

Peerless 3491

[Chapter 3491: The general has ordered me to come to help you!](#)

And those strong men who jumped into the air to rush to the Beidou Sword Sect were all taken aback when they saw this scene.

Then, there was a dilemma, I didn't know where to go.

But what happened outside the city in the next moment caused them to change their minds and immediately made a decision.

Outside the Sky Dragon City, there are countless military barracks spread over the earth.

At this time, there were more than a dozen military camps, but suddenly there were that gloomy, cold, murderous generals, armed with weapons, and many powerful soldiers who were fully armed, and suddenly began to face the robes around him. Do it!

In a blink of an eye, blood is flowing into a river!

Then, they set off a fire in the barracks and burned all the grains!

If the changes that occurred in the Sky Dragon City made those strong men hesitate, then the changes that occurred in the military camp outside the city allowed them to immediately weigh the severity.

Then, their bodies flashed, and they rushed towards the military camp outside the city.

At this time, in the upper city of Tianlong City, close to the location of the General's Mansion.

Above a luxurious mansion, Lan Zihan is standing proudly in the clouds!

He saw what happened in the distant Sky Dragon City.

He also saw what happened to the Beidou Sword Sect.

He was even more clear about what happened in the military camp outside the city.

At this moment, he looked solemn and hesitated.

"Something is wrong, this matter seems to have been premeditated, otherwise why are so many places attacking at the same time?"

He was a little hesitant in his heart, and he was also very clear that these things were not his own choice.

So, he immediately got up and headed towards the general's mansion.

In the General's Mansion, Pu Xingzhou sat high above the hall, his expression as cold as ice!

After a while, Lan Zihan strode in, his face solemn.

"How is the situation?" Pu Xingzhou asked in a deep voice.

He was still stable at this time, still looking calm.

Lan Zihan clasped his fists and said, "Back to the general, something is wrong."

"What's wrong?" Pu Xingzhou said.

"Today, the Beidou Sword Sect has undergone a sudden change, and there is a sudden fire around the Houshan Buddhist Scripture Pavilion, which they regard as the most precious."

"Then, there was a huge explosion sound, extremely strong breath fluctuations also passed from that direction, and there were endless shouts of killing."

"Obviously, there are strong men fighting among the Beidou Sword Sect."

"And I waited and saw that the Beidou Sword Sect was the middle sect of our Sky Dragon City, so I wanted to help."

Pu Xingzhou nodded: "What then?"

Lan Zihan continued: "As a result, I didn't expect it to happen. Suddenly before about one tea time, there were forty or fifty places in Tianlong City where there were fires at the same time."

"There is also the sound of shouting and killing. There are many people in black who kill when they see people, making troubles and setting fires everywhere!"

"Therefore, the subordinates and others had no choice but to distribute the big powers everywhere. So..."

Pu Xingzhou showed a sneer and said, "So, we don't have any extra manpower to rescue the Beidou Sword Sect, right?"

"Yes!" Lan Zihan said solemnly.

Pu Xingzhou's mouth showed a slight smile, faintly sighed, and said softly: "Not bad, very powerful!"

"That person's purpose is obviously in the Beidou Sword Sect, but he has many arrangements."

"There are many people making trouble in Sky Dragon City, so we have no time to go to help the Beidou Sword Sect."

"Subordinates have already figured it out."

Lan Zihan said, "The general, what should we do?"

"Now if the staff is deployed, the subordinates can go to the Beidou Sword Sect, and the remaining strong ones can also go, and it is also a powerful help."

"not to mention....."

He looked at Pu Xingzhou. Although he didn't speak, Pu Xingzhou understood what he meant.

What's more, the general Pu Xingzhou hasn't made a move yet!

"Why save?"

A smile suddenly appeared at the corner of the general's mouth. He looked at him and said leisurely: "Since that person doesn't want us to intervene in the Beidou Sword Sect, let's not intervene!"

"what?"

Lan Zihan froze for a moment, wondering why the general was like this.

But he didn't ask much, just clasped his fists and said, "Subordinates obey orders."

After all, it means to retreat!

Pu Xingzhou's gaze was far away. Through this lobby, he seemed to have seen the Beidou Sword Sect in the raging fire in the distance.

A smile was drawn at the corner of his mouth, and he whispered softly: "Beidou Sword Sect, ah Beidou Sword Sect, I also want to know, what is your coveted treasure!"

At this time, the fierce battle has passed almost half an hour.

Xian Yu Gao Zhuo and Chu Shaoyang both declined quickly.

Xian Yu Gaozhuo's strength had already fallen to the early stage of Emperor Wudi of Samsung, and Chu Shaoyang was only in the early stage of Emperor Wudi of the second star.

Even with the help of the blood of the extraterritorial heavenly devil, it is just to maintain the strength that has just entered the level of the three-star martial emperor.

Both of them have already hit the real fire, screaming crazy one after another.

Chu Shaoyang attacked again and again, like a crazy tiger.

In this way, flaws are more likely to occur.

Suddenly, Xianyu Gao Zhuo found a gap, and the long sword in his hand stabbed fiercely into his left shoulder.

Chu Shaoyang let out a scream, and the black phantom behind him shook for a while!

This is the heaviest injury he has suffered!

And Xiao Yu Gao Zhuo is unreasonable and unforgiving, even more crazy attacks.

After being seriously injured, Chu Shaoyang was even more panic.

The experience of fighting against this kind of warrior who is more powerful than oneself is actually very few, not even head-on.

In panic, he was hit three times within ten strokes. He was already severely injured and dying, vomiting blood again and again!

The phantom behind him was even faltering, and some couldn't sustain it!

With his current strength, Chen Feng is already sure to kill him with one move!

At this moment, Chen Feng's eyes flashed.

He adjusted his breathing, calmed down, and sighed softly, putting on a set of platinum armor for himself quietly.

Then, he put the bronze mask on his face!

"It's time, now it's time for me to shoot!"

He groaned softly in his heart.

Naturally no one noticed his actions.

At this time, Xianyu Gao Zhuo and Chu Shaoyang are in a fierce battle!

At this moment, there was a violent roar, and a sudden sound: "Xian Yu head, the general ordered me to come to help you!"

Hearing this voice, Xian Yu Gao Zhuo and Chu Shaoyang were both stunned.

The next moment, both of them changed their faces.

The only difference is that Xianyu Gao Zhuo's face was full of ecstasy, while Chu Shaoyang's eyes were full of extreme panic!

He was scared.

He was afraid of death.

The next moment, both of them looked back in horror.

[Chapter 3492: My real goal is you!](#)

Then I saw a white figure coming from the sky at an extremely fast speed, with an extremely powerful aura!

Xianyu Gaozhuo has already seen the dress of the comer!

He wore a white gold bright armor, this kind of dress was just the dress of a very high-level general in Sky Dragon City.

Suddenly, he was overjoyed and shouted loudly: "You are here just right! Kill this dog!"

Chen Feng laughed, and in a blink of an eye, he was already close.

But at this moment, a giant knife appeared in his hand, and it slashed towards Chu Shaoyang!

It is the supreme Longyang Sword!

With a single knife, the power is extremely powerful, and the horror is extreme!

With this momentum, Xian Yu Gaozhuo couldn't help but his eyelids twitched.

"When did there be such a master swordsman in Sky Dragon City? Why don't I know?"

He wanted to see the person's face, but found that he was wearing a bronze mask on his face, and he couldn't see his appearance at all.

And this knife severely slashed towards Chu Shaoyang!

Chu Shaoyang screamed in fear and slapped again, crushing another magic weapon of body protection!

This treasure formed a light shield around the body, which was extremely strong.

Only then did he have the intention to raise his head and look at Chen Feng.

Then, he saw Chen Feng's figure, the giant knife in Chen Feng's hand, and Chen Feng's eyes.

He found that this person's eyes were full of jokes, as if he was playing tricks on himself!

