

## Peerless 3321

### [Chapter 3321: Nine powers, Kong Sang talks about swords!](#)

For them, whether it is these disciples or these elders, competing for this spot of onlookers is a very important and even sacred thing.

Only Duan Hongru, who had just reprimanded Yuan Xingchen, still had a grin on his face, as if he didn't take this seriously.

Yuan Xingchen also looked like him.

He laughed and said, "It's just a competition, you don't need to take it too seriously."

Hearing this sentence, many people secretly slandered themselves.

"You are the strongest among us and have the highest status. Of course, you don't have to worry about this. Anyway, the quota is already available. Can we compare with you?"

At this time, a young man in Jinyi said with a grin: "Five places, needless to say, Senior Brother Yuan Xingchen must have already occupied one."

"After all, Senior Brother Yuan Xingchen is so powerful, if he doesn't occupy it, who can justify it?"

A man with a beard and curly face slapped his chest and said loudly, "Liu Bojian makes sense."

It turned out that the young man in Jinyi was named Liu Bojian.

"Whoever says Brother Yuan can't get this quota, I'll be the first to kill him by Guan Tianhan."

Although he looked very rough and arrogant, he was actually an extremely flattering person. At this time, he looked at Yuan Xingchen with a full face.

Yuan Xingchen laughed, "Junior Brother Guan makes sense."

When Guan Tianhan heard his words, he became excited like a bone that had been rewarded by his master, and he nodded and bowed for a while.

Everyone looked at him with a trace of contempt in their eyes.

It turned out that Guan Tianhan and Yuan Xingchen belonged to the Nine Poison Red Refining Sect, but their strength was not strong.

Of course, this lack of strength is compared with Yuan Xingchen, and still has some advantages compared with other sects.

All sorts of fawning on Yuan Xing Chen were on his way, and everyone saw his purpose, in order to let Yuan Xing Chen support him and help him win a spot to watch.

After all, being able to go to that place and watch that grand event is also an incomparable glory!

"Then, Senior Brother Wu Xiuyuan should be able to occupy one."

Liu Bojian continued.

Wu Xiuyuan smiled and nodded, his expression somewhat reserved.

"Secondly,"

Liu Bojian laughed, with a hint of arrogance on his face, a folding fan in his hand suddenly opened and slapped twice.

There was a confident look on his face: "The other place, which is just in the lower Liu Bojian, should still be available."

Everyone listened, but the reaction was mixed.

Yuan Xingchen and Wu Xiuyuan didn't care about it, while the Tianlei Mansion and the Mind Destroying faction showed a hint of dissatisfaction on their faces, but no one objected.

Liu Bojian is a member of the Qingtao Sword Sect, and is the strongest among all the disciples of the Qingtao Sword Sect.

The chances of him winning a spot are also quite high.

Therefore, although his remarks are quite arrogant, they are not completely unreasonable.

Next, Liu Bojian talked and laughed loudly with everyone, especially paying attention to chatting with Yuanxing Chen Wu Xiuyuan.

He is obviously a very smart person in communication, and he can talk to anyone.

In a few words, Yuan Xingchen and Wu Xiuyuan were very proud of him, and they seemed to have regarded this place as something in their pocket.

As for the Tianlei Mansion and the Mind Destroying faction, they are all listless, and they feel that they are out of play.

Seeing this scene, Pu Xingzhou's expression changed.

Then, facing the crowd, he said in a deep voice: "Why, what was hit by others' words, is that there is no enthusiasm?"

"You don't even have to worry about it?"

What he said was exactly the few remaining martial arts.

The people of those big sects are already a little depressed, and they feel that they can't see hope.

Pu Xingzhou said coldly: "Do you know how important it is to be able to participate in this competition? What does it mean to you?"

"Do you know how valuable it is to be able to get that spectator spot?"

"It seems that you still don't realize it, so now, I will let you know and know!"

Pu Xingzhou suddenly fought against Chunlei, and sternly shouted: "This time, the five places you are fighting for, the grand gathering you want to watch, but Kongsang Lunjian!"

"This is the empty sword of the nine major forces!"

"Do you know what Kongsang Lunjian is?"

His thunderous voice reverberated above the Ruyizhou, making everyone's hearts tremble, I don't know why he suddenly became so angry!

"Kong Sang's theory of sword originated tens of thousands of years ago."

"In the earliest days, it was the nine major forces gathered together to discuss how to deal with a grand event in the Soul Destruction Palace."

"But later, as the power of the Soul Destruction Palace declined."

"This Kongsang Lunjian has become a young leader among the nine major forces, competing together, ranking together, fighting each other together, competing with each other, and absorbing each other's strengths. !"

"This competition will determine the ranking of the young generation leaders of all nine major forces."

"And the future of a sect depends on its young people."

"The ranking of young people actually determines the ranking of their sect!"

He smiled and said: "Why is my God of War Palace, the nine powers are the top two? Because our young people are strong enough!"

"Kong Sang talks about the sword, every force will attach great importance to it, once every 100 years, send the strongest among their own schools to participate."

"There are only forty-five places in Lunjian, and only five places in a school!"

"Nine great powers, each of them has been in business for tens of thousands of years, and there are countless branch sects underneath, there are countless disciples of the outer sect, disciples of the inner sect, and countless strong people!"

"How difficult is it to compete for these five places? Of course you are not eligible to participate!"

He paused and said, "But, you haven't thought about how important it is to be able to watch this event?"

"Participating in this Kong Sang Lunjian are all the strongest young disciples of the nine major forces, and their strength is one level better than you."

"Their power is countless times stronger than you think. Their fighting methods and fighting skills are extremely terrifying."

"Their use of power is much higher than what you don't know."

"But, all of this is not the most important thing!"

He paused, facing everyone, and said word by word:

"Being able to become the top martial artist among the nine forces, the most important thing is their insistence on this martial heart!"

"The most important thing is their martial arts heart!"

"You have to learn from them, understand?"

[Chapter 3322: Chen Feng? never heard of that!](#)

Everyone looked awe-inspiring, even Yuan Xingchen put away the giggling expression, and said in a deep voice, "The disciple is taught!"

Pu Xingzhou was satisfied when he saw the expressions of the people, and slowly nodded.

He said in a deep voice, "My God of War Palace is one of the nine powers, nothing special."

"But I believe that our pursuit of martial arts is still a bit stronger than other schools."

"So all the times, Kongsang's discussion on the sword was organized by our God of War Palace, and this time is no exception."

"Forty-five places to participate in Kongsang's sword discussion, and 60 places to watch."

"These one hundred and five people are the hope for the future of the nine major forces! They will be the top group of people in the Longmai Continent in the future!"

"The competition for 60 places on the sidelines was held in 12 places. Our Chaoge Tianzi City arena is just one of them."

"And precisely because it was held in Chaoge Tianzi City, so..."

His gaze swept across the faces of the three factions of Tianlei Mansion, Qingtao Sword Sect, and Heart Destruction Sect, and said: "Initially, you were not qualified to participate in Kongsang's Sword Sect."

"However, since this election will be held in Chaoge Tianzi City, you are relatively close to Chaoge Tianzi City, so you can participate this time, so you also got the opportunity to win this bystander."

"Treasure it, everyone!"

His words directly aroused all the emotions of the three disciples.

Each of them had blood red eyes and high morale.

A satisfied smile appeared at the corner of Pu Xingzhou's mouth.

He knew that if they were allowed to fight at this time, even if they were not opponents of the enemy, they could still tear off a piece of flesh from them!

At this time, everyone could also see that this adult from the God of War Mansion who presided over the martial arts competition in Chaoge Tianzi City was actually a martial idiot.

If others do not have the heart of martial arts, he will be very angry.

What he wants is to fight hard to cover everyone, no matter what the result, live up to the name of cover.

