a light appeared!

This is a lightsaber!

It seems that the power in his body was forced to be born, and the power in his body originally had the same origin.

However, the quality is many times higher than that!

Chen Feng immediately understood that this lightsaber was made by condensing the essence of his body's strength.

This lightsaber is shameless in its long covenant, it looks real or unreal, it looks like a fantasy.

The fear on Zhong Fenglin's face disappeared at this time, and he became arrogant and arrogant again, and roared: "I haven't practiced this magical martial arts, I didn't want to use it lightly."

"But you have to force me!"

"Okay, let you witness the power of my martial arts!"

"Then, use your blood to sacrifice my martial skill!"

He speaks confidently, it seems that as long as he uses this trick, he can definitely kill Chen Feng easily.

And Chen Feng just sneered and hooked at him, with the most contemptuous expression.

Zhong Fenglin was furious, with a sharp roar, the only left hand of the golden armor warrior Shenyuan battle body, holding a lightsaber, fell fiercely.

At the same time, he roared: "Huang-level third-rank martial arts, falling star sword!"

This Shen Yuan martial art turned out to be the third rank of the Wilderness!

This sword fell fiercely towards Chen Feng.

This sword is no longer as powerful as the mountains, but it is still extremely powerful, and it has added countless changes.

It's like a powerful and powerful heavy sword, but suddenly uses a light and strange sword!

On top of tyranny, endless changes have been added!

Moreover, that tyrannical power is many times more condensed than before, and its power has increased a lot at once!

This is the bonus effect of Shenyuan martial arts on Shenyuan, which can maximize the power of Shenyuan!

Even some abilities that Shenyuan couldn't use in the previous state were also displayed through Shenyuan martial arts!

Zhong Fenglin laughed wildly: "Chen Feng, die!"

Facing this sword, Chen Feng did not have the slightest fear, but a slightly mocking smile was drawn at the corner of his mouth:

"Only you can master martial arts, right?"

"Of course!" Zhong Fenglin laughed: "How rare is Shenyuan martial arts, can it be obtained by anyone?"

"Boy, with your background, how can it be possible to obtain Shen Yuan martial arts?"

Chen Feng sneered, disdain to argue with him at all.

Only in his hands, a yellow light flashed.

The supreme Longyang sword suddenly appeared in Chen Feng's hands.

Then in Chen Feng's dantian, the light flickered, and the golden lightning spirit directly softened.

With one brush, it was wrapped around Chen Feng's shoulders and arms, like the embryonic form of a giant dragon.

Then, the boundless power of the gods suddenly poured into Chen Feng's body, and merged into the extremely high Longyang sword.

The first level of the Yuqing Giant Spirit Sword Tome was launched in a sudden!

Chen Feng held the knife in both hands, twisted his body, and slashed out the huge knife in his hands with extreme violent violent violentness!

This knife directly collided with the lightsaber in the hands of the golden armor warrior Shenyuan combat body!

At this time, Zhong Fenglin's voice just fell.

In the next moment, that arrogant look froze from his face.

Then, it turned into an incredulous shout: "How is it possible?"

Because, he felt that his body shook wildly, and an extremely powerful force surged!

He knows why this is!

The golden armor warrior Shenyuan battle body is one with him.

The golden armor warrior Shenyuan battle body was hit hard, and he would feel it too.

This also means...

With a loud bang, the lightsaber in the hands of the golden armor warrior Shenyuan combat body shattered directly, and then, the extremely high Longyang sword severely slashed on his body!

The golden armor warrior Shenyuan battle body let out a stern scream, and the whole body was shaken.

Then, with a click, a huge wound broke out in the chest, and then the wound grew bigger and bigger, and finally burst into pieces!

The golden armor warrior Shenyuan battle body was directly smashed by Chen Feng!

Then a burst of light scattered, and with the scream of the golden armor warrior Shenyuan battle body, he turned into countless points of light and returned to Zhong Fenglin's dantian.

Zhong Fenglin spurted blood violently, and his whole body opened numerous wounds at the same instant, becoming like a blood man.

Obviously, he has been hit hard!

Zhong Fenglin was seriously injured by Chen Feng!

[Chapter 3248: Kill Zhong Fenglin!](#)

Zhong Fenglin's golden armor warrior Shenyuan battle body was directly destroyed by Chen Feng, and he didn't know how much effort it would take to condense.

Zhong Fenglin stared at Chen Feng in disbelief, pointed at him with trembling fingers, and said, "You, how could you be so strong? How could you be so strong?"

He shook his head violently, in a trance.

He couldn't believe it at all, it was a huge blow to him!

At this time, Chen Feng pointed towards Longyang Dao and laughed happily!