As a result, the expression on his face quickly changed from extreme fear to extreme shock!

He exclaimed in disbelief: "Is it you?"

Just when the words 'it's you' were just spit out, Chen Feng's extremely high Longyang knife was about to hit the mask.

Suddenly, at this time, Chen Feng's body shape was wrong, and his body twisted slightly!

So, that Jishang Longyang Sword slid to the side, taking advantage of the trend to remove the strength.

Suddenly, the mighty offensive turned into a flirtatious trick, and it slid over the mask directly!

And the next moment, Chen Feng turned around and slashed at Xian Yu Gao Zhuo with a knife!

It turned out that Chen Feng's move just now was a false move!

And the target of his attack was not Chu Shaoyang at all, but rarely Yu Gao Zhuo!

Xian Yu Gaozhuo didn't recover at all, and he didn't have any defense against Chen Feng.

He didn't expect that the strong in the army in the Sky Dragon City would actually come to kill himself!

In his shocked eyes, Chen Feng's extreme Longyang sword fell on his body fiercely!

"what!"

Xian Yu Gaozhuo let out a scream, and then the scream was drowned out.

It turned out that from his mouth, a mouthful of blood mixed with internal organ fragments poured out, directly preventing him from making a sound.

Chen Feng's knife left a huge wound on his body!

From the left shoulder to the right waist, he almost split his whole person into two.

More importantly, all his visceral meridians shattered wherever he went!

Just this one shot almost killed him!

Xian Yu Gaozhuo looked at Chen Feng in anger, his face was full of disbelief.

And the next moment, Chen Feng gritted his teeth, smiled bloodthirstily, and without stopping, he stabs forward again and stabs forward fiercely!

It is because of the Yuqing Giant Spirit Sword Code!

And this knife, the purpose of the attack is less than Gao Zhuo's Dantian.

With a loud bang, it was like a huge bubble being punctured!

The knife stabbed, Chen Feng exhaled and shouted!

He only felt that the qi that seemed to accumulate in his chest had finally exploded out!

These days, he failed to show his strength, and at this time, he was finally able to have a hearty battle!

Chen Feng's knife penetrated fiercely into Gao Zhuo's Dantian!

With a bang, it was rare in Gao Zhuo's dantian, and it was directly blown to pieces!

Endless powerful forces rushed out of it madly, and the aura of Gao Zhuo was madly declining!

His dantian was also abolished by Chen Feng, and it has become a waste.

His body fell heavily on the cliff, staring at Chen Feng, his eyes still showed incredible and extreme fear!

Chen Feng laughed: "Xian Yu Gaozhuo, my real goal is you!"

And the many onlookers below all gave out huge exclamations:

"God, the head, the head was actually destroyed by this sudden powerhouse?"

"Who is this strong man? Isn't he the strong man in Sky Dragon City? Why did he help that outsider attack the head?"

"What's the matter? What's the matter? The head has been abolished? He is the peak power of the three-star martial emperor!"

Everyone was stupid, dumbfounded, holding their heads, screaming in horror.

They didn't want to believe the fact that the extremely powerful head was destroyed by this mysterious powerhouse when they met each other!

Unbelievable, can't believe it!

All this happened so quickly that they haven't even recovered from it!

Just now the head had the upper hand, but now he has become a useless person.

Suddenly, a voice sounded from the crowd: "Look, is this mysterious person's body a bit like Feng Chen?"

After hearing his words, everyone was stunned.

Then they discovered that this person's body shape was very similar to Feng Chen!

Zuo Tianhe was also shocked, but then he let out a sneer: "Hahaha, there are people with similar builds."

"You don't think that person is Feng Chen, are you crazy?"

He looked at those people and laughed loudly: "Is Feng Chen strong with one finger? He can pinch Feng Chen to death with one finger, do you understand?"

I just don't know why, when he said this, there was an unspeakable fear in his heart.

Not only him, those people who had been cleaned up by Chen Feng before, also laughed so loudly.

And those who said that this mysterious strong man was somewhat similar to Feng Chen's body shape shut up and did not dare to speak, and they did not think that this person would be Feng Chen.

They are all worried about speaking out and being laughed at.

Zuo Tianhe's laughter was louder and even more proud!

There was silence in the crowd, only their laughter was particularly harsh.

But suddenly, their laughter disappeared and stopped abruptly, staring at the sky blankly, and exclaiming in disbelief.

Because, right here, at last, Xian Yu Gaozhuo swallowed the blood in his mouth forcibly.

Then his voice trembled and his lips trembled. He looked at Chen Feng and asked, "You, who are you?"

"Who am I?"

A smile appeared at the corner of Chen Feng's mouth and slowly took off the mask on his face.

But at the moment he saw his appearance clearly, Xian Yu Gaozhuo let out a scream like a chicken!

There was a thud in his throat, and his face was filled with disbelief.

[Chapter 3493: This is the trap I set for you!](#)

He yelled crazy: "Feng Chen, it turned out to be you? How could it be? It turned out to be you? How could it be?"

"Aren't you an ordinary disciple? How could it be you?"

It turned out that he had recognized it, and this person turned out to be the new disciple Feng Chen he met on the square two days ago!

At this moment, a figure staggered out of the cave, it was Hou Zhuohong.

He looked at Xianyu Gaozhuo and let out a crying cry: "Master, what's the matter with you Master?"

However, he saw that his master was looking at the other side with wide eyes.

So, he followed Master's gaze.

And then, he let out a scream like killing a chicken, and roared in disbelief: "How, how is it possible? Is it you?"

He looked at Chen Feng on the opposite side with an expression of extreme astonishment in his eyes.

Chen Feng looked at him, smiled and said, "Why can't it be me?"

Hou Zhuohong was not stupid either. Seeing Chen Feng's expression and then seeing the situation at this time, he immediately understood what was going on.

He let out a scream like a groan: "You. You are a hidden powerhouse? You are so scary?"

Chen Feng smiled and said: "You guessed it right, but unfortunately, there is no reward!"

Looking at Hou Hongzhuo, Chen Feng slowly spit out a word in the eyes of Hou Hongzhuo in shock, shock, and even shock:

"Now, do you know why I refused to enter the secret cave of Qingshan Cliff?"

"because....."

He whispered word by word, "Your master, you are not qualified to teach me!"

These words, like a big ear scraper, slapped Xian Yu Gao Zhuo and Hou Zhuohong's faces fiercely.

Both of them remembered everything that happened that day, and remembered what they said that day.

They also felt that Chen Feng was shameless by not entering the dense cave of Qingshan Cliff. They also felt that Chen Feng had missed this opportunity, and they even mocked Chen Feng that way.

Especially Hou Zhuohong, thinking of his laugh at Chen Feng that day, those words slapped his face like a slap in the face.

Beat his face red and swollen, beat him faceless!

"It's ridiculous that we are right!"

"Where does his strength need to enter the secret cave of the Qingshan Cliff? Where does his strength need our teaching, we need to be taught!"

Both of them were speechless.

At this time, Chu Shaoyang, standing behind Chen Feng, finally recovered from the extreme shock.

"Chen Feng!"

He let out a stern roar, full of spite: "It turned out to be you, it turned out to be you!"

Chen Feng turned and smiled at him and said, "That's right, it's me!"

Chu Shaoyang stared at Chen Feng, his eyes flickered: "I should have known it was yours, I should have thought that it must be yours!"

"Oh, did you know it was me?"

Chen Feng looked at him with a smile on his lips.

"Yes!"

Standing in the yellow mask, Chu Shaoyang looked at Chen Feng, his eyes bursting with fire:

"Other than you, who can know me so much?"

"Other than you, who can have such a scheming? The arrangement is so delicate?"

"And, the most important thing is!"

He stared at Chen Feng, and said word by word: "Apart from you, who is able to entangle me so endlessly? There is providence in the dark, ruining my plan!"