Suddenly, someone asked the Yuan Xingchen: "Senior Brother Yuan, I don't know what you think about participating in the Nine Great Force Kong Sang Lunjian this time?"

"I heard that many powerful newcomers have emerged among the nine major forces over the past few years. I don't know how many newcomers can appear in this time, and what kind of waves can be caused."

Upon hearing this, Yuan Xingchen suddenly became excited and immediately began to comment on the newcomers among the Nine Martial Arts.

He laughed and said: "In the past 100 years, the newcomers who have risen from the nine powers, the strongest one should be me!"

"I can't even enter the official quota, let alone them."

"I guess that the people participating in the race this time are still old faces, such as the Kongtan monk in the Shifang Jungle..."

He feels extremely good about himself and thinks that no newcomer can compare with him.

Although this person is arrogant, he is extremely knowledgeable, and the young powerhouses of the nine powers are basically familiar to him.

Speaking of them one by one, they said the truth.

For people who are stronger than him, he is blunt, saying that he is not an opponent.

Of course, if the strength is weaker than him, he will naturally be severely humiliated by his words and dismissive of it.

Suddenly, someone in the crowd shouted, "Senior Brother Yuan, I heard that there was a genius in the Xuanyuan family named Chen Feng."

"You are young, you have extraordinary strength and extraordinary talent."

"Chen Feng?" After hearing these two words, Yuan Xingchen rolled his eyes, and then pretended to think hard for a while.

Then, he spread his hands and looked very helpless: "This brother, it's not that I don't tell you, it's really your brother, I am ignorant, and I have never heard of this person!"

Everyone was taken aback for a moment, and then laughed.

"Haha, Senior Brother Yuan Xingchen is very knowledgeable and has never heard of it. It must not be that Senior Brother Yuan Xingchen is ignorant, it must be that Chen Feng is not well known."

"Yes, think about it, with his strength, he can't still enter the eyes of Senior Brother Yuan Xingchen!"

Yuan Xingchen was touted by everyone and burst into laughter again.

At this moment, two purple-red and red streamers suddenly came in the distance.

Yuan Xingchen suddenly stood up, looked into the distance and said: "The purple streamer, with such distinct characteristics of power, is the magical power of our Nine Poison Red Refining Sect, which is only caused by internal power and external power."

"The feelings of those two streams of light are also quite familiar to me. Is it possible that it is our Nine Poison Red Refining Sect's brother?"

Soon, the two streamers came to the front and stopped in a hurry.

Ruyizhou was also hovering in the air, and they all could clearly see the face of the two streams of light.

Immediately, Yuan Xingchen let out a big laugh: "It turns out that it is two senior brothers, Mo Wen Yao and Ren Hongbo."

After Mo Wen Yao and Ren Hongbo saw him, they were stunned for a moment, and then looked around again, they saw the people of the other school.

When they saw such a battle, the two knew in their hearts, and laughed in unison to Yuan Xingchen: "Junior Brother Yuan, this is to participate in the competition held in Chaoge Tianzi City, right?"

"Yes."

Yuan Xingchen said with a smile.

He bowed his hands to Mo Wen Yao and Ren Hongbo:

"This time the little brother is going, but he is bound to win, and he must get one of the five places."

He looked at Mo Wen Yao and Ren Hongbo, with a faint trace of hostility in his eyes.

Mo Wen Yao and Ren Hongbo, both of them are quite powerful among the new disciples of the Nine Poison Red Refining Sect.

The strength of the two of them has not yet reached the point where they can participate in Kongsang Lunjian. It is impossible to become one of those forty-five people.

However, the strength of the two of them is similar to Yuan Xingchen's. If you want to compete with Yuan Xingchen for the bystander seat, you still have a fight.

Even Yuan Xingchen didn't dare to say that he could win them steadily, so he was still quite jealous.

He thought that Mo Wen Yao and Ren Hongbo, since they met at this time, would definitely propose to go with them.

I didn't expect it. Mo Wen Yao and Ren Hongbo looked at each other, but they had no meaning in this regard.

He just said hello to that section of Hongru, and then saw Pu Xingzhou again, and after a few words of kindness, he was about to leave.

It turned out that the two of them had just returned from Chaoge Tianzi City and had just witnessed Chen Fengfeng's performance that shocked the world.

The two of them were still in a trance even now, and they didn't even want to say more.

Seeing the two of them preparing to leave, Yuan Xingchen finally couldn't help but shouted: "Two seniors, don't you want to come with us?" *novelusb.com*

"Competing for those five spectator places can be an extremely important event! Don't you just follow?"

"Yes."

### [Chapter 3323: It's just a waste](#)

Duan Hongru also said: "You two will go with us!"

He also hopes that Mo Wen Yao and Ren Hongbo will go together. In this case, maybe their sect can win three of the five places.

Mo Wen Yao and Ren Hongbo looked at each other, but both smiled bitterly.

Mo Wen Yao said: "Junior Brother Yuan, Master Uncle Duan, it's not that the two of us don't want to go, it's because we have experienced a big change this trip, and we can't really afford any desire to fight.

"Now I don't fight with people at all, I just want to quickly get into the sect and cultivate well."

Upon hearing this, Duan Hongru was shocked.

Mo Wen Yao and Ren Hongbo are both extremely restless masters in the Nine Poisons Red Refining Sect. They often conflict with others, and they like to fight bravely.

And now, they actually said that they don't want to dispute with others, but only want to cultivate well, which is really surprising.

Yuan Xingchen couldn't help but startled.

He didn't expect that the two would actually find such an excuse.

At this time, Pu Xingzhou said coldly: "What is the reason. You dare not even fight? You can't even fight? Don't you even have the courage to fight?"

His tone was deep, his eyes were full of boredom, and he obviously didn't look down upon Mo Wen Yao and Ren Hongbo.

Mo Wen Yao knew his identity and respected him very much. At this time, he said respectfully, "It's because of Chen Feng, the disciple of the Xuanyuan family."

"Chen Feng? What does it have to do with him?" Yuan Xingchen said.

"Before today, I had never heard of his name, but today I mentioned it twice."

"Is it possible, what is this kid really capable of?"

"It's more than capable!"

Ren Hongbo immediately said solemnly: "Junior Brother Yuan, don't dare to underestimate Chen Feng."

"Oh yes, you are going to Chaoge Tianzi City, right?"

"This time you go to Chaoge Tianzi City. If you have a conflict with Chen Feng, don't fight him. You must be as respectful as you are and give in quickly."

"Then Chen Feng is not an unreasonable person. He will definitely not pursue you, and will let you make a living."

"What? Leave me a way out?"

An expression of disbelief appeared on Yuan Xingchen's face: "What is he? How strong can he be? Is he worthy to fight with me? Is he my opponent?"

He felt that what Ren Hongbo said completely looked down on himself and caused him to be greatly humiliated.

He immediately asked these words in a series of extremely angry.

Suddenly someone in the crowd shouted, oh, Chen Feng? The waste of the Xuanyuan family?

Someone immediately asked: "Have you heard of Chen Feng?"

"Haha, of course I have heard of it."

The person who spoke just now was a disciple of the Qingtao Sword Sect, named Heng Yuchen. Seeing that everyone's eyes were on him, he immediately smiled proudly:

"Everyone knows that I was born in Chaoge Tianzicheng."

"Chen Feng, this waste, is quite famous in Chaoge Tianzi City."

"He just entered the Xuanyuan family's outer sect two years ago. I heard that when he entered the Xuanyuan family's inner sect, his martial arts were completely abandoned, and he was bullied several times in Chaoge Tianzi City."

"It turned out to be just a disciple of Xuanyuan Outer Sect, and the cultivation base was completely abolished. Isn't that a waste?" Guan Tianhan laughed loudly.

Seeing that Yuan Xingchen was very disdainful of Chen Feng, he immediately cooperated and belittled Chen Feng.

