

## Peerless 3511

### [Chapter 3511: Extraterritorial Celestial Essence Blood](#)

However, Chen Feng now has no time to observe carefully, he has more important things to do.

Chen Feng put all these weapons into the Jian Nang.

Then, carefully hanging around his waist, he opened a small package.

After the package was untied, there was a piece of clothing inside, which was exactly Chu Shaoyang's clothing.

It turned out that Chu Shaoyang's body turned into powder and disappeared, while his soul was taken away by that terrifying existence.

In the same place, there was only one piece of clothing left.

Chen Feng took it over. When he took it, he felt that there was something in it, so naturally he had to take a good look.

Chen Feng first unfolded the clothes. It was a big cloak. Chen Feng could see that it was made of extremely rare ice silk.

It is warm in winter and cool in summer.

The most important thing is that any dirt on it will be cleaned by itself.

This material is most suitable for making clothes.

In fact, it is very extravagant to make outer robes. Many powerful warriors get one or two feet of material, but they are carefully sewn on a certain inner armor and worn next to their skin.

It can save a life when it is critical.

Like Chu Shaoyang, it would be too wasteful to simply make a big cloak.

However, Chen Feng naturally disdains the clothes he wears.

He shook his clothes, and suddenly a sacred box came out from the robe!

However, Chen Feng did not look at Nasumi Box.

Anything that can be put in the box of Xumi is not necessarily a good thing, and most of it is not high-level.

Good things are those that can't be received!

Chen Feng cast his gaze to the others, and when he reached out, he caught them and held them in his hands.

In addition to this small box, there are two other things shaken out.

One of them is a crystal bottle.

This crystal bottle looks like crystal, but it is actually made of a very special material.

At a glance, Chen Feng knew that this material was extremely strong. Although it was transparent, it was extremely difficult to break.

Think about it too, if it is not strong, how can it survive the attack of the giant hand that covers the sky?

But Chen Feng saw that what was in the crystal bottle was a drop of black liquid.

Yes, it's a drop, not a bottle.

Because, although the liquid is stored in a fist-sized crystal bottle, it is not spread in it like water.

It still maintains a complete drop shape.

Maintaining the shape of a drop of water, its size is like a child's fist.

It looks more like suspended in this crystal bottle.

Chen Feng moved his gaze to it, just took a look, and suddenly felt a thud, as if he was about to explode in his mind.

Suddenly he heard an extremely stern howl of a demon in his ear.

The howl of the demon was extremely fierce and terrifying, and I didn't know how much negative emotions were mixed in it.

These negative emotions all flooded into Chen Feng's mind!

In the next moment, countless phantoms of Heavenly Demon suddenly appeared in front of Chen Feng.

Moreover, Chen Feng was sure that this was definitely not an illusion, but a real phantom of the Heavenly Demon!

At this moment, that drop of purple-black liquid was like a world.

Countless demons ran out inside.

There is a slender figure, slender and coquettish, like a girl, but there are two curvy horns on his head, and the demon is exposed.

It is huge and can resist mountains, a troll with a toe like a giant mountain!

There are three pairs of huge ethereal wings born behind them, and the feathers are as dark as ink, ethereal and graceful!

Countless heavenly demons appeared, pouring into Chen Feng's mind!

With a wow, Chen Feng spewed out a big mouthful of blood.

His mind almost burst open!

Chen Feng's eyes were confused, and for a moment, almost his thinking was stagnant.

But what kind of person is Chen Feng?

In an instant, he reacted with a violent roar, and the power of the dragon descending Arhat flowed in his body, and the godlike battle body appeared behind him, making a buzzing sound.

Then, on Chen Feng's body, a huge and majestic golden power suddenly bloomed!

This golden power is not that powerful compared to the power of the demon!

If the power of the demon is a mountain, then the size of this golden power is at best a sword.

It was as if the opposite was a huge water tank, and the golden power was just a small hammer.

But the quality of golden power is terribly high.

This knife smashed a mountain into pieces!

This hammer broke the water tank!

The next moment, that golden power splashed on the endless heavenly demon.

As a result, all those gods screamed screaming, and their bodies melted directly.

In an instant, those demon all disappeared without a trace.

And in Chen Feng's ears, all the screams of the demon that day disappeared.

Chen Feng sat down on the ground, panting heavily, his face pale, and his forehead was already sweating.

After a while, he just slowed down, his face still showing horror, and he muttered, "It's terrible!"

"This drop of liquid is terrible!"

"What the \*\*\*\* is it? I just glanced at it, and there are so many demons appearing? There are so many voices that want to enter my mind!"

"Just now, if it wasn't for the power of the golden dragon descending arhat to save my life, I'm afraid I have become a zombie now, driven by this demon!"

Chen Feng didn't dare to be careless anymore, holding his breath and concentrating, the power of the dragon and arhat spread all over his body.

Then, he looked at the drop of purple-black liquid.

Chen Feng knew that it must be the ghost of this thing, but now, there is no waves!

Chen Feng saw this drop of purple-black liquid, crystal clear, extremely bright, just like the best gem carving.

Even, there are many aspects inside.

That light refraction is extremely magnificent!

At this moment, although it did not occur, Chen Feng could feel the vast and boundless power contained in it!

Chen Feng sighed softly, and suddenly blessed, and immediately knew what this thing was!

He clapped his hands and said loudly, "I see, this thing is the blood of that extraterritorial demon!"

"This is the source of the blood of the extraterritorial heaven demon, the blood of the heaven demon!"

"No wonder when I opened it just now, I felt that countless demons were harassing you!"

"This is a drop of essence and blood, and it is definitely the essence and blood of a very high-level Heavenly Demon. That's how Chu Shaoyang's Heavenly Demon bloodline came from."

"Sure enough, it came from a foreign object!"

Chen Feng's guess was correct.

This thing was the blood of the extraterritorial heavenly demon Chu Shaoyang obtained from a terrifying existence.

The reason why he was able to activate the blood of the heavenly devil was because of this.

[Chapter 3512: The key to the sixth ring clue!](#)

He originally had two drops of extraterritorial heavenly demon essence blood, but after he used one drop, there was only one drop left!

Chen Feng sighed: "I don't know how to use this extraterritorial heavenly demon essence blood, but it must be inseparable from its sect, similar to other bloodlines."

"In that case, I should be able to know if I go back and ask Xuanyuan Xiaoyue."

Chen Feng looked at the drop of heavenly demon essence blood and sighed softly.

In fact, he knew very well in his heart that this drop of heavenly devil blood was the biggest treasure he had harvested from this trip, and it would have a huge impact on him in the future!

Chen Feng carefully stored the blood of the extraterritorial heavenly devil, and then looked at another thing.

This is the second treasure he got from Chu Chu Shaoyang, and it is also the last treasure to see today.

After this treasure fell into Chen Feng's eyes, it made him frown.

He whispered softly: "What is this?"

It turned out that this treasure was actually a piece of tile-like thing, which looked very ordinary, as if a tile had been broken.

It has a very rough texture.

Apart from that, nothing else, even at the edge, Chen Feng could see the traces of the fracture.

It was as if this was a broken tile that was knocked down, nothing unusual.

Chen Feng would never think so.

Chen Feng's understanding of Chu Shaoyang's behavior, Chu Shaoyang is so utilitarian, he will never carry anything useless to him.

It is possible that someone else will carry a broken tile, which is really a broken tile. For example, this broken tile used to be and records a story that happened to him, or that his beloved person left him with a very meaningful person. Down.

But Chu Shaoyang would never do such a thing.

This person is extremely ruthless.

If this thing is of no use to him, he will throw it away without hesitation, no matter how deep the relationship he has with him.

