

Peerless 3301

[Chapter 3301: Kill Yu Taihong!](#)

Chen Feng looked at him with a cold smile on the corner of his mouth: "If you don't fight, you have to fight!"

The next moment, he roared: "Now, it is the final battle between the two of us!"

"After this battle, life and death are divided!"

The next moment, Chen Feng's figure flashed, and the Yuqing Giant Spirit Sword Tome was launched, holding the Extreme Longyang Sword in both hands, and slashed fiercely towards Yu Taihong.

Although Yu Taihong was seriously injured, and although Chen Feng knew that Yu Taihong was not his opponent, Chen Feng still used his strongest offensive!

Like a goshawk fighting a rabbit, close to full force!

It was like what Yu Taihong did to him when he contempted him.

This is the strongest irony.

Yu Taihong screamed sternly and launched defenses one after another.

However, how could his defense after this serious injury hinder Chen Feng?

Chen Feng smashed all defenses!

Seeing the next moment, the blade was about to fall on his body.

At this time, Yu Taihong let out a miserable cry: "Chen Feng, you forced me!"

Then, the next moment he let out a crazy roar, and his stern voice spread across the square: "I use my body to sacrifice blood to the demon!"

He waved his hands one after another, and immediately, above his body, boundless black air escaped.

And as the black energy dissipated, the lower part of his body was gradually melting, turning into black light and disappearing.

In an instant, everything from below his waist disappeared, leaving only his upper body.

And as he disappeared from below his waist, the black light flourished, and it immediately blocked Chen Feng.

Chen Feng felt that his cut was extremely slow.

An extremely evil force directly surrounded his body, preventing himself from moving forward.

His own blade cannot move forward.

As the black light blasted away, Yu Taihong's figure disappeared in place.

When he reappeared, he had already reached the sky tens of thousands of meters away.

At this time, when I came here, I was tens of thousands of meters away from Chen Feng.

He feels safe.

He turned his head, looked at Chen Feng with a bitter expression on his face, and shouted sternly: "Chen Feng, you force me to make sacrifices to the Devil World!"

"Use half of my body to sacrifice to the devil world! In exchange for a chance to escape, I will kill you!"

"You wait for me, I must come back and cut you alive! I will cut you into pieces! It will make you miserable! It is extremely miserable!"

He roared extremely bitterly.

But at this moment, Chen Feng shook his arms, and the extreme Longyang Sword fell, and the black light that had trapped him was dissipated.

Those black powers screamed and disappeared, just like alive.

Feeling the extremely evil and bitter power from these black rays of light, Chen Feng picked up the corner of his mouth slightly, and his face showed a trace of clarity: "Sure enough, it really comes from the power of the devil."

This is not the first time Chen Feng has dealt with the power of the Demon World.

I have fought a few times before, but this time, this force is extraordinarily powerful and extraordinarily evil.

Compared with the previous strength level, it has risen a bit.

However, Chen Feng couldn't control so much.

He suddenly turned around and looked at Yu Taihong over there, with a smile on the corner of his mouth, and said, "Now, do you think you are safe?"

"You think I can't catch up with you, do you?"

Yu Taihong laughed wildly: "Of course!"

"Chen Feng, my speed is not weak, the two of us are so far apart, how can you catch up..."

"Ah! How is it possible!"

Before he said the word 'I', he let out a scream of exclamation, his eyes widened, and he screamed: "You, how fast are you?"

His pupils shrank sharply, and his eyes were horrified for an instant.

It turned out that Chen Feng's figure flashed at this time, and two gold-red diamond boots appeared on his legs. He directly held the Longyang Sword and chased him fiercely.

The speed is so swift that it crossed half the distance almost instantly.

"Why are you so fast?"

Yu Taihong yelled frantically, unable to control anything else, turned around and fled frantically outside.

But unfortunately, how could he escape?

Chen Feng's current speed, I am afraid that under the three-star Emperor Wu, he is invincible.

Even Zhao Canyu, the two-star martial emperor who was more powerful than him, was far inferior to him in speed, let alone Yu Taihong.

Yu Taihong fled frantically, but he felt that the powerful and fierce aura behind him was getting closer and closer to himself!

Suddenly, an emotion called despair surged in his heart, and he turned his head back suddenly.

At this moment, he saw that Chen Feng had chased behind him and let out a violent roar: "Die!"

The Long Yang Sword in his hand fell fiercely.

At this moment, Yu Taihong knew that his life was about to end.

He screamed sternly, with extreme regret in his eyes: "Why should I provoke you? Why should I provoke you?"

"I'm so sorry! I'm looking for a dead end!"

At the next moment, the sound stopped abruptly. As Chen Feng's knife fell, Yu Taihong's body was actually a karara in the sound of broken porcelain, turning into countless black light spots and disappeared!

Chen Feng killed Yu Taihong with a single blow!

Kill Yu Taihong, the pinnacle of Emperor Wudi!

At this time, the people around were even numb to this scene.

After a long while, a weak voice sounded: "Chen Feng is not only strong, but also so fast!"

"Yes, he, his speed doesn't feel any weaker than the second-star Wudi, no, better than the average second-star Wudi!"

Mo Wenyao and Ren Hongbo looked at each other, and they saw a hint of horror and luck in each other's eyes.

"Fortunately, we didn't provoke Chen Feng."

"If you provoke Chen Feng, you won't be able to fight, nor can you escape, there is only one way to die!"

Ziyue akimbo her hips and laughs, without the slightest reserved tolerance of a wealthy lady.

Behind her, the second elder Xuan Tie coughed one after another, winking, and wanted her to be a little reserved and pay attention to her own demeanor.

Ziyue turned around curiously, looked at the two of them, and said in surprise:

"What's wrong with you two? Are you sick?"

"It's like your bones, but it doesn't seem to be sick!"

The two old men of Xuan Tie turned pale for a while.

Someone sighed and said, "Yu Taihong is dead, completely dead, completely defeated, and the money we invested in the gambling game this time is completely impossible to get back."

Many people nodded one after another.

Before, they knew that Yu Taihong was no longer Chen Feng's opponent, but they still had a thought in their hearts.

But now, everyone knows that he lost.

[Chapter 3302: You, when I have no temper?](#)

Many people who put all their net worth into this game are howling and crying.

Some people even sat on the ground and burst into tears, punching the ground with their double fists, and their faces were full of regret.

Many of them think this is an excellent opportunity to make a fortune. They have invested all their wealth, even borrowing foreign debts, and borrowed the dragon blood amethyst from many relatives and friends.

Now, it's all gone!

Some are happy, some are sad, some are crying, but others are laughing.

At this time, the strong men on the stands who surpassed Chaoge Tianzi City and the people who came to watch the ceremony were all thoughtful.

They were shocked by Chen Feng's strength.

I also realized that this young man who emerged from the inner sect of the Xuanyuan family has gradually grown into a leader among the younger generation of the nine major forces.

It is already a force that cannot be ignored, an extremely powerful powerhouse!

They were all wondering how they should report to those people in the family clan after returning.

Many of them also bought Chen Feng and lost, but at this time there was not much disappointment.

For them, seeing this battle brought them far more precious than those dragon blood amethysts.

Now that the war was over, everyone left one after another.

Many powerhouses near Chaoge Tianzi City came up with a hint of flattery, preparing to get close to Chen Feng.

At this moment, the door of the Xuanyuan family opened, and many powerful Xuanyuan family members came out laughing, looking at Chen Feng, their faces were full of pride.

At this time, Yu Xiangming hid among the crowd, glanced at Chen Feng with a bitter look, and then sneakily prepared to leave here.

However, at this moment, a cold and murderous voice came from behind: "Yu Xiangming, did I let you go?"