Holding the Extreme Dragon Yang Sword!

Launch the Yuqing Giant Spirit Sword Tome!

The power of Chen Feng's move was three times as powerful as before!

Strength soared three times directly!

How can Zhong Fenglin resist?

Zhong Fenglin's eyes flickered.

He reacted extremely quickly, clarifying the context of the current situation in an instant.

There was a thought in his heart: "I am not his opponent now?"

He was taken aback by his own thought, and he couldn't believe it at all.

But he knew that this idea was right and true.

Now, he is indeed not Chen Feng's opponent!

So, he immediately made a decision!

With a roar, he barely condensed the Golden Armor Warrior Shenyuan battle body again.

It's just that this golden armor warrior god-level battle body is already in dilapidated condition, with a weak momentum and strength.

Driven by Zhong Fenglin, the golden armored warrior Shenyuan battle body once again roared and rushed towards Chen Feng, launching a fierce attack.

Chen Feng smiled coldly, but stood still.

Because, Zhong Fenglin's emotional change at that moment did not escape Chen Feng's eyes.

So Chen Feng judged that Zhong Fenglin's move was definitely a false move!

He is going to run!

Sure enough, before the golden armor warrior Shenyuan battle body came to Chen Feng's side, Zhong Fenglin suddenly flashed his figure and fled madly.

His golden armor warrior Shenyuan battle body also ran quickly with him.

Embarrassed.

A smile appeared at the corner of Chen Feng's mouth: "It's quite smart, I know how to escape!"

"You trash, you are not only low in strength, but also extremely timid. If you can't beat it, you will run away."

This is what Zhong Fenglin said to Chen Feng before, which was returned by Chen Feng.

When Zhong Fenglin heard this, it was as if he had been slapped in the face, his face flushed instantly and his face swept.

He yelled fiercely: "Chen Feng, I must report today's humiliation!"

"You wait for me, I must kill you!"

His voice echoed.

A smile appeared at the corner of Chen Feng's mouth: "Want to kill me?"

"Unfortunately, you have no chance!"

"Want to run? Can you run?"

The next moment, a pair of golden boots appeared on Chen Feng's legs.

His Sun-Raising Golden Crow footwork was already activated suddenly!

In the next moment, Chen Feng came to the back of Zhong Fenglin with a brush.

At this time, Zhong Fenglin seemed to feel his death coming.

He turned his head suddenly, stared at Chen Feng, and screamed terribly: "Chen Feng, do you dare to kill me?"

"Elder Xuanyuan Zixi can't spare you! Do you dare to kill me? He will definitely kill you!"

Chen Feng laughed: "Then I will kill him!"

In the next moment, the Extreme Long Yang Dao fell fiercely!

Zhong Fenglin screamed furiously to resist, but how could he stop it?

All of his defenses were shattered by Chen Feng's supreme Longyang Sword!

His blocking arms were directly shattered by Chen Feng, and then Chen Feng's knife fell on his body fiercely!

Zhong Fenglin's body was frozen there!

He widened his eyes and looked at Chen Feng, his emotions changed.

Regret, fear, despair, death, hatred, and other emotions continue to circulate in it, and finally turn into a thick gray.

Finally, his body trembled heavily and his head flew up!

His body is going down!

Chen Feng grabbed his head.

Zhong Fenglin was directly beheaded by Chen Feng!

Chen Feng watched this scene without sorrow or joy, but he took a long sigh of relief. At this moment, his heart was extremely cheerful and relaxed!

Since being chased by Zhong Fenglin, Chen Feng has been living in a very nervous and anxious mood.

This feeling made him very uncomfortable.

The pursuit and killing of Zhong Fenglin and Zhong Fenglin's tyrannical strength gave Chen Feng a kind of death suppression like a mountain, making him think about this all the time.

At this time, Chen Feng killed him, and the whole person was much more comfortable.

Although Zhong Fenglin was dead, he had a small golden thread kit on his body, which fell down.

Chen Feng saw it at a glance, and when he reached out, he caught it in his hand.

A smile appeared at the corner of Chen Feng's mouth. He didn't check it immediately, but took a deep look at this place, then turned and left directly.

After half a day, Chen Feng was already far away.

An emerald green island.

The island is not big, but the scenery is very beautiful, with waterfalls, springs, and ancient trees of Cang pine.

On the side of a pool of water, Chen Feng slowly fell. Then, he looked around and made sure that no one was watching around, and then he sighed softly.

Wiping his hand, a box appeared in the palm of his hand.

This is a small bronze box.

The bronze box is decorated with a pattern of crossed thorns, which looks quite quaint.