"That's right." Yuan Xingchen said with a smile: "We all know that each family power is divided into inner sect and outer sect."

"These of us are the best in the Nei Sect. Everyone is powerful, and we are the top in the Nei Sect."

"And this kid is just a member of the outer sect. He can't even enter the inner sect. How does he deserve to be compared with us?"

Guan Tianhan laughed: "Not to mention, he is just a waste. In a year, even if he has improved, where can he be stronger?"

After hearing these messages, Yuan Xingchen felt even more determined.

He felt that Chen Feng was a waste of little strength, and he did not know why Mo Wen Yao and Ren Hongbo were so jealous.

He was full of disdain for Chen Feng in his words: "A trash scares you two like this?"

Looking at the two of Mo Wen Yao, they said, "Two brothers, are you two caught in the evil? How come you are so scared by such a little-known, unfamiliar trash?"

After Mo Wen Yao and Ren Hongbo heard this, they were unhappy.

There was a look of disgust on their faces. They wanted to kindly remind this Yuan Xingchen and others that they belonged to the same sect after all, and they didn't want him to conflict with Chen Feng and die in vain.

But now he does.

The two looked at each other: "If that's the case. Let's not talk about it!"

"Yes, let him take a lesson, and he will naturally remember it."

So the two of them immediately showed a cold smile on their faces, and said: "In this case, then we two have been caught in evil, so there is no need to talk nonsense here."

After that, the two bid farewell to Duan Hongru and Pu Xingzhou, turned and left.

Yuan Xingchen laughed loudly: "It's really frustrating and crazy!"

Hearing what he said, everyone agreed, full of disdain for Chen Feng's words.

And they really thought so in their hearts.

After all, each of them can be regarded as the proud child of the heavens in their respective sects. Naturally, they look down on such a child of the Xuanyuan family's outer sect, and they are still a waste of no power.

Pu Xingzhou also raised his eyebrows, and said coldly: "I want to see what the two of Mo Wen Yao and Ren Hongbo, Chen Feng who dare not even fight, are they like?"

His words were full of dissatisfaction, and it was obvious that the anger that was so irritating with Mo Wen Yao and Ren Hongbo was all vented to Chen Feng!

The arrival of Mo Wen Yao and Ren Hongbo was just a small episode for everyone on the Wishful Boat and did not cause any disturbance.

After they left, these people continued to talk here.

And Chen Feng has already become one of their laughing points, and he raised it to everyone from time to time, which caused a burst of laughter.

Among these people, Pu Xingzhou is not included.

Looking at the direction where Mo Wenyao and Ren Hongbo were leaving, Pu Xingzhou showed a thoughtful expression on his face.

"Mo Wenyao and Ren Hongbo, I know to some extent, among the younger disciples of the Five Poisons Education, although they are not top-notch, they can be considered top-notch."

"Also, the eyes are above the top, very arrogant."

"Unexpectedly, I was so scared by Chen Feng now that he was so scared that he didn't even dare to do anything with him."

"It shows that Chen Feng is also a little capable."

#### [Chapter 3324: casino](#)

"I went to Chaoge Tianzi City on this trip. If there is a chance, I have to consider him!"

Ruyizhou continued to move forward, but after more than half an hour, he had already seen the huge floating city proudly standing above the sky.

Chaoge Tianzi City is here!

Chaoge Tianzi City is magnificent, but everyone has been here many times, so naturally there is nothing too shocking.

Ruyizhou soon came to the top of Chaoge Tianzi City, and came directly to the center of Chaoge Tianzi City without any restraint.

Then, with a boom, it landed on a huge square.

At the end of the square, there is an endless luxury palace.

These palaces were built on a high platform, with continuous houses, towering palaces and pavilions, endless.

It spreads from the bottom to an altitude of several kilometers, like a palace in the sky.

Here is the city lord's mansion of Chaoge Tianzi City, the most prominent and solid existence of Chaoge Tianzi City!

Then, everyone came down from the Ruyi Boat.

At this time, with a bang, the gate of the City Lord's Mansion opened suddenly.

Then, a young man in Jinyi walked out of it surrounded by a large number of strong men.

He greeted Pu Xingzhou first, and said with a smile: "General Pu Xingzhou from the God of War Palace, coming to my Chaoge Tianzi City, really is Peng Xing shining!"

Na Pu Xingzhou faced him with a polite smile on his face.

It is not respectful, but at least it can be seen that he is very kind to this young boy.

This kind of politeness did not even appear on Yuan Xingchen and others.

Obviously, the identity of this young Jinyi son is very special.

Then, this young man in Jin Yi was Duan Hongru behind Pu Xingzhou, Yuan Xingchen and others exchanged greetings.

After saying hello, he smiled and said, "Everyone, please!"

"The Fuzhong has already set up a banquet, and all matters of the competition are also ready to stop.

"After the banquet, you can compete at any time."

"Then let's go in and have a big meal first." Pu Xingzhou smiled and said: "What our martial artist eats is strength."

"Only when you are full can you be more able to fight."

Everyone agreed, and then walked towards the city lord's mansion.

Pu Xingzhou and the young man walked side by side, and he whispered: "Mr. Zhao, I wonder if the Lord is here?"

The son of Zhao said with a smile, "My father has important things, so he will leave with the masters of the mansion."

"Now, this city lord mansion is under my control."

"What?" Pu Xingzhou listened and nodded slowly, feeling a little surprised.

I don't know what the important matter is, but let the lord of the Chaoge Tianzi City personally dispatch, and even take away all the elites in the mansion.

However, he also knew that this kind of thing was not easy to ask. After asking, he was afraid that he would offend others, but he didn't ask any more.

It turned out that this young son was named Zhao Xingjian, who was actually the young master of the City Lord's Mansion of the Chaoge Emperor City, and the only son of the city owner of the Chaoge Emperor City!

Zhao Xingjian smiled slightly and turned around nonchalantly to speak to the person next to him.

I didn't seem to realize that just now I had leaked a secret that his city lord father tried to hide.

However, the reason why he said this to Pu Xingzhou was because he trusted Pu Xingzhou.

The people of God of War Palace have always been the most trustworthy among the nine forces.

They are all martial idiots, and they have great respect for the spirit of martial artists, and generally do not do things that violate martial arts morals.

This Pu Xingzhou is one of the twelve generals of the Upper Pillar Nation in the God of War Palace, and he is extremely upright.

However, it can be seen from the easy disclosure of secrets that this person's scheming is really not very deep.

Soon, they came to a luxurious hall in the City Lord's Mansion.

At this time, the banquet has already begun.

Zhao Xingjian greeted all of you in a loud voice, Pu Xingzhou was above the main seat, facing everyone, smiling and saying: "Eat and drink today, let's try again tomorrow morning."

The crowd responded loudly.

To be able to rest for a night, they naturally cannot ask for it.

At this time, Chen Feng and Ziyue were enjoying the sunset side by side.

On the second day, the two left the Xuanyuan family and went to the square outside.

At this time, everyone on the square had dispersed, and the temporary casinos were basically demolished.

Chen Feng and the two came to the front of the City Lord's Mansion Casino where Ziyue had bet before, and found that it was a piece of white ground, and no one was seen.

Ziyue couldn't help being a little worried.

Chen Feng smiled and said: "Ziyue, don't worry, this is a gambling game opened by the City Lord's Mansion, and the treasurer you mentioned in your words is also from the City Lord's Mansion."

"I know who this person is, enough to match the number."

"The City Lord's Mansion is in Chaoge Tianzi City, and there is a huge casino. That shopkeeper should be one of the shopkeepers in this casino."

"And in Chaoge Tianzi City, any temporary gambling game is done by the casino in their City Lord's Mansion, so if you go to that casino to find them, you will definitely find it."

"Then leave it to you, I don't care." Ziyue chuckled and shook Chen Feng's sleeve.

Chen Feng looked at it, and for a moment, he couldn't help being a little lost.