When Yu Xiangming heard this voice, his whole body became stiff, and he turned around suddenly.

He looked at Chen Feng: "Chen Feng, what do you mean?"

"What do you mean?" Chen Feng said with a smile: "You just said what you said, what you did, but now you want to leave without incident?"

"It's too cheap, right?"

"You, when I am Chen Feng, are you temperless?"

Yu Xiangming said: "What do you want?"

Chen Feng smiled slightly: "How about? Don't want to be so!"

"It's just taking your life!"

After hearing this sentence, Yu Xiangming trembled all over, and his heart became cold.

When everyone around heard it, they were shocked.

"This Chen Feng is really cruel, he must be revenge if he has any grudges!"

Even many of those who were about to leave stopped in their tracks, wanting to see this good scene.

Yu Xiangming looked at Chen Feng, but suddenly burst into laughter, pointed at Chen Feng and said:

"Chen Feng, do you dare to kill me?"

"I tell you, you absolutely dare not kill me now!"

"Oh? Really? Give me a reason not to kill you." Chen Feng smiled.

Yu Xiangming stared at Chen Feng and said bitterly, "Chen Feng, let me tell you, I have just used our sect's secret method to pass the news to my master."

"I told him about my conflict with you here."

There was a smug smile on his face, he chuckled, and stared at Chen Feng and said: "It's a coincidence, my master is nearby."

"It won't take long for him to come over!"

"Little boy, you dare to touch my hair now, my master will surely break your corpse into pieces later!"

"Oh, it turned out to be like this." Chen Feng raised his eyebrows and looked at him, with a mocking smile on the corner of his mouth, and said: "No wonder, no wonder I think you are becoming arrogant again now! No wonder, dare to be like this. T!"

"Yes, I am arrogant, I just dare to talk to you like this, what can you do with me?"

Yu Xiangming looked at Chen Feng and let out a triumphant laugh, extremely rampant!

He looked at Chen Feng, his face was full of unscrupulous.

In his opinion, since his master was coming, Chen Feng would definitely not dare to move himself.

He didn't dare to touch his own cold hair!

When everyone around heard Yu Xiangming's words, they also exclaimed.

"Yu Xiangming's master is actually nearby?"

"Yu Xiangming's master? Isn't it one of the elders of the Nei Zong among the Eight Desolate Heavenly Gates, Cang Kaiyu, who is known as Luo Ye Zhenren!"

"Yes, it is the real person Luo Ye Cang Kaiyu!"

"It is said that when he was young, he had an adventure and got a fallen leaf, but on the fallen leaf was a fragment of an ancient sacred script engraved, and he developed a masterful martial arts."

"Later, he came to Bahuang Tianmen, and soon became one of the elders of the inner sect of Bahuang Tianmen."

"That's really amazing. To be the elder of the inner sect of the Bahuang Tianmen, at least the one-star martial emperor peak!"

"Yes, it is said that his strength has reached the second-star Wudi, possessing sixteen divine essences, and condensing the divine essence combat body!"

Everyone talked a lot.

"Have you heard? Have you heard what the people around you said?"

After these voices sounded around, Yu Xiangming was even more proud, pointing at Chen Feng, laughing wildly: "Boy, now you know that my master is great, right?"

"Now, do you know how terrifying my master's strength is?"

He raised his chin, looked at Chen Feng arrogantly, and said, "Chen Feng, how dare you kill me?"

"How can you have the guts to kill me?"

"My master can make you wipe out with a single finger, and your soul will disappear!"

When he faced Chen Feng just now, the fear on his face had disappeared.

Instead, there is a trace of extreme arrogance and disdain.

He thought Chen Feng didn't dare to touch him at all.

During this process, Chen Feng stood there and listened quietly.

No sorrow or joy, no words.

After seeing this scene, everyone around them all showed a look of uncertainty.

"Chen Feng might really dare not touch Yu Xiangming!"

"Yes! After all, Yu Xiangming's master is the second-star Wudi."

"Yes, the second-star Wudi's strength is better than the one-star Wudi peak, I don't know how much, far above Yu Taihong. Chen Feng can kill Yu Taihong, but he is not the second-star Wudi's opponent."

"Moreover, don't forget the identity of Cang Kaiyu!"

"Cang Kaiyu, but the powerful elders of the Eight Desolate Tianmen Inner Sect. Such elders are distinguished and highly valued in the Eight Desolate Tianmen. If Chen Feng dares to offend him, what consequences will he cause? Are you up?"

"Yes, Chen Feng dare not move Cang Kaiyu in terms of strength and consequences."

"This time, it seems to Chen Feng that he is going to be deflated by Yu Xiangming."

After hearing the comments of the people around him, Yu Xiangming became even more proud.

[Chapter 3303: Are you finished?](#)

He walked straight to Chen Feng, stretched out his finger, nodded to Chen Feng, once, and said extremely arrogantly:

"Chen Feng, I'm standing here, kill you!"

"You are here to kill! Hahaha, I think you dare not!"

His hand was already on Chen Feng's forehead.

His saliva even sprayed onto Chen Feng's face.

Chen Feng stood there, just raised his head at this time, smiled slightly, looked at him and said, "Did you finish?"

When Yu Xiangming heard this, he felt cold and did not recover.

"When you are done, you should go to die!"

Chen Feng's cold voice suddenly sounded.

The more he said this sentence, the louder the volume.

When it comes to 'dead', it's already the same roar!

In the midst of this roar, Chen Feng was holding the Extreme Longyang Knife in both hands, and the Yuqing Giant Spirit Swordsmanship was launched, and the knife was cut to Yu Xiangming fiercely!

Cut it down with a single knife, just like a Tianhe rewinding!

Like the Milky Way, it is extremely tyrannical and fierce!

With boundless murderous power, he fell fiercely towards Yu Xiangming.

Everyone exclaimed: "Chen Feng did it?"

"Chen Feng dare to do it? Chen Feng dare to kill Yu Xiangming?"

"How is it possible? Isn't he afraid of Cang Kaiyu?"

At this time, Yu Xiangming's face also changed drastically, and his pupils shrank sharply: "What are you going to do? What are you going to do!"

Yu Xiangming showed extreme fear and disbelief in his eyes. He stared at Chen Feng and screamed:

"Do you dare to move me? My master will not spare you!"

"Do you dare to move me? My master will kill you!"

"Are you going to die?"

His eyes were full of madness, and he didn't expect that Chen Feng would dare to do this even when he knew that his master was coming.

Chen Feng laughed loudly, with the Longyang knife in his hand, and swung it down with the laughter:

"When your master comes, I will kill your master together!"

Facing Chen Feng's words, Yu Xiangming felt an extremely weak feeling in his heart.

He felt that in the face of this tyrannical extreme, it seemed that even the heavens and the earth could split with a knife.

There is no escape, unavoidable, hard block, and unstoppable at all!

It seems there is only one way to close your eyes and wait for death!

He screamed sternly: "I will fight you desperately!"

In the next moment, he launched his strongest offensive and greeted Chen Feng's extreme Longyang Sword.

A mocking smile appeared at the corner of Chen Feng's mouth: "Follow me? Are you worthy?"

In the next moment, the extreme Longyang blade fell, severely smashing all of Yu Xiangming's defenses.

Shattered the long sword in his hand, shattered his arms, and then fell on his body fiercely.

Yu Xiangming let out a scream and looked at Chen Feng, with unspeakable despair in his eyes.

He knew that he was going to die next moment.

He let out a scream before dying.

And at this moment, from the far horizon, a voice full of anger and great desolation came: "Stop!"

This voice, I don't know how far away it came from, rolling like thunder.