"Today is the trap you set for me?"

"Yes, this is what I set for you! A trap!"

Chen Feng smiled slightly.

Today, all these things are a terrifying trap that Chen Feng and Feng Qingqiu have set for Chu Shaoyang after a long discussion!

First tell Chu Shaoyang that the Nine-turned Heavenly Devil Golden Pill he wants is not in the Houshan Buddhist Scripture Pavilion, but in the dense cave cliff of Qingshan Cliff.

Then, Feng Qingqiu came up with another idea, pretending that he didn't know that the Golden Pill of the Nine-turned Heavenly Devil was in the dense cave cliff of Qingshan Cliff, giving the outsiders a false impression that he thought that the Golden Pill of the Nine-turned Heavenly Devil was in the Houshan Buddhist Scripture Pavilion.

So he stormed the Tibetan Scripture Pavilion and made the illusion that he wanted to **** the Nine-turned Heavenly Devil Golden Pill.

At the same time, this incident will naturally alarm the Beidou Sword Sect.

At that time, the head of the Beidou Sword Sect who was cultivating in the dense cave of Qingshan Cliff will also move upon hearing the wind, leave the dense cave of Qingshan Cliff, and go to the Houshan Buddhist Scripture Pavilion.

At this time, Chu Shaoyang could enter the dense cave of Qingshan Cliff and easily take away the Nine-turned Heavenly Devil Golden Pill!

Of course, there must be many institutions in the dense cave of Qingshan Cliff.

But when the time comes, Chu Shaoyang is still quite confident in himself, and he can easily crack even some organs.

In this case, he can easily win the Nine-turned Heavenly Devil Golden Pill.

The whole plan is simple but effective.

Tune the tiger away from the mountain and hit the enemy's key points, making the other party have to submit.

Chu Shaoyang is also quite proud of this plan.

However, Chu Shaoyang didn't know everything. Chen Feng came here, and met Feng Qingqiu, and also joined forces with Feng Qingqiu to count on him.

What he didn't even know was that after he decided to implement this plan, Chen Feng had quietly passed the news to the head of the Beidou Sword Sect.

He was told that someone would attack the Houshan Tibetan Scripture Pavilion three days later, and the real purpose was to seize the treasure he hid in the secret cave of Qingshan Cliff.

In the letter, Chen Feng didn't say what this treasure is, but naturally, the head of the boss would think that what the other party wanted to **** was the Shake Guang Bai Sun Pian.

Therefore, he will naturally be prepared.

Sure enough, on this day, Chu Shaoyang brazenly launched.

When the warning message from the Houshan Tibetan Scripture Pavilion came, the head of the temple knew all at once that what the person said was indeed correct, and what the letter said was true!

So he sent someone to pretend to rush to the Houshan Tibetan Scripture Pavilion, but in fact his attention was all on the dense cave of Qingshan Cliff.

Sure enough, Chu Shaoyang appeared at this time.

He thought that the head had already left, so he swaggered into the dense cave of Qingshan Cliff.

But at this time the head suddenly appeared!

The two had a big battle.

After that, Chen Feng would look for opportunities to come out and take advantage of the fisherman.

Include the Nine-turned Heavenly Devil Golden Pill and the Shaoguang Bairixian Spectrum in the bag.

In fact, although there are many twists and turns in today's affairs, they are always handled in accordance with the thinking of Chen Feng and Feng Qingqiu.

Chen Feng discussed the whole plan carefully.

The most terrible thing was not actually getting Chu Shaoyang into the bait, but how to let Xiaoyu Gaozhuo know the news and believe it.

That's why Chen Feng asked Lan Zihan for help.

After passing the news, Chen Feng was also quite sure.

First of all, at the beginning, Xiaoyu Gaozhuo's suspicion would never be placed on Chen Feng.

Because of him and Hou Hongzhuo, neither of them would list a new disciple who had just stepped into the realm of King Martial as a suspicious target.

[Chapter 3494: Kill two birds with one stone](#)

They might even suspect Lan Zihan, but not Chen Feng.

And when this happened, they didn't care anymore because Chen Feng would definitely reveal his identity by then.

Since he wanted to **** the treasure, he would definitely take action, and he could not hide it.

At that time, few Yu Gaozhuo and Hou Hongzhuo will naturally know who did what happened today.

But does this matter?

Not at all important!

Chen Feng would definitely not care anymore, because he would no longer stay in the Beidou Sword Sect, or even in Sky Dragon City!

Chen Feng hugged his arms in front of his chest, looking at Chu Shaoyang, with a sneerful smile on the corner of his mouth, and said, "Well said, really good."

"However, since you guessed it was me, why did you just use your treasure to defend yourself like a frightened bird?"

"Don't you know it's me?"

"Then you should guess, who should I do it to!"

"Why were you so flustered and afraid just now?"

Chen Feng walked to the mask, smiled low, and reached out and knocked on the mask.

Smiled: "Now, it has become a useless waste."

These words directly made Chu Shaoyang's face flushed and he was extremely embarrassed and angry.

He knew that he was completely ashamed in front of Chen Feng!

It turned out that Chen Feng had already thought about what he did just now and had thought about it countless times.

First of all, Xianyu Gaozhuo can't die, so he needs to breathe.

Because many secrets can only be unlocked by him.

However, he must lose his combat effectiveness!

Because Chen Feng knew very well that Xian Yu Gao Zhuo and Chu Shaoyang were both targets he wanted to kill, and his first shot opportunity was the most precious.

Because of their first shot, the two of them didn't have any defense against themselves, and they were able to accumulate their strength for long enough and enough.

They are unprepared, coupled with their accumulated strength, can cause the greatest damage.

But this blow, only once, can only attack one person.

Then this blow, choosing who to attack, is a matter of great consideration.

In the end, Chen Feng chose to attack Xiaoyu Gaozhuo.

Because, it is obvious that Xian Yu Gao Zhuo's strength is better than Chu Shaoyang.

If it means eating persimmons and picking up a soft pinch, then it stands to reason that Chu Shaoyang should be attacked.

But unfortunately, Chen Feng understood Chu Shaoyang, knowing that all kinds of treasures appeared in his body, and if he attacked him, the consequences would be unpredictable.

Maybe he couldn't kill him at all, but he was bitten by him.

But the attack is rarely different from Gao Zhuo.

Chen Feng is sure that Xianyu Gaozhuo can't have so many treasures, so if he makes a shot himself, he is sure that he can seriously hurt Xianyu Gaozhuo!

Sure enough, Chen Feng didn't expect anything wrong!

With this shot, he directly put the serious injuries that rarely hit Gao Zhuo to death.

However, Chen Feng certainly wouldn't let Chu Shaoyang go so easily.

Chen Feng knew that all kinds of treasures on Chu Shaoyang's body were endless, so one piece that could be tricked out was one piece, and one piece that could be consumed was one piece.

Therefore, when he came, he shouted directly: "Xianyu head, the general sent me to help you."

Both created an illusion that they were masters in Heavenly Dragon City and came to help.

This can be described as killing two birds with one stone.

One is to confuse Xian Yu Gaozhuo, leaving him without any defense against himself.

The second was to confuse Chu Shaoyang and make Chu Shaoyang think that he was here to attack him, so he directly consumed Chu Shaoyang's protective treasure!

Of course, the reason why Chen Feng's attack was successful was also because Chu Shaoyang was very afraid of death. When he saw a powerful enemy attack, he immediately ignored him and sacrificed his protection treasure.

Chen Feng looked at Chu Shaoyang, with a smile drawn at the corner of his mouth.

There was a hint of joking in this smile: "Chu Shaoyang, thank you very much for your cooperation."

"Hahaha, I lied to this protective treasure, how do you feel?"

Chu Shaoyang's face flushed red!

Chen Feng's arrival severely slapped him in the face, making him realize that his previous plans were all rubbish.

"Chu Shaoyang, you are really afraid of death!"