It was actually a rush in my heart, and there was a burst of heat in the lower abdomen. Looking at Ziyue, his eyes were a little startled.

In fact, Ziyue is not very old, she is only sixteen or seventeen years old now. When she met Chen Feng before, she was just in her early ten.

However, even though he is young, his figure has fully grown.

Exquisite and elegant.

Moreover, she would not deliberately conceal anything in front of Chen Feng, so this action showed her figure to the fullest.

Chen Feng shook his mind, and cursed in his heart: "Chen Feng, what do you think?"

Ziyue didn't notice Chen Feng's strangeness, she opened a pair of innocent eyes and said, "Brother Chen Feng, let's go."

"Okay." Chen Feng smiled slightly and took Ziyue to the east of Chaoge Emperor City.

Turn left and turn right, half an hour later, before arriving at a huge storefront.

The height of this store is not particularly high, but it gives people a very majestic feeling.

Because the whole shape is square like a big seal, full of square edges and corners.

The upper and lower floors are divided into two floors, and each floor has a height of several hundred meters. You can imagine the space inside is extremely wide.

At the entrance of the casino, dozens of guards were standing there, each of them exuding a strong and cold breath, and they scanned the surrounding people with cold eyes.

Chen Feng walked to the door.

Suddenly, the two guards leaned side by side in the middle, blocking the road ahead.

One is tall and the other is short and thin.

Then, the two reached out to stop Chen Feng, and the tall and strong black-robed guard on the left said without a smile, "You two, why are you here?"

#### [Chapter 3325: Dare to move my woman?](#)

Their attitude is extremely arrogant and condescending.

Chen Feng looked at it and raised his brows, feeling a little uncomfortable.

But he knew that the purpose of his trip was to come here to find someone to ask for debt, not to cause trouble.

So I took a breath and let down the pressure in my heart, and said lightly: "Come here to find your shopkeeper Liu."

"Look for our shopkeeper Liu, right?" Gao Zhuang's guard looked up and down at the two Chen Feng.

When his eyes fell on Ziyue, there was a flash of surprise.

After being amazing, there was a trace of greed and desire, full of lustful light.

He noticed that the short and thin partner next to him was the same.

The two looked at each other, they had done it countless times, and naturally understood.

So, the two of them dropped their hands and said, "Go, go in."

The lustful light on their faces fell into Chen Feng and Ziyue's eyes, and both of them could see clearly.

For an instant, a fierce murderous intent flashed in Chen Feng's eyes, and his figure became violent. He wanted to teach these two men severely.

Ziyue, it is his Chen Feng's woman, how can he allow others to have any blasphemy?

But just when Chen Feng was about to get angry, Ziyue pulled his arm and looked at Chen Feng with worry.

Ziyue herself was a fearless master, but when she was with Chen Feng, she was extra careful.

I was afraid that Chen Feng would get into trouble because of him.

Here, after all, it is the casino of the City Lord's Mansion. If the City Lord's Mansion is offended, even the Xuanyuan Family must consider the consequences!

Ziyue looked at Chen Feng and shook her head.

Chen Feng understood what Ziyue meant, and knew that Ziyue didn't want to make trouble.

He took a deep breath and indifferently scanned the faces of the tall, short and thin guards.

After that, Shen Shen said nothing.

He forcibly endured this tone.

With Ziyue, he didn't want to cause trouble!

Chen Feng and Ziyue walked forward, and when the two of them passed by the two tall, short and thin guards, the two of them suddenly reached out and touched Ziyue directly.

At the same time, a lewd smile appeared on his face.

Seeing that, it is obvious that I want to touch Ziyue hard and take advantage of it!

They are simply unscrupulous!

It turned out that the actions of Chen Feng and Ziyue just now fell into their eyes.

In their eyes, this means weakness, which means good bullying.

They thought that Chen Feng and Ziyue did not dare to offend them, so they were even more brazen.

The other guards were holding their arms on the side, with an expression of watching the show.

These two people have done this a lot of times, and they are already quite familiar.

They all already knew the consequences: even if the woman was touched twice, she still had to admit it and didn't dare to care about them.

After all, they are from the City Lord's Mansion!

But as everyone knows, at that moment, Chen Feng clearly saw their movements.

At this moment, Chen Feng's eyes flashed murderously, and he became angry.

His robes suddenly bulged up, with a cold expression on his face.

And even Ziyue shot murderously in his eyes.

How honorable is she?

Miss Oriental winner, how can you allow these artificial times?

Chen Feng stared at the tall, short and thin guards, and said coldly: "You two, look for death!"

At this time, the tall, short and thin people naturally knew that their movements had been seen by Chen Feng.

But instead of having any intention to retreat, they intensified, with a lewd smile on their faces: "Boy, say we are looking for death? Are you crazy?"

"This is the casino opened by the City Lord's Mansion!"

"We are the people who opened the City Lord's Mansion!"

"This little girl, what happened to us touching two?"

"What can you do to us? Do you dare to do to us?"

As he said, the two Lushan claws continued to touch Ziyue.

A sneer appeared at the corner of Chen Feng's mouth: "What can I do to you? What can I dare to do to you?"

"When you look at it, you know what I dare to do to you!"

The next moment, Chen Feng's right hand flashed, and an extremely tyrannical aura suddenly burst out.

"Boy, dare to do something with us? Just let you know that our City Lord's Mansion is amazing!"

The tall, short and thin guards sneered.

The two of them stretched out their other hand together and rammed towards Chen Feng.

In their opinion, their one hand was enough to block Chen Feng.

The other hand could still take advantage of Ziyue without restraint.

But the next moment, the two of them changed in amazement.

It turned out that they felt that Chen Feng's hand had an extremely powerful force.

That power is simply beyond their resistance.

The next moment Chen Feng's hand collided with their two hands, and there was a loud noise, and their two hands were directly smashed.

Even their arms were directly shattered.

The two of them let out a scream.

And the screams of screams here were not over yet, and two more screams were sounded.

There was a flash of blood on their two hands that touched Ziyue.

The next moment, with two clicks, it fell to the ground.

From their two wrists, blood shot out frantically.

The two screamed sternly, staggered back a dozen steps, looked at their hands, and howled miserably: "Ah! My hands! My hands!"

Both of their hands are gone.

At this time, Chen Feng looked at them with a slight smile on the corner of his mouth: "Move my woman! Break your hand!"

"This is the end, do you see it?"

A dead silence!

The entire front of the casino fell into an embarrassing silence.

Only the screams of the tall, short and thin guards echoed sorrowfully here.

Ziyue's voice broke the silence, and she said loudly to relieve her hatred: "Good cut!"

Everyone looked at Chen Feng blankly, their faces were full of shock and disbelief.

The next moment, this shock and disbelief turned into a burst of exclamation.

"This kid, dare to do it?"

"He dared to move our people? And he dared to be so cruel when he shot? He directly abolished the hands of the two brothers!"

They shouted and yelled in exclamation. No one thought that Chen Feng would dare to start suddenly, let alone that his start was so harsh!

Among them, there are also a few who are more knowledgeable.

Their pupils shrank slightly: "This kid, he has great strength!"

However, in their opinion, Chen Feng's strength is just not bad, not enough to make them jealous.

If they want to kill it, it is still easy, and they don't take it too seriously.

#### [Chapter 3326: Are you Chen Feng?](#)

As soon as they came up, they abolished the four hands of two people, which almost made them two people useless.

The two Wang Da and Wang Er sat on the ground. At this time, they were also slightly relieved, with a touch of extreme resentment on their faces, looking at Chen Feng, screaming:

"Kill him, kill this bastard! You must kill him and avenge our brother!"

"It is good!"

The rest of the black-clothed guards all gathered forward.

Soon, Chen Feng surrounded them.

Chen Feng and two of them are extraordinary at first glance.