So, this thing is definitely something related.

Chen Feng was aroused to be competitive, but at this time, he had to figure out the origin of this thing.

He secretly said in his heart: "Then just use the exclusion fingering."

"Think about what adventures Chu Shaoyang has experienced, what kind of stories he has had, then just eliminate it bit by bit."

Chen Fengzai thought carefully:

"Chu Shaoyang once got the secret of the tomb of the Great Emperor Yin and Yang. This is his first clue."

Therefore, Chen Feng immediately tried to use the power of the Great Emperor Yin and Yang to detect, but the ancient well was waveless and had no effect.

Chen Fengfeng was not discouraged, but continued.

"Chu Shaoyang, once got the incorruptible body of King Kong."

So Chen Feng probed again, as it was.

Chen Feng began to think again: "Chu Shaoyang once was like me, and got the secret of the Nine Rings clues to Emperor Crazy Blade!"

As a result, Chen Feng began to simulate the breath of power that he had touched among the nine-ring clues of the Great Knife Great.

And just when Chen Feng's breath just touched the broken tiles.

With a bang, the broken tiles actually jumped up.

Chen Feng suddenly felt happy: "Sure enough, this broken tile really has something to do with the Nine Rings clues of Emperor Crazy Blade!"

He clapped his hands and laughed: "I knew that Chu Shaoyang and I had obtained the comprehensive plan of the Nine Rings clues of the Great Sword Emperor!"

"How could he have less tokens?"

But after a while, as Chen Feng's power poured in, there was a bang, and the broken tiles exploded directly.

No, it should be said that it was not exploded, but the dust on its surface exploded, exposing the inner core below.

This is actually an extremely delicate diamond-shaped gem.

This diamond-shaped gemstone has a lush red color throughout and looks extremely magnificent.

The diamond-shaped gemstones are brilliant and brilliant, and one character after another is constantly pouring out of it.

Chen Feng closed his eyes and concentrated for a while, then suddenly stretched out his hand and held it in his hand.

In the next moment, the power that had the same origin as the Great Sword Emperor was madly concentrated here.

Then came the next moment. With the instillation of the power that was the same as the gemstone, Chen Feng felt that a similar power was also coming out of the gemstone!

In the next moment, these two powers converge, and the power in the gem is like introducing one's own power into it.

In an instant, it was all over the whole diamond-shaped gem.

Then, the diamond-shaped jewel suddenly shined, and a diamond-shaped light shining directly from it, directly shining on the wall of the inn.

When Chen Feng saw it, he was shocked.

It turned out that he saw that in the projection on the wall, there were lines emerging one after another.

These lines quickly formed a map.

A smile appeared at the corner of Chen Feng's mouth, then he gave a high-five and laughed loudly: "The map of the sixth ring clue!"

"I see, this must be the map where the sixth ring clue is located!"

He sighed: "The Great Sword Emperor is used to playing such tricks."

Chen Feng sighed lightly and stretched out his hand to hold the diamond-shaped gem.

Suddenly, the light dissipated, and the map disappeared.

And Chen Feng has already firmly remembered the location on the map. At the same time, when he instilled power into the diamond-shaped gem, he also discovered that there is a rather mysterious power in the diamond-shaped gem. .

This power is not very powerful, but it is extremely sensitive. It seems that when it is touched by a power similar to the Great Sword Emperor, it will immediately react!

Thinking of this, Chen Feng stretched out his hand, and the power of the Great Sword Emperor quietly popped out.

A trace, just a trace, not very strong.

Then slowly approached the diamond-shaped gem.

Sure enough, as Chen Feng had expected, the diamond-shaped gem suddenly jumped up in the next instant and reacted fiercely.

There is a flash of light on it.

A smile appeared at the corner of Chen Feng's mouth: "It turns out that this is the key to unlock the secret clues of the sixth ring."

"This thing is not only a map, but also a key!"

"As long as it is close to the location of the sixth ring clue, I'm afraid it will shine."

He was even more grateful: "Chu Shaoyang, Chu Shaoyang, when it comes to means, you are no worse than me."

"The Nine Rings clues of Emperor Crazy Blade, we two got it, it can be said to be comparable, but now, all these things of you belong to me."

There was some feeling in his eyes.

To be honest, if it weren't for meeting him, Chu Shaoyang would have a great chance to get the clue to the Nine Rings.

Even more, there is a great chance that it will take up the luck of Dragon Vein Continent, maybe it will grow into the strongest in Dragon Vein Continent in the future!

But unfortunately, I ran into him.

[Chapter 3513: This is it!](#)

So far, Chen Feng's income this time is all counted.

A golden pill.

Three arms of the Ninth-Rank Emperor or weapons that surpass the rank of the Ninth-Rank Emperor.

Two cheats.

A drop of extraterritorial heavenly demon blood, and the key to unlock the sixth ring clue.

Chen Feng clapped his hands, a touch of joy appeared on his face.

"This harvest is really huge."

"These things can make my future achievements limitless and will bring me great benefits."

"Of course. Now the most important thing is..."

He abruptly got up and looked in the direction of Shangcheng District in the distance: "Only by ending Zhong Lingzhu's grievances, I can start practicing again!"

Chen Feng sighed slightly and looked in the direction of Shangcheng District.

"Just now, at that moment, at the moment when I broke through to the second-star Wudi feeling that entangled air luck was finally broken free."

"I can vaguely perceive that the location that allowed me to break free from the fate of luck is probably somewhere in the upper city."

"Combined with what Shang Lin Ran told me before, I can probably determine where in Shangcheng District the specific location is."

After all, Chen Feng didn't hesitate anymore, and then he finished packing these things.

Then, he went out and headed towards Shangcheng District.

At this time, the sun was already setting, and the sky was getting dark.

The more this hour is, the more powerful it will naturally be for Chen Feng.

Soon, Chen Feng came to Shangcheng District.

Then, following his own feelings, all the way forward.

As he walked forward, Chen Feng paid attention to his luck.

Suddenly, when Chen Feng walked to a street corner, Chen Feng felt that his entangled luck was bounced away.

And his luck that escaped from breaking through to the Second Star Martial Emperor, and wanted to confine him, also became very active in an instant.

It seems that he wants to eject again and imprison Chen Feng again!

A smile appeared at the corner of Chen Feng's mouth: "This is it."

Chen Feng saw that this is a huge garden.

This is also a characteristic of the Shangcheng District. There are huge gardens in front of many large houses in the Shangcheng District.

The garden was tens of miles in radius. Chen Feng raised his eyes and followed the end of the garden to look forward, and he saw that the general mansion was about a few tens of miles ahead.

Obviously, the house that can be here is either rich or expensive, which is very prominent.

After all, it's so close to the general mansion.

Chen Feng circled the garden for a while, then expanded the scope, and made a big circle outside, so he understood.

There are three families around this garden.

They are: the Song family, the Ning family, and the Zhang family.

All three families are first-class families, and this Song family was the one Lan Zihan had mentioned to him.

Chen Feng felt a little in his heart, so he didn't want to stay here any more, and soon returned to Zhulin Medicinal Food Studio and returned to his room.

At this time, the sky was completely dark.

Above that night sky, a full moon still rose, and there were even more stars above the sky.

It seems that the sky today is exceptionally blue because of what happened during the day.

There is even some blackening at this time.

Chen Feng came to the courtyard, found a rockery, and leaned on it diagonally.

Then, looking at the firmament above the sky, he sighed slightly.

He completely relaxed, but his mind was spinning rapidly.

"Now, I have already broken through to the early stage of Second Star Martial Emperor, but the general three-star Martial Emperor peak is not my opponent."

"The most important thing is that I can practice now."