"A person like you deserves the luck of the Dragon Vein Continent?"

Chen Nafeng looked at him, and the smile on his face gradually became sad: "No matter how scared of death you are, you will die here today!"

He stared at Chu Shaoyang and said word by word: "Chu Shaoyang, you and I have been entangled for too long, it's time to end you today!"

Seeing Chen Feng's expression and hearing what Chen Feng said, Chu Shaoyang shivered violently, with a look of fear in his eyes.

He knows better than anyone else, what Chen Feng said is absolutely false.

And he has reached an extremely dangerous mortal situation today!

"Why? Why?"

A voice echoed in his heart:

"Why does Chen Feng push me every time?"

"Why does he have the upper hand every time?"

"Why, even my people have to collude with him to betray me!"

With blood red eyes, he stared at Chen Feng, and screamed: "Chen Feng, you dog, you and Feng Qingqiu will calculate me together!"

Chen Feng stared at him, saying word by word: "It is not me and Feng Qingqiu who are calculating you, but you will kill yourself if you do injustice!"

"The people around you treat you like this, so you don't know how to reflect on it?"

"What can I reflect on!"

Standing in the mask, Chu Shaoyang suddenly laughed wildly: "Chen Feng, don't think you will eat me today!"

Chen Feng sneered.

Just looking at him, waiting for the mask to disappear.

He is not in a hurry, now the reinforcements are trapped, and Xian Yu Gao Zhuo is already a useless person, what else is there to be afraid of?

As long as the mask disappears, he can easily clean up Chu Shaoyang, who has been seriously injured and whose strength is not as good as his normal state.

At this moment, Chu Shaoyang's eyes flickered, and he didn't know what he was thinking.

The two women of Wu Bingshuang also saw Chen Feng, and they were naturally very excited.

"It turns out that Sister Feng Qingqiu asked Chen Feng as Austrian aid!"

"Haha, it turns out that the two of them calculated Chu Shaoyang together, no wonder, no wonder Chu Shaoyang lost so badly this time!"

Both of them were extremely excited, feeling that they were finally able to escape from the sea of suffering.

At this time, Xian Yu Gaozhuo looked at the direction of the Houshan Buddhist Scripture Pavilion in the distance, with only one thought in his mind: "Why hasn't Bo Hongxin returned? Why hasn't Bo Hongxin returned?"

"If he comes back, I still have a silver lining."

He knew very well that besides him, the strongest of the Beidou Sword Sect was Bo Hongxin.

Bo Hongxin is his only hope.

But at this time he didn't know. At this time, after Bai Hongxin came to the Houshan Tibetan Scripture Pavilion, although he was stronger than Feng Qingqiu, he was turned around by Feng Qingqiu using various methods.

[Chapter 3495: The mask is broken!](#)

It is impossible for a while to come back and help.

At this time, all the members of the Beidou Sword Sect on the ground were all in an uproar after hearing the words Chen Feng!

The shocked expressions on their faces have reached an extreme.

Many people even yelled, "I don't believe it, I don't believe it, this is not true!"

"Why did Chen Feng come here? How could he become the same brother with us? I don't want to believe it!"

The announcement of Chen Feng's identity has already shocked some people and almost collapsed!

They naturally heard of Chen Feng.

Such as the young heroes like Chen Feng, the pinnacle young talents in the Dragon Vein Continent, how could they have not heard of them?

Someone whispered, "He is Chen Feng? The genius of the Xuanyuan family? The one who was invited by our general to participate in Kongsang Lunjian specially?"

"God! It turned out that he was here, and he also changed his name to Feng Chen! He became our fellow apprentice brother!"

"This Chen Feng, I heard that he has the strength of a two-star three-star Wudi!"

"Yes, I heard that there are countless martial emperor realm powerhouses who died under him. It's terrifying!"

"Such a person is by our side and we haven't found it yet?"

There was a mocking expression on someone's face:

"The most ridiculous thing is not that we didn't find it, but that some people still treated him as a trash and even mocked him!"

"Yes!"

"I don't take a picture of myself with soaking urine, do I have this qualification? Do I have this face? Is it worth it?"

What he said was naturally Zuo Tianhe and others.

At this time, Zuo Tianhe and the others were flushed, and Chen Feng's identity was revealed, and they slapped them in the face.

Stepped their faces completely into the mud!

Chen Feng didn't even say a word, and if he didn't do it, it was enough to slap them in the face!

Because he is Chen Feng!

What they said just now seemed to slap their faces one by one.

They said Chen Feng was inferior to Chu Shaoyang, but Chen Feng was far better than Chu Shaoyang!

Their complexions were flushed first, their faces lost, and then pale.

They suddenly thought of what they said to Chen Feng and what they did, and their hearts were filled with fear.

"I ridiculed Chen Feng like that before, will he bear his grudge?"

"Yeah, if he bears the grudge in his heart, we will be over. He can crush us all to death with a single finger!"

"The so-called powerful family behind us, in front of him, is not a fart! He can crush our family to pieces with one finger!"

"Yes!"

They were terrified to the extreme.

Suddenly, Zuo Tianhe plopped and knelt on the ground, without saying a word, just kowtow frantically towards Chen Feng above the sky.

He only asked Chen Feng to see and spare his life.

They all followed, knelt down and begged for mercy frantically.

The disciples of the Beidou Sword Sect were already shocked and almost crazy!

Those who were familiar with Chen Feng were also shocked.

Neither of them thought that Chen Feng could be so powerful, and his background could be so terrifying!

Gui Qingwen's eyes were brighter than before, and when she looked at Chen Feng, the worship in her eyes was almost condensed.

And Bai Jingwan next to her looked up at Chen Feng above the sky, her eyes were bright and scary, and her eyes were full of pride!

"It turns out that he, it turns out that my him is so terrifying!"

"Even the head was beaten into a waste by him, he turned out to be one of the most prominent young heroes on the Dragon Vein Continent!"

After Shi Hongbo was shocked, he soon recovered.

He was extremely excited, pulled his sister's clothes, flushed with excitement, and shouted: "So he is Chen Feng, so he is Chen Feng!"

"We have been with him for so long, me, me now, I don't know what to say anymore."

But Shi Yebai's look was different from him.

"It turns out that his name is Chen Feng, not Feng Chen."

"When I think about it, it's not an ordinary young man who travels all over the world, but an extremely terrifying powerhouse."

"It turns out that he came to the Beidou Sword Sect for another purpose."

Shi Yebai looked at Chen Feng in the distance, whispering these words in his heart.

What makes her strange is that her mood is extremely calm at this time, and this passage can't even stir up any waves in him.

However, there is a touch of sadness in my heart that is difficult to conceal.

Looking at Chen Feng, she seemed to think of that sunny afternoon.

The two people lying on the bushes of their home, looking at the mountains in the distance, were talking differently.

Suddenly, there was an indescribable sadness in her heart.

Chen Feng is here waiting leisurely.

However, he raised his head and looked far away, with a smile on his mouth, and whispered to himself: "Pu Xingzhou, Lan Zihan, presumably, you should also know what happened here now!"

As expected by Chen Feng.

Although the masters in the army did not come here, what happened here was meticulously done by those in the Heavenly Dragon Army, and everything in every detail was reported back.

In the general's mansion.

Pu Xingzhou and Lan Zihan were shocked and dumbfounded after listening to the feedback from the meticulous work.

Lan Zihan showed a look of horror on his face, and said softly: "General, my subordinates really didn't expect that Chen Feng came here for?"

"Don't say you didn't think about it, nor did I think about it, you don't have to blame yourself."

A smile appeared at the corner of Pu Xingzhou's mouth!

"It turns out that Chen Feng came here for this."

"He has been conspiring long enough, and deep enough!"

There was a faint smile on his face, but he smiled suddenly, looked at Lan Zihan and said:

"Lan Zihan, I remember, you wanted to practice the law a long time ago, but you have not been able to succeed, right?"