This bronze is already a little patina, and I don't know how many years have passed, revealing an ancient meaning.

The patterns and text above are also quite ancient.

This is an ancient thing.

Chen Feng sighed softly.

This box was given to him by Mu Zhanpeng.

When Chen Feng left, Mu Zhanpeng handed the box to him. As for what was inside, he didn't say, nor did Chen Feng ask.

According to the method Mu Zhanpeng said before, Chen Feng pressed the lock with his hand, and opened the lock of the box with a click.

Suddenly, Chen Feng frowned.

It turned out that after the box was opened, what appeared in front of Chen Feng was not the space inside the box, but a ray of light refracted from it.

A palace was formed directly in front of Chen Feng!

This palace is entirely composed of blue light waves.

It's not that big, it's about ten meters high, and its radius is twenty meters. At this time, the gate of the palace is open, and the shape of the palace is very similar to the box.

It was as if the bronze box had been enlarged more than a hundred times.

Chen Feng knew clearly that Mu Zhanpeng had told him about this kind of box when he was chatting.

The golden thread kits only appeared millions of years ago, including storage rings.

In the ancient times, the Wuzhemen used this kind of bronze box called Xumi Box to store things.

Of course, Chen Feng said directly, "Na Xumi Yu mustard seed", which shocked Mu Zhanpeng.

Because Mu Zhanpeng knew very well that this was the word of the Buddhist school, and in the entire Dragon Vessel Continent, except for the Xiuer people in Shifang Jungle, not many people knew this sentence.

[Chapter 3249: Gift of Mu Zhanpeng](#)

Chen Feng's answer was: "Brother, I also have a lot of fate with Buddhism."

This kind of Xumi box looks a little cumbersome, but it is not the case. The higher the level of Xumi box, the smaller it is.

Some Sumi Boxes are even as small as a fingernail. They are made into a ring, and no one will notice when they are placed on their hands.

Others can be made into pendants, the higher the level of the Xumi box, the smaller, but the larger the space inside!

The size of the Xumi box is far better than the gold thread kit.

Some are huge and can even hold a big mountain.

Of course, that kind of thing only exists in legends, most of which are only a few tens of meters in radius. For example, the level in Chen Feng's hands is not very high, and there can only be a space with a radius of tens of meters in height.

One advantage of this kind of thing is that it is extremely strong.

Those golden thread kits may be torn, torn, or broken, but this kind of mustache is very difficult.

These memories flowed through Chen Feng's heart.

Mu Zhanpeng told him a lot, but he didn't tell him what was inside, only that he had a gift to give him.

Chen Feng looked up, sighed lightly, and stepped into it.

But when Chen Feng walked in, he let out an exclamation.

It turned out that there was nothing in this bronze palace, only one thing was placed there.

That is, Dragon Blood Amethyst!

Around the palace, layers of dragon blood amethyst are stacked neatly like walls.

It was densely packed, almost filling the entire palace.

Except for the entrance to the palace, there are many dragon blood amethysts piled up layer by layer in other places.

In an instant, it was in Chen Feng's sight!

The purple light of the dragon blood amethyst was brilliantly refracted, extremely gorgeous.

Chen Feng's breathing became heavy involuntarily.

He trembled and said, "Dragon Blood Amethyst, there are so many?"

He was really grateful to Mu Zhanpeng for saving his life, giving him divine tools, passing on his techniques, and also gifting him so many dragon blood amethysts at this time.

How can Chen Feng not get excited?

Chen Feng is now extremely eager for Dragon Blood Amethyst.

In fact, Chen Feng didn't care much about Dragon Blood Amethyst before. After all, he has all kinds of treasures here, all kinds of martial arts techniques, and all kinds of magic weapons.

These things were not bought by spending money, and Chen Feng had many ways to get them.

So Chen Feng didn't care much about the amount of Dragon Blood Amethyst, just enough.

But now it is different, because Chen Feng needs a lot of martial arts fragments to put in the big bronze cauldron to smelt the Chixia martial arts crystal.

He has now named it the Chixia Martial Skill Crystal, and the surface of the Gein crystal is like a cloud.

This is Chen Feng's assassin, and this is also a very powerful force that Chen Feng can possess.

Chen Feng is absolutely not allowed to waste.

After all, the attack that the Sun-Breaking Tiangong temporarily released a few days ago could be said to have saved Chen Feng's life.

Chen Feng was extremely eager and eager for this in his heart.

He just wanted more dragon blood amethysts, the better, to buy more martial arts fragments, to smelt more Chixia martial arts crystals.

When these Chixia martial arts crystals are released, they don't need any power, don't need to pay any price, and there is no sign.