"My general outline of the Dragon descending Arhat Scriptures has reached the eighth level, and now I am starting to break through to the ninth level, which is the last level."

Chen Feng does not want to make a formal breakthrough now. If he wants to make a breakthrough, he must have a change in his mood.

You need to be calm, and you need to find a place that is particularly quiet and will not be disturbed.

At this time, this place is naturally not a good time.

He sat cross-legged, just trying to break through.

The strength of Chen Feng's body to drop the dragon and the Arhat rushed.

The general mental method of Jianglong Arhat Scriptures emerged in his mind.

The ninth level of the General Outline of the Dragon-Dragon Arhat Scripture also quietly emerged.

Snapped!

A soft sound.

This time Chen Feng easily interrupted it.

A smile appeared at the corner of his mouth: "Sure enough, now I can start to break through."

At this moment, it was the moment when Chen Feng used the power of the dragon descending Arhat, the power of the long-lost dragon descending Arhat.

Suddenly, he felt a heat in his chest.

Chen Feng raised his brows: "What's going on?"

He reached into his arms and gently took out the hot thing.

Of course, Chen Feng had already returned to his room at this time, but he was afraid that some vision would disturb others.

Chen Feng bowed his head and raised his eyebrows, his eyes a little surprised.

But then, this surprise was turned into a trace of what it should be.

Chen Feng unfolded the hot thing in his arms, but this was exactly his robes.

That side once sent him into the space of the Buddha's dragon bones, allowing him to get the robes of the Ba Snake Wuhun!

At this time, the golden light was on the robes.

Every golden pattern on the above was shining, and with the shining of this golden pattern, there was even that golden light on the sky, condensing into golden runes after another.

This golden rune continued to rotate in the air, and there was a sound similar to Sanskrit.

It is extremely beautiful, and it makes people happy to hear it.

At this moment, the robe suddenly flew up and wrapped it on Chen Feng's body.

Then, it slowly dropped like a tassel.

Chen Feng was stunned for a moment, then whimpered in his robes and whispered softly, "Are you trying to tell me something?"

"Or, when I break through to the last level of the Jianglong Arhat Scriptures, that's when you are angry?"

Chen Feng had a faint feeling in his heart:

When he breaks through to the highest level of the Dragon-Dragon Arhat Scriptures, and can no longer break through, this robes will once again bring himself into the space of the Buddha's skeleton.

All night long passed by.

Soon, the next morning came.

Chen Feng also came to the front of Zhulin Medicinal Food Studio.

Above the lobby, Lin Ran was busy there. He raised his eyes to see Chen Feng and smiled.

Zhong Lingzhu threw a small hand and threw it up, insisting on Chen Feng's hug.

Chen Feng laughed and hugged her into his arms, and Zhong Lingzhu immediately giggled with joy.

Then, suddenly he stretched out that white, tender, blushing cute little face in front of Chen Feng.

Chen Feng froze for a moment, not knowing what she was going to do.

Zhong Lingzhu suddenly pursed his lips: "I want to kiss!"

#### [Chapter 3514: uninvited guest](#)

Chen Feng laughed, touched her little head, and then gave her a hard bite.

Zhong Lingzhu was immediately overjoyed, and he stretched out the other side of his face again, insisting on Chen Feng to kiss him again.

After that, he leaned in Chen Feng's arms with joy.

It turned out that since the fate of Chen Feng was crushed, Chen Feng was completely entangled with the fate of Zhong Lingzhu.

Even more closely than the entanglement between him and Shen Yanbing, Han Yuer and others.

That is an unclear way of fate, and it is normal for the two to get closer.

After washing, he ate a bowl of medicated diet, and then Chen Feng asked Lin Ran:

"Sister Lin Ran, I don't know where the best floating gems can be sold in Sky Dragon City.

Lin Ran was taken aback for a moment, wondering what Chen Feng wanted this thing for.

But she was a very knowledgeable person, and did not ask much, just thought about it, and then said: "In our Xiacheng district, the best place to buy floating gems is naturally..."

At this point, I suddenly laughed.

Looking at Chen Feng, he said, "Forget it, you are not Feng Chen anymore. You are Chen Feng now. Where else would you come to Xiacheng to buy things?"

"If you want to buy something, you have to go to Shangcheng District."

"These floating gems sold in Xiacheng are very good in our eyes, but if they fall to you, I am afraid they will not be eye-catching."

Chen Feng smiled bitterly: "Sister Lin Ran, you run against me again with this."

Lin Ran chuckled and said no more.

He was also a little bit ridiculous just now.

"In Shangcheng District, if you want to get the best floating gems, there are two places to go."

"Which two places to go?"

Chen Feng raised an eyebrow and asked.

Lin Ran smiled and said, "One of them is the God of War weapon line."

"God of War weapon?" Chen Feng raised his eyebrows and waited for Lin Ran to continue.

Lin Ran said softly: "The God of War weapon shop is the largest weapon shop in the entire Tianlong City."

"In fact, such weapons are available in Tianlong City, in every city in the God of War Palace, and the God of War weapon line in each city is the largest in this city."

"Floating gems are extremely important things in the God of War Palace, so they should not be sold easily."

"Go to the God of War Weapon Shop, but you can buy floating gems of quite high level, at least you can reach Rank 6."

"The highest one, I heard there are eight-Rank floating gems for sale."

"Rank 6 to 8?"

Chen Feng frowned. Knowing that this should be the classification of floating gems, he asked, "I don't know how powerful this eighth grade floating gems can be?"

"These eight-Rank floating gems?"

Lin Ran smiled and suddenly took Chen Feng to the outside, pointing to a huge floating warship flying above the sky.

The floating warship is more than 1,000 meters in length and more than five to six hundred meters in width.

Ten floors of pavilions were built on top of them, one after another, with countless flags.

The people above don't know how many, but at a glance, I'm afraid there are tens of thousands.

There are countless small floating warships around him.

Lin Ran smiled and said, "Did you see it? If you want to drive such a huge floating warship, you need a floating gem of Rank 8."

"These eight-Rank floating gems can drive a floating warship of this level for one month."

"One month!"

Chen Feng couldn't help being shocked!

Such a huge floating warship, with all the things on it, plus the people on it, I'm afraid there are billions of catties.

Add up to billions of catties, and this 8-Rank floating gem can last for a month!

How terrible is the power contained in it?

Thinking about it is shocking!

Chen Feng whispered: "This floating gem has a lot of power stored, and its quality is definitely very high."

"If it's just simple but not high, and it's very complicated, it will definitely not be able to maintain such a heavy weight for a month."

He whispered in his heart:

"Assuming that my 100 million dragon blood amethysts can buy an eighth-rank floating gem, the power that I can obtain by absorbing 100 million dragon blood amethysts may not be 30% of the power of this eighth-rank floating gem. "

"The gap is huge."

"The most important thing is the difference in quality. The higher the quality, the purer the strength, the more efficient I can absorb and utilize."

"And when absorbing the power of Dragon Blood Amethyst, a lot of energy is wasted."

Thinking about this, Chen Feng is even more determined to buy floating gems.

He wanted to buy floating gems, originally for cultivation.

Now he has finally broken through and entered the Second Star Martial Emperor, and has temporarily broken free of the shackles, so of course he has to take the opportunity to cultivate himself.

Then he asked Lin Ran again: "Where is one place left?"

"The second place to go is the God of War Auction House." Lin Ran said.

"The Ares Auction House? What does it have to do with that Ares Weapon Shop?" Chen Feng asked.

Lin Ran chuckled: "You really saw it."

"Tell you, the two are in the same family, both of which were run by a force called the God of War Chamber of Commerce."

"The God of War Chamber of Commerce!"