"Yes!" Lan Zihan said solemnly.

He was a little surprised, and didn't know why Pu Xingzhou mentioned this.

Pu Xingzhou showed a smile at the corner of his mouth, looked at him, smiled and said, "Don't worry, I promise you, you will have your Dharma photo soon."

"What?" Lan Zihan was overjoyed after hearing this.

Although he did not know why the general said this, he believed that if the general said that, he would definitely be able to do it!

Chen Feng naturally didn't know what happened in the general's mansion.

In fact, all his attention at this time fell on Chu Shaoyang in front of him!

Because at this time, the light mask around Chu Shaoyang's body had already begun to shake, becoming thin and faint.

It may even be broken at any time.

Chu Shaoyang was in it, and he didn't know what he was thinking.

Suddenly, the next moment, with a light pop, the yellow mask broke directly.

[Chapter 3496: Yes, I am forcing you!](#)

At the moment when the mask was broken, Chen Feng instantly tightened his muscles and held the extremely high Longyang sword with both hands.

The Yuqing Giant Spirit Sword Tome was launched in an instant and severely cut to Chu Shaoyang!

He suppressed the same power, and burst out frantically!

Chu Shaoyang also let out a violent roar, and at the same moment, he waved the celestial white dragon spear in his hand and stabbed Chen Feng fiercely.

With a bang, the two collided together!

Originally, Chen Feng's strength was slightly better than him, and Chu Shaoyang was severely injured again, which was even worse.

The extremely high Longyang Sword and the Tianji White Dragon Spear slammed together, and Chu Shaoyang only felt an extremely powerful force coming, and he could hardly hold the Tianji White Dragon Spear!

The blood of the tiger's mouth was directly shaken!

That strength poured into his body, he wowed, a mouthful of blood spurted out, and his figure receded heavily!

Obviously, he is definitely not Chen Feng's opponent!

Chen Feng laughed loudly: "Come again!"

His body flickered, the Golden Crow started his footwork every day, and suddenly came to him.

It was another stab, and slashed down fiercely!

There was a loud bang, and another impact.

Chu Shaoyang was knocked out again tens of meters away!

Chen Feng laughed wildly: "Come again!"

Then there was another fierce chop!

Finally, after the third knife was cut out, Chu Shaoyang let out a scream, and his hands were directly shattered to pieces.

There was a creaking tendency from the wrist, obviously, it was already shattered by this huge force!

He could no longer hold the extremely white dragon spear that day, and flew out directly.

Chen Feng stretched out his hand, caught the Tianji Bailong Spear, and threw it behind him.

Obviously, this is already his trophy.

Three swords!

Chen Feng hit Chu Shaoyang with three swords, so he couldn't even hold his weapon!

At the same time, Chu Shaoyang trembled, and the huge black shadow behind him disappeared and shattered directly.

Obviously, his bloodline activation is time-limited.

Now, it's time!

However, Chen Feng didn't let him off, and laughed again: "Come again!"

The next moment, it flashed in front of him again and launched another attack!

At this time, he was even more determined, because he could see from Chu Shaoyang's current reaction:

Chu Shaoyang, there are no more treasures!

Think about it, no matter how many treasures he has, it is limited, not to mention that these treasures are so precious.

So Chen Feng hit Chu Shaoyang with another knife!

This time, Chu Shaoyang didn't even have a weapon, and could only resist with a pair of palms.

His body is very tough, but how can he compete with Chen Feng's extremely superior Longyang sword?

With a bang, slashed fiercely!

He screamed, and a huge wound appeared on his body.

The wound was extremely terrifying, and it almost split him into two, which was very similar to the first wound on Gao Zhuo's body just now.

Blood crazily rushed out of his body, instantly dyeing Chu Shaoyang into a blood man.

He even vomited blood, obviously his internal organs have been severely injured!

His aura declined extremely, and he was directly in a situation where he was seriously injured and dying!

Chen Feng looked up to the sky and laughed, extremely happy!

So far, everything in his plan has gone smoothly.

Now, Chu Shaoyang didn't even have the power to fight back!

However, Chen Feng stared at him, but his eyes were still extremely guarded.

Because Chen Feng knew that Chu Shaoyang's various methods were too many, if he let his guard down on him, then he would definitely pay the price!

Chu Shaoyang stared at Chen Feng and seemed to be asking seriously: "Chen Feng, you must kill me today, right?"

Chen Feng looked at him, his eyes became solemn:

"If we were to get along with each other in different places, would you spare me? Both of us..."

He took a deep breath, and then slowly said: "Just look for all opportunities, look for all possibilities, and kill the opponent!"

Chen Feng raised his chin, his face showing boundless pride:

"There can only be one piece of luck in the Dragon Vein Continent, and it belongs to me, Chen Feng!"

"You, Chu Shaoyang, want to grab this luck with me!"

He coldly spit out three words: "Damn it!"

A very strange expression suddenly appeared on Chu Shaoyang's face: "Okay, very good!"

"Chen Feng, you forced me!"

Chen Feng smiled and said: "Yes, I am forcing you, and I must also force you!"

Chen Feng knew that Chu Shaoyang must have a hole card.

And he knew very well that if he forced Chu Shaoyang to use this hole card, he might suffer extremely serious injuries!

But Chen Feng must do this!

He had to do it too!

Chen Feng stared at Chu Shaoyang with awe-inspiring eyes, and his eyes were full of solemnity!

He knew that Chu Shaoyang must have his hole card and hadn't opened it.

He also knew that someone like Chu Shaoyang couldn't leave himself a hole card to save his life!

Therefore, Chen Feng has always been tightly strained.

But even so, he would still persecute Chu Shaoyang!

Even so, he will still kill Chu Shaoyang!

If you don't force him to die today, and if you don't force him to use up his last hole cards before he dies, is it possible to wait for him to find a respite in the future and then use this brand to kill yourself?

Chen Feng definitely doesn't want to do this!

Chu Shaoyang suddenly let out a roar of resentment: "Chen Feng, even if I die, I will drag you to die together!"

Chen Feng was awe-inspiring: "Chu Shaoyang's ultimate trump card is about to be revealed!"

At the next moment, Chu Shaoyang suddenly fell to his knees.

At the same time, he read a paragraph from his mouth.

This passage is extremely weird, mysterious, and jerky.

After Chen Feng listened, he felt that this was not any language on the Dragon Vessel Continent at all.

Even, it is not a human language.

It's another level of existence, the language of biology!

Moreover, he felt that this was not what Chu Shaoyang said and read out, but seemed to use his body as a medium to transmit some fluctuations.

Then, Chu Shaoyang suddenly stood up and took seven steps!

The place he set foot on actually formed a formation!

Next, he knelt at the center of the formation, banging banging, kowtow again and again!

Seeing this scene, Chen Feng's eyes flashed sharply.

"His hole cards have already been used, so I can't stop!"

"I'm attacking him now. If he interrupts his hole cards, then his hole cards are also used up, and there is no real harm to me!"

Chen Feng is waiting for now!

He couldn't wait for Chu Shaoyang to keep his hole cards.

What he wanted was Chu Shaoyang to activate his hole cards, but at this time, he would interrupt his hole cards!

Chen Feng immediately waved the Longyang Sword in his hand and began to attack!

[Chapter 3497: The ultimate trump card, finally opened!](#)

This black light enveloped Chu Shaoyang. Chen Feng's knife slashed several times, but they couldn't open it, and there was no way to destroy it at all!

But all this did not surprise Chen Feng.

He has already made this preparation.

Shaoyang's hole cards were launched, and if they were destroyed by himself so easily, they could not be called hole cards.

"In that case, then..."

Chen Feng glanced at Xian Yu Gao Zhuo, and beat Hou Zhuohong casually.

Then, carrying him and Xian Yu Gao Zhuo came far away.