It was so shocking that everyone present had a pain in the eardrum.

There are many people with very low cultivation bases, and blood is flowing out of their ears.

And even Mo Wenyao, Ren Hongbo, Lin Yi, Xueqing and others on the high platform were shocked with blood surging in their chests, feeling sick and uncomfortable.

Both the faces of the second elder Xuan Tie showed solemn expressions.

"It can be judged from this voice that this person has definitely reached the realm of the two-star Wudi, and his strength is not weaker than the two of us!"

Then came another loud roar: "Stop!"

After hearing this voice, Yu Xiangming's eyes suddenly showed extreme ecstasy and excitement.

An emotion of surviving came out of him suddenly.

He yelled frantically: "Master, I am here, Master, I am here!"

He looked at Chen Feng and laughed proudly: "Chen Feng, my master is here, you can't kill me!"

"Haha, Chen Feng, you are dying!"

At the next moment, the voice stopped abruptly, turning into a strong to the extreme in disbelief.

It turned out that Chen Feng's knife fell straight down without being affected by the sound.

It fell directly on Yu Xiangming's body!

Yu Xiangming looked at Chen Feng and shouted in horror: "How dare you? How dare you?"

At that moment, his eyes changed with countless emotions.

Regret, shock, disbelief...

In the end, it turned into a touch of extreme silence!

Then, amidst the loud noise, his body directly turned into countless powder and disappeared!

Yu Xiangming was directly killed by Chen Feng!

Everyone was shocked!

"That loud voice is clearly from Cang Kaiyu!"

"Yes, it was Yu Xiangming's master Cang Kaiyu who came to rescue him!"

"Hearing his voice, Chen Feng dared to kill Yu Xiangming? He is so courageous!"

"Haha, there is a good show to watch now!"

Many people are excited.

At this time, a stream of light fell on the ring.

The streamer dissipated, and everyone saw that this was an old man.

The old man wore a linen robe with large sleeves fluttering, and his robe agitated, looking extremely powerful.

His face was red, his hair was white, but his beard was as thick as ink.

At this moment, he stood there, exuding extreme anger and fierce murderous intent.

These two emotions alone are already pressing many people out of breath!

Everyone exclaimed: "Cang Kaiyu's strength is really terrifying!"

"Yes, you deserve to be the Nei Zong elder of the Bahuang Tianmen! A strong man who surpassed the peak of a one-star martial emperor! Just the momentum makes us so scared!"

"This Cang Kaiyu's strength is far better than Chen Feng, and it's even stronger than Yu Taihong just now!"

"This time, Chen Feng estimated that he would break down in front of it."

Cang Kaiyu seemed to have not heard these words around him. At this time, there was only one person in his eyes.

That is Chen Feng!

He stared at Chen Feng with an extremely cold voice, and said word by word: "Did you kill Yu Xiangming?"

Chen Feng smiled and said, "It seems to be me."

"Yu Xiangming is my apprentice." Cang Kaiyu said lightly.

"Yes, I know he is your apprentice."

Chen Feng smiled slightly: "But, so what?"

There was a lot of contempt in his attitude, which directly caused Cang Kaiyu to be furious.

The aura on Cang Kaiyu's body jumped wildly, as if a black flame surged around him.

He was so angry that he laughed, but a smile was drawn at the corner of his mouth. He stared at Chen Feng, and said slowly:

"good very good!"

Having said that, he turned around and did not look at Chen Feng again, but came to the place where Yu Xiangming was just beheaded by Chen Feng.

[Chapter 3304: If you come, even kill you!](#)

At this time, Yu Xiangming had disappeared.

Cang Kaiyu stood there stupefied for a moment, his whole body was trembling, and his eyes showed extreme sadness.

Suddenly, the grief dissipated, and he gave a long scream and waved his hands.

Between his hands, a wave of power spilled out, and this power was black.

However, unlike the black power of the Demon Realm that Yu Taihong had sacrificed before, this power was like splashing ink, very strong, with a strong bookish air.

It does not appear evil.

Next, he waved his hands again and again, as if he was painting.

This space is his blank paper.

That strong black power is his ink.

In a moment, a Yu Xiangming appeared in the same place, which was formed by the condensation of this black power, just like his real person.

It's just that there is a dull look, no emotions, just such a dull existence.

Even, it cannot be said to be a living thing.

But then, Cang Kaiyu screamed, and in his right hand, a piece of blood was forced out of his fingers and fell on Yu Xiangming.

With this drop of essence and blood dripping in, Yu Xiangming suddenly gained a little more vitality.

Then, he waved his hands and clicked, and the air around Yu Xiangming seemed to be frozen, with countless textures appearing as if it had become solid.

Then, Cang Kaiyu patted his hands again.

This space was actually broken directly, leaving only one person in place, Yu Xiangming.

Yu Xiangming was completely black at this time, as if the surface of his body was stained with ink.

He stood there, revealing a breath of living creatures on his body. Seeing this scene, everyone was stupid.

"God, Cang Kaiyu actually created a living creature?"

"He actually made a Yu Xiangming? It's so incredible that he has such a powerful ability?"

"This is the power of the legendary gods!"

After Chen Feng watched this scene, his pupils suddenly shrank, and his heart was shaken.

He could see clearly, Yu Xiangming exudes a breath of living creatures, which shows that he should be alive.

"Cang Kaiyu actually has such an ability?" Chen Feng was extremely shocked.

However, Chen Feng was very human after all, and soon calmed down and broke free from the shock.

He immediately found that something was wrong.

"Impossible, this is the power that the legendary creator can possess. It is hard to say whether there is such a strong in the Dragon Vein Continent."

"But I am sure that the strongest of the nine forces will definitely not be able to do this."

"He Cang Kaiyu is just an elder in the area of the Eight Desolate Tianmen, how could he have such power?"

Chen Feng knew clearly: "It turns out that Cang Kaiyu used a drop of his own essence and blood, and then used a secret method to create such a walking dead."

"It can't even be sane, it's just a clay puppet with a little bit of anger!"

At this time, the people below were still shocked, and the powerful nine forces on the high platform had already seen some clues.

Cang Kaiyu came to Yu Xiangming, looked at him, his eyes were full of nostalgia, and said softly:

"Good boy, just stand here!"

"Just look at me, how to avenge you!"

"Just look at me, how to torture this little boy to death, let him die so miserably, and let you vent your hatred!"

"Just wait!"

After he spoke, he let out a violent roar and the volume suddenly increased!

After that, he turned around and looked at Chen Feng: "Junior, did you hear what I just said?"

Chen Feng hugged his arms and said in a leisurely manner: "The sound is so loud, it's hard to hear it!"

"It's just, it's a pity, you want to kill me, don't you? I think it's really not that easy."

"On the contrary, I think you are in danger."

Chen Feng looked at Cang Kaiyu and said softly: "At that time, Yu Xiangming used you to threaten me. I told him that if you come, even you will kill!"

"Now, this sentence..."

Chen Feng's voice was loud and loud: "It still works!"

Cang Kaiyu heard this, and was stunned.

Then there was a burst of disdainful laughter: "Okay, okay, really new born calves are not afraid of tigers!"

"It seems that I haven't come out for a long time. Even you, ignorant juniors, dare to provoke me, and dare to say this in front of me!"

He stared at Chen Feng and said: "This sentence, you can say, but you have to pay a heavy price, this price is!"

He paused, then coldly spit out three words: "Your life!"

Chen Feng stretched out his right index finger and hooked him: "Come on!"

The crowd was in an uproar.

"Chen Feng is really bold!"

"Yeah, so openly provoking Cang Kaiyu, Cang Kaiyu can't bear it!"