However, they didn't take it very seriously either.

In Chaoge Tianzi City, there are too many aristocratic families and extraordinary backgrounds, and you can see that there are too many people with noble temperaments.

After all, to say that the first family in the Chaoge Tianzi City, but their City Lord Mansion.

Even if it is a young master or a young lady, they are not afraid of offending.

I have offended a lot in the past, and have not been suppressed by the City Lord's Mansion every time? and so. They acted unscrupulously, and did not take Chen Feng to heart at all.

Therefore, after Chen Feng showed off his strength just now, not only did they have no fear, but instead aroused their fierceness and made them start besieging Chen Feng!

The leader of a guard, with a smirk at the corner of his mouth, said in a harsh voice:

"Boy, this is a person from the City Lord's Mansion. You dare to act so viciously. I think you are tired and crooked!"

A smile appeared at the corner of Chen Feng's mouth, and said lightly: "What? He is only allowed to bully me, but he can't resist, right?"

"Yes!"

The guard leader said arrogantly: "We are from the City Lord's Mansion, so we are only allowed to humiliate you."

"If you want to resist, that's a dead end!"

"Okay, okay! I've seen the actions of the City Lord's Mansion today." Chen Feng's laughter made the guard leader irritated.

He shouted sharply: "Brothers, let's go together! Take care of this little bastard!"

Chen Feng smiled and said, "Go together? Okay, let's go together!"

The guard leader looked at Chen Feng with a smug look on his face, and said, "Boy, I know you are not weak, but you are not weak."

"Any one of us may not be your opponent, but if we go together, you will definitely die miserably."

"You just broke the hands of both of them, but now we have dozens of people!"

There was a sneer on Chen Feng's face: "It turns out that it is the rules of your city lord's mansion to overwhelm the widow."

The guard commander blushed and shouted sharply, "What the hell? Killing you is the real reason!"

Chen Feng looked up to the sky and laughed loudly.

Suddenly, his laughter stopped, with a touch of extreme coldness on his face, staring at them, he said word by word:

"Today, I, Chen Feng, will teach you what the real truth is!"

When the two words "Chen Feng" were spoken, everyone in the City Lord's Mansion changed drastically.

In an instant, it was like exploding a pot.

"Chen Feng? Is he Chen Feng?"

The same goes for the tall, short and thin guards!

"Are you Chen Feng?" The guard commander looked at Chen Feng, his pupils contracted sharply and his face muscles jumped.

There was a touch of fear and fluke in his eyes.

Fear, because he heard these two words.

Luckily, it was because he hoped it was just a coincidence.

He hoped that the two people just happened to have the same name and surname.

A smile appeared at the corner of Chen Feng's mouth: "Yes, I am Chen Feng."

"That Chen Feng from the Xuanyuan family?" the guard leader said with a trembling voice.

Chen Feng said lightly: "Probably, there is no second Chen Feng in Chaoge Tianzi City!"

This sentence was just said, and the guard commander uttered a scream like a chicken.

He looked at Chen Feng and staggered back several steps, with an expression of extreme fear on his face and a faint trace of despair.

Not only him, but the surrounding guards scattered after hearing it, looking at Chen Feng with horrified eyes.

"He turned out to be Chen Feng? Is it the Chen Feng who killed Yu Taihong and Cang Kaiyu?"

"It turned out to be him? He can even kill the Second Star Martial Emperor. How can we people be regarded by him?"

"All of us add up, and he pinched to death with one finger."

"It's over, it's over, today is considered to have hit the iron plate, today we are all in luck."

There is a look of fear on their faces!

Since the battle yesterday, Chen Feng's name has been circulating in Chaoge Tianzi City at an extremely fast speed.

People like Yuan Xingchen and others who have just arrived in Chaoge Tianzi City have not been in contact with outsiders, and may not know Chen Feng's reputation.

But these guards have stayed in Chaoge Tianzi City for a long time, and they are well informed. Of course, they have heard of Chen Feng's name.

Now, in the entire Chaoge Tianzi City, Chen Feng can be said to be almost unknown to everyone. How could they not know Chen Feng's power?

At this moment, when I heard the words Chen Feng, all were shivering.

Chen Feng looked at these black guards with a sneer at the corner of his mouth, and said, "Why, why don't you fight now?"

"Come on! Fight!"

After all, it is a step forward.

He took a step forward, and these black-clothed guards all showed fear and backed away.

The head of the guard forced a smile on his face and said: "There must be some misunderstanding in this."

"Misunderstanding?" A sneer appeared at the corner of Chen Feng's mouth: "What's the misunderstanding?"

"You want to blaspheme my woman! You are so arrogant in front of me! What can you misunderstand?"

"Today, I, Chen Feng, will kill you!"

The guard commander heard Chen Feng's murderous words, and he was so frightened that his legs fell to the ground and knelt frantically at Chen Feng.

He trembled and yelled: "Master Chen, please, please spare our life, please, don't be like us."

Not only him, but all those people also knelt to the ground, knocking their heads like garlic.

They looked at Chen Feng with extreme fear in their hearts.

And the two Wang Dawang, who had been caught by Chen Feng's hands before, were even more distressed at this time, kneeling on the ground, unable to even speak.

They not only know how strong Chen Feng is, but they also know how fierce Chen Feng is and how unscrupulous he is.

The dignified elders of the Nei Zong with a very high status in the Bahuang Tianmen, kill them if they say they are killed, let alone their little shrimps.

They didn't think Chen Feng would be afraid of them.

Chen Feng smiled: "Don't be like this, everyone, what are you doing on your knees?"

"You people from the City Lord's Mansion kneel to me, I can't afford it!"

[Chapter 3327: So, are you not giving it?](#)

At this time, many people were surrounded.

They all knew what happened here. At this moment, they all burst into laughter when they heard Chen Feng's mockery.

Chen Feng's expression grew colder: "Just now, didn't all of them be very arrogant? Why are they not arrogant anymore? Why are you now kneeling down and begging for mercy?"

"Come on, get up and fight with me!"

These people couldn't say a word, they just knelt there, knocking their heads like garlic.

Suddenly, Chen Feng's eyes flashed sharply, his voice suddenly raised countless times, and he shouted:

"Get out and fight me! Did you hear that?"

These words directly scared these people into a shiver.

At the next moment, Chen Feng sneered and said, "I don't want a fight, right?"

"It's okay, then you guys, just give it to me, go to hell!"

Then, Chen Feng took a step forward and took a shot!

The extremely tyrannical power surged.

A force of strength shrouded all these people kneeling on the ground.

The faces of these guards showed extreme fear, and in this look, there was boundless despair.

They realized that Chen Feng was really going to kill them.

So the guard commander let out a desperate howl: "You want to kill me? I'm fighting you!"

As he said, he went to kill Chen Feng.

Chen Feng smiled and said, "That's right!"

"But, want to work hard? Do you have this qualification?"

A palm continued to blast forward.

At this time, in addition to the guard commander, there were other guards also attacking Chen Feng.

But after their offensive collided with Chen Feng's palm, all of them were directly crushed.

Chen Feng's palm was entangled with the power of the dragon descending arhat, and pressed down like a giant mountain, making them unstoppable and inevitable.

Their offensive was shattered by Chen Feng, and the next moment, Chen Feng's palm power enveloped their bodies.

Boom boom boom!

Then, a scream of screams sounded, and all of them flew out.

Falling on the ground, spurting blood, either death or injury!

The ground is full of grief, but there are two people, except for them.

It is Wang Dawang two two.

Since the two of them had been beaten out just now, they had escaped because they were not in the range of Chen Feng's palm.

At this moment, the two sneaked up to the side, preparing to escape.

Suddenly a cold voice sounded from behind: "You two, do you think you can escape today?"

The two of Wang Dawang and Wang had a stagnant expression on their faces, revealing a touch of extreme despair. They turned to look at Chen Feng, and when they were about to speak, their palms fell directly!