At the same time, Wu Bing's two women were also transferred here.

Wu Bingshuang glanced at Chen Feng deeply and said softly, "Chen Feng, if you can save us this time, I will repay you well."

Chen Feng looked at him and said lightly, "I just reached an agreement with Feng Qingqiu, don't thank me so much!"

Chu Shaoyang was kowtowing with a very rhythmic rhythm.

Chen Feng felt that his breath at this time was strange, like a plea, but also an exchange, with a hint of resentment in it.

The whole person is in a very strange and mysterious state.

And soon, he knocked his head for ninety-nine times!

At this time, blood overflowed on his forehead, and countless light spots appeared all over his body.

Among those light spots, there are countless rays of light coming out, and those rays of light flashed toward the sky, seeming to have gone to the extreme far.

However, Chen Feng was shocked and his face was shocked.

It turned out that he felt that his luck at this time actually began to fluctuate!

So he immediately felt a shock in his heart: "The light that escaped from Chu Shaoyang turned out to be his luck!"

Those luck began to escape outward.

"Could it be that Chu Shaoyang is using his luck, his luck associated with the Dragon Vein Continent, in exchange for something?"

"Or is he using his luck to lead something?"

But at this moment, a golden light appeared in the formation at Chu Shaoyang's feet.

The golden light was straight up, and suddenly, a thick golden beam of light was formed, straight into Tianyu, I don't know where it leads!

At the same time, the mask around Chu Shaoyang's body also snapped and shattered!

Chu Shaoyang fell softly to the ground, only to breathe out and not to inhale.

At this time, Chen Feng only needed one move to kill him.

Chen Feng immediately rubbed his body!

At this moment, he only needs one move to be able to kill Chu Shaoyang.

But at this moment, Chu Shaoyang put on a smug smile on his face, looked at Chen Feng and said, "Chen Feng, you can't kill me!"

At this moment, Chen Feng felt his body froze.

It was not that his body was stiff, nor was the surrounding breath frozen, but at this moment, Chen Feng felt like he was sealed.

A powerful force that descended from the sky controlled him and made him unable to move!

Chen Feng can only move his head at this time!

At the same time, Chen Feng heard a huge exclamation around him.

Everyone looked up!

Chen Feng also looked up!

The next moment, his pupils shrank sharply! An extremely shocked expression appeared in his eyes!

It turned out that at this moment, the sky was shaking violently!

The next moment, there was a crack in the sky!

In the next instant, in the crack, there were five huge fingers sticking out!

Then, those five huge fingers tugged aside!

Suddenly, above the sky, a huge black hole appeared!

It feels as if one hand touched the window and cut a few holes in the window paper.

Then, with a sneer, tear the window paper into a space that can be passed by your hands!

"But, God! He tore it open, it's the sky!"

"God, it's ripped apart, but the whole sky!"

Chen Feng was stunned there!

He stared at the giant hand that covered the sky blankly, and suddenly a chill fell over his body.

It has been cold from head to toe!

This, is this the rescuer who moved from Chu Shaoyang?

Chen Feng felt that his thinking seemed to be frozen by shock!

In fact, not only him, but the entire Sky Dragon City had seen this giant hand.

Even a powerful enough powerful person with a radius of thousands of miles, hundreds of thousands of miles, has seen this giant hand!

Because, the size of this giant hand is tens of thousands of miles!

This sky-shading giant can cover the entire Sky Dragon City, not to mention the Beidou Sword Sect!

If this hand is dropped, the entire Sky Dragon City can be covered under it!

The Beidou Sword Sect is not even as big as one of his fingernails!

If this hand falls, Sky Dragon City will disappear, leaving only a huge palm print in place!

Chen Feng's breathing stopped. The biggest existence he had ever seen before was Teng Snake.

And if Teng Snake faces this giant hand, I'm afraid it will be easily pinched to death!

You can squeeze it with two fingers!

In Sky Dragon City, everyone was stunned and looked up blankly to see this scene.

Those who were arranged by Chu Shaoyang who were making troubles around the city, and those who were making trouble in the military camp, stopped and watched this scene.

The strong men in the army, the soldiers, and all the common people watched this scene blankly.

In the city, in the Zhulin Medicinal Food Studio, Lin Ran and others ran out of the house after hearing the exclamation from outside.

Then, I saw this giant hand.

Suddenly, they all trembled.

Not knowing what happened, Lin Ran and Zhong Lingzhu had a thought in their hearts at the same time: "This hand is definitely related to Chen Feng!"

Above the ground, the disciples of the Beidou Sword Sect were also staring at this giant hand!

Everyone was dumbfounded, dumbfounded.

Zuo Tian and the others who were kowtow also stopped, staring blankly.

Suddenly, one of the people in the crowd shouted in that groaning tone: "Chen Feng, this must have something to do with Chen Feng!"

"Yes! God, is this hand to deal with Chen Feng?"

"How terrifying is Chen Feng's strength!"

Suddenly someone shouted: "Such a terrifying existence will come to deal with him!"

In Tianlong City, in the General's Mansion, Pu Xingzhou and others rose into the sky, looking at the giant hand that covered the sky from a distance, shaking their hearts.

Pu Xingzhou's face suddenly showed a touch of extreme shock, and then he seemed to think of something.

As a result, this shocking color turned into a deep fear.

He trembled and said to himself: "Could it be that it was the horrible existence?"

His voice was trembling.

Lan Zihan, who was next to him, glanced at him, shocked and terrified in his heart.

He has known Pu Xingzhou for many years, and Pu Xingzhou has never been so upset.

[Chapter 3498: God asks!](#)

Even Pu Xingzhou spoke in this tone, which shows how powerful this existence is!

After a while, Pu Xingzhou Fang broke free from the extreme fear and shock.

He looked at the giant hand with deep anxiety in his eyes.

"If that horrible existence reappears, then, I am afraid that the Dragon Vein Continent will be in a **** storm, I don't know how long!"

The appearance of this giant hand shocked everyone!

The tens of millions of people in Tianlong City were stunned, stunned, stunned.

Looking at the giant hand covering the sky, it was as if at this moment, the time of Sky Dragon City was imprisoned!

At this moment, this noisy and huge city became extremely quiet!

At this time, Chen Feng finally recovered.

One hand tore open the sky, and then that hand came out from it!

This hand has thick joints and an old wrinkle on the finger!

She saw the giant hand and changed its movement.

It was originally pressed down flat, but now four fingers are curled up, leaving only the index finger.

Then, the index finger slowly clicked! Suppressed!

The direction that was pressed down was exactly where Chen Feng was!

He wanted Chen Feng to be alive, like an ant, crushed to death with his fingers!

In fact, compared with this giant hand, Chen Feng is indeed as small as an ant!

This giant hand has reached ten thousand miles in length, and a wrinkle on the giant hand is even as tall as a mountain!

At this moment, Chu Shaoyang was sitting there, looking at Chen Feng, and laughing wildly: "Chen Feng, have you seen it?"

"This is my hole card, this is the existence standing behind me!"

"You still provoke me? You compare me? Are you qualified?"

"Hahahaha!"

He laughed triumphantly!

In his opinion, Chen Feng not only couldn't kill him, but he would definitely die!

Chen Feng was shocked first!

But after the shock, it was extremely angry!

The shocked emotion didn't even last longer!

Because Chen Feng has seen too much and knows too much!

Therefore, for this seemingly impossible thing, but also immediately accepted.

He is mainly angry, extremely angry!

Because at this moment, there was a flash of inspiration in his mind, and part of the sealed memory seemed to be directly unblocked.

Then, these memories poured into his mind!

To be correct, it is not a memory, but a part of knowledge!

"It turned out that it was the existence! It turned out that it was him!"

These things made Chen Feng's confused eyes clear, and he probably knew a trace of the origin and identity of the owner of this giant hand!

And how despicable what he is doing now!