"Cang Kaiyu is really angry this time, I'm afraid Chen Feng's life is worrying!"

Everyone talked a lot.

No one is optimistic about Chen Feng, and they think that if Cang Kaiyu is really angry, Chen Feng will only have a dead end.

The people on the high platform were all excited. They want to see what miracles Chen Feng can create.

The next moment, Cang Kaiyu roared.

So, above his body, countless rays of light flashed, and suddenly, a large pen like a rafter formed on the top of his head.

This is actually a brush that has been magnified by many times.

The length has reached eight meters, and the thickness is about the same as the waist of an adult, and at least one person must be able to hug it.

It exudes a powerful force!

"Shen Yuan combat body!"

Everyone exclaimed: "Cang Kaiyu has revealed his Shenyuan combat body!"

"It's terrible. His Divine Essence Battle Body exudes a very strong aura. It deserves to be a Divine Essence Battle Body composed of sixteen gods. It is far better than a normal Divine Essence Battle Body!"

"That's right, and you see that his Shenyuan combat body turned out to be a brush magnified by an unknown number of times. It is extremely rare, which means that it must also have extremely rare powers, and rareness generally means powerful!"

Everyone nodded.

Chen Feng looked at it and raised his brows, showing an expression of interest.

It was the first time he encountered such a battle body of the gods.

The next moment, that huge brush drew a circle in the air, and suddenly, the top of the brush stroke was dipped in a thick black power.

It's like a brush dipped in thick ink!

Cang Kaiyu stared at Chen Feng and waved his sleeves, regaining his calm demeanor.

He said faintly: "Boy, if you can die under this set of martial arts of the divine origin that I have recently refined, you are not unjustly dead."

At this time, he was no longer furious, but looked very calm and indifferent.

[Chapter 3305: Seven steps to kill characters!](#)

This is utter contempt!

Even, he looked at Chen Feng's eyes as if he looked at a dead person.

With this attitude, Chen Feng's eyes suddenly narrowed, and his eyes flashed with killing intent!

Cang Kaiyu laughed loudly: "Kid, listen carefully, this set of martial arts of the gods, which takes your life, is called the Seven Step Killing Word Jue!"

"The Shenyuan battle body that takes your life is called the Great Compassion Mingbi Shenyuan battle body!"

After all, he just stepped forward and shouted!

Seven steps to kill characters!

After everyone listened, their hearts were stunned.

The next moment, Cang Kaiyu raised his hands lightly.

Then, above the sky, the Great Compassion Ming Pen Divine Yuan Battle Body made a slight buzzing, and suddenly it started to move.

Dip it in thick ink, brush it, and write a huge word in a few strokes in the air.

This huge character is actually a huge "town" character.

A suppressed town!

The word "town" is heartily and heartily made in one go, giving people a feeling of incisiveness, and power seems to be breaking through.

Then, the word 'town' with a full radius of seven or eight meters slammed down at Chen Feng.

Suddenly, Chen Feng felt that it seemed that it was not a word, but a mountain!

Do not. It should be said that it is heavier than a mountain, as if a piece of sky has collapsed.

Chen Feng's heart shuddered: "Sure enough, it's really strong!"

"This offensive, at least also possesses the power of Emperor Wudi!"

"Unexpectedly, it's just the first move of his Shenyuan combat body martial arts, it's such a power!"

However, in the face of such a powerful force, Chen Feng not only has no fear, on the contrary, he feels that his blood seems to be burning!

Chen Feng was extremely excited!

He yelled, "Good for you!"

He held the extremely high Longyang sword, and launched the Yuqing Giant Spirit Sword Code.

On his arms, the golden lightning spirit entangled.

Then, Chen Feng exhaled and slashed out with a fierce sword!

With a bang, the extremely powerful Longyang Sword and the huge character 'Zhen' slammed together.

With a huge and crisp sound, Chen Feng let out a muffled snort, his throat was sweet, and a mouthful of blood spurted out and fell heavily on the ground.

Dumping thump, back several steps.

The whole ring was swayed by him.

Chen Feng is already injured!

And above the sky, the huge black "town" character stood still for a while, and then smashed directly into pieces, turning into countless powers and disappearing!

"It's over!"

After seeing this scene, many people have an idea at the same time.

Someone exclaimed: "It's over, Chen Feng couldn't even support this move. Under this move, he was beaten back and forth again and again."

"Yeah, his injury has worsened again! Although Chen Feng was broken by this move, it was obviously only the first move of Cang Kaiyu's Shenyuan combat body martial arts. There are even more powerful moves behind. I wonder if Chen Feng should how to respond."

"Chen Feng, this time is over!"

Everyone's dissatisfaction with Chen Feng has deepened.

The people on the high platform narrowed their eyes, and even Ziyue's eyes were full of worry!

Chen Feng shattered the word'town' with a single knife, but Chen Feng was also shocked: "I have done my best with this knife!"

"However, it only shattered his first move, and there must be more behind him."

Sure enough, Cang Kaiyu first raised his brows and said, "I didn't expect you to have some strength, but what about that?"

"In front of me, it is still a dead end!"

In the next moment, above his head, the Great Compassion Ming Pen Shen Yuan Battle Body was once again outlined, and then a huge "Feng" character was formed again.

Sealed seal!

The word "Feng" fell fiercely towards Chen Feng again.

Chen Feng's blood was tumbling in his chest, but he still laughed loudly: "Okay, good time!"

Chen Feng's figure jumped up again, and the extremely high Longyang knife in his hand swung out again, violently colliding with the word "Feng".

A huge roar like the earth shaking!

The word "town" was directly broken by Chen Feng before.

At this time, the word "Feng" was only knocked out by Chen Feng with two of his strokes, the whole was still intact, and then he fell fiercely.

Chen Feng suddenly felt that what he was facing at this time was not like a mountain, but like a large mass of sticky resin.

This resin directly sealed Chen Feng in.

It was like the pine resin falling from the pine branch, wrapping a small bug inside, forming amber.

It also sealed Chen Feng in it all at once.

Then, with a click, this huge font turned into a black stone tablet.

It was three meters high, two meters wide, and one meter thick. Then, the black stone monument slammed heavily on the ground.

On the stone stele, a huge word "Feng" flashed!

And Chen Feng has already been sealed into it.

At this time, Chen Feng felt that the world around him had completely disappeared.

No, not disappeared, but turned into darkness.

He couldn't feel anything, couldn't see anything, the front was pure and extremely black.

And this kind of blackness is not just visual, but it seals all Chen Feng's five senses and six senses.

Even if Chen Feng closed his eyes and used his breath to perceive, he couldn't perceive it, but he still couldn't perceive it with his soul!

Chen Feng feels. Like a bug sealed in amber, his vitality is instantly cut off!

However, Chen Feng was not crazy, even he didn't even panic.

Because of this feeling, Chen Feng had encountered it before, and had encountered it more than once.

A voice echoed in Chen Feng's heart: "This is obviously a sealed space!"

"Sure enough, as I expected, the power of time is involved in Cang Kaiyu's Shenyuan combat body martial arts."

"Sure enough! It's a two-star Emperor Wu!"

"But, what about? Do you think this can seal me up?"

At this moment, although Chen Feng could not move or even perceive it, there was a bright light in his dantian suddenly lit up.

It is the power of the dragon descending Arhat!

At this time, around Chen Feng's body, the stone stele, the power of the space, and the power of the seal were constantly squeezing Chen Feng's body.

In this squeeze, the power of the dragon descending Arhat in Chen Feng's dantian rose up.

Suddenly it was stronger than before. I don't know how many times.

Chen Feng's power to drop the dragon and the Arhat is like this, and it is stronger than usual when he is seriously injured.