The two of them trembled, spurting blood violently, and fell softly to the ground, already cut off from vitality.

After that, Chen Feng didn't even look at them, took a step forward and kicked it out.

With a loud bang, the metal gate at the door was kicked directly by Chen Feng and landed heavily in the hall.

Then there was a scream and a moan of pain.

In the hall, there was a flurry of jumping.

Chen Feng and the two walked into the hall. Inside the hall was an extremely large space, and there were probably tens of thousands of tables.

Each table is playing different gambling equipment, and next to it are gamblers of various colors.

More than a dozen tables were knocked to the ground by two doors, and many people were injured.

At this time, the customers looked at Chen Feng and both shouted.

"Where are the little rascals and stinky ladies, what are you doing here? Come to the casino to look for things? Are you looking for death?"

A fat man in black came over. After seeing him, Ziyue immediately shouted:

"Brother Chen Feng, this is him, this is the shopkeeper Liu."

When the shopkeeper Liu saw the two of Ziyue, his face was surprised.

He rolled his eyes strangely, turned around the two of them, and then looked outside, and immediately knew what was going on today.

Chen Feng looked at the shopkeeper Liu with a cold expression, and said slowly:

"Treasurer Liu, seeing the two of us, presumably you should also know what's going on?"

"Come on, now give me Chen Feng an explanation!"

"Explain? What kind of explanation do you want?"

Shopkeeper Liu sneered, and he pointed to a corpse outside:

"You came to the casino opened by my City Lord's Mansion and killed the people in my City Lord's Mansion. I haven't asked you to explain it yet. You still asked me to explain it?"

He was unreasonable.

Chen Feng smiled and said: "Three billion dragon blood battles, have you forgotten it?"

"Oh, I came for this."

Shopkeeper Liu looked at Ziyue, and said without a smile: "Miss Winner, if you want to pay from us, you can."

"You have to show the evidence first."

"Of course I have evidence!"

Ying Ziyue said loudly.

After all, she took out a voucher, the voucher was a piece of animal skin with the palm of the hand, white in color, and it was quite precious.

There are a few lines written on it in neat fonts.

It was the certificate issued by the shopkeeper Liu.

Ying Ziyue handed this animal skin to her and said, "Hey, it's clearly written on it, please get out the money quickly."

As he said, he knocked on the side counter impatiently.

Shopkeeper Liu grabbed the animal skin, and then he didn't even look at the writing on it. He just sneered.

He rubbed his hands, and immediately, the animal skin turned into fly ash and disappeared without a trace.

Then, he spread his hands, looked at Win Ziyue, and smiled: "Miss, now, where's the voucher?"

"You tell me where is the voucher?"

"If you don't give me a voucher, and you want to come to my city lord mansion to cheat money, my city lord mansion will not be easy to mess with!"

After that, he gave out a smug laugh.

Looking sideways at Ziyue, she was extremely proud.

Ziyue was furious, and sternly shouted: "You are, deliberately destroying the evidence, unwilling to fulfill the gambling agreement."

"Yes, I just destroy the evidence, I just don't fulfill the betting contract, what can you do with me?"

Shopkeeper Liu laughed wildly: "I'm from the City Lord's Mansion!"

"We Chaoze Tianzi City's City Lord's Mansion, are you afraid of your nine major forces?"

He looked extremely arrogant.

Ziyue was so angry that Hua Rong was pale, and she was about to step forward.

With a hand in front of her, Ziyue tilted her head and saw Chen Feng smiling slightly: "Ziyue, leave everything to me."

Seeing Chen Feng's smile, Ziyue felt at ease inexplicably.

It was very pungent just now, and now he nodded gently, standing behind Chen Feng very softly.

Chen Feng looked at the shopkeeper Liu and said lightly: "Then what you mean, you just don't give it?"

"Yes, just not giving it."

Shopkeeper Liu raised his chin and said arrogantly, "Not only will I not give it to you, but you have to do the calculations with you for hurting so many guards outside!"

He has a very arrogant look.

Obviously, in his opinion, Chen Feng dared to move the guards outside, but he did not dare to move him.

Because he is also a person of great status in the city lord's mansion.

[Chapter 3328: Are you capable of this?](#)

He thought that Chen Feng would definitely not dare to tear his face with the City Lord's Mansion.

"Oh? You have to settle accounts, right?"

Chen Feng showed an expression of interest on his face and smiled: "Then you come to tell me, how should this account be calculated?"

Shopkeeper Liu didn't notice the mocking smile in Chen Feng's eyes.

When he heard Chen Feng's words, he only thought Chen Feng was showing weakness and overwhelmed by his own strength, so he discussed with him here.

As a result, his arrogance became even more arrogant.

Looking at Chen Feng, he sneered and said, "Those 100 million dragon blood amethysts are not enough to compensate for the injuries and deaths of these guards outside."

"Well, I don't want you too much."

"You give another 100 million dragon blood amethysts, and this matter today is forgotten. I don't have general knowledge with you, and I won't care about you."

While speaking, he waved his hand and made a very generous look.

When Chen Feng saw this scene, he was very angry and laughed.

There was a smile on his face, but there was endless anger in that smile.

Chen Feng shook his head and slowly said, "Okay, very good, your account is really good!"

Shopkeeper Liu not only didn't give himself the 3 billion dragon blood amethysts, but he even asked for money, really tired of living!

The shopkeeper Liu hadn't noticed Chen Feng's murderous intent, and with an impatient expression on his face, he said, "What are you still doing in a daze? Give 100 million dragon blood amethysts quickly."

After that, he stretched out his right hand.

Chen Feng smiled and said, "I want 100 million dragon blood amethyst, right?"

"I give it to you, I give it all to you!"

Shopkeeper Liu hasn't heard the mockery in Chen Feng's words.

He thought that Chen Feng had accepted the plant at this time, and actually gave himself Dragon Blood Amethyst, and he couldn't help but feel proud.

There was a dark smile in my heart: "This kid is really tender enough to be so scared by me, he really wants to give me 100 million dragon blood amethysts."

"Hahaha, he had already had 100 million dragon blood amethysts in my place."

"Now give me another 100 million. Adding up, the two billion dragon blood amethysts will definitely make me more valued in front of Young City Lord, and Young City Lord will appreciate me more."

He stretched out his hand, looked at Chen Feng, and urged impatiently: "What are you still doing? Get it quickly."

"Okay, then you can connect it securely." Chen Feng smiled coldly, took out the gold thread kit from his arms, and grabbed it with his right hand.

Then, his right hand slowly fell towards the shopkeeper Liu.

This time the speed is not fast, it seems that the strength is not strong, but when it breaks through the air, it is carrying wind and thunder.

Faced with Chen Feng's slowly falling palm, shopkeeper Liu was even more shocked.

Because he felt that at this time, Chen Feng's hand that fell was as if a piece of sky in front of him had collapsed, pressing him so hard to breathe.

Extremely powerful, extremely sinking!

This is a trick he can't handle at all!

He looked at Chen Feng in shock, and sternly shouted: "Boy, what are you going to do? You actually did more to me again?"

Chen Feng smiled and said, "What's the matter with you?"

"I'm from the City Lord's Mansion! Do you dare to do it to me, the City Lord's Mansion will never spare you!" The shopkeeper Liu shouted sharply.

But at this time, he was already a little bit fierce.

Chen Feng stretched out his hand and pointed back, and said with a smile, "Aren't they from the City Lord's Mansion? Didn't I just kill and kill?"

He was referring to those black guards.

The shopkeeper Liu was suffocated and couldn't say a word.

In fact, even if he had anything to say at this time, there was no way to say it.

Because, Chen Feng's hand slowly fell, so that he could not breathe at all, let alone speak.

He tried his best, all the forces urged, desperately resisted, and launched his strongest offensive, trying to block Chen Feng's move.