At this moment, Chen Feng suddenly roared to the sky, and his voice shook the whole place!

"I'm Chen Feng, 27 years old, and my strength is comparable to the peak of Emperor Wudi of Samsung!"

"Chu Shaoyang, five years older than me, far inferior to me!"

"You, why do you press me!"

"I'm Chen Feng, unparalleled talent, god-level qualification, and the dragon vein continent, second to none!"

"Chu Shaoyang is nothing compared to me!"

"You, why press me!"

"I'm Chen Feng. Be honest and upright, resolute, and move forward bravely!"

"Chu Shaoyang is despicable and shameless, acting as a man, timid and fearful!"

"You, why do you press me!"

"I, Chen Feng, stand upright in this world and inherit the luck of the Dragon Vein Continent!"

"Chu Shaoyang's luck was weak, and he even colluded with extraterrestrial demons to endanger the Dragon Vessel Continent!"

"You, why do you press me!"

Chen Feng raised his head and asked four questions to the sky!

As Chen Feng asked the sky four times, suddenly, above the sky, thunder masterpiece! Razer dance!

Countless thunder and lightning slammed down, as if the sky was broken!

In an instant, countless peaks were shattered, and thunder tore through countless spatial cracks!

It seems that even God is angry about this!

"Chu Shaoyang is not as good as me, not as good as me, not as good as me, not as good as me, luck is not as good as me, a waste!"

"Why do you help him, not me!"

Chen Feng looked up to the sky and asked four questions, with great momentum!

Anger, straight into the sky!

Chen Feng's words are full of boundless confidence!

His boundless self-confidence and boundless domineering, as if to dominate this world, are all taken for granted by him!

This person can only help him, never suppress him!

Because to suppress him is to suppress this heaven!

And in Chen Feng's words, the most emotion is anger!

Chen Feng was extremely angry. He tried his best to count every day, and finally wanted to kill Chu Shaoyang at this time, but this person suddenly appeared and wanted to suppress him!

To save Chu Shaoyang, and to wipe him out!

And Chen Feng knew who this person was probably at that moment.

So he was even more angry!

Because of this person's identity, to help Chu Shaoyang, that is to cheat!

Because he doesn't help anyone, it's all unfair!

He can only help Chen Feng!

Because of Chen Feng, he is the one with heavier luck!

At this time, the owner of that giant hand seemed to hesitate for a while after hearing this, and stopped for a moment.

then. But still continue to press down as before!

At this moment, Chen Feng had no fear, no panic, only incomparable anger!

The anger rose to the sky, and countless flames seemed to rise behind Chen Feng!

No, not what it seems, but a real flame!

Behind Chen Feng, countless golden flames suddenly appeared, rising from the sky!

These golden flames turned into golden dragons several hundred meters long, and instantly formed a huge golden sea of clouds on the sky.

The entire sky was illuminated into a bright golden color.

Standing in this golden sea of clouds, Chen Feng opened his arms, raised his fists, his face full of anger!

He sternly said: "You, why do you press me!"

The next moment, his arms were raised high, that boundless anger turned into infinite power, and slammed against the giant hand that was pressing down on the sky.

And in this boundless anger, Chen Feng's luck was also burning.

Finally, with the burning of this luck, with the existence of this boundless anger.

Kalala, a loud, clear and audible sound, resounded directly around Chen Feng's body.

As a result, the pressure that held Chen Feng, the pressure from the giant hand that covered the sky, suddenly eased a lot.

Chen Feng feels. Above that pressure, numerous cracks appeared.

He only needs to put more effort to break the pressure.

But at this moment, the giant hand above the sky shook.

In an instant, the imprisonment around Chen Feng was reinforced once again, and Chen Feng completely lost the hope of getting out of the imprisonment.

But this moment, made Chen Feng feel that he also seemed to consume a lot.

However, no matter how much he consumes, there is no problem in crushing Chen Feng to death.

Because now it is impossible for Chen Feng to escape.

[Chapter 3499: I am not convinced!](#)

At this moment, Pu Xingzhou, who was on the Longcheng General's Mansion in the distance, looked at Chen Feng, with a flash of expectation in his eyes.

He whispered softly: "Chen Feng, work hard! Don't give up!"

"You only need to break free of this imprisonment anymore. He has come over a billion li, no matter how strong he is, it will be limited here!"

"He has no power to imprison you again!"

He has great strength and broad knowledge, so he can see clearly.

But at this time, where can Chen Feng break free?

useless!

Even if Chen Feng is angry, even if there is a trace of luck burning, it is useless!

Not only can't stop that giant hand, it can't even break away from the control of that giant hand!

Chen Feng, break free!

The giant hand covering the sky, continue to press it down!

At this time, no one can help Chen Feng.

Xianyu Gaozhuo and Hou Zhuohong have become useless and can't even move.

The two women of Wu Bingshuang were lying there, they were able to move, but they had no power to do anything now.

They couldn't even kill Chu Shaoyang who had only a little strength left, let alone block this terrifying blow!

That big hand, slowly depressing, the force sinks!

The giant hand covering the sky almost seemed to cover the entire God of War Mountain Range.

And so is its actual size!

What a horror is this?

With such a big hand, even if it is like a snake, you can grab it with one hand and tear it apart with the other!

How terrible?

As the big hand pressed down, that boundless pressure followed.

Chen Feng felt that the sky seemed to be falling, pressing down on his body!

Kakaka, some mountain peaks have been directly pressed into powder.

Even this green mountain cliff is crumbling!

Chen Feng felt the boundless pressure squeezed toward him, and wanted to squeeze himself into a mass of mashed flesh, turned into powder, and wipe it out directly in the world! disappear!

Facing the blow of this giant hand covering the sky, even in the great general's mansion in the distance, Pu Xingzhou was full of shock.

He rose into the air, looking at the falling giant hand, a huge shock that could not be concealed on his face.

Amidst the shock, there was also unspeakable fear.

This kind of fear rarely appeared on his face.

He muttered to himself: "Is that the existence? Is it the attack by the terrifying existence?"

"God, he is several billion miles away from here, and with such a long distance, he can launch such a tyrannical attack!"

"I feel that under this blow, most of my Sky Dragon City will be destroyed!"

"so horrible!"

He was shaking slightly all over!

This kind of fear, this kind of extreme suppression of strength, even if it caused him to give birth to unspeakable horror.

He was so far away, in the very center, what kind of situation was Chen Feng being attacked?

As you can imagine!

At this time, Chen Feng's situation was extremely bad!

The vigorous pressure kept pressing down, and as the pressure changed, the confinement around his body was constantly changing shape.

Finally, with a boom, the tremendous pressure directly pressed Chen Feng to the ground!

Chen Feng felt that every inch of his body was under unparalleled weight!

At this time, Chen Feng was lying on the ground, his body was directly pressed into the ground.

His face was stained with mud.

His body became stiff, and Chen Feng felt even more that his body was almost turned into mud.

Countless blood poured out from his internal organs.

Chen Feng's vision was blurred, and his eyes were red, because blood was already flowing out of his eyes.

Chen Feng's eyes, ears, mouth and nose were all full of blood pouring out.

He gulped blood, and the ground in front of him was already wet!

At this time, Chen Feng was already crushed into the dust!

It turned out that the owner of this giant hand not only wanted to kill Chen Feng, but also to extremely humiliate him and humiliate him before he died!

Chen Feng felt that there was someone stepping on him, grinding back and forth, crushing his internal organs and crushing his body into mud.

Chen Feng felt that he was about to die now, and even his consciousness was blurred!

A voice in his heart muttered: "Is it dead? Am I going to die now?"

He felt that there were countless lines of qi luck involved, and countless qi luck entangled.

Chen Feng felt even more that in the darkness, countless emotions came from the ends of countless lines.

It seems that there are countless people who want to save themselves, are involved with countless luck, and want to pull themselves out of their current fate.

But it's useless!