Chen Feng nodded, remembering the name in his heart.

Within the scope of the God of War Palace, being able to use the word God of War as the name of the Chamber of Commerce is absolutely extraordinary.

Lin Ran said: "I heard that this War God Chamber of Commerce has a huge background, and it seems that there is a shadow of the Generalissimo's Mansion in it."

"No wonder then!" Chen Feng nodded.

"The War God Chamber of Commerce is the largest chamber of commerce in the War God Mansion. Even if you look at the entire Dragon Vein Continent, it is a powerful force that can be counted."

"The Chamber of Commerce has branches all over the Dragon Vein Continent, searching for the rare treasures of the Dragon Vein Continent."

"So, the Chamber of Commerce is all-encompassing, and the God of War Auction House is their essence."

"All those auctioned in the Ares Auction House are extremely precious treasures. The lowest floating gems that can appear in the Ares Auction House are also at the Seventh Grade."

"There are a lot of eight-ranks, and nine-ranks are not absent."

That's it!

Chen Feng nodded: "Then I will go to the God of War auction house!"

Chen Feng wants the best.

Chen Feng asked where the Ares Auction House was and was about to go there.

Suddenly, there was a soft creak outside the door.

Then, an exquisite floating chariot stopped at the door of Zhulin Medicinal Food Studio.

This floating tank is not big, not tall, no more than ten meters long and five meters wide.

There are two-story pavilions built above, but they are very delicately built.

The foremost position of the floating chariot was carved into a giant eagle head.

The head of the giant eagle is the color of white jade, and the whole ship is also the color of white jade.

[Chapter 3515: Don't kneel, right? I will help you kneel!](#)

It looks like it is carved from the best suet jade, extremely gorgeous.*novelupdates.com*

Among the gorgeousness, but still a bit delicate.

The exquisiteness of this floating chariot was the only thing Chen Feng saw after he arrived in Sky Dragon City.

Even more exquisite than those floating chariots in the Zuotianhe family before.

Then, the curtain opened, and a woman came out from inside.

This woman is dressed as a maid, but she has an extremely beautiful face and unparalleled beauty. It can even be said to be much more beautiful than Gui Qingwen and other ladies.

And the temperament is even more elegant, with a hint of indifference.

Obviously, I see more big shots on weekdays.

She was dressed in white, and behind her were two warriors in heavy armor.

Both are holding big swords, and their aura is quite extraordinary.

Chen Feng raised his brows.

The strength of the two guards is probably around the peak of the Martial Emperor. Although this strength is not in Chen Feng's eyes, and can be wiped out by just reaching out, they can use the two peaks of the Martial Emperor as guards. It is not a small force to come.

Chen Feng looked at the woman in the white skirt and said lightly, "I don't know who is your Excellency?"

The woman in the white skirt looked at Chen Feng and smiled.

There is no arrogance in the smile, but it is somewhat reserved: "But Master Chen Feng is in person?"

Chen Feng nodded: "Yes, it's me!"

The woman in the white skirt giggled and said, "It really is the son of Chen Feng, so that the son can learn that the little girl is named Huai Feibai, and she is the personal maid of the lady of the War God Chamber of Commerce.

"Miss of War God Chamber of Commerce's personal maid?"

When Chen Feng heard this, he was startled slightly.

Looking at each other with Lin Ran, the two are slightly different.

Speaking of Cao Cao, Cao Cao arrived, and just talking about the Ares Chamber of Commerce, I didn't expect that Miss Ares Chamber of Commerce sent someone over!

Chen Feng looked at him, smiled and said, "I don't know what you can do, your Excellency."

His expression is very indifferent, without the slightest respect.

With Chen Feng's strength and Chen Feng's identity, there is no need to respect anyone.

At this time, seeing his expression, the two guards on the opposite side, one in white armor and the other in red armor, showed unpleasant colors on their faces.

The guard on the left who was extremely majestic, nearly three meters tall, covered in white armor, and arrogant face, suddenly let out a cold cry:

"Bold, people who have met our God of War Chamber of Commerce, dare to be so arrogant? They are not polite?"

After hearing his words, Huai Fei's face changed suddenly and became a little frightened.

And Chen Feng's eyes were already narrowed, and a cold color flashed in his eyes!

Before Chen Feng could speak, the guard in red armor shouted sharply: "Boy, are you deaf? Didn't you hear what we were saying?"

"Don't hurry up and salute!"

He scolded.

The two of them did not see Huai Fei's expression.

Huai Feibai hurriedly laughed and said, "Master Chen, the two of them are humble and don't know your strength. Don't blame it!"

She was very panicked when she saw the cold color on Chen Feng's face.

These two guards didn't know how good Chen Feng was, but she heard ten percent from the lady!

She knew very well that the Young Master Chen Feng in front of her was the one who almost destroyed the Beidou Sword Sect with her own power, and was the one behind the scenes that caused the big disturbance in Nanuo yesterday!

It's even a young handsome man who he can't afford to provoke at all!

She turned around and stared at the two guards fiercely, and whispered: "You two are looking for death, don't hurry up and apologize to Young Master Chen Feng!"

The two guards froze, with shocked expressions on their faces.

The two of them are in the Ares Chamber of Commerce, relying on the prestige of the Ares Chamber of Commerce and their not weak strength, they have always been domineering.

Even going to some powerful families, they will give them a bit of face, so they get used to it.

Seeing that Chen Feng did not salute just now, he immediately trembled with power and reprimanded loudly.

Unexpectedly, Huai Feibai had such a look of fear on her face, and she was so jealous of Chen Feng.

Let them apologize to Chen Feng!

The two of them had limited knowledge, had not heard of Chen Feng's reputation, and couldn't recover for a while.

The white armor guard who spoke just now, still aggrievedly pleaded: "Ms. Huai, why do you let us apologize to him?"

Hearing this, Huai Feibai almost fainted with anger, suddenly anxious:

"Do you dare to talk back? Kneel down! Hurry up and apologize!"

She also winked desperately at the two.

Chen Feng looked funny beside him.

He naturally knew that Huai Feibai's move was actually to protect these two people.

Unfortunately, the two of them couldn't see it at all, or they were arrogant and arrogant.

Therefore, he is unwilling to understand this wink as Huai Feibai's correct meaning.

The two still want to talk.

At this moment, a cold voice came: "They don't kneel, do they?"

"Okay, I will kneel for them!"

Hearing these words, Huai Feibai instantly turned pale and sighed: "It's over!"

In the next moment, she pursed her lips and said nothing, and just stepped aside.

Just staring at the two guards with cold eyes.

The two guards looked at Chen Feng with an unconvinced expression on their faces.

The white armor guard sternly said: "Boy, what did you just say?"

The red armored warrior had a cold face: "You just said let us kneel? Who do you think you are?"

As soon as the voice fell, it suddenly turned into an exclamation.

It turned out that, at this time, he saw that the teenager opposite sneered.

And the next moment, a huge momentum gushes out of him, pressing down against them both!

Both guards exclaimed: "What?"

They felt an extremely terrifying aura that was pressed down fiercely, this aura was huge, heavy as a mountain, and pressed down!

It made them shake violently!

They feel that they can't resist at all, and they will be crushed into powder by this pressure!

The two of them looked at Chen Feng in horror, and shouted, "How come!"

Chen Feng smiled slightly: "Do you not kneel now?"

The next moment, that momentum increased by one more point!

At this time, the two of them finally couldn't hold it anymore, and both let out a scream.

With two bangs, the two of them fell directly to the ground under the pressure.

With shocked expressions on their faces, they yelled in disbelief: "How can your aura be so terrifying? You even fell to my knees! How could it be possible!"