Moreover, no preparation time is required, just release!

What a heaven-defying treasure is this? What a mighty power this is?

How could Chen Feng waste it?

So, seeing so many dragon blood amethysts at this time, he was extremely happy.

Chen Feng glanced around and estimated the number of these dragon blood amethysts.

The dragon blood amethyst here adds up to 100 million.

One hundred million dragon blood amethyst!

And Chen Feng soon discovered that there were not only dragon blood amethysts in it, but on the shelf on the right wall of the palace, there were about hundreds of fist-sized blood-red spars.

After Chen Feng watched it, he exclaimed: "The best dragon blood diamond! So this is the best dragon blood diamond!"

Each piece of this superb dragon blood diamond is equivalent to one million dragon blood amethysts!

Chen Feng glanced at it, and he knew that there were a hundred top-quality dragon blood diamonds here!

This also means that the total amount of Dragon Blood Amethyst here has reached 200 million yuan!

At this time, Chen Feng thought of the reward offered by the Xuanyuan family for this task, which was also a full 100 million Dragon Blood Amethyst!

Chen Feng couldn't help but breathe a little heavy, and trembled to himself: "Three hundred million dragon blood amethysts!"

"This time, after I go back, I can get a full 300 million dragon blood amethysts!"

"These 300 million dragon blood amethysts are enough for me to buy many martial arts fragments, and enough for me to refine many Chixia martial arts crystals!"

Three days later, Yingzhou Island.

A ray of light, with a sigh, fell on this island.

Yingzhou City is still as lively and prosperous as before.

After Chen Feng came here, he walked straight into the city gate.

This time, the city guards at the gate of the city had been replaced with new ones.

But facing Chen Feng, they didn't have any obstacles.

Although Chen Feng was still in the realm of the Nine-Star Martial Emperor at this time, he revealed a breathtaking threat and murderous aura.

The whole person looked like a murderous god, which made people quite scared.

The breath of Chen Feng's body made them feel so daring to stop Chen Feng?

After entering Yingzhou City, this time it felt different from the last time. The last time he entered, Chen Feng only felt extremely depressed.

Because the strength of anyone here must be superior to him.

And now, Chen Feng already has the strength comparable to that of a one-star Wudi in the middle stage!

This kind of strength, even if you look at the entire Yingzhou City, you can also be called a mid-level expert.

When Chen Feng was walking on the street, he immediately felt that the aura surrounding him was above him and threatened him, much less!

This makes him feel quite comfortable.

strength! Everything comes from strength!

Chen Feng was full of emotion.

After entering Yingzhou City, he didn't go anywhere else, but went straight to that very remote alley, and then turned around and found a small courtyard.

This yard was the place where he and Seven-tailed Scorpion traded to buy information.

It turned out that Chen Feng's purpose in coming to Yingzhou City this time was very simple, that is, to find Seven-tailed Scorpion and sell some things.

After arriving at the ancestral hall, Chen Feng looked around, then suddenly a sneer appeared at the corner of his mouth, and slowly said, "Okay, come out!"

"I know you are here, there is no need to hide."

The next moment, a dry laugh sounded.

Then, a figure slowly turned out from behind the ancestral hall.

[Chapter 3250: auction](#)

Looking at Chen Feng, there was still a trace of fear in his eyes.

This person is the seven-tailed scorpion.

He looked at Chen Feng, chuckled, rubbed his hands, and said, "You turned out to be Master Chen Feng? You came back?"

Chen Feng smiled slightly: "Yes, I'm back."

Seven-tailed scorpion looked at Chen Feng, and a horrified storm surged in the depths of his eyes.

"That day, he bought me a map to go to the Sea of Death, could it be said. The place he went was actually the Sea of Death? And..."

An even more shocking and terrifying thought came to his mind: "Could it be that he not only went to the Sea of Death, but also returned safely?"

This thought shocked him to the extreme.

He looked at Chen Feng tentatively and said, "You, are you going to the Sea of Death?"

Chen Feng looked at him and smiled slightly: "Don't try to test me here, I also know what your kid's idea is."

"It's okay to tell you, Chen Feng, I went to the Sea of Death this time, and I came back safely from the Sea of Death."

Hearing these words, the seven-tailed scorpion trembled all over, and his face showed disbelief.novelupdates.com

He didn't believe what Chen Feng said, but his reason told him that what Chen Feng said was absolutely true.

There was a deep fear in his eyes. He had already been scared by Chen Feng, and he didn't have any crooked minds. Now he dare not have it.

Chen Feng shook a golden thread kit in his hand and said, "No nonsense, didn't you say that you have an underground auction house here?"