Now, it is stronger than the practice under severe injury.

Strong is strong!

The power of his dragon descending Arhat ran wildly, and his golden lightning spirit was also nourished.

The desire to break through was robbed countless times.

Chen Feng was ecstatic in his heart: "We are going to break through!"

"My golden lightning spirit is about to break through to the third way! This is really a blessing in disguise."

[Chapter 3306: Chen Feng is dead?](#)

I don't know how long it took, Chen Feng felt that the power of the seal around him seemed to have weakened.

It turned out that he found that it was the power of the dragon descending Arhat absorbing that power.

"Awesome, the power of the dragon descending Arhat is really nothing unabsorbable."

And at this time, the outsiders naturally didn't know all this inside, they just saw the black big characters fall, and then Chen Feng was sealed in it.

A stone monument stands on the ring by chance!

Old Xuan Tie's face was solemn, and the two of them looked at each other, and they were all connected.

"When the two of me join forces, it may not be Cang Kaiyu's opponent."

But Ziyue was stunned all of a sudden, he opened his mouth wide, and stood there with a stunned face.

Suddenly, he let out a heart-piercing cry: "No, how could my brother Chen Feng die?"

"No, absolutely not!"

"But, your brother Chen Feng is dead."

After hearing what Ziyue said, Cang Kaiyu turned around and looked at her, with a hideous and smug smile on his lips.

At this moment, he finally revealed his hideous face!

He looked at Ziyue, smiled and said, "This, it must be the lady of the Eastern winner who won Ziyue, right?"

He tweeted, his eyes made no secret of contempt: "It's really unexpected."

"The dignified eldest lady who is the winner of the East would actually like such a **** who wants strength but no strength, but has no background."

"Presumably, your family is also very dissatisfied with the things of the two of you, right? Today I will deal with this grudge for your family."

"Your father, I must thank me too!"

Ziyue's eyes were red, and there was a deep hatred in her eyes, burning like a flame: "You **** it!"

"Do you think I deserve to die?"

"But unfortunately, you can't kill me!" Cang Kaiyu laughed and said, "Now, your brother Chen Feng has now been sealed by me."

"My seven steps to kill the word tactics, every move has great power."

"This trick's seal" can directly seal him into a space."

"In this space, he will not find an exit. Without any food, he cannot be replenished."

He turned around and looked at the dark stone tablet as if he was admiring an artwork.

He opened his arms and said in a drunken voice: "He is there, he can only starve to death! Exhausted! Sleepy! To death of exhaustion!"

"and so!"

He pointed to the looming figure on the stele, and the sound of wild laughter spread throughout the square: "He is already a dead man now."

Everyone screamed like a tidal wave, and Chen Feng was sealed inside!

"Only the second trick, Chen Feng was defeated in such a straightforward manner?"

"Awesome, so awesome, this Cang Kaiyu is worthy of being a two-star Wudi, powerful and unpredictable, he actually killed Chen Feng in a flash!"

Everyone believed that Chen Feng had been killed.

"Chen Feng, was Cang Kaiyu killed so easily?"

There were expressions of disbelief on their faces, after all, Chen Feng had given them too much shock before.

"Yes, Chen Feng is dead or dead."

Someone said in an awe-inspiring tone: "Cang Kaiyu is really amazing, the strength of Emperor Wudi is terrifying!"

"Although Chen Feng is strong, it turns out that he still can't match the second-star Wudi master!"

Everyone was talking.

On the high platform, everyone's faces showed horror.

"When I come out this time, I know what there are outsiders. There are mountains outside the mountains."

"Yes, we thought that the elders in the sect were useless. As everyone knows, they didn't use their real strength when facing us!"

"Think about it, every one of those old guys has the strength of Cang Kaiyu."

"Yes, this time I go back to practice hard."

Lin Yi and Xueqing both showed pain on their faces!

At this time, Ziyue's expression was almost collapsed.

She murmured: "No, no, my brother Chen Feng, how could he die like this?"

"Absolutely not!"

Suddenly she raised her head, her sword eyebrows stood upside down, and the murderous spirit escaped!

The long sword in her hand was unsheathed sharply, and on her back, the hunting cloak flashed, and the battle armor on her body directly radiated, forming a huge phoenix shadow!

At this time, she had even calmed down.

The long sword pointed forward with a cold expression: "Cang Kaiyu, I want to challenge you!"

Hearing this, the two elders of Xuan Tie changed his face instantly.

The two of them said in unison: "Miss, no!"

"The two of us together are not his opponents, let alone you. If you challenge him, you are looking for death!"

They were anxious, and they were reluctant to be polite, and said directly.

A touch of determination appeared on Ying Ziyue's face. She knew she was not Cang Kaiyu's opponent, but she was already determined!

She turned around, looked at the second elder Xuan Tie, and smiled sadly: "Brother Chen Feng is dead, I am alive, what else does it mean?"

"Challenge me?" Cang Kaiyu chuckled, with a funny expression on his face: "Miss winner, I know you are honorable."

"However, your strength is too weak."

"You should go back and practice for a few more years!"

There is no concealment of contempt in his words.

At this time, Chen Feng was still trapped in the dark stone stele.

He felt that the power of the dragon descending Arhat jumped more and more wildly, and the surging became more and more intense.

And the golden lightning gods are also crazy surging.

The power of the golden lightning gods continued to thicken, becoming heavier and heavier, from the two gods to the three gods infinitely approaching!

The accumulation of strength in Chen Feng's body also reached a peak.

Finally, Chen Feng's power of descending the dragon and Arhats in the sea of dantian began to surge wildly, setting off waves like boiling water.

With the power of the dragon descending Arhat, he constantly slapped the sky, and even swept those big days into the golden ocean.

Ups and downs in it.

And suddenly, everything seemed to be still.

All this is frozen there!

The boundless waves rushed into the sky, where they solidified, stopped there, motionless.

A round of golden sun was thrown into the sky.

Hanging above the crest of the wave, where it hovered like this.

It's as if time is frozen at this moment!

Chen Feng's mood seemed to freeze at this moment.

His heart stopped beating, and his thoughts seemed to be frozen.

However, at the next moment, suddenly, there was a crackling sound, and a crack suddenly appeared over his Dantian ocean.

With this sound, the crack expanded rapidly.

[Chapter 3307: at last! Break into the realm of Emperor Wu!](#)

In a blink of an eye, all the public fields were scattered.

Karakala, everything is broken instantly.

Chen Feng felt that his body seemed to have numerous acupoints and joints opened up at this moment!

At this moment, he was at the utmost comfort and joy to the utmost.

It's as if all the waste in the body has been expelled, and all the acupuncture points are unimpeded.

Have great joy and be at ease!

At this moment, even if Chen Feng was sealed in the black stele, he could not feel everything around him, or even his own existence, but he still knew very clearly that he definitely made a sound just now. Cries of comfort and joy.

Because that feeling is too comfortable.

It's as if one's own body has been recast, as if one's own body has recreated a perfect body according to his wishes.

There is no place without briskness.

He felt as if he would never be troubled by disease again, his body seemed not to age, and he felt as if his body was already perfect.

At this moment, Chen Feng's heart was suddenly full of enlightenment:

"I have already broken through to the realm of Emperor Wu!"

"My realm has already broken through to Emperor Wu!"

At this moment, Chen Feng understood completely.

His heart is transparent.

"It turns out that breaking into the realm of Emperor Wu will be such a feeling. After breaking into the realm of Emperor Wu, it is not only an improvement in strength, but also a thorough breakthrough in the body."

"I feel that I seem to be immortal."

"Body, perfect!"