Their faces were shocked.

At this time, they raised their heads to look at Chen Feng, their eyes full of fear.

There is no longer the slightest arrogance, disdain, looking down, and some only fear!

The two finally came back to their senses at this time: "No wonder Huai Feibai treats him so respectfully, no wonder Miss Huai personally asked Ms. Huai to send the invitation!"

#### [Chapter 3516: Private auction!](#)

"We thought he was just an ordinary young man, but we didn't expect his strength to be so terrifying!"

"God, it's so scary!"

They are all full of fear and shock, and regret!

"It turns out that his strength is really so terrifying!"

"Who is Chen Feng! How could there be such a young and powerful person in Sky Dragon City?"

At this time, it can only be said that they are really ignorant, and even Cheng Feng's name has not been heard.

At this time, Chen Feng did not stop, his momentum continued to be severely suppressed.

The two of them couldn't even maintain their kneeling position.

With a wow, another blood spurted out, and he was directly pressed to the ground.

The two were lying on the ground at this time, looking at each other, and a deep fear suddenly appeared in their eyes.

"Will I be crushed to death by this pressure?"

At this time, the pressure continued to increase.

The armor on their backs slammed directly.

Then the next moment, they felt that every inch of their body seemed to have a big mountain under pressure.

They felt that their muscles were shattered, their fascia was torn, their bones were crushed, and their internal organs were squeezed and bleeding!

They wow, spewing blood one after another. His face flushed.

There was even blood flowing out of the seven orifices.

Fear appeared in his eyes, and he yelled frantically: "Please forgive me, please forgive me!"

"Master Chen, spare my life, don't kill me!"

They were all directly frightened and screamed for mercy.

And Huai Feibai was also anxious beside him.

Her expression was rather calm, because in her opinion, Chen Feng would only teach them two lessons.

Unexpectedly, Chen Feng was going to kill them directly!

With a worried look on her face, she looked at Chen Feng and shouted: "Master Chen, assistant!"

Chen Feng looked at her with a sneer at the corner of her mouth, and ignored her.

Huai Feibai took a deep breath, and put on a very respectful expression on his face. Looking at Chen Feng, he begged: "Master Chen, please, let them go!"

Her posture was lower than before.

Chen Feng smiled slightly: "I just want you to bow your head! This is almost the same!"

The next moment, he snapped his fingers.

Suddenly, that momentum disappeared without a trace!

The two guards on the ground made a groan at this time, their bodies bounced up instantly, and then fell heavily to the ground.

They looked at the blue sky and suddenly felt extremely grateful.

"Finally, survived!"

Huai Feibai looked at Chen Feng, with the reserved look on his face just now, as well as a trace of arrogance, disappearing without a trace, full of respect.

She clasped her fists and said, "Thank you, Master Chen."

She knew exactly what Chen Feng had just done.

It was just to give her a prestige, tell her, and also tell her behind the Ares Chamber of Commerce, Chen Feng, that it was not easy to provoke.

Chen Feng looked at Huai Fei white with an indifferent expression:

"These two must be used to domineering, and you don't know how to be polite to anyone."

"Teach them a little lesson, lest they suffer a big loss in the future."

"When the time comes, it won't be as simple as being taught a lesson."

"Yes Yes."

The two guards quickly got up and thanked Chen Feng respectfully.

Chen Feng smiled coldly, and even ignored them. He looked at Huai Fei and said, "Let's talk about it, what's going on?"

With a humble expression on Huai Fei's white face, he took out a brocade box from his arms. *NoVeluSb.com*

then. Holding the brocade box in both hands, he smiled:

"My son back, there was a grand private auction at my Ares auction house this evening."

"Before the start of this private auction, there will be more than 100,000 pieces of extremely precious various items on display for guests to watch."

"Fancy something you like..."

She paused, looked at Chen Feng, moved closer and lowered her voice, "It can be taken at a very low price."

"Our God of War auction house guarantees that it will only charge the cost and even lose money to you."

She smiled and said, "This is an invitation. I hope you will go there with your face."

Just now because of the conflict between Chen Feng and the two guards, the place where the Zhulin Medicinal Food Studio was located was quite lively, so many people were already surrounded.

Hearing these words, everyone around him was shocked.

Looking at Chen Feng, a look of awe appeared on his face, and he whispered.

"This boy seems to have a great background!"

"Yes, it must be strong and powerful enough, otherwise, how can you let the people of the God of War Chamber of Commerce be inferior?"

Lin Ran was also full of surprises. He pulled Chen Feng's sleeves and said to Chen Feng with his mouth: "Hurry up and agree."

Chen Feng will naturally agree.

Although he didn't know the ins and outs of this private auction, he could understand more than 100,000 treasures at a price lower than the cost.

Chen Feng slowly nodded, reached out his hand to take the brocade box, then smiled and said with a fist:

"Since it is the eldest lady's kind invitation, if Chen Feng doesn't accept it, it would be too ignorant to praise!"

"Please go back and report to Miss Chen Feng."

"it is good!"

Huai Fei nodded and smiled.

At first, she didn't think this trip was a major event today.

In her opinion, Chen Feng will definitely accept this invitation.

But just now, Chen Feng's behavior made her realize that Chen Feng is a very assertive person, and also an extremely fierce temperament.

It is really possible not to give my eldest lady this face.

At this moment, seeing that Chen Feng accepted the invitation, he couldn't help but breathe a sigh of relief, and said in his heart: "I can go back to deal with the lady!"

She didn't want to stay here any longer, and said a few more words to say goodbye!

Chen Feng naturally did not keep her.

Soon, the floating tank headed all the way towards the upper city.

After he left, Chen Feng returned to the Zhulin Medicinal Food Studio, and saw Xian Yu Gaozhuo approaching.

He naturally knows what happened outside.

Xian Yu Gaozhuo shook his head with a deep envy on his face: "Old man, I have been the head of the Beidou Sword Sect for decades, and I have never received such an invitation."

"Chen Feng, your face is big enough."

Chen Feng smiled slightly and asked him to tell himself about the private auction in the small notice.

A few people sat down, and rarely said to Gao Zhuo.

It turns out that this private auction is a feature of the Ares Auction House.

Every once in a while, they will take out all the most precious treasures they can take out.

In the hall, place it at will.

Guests do not need to watch from a distance, they can come forward to watch at will.

Even some ones that can be touched can be touched and checked at will!

If you have something you like, just talk to the person in charge, then you can get it at a very low price.

Basically it is cost price.

#### [Chapter 3517: Gu Yunxin](#)

Sometimes, auctions have maintained the relationship with these powerful warriors and families, and even sold them at a lower price.

If the auction house's usual auctions are for the purpose of making money, then this private auction is purely to maintain the relationship between the powerful warriors, major forces, and various sects who have a good relationship with them.

It is to provide them with these precious treasures at extremely low prices, even at a loss of money.

This is of course a great good thing, but it is rarely held.

It will only be held every ten years.

Because this is really a very money-losing business, and you can never get things with very low prices, and you can't get very few things.

There are so many things that are sold at a low price, and this thing itself is quite rare.

After the event, the warriors and the major forces are happy, but the auction house is badly injured.

Counting a single game, tens of billions of dragon blood amethysts are considered to be small.

Even if it is their strength, they can't stand such a toss.

So doing it once every ten years is equivalent to a welfare for everyone.

Because of this, the invitation of this private auction is extremely precious, meaning great glory and face.

Not only the strong people of Sky Dragon City are vying to go there, there are even many powerful warriors who have come all the way to participate in this.

Every invitation will attract a \*\*\*\* storm.

Chen Feng nodded, that's it.

His eyes were full of expectation.