"And it's quite large and very flexible. Sometimes you can even hold an auction for one or two lots, right?"

"That's right." Seven-tailed Scorpion nodded quickly.

Suddenly, his eyes lit up and he looked at Chen Feng and said loudly, "Could it be that Master Chen, do you have a lot for us?"

His heart is full of expectations.

Because, in his eyes, Chen Feng came out of the sea of death, and he must have brought many rare treasures that belonged to the sea of death.

These exotic treasures are extremely rare and expensive.

Chen Feng smiled slightly, shook the golden thread kit in his hand, and said, "I have something to auction in it."

After all, Chen Feng opened it.

Suddenly, it crashed, and the colorful treasures shone brightly, directly shining the eyes of the seven-tailed scorpion.

At this time, there were five things shaken out of the golden thread kit.

Among them is a long sword.

This long sword was about five feet long and about three fingers wide. It looked a little slender, but it didn't feel weak at all.

But it gives people a feeling of incomparable hardness and tyranny.

Very thin, but very tough. Its whole body is a red color. This red color looks like the light of a ruby melted and poured on it.

It was very magnificent, and the faintly revealed fire-attribute aura made people shocked.

As soon as this sword appeared, the temperature in the courtyard rose sharply, as if it turned into a stove.

The weeds around were roasted to dry ash in an instant.

Not only these weeds, but even those bluestones that have existed for so many years are steamed into a black by the high temperature, and when the wind blows, they turn into countless black powder and disappear directly.

This house, which has existed for so many years, was directly wiped out by the high temperature.

Seeing this scene, Seven-tailed Scorpion's eyes straightened, staring at the long sword blankly, and said with a trembling voice:

"This, at least this requires the soldiers of the eighth rank emperor to have such power!"

Chen Feng smiled and nodded: "Yes, this sword is indeed a soldier of the Eighth Stage Emperor."

In addition to this sword, there are some other treasures in the golden thread kit, but this sword is the most precious, none of them!

"But..."

Chen Feng's eyes drooped and turned his palms.

In the palm of his hand, a purple jade phoenix was impressively held.

This phoenix was about half the size of a palm, and its whole body was carved from extremely fine purple jade.

The light flowing inside is very dazzling and extremely beautiful.

And when I brushed it, the extremely dazzling brilliance that was placed outside was taken in all at once, and it was collected cleanly, and suddenly it became extremely warm and moist.

Then, constant change.

What is even more shocking is that there is a very powerful aura inside.

This kind of aura, showing a sense of tenacity, naturally diffused out, like a strong shield, blocking Chen Feng.

This is impressively a defensive magic weapon!

It is also the most precious thing Chen Feng found in Zhong Fenglin's golden thread kit.

That's right, the golden thread kit that Chen Feng brought today is Zhong Fenglin's.

After Chen Feng left the sea of death that day, he found a secluded place, opened it, and carefully looked at all the treasures inside!

Among all the treasures, the most precious is the long sword and this purple jade phoenix.

Chen Feng remembered that Zhong Fenglin seemed to be bad at using swords.

He has confronted Zhong Fenglin many times and has never seen him use a long sword.

Therefore, according to Chen Feng's judgment, Zhong Fenglin probably didn't know where to get it or snatched it, so it has been kept in the golden thread kit and has no use.

It is estimated that I want to give someone a gift or sell a good price, but now it is cheap Chen Feng.

As for the Purple Jade Phoenix, it was a surprise.

Chen Feng knew at a glance that this was an extremely powerful defensive weapon.

The defense is extremely strong, and just the breath revealed, it feels like a big shield.

It is hard to imagine that if it is crushed, what a high level of defense will be released!

When Chen Feng saw it, he couldn't help but rejoice.

"Fortunately, Zhong Fenglin was killed by me in a hurry, and even this purple jade phoenix had no chance to use it."

"If not, after he blocked my fatal blow, I'm afraid he has a chance to escape."

This purple jade phoenix is a great life-saving thing, and Chen Feng put it away by himself and does not intend to sell it.

As for the rest, he planned to sell them all in this Yingzhou City.

What Chen Feng needs most urgently now is Dragon Blood Amethyst.

Only with Dragon Blood Amethyst can he buy more martial arts fragments and create more Chixia martial arts crystals for one-time attacks. This is the most intuitive and simple improvement to his strength.

So Chen Feng plans to sell them all.

Seven-tailed Scorpion took the long sword in his hand, looked at it with love, and said repeatedly: "Good thing, really good thing!"

Chen Feng raised his brows and asked: "What price do you estimate to sell?"

Seven-tailed Scorpion thought for a while, then stretched out five fingers.