"Of course this is an illusion, but after I break into the realm of Emperor Wu, my life span has increased to three thousand years."

"I can live at least three thousand years old!"

Chen Feng has now broken into the realm of Emperor Wu!

A breakthrough like a shock, as if everything had been tempered.

Chen Feng's dantian had also undergone earth-shaking changes at this time.

Suddenly, in Chen Feng's Dantian, a huge splash of water exploded in the golden ocean.

Then, the golden lightning gods burst out of the water and soared above the sky.

The original golden lightning **** was only created by Chen Feng into a look similar to the prototype of a small golden dragon, but now the prototype of this golden dragon has changed.

What has changed is a full 13 meters in length, and its thickness is like a tree trunk.

Moreover, the appearance of head, body, and tail without body, head, or tail before has become a clearly visible struggle.

Although the details have not been created yet, it can still make people see that this is a dragon.

This is a form of the golden lightning god.

With a move of Chen Feng's heart, with a clatter, this golden lightning spirit became its most primitive form.

It's like a twisty branch of lightning.

It's just that, at this time, this short lightning is 30% bigger than before, and it looks extremely thick.

Above it exudes an extremely powerful and majestic force.

Feeling the power above, Chen Feng was instantly ecstatic.

"Golden Lightning Spiritual Essence, has broken through! It has broken through three times!"

"I now have three golden lightning gods!"

With the appearance of these three golden lightning gods, Chen Feng felt that he was full of extremely strong and abundant power.

This power made him feel as if he could break everything, which naturally included...

Now this seal!

A smile appeared at the corner of Chen Feng's mouth: "Now, it's time to break out!"

The next moment, he roared, and suddenly, the golden lightning spirit was tumbling.

Boom boom boom!

The bombardment was on the outside of this space, and there was a burst of crackling noise, and a crack was directly punched out in this sealed space.

At this moment, on the dark stone tablet, a figure has quietly emerged.

It was Chen Feng's figure, but no one noticed it.

This figure is becoming clearer and clearer, representing Chen Feng's constant smashing of space constraints!

In the future, breakthroughs in realm and strength will not be enough.

The breakthrough of the general outline does not have to be linked to the promotion of realm in the Dragon-Dragon Arhat scripture.

Cang Kaiyu looked at Ziyue and said, "You, I really lost the face of the winner of the Eastern Wilderness. How can this kid be worthy of you?"

"I can kill him once today, and I can kill him ten thousand times!"

"If he appears in front of me again, I can crush him to pieces with a single finger!"

"You can admire such a person? Eastern winner, but you!"

He shook his head, extremely disdainful.

And at this moment, a cold voice suddenly came from behind him: "I would like to see, how about you, just crush me with one finger!"

When everyone heard this sentence, they all exclaimed: "Chen Feng, this is Chen Feng's voice!"

"Chen Feng came out?"

The next moment, there was a loud bang, and the pitch-black stone tablet was directly exploded into powder.

Then, a figure flew out from it like lightning.

Falling heavily on the ring!

After seeing it clearly, everyone exclaimed.

It turned out that the person who fell on the ring was tall, dressed in white like snow, and had long hair fluttering in the wind. Who was it if it wasn't Chen Feng?

Seeing this scene, Cang Kaiyu was stupid.

He turned around, looked at Chen Feng, did not speak for a long time, his lips trembled, and said blankly, "You, you, you broke my seal?"

A smile appeared at the corner of Chen Feng's mouth: "Why can't I break your seal?"

"Actually..."

He let out a loud laugh: "Not only did I break your seal, but my strength is even stronger than before!"

Chen Feng looked at Cang Kaiyu, smiled and said, "Cang Kaiyu, now that I am out, your death date is coming!"

Cang Kaiyu deserves to be a two-star martial emperor, you are a strong man who has lived for hundreds of years, and you have seen countless big winds and waves long ago.

At this moment, after the initial shock, he immediately recovered, looking at Chen Feng, a strange smile was drawn at the corner of his mouth, and he said:

"Chen Feng, I admit that you are not weak, and you were able to break my second move."

"But, do you think my strength ends here?"

"Do you think that with the current you, you can defeat me?"

"Really wishful thinking!"

"Is it wishful thinking? You'll know later."

Chen Feng sneered, he was already impatient and had any nonsense with Cang Kaiyu.

The next moment, his aura suddenly rose to the sky.

The realm of Emperor Wu realm is fully revealed!

At the same time, behind him, three golden lightning gods suddenly appeared!

[Chapter 3308: Cohesion! Stepping on the idol body!](#)

The incomparable power radiated, and this power spread across the square, making everyone on the square feel that there was a huge lightning hanging above their heads, which could be struck at any time.

This powerful force of deterrence, as well as the lightning pressure that suppressed all ordinary forces, made them involuntarily take a breath.

Looking at Chen Fengfeng above the ring, his face was extremely shocked.

"Chen Feng, is Chen Feng in the Martial Emperor Realm now?"

"I remember very clearly that Chen Feng just now reached a half-step martial emperor's realm, but he was able to kill the peak of a one-star martial emperor. It can only be said that he is too strong."

"However, his realm will never reach the Wudi realm."

"Yes, I also remember, and now he has broken through to Emperor Martial Realm!"

Someone shouted: "Chen Feng's Martial Emperor Realm is not the same concept as other people's Martial Emperor Realm!"

"Emperor Wu can kill the peak of Emperor Wu with half a step. How terrifying will it be that he breaks into the Emperor Wu realm now?"

"And I feel that his spiritual essence is stronger than before. I don't know how many times it has become unusually strong."

"I feel it too!"

Everyone exclaimed loudly, marveling at the crazy growth of Chen Feng's strength!

On the high platform, Mo Wen Yao and Ren Hongbo looked at each other, and both saw a hint of horror in each other's eyes.

No, it's not just horrified, it's even helpless.

The expressions of the two of them had been shocked and unbelievable from the beginning, and turned into a bitter smile in their helplessness.

Chen Feng shocked them too much.

"Is this still a human? It broke through in such a short time?"

This is the common idea in their two hearts.

Chen Feng's breakthrough in strength shocked everyone!

Cang Kaiyu was also taken aback, and then quickly calmed down, staring at Chen Feng and said, "What is my Dao? It turns out that I just broke through to Emperor Wu's realm!"

"Hahaha!"

His face was full of disdain: "I am a two-star martial emperor, you are a new emperor, what is it? You dare to show off in front of me?"

"I can crush you to death with one finger!"

He still didn't take Chen Feng to heart, after all, Chen Feng was just a new Emperor Wudi.

"Oh? Do you think this is over?"

A smile appeared at the corner of Chen Feng's mouth: "I thought I broke into the Martial Emperor Realm, would it be over?"

"Tell you, it's more than that!"

Chen Feng, to bring them a bigger surprise.

Chen Feng prepared a lot of hole cards for them today!

At the next moment, Chen Feng raised his arms, and the golden lightning spirit circled around his body, and then fixed behind Chen Feng's body.

Then, I saw that countless lightning crashed down in the sky, which was extremely spectacular.

Behind Chen Feng's body, a huge silhouette of lightning formed, just as Chen Feng was standing in front of a forest of thunder.

Behind him, that boundless lightning pierced the sky.

At this time, the golden lightning spirit had already restored its original state.

And in Chen Feng's mind, a volume of mental methods suddenly appeared.

At this moment, there seemed to be a small leaf hovering in Chen Feng's mind, followed by the second and third.

One leaf after another hovered, and there were only a few huge ancient fonts on each leaf.

Micro-spoken and righteous, exuding an extremely powerful and mysterious atmosphere.

It is the ancient scroll that Chen Feng got: the idols are stepping in innocence!