It's all useless!

All the luck that tried to save him was involved, and in an instant, they were all broken!

The master of the giant hand that covers the sky is terrifying to an unimaginable level. He can even tear his luck and Chen Feng's fate to pieces!

His strength has reached another level!

No fight back, completely crushed!

The difference in strength between Chen Feng and the master of the giant hand is too big!

Chen Feng now exhausted all his strength and took out all of his hole cards, but facing the light blow of this giant hand, it was useless at all.

This giant hand that covers the sky didn't do any movement, but slowly pressed it down as before, and all his resistance and all his powers were smashed!

Above the ground, Gui Qingwen, Shi Yebai, Shi Hongbo and others looked at Chen Feng with worry.

And Bai Jingwan, as if going mad, let out a stern shout, and ran towards the direction of Qingshan Cliff.

But how did she get here!

Above the sky, the pressure was slightly reduced, and she was directly crushed to the ground.

Blood spurted wildly, and couldn't stand up.

Where can she help Chen Feng?

Looking at Chen Feng on the green mountain cliff, she let out a miserable cry full of anger and helplessness!

She wanted to help Chen Feng, but she was unable to do anything at all!

The current situation is that not only can Chen Feng not kill Chu Shaoyang, but he will directly die under the blow of this giant hand.

Chen Feng couldn't do anything at all in a blow that was so powerful that it could tear the world apart.

He stiffened there, watching the giant hand press down on him!

Only then did he realize that everything he had done before seemed to be in vain and was so ridiculous.

In front of the absolute power of this giant hand that covers the sky, there is no effect at all!

At this moment, Chen Feng felt a tremendous sense of frustration!

But the next moment, this frustration was completely dispelled by Chen Feng and disappeared without a trace!

Chen Feng looked up, looked at the huge and old giant hand covering the sky, angrily spit out three big characters: "I don't accept it!"

[Chapter 3500: No one can think of me as an ant!](#)

The three big characters of Chen Feng came out, very exciting!

To the surrounding, far away!

The disciples of the Beidou Sword Sect on the shaking square screamed one by one.

Eyes, ears, nose and mouth are bleeding!

The entire Sky Dragon City, at this moment, heard this cry full of incomparable anger!

At this moment, I don't know how many people suddenly turned around and looked in the direction of the sound, their faces full of horror.

The sound came out loudly, hitting the cliff of the green mountain! Hit the endless peaks of the God of War Mountain Range!

Reverberate back and forth!

In the end, it condensed into an earth-shaking roar: "I'm not convinced!"

Awesome, magnificent, seems to be questioning that day!

And this sentence seems to have reached the ears of that extremely terrifying existence!

Suddenly, the giant hand that was pressing down paused for a moment.

In the next moment, an old voice full of indifference suddenly sounded, and it was very vast: "Are you dissatisfied? So what?"

This voice was full of indifference, as if only treating Chen Feng as an ant.

Doesn't care what he thinks at all!

Chen Feng's words and Chen Feng's thoughts had no influence on him.

What he did was just kill Chen Feng!

He was just indifferent, completely treating Chen Feng as an ant.

At this time, Chen Feng was even more furious!

"No one can think of me as an ant!"

"No one can kill me at will!"

"nobody!" **noveLusb.COM**

He roared crazy!

At this time, there was only one voice in Chen Feng's heart yelling frantically: "How can I give up? How can I give up!"

"I'm Chen Feng, facing this palm, no matter how strong it is, what about it?"

"How can I admit defeat? I'm not convinced!"

Chen Feng made a crazy roar!

Even if he was pressed into the mud, Chen Feng did not give in anyway!

In his heart, a huge voice was roaring furiously!

Suddenly, Chen Feng felt that there was a cracking sound in his mind.

Just like, the chick broke free from the **** of the eggshell, and quietly stretched out his little head from the crack to welcome the sun rising from the horizon!

It seems that the sprouts of the grass turned over the huge clod of soil, blooming with a touch of new green!

In an instant, Chen Feng's mood suddenly became extremely calm.

All the anger, hesitation, fear, pressure, all disappeared!

There is peace in Chen Feng's heart!

On the side of his body, that Martial Soul Space suddenly appeared.

Ba Snake Wuhun let out a scream, opened his eyes, raised his head, his eyes were blood red, and his eyes were misty and misty, as if they contained the mystery of the universe!

The power of Wuhun suddenly broke out!

Above his head, the Tengtian idol combat body suddenly appeared, and Yang Tian let out a fierce roar!

The power of the Shenyuan combat body is surging!

Even in the midst of darkness, Chen Feng's face also let out a sharp roar.

At this moment, Chen Feng used all his power to maximize his power!

At this moment, he even felt nothingness before his eyes.

And these days, the several insights accumulated by Chen Feng, the breakthrough in the state of mind, finally broke out together!

Scenes flashed before his eyes:

In the birch forest, the young man walked slowly on the fallen leaves after the rain, melting himself into the world!

The rain is dripping, and the teenager is in this green shirt, not hurriedly or slowly, and amidst the rain, Ren Pingsheng!

At this moment, Chen Feng broke through!

He felt that all of his body and body, all the related faculties, seemed to be extremely clear, extremely clear!

At this moment, Chen Feng suddenly felt that the world in front of him had changed.

I no longer look into the distance from Chen Feng's perspective, I just see my back and the top of my head.

"I actually saw my back? The top of my head? What's wrong with me, is my soul out of my body?"

Chen Feng was surprised.

Then, he suddenly felt that there seemed to be infinite power in his body waiting to be exploited.

This power can destroy the world! Tear the entire plane in general!

Tyrannical to the extreme!

But it is a pity that all these powers are stagnant, and at the same time there is a giant in his belly, which has not been refined at this time.

And around his body, it is more like a countless huge iron chain tied up, binding himself tightly.

Unable to break free, extremely uncomfortable!

If you want to break through, you can't, but you can't practice.

Chen Feng was shocked in his heart, and then his body shook. The next moment, he felt a long idol roar from his throat.

Chen Feng suddenly understood.

"I, I have actually entered the body of the Tiantian idol combat body!"

"It turns out that I was looking from his perspective at this time. No wonder I can see the top of my head and my back!"

At the next moment, Chen Feng stabilized his mind.

At this moment, he suddenly felt an unspeakable enlightenment coming!

At the same time, a force that seemed to be intertwined with luck, flew out from somewhere in the dragon city that day, and landed on his body!

At the next moment, Chen Feng suddenly felt that the countless ropes that seemed to trap him heavily, with a bang, all exploded!

In an instant, the body was extremely relaxed and extremely light! Comfortable to the extreme!

Chen Feng suddenly felt like a fairy.

At this moment, he was extremely shocked.

And the next moment, this consternation turned into ecstasy!

"The ones that bound me, disappeared!"

"The entanglement in air luck has disappeared, and my current Shenyuan battle body can break through!"

"My current Shenyuan can break through!"

And at this moment, Chen Feng felt that endless power poured into his body.

He saw that a huge vortex visible to the naked eye appeared around his body.

This huge vortex spread rapidly, reaching the size of hundreds of miles in an instant, covering the entire sky, covering the entire Beidou Sword Sect!

The vortex spins rapidly, and endless power is drawn from the surroundings.

In an instant, the power of the entire Beidou Sword Sect and even the entire Sky Dragon City was drawn out by Chen Feng and entered the whirlpool.

Then, poured into his stepping idol battle body!

In the next moment, the tyrannical force that has been accumulated for a long time in this heavenly idol battle body burst out!

So, with a bang, this heaven-struck idol battle body was directly disintegrated and turned into a number of thick god-element battle bodies!

Then, a golden lightning **** appeared, two golden lightning gods appeared...

That endless aura is poured into these golden lightning gods.

The golden lightning spirit in the sky continued to condense.

Boom boom boom boom!

Twelve golden lightning gods had condensed before they stopped.