However, all this is in vain.

The three punches and two palms he blasted were directly broken by Chen Feng.

Then, Chen Feng's right hand, with an unwavering attitude, still slowly dropped downward.

Shopkeeper Liu let out a scream like a roar of a wild beast.

His two hands propped up and tried to block Chen Feng's right hand.

Finally, his two hands touched Chen Feng's right hand, and it was actually a stalemate for a moment.

A faint smile appeared at the corner of Chen Feng's mouth, without any additional force at all, his right hand just maintained the original strength and posture, and slowly fell downward.

It was just a moment later!

Shopkeeper Liu trembled violently, shaking like chaff, his face flushed instantly, and the blue veins on his forehead jumped wildly.

Obviously, he has tried his best.

But even so, he couldn't stop it at all!

With a crisp sound, the bones of his arms shattered directly!

With two bangs, his knees fell directly to the ground, and the bones of his knees burst into pieces, which were also directly crushed.

Then, he wowed, a big mouthful of blood spurted out, his chest was violently up and down, and it was obvious that his internal organs had been severely injured.

At this moment, Chen Feng looked at the shopkeeper Liu who was kneeling in front of him, lowered his head, a smile appeared on the corner of his mouth, and said faintly: "Can you catch this billion dragon blood amethysts?"

"You, can you handle this?"

At this time, shopkeeper Liu looked at Chen Feng with fear in his eyes.

He suddenly realized at this time that he took himself too high.

But in fact, in front of Chen Feng, there is no difference between himself and the black guards outside.

Even this City Lord's Mansion was no different in Chen Feng's eyes.

Chen Feng didn't have any fear of them at all.

If you want to clean up, just clean up!

Hearing Chen Feng's words, he hurriedly yelled: "I can't handle it. The billions of dragon blood amethysts are too heavy. I can't handle it. I simply don't have the ability to handle it!"

"Then do you want more?" Chen Feng said with a smile.

"No more, no more, I don't dare to ask again."

Shopkeeper Liu's head shook like a rattle.

"But, you don't want it, I just want to give it to you, what should I do?" There was a joking smile on the corner of Chen Feng's mouth, and his right hand slowly fell.

At this time, shopkeeper Liu showed a deep despair in his eyes. He suddenly realized that Chen Feng wanted to kill himself now, and his heart was full of fear.

Shopkeeper Liu knelt on the ground, crying and begging loudly: "Master Chen, Master Chen, please, please, stop."

"Please don't kill me, I can't help it!"

"These dragon blood amethysts are not with me now, and I can't help it! Even if you kill me, you won't get it!"

While begging in pain, he kowtows frantically, kowtow like garlic, only to ask Chen Feng to spare his life!

The arrogance and arrogance just now has completely disappeared.

At this time he was like a kowtow.

A ridiculous smile appeared at the corner of Chen Feng's mouth: "Now you know that you are afraid, right?"

[Chapter 3329: One enemy one hundred!](#)

"I know, I know, the villain knows everything, just ask the son to raise his hand and spare my life!"

Chen Feng looked at him with a cold expression, and said slowly: "The dragon blood amethyst is not here, and who is there?"

The shopkeeper Liu burst into tears:

"Those one hundred million dragon blood amethyst crystals, and others, just got in my hands, they were sent away by the manager of the City Lord's Mansion!"

"I heard that the City Lord's Mansion is going to hold a grand event, and it needs a lot of dragon blood amethyst."

"The money in the mansion is a bit nervous now, so Master Young City Lord ordered that all the dragon blood amethysts be transferred to the mansion for expenditure."

"Here I am, there is no dragon blood amethyst!" *nOVeLuSb.CO*m

Chen Feng nodded slowly: "That's how it is."

At this time, Chen Feng believed what the shopkeeper Liu said. It was already at the critical juncture of life and death, and shopkeeper Liu did not dare to lie.

"However, there is no dragon blood amethyst here, I don't believe it."

Chen Feng smiled slightly and looked around in the casino.

At this time, all the gamblers in the casino were already standing there trembling, looking at Chen Feng dumbfounded, no one dared to say a word.

When Chen Feng first came in, they didn't know his identity, and many people shouted loudly.

But now, all of them are docile like lambs.

Hearing the words Chen Feng, and seeing Chen Feng's ruthless means to deal with Liu's shopkeeper, how dare they speak out to offend?

Chen Feng looked down at the shopkeeper Liu and said lightly: "I think there are still a lot of dragon blood amethysts on the casino table. Give me all the money first."

"One missing child, I want your dog's life!"

"Yes, yes." The shopkeeper Liu quickly trembled.

With that said, he struggled to get up, and then screamed at the guy in the casino:

"Are you all deaf? Didn't you hear what Mr. Chen said just now?"

"Hurry up and put away all the capital in our casino, as well as all the dragon blood amethysts on the table!"

Those guys woke up like a dream one by one, and quickly responded and followed his orders.

Shopkeeper Liu would naturally violate the taboo of the City Lord's Mansion, but he didn't have any hesitation now, it was important to save his life first!

These people under him worked really fast enough, but it was only half an hour's time to collect all the dragon blood amethysts in the casino and put them in front of Chen Feng.

Shopkeeper Liu looked at the dragon blood amethyst towering like a hill, and couldn't help swallowing.

Then, looking at Chen Feng, he said in a whisper, "Master Chen, two hundred million dragon blood amethysts, this is all the dragon blood amethysts in our casino, please have a look."

Chen Feng nodded, counted, and then put away a gold thread kit.

He looked at the shopkeeper Liu and said lightly: "For the sake of you being a savvy child, spare your life."

Shopkeeper Liu let out a long sigh of relief, knowing that his little life was finally saved.

"Go, Ziyue."

Chen Feng looked at Ziyue, smiled and said, "The City Lord's Mansion still owes us 3 billion Dragon Blood Amethysts, let's go now!"

Purple moon sweet dessert head.

Chen Feng gave her a head start, she was very happy.

Shopkeeper Liu tremblingly asked next to him: "Chen, Young Master Chen, you have taken away 200 million Dragon Blood Amethyst from our casino, why do you still owe 3 billion?"

Chen Feng glanced at him and said faintly: "You and these dog things under yours were injured by me, and you are asking me for 200 million Dragon Blood Amethyst."

"My woman was frightened. Is it expensive for you two billion dragon blood amethysts?"

Shopkeeper Liu came into contact with Chen Feng's cold and murderous gaze, and his heart trembled, and he tremblingly said: "Not expensive, not expensive at all!"

The location of the City Lord's Mansion does not need to be said by Shopkeeper Liu, Chen Feng himself also knows.

He took Ziyue and soon came straight to the City Lord's Mansion.

After an hour, he was already standing in front of the gate of the city lord's mansion.

The City Lord's Mansion towers high into the clouds and the pavilions are continuous. It is one of the most spectacular buildings in the Chaoge City.

Even, slightly better than the Xuanyuan family's outer sect, Chen Feng showed a smile on the corner of his mouth, and said softly: "Emperor City City Lord's Mansion, I didn't expect that the first time I came, it was for such a purpose!"

After all, he embraced Ziyue and strode towards the gate of the city lord's mansion.

An expression of excitement appeared on Ziyue's face, and her big eyes flickered, full of expectation.

She was originally the kind of temperament that was not afraid of being afraid of everything. Before, she was afraid that Chen Feng would cause trouble, so she deliberately suppressed her mood.

But now, why should she be afraid of this?

It's already this time, I'm afraid that things won't cause much trouble!

At the gate of the city lord's mansion, the guard wearing silver armor and holding a spear strode over, pointed the spear in his hand, and shouted with majesty, "Who?

A smile appeared at the corner of Chen Feng's mouth: "Who? A debt collector!"

Hearing this sentence, the silver armor guards immediately knew that the person who came was not good.