The ancient secrets dedicated to tempering the gods!

The profound meaning of the idol's innocent vitality kept flashing in Chen Feng's mind.

This profound meaning has long been enlightened by him countless times.

When Chen Feng used it at this time, he was very familiar with each other, and the fonts on the leaves turned into huge symbols of Dharma seal, which were imprinted in Chen Feng's mind.

Then, came to his hands.

Chen Feng waved his hands one after another, and one after another huge symbols were continuously typed out.

All of these seals penetrated into the three golden lightning gods behind Chen Feng.

Seeing this scene, Cang Kaiyu couldn't help but shrink his pupils slightly, and a touch of horror surged in his heart:

"Shen Yuan combat body! What this kid is using is also the Shen Yuan combat body martial arts!"

On the high platform, the gray-robed monk looked at this scene, his eyes lit up:

"Unexpectedly, this kid even has hidden martial arts of the gods, which really surprised me!"

"I don't know what kind of miracle he can create this time?"

At this time, someone under the high platform also exclaimed: "Shen Yuan combat martial arts, this is Chen Feng's Shen Yuan combat martial arts!"

"He actually has the martial arts of the Shenyuan battle body? I remember, he hadn't condensed into the Shenyuan battle body before!"

"It can be seen that Chen Feng has been prepared for a long time, and has prepared a martial art of Shenyuan combat body for himself!"

"This Chen Feng deserves to be a man with a deep blessing and a powerful opportunity, there is still someone with such a treasure!"

Many people are full of envy.

You must know that for any Shenyuan combat body martial arts, the lowest is the lowest level or above, it is a peerless treasure!

In the next moment, Chen Feng waved his hands ten times faster than before.

Countless Dharma seal symbols were swayed out by him and penetrated into the golden lightning god.

Then, the golden lightning gods shook violently.

In that shock, it began to change gradually.

The appearance of the slender lightning has gradually faded, and four giant legs have appeared one after another.

Appeared a huge body like a mountain!

And, that slender, huge nose!

"This, what is this?" Someone exclaimed: "This, this looks like an idol!"

"Chen Feng's soul has actually condensed into a battle body of stepping on the sky? Is this his soul body?"

At this time, Chen Feng took a long breath and shook his body violently. He almost fell and his face turned pale.

The condensing of this divine origin battle body has exhausted all Chen Feng's strength, and even made him unable to maintain his current appearance.

However, when Chen Feng looked at the phantom that stood proudly in front of him between the heaven and the earth, there was a smile from the heart of his mouth.

He opened his arms as if to embrace the world.

"This is my God-Essence Battle Body! Tatian Idol Battle Body!"

At this time, on top of Chen Feng's head, a huge divine essence with a height of tens of meters was already formed.

The appearance is not so real, it looks like a chaos, but its shape can still be seen.

This is an idol!

The size of this idol is not particularly large, but it feels like standing there after another.

Its four feet are on the ground, and its body is against the sky, as if it can break the world.

[Chapter 3309: Chen Feng's true strength!](#)

It seems that the entire Dragon Vein Continent is at its feet.

As soon as the aura of this idol appeared, it immediately shocked everyone.

Everyone felt the emptiness, majestic, powerful, and extremely overwhelming aura pressed down, making them seem unable to breathe!

Under the high platform, the crowd onlookers suddenly felt that they were a little out of breath, that was an extreme suppression of momentum.

Let their bodies tremble.

And not just them. On the stands, the people of the Nine Martial Arts all felt short of breath, their hearts beating wildly, and their faces flushed.

Everyone was shocked, and Mo Wen Yao and Ren Hongbo exclaimed: "My strength, the strength of the one-star Martial Emperor, was actually suppressed by his momentum of the godlike battle body at this time?"

"His stepping on the sky idol combat body hasn't started yet, so I was crushed by the momentum!"

"If his stepping idol combat body takes a step forward, wouldn't I be crushed to kneel directly on the ground? I don't even have the courage to act with him?"

Everyone was terrified.

"What level of Shenyuan combat body is this? It is so powerful?"

And even Cang Kaiyu, after feeling the breath of Chen Feng's divine essence battle body, his face suddenly changed, and a voice in his heart roared: "How is it possible?"

"How could his Divine Essence Battle Body be so powerful and thick?"

"I feel that the aura of his Divine Origin Battle Body is much stronger than mine!"

"After my Shenyuan battle body collides with him, it is simply vulnerable!"

"How? How is it possible?"

His heart trembled madly.

He intentionally didn't believe this, but that powerful breath came and told him that this was an iron-fighting fact!

a bolt from the blue!

At this moment, Cang Kaiyu felt very absurd.

"In just such a moment of effort, I changed from being an absolute advantage to an absolute disadvantage?"

His heart was already shaken, and even a hint of retreat had begun.

This is also normal, because he feels that he is far from the opponent of Chen Feng's Shenyuan combat body.

And he, a human spirit who has lived for hundreds of years, never thinks how embarrassing it is to escape before battle.

As long as one can escape, there will always be a chance to come back again.

He looked at Chen Feng, his eyes were deep, and his heart was already thinking about other thoughts.

Chen Feng looked at everyone and laughed loudly: "This is my second hole card, and this is my Chen Feng's soul body!"

"How? You guys..."

Having said this, Chen Feng turned and looked at Cang Kaiyu, with a cold smile at the corner of his mouth: "Are you still satisfied?"

Cang Kaiyu's face was ugly, and he couldn't say a word.

At this moment, he knew how arrogant he was just now.

It turned out that Chen Feng didn't use his real strength at all just now, and he didn't condense a truly powerful God-Essence combat body at all.

And he actually thought that Chen Feng's strength was no better than Er, and he was far from his opponent. Only now did he know how arrogant and ignorant he was!

"but!"

Chen Feng laughed and said, "This is only the second hole card. Now, Chen Feng, I am about to open my third hole card!" *ηOveℓUs&.Com*

"I want to let you know, Chen Feng, my true and complete strength!"

"What a horror!"

Chen Feng stretched out his right hand and spread it out flat. In the palm of his hand, a small crystal appeared.

Among the crystals, there was a small white sword, which was spinning quietly.

Surrounded by the red-colored Yuanxia, it looks very magical.

Everyone exclaimed: "What is this?"

"This gives me the feeling that it is full of holy life force, what powerful magic weapon is it?"

Chen Feng smashed the martial arts crystal in the eyes of everyone in amazement.

And as the crystal shattered, suddenly, a huge white sword with a length of ten meters suddenly appeared in the sky.

Appeared at an altitude of 1,000 meters, and then descended at a very fast speed.

The point where the sword pointed was Chen Feng.

Seeing this scene, everyone was shocked: "What is Chen Feng doing? Is he going to commit suicide? The point of the sword stabbed himself?"

"I don't think it is. Look, this long sword is full of healing power. I suspect Chen Feng is trying to heal his injuries."

Before everyone had finished speaking, the sword hit Chen Feng's head with a thud.

It was directly submerged in Chen Feng's body and disappeared without a trace.

then. Countless white light spots suddenly appeared, covering Chen Feng's body all at once.

The white light spot penetrated into Chen Feng's body, and immediately, Chen Feng's injuries began to recover at a speed visible to the naked eye.

Chen Feng's pale face became rosy, his aura grew wildly, and at least doubled in an instant.

However, within a short period of time, the paleness on Chen Feng's previous face had completely disappeared, and the marks of injuries on his body had also disappeared.

He breathed out a sigh of breath, and two **** dirt escaped from his nose.

Then, Chen Feng shook his arms, felt his body, and laughed up to the sky: "My injury has recovered!"

It turned out that Chen Feng was really healing his injuries.