At this time, the gorgeous floating tank soon arrived in the Shangcheng District.

Slowed down in front of an extremely huge palace.

Then, circled around the palace.

The palace is almost several thousand meters high, and behind the palace is a very huge courtyard.

The floating tank landed in the deepest part of the courtyard.

It is extremely quiet here, but a garden.

In the garden, there is only a small shelter, hidden among the flowers.

Huai Feibai got down from the chariot and soon knocked on the door before coming to the academy.

After a while, the door creaked and opened.

Behind the door, two maids with very pretty faces said with a smile, "Sister Feibai is back?"

Huai Feibai smiled and laughed a few words with them before walking upstairs.

On the second floor, it opens up into a rather enlarged space.

It is breezy on all sides, with a light floral fragrance filling it.

The bamboo curtains hung down everywhere, making them dimly yellow. *novelUSB.com*

When the wind blows, the white yarn flies.

A figure is standing in front of the window.

This figure was extremely tall, and when she heard the movement, without looking back, she said lightly:  
"The invitation has been delivered?"

"It has been delivered."

Huai Fei smiled and said, "Master Chen Feng also accepted the invitation and said that he will come on time."

"That's good."

The tall woman turned around now.

She is very tall, I'm afraid she is almost the same as Chen Feng.

She looks very thin, her cheeks are sunken, and her cheekbones are relatively high.

At first glance, it is not so beautiful.

However, she just stood there with a sense of independence.

So that anyone who sees her and feels her temperament will not feel that this person is ordinary.

But it will be quite amazing.

If Chen Feng were to look at her, she could probably be described by the four words "Dao Bone Fairy Wind".

This person was wearing an apricot-yellow robe, and in that wind, it seemed possible to go with the wind at any time.

She is Gu Yunxin, the lady of the God of War Chamber of Commerce.

She looked at Huai Feibai, frowned suddenly, and said, "You have a tinge of blood on your body, what happened?"

Huai Fei froze for a moment, then smiled bitterly.

"Sure enough, I can't hide everything from Missy."

She didn't dare to conceal it, but she said everything that happened.

After hearing her say it again, Gu Yun's expression on her face remained faint, as if nothing had been taken care of by her.

Just said coldly: "Those two fools, arrogant and arrogant, what do they think Chen Feng is?"

"Chen Feng, I know, has always had a tough temper. Today's move is quite restrained. It seems that he is still giving us the face of the God of War Chamber of Commerce."

She smiled slightly: "This is finally a good start. In the future, we will still deal with Chen Feng!"

It turned out that following the battle yesterday, the two words Chen Feng had already spread among the top forces in Sky Dragon City.

These top-notch forces, the strong know, Chen Feng, the genius disciple of the Xuanyuan family, has come to Sky Dragon City silently.

Moreover, such a big thing has been done.

They may not know much about the whole process of yesterday.

But Chu Shaoyang and Chen Feng, these two names, they must know clearly.

In particular, Chen Feng was born in the end, slashing Chu Shaoyang, fighting against the sky-shielding giant hand, captured Xianyu Gaozhuo, and almost destroyed the Beidou Sword Sect with one hand.

It shocked them even more!

Although the Beidou Sword Sect is not a sect of the nine major power levels, there are not many families that can compete with the Beidou Sword Sect in Sky Dragon City.

But Chen Feng did this by himself, and they couldn't help but be afraid!

Of course, a young man from the Xuanyuan family was stirring up the wind and rain in Heavenly Dragon City. The most important thing was that they didn't even know.

This, of course, also made some people very angry.

But even the General Tianlongwei didn't say anything, so naturally they couldn't speak.

Everyone was extremely jealous of Chen Feng.

In fear, many people saw the opportunity.

It is self-evident that such a powerful young man, if he makes good friends, will bring his family in the future.

Therefore, some well-informed, high-status, and winking, naturally rushed to meet Chen Feng.

For example, Huai Feibai, for example, the God of War Chamber of Commerce behind her!

At this time, in the Zhulin Medicinal Food Studio, Chen Feng had already opened the invitation.

The invitation is very exquisite, and the whole body is made of emerald green metal.

And the shape of the entire invitation is like a soaring phoenix with outstretched wings.

"This is an invitation for the private auction of the God of War Auction!"

Lin Ran looked enviously beside him.

Chen Feng handed the invitation to her casually, smiled and said, "Why don't you go!"

"Okay, don't make jokes with your sister and me. This is a big deal, so you still have to pay attention."

Chen Feng smiled and said, "Don't worry, I will be there tonight."

Chen Feng must go to this private auction.

There must be many floating gems of extremely high grade. Needless to say, Chen Feng must get them, and no matter how expensive they are, they must get them.

What's more, if you go to this private auction, it will cost a lot less than going to an auction room.

#### [Chapter 3518: Snob](#)

It is estimated that at least half of the dragon blood amethyst can be saved!

And in it, maybe you can get many other special treasures.

In the evening, Chen Feng went to the Ares Auction House in Shangcheng District.

As soon as he walked out of the bamboo forest medicinal food restaurant, Chen Feng suddenly felt a sense, and suddenly turned his head to stare at the bamboo forest and the small courtyard hidden in the bamboo forest.

This place is very lively Xiacheng, but this bamboo forest can calm his heart.

A wisp of cleanliness in this busy city is also his place of peace of mind.

My heart is at peace, just like my hometown.

At this time, Xian Yu Gaozhuo was settled in Zhulin Medicinal Food Studio by him.

Now, Zhulin Medicinal Food Studio seems to be an ordinary Medicinal Food Studio, but in fact, it has almost become Chen Feng's special residence.

Lan Zihan even shot a lot of masters, quietly guarding the surroundings, it is very safe there.

However, Chen Feng did not go alone, he was still holding Zhong Lingzhu.

It turned out that when Zhong Lingzhu heard that Chen Feng was going, he was very curious and had to make Chen Feng take her with him.

Originally, Lin Ran resolutely did not allow it, but Chen Feng was soft-hearted and couldn't bear Zhong Lingzhu's noise, so he went with her.

Soon, Chen Feng came to the door of the Ares Auction House.

The Ares Auction House, even if you look at the entire upper city, is a very prominent building.

It is not the traditional palace style, but more like a military fortress. A huge white wall of several thousand meters high rises from the ground. The whole body is made of white boulders.

In front is a huge white square!

Chen Feng discovered that this Ares auction house seemed to like white.

Because he saw that the guards standing in front of the God of War auction house were all wearing white armor.

These guards had as many as forty or fifty people, and the aura in each of them was quite huge, and they were obviously not weak.

At this time, a floating tank stopped at the door of the Ares Auction House.

Every floating tank is extremely luxurious, extremely gorgeous, and at first glance it is extremely high-level.

And on many floating tanks, there are things similar to family crests.

Means their prominent identity.

From above, men and women walked down, came to the door, showed invitations, and entered in twos and threes.

Chen Feng also came to the door.

And seeing the dress on his body, and then at the Zhong Lingzhu in Chen Feng's arms, all of these guards' faces suddenly showed contempt.

It turned out that the distinction between powerful warriors and ordinary people in Sky Dragon City can also be seen from the clothes they wear.

The powerful warriors here are popular to wear clothes made of a material called Tianlong Silk.

This kind of Tianlong silk is very precious.

It is said that it is a tendon drawn from a powerful monster beast that has a blood relationship with a dragon.

It is extremely elastic, extremely light, extremely flexible and firm, and after wearing it, it is warm in winter and cool in summer, self-cleaning, and has a very strong protective power.

Not only is it comfortable to wear, it is more protective, and the appearance is also very beautiful.

Therefore, it is highly sought after by powerful warriors.