Suddenly, hundreds of silver armored guards rushed up.

The cultivation base of these silver armor guards can't be considered low. Although they haven't reached the Martial Emperor Realm, they are all at the level of the Nine Star Martial Emperor Half Step Martial Emperor.

Pick any one out, and you can walk sideways around Chaoge Tianzi City.

The gathering of these hundreds of people is an extremely powerful force.

But unfortunately, they were unlucky today and ran into Chen Feng.

The leading silver armor guards commanded, sternly shouted: "Boy, hurry up and get caught, don't force us to take your life!"

He saw Chen Feng and Chen Feng, both in luxurious clothes and good conversation. He still had some fear in his heart.

A smile appeared at the corner of Chen Feng's mouth: "Will we two lives?"

"Only you? It's a bit short!"

The next moment, Chen Feng gave a long scream, strode forward without stopping.

In one person, rush into a battle of hundreds of people!

The arrogant and arrogant figure in white rushed towards the large formation of silver armored guards!

His size is extremely small compared to the large array of hundreds of people, but his aura is unparalleled!

Every time Chen Feng took a step forward, his posture increased by one point, and his momentum increased by one point.

The guards on the opposite side were shocked.

The white-clothed youth walked towards them, and with each step forward, they felt that the other's figure seemed to have grown a bit bigger.

But soon they realized that this was just an illusion.

The opponent's body did not grow in the slightest, only his crazy aura!

This crazy growth momentum made them feel astonished.

And when Chen Feng walked in front of them, they felt that what stood in front of them seemed to be a high mountain.

The mountains stand up!

#### [Chapter 3330: Who dares to stop me?](#)

They can only look up, and they don't even have the desire to resist in their hearts, it is so powerful!

The face of the silver armored guard commander showed a look of horror: "Where did such a monster come from? How can it be so strong?"

"His momentum is simply terrifying!"

The next moment, Chen Feng screamed: "Get out of here!"

Then, it was shot with a palm.

The palm of his hand was shot, and the momentum was like overwhelming mountains, like a Tianhe waterfall, hanging upside down, and slamming against these silver armor guards.

These guards all showed amazement.

Under the leadership of the silver armor guards, they roared in front of their spears.

On top of each silver spear, there is a power that gathers, and hundreds of powers gather together and bombard Chen Feng fiercely.

Chen Feng is one person and hundreds of enemies!

In the next moment, Chen Feng's offensive slammed into them.

The silver power collided with the golden dragon descending Arhat power, and it was actually a stalemate for a moment.

At the next moment, the huge spear array formed by the power of the hundreds of spears shattered with a bang, turning into countless golden light spots and disappearing.

In Chen Feng's loud laughter, his palm fell fiercely.

Bang Bang Bang, a sound of beating sounded, the next moment, countless screams suddenly rang.

These hundreds of silver armored guards were all beaten out and landed on the ground fiercely.

With Chen Feng as the center of the circle, a semicircle is formed.

Their bodies all fell out, forming the edge of this semicircle.

In this semicircle, apart from Chen Feng, no one stood.

These silver-armored guards held their chests one by one, screamed bitterly, and sprayed blood.

Looking at Chen Feng, there was one of endless horror in his eyes.

"Where is this strong, so terrifying?"

"It's just one move! It's just one person! They smashed the silver spear formation composed of hundreds of people who were invincible!"

"This is the silver spear formation of the City Lord's Mansion running through the Tianzi City!"

This made them extremely frightened.

When I saw this young man in white just now, the trace of contempt in his eyes disappeared, and some were just fear and awe.

Chen Feng's gaze slowly swept across these people's faces, and then suddenly looked up to the sky and laughed: "Who dares to stop me!"

Then, he grabbed Ziyue's hand and strode towards the gate of the city lord's mansion.

Hundreds of guards all over the floor looked at him with shocked eyes, no one dared to stop, not even one dared to speak out.

Just now, when Chen Feng made his move, thousands of guards emerged from the City Lord's Mansion.

They all lost their voices when they saw this scene just now.

These thousands of people stood in between their wounded silver armor guards and the gate of the City Lord's Mansion, blocking Chen Feng's path.

Chen Feng seemed to have not seen them, still striding forward.

Seeing Chen Feng's arrival, these people were panicked.

They were blocking right in front of Chen Feng, so those who were on the way in front of Chen Feng desperately squeezed to the side, trying to squeeze themselves aside, so as not to block Chen Feng's path.

They pushed desperately to both sides, abruptly squeezing out such a wide road in this crowded array.

Because of this push, the array of thousands of people has become crowded and chaotic!

They forcibly squeezed a path for Chen Feng, and a smile appeared on the corner of Chen Feng's mouth, pulling Ziyue and walking slowly among them.

Chen Feng was so close to them, he could even breathe.

But they all looked at Chen Feng with horrified eyes. No one dared to act, no one dared to speak. **NovelUsb.Com**

The scene of Chen Feng breaking through a large array of hundreds of people was so scared!

Ziyue followed Chen Feng with her chin open, like a proud swan.

She looked at Chen Feng's back, her eyes flashed: "This is my brother Chen Feng, the most powerful man in the world!"

The next moment, Chen Feng came to the gate of the city lord's mansion.

The gate of the city lord's mansion was hundreds of meters high, and he looked up.

Above the gate of the palace is a five-story gate tower, which adds up to a height of several kilometers.

Even if separated by dozens of hundreds of miles, you can see clearly.

The gorgeous gate of this city lord mansion is a symbol of their status.

A cold smile appeared at the corner of Chen Feng's mouth: "Is the City Lord's Mansion? It's amazing, isn't it? Domineering, right?"

"Today, Chen Feng, I will trample you off the dust!"

At the next moment, Chen Feng exhaled, and on both palms, the power of the dragon and Arhat surrounded him.

There was a vague neigh of an idol.

Then, he pushed forward with both palms.

With a loud bang, it hit the door fiercely.

As a result, the gate shook violently and twisted, and infinite power swelled toward the surroundings, causing the entire metal gate to ripple like water waves.

Then, this force spread to the entire gatehouse.

Then, there was a loud noise, and the entire gatehouse shook violently.

Then the next moment, booming booming, countless boulders fell, and the metal gate slapped directly on the ground.

The entire gate tower was directly broken and instantly turned into ruins in one place.

It was just a moment of effort, the towering gatehouse disappeared, leaving nothing but ruins on the spot.

The gate of the City Lord's Mansion disappeared directly.

The huge movement here was also heard by hundreds of miles, and it attracted the attention of countless people.

I don't know how many powerhouses in Chaoge Tianzi City, suddenly awakened, looking in the direction of the City Lord's Mansion, with a shocked face, not knowing what happened in the City Lord's Mansion.

At this time, in the center of the City Lord's Mansion, above the square.

Here is the center and highest point of the entire City Lord's Mansion, the highest point of that high platform.

That high platform, which looks like a high platform outside, is actually composed of nine huge high platforms.

The uppermost platform is already 90,000 meters higher than Chaoge Tianzi City in the city, enough to overlook the entire Tianzi City.

The nine-story high platform on the top floor has a radius of one thousand meters.

At this time, at the far north of this high platform, sitting north facing south, a towering stand was built.

The stands are divided into two levels, with dozens of disciples sitting on the lower level, and the elders of various major sects on the upper level.

The young city lord Zhao Xingjian of the city lord mansion and some high-ranking people in the mansion are also sitting here.

It turned out that this high platform was already turned into a ring at this time.

In the center of the high platform, the two people are fighting fiercely.

Of these two people, one of them was Guan Tianhan, and the opposite was a disciple of the Qingtao Sword Sect.

Guan Tianhan wrestled with a faint smile of disdain on his face.

Of course, that was just now.

At the beginning of the fight, he was very disdainful.

Only now, this disdainful smile has gradually fallen, and even started to freeze.