Everyone seemed to come back to their senses just now.

He said in an awe-inspiring tone: "Yes, Chen Feng, Chen Feng has been fighting with a severely wounded body before, and he can display at most 50 or 60% of his strength!"

"We seem to have forgotten about this!"

"Yes, Chen Feng fought with a badly wounded body. Even though he was defeated, he was honored!"

"Yes, Chen Feng is about to restore his true strength now, and he must truly show his strength!"

At this time, Chen Feng's whole body melted round and perfect.

His body completely recovered, no injuries at all, and his strength reached its peak.

His stepping on the sky idol battle body, standing proudly on top of his head, one after another, with an incomparable momentum.

At this time, Chen Feng's strength was at his peak! The strongest time!

Chen Feng let out a big laugh, and suddenly, the stepping idol war body above the sky took a big step, stepped forward and stomped hard!

Ziyue's emotions had been stunned for a while since Chen Feng broke the stone tablet just now.

The whole person broke free from the extremely painful and extremely resentful emotions at once, stood there, dumbfounded, and didn't even recover for a long time.

He just stood there in a daze, looking at Chen Feng idiotically.

When she saw Chen Feng using the Tatian idol combat body, her eyes suddenly lit up.

When Chen Feng's Heavenly Stepping God Elephant's giant legs fell, it was as if she had broken her seal, and suddenly awakened her from that dazed state.

The whole person is alive.

[Chapter 3310: Fight with me? Are you worthy?](#)

Suddenly came to life!

He looked at Chen Feng, his eyes flashed with infinite brilliance, and shouted: "Brother Chen Feng, step on him to death!"

With this foot stepped down, everyone felt that they seemed to be sealed inside before.

It's like being solidified into a stone, and can't move.

But now, this heavenly idol combat body stepped out, and there was a crisp sound.

All are broken!

Everything is broken.

Following that, there was an extremely tyrannical force, pressing down!

This foot stepped out, obviously stepping in the direction of Cang Kaiyu, but everyone on the square screamed.

Kneeling down one after another, spurting blood.

The power of the entire square is covered by this foot.

As for Cang Kaiyu, who was in the center of the attack, the pressure he was under was imaginable.

Cang Kaiyu felt that the sky in front of him seemed to have collapsed.

Chen Feng looked at Cang Kaiyu and laughed loudly: "Cang Kaiyu, now you deserve to die!"

Following Chen Feng's words, the front foot that stepped on the heavenly idol battle body slammed down.

Cang Kaiyu wanted to hide, but the sky collapsed, where could he hide?

He wanted to resist, but when he discovered that his Great Compassionate Pen Divine Essence Battle Body was sacrificed, it began to shake violently and tended to disintegrate at any time.

Unstoppable!

No refunds!

There is no war!

Cang Kaiyu is also a very decisive person.

His eyes flashed, and he immediately turned around and fled madly.

Seeing this scene, everyone on the square was shocked and stupid!

"Cang Kaiyu, escaped?"

"Yeah, Cang Kaiyu, the dignified two-star Wudi, the elder of the inner sect of the Eight Desolation Tianmen, the extremely powerful and powerful, has escaped?"

"Faced with the blow of Chen Feng's stepping on the god-like body, he didn't even dare to fight and just fled?"

"God, how powerful this blow is!"

"Chen Feng is simply terrifying!"

There was also a voice of laughter from the crowd: "This Cang Kaiyu is also shrinking at this time, why doesn't he dare to carry it? I dare not face Chen Feng?"

"In my opinion, it turns out that Cang Kaiyu is a waste, not only inferior to Chen Feng in strength, but also far from courage!"

"Yes, Cang Kaiyu keeps saying that Chen Feng is a waste, but you are actually a waste!"

"You keep saying that you can crush Chen Feng to death with one finger. As everyone knows, you are the one who was crushed to death by one finger!"

These mocking words poured into Cang Kaiyu's ears, and Cang Kaiyu heard them clearly.

In an instant, Cang Kaiyu's face was flushed and his face was extremely ugly.

Endless humiliation poured out in my heart.

He felt like he had been slapped severely, and he didn't dare to raise his head.

He knew that he had lost face in front of all these people.

After his behavior today spreads out, he will not be able to raise his head among the nine sects in the future.

Chen Feng froze for a moment, then laughed loudly:

"Cang Kaiyu, aren't you very good?"

"Aren't you crazy?"

"Can't you run me to death with one finger?"

"Now, how did you escape? Now, why do you run away like a bereavement dog?"

"Hahahaha..."

Chen Feng's voice was full of pleasure.

Before, he had been suppressed by Cang Kaiyu, but now, Cang Kaiyu was directly scared to the point that even Zhan didn't dare to fight, so he just ran away!

Chen Feng's words resounded throughout the square, spread far away, and naturally passed into Cang Kaiyu's ears.

He heard clearly!

At this moment, Cang Kaiyu's face was swollen with blood red, as if blood was about to drip.

Every word of Chen Feng was like a loud slap in the face, slapped his face fiercely, slapped him in the face, making him faceless.

Many people around are laughing.

"Cang Kaiyu's fart was loud before, but now he doesn't count them all."

"Yes, it was so powerful before, as everyone knows, now that I dare not even fight against Chen Feng, I just run away!"

Cang Kaiyu was full of resentment at this time.

The original demeanor of masters disappeared and disappeared.

While running away, he turned around, looked at Chen Feng, and said bitterly: "Chen Feng, you wait for me!"

"You are just a moment of ambition, I will be back soon to kill you!"

A smile appeared at the corner of Chen Feng's mouth: "Really? Do you think you can run?"

"Why can't I run? I am a dignified two-star martial emperor! The speed is the best even among the two-star martial emperor! How can I run..."

The word 'no', before being spoken, turned into a shocked shout: "Why? How can you be so fast?"

It turned out that at this moment, a pair of golden and red combat boots appeared on Chen Feng's legs.

The daily Golden Crow footwork was suddenly launched!

In an instant, the speed was extremely fast, and he immediately chased Cang Kaiyu in front of him.

Swish, a brilliant golden-red arc was looped in the air, blocking Cang Kaiyu's front, blocking his escape path!

Cang Kaiyu was horrified: "How could your speed be so fast? You, you..."

In shock, he even stuttered.

Chen Feng looked at him, smiled and said, "Maybe, your speed is fast among the two-star Wudi."

"But I'm sorry, my speed, even if placed in Samsung Wudi, is top-notch!"

He pointed to Cang Kaiyu, a smile appeared at the corner of his mouth, and said every word:

"In front of me, you can't beat it! You can't run it!"

"There is only one way to die!"

This sentence resounded throughout the square and shocked everyone!

"Chen Feng's words are too domineering."

"Yes, really domineering!"

In the next moment, as Chen Feng's words fell, above his head, the heavenly idol battle body raised his head, the trunk of the elephant raised, and let out a heaven-shaking neigh.

Everyone felt as if the world was shaking for a while.

Even, there are spatial cracks around.

"With a roar, a crack in the space was directly shaken out! What a cultivation level this is!"

Chen Feng's battle body of stepping on the sky is simply terrifying!

Then the battle body of the stepped god-like image raised its front legs and stepped on Cang Kaiyu again.

This time, Cang Kaiyu couldn't run away, nor could he avoid it.

Cang Kaiyu let out a stern roar: "Chen Feng, you are deceiving too much! I fight you!"

"Fight with me? Why are your masters and apprentices so virtuous? If you can't beat them, you have to work hard?"

"I just said a sentence to Yu Xiangming, now I will give you this sentence again."

Chen Feng looked at Cang Kaiyu, smiled and said, "Follow me? Are you worthy?"