If anyone doesn't have a piece of Tianlongsi clothes, they will have no face to go out to meet people.

Although Chen Feng's white clothes are clean, they are just ordinary cloth.

As for Zhong Lingzhu in his arms, it was the same.

No matter how they looked like the children of a powerful family, they looked like ordinary warriors.

These guards showed a hint of suspicion on their faces, looking up and down Chen Feng.

And a middle-aged man with an extraordinarily tall figure and three golden stripes inlaid on his white armor came up.

A look of contempt flashed in his eyes, looking at Chen Feng, with an impatient expression on his face, he said coldly: "Boy, you..."

He was about to open his mouth to drive Chen Feng away.

at this time. Chen Feng shook his head.

How could he not see the looks of these people?

Secretly sighed in his heart: "It's another bunch of things that dogs look down on people."

Chen Feng was too lazy to talk nonsense with them, his sleeves flicked, and the invitation card appeared in his hands.

Then, with a sneer at the corner of his mouth, he glanced at the guard leader.

Suddenly, the look of the guard commanded stiffened there.

The words he was about to say just choked back into his throat.

In the next moment, he recovered.

He knows that all those who hold invitations are distinguished guests.

So, the slightest disdain on his face only turned into a thick flattery. He looked at Chen Feng and smiled: "This young man, please inside, please inside!"

After all, a guard was sent to take Chen Feng and bring him in.

Chen Feng didn't even bother to look at him, so he went straight in.

But after they waited for Chen Feng to enter, a suspicious look appeared on their faces again.

A guard approached the guard leader and whispered: "Commander, is the kid's invitation a little unclear?"

The guard commander thought so too.

What's more, Chen Feng just lost his face so much. He looked at Chen Feng's back with a trace of hatred in his eyes and his face was cold.

He pondered for a moment, and said in a condensed voice: "Look at this kid's shabby appearance, does it seem to be qualified to get an invitation? It is indeed possible that this invitation has an unknown origin."

"However, this is a big deal. This kind of thing is beyond our control."

"such....."

He confessed to others: "You stay here first, I will go to see the eldest lady in person and ask if there is anyone with this number."

He looked at Chen Feng's back in the distance, with a disdainful smile on his mouth.

"Such an ordinary, shabby boy, how can he be eligible to enter our auction house?"

"Maybe, his invitation was stolen! Or just picked it up with shit!"

They have deep doubts about Chen Feng.

The guard eagerly led Chen Feng into the hall and came to the biggest hall of the auction house.

The area inside is huge, which is tens of thousands of acres.

At this time, many exquisite tables, chairs and benches all made of crystal were placed, dividing this place into one space after another.

However, they are all visible to each other.

And at this time, there are many treasures placed on those crystal tables.

There are also many maids in white dresses constantly shuttled among them, placing new treasures on them.

And now, there are already many people in the hall.

Chen Feng glanced away, I was afraid that there were hundreds of people, and the powerful warriors who wanted to come to the entire Sky Dragon City should all come here.

Most of these people are wearing clothes made of Tianlong silk, which is extremely luxurious at first glance.

And many people's clothes are very complicated and gorgeous. Obviously, this place is regarded as a major occasion, specially dressed in dresses.

Dressed in white like Chen Feng, dressed very casually, he was the only one.

#### [Chapter 3519: Eight-Rank Floating Gem](#)

What's more, he was holding a little girl in his arms.

Suddenly, many people looked at him.

I took a look at him and saw the very ordinary clothes on his body, and then looked at the child he was holding in his arms at this time. There was a look of disgust on his face, very disgusting!

Even people who were not far away from Chen Feng walked aside and stayed away from him.

Obviously in their opinion, they and Chen Feng are not at the same level at all, and they simply disdain to get too close to this kind of person.

Of course, now that Chen Feng exists, and that Chen Feng is Feng Chen, there are only the top forces, those people.

For instance, many Yipin families don't even know that Chen Feng is Feng Chen at all.

As for forces at the level of Gui Qingwen, Zuo Tian and their family, they don't even have the qualifications to know.

Just knowing that something big happened yesterday, two strong men are making trouble in the Beidou Sword Sect.

I don't know anything about the rest.

Because after the matter ended yesterday, General Pu Xingzhou immediately issued a strict order, and all the insiders of the Beidou Sword Sect were not allowed to disclose it.

If there is any violation, kill the three clans!

Those disciples of the Beidou Sword Sect knew it, but they were afraid to say it.

As for outsiders, they don't know at all, how did they know?

Chen Feng is not a fool, he can naturally see this look.

But Chen Feng didn't care at all.

Does one care about the views of ants!

But a group of dogs only sees people low.

Like a strong man of Chen Feng's level, in the entire Sky Dragon City, those who are qualified to be enemies with him. Only Pu Xingzhou is the only one who talks with his peers. Where else is there to despise him?

Chen Feng leisurely strolled in it.

The countless tables in the hall are arranged irregularly at first glance, but they give people a particularly pleasing feeling, which seems to be scattered.

This arrangement makes people feel comfortable to see!

After looking at it for a while, Chen Feng also saw some doorways, and a smile appeared on the corner of his mouth: "Here, there should be a very powerful formation mage sitting in charge."

It turned out that when he saw these tables, they actually formed a formation.

The formation covers the entire scope of the hall, and even connects with some buildings outside to form a formation.

Such a magic circle can gather all the aura around it.

However, the auras here have been specially strengthened, and many kinds of treasures are used for blessing.

This also resulted in that due to the convergence of this formation, these auras were extremely rich and locked in between.

Since all of you are martial artists, in this place with strong spiritual energy, I am naturally happy and extremely happy.

So there is such a pleasing feeling.

This formation seems simple, but in fact it has vaguely achieved the purpose of controlling people's emotions.

It is really attentive.

However, since there is no harm, Chen Feng no longer cares about it.

His eyes fell on the treasures on the table.

At this time, on the one-meter-high table on the right hand side of Chen Feng, there was an object placed.

It was a huge box with purple gold and jade. The box was half open at this time, revealing a huge gem inside.

This gem is about the size of a fist, and the whole body shows a grayish white color.

However, if you look carefully, you will find that this is not a gray color!

This gem is actually colorless. The reason why it appears grayish white is because its appearance has completely disrupted and shattered the small space around it!

Chen Feng even saw that all the space in a small area ten inches beside the fist was torn apart.

Spatial cracks continued to appear, and suddenly disappeared.

Not only space cracks appeared, but even space channels similar to the shape of a cross star appeared.

Of course, this space channel is extremely small, I'm afraid it can only accommodate mosquitoes through.

Moreover, I don't know where it will lead, it is possible to step out one step, and the next moment it will be crushed by the turbulence of space.

But, after all, it appeared.

When Chen Feng looked at it, his eyelids twitched.

"This gem can have such a huge impact on the surrounding space!"

"I have never heard of it, I have never seen it!"

"Could this be..."

Four words suddenly appeared in his heart: "Floating Gems"!

And then, he concluded his guess: "This is definitely a floating gem!"

"Only floating gems have such a powerful destructive power to space."

"Only a floating gem like this can hold a huge warship worth billions of catties in the air with the power of a small piece of gem and fly for more than a month!"

Soon, Chen Feng confirmed his thoughts.

It turned out that just after he concentrated on the floating gem, in the space next to the floating gem, a line of small characters appeared:

"Floating gemstones are of high quality and eighth grade."

Eight-Rank floating gem!

"It turns out that this is just an eighth rank floating gem." Chen Feng's heart beat fiercely.

"The floating gems of the eighth rank can give me such a powerful feeling, how powerful will the floating gems of the ninth rank be!"

Thinking of this, Chen Feng's heart became excited, his body was a little hot, and his heart was pounding.

In the eyes of others, this is a powerful floating gem with many uses. **NovelUsb.com**

However, in his eyes, this has only one use.

That is, training materials!

An extremely powerful training material!

A smile appeared at the corner of his mouth: "I haven't encountered such a powerful training material for a long time. I have been practicing with dragon blood amethyst before."

"Even if it absorbs hundreds of millions of dragon blood amethyst, it can match the floating gem in front of you!"

A smile appeared at the corner of Chen Feng's mouth: "As long as I can obtain a large amount of such high-grade floating gems, my cultivation will definitely be able to make great progress!"

"Eight-Rank Floating Gem, I have to get it, Ninth-Rank Floating Gem is mine!"

He had already set a goal secretly in his heart.

However, Chen Feng certainly wouldn't grab it right now, that would be too demeaning.

He just tapped his hand on the countertop, then turned and left, and then went to look at other things.

Just a few steps, a pair of armor next to him attracted his attention.

This armor is full of platinum color, with runes flowing on it, and it feels very strong defense.

Not only is it heavy, but it also has a powerful surge of power.

Chen Feng glanced at the introduction next to him and knew that this armor level was equivalent to the rank of the 9th rank emperor.

Being able to withstand the full blow of the two-star martial emperor powerhouse is considered a treasure.

"But unfortunately, it doesn't work for me!"

#### [Chapter 3520: ridicule](#)

Chen Feng shook his head, turned and left.

He has been around here for about half an hour, and the more he spins, the more he is surprised.

During the period, he saw about dozens of treasures, each of which can be said to be powerful.

Moreover, the attributes are very rare, very tyrannical, and each has its own characteristics.

Just take one out, I'm afraid it will cause a \*\*\*\* storm on this Dragon Vein Continent, and it will be scrambled by countless warriors.

But here, they are placed so casually.

Chen Feng probably glanced at the various treasures placed in this hall, I'm afraid there will always be tens of thousands of them.

The grade of each piece is very high.

He slowly nodded, this time the God of War Chamber of Commerce had indeed laid down the blood and brought out so many treasures.

Zhong Lingzhu was in his arms, this little guy, she didn't understand many things, but in it, the huge spiritual power and the light emitted by various treasures made her very happy.

Keep babbling and \*\*\*\* this one and finger that one.

Chen Feng also accompanied her for a while.

Chen Feng also felt a little boring, and now the main show hadn't come up yet, so he walked to a nearby area.

There are many tables, large and small, in this area, and all kinds of delicacies are placed on each table.

These delicacies are extremely difficult to see outside, and the materials are extremely special and precious.

They are all made of various powerful monsters, and the preparations are extremely delicious.

The cooks of the God of War Chamber of Commerce are well-known throughout Tianlong City and even the God of War Mansion.

Chen Feng picked up a plate of something similar to preserved meat, and after tasting a piece, his eyes were suddenly surprised.

Brows raised: "It's delicious! This tastes good!"

Then he took a piece and stuffed it into Zhong Lingzhu's mouth.

Zhong Lingzhu's eyes brightened after eating a few pieces.

Chen Feng laughed, you and me one by one, and soon the meat will be cleaned up.

Neither of them had anything to eat this day, and both were quite hungry.

Besides, with Chen Feng's appetite, I really want to let go of eating, I'm afraid there are not enough tables for him to eat.

The two of them feasted and feasted here, regardless of the eyes of the people around them.

Many people around looked at them with contempt and disdain on their faces, and they were a little far away from them.

There was even a whisper.

There is a man and a woman thirty or forty meters next to them.

Looking at them, they all looked down on their faces with disdain.

The woman has a pretty face, but she has a bit of meanness. She curled her lips in disdain, and said, "I knew it was a pariah from a small place."

"Yes, I'm afraid I have never eaten something so delicious!"

The man next to him is not tall, wearing a golden robe, very luxurious.

And on his left chest was embroidered with a pattern, like some kind of extremely high-level bird monster.

He laughed loudly and wildly: "These pariahs, look at this dress, they are very shabby, and their strength is not good, so ordinary."

"I am here, I'm afraid it's for this stuttering."

"Can he afford those things?"

"He doesn't deserve to own the things here!"

Having said this, he also deliberately laughed loudly, as if it was specifically for Chen Feng to hear it.

And Chen Feng indeed heard it.

However, he didn't even glance at it with his eyes, and even ignored him.

Suddenly, a haze flashed across the face of the man in the golden robe.

Seeing Chen Feng ignore him, he immediately felt that his authority had been greatly provoked!

It seems that if he humiliated Chen Feng, Chen Feng should allow him to be humiliated and make a smile.

Suddenly, a touch of indifference appeared on his face: "These untouchables don't know how they got in."

"I think the guard at the gate of the Ares Chamber of Commerce should be changed."

Chen Feng's eyes flashed coldly.

He didn't know this person at all, and didn't want to talk to him at all.

It's enough for this person to provoke once, and even provoke a second time!

Chen Feng turned his head and sneered at the corner of his mouth. He didn't mind giving this person a severe lesson!

But at this moment, suddenly, a happy shout came from behind: "Chen Feng?"

When Chen Feng turned his head to look, he saw a person standing behind him, it was Bai Jingwan.

Today, she wore a white dress, her hair was loose, and she was elegantly dressed, only with a hosta on her head.

The verdantness is extremely verdant, which adds a touch of softness to her.

Bai Jingwan looked at Chen Feng with surprise on her face: "Are you here?"

Then, she patted her head and smiled: "I should have thought of it, you must be here."

"The God of War Chamber of Commerce knows your name and your existence, so why wouldn't it invite you!"

Her eyes were full of joy and love, looking at Chen Feng.

Chen Feng felt that if no one else was around at this time, I'm afraid she would pounce on it.

Chen Feng smiled and said, "Yes, this time I heard that the God of War Chamber of Commerce has a private auction here, and I just want to come and have a look."

"Unexpectedly, they sent me an invitation, so I came over!"

Chen Feng's voice was not loud, and he didn't deliberately let others hear him, he just told Bai Jingwan to listen.

But at this time, after the man in the golden robe heard what he said, he showed a look of contempt.

He let out an extremely disdainful sneer, and smiled at the woman next to him: "Some people really don't even want their faces."

"I don't know what method was used to get in, but he said that the God of War Chamber of Commerce sent him an invitation?"

The woman also giggled and glanced at Chen Feng, her face full of contempt:

"The untouchables from such small places don't even make up lies. At first glance, they don't have common sense."

"Does the Ares Chamber of Commerce send him invitations? Does he know how rare the Ares Chamber of Commerce invitations are? Does he know how many invitations the Ares Chamber of Commerce has sent out this time?"

The man in the golden robe smirked and said, "Hahaha, this time he is pretending to be big!"

Obviously, in the eyes of both of them, Chen Feng is a pariah, without even common sense, so that he can't even make up lies.

As for getting invitations and the like, it is even more nonsense!

Chen Feng's eyes flashed sharply: "It's not over yet, right?"

This is the third time this man and woman taunted him.

At this time, seeming to notice Chen Feng's look, Bai Jingwan gently pulled his sleeve next to him, and whispered, "That's from the Shen family."

"People from the Shen family?"

Chen Feng frowned: "The Shen Family of the First Grade Family?"

"Yes!"

Bai Jingwan said in a low voice, but probably only a sideline of the Shen family. "

He continued: "The man, named Shen Gaojie, was born in a small family in the Shen family."

"Although it can be regarded as the blood of the Shen family, it has been separated from the Shen family hundreds of years ago. It is just a very inconspicuous sideline!"
